# AGENDA
## PLANNING AND ZONING COMMISSION PUBLIC HEARING
## City Hall, 385 South Goliad, Rockwall, Texas
## Council Chambers
## January 15, 2019
## 6:00 P.M.

**CALL TO ORDER**

***CONSENT AGENDA***

1. **Approval of Minutes** for the *November 27, 2018* Planning and Zoning Commission meeting.

2. **Approval of Minutes** for the *December 11, 2018* Planning and Zoning Commission meeting.

3. **P2018-047** **(Korey)**
   Discuss and consider a request by Chase Finch of Corwin Engineering, Inc. on behalf of John Arnold of BH West Pods, LTD for the approval of a preliminary plat for Breezy Hill, Phase XII containing 35 single-family residential lots on 44.525-acres of land identified as a portion of Tract 7-1 of the J. Strickland Survey, Abstract No. 187, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 74 (PD-74) for Single Family 10 (SF-10) District land uses, located west of the intersection of John King Boulevard and Cozy View Drive, and take any action necessary.

***APPOINTMENTS***

4. Appointment with Architectural Review Board representative to receive the Board's recommendations and comments for items on the agenda requiring architectural review.

***PUBLIC HEARING ITEMS***

5. **Z2018-055** **(Korey)**
   Hold a public hearing to discuss and consider a request by Kyle Jenkins of the Jenkins Organization on behalf of Michael Swiercinsky of 7.1 Ridge, LLC for the approval of a Specific Use Permit (SUP) for a *Mini-Warehouse* facility on a 2.595-acre tract of land being a portion of Lot 1, Block A, Sky Ridge Addition, City of Rockwall, Rockwall County, Texas, zoned Commercial (C) District, situated within the Scenic Overlay (SOV) District, located southwest of the intersection of W. Yellow Jacket Lane and Ridge Road [*FM-740*], and take any action necessary.

6. **Z2018-056** **(Korey)**
   Hold a public hearing to discuss and consider a request by Tom Jones on behalf of Shanon Thomas of Rockwall Friendship Baptist Church for the approval of a zoning change from an Agricultural (AG) District to a Commercial (C) District for a 6.03-acre tract of land being identified as Tract 2-4 of the D. Harr Survey, Abstract No. 102, City of Rockwall, Rockwall County, Texas, zoned Agricultural (AG) District, situated within the SH-205 By-Pass Overlay (SH-205 BY OV) District, located east of the intersection of Justin Road and John King Boulevard, and take any action necessary.

7. **Z2018-057** **(Korey)**
   Hold a public hearing to discuss and consider a request by Bill Bricker of Columbia Development Company, LLC for the approval of an amendment to Planned Development District 59 (PD-59) for the purpose of incorporating a 0.786-acre tract of land for Residential-Office (RO) District land uses being a 56.586-acre tract of land identified as a portion of R. Ballard Survey, Abstract No. 29, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 52 (PD-52) and Planned Development District 59 (PD-59), located between W. Washington Street and T. L. Townsend Drive, and take any action necessary.

8. **Z2018-058** **(David)**
   Hold a public hearing to discuss and consider a request by Tim McCallum of He Wines She Dines, LLC on behalf of Buffalo Creek Business Park, LTD for the approval of a Specific Use Permit (SUP) for a *Craft Winery* and *Commercial Amusement/Recreation (Outdoor)* on a 7.2-acre tract of land identified as Tracts 20-01 & 20-7 of the W. W. Ford Survey, Abstract No. 80, City of Rockwall, Rockwall County, Texas, zoned Commercial (C) District, addressed as 203 County Line Road, and take any action necessary.

9. **Z2018-059** (Korey)
   Hold a public hearing to discuss and consider a request by Heather Cullins for the approval of a zoning change from a Single-Family Estate 2.0 (SFE-2.0) District to Single Family Estate 1.5 (SFE-1.5) District on a 3.03-acre tract of land identified as Tract 1-01 of the T. Dean Survey, Abstract No. 69, City of Rockwall, Rockwall County, Texas, zoned Single-Family Estate 2.0 (SFE-2.0) District, addressed as 1085 Dalton Road, and take any action necessary.

***ACTION ITEMS***

10. **SP2018-042** (David)
    Discuss and consider a request by Jeff Carol of Carol Architects, Inc. on behalf of Terry Morgan of Z06 Properties, LLC for the approval of a site plan for an office/warehouse building on a 5.690-acre tract of land identified as Lot 3, Block D, Rockwall Technology Park Addition, City of Rockwall, Rockwall County, Texas, zoned Light Industrial (LI) District, located at the northeast corner of the intersection of Discovery Boulevard and Innovation Drive, and take any action necessary.

11. **SP2018-043** (David)
    Discuss and consider a request by Kevin Hickman of PegasusAblon on behalf of Rockwall Rental Properties, LP for the approval of a site plan for a 375-unit condominium building on a 6.2-acre tract of land identified as Lot 9, Block A, Harbor-Rockwall Addition and Tract 16 of the M. J. Barksdale Survey, Abstract No. 11, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 32 (PD-32), situated within the IH-30 (IH-30) Overlay District, located at the southwest corner of the intersection of the IH-30 frontage road and Lakefront Trail, and take any action necessary.

***DISCUSSION ITEMS***

12. Director's report of post City Council meeting outcomes for development cases (Ryan).

**ADJOURNMENT**

This facility is wheelchair accessible and accessible parking spaces are available. Request for accommodations or interpretive services must be made 48 hours prior to this meeting. Please contact the City Secretary's Office at (972) 772-6406 for further information.

# MINUTES
## PLANNING AND ZONING COMMISSION WORK SESSION
## City Hall, 385 South Goliad, Rockwall, Texas
## Council Chambers
## November 27, 2018
## 6:00 P.M.

I. CALL TO ORDER

**Chairman Lyons called the meeting to order at 6:02 p.m. The Commissioners present at the meeting were, Jerry Welch, Mark Moeller, Annie Fishman, Eric Chodun and John Womble. Absent from the meeting was Commissioner Tracey Logan. Staff members present were Planning Director, Ryan Miller, Planning Manager, David Gonzales, Senior Planer Korey Brooks, Planner, Daniella Madubuike, City Engineer, Amy Williams, Civil Engineers, Jeremy White and Sarah Hager.**

II. CONSENT AGENDA

1. Approval of Minutes for the September 25, 2018 Planning and Zoning Commission meeting.

2. P2018-038
Consider a request by Mitchell Lenamond, PE of Eric L. Davis Engineering, Inc. on behalf of Jeff Johnston of Woodhill Dental for the approval of a replat for Lot 16, Block 2, Alliance Addition, Phase 2 being a 0.85-acre parcel of land currently identified as Lot 12, Block 2, Alliance Addition, City of Rockwall, Rockwall County, Texas zoned Planned Development District 57 (PD-57) for Commercial (C) District land uses, addressed as 149 H. Wallace Lane, and take any action necessary.

3. P2018-039
Consider a request by Clay Shipman for the approval of a replat for Lot 21, Block A, La Jolla Pointe Addition, Phase 2, being a 1.28-acre parcel of land currently identified as Lot 3, Block A, La Jolla Pointe Addition, Phase 2, City of Rockwall, Rockwall County, Texas, zoned Commercial (C) District, located on La Jolla Pointe drive northeast of the intersection La Jolla Pointe Drive and Laguna Drive, and take any action necessary.

4. P2018-040
Consider a request by Stephen A. Lamastra on behalf of 4TP Rockwall, LLC for the approval of a final plat for Lot 1, Block A, Village Green Residence Addition, being a 2.0896-acre parcel of land identified as Lot 1, Block A, Rockwall Seniors Addition, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 86 (PD-86) for Multi-Family 14 (MF-14) District land uses, generally located south of the intersection of T. L. Townsend Drive and Justin Road, and take any action necessary.

5. SP2018-035
Consider a request by Mike and Sonya West for the approval of a site plan converting an existing single-family structure into an office building on a 0.745-acre parcel of land identified as Lot 3 of the Austin Addition City of Rockwall, Rockwall County, Texas, zoned Planned Development District 50 (PD-50) for Residential-Office (RO) District land uses, situated within the N. Goliad Corridor Overlay (NGC OV) District, addressed as 912 N. Goliad Street [*SH-205*], and take any action necessary.

**Commissioner Chodun made a motion to approve the consent agenda. Commissioner Welch seconded the motion which passed by a vote of 6-0 with Commissioner Logan absent.**

III. APPOINTMENTS

6. Appointment with Architectural Review Board representative to receive the Board's recommendations and comments for items on the agenda requiring architectural review.

**Architectural Review representative gave a brief explanation concerning agenda items that were discussed at the Architectural Review Board meeting.**

IV. DISCUSSION ITEMS

7. Z2018-043

Hold a public hearing to discuss and consider a request by Michael Worrell of Rockwall Honda for the approval of an amendment to SUP No. S-76 (Ordinance No. 10-26) to allow changes to be made to an existing Motorcycle Dealership with Accessory Boat and Trailer Sales being a 1.152-acre parcel of land identified as Lot 6, Block A, Newman Center #1 Addition, City of Rockwall, Rockwall County, Texas, zoned Commercial (C) District, situated within the IH-30 Overlay (IH-30 OV) District, and take any action necessary.

**Planning Manager, David Gonzales, provided a brief explanation and background pertaining to the case which involves the location of the display of vehicles as well as the shade structures. The request came before the Commission at last month's meeting where a couple of issues were brought up at that time that have since been resolved.**

**Mr. Gonzales advised the Commission that the applicant was present and available for questions as well as staff.**

**Chairman Lyons asked the applicant to come forward.**

**Michael Worrell**
**1030 E. IH-30**
**Rockwall, TX**

**Mr. Worrell came forward and provided a brief explanation of the request. He shared that sales at the dealership have been good and therefore their desire to improve the facility. He provided a concept plan that showed where they would be placing the additional parking spaces as well as where the shade canopy would be located. The proposed shade structures will be located on the east side of the property and provide shade for the displayed vehicles. Mr. Worrell indicated that they are requesting to provide decomposed granite with a hard edge in order to contain the material along IH-30 for the display areas these areas are currently grass surfaces and once constructed using the decomposed granite, will provide stability for the displayed vehicles and eliminate erosion. Mr. Worrell went on to share that since the last meeting where there was a question as to TXDOT and TXU's offset and the build line they have since had a survey done which shows where those things are and he provided that survey and proceeded to share details of the findings, they will not encroach onto TXDOT's property. He indicated he was available for questions the Commission may have.**

**Chairman Lyons asked brought the item back to the Commission for discussion.**

**Commissioner Womble asked for clarification since they currently already have a display area where it is being proposed. Mr. Gonzales indicated that currently the area where they have the display area becomes muddy when it rains and therefore the purpose of the request is to be able to put a hardscape type element such as crushed granite which would provide a harder surface which would be more convenient to allow parking of the displayed vehicles. Mr. Gonzales went on to clarify that there would be no display along the TXDOT right of way. Mr. Miller added that it is before the Commission because any type of change being requested would be an amendment to the current active Specific Use Permit.**

**There being no further questions Chairman Lyons indicated the case will return to the Commission for action at the next scheduled meeting.**

8. Z2018-048

Hold a public hearing to discuss and consider a request by Amanda Henry for the approval of a Specific Use Permit (SUP) for an accessory building that does not meet the requirements stipulated by the Unified Development Code (UDC) on a 0.253-acre tract of land identified as part of Lot 47B of the B. F. Boydston Addition, City of Rockwall, Rockwall County, Texas, zoned Single-Family 7 (SF-7) District, addressed as 205 S. Clark Street, and take any action necessary.

**Senior Planner, Korey Brooks, gave a brief explanation of the request. The applicant is requesting to build a metal structure on the subject property. Currently there is a metal building on the property that is in disrepair and the applicant has indicated that that one would be torn down and the new one be built in the same place. Due to the building being requested being metal it requires a Specific Use Permit.**

**Mr. Brooks advised the Commission that the applicant was unable to attend the meeting however staff was available for questions.**

**Chairman Lyons brought the item back to the Commission for questions or discussion.**

**There being no questions Chairman Lyons indicated the case will return to the Commission for action at the next scheduled meeting.**

9. Z2018-049

Hold a public hearing to discuss and consider a request by Mike Peoples for the approval of a Specific Use Permit (SUP) for an *animal shelter* on a 42.66-acre tract of land identified as Tract 7 of the D. Harr Survey, Abstract No. 102, City of Rockwall, Rockwall County, Texas, zoned Agricultural (AG) District, situated within the East SH-66 Overlay (E. SH-66 OV) District, addressed as 1700 E. SH-66, and take any action necessary.

**Planning Manager, David Gonzales, indicated that this agenda item and agenda item #13 could be included and discussed together.**

**Mr. Gonzales gave a brief explanation of the request. It was found that the applicant had constructed a building (an animal shelter) without a permit. A Specific Use Permit is required, since it is an Agricultural zoned property, in order to shelter animals within this facility. There is currently a stop work order from the City in order to complete the zoning process. Mr. Gonzales further noted that agenda item #13 which deals with the attached garage was built without a permit as well and is coming before the Commission seeking approval of a Specific Use Permit. One of the items listed in the Draft Ordinance is the required removal of an accessory building that is in the floodplain therefore one accessory building on the property that was built without a permit and on the floodplain will have to be removed as a condition of approval prior to the issuance of a permit for the animal shelter.**

**Mr. Gonzales stated that the applicant was not present however staff was available for questions.**

**Chairman Lyons asked for clarification as to which building was to be removed. Mr. Gonzales indicated that would be provided to the Commission prior to the public hearing.**

**Commissioner Moeller asked if the detached garage has been completed. Mr. Gonzales stated that it was built prior to the animal shelter and has been up for some time however the applicant has not indicated to be requesting to add anything in addition to that structure.**

**Commissioner Womble asked had the structures gone through the normal channels by submitting plans prior to building them, would they be entitled or required a Specific Use Permit. Mr. Gonzales indicated they would have to go through the Specific Use Permitting.**

**There being no further questions Chairman Lyons indicated the case will return to the Commission for action at the next scheduled meeting.**

10. Z2018-050

Hold a public hearing to discuss and consider a request by David Rains for the approval of a Specific Use Permit (SUP) allowing a covered patio that exceeds the maximum requirements for property located within the Lake Ray Hubbard Takeline leased area that is adjacent to a parcel of land identified as Lot 12, Block A, Chandlers Landing, Phase 18, Section 2, City of Rockwall, Rockwall County, Texas, zoned Planned Development 8 (PD-8) District for single family land uses, addressed as 5808 Constellation Circle, and take any action necessary.

**Senior Planner, Korey Brooks, advised the Commission that the applicant was present and would discuss the request and following that staff would be available to answer any question the Commission may have.**

**Chairman Lyons asked the applicant to come forward**

**David Rains**
**5808 Constellation Circle**
**Rockwall, TX**

**Mr. Rains came forward and provided a brief explanation of his request. In looking at a location map of the property he explained that running directly behind the house there is a 15 foot utility easement where nothing can be built. There has already been a permit granted for concrete to go on the takeline because that is allowed. The request is for a 16 ½ x35 foot covered patio structure that would allow for them to enjoy the lake and entertaining since there is no patio behind there house due to the utility easement that is not possible. The structure will match the main house and will not obstruct any views. Mr. Rains went on to share that the Chandlers Landing Architectural Review Board however they cannot approve anything that is on the takeline but have approved the concrete and have expressed liking the look of the request and he will be providing such letter at the next scheduled meeting. Mr. Rains indicated he was available for questions.**

**Mr. Brooks added that the City of Dallas and the City of Rockwall have an interlocal government agreement for the takeline lease space and is very specific to size height and elevation requirements. In this case the since the requested covered patio has a pitched roof with clay tiles that does not fall within the guidelines stipulated in the agreement. The agreement calls for more of a pergola type style roof that has open air rafters. In addition one of the requirements of the agreement is for anything that is built in the takeline does not obstruct the neighbor's view of the lake; in this case the applicant has indicated they are outside of the view line and would not be obstructing any neighbor's view.**

**Chairman Lyons brought the item back to the Commission for questions or discussion.**

**Commissioner Womble asked for further clarification of what is allowed within the takeline. Mr. Brooks explained the different types of roofs and height restrictions that are allowed within the takeline as it pertains to different uses.**

**There being no further questions Chairman Lyons indicated the case will return to the Commission for action at the next scheduled meeting.**

11. Z2018-051
Hold a public hearing to discuss and consider a request by Susan Thomas of Petco Animal Supplies Stores, Inc. on behalf of Steve Hagara of Rockwall Holdings, LLC for the approval of a Specific Use Permit (SUP) for an a*nimal hospital/clinic* in conjunction with an existing retail store situated on a 21.424-acre parcel of land identified as Lot 1A, Block B, R. W. Market Center Addition, City of Rockwall, Rockwall County, Texas, zoned Commercial (C) District, situated within the IH-30 Overlay (IH-30 OV) District, addressed as 2689 Market Center Drive, and take any action necessary.

**Senior Planner, Korey Brooks, indicated that the applicant is requesting a Specific Use Permit to allow for an Animal Hospital in a Commercial District. Currently next door to the Petco there is an existing Veterinary Clinic with an existing Conditional Use Permit with for the same use being requested. Mr. Brooks added that the SUP would add the conditions that no large livestock animals would be allowed to be seen.**

**Mr. Brooks advised the Commission that the applicant was not present however staff could answer questions the Commission may have.**

**There being no questions Chairman Lyons indicated the case will return to the Commission for action at the next scheduled meeting.**

12. Z2018-052

Hold a public hearing to discuss and consider a request by Russell Phillips on behalf of Rockwall Retail Investors, LLC for the approval of a Specific Use Permit (SUP) for a *mini-warehouse* facility on a 7.489-acre tract of land identified as Lot 23, Rainbow Acres Addition, City of Rockwall, Rockwall County, Texas, zoned Commercial (C) District, generally situated north of Horizon Road and east of Ranch Trail Road, and take any action necessary.

**Senior Planner, Korey Brooks, indicated the applicant was present and would go over the request and staff would add any additional needed comments.**

**Chairman Lyons asked the applicant to come forward**

**Russell Phillips**
**521 Lorraine Way**
**Heath, TX**

**Mr. Phillips came forward and shared that they were had an approved Specific Use Permit and were in design with the plans and had them finished however that SUP expired shortly thereafter. They are before the Commission seeking approval for a Specific Use Permit that is the same as the one that just expired with the exception of some difference in the layout. They are ready to submit the full plans and requesting approval for the Specific Use Permit to allow them to move forward with the project. He indicated he was available for questions.**

**Mr. Brooks added that the original Specific Use Permit allowed for a maximum of 575 units and in this case on the concept plan it shows 296 and therefore the SUP has been changed to reflect that and should any additional units be added the Specific Use Permit would have to be amended to add those units. Mr. Russell then indicated they would like to keep the 575 units within the SUP however they are doing it in phases and not building them all at once. Mr. Miller added that they would need to update the concept plan that was provided to reflect all 575 units, they would be able to phase it however they want through the site plan process. Mr. Russell indicated those changes to the concept plan would be made and provided to staff before the next scheduled meeting.**

**Chairman Lyons brought the item back to the Commission for questions or discussion.**

**There being no questions Chairman Lyons indicated the case will return to the Commission for action at the next scheduled meeting.**

13. Z2018-053

Hold a public hearing to discuss and consider a request by Mike Peoples for the approval of a Specific Use Permit (SUP) for a detached garage that does not meet the requirements stipulated by the Unified Development Code (UDC) on a 42.66-acre tract of land identified as Tract 7 of the D. Harr Survey, Abstract No. 102, City of Rockwall, Rockwall County, Texas, zoned Agricultural (AG) District, situated within the East SH-66 Overlay (E. SH-66 OV) District, addressed as 1700 E. SH-66, and take any action necessary.

**Agenda item was discussed with Agenda item #9.**

14. Z2018-054

Hold a public hearing to discuss and consider a request by Andrew Bennett of BOKA Powell, LLC on behalf of the owner Vinod Miranda for the approval of a Specific Use Permit (SUP) for an office building that will exceed 36-feet in height within the Scenic Overlay (SOV) District on a 9.7-acre tract of land identified at Tract 15 of the E. P. G. Chisum Survey, Abstract No. 64, City of Rockwall, Rockwall County, Texas, zoned Commercial (C) District, situated within the Scenic Overlay (SOV) District, located at the southwest corner of Ridge Road [FM-740] and Turtle Cove Boulevard, and take any action necessary.

**Planning Manager, David Gonzales, shared that the Specific Use Permit is being requested due to the building's height with it being located within the Scenic Overlay District there is the height requirement of 36 feet. Mr. Gonzales indicated the applicant was present and would go over the request and staff would be available for any questions the Commission may have.**

**Chairman Lyons asked the applicant to come forward.**
**Andrew Bennett**
**1400 Highline**
**Dallas, TX**

**Mr. Bennett came forward and provided a brief explanation of the request. They would like to take advantage of the views of the lake by building a three story building and also to keep a floor plate size that is efficient for a typical corporate office that are seen in North Texas. He provided a concept plan and shared that with this beautiful site they have the opportunity to place it on the land as it moves down the site which is about 40-50 feet of fall across the site going down the residential area and towards the lake. He shared that essentially a three story building in their office market is a little bit taller than 36 feet and therefore the reason for the request for the additional height. He added that they are looking to build a Class A office building that will serve as a very nice corporate headquarter campus for their client. He indicated he as well as one of the civil engineers working on the project was available to answer any questions.**

**Chairman Lyons brought the item back to the Commission for questions or discussion.**

**There being no questions Chairman Lyons indicated the case will return to the Commission for action at the next scheduled meeting.**

15. P2018-035
Discuss and consider a request by Bart A. Tinsley of the Alders at Rockwall Property, LLC for the approval of a final plat for Lot 1, Block A, Alders at Rockwall Addition, being a 10.310-acre parcel of land identified as Lot 2, Block A, Rockwall Seniors Addition, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 86 (PD-86) for Multi-Family 14 (MF-14) District land uses, situated within the SH-205 Overlay (SH-205 OV) District, generally located south of the intersection of T. L. Townsend Drive and Justin Road, and take any action necessary.

**Planning Manager, David Gonzales, indicated that the applicant was present and added that the case is before the Commission because it has to go before the Parks Board for fee assessments.**

**Chairman Lyons asked the applicant to come forward.**

**Joseph Rue**
**Burgess & Niple**
**10701 Corporate Drive, Suite 118**
**Stafford, TX**

**Mr. Rue came forward and indicated they are before the Commission to start processing their final plat. The construction plans have been submitted to the City for review and should have an approval in the next coming weeks and they will be before the Parks Board on December 4th and also have received comments from the Planning staff and those will be addressed. He indicated he was available for questions.**

**Chairman Lyons brought the item back to the Commission for questions or discussion.**

**Mr. Gonzales added that the applicant will need to provide the letters from the utility in order to be able to abandon the utility from a franchise. Mr. Rue stated that he did speak to the City Engineering staff and indicated they would be obtaining letters from AT&T, ATMOS and Charter and will provide staff with those when they receive them.**

**There being no questions Chairman Lyons indicated the case will return to the Commission for action on the consent agenda at the next scheduled meeting.**

16. P2018-041
Discuss and consider a request by Chase Finch of Corwin Engineering, Inc. on behalf of John Arnold of BH Balance III, LLC. for the approval of a preliminary plat for the Breezy Hill, Phase XI containing 78 single-family lots on a 23.849-acre tract of land identified as a portion of Tract 7 and all of Tract 7-06 of the J. Strickland Survey, Abstract No. 187, City of Rockwall, Rockwall County, Texas, zoned Planned

Development District 74 (PD-74) for Single-Family 10 (SF-10) District land uses, generally located adjacent to Breezy Hill Road north of the intersection of Breezy Hill Road and FM-552, and take any action necessary.

**Senior Planner, Korey Brooks, gave a brief explanation of the case. The request is for a preliminary plat for Breezy Hill's latest phase and is coming before the Commission because it needs to go before the Park Board to assess fees and will be on the consent agenda at the next scheduled meeting. Mr. Brooks indicated he was available for questions.**

**Chairman Lyons brought the item back to the Commission for questions or discussion.**

**There being no questions Chairman Lyons indicated the case will return to the Commission for action on the consent agenda at the next scheduled meeting.**

17. P2018-042

Discuss and consider a request by Chase Finch of Corwin Engineering, Inc. on behalf of John Arnold of BH Phase 8, LLC for the approval of a preliminary plat for Breezy Hill, Phase VIII containing 61 single-family residential lots on 27.822-acres of land identified as a portion of Tract 7 of the J. Strickland Survey, Abstract No. 187, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 74 (PD-74) for Single Family 10 (SF-10) District land uses, located along the eastern side of Breezy Hill Lane, and take any action necessary.

**Senior Planner, Korey Brooks, provided a brief explanation of the request. The case is coming before the Commission because it has to go before the Parks Board to assess Park fee assessments and will be on the consent agenda at the next scheduled meeting. Mr. Brooks indicated he was available for questions.**

**Chairman Lyons brought the item back to the Commission for questions or discussion.**

**There being no questions Chairman Lyons indicated the case will return to the Commission for action on the consent agenda at the next scheduled meeting.**

18. P2018-043

Discuss and consider a request by Matt Atkins of Engineering Concepts on behalf of Scott Lewis of RRDC, LTD. for the approval of a final plat for the Whisper Rock Subdivision containing 28 single-family lots on a 9.477-acre tract of land identified as Tract 104 of the E. Teal Survey, Abstract No. 207, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 47 (PD-47) for Single-Family 10 (SF-10) District land uses, situated within the Scenic Overlay (SOV) District, addressed as 3231 Ridge Road, and take any action necessary.

**Planning Manager, David Gonzales, indicated that the applicant was present to discuss the request. The case is before the Commission because it has to go before the Parks Board to assess park fees and will be on the consent agenda at the next scheduled meeting. Mr. Gonzales noted that they are working on a PD site plan that will be a condition of approval for the final plat and that site plan should be coming before the Commission in the upcoming weeks.**

**Mr. Gonzales advised the Commission that the applicant was present and available for questions as well as staff.**

**Chairman Lyons asked the applicant to come forward.**

**Bill Thomas**
**201 Winco Circle**
**Wylie, TX**

**Mr. Thomas came forward and shared that they have received comments from the Engineering staff in regards to easements which they are working on. They are also preparing to submit as Mr. Gonzales mentioned the PD site plan.**

**There being no questions Chairman Lyons indicated the case will return to the Commission for action at the next scheduled meeting.**

19. SP2018-036

Discuss and consider a request by Wayne Mershawn of Mershawn Architects on behalf Gari Foote for the approval of a site plan for an office building on a 0.26-acre portion of a larger one (1) acre tract of land identified as Block 26 of the Garner Addition, zoned Planned Development District 50 (PD-50) for Residential-Office (RO) District land uses, situated within the North Goliad Corridor Overlay (NGC OV) District, located at the northwest corner of the intersection of W. Heath Street and S. Goliad Street [*SH-205*], and take any action necessary.

**Senior Planner, Korey Brooks, indicated that the applicant was present and would go over the request and staff would be available for questions.**

**Chairman Lyons asked the applicant to come forward.**

**Wayne Mershawn**
**2313 Ridge Road, Suite 103**
**Rockwall, TX**

**Mr. Mershawn came forward and shared that they have met all the conditions as far as the architectural requirements. The Historical Board had recommended some changes be made and those have been made. They feel they have satisfied the comments for both the Historical Board and the Architectural Review Board and are asking for approval to allow them to move forward with the project. He indicated he was available for questions the Commission may have.**

**Mr. Brooks added that since it will be a Residential Office use the applicant is providing landscape screening in the form of a berm with trees and bushes at the property line adjacent to W. Heath Street to screen the parking lot.**

**Chairman Lyons brought the item back to the Commission for discussion or questions.**

**Commissioner Welch asked since it is a "Residential" office would it be a live/work office. Mr. Brooks explained that Residential Office does allow for a live/work however in this case the applicant is not proposing to live in it.**

**There being no further questions Chairman Lyons indicated the case will return to the Commission for action at the next scheduled meeting.**

20. SP2018-037

Discuss and consider a request by Russell Phillips of Sterling One for the approval of a site plan for a 265 unit, condo development situated on a 7.58-acre tract of land identified as Lots 6A, 7A & 8A, Isaac Brown Addition, and a portion of Lots 3 & 4, Block 16 and Lot 4, Block 18, Moton Addition, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 32 (PD-32), situated within the *Interior Subdistrict* of PD-32, located south of the intersection of Summer Lee Drive and Glen Hill Way, and take any action necessary.

**Planning Director, Ryan Miller, indicated the applicant was present to discuss the request and staff would be available to answer any additional questions.**

**Chairman Lyons asked the applicant to come forward.**

**Russell Phillips**
**521 Lorraine Way**
**Heath, TX**

**Mr. Phillips came forward and shared they are submitting a revised site plan for the 265 units that have been approved. He shared they have come a long way through the process however they needed to come back with a new site plan layout before they can proceed forward with the final plans. The last site plan they had they had gotten to the last round of construction drawings with staff comments, at that time they were unable to move forward with financing however they are now in the final process of getting the financing approval.**

**Mr. Russell went on to share that with this revised site plan the number of units has not changed. They have received staffs comments and will be meeting with them to ensure those are addressed.**

**Mr. Miller added that when the site plan originally came before the Commission and City Council there was a dual roadway that connected at the back. At that time it was waived that thru the site planning process, that will probably necessitate approval by the Planning and Zoning Commission as well as City Council. Mr. Miller indicated there are some changes to the requirements and due to this being an expired site plan the new site plan will need to meet those. Specifically the change of condition is the adjacent property is developed and has constructed a portion of Glenn Hill Way and the remainder of Glenn Hill Way is the burden of the subject property therefore that will need to be designed and indicated on the plat. Originally the applicant had requested and was approved for, a facilities agreement that would have delayed the construction until the adjacent property was constructed. They will be asked to amend the site plan to show that alignment. In addition the site plan will go before the Parks Board because since the original site plan was approved the city's Park Districts have been changed and there is now a dedicated park in the Harbor District.**

**Mr. Miller advised the Commission staff was available for questions.**

**Chairman Lyons brought the item back to the Commission for questions or discussion.**

**There being no questions Chairman Lyons indicated the case will return to the Commission for action at the next scheduled meeting.**

21. SP2018-038

Discuss and consider a request by Doug Galloway of Cooper General Contractors on behalf of Corey Cannon for the approval of a site plan for a craft brewery on a 1.16-acre parcel of land identified as Lot 1R of the Cain Properties #1 Addition, City of Rockwall, Rockwall County, Texas, zoned Downtown (DT) District, situated within the SH-66 Overlay (SH-66 OV) District, located north of the intersection of S. Goliad Street [SH-205] and Storrs Street, and take any action necessary.

**Planning Director, Ryan Miller, indicated that the applicant was present to go over the request and staff would be available to answer any questions.**

**Chairman Lyons asked the applicant to come forward.**

**Doug Galloway**
**3508 Edgewater**
**Dallas, TX**

**Mr. Galloway came forward and shared they have a structure that they have built in such a way that it conforms and is an extension to the Downtown with all of the brick structures and detail and then transitions into something that is a little bit more contemporary. Mr. Galloway provided the Commission a sample board and indicated that the Architectural Review Board provided positive feedback on the project when they met earlier in the evening.**

**Mr. Miller added that there are three waivers, two minor and one major. The applicant is in the process of working thru the major waiver which is for the parking. The minor waivers relate to the building materials and the bicycle rack. The applicant has indicated they will be putting a bicycle rack and with the material waiver which is for the metal material ultimately will be at the discretion of the Planning and Zoning Commission.**

**Chairman Lyons brought the item back to the Commission for discussion or questions.**

**Commissioner Womble asked the applicant to discuss further detail in regards to the metal panel system since it only states it is corrugated metal which is pretty broad term. Mr. Galloway shared that the corrugated metal is a representation of the color it would be. It will be a traditional metal rib that is seen on metal buildings. Both on the walls and the actual roof structure there will be more of a contemporary lean with exposed fasteners.**

**Commissioner Moeller asked staff concerning the waiver being requested for the parking. Mr. Miller indicated that the original submittal there were a few parking spaces missing however the applicant is working through their design scheme to try and meet the parking requirements to avoid a "major" waiver.**

**There being no further questions Chairman Lyons indicated the case will return to the Commission for action at the next scheduled meeting.**

22. SP2018-039

Discuss and consider a request by Matt Moore of Claymoore Engineering on behalf of Phil Wagner of Rockwall Economic Development Corporation (REDC) for the approval of a site plan for an industrial building on a 3.634-acre parcel of land identified as Lot 1, Block E, Rockwall Technology Park Addition, City of Rockwall, Rockwall County, Texas, zoned Light Industrial (LI) District, situated within the FM-549 Overlay (FM-549 OV) District, located at the northwest corner of the intersection of Technology Way and Observation Trail, and take any action necessary.

**Planning Manager, David Gonzales, shared that the Architectural Review Board reviewed the case and unanimously approved as submitted including the variances associated with the building. Mr. Gonzales indicated the applicant was present and available for questions as well as staff.**

**Chairman Lyons asked the applicant to come forward.**

**Brian Berry**
**2 Essex Court**
**Heath, TX**

**Mr. Berry came forward and shared he represents Heath Hill with Lime Media Group who is a resident of Rockwall who currently operates his headquarters out of Rowlett and is looking to relocate that headquarters to the Technology Park. The plan is to build an approximately 36,000 square foot building on the 3.634 acre lot. Mr. Berry went on to share that Lime Media is a marketing and advertising company that wants to create a facility that fits the culture of their company and is part of the building architecture their team is proposing. There are a few variances to the material which they feel the location and orientation of building and the materials being presented will still provide the quality that the City is looking to achieve in the Technology Park. Mr. Berry indicated he and a team of his colleagues were present to answer any questions the Commission may have.**

**Chairman Lyons brought the item back to the Commission for discussion or questions.**

**There being no questions Chairman Lyons indicated the case will return to the Commission for action at the next scheduled meeting.**

23. SP2018-040

Discuss and consider a request by J. C. La Foy & Associates on behalf of MCP Residential, LTD for the approval of a PD site plan for an age/restricted senior living community consisting of 46 single-family lots on a 15.826-acre tract of land identified as Lots 5 & 7, Block A, Eastshore Addition, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 68 (PD-68), situated within the SH-205 Overlay (SH-205 OV) District, located on the east side of S. Goliad Street [S. SH-205] north of the intersection of S. Goliad Street and Justin Road, and take any action necessary.

**Planning Manager, David Gonzales, indicated that the applicant was present and would go over the case. He noted that staff has worked with the applicant on the buffer and the applicant has indicated that they will be providing a six foot rod iron fence on the back as well as a three layered landscaping element.**

**Chairman Lyons asked the applicant to come forward.**

**Camile LaFoy**
**1420 Susan Circle**
**Lucas, TX**

**Ms. LaFoy came forward and shared that there is a double row of evergreen screening along the back plus trees which will be approximately 8 foot tall at the time of install which will provide good screening. Ms. LaFoy indicated she was available for questions.**

**Chairman Lyons brought the item back to the Commission for discussion or questions.**

**There being no questions Chairman Lyons indicated the case will return to the Commission for action at the next scheduled meeting.**

24. Director's Report of post Council meeting outcomes of Planning & Zoning cases.

- ✓ P2018-037: Final Plat for Lots 3 & 4, Block A, Harbor Village Addition [*Approved*]
- ✓ Z2018-044: SUP for an Accessory Building for 825 Zion Hills Circle (*1st Reading*) [*Denied*]
- ✓ Z2018-045: SUP for a Freestanding Commercial Antenna at Yellow Jacket Park (*1st Reading*) [*Approved*]
- ✓ Z2018-046: SUP for Temporary Educational Buildings (*1st Reading*) [*Postponed to the December 13, 2018 City Council Meeting*]
- ✓ Z2018-047: OURHometown Vision 2040 Comprehensive Plan (*1st Reading*) [*Approved*]
- ✓ SP2018-030: Variances for Brakes Plus [*Approved*]
- ✓ SP2018-032: Variances for an Elementary School in PD-70 [*Approved*]
- ✓

**Planning Director, Ryan Miller, provided a brief update about the outcome of the above referenced case at the City Council meeting.**

V. ADJOURNMENT

**Chairman Lyons adjourned the meeting at 7:21 p.m.**

PASSED AND APPROVED BY THE PLANNING & ZONING COMMISSION OF THE CITY OF ROCKWALL, Texas, this _____ day of _____, 2019.

_____
Johnny Lyons, Chairman

Attest:

# MINUTES

## PLANNING AND ZONING COMMISSION PUBLIC HEARING
## City Hall, 385 South Goliad, Rockwall, Texas
## Council Chambers
## December 11, 2018
## 6:00 P.M.

I. CALL TO ORDER

**Chairman Lyons called the meeting to order at 6:00 p.m. The Commissioners present at the meeting were, Jerry Welch, John Womble, Eric Chodun, Tracey Logan, and Annie Fishman. Absent from the meeting was Commissioner Mark Moeller. Staff members present were Planning Director, Ryan Miller, Planning Manager, David Gonzales, Senior Planer Korey Brooks, Planning Coordinator, Laura Morales, Engineering Director, Amy Williams, Civil Engineers Jeremy White and Sarah Hager.**

II. CONSENT AGENDA

1. Approval of Minutes for the October 9, 2018 Planning and Zoning Commission meeting.

2. Approval of Minutes for the October 30, 2018 Planning and Zoning Commission meeting.

3. P2018-035
Consider a request by Bart A. Tinsley of the Alders at Rockwall Property, LLC for the approval of a final plat for Lot 1, Block A, Alders at Rockwall Addition, being a 10.310-acre parcel of land identified as Lot 2, Block A, Rockwall Seniors Addition, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 86 (PD-86) for Multi-Family 14 (MF-14) District land uses, situated within the SH-205 Overlay (SH-205 OV) District, generally located south of the intersection of T. L. Townsend Drive and Justin Road, and take any action necessary.

4. P2018-041
Consider a request by Chase Finch of Corwin Engineering, Inc. on behalf of John Arnold of BH Balance III, LLC. for the approval of a preliminary plat for the Breezy Hill, Phase XI containing 78 single-family lots on a 23.849-acre tract of land identified as a portion of Tract 7 and all of Tract 7-06 of the J. Strickland Survey, Abstract No. 187, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 74 (PD-74) for Single-Family 10 (SF-10) District land uses, generally located adjacent to Breezy Hill Road north of the intersection of Breezy Hill Road and FM-552, and take any action necessary.

5. P2018-042
Consider a request by Chase Finch of Corwin Engineering, Inc. on behalf of John Arnold of BH Phase 8, LLC for the approval of a final plat for Breezy Hill, Phase VIII containing 61 single-family residential lots on 27.822-acres of land identified as a portion of Tract 7 of the J. Strickland Survey, Abstract No. 187, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 74 (PD-74) for Single Family 10 (SF-10) District land uses, located along the eastern side of Breezy Hill Lane, and take any action necessary.

6. P2018-043
Consider a request by Matt Atkins of Engineering Concepts on behalf of Scott Lewis of RRDC, LTD. for the approval of a final plat for the Whisper Rock Subdivision containing 28 single-family lots on a 9.477-acre tract of land identified as Tract 104 of the E. Teal Survey, Abstract No. 207, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 47 (PD-47) for Single-Family 10 (SF-10) District land uses, situated within the Scenic Overlay (SOV) District, addressed as 3231 Ridge Road, and take any action necessary.

7. SP2018-041
Discuss and consider a request by Matt Atkins of Engineering Concepts on behalf of Scott Lewis of RRDC, LTD. for the approval of a site plan for the Whisper Rock Subdivision containing 28 single-family lots on a 9.477-acre tract of land identified as Tract 104 of the E. Teal Survey, Abstract No. 207, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 47 (PD-47) for Single-Family

10 (SF-10) District land uses, situated within the Scenic Overlay (SOV) District, addressed as 3231 Ridge Road, and take any action necessary.

**Commissioner Chodun made a motion to approve the consent agenda. Commissioner Fishman seconded the motion which passed by a vote of 6-0 with Commissioner Moeller absent.**

III. APPOINTMENTS

8. Appointment with Architectural Review Board representative to receive the Board's recommendations and comments for items on the agenda requiring architectural review.

**Architectural Review representative gave a brief explanation concerning agenda items that were discussed at the Architectural Review Board meeting.**

IV. PUBLIC HEARING ITEMS

9. Z2018-043

Hold a public hearing to discuss and consider a request by Michael Worrell of Rockwall Honda for the approval of an amendment to SUP No. S-76 (Ordinance No. 10-26) to allow changes to be made to an existing Motorcycle Dealership with Accessory Boat and Trailer Sales being a 1.152-acre parcel of land identified as Lot 6, Block A, Newman Center #1 Addition, City of Rockwall, Rockwall County, Texas, zoned Commercial (C) District, situated within the IH-30 Overlay (IH-30 OV) District, and take any action necessary.

**Planning Manager, David Gonzales, provided a brief explanation and background in reference to the case. The applicant Michael Worrell of Rockwall Honda had requested the approval of an amendment to SUP No. S-76 for the purpose of allowing the addition of three canopy shade structures on the site. On October 9, 2018, a motion was approved by the Planning and Zoning Commission to continue the public hearing to the October 30, 2018 meeting for the purpose of allowing the applicant time to address issues raised by the Planning and Zoning Commission and staff concerning the landscape buffer along IH-30 and the display area. With the necessary exhibits not being prepared and returned to staff in time for the scheduled public hearing on October 30, 2018, the applicant did not have the ability to request an additional postponement, as this would have exceeded the 30 day time limitation from the first public hearing date which was on October 9, 2018. On October 30, 2018, the Planning and Zoning Commission unanimously approved a motion to accept the applicant's request to withdraw the case due to the applicants need for additional time to provide staff with the necessary exhibits for those concerns that had been raised regarding the landscape buffer along IH-30 and the display area.**
**The applicant has provided staff with the necessary exhibits and is requesting approval of an amendment to SUP No. S-76 for the purpose of allowing the addition of three canopy shade structures on the site. The proposed shade structures will be located on the east side of the property and provide shade for the displayed vehicles. The applicant is also requesting to provide decomposed granite with a hard edge in order to contain the material along IH-30 for the display areas, which are located on the east and south sides of the. These areas are currently grass surfaces and once constructed using the decomposed granite, will provide stability for the displayed vehicles. Additionally, the applicant is requesting to allow for the display area to be expanded within the ten foot landscape buffer along East IH-30. It should be known that staff has met with the applicant regarding the landscaping of this display area and Mr. Worrell has agreed to provide potted trees and plantings within the display area along IH-30. The purpose of this type of landscape scheme is due to a 16-inch water main that runs parallel within an existing 20-ft water easement located at the property line. This solution is to mimic the use of trees and other landscaping that would normally appear within the ten foot landscape buffer, and has been included as a condition of approval. If approved, the applicant will be required to submit a site plan and building permit for the decomposed granite and canopy shade structures.**

**Mr. Gonzales further noted that on November 30, 2018, staff mailed 17 notices to property owners and residents within 500-feet of the subject property and also emailed a notice to the Waterstone Homeowner's Association. Staff did not receive any notices regarding the applicant's request either in favor or in opposition.**
**Mr. Gonzales advised the Commission that the applicant was present and available for questions as well as staff.**

**Chairman Lyons opened up the public hearing and asked the applicant to come forward.**

**Michael Worrell**
**1030 E. IH-30**
**Rockwall, TX**

**Mr. Worrell came forward and indicated he was available for questions.**

**Chairman Lyons asked if anyone wished to speak to come forward and do so there being no one indicating such Chairman Lyons closed the public hearing and brought the item back to the Commission for discussion or a motion.**

**Commissioner Chodun made a motion to approve Z2018-043 with staff recommendations. Commissioner Womble seconded the motion which passed by a vote of 6-0 with Commissioner Moeller absent.**

10. Z2018-048
Hold a public hearing to discuss and consider a request by Amanda Henry for the approval of a Specific Use Permit (SUP) for an accessory building that does not meet the requirements stipulated by the Unified Development Code (UDC) on a 0.253-acre tract of land identified as part of Lot 47B of the B. F. Boydston Addition, City of Rockwall, Rockwall County, Texas, zoned Single-Family 7 (SF-7) District, addressed as 205 S. Clark Street, and take any action necessary.

**Senior Planner, Korey Brooks, gave a brief explanation of the request. The applicant is requesting the approval of a Specific Use Permit to allow for the construction of a metal accessory building that does not meet the requirements stipulated by the Unified Development Code on a 0.253-acre tract of land. Currently, there is an existing metal accessory building in disrepair that is approximately the same size as the proposed accessory building and will be demolished in order to construct the new structure. According to the submitted site plan, the accessory building will be 910 square feet 15-feet in height, and be situated to the rear of the primary structure roughly in the same location as the existing accessory building. The accessory building will be at least 20-feet from the side property lines and more than 60-feet from the front and rear property lines. According to the applicant, the current accessory building will be utilized as storage and will not be used for commercial land uses. According to the Unified Development Code, no more than two accessory buildings larger than 225 SF each are permitted in a Single-Family 7 District, provided the exterior cladding contains materials found on the main structure. In this case, since the applicant is proposing to utilize metal and exceeds the maximum allowable size for accessory buildings in a Single-Family 7 District, a Specific Use Permit is required. The property located to the north of the subject property is located within the Historic District and approval of this request is a discretionary decision for the Planning and Zoning Commission and the City Council.**

**Mr. Brooks further noted that on November 30, 2018, staff mailed 69 notices to property owners and residents within 500-feet of the subject property. Staff also notified the Park Place Homeowner's Association. Staff had received one (1) email in favor of the request.**

**Chairman Lyons opened up the public hearing and asked the applicant to come forward.**

**Amanda Henry**
**205 S. Clark Street**
**Rockwall, TX**

**Ms. Henry came forward and indicated she was available for questions.**

**Commissioner Chodun asked if the structure would be placed in the same location as the one that will be demolished.**

**Commissioner Logan asked the applicant if she had considered something other than a metal building. Ms. Henry indicated that at the time metal is all she has considered.**

**Chairman Lyons asked if anyone wished to speak to come forward and do so there being no one indicating such Chairman Lyons closed the public hearing and brought the item back to the Commission for discussion or a motion.**

**Commissioner Fishman made a motion to approve Z2018-048 with staff recommendations. Commissioner Welch seconded the motion which passed by a vote of 5-1 with Commissioner Logan dissenting and Commissioner Moeller absent.**

11. Z2018-049

Hold a public hearing to discuss and consider a request by Mike Peoples for the approval of a Specific Use Permit (SUP) for an *animal shelter* on a 42.66-acre tract of land identified as Tract 7 of the D. Harr Survey, Abstract No. 102, City of Rockwall, Rockwall County, Texas, zoned Agricultural (AG) District, situated within the East SH-66 Overlay (E. SH-66 OV) District, addressed as 1700 E. SH-66, and take any action necessary.

**Chairman Lyons indicated that agenda item #15 would be discussed as the next item.**

**Planning Manager, David Gonzales, gave a brief explanation of the case. On October 24, 2018, the building inspections department proactively recognized a structure being constructed without a permit on the subject property. The building inspections department then proceeded to confer with planning staff regarding the requirements for building a structure on the subject property. During this meeting, additional structures were found to exist based on aerial images dating back to the year 2013. These images depict two structures that have been built without a permit. The aerial image indicates that one of these structures lies within the designated 100-year flood plain. The other structure is a detached garage that has been enlarged on at least two separate occasions. City records indicate that no permits were requested for the construction of either of these structures. Subsequently, a Stop Work Order was issued on October 25, 2018 for the animal shelter for the purpose of obtaining a building permit. Staff contacted Mr. Peoples and advised him that a Specific Use Permit is also required in order to complete construction of the animal shelter. On November 6, 2018, Mr. Peoples applied for a building permit, and subsequently submitted an application for the SUP for the animal shelter use on November 19, 2018. The photos included with this case were taken from SH-66 by the building inspections department. Staff has made several requests for the applicant to provide photos of these structures and a survey that would locate the structures on this site and have not received either of these items.**

**Mr. Gonzales further shared that the applicant is requesting the approval of a Specific Use Permit to allow for an animal shelter as stipulated by the Unified Development Code. The 2,720 square foot 40-ft x 68-ft metal structure stands approximately 15-feet in height and is situated north of the primary structure, adjacent to SH-66. The animal shelter is to be used for the purpose of providing shelter for the animals on the subject property. As was noted above, there are two existing accessory buildings on the subject property that have been built without a permit and one that lies within the designated 100-year flood plain. This structure is required to be demolished and has been added as a condition of approval of the SUP and the other structure is a detached garage that is being considered for a Specific Use Permit concurrently with this request.**

**Mr. Gonzales further noted that on November 30, 2018 staff mailed 33 notices to property owners and residents within 500-feet of the subject property and also notified the Rolling Meadows Homeowner's Association. Staff received three notices in favor of the request and one in opposition.**

**Mr. Gonzales advised the applicant that the applicant was present and available for questions as well as staff.**

**Chairman Lyons opened up the public hearing and asked the applicant to come forward.**

**Mike Peoples**
**1700 E. SH-66**
**Rockwall, TX**

**Mr. Peoples came forward and shared that the current structure was placed there after a previously existing structure which was at the exact same location became dilapidated after wind damage and was an eye sore. He shared that what is currently there is an improvement from the building that was in place before and is used mainly to show cows. He indicated he was available for questions.**

**Chairman Lyons asked what the size of the structure that was removed was. Mr. Peoples indicated it was approximately 40x50 in size and the current one is 50x50 in size.**

**Commissioner Logan asked if the request was approved did he plan to comply with all the City's stipulations and conditions that come with the approval. Mr. Peoples indicated he planned on following the necessary conditions the city sets forth.**

**Chairman Lyons asked if anyone wished to speak to come forward and do so there being no one indicating such Chairman Lyons closed the public hearing and brought the item back to the Commission for discussion or a motion.**

**Commissioner Womble asked if what was before the Commission to be approved was the "use" and not the soundness of the structure which would go through a different process. Mr. Gonzales indicated that was correct as well as tying down the size of the structure to the ordinance. Mr. Miller added that should it be approved by both the Planning Commission and City Council it would still need to go through the Building Inspection process to ensure the proper drainage and detention is provided.**

**Commissioner Womble made a motion to approve Z2018-049 with staff recommendations. Commissioner Welch seconded the motion which passed by a vote of 5-1 with Commissioner Chodun dissenting and Commissioner Moeller absent.**

12. Z2018-050

Hold a public hearing to discuss and consider a request by David Rains for the approval of a Specific Use Permit (SUP) allowing a covered patio that exceeds the maximum requirements for property located within the Lake Ray Hubbard Takeline leased area that is adjacent to a parcel of land identified as Lot 12, Block A, Chandlers Landing, Phase 18, Section 2, City of Rockwall, Rockwall County, Texas, zoned Planned Development 8 (PD-8) District for single family land uses, addressed as 5808 Constellation Circle, and take any action necessary.

**Senior Planner, Korey Brooks, provided a brief explanation and background pertaining to the request. The applicant is requesting the approval of a Specific Use Permit to allow a covered patio that exceeds the maximum requirements for properties in the Lake Ray Hubbard Takeline leased area. The applicant is proposing to construct an approximately 350 square foot 35-feet by 10.5-feet covered patio in the leased area. The proposed patio cover will be constructed of materials matching the primary structure being stucco and mission tile with regard to the posts and pitched roof. The covered patio will be located approximately two feet outside of the property line and be 12-feet high. In this case, the proposed covered patio is in conformance with the view preservation and maximum height requirements as stipulated by the UDC; however, the takeline ordinance requires all patios to be constructed of water-resistant wood and/or native stone. Additionally, the Unified Development Code requires that the structure be open on all sides, have vertical posts with rafters at the top, pergola-style roof, and have a maximum width of 12' x 20'. According to the submitted site plan, the structure will be open on all sides; however, the applicant is proposing to utilize stucco on the columns and a pitched roof with mission tiles. Since the width and size of the structure exceeds the maximum allowable requirements and will be constructed with materials not allowed by the takeline ordinance, a Specific Use Permit is required. Approval of a Specific Use Permit is a discretionary decision for the Planning and Zoning Commission and the City Council.**

**Mr. Brooks further noted that on November 30, 2018, staff mailed 60 notices to property owners and residents within 500-feet of the subject property and have received one email and three notices in opposition, one email in favor, and one notice that shared comments but was neutral concerning the request.**

**Mr. Brooks advised the Commission that the applicant was present and available for questions as well as staff. Planning Director, Ryan Miller, added that if City Council ultimately approves the**

request the structure would need to be approved by the City of Dallas because it does not conform to the Takeline Lease Agreement.

Chairman Lyons opened up the public hearing and asked the applicant to come forward.

David Rains
5808 Constellation Circle
Rockwall, TX

Mr. Rains came forward and provided a brief explanation of his request and shared pictures showing the rendering of the proposed height of the structure he shared that they would like to have the materials match the primary structure. He indicated they would have liked to build directly behind the house however a 15 foot utility easement prevents it from being placed anywhere but where they are proposing to build where he feels will not impede views of the lake to his neighbors. He provided the Commission a letter from the Chandler's Landing Environmental Committee which showed unanimous approval of the proposal. He shared several pictures and renderings of the proposed structure and noted that he could build another type of structure, be it a gazebo/pergola, in this area without having to receive City approval. He indicated he was available for questions and requested approval from the Commission.

Chairman Lyons asked if anyone wished to speak to come forward and do so.

Scott Seals
5812 Constellation Circle
Rockwall, TX

Mr. Seals came forward and indicated he lives two houses south from the subject property. He feels when property is bought on the lakefront homeowners pay high premium due to the lake front view and anything that obstructs the lake view to adjacent properties would have a negative impact. He generally expressed not being in favor of the request.

Carol Inman
5806 Constellation Circle
Rockwall, TX

Ms. Inman came forward and provided photos that showed the views she sees from her back window of the lake. She expressed concern of the request because the structure would be in direct view of her view of the lake.

Susan Martin
5810 Constellation Circle
Rockwall, TX

Ms. Martin came forward and indicated she has lived at her residence for 17 years which was long before anything was allowed to be on the takeline. She generally expressed not being in favor of the request she feels the structure will negatively impact her property value due to it obstructing her view of the lake.

Vincent Walters
608 Severige Court
Rockwall, TX

Mr. Walters came forward and shared that he has lived in the property since 2017 and provided two pictures which showed in his opinion if the request is approved, will cause him to lose part of his view of the lake which could result in loss of his property's value. He generally expressed being in opposition of the request.

Chairman Lyons asked the applicant to come forward should he want to add any rebuttal. Mr. Rains came forward and generally expressed that he does not feel the structure will be in the adjacent properties view corridor. He shared he would be willing to scale it down a ten feet in length however the main reason he is seeking the Specific Use Permit is for the materials which

**he feels will make the property look more atheistically pleasing because it will match the primary structure.**

**Chairman Lyons asked if anyone else wished to speak to come forward and do so there being no one indicating such; Chairman Lyons closed the public hearing and brought the item back to the Commission for discussion or action.**

**Chairman Lyons shared expressed the importance of the decision taken by the Commission would set a precedent and should be well thought out. Extensive general discussion took place between the Commission in regards to the view corridor, the Takeline Lease Agreement as well as discussion over the comments that were heard from concerned adjacent neighbors.**

**Chairman Lyons made a motion to deny Z2018-050. Commissioner Chodun seconded the motion which passed by a vote of 5-1 with Commissioner Womble dissenting and Commissioner Moeller absent.**

**Chairman Lyons called a recess at 7:37 p.m.**
**Chairman Lyons called the meeting back to order at 7:48 p.m.**

13. Z2018-051
Hold a public hearing to discuss and consider a request by Susan Thomas of Petco Animal Supplies Stores, Inc. on behalf of Steve Hagara of Rockwall Holdings, LLC for the approval of a Specific Use Permit (SUP) for an a*nimal hospital/clinic* in conjunction with an existing retail store situated on a 21.424-acre parcel of land identified as Lot 1A, Block B, R. W. Market Center Addition, City of Rockwall, Rockwall County, Texas, zoned Commercial (C) District, situated within the IH-30 Overlay (IH-30 OV) District, addressed as 2689 Market Center Drive, and take any action necessary.

**Chairman Lyons indicated that the applicant has requested to withdraw the case and action would need to be taken.**

**Commissioner Chodun made a motion to accept the withdrawal of case Z2018-051. Commissioner Fishman seconded the motion which passed by a vote of 6-0 with Commissioner Moeller absent.**

14. Z2018-052
Hold a public hearing to discuss and consider a request by Russell Phillips on behalf of Rockwall Retail Investors, LLC for the approval of a Specific Use Permit (SUP) for a *mini-warehouse* facility on a 7.489-acre tract of land identified as Lot 23, Rainbow Acres Addition, City of Rockwall, Rockwall County, Texas, zoned Commercial (C) District, generally situated north of Horizon Road and east of Ranch Trail Road, and take any action necessary.

**Senior Planner, Korey Brooks, provided a brief explanation and background of the case. On October 16, 2017, the City Council approved a Specific Use Permit (SUP) for a mini-warehouse on the subject property. Since that approval, the applicant has not made and subsequent submittals and the Specific Use Permit expired on November 6, 2018. In response to this expiration, the applicant resubmitted a request for a Specific Use Permit to allow a 575-unit mini-warehouse facility. According to the concept plan, the subject property will be developed in two phases. Phase 1 will have seven buildings totaling 293 units ranging from 16 units to 121 units per building. Phase 2 will have 12 buildings totaling 282 units ranging from ten units to 32 units per building. The proposed mini-warehouse will have perimeter building that utilizes masonry on all exterior facades visible from the street. The interior buildings will utilize metal and will not be visible from the street. Staff should note that most of the surrounding buildings are constructed of metal. Building One will include the leasing office and climate-controlled units that are accessible internally in the building. The remaining buildings will have drive-up units with roll-up doors, which will be oriented so the roll-up doors will not face Ranch Trail or Horizon Road. The applicant is proposing to utilize landscape screening for the mini-warehouse facility to limit the visibility of the facility from Ranch Trail and Horizon Road. Additionally, the northeast portion of the subject property is wooded and will be preserved to provide landscape screening for adjacent properties. According to the Unified Development Code a mini-warehouse facility is permitted in a Commercial District by Specific Use Permit, which is a discretionary decision for the Planning and Zoning Commission and the City Council. If the request is approved, the**

**applicant will be required to submit a site plan, landscape plan, photometric plan, and building elevations to the Architectural Review Board and the Planning and Zoning Commission.**

**Mr. Brooks further noted that on November 30, 2018, staff sent 29 notices to property owners and residents within 500-feet of the subject property and staff did not receive any notices concerning this case.**

**Mr. Brooks indicated the applicant was present and available for questions as well as staff.**

**Chairman Lyons opened up the public hearing and asked the applicant to come forward.**

**Russell Phillips**
**521 Lorraine Way**
**Heath, TX**

**Mr. Phillips came forward and provided additional explanation concerning the request and provided a conceptual plan showing what he is proposing to construct. He indicated he is available for questions.**

**Chairman Lyons asked if anyone wished to speak to come forward and do so there being no one indicating such Chairman Lyons closed the public hearing and brought the item back to the Commission for discussion or a motion.**

**Commissioner Chodun made a motion to approve Z2018-052 with staff recommendations. Commissioner Welch seconded the motion which passed by a vote of 6-0 with Commissioner Moeller absent.**

15. Z2018-053
Hold a public hearing to discuss and consider a request by Mike Peoples for the approval of a Specific Use Permit (SUP) for a detached garage that does not meet the requirements stipulated by the Unified Development Code (UDC) on a 42.66-acre tract of land identified as Tract 7 of the D. Harr Survey, Abstract No. 102, City of Rockwall, Rockwall County, Texas, zoned Agricultural (AG) District, situated within the East SH-66 Overlay (E. SH-66 OV) District, addressed as 1700 E. SH-66, and take any action necessary.

**Planning Manager, David Gonzales, provided a brief explanation of the case which is for the same location as agenda item #11 he indicated that additional structures, one being a detached garage, were found to exist based on aerial images dating back to the year 2013. These images depict two structures that have been built without a permit. The aerial image indicates that one of these structures lies within the designated 100-year flood plain. The other structure is a detached garage that has been enlarged on at least two separate occasions with aerial images indicating that to be from December 2015 & September 2017. City records indicate that no permits were requested for the construction of either of these structures. According to Section 2, of Article V, Agricultural District of the Unified Development Code, allows for an accessory use, detached garage, to be a permitted with a main use single-family home on more than ten acres within an Agricultural District, Section 2.1.2, of Article IV, Permissible Uses, of the UDC, allows for one detached garage that does not exceed 900 square feet in area or 15 feet in height provided the exterior cladding contains the same materials as is found on the main structure. In this case, the detached garage appears to be a metal structure. Accessory buildings such as a detached garage not meeting these standards shall require approval of an SUP. The existing detached garage does not meet the material or size requirements as stipulated by the UDC and approval is discretionary for the City Council.**

**Mr. Gonzales went on to state that 33 notices were sent out to property owners within 500 feet of the subject property and staff received 3 notices in favor of the request.**

**Mr. Gonzales advised the Commission that essentially it is the same request as was previously discussed with this being for the "detached garage" he added that the applicant was available for questions as well as staff.**

**Chairman Lyons opened up the public hearing and asked the applicant to come forward.**

**Mike Peoples**
**1700 E. SH-66**
**Rockwall, TX**

**Mr. Peoples came forward and shared additional information pertaining to the request and indicated he was available for questions.**

**Chairman Lyons asked if anyone wished to speak to come forward and do so there being no one indicating such Chairman Lyons closed the public hearing and brought the item back to the Commission for discussion or a motion.**

**Following additional dialogue Commissioner Welch made a motion to approve Z2018-053 with staff recommendations. Chairman Lyons seconded the motion which passed by a vote of 6-0 with Commissioner Moeller absent.**

16. Z2018-054
Hold a public hearing to discuss and consider a request by Andrew Bennett of BOKA Powell, LLC on behalf of the owner Vinod Miranda for the approval of a Specific Use Permit (SUP) for an office building that will exceed 36-feet in height within the Scenic Overlay (SOV) District on a 9.7-acre tract of land identified at Tract 15 of the E. P. G. Chisum Survey, Abstract No. 64, City of Rockwall, Rockwall County, Texas, zoned Commercial (C) District, situated within the Scenic Overlay (SOV) District, located at the southwest corner of Ridge Road [FM-740] and Turtle Cove Boulevard, and take any action necessary.

**Planning Manager, David Gonzales, gave a brief explanation of the request. The applicant is requesting the approval of a Specific Use Permit to allow an office building that will exceed 36-feet in height within the Scenic Overlay District on a 9.7-acre tract of land. The proposed 80,000 square foot office building will be comprised of three stories of office space and a single-story of parking that will be located below grade. The office building will reach an overall height of 60-feet; however, the building will be located approximately 156-feet from the right-of-way of Ridge Road and due to the slope of the property the finished floor of the building will be set approximately five to seven feet below the surface of Ridge Road. This means that the first floor of the office building may not be visible from Ridge Road. According to the Unified Development Code, any structure over 36-feet in height requires a Specific Use Permit. Should the applicants request be approved, staff has included a condition of approval allowing the structure to have an overall height of four stories, not to exceed 60-feet.**

**Mr. Gonzales further noted that on November 30, 2018, staff mailed 107 notices to property owners and residents within 500-feet of the subject property and also emailed a notice to the Turtle Cove and Lakeside Village Homeowner's Associations which are the only HOA's located within 1,500-feet of the subject property participating in the notification program. Staff received one notification in opposition of the request and one in favor.**

**Mr. Gonzales advised the Commission that the applicant was present and available for questions.**

**Chairman Lyons opened up the public hearing and asked the applicant to come forward.**

**Andrew Bennett**
**1400 Highline**
**Dallas, TX**

**Mr. Bennett came forward and shared that he works with BOKA Powell Architects. The company that is looking to relocate to the subject property and the land owner have hired him and asked they present the case requesting the Specific Use Permit on their behalf. Mr. Bennett went on to provide additional details concerning the request which included reasons behind the request for the variance in the height. He indicated he was available for questions.**

**Chairman Lyons asked if anyone wished to speak to come forward and do so.**

**Naomi Shipley**
**2313 Ridge Road**
**Rockwall, TX**

**Ms. Shipley came forward and shared her concern with the additional traffic will cause and will possibly necessitate additional traffic stop signs or such. She indicated she did not turn in a notice in favor or in opposition because she wanted to attend the meeting first to gather additional information concerning the requests.**

**Molly Brooks**
**2504 Ridge Road**
**Rockwall, TX**

**Mrs. Brooks came forward and expressed not being in favor of the request due to the amount of traffic it would generate as well as the variance to the height of the building which she feels will not preserve the Scenic Overlay Districts standards. She urged the Commission to not grant approval of the request.**

**Richard Brooks**
**2504 Ridge Road**
**Rockwall, TX**

**Mr. Brooks came forward and expressed agreeing with all the same concerns Mrs. Molly Brooks shared and indicated he is not in favor of the request.**

**Phil Wagner**
**REDC**
**Rockwall, TX**

**Mr. Wagner came forward and indicated he is President of the Rockwall Economic Development Corporation. He shared he was not present to advocated but simply to add additional information concerning the request. The REDC has been working with the company that is looking to relocate to this location and feel they provide some benefits to the community with the value that they bring with jobs and wages they feel it will be a high quality company.**

**Chairman Lyons closed the public hearing and asked the applicant to come forward to offer any rebuttal.**

**Mr. Bennett came forward and shared that with concern as to clarification as to where the building will sit; the building is intended to sit well off of Ridge Road further behind the adjacent property.**

**Chairman Lyons brought the item back to the Commission for discussion or action. Chairman Lyons shared that he feels the building is a nice building and will be an asset to the community. Commissioner Chodun shared generally being in favor of the request as there isn't anything east of the proposed building that it would block view of the lake and it appears that they will are maximize the use well as it takes up a small footprint.**

**Commissioner Chodun made a motion to approve Z2018-054 with staff recommendations. Commissioner Logan seconded the motion which passed by a vote of 6-0 with Commissioner Moeller absent.**

V. ACTION ITEMS

17. SP2018-036
Discuss and consider a request by Wayne Mershawn of Mershawn Architects on behalf Gari Foote for the approval of a site plan for an office building on a 0.26-acre portion of a larger one (1) acre tract of land identified as Block 26 of the Garner Addition, zoned Planned Development District 50 (PD-50) for Residential-Office (RO) District land uses, situated within the North Goliad Corridor Overlay (NGC OV) District, located at the northwest corner of the intersection of W. Heath Street and S. Goliad Street [*SH-205*], and take any action necessary.

**Senior Planner, Korey Brooks, gave a brief explanation of the request. The applicant is requesting approval for a site plan for the purpose of constructing a 2,430 square foot office building within Planned Development District 50 to be used as a counseling facility. The applicant is proposing to utilize a Craftsman-style architecture and clad the façade with brick**

**and hardie board. The proposed material percentages are in conformance with the North Goliad Corridor Overlay District's development standards. Additionally, the applicant is providing landscape screening of a berm with trees and bushes at the property line adjacent to W. Heath Street to screen the parking lot. The proposed office building is permitted by-right in a Residential-Office District and will not need any additional approvals. The submitted site plan, landscape plan, photometric plan, and building elevations conform to the technical requirements contained within the Planned Development District 50 and the Unified Development Code development standards. Mr. Brooks further noted that on November 15, 2018, the Historic Preservation Advisory Board's Motion to recommend approval of the site plan for an office building with the condition that additional Craftsman-style architectural elements be incorporated into the façade. The applicant made additional revisions and met with the Architectural Review Board and after reviewing proposed building elevations forwarded a recommendation of approval with additional conditions.**

**Mr. Brooks advised the Commission that the applicant was present and available for questions as well as staff.**

**Greg Wallace**
**2313 Ridge Road**
**Rockwall, TX**

**Mr. Wallace came forward and shared that they have met with both the Historical Board and the Architectural Review Board and have complied with the recommendations that were given. He indicated he was available for questions.**

**Chairman Lyons brought the item back to the Commission for discussion or action.**

**Chairman Lyons made a motion to approve SP2018-036 with both staff and Architectural Review Boards recommendations. Commissioner Welch seconded the motion which passed by a vote of 6-0 with Commissioner Moeller absent.**

18. SP2018-037
Discuss and consider a request by Russell Phillips of Sterling One for the approval of a site plan for a 265 unit, condo development situated on a 7.58-acre tract of land identified as Lots 6A, 7A & 8A, Isaac Brown Addition, and a portion of Lots 3 & 4, Block 16 and Lot 4, Block 18, Moton Addition, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 32 (PD-32), situated within the *Interior Subdistrict* of PD-32, located south of the intersection of Summer Lee Drive and Glen Hill Way, and take any action necessary.

**Planning Director, Ryan Miller, provided a brief explanation and background of the request. On March 10, 2015, the Planning and Zoning Commission approved a site plan for a 265-unit condominium building and subsequently, the City Council approved waivers to the building height requirements and variances to the material requirements on March 16, 2015. Following these approvals, the applicant submitted civil engineering plans to the Engineering Department on June 23, 2016. Staff reviewed this submittal and returned the plans to the applicant on July 11, 2016. The applicant made subsequent submittals on September 20, 2016 and January 30, 2017, with staff returning those submittals with comments on October 5, 2016 and February 14, 2017. The last action taken on this case is considered to be February 14, 2017. Based on the inactivity on the civil plans for a period of one year the engineering submittal automatically expired on February 14, 2018 in accordance with the General Requirements, of the Engineering Standards of Design and Construction manual. Due to the expiration of the civil engineering plans, the Planning and Zoning Department expired the site plan based on the requirements of the Unified Development Code which states that, "(i)f development of a lot or tract with an approved site plan has not been completed within two [2] years, or more with an extension, of its final approval, the site plan shall be deemed to have expired and a new review and approval of a site plan for development of the property shall be undertaken, and this new approval shall be required before a building permit is issued for development." Staff notified the applicant of the expired site plan in person and by email on October 30, 2018. In response to the expiration of the original site plan, the applicant resubmitted the site plan on November 16, 2018 with minor changes.**

**Mr. Miller went on to share that in looking at the requirements of Planned Development 32 the submitted site plan package the proposed case is in conformance with the majority of the requirements stipulated by Ordinance No. 17-22, Resolution No. 10-40, and the UDC with the exception of a couple of waivers with regard to the building form as well as variances to the material requirements all of which Mr. Miller detailed and went over. According to the Unified Development Code, the approval of any variances is discretionary to the City Council pending a recommendation from the Planning and Zoning Commission. The variances relating to materials have been granted to other buildings within the Harbor District; however, variances and waivers are to be considered on a case-by-case basis by the City Council. In this case, the proposed project does appear to meet the general intent of the Interior Subdistrict; however, granting any waivers to the requirements of Ordinance No. 17-22 is a discretionary decision for the City Council pending a recommendation from the Planning and Zoning Commission. Staff should point out, with the majority of the Interior Subdistrict being built out; the approval of this project would not prevent the implementation or intent of this Planned Development District. The waivers for this case require a simple majority vote for approval. In addition based on the City Council's recent action, a Traffic Impact Analysis is required for all development projects in the Harbor District Planned Development District 32. In this case, the applicant is requesting that the City Council consider waiving the TIA requirement. According to the applicant's letter, the purpose of this request is due to the fact that they are not requesting any additional units from the originally approved site plan. Section 2.3, PD Site Plans, of Article X, Planned Development Regulations, of the UDC states that the City Council can require a TIA "(i)f no development plan has been required and approved by the Council and in this case, no PD Development Plan was approved for the proposed development. The waiver of any request for a TIA is at the discretion of the City Council. The applicant met with the Architectural Review Board and received a recommendation of approval pending the building elevations are amended to match the color scheme in the color rendering and also that the arched windows on the third floor are removed..**

**Mr. Miller advised the Commission that the applicant was present and available for questions as well as staff.**

**General discussion took place concerning the Traffic Impact Analysis as well as the rendering that was provided.**

**Chairman Lyons asked the applicant to come forward.**

**Russell Phillips**
**525 Lorraine Way**
**Heath, TX**

**Mr. Russell came forward and indicated that they are far along on the plans and were almost at completion before when some issues came up and they had to relook at financing which had changed in the market place which played a major role in the reason for the delay. They are now ready to move forward and are before the Commission seeking approval. Mr. Phillips indicated he was available for questions.**

**Chairman Lyons brought the item back to the Commission for discussion or motion.**

**Commissioner Welch made a motion to approve SP2018-037 with both staff and Architectural Review Board's recommendations. Commissioner Womble seconded the motion which passed by a vote of 6-0 with Commissioner Moeller absent.**

19. SP2018-038
Discuss and consider a request by Doug Galloway of Cooper General Contractors on behalf of Corey Cannon for the approval of a site plan for a craft brewery on a 1.16-acre parcel of land identified as Lot 1R of the Cain Properties #1 Addition, City of Rockwall, Rockwall County, Texas, zoned Downtown (DT) District, situated within the SH-66 Overlay (SH-66 OV) District, located north of the intersection of S. Goliad Street [SH-205] and Storrs Street, and take any action necessary.

**Planning Director, Ryan Miller, gave a brief explanation and background of the request. On August 20, 2018, the City Council approved a Specific Use Permit allowing a Craft Brewery on the 1.16-acre subject property located along the west side of Alamo Street/S. Goliad Street and is zoned Downtown District. The applicant has submitted a site plan showing the proposed**

**layout of the 11,931 square feet Craft Brewery. The applicant's proposed site plan, landscape plan, treescape plan, building elevations, and photometric plan are in substantial conformance to the requirements for properties situated in the Downtown District as stipulated by the Unified Development Code with the exception of a couple of minor waivers; the applicant is requesting the following minor waivers: 1)Materials. According to Section IV.B.3 of the Downtown District requirements, "(g)round floor exterior walls, excluding windows, doors, and other openings, shall be constructed of 100 percent brick, natural or cast stone on the exterior façade" and "a minimum of 85 percent of exterior walls which face on a street right-of-way, plaza or open space, excluding windows, doors, and other openings, shall be constructed of brick, natural or cast stone." In this case, the applicant is proposing to use primarily brick adjacent to S. Alamo Street/N. Goliad Street; however, the portions of the building that utilize corrugated metal panel and GFRC wall panel will be visible from public rights-of-way. This will require the approval of a minor waiver by the Planning and Zoning Commission. 2) Color. According to Section IV.B.4 of the Downtown District requirements, "(t)he dominant color of all buildings (including above grade parking structures) shall be muted shades of warm gray, red, green, beige and/or brown. Black, gold and stark white shall not be used except as an accent color." In this case, the applicant is proposing to use a black corrugated metal panel and black GFRC wall panel. This will require the approval of a minor waiver by the Planning and Zoning Commission. According to Section VIII.B, Waivers of Design Standards, of the Downtown District minor waivers may be approved by the Director of Planning and Zoning in conjunction with a site plan upon a finding that the waivers meet the full intent of the zoning district. The requested waivers while not meeting the full intent of the zoning district do not appear to create a negative impact to neighboring properties or to the intent of the Downtown District; however, these waivers are substantial enough that staff would defer the approval of the waivers to the Planning and Zoning Commission pending a recommendation from the Architectural Review Board. The applicant met with the Architectural Review Board and received a recommendation of approval.**

**Mr. Miller further noted that the applicant was able to provide additional parking and added the bicycle parking which were major waivers that they were able to resolve.**

**Mr. Miller indicated that the applicant is present and available for questions as well as staff.**

**Chairman Lyons asked the applicant to come forward.**

**Doug Galloway**
**3508 Edgewater**
**Dallas, TX**

**Mr. Galloway came forward and provided additional comments in regards to the project and indicated he was available for questions.**

**Chairman Lyons brought the item back to the Commission for discussion or motion.**

**Commissioner Womble made a motion to approve SP2018-038 with staff recommendations. Chairman Lyons seconded the motion which passed by a vote of 5-1 with Commissioner Logan dissenting and Commissioner Moeller absent.**

20. SP2018-039
Discuss and consider a request by Matt Moore of Claymoore Engineering on behalf of Phil Wagner of Rockwall Economic Development Corporation (REDC) for the approval of a site plan for an industrial building on a 3.634-acre parcel of land identified as Lot 1, Block E, Rockwall Technology Park Addition, City of Rockwall, Rockwall County, Texas, zoned Light Industrial (LI) District, situated within the FM-549 Overlay (FM-549 OV) District, located at the northwest corner of the intersection of Technology Way and Observation Trail, and take any action necessary.

**Planning Manager, David Gonzales, gave a brief explanation of the request. The applicant is requesting approval of a site plan for the purpose of constructing an approximately 35,525 square feet manufacturing/office facility, to be known as Lime Media, within the REDC Technology Park. The proposed facility will be situated on a 3.634-acre parcel of land located at the northwest corner of the intersection of Technology Way and Observation Trail, north of Discovery Boulevard, and is zoned Light Industrial District. The subject property is located**

**within the FM-549 Overlay District and required to meet these standards. According to the Unified Development Code a manufacturing/office facility is a permitted by-right use in a Light Industrial District. The subject property proposes two ingress and egress access points, one along Technology Way and one along Observation Trail, and meets the distance requirements from existing driveway approaches per the Engineering Standards of Design Manual. With the exception of the variances being requested the submitted site plan, landscape plan, treescape plan, photometric plan, and building elevations generally conform to the technical requirements contained within the UDC for properties located within the Light Industrial District and the FM-549 Overlay District. In regards to the treescape plan provided by the applicant indicates all trees being removed from the site are primarily Cedar and Hackberry trees, which are not a protected tree if they are less than 11-caliper inch DBH (i.e. diameter breast height). Additionally, there are several Bois-d-arc trees that are not a protected species and will not require mitigation. However, the applicant has indicated a total of 135-caliper inches being removed being Cedar and Hackberry trees will require mitigation. The inches will be calculated at 50% of the caliper inches being removed. This will equate to a total mitigation balance of 67.5-caliper inches. The applicant is providing a total of 87-caliper inches on site, and the mitigation balance is considered to be satisfied.**

**Mr. Gonzales further noted that the site plan went before the Architectural Review Board on November 27, 2018 where they reviewed the proposed building elevations for the site. General discussion concerning the rear north facing façade elevation took place due to its flat plane, no bump-outs or recesses; however, the board agreed that since the façade faces a 44-acre vacant tract of land, and the landscape plan includes additional trees for screening, this would not be seen by the general public. Additionally, the board agreed with the variances being requested and made a motion to recommend approval of the building elevations as presented. Additionally the applicant is requesting a variance to the stone requirement, they do have some stone on the building however on the north and west elevations they do not meet the stone requirement.**

**Mr. Gonzales advised the Commission the applicant was present and available for questions as well as staff.**

**Commissioner Chodun asked if the Agricultural property was privately owned. Mr. Gonzales indicated it was privately owned.**

**Chairman Lyons asked the applicant to come forward.**

**Brian Berry**
**2 Essex Court**
**Heath, TX**

**Mr. Berry came forward and shared he is shared that the company Lime Media, a marketing company, is currently located in Rowlett and the owner wishes to relocate to the Technology Park. They are looking to construct a state of the art building and feel the materials and the orientation they are proposing will result in a high quality product. Mr. Berry indicated he was available for questions.**

**Chairman Lyons brought the item back to the Commission for discussion or action.**

**Commissioner Welch made a motion to approve SP2018-039 with staff recommendations. Commissioner Fishman seconded the motion which passed by a vote of 6-0 with Commissioner Moeller absent.**

21. SP2018-040

Discuss and consider a request by J. C. La Foy & Associates on behalf of MCP Residential, LTD for the approval of a PD site plan for an age/restricted senior living community consisting of 46 single-family lots on a 15.826-acre tract of land identified as Lots 5 & 7, Block A, Eastshore Addition, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 68 (PD-68), situated within the SH-205 Overlay (SH-205 OV) District, located on the east side of S. Goliad Street [S. SH-205] north of the intersection of S. Goliad Street and Justin Road, and take any action necessary.

**Planning Manager, David Gonzales, shared that the request meets all the technical requirements for Planned Development 68, and should have been on the consent agenda. He indicated staff was available to answer any questions.**

**Chairman Lyons brought the item back to the Commission for discussion or action.**

**Commissioner Logan made a motion to approve SP2018-040 with staff recommendations. Commissioner Womble seconded the motion which passed by a vote of 6-0 with Commissioner Moeller absent.**

VI. DISCUSSION ITEMS

22. Director's report of post City Council meeting outcomes for development cases.

**Planning Director, Ryan Miller**, **indicated there were no case taken to the City Council meeting. No discussion took place concerning this agenda item.**

VII. ADJOURNMENT

**Chairman Lyons adjourned the meeting at 9:05 p.m.**

PASSED AND APPROVED BY THE PLANNING & ZONING COMMISSION OF THE CITY OF ROCKWALL, Texas, this _____ day of _____, 2019.

_____
Johnny Lyons, Chairman

Attest:

_____
Laura Morales, Planning Coordinator

# CITY OF ROCKWALL
# PLANNING AND ZONING COMMISSION MEMO

**AGENDA DATE:** 01/15/2019

**APPLICANT:** Chase Finch; *Corwin Engineering*

**AGENDA ITEM:** **P2018-047;** *Preliminary Plat for Breezy Hill, Phase XII*

---

## SUMMARY:

Discuss and consider a request by Chase Finch of Corwin Engineering, Inc. on behalf of John Arnold of BH West Pods, LTD for the approval of a preliminary plat for Breezy Hill, Phase XII containing 35 single-family residential lots on 44.525-acres of land identified as a portion of Tract 7-1 of the J. Strickland Survey, Abstract No. 187, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 74 (PD-74) for Single Family 10 (SF-10) District land uses, located west of the intersection of John King Boulevard and Cozy View Drive, and take any action necessary.

## PLAT INFORMATION:

☑ The Breezy Hill Subdivision is a master planned community that will provide approximately 405-acres of residential and commercial development. The residential subdivision will be composed of 750 single-family lots on 371.45-acres of land, and be broken down per the lot mix indicated in Planned Development District 74 (PD-74). The lot mix in this Planned Development District is as follows.

| *Lot Types* | *A* | *B* | *C* | *D* | *E* | *F* | *G* |
|---|---|---|---|---|---|---|---|
| *Minimum Lot Frontage (Feet)* | *60'* | *70'* | *80'* | *100'* | *60'* | *100'* | *70'* |
| *Minimum Lot Depth (Feet)* | *120'* | *120'* | *125'* | *200'* | *110'* | *180'* | *120'* |

☑ The applicant is requesting to *preliminary plat* Phase XII of the Breezy Hill Subdivision for the purpose of laying out 35 of the 750 lots on ~44.525-acres. The 35 proposed lots will be constructed to the *Type 'D'* standards (*all standards are displayed in the above table*). In addition to the preliminary plat, the applicant has also submitted a preliminary water and sanitary sewer plan and a drainage plans establishing that the developer can provide adequate utilities to service the proposed phase.

☑ On January 4, 2019 the Parks and Recreation Board reviewed the *preliminary plat* and made a recommendation to approve the plat with the following conditions:

- The developer is to pay the pro-rata equipment fees required in the amount of $8,925 [*i.e. 35 Lots @ $255.00 Per Lot*].

☑ The surveyor has completed the majority of the technical revisions requested by staff, and this plat, conforming to the requirements for preliminary plats as stated in the *Subdivision Ordinance* in the *Municipal Code of Ordinances*, is recommended for conditional approval pending the completion of final technical modifications and submittal requirements.

☑ Conditional approval of this plat by the City Council shall constitute approval subject to the conditions stipulated in the *Recommendation* section below.

☑ With the exception of the items listed in the *Recommendation* section of this case memo, this plat is in substantial compliance with the requirements of the *Subdivision Ordinance* in the *Municipal Code of Ordinances*.

**RECOMMENDATIONS:**

If the Planning and Zoning Commission chooses to recommend approval of the *preliminary plat* for *Breezy Hill, Phase XII,* staff would recommend the following conditions:

1) All technical comments from the Engineering, Planning and Fire Departments shall be addressed prior to the filing of this plat;

2) The developer shall construct a ten (10) foot sidewalk along John King Blvd; and

3) Any construction resulting from the approval of this *preliminary plat* shall conform to the requirements set forth by the Unified Development Code, the International Building Code, the Rockwall Municipal Code of Ordinances, city adopted engineering and fire codes and with all other applicable regulatory requirements administered and/or enforced by the state and federal government.

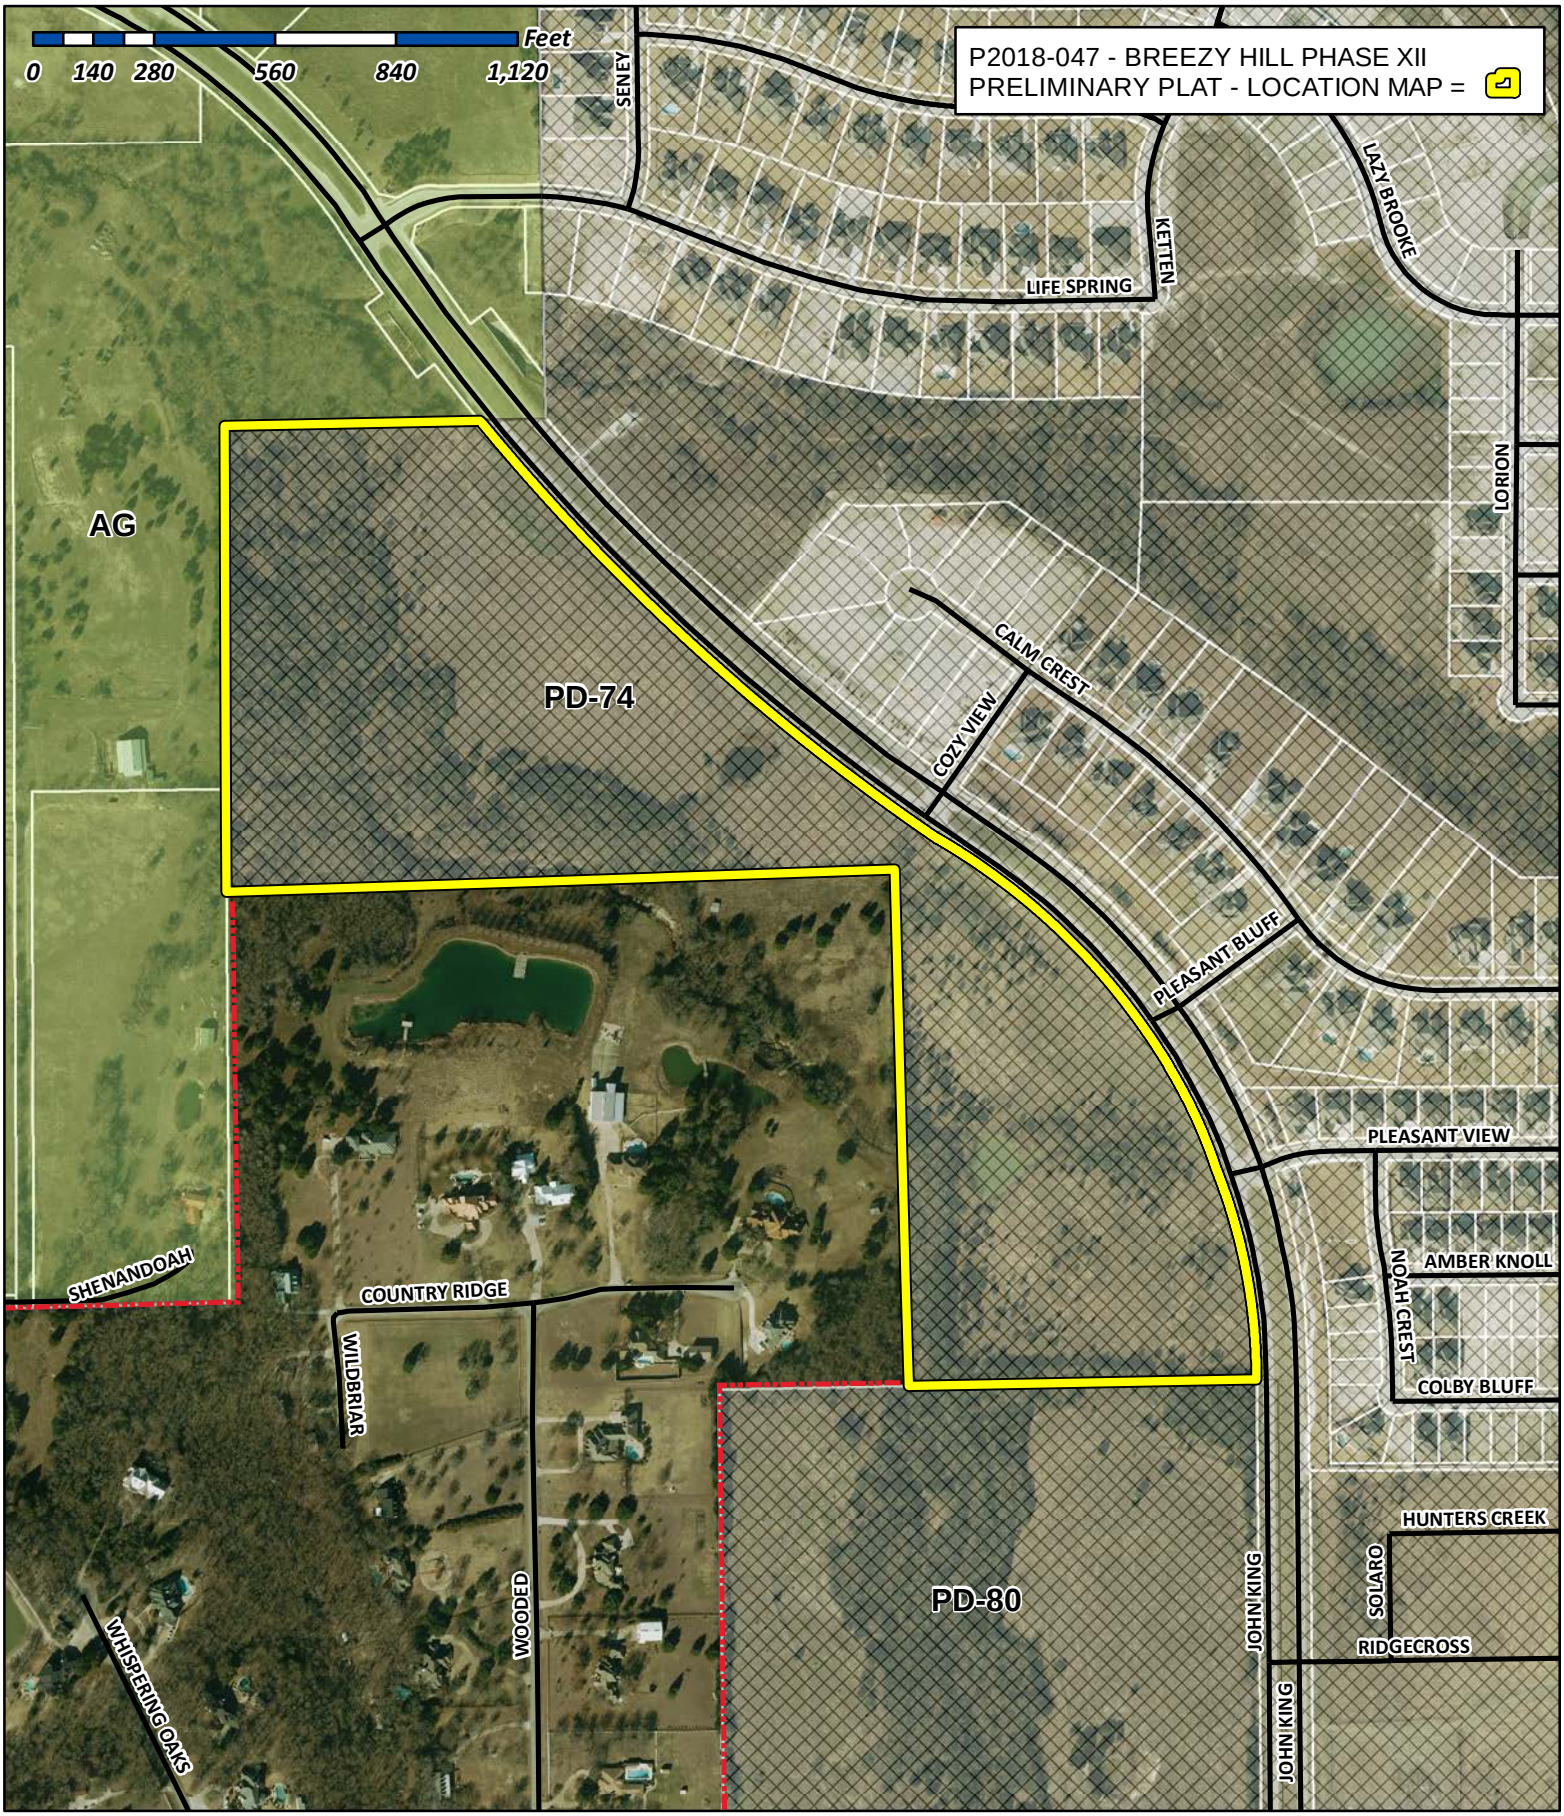
P2018-047 Breezy Hill, Phase XII

Please address the following comments (M= Mandatory Comments; I = Informational Comments).

I.1 This is a request by Chase Finch of Corwin Engineering, Inc. on behalf of John Arnold of BH West Pods, LTD for the approval of a preliminary plat for Breezy Hill, Phase XII containing 35 single-family residential lots on 44.525-acres of land identified as a portion of Tract 7-1 of the J. Strickland Survey, Abstract No. 187, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 74 (PD-74) for Single Family 10 (SF-10) District land uses, located west of the intersection of John King Boulevard and Cozy View Drive

I.2 For questions or comments concerning this case, please contact Korey Brooks in the Planning Department at (972) 772-6434 or email kbrooks@rockwall.com.

M.3 For reference, include the case number (P2018-047) in the lower right hand corner of all pages on future submittals.

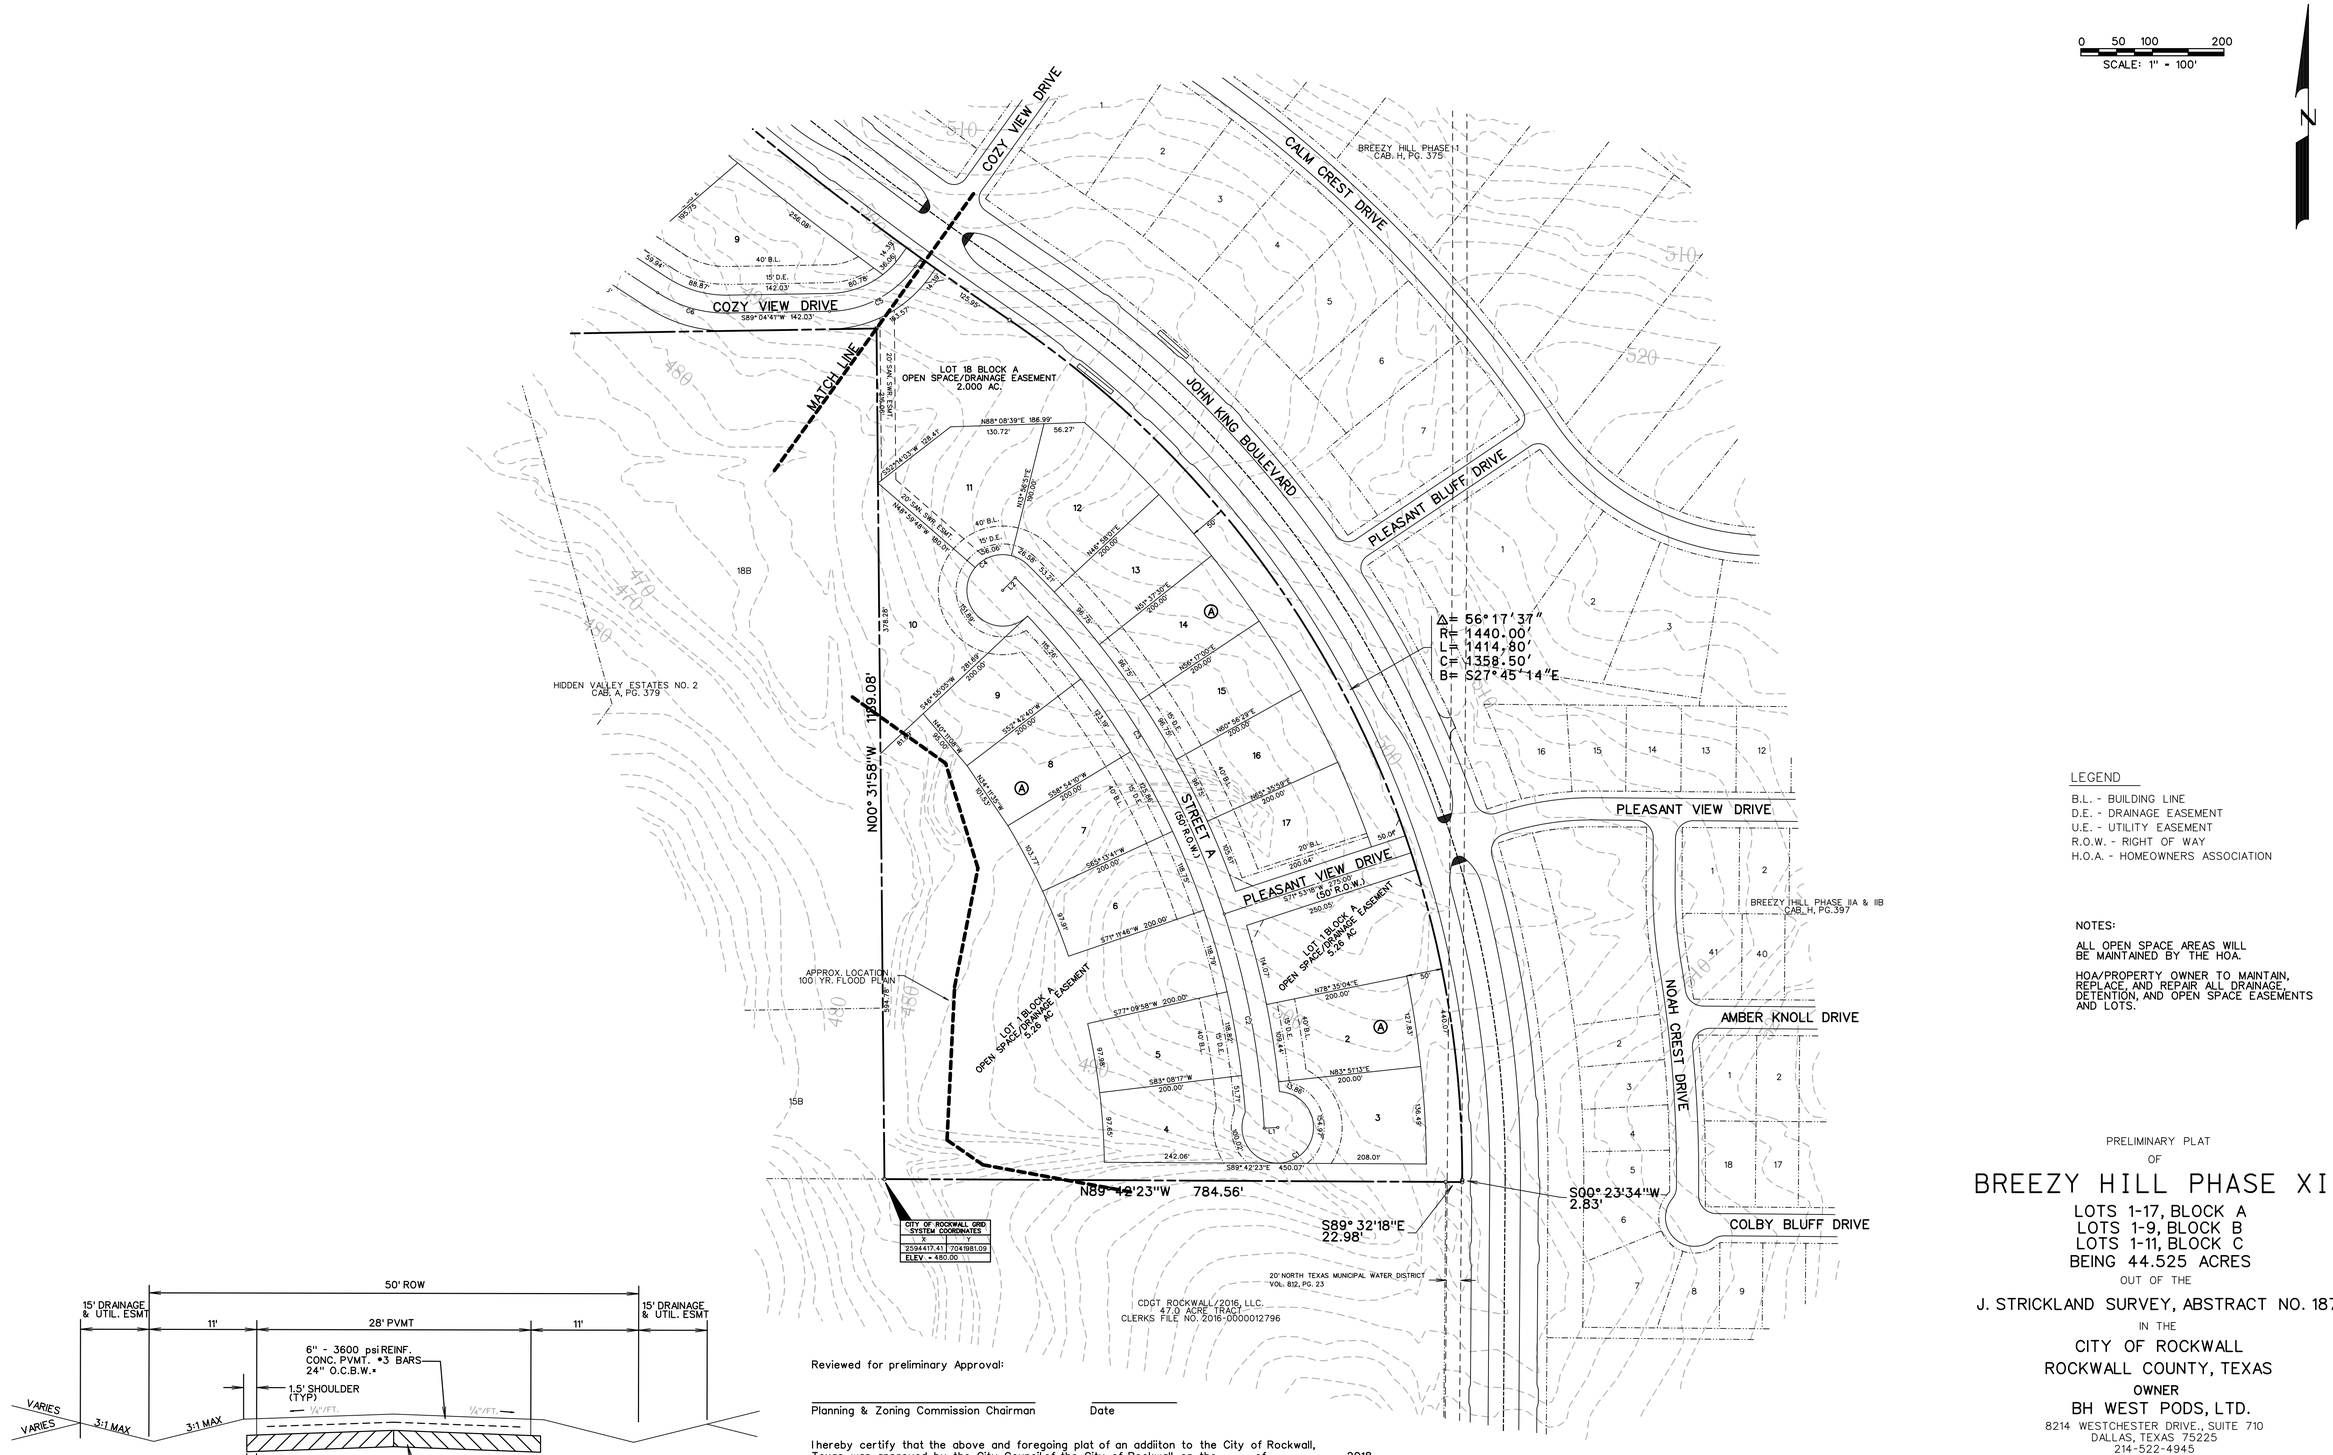


M.4 Please provide lot types on table

M.5 For Lots 2, 3, and 6, Block C, please show frontage at the build line, not the property line (since the frontages are curved).

M.6 If all of the Lots are Type D as the concept plan shows, Lots 11, 12, 13, 14, 15, 16, Block A, do not meet 100-foot frontage.

I.7 Staff has identified the aforementioned items necessary to continue the submittal process. Please make these revisions and corrections, and provide any additional information that is requested by January 3, 2019. The Planning and Zoning Worksession for this case is January 2, 2019. The Planning and Zoning Meeting for this case is January 15, 2019. Park Board Meeting for this case is January 3, 2018.



I.8 The projected City Council meeting date and subsequent approval for this plat is January 23, 2019.

# CITY OF ROCKWALL
# PLANNING AND ZONING COMMISSION MEMO

**AGENDA DATE:** 01/15/2019

**APPLICANT:** Kyle Jenkins; *Jenkins Organization*

**AGENDA ITEM:** **Z2018-055**; *SUP for Mini-Warehouse*

---

## SUMMARY:

Hold a public hearing to discuss and consider a request by Kyle Jenkins of the Jenkins Organization on behalf of Michael Swiercinsky of 7.1 Ridge, LLC for the approval of a Specific Use Permit (SUP) for a Mini-Warehouse facility on a 2.595-acre tract of land being a portion of Lot 1, Block A, Sky Ridge Addition, City of Rockwall, Rockwall County, Texas, zoned Commercial (C) District, situated within the Scenic Overlay (SOV) District, located southwest of the intersection of W. Yellow Jacket Lane and Ridge Road [FM-740], and take any action necessary.

## PURPOSE AND CHARACTERISTICS OF THE REQUEST:

The applicant is requesting approval of a Specific Use Permit (SUP) to allow a *mini-warehouse* (*i.e. Lakeview Storage*) in a Commercial (C) District. The proposed mini-warehouse will be three (3) stories, ~126,600 SF, and contain 800 climate-controlled units. According to the applicant, the mini-warehouse will be constructed to resemble an office building, and is intended to blend in with the surrounding buildings. The facility will be accessible from 6 AM to 10 PM. The majority of the units will be accessed from internal corridors and any exterior doors will be limited to the rear building elevation. The applicant has also stated that the existing tree line will be preserved to provide a natural buffer from the residential properties to the northwest.

According to Section 1.01, *Use of Land and Building*s, of Article IV, *Permissible Uses*, of the Unified Development Code (UDC) a mini-warehouse facility is permitted in a Commercial (C) District by Specific Use Permit (SUP). Furthermore, section 2.1.10, *Wholesale, Distribution, and Storage*, of Article IV, *Permissible Uses*, of the Unified Development Code (UDC) details the specific land use requirements for a *mini-warehouse facility*. The following is a summary of the applicant's proposal and its compliance to these land use requirements:

| *Code Requirement* | *Proposed Plan* | *Compliance* |
|---|---|---|
| The maximum site area shall not exceed five (5) acres. | 2.6-Acres | In Conformance |
| The maximum number of storage units shall not exceed 125 units per acre. | 800 total units. | *Not In Conformance*[1] |
| The maximum height shall not exceed one (1) story, except for the residential unit which shall be less that 36-feet. | The proposed buildings is three (3) stories and ~34-feet in height | *Not In Conformance* |
| The minimum number of parking spaces required is two (2). Parking requirement is three (3) spaces plus one (1) per 100 units. | 11 parking spaces are required and 11 parking spaces are provided. | In Conformance |
| No direct access from FM740, SH205, SH66, SH276, FM3097, FM552, FM549 or John King Boulevard. | The concept plan shows one (1) driveway on FM-740. | *Not In Conformance* |
| Overhead doors shall not face adjacent streets. | The buildings are not visible from any adjacent streets or roadways. | In Conformance |

| | | |
|---|---|---|
| All exterior walls facing the front, side and rear property lines shall be 100% brick construction. | All exterior walls facing the street will incorporate brick. | In Conformance |
| The front, side and rear building setback areas shall incorporate clustered landscaping. | The concept rendering shows clustered landscaping along the perimeter of the facility. | In Conformance |
| Gates shall be incorporated limiting access to the facility. | Wrought iron gates are being proposed. | In Conformance |
| Screening fences shall be wrought iron or masonry. | Landscape screening and wrought Iron fencing are shown on the site plan. | In Conformance |
| Concrete shall be used for all paving. | All paving will be concrete. | In Conformance |
| Roof shall have a minimum roof pitch of 1:3 and be constructed with metal standing seam. | The applicant is proposing to utilize a flat roof design. | *Not In Conformance* |
| Lighting standards shall be limited to a maximum of 20-feet in height. | Will be handled at the time of site plan submittal on the Photometric Plan. The SUP Ordinance include this requirement under the Operational Conditions. | Photometric Plan (Site Plan) |
| A single residential unit not exceeding 1,600 SF in size is permitted. | There will be no residential unit. | In Conformance |
| Outside Storage shall be prohibited. | The site will not have outside storage. | In Conformance |

*Notes:*
*[1]: At 2.6-acres a maximum of 325 units are permitted.*

## ADJACENT LAND USES AND ACCESS:

The land uses adjacent to the subject property are all follows:

**North:** Directly north of the subject property is a vacant tract of land zoned Commercial (C) District followed by a railroad (*i.e. Union Pacific/Dallas Garland N. E.*). Beyond this is a single-family residential subdivision (*i.e. Lakeridge Park*). This area is zoned Single-Family 10 (SF-10) District.

**South:** Directly south of the subject property is Ridge Road [FM 740], which is identified as a *M4D (Major Collector, four [4] lane, divided roadway)* on the City's Master Thoroughfare Plan. Beyond this is an office building and several commercial businesses (*e.g. Big D Auto Care, Wal-Mart, etc*.) This area is zoned Commercial (C) District.

**East:** Directly east of the subject property a vacant tract of land followed by Ridge Road [FM-740], which is identified as a *M4D (Major Collector, four [4] lane, divided roadway)* on the City's Master Thoroughfare Plan. Beyond this are several commercial businesses (*e.g. Little Caesar's, Everybody Massage, etc*.) These areas are zoned Commercial (C) District.

**West:** Directly west of the subject property is a house of worship (*i.e. Great Faith Church*) and several commercial businesses (*e.g. State Farm, Family Dental, etc*.) followed by a railroad (*i.e. Union Pacific/Dallas Garland N. E.*). Beyond this is a single-family residential subdivision (*i.e. Turtle Cove Subdivision*). This area is zoned Planned Development District 2 (PD-2) for single-family land uses.

## STAFF ANALYSIS:

When looking at the requirements contained in the Unified Development Code (UDC), it is important to note that these requirements were drafted with the intent of regulating campus style mini-warehouse facilities. Campus style mini-warehouse facilities typically incorporate multiple buildings that are generally one (1) story in height, and have non-climate controlled storage

units accessible from the exterior of the building. Due to the mini-warehouse requirements, the applicant is seeking variances to the number of units per acre, the maximum number of stories, the pitched roof requirement, and to allow direct access from Ridge Road [FM-740]. The facility proposed by the applicant is a compact design, which allows more units in a smaller footprint. Although the proposed building is three (3) stories, the proposed building is ~34-feet in height, which conforms to the maximum height requirement of 36-feet. Additionally, only two (2) stories will be visible from Ridge Road [FM-740]. The proposed facility is intended to have the appearance of an office building with all units being climate controlled and accessible from the interior of the building. Specifically, the proposed structure is three (3) stories in height--in which only two (2) stories are visible from Ridge Road--and utilizes a flat roof design with a parapet (more typical of an office or commercial development). Since these do not meet the mini-warehouse requirements, variances are required. The proposed driveway shown on the concept plan will require permission from TxDOT as well as a traffic impact analysis (TIA) at the time of site plan. In addition, the applicant is proposing to limit the hours of operation from 6:00 AM to 10 PM, which is consistent to a non-residential land use. The mini-warehouse land use is considered to be a lower-intensity land use that does not generate high volumes of traffic (*i.e. ~15-20 visitors per day according to the applicant*). With that being said, the three (3) requirements not in compliance with the Unified Development Code (UDC) do not appear to negatively impact the surrounding developments. Additionally, the proposed design of the facility (*i.e. appearance of an office building*) provides for easier redevelopment opportunities than the traditional campus style mini-warehouse facilities should the use transition in the future. Staff should note, approval of the applicant's request is a discretionary decision for the City Council, pending a recommendation from the Planning and Zoning Commission. Should this request be approved, the applicant will be required to submit a site plan, landscape plan, photometric plan, and building elevations to the Architectural Review Board (ARB) and the Planning and Zoning Commission. Attached is a concept plan and building elevations, and conformance to these plans is a requirement of the draft ordinance.

**NOTIFICATION:**

On December 28, 2018, staff sent 77 notices to property owners and residents within 500-feet of the subject property. Additionally, staff notified the Lakeside Village and Turtle Cove Homeowner's Associations (HOA's) which are the only HOA's/Neighborhood Associations within 1,500-feet of the subject property. Additionally, staff posted a sign on the subject property as required by the UDC. At the time this report was drafted, staff had not received any notices concerning this case.

**RECOMMENDATIONS:**

Should the Planning and Zoning Commission and City Council choose to approve the Specific Use Permit (SUP) request, the following conditions of approval should be adopted with this case:

1. The applicant shall be responsible for maintaining compliance with the operational conditions contained in the SUP ordinance and summarized as follows:

    a) The development shall generally conform to the *Concept Plan* depicted in *Exhibit 'B'* of the attached ordinance.

    b) The building elevations shall generally conform to the *Concept Building Elevations* depicted in *Exhibit 'C'* of the attached ordinance.

    c) The maximum number of storage units provided shall not exceed 800 units for the facility.

d) The maximum number of floors is limited to three (3) stories.

e) The mini-warehouse facility shall not be greater than 36-feet in height.

f) No outside storage of any kind shall be allowed (*including the outside storage of boats, recreational vehicles, trailers, and motor or self-propelled vehicles*).

g) Businesses shall not be allowed to operate within individual storage units.

h) The commercial operation of rental trucks and trailers shall be prohibited.

i) The developer shall maintain the treeline adjacent to the northwest property line.

2. Any construction or building necessary to complete this request must conform to the requirements set forth by the UDC, the International Building Code, the Rockwall Municipal Code of Ordinances, city adopted engineering and fire codes and with all other applicable regulatory requirements administered and/or enforced by the state and federal government.

# City of Rockwall

Z2018-055 SUP FOR MINI_WAREHOUSE

Please address the following comments (M= Mandatory Comments; I = Informational Comments).

I.1 This a request by Kyle Jenkins of the Jenkins Organization on behalf of Michael Swiercinsky of 7.1 Ridge, LLC for the approval of a Specific Use Permit (SUP) for a Mini-Warehouse facility on a 2.595-acre tract of land being a portion of Lot 1, Block A, Sky Ridge Addition, City of Rockwall, Rockwall County, Texas, zoned Commercial (C) District, situated within the Scenic Overlay (SOV) District, located southwest of the intersection of W. Yellow Jacket Lane and Ridge Road [FM-740]

I.2 For questions or comments concerning this case, please contact Korey Brooks in the Planning Department at (972) 772-6434 or email kbrooks@rockwall.com.

M.3 For reference, include the case number (Z2018-055) in the lower right hand corner of all pages on future submittals.

M.4 Please review the attached draft ordinance prior to the January 15, 2019 Planning & Zoning Commission meeting.

I.5 Staff has identified the aforementioned items necessary to continue the submittal process. Please make these revisions and corrections, and provide any additional information that is requested by January 3, 2019. The Planning and Zoning Worksession for this case is January 2, 20019. The Planning and Zoning Meeting for this case is January 15, 2019 2018.

I.6 The projected City Council meeting date and subsequent approval for this request is January 21, 2019 and February 4, 2019.

To whom it may concern:

Per your participation in the Neighborhood Notification Program, you are receiving this notification to inform your organization and residents of a request for a zoning change that lies within 1,500 feet of the boundaries of your neighborhood or subdivision. As the primary contact for the organization, you are encouraged to share this information with the residents of your subdivision. Please find attached a map detailing the location of the subject property requesting the zoning change in relation to your subdivision boundaries. Additionally, below is a summary of the zoning request that was published in the Rockwall Herald Banner ***December 28, 2018***. The Planning and Zoning Commission will hold a public hearing on ***Tuesday 1/15/2019 at 6:00 p.m.***, and the City Council will hold a public hearing on ***Tuesday 1/22/2019 at 6:00 p.m***. These hearings will be held in the City Council Chambers at City Hall, 385 S. Goliad Street. These hearings will be held in the City Council Chambers at City Hall, 385 S. Goliad Street. If you have any questions or comments regarding this request, the contact information for the Planning Department is listed below. Additional information can also be found at https://sites.google.com/site/rockwallplanning/development/development-cases

> **Z2018-055- Hold a public hearing to discuss and consider a request by Kyle Jenkins of the Jenkins Organization on behalf of Michael Swiercinsky of 7.1 Ridge, LLC for the approval of a Specific Use Permit (SUP) for a *Mini-Warehouse* facility on a 2.595-acre tract of land being a portion of Lot 1, Block A, Sky Ridge Addition, City of Rockwall, Rockwall County, Texas, zoned Commercial (C) District, situated within the Scenic Overlay (SOV) District, located southwest of the intersection of W. ## Letter of Explanation

## TJO – Ridge Road & Yellow Jacket

On behalf of The Jenkins Organization, Masterplan requests a Specific Use Permit to construct a 3-story, approximately 126,600-square foot, upscale climate controlled self-storage facility on a 2.6-acre property located southwest of the intersection of Ridge Road and Yellow Jacket Lane. It is projected that the balance of the property to the north would be developed with a future neighborhood retail building.

TJO develops and operates best in class self storage facilities in affluent Texas communities such as Craig Ranch in McKinney, Southlake, Frisco, and Bee Cave in the Austin area. TJO is interested in developing a neighborhood friendly facility with excellent customer service in the Rockwall community.

The development proposal includes the following features:

1. Premium architecturally inspired building design
2. Vast majority of units would be accessed from interior corridors
3. Well-lit, safe and secure facility
4. Building will be positioned to minimize height from street and align with adjacent retail
5. Building will step down from Ridge Rd following the topography of the site
6. Low-traffic generator – 15 visitors per day
7. Hours of access and operation from Monday-Sunday 6AM-10PM.

The proposal includes a request for relief from certain provisions of the Unified Development Code as follows:

**Pitched roof.** TJO's building design is modern with clean lines. The roof would be flat with parapets to align with the overall modern design.

**Perimeter screening adjacent to residential districts.** The grade at the rear driveway will sit well below the grade of Turtle Cove. Moreover, the tree line will be preserved to provide a natural buffer from Turtle Cove to the northwest. Moreover, the elevated railroad berm provides a solid screen and fully blocks view of the subject property from Turtle Cove. A screening wall would sit well below the adjacent property, serving minimal to no purpose. Please refer to the enclosed sight line exhibit for additional information.

**Floor-to-area ratio.** A maximum floor-to-area ratio of 1.2. Use intensity for a self-storage facility is disproportionately low compared to other commercial uses. This facility would generate approximately 15-20 visitors spread out over an entire day.

**One direct access point to Ridge Road.** Access is necessary to serve the facility.

# MINI-STORAGE FACILITY LOCATIONS

SHEET SIZE: 11X17

BEING a 2.595 acre tract of land situated in the E.P. Gaines Chisum Survey, Abstract No. 64, City of Rockwall, Rockwall County, Texas and being a part of Lot 1, Block A, Sky Ridge Addition, an addition to the City of Rockwall, recorded in Volume J, Page 243, Map Records, Rockwall County, Texas, and this tract being more particularly described as follows:

BEGINNING at a point for corner at the south corner of said Lot 1, Block A, Sky Ridge Addition, said corner being in the northeast boundary line of Lot 1, Block A, Hudspeth Addition, an addition to the City of Rockwall, as recorded in Cabinet B, Slide 6, Plat Records, Rockwall, Texas and in the northwest right–of–way line of Farm to Market Road 740 (Ridge Road), a variable width right–of–way from which a TXDOT Monument with an Aluminum Disk found for reference bears South 57 degrees 23 minutes 15 seconds West, a distance of 0.23 feet;

THENCE, North 46 degrees 22 minutes 15 seconds West, along the common boundary line of said Lot 1, Block A, Hudspeth Addition and said Lot 1, Block A, Sky Ridge Addition, a distance of 548.61 feet to a 1/2–inch iron rod found for the west corner of said Lot 1, Block A, Sky Ridge Addition and the north corner of said Lot 1, Block A, Hudspeth Addition, said corner being in the southeast right–of–way line of the Union Pacific Railroad, a 100 ft. right–of–way;

THENCE North 43 degrees 40 minutes 54 seconds East, along the common line of said Railroad and said Lot 1, Block A, Sky Ridge Addition, a distance of 17.68 feet to a point for corner at the beginning of a non–tangent curve to the left having a radius of 5449.50 feet, and a chord which bears North 49 degrees 39 minutes 04 seconds East, a distance of 65.76 feet;

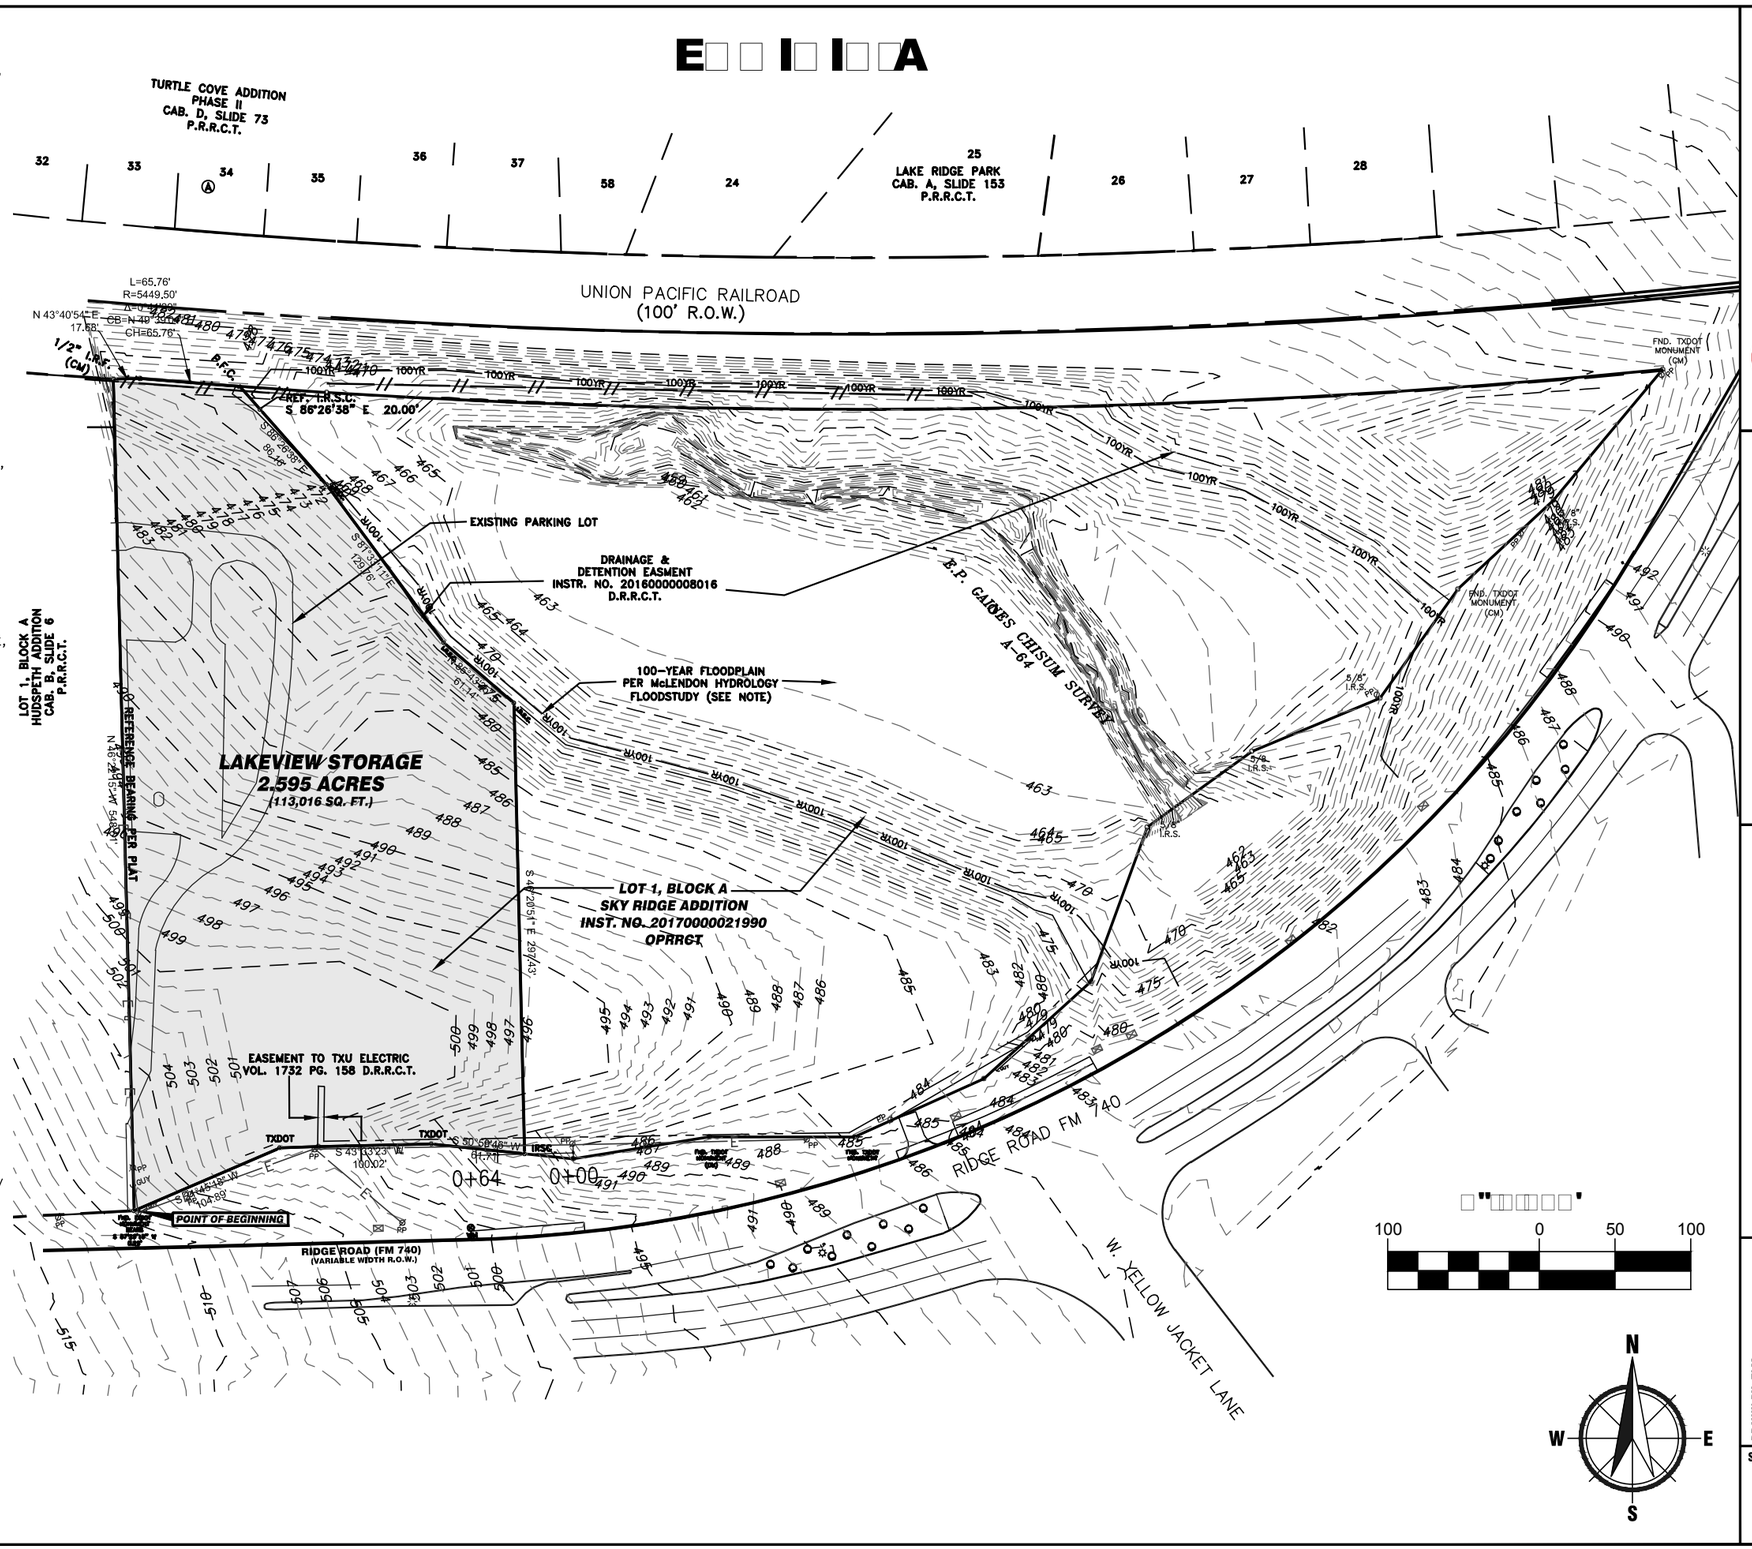
THENCE Northeasterly, along the common line of said Railroad and Lot 1, Block A, Sky Ridge Addition, and with said curve to the left, through a central angle of 00 degrees 41 minutes 29 seconds, an arc distance of 65.76 feet to a point for corner from which a 5/8-inch iron rod with a yellow plastic cap, stamped "RPLS 3963", set for reference, bears South 86 degrees 26 minutes 38 seconds East, a distance of 20.00 feet;

THENCE Southeasterly, traversing across said Lot 1, Block A, Sky Ridge Addition, the following courses:

South 86 degrees 26 minutes 38 seconds East, a distance of 86.16 feet to a 5/8–inch iron rod with a yellow plastic cap stamped "RPLS 3963", set for corner;

South 81 degrees 33 minutes 11 seconds East, a distance of 129.76 feet to a 5/8–inch iron rod with a yellow plastic cap stamped "RPLS 3963", set for corner;

North 85 degrees 43 minutes 25 seconds East, a distance of 61.14 feet a 5/8–inch iron rod with yellow plastic cap stamped "RPLS 3963", set for corner;



South 46 degrees 20 minutes 51 seconds East, a distance of 297.43 feet a 5/8–inch iron rod with yellow plastic cap stamped "RPLS 3963", set for corner in the northwest line of said FM 740 and the southeast line of said Lot 1, Block A, Sky Ridge Addition;

THENCE Southwesterly, along the common line of said FM 740 and said Lot 1, Block A, Sky Ridge addition, the following courses:

South 50 degrees 59 minutes 46 seconds West, a distance of 61.71 feet to a TXDOT Monument with an Aluminum Disk found for corner;

South 43 degrees 33 minutes 23 seconds West, a distance of 100.02 feet to a point for corner from which a TXDOT Monument with an Aluminum Disk found for reference bears South 12 degrees 53 minutes 00 seconds West, a distance of 0.14 feet;

South 21 degrees 45 minutes 18 seconds West, a distance of 104.89 feet to the POINT OF BEGINNING AND CONTAINING 113,016 square feet or 2.595 acres of land.

South 21 degrees 45 minutes 18 seconds West, a distance of 104.89 feet to the POINT OF BEGINNING AND CONTAINING 113,016 square feet or 2.595 acres of land.

Notes:

1. Basis of bearing is N 46°22'15" W on the southwest line of this survey per Plat referenced in legal description hereon.
2. According to my interpretations of the Dallas County, Texas and Incorporated Areas, Flood Insurance Rate Map Number 48397C0040L, dated September 26, 2008, the subject property lies within flood Zone "X" and is not shown to be within a Special Flood Hazard Area. This statement does not imply that the property and/or structures thereon will be free from flooding or flood damage. On rare occasions, greater floods can and will occur and flood heights may be increased by man-made or natural causes. This statement shall not create liability on the part of the surveyor.
   Floodplain and elevations are also based on graphic interpolation from the Floodplain Work Map in the Flood Study for Stream 5 by McLendon Hydrology and Engineering L.L.C.
3. All open spaces, drainage easements, drainage and detention easements, and other common area shall be repaired, replaced, and maintained by property owner.
4. This survey was prepared with the benefit of Title Commitment File No. 18-374837-RW, effective date of July 25, 2019, issued on August 2, 2018. No research of record easements has been performed on these tracts since the effective dates of the policy mentioned above.
   Schedule B items affect as follows:

   10e. Easement(s) and other matters affecting the subject property as shown on Map or Plat recorded in Cab. J, Slide 243, Map or Plat Records, Rockwall County, Texas. AFFECTS AS SHOWN

10. 10f. Easement to City of Rockwall, dated June 21, 1980, filed October 13, 1980, recorded in Vol., 153, Page 719, Real Property Records, Rockwall County, Texas, and shown on map recorded in Cab. J, Slide 243, Map Records, Rockwall County, Texas. **DOES NOT AFFECT**

    10g. Easement to Texas Utilities Electric Company, dated September 9, 1999, filed October 12, 1999, recorded in Vol., 1732, Paged 158, Real Property Records, Rockwall County, Texas. **AFFECTS AS SHOWN**

10. 10h. Easement to City of Rockwall, dated May 17, 2016, filed May 17, 2016, recorded as Clerk's No. 20160000008016, Real Property Records, Rockwall County, Texas, and shown on map recorded in Cab. J, Slide 243, Map Records, Rockwall County, Texas. **AFFECTS AS SHOWN**

I, Robert C. Myers, Registered Professional Land Surveyor, do hereby certify that this plat represents the results of a survey made on the ground under my supervision during the month of September, 2018, and substantially complies with the current Texas Society of Professional Surveyors Standards and Specifications for a Category 1A Condition II Survey.
FIELD WORK WAS COMPLETED ON 09-11-18.

# LAND TITLE SURVEY
OF
# 2.595 ACRES
OUT OF
**LOT 1, BLOCK A,**
**SKY RIDGE ADDITION**
**CITY OF ROCKWALL,**
**ROCKWALL COUNTY, TEXAS**

2.595 ACRES (DWG)

BEING a 2.595 acre tract of land situated in the E.P. Gaines Chisum Survey, Abstract No. 64, City of Rockwall, Rockwall County, Texas and being a part of Lot 1, Block A, Sky Ridge Addition, an addition to the City of Rockwall, recorded in Volume J, Page 243, Map Records, Rockwall County, Texas, and this tract being more particularly described as follows:

BEGINNING at a point for corner at the south corner of said Lot 1, Block A, Sky Ridge Addition, said corner being in the northeast boundary line of Lot 1, Block A, Hudspeth Addition, an addition to the City of Rockwall, as recorded in Cabinet B, Slide 6, Plat Records, Rockwall, Texas and in the northwest right-of-way line of Farm to Market Road 740 (Ridge Road), a variable width right-of-way from which a TXDOT Monument with an Aluminum Disk found for reference bears South 57 degrees 23 minutes 15 seconds West, a distance of 0.23 feet;

THENCE, North 46 degrees 22 minutes 15 seconds West, along the common boundary line of said Lot 1, Block A, Hudspeth Addition and said Lot 1, Block A, Sky Ridge Addition, a distance of 548.61 feet to a 1/2-inch iron rod found for the west corner of said Lot 1, Block A, Sky Ridge Addition and the north corner of said Lot 1, Block A, Hudspeth Addition, said corner being in the southeast right-of-way line of the Union Pacific Railroad, a 100 ft. right-of-way;

THENCE North 43 degrees 40 minutes 54 seconds East, along the common line of said Railroad and said Lot 1, Block A, Sky Ridge Addition, a distance of 17.68 feet to a point for corner at the beginning of a non-tangent curve to the left having a radius of 5449.50 feet, and a chord which bears North 49 degrees 39 minutes 04 seconds East, a distance of 65.76 feet;

THENCE Northeasterly, along the common line of said Railroad and Lot 1, Block A, Sky Ridge Addition, and with said curve to the left, through a central angle of 00 degrees 41 minutes 29 seconds, an arc distance of 65.76 feet to a point for corner from which a 5/8-inch iron rod with a yellow plastic cap, stamped “RPLS 3963”, set for reference, bears South 86 degrees 26 minutes 38 seconds East, a distance of 20.00 feet;

THENCE Southeasterly, traversing across said Lot 1, Block A, Sky Ridge Addition, the following courses:

South 86 degrees 26 minutes 38 seconds East, a distance of 86.16 feet to a 5/8-inch iron rod with a yellow plastic cap stamped “RPLS 3963”, set for corner;

South 81 degrees 33 minutes 11 seconds East, a distance of 129.76 feet to a 5/8-inch iron rod with a yellow plastic cap stamped “RPLS 3963”, set for corner;

North 85 degrees 43 minutes 25 seconds East, a distance of 61.14 feet a 5/8-inch iron rod with yellow plastic cap stamped “RPLS 3963”, set for corner;

South 46 degrees 20 minutes 51 seconds East, a distance of 297.43 feet a 5/8-inch iron rod with yellow plastic cap stamped “RPLS 3963”, set for corner in the northwest line of said FM 740 and the southeast line of said Lot 1, Block A, Sky Ridge Addition;

THENCE Southwesterly, along the common line of said FM 740 and said Lot 1, Block A, Sky Ridge addition, the following courses:

South 50 degrees 59 minutes 46 seconds West, a distance of 61.71 feet to a TXDOT Monument with an Aluminum Disk found for corner;

South 43 degrees 33 minutes 23 seconds West, a distance of 100.02 feet to a point for corner from which a TXDOT Monument with an Aluminum Disk found for reference bears South 12 degrees 53 minutes 00 seconds West, a distance of 0.14 feet;

South 21 degrees 45 minutes 18 seconds West, a distance of 104.89 feet to the POINT OF BEGINNING AND CONTAINING 113,016 square feet or 2.595 acres of land.

**CITY OF ROCKWALL**

**ORDINANCE NO. 19-XX**

**SPECIFIC USE PERMIT NO. S-XXX**

**AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, AMENDING THE UNIFIED DEVELOPMENT CODE (UDC) OF THE CITY OF ROCKWALL, ROCKWALL COUNTY TEXAS, AS PREVIOUSLY AMENDED, SO AS TO GRANT A SPECIFIC USE PERMIT (SUP) TO ALLOW FOR A MINI-WAREHOUSE FACILITY IN A COMMERCIAL (C) DISTRICT, SITUATED ON A 2.595-ACRE TRACT OF LAND IDENTIFIED AS A PORTION OF LOT 1, BLOCK A, SKY RIDGE ADDITION, CITY OF ROCKWALL, ROCKWALL COUNTY, TEXAS, AND BEING MORE SPECIFICALLY DEPICTED IN *EXHIBIT 'A'* AND DESCRIBED IN *EXHIBIT 'B'* OF THIS ORDINANCE; PROVIDING FOR SPECIAL CONDITIONS; PROVIDING FOR A PENALTY OF FINE NOT TO EXCEED THE SUM OF TWO THOUSAND DOLLARS ($2,000.00) FOR EACH OFFENSE; PROVIDING FOR A SEVERABILITY CLAUSE; PROVIDING FOR A REPEALER CLAUSE; PROVIDING FOR AN EFFECTIVE DATE.**

**WHEREAS**, the City has received a request from Kyle Jenkins of the Jenkins Organization on behalf of Michael Swiercinsky for the approval of a Specific Use Permit (SUP) to allow a *mini-warehouse facility* in a Commercial (C) District on a 2.595-acre tract of land being described as a portion of Lot 1, Block A, Sky Ridge Addition, City of Rockwall, Rockwall County, Texas, zoned Commercial (C) District, and being more specifically depicted in *Exhibit 'A'* and described in *Exhibit 'B'* of this ordinance, which herein after shall be referred to as the *Subject Property* and incorporated reference herein; and

**WHEREAS**, the Planning and Zoning Commission of the City of Rockwall and the governing body of the City of Rockwall, in compliance with the laws of the State of Texas and the ordinances of the City of Rockwall, have given the requisite notices by publication and otherwise, and have held public hearings and afforded a full and fair hearing to all property owners generally, and to all persons interested in and situated in the affected area and in the vicinity thereof, the governing body in the exercise of its legislative discretion has concluded that the Unified Development Code (UDC) [*Ordinance No. 04-38*] of the City of Rockwall should be amended as follows:

**NOW, THEREFORE**, **BE IT ORDAINED** by the City Council of the City of Rockwall, Texas;

**SECTION 1.** That the Unified Development Code [*Ordinance No. 04-38*] of the City of Rockwall, as heretofore amended, be and the same is hereby amended so as to grant a Specific Use Permit (SUP) allowing a *mini-warehouse facility* within a Commercial (C) District as stipulated by Article IV, *Permissible Uses*, of the Unified Development Code (UDC) [*Ordinance No. 04-38*] on the *Subject Property*; and

**SECTION 2.** That the Specific Use Permit (SUP) shall be subject to the conditions set forth in Subsection 2.1.10*, Wholesale, Distribution, and Storage,* of Section 2, *Use Standards*, of Article IV, *Permissible Uses, and* Subsection 4.5*, Commercial (C) District,* of Section 4, *Commercial District and* Subsection 6.8, *Scenic Overlay (SOV) District*, of Section 6, *Overlay Districts* of Article V, *District Development Standards*, of the Unified Development Code (UDC) [*Ordinance No. 04-38*], as

DRAFT ORDINANCE 10-1-19

heretofore amended and as may be amended in the future, and shall be subject to the following operational conditions:

**2.1 OPERATIONAL CONDITIONS**

The following conditions shall pertain to the operation of a *mini-warehouse facility* on the subject property, and conformance to these operations is required for continued operation:

1) The development shall generally conform to the *Concept Plan* depicted in *Exhibit 'B'* of this ordinance.

2) The building elevations shall generally conform to the *Concept Building Elevations* depicted in *Exhibit 'C'* of this ordinance.

3) The maximum number of storage units provided shall not exceed 400 units for the facility.

4) The maximum number of floors is limited to three (3) stories.

5) The mini-warehouse facility shall not be greater than 36-feet in height.

6) No outside storage of any kind shall be allowed (*including the outside storage of boats, recreational vehicles, trailers, and motor or self-propelled vehicles*).

7) Businesses shall not be allowed to operate within individual storage units.

8) The commercial operation of rental trucks and trailers shall be prohibited.

9) The developer shall maintain the treeline adjacent to the northwest property line.

**2.2 COMPLIANCE**

Approval of this ordinance in accordance with Section 8.3, *Council Approval or Denial*, of Article II, *Authority and Administrative Procedures*, of the Unified Development Code (UDC) will require compliance to the following:

1) Upon obtaining a Certificate of Occupancy (CO), should any business or establishment operating under the guidelines of this ordinance fail to meet the minimum operational requirements set forth herein and outline in the Unified Development Code (UDC), the City Council may (*after proper notice*) initiate proceedings to revoke the Specific Use Permit (SUP) in accordance with Section 4.4.(3) of Article IV, *Permissible Uses*, of the Unified Development Code (UDC).

**SECTION 3.** That the official zoning map of the City be corrected to reflect the changes in zoning described herein.

**SECTION 4.** That all ordinances of the City of Rockwall in conflict with the provisions of this ordinance be, and the same are hereby repealed to the extent of that conflict.

**SECTION 5.** Any person, firm, or corporation violating any of the provisions of this ordinance shall be deemed guilty of a misdemeanor and upon conviction shall be punished by a penalty of fine not to exceed the sum of *TWO THOUSAND DOLLARS* ($2,000.00) for each offence and each and every day such offense shall continue shall be deemed to constitute a separate offense.

DRAFT ORDINANCE 01.15.2019

**SECTION 6.** If any section or provision of this ordinance or the application of that section or provision to any person, firm, corporation, situation or circumstance is for any reason judged invalid, the adjudication shall not affect any other section or provision of this ordinance or the application of any other section or provision to any other person, firm, corporation, situation or circumstance, and the City Council declares that it would have adopted the valid portions and applications of the ordinance without the invalid parts and to this end the provisions of this ordinance shall remain in full force and effect.

**SECTION 7.** That this ordinance shall take effect immediately from and after its passage.

**PASSED AND APPROVED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, THIS THE 4TH DAY OF FEBRUARY, 2019.**

# CITY OF ROCKWALL
# PLANNING AND ZONING COMMISSION MEMO

**AGENDA DATE:** 01/15/2019

**APPLICANT:** Tom Jones

**AGENDA ITEM:** **Z2018-056;** *Zoning Change (AG to C)*

---

## SUMMARY:

Hold a public hearing to discuss and consider a request by Tom Jones on behalf of Shanon Thomas of Rockwall Friendship Baptist Church for the approval of a zoning change from an Agricultural (AG) District to a Commercial (C) District for a 6.03-acre tract of land being identified as Tract 2-4 of the D. Harr Survey, Abstract No. 102, City of Rockwall, Rockwall County, Texas, zoned Agricultural (AG) District, situated within the SH-205 By-Pass Overlay (SH-205 BY OV) District, located east of the intersection of Justin Road and John King Boulevard, and take any action necessary.

## BACKGROUND INFORMATION AND PURPOSE:

The applicant is requesting a change in zoning from an Agricultural (AG) District to a Commercial (C) District for the purpose of constructing a *house of worship* on the subject property. The subject property is situated on a 6.03-acre tract of land, zoned Agricultural (AG) District, situated within the SH-205 By-Pass Overlay (SH-205 BY OV) District, and is located east of the intersection of Justin Road and John King Boulevard.

The subject property was annexed in 1985 [*Ordinance No. 85-69*] and zoned Agricultural (AG) District. The Agricultural (AG) District is a holding district with the intent that a property will be rezoned in conformance with the Land Use Plan in the future. The applicant is requesting to rezone the subject property to Commercial (C) District for the purpose of constructing a house of worship (*i.e. Friendship Baptist Church*). According to Section 1.0, *Use of Land and Buildings*, of Article IV, *Permissible Uses*, of the Unified Development Code (UDC), a house of worship is permitted in an Agricultural (AG) District by Specific Use Permit (SUP) or permitted by-right in a Commercial (C) District. Rezoning the property is in conformance with the City's Future Land Use Plan.

## ADJACENT LAND USES AND ACCESS:

The land uses adjacent to the subject property are all follows:

**North:** Directly north of the subject property is a railroad (*i.e. Union Pacific/Dallas Garland N. E.*) followed by several vacant tracts of land. Beyond this is Airport Road which is identified as a M4U (*Major Collector, four [4] lane, undivided roadway)* on the City's Master Thoroughfare Plan. Beyond this is the Rockwall Municipal Airport. These areas are zoned Agriculture (AG) District.

**South***:* Directly south of the subject property is Justin Road, which is identified M4D (*Major Collector, four [4] lane, divided roadway)* on the City's Master Thoroughfare Plan. Beyond this are several vacant tracts of land zoned Light Industrial (LI) District and Commercial (C) District followed by IH-30*,* which is identified as a TxDOT roadway on the City's Master Thoroughfare Plan.

**East**: Directly east of the subject property are several vacant tracts of land zoned Agricultural (AG) District and Light Industrial (LI) District. Beyond this is FM-3549, which is identified as a TxDOT Roadway, which delineates the city limits of Rockwall.

**West:** Directly west of the subject property is a small vacant tract of land followed by S. John King Boulevard, which is identified as a P6D (*Principal Arterial, six [6] lane, divided roadway*) on the City's Master Thoroughfare Plan. Beyond this are two (2) manufacturing companies (*i.e. Channell Commercial Corporation and Graham Packaging Technologies*). These areas are zoned Light Industrial (LI) District.

## UNIFIED DEVELOPMENT CODE:

According to the purpose statements stipulated in Subsection 4.05, *Commercial (C) District*, of Article V, *District Development Standards*, of the Unified Development Code (UDC), the Commercial (C) District is the "…proper zoning classification for most types of commercial development (*e.g. larger shopping centers, office, retail, etc.*)…" The Unified Development Code (UDC) goes on to state "…an area should not be zoned Commercial (C) District unless it is located close to an arterial or major collector that is capable of carrying additional traffic generated by land uses in the district…" In this case, the subject property is located at the intersection of an arterial and a major collector (*i.e. S. John King Blvd and Airport Road*) and conforms to these requirements. The following is a summary of the minimum development standards for a property within a Commercial (C) District:

| *Ordinance Provisions* | *Zoning District Standards* |
|---|---|
| *Minimum Lot Area* | *10,000 SF* |
| *Minimum Lot Width* | *60-Feet* |
| *Minimum Lot Depth* | *100-Feet* |
| *Minimum Front Yard Setback* | *15-Feet* |
| *Minimum Rear Yard Setback* | *10-Feet* |
| *Minimum Side Yard Setback* | *25-Feet* |
| *Maximum Height* | *60-Feet* |
| *Minimum Masonry Requirement* | *90%* |
| *Minimum Dwelling SF* | *2,500* |
| *Maximum Building Coverage* | *60%* |
| *Floor Area Ratio* | *4:1* |

## CONFORMANCE WITH THE COMPREHENSIVE PLAN:

The Future Land Use Plan adopted with the OurHometown Vision 2040 Comprehensive Plan, designates the subject property for *Special Commercial Corridor* land uses, which is intended to provide regional commercial/retail uses (*e.g. regional shopping centers, entertainment, restaurant corporate uses, etc.*). In this case this applicant's proposed use (*i.e. a house of worship*) does not appear to meet the intent of the *Special Commercial Corridor*; however, the change in zoning (*i.e. from AG to C*) conforms to the Future Land Use Plan and will not require any changes to the Future Land Use Plan.

## STAFF ANALYSIS:

When analyzing the applicant's request (*i.e. to rezone the subject property for the purpose of constructing a house of worship*) the Commercial (C) District appears to be an appropriate zoning district. With that being said, a house of worship is designated as a *Quasi-Public* land use (*e.g. universities, community centers, private schools, etc*.) in the Comprehensive Plan and approval of a zoning change is discretionary to the City Council, pending a recommendation from the Planning and Zoning Commission.

**NOTIFICATION:**

On December 28, 2018, staff mailed 10 notices to property owners and residents within 500-feet of the subject property. There are no HOA's/Neighborhood Associations within 1,500-feet of the subject property participating in the Neighborhood Notification Program. Staff also advertised the public hearings in the Rockwall Harold Banner as required by the Unified Development Code (UDC). At the time this case memo was drafted staff had not received any notices concerning this case.

**RECOMMENDATIONS:**

Should the Planning and Zoning Commission recommend approval of the change in zoning, staff would recommend the following conditions of approval:

1) Any construction or building necessary to complete this change in zoning request must conform to the requirements set forth by the UDC, the International Building Code, the Rockwall Municipal Code of Ordinances, city adopted engineering and fire codes and with all other applicable regulatory requirements administered and/or enforced by the state and federal government.

Z2018-056 ZONING CHANGE (AG TO C)

Please address the following comments (M= Mandatory Comments; I = Informational Comments).

I.1 This a request by Tom Jones on behalf of Shanon Thomas of Rockwall Friendship Baptist Church for the approval of a zoning change from an Agricultural (AG) District to a Commercial (C) District for a 6.03-acre tract of land being identified as Tract 2-4 of the D. Harr Survey, Abstract No. 102, City of Rockwall, Rockwall County, Texas, zoned Agricultural (AG) District, situated within the SH-205 By-Pass Overlay (SH-205 BY OV) District, located east of the intersection of Justin Road and John King Boulevard

I.2 For questions or comments concerning this case, please contact Korey Brooks in the Planning Department at (972) 772-6434 or email kbrooks@rockwall.com.

M.3 For reference, include the case number (Z2018-056) in the lower right hand corner of all pages on future submittals.

M.4 Please review the attached draft ordinance prior to the January 15, 2019 Planning & Zoning Commission meeting.

I.5 Staff has identified the aforementioned items necessary to continue the submittal process. Please make these revisions and corrections, and provide any additional information that is requested by January 3, 2019. The Planning and Zoning Worksession for this case is January 2, 20019. The Planning and Zoning Meeting for this case is January 15, 2019 2018.

I.6 The projected City Council meeting date and subsequent approval for this request is January 21, 2019 and February 4, 2019.

# PRE-APPLICATION MEETING REQUEST

City of Rockwall
Planning and Zoning Department
385 S. Goliad Street
Rockwall, Texas 75087

**STAFF USE ONLY**
MEETING DATE: 12-6-2018
MEETING TIME: 11:00

## PRE-APPLICATION MEETING INFORMATION

A Pre-Application Meeting is strongly recommended prior to submittal of a development application. These meetings are held on Thursday morning's beginning at 9:00 AM, by appointment. Representatives from Engineering, Planning, Fire, Parks (if necessary) and Building attend the meeting in an effort to assist you with your project by answering any questions you may have and explaining the development process and timelines.

Due to the number of requests for Pre-Application meetings that are received, staff cannot guarantee an appointment at the next scheduled meeting. We recommend requesting an appointment a minimum of one (1) week in advance. To best facilitate discussion during the meeting, include all conceptual drawings, site plans or other schematics with your completed request. For assistance with this form or other questions, please contact the Planning Department at (972) 771-7745 or at planning@rockwall.com.

TJ *Initial Above*

I acknowledge that a conceptual drawing or site plan must be submitted as part of this request. Appointments may not be scheduled for requests without conceptual plans.

TJ *Initial Above*

I acknowledge that neither submission of this request, nor the Pre-Application meeting, constitutes a permit or confers any permit rights under Chapter 245 of the Texas Local Government Code.

**CITY OF ROCKWALL**

**ORDINANCE NO. 19-XX**

**AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, AMENDING THE UNIFIED DEVELOPMENT CODE [*ORDINANCE NO. 04-38*] OF THE CITY OF ROCKWALL, AS HERETOFORE AMENDED, SO AS TO APPROVE A CHANGE IN ZONING FROM AN AGRICULTURAL (AG) DISTRICT TO A COMMERCIAL (C) DISTRICT ON A 6.03-ACRE TRACT OF LAND IDENTIFIED AS TRACT 2-4 OF THE D. HARR SURVEY, ABSTRACT NO. 102, CITY OF ROCKWALL, ROCKWALL COUNTY, TEXAS, AND BEING MORE SPECIFICALLY DEPICTED IN *EXHIBIT 'A'* AND FURTHER DESCRIBED IN *EXHIBIT 'B'* OF THIS ORDINANCE; PROVIDING FOR SPECIAL CONDITIONS; PROVIDING FOR A PENALTY OF FINE NOT TO EXCEED THE SUM OF TWO THOUSAND DOLLARS ($2,000.00) FOR EACH OFFENSE; PROVIDING FOR A SEVERABILITY CLAUSE; PROVIDING FOR A REPEALER CLAUSE; PROVIDING FOR AN EFFECTIVE DATE.**

**WHEREAS**, the City has received a request from Tom Jones on behalf of Susan Thomas of Rockwall Friendship Baptist Church for a change in zoning from an Agricultural (AG) District to a Commercial (C) District on a 6.03-acre tract of land identified as Tract 2-4 of the D. Harr Survey, Abstract No. 103, City of Rockwall, Rockwall County, Texas, zoned Agricultural (AG) District and more fully depicted in *Exhibit 'A'* and described in *Exhibit 'B'* of this ordinance, which hereinafter shall be referred to as the *Subject Property* and incorporated by reference herein; and

**WHEREAS**, the Planning and Zoning Commission of the City of Rockwall and the governing body of the City of Rockwall in compliance with the laws of the State of Texas and the ordinances of the City of Rockwall have given the requisite notices by publication and otherwise, and have held public hearings and afforded a full and fair hearing to all property owners generally and to all persons interested in and situated in the affected area, and in the vicinity thereof, and the governing body in the exercise of its legislative discretion, has concluded that the Unified Development Code (UDC) [*Ordinance No. 04-38*] should be amended as follows:

**NOW, THEREFORE**, **BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS:**

**SECTION 1.** That the Unified Development Code (UDC) [*Ordinance No. 04-38*] of the City of Rockwall, Texas, as heretofore amended, be and the same are hereby amended by amending the zoning map of the City of Rockwall so as to change the zoning of the *Subject Property* from an Agricultural (AG) District to a Commercial (C) District;

**SECTION 2.** That the *Subject Property* shall be used only in the manner and for the purposes provided for a Commercial (C) District as stipulated in Section 1.1*, Use of Land and Buildings,* of Article IV*, Permissible Uses* and Section 4.5*, Commercial (C) District,* of Article V*, District Development Standards,* of the Unified Development Code (UDC) [*Ordinance No. 04-38*] of the City of Rockwall as heretofore amended, as amended herein by granting of this zoning change, and as maybe amended in the future;

DRAFT 04.15.2019

**SECTION 3.** That the official zoning map of the City be corrected to reflect the changes in the zoning described herein;

**SECTION 4.** Any person, firm, or corporation violating any of the provisions of this ordinance shall be deemed guilty of a misdemeanor and upon conviction shall be punished by a penalty of fine not to exceed the sum of *Two Thousand Dollars ($2,000.00)* for each offence and each and every day such offense shall continue shall be deemed to constitute a separate offense;

**SECTION 5.** If any section, paragraph, or provision of this ordinance or the application of that section, paragraph, or provision to any person, firm, corporation or situation is for any reason judged invalid, the adjudication shall not affect any other section, paragraph, or provision of this ordinance or the application of any other section, paragraph or provision to any other person, firm, corporation or situation, nor shall adjudication affect any other section, paragraph, or provision of the Unified Development Code (UDC) of the City of Rockwall, Texas, and the City Council declares that it would have adopted the valid portions and applications of the ordinance without the invalid parts and to this end the provisions for this ordinance are declared to be severable; and

**SECTION 6.** That all ordinances of the City of Rockwall in conflict with the provisions of this ordinance be and the same are hereby repealed, and all other ordinances of the City of Rockwall not in conflict with the provisions of this ordinance shall remain in full force and effect;

**SECTION 7.** That this ordinance shall take effect immediately from and after its passage.

*Legal Description*

All that certain lot, tract or parcel of land situated in the DAVID HARR SURVEY, ABSTRACT NO. 120, City of Rockwall, Rockwall County, Texas, and being a part of a 50 acres tract of land as described in a Warrantydeed to F.B. Athey, as recorded in Volume 42, Page 91 of the Deed Records of Rockwall County, Texas, and being a part of Tract B2 as described in a Deed to Bobby Frank Athey, as recorded in Volume 4875, Page 117 of the Official Public Records of Rockwall County, Texas, and being more particularly described as follows:

BEGINNING at a 1/2" iron rod found for corner in the south right-of-way line of M.K. & T. Railroad, said point being at the northwest corner of Tract B2, said point being N. 89 deg. 23 min. 21 sec. E, a distance of 360.54 feet from the intersection of the west boundary of said 50 acres and said railroad right-of-way;

THENCE N. 89 deg. 23 min. 21 sec. E. along said right-of-way line, a distance of 365.97 feet to a 1/2" iron rod found for corner;

THENCE S. 00 deg. 56 min. 05 sec. W. a distance of 732.64 feet to a 1/2" iron rod found for corner;

THENCE N. 89 deg. 08 min. 42 sec. W. a distance of 301.94 feet to a 1/2" iron rod with yellow plastic cap stamped "RPLS 5034" set for corner in the northeast right-of-way line of John King Boulevard, per Volume 5659, Page 39 of the Official Public Records of Rockwall County, Texas;

THENCE N. 29 deg. 20 min. 00 sec. W. along said right-of-way line, a distance of 126.54 feet to a 1/2" iron rod with yellow plastic cap stamped "RPLS 5034" set for corner;

THENCE N. 00 deg. 55 min. 26 sec. E. a distance of 613.93 feet to the POINT OF BEGINNING and containing 262,780 square feet or 6.03 acres of land.

DRAFT ORDINANCE 01.15.2019

# CITY OF ROCKWALL
## PLANNING AND ZONING COMMISSION MEMO

**AGENDA DATE:** 01/15/2019

**APPLICANT:** Bill Bricker, *Columbia Development Company, LLC*

**AGENDA ITEM:** **Z2018-057**; *Amendment to Planned Development 59 (PD-59)*

---

**SUMMARY:**

Hold a public hearing to discuss and consider a request by Bill Bricker of Columbia Development Company, LLC for the approval of an amendment to Planned Development District 59 (PD-59) for the purpose of incorporating a 0.786-acre tract of land for Residential-Office (RO) District land uses being a 56.586-acre tract of land identified as a portion of R. Ballard Survey, Abstract No. 29, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 52 (PD-52) and Planned Development District 59 (PD-59), located between W. Washington Street and T. L. Townsend Drive, and take any action necessary.

**PURPOSE & BACKGROUND:**

The subject property is a 0.786-acre tract of land that is located between Washington Street and T. L. Townsend Drive and is currently part of Planned Development District 52 (PD-52) for Heavy Commercial (HC) District land uses. The tract of land is currently vacant and is adjacent to Planned Development District 59 (PD-59). The applicant is requesting the approval of an amendment to Planned Development District 59 (PD-59) to incorporate the subject property and designate it for Residential-Office (RO) District land uses.

On October 18, 2004, the City Council passed *Ordinance No. 04-59*, establishing Planned Development District 59 (PD-59) as the Park Place Subdivision. In its current configuration, Park Place consists of the following Phases: [1] Phase 1, which is zoned for Neighborhood Services (NS) District land uses; [2] Phase 2, which is zoned for Single-Family 7 (SF-7) District land uses; and [3] Phase 3, which is zoned for Single-Family 7 (SF-7) and Residential-Office (RO) District (*i.e. live/work*) land uses. The applicant is proposing to establish Phase 4 by incorporating the subject property for Residential-Office (RO) District land uses and removing the Residential-Office (RO) District land uses from Phase 3 (*i.e. Phase 3 will only allow SF-7 land uses*). A concept plan has been submitted showing that the new Phase will be adjacent to the western boundary of Phase 3 and will consist of five (5) additional lots accessible via Park Place Boulevard. One (1) of the lots currently exists in Phase 3.

**ADJACENT LAND USES AND ACCESS:**

The land uses adjacent to the subject property are as follows:

**North:** Directly north of the subject property is a vacant tract of land within the Park Place Subdivision followed by several single-family homes. These areas are zoned Planned Development District 52 (PD-52) for Heavy Commercial (HC) District land uses, Single-Family 7 (SF-7) District, and Planned Development District 59 (PD-59) for Single-Family 7 (SF-7) District land uses.

**South:** Directly south of the subject property is a railroad (*i.e. Union Pacific/Dallas Garland N. E.*) followed by several vacant tracts of land and the Rockwall County maintenance facility.

Beyond this is Whitmore Drive and two (2) commercial businesses (*i.e. Ensearch Bail Bonds and Back Street Salon*). These areas are zoned Commercial (C) District and Light Industrial (LI) District.

**East:** Directly east of the subject property are several single-family homes within the Park Place Subdivision followed by a horizontal mixed-use development containing residential, retail/office, and industrial land uses (*i.e. Park Station*) that is currently in the development phase. These areas are zoned Planned Development District 59 (PD-59) and Planned Development District 87 (PD-87).

**West:** Directly west of the subject property is Townsend Drive, which is identified as an M4D (*major collector, four [4] lane, divided roadway*) on the City's Master Thoroughfare Plan. This is followed by the RSID bus barn. Beyond this are metal buildings followed by several single-family homes. These areas are zoned Planned Development District 52 (PD-52) for Heavy Commercial (HC) District land uses and Single-Family 7 (SF-7) District.

## CHARACTERISTICS OF THE REQUEST:

The applicant has submitted a concept plan and development standards for the existing and proposed Phases of the Park Place Subdivision. The characteristics and development standards for each phase are as follows:

*Phase 1: Neighborhood Services (1.8-Acres)*

Phase 1 is existing and no changes are being proposed. This phase is subject to the Neighborhood Services (NS) District land uses. A summary of the density and dimensional requirements for *Phase 1* is as follows:

| | |
|---|---|
| *Minimum Lot Width* [1] | 60' |
| *Minimum Lot Depth* | 100' |
| *Minimum Lot Area* | 6,000 SF |
| *Minimum Front Yard Setback* [2] | 15' |
| *Minimum Side Yard Setback* | 20' |
| *Minimum Distance Between Buildings* | 15' |
| *Maximum Height* | 36' |
| *Minimum Rear Yard Setback* | 20' |
| *Maximum Lot Coverage* | 60% |
| *Maximum Building Size* | 5,000 SF |

*General Notes:*
[1]: The minimum lot width shall be measured at the *Front Yard Building Setback*.
[2]: The location of the *Front Yard Building Setback* as measured from the front property line.

*Phases 2 & 3: Single-Family 7 (53.6-Acres)*

Phases 2 & 3 are existing and both phases allow single-family land uses; however, Phase 3 also allows Residential-Office (RO) District (*i.e. live/work*) land uses. The applicant is proposing to remove the Residential-Office (RO) District land uses from Phase 3, and transition it to Phase 4. This means that Phase 3 will be subject to the Single-Family 7 (SF-7) District land uses. A summary of the density and dimensional requirements for *Phases 2 & 3* are as follows:

| | |
|---|---|
| *Minimum Lot Width* [1] | 40' |
| *Minimum Lot Area* | 4,000 SF |
| *Minimum Average Lot Area* | 7,000 SF |
| *Minimum Front Yard Setback* [2] & [3] | 10' |
| *Minimum Side Yard Setback* [4] | 5' |
| *Minimum Side Yard Adjacent to a Street* | 10 |
| *Minimum Distance Between Buildings* | 15' |

| | |
|---|---|
| *Maximum Height* [3] | 36’ |
| *Minimum Rear Yard Setback* [4, 5] | 10’ |
| *Maximum Lot Coverage* | 60% |

*General Notes:*
[1]: The minimum lot width shall be measured at the *Front Yard Building Setback*.
[2]: The location of the *Front Yard Building Setback* as measured from the front property line.
[3]: The *Maximum Height* shall be measured to the eave or top plate (*whichever is greater*) of the single-family home.
[4]: The minimum side yard setback for an internal lot or a lot abutting open space or HOA common area is five (5) feet. For yards abutting a street, the minimum side yard setback shall be 10-feet.
[5]: Lots with double frontage shall have a minimum rear yard setback of 15 feet.

*Phase 4 Residential-Office (1.3-Acres)*

The proposed Phase 4 will contain approximately five (5) residential-office units and will be designed to a residential scale (*i.e. the buildings will be designed to look like the existing homes within Park Place*). Since the phase will have residential adjacency, the applicant is proposing to prohibit certain uses within Phase 4 (*e.g. assisted living facility, landfill, transit passenger facility, etc.*) and allow other uses (*e.g. general store larger than 2,000 SF, hair salon, office building more than 5,000 SF*) with a Specific Use Permit (SUP). This phase will be subject to the Residential-Office (RO) District land uses with the exception of the uses outlined in the attached ordinance. A summary of the density and dimensional requirements is as follows:

| | |
|---|---|
| *Minimum Lot Width* [1] | 60’ |
| *Minimum Lot Depth* | 100’ |
| *Minimum Lot Area* | 6,000 SF |
| *Minimum Front Yard Setback* [2] | 10’ |
| *Minimum Side Yard Setback* | 5’ |
| *Minimum Distance Between Buildings* | 15’ |
| *Maximum Height* [3] | 36’ |
| *Minimum Rear Yard Setback* | 10’ |
| *Maximum Lot Coverage* | 60% |

*General Notes:*
[1]: The minimum lot width shall be measured at the *Front Yard Building Setback*.
[2]: The location of the *Front Yard Building Setback* as measured from the front property line.
[3]: The *Maximum Height* shall be measured to the eave or top plate (*whichever is greater*) of the residential-office structure.

## CONFORMANCE WITH THE COMPREHENSIVE PLAN:

The Future Land Use Plan adopted with the OurHometown Vision 2040 Comprehensive Plan designates the subject property for *Medium-Density Residential* land uses, which is characterized as developments containing greater than 2½ units-per-acre, but not higher than three (3) units-per-acre unless an increased amenity is provided, in which event 3½ units-per-acre can be allowed. Should this request be approved, the designation would need to be changed to *Live/Work* land uses, which is characterized as low-intensity office/retail land uses that are similar in scale and scope to the adjacent residential properties. Although this does not conform to the Future Land Use Plan, given the subject property’s current zoning of Heavy Commercial (HC) District, this request will bring the property closer to conformance with the Future Land Use Plan. The change of designation has been made a condition of approval.

## STAFF ANALYSIS:

When looking at the applicant’s request (*i.e. to amend PD-59 to incorporate a tract of land for residential-office land uses*), the live/work units provide a transition from the single-family residential land uses east of the subject property to the light industrial and heavy commercial land uses to the west of the subject property. The incorporation of the subject property as residential-office units seems to be appropriate given its proximity to the adjacent railroad, does not appear to negatively affect the adjacent properties, and will not preclude the properties from being single-family units.

With that being said, approval of this request is discretionary to the City Council, pending a recommendation from the Planning and Zoning Commission.

**NOTIFICATION:**

On December 28, 2018, staff mailed 194 notices to property owners and occupants within 500-feet of the subject property. Additionally, staff posted a sign on the subject property as required by the UDC. At the time this report was drafted, staff had received seven (7) notices in favor of this case.

**RECOMMENDATIONS:**

Should the Planning and Zoning Commission choose to recommend approval of the applicant's request to amend Planned Development District 59 (PD-59) to incorporate a 0.786-acre tract of land for Residential-Office (RO) District land uses, staff would propose the following conditions of approval:

1) The applicant shall be responsible for maintaining compliance with the conditions contained within the *Planned Development District* ordinance;

2) By approving this zoning change, the City Council will effectively be approving changes to the Comprehensive Plan and Future Land Use Plan. Specifically, this will change the designation of the subject property from a *Medium-Density Residential* designation to a *Live/Work* designation; and

3) Any construction resulting from the approval of this *zoning change* shall conform to the requirements set forth by the Unified Development Code (UDC), the International Building Code (IBC), the Rockwall Municipal Code of Ordinances, city adopted engineering and fire codes and with all other applicable regulatory requirements administered and/or enforced by the state and federal government.

Z2018-057 Amendment to PD-59

Please address the following comments (M= Mandatory Comments; I = Informational Comments).

I.1 This is a request by Bill Bricker of Columbia Development Company, LLC for the approval of an amendment to Planned Development District 59 (PD-59) for the purpose of incorporating a 0.786-acre tract of land for Residential-Office (RO) District land uses being a 56.586-acre tract of land identified as a portion of R. Ballard Survey, Abstract No. 29, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 52 (PD-52) and Planned Development District 59 (PD-59), located between W. Washington Street and T. L. Townsend Drive.

I.2 For questions or comments concerning this case, please contact Korey Brooks in the Planning Department at (972) 772-6434 or email kbrooks@rockwall.com.

M.3 For reference, include the case number (Z2018-057) in the lower right hand corner of all pages on future submittals.

M.4 Please review the attached draft ordinance prior to the January 15, 2019 Planning & Zoning Commission meeting.

I.5 Staff has identified the aforementioned items necessary to continue the submittal process. Please make these revisions and corrections, and provide any additional information that is requested by January 3, 2019. The Planning and Zoning Worksession for this case is January 2, 20019. The Planning and Zoning Meeting for this case is January 15, 2019 2018.

I.6 The projected City Council meeting date and subsequent approval for this request is January 21, 2019 and February 4, 2019.

**ZONING DESCRIPTION – PD 59**

BEING a tract of land situated in the R. Ballard Survey, Abstract Number 29, in the City of Rockwall, Rockwall County, Texas, and being a part of Tract 31 as recorded in Volume 444, Page 102, and all of Tract 32 as recorded in Volume 444, Page 146 Deed Records, Rockwall County, Texas, and being more particularly described as follows:
BEGINNING at a 1" pipe found on the east right-of-way of Townsend Drive, said point being the most westerly southwest corner of said Tract 31 and being approximately 200' north of the north line of the M K & T Railroad (100' right-of-way);
THENCE continuing along said High School Drive North 01°56'15" East a distance of 86.67 feet to a 5/8" iron pipe for corner;
THENCE departing said High School Drive North 85°34'29" East a distance of 182.10 feet to a 5/8" iron pipe for corner;
THENCE North 04°30'38" East a distance of 69.54 feet to a ½" iron pipe for corner;
THENCE North 05°42'23" West a distance of 29.95 feet to a ½" iron pipe for corner;
THENCE North 80°56'29" East a distance of 126.45 feet to a ½" iron pipe for corner;
THENCE North 86°39'04" East a distance of 110.36 feet to a ½" iron pipe for corner;
THENCE North 11°21'42" East a distance of 740.32 feet to fence post found (controlling monument) for corner;
THENCE North 76°14'03" West a distance of 207.10 feet to a fence post found in the east right-of-way of Renfro Street;
THENCE continuing along said Renfro Street North 10°13'03" East a distance of 626.53 feet to a 5/8" iron pipe for corner;
THENCE departing said Renfro Street North 89°50'10" East a distance of 420.29 feet to a 5/8" iron pipe for corner;
THENCE North 01°20'36" West a distance of 200.09 feet to a ½" iron pipe for corner;
THENCE North 00°40'16" West a distance of 87.88 feet to a ½" iron pipe for corner;
THENCE South 89°00'45" East a distance of 63.08 feet to a ½" iron pipe for corner;
THENCE South 88°34'57" East a distance of 126.36 feet to a ½" iron pipe for corner;
THENCE North 00°48'06" West a distance of 110.27 feet to a ½" iron pipe for corner in the south right-of-way line of Aluminum Plant Road;
THENCE along said Aluminum Plant Road North 89°05'46" West a distance of 194.10 feet to a point for corner;
THENCE North 21°04'24" West a distance of 414.90 feet to a point for corner;
THENCE South 58°25'54" East a distance of 761.00 feet to a point for corner;
THENCE North 89°56'03" East a distance of 308.37 feet to a point for corner;
THENCE South 07°24'46" West a distance of 602.23 feet to a point for corner;
THENCE South 04°53'33" East a distance of 317.77 feet to a point for corner;
THENCE South 09°19'54" East a distance of 1038.10 feet to a point in the said north right-of-way of M. K. & T. Railroad (100' right-of-way) for corner;
THENCE along said right-of-way South 87°55'08" West a distance of 740.83 feet to a ½" iron pipe found at the beginning of a tangent curve to the left;
THENCE in a southwesterly direction with said curve having a central angle of 17°04'03", a radius of 2914.93 feet and an arc length of 868.32 feet to a ½" pipe found for corner;
THENCE departing said right-of-way North 04°28'08" West a distance of 134.73 feet to a fence post found for corner;
THENCE South 85°56'53" West a distance of 210.88' to the POINT OF BEGINNING and containing 55.8 acres of land more or less.

**ZONING DESCRIPTION – PD 52**

BEGINNING at a 1" pipe found on the east right-of-way of Townsend Drive, said point being the most westerly southwest corner of said Tract 31 and being approximately 200 feet north of the north line of the M K & T Railroad (100' right-of-way);
THENCE North 86°56'53" East a distance of 210.88 feet to a fence post found for corner;
THENCE South 04°28'08" East a distance of 134.71 feet to a ½" iron pipe found for corner;
THENCE in a southwesterly direction in a curve having a central angle of 04°45'26", a radius of 2923.97 feet and an arc length of 242.78 feet to point for corner;
THENCE North 01°20'58" East a distance of 208.56 feet to the POINT OF BEGINNING and containing 0.9 acres of land more or less.

*EXISTING ZONING TABULATION*

# NOTICE OF PUBLIC HEARING
## CITY OF ROCKWALL, PLANNING & ZONING DEPARTMENT

PHONE: (972) 771-7745
EMAIL: PLANNING@ROCKWALL.COM

To Whom It May Concern:

You are hereby notified that the City of Rockwall Planning and Zoning Commission and City Council will consider the following application:

**Case No. Z2018-057: Amendment to PD-59**

*Hold a public hearing to discuss and consider a request by Bill Bricker of Columbia Development Company, LLC for the approval of an amendment to Planned Development District 59 (PD-59) for the purpose of incorporating a 0.786-acre tract of land for Residential-Office (RO) District land uses being a 56.586-acre tract of land identified as a portion of R. Ballard Survey, Abstract No. 29, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 52 (PD-52) and Planned Development District 59 (PD-59), located between W. Washington Street and T. L. Townsend Drive, and take any action necessary.*

For the purpose of considering the effects of such a request, the Planning and Zoning Commission will hold a public hearing on **Tuesday, 1/15/2019 at 6:00 p.m.,** and the City Council will hold a public hearing on **Tuesday, 1/22/2019 at 6:00 p.m.** These hearings will be held in the City Council Chambers at City Hall, 385 S. Goliad Street.

As an interested property owner, you are invited to attend these meetings. If you prefer to express your thoughts in writing please return the form to:

**Korey Brooks**
**Rockwall Planning and Zoning Dept.**
**385 S. Goliad Street**
**Rockwall, TX 75087**

You may also email your comments to the Planning Department at planning@rockwall.com. If you choose to email the Planning Department please include your name and address for identification purposes.

Your comments must be received by **1/22/2019** to ensure they are included in the information provided to the City Council.

Sincerely,

**Ryan Miller, AICP**
Director of Planning & Zoning

PLEASE RETURN THE BELOW FORM

**Case No. Z2018-057: Amendment to PD-59**

**Please place a check mark on the appropriate line below:**

☑ I am in favor of the request for the reasons listed below.

☐ I am opposed to the request for the reasons listed below.

I am a current resident of Park Place. I believe this request by Bill Bricker & Columbia should be granted as Bill has done a great job developing Park Place.

**Name:** Shay A. Fields

**Address:** 1032 St. Charles Ct – Rockwall

**Tex. Loc. Gov. Code, Sec. 211.006 (d)** **If a proposed change to a regulation or boundary is protested in accordance with this subsection, the proposed change must receive, in order to take effect, the affirmative vote of at least three-fourths of all members of the governing body. The protest must be written and signed by the owners of at least 20 percent of either: (1) the area of the lots or land covered by the proposed change; or (2) the area of the lots or land immediately adjoining the area covered by the proposed change and extending 200 feet from that area.**

Rockwall Planning and Zoning Dept
385 S. Goliad Street
Rockwall, TX 75087

Subject: Case No Z2018-057 PZ 1/15 City Council 1/22
Request to consider Bill Bricker of Columbia Development amendment to add .786 acre tract of land.....

I am in agreement to the proposed change adding additional acreage and RO (Residential Office) designation to new addition. However in addition it should be noted that Mr. Bricker has indicated simultaneously removing the existing 20 lots currently designated as LW (See Item A Below)
I do not see this language in the zoning notice.

**A) "At the same time we will remove the LW from the 20 lots in the current Ph III, so that at no time in the future can the use be office or commercial related."**

Original Request Sent to HOA From Mr. Bricker
3) "Our case is simple. I want to bring this acre of HC land into Park Place as Residential Office (RO) use. It will be combined with one lot on the south side of Park Place Blvd to create a total of 5 lots. RO zoning is the new name which is a more restrictive designation for LW and is the same as the zoning for the North Goliad district. This RO area along Goliad is looking nice, and has some very compatible uses with surrounding residential homes. In bringing them into the HOA, we will control the architecture and the buildings will look to be Park Place homes."

*Respectfully,*
*Michael Rasmussen*
*507 Park Place Blvd*
*Rockwall TX 75087*

# NOTICE OF PUBLIC HEARING
## CITY OF ROCKWALL, PLANNING & ZONING DEPARTMENT

PHONE: (972) 771-7745
EMAIL: PLANNING@ROCKWALL.COM

To Whom It May Concern:

You are hereby notified that the City of Rockwall Planning and Zoning Commission and City Council will consider the following application:

**Case No. Z2018-057: Amendment to PD-59**

*Hold a public hearing to discuss and consider a request by Bill Bricker of Columbia Development Company, LLC for the approval of an amendment to Planned Development District 59 (PD-59) for the purpose of incorporating a 0.786-acre tract of land for Residential-Office (RO) District land uses being a 56.586-acre tract of land identified as a portion of R. Ballard Survey, Abstract No. 29, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 52 (PD-52) and Planned Development District 59 (PD-59), located between W. Washington Street and T. L. Townsend Drive, and take any action necessary.*

For the purpose of considering the effects of such a request, the Planning and Zoning Commission will hold a public hearing on **Tuesday, 1/15/2019 at 6:00 p.m.,** and the City Council will hold a public hearing on **Tuesday, 1/22/2019 at 6:00 p.m.** These hearings will be held in the City Council Chambers at City Hall, 385 S. Goliad Street.

As an interested property owner, you are invited to attend these meetings. If you prefer to express your thoughts in writing please return the form to:

**Korey Brooks**
**Rockwall Planning and Zoning Dept.**
**385 S. Goliad Street**
**Rockwall, TX 75087**

You may also email your comments to the Planning Department at planning@rockwall.com. If you choose to email the Planning Department please include your name and address for identification purposes.

Your comments must be received by **1/22/2019** to ensure they are included in the information provided to the City Council.

Sincerely,

**Ryan Miller, AICP**
Director of Planning & Zoning

December 28, 2018

City of Rockwall
385 S. Goliad St
Rockwall, TX 75087

Columbia Development Company, LLC is requesting a zoning case to amend and add some desired uses for Park Place West. There are two driving thoughts behind this request.

One, to bring a tract of land currently zoned as PD-52 which is generally Heavy Commercial (HC) into the PD_59 of Park Place. This will allow restricting uses to be more compatible with Park Place residents and residential development and at the same time allow controlled live/work units as well as some commercial use. These lots would be part of the HOA and be subject to HOA approval as far as the designs.

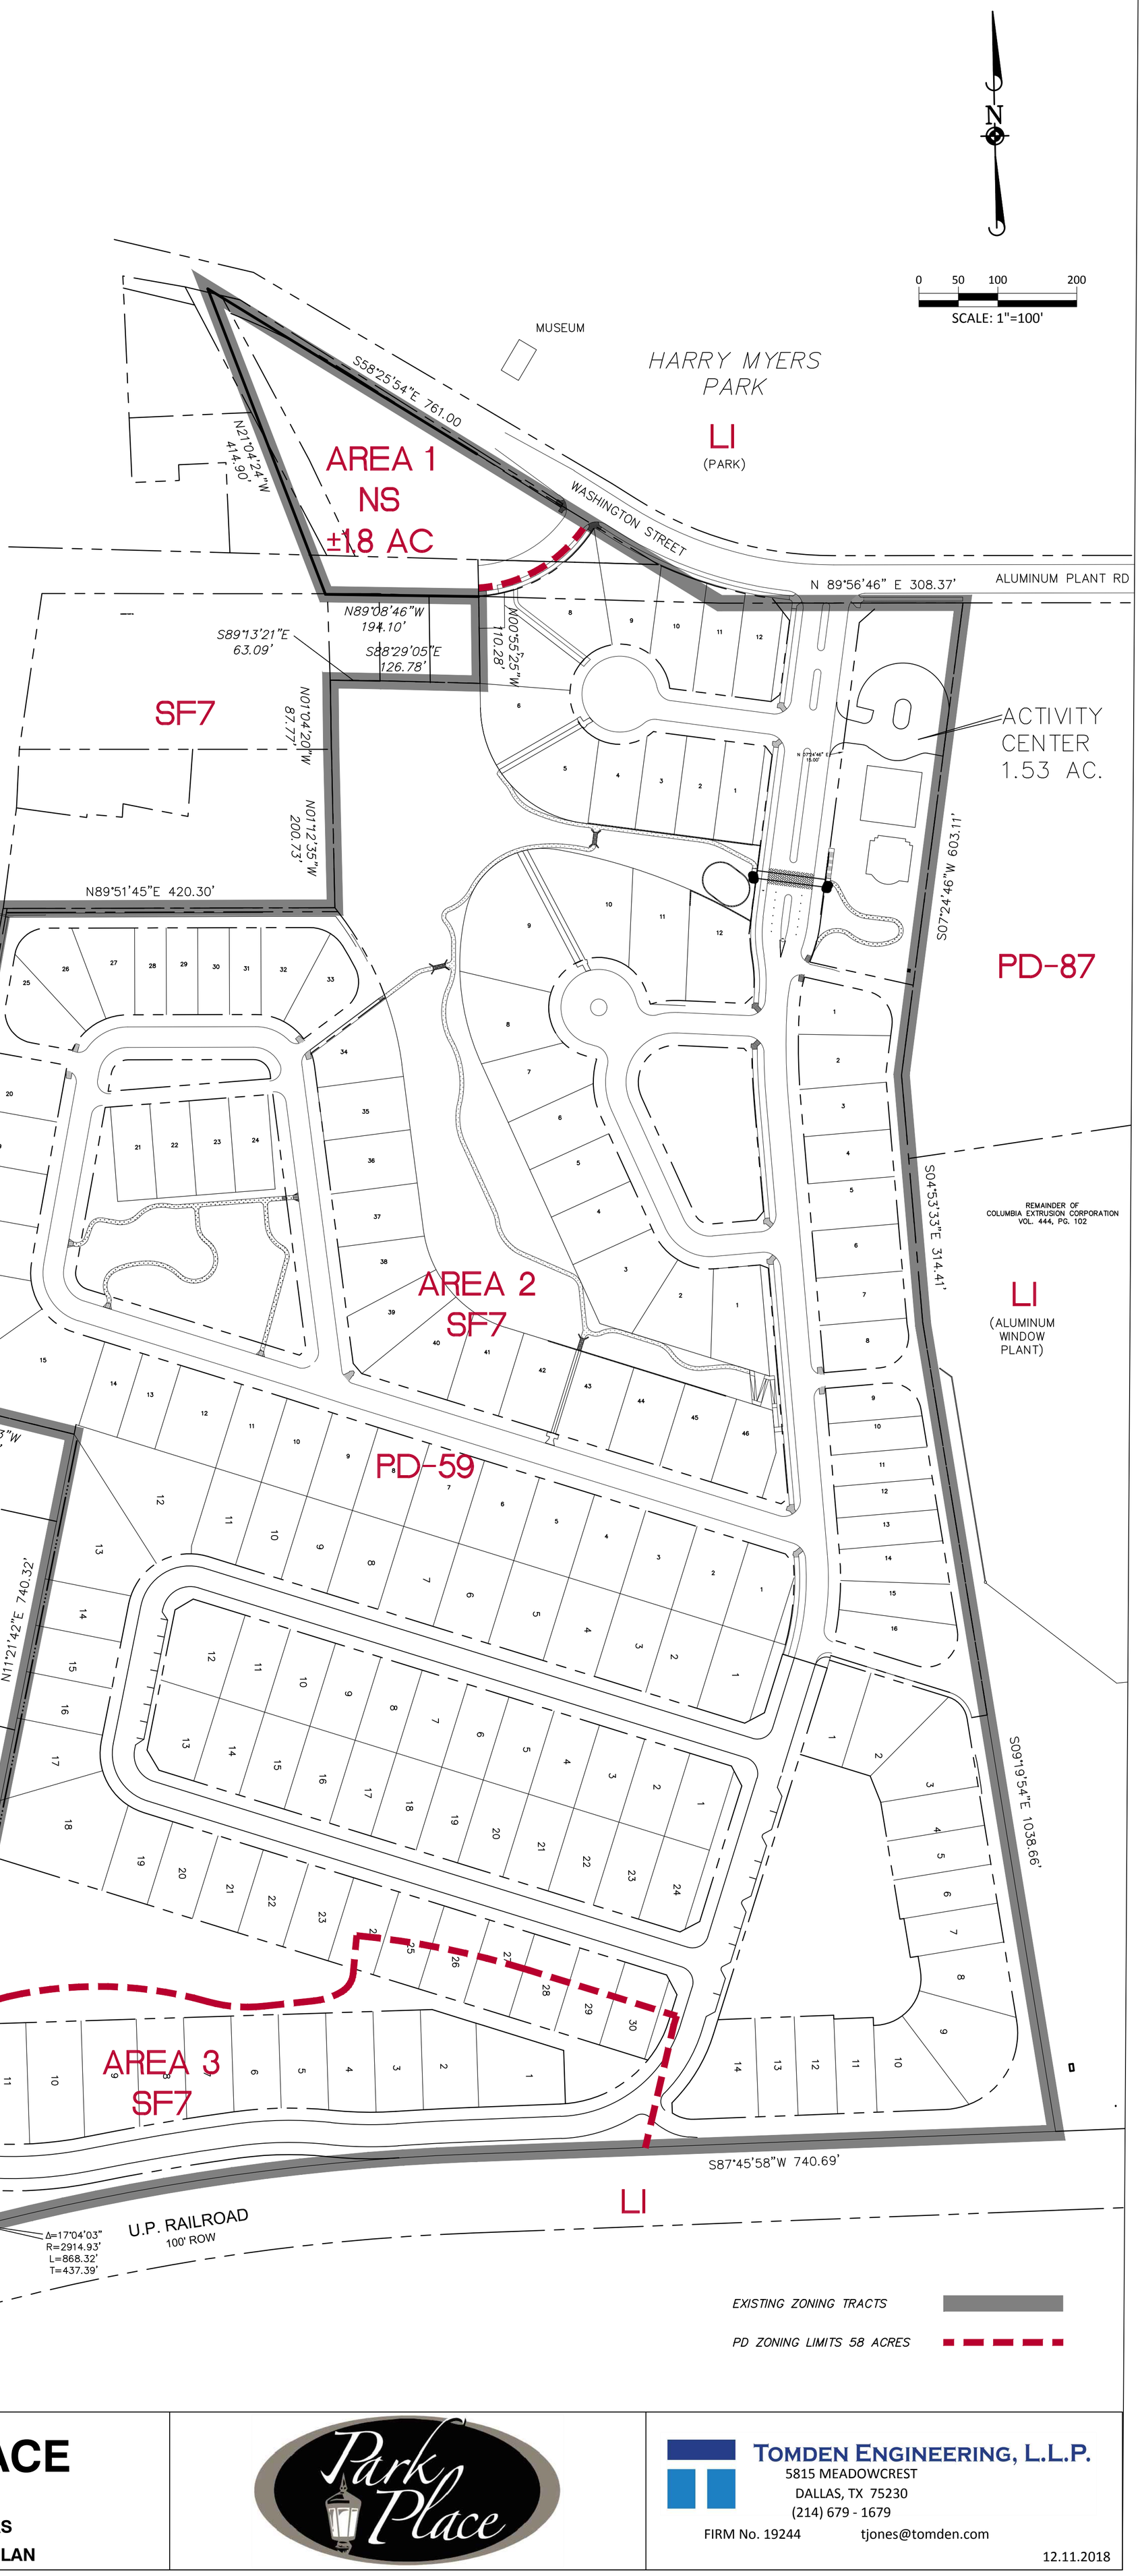
The second is to remove the Area 3 commercial use from PD-59 on up to 19 lots leaving them as residential lots only. Original planning for Ph III included this "Live/Work" component as this was a popular idea. As time has passed and the demand for Park Place residential lots is strong enough, I feel the Live/Work use would be incompatible with the balance of the community.

By rezoning the area we will eliminate potential unwanted use of some of the lots now and in the future while adding a viable and useful area zoned for services to the neighborhood and community.

Sincerely;

C.W. Bricker
President

### *ZONING DESCRIPTION – PD 59*



BEING a tract of land situated in the R. Ballard Survey, Abstract Number 29, in the City of Rockwall, Rockwall County, Texas, and being a part of Tract 31 as recorded in Volume 444, Page 102, and all of Tract 32 as recorded in Volume 444, Page 146 Deed Records, Rockwall County, Texas, and being more particularly described as follows:
BEGINNING at a 1" pipe found on the east right–of–way of Townsend Drive, said point being the most westerly southwest corner of said Tract 31 and being approximately 200' north of the north line of the M K & T Railroad (100' right–of–way);
THENCE continuing along said High School Drive North 01°56'15" East a distance of 86.67 feet to a 5/8" iron pipe for corner;
THENCE departing said High School Drive North 85°34'29" East a distance of 182.10 feet to a 5/8" iron pipe for corner;
THENCE North 04°30'38" East a distance of 69.54 feet to a ½" iron pipe for corner;
THENCE North 05°42'23" West a distance of 29.95 feet to a ½" iron pipe for corner;
THENCE North 80°56'29" East a distance of 126.45 feet to a ½" iron pipe for corner;
THENCE North 86°39'04" East a distance of 110.36 feet to a ½" iron pipe for corner;
THENCE North 11°21'42" East a distance of 740.32 feet to fence post found (controlling monument) for corner;
THENCE North 76°14'03" West a distance of 207.10 feet to a fence post found in the east right–of–way of Renfro Street;
THENCE continuing along said Renfro Street North 10°13'03" East a distance of 626.53 feet to a 5/8" iron pipe for corner;
THENCE departing said Renfro Street North 89°50'10" East a distance of 420.29 feet to a 5/8" iron pipe for corner;
THENCE North 01°20'36" West a distance of 200.09 feet to a ½" iron pipe for corner;
THENCE North 00°40'16" West a distance of 87.88 feet to a ½" iron pipe for corner;
THENCE South 89°00'45" East a distance of 63.08 feet to a ½" iron pipe for corner;
THENCE South 88°34'57" East a distance of 126.36 feet to a ½" iron pipe for corner;
THENCE North 00°48'06" West a distance of 110.27 feet to a ½" iron pipe for corner in the south right–of–way line of Aluminum Plant Road;
THENCE along said Aluminum Plant Road North 89°08'46" West a distance of 194.10 feet to a point for corner;
THENCE North 21°04'24" West a distance of 414.90 feet to a point for corner;
THENCE South 58°25'54" East a distance of 761.00 feet to a point for corner;
THENCE North 89°56'03" East a distance of 308.37 feet to a point for corner;
THENCE South 07°24'46" West a distance of 602.23 feet to a point for corner;
THENCE South 04°53'33" East a distance of 317.77 feet to a point for corner;
THENCE South 09°19'54" East a distance of 1038.10 feet to a point in the said north right–of–way of M. K. & T. Railroad (100' right–of–way) for corner;
THENCE along said right–of–way South 87°55'08" West a distance of 740.83 feet to a ½" iron pipe found at the beginning of a tangent curve to the left:
THENCE in a southwesterly direction with said curve having a central angle of 17°04'03", a radius of 2914.93 feet and an arc length of 868.32 feet to a ½" pipe found for corner;
THENCE departing said right–of–way North 04°28'08" West a distance of 134.73 feet to a fence post found for corner;
THENCE South 85°56'53" West a distance of 210.88' to the POINT OF BEGINNING and containing 55.8 acres of land more or less.

### *ZONING DESCRIPTION – PD 52*

BEGINNING at a 1" pipe found on the east right–of–way of Townsend Drive, said point being the most westerly southwest corner of said Tract 31 and being approximately 200 feet north of the north line of the M K & T Railroad (100' right–of–way);
THENCE North 85°56'53 "East a distance of 210.88 feet to a fence post found for corner;
THENCE South 04°28'08" East a distance of 134.71 feet to a ½" iron pipe found for corner;
THENCE in a southwesterly direction in a curve having a central angle of 04°45'26", a radius of 2923.97 feet and an arc length of 242.78 feet to point for corner;
THENCE North 01°20'58" East a distance of 208.56 feet to the POINT OF BEGINNING and containing 0.9 acres of land more or less.

**CITY OF ROCKWALL**

**ORDINANCE NO. 19-XX**

**AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, AMENDING THE UNIFIED DEVELOPMENT CODE [*ORDINANCE NO. 04-38*] OF THE CITY OF ROCKWALL, AS HERETOFORE AMENDED, SO AS TO AMEND PLANNED DEVELOPMENT DISTRICT 59 (PD-59) [ORDINANCE NO.'s 04-59 AND -6-51] AND PLANNED DEVELOPMENT DISTRICT 52 (PD-52) [ORDINANCE NO. 16-45] FOR THE PURPOSE OF INCORPORATING A 0.789-ACRE TRACT OF LAND FOR RESIDENTAL-OFFICE (RO) DISTRICT LAND USES BEING A 56.586-ACRE TRACT OF LAND IDENTIFIED AS A PORTION OF THE R. BALLARD SURVEY, ABSTRACT NO. 29, CITY OF ROCKWALL, ROCKWALL COUNTY, TEXAS, ZONED PLANNED DEVELOPMENT DISTRICT 52 (PD-52) AND PLANNED DEVELOPMENT DISTRICT 59 (PD-59) AND MORE FULLY DESCRIBED HEREIN BY *EXHIBIT 'A'* AND DEPICTED HEREIN BY *EXHIBIT 'B'*; PROVIDING FOR SPECIAL CONDITIONS; PROVIDING FOR A PENALTY OF FINE NOT TO EXCEED THE SUM OF TWO THOUSAND DOLLARS ($2,000.00) FOR EACH OFFENSE; PROVIDING FOR A SEVERABILITY CLAUSE; PROVIDING FOR A REPEALER CLAUSE; PROVIDING FOR AN EFFECTIVE DATE.**

**WHEREAS**, the City has received a request by the applicant Bill Bricker of Columbia Development Company, LLC, for the approval of an amendment to Planned Development District 59 (PD-59) for the purpose of incorporating a 0.786-acre tract of land for Residential-Office (RO) District land uses, being a 56.586-acre tract of land identified as a portion of the R. Ballard Survey, Abstract No. 29, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 52 (PD-52) [*Ordinance No. 16-45*] and Planned Development District 59 (PD-59) [*Ordinance No.'s 04-59 and 06-51*], located between W. Washington Street and T. L. Townsend Drive and more fully described in *Exhibit 'A'* and depicted in *Exhibit 'B'* of this ordinance, which hereinafter shall be referred to as the *Subject Property* and incorporated by reference herein; and

**WHEREAS**, the Planning and Zoning Commission of the City of Rockwall and the governing body of the City of Rockwall in compliance with the laws of the State of Texas and the ordinances of the City of Rockwall have given the requisite notices by publication and otherwise, and have held public hearings and afforded a full and fair hearing to all property owners generally and to all persons interested in and situated in the affected area, and in the vicinity thereof, and the governing body in the exercise of its legislative discretion, has concluded that Planned Development District 59 (PD-59) [*Ordinance No.'s 04-59 and 06-51*], Planned Development District 52 (PD-52) [*Ordinance No. 16-45*], and the Unified Development Code [*Ordinance No. 04-38*] should be amended as follows:

**NOW, THEREFORE**, **BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS:**

**SECTION 1.** That the approval of this ordinance shall supersede all requirements stipulated in *Ordinance No.'s 04-59 and 06-51*;

**SECTION 2.** That the *Subject Property* shall be used only in the manner and for the purposes authorized by this Planned Development District Ordinance and the Unified Development Code (UDC) [*Ordinance No. 04-38*] of the City of Rockwall as heretofore amended, as amended herein by granting this zoning change, and as may be amended in the future;

**SECTION 3.** That development of the *Subject Property* shall be in accordance with the *Planned Development Concept Plan*, contained in *Exhibit 'D'* of this ordinance, attached hereto and incorporated herein by reference as *Exhibit 'D'*, which is deemed hereby to be a condition of approval of the amended zoning classification for the *Subject Property*;

**SECTION 4.** That development of the *Subject Property* shall be in accordance with the *Development Standards*, described in *Exhibit 'F'* of this ordinance, attached hereto and incorporated herein by

DRAFT 04.15.19

reference as *Exhibit 'F'*, which is deemed hereby to be a condition of approval of the amended zoning classification for the *Subject Property*;

**SECTION 5.** That any person, firm, or corporation violating any of the provisions of this ordinance shall be deemed guilty of a misdemeanor and upon conviction shall be punished by a penalty of fine not to exceed the sum of *Two Thousand Dollars* (*$2,000.00*) for each offense and each and every day such offense shall continue shall be deemed to constitute a separate offense;

**SECTION 6.** That if any section, paragraph, or provision of this ordinance or the application of that section, paragraph, or provision to any person, firm, corporation or situation is for any reason judged invalid, the adjudication shall not affect any other section, paragraph, or provision of this ordinance or the application of any other section, paragraph or provision to any other person, firm, corporation or situation, nor shall adjudication affect any other section, paragraph, or provision of the Unified Development Code, and the City Council declares that it would have adopted the valid portions and applications of the ordinance without the invalid parts and to this end the provisions for this ordinance are declared to be severable;

**SECTION 7.** The standards in this ordinance shall control in the event of a conflict between this ordinance and any provision of the Unified Development Code or any provision of the City Code, ordinance, resolution, rule, regulation, or procedure that provides a specific standard that is different from and inconsistent with this ordinance. References to zoning district regulations or other standards in the Unified Development Code (including references to the *Unified Development Code*), and references to overlay districts, in this ordinance or any of the Exhibits hereto are those in effect on the date this ordinance was passed and approved by the City Council of the City of Rockwall, Texas;

**SECTION 8.** That this ordinance shall take effect immediately from and after its passage;

**PASSED AND APPROVED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, THIS THE 4TH DAY OF FEBRUARY, 2019.**

DRAFT ORDINANCE 01.15.19

## Exhibit 'A':
*Legal Description*

BEING a tract of land situated in the R. Ballard Survey, Abstract Number 29, in the City of Rockwall, Rockwall County, Texas, and being a part of Tract 31, as recorded in Volume 444, Page 102, and all of Tract 32 as recorded in Volume 444, Page 146 Deed Records, Rockwall County, Texas, and being more particularly described as follows:

BEGINNING at a 1" pipe found on the east right-of-way of Townsend Drive, said point being the most westerly southwest corner of said Tract 31 and being approximately 200' north of the north line of the M K & T Railroad (100' right-of-way);

THENCE continuing along said High School Drive North 01°56'15" East a distance of 86.67 feet to a 5/8" iron pipe for corner;

THENCE deporting said High School Drive North 85°34'29" East a distance of 182.10 feet to a 5/8" iron pipe for corner;

THENCE North 04°30'38" East a distance of 69.54 feet to a ½" iron pipe for corner;

THENCE North 05°42'23" West a distance of 29.95 feet to a ½" iron pipe for corner;

THENCE North 80°56'29" East a distance of 126.45 feet to a ½" iron pipe for corner;

THENCE North 86°39'04" East a distance of 110.36 feet to a ½" iron pipe for corner;

THENCE North 11°21'42" East a distance of 740.32 feet to fence post found (controlling monument) for corner;

THENCE North 76°14'03" West a distance of 207.10 feet to a fence post found in the east right-of-way of Renfro Street;

THENCE continuing along said Renfro Street North 10°13'03" East a distance of 626.53 feet to a 5/8" iron pipe for corner;

THENCE deporting said Renfro Street North 89°50'10" East a distance of 420.29 feet to a 5/8" iron pipe for corner;

THENCE North 01°20'36" West a distance of 200.09 feet to a ½" iron pipe for corner;

THENCE North 00°40'16" West a distance of 87.88 feet to a ½" iron pipe for corner:

THENCE South 89°00' 45" East a distance of 63.08 feet to a ½" iron pipe for corner;

THENCE South 88°34'57" East a distance of 126.36 feet to a ½" iron pipe for corner;

THENCE North 00°48'06" West a distance of 110.27 feet to a ½" iron pipe for corner in the south right-of-way line of Aluminum Plant Road;

THENCE along said Aluminum Plant Road North 89°08'46" West o distance of 194.10 feet to a point for corner;

THENCE North 21°04'24" West a distance of 414.90 feet to a point for corner;

THENCE South 58°25'54" East a distance of 761.00 feet to a point for corner;

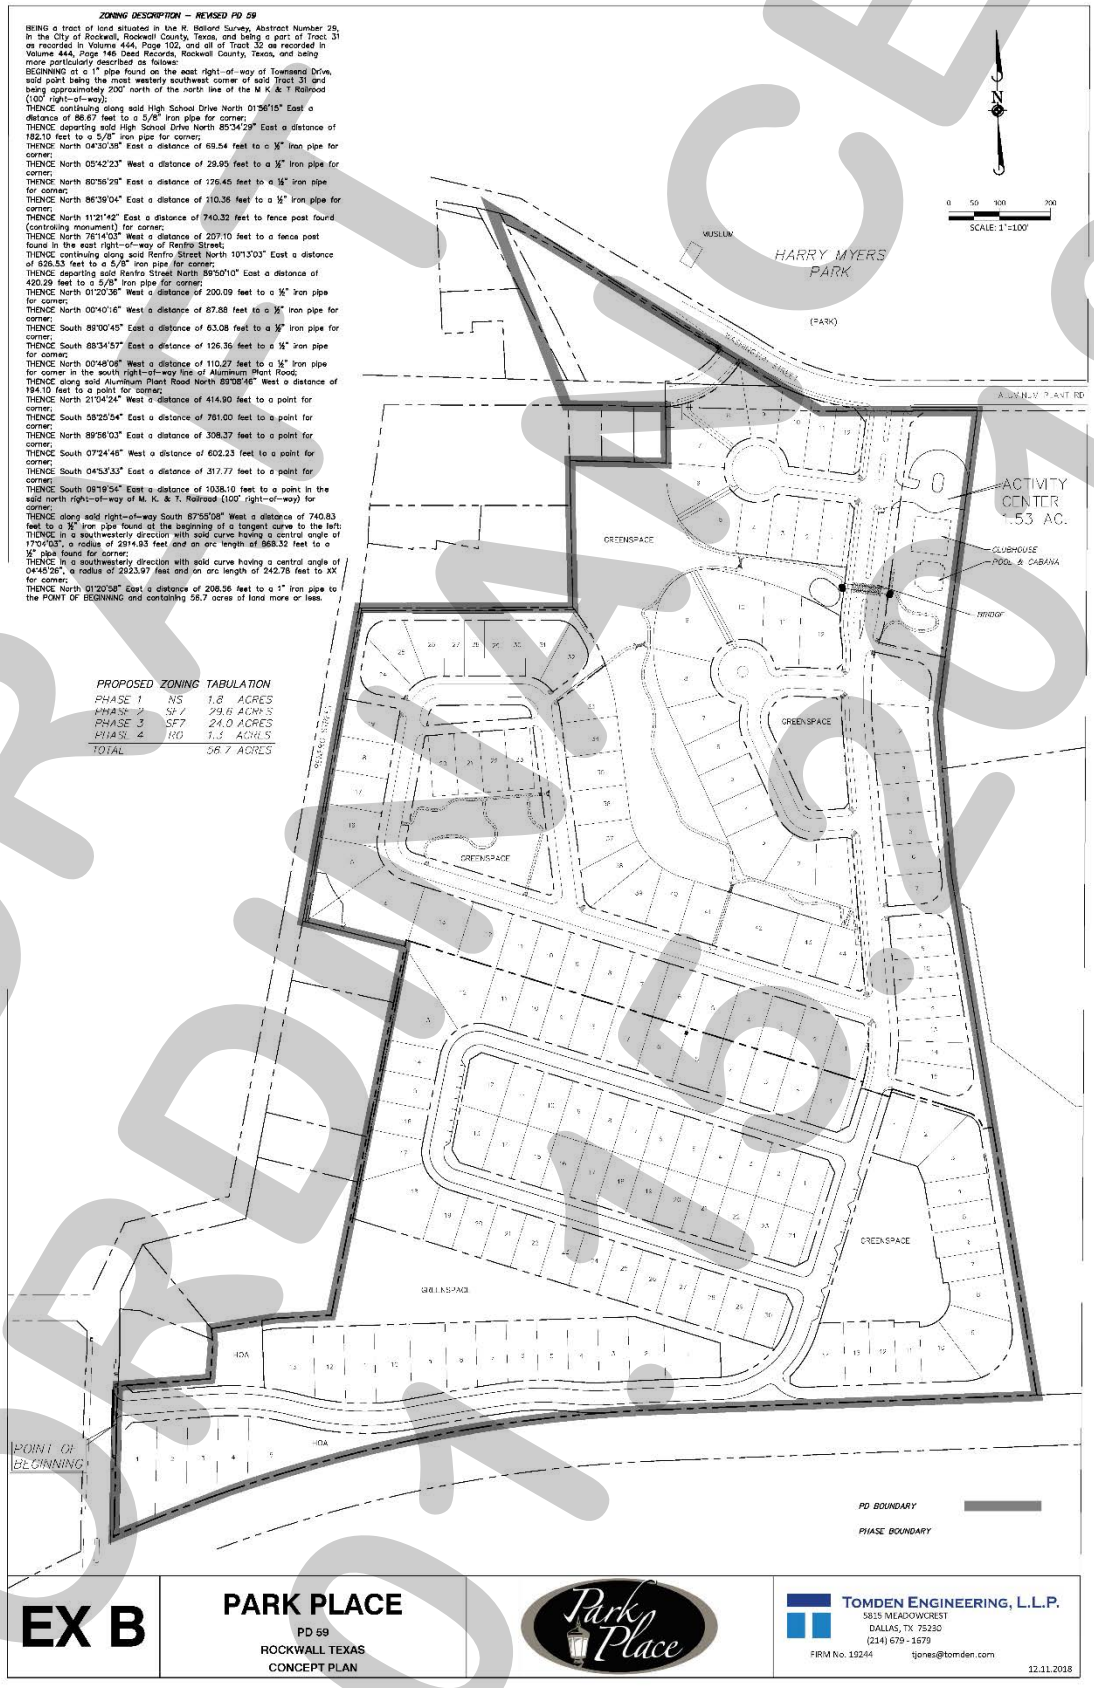
THENCE North 89°56'03" East a distance of 308.37 feet to a point for corner;

THENCE South 07°24' 46" West a distance of 602.23 feet to a point for corner;

THENCE South 04°53'33" East a distance of 317.77 feet to a point for corner;

THENCE South 09°19'54" East a distance of 1038.10 feet to a point in the said north right-of-way of M. K. & T. Railroad (100' right-of-way) for corner;

THENCE along said right-of-way South 87°55'08" West a distance of 740.83 feet to a ½" iron pipe found at the beginning of a tangent curve to the left;



THENCE in a southwesterly direction with said curve having a central angle of 17°04'03", a radius of 2914.93 feet and an arc length of 868.32 feet to a ½" pipe found for corner;

THENCE In a southwesterly direction with sold curve having a central angle of 04°45'26", a radius of 2923.97 feet and an arc length of 242.78 feet to XX for corner;

THENCE North 01°20'58" East a distance of 208.56 feet to a 1" iron pipe to the POINT OF BEGINNING and containing 56.7 acres of land more or less.

*PD Development Standards*

*Phases 1-4 (56.586-Acres): Development Standards for all Phases*

(1) *Streetscape Standards.* The following aspects of development shall be reviewed in conjunction with a preliminary plat and/or site plan:

(a) *Street Lighting.* Street lighting shall be compatible with neo-traditional design methods, the Old Town Rockwall Historic District guidelines, and any proposed guidelines for the City's Downtown Plan.

(b) *Street Signage and Traffic Control.* Signage and traffic control methods shall be compatible with neo-traditional design and complement the surrounding historic areas of the City.

(c) *Street Sections*. A PD Development Plan shall include any alternative street and alley cross-sections, paving methods, use of street trees, and other proposed engineering details.

(2) *Private Parks and Open Space.* Details for private parks and open space as indicated in *Exhibit 'B'* shall be subject to the following requirements and approved as part of the preliminary plat and/or site plan:

(a) A site/landscape plan for all open space, pocket parks, the community center, and trail systems. The development plan and/or preliminary plat shall also be reviewed by the City's Parks and Recreation Board.

(b) All city-required trails and public sidewalks shall be constructed with concrete and meet all City standards.

(c) Drainage area trails, which shall be maintained by the HOA, may be constructed with asphalt.

(d) The developer shall install a screening fence adjacent to the railroad along the south boundary of the subject property. The exact location, construction material(s), and height of the screening fence shall be reviewed and approved as part of the required site plan.

(3) *Hardscape.* Hardscape plans--depicted in *Exhibit 'E'*--indicating the location of all sidewalks and trails shall be reviewed and approved with the preliminary plat and/or final plat.

(4) *Fence Standards.* All fences shall be required to be wrought iron or tubular steel and vinyl shall be a minimum of four (4) feet in height; however, may not exceed a maximum of eight (8) feet in height unless situated in the front yard. Front yard fences shall meet the following requirements:

(a) No front yard fences shall be located within a public right-of-way;

(b) The maximum height for a front yard fence is 42-inches (*i.e. 3 ½ feet*); and

(c) All front yard fences shall be open or *picket-style* fencing constructed of wrought iron, tubular steel, or vinyl.

*Phase 1: Neighborhood Services (1.8-Acres)*

(1) *Permitted Uses.* Unless specifically provided by this Planned Development ordinance, *Phase 1* as depicted in *Exhibits 'C' & 'D'* of this ordinance shall be subject to the land uses permitted for the Neighborhood Services (NS) District as stipulated by the *Permissible Use Charts* contained in Article IV, *Permissible Uses*, of the Unified Development Code (UDC) [*Ordinance*

DRAFT ORDINANCE 01-19

(2) *No. 04-38*] as heretofore amended, as amended herein by granting this zoning change, and as may be amended in the future.

(3) *Density and Dimensional Requirements.* Unless specifically provided by this Planned Development ordinance, *Phase 1* as depicted in *Exhibits 'C' & 'D'* of this ordinance shall be subject to the development standards for the Neighborhood Services (NS) District as stipulated in Article V, *District Development Standards*, of the Unified Development Code [*Ordinance No. 04-38*] as heretofore amended, as amended herein by granting this zoning change, and as may be amended in the future. All lots shall conform to the standards depicted in *Table 1*, which are as follows:

*Table 1: Density and Dimensional Requirements*

| | |
|---|---|
| *Minimum Lot Width* [1] | 60' |
| *Minimum Lot Depth* | 100' |
| *Minimum Lot Area* | 6,000 SF |
| *Minimum Front Yard Setback* [2] | 15' |
| *Minimum Side Yard Setback* | 20' |
| *Minimum Distance Between Buildings* | 15' |
| *Maximum Height* | 36' |
| *Minimum Rear Yard Setback* | 20' |
| *Maximum Lot Coverage* | 60% |
| *Maximum Building Size* | 5,000 SF |

*General Notes:*
[1]: The minimum lot width shall be measured at the *Front Yard Building Setback*.
[2]: The location of the *Front Yard Building Setback* as measured from the front property line.

(4) *Building Standards.* All development shall be subject to site plan and Architectural Review Board (ARB) review and shall adhere to the following building standards:

(a) *Masonry Requirements.* The minimum masonry requirement for the exterior façades of all buildings shall be 80%. For the purposes of this ordinance, the masonry requirement shall be limited to full width brick, natural stone, and cast stone. Cementitious fiberboard horizontal lap-siding (*e.g. HardiBoard or Hardy Plank*) and/or similar cementitious products may be used for up to *100%* of the exterior of the building pending conformance with the anti-monotony restrictions outlined in this ordinance. Stucco (*i.e. three [3] part stucco or similar*) shall be prohibited.

(b) *Roof Design Requirements.* All structures having a footprint of 6,000 SF or less shall be constructed with a pitched roof system.

(c) *Architectural Requirements.* All units shall be architecturally finished on all sides of the building that are visible from a public right-of-way or open space. This should include the detailing and features. This will be reviewed by the Architectural Review Board (ARB) for conformance.

(5) *Landscape Buffer.* A minimum 10-foot landscape buffer shall be required along all street frontages. The buffer shall include a minimum of one (1) tree per 30 linear feet.

(6) *Signage.* Permanent, free-standing signage for Phase 1 shall be limited to one (1) monument not exceeding five (5) feet in height or a maximum of 60 SF in area.

(7) *Lighting.* In addition to the outdoor lighting requirements stipulated in Article VII, Environmental Performance, of the Unified Development Code (UDC), no light pole, pole base, or combination thereof shall exceed 20-feet in height. All lighting fixtures shall focus downward and be contained on the subject property

DRAFT ORDINANCE 04.15.19

**Exhibit 'F':**
*PD Development Standards*

*Phases 2 & 3: Single-Family 7 (53.6-Acres)*

(1) *Permitted Uses.* Unless specifically provided by this Planned Development ordinance, *Phases 2 & 3* as depicted in *Exhibits 'C' & 'D'* of this ordinance shall be subject to the land uses permitted for the Single-Family 7 (SF-7) District as stipulated by the *Permissible Use Charts* contained in Article IV, *Permissible Uses*, of the Unified Development Code (UDC) [*Ordinance No. 04-38*] as heretofore amended, as amended herein by granting this zoning change, and as may be amended in the future.

(2) *Density and Dimensional Requirements.* Any development on *Phases 2 & 3* as depicted in *Exhibits 'C' & 'D'* of this ordinance shall be subject to the development standards required for properties in a Single-Family 7 (SF-7) District as stipulated by Article V, *District Development Standards*, of the Unified Development Code [*Ordinance No. 04-38*] as heretofore amended, as amended herein by granting this zoning change, and as may be amended in the future.

*Table 2: SF-7 Lot Dimensional Requirements*

| | |
|---|---|
| *Minimum Lot Width* [1] | 40' |
| *Minimum Lot Area* | 4,000 SF |
| *Minimum Average Lot Area* | 7,000 SF |
| *Minimum Front Yard Setback* [2] & [3] | 10' |
| *Minimum Side Yard Setback* [4] | 5' |
| *Minimum Side Yard Adjacent to a Street* | 10 |
| *Minimum Distance Between Buildings* | 15' |
| *Maximum Height* [3] | 36' |
| *Minimum Rear Yard Setback* [4, 5] | 10' |
| *Maximum Lot Coverage* | 60% |

*General Notes:*
[1]: The minimum lot width shall be measured at the *Front Yard Building Setback*.
[2]: The location of the *Front Yard Building Setback* as measured from the front property line.
[3]: The *Maximum Height* shall be measured to the eave or top plate (*whichever is greater*) of the single-family home.
[4]: The minimum side yard setback for an internal lot or a lot abutting open space or HOA common area is five (5) feet. For yards abutting a street, the minimum side yard setback shall be 10-feet.
[5]: Lots with double frontage shall have a minimum rear yard setback of 15 feet.

(3) *Building Standards.* Housing type and construction shall generally conform to the *Architectural Styles* depicted in *Exhibit 'G'* of this ordinance; however, all development shall adhere to the following building standards:

(a) *Masonry Requirements.* The minimum masonry requirement for all exterior façades (*excluding walls on a porch, patio, courtyard, or breezeway*) greater than 100 SF shall be 80%. For the purposes of this ordinance, the masonry requirement shall be limited to full width brick, natural stone, and cast stone. Cementitious fiberboard horizontal lap-siding (*e.g. HardiBoard or Hardy Plank*) and/or similar cementitious products may be used for up to *100%* of the exterior of the building pending conformance with the anti-monotony restrictions outlined in this ordinance. Stucco (*i.e. three [3] part stucco or similar*) shall be prohibited.

(b) *Anti-Monotony.* An anti-monotony standard shall not allow the same structure—in terms of materials and elevation--any closer than five (5) houses apart on either side of the street.

(c) *Common Areas and Open Space.* All common areas, dedicated landscape easements, and open space areas shall be maintained by a Homeowner's Association, which shall be created subject to the requirements of the City's Subdivision Ordinance and filed prior to approval of the final plat(s)

DRAFT ORDINANCE 04.15.2019

(d) *Guest Quarters/Secondary Living Unit.* A guest quarters/secondary living unit shall be permitted by-right within Phases 2 & 3 and subject to the following conditions:

(i) Such quarters must be ancillary to the primary use;

(ii) The area of such quarters shall not exceed 30% of the area of the main structure;

(iii) The area of such quarters shall also conform to the maximum lot coverage for the overall lot;

(iv) No such use may be sold or conveyed separately without meeting the requirements of the zoning district and the *Subdivision Ordinance*; and

(v) Such quarters shall be designed for temporary occupancy or as a secondary living unit. These structures are not to be used as rental accommodations.

(4) *Access.* Lots with rear yards that abut Renfro Street shall not have access from Renfro Street.

*Phase 4: Residential-Office (1.3-Acres)*

(1) *Permitted Uses.* Unless specifically provided by this Planned Development District Ordinance, *Phase 4* as depicted in *Exhibits 'C' & 'D'* of this ordinance shall be subject to the land uses permitted for the Residential-Office (RO) District as stipulated by the *Permissible Use Charts* contained in Article IV, *Permissible Uses*, of the Unified Development Code (UDC) [*Ordinance No. 04-38*] as heretofore amended, as amended herein by granting this zoning change, and as may be amended in the future; however, the following conditions shall apply:

The following land uses shall be expressly prohibited on the *Phase 4*:

- ☑ Accessory Building
- ☑ Bed and Breakfast
- ☑ Convent or Monastery
- ☑ Daycare (7 or more children)
- ☑ Residential Care Facility
- ☑ Assisted Living Facility
- ☑ Convalescent Care Facility/Nursing Home
- ☑ Congregate Care Facility
- ☑ General Retail Store*
- ☑ Group or Community Home
- ☑ Halfway House
- ☑ Library, Art Gallery, or Museum (Public)
- ☑ Restaurant, Less Than 2,000 SF w/o Drive-Thru
- ☑ Railroad Yard or Shop
- ☑ Studio-Art, Photography, or Music
- ☑ Shoe and Boot Repair and Sales
- ☑ Transit Passenger Facility
- ☑ Antenna, Accessory
- ☑ Antenna, Commercial
- ☑ Antenna, Amateur Radio
- ☑ Antenna, Dish
- ☑ Wireless Communication Tower
- ☑ Utilities (Non-Municipally Owned or Controlled), Including Sanitary Landfill and Wastewater Treatment
- ☑ Municipally Owned or Controlled Facilities, Utilities, and Use

DRAFT ORDINANCE 01.15.19

*General Retail Store less than 2,000 SF shall be allowed by-right. General Retail Stores larger than 2,000 SF shall require a Specific Use Permit

The following land uses shall be permitted by Specific Use Permit (SUP) on the *Phase 4*:

- ☑ General Retail Store*
- ☑ Hair Salon, Manicurist
- ☑ Office Building, 5,000 SF or More
- ☑ Solar Energy Collector Panels and Systems

*General Retail Store less than 2,000 SF shall be allowed by-right. General Retail Stores larger than 2,000 SF shall require a Specific Use Permit

(2) *Density and Dimensional Requirements.* Any development on *Phase 4* as depicted in *Exhibits 'C' & 'D'* of this ordinance shall be subject to the development standards required for properties in a Residential-Office (RO) District as stipulated by Article V, *District Development Standards*, of the Unified Development Code [*Ordinance No. 04-38*] as heretofore amended, as amended herein by granting this zoning change, and as may be amended in the future; however, all development shall adhere to the following building standards:

*Table 3. Density and Dimensional Requirements*

| | |
|---|---|
| *Minimum Lot Width* [1] | 60' |
| *Minimum Lot Depth* | 100' |
| *Minimum Lot Area* | 6,000 SF |
| *Minimum Front Yard Setback* [2] | 10' |
| *Minimum Side Yard Setback* | 5' |
| *Minimum Distance Between Buildings* | 15' |
| *Maximum Height* [3] | 36' |
| *Minimum Rear Yard Setback* | 10' |
| *Maximum Lot Coverage* | 60% |

*General Notes:*
[1]: The minimum lot width shall be measured at the *Front Yard Building Setback*.
[2]: The location of the *Front Yard Building Setback* as measured from the front property line.
[3]: The *Maximum Height* shall be measured to the eave or top plate (*whichever is greater*) of the residential-office structure.

(3) *Building Standards. Building Standards.* Housing type and construction shall generally conform to the *Architectural Styles* depicted in *Exhibit 'G'* of this ordinance; however, all development shall adhere to the following building standards:

(a) *Masonry Requirements.* The minimum masonry requirement for all exterior façades (*excluding walls on a porch, patio, courtyard, or breezeway*) greater than 100 SF shall be 90%. For the purposes of this ordinance, the masonry requirement shall be limited to full width brick, natural stone, and cast stone. Cementitious fiberboard horizontal lap-siding (*e.g. HardiBoard or Hardy Plank*) and/or similar cementitious products may be used for up to *100%* of the exterior of the building pending conformance with the anti-monotony restrictions outlined in this ordinance. Stucco (*i.e. three [3] part stucco or similar*) shall be prohibited.

(b) *Anti-Monotony.* An anti-monotony standard shall not allow the same structure—in terms of materials and elevation--any closer than five (5) houses apart on either side of the street.

(c) *Common Areas and Open Space.* All common areas, dedicated landscape easements, and open space areas shall be maintained by a Homeowner's

DRAFT ORDINANCE 01-19

Association, which shall be created subject to the requirements of the City's Subdivision Ordinance and filed prior to approval of the final plat(s).

(d) *Guest Quarters/Secondary Living Unit.* A guest quarters/secondary living unit shall be permitted by-right within Phases 2 & 3 and subject to the following conditions:

(i) Such quarters must be ancillary to the primary use;

(ii) The area of such quarters shall not exceed 30% of the area of the main structure;

(iii) The area of such quarters shall also conform to the maximum lot coverage for the overall lot; and

(iv) No such use may be sold or conveyed separately without meeting the requirements of the zoning district and the *Subdivision Ordinance*.

(v) Such quarters shall be designed for temporary occupancy or as a secondary living unit. These structures are not to be used as rental accommodations.

(4) *Access.* Lots with rear yards that abut Renfro Street shall not have access from Renfro Street.

(5) *Parking Requirements*. Parking requirements for Phase 4 shall be all follows:

(a) Two (2) parking spaces per lot for single-family uses.

(b) One (1) additional space per 500 SF for non-residential uses as permitted by this ordinance. Off-site common or shared parking agreements shall be considered for Phase 4, subject the review of the proposed parking area(s) with the required development plan.

---

## SUMMARY:

Hold a public hearing to discuss and consider a request by Tim McCallum of He Wines She Dines, LLC on behalf of Buffalo Creek Business Park, LTD for the approval of a Specific Use Permit (SUP) for a *Craft Winery* and *Commercial Amusement/Recreation (Outdoor)* on a 7.2-acre tract of land identified as Tracts 20-01 & 20-7 of the W. W. Ford Survey, Abstract No. 80, City of Rockwall, Rockwall County, Texas, zoned Commercial (C) District, addressed as 203 County Line Road, and take any action necessary.

## PURPOSE AND CHARACTERISTICS OF THE REQUEST:

The applicant, Tim McCallum, has submitted a request for a Specific Use Permit (SUP) to allow a *Craft Winery* and *Commercial Amusement/Recreation* (*Outdoor*) facility to be located within a Commercial (C) District. Currently, the subject property -- *at 203 County Line Road* -- is being operated as a warehouse and shipping facility for the applicant's wine club (*i.e. no retail sales*). The applicant has stated that they would like the opportunity to expand this use to a *Craft Winery* for the purpose of allowing wine to be mixed, produced and sold on-site. With this request, the applicant has submitted a floor plan showing the proposed *Craft Winery* layout, which will be situated in a 1,250 SF building. Of this area, 500 SF of the building [*i.e. 40% of total SF*] will be dedicated for the retail sales and tasting component of the on-site manufactured product. The remaining 750 SF will be used for wine display racks, an overhead storage area, blending tanks, and wine barrels. Additionally, the applicant has provided a concept plan for the *Commercial Amusement/Recreation (Outdoor)* use [*i.e. outdoor venue*], which will be located outdoors in front of the facility. The applicant has indicated to staff that this area will be used on a limited and infrequent basis. In addition, Mr. McCallum has submitted a letter indicating that the use of the outdoor venue will only take place on a scheduled basis, Thursday through Monday (*i.e. nights, weekends, and occasionally on Mondays and holidays*). The outdoor venue will include a seating area, space for food vendors, and space for live music [*e.g. acoustic guitar*].

According to Section 1.1, *Land Use Schedule*, of Article IV, *Permissible Uses*, of the Unified Development Code (UDC), both the *Craft Winery* and *Commercial Amusement/Recreation (Outdoor)* land uses require approval of a Specific Use Permit (SUP) in a Commercial (C) District. Additionally, Section 2.1.6, of Article IV, *Permissible Uses*, of the UDC, defines a *Craft Winery* as being a small scale manufacturing and retail operation that is subject to the following conditions: (1) the total building area (*i.e. area under roof*) is less than 12,000 SF, and (2) the total floor area dedicated to the direct sale of the on-site manufactured product does not exceed a maximum of 40% of the total floor area. The section also goes on to list the permitted accessory uses as:

(a) a tasting room to dispense product manufactured on site for on premise consumption,
(b) a meeting/banquet facility,

(c) a restaurant, and/or
(d) the retail sales of on-site manufactured product for off-premise consumption.

Included in the attached packet is the applicant's letter outlining the proposed business plan, a concept plan depicting the outdoor venue, a floor plan for the *Craft Winery*, and a draft ordinance containing regulations for the proposed land uses. Based on staff's review, the applicant's request does appear to be in conformance with these requirements; however, the approval of a Specific Use Permit (SUP) is a discretionary decision for the City Council pending a recommendation from the Planning and Zoning Commission.

## ADJACENT LAND USES AND ACCESS:

The subject property is generally situated north of the intersection of Horizon Road [*FM-3097*] and County Line Road, and is addressed as 203 County Line Road. The land uses adjacent to the subject property are as follows:

*North:* Directly north of the subject property is a 14.374-acre tract of land, restricted as open space and drainage per the requirements of Planned Development District 75 (PD-75).

*South:* Directly south of the subject property is a continuation of the Buffalo Creek Business Park, LTD, which represents a 6.841-acre portion of a larger 9.84-acre tract of land identified as Tracts 20, 20-05, and 20-06 of the W. W. Ford Survey, Abstract No. 80. Currently on this property are several non-residential structures, which are occupied (*i.e. multi-tenant strip centers and individual standing buildings*). All of these properties are zoned Commercial (C) District.

*East:* Directly east of the subject property is a continuation of Buffalo Creek Business Park, LTD, which represents a 1.00-acre portion of a larger 9.84-acre tract of land identified as Tracts 20-03 of the W. W. Ford Survey, Abstract No. 80. This property is currently occupied with a non-residential structure, and is zoned Commercial (C) District.

*West:* Directly west of the subject property and beyond the Buffalo Creek Business Park, LTD is Horizon Road [*FM-3097*], which is identified as an TXDOT4D (*i.e. Texas Department of Transportation, four [4] lane, roadway*) on the City's Master Thoroughfare Plan. Beyond this thoroughfare is a 39.347-acre tract of land identified as Tract 93-01, of the E. Teal Survey, Abstract No. 207 and is zoned Agricultural (AG) District. The Buffalo Creek Business Park, LTD is zoned Commercial (C) District.

## NOTIFICATION:

On January 2, 2019, staff mailed 63 notices to property owners and residents within 500-feet of the subject property. Staff did not send a neighborhood notification as there were no Home Owners Associations (HOA's) participating in the Neighborhood Notification Program within 1500-feet of the subject property. Additionally, staff posted a sign on the subject property as required by the UDC. At the time this report was drafted, staff had not received any notices regarding the applicant's request.

## RECOMMENDATIONS:

Should the Planning and Zoning Commission choose to recommend approval of the applicant's request, staff would offer the following conditions of approval:

1) The operation of the *Craft Winery* and *Commercial Amusement/Recreation (Outdoor)* on the subject property shall be subject to the following operational conditions, which are contained in the SUP ordinance:

*A.* *Craft Winery:*

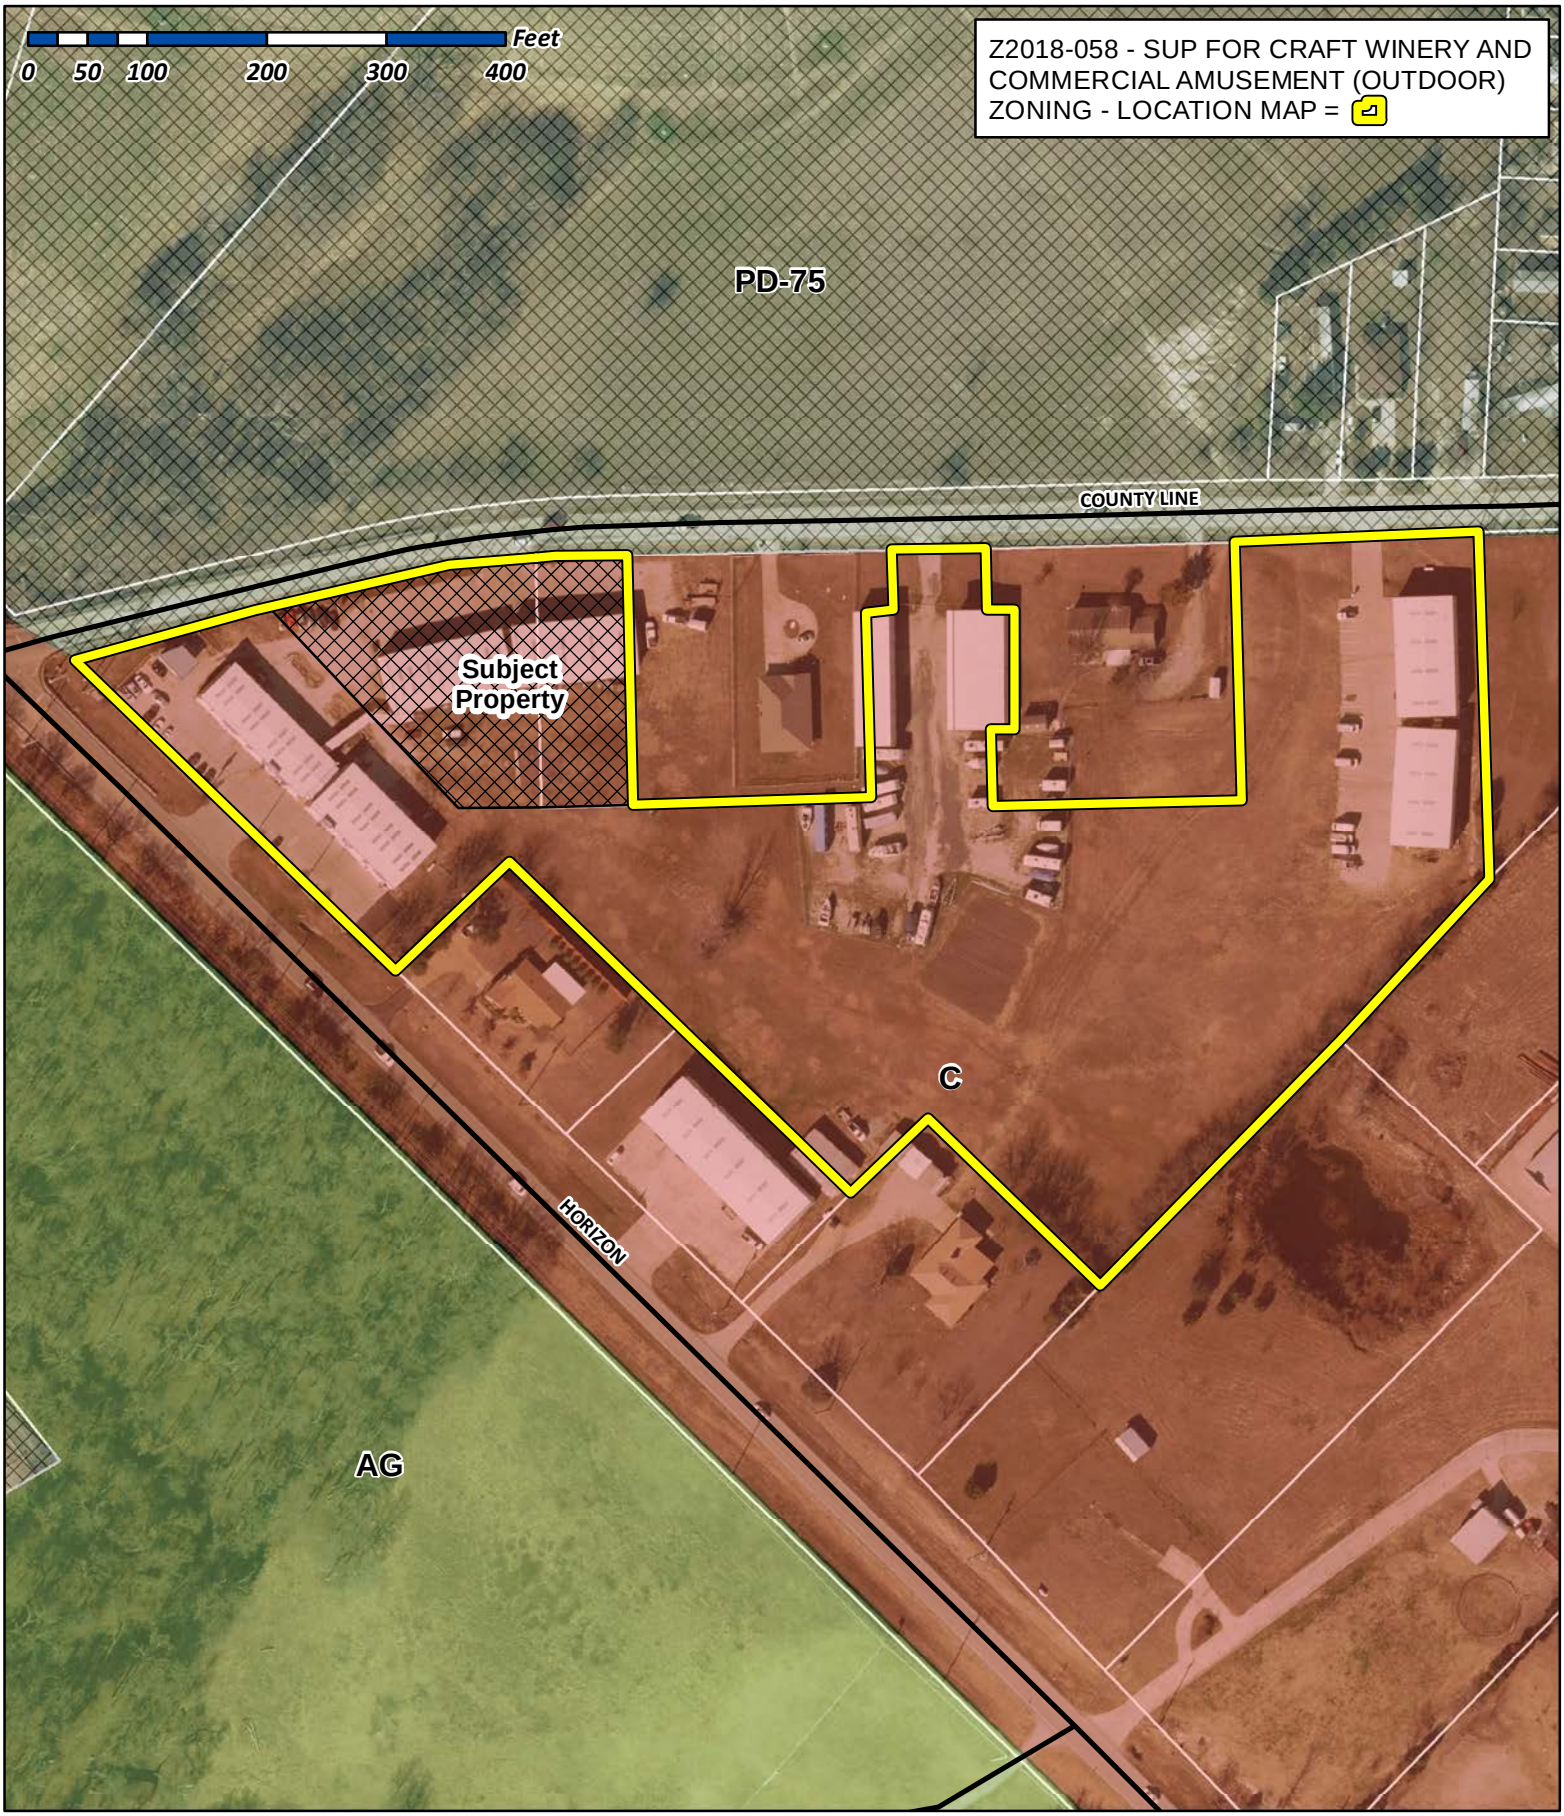
1) The maximum square footage of the building used for a winery shall not exceed 12,000 SF in total building area, and is depicted in *Exhibit 'C'* of the draft ordinance.

2) The areas dedicated to the direct sale of the on-site manufactured product shall not exceed 40% of the total floor area of the building, and is depicted in *Exhibit 'D'* of the draft ordinance.

3) The hours open to the public for this facility shall be limited to Sunday through Saturday, 11:00 AM to 12:00 AM.

*B.* *Commercial Amusement/Recreation (Outdoor)*

1) The operation of a *Commercial Amusement/Recreation* (O*utdoor*) use shall generally conform to the *Concept Plan* depicted in *Exhibit 'B'* of this ordinance.



2) The *Subject Property* may be used for all permitted accessory uses as well as the use of an *outdoor venue* that may include live music and food truck vendors as depicted in *Exhibit 'B'* of this ordinance. The use of temporary tents or similar uses must be made of fire retardant materials and meet the City's fire codes.

3) The hours of operation associated with the O*utdoor Venue* for this facility shall be limited to Thursday through Monday, 11:00 AM to 12:00 AM.

4) There shall be no outside storage of equipment, furniture, or other materials associated with the operation of this business or from any outdoor gatherings on the *Subject Property*.

5) No parking associated with the uses permitted on the *Subject Property* shall be permitted along County Line Road or Horizon Road [*FM-3097*].

2) Any construction or building necessary to complete this request must conform to the requirements set forth by the *UDC*, the *International Building Code*, the *Rockwall Municipal Code of Ordinances*, city adopted engineering and fire codes and with all other applicable regulatory requirements administered and/or enforced by the state and federal government.

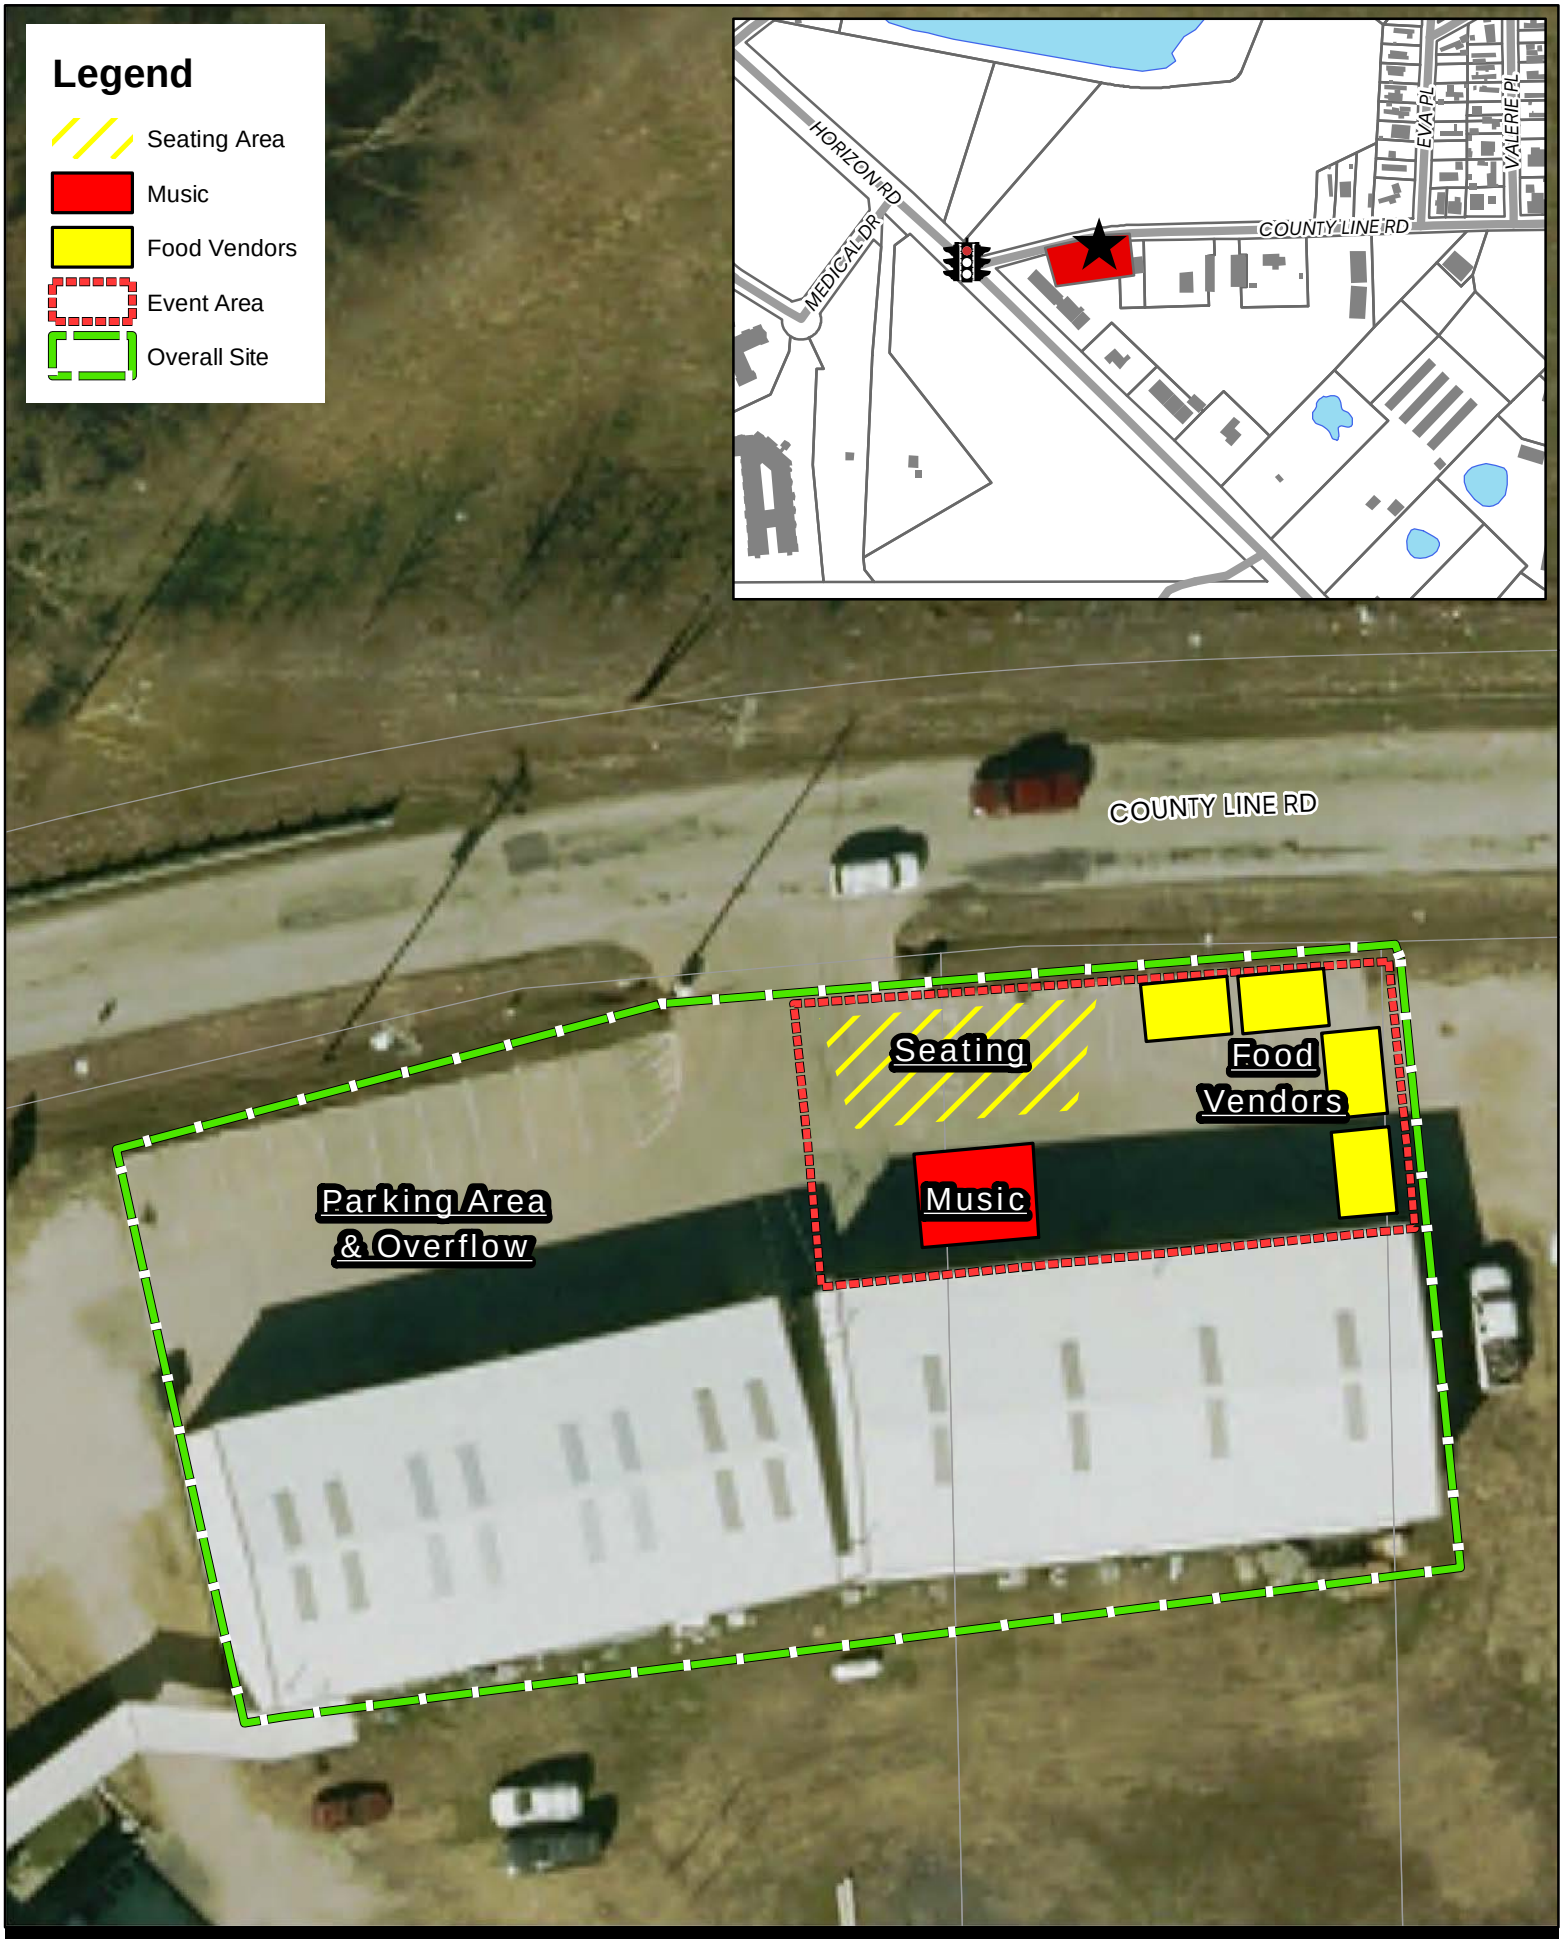
he WINES she DINES

TASTY REVIEWS FROM BOTH PERSPECTIVES

To Whom It May Concern:



He Wines She Dines began as a food review and blog website in 2014. We are a husband and wife team that travels the world looking for the best places to eat, drink and enjoy time together! After garnering thousands of followers, we had so many people asking us about wines to drink, what to buy, and how to order, that we decided we would start a wine club. Pursuing that effort, we quickly realized we needed to be a winery to ship product to our followers. With that in mind, we got our federal winery permit and import license and begin working with wineries in California and France to produce amazing wines to bring to Rockwall. We began operating in the Fall of 2016 at 203 County Line Rd, Rockwall, TX 75032. Until the Fall of 2018, we had never been open to the public. We are predominately an online business that sells to individual members through an e-commerce business model and directly to restaurants. To date, 100% of our production has been done in either Lodi, California or Champagne, France. Additionally, we buy wines from other distributors and wineries to offer a diverse mix of high-quality wines to our members.

In October of 2018, we began hosting a series of periodic "warehouse sales and tastings". During these periodic Saturday events we have been open for limited hours(12-5pm) for patrons to come, try and purchase our wines at lower than retail prices. We have only hosted 3 events this year and they have been very well received.

Moving forward we need a SUP for two primary reasons. First, we are preparing to begin limited production runs, barrel storage and some blending operations at our facility. A new SUP is required for this. Second, we want to expand our ability to have tastings and host events at our facility. These events would be limited in scope, but would potentially include live music, food trucks and seating areas for patrons to enjoy our wines. During these events, the guest area would be contained with a temporary barrier. We may use temporary tents or other covers, umbrellas, etc. for sun and rain protection. We plan to keep a conservative schedule but would like for these events to be held on nights, weekends and holidays ranging from Thursdays-Sundays with occasional Mondays or key National holidays. Our maximum operating hours would be between 11am-12am. No equipment, furniture or materials would be stored outside of the facility.

Thank you for your consideration and Cheers!

**CITY OF ROCKWALL**

**ORDINANCE NO. 19-XX**

**SPECIFIC USE PERMIT NO. S-XXX**

**AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, AMENDING THE UNIFIED DEVELOPMENT CODE [*ORDINANCE NO. 04-38*] OF THE CITY OF ROCKWALL, TEXAS, AS PREVIOUSLY AMENDED, SO AS TO GRANT A SPECIFIC USE PERMIT (SUP) TO ALLOW FOR A *CRAFT WINERY* AND *COMERCIAL AMUSEMENT/RECREATION (OUTDOOR)* ON A 7.2-ACRE TRACT OF LAND, ADDRESSED AS 203 COUNTY LINE ROAD AND BEING IDENTIFIED AS TRACTS 20-01 & 20-07 OF THE W. W. FORD SURVEY, ABSTRACT NO. 80, CITY OF ROCKWALL, ROCKWALL COUNTY, TEXAS; PROVIDING FOR SPECIAL CONDITIONS; PROVIDING FOR A PENALTY OR FINE NOT TO EXCEED THE SUM OF TWO THOUSAND DOLLARS ($2,000.00) FOR EACH OFFENSE; PROVIDING FOR A SEVERABILITY CLAUSE; PROVIDING FOR A REPEALER CLAUSE; PROVIDING FOR AN EFFECTIVE DATE.**

**WHEREAS**, a request has been made by Tim McCallum of He Wines She Dines, LLC for the approval of a Specific Use Permit (SUP) for a *Craft Winery* and *Commercial Amusement/Recreation (Outdoor)* for the purpose of establishing a *Craft Winery* in conjunction with an outdoor venue on a 7.2-acre Tract of land, zoned Commercial (C) District, being identified as Tract 20-01 & 20-07 of the W. W. Ford Survey, Abstract No. 80, City of Rockwall, Rockwall County, Texas, addressed as 203 County Line Road, and being more specifically depicted in *Exhibit 'A'* of this ordinance, which herein after shall be referred to as the *Subject Property* and incorporated by reference herein; and

**WHEREAS**, the Planning and Zoning Commission of the City of Rockwall and the governing body of the City of Rockwall, in compliance with the laws of the State of Texas and the ordinances of the City of Rockwall, have given the requisite notices by publication and otherwise, and have held public hearings and afforded a full and fair hearing to all property owners generally, and to all persons interested in and situated in the affected area and in the vicinity thereof, the governing body in the exercise of its legislative discretion has concluded that the Unified Development Code [*Ordinance No. 04-38*] of the City of Rockwall should be amended as follows:

**NOW, THEREFORE, BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS:**

**SECTION 1.** That the Unified Development Code [*Ordinance No. 04-38*] of the City of Rockwall, as heretofore amended, be and the same is hereby amended so as to grant a Specific Use Permit (SUP) allowing for the establishment of a *Craft Winery* and *Commercial Amusement/Recreation (Outdoor)* as stipulated by Article *IV, Permissible Uses,* of the Unified Development Code [*Ordinance No. 04-38*] on the *Subject Property*; and

**SECTION 2.** That the *Subject Property* shall be used and developed only in the manner and for the purposes described in this Specific Use Permit (SUP) ordinance and as specifically set forth in *Section 1.1, Land Use Schedule,* of *Article IV, Permissible Uses,* and *Section 4.5, Commercial (C) District,* of *Article V, District Development Standards,* of the Unified

DRAFT 2019

Development Code [*Ordinance No. 04-38*] of the City of Rockwall as heretofore amended, as amended herein by the granting of this zoning change, and as my be amended in the future, and shall be subject to the additional following conditions:

**2.1 OPERATIONAL CONDITIONS**

The following conditions pertain to the operation of a *Craft Winery* and *Commercial Amusement/Recreation (Outdoor)* use on the *Subject Property* and conformance to these requirements is necessary for continued operations:

*A.* *Craft Winery:*

1) The maximum square footage of the building used for a winery shall not exceed 12,000 SF in total building area, and is depicted in *Exhibit 'C'* of the draft ordinance;

2) The areas dedicated to the direct sale of the on-site manufactured product shall not exceed 40% of the total floor area of the building, and is depicted in *Exhibit 'D'* of the draft ordinance; and,

3) The hours open to the public for this facility shall be limited to Sunday through Saturday, 11:00 AM to 12:00 AM.

*B.* *Commercial Amusement/Recreation (Outdoor)*

1) The development and operation of a *commercial amusement/recreation* (*outdoor*) use shall generally conform to the *Concept Plan* depicted in *Exhibit 'B'* of this ordinance;

2) The *Subject Property* may be used for all permitted accessory uses as well as the use of an *outdoor venue* that may include live music and food truck vendors as depicted in *Exhibit 'B'* of this ordinance. The use of temporary tents or similar uses must be made of fire retardant materials and meet the City's fire codes;

3) The hours of operation associated with the *outdoor venue* for this facility shall be limited to Thursday through Monday, 11:00 AM to 12:00 AM;

4) There shall be no outside storage of equipment, furniture, or other materials associated with the operation of this business or from any outdoor gatherings on the *Subject Property*; and,

5) No parking associated with the uses permitted on the *Subject Property* shall be permitted along County Line Road or Horizon Road [FM-3097].

**2.2 COMPLIANCE**

Approval of this ordinance in accordance with Section 8.3, *Council Approval or Denial*, of Article II, *Authority and Administrative Procedures*, of the Unified Development Code (UDC) will require compliance to the following:

1) Upon obtaining a Certificate of Occupancy (CO), should any business or establishment operating under the guidelines of this ordinance fail to meet the minimum operational requirements set forth herein and outline in the Unified Development Code (UDC), the City Council may (*after proper notice*) initiate proceedings to revoke the Specific Use Permit (SUP) in accordance with Section 4.4.(3) of Article IV, *Permissible Uses*, of the Unified

DRAFT ORDINANCE 04.15.2019

Development Code (UDC).

**SECTION 3.** That the official zoning map of the City be corrected to reflect the changes in zoning described herein.

**SECTION 4.** That all ordinances of the City of Rockwall in conflict with the provisions of this ordinance be, and the same are hereby repealed to the extent of that conflict.

**SECTION 5.** Any person, firm, or corporation violating any of the provisions of this ordinance shall be deemed guilty of a misdemeanor and upon conviction shall be punished by a penalty of fine not to exceed the sum of *TWO THOUSAND DOLLARS* (*$2,000.00*) for each offence and each and every day such offense shall continue shall be deemed to constitute a separate offense.

**SECTION 6.** If any section or provision of this ordinance or the application of that section or provision to any person, firm, corporation, situation or circumstance is for any reason judged invalid, the adjudication shall not affect any other section or provision of this ordinance or the application of any other section or provision to any other person, firm, corporation, situation or circumstance, and the City Council declares that it would have adopted the valid portions and applications of the ordinance without the invalid parts and to this end the provisions of this ordinance shall remain in full force and effect.

**SECTION 7.** That this ordinance shall take effect immediately from and after its passage and the publication of the caption of said ordinance as the law in such cases provides.

**PASSED AND APPROVED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, THIS THE 4TH DAY OF FEBRUARY, 2019.**

# CITY OF ROCKWALL
# PLANNING AND ZONING COMMISSION MEMO

**AGENDA DATE:** 01/15/2019

**APPLICANT:** Heather Cullins

**AGENDA ITEM:** **Z2018-059;** *Zoning Change (SFE-2.0 to SFE-1.5)*

---

## SUMMARY:

Hold a public hearing to discuss and consider a request by Heather Cullins for the approval of a zoning change from a Single-Family Estate 2.0 (SFE-2.0) District to Single Family Estate 1.5 (SFE-1.5) District on a 3.03-acre tract of land identified as Tract 1-01 of the T. Dean Survey, Abstract No. 69, City of Rockwall, Rockwall County, Texas, zoned Single-Family Estate 2.0 (SFE-2.0) District, addressed as 1085 Dalton Road, and take any action necessary.

## BACKGROUND INFORMATION AND PURPOSE:

The applicant is requesting a change in zoning from a Single-Family Estate 2.0 (SFE-2.0) District to a Single-Family Estate 1.5 (SFE-1.5) District for the purpose of subdividing the subject property. The subject property is situated on a 3.03-acre tract of land, zoned Single-Family Estate 2.0 (SFE-2.0) District, and is addressed as 1085 Dalton Road.

The subject property was annexed in 1983 [*Ordinance No. 83-57*] and was part of a larger tract of land. In 2018, the previous property owner requested to rezone the subject property from an Agricultural (AG) District to a Single-Family Estate 2.0 (SFE-2.0) District [*Z2017-045*] and platted [*P2017-049*] the tract of land. As part of this case, the previous property owner stated the purpose of platting the property was to create two (2) lots (*i.e. Lots 1 & 2, Hodgdon Addition*) to construct a single-family home on Lot 1. The applicant purchased the subject property (*i.e. Lot 1*) in 2018 for the purpose of constructing a single-family home. According to the applicant, after purchasing the subject property, another property was discovered and the plan to construct a single-family home on the subject property was abandoned. The applicant as also stated there have been inquiries about purchasing the subject property; however, the size of the lot (*i.e. 3.05-acres*) was too large, and potential buyers only wanted half or a portion of the lot. Based on this, the applicant is requesting to re-zone the subject property with the intent of subdividing the tract of land into two (2) ~1½-acre lots. Currently, floodplain traverses the property and should any improvements impact the floodplain, a flood study could be required.

## ADJACENT LAND USES AND ACCESS:

The land uses adjacent to the subject property are all follows:

**North:** Directly north of the subject property is Dalton Road, which is identified as a M4U (*Major Collector, four [4] lane, undivided roadway)*. Beyond this is a tract of vacant land that is zoned Agriculture (AG) District.

**South**: Directly south of the subject property is a single-family residential subdivision [*i.e. Promenade Harbor*] zoned Single-Family 10 (SF-10) District. Beyond this is Asbourne Drive which is identified as a *Minor Collector*.

**East**: Directly east of the subject property is a single-family residential subdivision [*i.e. The Shores*] zoned Planned Development District 3 (PD-3). Beyond this is a large tract of land that is zoned Agricultural (AG) District.

**West:** Directly west of the subject property is a single-family residential subdivision [*i.e. Promenade Harbor*] zoned Single-Family 10 (SF-10) District. Beyond this is a large tract of land [*i.e. the Takeline*] that is outside of the City Limits.

**UNIFIED DEVELOPMENT CODE:**

According to the purpose statements stipulated in Subsection 3.02, *Single-Family Estate 1.5 (SFE-1.5) District*, of Article V, *District Development Standards*, of the Unified Development Code (UDC), the Single-Family Estate 1.5 (SFE-1.5) District is the "…proper zoning classification for rural, estate lots that are a minimum of 1½-acres. Since the subject property is 3.03-acres, it conforms to the requirements of the Single-Family Estate 1.5 (SFE-1.5) District development standards. The following is a summary of the minimum development standards for a property within a Single-Family 1.5 (SFE-1.5) District:

| *Ordinance Provisions* | *Zoning District Standards* |
|---|---|
| *Minimum Lot Area* | *65,340 SF* |
| *Minimum Lot Width* | *150-Feet* |
| *Minimum Lot Depth* | *250-Feet* |
| *Minimum Front Yard Setback* | *50-Feet* |
| *Minimum Rear Yard Setback* | *10-Feet* |
| *Minimum Side Yard Setback* | *25-Feet* |
| *Maximum Height* | *36-Feet* |
| *Minimum Masonry Requirement* | *80%* |
| *Minimum Dwelling SF* | *2,500* |
| *Maximum Building Coverage* | *35%* |
| *Minimum Length of Driveway* | *20-Feet* |

**CONFORMANCE WITH THE COMPREHENSIVE PLAN:**

The Future Land Use Plan adopted with the OurHometown Vision 2040 Comprehensive Plan, designates the subject property for ***Low Density Residential*** land uses, which is defined as developments with two (2) units per acre or less. The applicant's request is in conformance with this designation and will not require any changes to the Future Land Use Map.

**STAFF ANALYSIS:**

When analyzing the applicant's request (*i.e. to rezone the subject property for the purpose of subdividing the tract of land*) and the size of the subject property (*i.e. three [3]-acres*), the Single-Family Estate 1.5 (SFE-1.5) District appears to be an appropriate zoning district. Although the subject property could be divided into two (2) smaller estate lots (*i.e. two [2] 1½ - acre lots*) if this zoning change is approved, this request would not change the *Low Density Residential (LDR)* land use designation on the property. With that being said, approval of a zoning change is discretionary for the City Council, pending a recommendation by the Planning and Zoning Commission.

**NOTIFICATION:**

On December 28, 2018, staff mailed 68 notices to property owners and residents within 500-feet of the subject property. Staff also notified the Promenade Harbor and the Shores/Ray Hubbard Homeowner's Associations (HOA's) which are the only HOA's/Neighborhood Associations within 1,500-feet of the subject property participating in the Neighborhood Notification Program. Staff also advertised the public hearings in the Rockwall Harold Banner as required by the Unified Development Code (UDC). At the time this case memo was drafted staff had not received any notices concerning this case.

**RECOMMENDATIONS:**

Should the Planning and Zoning Commission recommend approval of the change in zoning, staff would recommend the following conditions of approval:

1) Any construction or building necessary to complete this change in zoning request must conform to the requirements set forth by the UDC, the International Building Code, the Rockwall Municipal Code of Ordinances, city adopted engineering and fire codes and with all other applicable regulatory requirements administered and/or enforced by the state and federal government.

To whom it may concern:

Per your participation in the Neighborhood Notification Program, you are receiving this notification to inform your organization and residents of a request for a zoning change that lies within 1,500 feet of the boundaries of your neighborhood or subdivision. As the primary contact for the organization, you are encouraged to share this information with the residents of your subdivision. Please find attached a map detailing the location of the subject property requesting the zoning change in relation to your subdivision boundaries. Additionally, below is a summary of the zoning request that was published in the Rockwall Herald Banner ***December 28, 2018***. The Planning and Zoning Commission will hold a public hearing on ***Tuesday 1/15/2019 at 6:00 p.m.***, and the City Council will hold a public hearing on ***Tuesday 1/22/2019 at 6:00 p.m***. These hearings will be held in the City Council Chambers at City Hall, 385 S. Goliad Street. These hearings will be held in the City Council Chambers at City Hall, 385 S. Goliad Street. If you have any questions or comments regarding this request, the contact information for the Planning Department is listed below. Additional information can also be found at https://sites.google.com/site/rockwallplanning/development/development-cases

> **Z2018-059- Hold a public hearing to discuss and consider a request by Heather Cullins for the approval of a zoning change from a Single-Family Estate 2.0 (SFE-2.0) District to Single Family Estate 1.5 (SFE-1.5) District on a 3.03-acre tract of land identified as Tract 1-01 of the T. Dean Survey, Abstract No. 69, City of Rockwall, Rockwall County, Texas, zoned Single-Family Estate 2.0 (SFE-2.0) District, addressed as 1085 Dalton Road, and take any action necessary.**

If this email is reaching you in error, please forward it to your HOA or neighborhood group representative and update the contact information at http://www.rockwall.com/planning/hoa.asp.

CASE P2018

**CITY OF ROCKWALL**

**ORDINANCE NO. 19-XX**

**AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, AMENDING THE UNIFIED DEVELOPMENT CODE [*ORDINANCE NO. 04-38*] OF THE CITY OF ROCKWALL, AS HERETOFORE AMENDED, SO AS TO APPROVE A CHANGE IN ZONING FROM A SINGLE-FAMILY ESTATE 2.0 (SFE-2.0) DISTRICT TO A SINGLE-FAMILY ESTATE 1.5 (SFE-1.5) DISTRICT ON A 3.03-ACRE TRACT OF LAND IDENTIFIED AS TRACT 1-01 OF THE T. DEAN SURVEY, ABSTRACT NO. 69, CITY OF ROCKWALL, ROCKWALL COUNTY, TEXAS, AND BEING MORE SPECIFICALLY DEPICTED IN *EXHIBIT 'A'* AND FURTHER DESCRIBED IN *EXHIBIT 'B'* OF THIS ORDINANCE; PROVIDING FOR SPECIAL CONDITIONS; PROVIDING FOR A PENALTY OF FINE NOT TO EXCEED THE SUM OF TWO THOUSAND DOLLARS ($2,000.00) FOR EACH OFFENSE; PROVIDING FOR A SEVERABILITY CLAUSE; PROVIDING FOR A REPEALER CLAUSE; PROVIDING FOR AN EFFECTIVE DATE.**

**WHEREAS**, the City has received a request from Heather Cullins for a change in zoning from a Single-Family Estate 2.0 (SFE-2.0) District to a Single-Family Estate 1.5 (SFE-1.5) District on a 3.03-acre tract of land identified as Tract 1-01 of the T. Dean Survey, Abstract No. 69, City of Rockwall, Rockwall County, Texas, zoned Single-Family 2.0 (SFE-2.0) District and more fully depicted in *Exhibit 'A'* and described in *Exhibit 'B'* of this ordinance, which hereinafter shall be referred to as the *Subject Property* and incorporated by reference herein; and

**WHEREAS**, the Planning and Zoning Commission of the City of Rockwall and the governing body of the City of Rockwall in compliance with the laws of the State of Texas and the ordinances of the City of Rockwall have given the requisite notices by publication and otherwise, and have held public hearings and afforded a full and fair hearing to all property owners generally and to all persons interested in and situated in the affected area, and in the vicinity thereof, and the governing body in the exercise of its legislative discretion, has concluded that the Unified Development Code (UDC) [*Ordinance No. 04-38*] should be amended as follows:

**NOW, THEREFORE**, **BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS:**

**SECTION 1.** That the Unified Development Code (UDC) [*Ordinance No. 04-38*] of the City of Rockwall, Texas, as heretofore amended, be and the same are hereby amended by amending the zoning map of the City of Rockwall so as to change the zoning of the *Subject Property* from a Single-Family 2.0 (SFE-2.0) District to a Single-Family 1.5 (SFE-1.5) District;

**SECTION 2.** That the *Subject Property* shall be used only in the manner and for the purposes provided for a Single-Family 1.5 (SFE-1.5) District as stipulated in Section 1.1*, Use of Land and Buildings,* of Article IV*, Permissible Uses* and Section 3.2*, Single-Family Estate 1.5 (SFE-1.5) District,* of Article V*, District Development Standards,* of the Unified Development Code (UDC) [*Ordinance No. 04-38*] of the City of Rockwall as heretofore amended, as amended herein by granting of this zoning change, and as maybe amended in the future;

DRAFT ORDINANCE 04.15.19

**SECTION 3.** That the official zoning map of the City be corrected to reflect the changes in the zoning described herein;

**SECTION 4.** Any person, firm, or corporation violating any of the provisions of this ordinance shall be deemed guilty of a misdemeanor and upon conviction shall be punished by a penalty of fine not to exceed the sum of *Two Thousand Dollars ($2,000.00)* for each offence and each and every day such offense shall continue shall be deemed to constitute a separate offense;

**SECTION 5.** If any section, paragraph, or provision of this ordinance or the application of that section, paragraph, or provision to any person, firm, corporation or situation is for any reason judged invalid, the adjudication shall not affect any other section, paragraph, or provision of this ordinance or the application of any other section, paragraph or provision to any other person, firm, corporation or situation, nor shall adjudication affect any other section, paragraph, or provision of the Unified Development Code (UDC) of the City of Rockwall, Texas, and the City Council declares that it would have adopted the valid portions and applications of the ordinance without the invalid parts and to this end the provisions for this ordinance are declared to be severable; and

**SECTION 6.** That all ordinances of the City of Rockwall in conflict with the provisions of this ordinance be and the same are hereby repealed, and all other ordinances of the City of Rockwall not in conflict with the provisions of this ordinance shall remain in full force and effect;

**SECTION 7.** That this ordinance shall take effect immediately from and after its passage.

**PASSED AND APPROVED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, THIS THE 4TH DAY OF FEBRUARY, 2019.**

## PLANNING AND ZONING COMMISSION MEMO

**AGENDA DATE:** 01/15/2019

**APPLICANT:** Jeff Carol of *Carol Architects*

**AGENDA ITEM:** **SP2018-042;** *Site Plan for Office/Warehouse Building Expansion*

---

**SUMMARY:**

Discuss and consider a request by Jeff Carol of Carol Architects, Inc. on behalf of Terry Morgan of Z06 Properties, LLC for the approval of a site plan for an office/warehouse building on a 5.690-acre tract of land identified as Lot 3, Block D, Rockwall Technology Park Addition, City of Rockwall, Rockwall County, Texas, zoned Light Industrial (LI) District, located at the northeast corner of the intersection of Discovery Boulevard and Innovation Drive, and take any action necessary.

**PURPOSE AND BACKGROUND INFORMATION:**

On February 19, 2001, the City Council approved a site plan [*i.e. Case No. PZ2001-014*] for a proposed 52,370 SF warehouse/manufacturing facility on the subject property. On December 21, 2018, the applicant submitted an application requesting the approval of an amended site plan for the purpose of expanding the facility by incorporating an additional ~35,980 SF to the east side of the building. The purpose of the expansion is to add additional office/warehouse space. This will increase the overall square footage of the building to 88,350 SF. The warehouse/manufacturing facility is located within the REDC Technology Park, and is situated on a 5.690-acre parcel of land that is identified as Lot 3, Block D, Rockwall Technology Park Addition. The site is more specifically located at the northeast corner of the intersection of Discovery Boulevard and Innovation Drive, and is zoned Light Industrial (LI) District.

**DENSITY AND DIMENSIONAL REQUIREMENTS:**

According to Section 1, *Land Use Schedule*, of Article IV, *Permissible Uses*, of the Unified Development Code (UDC), a manufacturing/office facility is permitted *by-right* in a Light Industrial (LI) District. The subject property has two (2) existing points of ingress and egress, one (1) along Innovation Drive and one (1) along Discovery Boulevard. Based on the site plan, the development will connect to the existing drives by extending a 24-foot drive aisle (*which is also a Fire Lane, Public Access and Utility Easement*) along the eastern side of the subject property. The proposed development will incorporate an additional 95 parking spaces with the expansion, and will bring the total parking count up to 193 parking spaces. This meets the requirements for parking stipulated by of Table 3, *Parking Requirement Schedule*, of Article VI, *Parking and Loading*, of the UDC.

With the exception of the variances being requested the submitted site plan, landscape plan, treescape plan, and building elevations generally conform to the technical requirements contained within the UDC for a property located within a Light Industrial (LI) District. A summary of the density and dimensional requirements for the subject property are as follows:

| *Ordinance Provisions* | *Zoning District Standards* | *Conformance to the Standards* |
|---|---|---|
| *Minimum Lot Area* | *12,500 SF* | *5.690-Acres; In Conformance* |
| *Minimum Lot frontage* | *100-Feet* | *x>435-Feet; In Conformance* |
| *Minimum Lot Depth* | *125-Feet* | *x>490-Feet; In Conformance* |

| *Ordinance Provisions* | *Zoning District Standards* | *Conformance to the Standards* |
|---|---|---|
| *Minimum Front Yard Setback* | *25-Feet* | *x>100-Feet; In Conformance* |
| *Minimum Rear Yard Setback* | *0-Feet + ½ H* | *N/A; Double Frontage* |
| *Minimum Side Yard Setback* | *0-Feet + ½ H* | *x>55-Feet; In Conformance* |
| *Maximum Building Height* | *120-Ft* | *x=20-ft; In Conformance* |
| *Max Building/Lot Coverage* | *60%* | *~35.6%; In Conformance* |
| *Minimum Masonry Requirement* | *90%* | *x>90%; In Conformance* |
| *Minimum Number of Parking Spaces* | *193* | *193 Provided; In Conformance* |
| *Minimum Stone Requirement* | *20% Each Facade* | *x=0%; Variance Required* |
| *Minimum Landscaping Percentage* | *10%* | *x=15%; In Conformance* |
| *Maximum Impervious Coverage* | *85-90%* | *x<90%; In Conformance* |

**LANDSCAPE/TREESCAPE PLAN:**

The applicant has submitted a letter indicating all trees being removed from the site are primarily Cedar trees that are less than 11-caliper inches DBH (*i.e. diameter breast height*), and are considered non-protected trees; however one (1) Oak tree measuring four (4) caliper inches will be removed. The applicant will satisfy the mitigation balance by providing eight (8) 3½-inch caliper trees (*i.e. 28-inches*) to the site.

**EXCEPTION REQUESTS:**

Based on the applicant's submittal staff has identified the following exceptions to the requirements of the Unified Development Code (UDC):

1) *Building Materials.*

a) *Stone*. According to Section 5.01.A.1, *General Industrial District Standards*, of Article V, *District Development Standards*, of the UDC, a minimum of 20% stone is required on all building façades. In this case, the applicant is not proposing the use of stone.

b) *Tilt Wall.* According to Section 5.01.A.1, *General Industrial District Standards*, of Article V, *District Development Standards*, of the UDC, the use of concrete tilt-up walls may be permitted on a case-by-case basis by the Planning and Zoning Commission. The proposed building is 100% tilt-wall construction.

Section 5.01.A.2, *General Industrial District Standards*, of Article V, *District Development Standards*, of the UDC, allows the Planning and Zoning Commission, upon a recommendation from the Architectural Review Board (ARB), to approve exceptions to the material requirements pending the applicant provide building elevations, a material sample board, and justification for the exception(s) being requested. In this case, the applicant has provided staff with a building rendering and building elevations, and has stated that the purpose of the request is to match the existing buildings materials.

*2) Articulation.*

a) *Primary Building Façades.* According to Section 5.01.C.1, *General Industrial District Standards*, of Article V, *District Development Standards*, of the UDC, primary facades require projections associated with entryways, architectural elements and wall lengths. Specifically, primary architectural/entryway elements are required to extend a minimum of 25% above the top of the wall and a minimum of 25% from the walls surface. In addition, no wall should exceed a length of four (4) time the walls height without a architectural/entryway element. In this case, the proposed building does not incorporate any vertical projections and only has minimal horizontal projections on primary façades.

b) *Secondary Building Façades.* According to Section 5.01.C.1, *General Industrial District Standards*, of Article V, *District Development Standards*, of the UDC, secondary facades require projections associated with entryways and architectural elements. Specifically, the secondary architectural/entryway elements are required to extend a minimum of 15% above the top of the wall and a minimum of 15% from the walls surface. In this case, the proposed building does not incorporate any vertical projections and very minimal horizontal projections on secondary façades.

Section 5.01.C.3, *General Industrial District Standards*, of Article V, *District Development Standards*, of the UDC, allows the Planning and Zoning Commission, upon a recommendation from the Architectural Review Board (ARB), to approve exceptions to the articulation requirements. In making this determination the Planning and Zoning Commission should determine if the proposed request is [1] in conformance with the spirit and intent of the building articulation requirements, and [2] if granting the exception will substantially weaken the City's ability to enforce the general purpose of the building articulation requirements in the future. In this case, since the existing structure was approved under superseded articulation requirements, the approval of the exception will not weaken the City's ability to enforce the general purpose of the current articulation requirements. In addition, the applicant has stated that the purpose of the request is to match the existing building's form, which makes up the majority of the visible frontage along Discovery Boulevard and Innovation Drive.

These exceptions are discretionary decisions for the Planning and Zoning Commission and only require approval by a simple majority vote. In the event that the exception is denied, the applicant has the ability to appeal the Planning and Zoning Commission's decision to the City Council by filing a written request with the Planning and Zoning Department.

## ARCHITECTURAL REVIEW BOARD:

On January 2, 2019, the Architectural Review Board (ARB) failed to establish a quorum, with Board Members Roberts, Mitchell, Tovar, Miller, Johnson, and Niell. Since the ARB failed to hold a meeting, the ARB will provide recommendations at the *January 15, 2019* Planning and Zoning Commission meeting.

## RECOMMENDATIONS:

Should the Planning and Zoning Commission choose to approve the applicant's request, then staff would offer the following conditions of approval:

1) All staff comments provided by the Planning, Engineering and Fire Department must be addressed prior to the submittal of a building permit;

2) Any construction or building necessary to complete this site plan request must conform to the requirements set forth by the UDC, the International Building Code (IBC), the Rockwall Municipal Code of Ordinances, city adopted engineering and fire codes and with all other applicable regulatory requirements administered and/or enforced by the state and federal government.

Re: Z06 Site Plan Submission
Case # 2018042

Planning,
We are submitting comments to the tree survey shown on the Landscape plan. The existing trees being removed in phase 2 of this proposed development are mature Cedar trees totaling 108 caliper Inches. There is one existing Live Oak tree located in an existing parking Island which will be removed. This one Oak tree has a caliper of 4".

Total tree caliper being removed = 112" and 108" are not counted towards mitigation, leaving 4"
Total tree caliper to be provided = 28" (8 trees at 3-1/2" each).
leaving a net gain of 24" caliper.

Sincerely,

Jeff Carroll

Jeff Carroll
Architect.

# CITY OF ROCKWALL
## PLANNING AND ZONING COMMISSION MEMO

**AGENDA DATE:** 01/15/2019

**APPLICANT:** Kevin Hickman; *PegasusAblon*

**AGENDA ITEM:** **SP2018-043**; *Harbor Village*

---

## SUMMARY:

Discuss and consider a request by Kevin Hickman of PegasusAblon on behalf of Rockwall Rental Properties, LP for the approval of a site plan for a 375-unit condominium building on a 6.2-acre tract of land identified as Lot 9, Block A, Harbor-Rockwall Addition and Tract 16 of the M. J. Barksdale Survey, Abstract No. 11, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 32 (PD-32), situated within the IH-30 (IH-30) Overlay District, located at the southwest corner of the intersection of the IH-30 frontage road and Lakefront Trail, and take any action necessary.

## PURPOSE AND BACKGROUND:

On June 17, 2013, the City Council approved *Ordinance No. 13-16*, which allocated 399 urban residential units (*i.e. condominiums*) to a concept plan that showed two (2) condominium buildings being constructed on the subject property (i*.e. one [1] adjacent to Lakefront Trail consisting of 349-units and one [1] adjacent to the Harbor Fountain consisting of 50-units*). This approval was later amended on December 18, 2017, when the City Council approved *Ordinance No. 17-64*. The new amendment allocated an additional 51-units to the previously entitled 399-units, bringing the total number of entitled units to 450 urban residential units. This PD Development Plan establishes provisions for the construction of two (2) condominium buildings (*i.e. construction schedule*). In conformance to this PD Development Plan, the applicant has submitted a site plan requesting approval for a 375-unit condominium development that will be adjacent to Lakefront Trail. This will be the first of two (2) buildings and, based on the conditions of *Ordinance No. 17-64*, will be required to obtain a building permit by June 1, 2019. Should the site plan be approved, the development will still be required to have civil engineering plans and a final plat approved prior to the issuance of a building permit. Should a building permit *not* be issued by June 1, 2019, staff will provide a report to the Planning and Zoning Commission and City Council indicating the progress of the development, and after review the Planning and Zoning Commission and City Council may -- *after proper notice* -- initiate public hearings for the revocation of the additional 26 urban residential units.

## DENSITY AND DIMENSIONAL REQUIREMENTS:

The proposed five (5) story condominium building will be located within the *Harbor Residential Subdistrict* and will be comprised of a total of 335,224 SF. Off-street parking for future residents will be provided via a parking garage that is integrated into the design of the building, and is accessible from Lakefront Trail and the IH-30 Frontage Road. The on-site parking garage will provide a total of 548 parking spaces. The development will also include 34 public parking spaces along Lakefront Trail, bringing the total number of parking spaces to 584. This exceeds the required 563 parking spaces [*i.e. 375-units x 1.5 per unit = 563 spaces*] by 21 parking spaces. Additionally, the applicant is showing a two (2) level public parking garage consisting of 180 parking spaces. The public parking garage will be located along Lakefront Trail, southeast

of and adjacent to the 50-foot pedestrian walkway. The applicant has indicated that this parking garage will be constructed prior to the condominium building.

The proposed pedestrian walkway, located in between the public parking garage and the condominium building, will incorporate all of the streetscape elements required by PD-32 [*Ordinance No. 17-22*], and provide an upgraded pavestone paver (*i.e. antique terra-cotta; herringbone pattern*), decorative trees with up-lighting, assorted plantings, pedestrian benches, and pedestrian scaled lighting features. In addition, the plan shows that units facing onto the walkway will have stoops allowing direct access to the pedestrian path. The pedestrian walkway is intended to provide access to the Harbor Fountain and the potential future public park site from the 180 space public parking garage being constructed with this project.

According to Planned Development District 32 (PD-32) [*Ordinance No. 17-22*], the subject property is located within the *Harbor Residential Subdistrict*, which allows *Urban Residential (Condominium Units Only)* as a *by-right* land use. Based on the submitted site plan package -- *site plan, landscape/streetscape plan, treescape plan, photometric plan, and building elevations* -- the proposed case is in conformance with the requirements stipulated by *Ordinance No. 17-22*, *Resolution No. 10-40*, and the UDC with the exception of the waiver being requested in the *Waiver Request* section of this case memo. A summary of the applicable requirements for this case are as follows:

| *Ordinance Provisions* | *Interior Subdistrict Standards* | *Conformance to the Standards* |
|---|---|---|
| *Setback Distance from ROW (Lakefront Trail)* | *0-Feet* | *30-ft; In Conformance* |
| *Building Form* | *45% Building Façade Fronting Lakefront Trail & IH-30 Frontage Road* | *x>45%; In Conformance* |
| *Ground Floor Land Uses* | *Retail, Restaurant, Residential* | *Residential; In Conformance* |
| *Upper Floor Land Uses* | *Residential & Office* | *Residential; In Conformance* |
| *Maximum Building Height* | *5-Stories or 75-Feet* | *x=5-Stories/75-ft Height; In Conformance* |
| *First Floor Minimum Commercial Height* | *15-Feet* | *x<15-ft (variable heights); Waiver Requested* |
| *Encroachments to Street* | *5-Feet* | *0-Feet; In Conformance* |
| *Surface Parking Setbacks from ROW* | *10-Feet* | *NA; structured parking provided* |
| *Maximum Surface Parking* | *10% Surface Parking* | *x<10%; Lakefront Trail In Conformance* |
| *Minimum Number of Pedestrian Ways* | *1 Per Block Face* | *1; In Conformance* |
| *Minimum Masonry Percentage* | *90%* | *x>90%; In Conformance* |
| *Minimum Stone Requirement* | *20% Each Façade* | *x≥20%; In Conformance* |
| *Minimum Landscaping Percentage* | *With Streetscape Plan Elements* | *Streetscape Elements Incorporated with Landscape Plan; In Conformance* |
| *Maximum Lot Coverage* | *80%* | *x<80%; In Conformance* |

## TREESCAPE PLAN:

The *Treescape Plan* submitted by the applicant indicates a total of 724 caliper inches will be removed from the *subject property* as a result of this development. As a note, *primary protected trees* are any tree that has a diameter of four (4) inch caliper DBH or greater, with the exception of Bois d'Arc, Willow, Cottonwood, Locust, and Chinaberry (*which are considered to be non-protected trees*). Hackberry and Cedar trees that have a DBH of 11 caliper inches through 25 caliper inches are considered to be *secondary protected trees* and are mitigated at a rate of ½ inch per one (1) inch DBH. Hackberry and Cedar trees less than 11 caliper inches are considered to be *non-protected trees*. This site has a majority of Hackberry trees less than 11-inches DBH that are not protected. Additionally, the applicant is removing five (5) trees that are greater than 25 caliper inches (i.e. [1] *32-inch Sycamore; Tree No. 32,* [2] *30-inch Elm; Tree No.*

*34*, [3] *26-inch Pecan; Tree No. 36*, [4] *32-inch Elm;– Tree No. 41*, and [5] *32-inch Elm; Tree No. 44*). These trees are considered to be *feature trees* and are mitigated for twice the number of inches being removed. The total mitigation balance due for this project is 437-inches. Based on the *Landscape Plan*, the applicant intends to offset the mitigation balance by providing 527-inches to the site. This will satisfy the mitigation required for the development.

## WAIVER REQUEST:

According to *Ordinance No. 17-22*, "(i)n order to provide flexibility and create high quality projects, an applicant for development within the PD District [*PD*-32] may request a waiver of the following District or Subdistrict standards: (1) Building Placement Requirements, (2) Landscape Standards, (3) Parking Requirements, (4) Parking Garage Design Standards, and (5) Increased Building Height in any Subdistrict." Based on the applicant's submittal, staff has identified the following waiver to the requirements of *Ordinance No. 17-22*:

1) *Building Form and Placement Requirements*.

    i. *1st Floor Height.* According to the *Harbor Residential Subdistrict* all buildings should incorporate a first floor that is built to a commercial height with a minimum height of 15-feet. The proposed building incorporates a variable height of 9'-1 1/8" to 14'-1 1/8" and is less than the required first floor height. The applicant is requesting a waiver to this requirement.

With regard to granting waivers, *Ordinance No. 17-22* states that "… (w)aivers may only be approved by the City Council following a recommendation by the Planning and Zoning Commission … [and] In order to approve a waiver, the City Council must find that the waiver:

1) Meets the general intent of the PD District or Subdistrict in which the property is located; and,
2) Will result in an improved project which will be an attractive contribution to the PD District or Subdistrict; and,
3) Will not prevent the implementation of the intent of this PD District."

In this case, the proposed project does appear to meet the general intent of the *Harbor Residential Subdistrict*. It should be noted that the first floor height requirement has been waived for all other condominium projects in the Harbor District; however, granting any waivers to the requirements of *Ordinance No. 17-22* is a discretionary decision for the City Council, pending a recommendation from the Planning and Zoning Commission, and should be taken on a case-by-case basis. *The waiver for this case requires a simple majority vote for approval.*

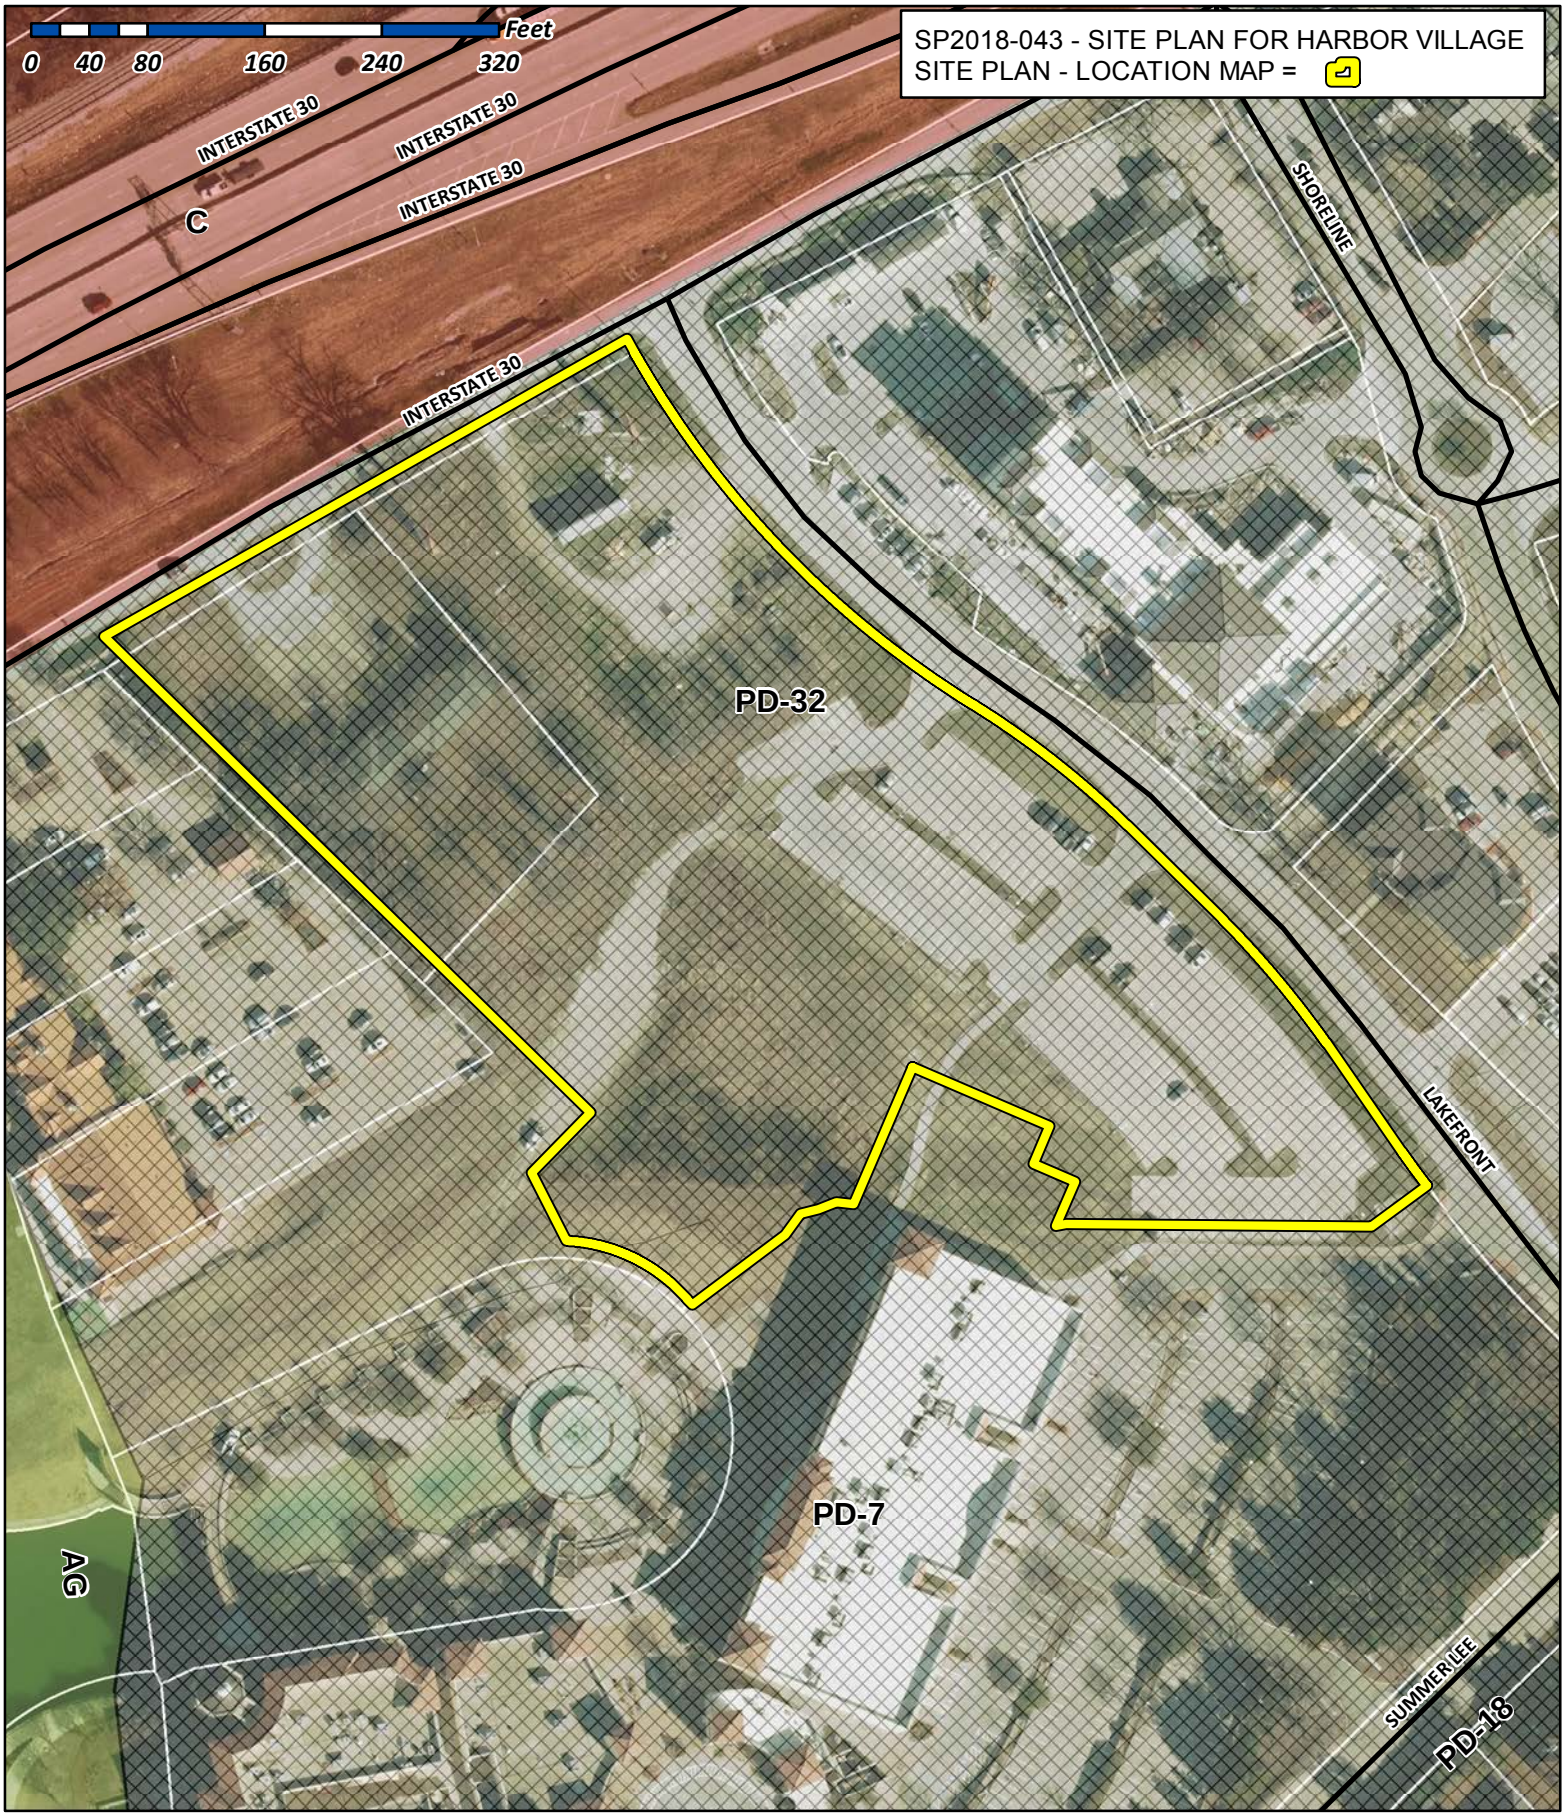
## TRAFFIC IMPACT ANALYSIS:

A Traffic Impact Analysis (TIA) is required for all development projects in the Harbor District (*i.e. Planned Development District 32 [PD-32]*). On December 5, 2018, Kimley-Horn and Associates, Inc. submitted a TIA on behalf of the applicant. On January 4, 2019, Binkley & Barfield, Inc. -- *the City's traffic consultant* -- provided comments back to the applicant. A revised TIA addressing the City's comments is required for the approval of this case, and this has been added to the conditions of approval contained in this case memo.

## ARCHITECTURAL REVIEW BOARD (ARB):

On January 2, 2019, the Architectural Review Board (ARB) did *not* establish a quorum. The following Board Members were absent: Roberts, Mitchell, Tovar, Miller, Johnson, and Niell. The ARB is scheduled to meet on *January 15, 2019* and will provide a recommendation to the Planning and Zoning Commission at their meeting on that date.

## RECOMMENDATIONS:



If the Planning & Zoning Commission chooses to approve the applicant's request, the following conditions of approval should be adopted with this case:

1) All comments provided by the Planning, Engineering and Fire Department must be addressed prior to the submittal of a building permit;

2) The development shall conform to the recommendations made by the Parks and Recreation Board at the January 3, 2019 Parks and Recreation Board meeting.

3) The applicant shall be responsible for revising the Traffic Impact Analysis (TIA) in accordance with staff's comments. If necessary, the applicant will be responsible for implementing any improvements recommended by the final/accepted TIA.

4) Any construction resulting from the approval of this *site plan request* shall conform to the requirements set forth by the UDC, the International Building Code (IBC), the Rockwall Municipal Code of Ordinances, city adopted engineering and fire codes and with all other applicable regulatory requirements administered and/or enforced by the state and federal government.

## CONCRETE NOTES

1. All concrete shall be in accordance with the A.C.I. standard "Building Code Requirements for Reinforced Concrete" (A.C.I. 318) latest revision.
2. All reinforcing steel shall be new domestic deformed billet steel conforming to ASTM A615, Grade 60 (60,000 PSI yield point).
3. Reinforcing bar supports and spacers shall be provided in accordance with the Manual of Standard Practice by the Concrete Reinforcing Steel Institute.
4. Concrete shall have a minimum compressive strength at 28 days of 3000 PSI.
5. Grade beam concrete protection of reinforcement shall be 2" minimum top and sides, 3" minimum bottom.
6. Maximum nominal coarse aggregate sizes for concrete in the slabs-on-grade shall be 3/4".
7. Concrete slumps shall be 4" maximum, 2" minimum.
8. Mortar for walls shall be Type M ASTM C-270, consisting of:
   one (1) part hydrated Type S Lime, and not more than 3 3/4 parts well graded masonry sand with all proportions by volume.

## PAVESTONE NOTES

1. Contractor shall adhere to the Manufacturer's Installation Guidelines, Specifications, and any other requirements outlined by the Manufacturer for all paver installation.
2. It shall be the responsibility of the Contractor to obtain a copy of the Manufacturer's Specifications prior to commencing any work.
3. Type 'A' Pavers to be: Type and Color to be selected by Landscape Architect.
4. Type 'B' Pavers to be: Type and Color to be selected by Landscape Architect.
5. "PAVESTONE" Pavers available from: Pavestone Company
   Mr. Joey Guedea (800) 245-7283.
6. Pattern as indicated on drawings.
7. Contractor shall submit a "PAVESTONE" Standard Color Sample Board to the Landscape Architect / Owner for color selection prior to placing order.
8. The final color selection shall be made by the Landscape Architect on-site.
9. The Contractor shall construct a sample panel 10'-0" by 10'-0" on-site, at no expense to the Owner, for approval by the Landscape Architect / Owner prior to commencing work.
10. The Landscape Architect reserves the right to reject any and all work executed by the Contractor which does not meet his/her expectations and the Manufacturer's Specifications.
11. The Contractor shall make any modifications required by the Landscape Architect at no expense to the Owner.

## INTEGRAL COLORED CONCRETE NOTES

1. Color shall be integral concrete.
   "Chromix Admixtures" or equal as supplied by:
   L.M. Scofield Company
   1-800-222-4100
2. Contractor shall provide sample standard colors board and installation specifications from L.M. Scofield for review by the Architect and Owner prior to installation.
3. Contractor shall adhere to Manufacturer's Installation Guidelines, Specifications, and other requirements for all Color-Conditioned Concrete installation.
4. It shall be the responsibility of the Contractor to obtain a copy of the Manufacturer's Specifications prior to commencing any work.
5. The architect reserves the right to reject any and all work executed by the Contractor which does nor meet his/her expectations and Manufacturer's Specifications.
6. The Contractor shall construct a sample panel 3'-0" x 3'-0" on site, at no expense to the Owner, for approval by the Architect / Owner prior to commencing work.

## DECOMPOSED GRANITE NOTES

1. Provide Decomposed Granite with 'Stabilizer' Binder additive surfacing as indicated on drawings.
2. Submit representative samples of items specified for approval by Landscape Architect, Architect and Owner.
3. Decomposed Granite base material shall consist of a natural material mix of granite aggregate not to exceed 1/8" diameter in size and various stages of decomposed earth base.
4. Filter Fabric: Fabric shall be 'Mirascape', non-woven needle punched fabric made from polypropylene, non-biodegradable, inert to soil chemicals, acids and alkalines over a pH range of 3 - 12, as manufactured by MIRAFI Inc., or approved equal.
5. 'Stabilizer' Binder additive to be provided by:
   Stabilizer Solutions
   1 (800) 336-2468; www.stabilizersolutions.com
   Blend to be 12 - 16 lbs. of Stabilizer per ton of Decomposed Granite, thoroughly mixed throughout.
6. Provide grade stakes at 10 foot centers to insure grade points indicated on drawings are met. Insure scope of subgrade and finish surface meets cross sections indicated in details.
7. Prepare subgrade by excavating existing material soils to a maximum depth of 4".
8. After excavation, rototill or scarify top 1 inch of subgrade and compact to 95% standard proctor using double drum, single drum or automatic hand tampers.
9. Install filter fabric in bottom of excavation to limits of path.
10. Place four (4) inches of Decomposed Granite with 'Stabilizer' Binder over a dry sub-base. Do not install on wet sub-base. Provide compaction of material to maximum limits with automatic hand tampers in one inch lifts, unless noted otherwise on details. Compact to achieve a tight material matrix.
11. Provide twenty (20) 50 lbs. bags of pre-mixed Decomposed Granite for future use in repair and maintenance.
12. The Contractor shall construct a sample panel 5'-0" x 5'-0" on site, at no expense to the Owner, for approval by the Landscape Architect / Owner prior to commencing work.

## GENERAL LAWN NOTES

1. Fine grade areas to achieve final contours indicated on civil plans.
2. Adjust contours to achieve positive drainage away from buildings. Provide uniform rounding at top and bottom of slopes and other breaks in grade. Correct irregularities and areas where water may stand.
3. All lawn areas to receive solid sod shall be left in a maximum of 1" below final finish grade. Contractor to coordinate operations with on-site Construction Manager.
4. Imported topsoil shall be natural, friable soil from the region, known as bottom and soil, free from lumps, clay, toxic substances, roots, debris, vegetation, stones, containing no salt and black to brown in color.
5. All lawn areas to be fine graded, irrigation trenches completely settled, and finish grade approved by the Owner's Construction Manager or Architect prior to installation.
6. All rocks 3/4" diameter and larger, dirt clods, sticks, concrete spoils, etc. shall be removed prior to placing topsoil and any lawn installation
7. Contractor shall provide (1") one inch of imported topsoil on all areas to receive lawn.

## SOLID SOD NOTES

1. Fine grade areas to achieve final contours indicated. Leave areas to receive topsoil 3" below final desired grade in planting areas and 1" below final grade in turf areas.
2. Adjust contours to achieve positive drainage away from buildings. Provide uniform rounding at top and bottom of slopes and other breaks in grade. Correct irregularities and areas where water may stand.
3. All lawn areas to receive solid sod shall be left in a maximum of 1" below final finish grade. Contractor to coordinate operations with on-site Construction Manager.
4. Contractor to coordinate with on-site Construction Manager for availability of existing topsoil.
5. Plant sod by hand to cover indicated area completely. Insure edges of sod are touching. Top dress joints by hand with topsoil to fill voids.
6. Roll grass areas to achieve a smooth, even surface, free from unnatural undulations.
7. Water sod thoroughly as sod operation progresses.
8. Contractor shall maintain all lawn areas until final acceptance. This shall include, but not limited to: mowing, watering, weeding, cultivating, cleaning and replacing dead or bare areas to keep plants in a vigorous, healthy condition.
9. Contractor shall guarantee establishment of an acceptable turf area and shall provide replacement from local supply if necessary.
10. If installation occurs between September 1 and March 1, all sod areas to be over-seeded with Winter Ryegrass, at a rate of (4) pounds per one thousand (1000) square feet.

## IRRIGATION REPAIR SPECIFICATIONS: IF NEEDED FOR ANY OFF-SITE REPAIRS

1. Contractor shall perform site visit prior to bidding and construction, to review extent of existing irrigation system.
2. Contractor shall be responsible for verifying conditions of existing irrigation system. Contractor shall be responsible for maintaining the integrity of existing irrigation where possible, and if not, repair as needed, including but not limited to irrigation controller, meter, sleeving, etc.

## LAWN REPAIR NOTES: IF NEEDED FOR ANY OFF-SITE REPAIRS

1. All lawn areas damaged during construction to be repaired with solid sod and raked free of debris.
2. Adjust damaged areas to achieve positive drainage away from buildings. Provide uniform rounding at top and bottom of slopes and other breaks in grade. Correct irregularities and areas where water may stand.
3. All areas to be repaired must be planted by hand to cover area completely. Insure edges of sod are touching. Top dress joints by hand with compost to fill voids.
4. Roll repaired areas to achieve a smooth, even surface, free from unnatural undulations.

## LANDSCAPE NOTES

1. Contractor shall verify all existing and proposed site elements and notify Architect of any discrepancies. Survey data of existing conditions was supplied by others.
2. Contractor shall locate all existing underground utilities and notify Architect of any conflicts. Contractor shall exercise caution when working in the vicinity of underground utilities.
3. Contractor is responsible for obtaining all required landscape and irrigation permits.
4. Contractor to provide a minimum 2% slope away from all structures.
5. All planting beds and lawn areas to be separated by steel edging. No steel to be installed adjacent to sidewalks or curbs.
6. All landscape areas to be 100% irrigated with an underground automatic irrigation system and shall include rain and freeze sensors.
7. All lawn areas to be Solid Sod Bermudagrass, unless otherwise noted on the drawings.

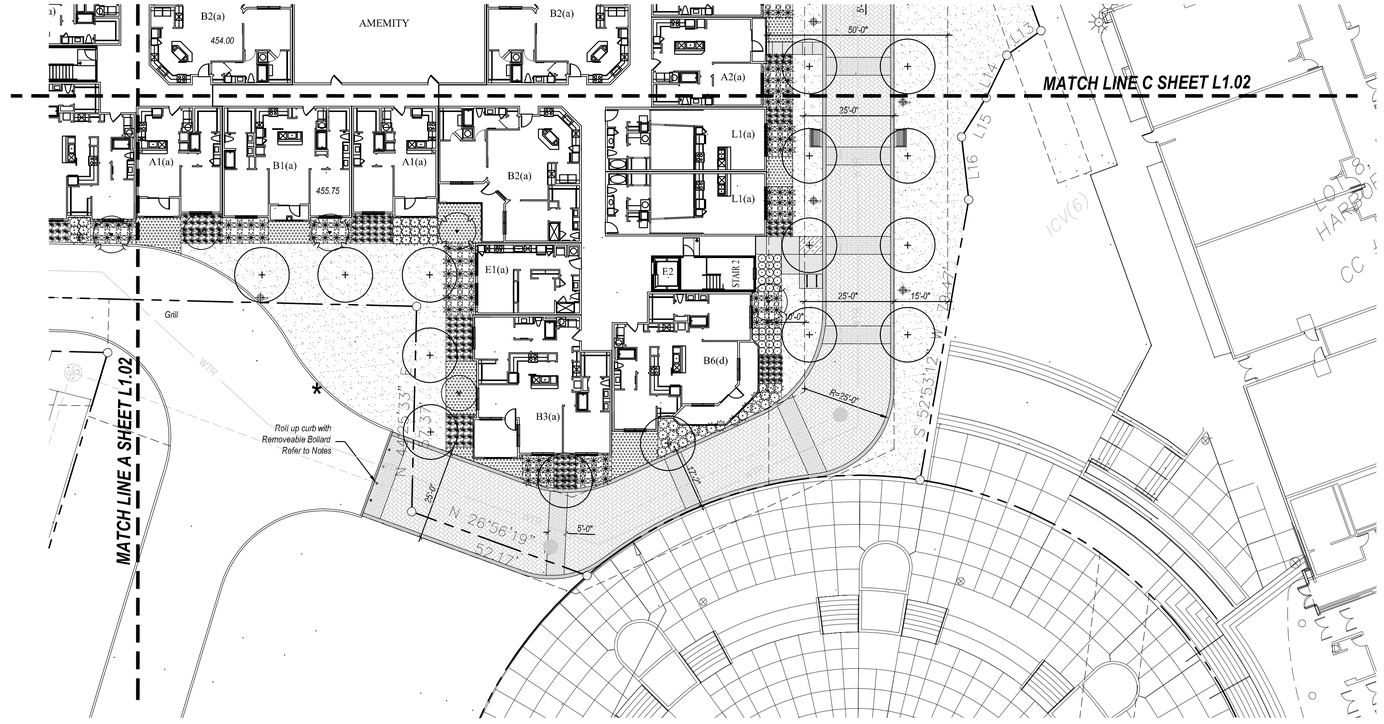
## MAINTENANCE NOTES

1. The Owner, tenant and their agent, if any, shall be jointly and severally responsible for the maintenance of all landscape.
2. All landscape shall be maintained in a neat and orderly manner at all times. This shall include mowing, edging, pruning, fertilizing, watering, weeding and other such activities common to landscape maintenance.
3. All landscape areas shall be kept free of trash, litter, weeds and other such material or plants not part of this plan.
4. All plant material shall be maintained in a healthy and growing condition as is appropriate for the season of the year.
5. All plant material which dies shall be replaced with plant material of equal or better value.
6. Contractor shall provide separate bid proposal for one year's maintenance to begin after final acceptance.

## PLANT LIST

**TREES**

| QTY. | COMMON NAME | BOTANICAL NAME | SIZE | REMARKS |
|---|---|---|---|---|
| 65 | Bald Cypress | *Taxodium distichum* | 4" cal. | container grown, 15' ht., 5' spread min. |
| 36 | Crepe Myrtle 'Dallas Red' | *Lagerstroemia indica 'Dalias Red'* | 2" cal. | container grown, 3-5 cane, no cross caning |
| 42 | Live Oak | *Quercus virginiana* | 4" cal. | container grown, 15' ht. 5' spread min. |
| 9 | Magnolia 'DD Blanchard' | *Magnolia sp. 'DD Blanchard'* | 12' ht. | container grown, full to base |
| 29 | Qcober Glory Red Maple | *Acer sp. 'Ocober Glory'* | 3" cal. | container grown, 13' ht. 4' spread min. |
| 3 | Red Oak 'Shumard' | *Quercus shumardii* | 4" cal. | B&B, 14' ht. 4'-5' spread min. |
| 15 | Redbud | *Cercis canadensis* | 2" cal. | B&B, single trunk, 10' ht. min. |
| 12 | Vitex | *Vitex agnes-castes* | 8' ht. | B&B or container, tree form, 3-5 cane |



**SHRUBS**

| QTY. | COMMON NAME | BOTANICAL NAME | SIZE | REMARKS |
|---|---|---|---|---|
| 67 | Cherry Laurel | *Prunus caroliniana* | 5' ht. | container, full plant, 4' o.c. |
| 157 | Nellie R. Stevens holly | *Ilex sp. 'Nellie R. Stevens'* | 36" ht. | container, full plant, 36" o.c. |
| 360 | Softleaf Yucca | *Yucca recurvifolia* | 5 gal. | container, full plant, 36" o.c. |
| 88 | Switchgrass | *Panicum sp. 'Heavy Metal'* | 3 gal. | container, full top of container, 36" o.c. |
| 126 | Gulf Muhly | *Muhlenbergia capillaris* | 3 gal. | container, full top of container, 30" o.c. |
| 493 | Hamlen Grass | *Pennisetum alepecuroides* | 3 gal. | container, full top of container, 24" o.c. |
| 265 | Salvia 'Furman's Red' | *Salvia greggii 'Furman's Red'* | 5 gal. | container, full plant, 24" o.c. |
| 1053 | Mexican Feathergrass | *Naselia tennuisimma* | 3 gal. | container, full top of container, 18" o.c. |

**GROUNDCOVERS**

| QTY. | COMMON NAME | BOTANICAL NAME | SIZE | REMARKS |
|---|---|---|---|---|
| 2,249 | Berkeley Sedge | *Carex divulsa* | 4" pots | container, full top of container, 12" o.c. |
| 3,124 | Wintercreeper | *Euonymus fortunei coloratus* | 4" pots | container, (3) 12" runners min. 12" o.c. |
| | Common Bermudagrass | *Cyodon dactylon* | roll sod | solid sod, refer to notes |

NOTE: Plant list is an aid to bidders only. Contractor shall verify all quantities on plan. All heights and spreads are minimums. All plant material shall meet or exceed remarks as indicated. All trees to have straight trunks and be matching within varieties.

## SECTION 02900 - LANDSCAPE

## PART 1 - GENERAL

### 1.1 REFERENCED DOCUMENTS

Refer to bidding requirements, special provisions, and schedules for additional requirements.

### 1.2 DESCRIPTION OF WORK

Work included: Furnish all supervision, labor, materials, services, equipment and appliances required to complete the work covered in conjunction with the landscaping covered in these specifications and landscaping plans, including:

1. Planting (trees, shrubs, and grass)
2. Bed preparation and fertilization
3. Notification of sources
4. Water and Maintenance until final acceptance
5. Guarantee

### 1.3 REFERENCE STANDARDS

A. American Standard for Nursery Stock published by American Association of Nurserymen: 27 October 1980, Edition; by American National Standards Institute, Inc. (Z60.1) – plant material.

B. American Joint Committee on Horticultural Nomenclature: 1942 Edition of Standardized Plant Names.

C. Texas Association of Nurserymen, Grades and Standards.

D. Hortis Third, 1976 - Cornell University

### 1.4 NOTIFICATION OF SOURCES AND SUBMITTALS

A. The Contractor shall, within ten (10) days following acceptance of bid, notify the Architect/Owner of the sources of plant materials and bed preparation required for the project.

B. Samples: Provide representative quantities of sandy loam soil, mulch, bed mix material, gravel, and crushed stone. Samples shall be approved by Architect before use on project.

C. Product Data: Submit complete product data and specifications on all other specified materials.

D. Submit three representative samples of each variety of ornamental trees, shrubs, and groundcover plants for Architect's approval. When approved, tag, install, and maintain as representative samples for final installed plant materials.

E. File Certificates of Inspection of plant material by state, county, and federal authorities with Architect, if required.

F. Soil Analysis: Provide sandy loam soil analysis if requested by the Architect.

### JOB CONDITIONS

A. General Contractor to complete the following punch list: Prior to Landscape Contractor initiating any portion of landscape installation, General Contractor shall leave planting bed areas three (3") inches below finish grade of sidewalks, drives and curbs as shown on the drawings. All lawn areas to receive solid sod shall be left one (1") inch below the finish grade of sidewalks, drives, and curbs. All construction debris shall be removed prior to Landscape Contractor beginning any work.

B. General Contractor shall provide topsoil as described in Section 02200 - Earthwork.

C. Storage of materials and equipment at the job site will be at the risk of the Landscape Contractor. The Owner cannot be held responsible for theft or damage.

### 1.6 MAINTENANCE AND GUARANTEE

A. Maintenance:

1. The Landscape Contractor will be held responsible for the maintenance of all work from the time of planting until final acceptance by the Owner. No trees, shrubs, groundcover or grass will be accepted unless they show a healthy growth and satisfactory foliage conditions.
2. Maintenance shall include watering of trees and plants, cultivation, weeding spraying, edging, pruning of trees, mowing of grass, cleaning up and all other work necessary of maintenance.
3. A written notice requesting final inspection and acceptance should be submitted to the Owner at least seven (7) days prior to completion. An on-site inspection by Owner and Landscape Contractor will be completed prior to written acceptance.
4. After final acceptance of installation, the Landscape Contractor will not be required to do any of the above listed work.

B. Guarantee:

1. Trees shall be guaranteed for a twelve (12) month period after acceptance. Shrubs and groundcover shall be guaranteed for twelve (12) months. The Contractor shall replace all dead materials as soon as weather permits and upon notification of the Owner. Plants, including trees, which have partially died so that shape, size, or symmetry has been damaged, shall be considered subject to replacement. In such cases, the opinion of the Owner shall be final.
   a. Plants used for replacement shall be of the same size and kind as those originally planted and shall be planted as originally specified. All work, including materials, labor and equipment used in replacements, shall carry a twelve (12) month guarantee. Any damage, including ruts in lawn or bed areas, incurred as a result of making replacements shall be immediately repaired.
   b. At the direction of the Owner, plants may be replaced at the start of the next year's planting season. In such cases, dead plants shall be removed from the premises immediately.
   c. When plant replacements are made, plants, soil mix, fertilizer and mulch are to be utilized as originally specified and reinspected for full compliance with Contract requirements. All replacements are to be included under "Work" of this section.
2. The Owner agrees that for the guarantee to be effective, he will water plants at least twice a week during dry periods and cultivate beds once a month after final acceptance.
3. The above guarantee shall not apply where plants die after acceptance because of injury from storms, hail, freeze, insects, diseases, injury by humans, machines or theft.
4. Acceptance for all landscape work shall be given after final inspection by the Owner provided the job is in a completed, undamaged condition, and there is a stand of grass in all lawn areas. At this time, the Owner will assume maintenance on the accepted work.

C. Repairs: Any necessary repairs under the Guarantee must be made within ten (10) days after receiving notice, weather permitting, and in the event the Landscape Contractor does not make repairs accordingly, the Owner, without further notice to Contractor, may provide materials and men to make such repairs at the expense of the Landscape Contractor.

### 1.7 QUALITY ASSURANCE

A. General: Comply with applicable Federal, State, County and Local regulations governing landscape materials and work

B. Personnel: Employ only experienced personnel who are familiar with the required work. Provide full time supervision by a qualified foreman acceptable to Landscape Architect.

C. Selection of Plant Material:

1. Make contact with suppliers immediately upon obtaining notice of contract acceptance to select and book materials. Develop a program of maintenance (pruning and fertilization) which will insure the purchased materials will meet and/or exceed project specifications.
2. Landscape Architect will provide a key identifying each tree location on site. Written verification will be required to document material selection, source and delivery schedules to site.
3. Owner and/or Architect shall inspect all plant materials when reasonable at place of growth for compliance with requirements for genus, species, cultivar/variety, size and quality.
4. Owner and/or Architect retains the right to further inspect all plant material upon arrival at the site and during installation for size and condition of root balls, limbs, branching habit, insects, injuries, and latent defects.
5. Owner and/or Architect may reject unsatisfactory or defective material at any time during the process of work. Remove rejected materials from the site immediately. Plants damaged in transit or at job site shall be rejected.

### 1.8 PRODUCT DELIVERY, STORAGE AND HANDLING

A. Preparation:

1. Balled and Burlapped (B&B) Plants: Dig and prepare shipment in a manner that will not damage roots, branches, shape, and future development.
2. Container Grown Plants: Deliver plants in rigid container to hold ball shape and protect root mass.

A. Delivery:

1. Deliver packaged materials in sealed containers showing weight, analysis and name of manufacturer. Protect materials from deterioration during delivery and while stored at site.
2. Deliver only plant materials that can be planted in one day unless adequate storage and watering facilities are available on job site.
3. Protect root balls by heeling in with sawdust or other approved moisture retaining material if not planted within 24 hours of delivery.
4. Protect plants during delivery to prevent damage to root balls or desiccation of leaves. Keep plants moist at all times. Cover all materials during transport.
5. Notify Architect of delivery schedule 72 hours in advance so plant material may be observed upon arrival at job site.
6. Remove rejected plant material immediately from site.
7. To avoid damage or stress, do not lift, move, adjust to plumb, or otherwise manipulate plants by trunk or stems.

## PART 2 - PRODUCTS

### 2.1 PLANTS

A. General: Well-formed No. 1 grade or better nursery grown stock. Listed plant heights are from tops of root balls to nominal tops of plants. Plant spread refers to nominal outer width of the plant, not to the outer leaf tips. Plants will be individually approved by the Architect and his decision as to their acceptability shall be final.

B. Quantities: The drawings and specifications are complimentary. Anything called for on one and not the other is as binding as if shown and called for on both. The plant schedule is an aid to bidders only. Confirm all quantities on plan.

C. Quality and size: Plant materials shall conform to the size given on the plan, and shall be healthy, symmetrical, well-shaped, full branched, and well rooted. The plants shall be free from injurious insects, diseases, injuries to the bark or roots, broken branches, objectionable disfigurements, insect eggs and larvae and are to be of specimen quality.

D. Approval: All plant materials shall be subject to the approval of the Owner. All plants which are found unsuitable in growth, or in any unhealthy, badly shaped, or undersized condition, will be rejected by the Landscape Architect, either before or after planting, and shall be removed at the expense of the Landscape Contractor and replaced with acceptable plants as specified.

E. Trees shall be healthy, full-branched, well-shaped and shall meet the trunk diameter and height requirements of the plant schedule. Balls shall be firm, neat, slightly tapered, and well wrapped in burlap. Any tree loose in the ball or with broken ball at time of planting will be rejected. Balls shall be ten (10") inched in diameter for each one (1") inch of trunk diameter, Measured six (6") inched above ball.
   Nomenclature conforms to the customary nursery usage: for clarification, the term "multi-trunk" defines a plant having three (3) or more trunks of nearly equal diameter.

F. Pruning: All pruning of trees and shrubs, as directed by the Landscape Architect, shall be executed by the Landscape Contractor at no additional cost to the Owner.

### 2.2 SOIL PREPARATION MATERIALS

A. Sandy Loam:

1. Friable, fertile, dark, loamy soil, free of clay lumps, subsoil, stones and other extraneous material and reasonably free of weeds and foreign grasses. Loam containing Dallasgrass or Nutgrass shall be rejected.
2. Physical properties as follows:
   Clay – between 7-27 percent
   Silt – between 15-25 percent
   Sand – less than 52 percent
3. Organic matter shall be 3%-10% of total dry weight.
4. If requested, provide a certified soil analysis conducted by an approved soil testing laboratory verifying that sandy loam meets the above requirements.

B. Organic Material: Compost with a mixture of 80% vegetative matter and 20% animal waste. Ingredients should be a mix of course and fine textured material.

C. Premixed Bedding Soil as supplied by Vital Earth Resources, Gladewater, Texas; Professional Bedding Soil as supplied by Living Earth Technology, Dallas, Texas or Acid Gro Municipal Mix as supplied by Soil Building Systems, Dallas, Texas or approved equal.

D. Sharp Sand: Sharp sand must be free of seeds, soil particles and weeds.

E. Mulch: Double Shredded Hardwood Mulch, partially decomposed, dark brown. Living Earth Technologies or approved equal.

F. Organic Fertilizer: Fertilaid, Sustane, or Green Sense or equal as recommended for required applications. Fertilizer shall be delivered to the site in original unopened containers, each bearing the manufacturer's guaranteed statement of analysis.

A. Commercial Fertilizer: 10-20-10 or similar analysis. Nitrogen source to be a minimum 50% slow release organic Nitrogen (SCU or UF) with a minimum 8% sulphur and 4% iron, plus micronutrients.

B. Peat: Commercial sphagnum peat moss or partially decomposed shredded pine bark or other approved organic material.

### 2.3 MISCELLANEOUS MATERIALS

A. Steel Edging: Shall be Ryerson "Estate Curbing", 1/8" x 4" with stakes 4' on center.

B. Staking Material for Shade Trees:

1. Post: Studded T-Post, #1 Armco with anchor plate; 6'-0" length; paint green.
2. Wire: 12 gauge, single strand, galvanized wire.
3. Rubber hose: 2 ply, fiber reinforced hose, minimum ½ inch inside diameter. Color: Black.

C. Gravel: Washed native pea gravel, graded 1 in. to 1-1/2 in.

D. Filter Fabric: Mirafi 140N by Celanese Fibers Marketing Company, available at Loftland Co., (214) 631-5250 or approved equal.

## PART 3 - EXECUTION

### 3.1 BED PREPARATION & FERTILIZATION

A. Landscape Contractor to inspect all existing conditions and report any deficiencies to the Owner.

B. All planting areas shall be conditioned as follows:

1. Prepare new planting beds by scraping away existing grass and weeds as necessary. Till existing soil to a depth of six (6") inches prior to placing compost and fertilizer. Apply fertilizer as per manufacturers recommendations. Add six (6") inches of compost and till into a depth of six (6") inches of the topsoil. Apply organic fertilizer such as Sustane or Green Sense at the rate of twenty (20) pounds per one thousand (1,000) square feet.
2. All planting areas shall receive a two (2") inch layer of specified mulch.
3. Backfill for tree pits shall be as follows: Use existing top soil on site (use imported topsoil as needed) free from large clumps, rocks, debris, caliche, subsoils, etc., placed in nine (9") inch layers and watered in thoroughly.

C. Grass Areas:

1. Areas to be Solid Sod Bermudagrass: Blocks of sod should be laid joint to joint, (staggered joints) after fertilizing the ground first. Roll grass areas to achieve a smooth, even surface. The joints between the blocks of sod should be filled with topsoil where they are evidently gaped open, then watered thoroughly.
2. Areas to be Hydromulch Common Bermudagrass: Hydromulch with bermudagrass seed at a rate of two (2) pounds per one thousand (1,000) square feet. Use a 4' x 8' batter board against the bed areas.

### 3.2 INSTALLATION

A. Maintenance of plant materials shall begin immediately after each plant is delivered to the site and shall continue until all construction has been satisfactorily accomplished.

B. Plant materials shall be delivered to the site only after the beds are prepared and area ready for planting. All shipments of nursery materials shall be thoroughly protected from the drying winds during transit. All plants which cannot be planted at once, after delivery to the site, shall be well protected against the possibility of drying by wind and sun. Balls of earth of B & B plants shall be kept covered with soil or other acceptable material. All plants remain the property of the Contractor until final acceptance.

C. Position the trees and shrubs in their intended location as per plan.

D. Notify the Landscape Architect for inspection and approval of all positioning of plant materials.

E. Excavate pits with vertical sides and horizontal bottom. Tree pits shall be large enough to permit handling and planting without injury to balls of earth or roots and shall be of such depth that, when planted and settled, the crown of the plant shall bear the same relationship to the finish grade as it did to soil surface in original place of growth.

F. Shrub and tree pits shall be no less than two (2') feet, twenty-four (24") inches, wider than the lateral dimension of earth ball and six (6") inches deeper than if's vertical dimension. Remove and haul from site all rocks and stones over one (1") inch in diameter. Plants should be thoroughly moist before removing containers.

G. Dig a wide, rough sided hole exactly the same depth as the height of the ball, especially at the surface of the ground. The sides of the hole should be rough and jagged, never slick or glazed.

H. Percolation Test: Fill the hole with water. If the water level does not percolate within 24 hours, the tree needs to move to another location or have drainage added. Install a PVC stand pipe per tree planting detail as approved by the Landscape Architect.

I. Backfill only with 5 parts existing soil or sandy loam and 1 part bed preparation. When the hole is dug in solid rock, topsoil from the same area should not be used. Carefully settle by watering to prevent air pockets. Remove the burlap from the top 1/3 of the ball, as well as all nylon, plastic string and wire mesh. Container trees will usually be pot bound, if so follow standard nursery practice of 'root scoring'.

J. Do not wrap trees.

K. Do not over prune.

L. Mulch the top of the ball. Do not plant grass all the way to the trunk of the tree. Leave the area above the top of the ball and mulch with at least two (2") inches of specified mulch.

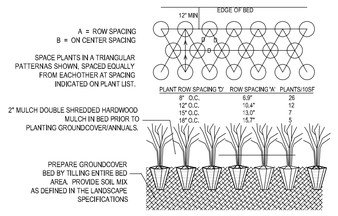
M. All plant beds and trees to be mulched with a minimum settled thickness of two (2") inches over the entire bed or pit.

N. Obstruction below ground: In the event that rock, or underground construction work or obstructions are encountered in any plant pit excavation work to be done under this section, alternate locations may be selected by the Owner. Where locations cannot be changed, the obstructions shall be removed to a depth of not less than three (3') feet below grade and no less than six (6") inches below the bottom of ball when plant is properly set at the required grade. The work of this section shall include the removal from the site of such rock or underground obstructions encountered at the cost of the Landscape Contractor.

O. Trees and large shrubs shall be staked as site conditions require. Position stakes to secure tree against seasonal prevailing winds.

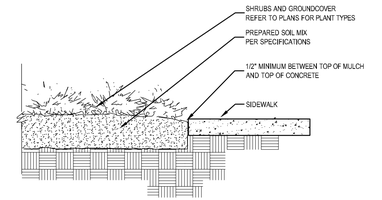
P. Pruning and Mulching: Pruning shall be directed by the Architect and shall be pruned in accordance with standard horticultural practice following Fine Pruning, Class I pruning standards provided by National Arborist Association.

1. Dead wood or suckers and broken badly bruised branches shall be removed. General tipping of the branched is not permitted. Do not cut terminal branches.
2. Pruning shall be done with clean, sharp tools.
3. Immediately after planting operations are completed, all tree pits shall be covered with a layer of organic material two (2") inches in depth. This limit of the organic material



Q. Steel Curbing Installation:

1. Curbing shall be aligned as indicated on plans. Stake out limits of steel curbing and obtain Owners approval prior to installation.
2. All steel curbing shall be free of kinks and abrupt bends.
3. Top of curbing shall be 3/4" maximum height above grade.
1. Stakes are to be installed on the planting bed side of the curbing, as opposed to the grass side.
2. Do not install steel edging along sidewalks.
3. Cut steel edging at 45 degree angle where edging meets sidewalk.



### 3.3 CLEANUP AND ACCEPTANCE

A. Cleanup: During the work, the premises shall be kept neat and orderly at all times. Storage areas for all materials shall be so organized that they, too, are neat and orderly. All trash and debris shall be removed from the site as work progresses. Keep paved areas clean by sweeping or hosing at end of each days work.

MAIN ELECTRICAL GENERAL NOTES:

A. ALL ELECTRICAL INSTALLATIONS MUST COMPLY WITH THE NATIONAL ELECTRICAL CODE AND ALL STATE AND LOCAL CODES. ELECTRICAL SER# ICE TO BE INSTALLED IN COMPLIANCE WITH NEC ARTICLE 230.

B. CONTRACTOR SHALL OBTAIN FAULT CURRENT INFORMATION FROM UTILITY COMPANY AND PERFORM SHORT CIRCUIT CALCULATIONS. SIZE FUSES AND E# UIPMENT A.I.C. RATINGS ACCORDINGLY.

C. CONTRACTOR SHALL INSTALL A SEPARATE E# UIPMENT GROUNDING CONDUCTOR SIZED PER NEC TABLE 250.122 FOR ALL BRANCH CIRCUITS INSTALLED IN NON-METALLIC CONDUITS. METALLIC CONDUITS MAY BE USED AS E# UIPMENT GROUNDING CONDUCTORS PER NEC.

D. CONTRACTOR SHALL # ERIFY ALL WIRE SIZING DUE TO # OLTAGE DROP CAUSED BY IN-FIELD ROUTING # INSTALLATION DISTANCES.

E. SER# ICE ENTRANCE E# UIPMENT SHALL BE GROUNDED WITH A SEPARATE COPPER OR ALUMINUM CONDUCTOR AS INDICATED ON THE DRAWINGS AND PER ARTICLE 250.52(A) OF THE NATIONAL ELECTRICAL CODE. GROUNDING CONDUCTOR SHALL ALSO BE CONNECTED TO A 5/8" DIAMETER # 8'-0" LONG GROUND ROD FOR SUPPLEMENTAL GROUNDING PER NATIONAL ELECTRICAL CODE ARTICLE 250.54.

F. CONTRACTOR IS RESPONSIBLE FOR LABELING ALL PANELS, DISCONNECTS, LIGHTING CONTROLLERS, ETC., AND ALL CIRCUIT BREA# ERS IN THE DISTRIBUTION PANELS PRIOR TO PROJECT COMPLETION. PRO# IDE A TYPED DIRECTORY OF ALL CIRCUITS. BREA# ERS USED FOR SWITCHING SHALL BE RATED ACCORDINGLY.

G. CONTRACTOR SHALL SUPPLY AND INSTALL ALL N.E.C. RE# UIRED E# UIPMENT DISCONNECTS (NOT ALL DISCONNECTS MAY BE SHOWN ON THE DRAWINGS). CONTRACTOR SHALL # ERIFY ALL DISCONNECT SIZING WITH EACH E# UIPMENT NAMEPLATE RATING.

H. CONTRACTOR IS RESPONSIBLE TO SECURE AND PAY FOR ALL PERMITS. CONTRACTOR SHALL COMPLY WITH ALL STATE, LOCAL, AND NATIONAL CODES (E.G., NATIONAL ELECTRICAL CODE). CONTRACTOR SHALL SCHEDULE INSPECTIONS SO JOB PROGRESS IS NOT DELAYED.

I. CONTRACTOR SHALL SUPPLY AND INSTALL ALL E# UIPMENT IN NEW CONDITION AND U.L. LISTED UNLESS NOTED OTHERWISE.

J. CONTRACTOR SHALL MA# E ARRANGEMENTS WITH LOCAL POWER COMPANY FOR THE INSTALLATION OF NEW ELECTRICAL SER# ICE AND METER. INSTALL NEW SER# ICE DISTRIBUTION E# UIPMENT AS SPECIFIED ON ELECTRICAL DRAWINGS.

#. CONTRACTOR SHALL COORDINATE ALL ELECTRICAL WOR# WITH OTHER TRADES AND ARCHITECTURAL DRAWINGS TO ELIMINATE CONFLICTS.

L. PRIOR TO CONSTRUCTION START, CONTRACTOR SHALL SUBMIT SHOP DRAWINGS AND OPERATION MANUALS FOR ALL E# UIPMENT AND ACCESSORIES FOR OWNER APPRO# AL.

M. CONTRACTOR SHALL PERFORM ALL WOR# IN A NEAT AND PROFESSIONAL MANNER.

N. PRO# IDE FLE# IBLE CONDUIT FOR ALL # IBRATING E# UIPMENT. PRO# IDE FLE# IBLE CONDUIT FOR LIGHT FI# TURE CONNECTIONS.

O. CONTRACTOR IS RESPONSIBLE FOR # ERIFYING ELECTRICAL E# UIPMENT INFORMATION WITH MANUFACTURERS. CONTRACTOR SHALL PRO# IDE ANY ADDITIONAL ELECTRICAL CONNECTIONS OR SER# ICES TO E# UIPMENT WHICH ARE NOT SHOWN ON DRAWINGS.

P. ALL PENETRATIONS OF WALL, ROOF, AND CEILINGS TO BE SEALED AS RE# UIRED WITH U.L. APPRO# ED FIRE SEALANT TO MAINTAIN FIRE RATING AS RE# UIRED. ALL ROOF PENETRATIONS, IF APPLICABLE, ARE TO BE COORDINATED WITH THE OWNER'S DESIGNATED ROOFING CONTRACTOR.

#. ELECTRICAL E# UIPMENT E# POSED TO WEATHER CONDITIONS SHALL BE WEATHERPROOF TYPE. CONDUIT E# POSED TO WEATHER CONDITIONS OR IN CONTACT WITH CONCRETE SHALL BE POLY# INYL CHLORIDE (P# C) OR GAL# ANIZED HEA# Y WALL STEEL (GRC).

R. ALL E# TERIOR RECEPTACLES SHALL BE WEATHER RESISTANT AS WELL AS WEATHERPROOF PER NEC 406.9.

S. CONTRACTOR SHALL SUBMIT AS-BUILT DRAWINGS TO THE OWNER IF INSTALLATION # ARIES FROM THE CONTRACT DRAWINGS.

T. ANY CONDUIT AND WIRE SIZES SHOWN ARE MINIMUMS. CONTRACTOR SHALL INCREASE SIZES (DUE TO # OLTAGE DROP, # UANTITY OF CURRENT CARRYING CONDUCTORS IN THE SAME CONDUIT/RACEWAY, ETC.) AS RE# UIRED BY THE N.E.C.

U. IG DE# ICES (IF APPLICABLE): CONTRACTOR SHALL INSTALL AN ADDITIONAL CONDUCTOR FOR ISOLATED GROUND CIRCUITS TO SUPPLY CONDUCTORS FOR ISOLATED GROUNDING PURPOSES. SAID GROUNDING CONDUCTOR SHALL BE CO# ERED WITH A CONTINUOUS OUTER FINISH THAT IS GREEN WITH ONE OR MORE YELLOW STRIPES. THE GROUNDING CONDUCTORS SHALL BE BONDED TO FRAME OF DE# ICE AND RUN IN CONDUIT BAC# TO /CENTRAL# GROUNDING BLOC# (S) AT SER# ICE DISTRIBUTION E# UIPMENT.

#. ROOFTOP E# UIPMENT (IF APPLICABLE): CONTRACTOR SHALL INSTALL A WEATHERPROOF DISCONNECT FOR EACH UNIT. CONDUITS SHALL ENTER THE UNDERSIDE OF EACH H# AC UNIT FROM WITHIN THE CURBED AREA FOR THAT UNIT (THEREBY A# OIDING PENETRATIONS THROUGH THE ROOF MEMBRANE). IF J-BO# IS USED FOR SUPPLYING POWER TO MULTIPLE UNITS, THE J-BO# MUST BE LOCATED WITHIN 25 FEET OF EACH UNIT'S DISCONNECT PER THE NE.C. ARTICLE 240.21(B)(2). CONTRACTOR SHALL SUPPLY AND INSTALL A 120 # AC WEATHERPROOF GFCI RECEPTACLE WITHIN 25'-0" OF EACH UNIT.

W. ALL CONTRACTORS, PRIOR TO BID SUBMISSION PROCESS, SHALL # ISIT PROPOSED WOR# SITE AND FIELD # ERIFY ALL E# ISTING CONDITIONS. ANY CONDITIONS THAT DIFFER FROM THAT SHOWN ON THIS PLAN SHALL BE REPORTED TO THE ARCHITECT/ENGINEER SO THAT NEW AND RE# ISED BID DRAWINGS OR INFORMATION MAY BE ISSUED. MODIFICATIONS TO SCOPE OF WOR# WHICH RESULT FROM CONTRACTORS NEGLECT TO # ISIT THE SITE PRIOR TO BID SUBMISSION SHALL BE CONTRACTOR'S SOLE RESPONSIBILITY.

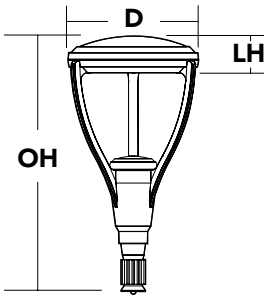
## LED Area Luminaire

Catalog Number



Notes

Type

*Hit the Tab key or mouse over the page to see all interactive elements.*

## Specifications

| | |
|---|---|
| **EPA:** | 1.125 ft² *(0.105 m²)* |
| **Luminaire Height:** | 6-3/8″ *(16.2 cm)* |
| **Overall Height:** | 32″ *(81.3 cm)* |
| **Diameter:** | 18″ *(45.7 cm)* |
| **Weight (max):** | 37.5 lbs *(17 kg)* |

## A+ Capable Luminaire

This item is an A+ capable luminaire, which has been designed and tested to provide consistent color appearance and system-level interoperability.

- All configurations of this luminaire meet the Acuity Brands' specification for chromatic consistency
- This luminaire is A+ Certified when ordered with DTL® controls marked by a shaded background. DTL DLL equipped luminaires meet the A+ specification for luminaire to photocontrol interoperability1
- This luminaire is part of an A+ Certified solution for ROAM® or XPoint™ Wireless control networks, providing out-of-the-box control compatibility with simple commissioning, when ordered with drivers and control options marked by a shaded background[1]

To learn more about A+, visit www.acuitybrands.com/aplus.

1. See ordering tree for details.
2. A+ Certified Solutions for ROAM require the order of one ROAM node per luminaire. Sold Separately: Link to Roam; Link to DTL DLL

A+ Capable options indicated by this color background.

## Ordering Information

# Ordering Information

## Accessories

*Ordered and shipped separately.*

| | |
|---|---|
| DLL127F 1.5 JU | Photocell - SSL twist-lock (120-277V) [8] |
| DLL347F 1.5 CUL JU | Photocell - SSL twist-lock (347V) [8] |
| DLL480F 1.5 CUL JU | Photocell - SSL twist-lock (480V) [8] |
| DSHORT SBK U | Shorting cap [8] |
| MRPT20 DDBXD U | 2-3/8" tenon slipfitter (specify finish) |
| MRPT25 DDBXD U | 2-7/8" tenon slipfitter (specify finish) |
| MRPT30 DDBXD U | 3-1/2" tenon slipfitter (specify finish) |
| MRPT35 DDBXD U | 4" tenon slipfitter (specify finish) |
| MRPF3 DDBXD U | 3" OD round pole adapter (specify finish) |
| MRPF5 DDBXD U | 5" OD round pole adapter (specify finish) [2] |

*For more control options, visit DTL and ROAM online.*

**NOTES**

1. MVOLT driver operates on any line voltage from 120-277V (50/60 Hz).
2. Single fuse (SF) requires 120V, 277V or 347V. Double fuse (DF) requires 208V, 240V or 480V.
3. Also available as a separate accessory; see Accessories information at left.
4. Maximum pole wall thickness is 0.156".
5. If ROAM® node required, it must be ordered and shipped as a separate line item from Acuity Brands Controls.
6. Requires an additional switched line.
7. Dimming driver standard. Not available with 347V, 480V, SF, DF, PER5 or PER7.
8. Requires luminaire to be specified with PER option. Ordered and shipped as a separate line item.

# Performance Data

## Lumen Output

Lumen values are from photometric tests performed in accordance with IESNA LM-79-08. Data is considered to be representative of the configurations shown, within the tolerances allowed by Lighting Facts. Contact factory for performance data on any configurations not shown here.

| LEDs | Drive Current (mA) | System Watts | Dist. Type | 30K | | | | | 40K | | | | | 50K | | | | |

*Futureproof means: Ability to change controls in the future.

## Lumen Ambient Temperature (LAT) Multipliers

Use these factors to determine relative lumen output for average ambient temperatures from 0-40°C (32-104°F).

| Ambient | | Lumen Multiplier |
|---|---|---|
| 0°C | 32°F | 1.06 |
| 10°C | 50°F | 1.04 |
| 20°C | 68°F | 1.01 |
| **25°C** | **77°F** | **1.00** |
| 30°C | 86°F | 0.99 |
| 40°C | 104°F | 0.96 |

## Projected LED Lumen Maintenance

Data references the extrapolated performance projections for the **MRP LED 42C 700** platform in a **25°C ambient**, based on 10,000 hours of LED testing (tested per IESNA LM-80-08 and projected per IESNA TM-21-11).

To calculate LLF, use the lumen maintenance factor that corresponds to the desired number of operating hours below. For other lumen maintenance values, contact factory.

| Operating Hours | 0 | 25,000 | 50,000 | 100,000 |
|---|---|---|---|---|
| Lumen Maintenance Factor | 1.0 | 0.96 | 0.92 | 0.85 |

## FEATURES & SPECIFICATIONS

**INTENDED USE**
Streets, walkways, parking lots and surrounding areas.

**CONSTRUCTION**
Single-piece die-cast aluminum housing with nominal wall thickness of .012". Die-cast top access doorframe has impact-resistant, tempered glass lens (3/16" thick). Doorframe is fully gasketed with one-piece tubular silicone.

**FINISH**
Exterior parts are protected by a zinc-infused Super Durable TGIC thermoset powder coat finish that provides superior resistance to corrosion and weathering. A tightly controlled multi-stage process ensures a minimum 3 mils thickness for a finish that can withstand extreme climate changes without cracking or peeling. Standard Super Durable colors include dark bronze, black, natural aluminum and white. Available in textured and non-textured finishes.

**OPTICS**
Precision acrylic refractive optics for optimum light distribution through the flat glass lens. Light engines are available in standard 3000K (70 CRI) or optional 4000K (70 CRI) or 5000K (70 CRI) configurations.

**ELECTRICAL**
Light engine consists of 42 high-efficacy LEDs mounted to a metal-core circuit board and aluminum heat sink, ensuring optimal thermal management and long life. Class 1 electronic driver has a power factor >90%, THD <20%, and has an expected life of 100,000 hours with <1% failure rate. Easily-serviceable surge protection device meets a minimum Category C Low for operation (per ANSI/IEEE C62.41.2).

**INSTALLATION**
Standard post-top mounting configuration fits into a 4" OD open pole top (round pole only). Multiple options and accessories are available for other mounting needs.

**LISTINGS**
CSA certified to U.S. and Canadian standards. Luminaire is IP65 rated. Rated for -40°C minimum ambient. **U.S. Patent No. D556,357.**

**WARRANTY**
5-year limited warranty. Complete warranty terms located at:
www.acuitybrands.com/CustomerResources/Terms_and_conditions.aspx.

**Note:** Actual performance may differ as a result of end-user environment and application. All values are design or typical values, measured under laboratory conditions at 25 °C. Specifications subject to change without notice.

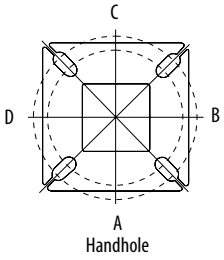
| KMA8 DDBXD U | Mast arm mounting bracket adaptor (specify finish) [8] |

*For more control options, visit DTL and ROAM online.*

**NOTES**



1 P10, P11, P12 or P13 and rotated optics (L90, R90) only available together.
2 AMBPC is not available with BLC, LCCO, RCCO or P4, P7, P8, P9 or P13.
3 Not available with HS.
4 MVOLT driver operates on any line voltage from 120-277V (50/60 Hz).
5 Any PIRx with BL30, BL50 or PNMT, is not available with 208V, 240V, 347V, 480V or MVOLT. It is only available in 120V or 277V specified.
6 Single fuse (SF) requires 120V, 277V or 347V. Double fuse (DF) requires 208V, 240V or 480V.
7 Not available in P1 or P10. Not available with BL30, BL50 or PNMT options.
8 Existing drilled pole only. Available as a separate combination accessory; for retrofit use only: PUMBA (finish) U; 1.5 G vibration load rating per ANCI C136.31.
9 Must order fixture with SPA option. Must be ordered as a separate accessory; see Accessories information. For use with 2-3/8" mast arm (not included).
10 Must be ordered with PIRHN.
11 Photocell ordered and shipped as a separate line item from Acuity Brands Controls. See accessories. Not available with DS option. Shorting cap included.
12 If ROAM® node required, it must be ordered and shipped as a separate line item from Acuity Brands Controls. Not available with DCR. Node with integral dimming. Shorting cap included.
13 Provides 50/50fixture operation via (2) independent drivers. Not available with PER, PER5, PER7, PIR or PIRH. Not available P1, P2, P3, P4 or P5.
14 Requires (2) separately switched circuits.
15 Reference Motion Sensor table on page 3.
16 Reference PER table on page 3 to see functionality.
17 Must be ordered with NLTAIR2. For more information on nLight Air 2 visit this link.
18 Not available with 347V, 480V, PNMT, DS. For PER5 or PER7, see PER Table on page 3. Requires isolated neutral.
19 Not available with 347V, 480V, DS, BL30, BL50. For PER5 or PER7, see PER Table on page 3. Separate Dusk to Dawn required.
20 Not available with other dimming controls options
21 Not available with BLC, LCCO and RCCO distribution. Also available as a separate accessory; see Accessories information.
22 Must be ordered with fixture for factory pre-drilling.
23 Requires luminaire to be specified with PER, PER5 or PER7 option. See PER Table on page 3.
24 For retrofit use only.

# Performance Data

## Lumen Ambient Temperature (LAT) Multipliers

Use these factors to determine relative lumen output for average ambient temperatures from 0-40°C (32-104°F).

| Ambient | | Lumen Multiplier |
|---|---|---|
| 0°C | 32°F | 1.04 |
| 5°C | 41°F | 1.04 |
| 10°C | 50°F | 1.03 |
| 15°C | 50°F | 1.02 |
| 20°C | 68°F | 1.01 |
| **25°C** | **77°F** | **1.00** |
| 30°C | 86°F | 0.99 |
| 35°C | 95°F | 0.98 |
| 40°C | 104°F | 0.97 |

## Projected LED Lumen Maintenance

Data references the extrapolated performance projections for the platforms noted in a **25°C ambient**, based on 10,000 hours of LED testing (tested per IESNA LM-80-08 and projected per IESNA TM-21-11).

To calculate LLF, use the lumen maintenance factor that corresponds to the desired number of operating hours below. For other lumen maintenance values, contact factory.

| Operating Hours | 0 | 25000 | 50000 | 100000 |
|---|---|---|---|---|
| Lumen Maintenance Factor | 1.00 | 0.96 | 0.92 | 0.85 |

# Performance Data

## Lumen Output

Lumen values are from photometric tests performed in accordance with IESNA LM-79-08. Data is considered to be representative of the configurations shown, within the tolerances allowed by Lighting Facts. Contact factory for performance data on any configurations not shown here.

# Performance Data

## Lumen Output

Lumen values are from photometric tests performed in accordance with IESNA LM-79-08. Data is considered to be representative of the configurations shown, within the tolerances allowed by Lighting Facts. Contact factory for performance data on any configurations not shown here.

## FEATURES & SPECIFICATIONS

**INTENDED USE**
The sleek design of the D-Series Size 1 reflects the embedded high performance LED technology. It is ideal for many commercial and municipal applications, such as parking lots, plazas, campuses, and streetscapes.

**CONSTRUCTION**
Single-piece die-cast aluminum housing has integral heat sink fins to optimize thermal management through conductive and convective cooling. Modular design allows for ease of maintenance and future light engine upgrades. The LED drivers are mounted in direct contact with the casting to promote low operating temperature and long life. Housing is completely sealed against moisture and environmental contaminants (IP65). Low EPA (1.01 $ft^2$) for optimized pole wind loading.

**FINISH**
Exterior parts are protected by a zinc-infused Super Durable TGIC thermoset powder coat finish that provides superior resistance to corrosion and weathering. A tightly controlled multi-stage process ensures a minimum 3 mils thickness for a finish that can withstand extreme climate changes without cracking or peeling. Available in both textured and non-textured finishes.

**OPTICS**
Precision-molded proprietary acrylic lenses are engineered for superior area lighting distribution, uniformity, and pole spacing. Light engines are available in standard 3000 K, 4000 K and 5000 K (70 CRI) configurations. The D-Series Size 1 has zero uplight and qualifies as a Nighttime Friendly™ product, meaning it is consistent with the LEED® and Green Globes™ criteria for eliminating wasteful uplight.

**ELECTRICAL**
Light engine configurations consist of high-efficacy LEDs mounted to metal-core circuit boards to maximize heat dissipation and promote long life (up to L85/100,000 hours at 25°C). Class 1 electronic drivers are designed to have a power factor >90%, THD <20%, and an expected life of 100,000 hours with <1% failure rate. Easily serviceable 10kV surge protection device meets a minimum Category C Low operation (per ANSI/IEEE C62.41.2).

**INSTALLATION**
Included mounting block and integral arm facilitate quick and easy installation. Stainless steel bolts fasten the mounting block securely to poles and walls, enabling the D-Series Size 1 to withstand up to a 3.0 G vibration load rating per ANSI C136.31. The D-Series Size 1 utilizes the AERIS™ series pole drilling pattern (template #8). Optional terminal block and NEMA photocontrol receptacle are also available.

**LISTINGS**
UL Listed for wet locations. Light engines are IP66 rated; luminaire is IP65 rated. Rated for -40°C minimum ambient. U.S. Patent No. D672,492 S. International patent pending.

DesignLights Consortium® (DLC) Premium qualified product and DLC qualified product. Not all versions of this product may be DLC Premium qualified or DLC qualified. Please check the DLC Qualified Products List at www.designlights.org/QPL to confirm which versions are qualified.

International Dark-Sky Association (IDA) Fixture Seal of Approval (FSA) is available for all products on this page utilizing 3000K color temperature only.

**WARRANTY**
5-year limited warranty. Complete warranty terms located at:
www.acuitybrands.com/CustomerResources/Terms_and_conditions.aspx

**Note:** Actual performance may differ as a result of end-user environment and application. All values are design or typical values, measured under laboratory conditions at 25 °C. Specifications subject to change without notice.

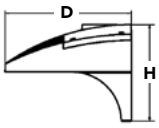
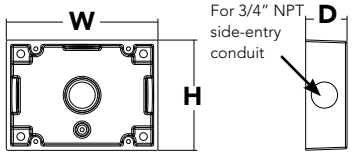
## Specifications



### Luminaire



| | | | |
|---|---|---|---|
| **Width:** | 18-1/2" (47.0 cm) | **Weight:** | 21 lbs (9.5 kg) |
| **Depth:** | 10" (25.4 cm) | | |
| **Height:** | 7-5/8" (19.4 cm) | | |

### Back Box (BBW)

| | | | |
|---|---|---|---|
| **Width:** | 5-1/2" (14.0 cm) | **BBW Weight:** | 1 lbs (0.5 kg) |
| **Depth:** | 1-1/2" (3.8 cm) | | |
| **Height:** | 4" (10.2 cm) | | |

A+ Capable options indicated by this color background.

## A+ Capable Luminaire

This item is an A+ capable luminaire, which has been designed and tested to provide consistent color appearance and system-level interoperability.

- All configurations of this luminaire meet the Acuity Brands' specification for chromatic consistency
- This luminaire is A+ Certified when ordered with DTL® controls marked by a shaded background. DTL DLL equipped luminaires meet the A+ specification for luminaire to photocontrol interoperability1
- This luminaire is part of an A+ Certified solution for ROAM® or XPoint™ Wireless control networks, providing out-of-the-box control compatibility with simple commissioning, when ordered with drivers and control options marked by a shaded background[1]

To learn more about A+, visit www.acuitybrands.com/aplus.

1. See ordering tree for details.
2. A+ Certified Solutions for ROAM require the order of one ROAM node per luminaire. Sold Separately: Link to Roam; Link to DTL DLL

## Ordering Information

### Accessories

*Ordered and shipped separately.*

| | |
|---|---|
| DLL127F 1.5 JU | Photocell - SSL twist-lock (120-277V) [14] |
| DLL347F 1.5 CUL JU | Photocell - SSL twist-lock (347V) [14] |
| DLL480F 1.5 CUL JU | Photocell - SSL twist-lock (480V) [14] |
| DSHORT SBK U | Shorting cap (Included when ordering PER, PER5 or PER7) [14] |
| DSXWHS U | House-side shield (one per light engine) |
| DSXWBSW U | Bird-deterrent spikes |
| DSXW2WG U | Wire guard accessory |
| DSXW2VG U | Vandal guard accessory |
| DSXW2BBW DDBXD U | Back box accessory (specify finish) |

*For more control options, visit DTL and ROAM online.*

**NOTES**

1 1000mA is not available with AMBPC.
2 AMBPC is not available with 1000mA.
3 MVOLT driver operates on any line voltage from 120-277V (50/60 Hz).
4 Single fuse (SF) requires 120, 277 or 347 voltage option. Double fuse (DF) requires 208, 240 or 480 voltage option.
5 Available with 30 LED/700mA options only (DSXW2 LED 30C 700). DMG option not available.
6 Also available as a separate accessory; see Accessories information.
7 Photocontrol (PE) requires 120, 208, 240, 277 or 347 voltage option. Not available with motion/ambient light sensors (PIR or PIRH).
8 Photocell ordered and shipped as a separate line item from Acuity Brands Controls. See accessories. Shorting Cap included.
9 If ROAM® node required, it must be ordered and shipped as a separate line item from Acuity Brands Controls. Shorting Cap included.
10 Reference Motion Sensor table on page 3.
11 Reference PER Table on page 3 for functionality.
12 PIR and PIR1FC3V specify the SensorSwitch SBGR-10-ODP control; PIRH and PIRH1FC3V specify the SensorSwitch SBGR-6-ODP control; see Motion Sensor Guide for details. Dimming driver standard. Not available with PER5 or PER7. Separate on/off required.
13 See the electrical section on page 2 for more details.
14 Requires luminaire to be specified with PER option. Ordered and shipped as a separate line item. See PER Table.

## Performance Data

### Lumen Output

Lumen values are from photometric tests performed in accordance with IESNA LM-79-08. Data is considered to be representative of the configurations shown, within the tolerances allowed by Lighting Facts. Contact factory for performance data on any configurations not shown here.

# Performance Data

## Lumen Ambient Temperature (LAT) Multipliers

Use these factors to determine relative lumen output for average ambient temperatures from 0-40°C (32-104°F).

| Ambient | | Lumen Multiplier |
|---|---|---|
| 0°C | 32°F | 1.02 |
| 10°C | 50°F | 1.01 |
| 20°C | 68°F | 1.00 |
| **25°C** | **77°F** | **1.00** |
| 30°C | 86°F | 1.00 |
| 40°C | 104°F | 0.98 |

## Electrical Load

| | | | Current (A) | | | | | |
|---|---|---|---|---|---|---|---|---|
| LEDs | Drive Current (mA) | System Watts | 120V | 208V | 240V | 277V | 347V | 480V |
| 20C | 350 | 25 W | 0.23 | 0.13 | 0.12 | 0.10 | - | - |
| | 530 | 36 W | 0.33 | 0.19 | 0.17 | 0.14 | - | - |
| | 700 | 47 W | 0.44 | 0.25 | 0.22 | 0.19 | - | - |
| | 1000 | 74 W | 0.68 | 0.39 | 0.34 | 0.29 | - | - |
| 30C | 350 | 36 W | 0.33 | 0.19 | 0.17 | 0.14 | - | - |
| | 530 | 54 W | 0.50 | 0.29 | 0.25 | 0.22 | - | - |
| | 700 | 71 W | 0.66 | 0.38 | 0.33 | 0.28 | 0.23 | 0.16 |
| | 1000 | 109 W | 1.01 | 0.58 | 0.50 | 0.44 | - | - |

## Projected LED Lumen Maintenance

Data references the extrapolated performance projections for the **DSXW2 LED 30C 1000** platform in a **25°C ambient**, based on 10,000 hours of LED testing (tested per IESNA LM-80-08 and projected per IESNA TM-21-11).

To calculate LLF, use the lumen maintenance factor that corresponds to the desired number of operating hours below. For other lumen maintenance values, contact factory.

| Operating Hours | 0 | 25,000 | 50,000 | 100,000 |
|---|---|---|---|---|
| Lumen Maintenance Factor | 1.0 | 0.95 | 0.92 | 0.87 |

| Motion Sensor Default Settings | | | | | | |
|---|---|---|---|---|---|---|
| Option | Dimmed State | High Level (when triggered) | Photocell Operation | Dwell Time | Ramp-up Time | Ramp-down Time |
| *PIR or PIRH | 3V (37%) Output | 10V (100%) Output | Enabled @ 5FC | 5 min | 3 sec | 5 min |
| PIR1FC3V or PIRH1FC3V | 3V (37%) Output | 10V (100%) Output | Enabled @ 1FC | 5 min | 3 sec | 5 min |

*for use with Inline Dusk to Dawn or timer

## PER Table

## FEATURES & SPECIFICATIONS

### INTENDED USE

The energy savings, long life and easy-to-install design of the D-Series Wall Size 2 make it the smart choice for building-mounted doorway and pathway illumination for nearly any facility.

### CONSTRUCTION

Two-piece die-cast aluminum housing has integral heat sink fins to optimize thermal management through conductive and convective cooling. Modular design allows for ease of maintenance. The LED driver is mounted to the door to thermally isolate it from the light engines for low operating temperature and long life. Housing is completely sealed against moisture and environmental contaminants (IP65).

### FINISH

Exterior parts are protected by a zinc-infused Super Durable TGIC thermoset powder coat finish that provides superior resistance to corrosion and weathering. A tightly controlled multi-stage process ensures a minimum 3 mils thickness for a finish that can withstand extreme climate changes without cracking or peeling. Available in textured and non-textured finishes.

### OPTICS

Precision-molded proprietary acrylic lenses provide multiple photometric distributions tailored specifically to building mounted applications. Light engines are available in 3000 K (70 min. CRI), 4000 K (70 min. CRI) or 5000 K (70 min. CRI) configurations.

### ELECTRICAL

Light engine(s) consist of 10 high-efficacy LEDs mounted to a metal-core circuit board to maximize heat dissipation and promote long life (L87/100,000 hrs at 25°C). Class 1 electronic drivers have a power factor >90%, THD <20%, and a minimum 2.5KV surge rating. When ordering the SPD option, a separate surge protection device is installed within the luminaire which meets a minimum Category C Low (per ANSI/IEEE C62.41.2).

### INSTALLATION

Included universal mounting bracket attaches securely to any 4" round or square outlet box for quick and easy installation. Luminaire has a slotted gasket wireway and attaches to the mounting bracket via corrosion-resistant screws.

### LISTINGS

CSA certified to U.S. and Canadian standards. Rated for -40°C minimum ambient.

DesignLights Consortium® (DLC) qualified product. Not all versions of this product may be DLC qualified. Please check the DLC Qualified Products List at www.designlights.org to confirm which versions are qualified.

### WARRANTY

Five-year limited warranty. Complete warranty terms located at www.acuitybrands.com/CustomerResources/Terms_and_conditions.aspx.

**Note:** Actual performance may differ as a result of end-user environment and application. All values are design or typical values, measured under laboratory conditions at 25 °C. Specifications subject to change without notice.

# AGENDA
## PLANNING AND ZONING COMMISSION WORK SESSION
## City Hall, 385 South Goliad, Rockwall, Texas
## Council Chambers
## January 29, 2019
## 6:00 P.M.

**CALL TO ORDER**

***CONSENT AGENDA***

1. **P2019-002** (David)
   Consider a request by Gerald Houser of Collin-G Properties, LTD for the approval of a replat for Lot 2, Block A, Houser Addition being a 6.19-acre parcel of land identified Lot 1, Block A, Houser Addition, City of Rockwall, Rockwall County, Texas, zoned Heavy Commercial (HC) District, situated within the SH-276 Overlay (SH-276 OV) District, addressed as 1611 SH-276, and take any action necessary.

2. **P2019-003** (David)
   Consider a request by Maria C. Bonilla of Winkelmann & Associates, Inc. on behalf of Jill Fisher of Dunhill Partners, Inc. for the approval of a replat for Lot 2, Block B, R. W. Marketcenter Addition being a replat of a 21.424-acre parcel identified as Lot 1A, Block B, R. W. Marketcenter Addition, City of Rockwall, Rockwall County, Texas, zoned Commercial (C) District, situated within the IH-30 Overlay (IH-30 OV) District, situated at the southwest corner of Market Center Drive and the E. IH-30 Frontage Road, and take any action necessary.

3. **P2019-004** (David)
   Consider a request by Tony Degelia of A & W Surveyors on behalf of Michael Fisher for the approval of a replat for Lot 7, Block A, Temunovic Addition being a 1.082-acre parcel of land identified as Lot 6, Block A, Temunovic Addition, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 9 (PD-9) for General Retail (GR) District, situated within the Scenic Overlay (SOV) District, addressed as 1306 Summer Lee Drive, and take any action necessary.

***APPOINTMENTS***

4. Appointment with Architectural Review Board representative to receive the Board's recommendations and comments for items on the agenda requiring architectural review.

***PUBLIC HEARING ITEMS***

5. **Z2018-056** (Korey)
   Hold a public hearing to discuss and consider a request by Tom Jones on behalf of Shanon Thomas of Rockwall Friendship Baptist Church for the approval of a zoning change from an Agricultural (AG) District to a Light Industrial (LI) District for a 6.03-acre tract of land being identified as Tract 2-4 of the D. Harr Survey, Abstract No. 102, City of Rockwall, Rockwall County, Texas, zoned Agricultural (AG) District, situated within the SH-205 By-Pass Overlay (SH-205 BY OV) District, located east of the intersection of Justin Road and John King Boulevard, and take any action necessary.

***ACTION ITEMS***

6. **MIS2019-002** (Korey)
   Discuss and consider a miscellaneous request by Reubin E. Harle for the approval of a masonry exception for the purpose of constructing an accessory building that does not meet the minimum masonry requirements stipulated by the Unified Development Code (UDC) on a 4.632-acre parcel of land identified as Lot 5R, Block A, Zion Addition, City of Rockwall, Rockwall County, Texas, zoned Single-Family One (SF-1) District, addressed as 825 Zion Hills Circle, and take any action necessary.

***DISCUSSION ITEMS***

7. **Z2019-001** (Ryan)
   Hold a public hearing to discuss and consider approval of a text amendment to Article IV, *Permissible Uses*, and Article V, *District Development Standards*, of the Unified Development Code [*Ordinance No. 04-38*] for the purpose of incorporating standards for a *Barn or Agricultural Accessory Building* and to amend the land use conditions for the *Guest Quarters/Secondary Living Unit* land use, and take any action necessary.

8. **Z2019-002** **(David)**
   Hold a public hearing to discuss and consider a request by Mark W. Pross of Pross Design Group, Inc. on behalf of Carolina Molina of Alvaplast US (SPR Packaging) for the approval of a Specific Use Permit (SUP) for a structure that exceeds 60-feet in a Light Industrial (LI) District on a 42.61-acre tract of land identified as Tract 7 of the N. Butler Survey, Abstract No. 20 (*11.3736-acres*); Tract 31 of the R. Ballard Survey, Abstract No. 29 (*8.197-acres*); and, Lot 1-01, Block 1, Indalloy Addition (*14.53-acres*), City of Rockwall, Rockwall County, Texas, zoned Light Industrial (LI) District, situated at the terminus of Aluminum Plant Road, and take any action necessary.

9. **SP2019-001** **(Korey)**
   Discuss and consider a request by Reese Baez of Triton General Contractors on behalf of Kevin Lefere for the approval of a site plan for a medical office building on a 0.26-acre portion of a larger one (1) acre tract of land identified as Block 26 of the Garner Addition, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 50 (PD-50) for Residential-Office (RO) District land uses, situated within the North Goliad Corridor Overlay (NGC OV) District, located north of the northwest corner of the intersection of W. Heath Street and S. Goliad Street [SH-205], and take any action necessary.

10. **SP2019-002** **(Korey)**
    Discuss and consider a request by Chuck Vickers of T & C Main Street Holdings, LLC for the approval of a site plan for an office building on a 0.50-acre parcel of land identified as Block 80B of the B. F. Boydston Addition, City of Rockwall, Rockwall County, Texas, zoned Residential-Office (RO) District, addressed as 108 St. Mary's Street, and take any action necessary.

11. **SP2019-003** **(Korey)**
    Discuss and consider a request by Matt Moore of ClayMoore Engineering, Inc. for the approval of a site plan for a multi-tenant office/warehouse complex on a 7.52-acre portion of a larger 9.76-acre tract of land identified as Lot 18 and the south portion of Lot 19, Rainbow Acres Addition, City of Rockwall, Rockwall County, Texas, zoned Commercial (C) District, addressed as 407 Ranch Trail, and take any action necessary.

12. Director's Report of post Council meeting outcomes of Planning & Zoning cases **(Ryan)**.

- ✓ P2018-047: Preliminary Plat for Breezy Hill, Phase XII [*Approved*]
- ✓ Z2018-049: SUP for an Animal Shelter for 1700 E. SH-66 (*2nd Reading*) [*Approved*]
- ✓ Z2018-050: SUP for a Covered Patio in the Take-Line for 5808 Constellation Circle (*1st Reading*) [*Withdrawn*]
- ✓ Z2018-055: SUP for a Mini-Warehouse Facility on Ridge Road (*1st Reading*) [*Denied*]
- ✓ Z2018-057: Amendment to Planned Development District 57 (PD-57) (*1st Reading*) [*Approved*]
- ✓ Z2018-058: SUP for a Craft Winery and Commercial/Amusement Outdoors (*1st Reading*) [*Postponed to the February 4, 2019 Meeting*]
- ✓ Z2018-059: Zoning Change (SFE-2.0 to SFE-1.5) for 1085 Dalton Road (*1st Reading*) [*Approved*]
- ✓ SP2018-043: Waiver for Marina Village Condominiums [*Approved*]

## ADJOURNMENT

This facility is wheelchair accessible and accessible parking spaces are available. Request for accommodations or interpretive services must be made 48 hours prior to this meeting. Please contact the City Secretary's Office at (972) 772-6406 for further information.

I, Laura Morales, Planning and Zoning Coordinator for the City of Rockwall, Texas, do hereby certify that this Agenda was posted at City Hall, in a place readily accessible to the general public at all times, on the 25th day of January 2019 at 5:00 p.m., and remained so posted for at least 72 continuous hours preceding the scheduled time of said meeting.

# CITY OF ROCKWALL
## PLANNING AND ZONING COMMISSION MEMO

**AGENDA DATE:** 01/29/2019

**APPLICANT:** Gerald Houser of *Collin-G Properties, LTD*

**AGENDA ITEM:** **P2019-002;** *Lot 2, Block A*, *Houser Addition*

---

**SUMMARY:**

Consider a request by Gerald Houser of Collin-G Properties, LTD for the approval of a replat for Lot 2, Block A, Houser Addition being a 6.19-acre parcel of land identified Lot 1, Block A, Houser Addition, City of Rockwall, Rockwall County, Texas, zoned Heavy Commercial (HC) District, situated within the SH-276 Overlay (SH-276 OV) District, addressed as 1611 SH-276, and take any action necessary.

**PLAT INFORMATION:**

☑ The objective of this request is to replat a 6.19-acre tract of land [*i.e. Lot 1, Block A, Houser Addition*] for the purpose of the replat is to establishing firelane, public access & utility easements to construct an office building. Additionally, the replat will abandon a portion of a 15-ft utility easement that is located on the southern and western property boundaries. The subject property is addressed as 1611 SH-276, and zoned Heavy Commercial (HC) District.

☑ On October 11, 2016, the Planning and Zoning Commission approved a site plan [*i.e. SP2016-022*] for the subject property. Additionally, the City Council approved variances and exceptions associated with the site plan on October 27, 2016.

☑ The surveyor has completed the majority of the technical revisions requested by staff, and this plat, conforming to the requirements for a *replat* as stated in the *Subdivision Ordinance* in the *Municipal Code of Ordinances*, is recommended for conditional approval pending the completion of final technical modifications and submittal requirements.

☑ Conditional approval of this plat by the City Council shall constitute approval subject to the conditions stipulated in the *Recommendation* section below.

☑ With the exception of the items listed in the *Recommendation* section of this case memo, this plat is in substantial compliance with the requirements of the *Subdivision Ordinance* in the *Municipal Code of Ordinances*.

**RECOMMENDATIONS:**

If the Planning and Zoning Commission and City Council choose to approve the replat for *Lot 2, Block A, Houser Addition*, staff would recommend the following conditions:

1) All technical comments from the Engineering, Planning and Fire Departments shall be addressed prior to the filing of this plat.

2) Any construction resulting from the approval of this *replat* shall conform to the requirements set forth by the Unified Development Code, the International Building Code, the Rockwall Municipal Code of Ordinances, city adopted engineering and fire codes and with all other applicable regulatory requirements administered and/or enforced by the state and federal government.

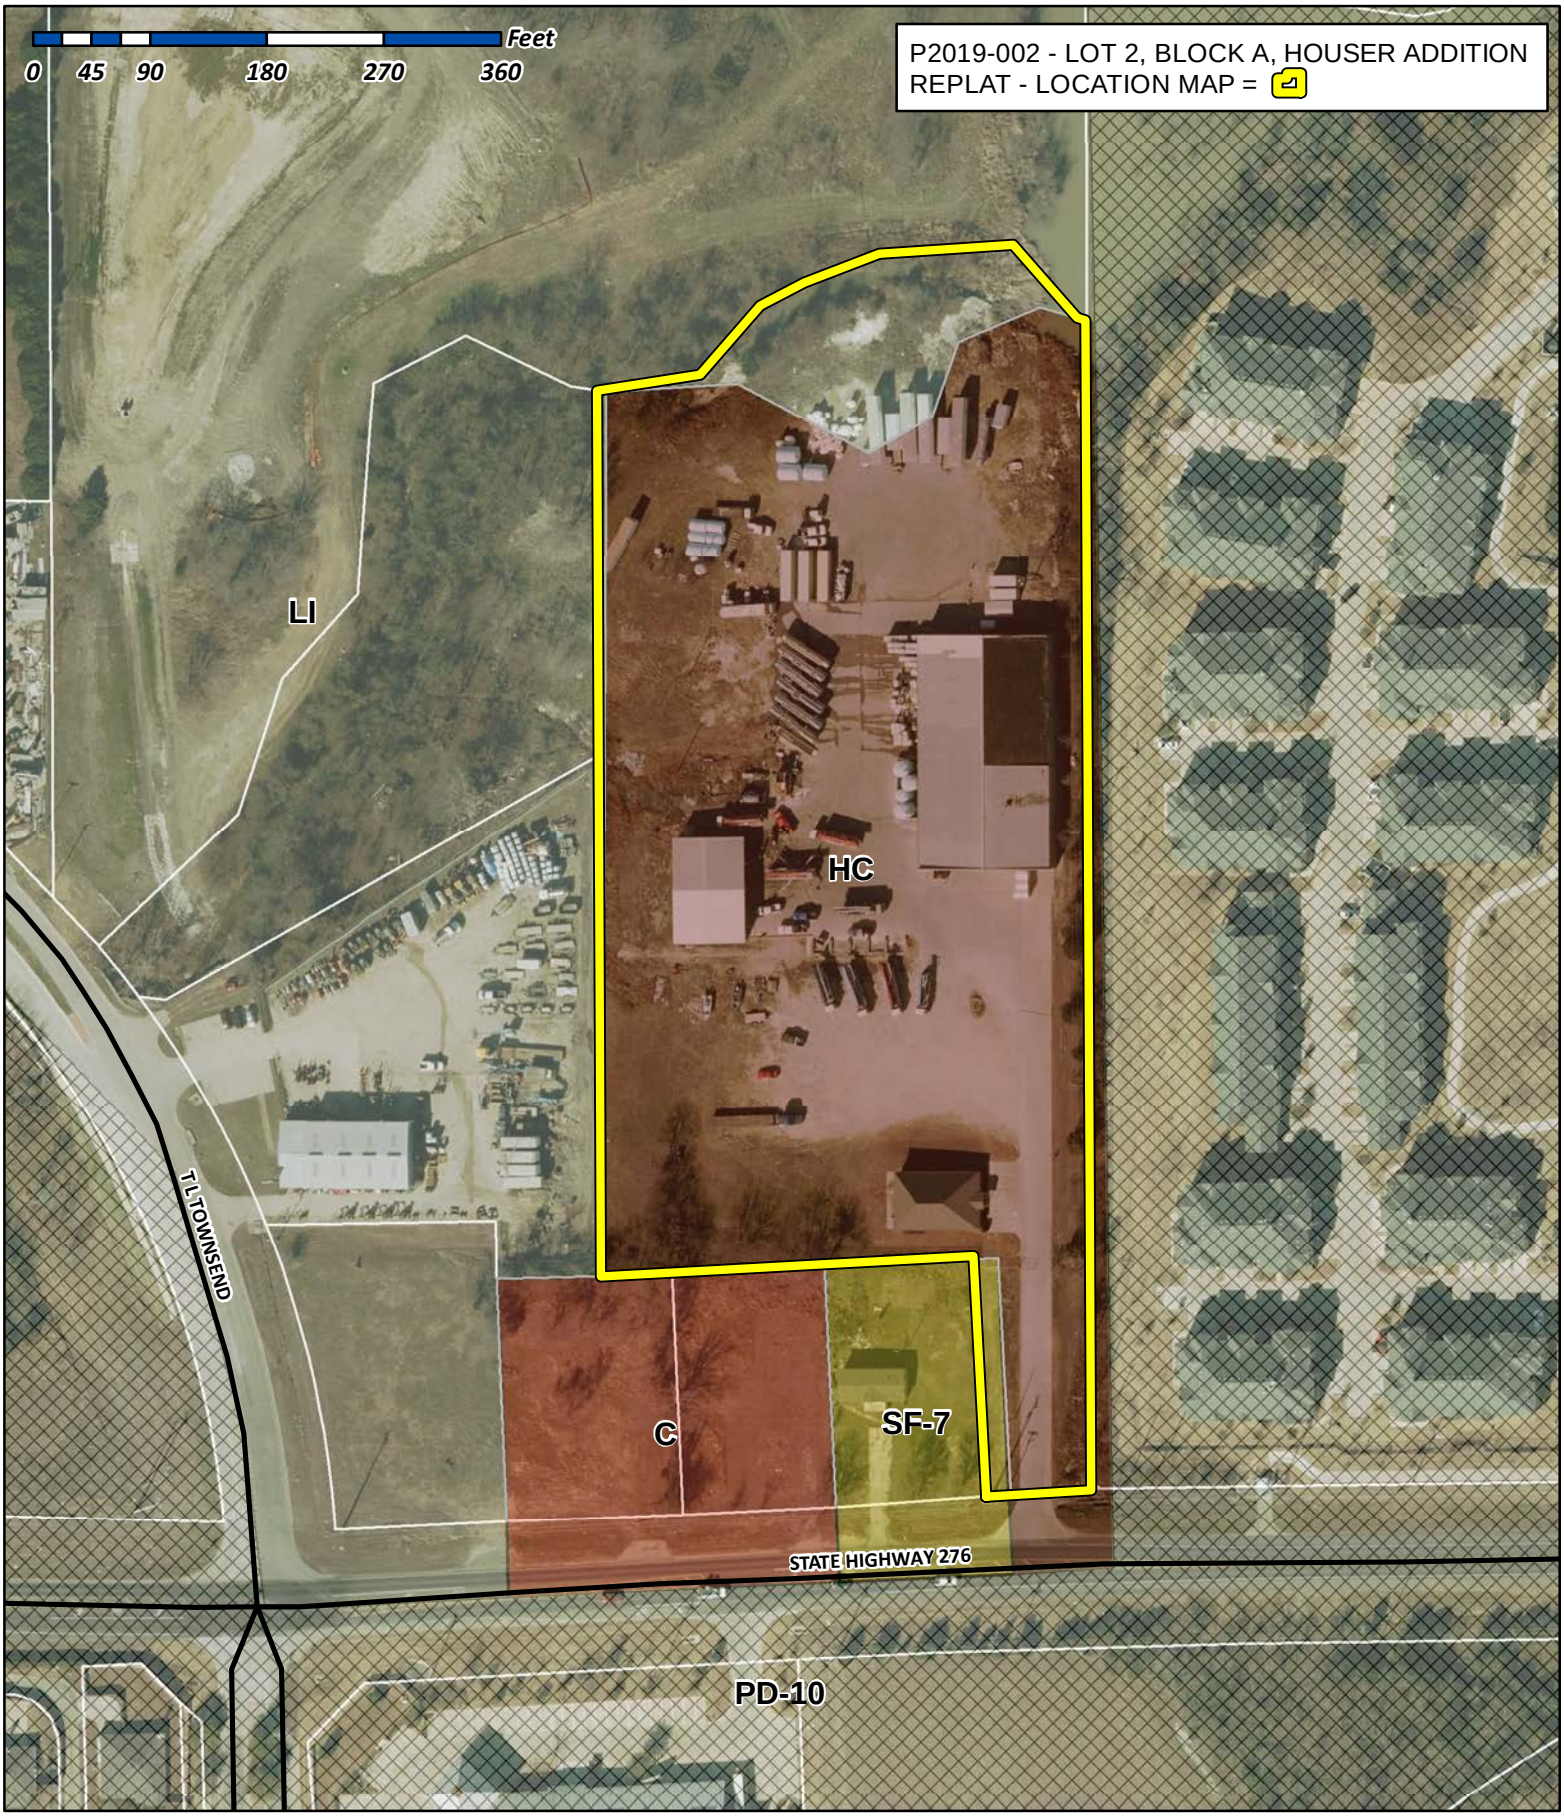
Consider a request by Gerald Houser of Collin-G Properties, LTD for the approval of a replat for Lot2, Block A, Houser Addition being a 6.19-acre parcel of land identified Lot 1, Block A, Houser Addition, City of Rockwall, Rockwall County, Texas, zoned Heavy Commercial (HC) District, situated within the SH-276 Overlay (SH-276 OV) District, addressed as 1611 SH-276, and take any action necessary.

PLANNING COMMENTS - DAVID GONZALES - 01.24.2019

The following staff comments are to be addressed and resubmitted no later than Tuesday January 5, 2019. Please provide two large copies [FOLDED 18" X 24"] and one PDF version for a subsequent/final review by staff:

1. The final plat shall conform to all standards and requirements of the Unified Development Code(UDC), the staff comments provided by the Planning, Engineering, Building Inspection, and Fire Departments as indicated on the Project Plan Review document.
2. Provide a label indicating "Case No. P2019-002" on the lower right corner on all pages of the revised final plat submittal.
3. Include a label on platted lot that identifies the name of the subdivision [i.e. Houser Addition] and to be located above 'Lot 2, Block A'.
4. Correct lot number on plat and title block to indicate "Lot 2" [do not use Lot 1R].
5. Correct Title Block heading as follows:
Final Plat
Houser Addition
Lot 2, Block A
etc.....
Being a replat of Lot 1, Block A, Houser Addition...etc...
6. Relabel firelane as "24-ft Firelane, Public Access, Drainage and Utility Easements" as appropriate.
7. Change all 2018 year dates to '2019'.



**As a note and once the plat has been approved by the Planning and Zoning Commission and City Council, all staff comments are to be addressed and all revisions resubmitted and approved (by staff) prior to plat submittal on mylar for filing purposes. **

Although this case is scheduled for consent, staff recommends that a representative be present for the meetings as listed below. If you have any questions regarding this case, please feel free to contact David Gonzales, AICP with the Planning Department at 972-771-7745.

Scheduled Meeting Dates to Attend:

Planning - Consent Agenda: January 29, 2019 (Tuesday at 6:00p.m.)

City Council - Consent Agenda: February 4, 2019 (Monday at 6:00 p.m.)

## OWNERS DEDICATION

NOW, THEREFORE, KNOW ALL MEN BY THESE PRESENTS:

STATE OF TEXAS}
COUNTY OF ROCKWALL}

I the undersigned owner of the land shown on this plat, and designated herein as COLLIN-G PROPERTIES, LTD., to the City of Rockwall, Texas, and whose name is subscribed hereto, hereby dedicate to the use of the public forever all streets, alleys, parks, water courses, drains, easements and public places thereon shown on the purpose and consideration therein expressed. I understand and do hereby reserve the easement strips shown on this plat for the purposes stated and for the mutual use and accommodation of all utilities desiring to use or using same. I also understand the following;

1. No buildings shall be constructed or placed upon, over, or across the utility easements as described herein.

2. Any public utility shall have the right to remove and keep removed all or part of any buildings, fences, trees, shrubs, or other growths or improvements which in any way endanger or interfere with construction, maintenance or efficiency of their respective system on any of these easement strips; and any public utility shall at all times have the right of ingress or egress to, from and upon the said easement strips for purpose of construction, reconstruction, inspecting, patrolling, maintaining, and either adding to or removing all or part of their respective system without the necessity of, at any time, procuring the permission of anyone.

3. The City of Rockwall will not be responsible for any claims of any nature resulting from or occasioned by the establishment of grade of streets in the subdivision.

4. The developer and subdivision engineer shall bear total responsibility for storm drain improvements.

5. The developer shall be responsible for the necessary facilities to provide drainage patterns and drainage controls such that properties within the drainage area are not adversely affected by storm drainage from the development.

6. No house dwelling unit, or other structure shall be constructed on any lot in this addition by the owner or any other person until the developer and/or owner has complied with all requirements of the Subdivision Regulations of the City of Rockwall regarding improvements with respect to the entire block on the street or streets on which property abuts, including the actual installation of streets with the required base and paving, curb and gutter, water and sewer, drainage structures, storm structures, storm sewers, and alleys, all according to the specifications of the City of Rockwall; or until an escrow deposit, sufficient to pay for the cost of such improvements, as determined by the city's engineer and/or city administrator, computed on a private commercial rate basis, has been made with the city secretary, accompanied by an agreement signed by the developer and/or owner, authorizing the city to make such improvements at prevailing private commercial rates, or have the same made by a contractor and pay for the same out of the escrow deposit, should the developer and/or owner fail or refuse to install the required improvements within the time stated in such written agreement, but in no case shall the City be obligated to make such improvements itself. Such deposit may be used by the owner and/or developer as progress payments as the work progresses in making such improvements by making certified requisitions to the city secretary, supported by evidence of work done; or until the developer and/or owner files a corporate surety bond with the city secretary in a sum equal to the cost of such improvements for the designated area, guaranteeing the installation thereof within the time stated in the bond, which time shall be fixed by the city council of the City of Rockwall.

7. The Property Owner is responsible for all maintenance , repair , and replacement of storm drain / detention facilities in easements.

We further acknowledge that the dedications and/or exaction's made herein are proportional to the impact of the Addition upon the public services required in order that the development will comport with the present and future growth needs of the City; we, our successors and assigns hereby waive any claim, damage, or cause of action that we may have as a result of the dedication of exactions made herein.

# CITY OF ROCKWALL
## PLANNING AND ZONING COMMISSION MEMO

**AGENDA DATE:** 01/29/2019

**APPLICANT:** Maria C. Bonilla of *Winkelmann & Associates, Inc.*

**AGENDA ITEM:** **P2019-003;** *Lot 2, Block B*, *R.W. Marketcenter Addition*

---

**SUMMARY:**

Consider a request by Maria C. Bonilla of Winkelmann & Associates, Inc. on behalf of Jill Fisher of Dunhill Partners, Inc. for the approval of a replat for Lot 2, Block B, R. W. Marketcenter Addition being a replat of a 21.424-acre parcel identified as Lot 1A, Block B, R. W. Marketcenter Addition, City of Rockwall, Rockwall County, Texas, zoned Commercial (C) District, situated within the IH-30 Overlay (IH-30 OV) District, situated at the southwest corner of Market Center Drive and the E. IH-30 Frontage Road, and take any action necessary.

**PLAT INFORMATION:**

- ☑ The objective of this request is to replat a 21.424-acre tract of land [*i.e. Lot 1A, Block B, R. W. Marketcenter Addition*] for the purpose of the replat is to abandoning a portion of an existing firelane, access & utility easement and realigning the easement to accommodate the expansion of an existing Bath and Beyond retail store [*i.e. SP2018-034*]. The site is located on the southeastern portion of the lot, adjacent to Ralph Hall Parkway and Market Center Drive, and is zoned Commercial (C) District.

- ☑ The surveyor has completed the majority of the technical revisions requested by staff, and this plat, conforming to the requirements for a *replat* as stated in the *Subdivision Ordinance* in the *Municipal Code of Ordinances*, is recommended for conditional approval pending the completion of final technical modifications and submittal requirements.

- ☑ Conditional approval of this plat by the City Council shall constitute approval subject to the conditions stipulated in the *Recommendation* section below.

- ☑ With the exception of the items listed in the *Recommendation* section of this case memo, this plat is in substantial compliance with the requirements of the *Subdivision Ordinance* in the *Municipal Code of Ordinances*.

**RECOMMENDATIONS:**

If the Planning and Zoning Commission and City Council choose to approve the replat for *Lot 2, Block B, Marketcenter Addition*, staff would recommend the following conditions:

1) All technical comments from the Engineering, Planning and Fire Departments shall be addressed prior to the filing of this plat.

2) Any construction resulting from the approval of this *replat* shall conform to the requirements set forth by the Unified Development Code, the International Building Code, the Rockwall Municipal Code of Ordinances, city adopted engineering and fire codes and with all other applicable regulatory requirements administered and/or enforced by the state and federal government.

**STATE OF TEXAS §**
**COUNTY OF ROCKWALL §**

WHEREAS, ROCKWALL DUNHILL, LLC being the owner of a tract of land in the County of Rockwall, State of Texas, said tract being described as follows:

BEING a tract of land situated in the JAMES SMITH SURVEY, ABSTRACT No. 200, and the E. P. GAINES SURVEY, ABSTRACT NO. 64, in the City of Rockwall, Rockwall County, Texas, being all of Lot 1A, Block B, R W Marketcenter Addition, an addition to the City of Rockwall, Rockwall County, Texas, according to the Plat thereof recorded in Cabinet D, Page 134, Official Public Records of Rockwall County, Texas, and all of a tract of land described in Warranty Deed with Vendor's Lien to R W Marketplace Associates, Ltd. as recorded in Volume 1522, Page 279, Official Public Records, Rockwall County, Texas, said tract being more particularly described as follows:

BEGINNING at a 1/2-inch iron rod with red plastic cap stamped "W.A.I. 5714" found for the Northwest corner of said Lot 1A and the Northeast corner of Church on the Rock Addition, an addition to the City of Rockwall, Rockwall County, Texas, according to the Plat thereof recorded in Cabinet B, Slide 84, Official Public Records of Rockwall County, Texas, on the Southeast right-of-way of Interstate Highway 30, a variable width right-of-way;

THENCE North 70 deg 01 min 20 sec East, with the Southeast right-of-way of said Interstate Highway 30 and the Northwest line of said Lot 1A, a distance of 413.30 feet to a 1/2-inch iron rod with red plastic cap stamped "W.A.I. 5714" found for corner at the Northwest end of a corner clip at the intersection of the Southeast right-of-way of said Interstate Highway 30 and the West right-of-way for Market Center Drive, a 60-foot right-of-way, as established by Home Depot-Rockwall Addition, an addition to the City of Rockwall, Rockwall County, Texas, according to the Plat thereof recorded in Cabinet D, Page 57, Official Public Records of Rockwall County, Texas:

THENCE South 64 deg 52 min 32 sec East, along said corner clip, a distance of 21.18 feet to a 1/2-inch iron rod with red plastic cap stamped "W.A.I. 5714" found for corner at the Southeast end of said corner clip on the West right-of-way of said Market Center Drive;

THENCE in a Southeasterly direction with the Southwest right-of-way of said Market Center Drive and the Northeast lines of said Lot 1A, the following courses and distances:

South 19 deg 46 min 24 sec East, a distance of 136.46 feet to a 1/2-inch iron rod with plastic cap stamped "W.A.I. 5714" set for corner, said point being the beginning of a curve to the left having a radius of 630.00 feet, a central angle of 64 deg 32 min 45 sec, a chord bearing of South 52 deg 02 min 46 sec East, and a chord length of 672.78 feet;

Along said curve to the left, an arc distance of 709.72, to a 1/2-inch iron rod with red plastic cap stamped "W.A.I. 5714" set for, said point being the beginning of a curve to the right having a radius of 570.00 feet, a central angle of 38 deg 22 min 10 sec, a chord bearing of South 65 deg 08 min 03 sec East, and a chord length of 374.62 feet;

Along said curve to the right, an arc distance of 381.71 feet to a 1/2-inch iron rod with red plastic cap stamped "W.A.I. 5714" found for corner;

South 45 deg 56 min 58 sec East, a distance of 91.50 feet to a 1/2-inch iron rod with red plastic cap stamped "W.A.I. 5714" found for corner at the North end of a corner clip at the intersection of the West right-of-way with the Northwest right-of-way of Ralph M. Hall Parkway, an 85-foot right-of-way, as established by Plat of said Home Depot-Rockwall Addition;

THENCE South 01 deg 13 min 41 sec East, along said corner clip, a distance of 21.32 feet to an "X" cut in concrete found for corner on the Northwest right-of-way of said Ralph M. Hall Parkway;

THENCE South 43 deg 29 min 37 sec West, along the Northwest right-of-way of said Ralph M. Hall Parkway and the Southeast line of said Lot 1A, a distance of 1,010.21 feet to an "X" cut in concrete found for the Southwest corner of said Lot 1A on the Northeast line of said Church on the Rock Addition;

THENCE North 29 deg 26 min 15 sec West, along the Southwest line of said Lot 1A and the Northeast line of said Church on the Rock Addition, a distance of 521.68 feet to an "X" cut in concrete found for the Southeast corner of said R W Marketplace Associates tract, said point being the beginning of a curve to the left having a radius of 190.00 feet, a central angle of 11 deg 41 min 18 sec, a chord bearing of North 35 deg 16 min 54 sec West, and a chord length of 38.69 feet;

THENCE along the Southwest lines of said R W Marketplace Associates tract, the following courses and distances:

Along said curve to the left, an arc distance of 38.76 feet, to a 1/2-inch iron rod with red plastic cap stamped "W.A.I. 5714" set for corner;

North 41 deg 07 min 33 sec West, a distance of 94.02 feet to a 1/2-inch iron rod with red plastic cap stamped "W.A.I. 5714" set for corner, said point being the beginning of a curve to the right having a radius of 210.00 feet, a central angle of 11 deg 25 min 32 sec, a chord bearing of North 35 deg 24 min 47 sec West, and a chord length of 41.81 feet;

Along said curve to the right, an arc distance of 41.88 feet, to a 1/2-inch iron rod with red plastic cap stamped "W.A.I. 5714" set for corner from which a 5/8-inch iron rod with plastic cap stamped "KHA" found bears North 02 deg 49 min 56 sec West, a distance of 0.62 feet;

North 29 deg 42 min 01 sec West, a distance of 227.00 feet to a 1/2-inch iron rod with red plastic cap stamped "W.A.I. 5714" set for corner, said point being the beginning of a curve to the right having a radius of 210.00 feet, a central angle of 30 deg 23 min 48 sec, a chord bearing of North 14 deg 30 min 06 sec West, and a chord length of 110.11 feet;

Along said curve to the right, an arc distance of 111.41 feet to a 1/2-inch iron rod with red plastic cap stamped "W.A.I. 5714" found for the Northwest corner of said R W Marketplace Associates tract;

THENCE North 29 deg 26 min 15 sec West, along the Southwest line of said Lot 1A and the Northeast line of said Church on the Rock Addition, a distance of 282.69 feet to a 1/2-inch iron rod with plastic cap stamped "W.A.I. 5714" set for corner from which a 1/2-inch iron rod found bears North 31 deg 07 min 53 sec East, a distance of 0.75 feet;

THENCE North 11 deg 50 min 36 sec West, along the Southwest line of said Lot 1A and the Northeast line of said Church on the Rock Addition, a distance of 249.84 feet to the POINT OF BEGINNING.

CONTAINING within these metes and bounds 933,244 square feet or 21.424 acres of land, more or less.

Bearings shown hereon are based upon an on-the-ground Survey performed in the field on the 22nd day of August, 2013, utilizing the Southeast line of Lot 1A, Block B, R W Marketcenter Addition, an addition to the City of Rockwall, Rockwall County, Texas, according to the Plat thereof recorded in Cabinet D, Page 134, Official Public Records of Rockwall County, Texas.

**NOW, THEREFORE, KNOW ALL MEN BY THESE PRESENTS:**

**STATE OF TEXAS §**
**COUNTY OF ROCKWALL §**

We the undersigned owner(s) of the land shown on this plat, and designated herein as the **R W MARKETCENTER ADDITION**, Lots 1A-R, Block B, subdivision to the City of Rockwall, Texas, and whose name is subscribed hereto, hereby dedicate to the use of the public forever all streets, alleys, parks, watercourses, drains, easements and public places thereon shown on the purpose and consideration therein expressed. We further certify that all other parties who have a mortgage or lien interest in the R W Marketcenter Addition subdivision have been notified and signed this plat.

We understand and do hereby reserve the easement strips shown on this plat for the purposes stated and for the mutual use and accommodation of all utilities desiring to use or using same. We also understand the following;

1. No buildings shall be constructed or placed upon, over, or across the utility easements as described herein.

2. Any public utility shall have the right to remove and keep removed all or part of any buildings, fences, trees, shrubs, or other growths or improvements which in any way endanger or interfere with construction, maintenance or efficiency of their respective system on any of these easement strips; and any public utility shall at all times have the right of ingress or egress to, from and upon the said easement strips for purpose of construction, reconstruction, inspecting, patrolling, maintaining, and either adding to or removing all or
part of their respective system without the necessity of, at any time, procuring the permission of anyone.

3. The City of Rockwall will not be responsible for any claims of any nature resulting from or occasioned by the establishment of grade of streets in the subdivision.

4. The developer and subdivision engineer shall bear total responsibility for storm drain improvements.

5. The developer shall be responsible for the necessary facilities to provide drainage patterns and drainage controls such that properties within the drainage area are not adversely affected by storm drainage from the development.

6. No house dwelling unit, or other structure shall be constructed on any lot in this addition by the owner or any other person until the developer and/or owner has complied with all requirements of the Subdivision Regulations of the City of Rockwall regarding improvements with respect to the entire block on the street or streets on which property abuts, including the actual installation of streets with the required base and paving, curb and gutter, water and sewer, drainage structures, storm structures, storm sewers, and alleys, all according to the specifications of the City of Rockwall; or

7. All detention systems to be maintained and repaired by property owner.

Until an escrow deposit, sufficient to pay for the cost of such improvements, as determined by the city's engineer and/or city administrator, computed on a private commercial rate basis, has been made with the city secretary, accompanied by an agreement signed by the developer and/or owner, authorizing the city to make such improvements at prevailing private commercial rates, or have the same made by a contractor and pay for the same out of the escrow deposit, should the developer and/or owner fail or refuse to install the required
improvements within the time stated in such written agreement, but in no case shall the City be obligated to make such improvements itself. Such deposit may be used by the owner and/or developer as progress payments as the work progresses in making such improvements by making certified requisitions to the city secretary, supported by evidence of work done; or

Until the developer and/or owner files a corporate surety bond with the city secretary in a sum equal to the cost of such improvements for the designated area, guaranteeing the installation thereof within the time stated in the bond, which time shall be fixed by the city council of the City of Rockwall.

We further acknowledge that the dedications and/or exaction's made herein are proportional to the impact of the Subdivision upon the public services required in order that the development will comport with the present and future growth needs of the City; We, our successors and assigns hereby waive any claim, damage, or cause of action that We may have as a result of the dedication of exactions made herein.

# CITY OF ROCKWALL
## PLANNING AND ZONING COMMISSION MEMO

**AGENDA DATE:** 01/29/2019

**APPLICANT:** Tony Degeli of *A & W Surveyors.*

**AGENDA ITEM:** **P2019-004;** *Lot 7, Block A*, *Temunovic Addition*

---

**SUMMARY:**

Consider a request by Tony Degeli of A & W Surveyors on behalf of Michael Fisher for the approval of a replat for Lot 7, Block A, Temunovic Addition being a 1.082-acre parcel of land identified as Lot 6, Block A, Temunovic Addition, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 9 (PD-9) for General Retail (GR) District, situated within the Scenic Overlay (SOV) District, addressed as 1306 Summer Lee Drive, and take any action necessary.

**PLAT INFORMATION:**

- ☑ The objective of this request is to replat a 1.082-acre tract of land [*i.e. Lot 6, Block A, Temunovic Addition*] for the purpose of establishing firelane, public access, drainage & utility easements to allow for the construction of a medical office building. The subject property is situated within the Scenic Overlay (SOV) District, addressed as 1306 Summer Lee Drive, and zoned Planned Development District 9 (PD-9) for General Retail (GR) District land uses.

- ☑ A Specific Use Permit (SUP) [*i.e*. *Ordinance No. 17-52, S-175*] was approved by the City Council on October 2, 2017 allowing for a structure to exceed 36-feet in height within the Scenic Overlay District (SOV).

- ☑ A site plan [*i.e. SP2017-023*] was approved by the Planning and Zoning Commission on September 26, 2017.

- ☑ The surveyor has completed the majority of the technical revisions requested by staff, and this plat, conforming to the requirements for a *replat* as stated in the *Subdivision Ordinance* in the *Municipal Code of Ordinances*, is recommended for conditional approval pending the completion of final technical modifications and submittal requirements.

- ☑ Conditional approval of this plat by the City Council shall constitute approval subject to the conditions stipulated in the *Recommendation* section below.

- ☑ With the exception of the items listed in the *Recommendation* section of this case memo, this plat is in substantial compliance with the requirements of the *Subdivision Ordinance* in the *Municipal Code of Ordinances*.

**RECOMMENDATIONS:**

If the Planning and Zoning Commission and City Council choose to approve the replat for *Lot 7, Block A*, *Temunovic Addition*, staff would recommend the following conditions:

1) All technical comments from the Engineering, Planning and Fire Departments shall be addressed prior to the filing of this plat.

2) Any construction resulting from the approval of this *replat* shall conform to the requirements set forth by the Unified Development Code, the International Building Code, the Rockwall Municipal Code of Ordinances, city adopted engineering and fire codes and with all other applicable regulatory requirements administered and/or enforced by the state and federal government.

The City of Rockwall GIS maps are continually under development and therefore subject to change without notice. While we endeavor to provide timely and accurate information, we make no guarantees. The City of Rockwall makes no warranty, express or implied, including warranties of merchantability and fitness for a particular purpose. Use of the information is the sole responsibility of the user.

## GENERAL NOTES

1) Any structure new or existing may not extend across new property lines.

2) The purpose of this Replat is to define easements conditional to new development.

3) Basis of bearing determined by Texas State Plane Coordinate System, North Central Zone, North American Datum of 1983 (2011).

4) Coordinates shown are Texas State Plane Coordinate System, North Central Zone, North American Datum of 1983 on Grid Coordinate values, No Scale, No Projection

5) 16" Water lines shown are approximate location.

6) It shall be the policy of the City of Rockwall to withhold issuing building permits until all streets, water, sewer and storm drainage systems have been accepted by the City. The approval of a plat by the City does not constitute any representation, assurance or guarantee that any building within such plat shall be approved, authorized or permit therefore issued, nor shall such approval constitute any representation, assurance or guarantee by the City of the adequacy and availability for water for personal use and fire protection within such plat, as required under Ordinance 83-54.

## OWNER'S DEDICATION

*STATE OF TEXAS*
*COUNTY OF ROCKWALL*

That, 1306 Summer Lee, LLC, the undersigned owners of the land shown on this plat, designated herein as ***LOT 6R, BLOCK A, TEMUNOVIC ADDITION*** to the City of Rockwall, Texas, and whose name is subscribed hereto, hereby dedicate to the use of the public forever all streets, alleys, parks, watercourses, drains, easements and public places thereon shown on the purpose and consideration therein expressed. I (we) further certify that all other parties who have a mortgage or lien interest in the TEMUNOVIC ADDITION have been notified and signed this plat.
I (we) understand and do hereby reserve the easement strips shown on this plat for the purposes stated and for the mutual use and accommodation of all utilities desiring to use or using same. I (we) also understand the following;

1. No buildings shall be constructed or placed upon, over, or across the utility easements as described herein.
2. Any public utility shall have the right to remove and keep removed all or part of any buildings, fences, trees, shrubs, or other growths or improvements which in any way endanger or interfere with construction, maintenance or efficiency of their respective system on any of these easement strips; and any public utility shall at all times have the right of ingress or egress to, from and upon the said easement strips for purpose of construction, reconstruction, inspecting, patrolling, maintaining, and either adding to or removing all or part of their respective system without the necessity of, at any time, procuring the permission of anyone.
3. The City of Rockwall will not be responsible for any claims of any nature resulting from or occasioned by the establishment of grade of streets in the subdivision.
4. The developer and subdivision engineer shall bear total responsibility for storm drain improvements.
5. The developer shall be responsible for the necessary facilities to provide drainage patterns and drainage controls such that properties within the drainage area are not adversely affected by storm drainage from the development.
6. No house dwelling unit, or other structure shall be constructed on any lot in this addition by the owner or any other person until the developer and/or owner has complied with all requirements of the Subdivision Regulations of the City of Rockwall regarding improvements with respect to the entire block on the street or streets on which property abuts, including the actual installation of streets with the required base and paving, curb and gutter, water and sewer, drainage structures, storm structures, storm sewers, and alleys, all according to the specifications of the City of Rockwall; or Until an escrow deposit, sufficient to pay for the cost of such improvements, as determined by the city's engineer and/or city administrator, computed on a private commercial rate basis, has been made with the city secretary, accompanied by an agreement signed by the developer and/or owner, authorizing the city to make such improvements at prevailing private commercial rates, or have the same made by a contractor and pay for the same out of the escrow deposit, should the developer and/or owner fail or refuse to install the required improvements within the time stated in such written agreement, but in no case shall the City be obligated to make such improvements itself. Such deposit may be used by the owner and/or developer as progress payments as the work progresses in making such improvements by making certified requisitions to the city secretary, supported by evidence of work done; or Until the developer and/or owner files a corporate surety bond with the city secretary in a sum equal to the cost of such improvements for the designated area, guaranteeing the installation thereof within the time stated in the bond, which time shall be fixed by the city council of the City of Rockwall.
7. All drainage and detention on site will be maintained, repaired, and replaced by the property owner.

I further acknowledge that the dedications and/or exaction's made herein are proportional to the impact of the Subdivision upon the public services required in order that the development will comport with the present and future growth needs of the City; I (we), my (our) successors and assigns hereby waive any claim, damage, or cause of action that I (we) may have as a result of the dedication of exactions made herein.

# CITY OF ROCKWALL
# PLANNING AND ZONING COMMISSION MEMO

**AGENDA DATE:** 01/29/2019

**APPLICANT:** Tom Jones

**AGENDA ITEM:** **Z2018-056;** *Zoning Change (AG to LI)*

---

## SUMMARY:

Hold a public hearing to discuss and consider a request by Tom Jones on behalf of Shanon Thomas of Rockwall Friendship Baptist Church for the approval of a zoning change from an Agricultural (AG) District to a Light Industrial (LI) District for a 6.03-acre tract of land being identified as Tract 2-4 of the D. Harr Survey, Abstract No. 102, City of Rockwall, Rockwall County, Texas, zoned Agricultural (AG) District, situated within the SH-205 By-Pass Overlay (SH-205 BY OV) District, located east of the intersection of Justin Road and John King Boulevard, and take any action necessary.

## PURPOSE AND BACKGROUND:

The applicant is requesting a change in zoning from an Agricultural (AG) District to a Light Industrial (LI) District for the purpose of constructing a *house of worship* on the subject property. The subject property is situated on a 6.03-acre tract of land, zoned Agricultural (AG) District, situated within the SH-205 By-Pass Overlay (SH-205 BY OV) District, and located east of the intersection of Justin Road and John King Boulevard. The subject property was annexed in 1985 [*Ordinance No. 85-69*] and IS zoned Agricultural (AG) District. The Agricultural (AG) District is a holding district with the intent that a property will be rezoned in conformance with the Future Land Use Plan contained in the Comprehensive Plan. According to Section 1.0, *Use of Land and Buildings*, of Article IV, *Permissible Uses*, of the Unified Development Code (UDC), a house of worship is permitted in an Agricultural (AG) District by Specific Use Permit (SUP) or permitted by-right in a Light Industrial (LI) District. The proposed request to rezone the property to Light Industrial (LI) District is in conformance with the City's Future Land Use Plan.

## ADJACENT LAND USES AND ACCESS:

The land uses adjacent to the subject property are all follows:

**North:** Directly north of the subject property is a railroad (*i.e. Union Pacific/Dallas Garland N. E.*) followed by several vacant tracts of land. Beyond this is Airport Road which is identified as a M4U (*Major Collector, four [4] lane, undivided roadway)* on the City's Master Thoroughfare Plan. Beyond this is the Rockwall Municipal Airport. These areas are zoned Agriculture (AG) District.

**South***:* Directly south of the subject property is Justin Road, which is identified M4D (*Major Collector, four [4] lane, divided roadway)* on the City's Master Thoroughfare Plan. Beyond this are several vacant tracts of land zoned Light Industrial (LI) District and Commercial (C) District followed by IH-30*,* which is identified as a TxDOT roadway on the City's Master Thoroughfare Plan.

**East**: Directly east of the subject property are several vacant tracts of land zoned Agricultural (AG) District and Light Industrial (LI) District. Beyond this is FM-3549, which is identified as a TxDOT Roadway, which delineates the city limits of Rockwall.

**West:** Directly west of the subject property is a small vacant tract of land followed by S. John King Boulevard, which is identified as a P6D (*Principal Arterial, six [6] lane, divided roadway*) on the City's Master Thoroughfare Plan. Beyond this are two (2) manufacturing companies (*i.e. Channell Commercial Corporation and Graham Packaging Technologies*). These areas are zoned Light Industrial (LI) District.

## UNIFIED DEVELOPMENT CODE:

According to the purpose statements stipulated in Subsection 5.02, *Light Industrial (LI) District*, of Article V, *District Development Standards*, of the Unified Development Code (UDC), the Light Industrial (LI) District is intended for industrial parks and larger cleaner types of industries and located close to an arterial capable of carrying commercial traffic. In this case, the subject property is located at the intersection of an arterial and a major collector (*i.e. S. John King Blvd and Airport Road*) and conforms to these requirements. The following is a summary of the minimum development standards for a property within a Light Industrial (LI) District:

| *Ordinance Provisions* | *Zoning District Standards* |
|---|---|
| *Minimum Lot Area* | *12,500 SF* |
| *Minimum Lot Width* | *100-Feet* |
| *Minimum Lot Depth* | *125-Feet* |
| *Minimum Front Yard Setback* | *25-Feet* |
| *Minimum Rear Yard Setback* | *10-Feet* |
| *Minimum Side Yard Setback* | *15-Feet 1/2 Building Height* |
| *Maximum Height* | *60-Feet* |
| *Minimum Masonry Requirement* | *90%* |
| *Maximum Impervious Parking* | *90-95%* |
| *Maximum Building Coverage* | *60%* |
| *Floor Area Ratio* | *2:1* |

## CONFORMANCE WITH THE COMPREHENSIVE PLAN:

The Future Land Use Plan adopted with the OurHometown Vision 2040 Comprehensive Plan, designates the subject property for ***Technology/Employment*** land uses, which is characterized by employment-oriented businesses, typically situated in larger centers that have access to key transportation networks. In this case, the applicant's request to rezone the property to Light Industrial (LI) District is in conformance with the Future Land Use Plan; however the land use (*i.e. a house of worship*) is considered to be a ***Quasi-Public*** land use. This will necessitate a change in the Future Land Use Plan and this change has been made a condition of approval.

## STAFF ANALYSIS:

According to the Future Land Use Plan, the subject property is located within the Central District and is designated for ***Technology/Employment*** land uses. The ***Technology/Employment*** designation is typically associated with Light Industrial (LI) District zoning. Alternatively, the plan allows the City Council to consider requests conforming to the ***Special Commercial Corridor***, which is typically associated with Commercial (C) District zoning. In this case, the applicant originally submitted a request for Commercial (C) District zoning; however, after reviewing the case staff suggested that the applicant consider Light Industrial (LI) District zoning. The reason for this suggestion is two (2) fold: (1) this property is directly adjacent to John King Boulevard and would hinder the visibility of adjacent properties that do not front onto John King Boulevard, therefore it is a reasonable expectation that the adjacent properties will develop in accordance with the ***Technology/Employment*** designation, and (2) the adjacent properties proximity to the existing railroad tracks may make the adjacent property better suited to Light Industrial (LI) District zoning in the future.

Staff should also note that while the Church could maintain its Agricultural (AG) District zoning by requesting a Specific Use Permit (SUP), a SUP would necessitate that the Church amend

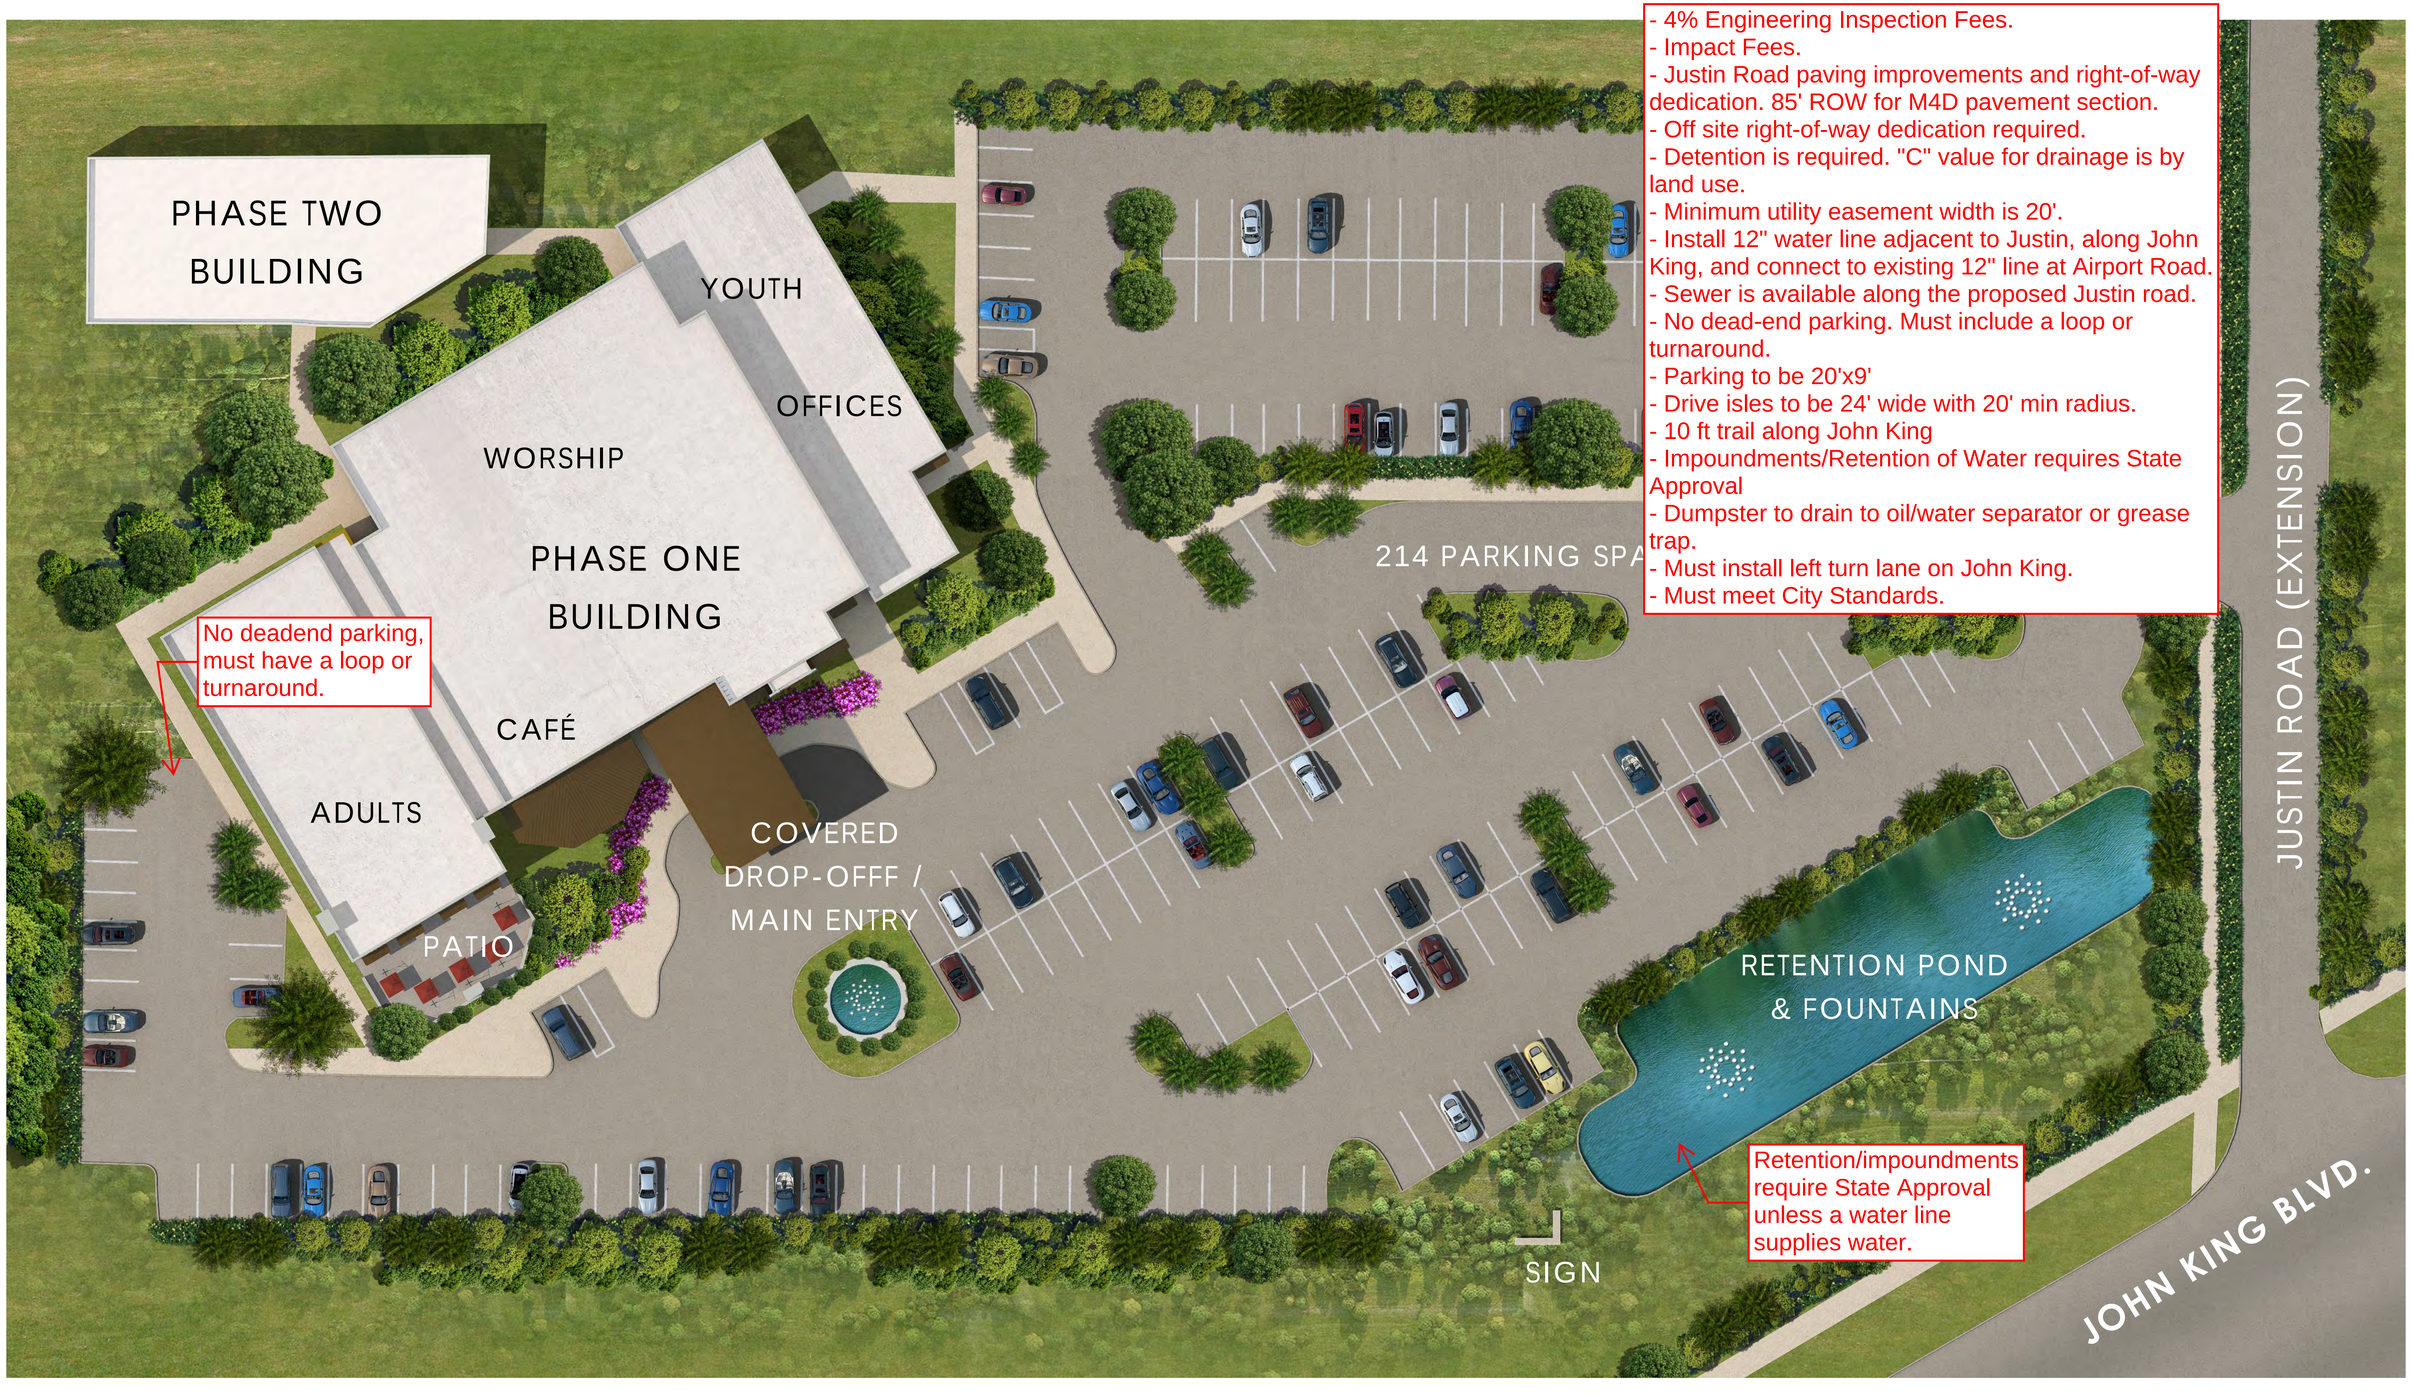
said SUP with every proposed change on the property. The Light Industrial (LI) District zoning will allow the church the flexibility to make improvements to the property in conformance with the UDC without the burden of a public hearing process for every proposed improvement. With that being said, approval of a zoning change is discretionary to the City Council, pending a recommendation from the Planning and Zoning Commission. In this case, the Planning and Zoning Commission and City Council have the discretion to approve the request as submitted (*i.e. Light Industrial [LI] District*) or choose to downzone the property to a Commercial (C) District. Either zoning district allows the *House of Worship* land use *by-right.*

**NOTIFICATION:**

On January 14, 2019, staff mailed 10 notices to property owners and residents within 500-feet of the subject property. There are no HOA's/Neighborhood Associations within 1,500-feet of the subject property participating in the Neighborhood Notification Program. Staff also advertised the public hearings in the Rockwall Herold Banner as required by the Unified Development Code (UDC). At the time this case memo was drafted staff had not received any notices concerning this case.

**RECOMMENDATIONS:**

Should the Planning and Zoning Commission recommend approval of the change in zoning, staff would recommend the following conditions of approval:



1) Any construction or building necessary to complete this change in zoning request must conform to the requirements set forth by the UDC, the International Building Code, the Rockwall Municipal Code of Ordinances, city adopted engineering and fire codes and with all other applicable regulatory requirements administered and/or enforced by the state and federal government.

2) By approving this zoning change, the City Council will effectively be approving changes to the Comprehensive Plan and Future Land Use Plan. Specifically, this will change the designation of the subject property from a *Technology/Employment* land use designation to a *Quasi-Public* land use designation;

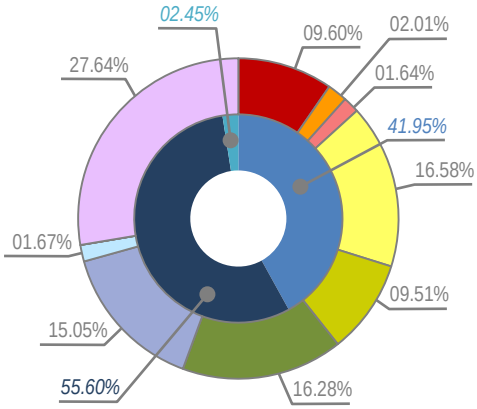
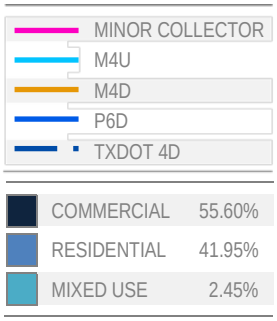
# 01 CENTRAL DISTRICT

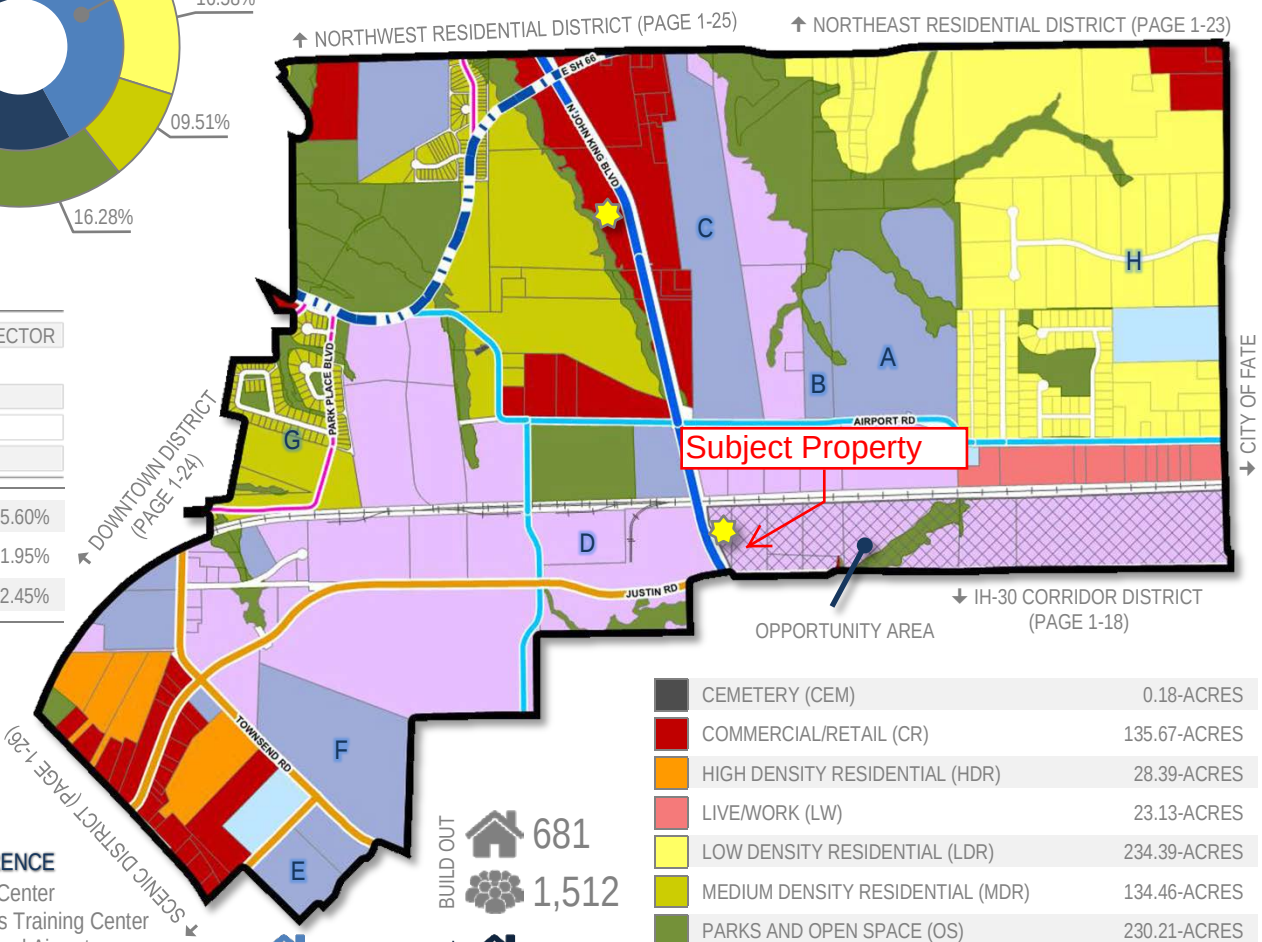
## DISTRICT DESCRIPTION



The *Central District* is composed of a wide range of land uses that very from single-family to industrial. The district's residential areas consist of suburban residential (*e.g. Park Place*), estate and rural residential (*e.g. Rolling Meadows Subdivision*), and higher density residential developments (*e.g. Evergreen Senior Living*). The *Central District* also incorporates a high volume of industrial land uses adjacent to the *Union Pacific/Dallas Garland and Northeastern Rail Road* line that bisects the district -- *and City* -- in an east/west direction. The Ralph Hall Municipal Airport and several other large public/school facilities are also located within the boundaries of this district.



John King Boulevard Trail Plan
*Rest Stop/Trailblazer Pylon*



## DISTRICT STRATEGIES

The *Central District* still has some key vacant and underutilized tracts of land that are anticipated to shape the area moving forward. Taking these areas into consideration the following are the strategies for this district:

1. *Live/Work*. The live/work designation in this district is intended to provide flexibility for land owners, adjacent to the railroad tracks, to transition their properties -- *when appropriate* -- to low intensity office/retail land uses that are similar in scale and scope to the adjacent residential properties.
2. *Suburban Residential*. While many of the larger tracts in this area are not large enough to support a master planned community (*which is characteristic of Northern Estates and Northwest Residential Districts*), any new *Suburban Residential* developments should include a mix of larger to mid-sized lots. Lots in these developments should *not* be smaller than existing *Suburban Residential* lots in this district, but should be comparable in size to newer developments (*i.e. Ridgecrest Subdivision*). In addition, newer subdivisions adjacent to existing larger lot subdivisions should provide a transition *(e.g. larger lots or a large landscape buffer*) adjacent to the existing subdivision.
3. *Commercial/Retail Centers*. The commercial/retail centers in this district are intended to support existing and proposed residential developments, and should be compatible in scale with adjacent residential structures (*i.e. are more characteristic of neighborhood/convenience centers*); however, areas adjacent to John King Boulevard should be capable of accommodating mid to large-scale commercial users. All commercial developments should incorporate appropriate screening (*e.g. berms, landscaping and large buffers*) to transition uses.
4. *Industrial/Special Commercial Corridor Opportunity Area*. The area south of the railroad tracks that is indicated by a crosshatched pattern represents an opportunity area in the City of Rockwall. Due to its adjacency to the railroad tracks, the land is naturally suitable for *Technology/Industrial* land uses; however, due to the land's adjacency to strategically located parcels along IH-30 the land could be utilized as part of a larger development in the *Special Commercial Corridor.*
5. *John King Boulevard Trail Plan*. A ten (10) foot hike/bike trail should be incorporated along John King Boulevard with rest stops and signage as indicated in *Appendix 'B'* of this Comprehensive Plan.

**CITY OF ROCKWALL**

**ORDINANCE NO. 19-XX**

**AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, AMENDING THE UNIFIED DEVELOPMENT CODE [*ORDINANCE NO. 04-38*] OF THE CITY OF ROCKWALL, AS HERETOFORE AMENDED, SO AS TO APPROVE A CHANGE IN ZONING FROM AN AGRICULTURAL (AG) DISTRICT TO A LIGHT INDUSTRIAL (LI) DISTRICT ON A 6.03-ACRE TRACT OF LAND IDENTIFIED AS TRACT 2-4 OF THE D. HARR SURVEY, ABSTRACT NO. 102, CITY OF ROCKWALL, ROCKWALL COUNTY, TEXAS, AND BEING MORE SPECIFICALLY DEPICTED IN *EXHIBIT 'A'* AND FURTHER DESCRIBED IN *EXHIBIT 'B'* OF THIS ORDINANCE; PROVIDING FOR SPECIAL CONDITIONS; PROVIDING FOR A PENALTY OF FINE NOT TO EXCEED THE SUM OF TWO THOUSAND DOLLARS ($2,000.00) FOR EACH OFFENSE; PROVIDING FOR A SEVERABILITY CLAUSE; PROVIDING FOR A REPEALER CLAUSE; PROVIDING FOR AN EFFECTIVE DATE.**

**WHEREAS**, the City has received a request from Tom Jones on behalf of Susan Thomas of Rockwall Friendship Baptist Church for a change in zoning from an Agricultural (AG) District to a Light Industrial (LI) District on a 6.03-acre tract of land identified as Tract 2-4 of the D. Harr Survey, Abstract No. 103, City of Rockwall, Rockwall County, Texas, zoned Agricultural (AG) District and more fully depicted in *Exhibit 'A'* and described in *Exhibit 'B'* of this ordinance, which hereinafter shall be referred to as the *Subject Property* and incorporated by reference herein; and

**WHEREAS**, the Planning and Zoning Commission of the City of Rockwall and the governing body of the City of Rockwall in compliance with the laws of the State of Texas and the ordinances of the City of Rockwall have given the requisite notices by publication and otherwise, and have held public hearings and afforded a full and fair hearing to all property owners generally and to all persons interested in and situated in the affected area, and in the vicinity thereof, and the governing body in the exercise of its legislative discretion, has concluded that the Unified Development Code (UDC) [*Ordinance No. 04-38*] should be amended as follows:

**NOW, THEREFORE**, **BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS:**

**SECTION 1.** That the Unified Development Code (UDC) [*Ordinance No. 04-38*] of the City of Rockwall, Texas, as heretofore amended, be and the same are hereby amended by amending the zoning map of the City of Rockwall so as to change the zoning of the *Subject Property* from an Agricultural (AG) District to a Light Industrial (LI) District;

**SECTION 2.** That the *Subject Property* shall be used only in the manner and for the purposes provided for a Light Industrial (LI) District as stipulated in Section 1.1*, Use of Land and Buildings,* of Article IV*, Permissible Uses* and Subsection 5.02*, Light Industrial (LI) District,* of Article V*, District Development Standards,* of the Unified Development Code (UDC) [*Ordinance No. 04-38*] of the City of Rockwall as heretofore amended, as amended herein by granting of this zoning change, and as maybe amended in the future;

DRAFT 01.25.19

**SECTION 3.** That the official zoning map of the City be corrected to reflect the changes in the zoning described herein;

**SECTION 4.** Any person, firm, or corporation violating any of the provisions of this ordinance shall be deemed guilty of a misdemeanor and upon conviction shall be punished by a penalty of fine not to exceed the sum of *Two Thousand Dollars ($2,000.00)* for each offence and each and every day such offense shall continue shall be deemed to constitute a separate offense;

**SECTION 5.** If any section, paragraph, or provision of this ordinance or the application of that section, paragraph, or provision to any person, firm, corporation or situation is for any reason judged invalid, the adjudication shall not affect any other section, paragraph, or provision of this ordinance or the application of any other section, paragraph or provision to any other person, firm, corporation or situation, nor shall adjudication affect any other section, paragraph, or provision of the Unified Development Code (UDC) of the City of Rockwall, Texas, and the City Council declares that it would have adopted the valid portions and applications of the ordinance without the invalid parts and to this end the provisions for this ordinance are declared to be severable; and

**SECTION 6.** That all ordinances of the City of Rockwall in conflict with the provisions of this ordinance be and the same are hereby repealed, and all other ordinances of the City of Rockwall not in conflict with the provisions of this ordinance shall remain in full force and effect;

**SECTION 7.** That this ordinance shall take effect immediately from and after its passage.

**PASSED AND APPROVED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, THIS THE 19TH DAY OF FEBRUARY, 2019.**

DRAFT
05.21.19

**Exhibit 'B'**
*Legal Description*

All that certain lot, tract or parcel of land situated in the DAVID HARR SURVEY, ABSTRACT NO. 120, City of Rockwall, Rockwall County, Texas, and being a part of a 50 acres tract of land as described in a Warrantydeed to F.B. Athey, as recorded in Volume 42, Page 91 of the Deed Records of Rockwall County, Texas, and being a part of Tract B2 as described in a Deed to Bobby Frank Athey, as recorded in Volume 4875, Page 117 of the Official Public Records of Rockwall County, Texas, and being more particularly described as follows:

BEGINNING at a 1/2" iron rod found for corner in the south right-of-way line of M.K. & T. Railroad, said point being at the northwest corner of Tract B2, said point being N. 89 deg. 23 min. 21 sec. E, a distance of 360.54 feet from the intersection of the west boundary of said 50 acres and said railroad right-of-way;

THENCE N. 89 deg. 23 min. 21 sec. E. along said right-of-way line, a distance of 365.97 feet to a 1/2" iron rod found for corner;

THENCE S. 00 deg. 56 min. 05 sec. W. a distance of 732.64 feet to a 1/2" iron rod found for corner;

THENCE N. 89 deg. 08 min. 42 sec. W. a distance of 301.94 feet to a 1/2" iron rod with yellow plastic cap stamped "RPLS 5034" set for corner in the northeast right-of-way line of John King Boulevard, per Volume 5659, Page 39 of the Official Public Records of Rockwall County, Texas;

THENCE N. 29 deg. 20 min. 00 sec. W. along said right-of-way line, a distance of 126.54 feet to a 1/2" iron rod with yellow plastic cap stamped "RPLS 5034" set for corner;

THENCE N. 00 deg. 55 min. 26 sec. E. a distance of 613.93 feet to the POINT OF BEGINNING and containing 262,780 square feet or 6.03 acres of land.

DRAFT ORDINANCE 01.29.19

# CITY OF ROCKWALL, TEXAS
## *MEMORANDUM*

**TO:** Planning and Zoning Commission

**FROM:** Korey Brooks, *Senior Planner*

**CC:** Ryan Miller, *Director of Planning and Zoning*

**DATE:** January 29, 2019

**SUBJECT:** MIS2019-002; *Masonry Exception for Accessory Building*

The applicant is requesting approval of a masonry exception to allow a metal accessory building on the subject property. In November 2018, the applicant submitted a request for the approval of a Specific Use Permit (SUP) for an accessory building that did not meet the requirements of the Unified Development Code (UDC). Specifically, the applicant was proposing an accessory building that exceeded the maximum size requirements (*i.e. an ~ 3,000 SF metal building*), exceeded the number of allowable accessory buildings (*i.e. there are two [2] existing metal buildings on the property*), and did not conform to the minimum masonry requirements of the Unified Development Code (UDC). On November 13, 2018, the Planning and Zoning Commission passed a motion to recommend approval of the Specific Use Permit (SUP) by a vote of 6-0 with Vice-Chair Chodun absent. On November 19, 2018, the City Council expressed disapproval of the proposed cladding (*i.e. metal*) and the size of the building, and a motion to approve the Specific Use Permit (SUP) failed by a vote of 0-5 with Mayor Pruitt and Council Member Trowbridge absent. Since that time, the City Council approved a text amendment allowing the Board of Adjustments (BOA) the ability to grant an exception to the maximum size requirements of accessory buildings, and the Planning and Zoning Commission the ability to grant variances to the masonry requirements. This eliminated the requirement of a Specific Use Permit (SUP) for accessory buildings not meeting the requirements of the Unified Development Code (UDC).

In response to this change, the applicant submitted a request to the Director of Planning and Zoning proposing a 2,000 SF building (*i.e. 1,000 SF smaller than originally requested*) with a four (4) foot high masonry wainscot on the front facade. In accordance with Section 8.3, *City Council Approval or Denial*, of Article II, *Authority and Administrative Procedures*, of the UDC, the Director of Planning reviewed the request and -- *after conferring with the City Attorney* -- determined that the request represented a substantial change from the request that was denied by the City Council. It should be noted that at the time the determination was made, staff recommended to the applicant that the masonry wainscot should be extended to all four (4) sides of the building. Based on the substantial change, the applicant submitted a request for a variance to the maximum size requirements to the Board of Adjustments (BOA). On January 10, 2019, the Board of Adjustments (BOA) granted a variance [*Order No. BOA 2019-2-V*] to allow an accessory building that exceeded the maximum allowable size and the maximum number of accessory buildings permitted (*i.e. a total of three [3] accessory buildings*) on the subject property. Based on this approval, the applicant has the ability to construct a 2,000 SF accessory building meeting the minimum masonry requirements on the subject property by-right; however, since the proposed building is metal and does not conform to the minimum masonry requirements, a masonry exception from the Planning and Zoning Commission is required. According to Subsection 7.04, *Accessory Structure Development Standards*, of Article V, *District Development Standards*, of the UDC, "(a)ccessory buildings and accessory structures not meeting the masonry requirements shall require approval of an exception from the Planning and Zoning Commission." The approval of any exception to the minimum masonry requirements is a discretionary decision for the Planning and Zoning Commission.

# ORDER OF THE BOARD OF ADJUSTMENT
# OF THE CITY OF ROCKWALL, TEXAS

## ORDER NO. BOA 2019-2-V

WHEREAS, the Board of Adjustment held a public hearing on the 10th day of January , 2019, to consider the application of Mr. Rubin E. Harle, as owner for the tract of land described below, for a variance from the SF-1 zoning which allows 2 accessory structures up to 225 square feet and 15' in height, or 1225 square feet and 15' high accessory structure and 1 detached garage up to 900 square feet and 15' in height.

WHEREAS, the applicant requested a variance from the said zoning which to allow an accessory structure to be built in excess of the maximum allowable size and an increase in the allowable number of accessory structures on a track of land known as Lot 5R, Block A, Zion Addition, zoned Single-Family One (SF-1) District, addressed as 825 Zion Hill Circle.

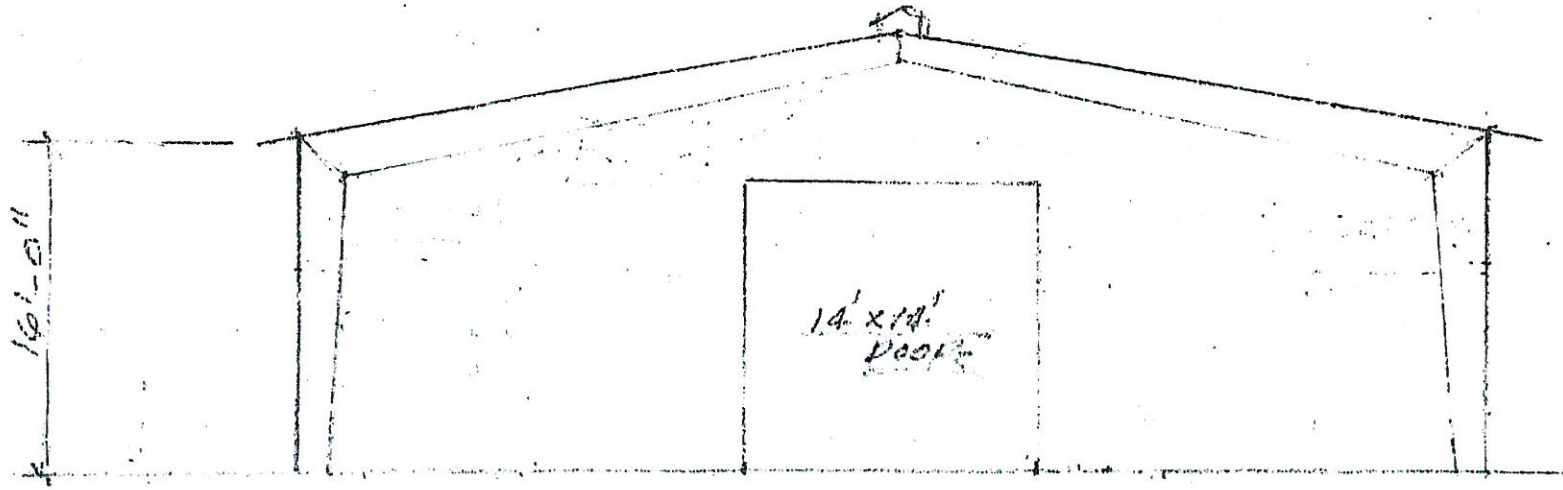
WHEREAS, after due consideration and discussion it appears that the granting of such a variance would not cause an adverse effect on the surrounding properties and would not be contrary to the public interest.

**NOW, THEREFORE BE IT ORDERED BY THE BOARD OF ADJUSTMENT OF THE CITY OF ROCKWALL, TEXAS:**

Section 1. That all of the above premises are found and determined to be true and correct and are incorporated into the body of this order as if copied in their entirety.

Section 2. That the request from the applicant for this Board to grant a variance from the zoning, be and in the same is hereby granted so as to an accessory structure to be built in excess of the maximum allowable size and an increase in the allowable number.

Section 3. That the Building Official of the City is hereby authorized and directed to issue the appropriate permits, if any, for the above described property under the terms and conditions of this Order.



Section 4. That this Order was passed by the concurring vote of at least four (4) members of the Board of Adjustment and is effective as of the 10th day of January , 2019,

## *MEMORANDUM*

**TO:** Planning and Zoning Commission

**FROM:** Ryan Miller, *Director of Planning and Zoning*

**DATE:** January 29, 2019

**SUBJECT:** *Z2019-001; Amendment to Article IV, Permissible Uses, of the UDC to amend Guest Quarters/Secondary Living Units and to add Barns or Agricultural Accessory Buildings to the Land Use Charts and Land Use Standards*

On January 7, 2019, the City Council directed staff to amend the *Land Use Standards* contained in Article IV, *Permissible Uses*, of the UDC to allow *guest quarters/secondary living units* not meeting the requirements stated in the *Land Use Standards* the ability to request a Specific Use Permit (SUP). In addition, the City Council also directed staff to create a land use for *Barns or Agricultural Accessory Buildings*. This direction came in response to a request by Dewayne Cain to amend the code to allow an ~4,950 SF, metal barn that would contain a storage area for eight (8) vehicles and a *guest quarters/secondary living facility* (*i.e. the facility includes all components of a residential living unit [e.g. kitchen, bathroom, etc.]*) on a property zoned Agricultural (AG) District.

Currently, the UDC does allow *guest quarters/secondary living units* in an Agricultural (AG) District pending they are [*1*] accessory uses to the primary use (*i.e. single family home*), [*2*] not to exceed 30% of the area of the main structure, and [*3*] that they cannot be sold or conveyed separately without meeting the requirements of the zoning district and subdivision ordinance; however, the code does not address *guest quarters/secondary living units* that do not meet these standards. In other residential zoning districts (*i.e. SF-8.4, SF-7, ZL-5 and 2F*) this use is only allowed through a Specific Use Permit (SUP), which gives the City Council the discretion to grant these even if they do not meet the requirements. Based on the City Council's direction staff proposes to change the code as follows (with the *highlighted, italics* areas indicating the changes):

Residential and Lodging

| AG | SF-E | SF-1 | SF-16 | SF-10 | SF-8.4 | SF-7 | ZL-5 | 2F | MF-14 | ← Residential Zoning Districts<br>Commercial Zoning Districts →<br>Land Use ↓ | DT | RO | NS | GR | C | HC | LI | HI |
|---|---|---|---|---|---|---|---|---|---|---|---|---|---|---|---|---|---|---|
| A | A | A | A | A | S | S | S | S | P | Guest Quarters/Secondary Living Unit + | | | | | | | | |

*A: Accessory; P: Permitted By-Right; S: Specific Use Permit*

Guest quarters/secondary living unit.

*(1)* Guest quarters or secondary living unit*s* may be allowed on a property in a residential ~~*or commercial*~~ zoning district provided that it is ancillary *to a single family home* ~~*the primary use and that only one such facility is provided*~~*.*

(2) The area of such quarters shall not exceed 30 percent of the area of the main structure.

(3) No such use may be sold or conveyed separately without meeting the requirements of the zoning district and the subdivision ordinance.

*(4) Guest quarters or secondary living units not meeting the requirements stated above shall require a Specific Use Permit (SUP).*

These changes would allow *guest quarters/secondary living units* not meeting the requirements the ability to request a Specific Use Permit (SUP) in the AG, SF-E, SF-1, SF-16, SF-10, and MF districts.

The purpose of creating a *Barns or Agricultural Accessory Buildings* land use came about due to the fact that the current code does not allow accessory buildings in an Agricultural (AG) District. According to Article IV, *Permissible Uses*, of the UDC:

Residential and Lodging

| AG | SF-E | SF-1 | SF-16 | SF-10 | SF-8.4 | SF-7 | ZL-5 | 2F | MF-14 | ← Residential Zoning Districts Commercial Zoning Districts → Land Use ↓ | DT | RO | NS | GR | C | HC | LI | HI |
|---|---|---|---|---|---|---|---|---|---|---|---|---|---|---|---|---|---|---|
| | P | P | P | P | P | P | P | P | P | Accessory Building + | | P | P | P | P | P | P | P |

*A: Accessory; P: Permitted By-Right; S: Specific Use Permit*

The purpose of this is to incentivize smaller properties (*i.e. properties less than ten [10] acres in size and considered to be legally non-conforming*) to zone in accordance with the Future Land Use Plan, bringing them into conformance with the UDC. Without this requirement, it would be difficult for the City to incentivize smaller properties to change their zoning, which could have the effect of leaving small spots of Agricultural (AG) District zoning on non-conforming lots throughout the City. To address this, the City Council has directed staff to establish a new land use (*e.g. barn/agricultural accessory building*), which would allow larger buildings in the Agricultural (AG) District. Based on this direction the new land use would be created as follows (with the *highlighted, italics* areas indicating the changes):

Rural and Animal Related

| AG | SF-E | SF-1 | SF-16 | SF-10 | SF-8.4 | SF-7 | ZL-5 | 2F | MF-14 | ← Residential Zoning Districts Commercial Zoning Districts → Land Use ↓ | DT | RO | NS | GR | C | HC | LI | HI |
|---|---|---|---|---|---|---|---|---|---|---|---|---|---|---|---|---|---|---|
| *S* | | | | | | | | | | *Barn or Agricultural Accessory Building+* | | | | | | | | |

*A: Accessory; P: Permitted By-Right; S: Specific Use Permit*

*Barn or Agricultural Accessory Building*. A *Barn or Agricultural Accessory Building* is a building that is located on a property that is a minimum of ten (10) acres in size, zoned Agricultural (AG) District, and is intended to be used to store agricultural equipment used for animal production, crop production and/or other agricultural related uses.

(1) A *Barn or Agricultural Accessory Building* is a minimum of 2,000 SF and a maximum of 4,999 SF in total size (*i.e. under roof*).
(2) A *Barn or Agricultural Accessory Building* is exempt from the masonry requirements stipulated by Section 7.01, *Residential District Development Standards*.
(3) The *Barn or Agricultural Accessory Building* shall be located behind the front façade of the primary structure, and be subject to the same building setbacks as the primary structure.

At the meeting on January 7, 2019, the City Council did have a discussion concerning allowing these structures by-right as opposed to by Specific Use Permit (SUP); however, staff is obligated to mention that allowing these structures by-right would directly conflict with the City Council's recent action concerning *Case No. Z2018-053*. This case involved a structure that was constructed illegally without a building permit. The structure itself incorporated two (2) logistics containers, connected by wood siding, and covered by a metal roof. This case was

ultimately denied by the City Council; however, should this proposed ordinance be passed the structure would meet all the criteria and would be permitted to remain on the property. With this being said any changes to the code are discretionary to the City Council pending a recommendation by the Planning and Zoning Commission.

In accordance, with Section 4.2 of Article XI, *Zoning Related Applications*, of the UDC staff is bringing the proposed amendment forward to the Planning and Zoning Commission for a recommendation to the City Council. Attached to this case memo is a draft ordinance outlining the proposed changes. The schedule for this text amendment is as follows:

Planning and Zoning Work Session: January 29, 2019
Planning and Zoning Public Hearing: February 12, 2019
City Council Public Hearing/First Reading: February 18, 2019
City Council Second Reading: March 4, 2019

Staff will send out a 15-day notice to the Rockwall Herald Banner in accordance with all applicable state laws and Section 6.1 of Article II, *Authority and Administrative Procedures*, of the UDC. Should the Planning and Zoning Commission have any questions staff will be available at the meeting on *January 29, 2019*.

**CITY OF ROCKWALL**

**ORDINANCE NO. 19-XX**

**AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, AMENDING THE UNIFIED DEVELOPMENT CODE [*ORDINANCE NO. 04-38*] OF THE CITY OF ROCKWALL, AS HERETOFORE AMENDED, BY AMENDING ARTICLE IV, *PERMISSIBLE USES*; PROVIDING FOR A PENALTY OF FINE NOT TO EXCEED THE SUM OF TWO THOUSAND DOLLARS ($2,000.00) FOR EACH OFFENSE; PROVIDING FOR A SEVERABILITY CLAUSE; PROVIDING FOR A REPEALER CLAUSE; PROVIDING FOR AN EFFECTIVE DATE.**

**WHEREAS**, an amendment to the City of Rockwall's Unified Development Code [*Ordinance No. 04-38*] has been initiated by the City Council of the City of Rockwall to amend Article IV, *Permissible Uses*, of the Unified Development Code [*Ordinance No. 04-38*]; and,

**WHEREAS**, the Planning and Zoning Commission of the City of Rockwall and the governing body of the City of Rockwall in compliance with the laws of the State of Texas and the ordinances of the City of Rockwall have given the requisite notices by publication and otherwise, and have held public hearings and afforded a full and fair hearing to all property owners generally and to all persons interested in and situated in the city's corporate boundaries, and the governing body in the exercise of its legislative discretion, has concluded that the Unified Development Code [*Ordinance No. 04-38*] should be amended as follows:

**NOW, THEREFORE**, **BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS:**

**SECTION 1.** That Article IV, *Permissible Uses,* of the Unified Development Code [*Ordinance No. 04-38*] of the City of Rockwall, as heretofore amended, be and the same is hereby amended as specifically described in *Exhibit 'A'* of this ordinance.

**SECTION 2.** That any person, firm, or corporation violating any of the provisions of this ordinance shall be deemed guilty of a misdemeanor and upon conviction shall be punished by a penalty of fine not to exceed the sum of *Two Thousand Dollars ($2,000.00*) for each offense and each and every day such offense shall continue shall be deemed to constitute a separate offense;

**SECTION 3.** That if any section, paragraph, or provision of this ordinance or the application of that section, paragraph, or provision to any person, firm, corporation or situation is for any reason judged invalid, the adjudication shall not affect any other section, paragraph, or provision of this ordinance or the application of any other section, paragraph or provision to any other person, firm, corporation or situation, nor shall adjudication affect any other section, paragraph, or provision of the Unified Development Code [*Ordinance No. 04-38*], and the City Council declares that it would have adopted the valid portions and applications of the ordinance without the invalid parts and to this end the provisions for this ordinance are declared to be severable;

**SECTION 4.** That this ordinance shall take effect immediately from and after its passage and the publication of the caption of said ordinance as the law in such cases provides;

**PASSED AND APPROVED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, THIS THE 4TH DAY OF MARCH, 2019.**

Hold a public hearing to discuss and consider a request by Mark W. Pross of Pross Design Group, Inc. on behalf of Carolina Molina of Alvaplast US (SPR Packaging) for the approval of a Specific Use Permit (SUP) for a structure that exceeds 60-feet in a Light Industrial (LI) District on a 42.61-acre tract of land identified as Tract 7 of the N. Butler Survey, Abstract No. 20 (11.3736-acres); Tract 31 of the R. Ballard Survey, Abstract No. 29 (8.197-acres); and, Lot 1-01, Block 1, Indalloy Addition (14.53-acres), City of Rockwall, Rockwall County, Texas, zoned Light Industrial (LI) District, situated at the terminus of Aluminum Plant Road, and take any action necessary.

PLANNING COMMENTS - DAVID GONZALES – 01.24.2019

All staff comments are to be addressed and resubmitted by Tuesday, February 5, 2019. Please provide two (2) large copies [FOLDED] and one PDF version for a subsequent review by staff:

Planning Department General Comments to be addressed/acknowledge are as follows:

• On all future submittals please include the Case Number Z2019-002 on the lower right hand corner.

• When provided, please review the SUP Draft Ordinance prior to the Planning & Zoning public hearing scheduled for February 12, 2019 and return with red lined corrections and/or additions you feel may be necessary for staff review and consideration.

** Planning Staff additional comments to be considered by the P&Z and City Council as conditions of approval:

1. Approval of an SUP is required to allow for the buildings/structures to exceed 60-ft in overall height within the Light Industrial (LI) District.

2. Adherence to all Engineering and Fire Department standards shall be required.

*** Operational Conditions:

1) The development of this property shall generally conform to the Concept Plan depicted in Exhibit 'B' of this ordinance; and,

2) The maximum overall height of the buildings and/or structures shall not exceed 120-feet, as depicted in Exhibit 'C' of thisordinance; and,

3) The building elevations depicted in Exhibit 'C' are for reference to the height of the extruder bays, and do not represent approved building elevations. Any building elevations associated with the project shall be subject to the requirements of the Unified Development Code(UDC) and will be subject to recommendations by the Architectural Review Board and approval by the Planning and Zoning Commission.

4) Future expansion of the site [i.e. Phases 3, 4, and 5], as depicted in Exhibit 'B' of this ordinance, should have all silo's placed on the southern portion of the subject property, adjacent to the railroad tracks. Screening of these silo's shall be required and approved at site plan by the Planning and Zoning Commission.

The following are scheduled meeting dates that you and/or your representative(s) are required to attend regarding the SUP request. If you have any questions regarding this case, please feel free to contact David Gonzales, AICP with the Planning Department at 972-771-7745.

SPECIAL USE PERMIT DESIGN REQUEST NARRATIVE

On behalf of SPR Packaging, we are representing the Owner in the design of the new facility, SPR North, which will be north of their current facility at 1480 Justin Road. As you are maybe aware, their business involves the use of high bay extruder equipment to fabricate plastic bags. The extruders themselves are many, many feet tall. The section of the building that houses the extruder will need to have a roof level of 120' above finish floor. This exceeds the current allowable height for buildings by 60'. SPR had previously received a Special Use Permit for the 75' high extruder section for their existing building on Justin Road. Technology has changed, and the new equipment is now much larger and much taller, requiring the higher top of roof. Accordingly, the Owner requests the variance to allow the 120' maximum on the extruder roof areas only. This would apply for Phase 3, Phase 4, and Phase 5 Extruder Expansions. See Elevations and Site Plan.

Sincerely,

Mark Pross
President

MWP/cs

**PROPERTY DESCRIPTION**

**42.6035 ACRE PARCEL**

**N. BUTLER SURVEY - ABSTRACT NO. 20**

**R. BALLARD SURVEY - ABSTRACT NO. 29**

**CITY OF ROCKWALL, ROCKWALL COUNTY, TEXAS**

**BEING** A 42.6035 ACRE PARCEL OF LAND SITUATED IN THE N. BUTLER SURVEY ABSTRACT NO. 20 AND THE R. BALLARD SURVEY, ABSTRACT NO. 29, CITY OF ROCKWALL, ROCKWALL COUNTY, TEXAS; SAID 42.6035 ACRE TRACT BEING ALL OF 11.3736 ACRE OF TRACT OF LAND DESCRIBED IN GENERAL WARRANTY DEED TO ALVAPLAST U.S., INC., A DELAWARE CORPORATION RECORDED IN INSTRUMENT NUMBER 20150000002739 OF THE OFFICIAL PUBLIC RECORDS OF ROCKWALL COUNTY, TEXAS; AND BEING PART OF 98.319 ACRE TRACT OF LAND DESCRIBED IN A WARRANTY DEED TO COLUMBIA EXTRUSION CORPORATION, DATED DECEMBER 22, 1988 AND RECORDED IN VOLUME 444, PAGE 102 OF THE REAL PROPERTY RECORDS OF ROCKWALL COUNTY, TEXAS; AND BEING A PART OF LOT 1 IN BLOCK 1 OF INDALLOY ADDITION, AN ADDITION TO THE CITY OF ROCKWALL, ROCKWALL COUNTY, TEXAS ACCORDING TO THE PLAT THEREOF RECORDED IN CABINET “D”, SLIDE 273 OF THE PLAT RECORDS OF ROCKWALL COUNTY TEXAS; SAID 42.6035 ACRE TRACT BEING MORE PARTICULARLY DESCRIBED BY METES AND BOUNDS AS FOLLOWS:

**BEGINNING** AT A POINT FOR CORNER AT THE INTERSECTION OF THE WEST RIGHT-OF-WAY LINE OF INDUSTRIAL BOULEVARD (A 65-FOOT WIDE RIGHT-OF-WAY) AND THE SOUTH RIGHT-OF-WAY LINE OF AIRPORT ROAD (A VARIABLE WIDTH RIGHT-OF-WAY);

**THENCE** SOUTH 00° 07' 36" EAST ALONG THE WEST RIGHT-OF-WAY LINE OF SAID INDUSTRIAL BOULEVARD AND THE EAST LINE OF SAID 11.3736 ACRE ALVAPLAST U.S., INC. TRACT FOR A DISTANCE OF 788.63 FEET TO A POINT FOR CORNER IN THE NORTH RIGHT-OF-WAY LINE OF UP/DALLAS GARLAND N.E. RAILROAD (A 100-FOOT WIDE RIGHT-OF-WAY); SAID POINT BEING THE SOUTHEAST CORNER OF SAID 11.3736 ACRE ALVAPLAST U.S., INC. TRACT;

**THENCE** SOUTH 88° 36' 50" WEST DEPARTING THE WEST RIGHT-OF-WAY LINE OF SAID INDUSTRIAL BOULEVARD AND ALONG THE SAID NORTH LINE OF UP /DALLAS GARLAND N.E. RAILROAD AND THE SOUTH LINE OF SAID 11.3736 ACRE ALVAPLAST U.S., INC. TRACT, FOR A DISTANCE OF 584.08 FEET TO THE SOUTHWEST CORNER OF SAID 11.3736 ACRE ALVAPLAST U.S., INC. TRACT

AND THE SOUTHEAST CORNER OF AFORESAID LOT 1 IN BLOCK 1 OF INDALLOY ADDITION, SAID POINT ALSO BEING THE SOUTHEAST CORNER OF AFORESAID 98.319 ACRE TRACT DESCBIED IN DEED TO COLUMBIA EXTRUSION CORPORATION ;

**THENCE** SOUTH 88° 32’ 20” WEST CONTINUING ALONG THE SAID NORTH LINE OF UP /DALLAS GARLAND N.E. RAILROAD AND THE SOUTH LINE OF SAID LOT 1 IN BLOCK 1 OF INDALLOY ADDITION AND PASSING AND PASSING APPROXIMATELY AT A DISTANCE OF 332.77 FFET THE SOUTHWEST CORNER OF AFORESAID LOT 1 IN BLOCK 1 OF INDALLOY ADDITION AND CONTINUING ALONG THE SAID NORTH LINE OF UP /DALLAS GARLAND N.E. RAILROAD FOR A TOTAL DISTANCE OF 578.23 FEET TO A POINT FOR CORNER, SAID POINT BEING THE BEGINNING OF A CURVE TO THE RIGHT HAVING A RADIUS OF 21774.77 FEET WITH A CENTRAL ANGLE OF 00° 58’ 11” AND A CHORD BEARING SOUTH 88° 05’ 13” WEST AT A DISTANCE OF 368.51 FEET;

**THENCE** SOUTHWESTERLY AND FOLLOWING ALONG SAID CURVE TO THE RIGHT AND CONTINUING ALONG THE SAID NORTH LINE OF UP /DALLAS GARLAND N.E. RAILROAD FOR AN ARC DISTANCE OF 368.52 FEET TO A POINT FOR CORNER;

**THENCE** SOUTH 88° 04’ 12” WEST CONTINUING ALONG THE SAID NORTH LINE OF UP /DALLAS GARLAND N.E. RAILROAD FOR A DISTANCE OF 101.65 FEET TO A POINT FOR CORNER;

**THENCE** NORTH 09° 24’ 49” WEST DEPARTING THE SAID NORTH LINE OF UP /DALLAS GARLAND N.E. RAILROAD FOR A DISTANCE OF 1039.14 FEET TO A POINT FOR CORNER IN THE EAST BOUNDARY LINE OF PARK PLACE WEST II, AN ADDITION TO THE CITY OF ROCKWALL, ROCKWALL COUNTY, TEXAS, ACCORDING TO THE AMENDED PLAT THEREOF RECORDED IN CABINET “G”, SLIDE 100 OF THE PLAT RECORDS OF ROCKWALL COUNTY, TEXAS;

**THENCE** NORTH 04° 52’ 54” WEST ALONG THE EAST LINE OF SAID PARK PLACE WEST ADDITION FOR A DISTANCE OF 207.14 FEET TO A POINT FOR CORNER;

**THENCE** NORTH 81° 27’ 00” EAST LEAVING THE EAST LINE OF SAID PARK PLACE WEST ADDITION FOR A DISTANCE OF 408.12 FEET TO A POINT FOR CORNER;

**THENCE** SOUTH 83° 23’ 14” EAST AND PASSING AT A DISTANCE OF 216.91 FEET THE WEST LINE OF AFORESAID LOT 1 IN BLOCK 1 OF INDALLOY ADDITION AND CONTINUING ON FOR A TOTAL DISTANCE OF 274.94 FEET TO A POINT FOR CORNER;

**THENCE** SOUTH 85° 37’ 16” EAST FOR A DISTANCE OF 435.64 FEET TO A POINT FOR CORNER IN THE EAST LINE OF AFORESAID LOT 1 IN BLOCK 1 OF INDALLOY ADDITION AND THE WEST LINE OF 7.497 ACRE TRACT OF LAND DESCRIBED IN DEED TO ROCKWALL COMMUNITY PLAYHOUSE AND RECORDED IN VOULME 4239, PAGE 203 OF THE REAL PROPERTY RECORDS OF ROCKWALL COUNTY, TEXAS;

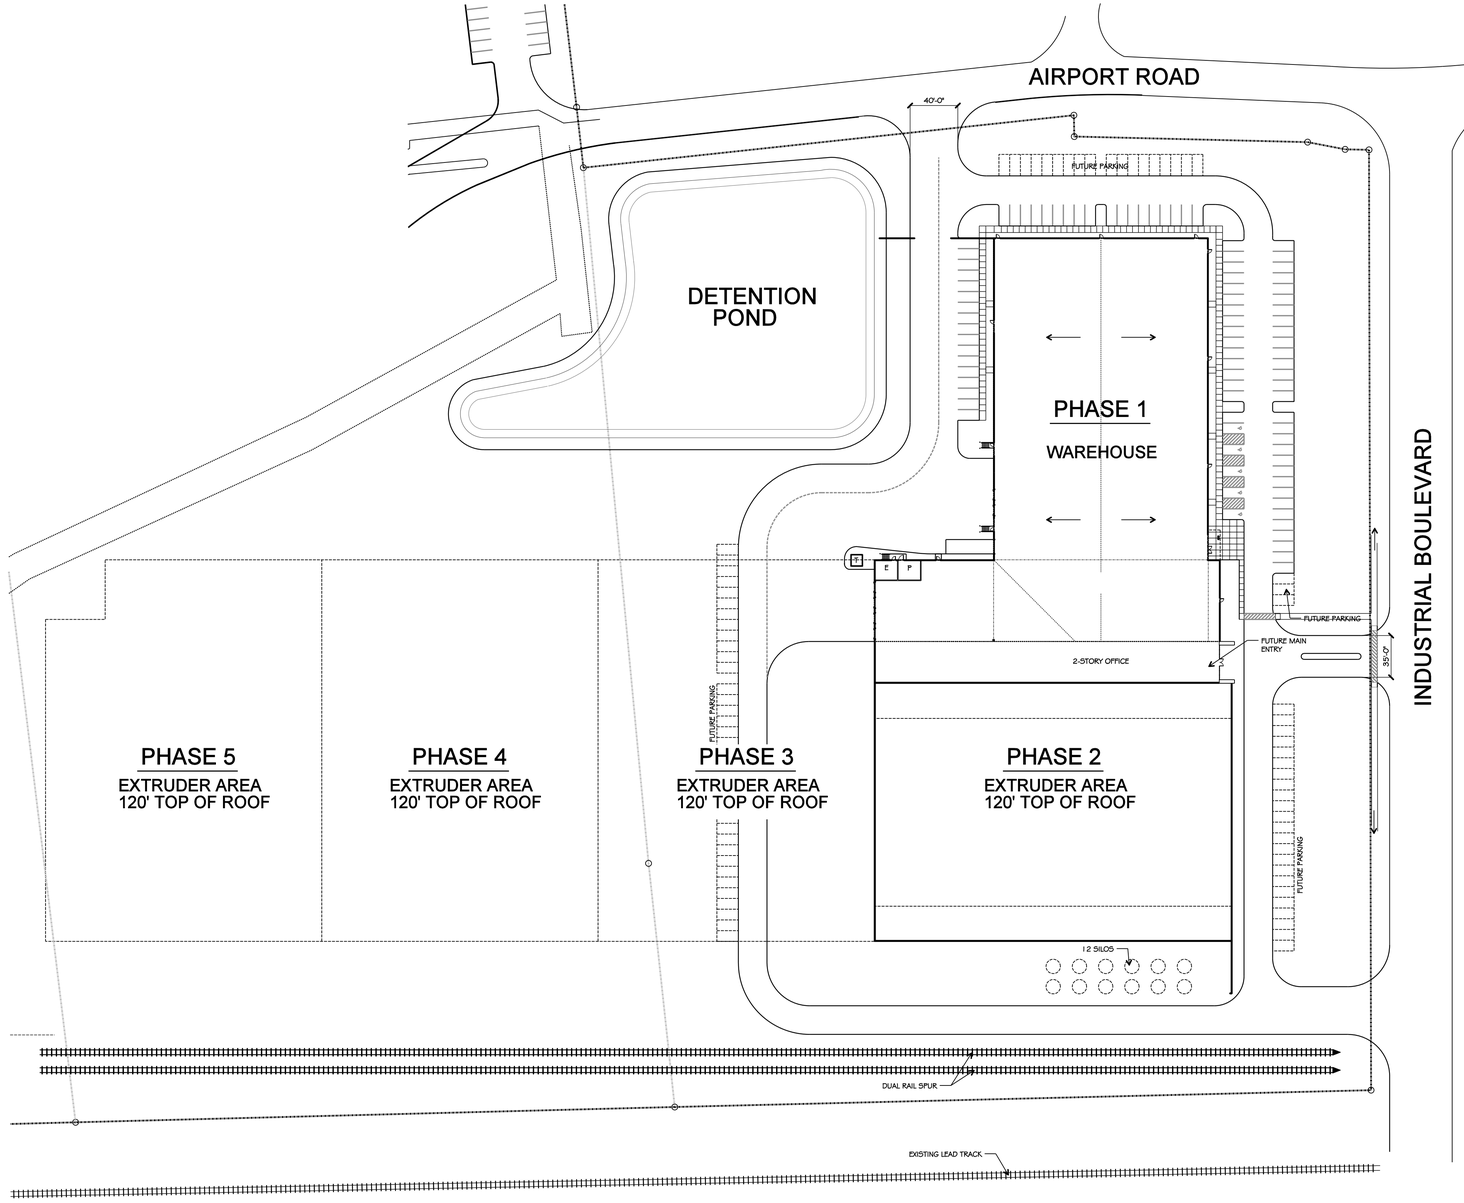
**THENCE** SOUTH 06° 42’ 50” EAST ALONG THE EAST LINE OF AFORESAID LOT 1 IN BLOCK 1 OF INDALLOY ADDITION AND THE WEST LINE OF SAID 7.497 ACRE TRACT OF LAND DESCRIBED IN DEED TO ROCKWALL COMMUNITY PLAYHOUSE, FOR A DISTANCE OF 360.89 FEET TO A POINT FOR CORNER AT THE END OF A 50’ WIDE STREET DEDICATION TO THE CITY OF ROCKWALL, ROCKWALL COUNTY, TEXAS BY DEED RECORDED IN VOLUME 67, PAGE 116 OF THE DEED RECORDS OF ROCKWALL COUNTY, TEXAS

**THENCE** SOUTH 06° 22’ 45” EAST CONTINUING ALONG THE EAST LINE OF AFORESAID LOT 1 IN BLOCK 1 OF INDALLOY ADDITION FOR A DISTANCE OF 50.93 FEET TO A POINT FOR CORNER IN THE SOUTH RIGHT-OF-WAY LINE OF AFORESAID AIRPORT ROAD; SAID POINT ALSO BEING THE NORTHWEST CORNER OF AFORESAID 11.3736 ACRE ALVAPLAST U.S., INC. TRACT;

**THENCE** DEPARTING THE WEST LINE OF SAID 11.3736 ACRE ALVAPLAST U.S., INC.TRACT AND THE EAST LINE OF SAID LOT 1 IN BLOCK 1 AND ALONG THE SOUTH RIGHT-OF-WAY LINE OF SAID AIRPORT ROAD, THE FOLLOWING COURSES AND DISTANCES NUMBERED **(1) THROUGH (5);**

**1.** NORTH 83° 53' 38" EAST FOR A DISTANCE OF 413.66 FEET TO A POINT FOR CORNER;

**2.** SOUTH 01° 01' 31" EAST FOR A DISTANCE OF 17.89 FEET TO A POINT FOR CORNER;



**3.** SOUTH 88° 37' 46" EAST FOR A DISTANCE OF 195.72 FEET TO A POINT FOR CORNER;

**4.** SOUTH 79° 05' 55" EAST FOR A DISTANCE OF 32.05 FEET TO A POINT FOR CORNER;

**5.** SOUTH 88° 51' 14" EAST FOR A DISTANCE OF 20.01 FEET TO THE POINT OF BEGINNING AND CONTAINING 42.6035 ACRES OF LAND, MORE OR LESS.

**CITY OF ROCKWALL**

**ORDINANCE NO. 19-XX**

**SPECIFIC USE PERMIT NO. S-1XX**

**AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, AMENDING THE UNIFIED DEVELOPMENT CODE [*ORDINANCE NO. 04-38*] OF THE CITY OF ROCKWALL, AS HERETOFORE AMENDED, SO AS TO FURTHER AMEND THE ZONING MAP TO ADOPT A SPECIFIC USE PERMIT (SUP) ALLOWING A STRUCTURE THAT EXCEEDS 60-FEET IN HEIGHT WITHIN A LIGHT INDUSTRIAL (LI) DISTRICT, ON A 42.61-ACRE TRACT OF LAND BEING IDENTIFIED AS TRACT 7 OF THE N. BUTLER SURVEY, ABSTRACT NO. 20 (11.3736-ACRES); TRACT 31 OF THE R. BALLARD SURVEY, ABSTRACT NO. 29 (8.197-ACRES); AND LOT 1-01, BLOCK 1, INDALLOY ADDITION (14.53-ACRES), CITY OF ROCKWALL, ROCKWALL COUNTY, TEXAS AND MORE FULLY DESCRIBED IN *EXHIBIT 'A'* OF THIS ORDINANCE; PROVIDING FOR SPECIAL CONDITIONS; PROVIDING FOR A PENALTY OF FINE NOT TO EXCEED THE SUM OF TWO THOUSAND DOLLARS ($2,000.00) FOR EACH OFFENSE; PROVIDING FOR A SEVERABILITY CLAUSE; PROVIDING FOR A REPEALER CLAUSE; PROVIDING FOR AN EFFECTIVE DATE.**

**WHEREAS**, the City has received a request from Mark W. Pross of Pross Design Group, Inc. on behalf of Carolina Molina of Alvaplast US (SPR Packaging) for the approval of a Specific Use Permit (SUP) to allow for a structure that exceeds 60-feet in height within the *Light Industrial* (*LI*) *District* on an 42.61-acre tract of land, identified as Tract 7 of the N. Butler Survey, Abstract No. 20 (11.3736-acres); Tract 31 of the R. Ballard Survey, Abstract No. 29 (8.197-acres); and Lot 1-01, Block 1, Indalloy Addition (14.53-acres), City of Rockwall, Rockwall County, Texas, zoned *Light Industrial (LI) District*, generally located at the terminus of Aluminum Plant Road, and more specifically described in *Exhibit 'A'* of this ordinance, which herein after shall be referred to as the *Subject Property* and incorporated by reference herein; and

**WHEREAS**, the Planning and Zoning Commission of the City of Rockwall and the governing body of the City of Rockwall, in compliance with the laws of the State of Texas and the ordinances of the City of Rockwall, have given the requisite notices by publication and otherwise, and have held public hearings and afforded a full and fair hearing to all property owners generally, and to all persons interested in and situated in the affected area and in the vicinity thereof, the governing body in the exercise of its legislative discretion has concluded that the Unified Development Code [*Ordinance No. 04-38*] of the City of Rockwall should be amended as follows:

**NOW, THEREFORE**, BE IT ORDAINED by the City Council of the City of Rockwall, Texas;

**Section 1.** That the Unified Development Code [*Ordinance No. 04-38*] of the City of Rockwall, as heretofore amended, be and the same is hereby amended so as to grant a Specific Use Permit (SUP) allowing a structure that exceeds 60-feet in height within the *Light Industrial (LI) District* as stipulated by *Section 5.01, Light Industrial (LI) District,* and *Section 7.03, Non-Residential District Development Standards, of Article V, District Development Standards*, of the Unified Development Code [*Ordinance No. 04-38*] on the *Subject Property*; and

**Section 2.** That the Specific Use Permit (SUP) shall be subject to the conditions set forth in

DRAFT ORDINANCE 04.23.19

*Section 5, Light Industrial (LI) Districts, of Article V, District Development Standards,* of the Unified Development Code [*Ordinance No. 04-38*] as heretofore amended and as may be amended in the future, and shall be subject to the additional following conditions:

**2.1 OPERATIONAL CONDITIONS**

The following conditions pertain to the operation of an office/ warehouse/manufacturing facility that exceeds 60-feet in height on the *Subject Property*, and conformance to these operational conditions is required for continued operations:

1) The development of this property shall generally conform to the *Concept Plan* depicted in *Exhibit 'B'* of this ordinance; and,

2) The maximum overall height of the buildings and/or structures shall not exceed 120-feet, as depicted in *Exhibit 'C'* of this ordinance; and,

3) The building elevations depicted in *Exhibit 'C'* are for reference to the height of the extruder bays, and do not represent approved building elevations. Any building elevations associated with the project shall be subject to the requirements of the Unified Development Code (UDC) and will be subject to recommendations by the Architectural Review Board and approval by the Planning and Zoning Commission.

4) Future expansion of the site [*i.e. Phases 3, 4, and 5*], as depicted in *Exhibit 'B'* of this ordinance, should have all silo's placed on the southern portion of the subject property, adjacent to the railroad tracks. Screening of these silo's shall be required and approved at site plan by the Planning and Zoning Commission.

**2.2 COMPLIANCE**

Approval of this ordinance in accordance with Section 8.3, *Council Approval or Denial*, of Article II, *Authority and Administrative Procedures*, of the Unified Development Code (UDC) will require compliance to the following:

1) Upon obtaining a Certificate of Occupancy (CO), should any business or establishment operating under the guidelines of this ordinance fail to meet the minimum operational requirements set forth herein and outline in the Unified Development Code (UDC), the City Council may (*after proper notice*) initiate proceedings to revoke the Specific Use Permit (SUP) in accordance with Section 4.4(3) of Article IV, *Permissible Uses*, of the Unified Development Code (UDC).

2) This Specific Use Permit (SUP) shall be subject to all requirements contained in Section 4, Specific Use Permits, of Article IV, *Permissible Uses*, of the Unified Development Code (UDC).

**Section 4.** That the official zoning map of the City be corrected to reflect the changes in zoning described herein.

**Section 5.** That all ordinances of the City of Rockwall in conflict with the provisions of this ordinance be, and the same are hereby repealed to the extent of that conflict

**Section 6.** Any person, firm, or corporation violating any of the provisions of this ordinance shall be deemed guilty of a misdemeanor and upon conviction shall be punished by a penalty of fine not

DRAFT ORDINANCE 01.29.2019

to exceed the sum of *TWO THOUSAND DOLLARS ($2,000.00)* for each offence and each and every day such offense shall continue shall be deemed to constitute a separate offense.

**Section 7.** If any section or provision of this ordinance or the application of that section or provision to any person, firm, corporation, situation or circumstance is for any reason judged invalid, the adjudication shall not affect any other section or provision of this ordinance or the application of any other section or provision to any other person, firm, corporation, situation or circumstance, and the City Council declares that it would have adopted the valid portions and applications of the ordinance without the invalid parts and to this end the provisions of this ordinance shall remain in full force and effect.

**Section 8.** That this ordinance shall take effect immediately from and after its passage;

**PASSED AND APPROVED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, THIS THE 4TH DAY OF MARCH, 2019.**

_____
Jim Pruitt, *Mayor*

**ATTEST:**

_____
Kristy Cole, *City Secretary*

**APPROVED AS TO FORM:**

_____
Frank J. Garza, *City Attorney*

2nd Reading: *March 4, 2019*

DRAFT ORDINANCE 01.29.2019

## Exhibit 'A':
*Legal Description*

***BEING*** A 42.6035 ACRE PARCEL OF LAND SITUATED IN THE N. BUTLER SURVEY ABSTRACT NO. 20 AND THE R. BALLARD SURVEY, ABSTRACT NO. 29, CITY OF ROCKWALL, ROCKWALL COUNTY, TEXAS; SAID 42.6035 ACRE TRACT BEING ALL OF 11.3736 ACRE OF TRACT OF LAND DESCRIBED IN GENERAL WARRANTY DEED TO ALVAPLAST U.S., INC., A DELAWARE CORPORATION RECORDED IN INSTRUMENT NUMBER 20150000002739 OF THE OFFICIAL PUBLIC RECORDS OF ROCKWALL COUNTY, TEXAS; AND BEING PART OF 98.319 ACRE TRACT OF LAND DESCRIBED IN A WARRANTY DEED TO COLUMBIA EXTRUSION CORPORATION, DATED DECEMBER 22, 1988 AND RECORDED IN VOLUME 444, PAGE 102 OF THE REAL PROPERTY RECORDS OF ROCKWALL COUNTY, TEXAS; AND BEING A PART OF LOT 1 IN BLOCK 1 OF INDALLOY ADDITION, AN ADDITION TO THE CITY OF ROCKWALL, ROCKWALL COUNTY, TEXAS ACCORDING TO THE PLAT THEREOF RECORDED IN CABINET "D", SLIDE 273 OF THE PLAT RECORDS OF ROCKWALL COUNTY TEXAS; SAID 42.6035 ACRE TRACT BEING MORE PARTICULARLY DESCRIBED BY METES AND BOUNDS AS FOLLOWS:

***BEGINNING*** AT A POINT FOR CORNER AT THE INTERSECTION OF THE WEST RIGHT-OF-WAY LINE OF INDUSTRIAL BOULEVARD (A 65-FOOT WIDE RIGHT-OF- WAY) AND THE SOUTH RIGHT-OF-WAY LINE OF AIRPORT ROAD (A VARIABLE WIDTH RIGHT-OF-WAY);

***THENCE*** SOUTH 00° 07' 36" EAST ALONG THE WEST RIGHT-OF-WAY LINE OF SAID INDUSTRIAL BOULEVARD AND THE EAST LINE OF SAID 11.3736 ACRE ALVAPLAST U.S., INC. TRACT FOR A DISTANCE OF 788.63 FEET TO A POINT FOR CORNER IN THE NORTH RIGHT-OF-WAY LINE OF UP/DALLAS GARLAND N.E. RAILROAD (A 100-FOOT WIDE RIGHT-OF-WAY); SAID POINT BEING THE SOUTHEAST CORNER OF SAID 11.3736 ACRE ALVAPLAST U.S., INC. TRACT;

***THENCE*** SOUTH 88° 36' 50" WEST DEPARTING THE WEST RIGHT-OF-WAY LINE OF SAID INDUSTRIAL BOULEVARD AND ALONG THE SAID NORTH LINE OF UP/DALLAS GARLAND N.E. RAILROAD AND THE SOUTH LINE OF SAID 11.3736 ACRE ALVAPLAST U.S., INC. TRACT, FOR A DISTANCE OF 584.08 FEET TO THE SOUTHWEST CORNER OF SAID 11.3736 ACRE ALVAPLAST U.S., INC. TRACT AND THE SOUTHEAST CORNER OF AFORESAID LOT 1 IN BLOCK 1 OF INDALLOY ADDITION, SAID POINT ALSO BEING THE SOUTHEAST CORNER OF AFORESAID 98.319 ACRE TRACT DESCBIED IN DEED TO COLUMBIA EXTRUSION CORPORATION;

***THENCE*** SOUTH 88° 32' 20" WEST CONTINUING ALONG THE SAID NORTH LINE OF UP /DALLAS GARLAND N.E. RAILROAD AND THE SOUTH LINE OF SAID LOT 1 IN BLOCK 1 OF INDALLOY ADDITION AND PASSING AND PASSING APPROXIMATELY AT A DISTANCE OF 332.77 FFET THE SOUTHWEST CORNER OF AFORESAID LOT 1 IN BLOCK 1 OF INDALLOY ADDITION AND CONTINUING ALONG THE SAID NORTH LINE OF UP /DALLAS GARLAND N.E. RAILROAD FOR A TOTAL DISTANCE OF 578.23 FEET TO A POINT FOR CORNER, SAID POINT BEING THE BEGINNING OF A CURVE TO THE RIGHT HAVING A RADIUS OF 21774.77 FEET WITH A CENTRAL ANGLE OF 00° 58' 11" AND A CHORD BEARING SOUTH 88° 05' 13" WEST AT A DISTANCE OF 368.51 FEET;

***THENCE*** SOUTHWESTERLY AND FOLLOWING ALONG SAID CURVE TO THE RIGHT AND CONTINUING ALONG THE SAID NORTH LINE OF UP /DALLAS GARLAND N.E. RAILROAD FOR AN ARC DISTANCE OF 368.52 FEET TO A POINT FOR CORNER;

***THENCE*** SOUTH 88° 04' 12" WEST CONTINUING ALONG THE SAID NORTH LINE OF UP /DALLAS GARLAND N.E. RAILROAD FOR A DISTANCE OF 101.65 FEET TO A POINT FOR CORNER;

***THENCE*** NORTH 09° 24' 49" WEST DEPARTING THE SAID NORTH LINE OF UP/DALLAS GARLAND N.E. RAILROAD FOR A DISTANCE OF 1039.14 FEET TO A POINT FOR CORNER IN THE EAST BOUNDARY LINE OF PARK PLACE WEST II, AN ADDITION TO THE CITY OF ROCKWALL, ROCKWALL COUNTY, TEXAS, ACCORDING TO THE AMENDED PLAT THEREOF RECORDED IN CABINET "G", SLIDE 100 OF THE PLAT RECORDS OF ROCKWALL COUNTY, TEXAS;

***THENCE*** NORTH 04° 52' 54" WEST ALONG THE EAST LINE OF SAID PARK PLACE WEST ADDITION FOR A DISTANCE OF 207.14 FEET TO A POINT FOR CORNER;

***THENCE*** NORTH 81° 27' 00" EAST LEAVING THE EAST LINE OF SAID PARK PLACE WEST ADDITION FOR A DISTANCE OF 408.12 FEET TO A POINT FOR CORNER;

***THENCE*** SOUTH 83° 23' 14" EAST AND PASSING AT A DISTANCE OF 216.91 FEET THE WEST LINE OF AFORESAID LOT 1 IN BLOCK 1 OF INDALLOY ADDITION AND CONTINUING ON FOR A TOTAL DISTANCE OF 274.94 FEET TO A POINT FOR CORNER;

***THENCE*** SOUTH 85° 37' 16" EAST FOR A DISTANCE OF 435.64 FEET TO A POINT FOR CORNER IN THE EAST LINE OF AFORESAID LOT 1 IN BLOCK 1 OF INDALLOY ADDITION AND THE WEST LINE OF 7.497 ACRE TRACT OF LAND DESCRIBED IN DEED TO ROCKWALL COMMUNITY PLAYHOUSE AND RECORDED IN VOULME 4239, PAGE 203 OF THE REAL PROPERTY RECORDS OF ROCKWALL COUNTY, TEXAS;

***THENCE*** SOUTH 06° 42' 50" EAST ALONG THE EAST LINE OF AFORESAID LOT 1 IN BLOCK 1 OF INDALLOY ADDITION AND THE WEST LINE OF SAID 7.497 ACRE TRACT OF LAND DESCRIBED IN DEED TO ROCKWALL COMMUNITY PLAYHOUSE, FOR A DISTANCE OF 360.89 FEET TO A POINT FOR CORNER AT THE END OF A 50' WIDE STREET DEDICATION TO THE CITY OF ROCKWALL, ROCKWALL COUNTY, TEXAS BY DEED RECORDED IN VOLUME 67, PAGE 116 OF THE DEED RECORDS OF ROCKWALL COUNTY, TEXAS

***THENCE*** SOUTH 06° 22' 45" EAST CONTINUING ALONG THE EAST LINE OF AFORESAID LOT 1 IN BLOCK 1 OF INDALLOY ADDITION FOR A DISTANCE OF 50.93 FEET TO A POINT FOR CORNER IN THE SOUTH RIGHT-OF-WAY LINE OF AFORESAID

- Label the distance of the fire lane and the spacing between driveways.
- Show all existing and proposed utilities on landscape plans.
- Add note to landscape plans, "No trees within 5' of utilites."
- The other sheets were not reviewed.

The following items are for your information for the engineering design.
- 4% Engineering Inspection Fees
- Impact fees.
- Min 20' utility easements.
- No structures in easements.
- Fire lane easement to be on plat.
- Fire lane to be 24' wide with 20' radii.
- Parking to be 20'x9'
- No dead-end parking.
- Driveway spacing must be labeled on Site Plan.
- Must have detention. Manning's "c-value" is per zoning for the entire property. 4:1 max slope. No vertical walls allowed in detention easement
- No trees within 5' of public utilities.
- Retaining walls 3' and over must be designed by a licensed engineer. All walls to be rock or stone. No smooth concrete walls.
- Must meet all City Engineering Standards.

SP2019-001 Site Plan for T3 Chiropractic Office: Please address the following comments (M= Mandatory Comments; I = Informational Comments)

? This is a request by Reese Baez of Triton General Contractors on behalf of Kevin Lefere for the approval of a site plan for a medical office building on a 0.26-acre portion of a larger one (1) acre tract of land identified as Block 26 of the Garner Addition, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 50 (PD-50) for Residential-Office (RO) District land uses, situated within the North Goliad Corridor Overlay (NGC OV) District, located north of the northwest corner of the intersection of W. Heath Street and S. Goliad Street [SH-205]

? For questions or comments concerning this case please contact Korey Brooks in the Planning Department at (972) 772-6434 or email kbrooks@rockwall.com.

? For reference, include the case number (SP2019-001) in the lower right hand corner of all pages on future submittals.

? Site Plan. Please show centerlines of all adjacent roadways and darken/use thicker line for property line.

? Site Plan. The Site Plan looks more like a cover page.

? Site Plan. The site plan appears to be scaled with an architectural scale. Please use engineering scale. The recommended scales are listed in the site plan checklist.

? Site Plan. Please label existing sidewalks and proposed sidewalks and provide two different hatch/fill patterns.

? Site Plan. Please use a hatch pattern for pavement (i.e. firelane) and provide thickness and material information.

? Site Plan. Please provide highlighted information on attached checklist.

? Site Plan. Please provide location of utilities.

? Site Plan. Please utilize multiple line-weights for clarity.

? Site Plan. Please label third lot "Future Development" and remove "building by other". Greyscale everything that is not directly related to the subject property.

? Site Plan. Please change "Property Description" tableto Site Data Table and provide on each sheet—Also, please provide the additional highlighted information. The lower left corner of the title block of each sheet should be the project information. Swapping the location of the project information and the "Sheet" information would work—for future Civils/Building Permit submittals, this requirement is different.

? Landscape Plan. Please show centerlines of adjacent roadways.

? Landscape Plan. Please provide site data table as shown on site plan.

? Landscape Plan. Please utilize engineering scale and show adjacent properties.

? Landscape Plan. Please check the tree requirements along Goliad—There seems to be 1 or 2 trees missing.

? Landscape Plan. Please note that no parking space shall be 80-feet from a tree. Provide 80-foot buffer at 1 or 2 trees to show compliance.

? Landscape Plan. Please utilize different lineweights for clarity. For instance the callouts for the landscape could be a greyscale dashline.

? Landscape Plan. Please utilize different lineweights for clarity. For instance the callouts for the landscape could be a greyscale dashline.

? Landscape Plan. Please show heavy landscape screening from the adjacent residential property.

? Photometric Plan. Please darken and label property line on photometric plan.

? Photometric Plan. Please show centerlines of all adjacent roadways.

? Photometric Plan. Fixtures will need to be historic-looking (if possible). Please provide a cut sheet.

? Photometric Plan. It is only necessary to show the subject property. Also, if the FC font could be smaller, that would help (for archiving/digitizing purposes).

? Photometric Plan. Please provide title block in the lower right-hand corner of the page with the site/project info)

? Photometric Plan. Please provide site data table as shown on the other plans.

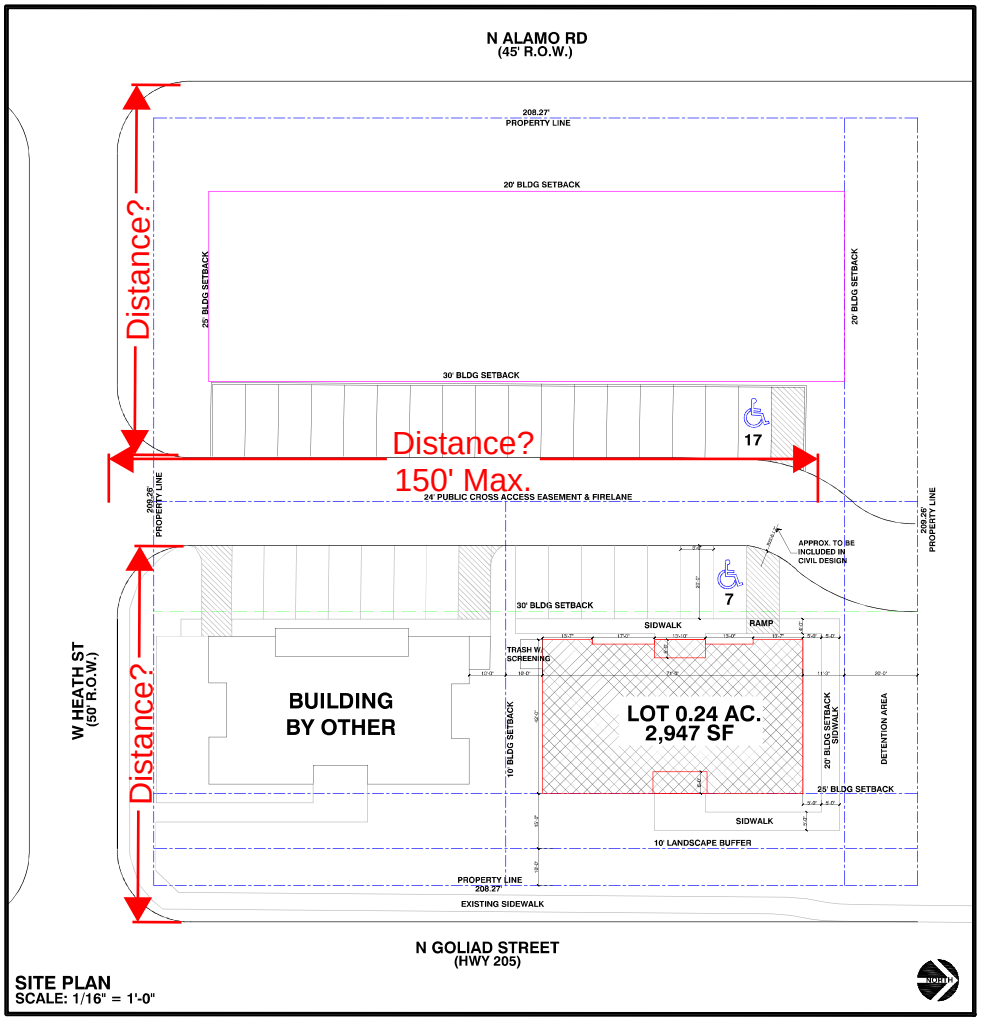
? Floor Plan. Please note that the floor plan is not reviewed during this phase so it does not need to be provided.

? Building Elevations. Please provide dimensions

? Building Elevations. Please provide material percentages per façade. The materials percentages only show "Masonry" and "Stone". We need each material broken down e.g. brick, stone, stucco.

? Building Elevations. Please keep the architectural scale on building elevations (I asked for engineering on the other plans)

? Building Elevations. Provide Site data Table as provided on other sheets.



? Building Elevations. Provide color elevations and rendering, if possible.

| Type of Review / Notes | Contact | Sent | Due | Received | Elapsed | Status | Remarks |
|---|---|---|---|---|---|---|---|
| ? The Architectural Review Board (ARB) meeting for this case will be held on January 29, 2019 at 5:00 p.m. | | | | | | | |
| ? Staff has identified the aforementioned items necessary to continue the submittal process. Please make these revisions and corrections, and provide any additional information that is requested. Revisions for this case will be due on February 4, 2019. The Planning and Zoning Worksession for this case will be January 29, 2019, at 6:00 p.m. The Planning and Zoning Meeting will be February 12, 2019 | | | | | | | |

NOT FOR CONSTRUCTION

## GENERAL NOTES

1. THIS SET OF CONSTRUCTION PLANS IS INTENDED TO PROVIDE THE NECESSARY INFORMATION TO COMPLETE THE CONSTRUCTION OF THIS PROJECT.
2. ALL NECESSARY PERMITS, INSPECTIONS, AND CERTIFICATES OF APPROVAL SHALL BE PAID FOR BY EITHER THE GENERAL CONTRACTOR OR THE HOME OWNER.
3. ALL BUILDING CODES (NATIONAL, STATE, AND LOCAL) ARE TO COMPLY WITH THE 2003 INTERNATIONAL RESIDENTIAL CODE. THE BUILDING CODES TO SUPERSEDE ANY NOTES OR SPEC'S ON THESE PLANS. ALL SUBCONTRACTORS ARE RESPONSIBLE FOR APPLYING TO THEIR RESPECTIVE CODES.
4. ALL JOBSITE CHANGES AND DECISIONS ARE THE RESPONSIBILITY OF THE GENERAL CONTRACTOR.
5. IT IS THE RESPONSIBILITY OF THE CONTRACTOR TO VERIFY AND CHECK THE PLANS PRIOR TO CONSTRUCTION. ANY DISCREPANCIES, ERRORS, OR OMISSIONS FOUND WITHIN THE PLANS ARE TO BE BROUGHT TO THE ATTENTION OF LATIMER DESIGNS, INC. PRIOR TO ANY WORK BEING DONE.
6. THE GENERAL CONTRACTOR SHALL PROVIDE NECESSARY ENERGY CALCULATIONS TO COMPLY WITH LOCAL ENERGY CODES.
7. ALL DIMENSIONS ARE FOR ROUGH FRAMING. ALL STUD WALLS ARE DIMENSIONED AT 4" NOMINAL, BRICK LEDGES AT 5.5" NOMINAL, METAL SIDING LEDGES AT 1.5" NOMINAL, AND THIN WALLS AT 2" NOMINAL.
8. ALL DIMENSIONS ARE TO BE FIELD VERIFIED.
9. FOUNDATION PLAN, ROOF PLAN, AND FLOOR FRAMING PLANS ARE SCHEMATIC ONLY. REFER TO STRUCTURAL ENGINEER'S DRAWINGS FOR NOTES AND SPEC'S. (IF REQUIRED, TO BE PROVIDED BY GENERAL CONTRACTOR).
10. DRIVEWAY FINISH TO BE SPECIFIED BY CIVIL AND/OR STRUCTURAL ENGINNER.
11. PLANT MATERIALS, INCLUDING SEED/SOD ARE NOT SPEC'D.
12. ALL EXTERIOR WINDOW AND DOOR INSTALLATIONS TO BE IN STRICT COMPLIANCE WITH MANUFACTURER'S SPECIFICATIONS.
13. ALL CARPENTRY WORK SHALL BE ERECTED PLUMB AND TRUE, FOLLOWING BEST PRACTICES OF THE TRADE. TRIM WORK SHALL BE NEATLY CUT AND FIT.
14. ALL LUMBER SHALL BE S4S UNO
15. FRAMER TO PROVIDE BACKING FOR ALL APPROPRIATE FINISH MATERIALS.
16. GENERAL CONTRACTOR AND PRODUCT SUPPLIER ARE RESPONSIBLE FOR ALL SAFETY GLASS WHERE REQUIRED BY CODE.
17. PLUMBER TO PROVIDE ALL LABOR, MATERIALS, AND EQUIPMENT FOR THE COMPLETE INSTALLATION OF THE PLUMBING SYSTEM. INCLUDING ALL HOT AND COLD WATER DISTRIBUTION AND ALL NECESSARY WASTE SYSTEMS.
18. PLUMBER TO PROVIDE A COLD WATER LINE TO THE REFRIGERATOR.
19. THE HVAC CONTRACTOR SHALL PROVIDE A LAYOUT SHOWING DUCT AND VENT LOCATION, AS WELL AS EQUIPMENT SPEC'S. THE HEATING SYSTEM SHALL BE INSTALLED TO ALL CODE REQUIREMENTS.
20. CONTRACTOR TO VERIFY BUILDING/SLAB LOCATION WITH OWNER PRIOR TO CONSTRUCTION.

NO DERIVATIVE WORKS OF THIS PLAN MAY BE MADE WITHOUT PRIOR WRITTEN PERMISSION. THE PURCHASER OF THIS SET OF HOME PLANS ENTITLES THE PURCHASER TO USE THIS SET OF PLANS FOR THE CONSTRUCTION OF ONLY ONE BUILDING.

## LIABILITY

LATIMER DESIGNS, INC. ASSUMES NO LIABILITY FOR ANY STRUCTURE CONSTRUCTED FROM THIS SET OF PLANS. IT IS THE RESPONSIBILITY OF THE PURCHASER OF THE PLANS AND/OR CONTRACTOR TO OBTAIN THE FOLLOWING PRIOR TO CONSTRUCTION:

1. CONSULT WITH A STRUCTURAL ENGINEER TO VERIFY:
   - 1.1. DESIGN, SIZE, AND REINFORCEMENT LOADS.
   - 1.2. ALL SITE CONDITIONS, TO INCLUDE SOIL TESTING FOR BEST LOCATION OF FOUNDATION.
   - 1.3. FOUNDATION DESIGN
2. CONSULT/VERIFY ALL ASPECTS OF PLANS FOR LOCAL CODES AND ORDINANCES FOR THE CONSTRUCTION LOCATION.

LIMIT OF DESIGNERS LIABILITY IS NOT TO EXCEED PRICE PAID FOR SET OF PLANS. LATIMER DESIGNS, INC. IS NOT LIABLE FOR ANY CHANGES MADE TO THIS SET OF PLANS NOR ASSUMES ANY LIABILITY FOR WORK ADVISEMENT PROVIDED BY THE CONTRACTOR OR OTHERS INVOLVED IN THE CONSTRUCTION PROCESS.

LATIMER DESIGNS, INC. IS NOT A REGISTERED ARCHITECT.

4 CANOPY TREE PROVIDED

5.8 RIGHT-OF-WAY LANDSCAPING:
GRASS OR GROUNDCOVER REQUIRED
GRASS PROVIDED

THE PROPOSED IRRIGATION SYSTEM WILL PROVIDE 100% COVERAGE TO ALL PLANT MATERIAL PROVIDED FOR THE PARKWAY TO B.O.C. ALONG N. GOLIAD STREET.

5.9 PARKING LOT LANDSCAPING:
PARKING AND MANEUVERING = 3,125 SF
1 LARGE TREE WITHIN 80 LF OF ANY PARKING SPACE REQUIRED.
1 LARGE TREE WITHIN 80 LF OF ANY PARKING SPACE PROVIDED.

5.10 – (DELETED):

5.11 DIMENSIONING OF LANDSCAPE AREA:
ALL LANDSCAPING REQUIRED TO BE IN AN ARE NO LESS THAN 5' WIDE AND MINIMUM OF 25 SF.
ALL LANDSCAPING PROVIDED TO BE IN AN ARE NO LESS THAN 5' WIDE AND MINIMUM OF 25 SF.

5.12 REQUIRED LANDSCAPING:
ZONED: RESIDENTIAL-OFFICE
A. AMOUNT OF LANDSCAPING
2,936.45 SF = 25% OF SITE REQUIRED TO BE LANDSCAPED.
5,676.81 SF = 48% OF SITE PROPOSED TO BE LANDSCAPED.

B. LOCATION OF LANDSCAPING
50% REQUIRED IN FRONT YARD
1,468.22 SF = 50% OF THE REQUIRED LANDSCAPE REQUIRED IN FRONT YARD.
2,797.00 SF = 95% OF THE REQUIRED LANDSCAPE PROVIDED IN FRONT YARD.

C. DETENTION BASIN = +/- 978. SF
LANDSCAPE REQUIRED
LANDSCAPE PROVIDED

1 TREE / 750 SF REQUIRED
1.30 TREES REQUIRED
2.00 TREES PROVIDED

9.1 MAINTENANCE REQUIREMENT:
ALL REQUIRED LANDSCAPING MUST BE MAINTAINED IN A HEALTHY, GROWING CONDITION AT ALL TIMES. THE PROPERTY OWNER IS RESPONSIBLE FOR THE REGULAR WEEDING, MOWING OF GRASS, IRRIGATING, FERTILIZING, PRUNING, OR OTHER MAINTENANCE OF ALL PLANTINGS AS NEEDED. ANY PLANT THAT DIES MUST BE REPLACED WITH ANOTHER LIVING PLANT THAT COMPLIES WITH THE APPROVED LANDSCAPE PLAN WITHIN 6 MONTHS AFTER NOTIFICATION BY THE CITY.
A REQUIRED TREE THAT DIES AFTER ITS ORIGINAL PLANTING MUST BE REPLACED BY ANOTHER LIVING TREE HAVING A MINIMUM HEIGHT OF 14' AND A MINIMUM TRUNK CALIPER OF 4" MEASURED AT 12 INCHES ABOVE THE ROOT BALL.

9.2 UTILITY LINES AND RIGHTS-OF-WAY:
ANY DAMAGE TO UTILITIES RESULTING FROM THE NEGLIGENCE OF THE PROPERTY OWNER, HIS AGENTS, OR EMPLOYEES IN THE INSTALLATION AND MAINTENANCE OF REQUIRED LANDSCAPING IN THE PUBLIC RIGHT-OF-WAY IS THE RESPONSIBILITY OF THE PROPERTY OWNER. IF A PUBLIC UTILITY DISTURBS A LANDSCAPED AREA IN THE PUBLIC RIGHT-OF-WAY, IT SHALL MAKE EVERY REASONABLE EFFORT TO PRESERVE THE LANDSCAPING MATERIALS AND RETURN THEM TO THEIR PRIOR LOCATIONS AFTER THE UTILITY WORK. IF NONETHELESS SOME PLANT MATERIALS DIE, IT IS THE OBLIGATION OF THE PROPERTY OWNER TO REPLACE THE PLAN MATERIAL.

TREESCAPE – PROTECTED TREE MITIGATION
THERE ARE NO PROTECTED TREES EXISTING ON SITE
THERE ARE PROTECTED TREES EXISTING IN THE PARKWAY

N.T.S.

NOTE:
1. USE MIXED COMPOST TO BACKFILL.
2. FERTILIZE AND WATER THOROUGHLY AFTER INSTALLATION.
3. EXCAVATE ENTIRE SHRUB BED, AS SHOWN.
4. NO SHRUB, EDGER OR ROOTBALL, SHALL BE PLANTED CLOSER THAN 2'-0" FROM FOUNDATION OF BUILDING.

SHRUB PLANTING-SECTION

N.T.S.

GENERAL PLANTING NOTES:

1. QUANTITIES INDICATED ON PLANT LIST ARE LANDSCAPE ARCHITECT'S ESTIMATE ONLY AND SHOULD BE VERIFIED PRIOR TO BIDDING. CONTRACTOR IS RESPONSIBLE FOR BIDDING AND PROVIDING QUANTITY OF PLANTS REQUIRED AT SPACING DESIGNATED FOR BED SIZES AND CONFIGURATIONS SHOWN ON PLANS REGARDLESS OF QUANTITIES DESIGNATED ON PLANT SCHEDULE.
2. CONTRACTOR SHALL NOTIFY LANDSCAPE ARCHITECT OF ANY DISCREPANCIES, AMBIGUITY OR UNLABELED PLANTS ON PLANS PRIOR TO BID SUBMITTAL. IF ANY OF THESE IS NOT CLARIFIED BY LANDSCAPE ARCHITECT PRIOR TO BID SUBMITTAL DATE, CONTRACTOR SHALL NOTE SUCH ITEMS ON BID.
3. SOIL AMENDMENTS TO BE "MIXED SOIL WITH COMPOST" AS PRODUCED BY LIVING EARTH TECHNOLOGY, OR APPROVED EQUAL. INSTALL 5" OF TOPSOIL WITHIN ALL PLANTING AREAS. REMOVE EXISTING SOIL AND REPLACE WITH TOPSOIL. TO GRADE.
4. TREE HOLES TO BE EXCAVATED 2' GREATER THAN BALL DIAMETER AND 6" DEEPER. BACK FILL WITH 1/2 EXISTING SOIL AND 1/2 COMPOST AS NOTED IN#3 ABOVE. THOROUGHLY BLENDED BY MECHANICAL MEANS PRIOR TO BACKFIL..
5. SHRUB PIT SHALL BE EXCAVATED 12" GREATER THAN BALL DIAMETER AND 6" DEEPER. BACK FILL WITH 1/2 EXISTING SOIL AND 1/2 COMPOST AS NOTED IN #3 ABOVE. THOROUGHLY BLENDED BY MECHANICAL MEANS PRIOR TO BACKFILL.
6. MULCH TOP DRESSING FOR ALL PLANTING BEDS UNLESS OTHERWISE NOTED SHALL BE A MINI. 3" DEPTH LAYER, DECOMPOSED GRANITE UNIFORMLY SPREAD ON ALL SHRUB AND GROUND COVER BEDS.
7. BED EDGING TO BE STEEL EDGING 12G, X 5.5" AS MANUFACTURED BY COL-MET , COLOR: BLACK OR APPROVED EQUAL. ALL HOLES FOR TREES AND LARGE SHRUBS SHALL BE TESTED FOR WATER RETENTION PRIOR TO TREE OR SHRUB PLANTING. AFTER HOLE IS EXCAVATED, IT IS TO BE FILLED WITH WATER TO THE TOP OF THE EXCAVATION. IF, AFTER 24 HOURS, THE HOLE STILL HOLDS WATER, THE CONTRACTOR SHALL EXCAVATE AND ADDITIONAL 6" FROM THE BOTTOM OF THE HOLE. THE LANDSCAPE CONTRACTOR SHALL THEN INSTALL 6" OF NATIVE WASHED GRAVEL COVERED ON THE TOP (AND UP TO A MINIMUM OF 12" ON THE SIDES OF THE HOLE) WITH FILTER FABRIC. THE CONTRACTOR SHALL ALSO INSTALL A CAPPED 3" DIAMETER PVC SUMP WHICH WILL EXTEND FROM NEAR THE BOTTOM OF THE ROCK LAYER TO 3" ABOVE THE PROPOSED FINISH GRADE SO THE HOLE CAN BE EXCAVATED THROUGH MECHANICAL MEANS.
8. ALL PLANTING (TREES, SHRUBS, GROUND COVER, AND/OR GRASS APPLICABLE) SHALL BE GUARANTEED FOR A PERIOD OF ONE YEAR AFTER FINAL ACCEPTANCE.
9. ALL PROPOSED PLANT MATERIAL SHALL BE CONTAINER GROWN.
10. ANY LARGE OR SMALL TREE SHALL BE PLANTED AT LEAST 48" MIN. FROM THE EDGE OF ANY PAVED SURFACE.
11. GENERAL MAINTENANCE: REQUIRED PLANTS SHALL BE MAINTAINED IN A HEALTHY CONDITION AT ALL TIMES. THE PROPERTY OWNER IS RESPONSIBLE REGULAR WEEDING, MOWING OF GRASS, IRRIGATING, FERTILIZING, PEST PREVENTION, PRUNING AND OTHER MAINTENANCE OF ALL PLANTINGS AS NEEDED. ANY PLANT THAT DIES SHALL BE REPLACED WITH ANOTHER LIVING PLANT THAT IS COMPARABLE TO THE EXISTING PLANT MATERIALS SPECIFIED IN THE APPROVED LANDSCAPE PLAN
12. LANDSCAPES AREAS WILL BE IRRIGATED WITH A SYSTEM THAT IS SUITABLE FOR "WATER EFFICIENT LANDSCAPE" WITHIN NINETY (90) DAYS AFTER NOTIFICATION BY THE CITY.
13. THE LOCATION OF ALL UTILITIES, INDICATED ON THESE PLANS, WERE PROVIDED BY OTHERS. THE EXACT LOCATION AND ELEVATION OF ALL PUBLIC UTILITIES SHOULD BE DETERMINED BY THE LANDSCAPE CONTRACTOR PRIOR TO HIS COMMENCEMENT OF WORK.
14. LANDSCAPE ARCHITECT ASSUMES NO RESPONSIBILITY FOR ANY EXCAVATION OR GRADING INDICATED IT SHALL BE THE RESPONSIBILITY OF THE LANDSCAPE CONTRACTOR TO MAKE HIMSELF FAMILIAR WITH ALL UNDERGROUND UTILITIES, PIPES, STRUCTURES, AND LINE RUNS, PRIOR TO CONSTRUCTION. PROTECT ALL SITE UTILITIES DURING CONSTRUCTION.
15. THE CONTRACTOR SHALL ASSUME RESPONSIBILITY FOR ANY DEMOLITION, ADJUSTMENTS, OR RECONSTRUCTION RESULTING FROM UNAUTHORIZED CONSTRUCTION ACTIVITIES.
16. GROUNDCOVER / SEASONAL COLOR BEDS WILL RECEIVE 3" OF "MIXED SOIL WITH COMPOST" TILLED INTO PLACE TO A 6" DEPTH.

DEVELOPMENT PLANS
NOT FOR CONSTRUCTION

## GENERAL NOTES

1. THIS SET OF CONSTRUCTION PLANS IS INTENDED TO PROVIDE THE NECESSARY INFORMATION TO COMPLETE THE CONSTRUCTION OF THIS PROJECT.
2. ALL NECESSARY PERMITS, INSPECTIONS, AND CERTIFICATES OF APPROVAL SHALL BE PAID FOR BY EITHER THE GENERAL CONTRACTOR OR THE HOME OWNER.
3. ALL BUILDING CODES (NATIONAL, STATE, AND LOCAL) ARE TO COMPLY WITH THE 2003 INTERNATIONAL RESIDENTIAL CODE. THE BUILDING CODES TO SUPERSEDE ANY NOTES OR SPEC'S ON THESE PLANS. ALL SUBCONTRACTORS ARE RESPONSIBLE FOR APPLYING TO THEIR RESPECTIVE CODES.
4. ALL JOBSITE CHANGES AND DECISIONS ARE THE RESPONSIBILITY OF THE GENERAL CONTRACTOR.
5. IT IS THE RESPONSIBILITY OF THE CONTRACTOR TO VERIFY AND CHECK THE PLANS PRIOR TO CONSTRUCTION. ANY DISCREPANCIES, ERRORS, OR OMISSIONS FOUND WITHIN THE PLANS ARE TO BE BROUGHT TO THE ATTENTION OF LATIMER DESIGNS, INC. PRIOR TO ANY WORK BEING DONE.
6. THE GENERAL CONTRACTOR SHALL PROVIDE NECESSARY ENERGY CALCULATIONS TO COMPLY WITH LOCAL ENERGY CODES.
7. ALL DIMENSIONS ARE FOR ROUGH FRAMING. ALL STUD WALLS ARE DIMENSIONED AT 4" NOMINAL, BRICK LEDGES AT 5.5" NOMINAL, METAL SIDING LEDGES AT 1.5" NOMINAL, AND THIN WALLS AT 2" NOMINAL.
8. ALL DIMENSIONS ARE TO BE FIELD VERIFIED.
9. FOUNDATION PLAN, ROOF PLAN, AND FLOOR FRAMING PLANS ARE SCHEMATIC ONLY. REFER TO STRUCTURAL ENGINEER'S DRAWINGS FOR NOTES AND SPEC'S. (IF REQUIRED, TO BE PROVIDED BY GENERAL CONTRACTOR).
10. DRIVEWAY FINISH TO BE SPECIFIED BY CIVIL AND/OR STRUCTURAL ENGINNER.
11. PLANT MATERIALS, INCLUDING SEED/SOD ARE NOT SPEC' D.
12. ALL EXTERIOR WINDOW AND DOOR INSTALLATIONS TO BE IN STRICT COMPLIANCE WITH MANUFACTURER'S SPECIFICATIONS.
13. ALL CARPENTRY WORK SHALL BE ERECTED PLUMB AND TRUE, FOLLOWING BEST PRACTICES OF THE TRADE. TRIM WORK SHALL BE NEATLY CUT AND FIT.
14. ALL LUMBER SHALL BE S4S UNO
15. FRAMER TO PROVIDE BACKING FOR ALL APPROPRIATE FINISH MATERIALS.
16. GENERAL CONTRACTOR AND PRODUCT SUPPLIER ARE RESPONSIBLE FOR ALL SAFETY GLASS WHERE REQUIRED BY CODE.
17. PLUMBER TO PROVIDE ALL LABOR, MATERIALS, AND EQUIPMENT FOR THE COMPLETE INSTALLATION OF THE PLUMBING SYSTEM. INCLUDING ALL HOT AND COLD WATER DISTRIBUTION AND ALL NECESSARY WASTE SYSTEMS.
18. PLUMBER TO PROVIDE A COLD WATER LINE TO THE REFRIGERATOR.
19. THE HVAC CONTRACTOR SHALL PROVIDE A LAYOUT SHOWING DUCT AND VENT LOCATION, AS WELL AS EQUIPMENT SPEC'S. THE HEATING SYSTEM SHALL BE INSTALLED TO ALL CODE REQUIREMENTS.
20. CONTRACTOR TO VERIFY BUILDING/SLAB LOCATION WITH OWNER PRIOR TO CONSTRUCTION.

## 301 LANDSCAPE PLAN

SCALE: 1/8" = 1' - 0"

LANDSCAPE TABULATION
LOT: .26 AC (11,746.81 SF)
BUILDING: 2,947. SF
ZONED: RESIDENTIAL-OFFICE / PD-50

5.1 LANDSCAPE BUFFER-STRIP
10' REQUIRED
10' PROVIDED

5.2 SCREENING OF OFF-STREET LOADING DOCKS
N/A

5.3 ACCEPTABLE LANDSCAPE MATERIALS
ALL PLANT MATERIALS USED WILL SATISFY THE REQUIREMENTS OF THE LANDSCAPE ORDINANCE
ALL TREES PLANTED WILL BE A MINIMUM OF 3" CALIPER
ALL PLANT MATERIAL WILL OF CONTAINER GROWN QUALITY AND INSTALLED PER INDUSTRY STANDARDS.

5.4 PROTECTION OF LANDSCAPE AREAS:
ALL LANDSCAPE AREAS ADJACENT TO VEHICULAR AREAS WILL BE PROTECTED
BY 6" CONCRETE CURBS OR WHEEL STOPS.

5.5 IRRIGATION:
AN AUTOMATIC, UNDERGROUND DRIP IRRIGATION SYSTEM WILL BE INSTALLED WITH A RAIN GAUGE AND FREEZE/THAW SENSOR AND WILL PROVIDE IRRIGATION SYSTEM. THIS SYSTEM WILL PROVIDE 100% COVERAGE TO ALL PROPOSED AND REMAINING PLANT MATERIAL ON SITE.

5.6 SCREENING FROM RESIDENTIAL USES:
NORTH SIDE – RESIDENTIAL ADJACENCY
A 6' HT. MASONRY FENCE IS REQUIRED
A 6' HT. WOOD FENCE IS PROVIDED AND EXISTING

ALL AREAS ADJACENT TO THE REQUIRED SCREENING WALL, SHALL BE MAINTAINED IN A CLEAN AND ORDERLY CONDITION, FREE OF DEBRIS AND TRASH IN ACCORDANCE WITH THE APPLICABLE CODES OF THE CITY.

5.7 STREET LANDSCAPING:
1 3" (MIN. CAL.) CANOPY TREE REQUIRED PER 50 LF OF FRONTAGE REQUIRED
1 3" (MIN. CAL.) CANOPY TREE PROVIDED PER 50 LF OF FRONTAGE PROVIDED
N. GOLIAD STREET (HWY 205) = 208.27 LF
4 CANOPY TREES REQUIRED
4 CANOPY TREE PROVIDED

5.8 RIGHT-OF-WAY LANDSCAPING:
GRASS OR GROUNDCOVER REQUIRED
GRASS PROVIDED

THE PROPOSED IRRIGATION SYSTEM WILL PROVIDE 100% COVERAGE TO ALL PLANT MATERIAL PROPOSED FOR THE PARKWAY TO B.O.C. ALONG N. GOLIAD STREET.

5.9 PARKING LOT LANDSCAPING:
PARKING AND MANEUVERING = 3,125 SF
1 LARGE TREE WITHIN 80 LF OF ANY PARKING SPACE REQUIRED.
1 LARGE TREE WITHIN 80 LF OF ANY PARKING SPACE PROVIDED.

5.10 – (DELETED):

5.11 DIMENSIONING OF LANDSCAPE AREA:
ALL LANDSCAPING REQUIRED TO BE IN AN ARE NO LESS THAN 5' WIDE AND MINIMUM OF 25 SF.
ALL LANDSCAPING PROVIDED TO BE IN AN ARE NO LESS THAN 5' WIDE AND MINIMUM OF 25 SF.

5.12 REQUIRED LANDSCAPING:
ZONED: RESIDENTIAL-OFFICE
A. AMOUNT OF LANDSCAPING
2,936.45 SF = 25% OF SITE REQUIRED TO BE LANDSCAPED.
5,676.81 SF = 48% OF SITE PROPOSED TO BE LANDSCAPED.

B. LOCATION OF LANDSCAPING
50% REQUIRED IN FRONT YARD
1,468.22 SF = 50% OF THE REQUIRED LANDSCAPE REQUIRED IN FRONT YARD.
2,797.00 SF = 95% OF THE REQUIRED LANDSCAPE PROVIDED IN FRONT YARD.

C. DETENTION BASIN = +/– 978. SF
LANDSCAPE REQUIRED
LANDSCAPE PROVIDED

1 TREE / 750 SF REQUIRED
1.30 TREES REQUIRED
2.00 TREES PROVIDED

9.1 MAINTENANCE REQUIREMENT:
ALL REQUIRED LANDSCAPING MUST BE MAINTAINED IN A HEALTHY, GROWING CONDITION AT ALL TIMES. THE PROPERTY OWNER IS RESPONSIBLE FOR THE REGULAR WEEDING, MOWING OF GRASS, IRRIGATING, FERTILIZING, PRUNING, OR OTHER MAINTENANCE OF ALL PLANTINGS AS NEEDED. ANY PLANT THAT DIES MUST BE REPLACED WITH ANOTHER LIVING PLANT THAT COMPLIES WITH THE APPROVED LANDSCAPE PLAN WITH WITHIN 6 MONTHS AFTER NOTIFICATION BY THE CITY.
A REQUIRED TREE THAT DIES AFTER ITS ORIGINAL PLANTING MUST BE REPLACED BY ANOTHER LIVING TREE HAVING A MINIMUM HEIGHT OF 14' AND A MINIMUM TRUNK CALIPER OF 4" MEASURED AT 12 INCHES ABOVE THE ROOT BALL.

9.2 UTILITY LINES AND RIGHTS-OF-WAY:
ANY DAMAGE TO UTILITIES RESULTING FROM THE NEGLIGENCE OF THE PROPERTY OWNER, HIS AGENTS, OR EMPLOYEES IN THE INSTALLATION AND MAINTENANCE OF REQUIRED LANDSCAPING IN THE PUBLIC RIGHT-OF-WAY IS THE RESPONSIBILITY OF THE PROPERTY OWNER. IF A PUBLIC UTILITY DISTURBS A LANDSCAPED AREA IN THE PUBLIC RIGHT-OF-WAY, IT SHALL MAKE EVERY REASONABLE EFFORT TO PRESERVE THE LANDSCAPING MATERIALS AND RETURN THEM TO THEIR PRIOR LOCATIONS AFTER THE UTILITY WORK. IF NONETHELESS SOME PLANT MATERIALS DIE, IT IS THE OBLIGATION OF THE PROPERTY OWNER TO REPLACE THE PLAN MATERIAL.

N.T.S.

NOTE:
1. USE MIXED COMPOST TO BACKFILL.
2. FERTILIZE AND WATER THOROUGHLY AFTER INSTALLATION.
3. EXCAVATE ENTIRE SHRUB BED, AS SHOWN.
4. NO SHRUB, EDGER OF ROOTBALL, SHALL BE PLANTED CLOSER THAN 2'–)" FROM FOUNDATION OF BUILDING.

SHRUB PLANTING–SECTION

N.T.S.

GENERAL PLANTING NOTES:

1. QUANTITIES INDICATED ON PLANT LIST ARE LANDSCAPE ARCHITECT'S ESTIMATE ONLY AND SHOULD BE VERIFIED PRIOR TO BIDDING. CONTRACTOR IS RESPONSIBLE FOR BIDDING AND PROVIDING QUANTITY OF PLANTS REQUIRED AT SPACING DESIGNATED FOR BED SIZES AND CONFIGURATIONS SHOWN ON PLANS REGARDLESS OF QUANTITIES DESIGNATED ON PLANT SCHEDULE.
2. CONTRACTOR SHALL NOTIFY LANDSCAPE ARCHITECT OF ANY DISCREPANCIES, AMBIGUITY OR UNLABELED PLANTS ON PLANS PRIOR TO BID SUBMITTAL. IF ANY OF THESE IS NOT CLARIFIED BY LANDSCAPE ARCHITECT PRIOR TO BID SUBMITTAL DATE, CONTRACTOR SHALL NOTE SUCH ITEMS ON BID.
3. SOIL AMENDMENTS TO BE "MIXED SOIL WITH COMPOST" AS PRODUCED BY LIVING EARTH TECHNOLOGY, OR APPROVED EQUAL. INSTALL 5" OF TOPSOIL WITHIN ALL PLANTING AREAS. REMOVE EXISTING SOIL AND REPLACE WITH TOPSOIL. TO GRADE.
4. TREE HOLES TO BE EXCAVATED 2' GREATER THAN BALL DIAMETER AND 6" DEEPER. BACK FILL WITH 1/2 EXISTING SOIL AND 1/2 COMPOST AS NOTED INN#3 ABOVE. THOROUGHLY BLENDED BY MECHANICAL MEANS PRIOR TO BACKFILL.
5. SHRUB PIT SHALL BE EXCAVATED 12" GREATER THAN BALL DIAMETER AND 6" DEEPER. BACK FILL WITH 1/2 EXISTING SOIL AND 1/2 COMPOST AS NOTED IN #3 ABOVE. THOROUGHLY BLENDED BY MECHANICAL MEANS PRIOR TO BACKFILL.
6. MULCH TOP DRESSING FOR ALL PLANTING BEDS UNLESS OTHERWISE NOTED SHALL BE A MINI. 3" DEPTH LAYER, DECOMPOSED GRANITE UNIFORMLY SPREAD ON ALL SHRUB AND GROUND COVER BEDS.
7. BED EDGING TO BE STEEL EDGING 12G, X 5.5" AS MANUFACTURED BY COL–MET , COLOR: BLACK OR APPROVED EQUAL. ALL HOLES FOR TREES AND LARGE SHRUBS SHALL BE TESTED FOR WATER RETENTION PRIOR TO TREE OR SHRUB PLANTING. AFTER HOLE IS EXCAVATED, IT IS TO BE FILLED WITH WATER TO THE TOP OF THE EXCAVATION. IF, AFTER 24 HOURS, THE HOLE STILL HOLDS WATER, THE CONTRACTOR SHALL EXCAVATE AND ADDITIONAL 6" FROM THE BOTTOM OF THE HOLE. THE LANDSCAPE CONTRACTOR SHALL THEN INSTALL 6" OF NATIVE WASHED GRAVEL COVERED ON THE TOP (AND UP TO A MINIMUM OF 12" ON THE SIDES OF THE HOLE) WITH FILTER FABRIC. THE CONTRACTOR SHALL ALSO INSTALL A CAPPED 3" DIAMETER PVC SUMP WHICH WILL EXTEND FROM NEAR THE BOTTOM OF THE ROCK LAYER TO 3" ABOVE THE PROPOSED FINISH GRADE SO THE HOLE CAN BE EXCAVATED THROUGH MECHANICAL MEANS.
8. ALL PLANTING (TREES, SHRUBS, GROUND COVER, AND/OR GRASS APPLICABLE) SHALL BE GUARANTEED FOR A PERIOD OF ONE YEAR AFTER FINAL ACCEPTANCE.
9. ALL PROPOSED PLANT MATERIAL SHALL BE CONTAINER GROWN.
10. ANY LARGE OR SMALL TREE SHALL BE PLANTED AT LEAST 48" MIN. FROM THE EDGE OF ANY PAVED SURFACE.
11. GENERAL MAINTENANCE: REQUIRED PLANTS SHALL BE MAINTAINED IN A HEALTHY CONDITION AT ALL TIMES. THE PROPERTY OWNER IS RESPONSIBLE REGULAR WEEDING, MOWING OF GRASS, IRRIGATING, FERTILIZING, PEST PREVENTION, PRUNING AND OTHER MAINTENANCE OF ALL PLANTINGS AS NEEDED. ANY PLANT THAT DIES SHALL BE REPLACED WITH ANOTHER LIVING PLANT THAT IS COMPARABLE TO THE EXISTING PLANT MATERIALS SPECIFIED IN THE APPROVED LANDSCAPE PLAN
12. LANDSCAPES AREAS WILL BE IRRIGATED WITH A SYSTEM THAT IS SUITABLE FOR "WATER EFFICIENT LANDSCAPE" WITHIN NINETY (90) DAYS AFTER NOTIFICATION BY THE CITY.
13. THE LOCATION OF ALL UTILITIES, INDICATED ON THESE PLANS, WERE PROVIDED BY OTHERS. THE EXACT LOCATION AND ELEVATION OF ALL PUBLIC UTILITIES SHOULD BE DETERMINED BY THE LANDSCAPE CONTRACTOR PRIOR TO HIS COMMENCEMENT OF WORK.
14. LANDSCAPE ARCHITECT ASSUMES NO RESPONSIBILITY FOR ANY EXCAVATION OR GRADING INDICATED IT SHALL BE THE RESPONSIBILITY OF THE LANDSCAPE CONTRACTOR TO MAKE HIMSELF FAMILIAR WITH ALL UNDERGROUND UTILITIES, PIPES, STRUCTURES, AND LINE RUNS, PRIOR TO CONSTRUCTION. PROTECT ALL SITE UTILITIES DURING CONSTRUCTION.
15. THE CONTRACTOR SHALL ASSUME RESPONSIBILITY FOR ANY DEMOLITION, ADJUSTMENTS, OR RECONSTRUCTION RESULTING FROM UNAUTHORIZED CONSTRUCTION ACTIVITIES.
16. GROUNDCOVER / SEASONAL COLOR BEDS WILL RECEIVE 3" OF "MIXED SOIL WITH COMPOST" TILLED INTO PLACE TO A 6" DEPTH.

(1/25/2019 10:56 AM SH)
- Is the building shown existing?
- Parking to be 20'x9' minimum
- Must have 15'x24' turnaround.
- Are you planning to include a cross access easement?
- Must label TW and BW elevations in all locations.
- Calculations will not be reviewed until plans are submitted for engineering review.
- Add note to Landscape Plans, "No trees within 5' of utilities."

The following is for your information for engineering review.
- 4% Engineering Inspection Fees
- Impact fees.
- Min 20' utility easements.
- No structures in easements.
- Fire lane easement to be on plat.
- Fire lane to be 24' wide with 20' radii.
- Parking to be 20'x9'
- No dead-end parking.
- Driveway spacing must be labeled on Site Plan.
- Must have detention. Manning's "c-value" is per zoning for the entire property. 4:1 max slope. No vertical walls allowed in detention easement
- No trees within 5' of public utilities.
- Retaining walls 3' and over must be designed by a licensed engineer. All walls to be rock or stone. No smooth concrete walls.
- Must meet all City Engineering Standards.

SP2019-002 Site Plan for 108 St Mary: Please address the following comments (M= Mandatory Comments; I = Informational Comments)

? This is a request by Chuck Vickers of T & C Main Street Holdings, LLC for the approval of a site plan for an office building on a 0.50-acre parcel of land identified as Block 80B of the B. F. Boydston Addition, City of Rockwall, Rockwall County, Texas, zoned Residential-Office (RO) District, addressed as 108 St. Mary's Street.

? For questions or comments concerning this case please contact Korey Brooks in the Planning Department at (972) 772-6434 or email kbrooks@rockwall.com.

? For reference, include the case number (SP2019-002) in the lower right hand corner of all pages on future submittals.

? Site Plan. Please provide a Site Plan instead of a "Site and Grading Plan". That needs to be submitted with your Civils later on. Without the correct drawing I can provide limited comments.

? Site Plan. Please note that the subject property will not be able to be subdivided.

? Site Plan. Please move all parking to rear of building.

? Site Plan. ADA will more than likely need to be moved to the rear of building.

? Site Plan. Please provide cross/access to RO property to the west.

? Site Plan. Please note that parking spaces to not appear to meet engineering standards of design

? Landscape Plan. Please show centerlines of adjacent roadways.

? Landscape Plan. Please provide site data table as shown on landscape plan. Also, please check the site plan checklist that shows additional information to be added to site data table (e.g. pervious vs. impervious percentage, landscape percentage, etc.)

? Landscape Plan. Please utilize engineering scale and show adjacent properties.

? Landscape Plan. Please check the tree requirements along Goliad—There seems to be 1 or 2 trees missing.

? Landscape Plan. Please note that no parking space shall be 80-feet from a tree. Provide 80-foot buffer at 1 or 2 trees to show compliance.

? Landscape Plan. Please utilize different lineweights for clarity. For instance the callouts for the landscape could be a greyscale dashline.

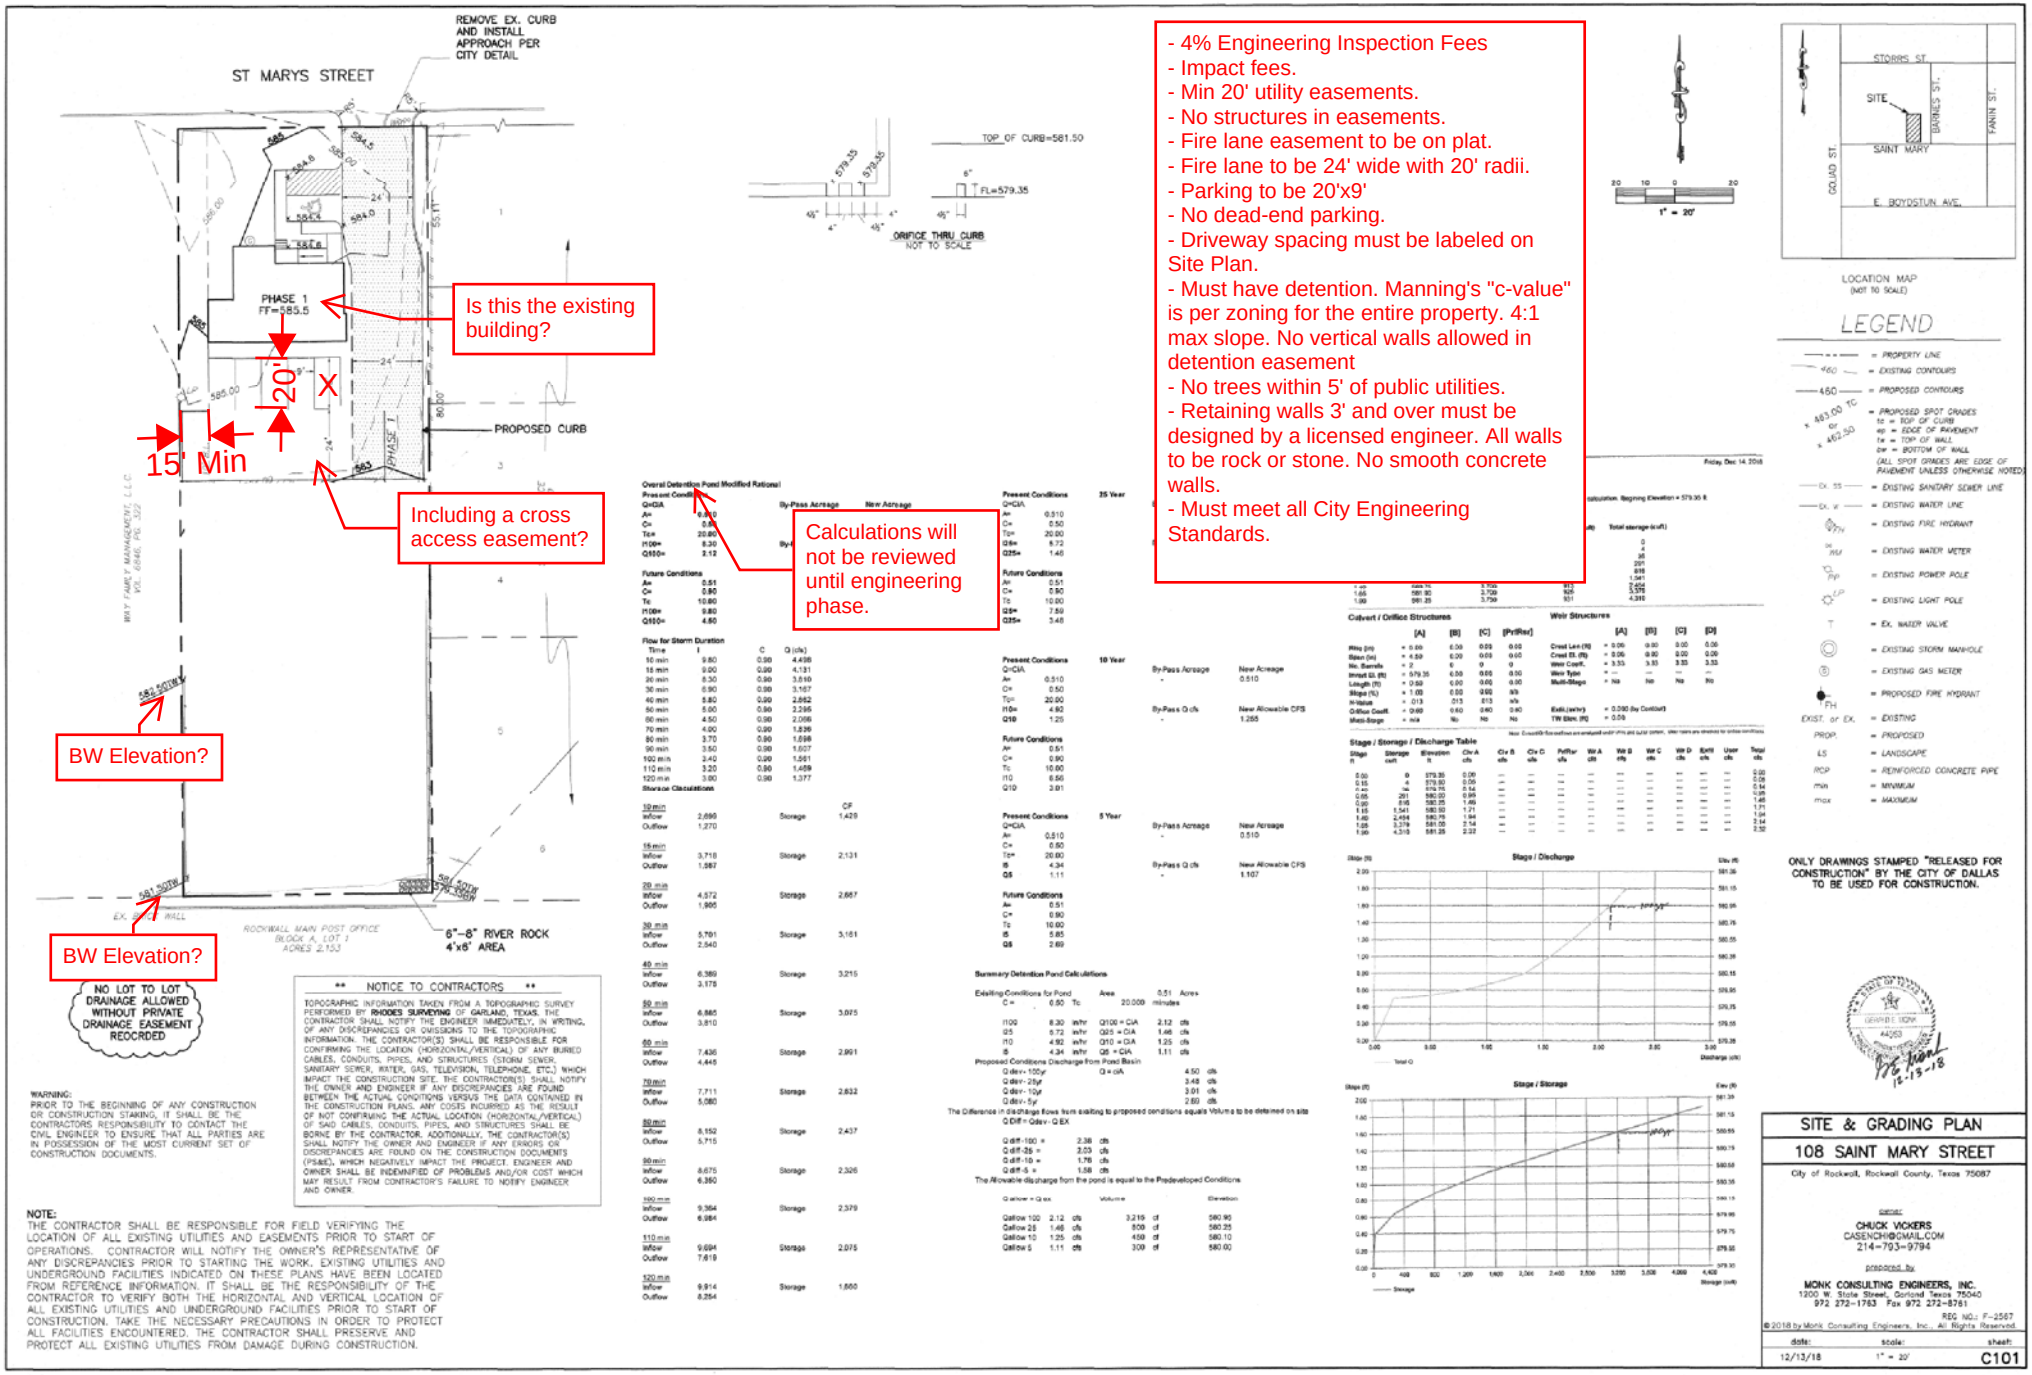
? Landscape Plan. Please utilize different lineweights for clarity. For instance the callouts for the landscape could be a greyscale dashline.

? Landscape Plan. Please show heavy landscape screening from the adjacent residential property

? Landscape Plan. Please provide engineering information on all plans (e.g turning radii, easements, utilities, etc). Also provide visibility triangle.

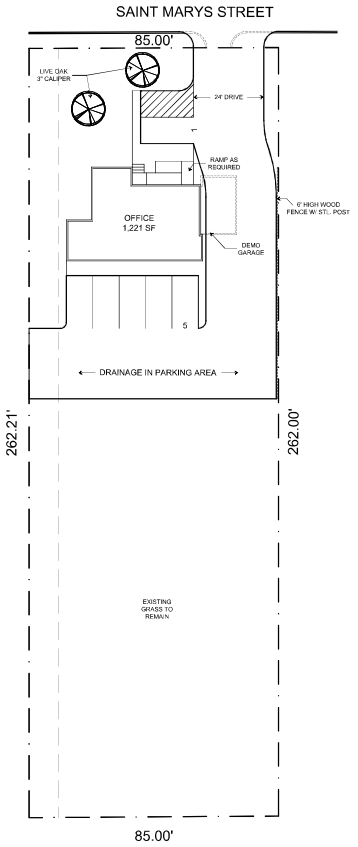
? Photometric Plan. If any additional lighting is being provided, please provide a photometric plan.

? Building Elevations. Please provide dimensions.



? Building Elevations. Is the wainscot existing?

? Building Elevations. Provide Site data Table as provided on other sheets.



? Building Elevations. Please note any changes being made to the exterior.

? The Architectural Review Board (ARB) meeting for this case will be held on January 29, 2019 at 5:00 p.m.

? Staff has identified the aforementioned items necessary to continue the submittal process. Please make these revisions and corrections, and provide any additional information that is requested. Revisions for this case will be due on February 4, 2019. The Planning and Zoning Worksession for this case will be January 29, 2019, at 6:00 p.m. The Planning and Zoning Meeting will be February 12, 2019

**Summary Detention Pond Calculations**

Exsiting Conditions for Pond — Area 0.51 Acres

C = 0.50 Tc 20.000 minutes

| | | | | | |
|---|---|---|---|---|---|
| I100 | 8.30 | in/hr | Q100 = CiA | 2.12 | cfs |
| I25 | 5.72 | in/hr | Q25 = CiA | 1.46 | cfs |
| I10 | 4.92 | in/hr | Q10 = CiA | 1.25 | cfs |
| I5 | 4.34 | in/hr | Q5 = CiA | 1.11 | cfs |

Proposed Conditions Discharge from Pond Basin

| | | |
|---|---|---|
| Q dev - 100yr | Q = ciA | 4.50 cfs |
| Q dev - 25yr | | 3.48 cfs |
| Q dev - 10yr | | 3.01 cfs |
| Q dev - 5yr | | 2.69 cfs |

The Difference in discharge flows from exsiting to proposed conditions equals Volume to be detained on site

Q Diff = Qdev - Q EX

| | | |
|---|---|---|
| Q diff -100 = | 2.38 | cfs |
| Q diff -25 = | 2.03 | cfs |
| Q diff -10 = | 1.76 | cfs |
| Q diff -5 = | 1.58 | cfs |

The Allowable discharge from the pond is equal to the Predeveloped Conditions

| | | | | | |
|---|---|---|---|---|---|
| Q allow = Q ex | | | Volume | | Elevation |
| Qallow 100 | 2.12 | cfs | 3,215 | cf | 580.95 |
| Qallow 25 | 1.46 | cfs | 800 | cf | 580.25 |
| Qallow 10 | 1.25 | cfs | 450 | cf | 580.10 |
| Qallow 5 | 1.11 | cfs | 300 | cf | 580.00 |

## Pond Report

Hydraflow Hydrographs by Intelisolve v9.01 — Friday, Dec 14, 2018

**Pond No. 1 - St Mary Street**

**Pond Data**

Contours - User-defined contour areas. Average end area method used for volume calculation. Beginning Elevation = 579.35 ft

**Stage / Storage Table**

| Stage (ft) | Elevation (ft) | Contour area (sqft) | incr. Storage (cuft) | Total storage (cuft) |
|---|---|---|---|---|
| 0.00 | 579.35 | 00 | 0 | 0 |
| 0.15 | 579.50 | 50 | 4 | 4 |
| 0.40 | 579.75 | 125 | 22 | 26 |
| 0.65 | 580.00 | 2,000 | 266 | 291 |
| 0.90 | 580.25 | 2,200 | 525 | 816 |
| 1.15 | 580.50 | 3,600 | 725 | 1,541 |
| 1.40 | 580.75 | 3,700 | 913 | 2,454 |
| 1.65 | 581.00 | 3,700 | 925 | 3,379 |

NO LOT TO LOT DRAINAGE ALLOWED WITHOUT PRIVATE DRAINAGE EASEMENT REOCRDED

WARNING:
PRIOR TO THE BEGINNING OF ANY CONSTRUCTION OR CONSTRUCTION STAKING, IT SHALL BE THE CONTRACTORS RESPONSIBILITY TO CONTACT THE CIVIL ENGINEER TO ENSURE THAT ALL PARTIES ARE IN POSSESSION OF THE MOST CURRENT SET OF CONSTRUCTION DOCUMENTS.

**** NOTICE TO CONTRACTORS ****

TOPOGRAPHIC INFORMATION TAKEN FROM A TOPOGRAPHIC SURVEY PERFORMED BY **RHODES SURVEYING** OF GARLAND, TEXAS. THE CONTRACTOR SHALL NOTIFY THE ENGINEER IMMEDIATELY, IN WRITING, OF ANY DISCREPANCIES OR OMISSIONS TO THE TOPOGRAPHIC INFORMATION. THE CONTRACTOR(S) SHALL BE RESPONSIBLE FOR CONFIRMING THE LOCATION (HORIZONTAL/VERTICAL) OF ANY BURIED CABLES, CONDUITS, PIPES, AND STRUCTURES (STORM SEWER, SANITARY SEWER, WATER, GAS, TELEVISION, TELEPHONE, ETC.) WHICH IMPACT THE CONSTRUCTION SITE. THE CONTRACTOR(S) SHALL NOTIFY THE OWNER AND ENGINEER IF ANY DISCREPANCIES ARE FOUND BETWEEN THE ACTUAL CONDITIONS VERSUS THE DATA CONTAINED IN THE CONSTRUCTION PLANS. ANY COSTS INCURRED AS THE RESULT OF NOT CONFIRMING THE ACTUAL LOCATION (HORIZONTAL/VERTICAL) OF SAID CABLES, CONDUITS, PIPES, AND STRUCTURES SHALL BE BORNE BY THE CONTRACTOR. ADDITIONALLY, THE CONTRACTOR(S) SHALL NOTIFY THE OWNER AND ENGINEER IF ANY ERRORS OR DISCREPANCIES ARE FOUND ON THE CONSTRUCTION DOCUMENTS (PS&E), WHICH NEGATIVELY IMPACT THE PROJECT. ENGINEER AND OWNER SHALL BE INDEMNIFIED OF PROBLEMS AND/OR COST WHICH MAY RESULT FROM CONTRACTOR'S FAILURE TO NOTIFY ENGINEER AND OWNER.

**NOTE:**
THE CONTRACTOR SHALL BE RESPONSIBLE FOR FIELD VERIFYING THE LOCATION OF ALL EXISTING UTILITIES AND EASEMENTS PRIOR TO START OF OPERATIONS. CONTRACTOR WILL NOTIFY THE OWNER'S REPRESENTATIVE OF ANY DISCREPANCIES PRIOR TO STARTING THE WORK. EXISTING UTILITIES AND UNDERGROUND FACILITIES INDICATED ON THESE PLANS HAVE BEEN LOCATED FROM REFERENCE INFORMATION. IT SHALL BE THE RESPONSIBILITY OF THE CONTRACTOR TO VERIFY BOTH THE HORIZONTAL AND VERTICAL LOCATION OF ALL EXISTING UTILITIES AND UNDERGROUND FACILITIES PRIOR TO START OF CONSTRUCTION. TAKE THE NECESSARY PRECAUTIONS IN ORDER TO PROTECT ALL FACILITIES ENCOUNTERED. THE CONTRACTOR SHALL PRESERVE AND PROTECT ALL EXISTING UTILITIES FROM DAMAGE DURING CONSTRUCTION.

|---|---|---|---|---|---|---|---|

(1/25/2019 11:21 AM SH)
- All parking to be 20'x9' and all drive isle radii must be 20' minimum.
- Water line must be centered in 20' Utility Easement.
- Sewer and lift station will all be private. Label each item and private.
- Need the new plans for COunty Line Road Reconstruction.
- Must tie water into the 12" line in County Line Road or we will stub out to you if the reconstruction gets there first.
- No grate inlets allowed. Must be curb inlets for paving.
- Dumpsters to drain to oil/water separator prior to entering the storm system.
- Drainage must be in sheet flow condition before crossing the property line from detention.
- Landscape Plan, add note, "8. No trees within 5' of utlities."

The following is for your information for engineering plan review.
- 4% Engineering Inspection Fees
- Impact fees.
- Min 20' utility easements.
- No structures in easements.
- Fire lane easement to be on plat.
- Fire lane to be 24' wide with 20' radii (or 30' rad. depending on height).
- Parking to be 20'x9'
- 8" water available across Ranch Trl. Must loop 8" waterline in site. Full panel concrete replacement required.
- 8" sewer in Ranch Trl.
- Sewer pro-rata of $432.74/acre.
- Must install 5' sidewalk along County Line.
- Dumpster area to drain to oil/water separator or grease trap, depending on use.
- No trees within 5' of public utilities.
- Retaining walls 3' and over must be designed by a licensed engineer. All walls to be rock or stone. No smooth concrete walls.
- Must have detention. Manning's "c-value" is per zoning for the entire property.
- If using the pond for detention, it must be over the existing level.
- Must have a waters of the US Study if touching the pond.
- Detention outfall must reach sheet flow conditions prior to crossing the property line.
- Must meet all City Engineering Standards.

(1/24/2019 6:31 PM AA)
Any building with a total floor area of 5,000 square feet or greater shall be protected by automatic fire sprinklers. The total floor area is calculated by adding the square footage of all floor levels within the exterior walls including mezzanines, and under the horizontal projections of the roof of a building.

| | | | | | | | |

SP2019-003 Site Plan for Multi-Tenant Office/Warehouse on 403 Ranch Trail: Please address the following comments (M= Mandatory Comments; I = Informational Comments)

? This is a request by Matt Moore of ClayMoore Engineering, Inc. for the approval of a site plan for a multi-tenant office/warehouse complex on a 7.52-acre portior of a larger 9.76-acre tract of land identified as Lot 18 and the south portion of Lot 19, Rainbow Acres Addition, City of Rockwall, Rockwall County, Texas, zoned Commercial (C) District, addressed as 407 Ranch Trai

? For questions or comments concerning this case please contact Korey Brooks in the Planning Department at (972) 772-6434 or email kbrooks@rockwall.com.

? For reference, include the case number (SP2019-003) in the lower right hand corner of all pages on future submittals.

? Site Plan. Please note, there is missing information on the Site Data Table (e.g. pervious vs impervious, landscape percentage, etc). Please check the Site Plan Checklist..

? Site Plan. Please check driveway spacing with the Engineering Department and the "Future Driveway Connection"

? Site Plan. Please note that at 5,000 SF, the buildings will need to have a sprinkler system. The Fire Department may already require a sprinkler due to the type of use.

? Site Plan. Please note, there will need to be heavy landscape screening at the property lines

? Site Plan. Please show any rollup doors on the building (i.e. provide a notch or something that indicates where the doors are located)

? Site Plan. Please note that roll-up door should not be visible from the street.

? Site Plan. Please show easements

? Site Plan. In order to clean-up the plan, please remove the ADA symbols and callouts. Also, for other items, try to limit callouts and maybe utilize hatching/shading and provide information in a legend.

? Site Plan. Please provide SF of office and SF of warehouse for each building.

? Site Plan. Perhaps, number the buildings (for site planning purposing only) so that they are easier to refer to.

? Site Plan. Please utilize a combination of lineweights, especially adjacent to Ranch Trail. Things seem to get lost and its difficult to see centerline of Ranch Trail vs dimensions, etc.

? Site Plan. Please label each lot. For instance, there appears to be three different lots. Numbering the lots makes it easier to refer to.

? Site Plan. Please provide visibility triangles where driveways meet the street.

? Site Plan. Please provide centerlines of all adjacent roadways. (It may be there already but difficult to see.)

? Some of the buildings have lines in the middle of them, which are not dimension lines. For clarity, what are these lines?

? Site Plan. Please note, parking spaces should be 20 x 9 (unless a clear 2-foot overhang, which you show). Just check with Engineering to be sure those spaces are ok. Please dimension typical parking spaces and head to head space.

? Site Plan. Please note that the dumpster cannot directly face the street. Perhaps they can be angled?

? Site Plan. Is the footprint of each building going to be perfectly square, rectangle, etc? If not, please show the building footprint as it would actually appear.

? Site Plan. Please greyscale pond.

? Site Plan. Please show setbacks.

? Site Plan. "Construction Schedule" does not necessarily call out the ADA Symbol and pavement striping. The sidewalk could be a hatch pattern in the legend that shows the hatch and states the width of sidewalk. ADA accessible ramp could be shown as a symbol in a symbol legend.

? Site Plan. Show fire hydrants as symbol and provide in legend.

? Site Plan. The existing firelane symbol is difficult to read. Perhaps the firelane could be shown as a stippling pattern (or some other hatch)?

? Site Plan. Add a note that the dumpster enclosure shall have an opaque, self-latching gate. Also, check the minimum dimensions of the enclosure to ensure compliance—they seem tobe slightly undersized.

? Site Plan. The substitution of symbols in a legend rather than call outs would be helpful.

? Site Plan. Show and label landscape buffers adjacent to roadways (perhaps in greyscale).

? Site Plan. Please remove the footprints of the buildings on the adjacent property to the south. Also any information not related to this site should be removed.

| Type of Review / Notes | Contact | Sent | Due | Received | Elapsed | Status | Remarks |
|---|---|---|---|---|---|---|---|

For example, in the lower lefthand corner next to the future driveway there is a light pole and a power pole showing in addition to "Ex. Gravel Drive".

? Site Plan. The drive approaches for the properties across the roadways do not need to be shown

? Site Plan. The adjacent roadway labels should be more noticeable.

? Site Plan. The parking spaces need to be behind the front façade of the buildings. There are two or three parking spaces located at the drive aisle off county line road that will need to be moved.

? Site Plan. The parking space closest to the dumpster enclosure at the east property line may have to be eliminated due to lack of backing out space.

? Site Plan. Please note our updated screening requirements for residential adjacency.

? Site Plan. Will the detention be regional? If so, indicate.

? Landscape Plan. Please show centerlines of adjacent roadways.

? Landscape Plan. Please provide site data table as shown on landscape plan. Also, please check the site plan checklist that shows additional information to be added to site data table (e.g. pervious vs. impervious percentage, landscape percentage, etc.)

? Landscape Plan. Please check trees along the property line to ensure that they are not within 5-feet of a utility.

? Landscape Plan. Please check the tree requirements along Goliad—There seems to be 1 or 2 trees missing. Also, please show and label landscape buffer adjacent to roadways.

? Landscape Plan. Please note that no parking space shall be 80-feet from a tree. Provide 80-foot buffer at 1 or 2 trees to show compliance. Also, dimension a typical parking space as well as typical head to head.

? Landscape Plan. Please show any easements.

? Landscape Plan. Please utilize different lineweights for clarity. For instance the callouts for the landscape could be a greyscale dashline.

? Landscape Plan. Please show heavy landscape screening from the adjacent residential property

? Landscape Plan. Please provide engineering information on all plans (e.g turning radii, easements, utilities, etc). Also provide visibility triangle.

? Landscape Plan. What is the square black box in the middle of the drive aisle off County Line Road? Please indicate in legend.

? Landscape Plan. There are a number of trees that show "70 AJ" or similar. What is that?

? Landscape Plan. Please label pond. Also you may have to check to see if this is Waters of the U.S.

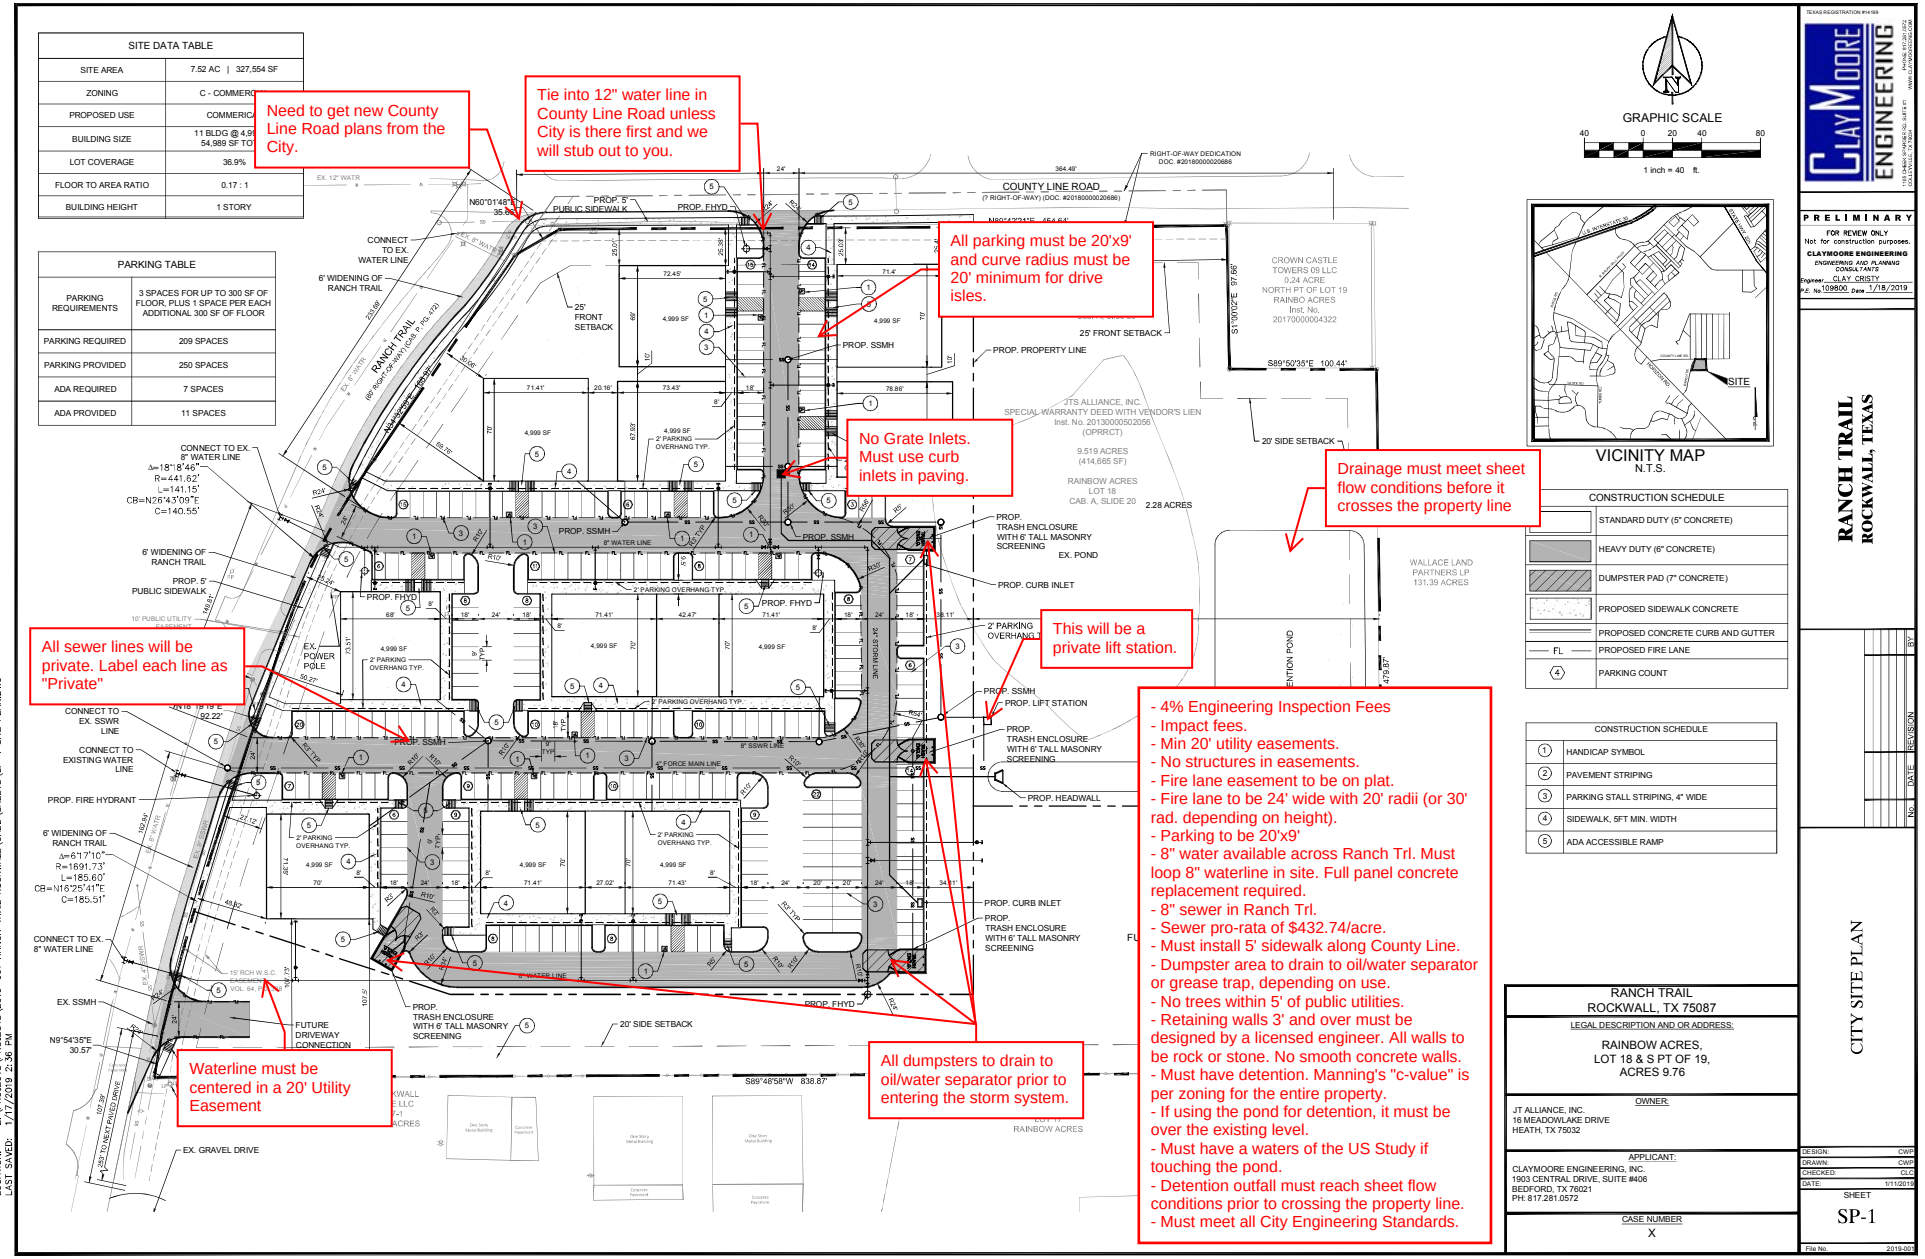
? Landscape Plan. Please label detention pond.

? Landscape Plan. Please indicate the number of caliper inches and percentage of caliper inches that is being paid into the tree fund.

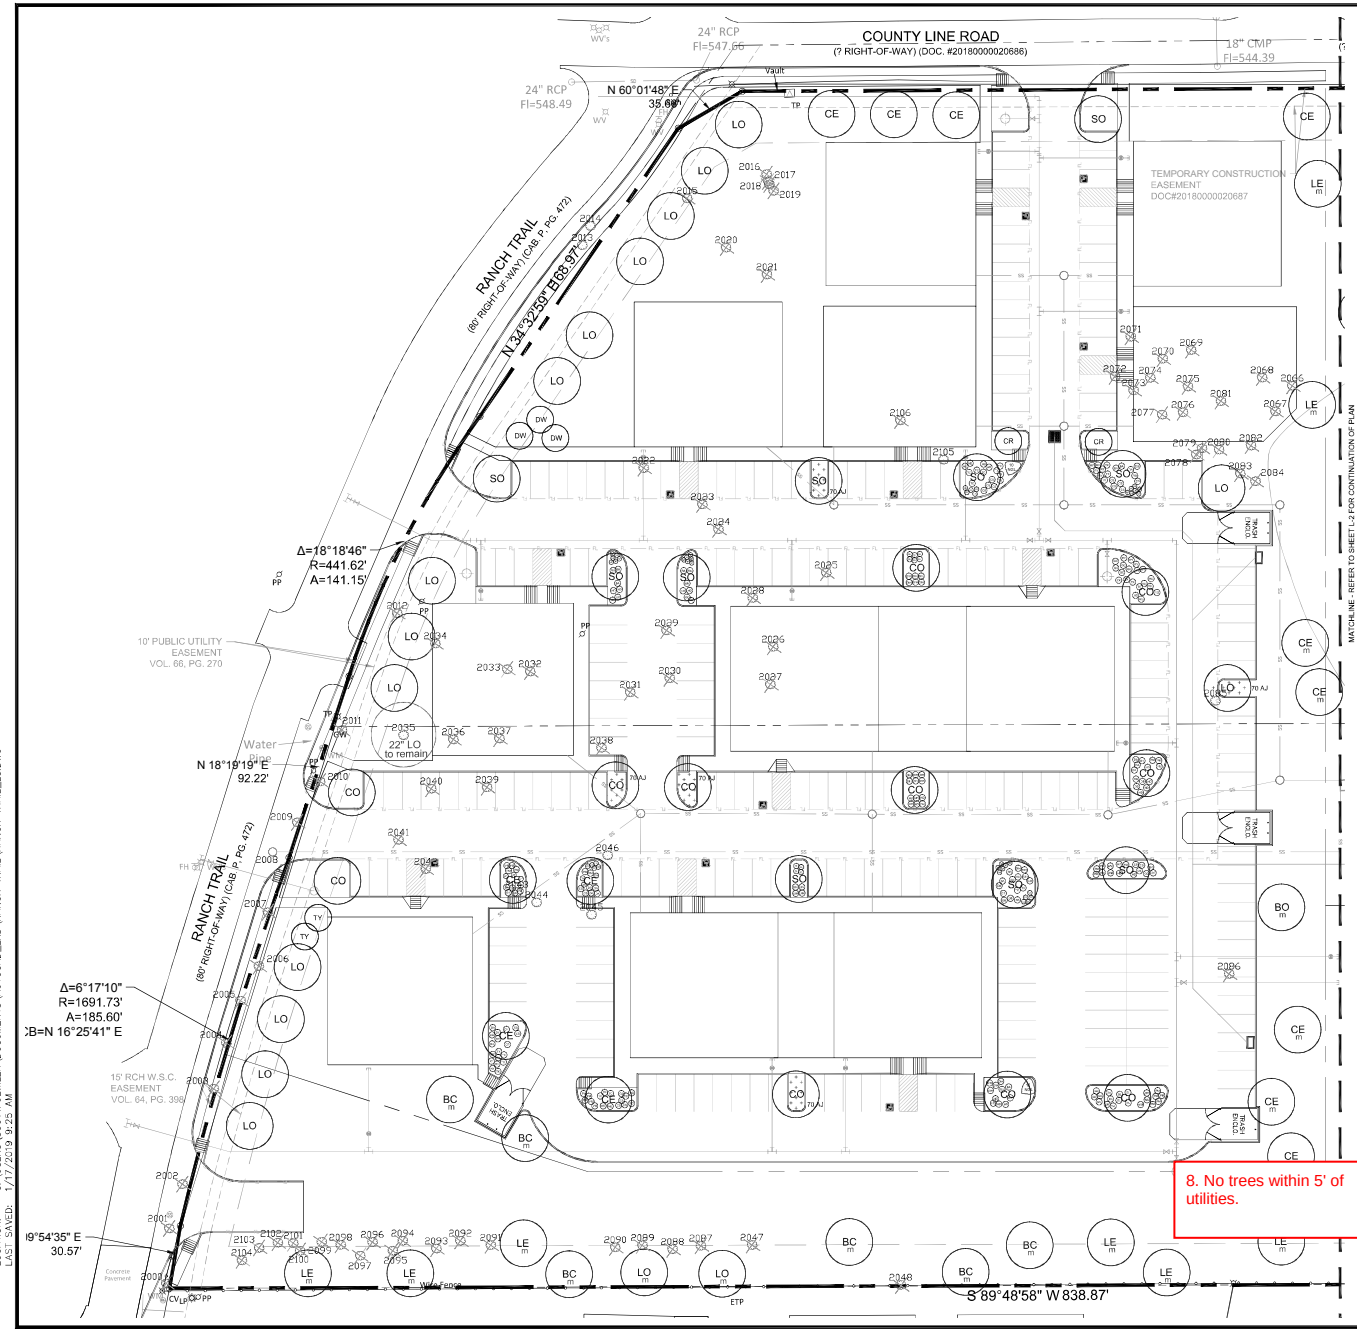
? Landscape Plan. Am I correct that only one tree is being preserved? Just as a note,

? Photometric Plan. If any additional lighting is being provided, please provide a photometric plan.

? Building Elevations. Please provide updated drawings showing the proposed wainscot and material percentages.



? Building Elevations. Staff recommends that all facades visible from a public street by full masonry



? Building Elevations. Provide Site data Table as provided on other sheets.

? Photometric Plan. Please provide cut sheets.

? The Architectural Review Board (ARB) meeting for this case will be held on January 29, 2019 at 5:00 p.m.

? Staff has identified the aforementioned items necessary to continue the submittal process. Please make these revisions and corrections, and provide any additional information that is requested. Revisions for this case will be due on February 4, 2019. The Planning and Zoning Worksession for this case will be January 29, 2019,at 6:00 p.m. The Planning and Zoning Meeting will be February 12, 2019

SITE DATA TABLE

ADA PROVIDED | 11 SPACES
Need to get new County Line Road plans from the City.
Tie into 12" water line in County Line Road unless City is there first and we will stub out to you.
All parking must be 20'x9' and curve radius must be 20' minimum for drive isles.
No Grate Inlets. Must use curb inlets in paving.
Drainage must meet sheet flow conditions before it crosses the property line
All sewer lines will be private. Label each line as "Private"
This will be a private lift station.
Waterline must be centered in a 20' Utility Easement
All dumpsters to drain to oil/water separator prior to entering the storm system.
- 4% Engineering Inspection Fees
- Impact fees.
- Min 20' utility easements.
- No structures in easements.
- Fire lane easement to be on plat.
- Fire lane to be 24' wide with 20' radii (or 30' rad. depending on height).
- Parking to be 20'x9'
- 8" water available across Ranch Trl. Must loop 8" waterline in site. Full panel concrete replacement required.
- 8" sewer in Ranch Trl.
- Sewer pro-rata of $432.74/acre.
- Must install 5' sidewalk along County Line.
- Dumpster area to drain to oil/water separator or grease trap, depending on use.
- No trees within 5' of public utilities.
- Retaining walls 3' and over must be designed by a licensed engineer. All walls to be rock or stone. No smooth concrete walls.
- Must have detention. Manning's "c-value" is per zoning for the entire property.
- If using the pond for detention, it must be over the existing level.
- Must have a waters of the US Study if touching the pond.
- Detention outfall must reach sheet flow conditions prior to crossing the property line.
- Must meet all City Engineering Standards.

## LANDSCAPE NOTES

1. The project will have an undergound automatic irrigation system to water all new plantings.
2. Install 4" layer of shredded hardwood mulch to all planting beds.
3. Install 4" steel edging between all shrub beds and grass areas.
4. Shrub beds to have 12 inches of prepared planting mix (75% import topsoil, 15% composted amendment, 10% washed sand)
5. Shredded hardwood mulch must contain long strands along with double shred finer material obtained from a local source.
6. Install 4 inches of clean topsoil in all areas of the site disturbed by grading and construction operations. Topsoil shall be free from sticks, debris and rocks larger than 2 inches in diameter and have an organic matter level of 3 percent minimum and a pH range between 5.5 and 7.4 percent. Provide soil test analysis from a soil test laboratory showing soil makeup and organic percentage.
7. Solid sod all areas disturbed by construction activities.

## LANDSCAPE NOTES

1. The project will have an undergound automatic irrigation system to water all new plantings.
2. Install 4" layer of shredded hardwood mulch to all planting beds.
3. Install 4" steel edging between all shrub beds and grass areas.
4. Shrub beds to have 12 inches of prepared planting mix (75% import topsoil, 15% composted amendment, 10% washed sand)
5. Shredded hardwood mulch must contain long strands along with double shred finer material obtained from a local source.
6. Install 4 inches of clean topsoil in all areas of the site disturbed by grading and construction operations. Topsoil shall be free from sticks, debris and rocks larger than 2 inches in diameter and have an organic matter level of 3 percent minimum and a pH range between 5.5 and 7.4 percent. Provide soil test analysis from a soil test laboratory showing soil makeup and organic percentage.
7. Solid sod all areas disturbed by construction activities.

NOT TO SCALE

## SITE PHOTOMETRIC NOTES

1. ELECTRICAL CONTRACTOR IS RESPONSIBLE FOR FIELD VERIFICATION OF ALL CONDITIONS AND IS ALSO RESPONSIBLE FOR REPORTING ANY CONFLICTS TO THE ENGINEER PRIOR TO THE START OF WORK.

2. THE PHOTOMETRIC ZONE IS CALCULATED AT 3 FEET ABOVE FINISH GRADE LEVEL AND SPACED EVERY 10FTx10FT

3. THIS PLAN REPRESENTS A SOFTWARE SIMULATED PHOTOMETRIC STUDY OF THE EXTERIOR SITE LIGHTING. IT WAS CREATED UNDER THE ENGINEER'S SUPERVISION; HOWEVER, THE ENGINEER DOES NOT WARRANT THE ACCURACY OF THE SOFTWARE OR LIGHT FIXTURE DATA. VISUAL LIGHTING SOFTWARE WAS USED TO GENERATE THIS DOCUMENT ALONG WITH THE IES DATA FILES PROVIDED BY THE LIGHT FIXTURE MANUFACTURER. THE SIMULATION DOES NOT TAKE INTO EFFECT A CHANGE IN GRADE ELEVATION OR CONTRIBUTION FROM OTHER (NEW/EXISTING) LIGHT SOURCES IN ADJACENT PROPERTIES.

## ELECTRICAL LIGHTING AND POWER NOTES

1. ALL WORK SHALL MEET CURRENTLY ADOPTED IBC, IECC AND NEC CODE REQUIREMENTS AS WELL AS ANY CITY ADOPTED AMENDMENTS.
2. LOADING AND BREAKER LAYOUT SHOWN IS BASED ON BEST AVAILABLE DATA. SPECIALTY, MEDICAL OR IT EQUIPMENT AND APPLIANCES, ETC MAY NEED SEPARATE CIRCUITS. INSTALLING ELECTRICIAN TO VERIFY ACTUAL EQUIPMENT WATTAGES AND SUPPLY CORRECT EQUIPMENT AS NEEDED.
3. ALL RECEPTACLES SHALL BE GFCI PROTECTED IF REQUIRED BY NEC OR AHJ.
4. ALL EXTERIOR RECEPTACLES TO BE GFCI PROTECTED WITH WEATHERPROOF IN-USE COVERS.
5. ALL RECEPTACLES IN AREAS GENERALLY OCCUPIED BY CHILDREN INCLUDING CLASSROOMS, PATIENT EXAM ROOMS, WAITING ROOMS, RESTROOMS, HALLWAYS AND GYMS TO BE TAMPER-RESISTANT.
6. ELECTRICAL CONTRACTOR TO PROVIDE JUNCTION BOX FOR BUILDING SIGNAGE AND PHOTOCELL WITH TIME CLOCK NEXT TO BREAKER PANEL.
7. ALL LIGHTING AND CONTROLS SHALL CONFORM TO CURRENT IECC SECTION C405.2
8. EMERGENCY ELECTRICAL SYSTEM AS LOCATED ON THIS PLAN SHALL PROVIDE POWER FOR A DURATION OF NOT LESS THAN 90 MINUTES AND AN INITIAL ILLUMINATION OF AN AVERAGE 1 FOOTCANDLE. EMERGENCY POWER SYSTEM TO BE IN COMPLIANCE WITH IBC SECTION 1006.
9. ALUMINUM CONDUCTORS GREATER THAN 2/0 (APPROX 200 AMPS) CAN BE USED FOR THE INDIVIDUAL SERVICE.
10. OWNER MAY CHANGE EQUIPMENT MANUFACTURER BUT SHALL KEEP MINIMUM SPECIFICATIONS, UNLESS NOTED OTHERWISE.
11. CONTRACTOR TO CONTACT UNDERSIGNED ENGINEER WITH ANY DESIGN PLAN CHANGES.

## MEP GENERAL NOTES

1. ALL CONSTRUCTION TO CONFORM TO INTERNATIONAL, STATE AND LOCAL CODES AND ORDINANCES CURRENTLY ADOPTED BY THE AUTHORITY HAVING JURISDICTION (AHJ).
2. CONTRACTORS TO CONFIRM ALL SPECIFICATIONS HEREIN WITH ACTUAL EQUIPMENT IN FIELD PRIOR TO INSTALLATION.
3. REVIEW PLAN SHEET "MEP0 - MEP NOTES" PRIOR TO PERMITTING, BIDDING AND CONSTRUCTION.
4. THE INTENT OF THE DRAWINGS HEREIN IS TO REPRESENT A COMPLETE WORKING SYSTEM. ALL BIDDERS SHALL BE RESPONSIBLE FOR PROVIDING AND INSTALLING ALL COMPONENTS NECESSARY TO PROVIDE A COMPLETE WORKING SYSTEM WHETHER SHOWN OR NOT SHOWN ON THE DRAWINGS.
5. SEE CIVIL AND ARCHITECTURAL PLANS FOR EXACT LOCATIONS AND DIMENSIONS OF ALL FIXTURES AND STRUCTURES.
6. SEE ARCHITECTURAL FINISH OUT SCHEDULES FOR SPECIFIC MODELS, COLORS AND DESIGN NOT DEFINED HEREIN.
7. WITH OWNER APPROVAL, CONTRACTOR MAY CHANGE SPECIFIED EQUIPMENT BUT SHALL KEEP MINIMUM UNIT SPECIFICATIONS.
8. CONTRACTOR TO CONTACT AME ENGINEERING, INC. AT 817-653-4122 PRIOR TO ANY SIGNIFICANT DESIGN REVISIONS.
9. DETAILS LABELED "TYPICAL" ON THE DRAWINGS SHALL APPLY TO ALL SITUATION OCCURRING ON THE PROJECT THAT ARE OR SIMILAR TO THOSE SPECIFICALLY DETAILED. THE APPLICABILITY OF THE DETAIL TO ITS LOCATION ON THE DRAWINGS CAN BE DETERMINED BY THE TITLE OF DETAIL. SUCH DETAILS SHALL APPLY WHETHER OR NOT THEY ARE REFERENCED AT EACH LOCATION. QUESTIONS REGARDING APPLICABILITY OF TYPICAL DETAILS SHALL BE DETERMINED BY THE ENGINEER OF RECORD.

# AGENDA
## PLANNING AND ZONING COMMISSION WORK SESSION
## City Hall, 385 South Goliad, Rockwall, Texas
## Council Chambers
## January 2, 2019
## 6:00 P.M.

**CALL TO ORDER**

***CONSENT AGENDA***

1. Approval of Minutes for the *November 13, 2018* Planning and Zoning Commission meeting.

2. **P2018-044** (David)
   Consider a request by Dub Douphrate of Douphrate and Associates on behalf of Russell Frank for the approval of a final plat for Lot 1, Block A, Hacienda Car Wash Addition being a 2.008-acre tract of land identified as portions of Lots 1 & 2, Block A, the Woods at Rockwall Addition, City of Rockwall, Rockwall County, Texas, zoned Commercial (C) District, situated within the Scenic Overlay (SOV) District, addressed as 2215 Ridge Road [*FM-740*], and take any action necessary.

3. **P2018-045** (David)
   Consider a request by Jennifer Haynes of Urban Structure on behalf of Andrew Malzer of RaceTrac Petroleum, Inc. the approval of a replat for Lots 4 & 5, Block A, the Woods at Rockwall Addition being a 4.47-acre tract of land identified as Lots 1 & 2, Block A, the Woods at Rockwall Addition, City of Rockwall, Rockwall County, Texas, zoned Commercial (C) District, situated within the Scenic Overlay (SOV) District, addressed as 2215 & 2205 Ridge Road [*FM-740*], and take any action necessary.

4. **P2018-046** (David)
   Consider a request by David Ellis for the approval of a replat for Lots 5, 6 & 7, Block A, Ellis Centre, Phase 2 Addition being a 2.62-acre tract of land identified as Lots 1 & 3, Block A, Ellis Centre, Phase 2 Addition, City of Rockwall, Rockwall County, Texas, zoned Light Industrial (LI) District, situated within the IH-30 Overlay (IH-30 OV) District, addressed as 1930 & 1950 Alpha Road, and take any action necessary.

***APPOINTMENTS***

5. Appointment with Architectural Review Board representative to receive the Board's recommendations and comments for items on the agenda requiring architectural review.

***DISCUSSION ITEMS***

6. **Z2018-055** (Korey)
   Hold a public hearing to discuss and consider a request by Kyle Jenkins of the Jenkins Organization on behalf of Michael Swiercinsky of 7.1 Ridge, LLC for the approval of a Specific Use Permit (SUP) for a *Mini-Warehouse* facility on a 2.595-acre tract of land being a portion of Lot 1, Block A, Sky Ridge Addition, City of Rockwall, Rockwall County, Texas, zoned Commercial (C) District, situated within the Scenic Overlay (SOV) District, located southwest of the intersection of W. Yellow Jacket Lane and Ridge Road [*FM-740*], and take any action necessary.

7. **Z2018-056** (Korey)
   Hold a public hearing to discuss and consider a request by Tom Jones on behalf of Shanon Thomas of Rockwall Friendship Baptist Church for the approval of a zoning change from an Agricultural (AG) District to a Commercial (C) District for a 6.03-acre tract of land being identified as Tract 2-4 of the D. Harr Survey, Abstract No. 102, City of Rockwall, Rockwall County, Texas, zoned Agricultural (AG) District, situated within the SH-205 By-Pass Overlay (SH-205 BY OV) District, located east of the intersection of Justin Road and John King Boulevard, and take any action necessary.

8. **Z2018-057** (Korey)
   Hold a public hearing to discuss and consider a request by Bill Bricker of Columbia Development Company, LLC for the approval of an amendment to Planned Development District 59 (PD-59) for the purpose of incorporating a 0.786-acre tract of land for Residential-Office (RO) District land uses being a 56.586-acre tract of land identified as a portion of R. Ballard Survey, Abstract No. 29, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 52 (PD-52) and Planned Development District 59 (PD-59), located between W. Washington Street and T. L. Townsend Drive, and take any action necessary.

9. **Z2018-058** **(David)**
   Hold a public hearing to discuss and consider a request by Tim McCallum of He Wines She Dines, LLC on behalf of Buffalo Creek Business Park, LTD for the approval of a Specific Use Permit (SUP) for a *Craft Winery* and *Commercial Amusement/Recreation (Outdoor)* on a 7.2-acre tract of land identified as Tracts 20-01 & 20-7 of the W. W. Ford Survey, Abstract No. 80, City of Rockwall, Rockwall County, Texas, zoned Commercial (C) District, addressed as 203 County Line Road, and take any action necessary.

10. **Z2018-059** **(Korey)**
    Hold a public hearing to discuss and consider a request by Heather Cullins for the approval of a zoning change from a Single-Family Estate 2.0 (SFE-2.0) District to Single Family Estate 1.5 (SFE-1.5) District on a 3.03-acre tract of land identified as Tract 1-01 of the T. Dean Survey, Abstract No. 69, City of Rockwall, Rockwall County, Texas, zoned Single-Family Estate 2.0 (SFE-2.0) District, addressed as 1085 Dalton Road, and take any action necessary.

11. **P2018-047** **(Korey)**
    Discuss and consider a request by Chase Finch of Corwin Engineering, Inc. on behalf of John Arnold of BH West Pods, LTD for the approval of a preliminary plat for Breezy Hill, Phase XII containing 35 single-family residential lots on 44.525-acres of land identified as a portion of Tract 7-1 of the J. Strickland Survey, Abstract No. 187, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 74 (PD-74) for Single Family 10 (SF-10) District land uses, located west of the intersection of John King Boulevard and Cozy View Drive, and take any action necessary.

12. **SP2018-042** **(David)**
    Discuss and consider a request by Jeff Carol of Carol Architects, Inc. on behalf of Terry Morgan of Z06 Properties, LLC for the approval of a site plan for an office/warehouse building on a 5.690-acre tract of land identified as Lot 3, Block D, Rockwall Technology Park Addition, City of Rockwall, Rockwall County, Texas, zoned Light Industrial (LI) District, located at the northeast corner of the intersection of Discovery Boulevard and Innovation Drive, and take any action necessary.

13. **SP2018-043** **(David)**
    Discuss and consider a request by Kevin Hickman of PegasusAblon on behalf of Rockwall Rental Properties, LP for the approval of a site plan for a 375-unit condominium building on a 6.2-acre tract of land identified as Lot 9, Block A, Harbor-Rockwall Addition and Tract 16 of the M. J. Barksdale Survey, Abstract No. 11, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 32 (PD-32), situated within the IH-30 (IH-30) Overlay District, located at the southwest corner of the intersection of the IH-30 frontage road and Lakefront Trail, and take any action necessary.

14. Director's Report of post Council meeting outcomes of Planning & Zoning cases **(Ryan)**.

- ✓ P2018-035: Lot 1, Block A, Alders at Rockwall Addition [*Approved*]

# MINUTES
## PLANNING AND ZONING COMMISSION PUBLIC HEARING
## City Hall, 385 South Goliad, Rockwall, Texas
## Council Chambers
## November 13, 2018
## 6:00 P.M.

I. CALL TO ORDER

**Chairman Lyons called the meeting to order at 6:00 p.m. The Commissioners present at the meeting were, Jerry Welch, Mark Moeller, Annie Fishman, Tracey Logan and John Womble. Absent from the meeting was Commissioner Eric Chodun. Staff members present were Planning Director, Ryan Miller, Planning Manager, David Gonzales, Senior Planer Korey Brooks, Planner, Daniella Maubuika, Planning Coordinator, Laura Morales, City Engineer, Amy Williams, Civil Engineers, Jeremy White and Sarah Hager.**

II. CONSENT AGENDA

1. Approval of Minutes for the September 11, 2018 Planning and Zoning Commission meeting.

2. P2018-037

Discuss and consider a request by Cameron Slown of F. C. Cuny Corporation on behalf of Phillip McNeill of MHC Rockwall, LLC and Jason Lentz of Atticus of Atticus Summer Lee Townhomes for the approval of a replat for Lots 3 & 4, Block A, Harbor Village Addition, being a 6.196-acre tract of land currently identified as Lot 2A of the Isaac Brown Addition and Lot 2, Block A, Harbor Village Addition, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 32 (PD-32), situated within the Scenic Overlay (SOV) District, located adjacent to Summer Lee Drive southwest of the intersection of Horizon Road [FM-3097] and Summer Lee Drive, and take any action necessary

3. SP2018-031

Discuss and consider a request by Brandon Waldrum of CEI Engineering Associates, Inc. on behalf of Kelly Cannell of Murphy Road, LTD for the approval of a site plan for a carwash in conjunction with an existing retail store with gasoline sales (*i.e. 7/11*) on a 0.996-acre tract of land being identified as a portion of Lot 2 and all of Lot 1, Block B, Horizon Ridge Center Addition, City of Rockwall, Rockwall, Texas, zoned Planned Development District 9 (PD-9) for General Retail (GR) District land uses, addressed as 3520 Horizon Road [*FM-3097*], and take any action necessary.

**Commissioner Welch made a motion to approve the consent agenda. Commissioner Fishman seconded the motion which passed by a vote of 6-0 with Commissioner Chodun absent.**

III. APPOINTMENTS

4. Appointment with Architectural Review Board representative to receive the Board's recommendations and comments for items on the agenda requiring architectural review.

**Architectural Review representative gave a brief explanation concerning agenda items that were discussed at the Architectural Review Board meeting.**

IV. PUBLIC HEARING ITEMS

5. Z2018-044

Hold a public hearing to discuss and consider a request by Reubin E. Harle for the approval of a Specific Use Permit (SUP) for an accessory building that does not meet the requirements stipulated by the Unified Development Code (UDC) on a 4.632-acre parcel of land identified as Lot 5R, Block A, Zion Addition, City of Rockwall, Rockwall County, Texas, zoned Single-Family One (SF-1) District, addressed as 825 Zion Hills Circle, and take any action necessary.

**Senior Planner, Korey Brooks, gave a brief explanation and background of the request. On October 1, 2018, the City Council approved a zoning change from an Agricultural District to a Single-Family One District for the purpose of constructing an accessory building on the subject property. The applicant, Reubin E. Harle is requesting the approval of a Specific Use Permit to allow for the construction of a metal accessory building that does not meet the requirements stipulated the Unified Development Code on a 4.632-acre lot. The 3,000 square feet being *a* 50' x 60 structure will stand approximately 16-feet in height, and have a roll-up door, and an overhang on the left and right sides of the structure. According to the submitted site plan, the accessory building will be situated to the rear of the primary structure, and the existing concrete driveway will be extended to the new accessory building. The accessory building will be more than 150-feet from the front, side, and rear property lines. According to the applicant, the accessory building will be utilized as a barn to store lawn equipment and will not be used for commercial land uses. Currently the subject property has two accessory buildings that do not conform to the requirements of the Unified Development Code and according to the applicant one of the buildings will be removed once construction of the new accessory building has been completed. The applicant is proposing to keep the second accessory building which is approximately 400 square feet.**

**Chairman Lyons asked for questions from staff.**

**Commissioner Logan asked for clarification of the applicant's current zoning change had it been zoned Single-Family 4 would they not need the Specific Use Permit. Mr. Brooks explained that for consistency with the surrounding areas they were kept at SF-1.**

**Commissioner Fishman asked if there were similar accessory building surrounding the subject property. Mr. Brooks indicated there were and also similar in style.**

**Chairman Lyons asked the applicant to come forward and speak.**

**Reubin Harle**
**825 Zion Hill Circle**
**Rockwall, TX**

**Mr. Harle came forward and shared reasons behind the request and indicated he was available for questions.**

**Chairman Lyons opened up the public hearing and asked if anyone wished to speak to come forward and do so; there being no one indicating such Chairman Lyons closed the public hearing and brought the item back to the Commission for discussion or a motion.**

**Commissioner Welch made a motion to approve Z2018-044 with staff recommendations. Commissioner Moeller seconded the motion which passed by a vote of 6-0 with Commissioner Chodun absent.**

6. Z2018-045

Hold a public hearing to discuss and consider a request by Kira Bauman of Bauman Consultants on behalf of John Gatz of EcoSite for the approval of a Specific Use Permit (SUP) for a *Freestanding Commercial Antenna* on a 0.0826-acre portion of a larger 7.64-acre tract of land, known as Yellow Jacket Park, identified as Tract 11 of the J. Cadle Survey, Abstract No. 65, City of Rockwall, Rockwall County, Texas, zoned General Retail (GR) District, situated on the south side of Yellow Jacket Lane, west of the intersection of S. Goliad Street [*SH-205*] and Yellow Jacket Lane, and take any action necessary.

**Planning Manager, David Gonzales, gave a brief explanation and background of the request. The applicant is requesting the approval of a Specific Use Permit to allow a freestanding commercial antenna. The proposed monopole will be a freestanding structure that will be 150-feet in overall height. The T-Mobile antenna and lighting rod will be affixed to the top of the monopole, which will extend the overall height to 160-feet. The applicant has stated that the proposed monopole will incorporate an additional three antennas for different carriers in the future. The additional antennas will not increase the overall height of the structure, and a maximum height of 160-feet has been incorporated as an operational condition in the Specific Use Permit ordinance. The**

**antennas will have ground-mounted equipment that will be enclosed within a metal cabinet. The proposed monopole, metal cabinets, and any accessory equipment will be enclosed in a 50-foot by 50-foot compound that will be secured by an eight foot high wrought iron fence, and screened by Nellie R. Stevens Holly trees that will be planted on eight to ten foot centers. Prior to constructing the proposed freestanding commercial antenna, the applicant has stated that an additional 30 public parking spaces will be constructed along the western property line of the park this will increase the total number of public parking spaces in the park from 80 parking spaces to 110 parking spaces. The addition of the public parking spaces has been included as an operational condition in the SUP ordinance.**

**Mr. Gonzales advised the Commission that the applicant was present and available for questions as well as staff.**

**Chairman Lyons asked the applicant to come forward and speak.**

**Bill Bauman**
**2300 Springer Drive**
**Arlington, TX**

**Mr. Bauman came forward and provided a lenghty power point presentation that went over the request and indicated he was available for questions.**

**Chairman Lyons asked for questions from the Commission.**

**Commissioner Fishman asked for further detail as to the location being so close to a park. Mr. Bowman shared that with the studies that have been conducted those show they are very resilient and safe.**

**General discussion took place between the Commission in regards to the location of the antenna and the need for such with the growth in demand for such.**

**Chairman Lyons opened up the public hearing and asked if anyone wished to speak to come forward and do so; there being no one indicating such Chairman Lyons closed the public hearing and brought the item back to the Commission for discussion or a motion.**

**Commissioner Moeller made a motion to approve Z2018-045 with staff recommendations. Commissioner Womble seconded the vote which passed by a vote of 6-0 with Commissioner Chodun absent.**

7. Z2018-046

Hold a public hearing and consider a request by Brad Helmer on behalf of Heritage Christian Academy (HCA) for the approval of a Specific Use Permit (SUP) allowing existing temporary educational buildings in conjunction with a private school to remain on a 6.64-acre parcel of land identified as Lot 1, Block A, Heritage Christian Academy Addition, City of Rockwall, Rockwall County, Texas, zoned Multi-Family 14 (MF-14) District, situated within the SH-205 Overlay (SH-205 OV) District, addressed as 1408 S. Goliad Street [SH-205], and take any action necessary.

**Senior Planner, Korey Brooks, provided a brief explanation and background of the request. The applicant, Brad Helmer of Heritage Christian Academy is requesting the approval of a Specific Use Permit to allow existing temporary educational buildings in conjunction with an existing private school to remain on the subject property. The temporary educational buildings are located behind the main structure and are approximately 1,540square feet each. Mr. Brooks indicated that in 1999, the City Council approved a Conditional Use Permit to allow one temporary educational building on the subject property for a period of five years. The CUP stipulated that after a period of three years, the City Council could review the CUP to determine if permanent buildings were planned to replace the temporary educational buildings. In 2003, the City Council approved a Conditional Use Permit to allow additional temporary educational buildings on the subject property for a period of five years. In 2009, the City Council approved a Specific Use Permit to allow three temporary educational buildings on the subject property. At that time, the Specific Use Permit ordinance stipulated that it would be valid for a period of one year, at which time the City Council shall review the Specific Use Permit to determine if an**

extension is warranted. On September 20, 2010, the City Council reviewed the SUP and approved an extension for three years. In November, 2013, the City Council approved a five year extension. At the time of the approval of the five year extension, staff, the Planning and Zoning Commission, and the City Council were informed that this would be the last request for extension of the Specific Use Permit and that permanent educational buildings would be constructed within that time. Should this request be approved, it will be the fifth extension for temporary educational buildings on the subject property. The Unified Development Code goes on to state that the application for a temporary educational building shall include a schedule indicating the expected phasing-out of the temporary structure, and will be valid for a period of five years. At this time, the expected phase-out period has been exceeded and a new proposed schedule has not been provided. If the City Council choose to approve this request, the applicant would be allowed five additional years to continue the use of the temporary educational buildings on the subject property, and shall be required to provide an updated schedule indicating the expected phasing-out of the temporary educational buildings. Should the City Council deny this request, the applicant shall be required to remove the temporary educational buildings within a reasonable amount of time. On October 19, 2018, staff mailed 34 notices to property owners and residents within 500-feet of the subject property and also notified the Waterstone Estates Homeowner's Association which is the only HOA/Neighborhood Organization that is within 1,500-feet of the subject property participating in the Neighborhood Notification Program. Staff did not receive any notices returned.

Chairman Lyons asked for questions from the Commission.

Commissioner Welch asked how long the buildings at the Lake Pointe Church have been at their location and if those are under a Specific Use Permit. Mr. Miller indicated those were placed before the Ordinance stipulated a time requirement.

Chairman Lyons asked the applicant to come forward.

Brad Helmer
2917 Chuck Wagon Drive
Rockwall, TX

Mr. Helmer came forward and shared reasons behind the request and provided a lengthy presentation and background regarding the request. He explained that any staff members from HCA who have may previously come before the city council to request time extensions on the use of portable buildings are no longer employed by HCA. Therefore, he was not aware that a plan (schedule) needed to be presented to the City as part of a request to obtain an additional extension for use of temporary portable buildings. He went on to explain the proposal he plans to present to his board of directors later this month pertaining to future planning for the addition of classrooms, a P.E. gym and a future "competition" gymnasium. He went on to explain that he will commit to attempting to complete this plan for future expansion and addition of classrooms within three to four years; however, he would not be able to do so within one year. He shared that funds will be raised for a competition gymnasium; however, the board and school can go back to the donors to ask that the funding be redirected to be used for additional classrooms instead. He respectfully asked the Commission for consideration in approving their request.

Chairman Lyons asked the applicant how far along the five year were they currently at. Mr. Howard indicated that the previous administration did not pass that information to him.

Extensive general discussion took place between the Commission sharing their concerns with an additional five year extension due to the current request already being the third one that has come forward.

Chairman Lyons opened up the public hearing and asked if anyone wished to speak to come forward and do so; there being no one indicating such Chairman Lyons closed the public hearing and brought the item back to the Commission for discussion or a motion.

Commissioner Welch made a motion to approve Z2018-046 to not exceed a period of one year. Commissioner Fishman seconded the motion which passed by a vote of 6-0 with Commissioner Chodun absent.

8. Z2018-047

Hold a public hearing to discuss and consider the adoption of the OURHometown Vision 2040 Comprehensive Plan (*i.e. 2018 Comprehensive Plan Update*) and take any action necessary.

**Planning Director, Ryan Miller, gave a brief explanation and background of the request. The OURHometown Vision 2040 Comprehensive Plan commenced in October 2016 after the City Council directed staff to update the Comprehensive Plan for the purpose of accounting for the growth experienced by the community since the original adoption of Hometown 2000 Comprehensive Plan. As part of this process the City Council appointed a seven member citizen action committee, Comprehensive Plan Advisory Committee, which held monthly meetings starting on February 13, 2017. Through these meetings, the CPAC reviewed the current Hometown 2000 Comprehensive Plan, and adapted the vision of this plan to meet the future needs of the City. At the October 9, 2018 City Council meeting, the City Council reviewed the proposed plan and directed staff to bring the Comprehensive Plan Update forward through the approval process. As part of this approval process, staff is bringing the Comprehensive Plan Update forward to all boards and commissions for a work session and recommendation to the City Council concerning the update. Both the Parks Board and the Architectural Review Board both voted for approval to recommend to City Council.**

**Mr. Miller advised the Commission the request is a public hearing and staff was available for questions.**

**Chairman Lyons opened up the public hearing and asked if anyone wished to speak to come forward and do so.**

**Allen Hinckley**
**12300 Park Central Drive**
**Dallas, TX**

**Mr. Hinckley came forward and indicated he is manager and represents Rockwall 227 and Ridgeview Capital Group which owns 1,961 acres that is included in the Comprehensive Plan and is generally located southeast of FM 550 and northwest of FM548 which is located next to the Chisholm Trail mobile home park. Mr. Hinckley shared that it is in the furthest, most eastern portion of the City of Rockwall's ETJ and expressed concern with the request. He shared his desire for the City to consider modifying the City's Draft Comprehensive Plan to accurately reflect plans that are in place related to future development of this area.**

**Bob Wacker**
**309 Featherstone**
**Rockwall, TX**

**Mr. Wacker came forward and shared that he is a member of the CPAC Committee however he is coming forward as a private citizen. He shared that although the development Mr. Hinckley spoke appears that it will be a good development there is currently not enough information known about it to include it within the Comprehensive Plan.**

**Chairman Lyons opened up the public hearing and asked if anyone wished to speak to come forward and do so; there being no one indicating such Chairman Lyons closed the public hearing and brought the item back to the Commission for discussion or a motion.**

**Commissioner Logan made a motion to approve Z2018-047. Commissioner Womble seconded the motion which passed by a vote of 6-0 with Commissioner Chodun absent.**

V. ACTION ITEMS

9. SP2018-030

Discuss and consider a request by John David of Express Oil Change, LLC for the approval of a site plan for a *Minor Auto Repair Garage* (*i.e. Brakes Plus*) on a 0.656-acre tract of land being identified as Lots 1 & 2, Block A, Billy Peoples #1 Addition, City of Rockwall, Rockwall County, Texas, zoned General

Retail (GR) District, situated within the SH-205 Overlay (SH-205 OV) District, addressed as 1902 & 2000 S. Goliad Street [SH-205], and take any action necessary.

**Senior Planner, Korey Brooks, gave a brief explanation and background of the request. The applicant is requesting approval of a site plan for a minor auto repair garage, Brakes Plus, on the subject property. The proposed minor auto repair garage will be approximately 4,924 square feet. The proposed minor auto repair garage is permitted in a General Retail District with a Specific Use Permit. On October 13, 2018, the City Council approved a Specific Use Permit to allow a minor auto repair garage in a General Retail District. The proposed garage will have eight bays that will face west away from S. Goliad Street and will be screened with landscaping. The proposed Brakes Plus will be accessible via a drive aisle on Yellow Jacket Road, a drive aisle on S. Goliad Street, and will also have cross-access with the adjacent shopping center. Currently, the subject property has one large drive approach on Yellow Jacket Lane and two drive approaches on S. Goliad Street. The applicant is proposing to narrow the drive approach on Yellow Jacket Lane and eliminate one of the drive approaches on S. Goliad Street. The submitted site plan, landscape plan, photometric plan, and building elevations conform to the technical requirements contained within the Unified Development Code's development standards with the exception of variances being requested. The applicant is requesting variances to the pitched roof requirement, the horizontal and vertical articulation. These variances require a ¾ majority vote of the City Council members present to be passed. The Architectural Review after meeting did recommend approval of the building elevations as submitted.**

**Mr. Brooks advised the Commission that the applicant was present and available for questions as well as staff.**

**Chairman Lyons asked the applicant to come forward.**

**Mathias Albert**
**6017 Main Street**
**Frisco, TX**

**Mr. Albert came forward and shared that concerning the horizontal articulation due to site constraints they cannot bump out the additional five feet. It also has an associated safety concern, and that is the reason a variance is being requested on it. Large vans and trucks would have difficulty turning and exiting the eight bay doors if the variance should not granted. Regarding the vertical articulation variance request, Mr. Albert explained that it is being requested for aesthetic reasons. He indicated he was available for questions the Commission may have.**

**Chairman Lyons brought the item back to the Commission for discussion or action.**

**Commissioner Welch asked concerning ARB's recommendation with regards to the windows. Mr. Brooks explained that the Architectural Review Board recommended approval of the variances pending some pho windows be provided and the applicant indicated they would be providing those.**

**Commissioner Moeller made a motion to approve SP2018-030 with staff and Architectural Review Board's recommendations. Commissioner Fishman seconded the motion which passed by a vote of 6-0 with Commissioner Chodun absent.**

10. SP2018-032
Discuss and consider a request by William Salee of the Rockwall Independent School District (RISD) for the approval of a site plan for an Elementary School on a 17.2922-acre tract of land being identified as Lot 1, Block A, RISD Elementary School Addition and Tract 2-7 of the W. T. Deweese Survey, Abstract No. 71, City of Rockwall, Rockwall, Texas, zoned Planned Development District 70 (PD-70) for single family land uses, located at the southeast corner of Greenway Boulevard and FM-552, and take any action necessary.

**Planning Manager, David Gonzales, gave a brief explanation and background pertaining to the case. The applicant is requesting approval of a site plan for the purpose of constructing a single-story, 91,983 square feet public elementary school. The proposed elementary school will be**

**located on a 16.332-acre tract of land that is west of and adjacent to Williams Middle School. The proposed elementary school will have 39 classrooms and accommodate approximately 900 students. Parking for the facility is calculated at one space per twenty-five students, requiring a minimum of 36 parking spaces. The site will incorporate a total of 161 parking spaces and be in compliance to the requirements of the Unified Development Code. The site has been designed with the intent of alleviating traffic congestion during drop-off and pick-up times. This will be accomplished by circulating traffic using one-way entrance/exits along Greenway Drive and Mountcastle Drive, and extending the stacking lanes for the two student drop-off areas. The drop-off areas will be located on the east side facing Greenway Drive and along the west side facing Williams Middle School. Bus drop-off and exiting areas will be accessed via Mountcastle Drive, which is located facing south towards the residential neighborhood. The primary entrance to the elementary school will face Greenway Drive. As a note, the applicant intends to provide an eight foot sidewalk connecting to the existing trail system located in The Park at Stone Creek.**

**Mr. Gonzales further noted that the submitted site plan, building elevations, landscape plan, and photometric plan are in substantial compliance and conform to the technical requirements contained within the Unified Development Code and Planned Development District 70, with the exclusion of not meeting the minimum stone requirement and horizontal articulation requirements. Requests for the variances as outlined above are considered discretionary decisions for the City Council.**

**Mr. Gonzales advised the Commission that the applicant was present and available for questions as well as staff.**

**Chairman Lyons asked the applicant to come forward and speak.**

**William Salee**
**RISD**
**1050 Williams Street**
**Rockwall, TX**

**Mr. Salee came forward and shared the request is a continuation of a bond program that is addressing the growth within the District. The school will be similar in design to Hays Elementary School and Shannon Elementary School that have been built within the City as well as this type prototype being built in the Cities of Heath and Fate. He further shared that although it does not have stone the building will have a lot of brick detailing and brick work. Mr. Salee indicated he was available for questions the Commission may have.**

**Chairman Lyons brought the item back to the Commission for discussion or a motion.**

**Commissioner Womble made a motion to approve SP2018-032 with staff recommendations. Commissioner Fishman seconded the motion which passed by a vote of 6-0 with Commissioner Chodun absent.**

VI. DISCUSSION ITEMS

11. Director's Report of post Council meeting outcomes of Planning & Zoning cases.

- ✓ P2018-031: Lot 2, Block A, First Christian Church Disciples [*Approved*]
- ✓ P2018-034: Lot 1, Block A, Rustic Warehouse & Town Center Addition and Lot 9, Block 1, First United Methodist Church Addition [*Approved*]
- ✓ P2018-036: Lot 8, Block A, Lakeshore Commons Addition [*Approved*]
- ✓ Z2018-032: Zoning Change LI to PD (*1st Reading*) [*Approved*]
- ✓ Z2018-042: Text Amendment to Various Sections of the UDC (*1st Reading*) [*Approved*]
- ✓ SP2018-029: Variance to the Cementitious Material Requirements for Springhill Suites Hotel [*Denied*]
- ✓ SP2018-033: Variance to the Cementitious Material and Parking Requirements for Hyatt House Hotel [*Approved*]

**Planning Manager, David Gonzales, provided a brief update about the outcome of the above referenced case at the City Council meeting.**

VII. ADJOURNMENT

**Chairman Lyons adjourned the meeting at 7:36 p.m.**

VIII. TRAINING SESSIONS

12. A work session will be held in the City Council meeting room immediately following the adjournment of the November 13, 2018 Planning and Zoning Commission Work Session meeting to discuss:

- ✓ GIS Day and GIS related tools.
- ✓ Policies for Traffic Impact Analysis (TIA) and Infrastructure Studies.

PASSED AND APPROVED BY THE PLANNING & ZONING COMMISSION OF THE CITY OF ROCKWALL, Texas, this _____ day of _____, 2018.

_____
Johnny Lyons, Chairman

Attest:

_____
Laura Morales, Planning Coordinator

# CITY OF ROCKWALL
## PLANNING AND ZONING COMMISSION MEMO

**AGENDA DATE:** 01/02/2019

**APPLICANT:** Dub Douphrate of *Douphrate and Associates*

**AGENDA ITEM:** **P2018-044;** *Lot 1, Block A*, *Hacienda Car Wash Addition*

---

**SUMMARY:**

Consider a request by Dub Douphrate of Douphrate and Associates on behalf of Russell Frank for the approval of a final plat for Lot 1, Block A, Hacienda Car Wash Addition being a 2.008-acre tract of land identified as portions of Lots 1 & 2, Block A, the Woods at Rockwall Addition, City of Rockwall, Rockwall County, Texas, zoned Commercial (C) District, situated within the Scenic Overlay (SOV) District, addressed as 2215 Ridge Road [*FM-740*], and take any action necessary.

**PLAT INFORMATION:**

- ☑ The objective of this request is to final plat Lot 1, Block A, Hacienda Carwash Addition for the purpose of constructing an approximate 4,396 SF carwash [*i.e. Hacienda Carwash*], and to add the necessary fire lane, public access, and utility easements for the development of this site. The subject property is a 2.008-acre tract identified as portions of Lots 1 & 2, Block A, the Woods at Rockwall Addition. The site is addressed as 2215 Ridge Road [*FM-740*], situated within the Scenic Overlay (SOV) District, and zoned Commercial (C) District.

- ☑ There are two (2) 20-foot drainage easements located off-site and adjacent to the property north of this site [*i.e. Lots 1 & 2, Block A, of the Woods at Rockwall Addition*]. These easements must be recorded and filed (*i.e. by plat*), with the filed instrument number indicated on this plat, for both easements prior to the filing of this plat and the release of a building permit for this site. This has been included as a condition of approval.

- ☑ A Specific Use Permit (*SUP No. S-162*) allowing the carwash within the *Scenic Overlay (SOV) District* was approved on February 6, 2017.

- ☑ A Site Plan [*i.e. SP2017-039*] for the carwash [*i.e. Hacienda Car Wash*] was approved on December 18, 2017. The Planning and Zoning Commission approved a treescape plan showing a mitigation balance of 1,196 inches. This is required to be satisfied at the time the final plat is submitted for filing.

- ☑ The surveyor has completed the majority of the technical revisions requested by staff, and this plat, conforming to the requirements for final plats as stated in the *Subdivision Ordinance* in the *Municipal Code of Ordinances*, is recommended for conditional approval pending the completion of final technical modifications and submittal requirements.

- ☑ Conditional approval of this plat by the City Council shall constitute approval subject to the conditions stipulated in the *Recommendation* section below.

☑ With the exception of the items listed in the *Recommendation* section of this case memo, this plat is in substantial compliance with the requirements of the *Subdivision Ordinance* in the *Municipal Code of Ordinances*.

**RECOMMENDATIONS:**

If the Planning and Zoning Commission and City Council choose to approve the final plat for *Lot 1, Block A, Hacienda Carwash Addition*, staff would recommend the following conditions:

1) All technical comments from the Engineering, Planning and Fire Departments shall be addressed prior to the filing of this plat.

2) The required off-site easements [*i.e. 20-foot drainage easements*], located on the adjacent lot, must be recorded and filed prior to the filing of this plat and the release of a building permit for this site.

3) A tree mitigation balance of 1,196 caliper inches must be satisfied at the time the final plat is submitted for filing.

4) Any construction resulting from the approval of this *final plat* shall conform to the requirements set forth by the Unified Development Code, the International Building Code, the Rockwall Municipal Code of Ordinances, city adopted engineering and fire codes and with all other applicable regulatory requirements administered and/or enforced by the state and federal government.

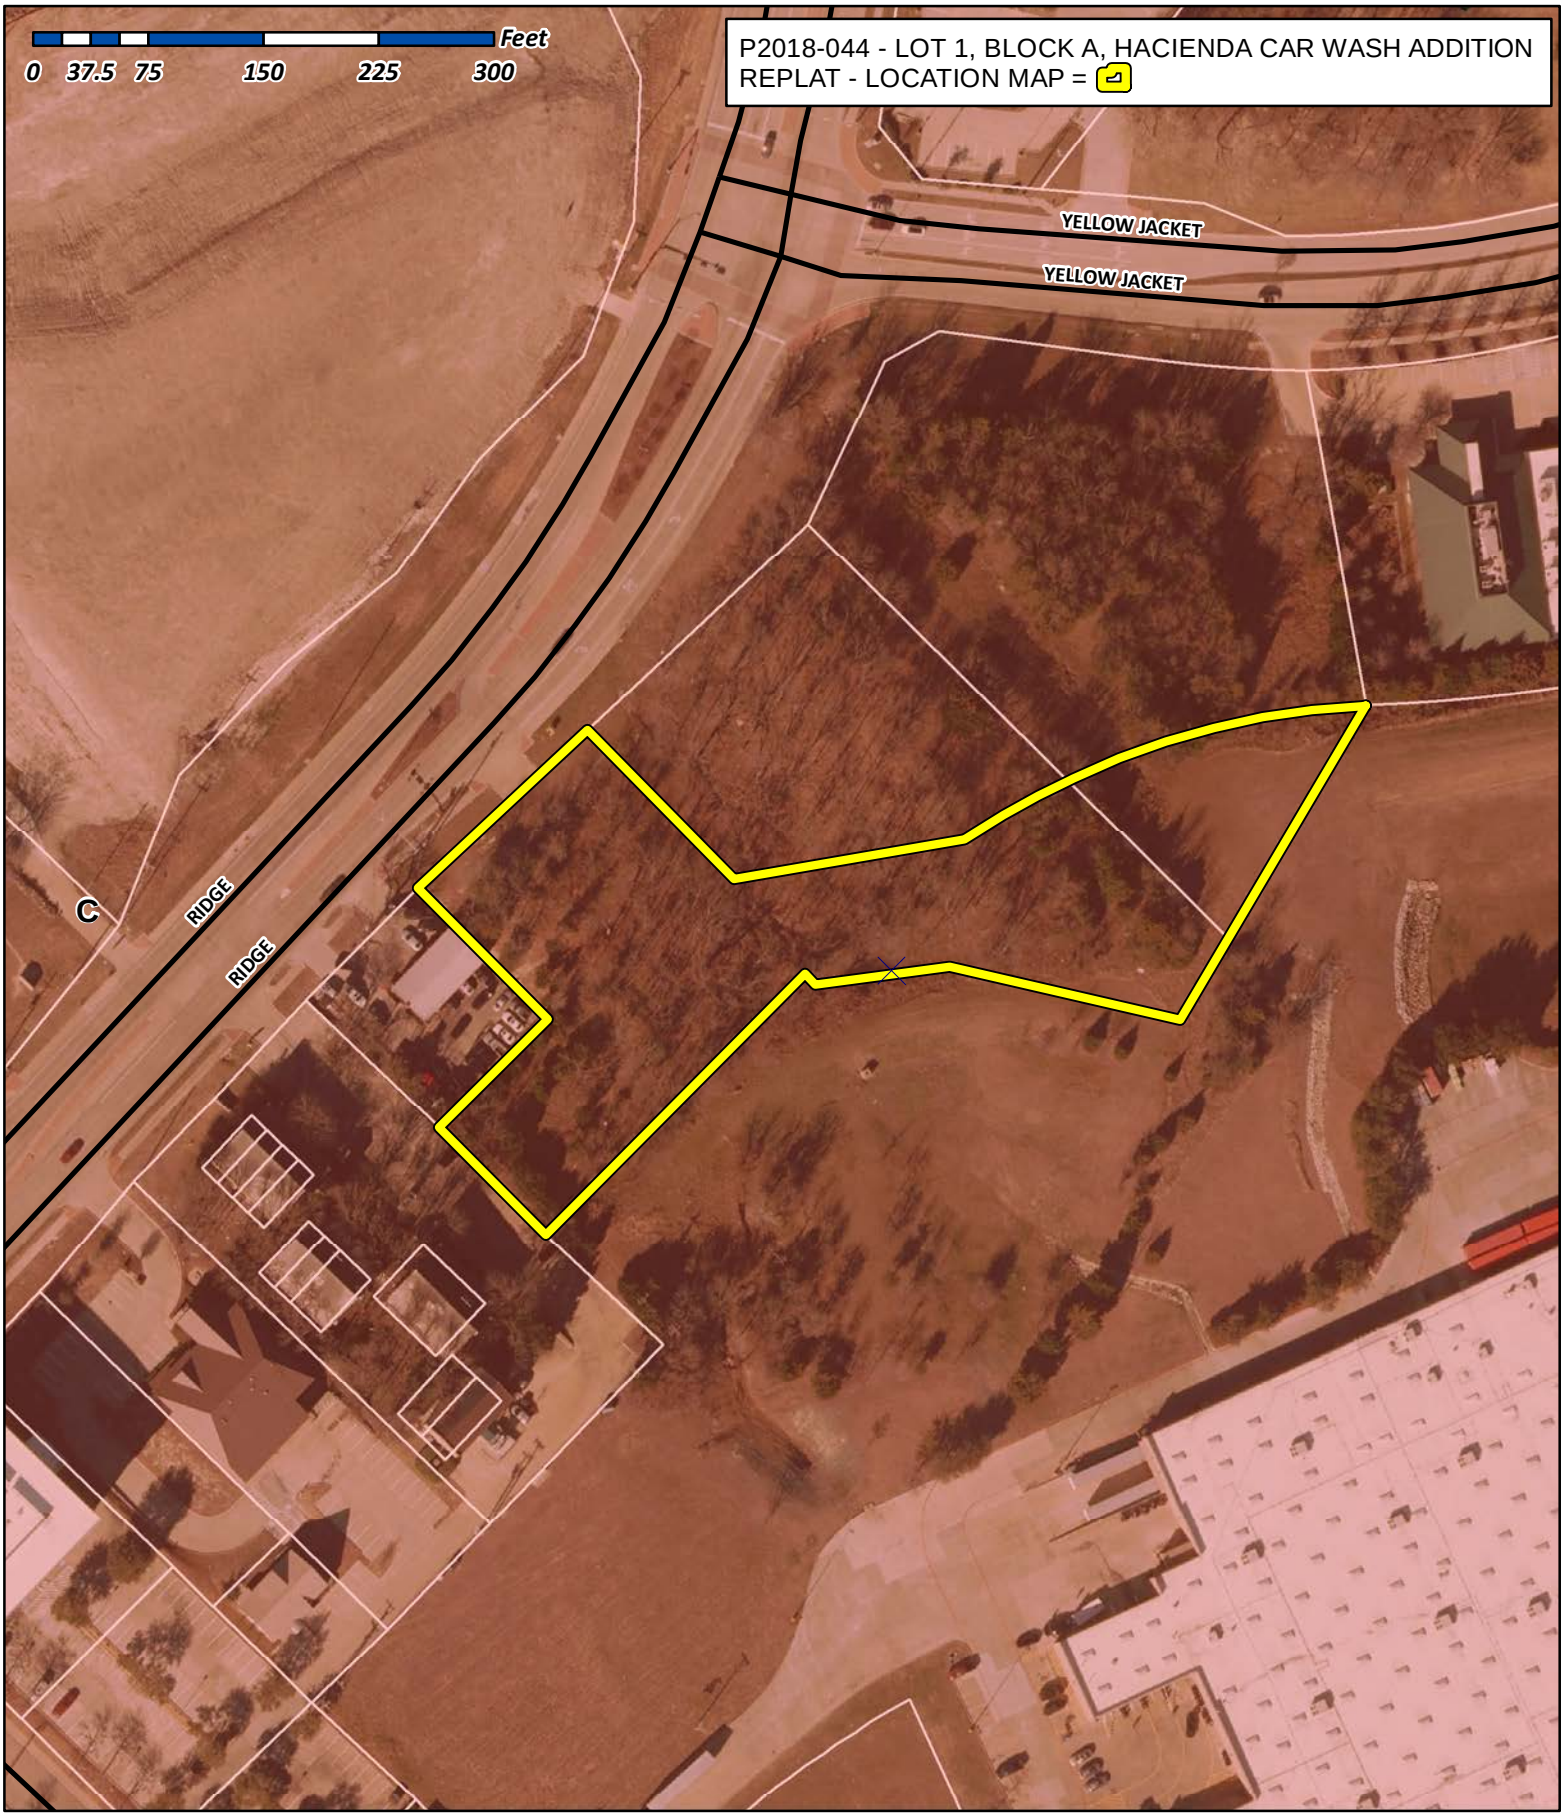
PLANNING COMMENTS - DAVID GONZALES - 12.18.2018

The following staff comments are to be addressed and resubmitted no later than Thursday, January 3, 2019. Please provide two large copies [FOLDED 18" X 24"] and one PDF version for a subsequent review by staff:

1. The final plat shall conform to all standards and requirements of SUP No. 162 (Ord. No. 17-09), the Unified Development Code (UDC), and the staff comments provided by the Planning, Engineering, Building Inspection, and Fire Departments as indicated on the Project Plan Review document.
2. Provide a label indicating "Case No. P2018-044" on the lower right corner on all pages of the revised final plat submittal.
3. Include a label on platted lot that identifies the name of the subdivision [i.e. Hacienda Carwash Addition] above 'Lot 1, Block A', etc...
4. There are two (2) off-site easements [i.e. 20-ft drainage easement] that are required to be recorded/filed and that filing information added to this plat prior to filing of the plat and the issuance of building permits. This may require the adjacent property to file their plat prior to this plat being filed.
5. Ghost-in easements from adjacent lot.
5. Page 2, change all 2018 year dates to '2019'.
6. The tree mitigation balance of 1,196 caliper inches is due at final plat.



**As a note and once the plat has been approved by the Planning and Zoning Commission and City Council, all staff comments are to be addressed and all revisions resubmittedand approved(by staff) priorto plat submittal on mylar for filing purposes. **

Staff recommends that a representative be present for the meetings as listed below. If you have any quesitons regarding this case, please feel free to contact David Gonzales, AICP with the Planning Department at 972-771-7745.

Scheduled Meeting Dates to Attend:

Planning - Consent Agenda: January 2, 2019 (6:00p.m.)

City Council - Consent Agenda: January 22, 2019 (Tuesday at 6:00 p.m.)

## OWNERS DEDICATION

NOW, THEREFORE, KNOW ALL MEN BY THESE PRESENTS:

STATE OF TEXAS}
COUNTY OF ROCKWALL}

I the undersigned owner of the land shown on this plat, and designated herein as *HACIENDA CAR WASH ADDITION* to the City of Rockwall, Texas, and whose name is subscribed hereto, hereby dedicate to the use of the public forever all streets, alleys, parks, water courses, drains, easements and public places thereon shown on the purpose and consideration therein expressed. I understand and do hereby reserve the easement strips shown on this plat for the purposes stated and for the mutual use and accommodation of all utilities desiring to use or using same. I also understand the following;

1. No buildings shall be constructed or placed upon, over, or across the utility easements as described herein.

2. Any public utility shall have the right to remove and keep removed all or part of any buildings, fences, trees, shrubs, or other growths or improvements which in any way endanger or interfere with construction, maintenance or efficiency of their respective system on any of these easement strips; and any public utility shall at all times have the right of ingress or egress to, from and upon the said easement strips for purpose of construction, reconstruction, inspecting, patrolling, maintaining, and either adding to or removing all or part of their respective system without the necessity of, at any time, procuring the permission of anyone.

3. The City of Rockwall will not be responsible for any claims of any nature resulting from or occasioned by the establishment of grade of streets in the subdivision.

4. The developer and subdivision engineer shall bear total responsibility for storm drain improvements.

5. The developer shall be responsible for the necessary facilities to provide drainage patterns and drainage controls such that properties within the drainage area are not adversely affected by storm drainage from the development.

6. Drainage/Detention Easements/Facilities shall be owned, operated, maintained and repaired by property owner.

7. No house dwelling unit, or other structure shall be constructed on any lot in this addition by the owner or any other person until the developer and/or owner has complied with all requirements of the Subdivision Regulations of the City of Rockwall regarding improvements with respect to the entire block on the street or streets on which property abuts, including the actual installation of streets with the required base and paving, curb and gutter, water and sewer, drainage structures, storm structures, storm sewers, and alleys, all according to the specifications of the City of Rockwall; or until an escrow deposit, sufficient to pay for the cost of such improvements, as determined by the city's engineer and/or city administrator, computed on a private commercial rate basis, has been made with the city secretary, accompanied by an agreement signed by the developer and/or owner, authorizing the city to make such improvements at prevailing private commercial rates, or have the same made by a contractor and pay for the same out of the escrow deposit, should the developer and/or owner fail or refuse to install the required improvements within the time stated in such written agreement, but in no case shall the City be obligated to make such improvements itself. Such deposit may be used by the owner and/or developer as progress payments as the work progresses in making such improvements by making certified requisitions to the city secretary, supported by evidence of work done; or until the developer and/or owner files a corporate surety bond with the city secretary in a sum equal to the cost of such improvements for the designated area, guaranteeing the installation thereof within the time stated in the bond, which time shall be fixed by the city council of the City of Rockwall.

We further acknowledge that the dedications and/or exaction's made herein are proportional to the impact of the Addition upon the public services required in order that the development will comport with the present and future growth needs of the City; we, our successors and assigns hereby waive any claim, damage, or cause of action that we may have as a result of the dedication of exactions made herein.

# CITY OF ROCKWALL
## PLANNING AND ZONING COMMISSION MEMO

**AGENDA DATE:** 01/02/2019

**APPLICANT:** Jennifer Haynes of *Urban Structure*

**AGENDA ITEM:** **P2018-045;** *Lots 4 & 5, Block A*, *the Woods at Rockwall Addition*

---

**SUMMARY:**

Consider a request by Jennifer Haynes of Urban Structure on behalf of Andrew Malzer pf RaceTrac Petroleum, Inc. the approval of a replat for Lots 4 & 5, Block A, the Woods at Rockwall Addition being a 4.47-acre tract of land identified as Lots 1 & 2, Block A, the Woods at Rockwall Addition, City of Rockwall, Rockwall County, Texas, zoned Commercial (C) District, situated within the Scenic Overlay (SOV) District, addressed as 2215 & 2205 Ridge Road [*FM-740*], and take any action necessary.

**PLAT INFORMATION:**

- ☑ The objective of this request is to replat a 4.47-acre tract of land [*i.e. Lots 1 & 2, Block A, the Woods at Rockwall Addition*] to create Lots 4 & 5, Block A, the Woods at Rockwall Addition for the purpose of abandoning certain easements and establishing firelane, public access, and utility easements. Additionally, the replat will establish lot lines for two (2) developments consisting of a 5,411 SF convenience store with gasoline sales [*i.e. RaceTrac*] on Lot 4 and a 4,396 SF carwash facility [*i.e. Hacienda Carwash*] on Lot 5. The subject property is a 4.47-acre tract identified as Lots 1 & 2, Block A, of the Woods at Rockwall Addition. The site is addressed as 2205 & 2215 Ridge Road [*FM-740*], situated within the Scenic Overlay (SOV) District, and zoned Commercial (C) District.

- ☑ There are two (2) 20-foot drainage easements located on the proposed Lot 4 [*i.e. RaceTrac*] that are needed for the development of the proposed Lot 5 [*i.e. Hacienda Carwash*]. These easements are to be recorded by this plat prior to the development of Lot 5. A final plat application [*i.e. P2018-044*] for Lot 5 has been requested concurrently with this request. Approval of this plat with these two (2) drainage easements has been included as a condition of approval for the proposed Lot 5. Additionally, it shall be required that the replat of Lots 4 & 5, Block A, the Woods at Rockwall Addition be filed prior to the filing of the final plat being considered by Case No. P2018-044.

- ☑ A Specific Use Permit (*SUP No. S-104*) allowing a convenience store with gasoline sales within the *Scenic Overlay (SOV) District* was approved on April 15, 2013.

- ☑ An amended Site Plan [*i.e. SP2018-019*] for a convenience store with gasoline sales [*i.e. RaceTrac*] was approved on September 25, 2018. In addition, the City Council approved an alternative tree mitigation settlement agreement in the amount of $225,000 on May 6, 2013 that will be due at the time this plat is submitted for filing. This has been included as a condition of approval.

- ☑ The surveyor has completed the majority of the technical revisions requested by staff, and this plat, conforming to the requirements for a *replat* as stated in the *Subdivision Ordinance* in the *Municipal Code of Ordinances*, is recommended for conditional approval pending the completion of final technical modifications and submittal requirements.

- ☑ Conditional approval of this plat by the City Council shall constitute approval subject to the conditions stipulated in the *Recommendation* section below.

- ☑ With the exception of the items listed in the *Recommendation* section of this case memo, this plat is in substantial compliance with the requirements of the *Subdivision Ordinance* in the *Municipal Code of Ordinances*.

**RECOMMENDATIONS:**

If the Planning and Zoning Commission and City Council choose to approve the *replat* for *Lots 4 & 5, Block A, of the Woods at Rockwall Addition*, staff would recommend the following conditions:

1) All technical comments from the Engineering, Planning and Fire Departments shall be addressed prior to the filing of this plat.

2) A balance of $225,000 for the tree mitigation settlement agreement approved by the City Council shall be due at the time the replat is submitted for filing.

3) Any construction resulting from the approval of this *replat* shall conform to the requirements set forth by the Unified Development Code, the International Building Code, the Rockwall Municipal Code of Ordinances, city adopted engineering and fire codes and with all other applicable regulatory requirements administered and/or enforced by the state and federal government.

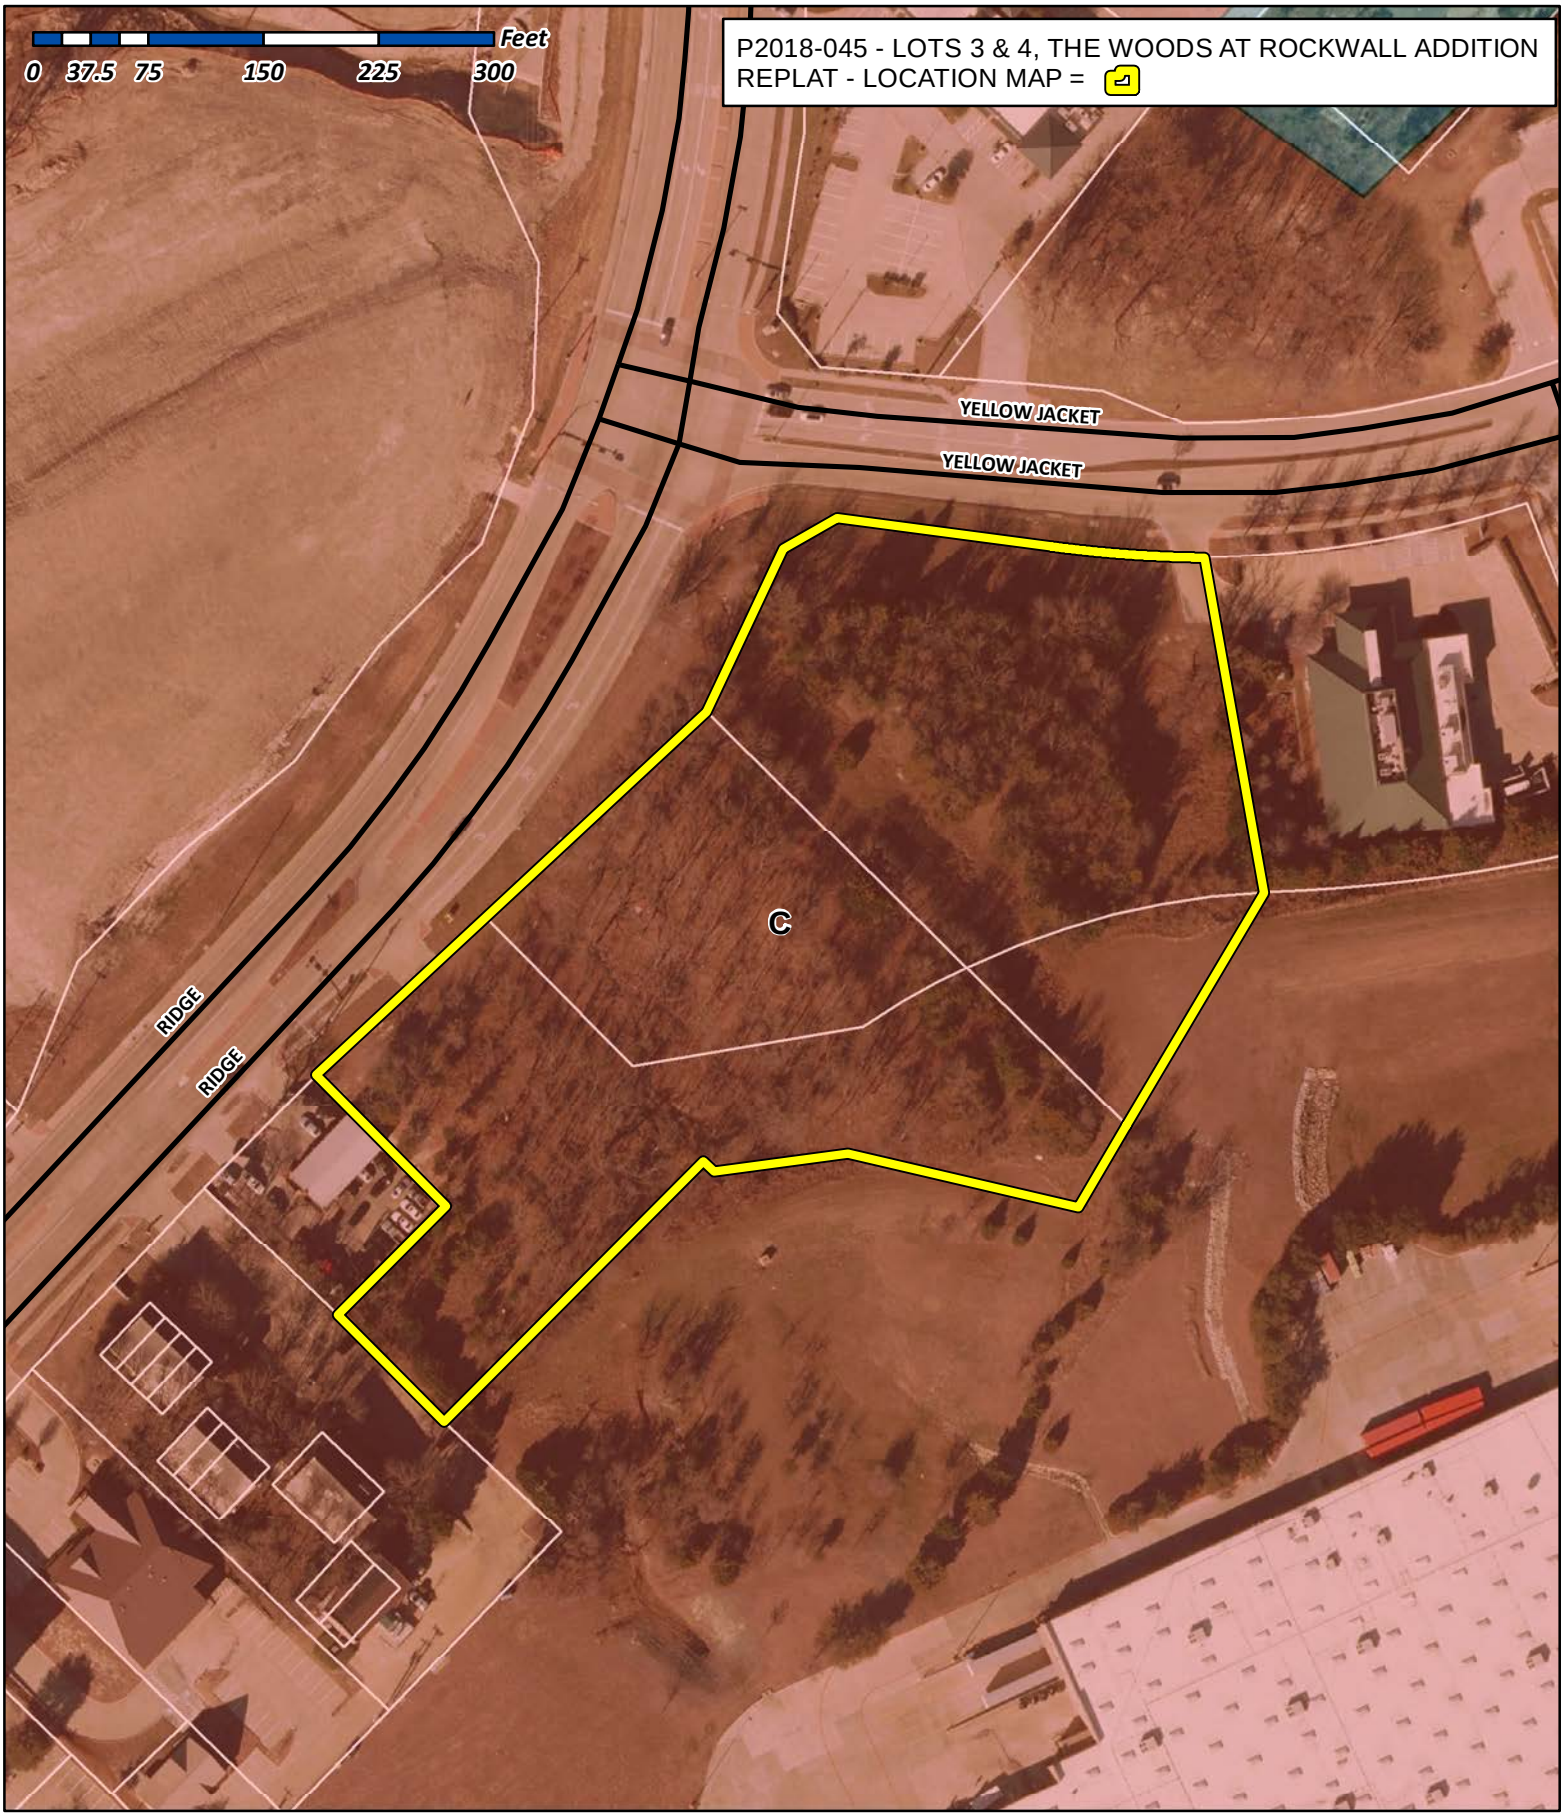
PLANNING COMMENTS - DAVID GONZALES - 12.18.2018

The following staff comments are to be addressed and resubmitted no later than Thursday, January 3, 2019. Please provide two large copies [FOLDED 18" X 24"] and one PDF version for a subsequent review by staff:

1. The final plat shall conform to all standards and requirements of SUP No. 104 (Ord. No. 13-09), the Unified Development Code (UDC), and the staff comments provided by the Planning, Engineering, Building Inspection, and Fire Departments as indicated on the Project Plan Review document.
2. Provide a label indicating "Case No. P2018-045" on the lower right corner on all pages of the revised replat submittal.
3. Change Lot No. of each lot on plat to indicate Lot 4, Block A (for RaceTrac) & Lot 5, Block A (for Hacienda Carwash) and remove the label "Replat" from the lot description.
4. Change Lot No. on Title Block to 'Lot 4 and Lot 5, Block A' and in Owners Certificate on page 2.
5. Identify/label the two (2) 20-ft drainage easements that are required for the adjacent lots drainage (i.e. Hacienda Carwash).
6. Ghost-in easements from adjacent lot.
7. Page 2, change all 2018 year dates to '2019'.
8. Use a heavier line to distinguish lot lines from other line drawings.
9. As a note, the tree mitigation for this site had been satisfied by an alternative tree mitigation settlement agreement approved by the City Council in the amount of $225,000. This mitigation balance is due at final plat.



**As a note andonce the plat has been approved by the Planning and Zoning Commission and City Council, all staff comments are to be addressed and all revisions resubmittedand approved(by staff) prior to plat submittal on mylar for filing purposes. **

Staff recommends that a representative be present for the meetings as listed below. If you have any quesitons regarding this case, please feel free to contact David Gonzales, AICP with the Planning Department at 972-771-7745.

Scheduled Meeting Dates to Attend:

Planning - Consent Agenda: January 2, 2019 (6:00p.m.)

City Council - Consent Agenda: January 22, 2019 (Tuesday at 6:00 p.m.)

NOW, THEREFORE, KNOW ALL MEN BY THESE PRESENTS:

STATE OF TEXAS
COUNTY OF ROCKWALL
CITY OF ROCKWALL

That, Mountainprize, Inc. and Russell Frank, do hereby adopt this plat designating the hereinabove described property as **REPLAT WOODS AT ROCKWALL ADDITION, LOT 3 AND LOT 4, BLOCK A**, a subdivision to the City of Rockwall, Texas, and whose name is subscribed hereto, hereby dedicate to the use of the public forever all streets, alleys, parks, water courses, drains, easements and public places thereon shown for the purposes and consideration therein expressed. I further certify that all other parties who have a mortgage or lien interest in the REPLAT WOODS AT ROCKWALL ADDITION, LOT 1R, BLOCK A, subdivision have been notified and sighed this plat.

I understand and do hereby reserve the easements strips shown on this plat for the purposes stated and for the mutual use accommodation of all utilities desiring to use or using same. I also understand the following:

1. No buildings shall be constructed upon, over, or across the utility easements as described herein.
2. Any public utility shall have the right to remove and keep removed all or part of any building, fences, trees, shrubs, or other growths or improvements which in any way endanger or interfere with construction, maintenance, or efficiency of their respective system on any of these easement strips, and any public utility shall at all times have the right to ingress or egress to, from and upon the said easement strips for the purpose of construction, reconstructing, inspecting, patrolling, maintaining, and either adding to or removing all or part of the respective system without the necessity of, at any time, procuring the permission of anyone.
3. The City of Rockwall will not be responsible for any claims of any nature resulting from or occasioned by the establishment of grade of streets in the subdivision.
4. The developer and subdivision engineer shall bears total responsibility for storm drain improvements.
5. The developer shall be responsible for the necessary facilities to provide drainage patterns and drainage controls such that properties within the drainage area are not adversely affected by storm drainage from the development.
6. No house dwelling unit, or other structure shall be constructed on any lot in this addition by the owner or any other person until developer and/or owner has complied with all requirements of the Subdivision Regulations of the City of Rockwall regarding improvements with respect to the entire block on the street or streets on which property abuts, including the actual installation of streets with the required base and paving, curb and gutter, water and sewer, drainage structures, storm structures, storm sewers, and alleys, all according to the specifications of the City of Rockwall;
7. The property owner is responsible for maintenance, repair, and replacement of all detention and drainage system.

Until an escrow deposit sufficient to pay for the cost of such improvements, as determined by the city's engineer and/or city administrator, computed on a private commercial rate basis, has been made with the city secretary, accompanied by an agreement signed by the developer and/or owner, authorizing the city to make such improvements at prevailing private commercial rates, or have the same made by a contractor and pay for the same out of the escrow deposit, should the developer and/or owner fail or refuse to install the required improvements within the time stated in such written agreement, but in no case shall the City be obligated to make such improvements itself. Such deposit may be used by the developer and/or owner as progress payments as the work progresses in making such improvements by making certified requisitions to the city secretary, supported by evidence or work done; or

Until the developer and/or owner files a corporate surety bond with the city secretary in a sum equal to the cost of such improvements for the designated area, guaranteeing the installation thereof within the time stated in the bond, which time shall be fixed by the city council of the City of Rockwall.

I further acknowledge that the dedications and/or exaction's made herein are proportional to the impact of the Subdivision upon the public services required in order that the development will comport with the present and future growth needs of the City; Our successors and assigns hereby waive any claim, damage, or cause of action the We may have as a result of the dedication of exactions made herein.

## PLANNING AND ZONING COMMISSION MEMO

**AGENDA DATE:** 01/02/2019

**APPLICANT:** David Ellis

**AGENDA ITEM:** **P2018-046;** *Lots 5, 6, & 7, Block A*, *Ellis Centre, Phase 2 Addition*

---

**SUMMARY:**

Consider a request by David Ellis for the approval of a replat for Lots 5, 6 & 7, Block A, Ellis Centre, Phase 2 Addition being a 2.62-acre tract of land identified as Lots 1 & 3, Block A, Ellis Centre, Phase 2 Addition, City of Rockwall, Rockwall County, Texas, zoned Light Industrial (LI) District, situated within the IH-30 Overlay (IH-30 OV) District, addressed as 1930 & 1950 Alpha Road, and take any action necessary.

**PLAT INFORMATION:**

- ☑ The objective of this request is to replat a 2.62-acre tract of land [*i.e. Lots 1 & 3, Block A, of the Ellis Centre, Phase 2 Addition*] to create Lots 5, 6, & 7, Block A, Ellis Centre, Phase 2 Addition. The purpose of the replat is to establish cross access easements that will provide access through the lots. Additionally, this will allow Lot 6 to be developed. The subject property is identified as Lots 1 & 3, Block A, Ellis Centre, Phase 2 Addition, is addressed as 1930 & 1950 Alpha Road, and zoned Light Industrial (LI) District.

- ☑ The surveyor has completed the majority of the technical revisions requested by staff, and this plat, conforming to the requirements for a *replat* as stated in the *Subdivision Ordinance* in the *Municipal Code of Ordinances*, is recommended for conditional approval pending the completion of final technical modifications and submittal requirements.

- ☑ Conditional approval of this plat by the City Council shall constitute approval subject to the conditions stipulated in the *Recommendation* section below.

- ☑ With the exception of the items listed in the *Recommendation* section of this case memo, this plat is in substantial compliance with the requirements of the *Subdivision Ordinance* in the *Municipal Code of Ordinances*.

**RECOMMENDATIONS:**

If the Planning and Zoning Commission and City Council choose to approve the replat for *Lots 5, 6, & 7, Block A, Ellis Centre, Phase 2 Addition*, staff would recommend the following conditions:

1) All technical comments from the Engineering, Planning and Fire Departments shall be addressed prior to the filing of this plat.

2) Any construction resulting from the approval of this *replat* shall conform to the requirements set forth by the Unified Development Code, the International Building Code, the Rockwall Municipal Code of Ordinances, city adopted engineering and fire codes and with all other applicable regulatory requirements administered and/or enforced by the state and federal government.

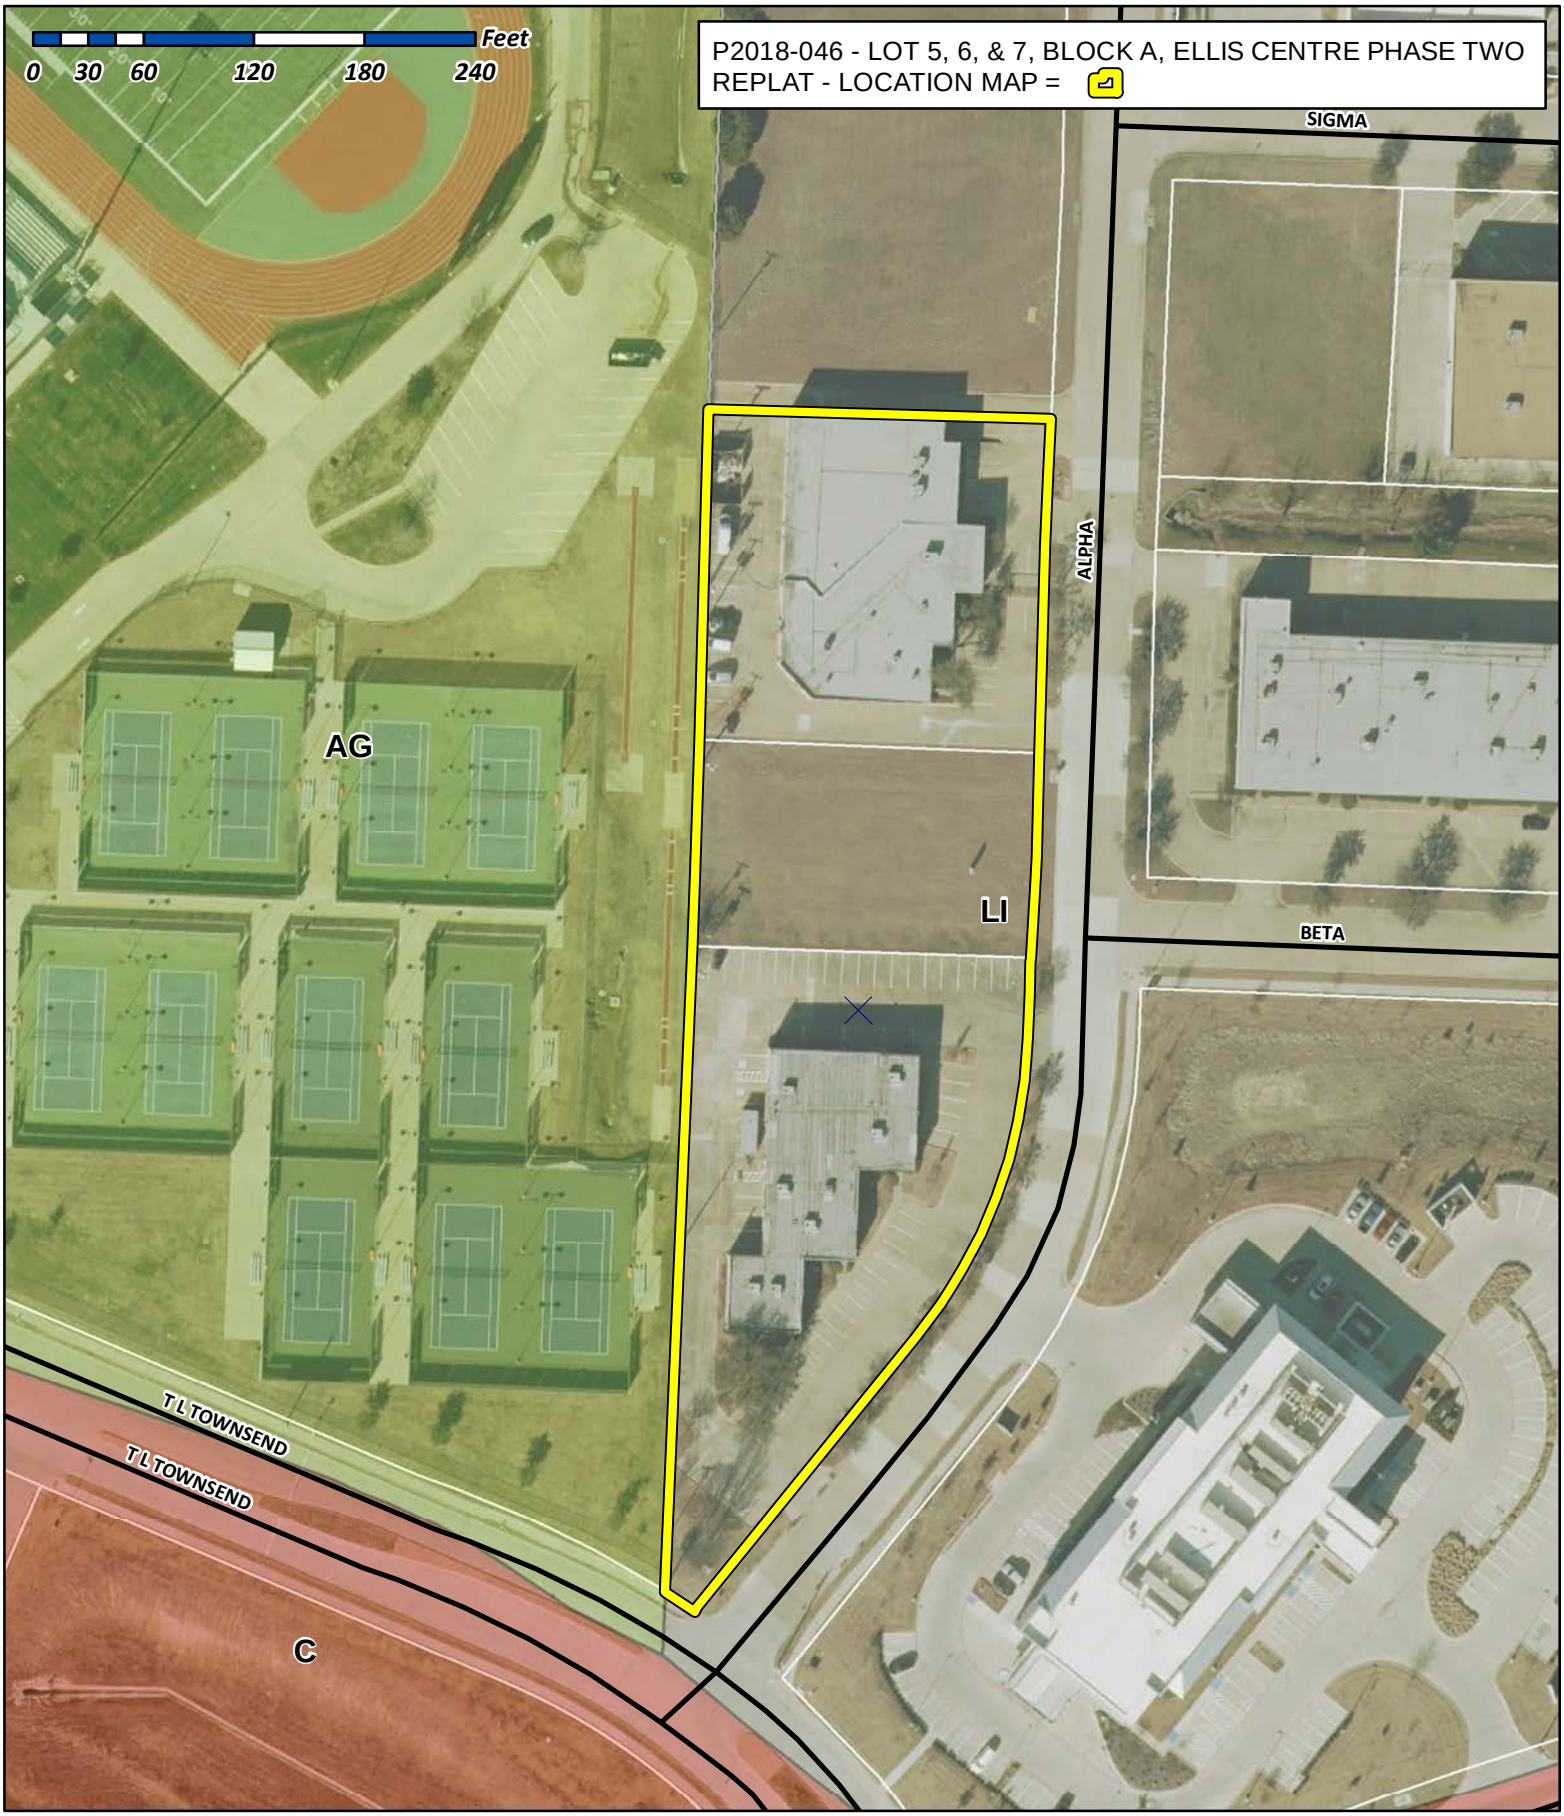
Consider a request by David Ellis for the approval of a replat for Lots 5, 6 & 7, Block A, Ellis Centre, Phase 2 Addition being a 2.62-acre tract of land identified as Lots 1 & 3, Block A, Ellis Centre, Phase 2 Addition, City of Rockwall, Rockwall County, Texas, zoned Light Industrial (LI) District, situated within the IH-30 Overlay (IH-30 OV) District, addressed as 1930 & 1950 Alpha Road, and take any action necessary.

PLANNING COMMENTS - DAVID GONZALES - 12.18.2018

The following staff comments are to be addressed and resubmitted no later than Thursday, January 3 2019. Please provide two large copies [FOLDED 18" X 24"] and one PDF version for a subsequent review by staff:

1. The final plat shall conform to all standards and requirements of the Unified Development Code (UDC) and the staff comments provided by the Planning, Engineering, Building Inspection, and Fire Departments as indicated on the Project Plan Review document.
2. Provide a label indicating "Case No. P2018-046" on the lower right corner on all pages of the revised final plat submittal.
3. Ghost-in 'Old Lot Information' for the three (3) lots being platted.
4. Provide owner information for both of the lots fronting on and adjacent to Beta Court.
5. Verify and/or correct distance for call N 01.34.52 E on plat -- indicates 743.46-ft - the owners certificate on page 2 indicates a distance of 746.46-ft.
6. Change owner certificate information of paragraph two (2) to correspond to title block.
7. Correct Title Block to read as follows:
Final Plat
Lots 5, 6, & 7, Block A
Ellis Centre, Phase Two
Lots 5, 6, & 7, Block A
Being a Replat of Lots 1 & 3, Block A
Ellis Centre, Phase Two
...County of Rockwall, Texas.
8. Future development of the site will require a replat (i.e. Lot 6)



**As a note and once the plat has been approved by the Planning and Zoning Commission and City Council, all staff comments are to be addressed and all revisions resubmittedand approved(by staff) prior to plat submittal on mylar for filing purposes. **

Although this plat inon the Consent Agenda, staff recommends that a representative be present for the meetings as listed below. If you have any quesitons regardin this case, please feel free to contact David Gonzales, AICP with the Planning Department at 972-771-7745.

Scheduled Meeting Dates to Attend:

Planning - Consent Agenda: January 2, 2019 (6:00p.m.)

City Council - Consent Agenda: January 22, 2019 (Tuesday at 6:00 p.m.)

THENCE S. 88 deg. 25 min. 08 sec. E. along the north line of Lots 3 & 4, Block A, a distance of 185.00 feet to a 1/2" iron rod found for corner at the southeast corner of Lot 4, Block A and at the northeast corner of Lot 3, Block A and in the west right-of-way line of Alpha Drive;

THENCE S. 01 deg. 34 min. 52 sec. W. along said right-of-way line, a distance of 407.08 feet to an "X" found for corner;

THENCE in a southwesterly direction along a curve to the right having a central angle of 36°54'45", a radius of 270.00 feet, a tangent of 90.11 feet, a chord of S 20°02'17"W, 170.95 feet along said right-of-way line, an arc distance of 173.95 feet to a 1/2" iron rod found for corner;

THENCE S. 38 deg. 29 min. 40 sec. W. along said right-of-way line, a distance of 217.91 feet to the POINT OF BEGINNING and containing 113,912 square feet or 2.62 acres of land.

NOW, THEREFORE, KNOW ALL MEN BY THESE PRESENTS:

STATE OF TEXAS
COUNTY OF ROCKWALL

We the undersigned owners of the land shown on this plat, and designated herein as ELLIS CENTRE, PHASE TWO, LOTS 5, 6 & 7, BLOCK A, an Addition to the City of Rockwall, Texas, and whose name is subscribed hereto, hereby dedicate to the use of the public forever all streets, alleys, parks, water courses, drains, easements and public places thereon shown on the purpose and consideration therein expressed. We further certify that all other parties who have a mortgage or lien interest in the ELLIS CENTRE, PHASE TWO, LOTS 5, 6 & 7, BLOCK A, have been notified and signed this plat.

We understand and do hereby reserve the easement strips shown on this plat for the purposes stated and for the mutual use and accommodation of all utilities desiring to use or using same.

We also understand the following;

1. No buildings shall be constructed or placed upon, over, or across the utility easements as described herein.

2. Any public utility shall have the right to remove and keep removed all or part of any buildings, fences, trees, shrubs, or other growths or improvements which in any way endanger or interfere with construction, maintenance or efficiency of th eir respective system on any of these easement strips; and any public utility shall at all times have the right of ingress or egress to, from and upon the said easement strips for purpose of construction, reconstruction, inspecting, patrolling, maint aining, and either adding to or removing all or part of their respective system without the necessity of, at any time, procuring the permission of anyone.

3. The City of Rockwall will not be responsible for any claims of any nature resulting from or occasioned by the establishment of grade of streets in the subdivision.

4. The developer and subdivision engineer shall bear total responsibility for storm drain improvements.

5. The developer shall be responsible for the necessary facilities to provide drainage patterns and drainage controls such that properties within the drainage area are not adversely affected by storm drainage from the development.

6. No house dwelling unit, or other structure shall be constructed on any lot in this addition by the owner or any other person until the developer and/or owner has complied with all requirements of the Subdivision Regulations of the City of Roc kwall regarding improvements with respect to the entire block on the street or streets on which property abuts, including the actual installation of streets with the required base and paving, curb and gutter, water and sewer, drainage structures, sto rm structures, storm sewers, and alleys, all according to the specifications of the City of Rockwall; or

Until an escrow deposit, sufficient to pay for the cost of such improvements, as determined by the city's engineer and/or city administrator, computed on a private commercial rate basis, has been made with the city secretary, accompanied by an agreement signed by the developer and/or owner, authorizing the city to make such improvements at prevailing private commercial rates, or have the same made by a contractor and pay for the same out of the escrow deposit, should the developer an d/or owner fail or refuse to install the required improvements within the time stated in such written agreement, but in no case shall the City be obligated to make such improvements itself. Such deposit may be used by the owner and/or developer as p rogress payments as the work progresses in making such improvements by making certified requisitions to the city secretary, supported by evidence of work done; or

Until the developer and/or owner files a corporate surety bond with the city secretary in a sum equal to the cost of such improvements for the designated area, guaranteeing the installation thereof within the time stated in the bond, which time shall be fixed by the city council of the City of Rockwall.

We further acknowledge that the dedications and/or exaction's made herein are proportional to the impact of the subdivision upon the public services required in order that the development will comport with the present and future growth needs of the City; We , our successors and assigns hereby waive any claim, damage, or cause of action that I may have as a result of the dedication of exaction's made herein.

Z2018-055 SUP FOR MINI_WAREHOUSE

Please address the following comments (M= Mandatory Comments; I = Informational Comments).

I.1 This a request by Kyle Jenkins of the Jenkins Organization on behalf of Michael Swiercinsky of 7.1 Ridge, LLC for the approval of a Specific Use Permit (SUP) for a Mini-Warehouse facility on a 2.595-acre tract of land being a portion of Lot 1, Block A, Sky Ridge Addition, City of Rockwall, Rockwall County, Texas, zoned Commercial (C) District, situated within the Scenic Overlay (SOV) District, located southwest of the intersection of W. Yellow Jacket Lane and Ridge Road [FM-740]

I.2 For questions or comments concerning this case, please contact Korey Brooks in the Planning Department at (972) 772-6434 or email kbrooks@rockwall.com.

M.3 For reference, include the case number (Z2018-055) in the lower right hand corner of all pages on future submittals.

M.4 Please review the attached draft ordinance prior to the January 15, 2019 Planning & Zoning Commission meeting.

I.5 Staff has identified the aforementioned items necessary to continue the submittal process. Please make these revisions and corrections, and provide any additional information that is requested by January 3, 2019. The Planning and Zoning Worksession for this case is January 2, 20019. The Planning and Zoning Meeting for this case is January 15, 2019 2018.

I.6 The projected City Council meeting date and subsequent approval for this request is January 21, 2019 and February 4, 2019.

## ZONING SUMMARY

| SETBACK / REGULATION | REQ'D | PROPOSED | NOTES |
|---|---|---|---|
| ZONING: | TBD | | |

## Letter of Explanation

## TJO – Ridge Road & Yellow Jacket

On behalf of The Jenkins Organization, Masterplan requests a Specific Use Permit to construct a 3-story, approximately 126,600-square foot, upscale climate controlled self-storage facility on a 2.6-acre property located southwest of the intersection of Ridge Road and Yellow Jacket Lane. It is projected that the balance of the property to the north would be developed with a future neighborhood retail building.

TJO develops and operates best in class self storage facilities in affluent Texas communities such as Craig Ranch in McKinney, Southlake, Frisco, and Bee Cave in the Austin area. TJO is interested in developing a neighborhood friendly facility with excellent customer service in the Rockwall community.

The development proposal includes the following features:

1. Premium architecturally inspired building design
2. Vast majority of units would be accessed from interior corridors
3. Well-lit, safe and secure facility
4. Building will be positioned to minimize height from street and align with adjacent retail
5. Building will step down from Ridge Rd following the topography of the site
6. Low-traffic generator – 15 visitors per day
7. Hours of access and operation from Monday-Sunday 6AM-10PM.

The proposal includes a request for relief from certain provisions of the Unified Development Code as follows:

**Pitched roof.** TJO's building design is modern with clean lines. The roof would be flat with parapets to align with the overall modern design.

**Perimeter screening adjacent to residential districts.** The grade at the rear driveway will sit well below the grade of Turtle Cove. Moreover, the tree line will be preserved to provide a natural buffer from Turtle Cove to the northwest. Moreover, the elevated railroad berm provides a solid screen and fully blocks view of the subject property from Turtle Cove. A screening wall would sit well below the adjacent property, serving minimal to no purpose. Please refer to the enclosed sight line exhibit for additional information.

**Floor-to-area ratio.** A maximum floor-to-area ratio of 1.2. Use intensity for a self-storage facility is disproportionately low compared to other commercial uses. This facility would generate approximately 15-20 visitors spread out over an entire day.

**One direct access point to Ridge Road.** Access is necessary to serve the facility.

BEING a 2.595 acre tract of land situated in the E.P. Gaines Chisum Survey, Abstract No. 64, City of Rockwall, Rockwall County, Texas and being a part of Lot 1, Block A, Sky Ridge Addition, an addition to the City of Rockwall, recorded in Volume J, Page 243, Map Records, Rockwall County, Texas, and this tract being more particularly described as follows:

BEGINNING at a point for corner at the south corner of said Lot 1, Block A, Sky Ridge Addition, said corner being in the northeast boundary line of Lot 1, Block A, Hudspeth Addition, an addition to the City of Rockwall, as recorded in Cabinet B, Slide 6, Plat Records, Rockwall, Texas and in the northwest right–of–way line of Farm to Market Road 740 (Ridge Road), a variable width right–of–way from which a TXDOT Monument with an Aluminum Disk found for reference bears South 57 degrees 23 minutes 15 seconds West, a distance of 0.23 feet;

THENCE, North 46 degrees 22 minutes 15 seconds West, along the common boundary line of said Lot 1, Block A, Hudspeth Addition and said Lot 1, Block A, Sky Ridge Addition, a distance of 548.61 feet to a 1/2–inch iron rod found for the west corner of said Lot 1, Block A, Sky Ridge Addition and the north corner of said Lot 1, Block A, Hudspeth Addition, said corner being in the southeast right–of–way line of the Union Pacific Railroad, a 100 ft. right–of–way;

THENCE North 43 degrees 40 minutes 54 seconds East, along the common line of said Railroad and said Lot 1, Block A, Sky Ridge Addition, a distance of 17.68 feet to a point for corner at the beginning of a non–tangent curve to the left having a radius of 5449.50 feet, and a chord which bears North 49 degrees 39 minutes 04 seconds East, a distance of 65.76 feet;

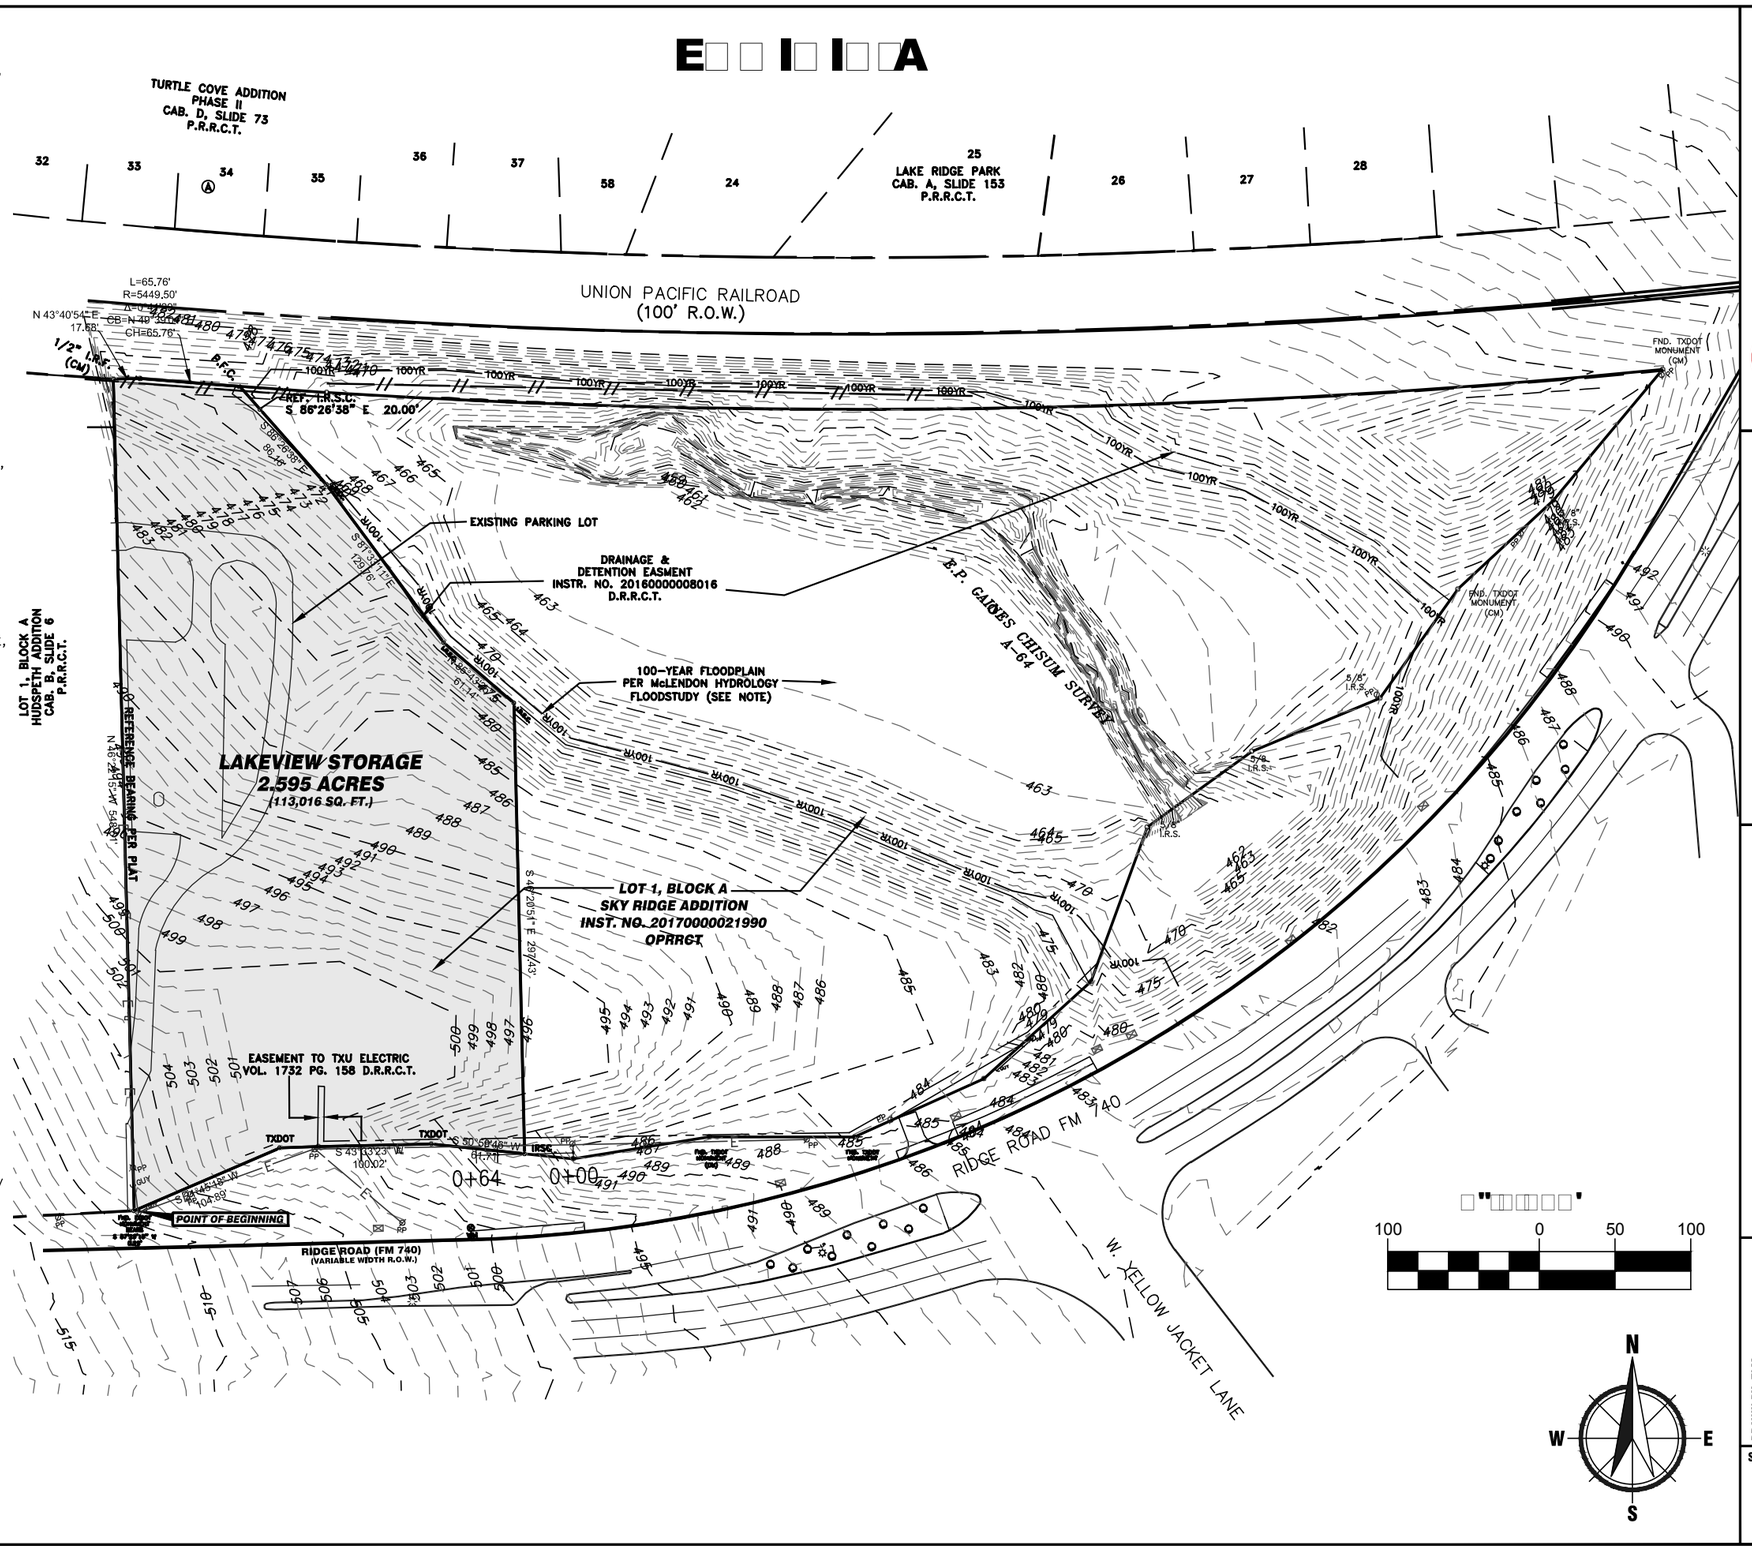
THENCE Northeasterly, along the common line of said Railroad and Lot 1, Block A, Sky Ridge Addition, and with said curve to the left, through a central angle of 00 degrees 41 minutes 29 seconds, an arc distance of 65.76 feet to a point for corner from which a 5/8-inch iron rod with a yellow plastic cap, stamped "RPLS 3963", set for reference, bears South 86 degrees 26 minutes 38 seconds East, a distance of 20.00 feet;

THENCE Southeasterly, traversing across said Lot 1, Block A, Sky Ridge Addition, the following courses:

South 86 degrees 26 minutes 38 seconds East, a distance of 86.16 feet to a 5/8–inch iron rod with a yellow plastic cap stamped "RPLS 3963", set for corner;

South 81 degrees 33 minutes 11 seconds East, a distance of 129.76 feet to a 5/8–inch iron rod with a yellow plastic cap stamped "RPLS 3963", set for corner;

North 85 degrees 43 minutes 25 seconds East, a distance of 61.14 feet a 5/8–inch iron rod with yellow plastic cap stamped "RPLS 3963", set for corner;



South 46 degrees 20 minutes 51 seconds East, a distance of 297.43 feet a 5/8–inch iron rod with yellow plastic cap stamped "RPLS 3963", set for corner in the northwest line of said FM 740 and the southeast line of said Lot 1, Block A, Sky Ridge Addition;

THENCE Southwesterly, along the common line of said FM 740 and said Lot 1, Block A, Sky Ridge addition, the following courses:

South 50 degrees 59 minutes 46 seconds West, a distance of 61.71 feet to a TXDOT Monument with an Aluminum Disk found for corner;

South 43 degrees 33 minutes 23 seconds West, a distance of 100.02 feet to a point for corner from which a TXDOT Monument with an Aluminum Disk found for reference bears South 12 degrees 53 minutes 00 seconds West, a distance of 0.14 feet;

South 21 degrees 45 minutes 18 seconds West, a distance of 104.89 feet to the POINT OF BEGINNING AND CONTAINING 113,016 square feet or 2.595 acres of land.

South 43 degrees 33 minutes 23 seconds West, a distance of 100.02 feet to a point for corner from which a TXDOT Monument with an Aluminum Disk found for reference bears South 12 degrees 53 minutes 00 seconds West, a distance of 0.14 feet;

South 21 degrees 45 minutes 18 seconds West, a distance of 104.89 feet to the POINT OF BEGINNING AND CONTAINING 113,016 square feet or 2.595 acres of land.

Notes:

1. Basis of bearing is N 46°22'15" W on the southwest line of this survey per Plat referenced in legal description hereon.
2. According to my interpretations of the Dallas County, Texas and Incorporated Areas, Flood Insurance Rate Map Number 48397C0040L, dated September 26, 2008, the subject property lies within flood Zone "X" and is not shown to be within a Special Flood Hazard Area. This statement does not imply that the property and/or structures thereon will be free from flooding or flood damage. On rare occasions, greater floods can and will occur and flood heights may be increased by man-made or natural causes. This statement shall not create liability on the part of the surveyor.
   Floodplain and elevations are also based on graphic interpolation from the Floodplain Work Map in the Flood Study for Stream 5 by McLendon Hydrology and Engineering L.L.C.
3. All open spaces, drainage easements, drainage and detention easements, and other common area shall be repaired, replaced, and maintained by property owner.
4. This survey was prepared with the benefit of Title Commitment File No. 18-374837-RW, effective date of July 25, 2019, issued on August 2, 2018. No research of record easements has been performed on these tracts since the effective dates of the policy mentioned above.
   Schedule B items affect as follows:

   10e. Easement(s) and other matters affecting the subject property as shown on Map or Plat recorded in Cab. J, Slide 243, Map or Plat Records, Rockwall County, Texas. AFFECTS AS SHOWN

10. 10f. Easement to City of Rockwall, dated June 21, 1980, filed October 13, 1980, recorded in Vol., 153, Page 719, Real Property Records, Rockwall County, Texas, and shown on map recorded in Cab. J, Slide 243, Map Records, Rockwall County, Texas. **DOES NOT AFFECT**

    10g. Easement to Texas Utilities Electric Company, dated September 9, 1999, filed October 12, 1999, recorded in Vol., 1732, Paged 158, Real Property Records, Rockwall County, Texas. **AFFECTS AS SHOWN**

10. 10h. Easement to City of Rockwall, dated May 17, 2016, filed May 17, 2016, recorded as Clerk's No. 20160000008016, Real Property Records, Rockwall County, Texas, and shown on map recorded in Cab. J, Slide 243, Map Records, Rockwall County, Texas. **AFFECTS AS SHOWN**

I, Robert C. Myers, Registered Professional Land Surveyor, do hereby certify that this plat represents the results of a survey made on the ground under my supervision during the month of September, 2018, and substantially complies with the current Texas Society of Professional Surveyors Standards and Specifications for a Category 1A Condition II Survey.
FIELD WORK WAS COMPLETED ON 09-11-18.

**ORDINANCE NO. 19-XX**

**SPECIFIC USE PERMIT NO. S-XXX**

**AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, AMENDING THE UNIFIED DEVELOPMENT CODE (UDC) OF THE CITY OF ROCKWALL, ROCKWALL COUNTY TEXAS, AS PREVIOUSLY AMENDED, SO AS TO GRANT A SPECIFIC USE PERMIT (SUP) TO ALLOW FOR A MINI-WAREHOUSE FACILITY IN A COMMERCIAL (C) DISTRICT, SITUATED ON A 2.595-ACRE TRACT OF LAND IDENTIFIED AS A PORTION OF LOT 1, BLOCK A, SKY RIDGE ADDITION, CITY OF ROCKWALL, ROCKWALL COUNTY, TEXAS, AND BEING MORE SPECIFICALLY DEPICTED IN *EXHIBIT 'A'* AND DESCRIBED IN *EXHIBIT 'B'* OF THIS ORDINANCE; PROVIDING FOR SPECIAL CONDITIONS; PROVIDING FOR A PENALTY OF FINE NOT TO EXCEED THE SUM OF TWO THOUSAND DOLLARS ($2,000.00) FOR EACH OFFENSE; PROVIDING FOR A SEVERABILITY CLAUSE; PROVIDING FOR A REPEALER CLAUSE; PROVIDING FOR AN EFFECTIVE DATE.**

**WHEREAS**, the City has received a request from Kyle Jenkins of the Jenkins Organization on behalf of Michael Swiercinsky for the approval of a Specific Use Permit (SUP) to allow a *mini-warehouse facility* in a Commercial (C) District on a 2.595-acre tract of land being described as a portion of Lot 1, Block A, Sky Ridge Addition, City of Rockwall, Rockwall County, Texas, zoned Commercial (C) District, and being more specifically depicted in *Exhibit 'A'* and described in *Exhibit 'B'* of this ordinance, which herein after shall be referred to as the *Subject Property* and incorporated reference herein; and

**WHEREAS**, the Planning and Zoning Commission of the City of Rockwall and the governing body of the City of Rockwall, in compliance with the laws of the State of Texas and the ordinances of the City of Rockwall, have given the requisite notices by publication and otherwise, and have held public hearings and afforded a full and fair hearing to all property owners generally, and to all persons interested in and situated in the affected area and in the vicinity thereof, the governing body in the exercise of its legislative discretion has concluded that the Unified Development Code (UDC) [*Ordinance No. 04-38*] of the City of Rockwall should be amended as follows:

**NOW, THEREFORE**, **BE IT ORDAINED** by the City Council of the City of Rockwall, Texas;

**SECTION 1.** That the Unified Development Code [*Ordinance No. 04-38*] of the City of Rockwall, as heretofore amended, be and the same is hereby amended so as to grant a Specific Use Permit (SUP) allowing a *mini-warehouse facility* within a Commercial (C) District as stipulated by Article IV, *Permissible Uses*, of the Unified Development Code (UDC) [*Ordinance No. 04-38*] on the *Subject Property*; and

**SECTION 2.** That the Specific Use Permit (SUP) shall be subject to the conditions set forth in Subsection 2.1.10*, Wholesale, Distribution, and Storage,* of Section 2, *Use Standards*, of Article IV, *Permissible Uses, and* Subsection 4.5, *Commercial (C) District,* of Section 4, *Commercial District and* Subsection 6.8, *Scenic Overlay (SOV) District*, of Section 6, *Overlay Districts* of Article V, *District Development Standards*, of the Unified Development Code (UDC) [*Ordinance No. 04-38*], as

DRAFT ORDINANCE 01.02.19

heretofore amended and as may be amended in the future, and shall be subject to the following operational conditions:

**2.1 OPERATIONAL CONDITIONS**

The following conditions shall pertain to the operation of a *mini-warehouse facility* on the subject property, and conformance to these operations is required for continued operation:

1) The development shall generally conform to the *Concept Plan* depicted in *Exhibit 'B'* of this ordinance.

2) The building elevations shall generally conform to the *Concept Building Elevations* depicted in *Exhibit 'C'* of this ordinance.

3) The maximum number of storage units provided shall not exceed 400 units for the facility.

4) The maximum number of floors is limited to three (3) stories.

5) The mini-warehouse facility shall not be greater than 36-feet in height.

6) No outside storage of any kind shall be allowed (*including the outside storage of boats, recreational vehicles, trailers, and motor or self-propelled vehicles*).

7) Businesses shall not be allowed to operate within individual storage units.

8) The commercial operation of rental trucks and trailers shall be prohibited.

9) The developer shall maintain the treeline adjacent to the northwest property line.

**2.2 COMPLIANCE**

Approval of this ordinance in accordance with Section 8.3, *Council Approval or Denial*, of Article II, *Authority and Administrative Procedures*, of the Unified Development Code (UDC) will require compliance to the following:

1) Upon obtaining a Certificate of Occupancy (CO), should any business or establishment operating under the guidelines of this ordinance fail to meet the minimum operational requirements set forth herein and outline in the Unified Development Code (UDC), the City Council may (*after proper notice*) initiate proceedings to revoke the Specific Use Permit (SUP) in accordance with Section 4.4.(3) of Article IV, *Permissible Uses*, of the Unified Development Code (UDC).

**SECTION 3.** That the official zoning map of the City be corrected to reflect the changes in zoning described herein.

**SECTION 4.** That all ordinances of the City of Rockwall in conflict with the provisions of this ordinance be, and the same are hereby repealed to the extent of that conflict.

**SECTION 5.** Any person, firm, or corporation violating any of the provisions of this ordinance shall be deemed guilty of a misdemeanor and upon conviction shall be punished by a penalty of fine not to exceed the sum of *TWO THOUSAND DOLLARS* ($2,000.00) for each offence and each and every day such offense shall continue shall be deemed to constitute a separate offense.

DRAFT ORDINANCE 01.02.19

**SECTION 6.** If any section or provision of this ordinance or the application of that section or provision to any person, firm, corporation, situation or circumstance is for any reason judged invalid, the adjudication shall not affect any other section or provision of this ordinance or the application of any other section or provision to any other person, firm, corporation, situation or circumstance, and the City Council declares that it would have adopted the valid portions and applications of the ordinance without the invalid parts and to this end the provisions of this ordinance shall remain in full force and effect.

**SECTION 7.** That this ordinance shall take effect immediately from and after its passage.

**PASSED AND APPROVED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, THIS THE 4TH DAY OF FEBRUARY, 2019.**

Z2018-056 ZONING CHANGE (AG TO C)

Please address the following comments (M= Mandatory Comments; I = Informational Comments).

I.1 This a request by Tom Jones on behalf of Shanon Thomas of Rockwall Friendship Baptist Church for the approval of a zoning change from an Agricultural (AG) District to a Commercial (C) District for a 6.03-acre tract of land being identified as Tract 2-4 of the D. Harr Survey, Abstract No. 102, City of Rockwall, Rockwall County, Texas, zoned Agricultural (AG) District, situated within the SH-205 By-Pass Overlay (SH-205 BY OV) District, located east of the intersection of Justin Road and John King Boulevard

I.2 For questions or comments concerning this case, please contact Korey Brooks in the Planning Department at (972) 772-6434 or email kbrooks@rockwall.com.

M.3 For reference, include the case number (Z2018-056) in the lower right hand corner of all pages on future submittals.

M.4 Please review the attached draft ordinance prior to the January 15, 2019 Planning & Zoning Commission meeting.

I.5 Staff has identified the aforementioned items necessary to continue the submittal process. Please make these revisions and corrections, and provide any additional information that is requested by January 3, 2019. The Planning and Zoning Worksession for this case is January 2, 20019. The Planning and Zoning Meeting for this case is January 15, 2019 2018.

I.6 The projected City Council meeting date and subsequent approval for this request is January 21, 2019 and February 4, 2019.

# PRE-APPLICATION MEETING REQUEST

City of Rockwall
Planning and Zoning Department
385 S. Goliad Street
Rockwall, Texas 75087

**STAFF USE ONLY**
MEETING DATE: 12-6-2018
MEETING TIME: 11:00

## PRE-APPLICATION MEETING INFORMATION

A Pre-Application Meeting is strongly recommended prior to submittal of a development application. These meetings are held on Thursday morning's beginning at 9:00 AM, by appointment. Representatives from Engineering, Planning, Fire, Parks (if necessary) and Building attend the meeting in an effort to assist you with your project by answering any questions you may have and explaining the development process and timelines.

Due to the number of requests for Pre-Application meetings that are received, staff cannot guarantee an appointment at the next scheduled meeting. We recommend requesting an appointment a minimum of one (1) week in advance. To best facilitate discussion during the meeting, include all conceptual drawings, site plans or other schematics with your completed request. For assistance with this form or other questions, please contact the Planning Department at (972) 771-7745 or at planning@rockwall.com.

TJ *Initial Above* — I acknowledge that a conceptual drawing or site plan must be submitted as part of this request. Appointments may not be scheduled for requests without conceptual plans.

TJ *Initial Above* — I acknowledge that neither submission of this request, nor the Pre-Application meeting, constitutes a permit or confers any permit rights under Chapter 245 of the Texas Local Government Code.

**CITY OF ROCKWALL**

**ORDINANCE NO. 19-XX**

**AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, AMENDING THE UNIFIED DEVELOPMENT CODE [*ORDINANCE NO. 04-38*] OF THE CITY OF ROCKWALL, AS HERETOFORE AMENDED, SO AS TO APPROVE A CHANGE IN ZONING FROM AN AGRICULTURAL (AG) DISTRICT TO A COMMERCIAL (C) DISTRICT ON A 6.03-ACRE TRACT OF LAND IDENTIFIED AS TRACT 2-4 OF THE D. HARR SURVEY, ABSTRACT NO. 102, CITY OF ROCKWALL, ROCKWALL COUNTY, TEXAS, AND BEING MORE SPECIFICALLY DEPICTED IN *EXHIBIT 'A'* AND FURTHER DESCRIBED IN *EXHIBIT 'B'* OF THIS ORDINANCE; PROVIDING FOR SPECIAL CONDITIONS; PROVIDING FOR A PENALTY OF FINE NOT TO EXCEED THE SUM OF TWO THOUSAND DOLLARS ($2,000.00) FOR EACH OFFENSE; PROVIDING FOR A SEVERABILITY CLAUSE; PROVIDING FOR A REPEALER CLAUSE; PROVIDING FOR AN EFFECTIVE DATE.**

**WHEREAS**, the City has received a request from Tom Jones on behalf of Susan Thomas of Rockwall Friendship Baptist Church for a change in zoning from an Agricultural (AG) District to a Commercial (C) District on a 6.03-acre tract of land identified as Tract 2-4 of the D. Harr Survey, Abstract No. 103, City of Rockwall, Rockwall County, Texas, zoned Agricultural (AG) District and more fully depicted in *Exhibit 'A'* and described in *Exhibit 'B'* of this ordinance, which hereinafter shall be referred to as the *Subject Property* and incorporated by reference herein; and

**WHEREAS**, the Planning and Zoning Commission of the City of Rockwall and the governing body of the City of Rockwall in compliance with the laws of the State of Texas and the ordinances of the City of Rockwall have given the requisite notices by publication and otherwise, and have held public hearings and afforded a full and fair hearing to all property owners generally and to all persons interested in and situated in the affected area, and in the vicinity thereof, and the governing body in the exercise of its legislative discretion, has concluded that the Unified Development Code (UDC) [*Ordinance No. 04-38*] should be amended as follows:

**NOW, THEREFORE**, **BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS:**

**SECTION 1.** That the Unified Development Code (UDC) [*Ordinance No. 04-38*] of the City of Rockwall, Texas, as heretofore amended, be and the same are hereby amended by amending the zoning map of the City of Rockwall so as to change the zoning of the *Subject Property* from an Agricultural (AG) District to a Commercial (C) District;

**SECTION 2.** That the *Subject Property* shall be used only in the manner and for the purposes provided for a Commercial (C) District as stipulated in Section 1.1*, Use of Land and Buildings,* of Article IV*, Permissible Uses* and Section 4.5*, Commercial (C) District,* of Article V*, District Development Standards,* of the Unified Development Code (UDC) [*Ordinance No. 04-38*] of the City of Rockwall as heretofore amended, as amended herein by granting of this zoning change, and as maybe amended in the future;

EXHIBIT 'A' ORDINANCE 19-XX

**SECTION 3.** That the official zoning map of the City be corrected to reflect the changes in the zoning described herein;

**SECTION 4.** Any person, firm, or corporation violating any of the provisions of this ordinance shall be deemed guilty of a misdemeanor and upon conviction shall be punished by a penalty of fine not to exceed the sum of *Two Thousand Dollars ($2,000.00)* for each offence and each and every day such offense shall continue shall be deemed to constitute a separate offense;

**SECTION 5.** If any section, paragraph, or provision of this ordinance or the application of that section, paragraph, or provision to any person, firm, corporation or situation is for any reason judged invalid, the adjudication shall not affect any other section, paragraph, or provision of this ordinance or the application of any other section, paragraph or provision to any other person, firm, corporation or situation, nor shall adjudication affect any other section, paragraph, or provision of the Unified Development Code (UDC) of the City of Rockwall, Texas, and the City Council declares that it would have adopted the valid portions and applications of the ordinance without the invalid parts and to this end the provisions for this ordinance are declared to be severable; and

**SECTION 6.** That all ordinances of the City of Rockwall in conflict with the provisions of this ordinance be and the same are hereby repealed, and all other ordinances of the City of Rockwall not in conflict with the provisions of this ordinance shall remain in full force and effect;

**SECTION 7.** That this ordinance shall take effect immediately from and after its passage.

Z2018-057 Amendment to PD-59

Please address the following comments (M= Mandatory Comments; I = Informational Comments).

I.1 This is a request by Bill Bricker of Columbia Development Company, LLC for the approval of an amendment to Planned Development District 59 (PD-59) for the purpose of incorporating a 0.786-acre tract of land for Residential-Office (RO) District land uses being a 56.586-acre tract of land identified as a portion of R. Ballard Survey, Abstract No. 29, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 52 (PD-52) and Planned Development District 59 (PD-59), located between W. Washington Street and T. L. Townsend Drive.

I.2 For questions or comments concerning this case, please contact Korey Brooks in the Planning Department at (972) 772-6434 or email kbrooks@rockwall.com.

M.3 For reference, include the case number (Z2018-057) in the lower right hand corner of all pages on future submittals.

M.4 Please review the attached draft ordinance prior to the January 15, 2019 Planning & Zoning Commission meeting.

I.5 Staff has identified the aforementioned items necessary to continue the submittal process. Please make these revisions and corrections, and provide any additional information that is requested by January 3, 2019. The Planning and Zoning Worksession for this case is January 2, 20019. The Planning and Zoning Meeting for this case is January 15, 2019 2018.

I.6 The projected City Council meeting date and subsequent approval for this request is January 21, 2019 and February 4, 2019.

**ZONING DESCRIPTION – PD 59**

BEING a tract of land situated in the R. Ballard Survey, Abstract Number 29, in the City of Rockwall, Rockwall County, Texas, and being a part of Tract 31 as recorded in Volume 444, Page 102, and all of Tract 32 as recorded in Volume 444, Page 146 Deed Records, Rockwall County, Texas, and being more particularly described as follows:
BEGINNING at a 1" pipe found on the east right-of-way of Townsend Drive, said point being the most westerly southwest corner of said Tract 31 and being approximately 200' north of the north line of the M K & T Railroad (100' right-of-way);
THENCE continuing along said High School Drive North 01°56'15" East a distance of 86.67 feet to a 5/8" iron pipe for corner;
THENCE departing said High School Drive North 85°34'29" East a distance of 182.10 feet to a 5/8" iron pipe for corner;
THENCE North 04°30'38" East a distance of 69.54 feet to a ½" iron pipe for corner;
THENCE North 05°42'23" West a distance of 29.95 feet to a ½" iron pipe for corner;
THENCE North 80°56'29" East a distance of 126.45 feet to a ½" iron pipe for corner;
THENCE North 86°39'04" East a distance of 110.36 feet to a ½" iron pipe for corner;
THENCE North 11°21'42" East a distance of 740.32 feet to fence post found (controlling monument) for corner;
THENCE North 76°14'03" West a distance of 207.10 feet to a fence post found in the east right-of-way of Renfro Street;
THENCE continuing along said Renfro Street North 10°13'03" East a distance of 626.53 feet to a 5/8" iron pipe for corner;
THENCE departing said Renfro Street North 89°50'10" East a distance of 420.29 feet to a 5/8" iron pipe for corner;
THENCE North 01°20'36" West a distance of 200.09 feet to a ½" iron pipe for corner;
THENCE North 00°40'16" West a distance of 87.88 feet to a ½" iron pipe for corner;
THENCE South 89°00'45" East a distance of 63.08 feet to a ½" iron pipe for corner;
THENCE South 88°34'57" East a distance of 126.36 feet to a ½" iron pipe for corner;
THENCE North 00°48'06" West a distance of 110.27 feet to a ½" iron pipe for corner in the south right-of-way line of Aluminum Plant Road;
THENCE along said Aluminum Plant Road North 89°05'46" West a distance of 194.10 feet to a point for corner;
THENCE North 21°04'24" West a distance of 414.90 feet to a point for corner;
THENCE South 58°25'54" East a distance of 761.00 feet to a point for corner;
THENCE North 89°56'03" East a distance of 308.37 feet to a point for corner;
THENCE South 07°24'46" West a distance of 602.23 feet to a point for corner;
THENCE South 04°53'33" East a distance of 317.77 feet to a point for corner;
THENCE South 09°19'54" East a distance of 1038.10 feet to a point in the said north right-of-way of M. K. & T. Railroad (100' right-of-way) for corner;
THENCE along said right-of-way South 87°55'08" West a distance of 740.83 feet to a ½" iron pipe found at the beginning of a tangent curve to the left;
THENCE in a southwesterly direction with said curve having a central angle of 17°04'03", a radius of 2914.93 feet and an arc length of 868.32 feet to a ½" pipe found for corner;
THENCE departing said right-of-way North 04°28'08" West a distance of 134.73 feet to a fence post found for corner;
THENCE South 85°56'53" West a distance of 210.88' to the POINT OF BEGINNING and containing 55.8 acres of land more or less.

**ZONING DESCRIPTION – PD 52**

BEGINNING at a 1" pipe found on the east right-of-way of Townsend Drive, said point being the most westerly southwest corner of said Tract 31 and being approximately 200 feet north of the north line of the M K & T Railroad (100' right-of-way);
THENCE North 86°56'53" East a distance of 210.88 feet to a fence post found for corner;
THENCE South 04°28'08" East a distance of 134.71 feet to a ½" iron pipe found for corner;
THENCE in a southwesterly direction in a curve having a central angle of 04°45'26", a radius of 2923.97 feet and an arc length of 242.78 feet to point for corner;
THENCE North 01°20'58" East a distance of 208.56 feet to the POINT OF BEGINNING and containing 0.9 acres of land more or less.

*EXISTING ZONING TABULATION*

| | |
|---|---|
| NS | 1.8 ACRES |
| SF7 | 54.0 ACRES |
| HC | 0.9 ACRES |
| TOTAL | 56.7 ACRES |

- Lots will need to be replatted.
- 4% engineering inspection fees.
- Impact Fees.
- Flood study and review retainer will be needed unless each lot has detention.
- No walls to be smooth concrete. Walls 3' and over must be designed by an engineer.

Do you plan to divide these lots?

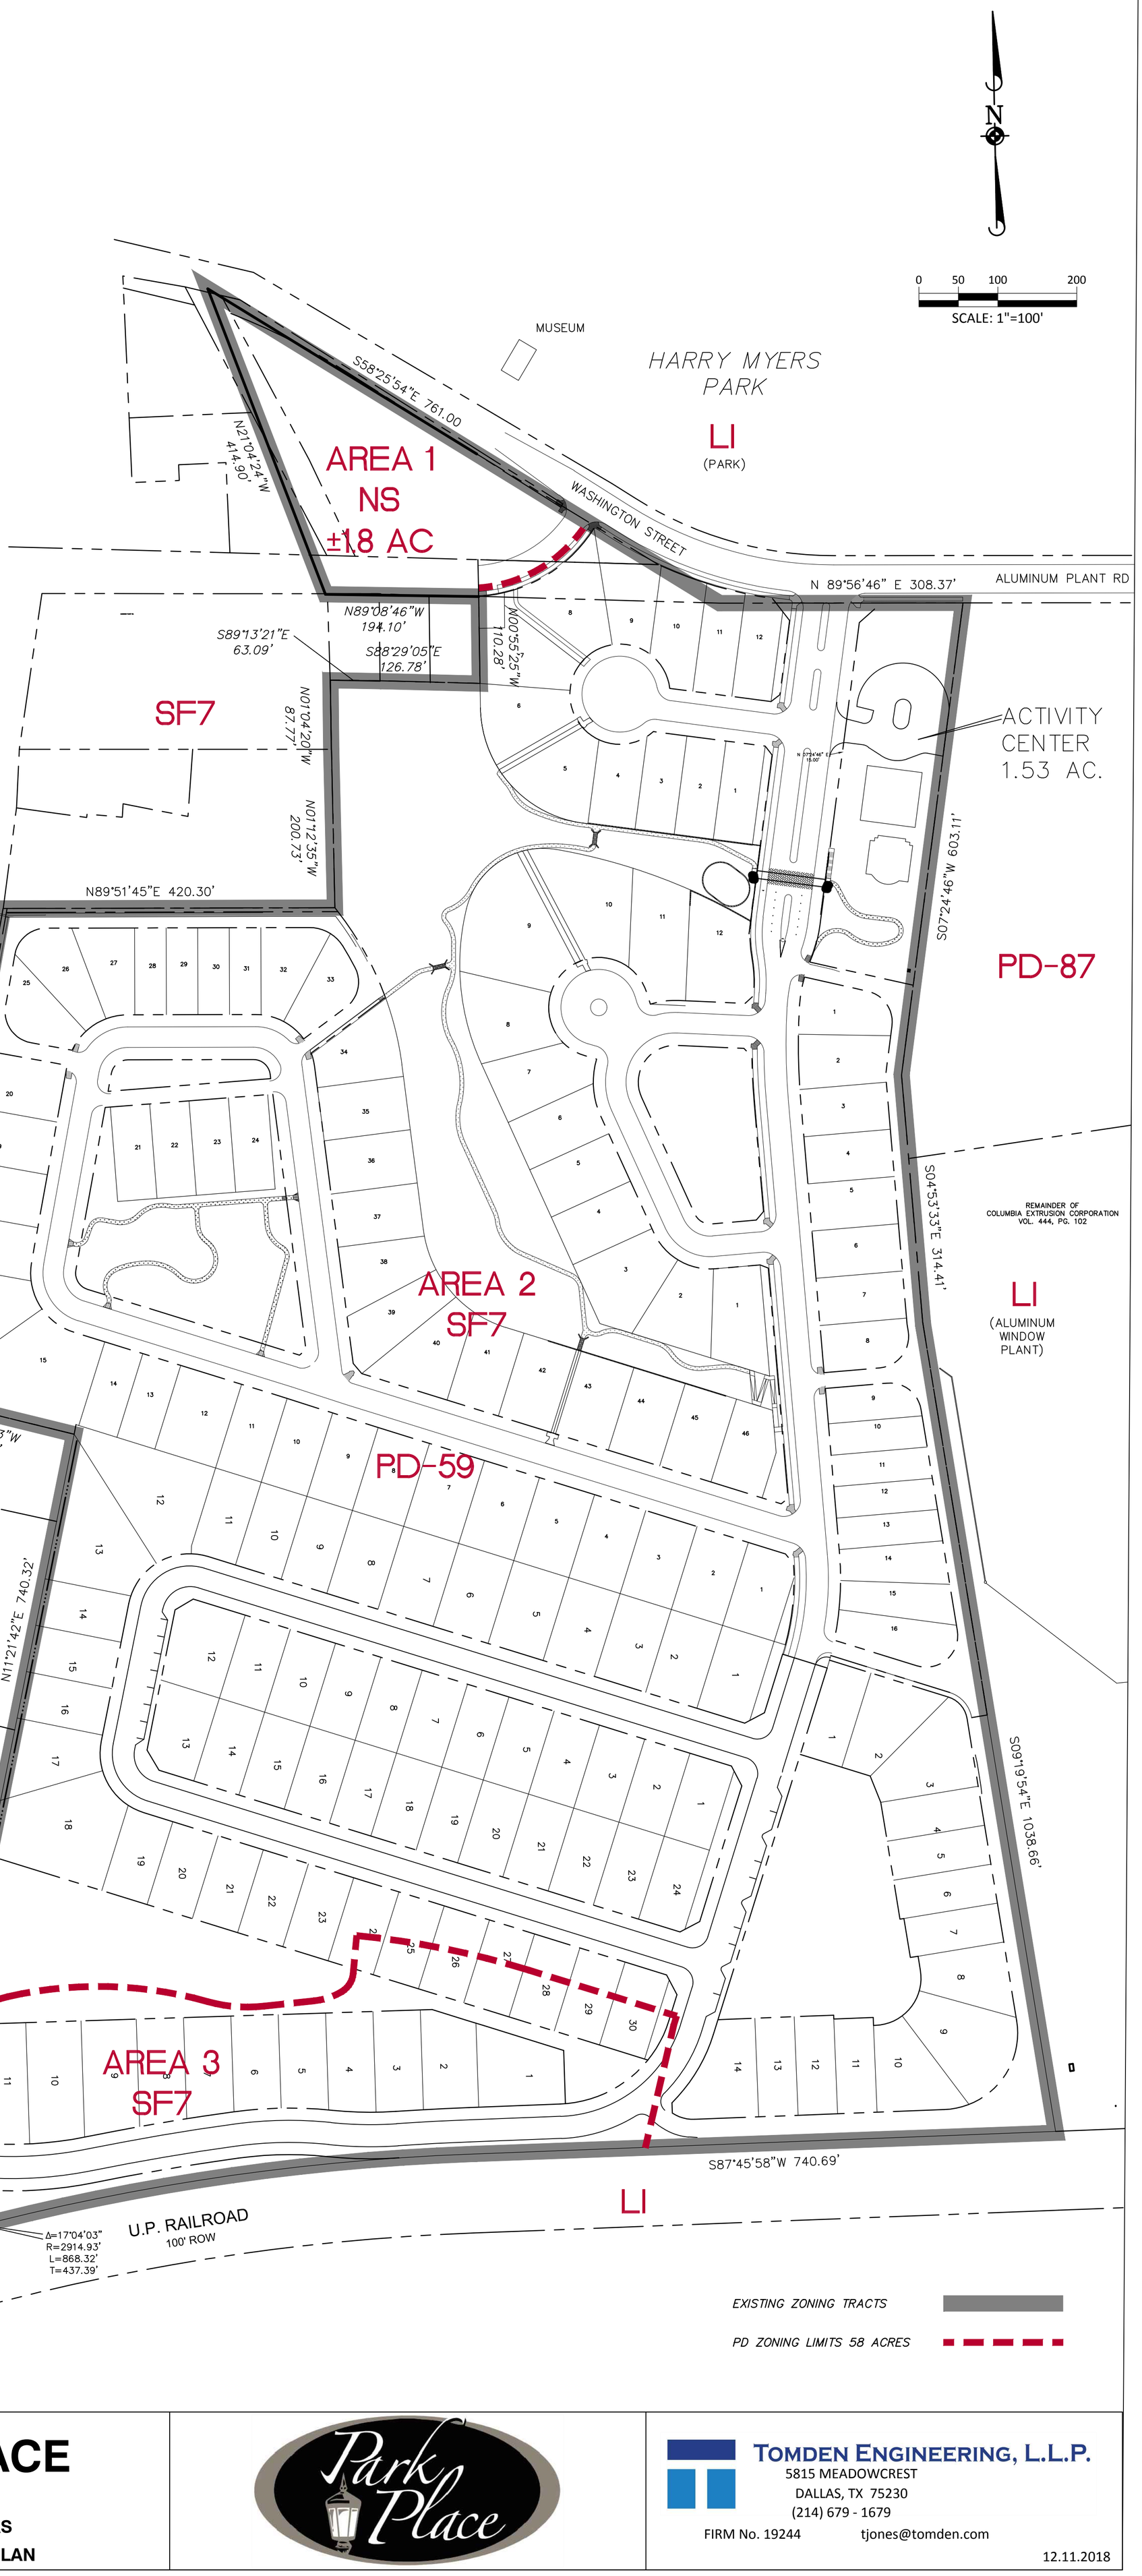
### *ZONING DESCRIPTION – PD 59*



BEING a tract of land situated in the R. Ballard Survey, Abstract Number 29, in the City of Rockwall, Rockwall County, Texas, and being a part of Tract 31 as recorded in Volume 444, Page 102, and all of Tract 32 as recorded in Volume 444, Page 146 Deed Records, Rockwall County, Texas, and being more particularly described as follows:
BEGINNING at a 1" pipe found on the east right–of–way of Townsend Drive, said point being the most westerly southwest corner of said Tract 31 and being approximately 200' north of the north line of the M K & T Railroad (100' right–of–way);
THENCE continuing along said High School Drive North 01°56'15" East a distance of 86.67 feet to a 5/8" iron pipe for corner;
THENCE departing said High School Drive North 85°34'29" East a distance of 182.10 feet to a 5/8" iron pipe for corner;
THENCE North 04°30'38" East a distance of 69.54 feet to a ½" iron pipe for corner;
THENCE North 05°42'23" West a distance of 29.95 feet to a ½" iron pipe for corner;
THENCE North 80°56'29" East a distance of 126.45 feet to a ½" iron pipe for corner;
THENCE North 86°39'04" East a distance of 110.36 feet to a ½" iron pipe for corner;
THENCE North 11°21'42" East a distance of 740.32 feet to fence post found (controlling monument) for corner;
THENCE North 76°14'03" West a distance of 207.10 feet to a fence post found in the east right–of–way of Renfro Street;
THENCE continuing along said Renfro Street North 10°13'03" East a distance of 626.53 feet to a 5/8" iron pipe for corner;
THENCE departing said Renfro Street North 89°50'10" East a distance of 420.29 feet to a 5/8" iron pipe for corner;
THENCE North 01°20'36" West a distance of 200.09 feet to a ½" iron pipe for corner;
THENCE North 00°40'16" West a distance of 87.88 feet to a ½" iron pipe for corner;
THENCE South 89°00'45" East a distance of 63.08 feet to a ½" iron pipe for corner;
THENCE South 88°34'57" East a distance of 126.36 feet to a ½" iron pipe for corner;
THENCE North 00°48'06" West a distance of 110.27 feet to a ½" iron pipe for corner in the south right–of–way line of Aluminum Plant Road;
THENCE along said Aluminum Plant Road North 89°08'46" West a distance of 194.10 feet to a point for corner;
THENCE North 21°04'24" West a distance of 414.90 feet to a point for corner;
THENCE South 58°25'54" East a distance of 761.00 feet to a point for corner;
THENCE North 89°56'03" East a distance of 308.37 feet to a point for corner;
THENCE South 07°24'46" West a distance of 602.23 feet to a point for corner;
THENCE South 04°53'33" East a distance of 317.77 feet to a point for corner;
THENCE South 09°19'54" East a distance of 1038.10 feet to a point in the said north right–of–way of M. K. & T. Railroad (100' right–of–way) for corner;
THENCE along said right–of–way South 87°55'08" West a distance of 740.83 feet to a ½" iron pipe found at the beginning of a tangent curve to the left:
THENCE in a southwesterly direction with said curve having a central angle of 17°04'03", a radius of 2914.93 feet and an arc length of 868.32 feet to a ½" pipe found for corner;
THENCE departing said right–of–way North 04°28'08" West a distance of 134.73 feet to a fence post found for corner;
THENCE South 85°56'53" West a distance of 210.88' to the POINT OF BEGINNING and containing 55.8 acres of land more or less.

### *ZONING DESCRIPTION – PD 52*

BEGINNING at a 1" pipe found on the east right–of–way of Townsend Drive, said point being the most westerly southwest corner of said Tract 31 and being approximately 200 feet north of the north line of the M K & T Railroad (100' right–of–way);
THENCE North 85°56'53 "East a distance of 210.88 feet to a fence post found for corner;
THENCE South 04°28'08" East a distance of 134.71 feet to a ½" iron pipe found for corner;
THENCE in a southwesterly direction in a curve having a central angle of 04°45'26", a radius of 2923.97 feet and an arc length of 242.78 feet to point for corner;
THENCE North 01°20'58" East a distance of 208.56 feet to the POINT OF BEGINNING and containing 0.9 acres of land more or less.

**CITY OF ROCKWALL**

**ORDINANCE NO. 19-XX**

**AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, AMENDING THE UNIFIED DEVELOPMENT CODE [*ORDINANCE NO. 04-38*] OF THE CITY OF ROCKWALL, AS HERETOFORE AMENDED, SO AS TO AMEND PLANNED DEVELOPMENT DISTRICT 59 (PD-59) [ORDINANCE NO.'s 04-59 AND -6-51] AND PLANNED DEVELOPMENT DISTRICT 52 (PD-52) [ORDINANCE NO. 16-45] FOR THE PURPOSE OF INCORPORATING A 0.789-ACRE TRACT OF LAND FOR RESIDENTAL-OFFICE (RO) DISTRICT LAND USES BEING A 56.586-ACRE TRACT OF LAND IDENTIFIED AS A PORTION OF THE R. BALLARD SURVEY, ABSTRACT NO. 29, CITY OF ROCKWALL, ROCKWALL COUNTY, TEXAS, ZONED PLANNED DEVELOPMENT DISTRICT 52 (PD-52) AND PLANNED DEVELOPMENT DISTRICT 59 (PD-59) AND MORE FULLY DESCRIBED HEREIN BY *EXHIBIT 'A'* AND DEPICTED HEREIN BY *EXHIBIT 'B'*; PROVIDING FOR SPECIAL CONDITIONS; PROVIDING FOR A PENALTY OF FINE NOT TO EXCEED THE SUM OF TWO THOUSAND DOLLARS ($2,000.00) FOR EACH OFFENSE; PROVIDING FOR A SEVERABILITY CLAUSE; PROVIDING FOR A REPEALER CLAUSE; PROVIDING FOR AN EFFECTIVE DATE.**

**WHEREAS**, the City has received a request by the applicant Bill Bricker of Columbia Development Company, LLC, for the approval of an amendment to Planned Development District 59 (PD-59) for the purpose of incorporating a 0.786-acre tract of land for Residential-Office (RO) District land uses, being a 56.586-acre tract of land identified as a portion of the R. Ballard Survey, Abstract No. 29, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 52 (PD-52) [*Ordinance No. 16-45*] and Planned Development District 59 (PD-59) [*Ordinance No.'s 04-59 and 06-51*], located between W. Washington Street and T. L. Townsend Drive and more fully described in *Exhibit 'A'* and depicted in *Exhibit 'B'* of this ordinance, which hereinafter shall be referred to as the *Subject Property* and incorporated by reference herein; and

**WHEREAS**, the Planning and Zoning Commission of the City of Rockwall and the governing body of the City of Rockwall in compliance with the laws of the State of Texas and the ordinances of the City of Rockwall have given the requisite notices by publication and otherwise, and have held public hearings and afforded a full and fair hearing to all property owners generally and to all persons interested in and situated in the affected area, and in the vicinity thereof, and the governing body in the exercise of its legislative discretion, has concluded that Planned Development District 59 (PD-59) [*Ordinance No.'s 04-59 and 06-51*], Planned Development District 52 (PD-52) [*Ordinance No. 16-45*], and the Unified Development Code [*Ordinance No. 04-38*] should be amended as follows:

**NOW, THEREFORE**, **BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS:**

**SECTION 1.** That the approval of this ordinance shall supersede all requirements stipulated in *Ordinance No.'s 04-59 and 06-51*;

**SECTION 2.** That the *Subject Property* shall be used only in the manner and for the purposes authorized by this Planned Development District Ordinance and the Unified Development Code (UDC) [*Ordinance No. 04-38*] of the City of Rockwall as heretofore amended, as amended herein by granting this zoning change, and as may be amended in the future;

**SECTION 3.** That development of the *Subject Property* shall be in accordance with the *Planned Development Concept Plan*, contained in *Exhibit 'D'* of this ordinance, attached hereto and incorporated herein by reference as *Exhibit 'D'*, which is deemed hereby to be a condition of approval of the amended zoning classification for the *Subject Property*;

**SECTION 4.** That development of the *Subject Property* shall be in accordance with the *Development Standards*, described in *Exhibit 'F'* of this ordinance, attached hereto and incorporated herein by

reference as *Exhibit 'F'*, which is deemed hereby to be a condition of approval of the amended zoning classification for the *Subject Property*;

**SECTION 5.** That any person, firm, or corporation violating any of the provisions of this ordinance shall be deemed guilty of a misdemeanor and upon conviction shall be punished by a penalty of fine not to exceed the sum of *Two Thousand Dollars* (*$2,000.00*) for each offense and each and every day such offense shall continue shall be deemed to constitute a separate offense;

**SECTION 6.** That if any section, paragraph, or provision of this ordinance or the application of that section, paragraph, or provision to any person, firm, corporation or situation is for any reason judged invalid, the adjudication shall not affect any other section, paragraph, or provision of this ordinance or the application of any other section, paragraph or provision to any other person, firm, corporation or situation, nor shall adjudication affect any other section, paragraph, or provision of the Unified Development Code, and the City Council declares that it would have adopted the valid portions and applications of the ordinance without the invalid parts and to this end the provisions for this ordinance are declared to be severable;

**SECTION 7.** The standards in this ordinance shall control in the event of a conflict between this ordinance and any provision of the Unified Development Code or any provision of the City Code, ordinance, resolution, rule, regulation, or procedure that provides a specific standard that is different from and inconsistent with this ordinance. References to zoning district regulations or other standards in the Unified Development Code (including references to the *Unified Development Code*), and references to overlay districts, in this ordinance or any of the Exhibits hereto are those in effect on the date this ordinance was passed and approved by the City Council of the City of Rockwall, Texas;

**SECTION 8.** That this ordinance shall take effect immediately from and after its passage;

**PASSED AND APPROVED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, THIS THE 4TH DAY OF FEBRUARY, 2019.**

DRAFT ORDINANCE 02.04.19

## Exhibit 'A':
*Legal Description*

BEING a tract of land situated in the R. Ballard Survey, Abstract Number 29, in the City of Rockwall, Rockwall County, Texas, and being a part of Tract 31, as recorded in Volume 444, Page 102, and all of Tract 32 as recorded in Volume 444, Page 146 Deed Records, Rockwall County, Texas, and being more particularly described as follows:

BEGINNING at a 1" pipe found on the east right-of-way of Townsend Drive, said point being the most westerly southwest corner of said Tract 31 and being approximately 200' north of the north line of the M K & T Railroad (100' right-of-way);

THENCE continuing along said High School Drive North 01°56'15" East a distance of 86.67 feet to a 5/8" iron pipe for corner;

THENCE deporting said High School Drive North 85°34'29" East a distance of 182.10 feet to a 5/8" iron pipe for corner;

THENCE North 04°30'38" East a distance of 69.54 feet to a ½" iron pipe for corner;

THENCE North 05°42'23" West a distance of 29.95 feet to a ½" iron pipe for corner;

THENCE North 80°56'29" East a distance of 126.45 feet to a ½" iron pipe for corner;

THENCE North 86°39'04" East a distance of 110.36 feet to a ½" iron pipe for corner;

THENCE North 11°21'42" East a distance of 740.32 feet to fence post found (controlling monument) for corner;

THENCE North 76°14'03" West a distance of 207.10 feet to a fence post found in the east right-of-way of Renfro Street;

THENCE continuing along said Renfro Street North 10°13'03" East a distance of 626.53 feet to a 5/8" iron pipe for corner;

THENCE deporting said Renfro Street North 89°50'10" East a distance of 420.29 feet to a 5/8" iron pipe for corner;

THENCE North 01°20'36" West a distance of 200.09 feet to a ½" iron pipe for corner;

THENCE North 00°40'16" West a distance of 87.88 feet to a ½" iron pipe for corner:

THENCE South 89°00' 45" East a distance of 63.08 feet to a ½" iron pipe for corner;

THENCE South 88°34'57" East a distance of 126.36 feet to a ½" iron pipe for corner;

THENCE North 00°48'06" West a distance of 110.27 feet to a ½" iron pipe for corner in the south right-of-way line of Aluminum Plant Road;

THENCE along said Aluminum Plant Road North 89°08'46" West o distance of 194.10 feet to a point for corner;

THENCE North 21°04'24" West a distance of 414.90 feet to a point for corner;

THENCE South 58°25'54" East a distance of 761.00 feet to a point for corner;

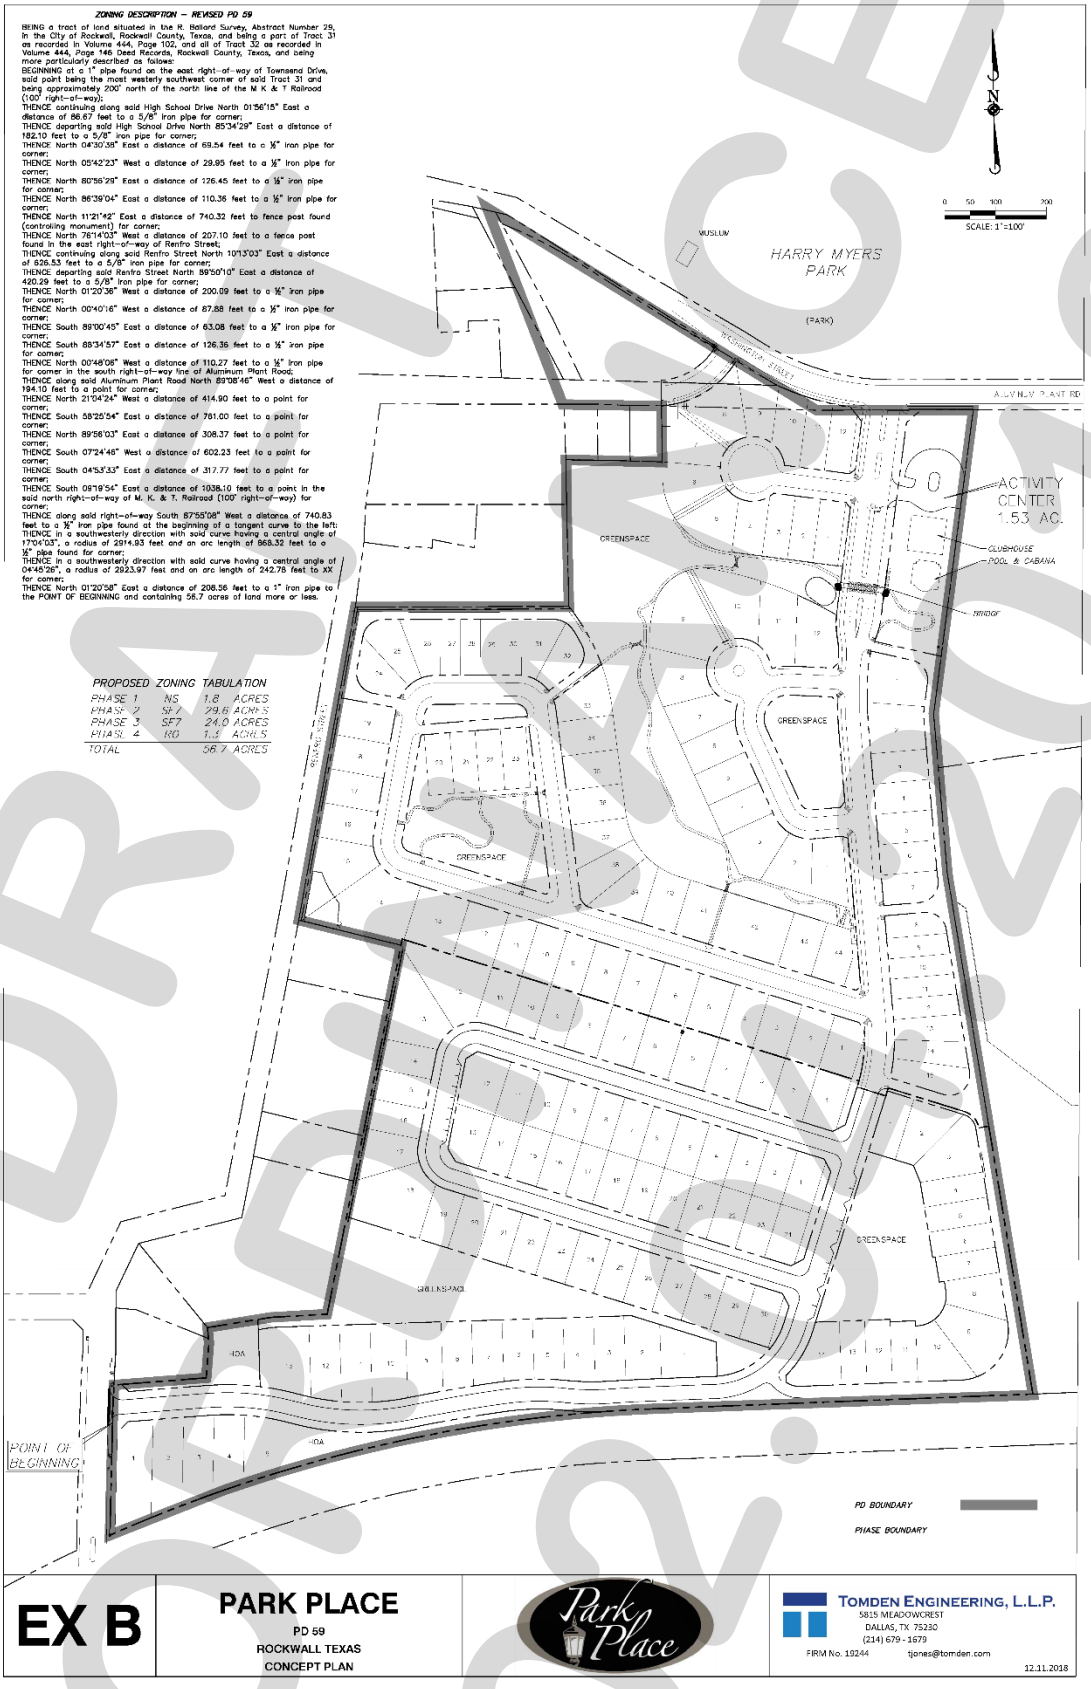
THENCE North 89°56'03" East a distance of 308.37 feet to a point for corner;

THENCE South 07°24' 46" West a distance of 602.23 feet to a point for corner;

THENCE South 04°53'33" East a distance of 317.77 feet to a point for corner;

THENCE South 09°19'54" East a distance of 1038.10 feet to a point in the said north right-of-way of M. K. & T. Railroad (100' right-of-way) for corner;

THENCE along said right-of-way South 87°55'08" West a distance of 740.83 feet to a ½" iron pipe found at the beginning of a tangent curve to the left;



THENCE in a southwesterly direction with said curve having a central angle of 17°04'03", a radius of 2914.93 feet and an arc length of 868.32 feet to a ½" pipe found for corner;

THENCE In a southwesterly direction with sold curve having a central angle of 04°45'26", a radius of 2923.97 feet and an arc length of 242.78 feet to XX for corner;

THENCE North 01°20'58" East a distance of 208.56 feet to a 1" iron pipe to the POINT OF BEGINNING and containing 56.7 acres of land more or less.

*PD Development Standards*

*Phases 1-4 (56.586-Acres): Development Standards for all Phases*

(1) *Streetscape Standards.* The following aspects of development shall be reviewed in conjunction with a preliminary plat and/or site plan:

(a) *Street Lighting.* Street lighting shall be compatible with neo-traditional design methods, the Old Town Rockwall Historic District guidelines, and any proposed guidelines for the City's Downtown Plan.

(b) *Street Signage and Traffic Control.* Signage and traffic control methods shall be compatible with neo-traditional design and complement the surrounding historic areas of the City.

(c) *Street Sections*. A PD Development Plan shall include any alternative street and alley cross-sections, paving methods, use of street trees, and other proposed engineering details.

(2) *Private Parks and Open Space.* Details for private parks and open space as indicated in *Exhibit 'B*' shall be subject to the following requirements and approved as part of the preliminary plat and/or site plan:

(a) A site/landscape plan for all open space, pocket parks, the community center, and trail systems. The development plan and/or preliminary plat shall also be reviewed by the City's Parks and Recreation Board.

(b) All city-required trails and public sidewalks shall be constructed with concrete and meet all City standards.

(c) Drainage area trails, which shall be maintained by the HOA, may be constructed with asphalt.

(d) The developer shall install a screening fence adjacent to the railroad along the south boundary of the subject property. The exact location, construction material(s), and height of the screening fence shall be reviewed and approved as part of the required site plan.

(3) *Hardscape.* Hardscape plans--depicted in *Exhibit 'E'*--indicating the location of all sidewalks and trails shall be reviewed and approved with the preliminary plat and/or final plat.

(4) *Fence Standards.* All fences shall be required to be wrought iron or tubular steel and vinyl shall be a minimum of four (4) feet in height; however, may not exceed a maximum of eight (8) feet in height unless situated in the front yard. Front yard fences shall meet the following requirements:

(a) No front yard fences shall be located within a public right-of-way;

(b) The maximum height for a front yard fence is 42-inches (*i.e. 3 ½ feet*); and

(c) All front yard fences shall be open or *picket-style* fencing constructed of wrought iron, tubular steel, or vinyl.

*Phase 1: Neighborhood Services (1.8-Acres)*

(1) *Permitted Uses.* Unless specifically provided by this Planned Development ordinance, *Phase 1* as depicted in *Exhibits 'C' & 'D'* of this ordinance shall be subject to the land uses permitted for the Neighborhood Services (NS) District as stipulated by the *Permissible Use Charts* contained in Article IV, *Permissible Uses*, of the Unified Development Code (UDC) [*Ordinance*

DRAFT ORDINANCE 02.04.19

(2) *No. 04-38*] as heretofore amended, as amended herein by granting this zoning change, and as may be amended in the future.

(3) *Density and Dimensional Requirements.* Unless specifically provided by this Planned Development ordinance, *Phase 1* as depicted in *Exhibits 'C' & 'D'* of this ordinance shall be subject to the development standards for the Neighborhood Services (NS) District as stipulated in Article V, *District Development Standards*, of the Unified Development Code [*Ordinance No. 04-38*] as heretofore amended, as amended herein by granting this zoning change, and as may be amended in the future. All lots shall conform to the standards depicted in *Table 1*, which are as follows:

*Table 1: Density and Dimensional Requirements*

| | |
|---|---|
| *Minimum Lot Width* [1] | 60' |
| *Minimum Lot Depth* | 100' |
| *Minimum Lot Area* | 6,000 SF |
| *Minimum Front Yard Setback* [2] | 15' |
| *Minimum Side Yard Setback* | 20' |
| *Minimum Distance Between Buildings* | 15' |
| *Maximum Height* | 36' |
| *Minimum Rear Yard Setback* | 20' |
| *Maximum Lot Coverage* | 60% |
| *Maximum Building Size* | 5,000 SF |

*General Notes:*
[1]: The minimum lot width shall be measured at the *Front Yard Building Setback*.
[2]: The location of the *Front Yard Building Setback* as measured from the front property line.

(4) *Building Standards.* All development shall be subject to site plan and Architectural Review Board (ARB) review and shall adhere to the following building standards:

(a) *Masonry Requirements.* The minimum masonry requirement for the exterior façades of all buildings shall be 80%. For the purposes of this ordinance, the masonry requirement shall be limited to full width brick, natural stone, and cast stone. Cementitious fiberboard horizontal lap-siding (*e.g. HardiBoard or Hardy Plank*) and/or similar cementitious products may be used for up to *100%* of the exterior of the building pending conformance with the anti-monotony restrictions outlined in this ordinance. Stucco (*i.e. three [3] part stucco or similar*) shall be prohibited.

(b) *Roof Design Requirements.* All structures having a footprint of 6,000 SF or less shall be constructed with a pitched roof system.

(c) *Architectural Requirements.* All units shall be architecturally finished on all sides of the building that are visible from a public right-of-way or open space. This should include the detailing and features. This will be reviewed by the Architectural Review Board (ARB) for conformance.

(5) *Landscape Buffer.* A minimum 10-foot landscape buffer shall be required along all street frontages. The buffer shall include a minimum of one (1) tree per 30 linear feet.

(6) *Signage.* Permanent, free-standing signage for Phase 1 shall be limited to one (1) monument not exceeding five (5) feet in height or a maximum of 60 SF in area.

(7) *Lighting.* In addition to the outdoor lighting requirements stipulated in Article VII, Environmental Performance, of the Unified Development Code (UDC), no light pole, pole base, or combination thereof shall exceed 20-feet in height. All lighting fixtures shall focus downward and be contained on the subject property

DRAWING ORDINANCE 02.04.19

**Exhibit 'F':**
*PD Development Standards*

*Phases 2 & 3: Single-Family 7 (53.6-Acres)*

(1) *Permitted Uses.* Unless specifically provided by this Planned Development ordinance, *Phases 2 & 3* as depicted in *Exhibits 'C' & 'D'* of this ordinance shall be subject to the land uses permitted for the Single-Family 7 (SF-7) District as stipulated by the *Permissible Use Charts* contained in Article IV, *Permissible Uses*, of the Unified Development Code (UDC) [*Ordinance No. 04-38*] as heretofore amended, as amended herein by granting this zoning change, and as may be amended in the future.

(2) *Density and Dimensional Requirements.* Any development on *Phases 2 & 3* as depicted in *Exhibits 'C' & 'D'* of this ordinance shall be subject to the development standards required for properties in a Single-Family 7 (SF-7) District as stipulated by Article V, *District Development Standards*, of the Unified Development Code [*Ordinance No. 04-38*] as heretofore amended, as amended herein by granting this zoning change, and as may be amended in the future.

*Table 2: SF-7 Lot Dimensional Requirements*

| | |
|---|---|
| *Minimum Lot Width* [1] | 40' |
| *Minimum Lot Area* | 4,000 SF |
| *Minimum Average Lot Area* | 7,000 SF |
| *Minimum Front Yard Setback* [2] & [3] | 10' |
| *Minimum Side Yard Setback* [4] | 5' |
| *Minimum Side Yard Adjacent to a Street* | 10 |
| *Minimum Distance Between Buildings* | 15' |
| *Maximum Height* [3] | 36' |
| *Minimum Rear Yard Setback* [4, 5] | 10' |
| *Maximum Lot Coverage* | 60% |

*General Notes:*
[1]: The minimum lot width shall be measured at the *Front Yard Building Setback*.
[2]: The location of the *Front Yard Building Setback* as measured from the front property line.
[3]: The *Maximum Height* shall be measured to the eave or top plate (*whichever is greater*) of the single-family home.
[4]: The minimum side yard setback for an internal lot or a lot abutting open space or HOA common area is five (5) feet. For yards abutting a street, the minimum side yard setback shall be 10-feet.
[5]: Lots with double frontage shall have a minimum rear yard setback of 15 feet.

(3) *Building Standards.* Housing type and construction shall generally conform to the *Architectural Styles* depicted in *Exhibit 'G'* of this ordinance; however, all development shall adhere to the following building standards:

(a) *Masonry Requirements.* The minimum masonry requirement for all exterior façades (*excluding walls on a porch, patio, courtyard, or breezeway*) greater than 100 SF shall be 80%. For the purposes of this ordinance, the masonry requirement shall be limited to full width brick, natural stone, and cast stone. Cementitious fiberboard horizontal lap-siding (*e.g. HardiBoard or Hardy Plank*) and/or similar cementitious products may be used for up to *100%* of the exterior of the building pending conformance with the anti-monotony restrictions outlined in this ordinance. Stucco (*i.e. three [3] part stucco or similar*) shall be prohibited.

(b) *Anti-Monotony.* An anti-monotony standard shall not allow the same structure—in terms of materials and elevation--any closer than five (5) houses apart on either side of the street.

(c) *Common Areas and Open Space.* All common areas, dedicated landscape easements, and open space areas shall be maintained by a Homeowner's Association, which shall be created subject to the requirements of the City's Subdivision Ordinance and filed prior to approval of the final plat(s)

(d) *Guest Quarters/Secondary Living Unit.* A guest quarters/secondary living unit shall be permitted by-right within Phases 2 & 3 and subject to the following conditions:

(i) Such quarters must be ancillary to the primary use;

(ii) The area of such quarters shall not exceed 30% of the area of the main structure;

(iii) The area of such quarters shall also conform to the maximum lot coverage for the overall lot;

(iv) No such use may be sold or conveyed separately without meeting the requirements of the zoning district and the *Subdivision Ordinance*; and

(v) Such quarters shall be designed for temporary occupancy or as a secondary living unit. These structures are not to be used as rental accommodations.

(4) *Access.* Lots with rear yards that abut Renfro Street shall not have access from Renfro Street.

*Phase 4: Residential-Office (1.3-Acres)*

(1) *Permitted Uses.* Unless specifically provided by this Planned Development District Ordinance, *Phase 4* as depicted in *Exhibits 'C' & 'D'* of this ordinance shall be subject to the land uses permitted for the Residential-Office (RO) District as stipulated by the *Permissible Use Charts* contained in Article IV, *Permissible Uses*, of the Unified Development Code (UDC) [*Ordinance No. 04-38*] as heretofore amended, as amended herein by granting this zoning change, and as may be amended in the future; however, the following conditions shall apply:

The following land uses shall be expressly prohibited on the *Phase 4*:

- ☑ Accessory Building
- ☑ Bed and Breakfast
- ☑ Convent or Monastery
- ☑ Daycare (7 or more children)
- ☑ Residential Care Facility
- ☑ Assisted Living Facility
- ☑ Convalescent Care Facility/Nursing Home
- ☑ Congregate Care Facility
- ☑ General Retail Store*
- ☑ Group or Community Home
- ☑ Halfway House
- ☑ Library, Art Gallery, or Museum (Public)
- ☑ Restaurant, Less Than 2,000 SF w/o Drive-Thru
- ☑ Railroad Yard or Shop
- ☑ Studio-Art, Photography, or Music
- ☑ Shoe and Boot Repair and Sales
- ☑ Transit Passenger Facility
- ☑ Antenna, Accessory
- ☑ Antenna, Commercial
- ☑ Antenna, Amateur Radio
- ☑ Antenna, Dish
- ☑ Wireless Communication Tower
- ☑ Utilities (Non-Municipally Owned or Controlled), Including Sanitary Landfill and Wastewater Treatment
- ☑ Municipally Owned or Controlled Facilities, Utilities, and Use

DRAFT
02.04.19

*General Retail Store less than 2,000 SF shall be allowed by-right. General Retail Stores larger than 2,000 SF shall require a Specific Use Permit

The following land uses shall be permitted by Specific Use Permit (SUP) on the *Phase 4*:

- ☑ General Retail Store*
- ☑ Hair Salon, Manicurist
- ☑ Office Building, 5,000 SF or More
- ☑ Solar Energy Collector Panels and Systems

*General Retail Store less than 2,000 SF shall be allowed by-right. General Retail Stores larger than 2,000 SF shall require a Specific Use Permit

(2) *Density and Dimensional Requirements.* Any development on *Phase 4* as depicted in *Exhibits 'C' & 'D'* of this ordinance shall be subject to the development standards required for properties in a Residential-Office (RO) District as stipulated by Article V, *District Development Standards*, of the Unified Development Code [*Ordinance No. 04-38*] as heretofore amended, as amended herein by granting this zoning change, and as may be amended in the future; however, all development shall adhere to the following building standards:

*Table 3. Density and Dimensional Requirements*

| | |
|---|---|
| *Minimum Lot Width* [1] | 60' |
| *Minimum Lot Depth* | 100' |
| *Minimum Lot Area* | 6,000 SF |
| *Minimum Front Yard Setback* [2] | 10' |
| *Minimum Side Yard Setback* | 5' |
| *Minimum Distance Between Buildings* | 15' |
| *Maximum Height* [3] | 36' |
| *Minimum Rear Yard Setback* | 10' |
| *Maximum Lot Coverage* | 60% |

*General Notes:*
[1]: The minimum lot width shall be measured at the *Front Yard Building Setback*.
[2]: The location of the *Front Yard Building Setback* as measured from the front property line.
[3]: The *Maximum Height* shall be measured to the eave or top plate (*whichever is greater*) of the residential-office structure.

(3) *Building Standards. Building Standards.* Housing type and construction shall generally conform to the *Architectural Styles* depicted in *Exhibit 'G'* of this ordinance; however, all development shall adhere to the following building standards:

(a) *Masonry Requirements.* The minimum masonry requirement for all exterior façades (*excluding walls on a porch, patio, courtyard, or breezeway*) greater than 100 SF shall be 90%. For the purposes of this ordinance, the masonry requirement shall be limited to full width brick, natural stone, and cast stone. Cementitious fiberboard horizontal lap-siding (*e.g. HardiBoard or Hardy Plank*) and/or similar cementitious products may be used for up to *100%* of the exterior of the building pending conformance with the anti-monotony restrictions outlined in this ordinance. Stucco (*i.e. three [3] part stucco or similar*) shall be prohibited.

(b) *Anti-Monotony.* An anti-monotony standard shall not allow the same structure—in terms of materials and elevation--any closer than five (5) houses apart on either side of the street.

(c) *Common Areas and Open Space.* All common areas, dedicated landscape easements, and open space areas shall be maintained by a Homeowner's

DRAFT ORDINANCE 03.04.19

Association, which shall be created subject to the requirements of the City's Subdivision Ordinance and filed prior to approval of the final plat(s).

(d) *Guest Quarters/Secondary Living Unit.* A guest quarters/secondary living unit shall be permitted by-right within Phases 2 & 3 and subject to the following conditions:

(i) Such quarters must be ancillary to the primary use;

(ii) The area of such quarters shall not exceed 30% of the area of the main structure;

(iii) The area of such quarters shall also conform to the maximum lot coverage for the overall lot; and

(iv) No such use may be sold or conveyed separately without meeting the requirements of the zoning district and the *Subdivision Ordinance*.

(v) Such quarters shall be designed for temporary occupancy or as a secondary living unit. These structures are not to be used as rental accommodations.

(4) *Access.* Lots with rear yards that abut Renfro Street shall not have access from Renfro Street.

(5) *Parking Requirements*. Parking requirements for Phase 4 shall be all follows:

(a) Two (2) parking spaces per lot for single-family uses.

(b) One (1) additional space per 500 SF for non-residential uses as permitted by this ordinance. Off-site common or shared parking agreements shall be considered for Phase 4, subject the review of the proposed parking area(s) with the required development plan.

Hold a public hearing to discuss and consider a request by Tim McCallum of He Wines She Dines, LLC on behalf of Buffalo Creek Business Park, LTD for the approval of a Specific Use Permit (SUP) for a Craft Winery and Commercial Amusement/Recreation (Outdoor) on a 7.2-acre tract of land identified as Tracts 20-01 & 20-7 of the W. W. Ford Survey, Abstract No. 80, City of Rockwall, Rockwall County, Texas, zoned Commercial (C) District, addressed as 203 County Line Road, and take any action necessary.

PLANNING COMMENTS - DAVID GONZALES - 12.20.2018

All staff comments are to be addressed/acknowledged and resubmitted by Thursday, January 4, 2019. Please provide two (2) copies [FOLDED] and one PDF version for a subsequent/final review by staff:

Planning Department General Comments pertaining to the SUP Request:

• On all future submittals please include the Case Number Z2018-058 on the lower right hand corner.

• When provided, please review the SUP Draft Ordinance prior to the Planning & Zoning public hearing scheduled for January 15, 2019 and return with red lined corrections and/or additions you feel may be necessary for staff review.

** Planning Staff additional comments to be considered by the P&Z and City Council as conditions of approval:

1. Approval of an SUP is required to allow the for the craft winery and commercial amusement/recreation (outdoor) use on the subject property.

2. Adherence to all Engineering, Building Inspection, and Fire Department standards shall be required.

*** Operational Conditions:

Craft Winery:

1) The maximum square footage of the building used for a winery shall not exceed 12,000 SF in total building area.

2) The areas dedicated to the direct sale of the on-site manufactured product shall not exceed 40% of the total floor area of the building.

3) The Subject Property shall not be used as a brewery (a facility used for the manufacturing, bottling, labeling and packaging of beer) or a distillery (a facility used for manufacturing of distilled beverages).

4) The hours of operation for this facility shall be limited to Sunday through Saturday, 11:00 AM to 12:00 AM (i.e. midnight).

5) The Craft Winery operated on the Subject Property shall comply with all applicable ordinances of the City of Rockwall related to noise emanating from the Subject Property.

Commercial Amusement/Recreation (Outdoor)

1) The development and operation of a commercial amusement/recreation (outdoor) use shall generally conform to the Concept Plan depicted in Exhibit 'B' of this

ordinance.

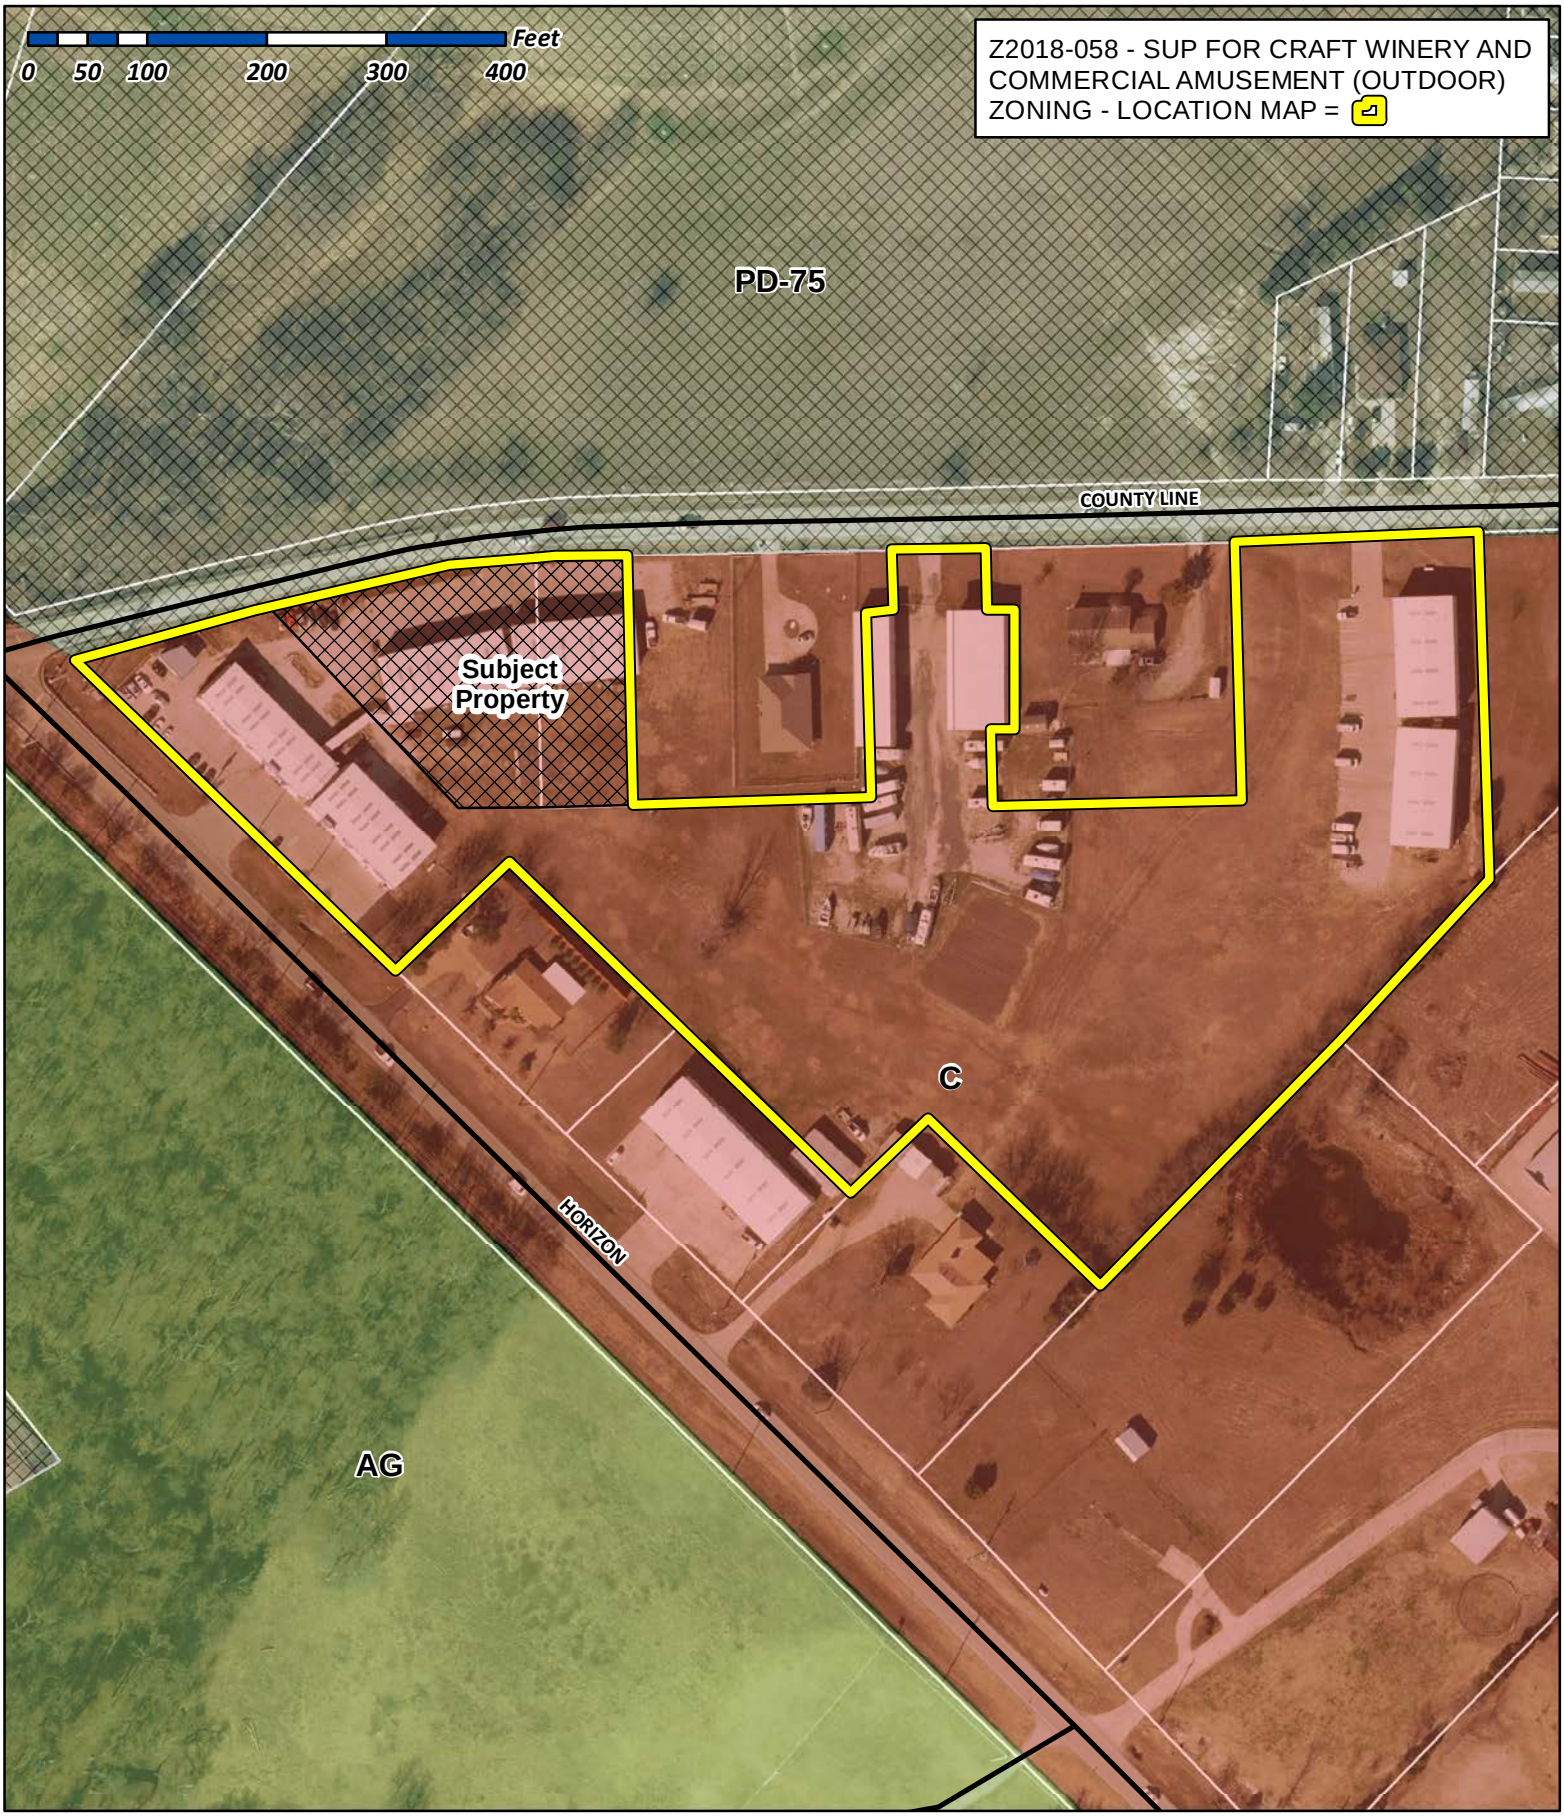
2) The Subject Property may be used for all permitted accessory uses as well as the use of an outdoor venue that may include live music and food truck vendors as depicted in Exhibit 'B' of this ordinance. The use of temporary tents or similar uses must be made of fire retardant materials and meet the City's fire codes.

3) The hours of operation associated with the outdoor venue for this facility shall be limited from Thursday through Monday, 11:00 AM to 12:00 AM (i.e. midnight).

4) There shall be no outside storage of equipment, furniture, or other materials associated with the operation of this business or from any outdoor gatherings on the subject property that may occur from time to time.

5) No parking shall be permitted along County Line Road or Horizon Road [FM-3097] associated with the uses on the subject property.

The following are scheduled meeting dates that you and/or your representative(s) should attend regarding the SUP request. If you have any quesitons regarding this case, please feel free to contact David Gonzales, AICP with the Planning Department at 972-771-7745.



*** Meeting Dates to Attend***

Planning - Work Session: January 2, 2019 (6:00 p.m.) [applicant to present case to P&Z for discussion]

Planning - Public Hearing: January 15, 2019 (6:00 p.m.) [P&Z to take action (i.e. approve, approve with conditions, or deny, etc.)

City Council - Pulblic Hearing: January 22, 2019 (6:00 p.m.) [1st Reading of SUP Ordinance]

City Council - Concent/Action Item: February 4, 2019 (6:00 p.m.) [2nd Reading of SUP Ordinance (if approved at 1st reading)]

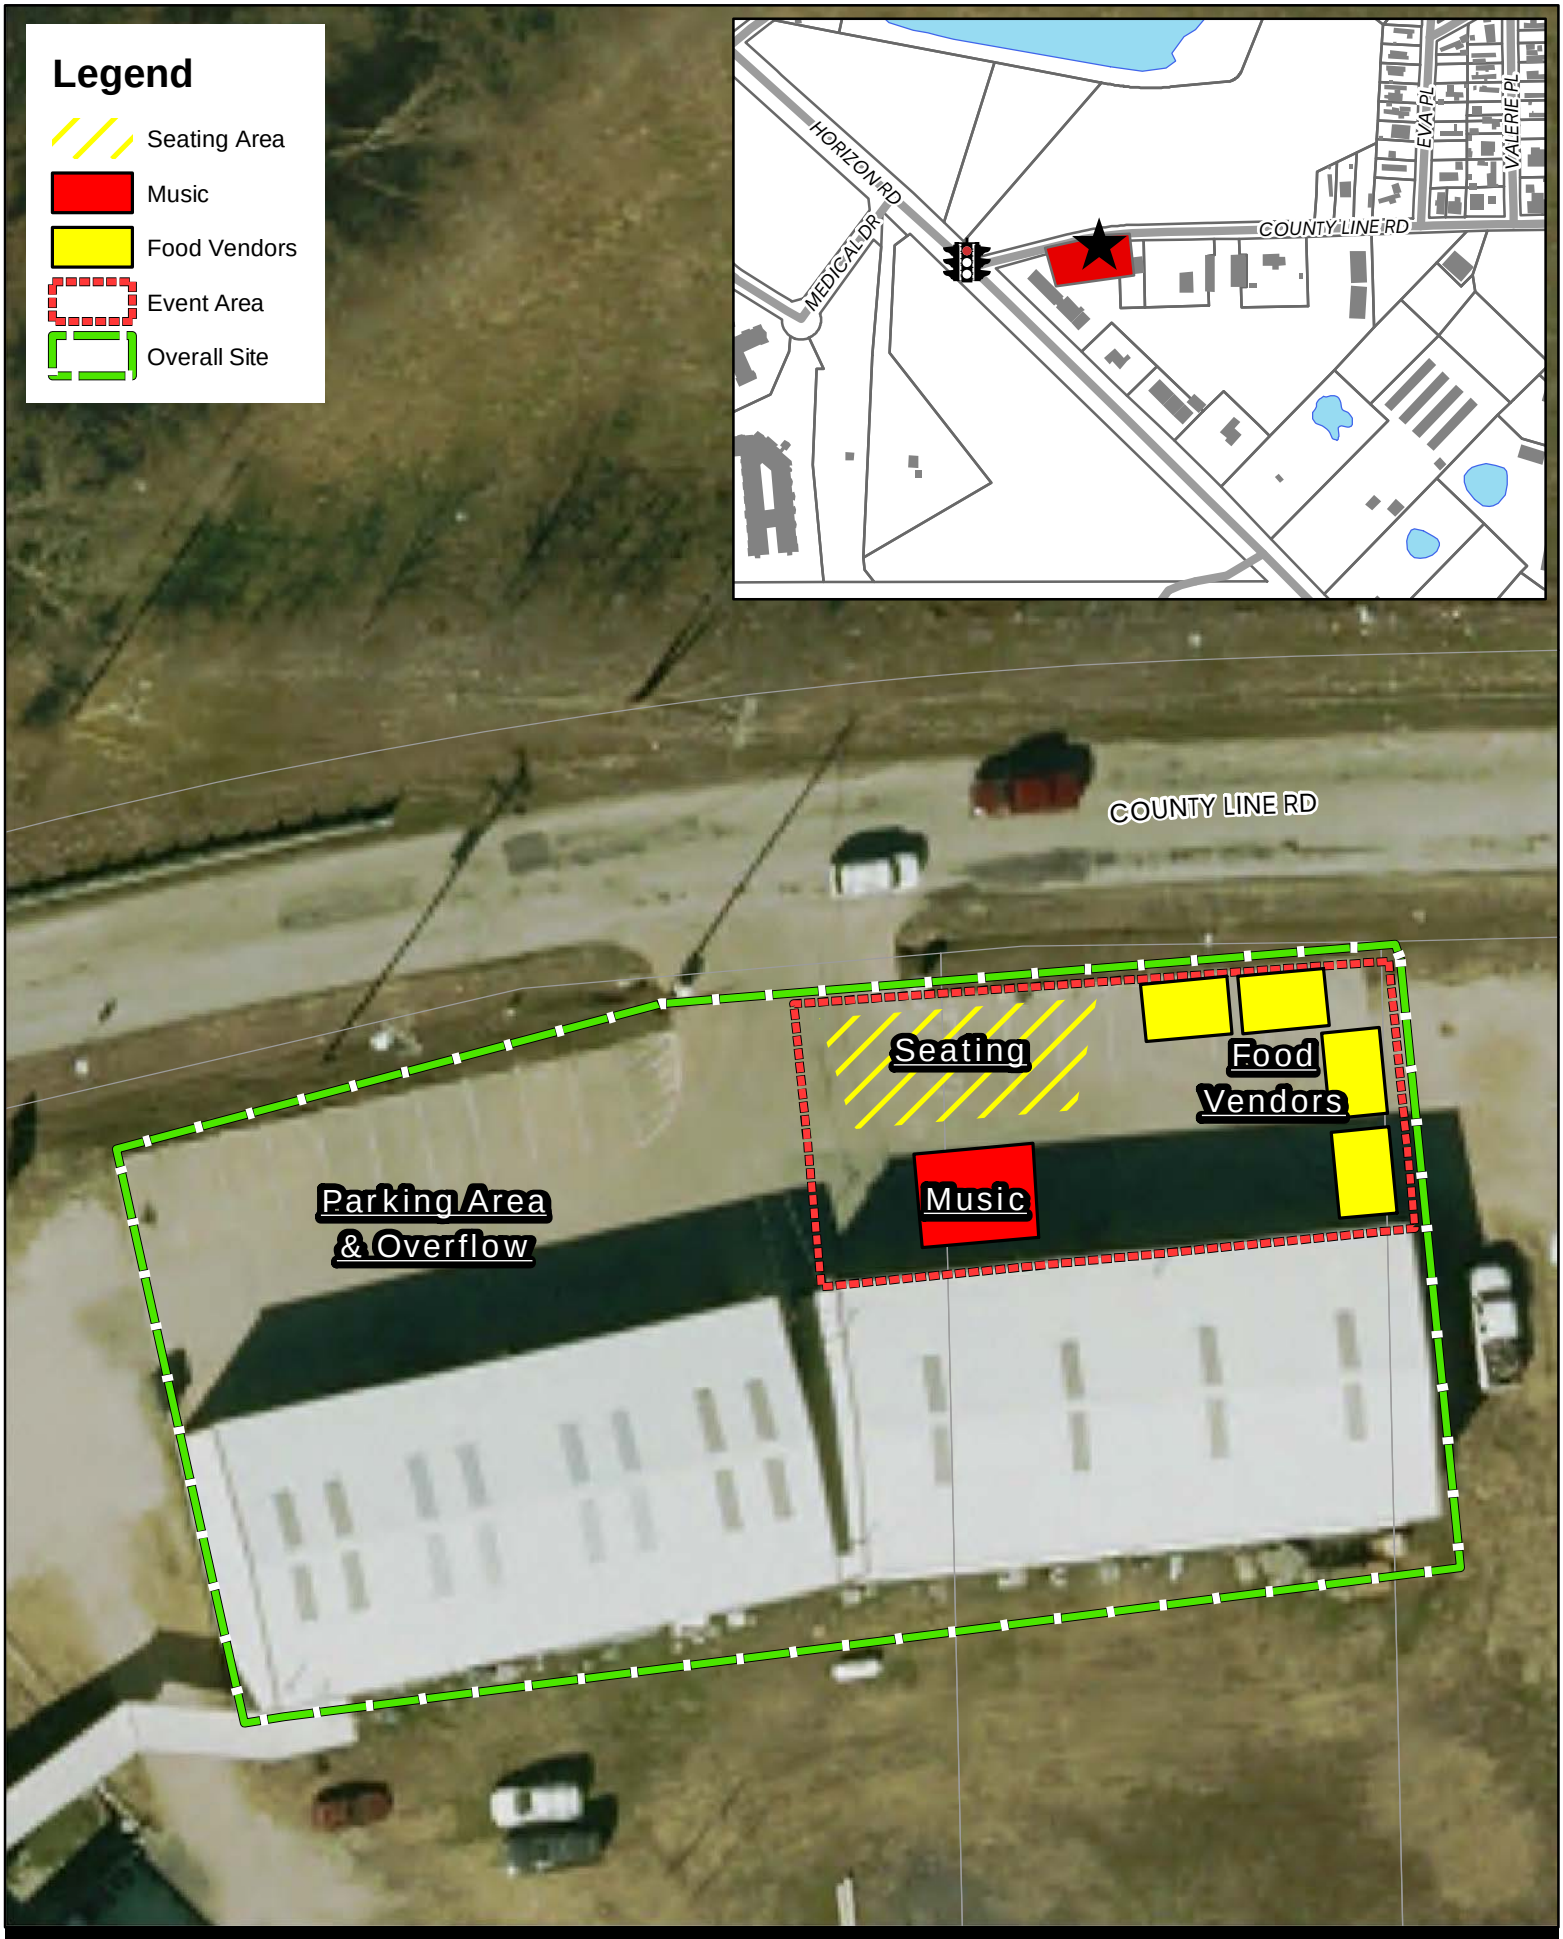
he WINES she DINES

TASTY REVIEWS FROM BOTH PERSPECTIVES

To Whom It May Concern:



He Wines She Dines began as a food review and blog website in 2014. We are a husband and wife team that travels the world looking for the best places to eat, drink and enjoy time together! After garnering thousands of followers, we had so many people asking us about wines to drink, what to buy, and how to order, that we decided we would start a wine club. Pursuing that effort, we quickly realized we needed to be a winery to ship product to our followers. With that in mind, we got our federal winery permit and import license and begin working with wineries in California and France to produce amazing wines to bring to Rockwall. We began operating in the Fall of 2016 at 203 County Line Rd, Rockwall, TX 75032. Until the Fall of 2018, we had never been open to the public. We are predominately an online business that sells to individual members through an e-commerce business model and directly to restaurants. To date, 100% of our production has been done in either Lodi, California or Champagne, France. Additionally, we buy wines from other distributors and wineries to offer a diverse mix of high-quality wines to our members.

In October of 2018, we began hosting a series of periodic "warehouse sales and tastings". During these periodic Saturday events we have been open for limited hours(12-5pm) for patrons to come, try and purchase our wines at lower than retail prices. We have only hosted 3 events this year and they have been very well received.

Moving forward we need a SUP for two primary reasons. First, we are preparing to begin limited production runs, barrel storage and some blending operations at our facility. A new SUP is required for this. Second, we want to expand our ability to have tastings and host events at our facility. These events would be limited in scope, but would potentially include live music, food trucks and seating areas for patrons to enjoy our wines. During these events, the guest area would be contained with a temporary barrier. We may use temporary tents or other covers, umbrellas, etc. for sun and rain protection. We plan to keep a conservative schedule but would like for these events to be held on nights, weekends and holidays ranging from Thursdays-Sundays with occasional Mondays or key National holidays. Our maximum operating hours would be between 11am-12am. No equipment, furniture or materials would be stored outside of the facility.

Thank you for your consideration and Cheers!

Tim and Jennifer McCallum

**CITY OF ROCKWALL**

**ORDINANCE NO. 19-XX**

**SPECIFIC USE PERMIT NO. S-XXX**

**AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, AMENDING THE UNIFIED DEVELOPMENT CODE [*ORDINANCE NO. 04-38*] OF THE CITY OF ROCKWALL, TEXAS, AS PREVIOUSLY AMENDED, SO AS TO GRANT A SPECIFIC USE PERMIT (SUP) TO ALLOW FOR A *CRAFT WINERY* AND *COMERCIAL AMUSEMENT/RECREATION (OUTDOOR)* ON A 7.2-ACRE TRACT OF LAND, ADDRESSED AS 203 COUNTY LINE ROAD AND BEING IDENTIFIED AS TRACTS 20-01 & 20-07 OF THE W. W. FORD SURVEY, ABSTRACT NO. 80, CITY OF ROCKWALL, ROCKWALL COUNTY, TEXAS; PROVIDING FOR SPECIAL CONDITIONS; PROVIDING FOR A PENALTY OR FINE NOT TO EXCEED THE SUM OF TWO THOUSAND DOLLARS ($2,000.00) FOR EACH OFFENSE; PROVIDING FOR A SEVERABILITY CLAUSE; PROVIDING FOR A REPEALER CLAUSE; PROVIDING FOR AN EFFECTIVE DATE.**

**WHEREAS**, a request has been made by Tim McCallum of He Wines She Dines, LLC for the approval of a Specific Use Permit (SUP) for a *Craft Winery* and *Commercial Amusement/Recreation (Outdoor)* for the purpose of establishing a *Craft Winery* in conjunction with an outdoor venue on a 7.2-acre Tract of land, zoned Commercial (C) District, being identified as Tract 20-01 & 20-07 of the W. W. Ford Survey, Abstract No. 80, City of Rockwall, Rockwall County, Texas, addressed as 203 County Line Road, and being more specifically depicted in *Exhibit 'A'* of this ordinance, which herein after shall be referred to as the *Subject Property* and incorporated by reference herein; and

**WHEREAS**, the Planning and Zoning Commission of the City of Rockwall and the governing body of the City of Rockwall, in compliance with the laws of the State of Texas and the ordinances of the City of Rockwall, have given the requisite notices by publication and otherwise, and have held public hearings and afforded a full and fair hearing to all property owners generally, and to all persons interested in and situated in the affected area and in the vicinity thereof, the governing body in the exercise of its legislative discretion has concluded that the Unified Development Code [*Ordinance No. 04-38*] of the City of Rockwall should be amended as follows:

**NOW, THEREFORE, BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS:**

**SECTION 1.** That the Unified Development Code [*Ordinance No. 04-38*] of the City of Rockwall, as heretofore amended, be and the same is hereby amended so as to grant a Specific Use Permit (SUP) allowing for the establishment of a *Craft Winery* and *Commercial Amusement/Recreation (Outdoor)* as stipulated by Article *IV, Permissible Uses,* of the Unified Development Code [*Ordinance No. 04-38*] on the *Subject Property*; and

**SECTION 2.** That the *Subject Property* shall be used and developed only in the manner and for the purposes described in this Specific Use Permit (SUP) ordinance and as specifically set forth in *Section 1.1, Land Use Schedule,* of *Article IV, Permissible Uses,* and *Section 4.5, Commercial (C) District,* of *Article V, District Development Standards,* of the Unified

DRAFT 08.06.2018

Development Code [*Ordinance No. 04-38*] of the City of Rockwall as heretofore amended, as amended herein by the granting of this zoning change, and as my be amended in the future, and shall be subject to the additional following conditions:

**2.1 OPERATIONAL CONDITIONS**

The following conditions pertain to the operation of a *Craft Winery* and *Commercial Amusement/Recreation (Outdoor)* use on the *Subject Property* and conformance to these requirements is necessary for continued operations:

*Craft Winery:*

1) The maximum square footage of the building used for a winery shall not exceed 12,000 SF in total building area.

2) The areas dedicated to the direct sale of the on-site manufactured product shall not exceed 40% of the total floor area of the building.

3) The *Subject Property* shall not be used as a brewery (*a facility used for the manufacturing, bottling, labeling and packaging of beer*) or a distillery (*a facility used for manufacturing of distilled beverages*).

4) The hours of operation for this facility shall be limited to Sunday through Saturday, 11:00 AM to 12:00 AM (*i.e. midnight*).

5) The C*raft Winery* operated on the *Subject Property* shall comply with all applicable ordinances of the City of Rockwall related to noise emanating from the *Subject Property*.

*Commercial Amusement/Recreation (Outdoor)*

1) The development and operation of a *commercial amusement/recreation* (*outdoor*) use shall generally conform to the *Concept Plan* depicted in *Exhibit 'B'* of this ordinance.

2) The *Subject Property* may be used for all permitted accessory uses as well as the use of an *outdoor venue* that may include live music and food truck vendors as depicted in *Exhibit 'B'* of this ordinance. The use of temporary tents or similar uses must be made of fire retardant materials and meet the City's fire codes.

3) The hours of operation associated with the *outdoor venue* for this facility shall be limited from Thursday through Monday, 11:00 AM to 12:00 AM (*i.e. midnight*).

4) There shall be no outside storage of equipment, furniture, or other materials associated with the operation of this business or from any outdoor gatherings on the subject property that may occur from time to time.

5) No parking shall be permitted along County Line Road or Horizon Road [FM-3097] associated with the uses on the subject property.

**2.2 COMPLIANCE**

Approval of this ordinance in accordance with Section 8.3, *Council Approval or Denial*, of Article II, *Authority and Administrative Procedures*, of the Unified Development Code (UDC) will require compliance to the following:

DRAFT ORDINANCE 01.02.2018

1) Upon obtaining a Certificate of Occupancy (CO), should any business or establishment operating under the guidelines of this ordinance fail to meet the minimum operational requirements set forth herein and outline in the Unified Development Code (UDC), the City Council may (*after proper notice*) initiate proceedings to revoke the Specific Use Permit (SUP) in accordance with Section 4.4.(3) of Article IV, *Permissible Uses*, of the Unified Development Code (UDC).

**SECTION 3.** That the official zoning map of the City be corrected to reflect the changes in zoning described herein.

**SECTION 4.** That all ordinances of the City of Rockwall in conflict with the provisions of this ordinance be, and the same are hereby repealed to the extent of that conflict.

**SECTION 5.** Any person, firm, or corporation violating any of the provisions of this ordinance shall be deemed guilty of a misdemeanor and upon conviction shall be punished by a penalty of fine not to exceed the sum of *TWO THOUSAND DOLLARS* (*$2,000.00*) for each offence and each and every day such offense shall continue shall be deemed to constitute a separate offense.

**SECTION 6.** If any section or provision of this ordinance or the application of that section or provision to any person, firm, corporation, situation or circumstance is for any reason judged invalid, the adjudication shall not affect any other section or provision of this ordinance or the application of any other section or provision to any other person, firm, corporation, situation or circumstance, and the City Council declares that it would have adopted the valid portions and applications of the ordinance without the invalid parts and to this end the provisions of this ordinance shall remain in full force and effect.

**SECTION 7.** That this ordinance shall take effect immediately from and after its passage and the publication of the caption of said ordinance as the law in such cases provides.

**PASSED AND APPROVED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, THIS THE 4TH DAY OF FEBRUARY, 2019.**

CASE P2018

**CITY OF ROCKWALL**

**ORDINANCE NO. 19-XX**

**AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, AMENDING THE UNIFIED DEVELOPMENT CODE [*ORDINANCE NO. 04-38*] OF THE CITY OF ROCKWALL, AS HERETOFORE AMENDED, SO AS TO APPROVE A CHANGE IN ZONING FROM A SINGLE-FAMILY ESTATE 2.0 (SFE-2.0) DISTRICT TO A SINGLE-FAMILY ESTATE 1.5 (SFE-1.5) DISTRICT ON A 3.03-ACRE TRACT OF LAND IDENTIFIED AS TRACT 1-01 OF THE T. DEAN SURVEY, ABSTRACT NO. 69, CITY OF ROCKWALL, ROCKWALL COUNTY, TEXAS, AND BEING MORE SPECIFICALLY DEPICTED IN *EXHIBIT 'A'* AND FURTHER DESCRIBED IN *EXHIBIT 'B'* OF THIS ORDINANCE; PROVIDING FOR SPECIAL CONDITIONS; PROVIDING FOR A PENALTY OF FINE NOT TO EXCEED THE SUM OF TWO THOUSAND DOLLARS ($2,000.00) FOR EACH OFFENSE; PROVIDING FOR A SEVERABILITY CLAUSE; PROVIDING FOR A REPEALER CLAUSE; PROVIDING FOR AN EFFECTIVE DATE.**

**WHEREAS**, the City has received a request from Heather Cullins for a change in zoning from a Single-Family Estate 2.0 (SFE-2.0) District to a Single-Family Estate 1.5 (SFE-1.5) District on a 3.03-acre tract of land identified as Tract 1-01 of the T. Dean Survey, Abstract No. 69, City of Rockwall, Rockwall County, Texas, zoned Single-Family 2.0 (SFE-2.0) District and more fully depicted in *Exhibit 'A'* and described in *Exhibit 'B'* of this ordinance, which hereinafter shall be referred to as the *Subject Property* and incorporated by reference herein; and

**WHEREAS**, the Planning and Zoning Commission of the City of Rockwall and the governing body of the City of Rockwall in compliance with the laws of the State of Texas and the ordinances of the City of Rockwall have given the requisite notices by publication and otherwise, and have held public hearings and afforded a full and fair hearing to all property owners generally and to all persons interested in and situated in the affected area, and in the vicinity thereof, and the governing body in the exercise of its legislative discretion, has concluded that the Unified Development Code (UDC) [*Ordinance No. 04-38*] should be amended as follows:

**NOW, THEREFORE**, **BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS:**

**SECTION 1.** That the Unified Development Code (UDC) [*Ordinance No. 04-38*] of the City of Rockwall, Texas, as heretofore amended, be and the same are hereby amended by amending the zoning map of the City of Rockwall so as to change the zoning of the *Subject Property* from a Single-Family 2.0 (SFE-2.0) District to a Single-Family 1.5 (SFE-1.5) District;

**SECTION 2.** That the *Subject Property* shall be used only in the manner and for the purposes provided for a Single-Family 1.5 (SFE-1.5) District as stipulated in Section 1.1*, Use of Land and Buildings,* of Article IV*, Permissible Uses* and Section 3.2*, Single-Family Estate 1.5 (SFE-1.5) District,* of Article V*, District Development Standards,* of the Unified Development Code (UDC) [*Ordinance No. 04-38*] of the City of Rockwall as heretofore amended, as amended herein by granting of this zoning change, and as maybe amended in the future;

PRELIMINARY ORDINANCE 01.07.19

**SECTION 3.** That the official zoning map of the City be corrected to reflect the changes in the zoning described herein;

**SECTION 4.** Any person, firm, or corporation violating any of the provisions of this ordinance shall be deemed guilty of a misdemeanor and upon conviction shall be punished by a penalty of fine not to exceed the sum of *Two Thousand Dollars ($2,000.00)* for each offence and each and every day such offense shall continue shall be deemed to constitute a separate offense;

**SECTION 5.** If any section, paragraph, or provision of this ordinance or the application of that section, paragraph, or provision to any person, firm, corporation or situation is for any reason judged invalid, the adjudication shall not affect any other section, paragraph, or provision of this ordinance or the application of any other section, paragraph or provision to any other person, firm, corporation or situation, nor shall adjudication affect any other section, paragraph, or provision of the Unified Development Code (UDC) of the City of Rockwall, Texas, and the City Council declares that it would have adopted the valid portions and applications of the ordinance without the invalid parts and to this end the provisions for this ordinance are declared to be severable; and

**SECTION 6.** That all ordinances of the City of Rockwall in conflict with the provisions of this ordinance be and the same are hereby repealed, and all other ordinances of the City of Rockwall not in conflict with the provisions of this ordinance shall remain in full force and effect;

**SECTION 7.** That this ordinance shall take effect immediately from and after its passage.

**PASSED AND APPROVED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, THIS THE 4TH DAY OF FEBRUARY, 2019.**

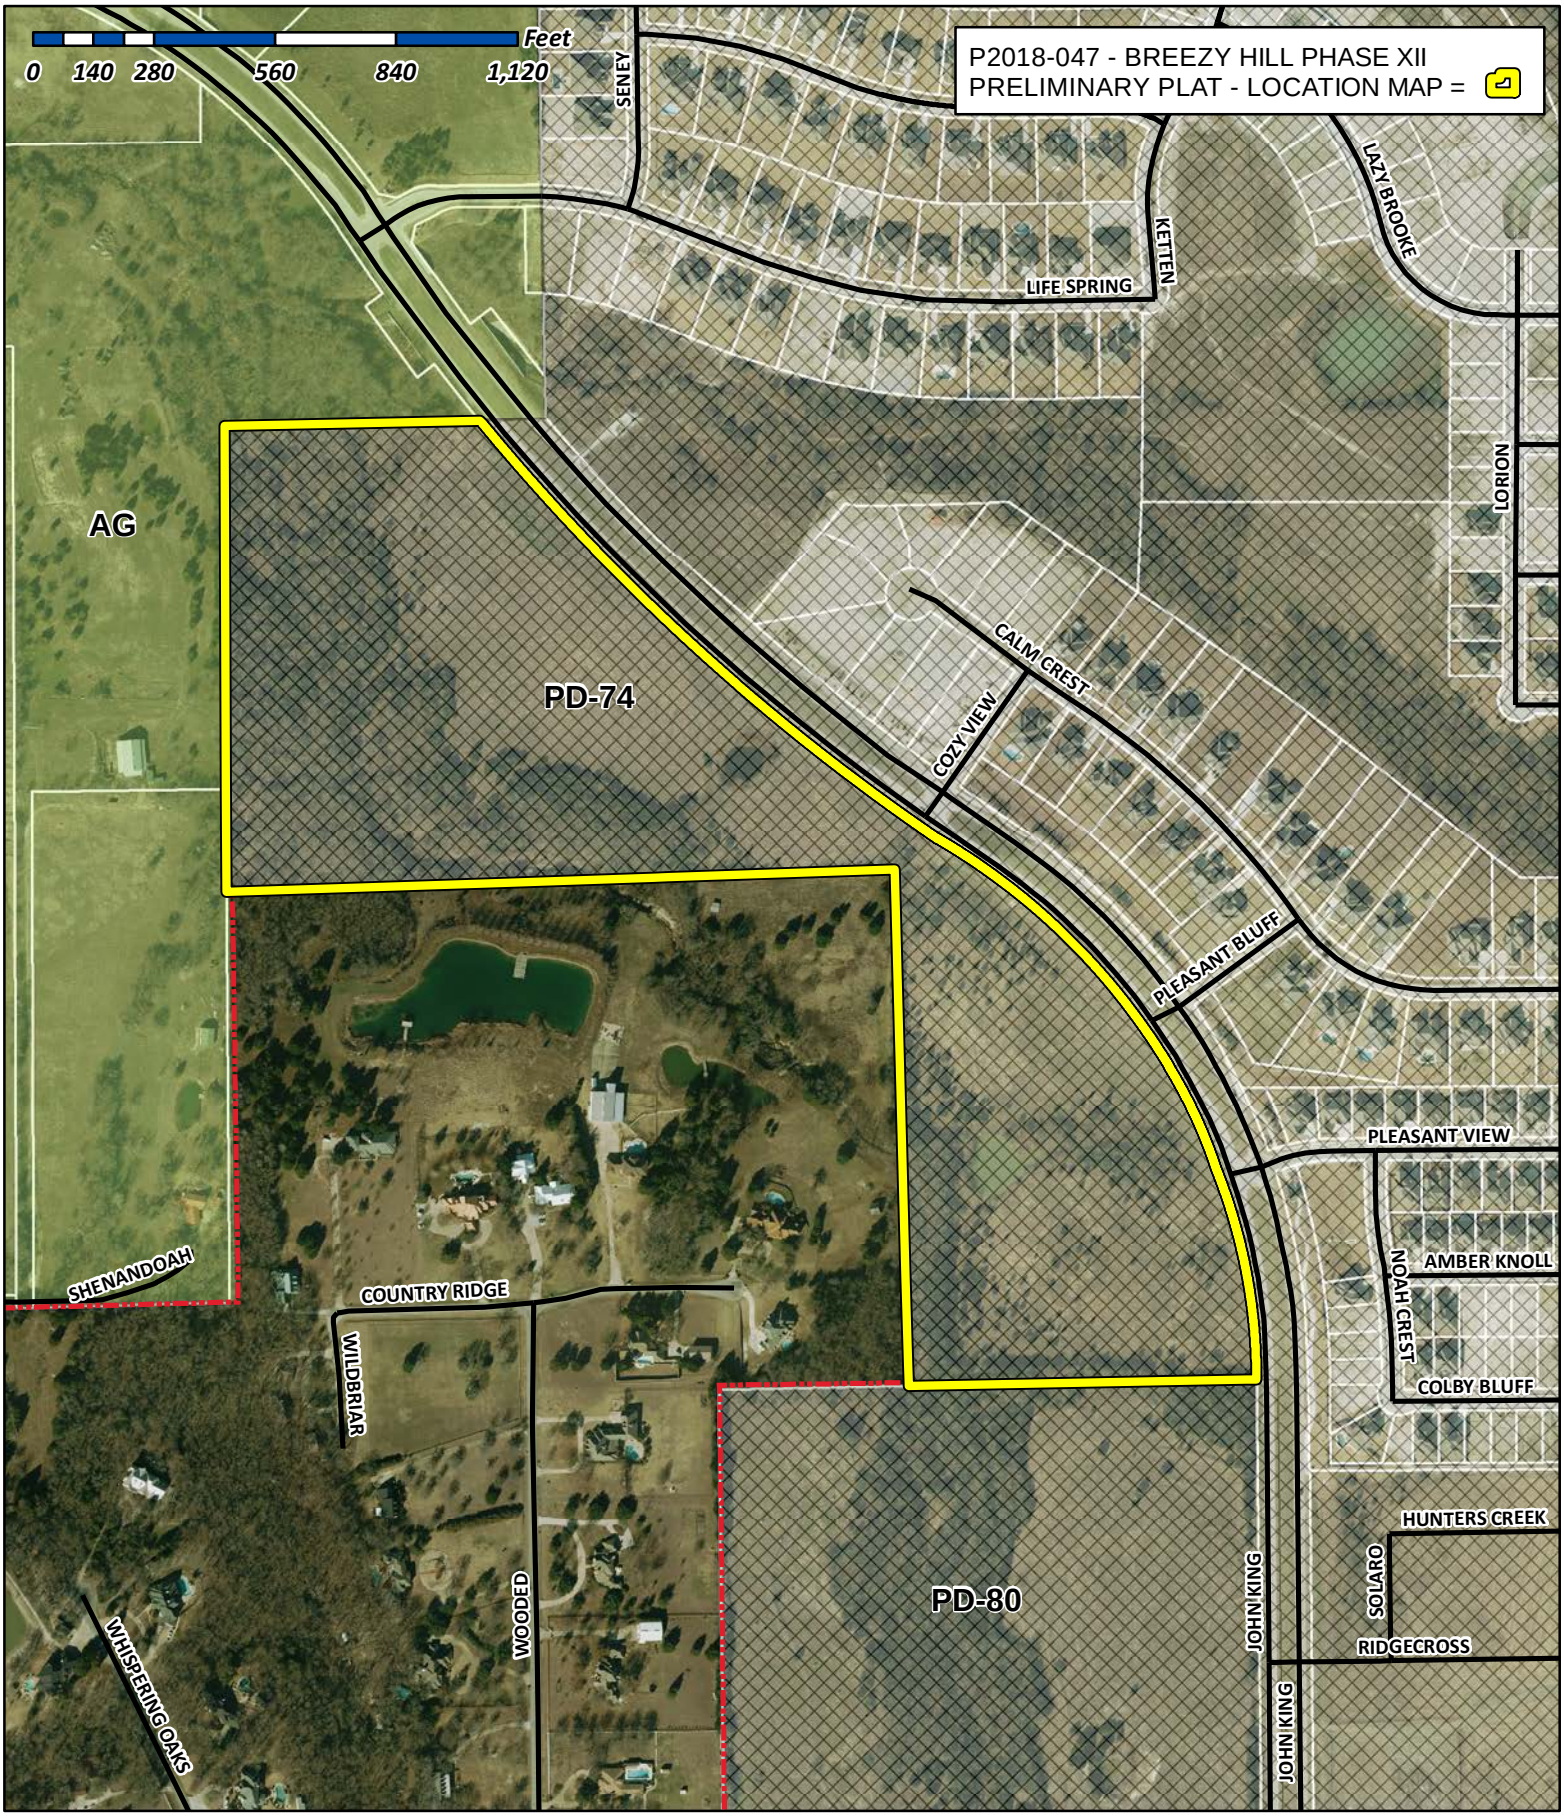
P2018-047 Breezy Hill, Phase XII

Please address the following comments (M= Mandatory Comments; I = Informational Comments).

I.1 This is a request by Chase Finch of Corwin Engineering, Inc. on behalf of John Arnold of BH West Pods, LTD for the approval of a preliminary plat for Breezy Hill, Phase XII containing 35 single-family residential lots on 44.525-acres of land identified as a portion of Tract 7-1 of the J. Strickland Survey, Abstract No. 187, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 74 (PD-74) for Single Family 10 (SF-10) District land uses, located west of the intersection of John King Boulevard and Cozy View Drive

I.2 For questions or comments concerning this case, please contact Korey Brooks in the Planning Department at (972) 772-6434 or email kbrooks@rockwall.com.

M.3 For reference, include the case number (P2018-047) in the lower right hand corner of all pages on future submittals.

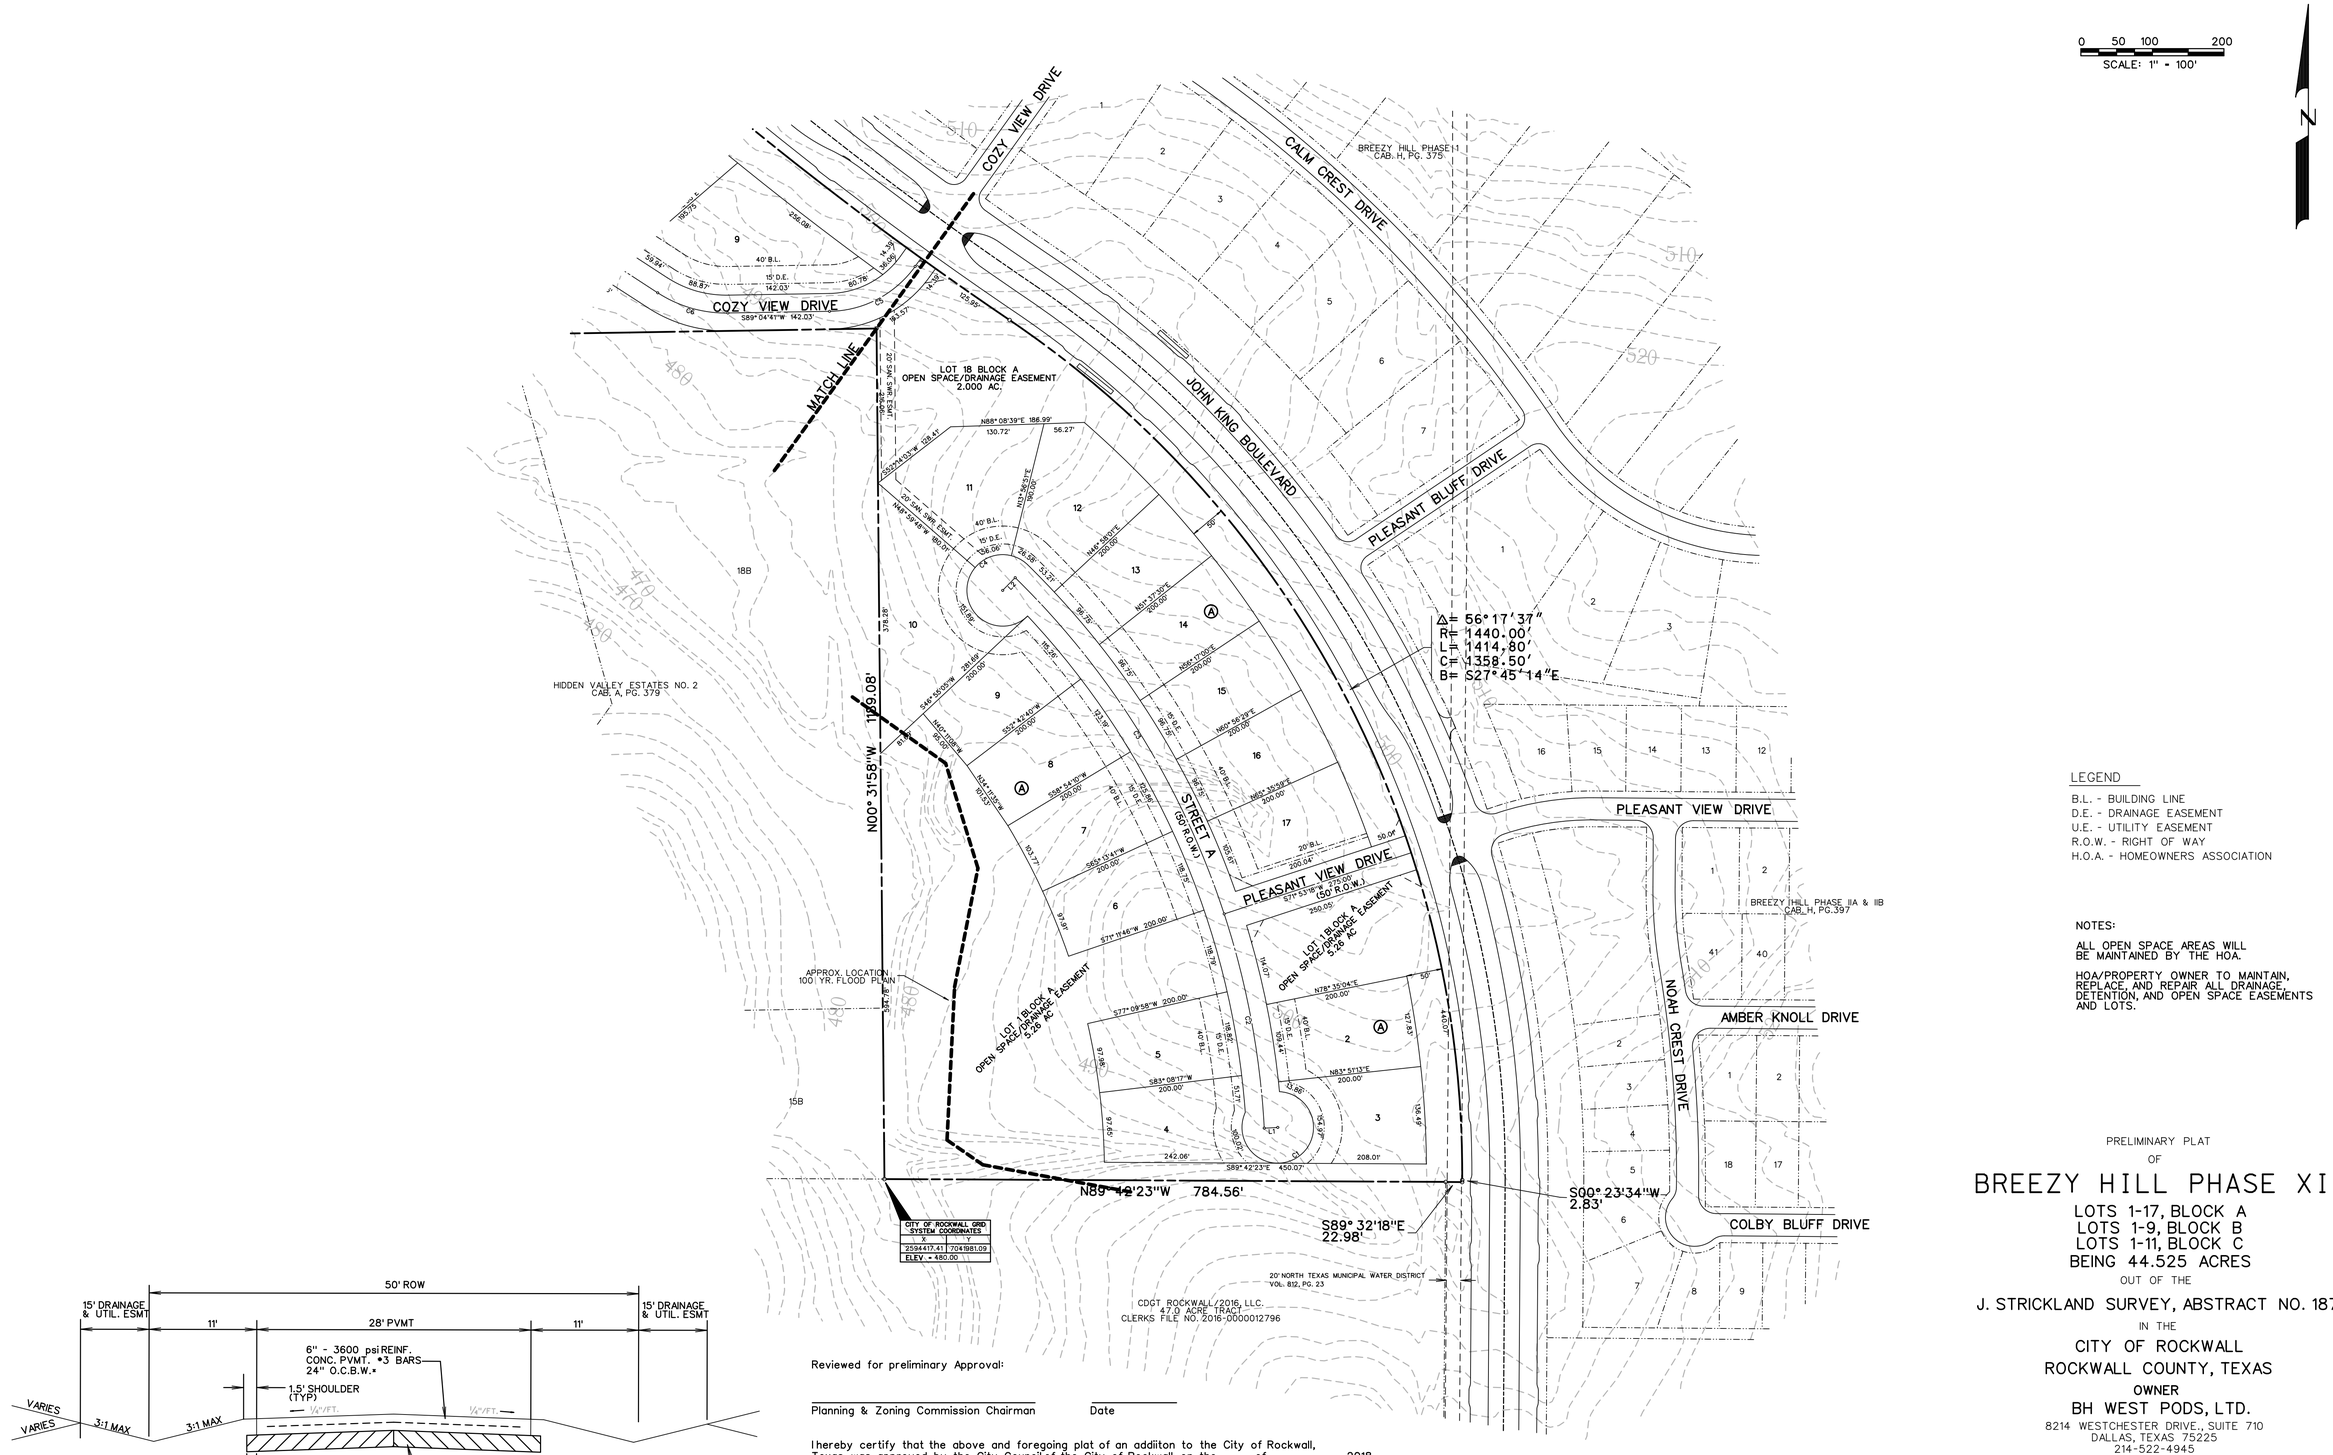


M.4 Please provide lot types on table

M.5 For Lots 2, 3, and 6, Block C, please show frontage at the build line, not the property line (since the frontages are curved).

M.6 If all of the Lots are Type D as the concept plan shows, Lots 11, 12, 13, 14, 15, 16, Block A, do not meet 100-foot frontage.

I.7 Staff has identified the aforementioned items necessary to continue the submittal process. Please make these revisions and corrections, and provide any additional information that is requested by January 3, 2019. The Planning and Zoning Worksession for this case is January 2, 2019. The Planning and Zoning Meeting for this case is January 15, 2019. Park Board Meeting for this case is January 3, 2018.



I.8 The projected City Council meeting date and subsequent approval for this plat is January 23, 2019.

(12/20/2018 3:01 PM SH)
- No wheel stops on handicapped parking spots.
- Update note to say, "Longitudinal butt joint."
- New parking against the building to be 20'x9'.
- Loop 8" waterline on site. May need another fire hydrant for coverage.
- May need more fire lane for meet hose reach coverage.
- Square off the paving saw cut on the loop to be updated. See attached markup.

The following items are for your information for engineering design.
- 4% Engineering Inspection Fees.
- Impact fees for taps and upsizing the building.
- Fire Lane to be 24' min, 20' curve radii.
- Parking is 20'x9' min.
- Min 20' utility easements.
- No structures or walls in easements.
- No trees within 5' of public utilities.
- Retaining walls 3' and over must be designed by a licensed engineer. All walls to be rock or stone. No smooth concrete walls.
- Lot must be replatted.
- Must meet all City Engineering Standards.

| PLANNING | David Gonzales | 12/14/2018 | 12/21/2018 | 12/20/2018 | 6 | COMMENTS | |

Discuss and consider a request by Jeff Carol of Carol Architects, Inc. on behalf of Terry Morgan of 206 Properties, LLC for the approval of a site plan for an office/warehouse building on a 5.690-acre tract of land identified as all of Lot 7 and a portion of Lot 6, Block C, Rockwall Technology Park Addition, City of Rockwall, Rockwall County, Texas, zoned Light Industrial (LI) District, located at the northeast corner of the intersection of Discovery Boulevard and Innovation Drive, and take any action necessary.

The following staff comments are to be addressed and resubmitted no later than Thurday January 4, 2019. Please provide three large copies [24" X 36" FOLDED] and one PDF version for a subsequent review by staff:

** Planning Department General Comments & Requirements to address/acknowledge:

1. Adherence to Engineering and Fire Department standards shall be required.
2. Submittal and approval of a Civil Engineering Plans and Final Plat prior to issuance of a Certificate of Occupancy(CO).
3. Label all revised site plan documents with "Case No. SP2018-042" at the lower right corner of each plan.
4. All exterior signage requires submittal and approval of a separate building permit through the Building Inspections Department.

VARIANCES AND EXCEPTIONS FOR THE PLANNING AND ZONING COMMISSION TO CONSIDER:

1. Vertical articulation standards of the UDC for all facades
2. Horizontal articulation standards of the UDC for the north and south facing elevations
3. Minimum 20% stone requirement for all facades that are visible from a public street or open space
4. For the use of tilt-up wall construction.

** Please address the following Planning Comments for each plan and resubmit revised plans by date requested for a subsequent/final review by staff:

Site Plan:
1. Provide adjacent property owner infomation.
2. Label the access easement as "24-ft Firelane, Public Access, and Utility Easement.
3. Delineate and label all easements for site.
4. Provide a hatch for the proposed building area(s).
5. Relabel the northern portion of the expanced building - says :Prop Delivery Ramp"
6. Use a heavier font weight for the fonts in light gray under Site Data
7. Correct Title Block to read "Lot 3", Block D.

Architectural Site Plan:
1. Correct Site Data Table to indicate"Light Industrial" for the zoning of the property.

Landscape Plan:
1. A treescape plan is required for the removal of trees located on the this site. See mitigaion requirements for those trees requiring mitigation under Article IX, Tree Preservation, of the UDC.
2. Update landscape to indicate compliance with landscape standards of the UDC by providing a minimum of one(1), three (3)-caliper inch canopy tree per each 50 linear feet and within the 20-ft landscape buffer along each street.
3. Provide a minimum of one (1), three (3)-caliper inch tree for each ten (10) parking spaces within the interior of the parking lot.

4. No required parking space may be located more than 80 feet from the trunk of a large canopy tree.
5. Delineate and label the 20-ft Landscape buffer strip along each adjacent street.

Photometric Plan:
1. Are there any additional exterior lighting fixtures, poles to be used on this expansion? If so, provide a photometirc plan complying with the standards as established in Section 3, of Article VII, Environmental Performance, of the UDC.

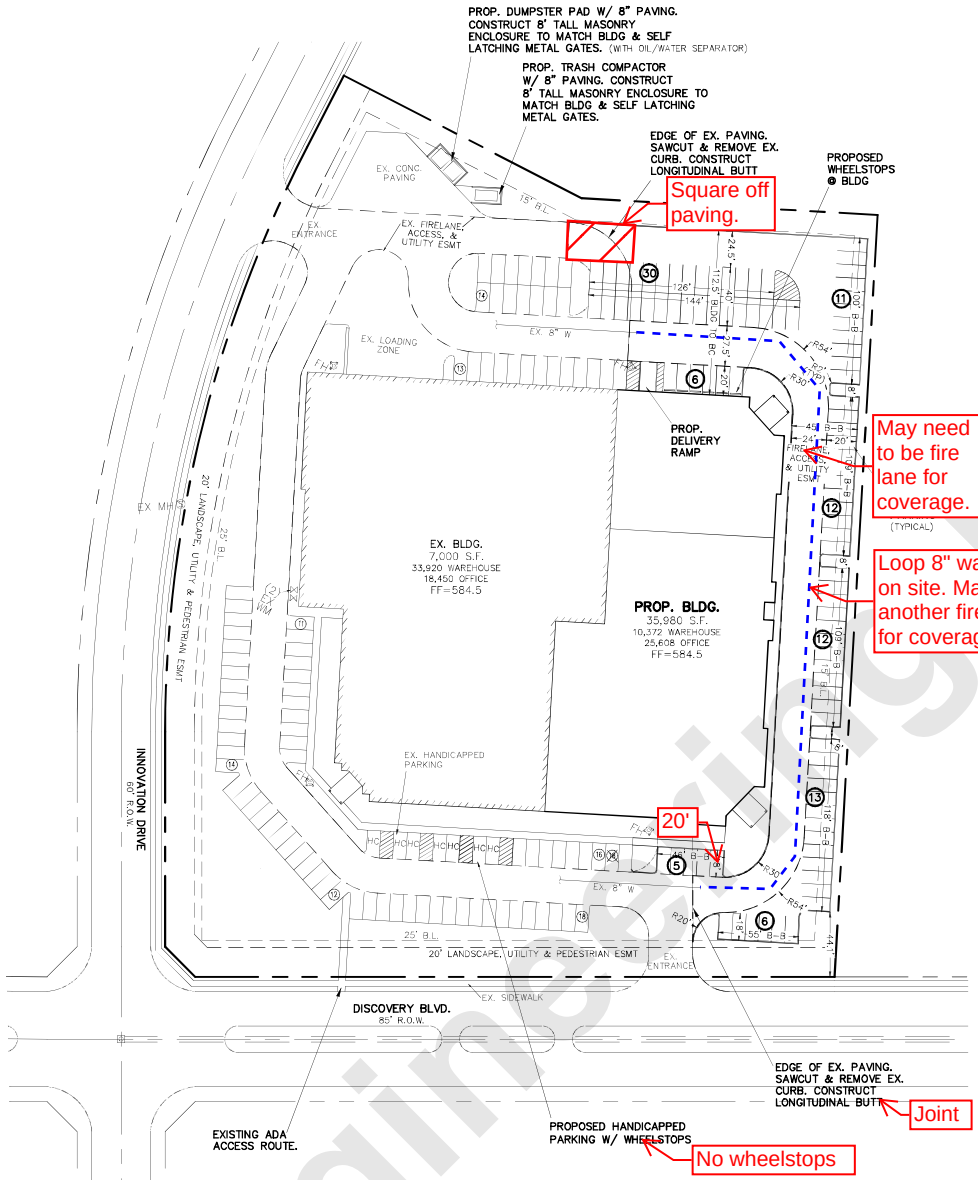
Building Elevations:
1. All roof-top mechanical equipment requires screening from rights-of-way and adjacent properties. Provide a roof plan indicating location of units and dash-in RTU's on elevations. Provide detail of screening mechanism to be used if these are not properly sceened.
2. Requires a recommendation from the Architectural Review Board(ARB).
3. Provide a materials sample board for ARB review of the actual materials to be used(see meeting dates below).
4. Provide exterior material calculations for each elevation
5. Is the any stoneon the building? The UDC requires a minium of 20% stone on each elevation that is visible from a public street or open space. If there is no stone, this will require approval of a variance by the Planning and Zoning Commission.
6. Approval of an exception to the masonry standards by the Planning and Zoning Commission is required

** The following are scheduled meeting dates that you and/or your representative(s) are required to attend regarding the Site Plan request. If you have any questions regarding this case, please feel free to contact David Gonzales, AICP with the Planning Department at 972-771-7745.

Meeting Dates to Attend:

Architectural Review Board: January 2, 2019 (5:00 p.m.) [Applicant to receive recommendations from ARB]

Planning - Work Session: January 2, 2019 (6:00p.m.) [Applicant to present/discuss project with P&Z]



Parks and RecreationsBoard - January 3, 2019 (6:00p.m.) [PRB to assess park fees]

Architectural Review Board: January 15, 2019 (5:00 p.m.) [Subsequent meeting if necessary]

Planning - Action:January 15, 2018 (6:00p.m.) [P&Z to take action (i.e. approve, approve with conditions, deny)]

** City Council - Action: Tuesday, January 22, 2019 (6:00 p.m.) [FOR WAIVERS TO PD-32 ONLY] **

** City Council - Action: Tuesday, January 22, 2019 (6:00 p.m.) [FOR VARIANCE AND EXCEPTION REQUESTS NOT APPROVED BY THE PLANNING AND ZONING COMMISSION] **

NOTES:
1) ALL WORK MUST CONFORM TO CITY OF ROCKWALL & NCTCOG STANDARDS AND DETAILS 4th EDITION.
2) ALL WORK IN PUBLIC RIGHT-OF-WAY SHALL CONFORM TO CITY OF ROCKWALL STANDARDS AND DETAILS
3) SEE PLAT FOR ALL INFORMATION REGARDING EASEMENTS, PROPERTY LINES, ETC.
4) ALL DIMENSIONS ARE FACE OF CURB TO FACE OF CURB UNLESS OTHERWISE NOTED.
5) NO SAND UNDER SIDEWALKS.

5) NO SAND UNDER PAVING.

EX. FIRE SPRINKLER TO BE TIED IN TO NEW BUILDING

ALL RESPONSIBILITY FOR ADEQUACY OF DESIGN REMAINS WITH THE DESIGN ENGINEER. THE CITY OF ROCKWALL, IN REVIEWING AND RELEASING PLANS FOR CONSTRUCTION, ASSUMES NO RESPONSIBILITY FOR ADEQUACY OF ACCURACY OF DESIGN.

GENERAL NOTES
1. Buildings 5,000 square feet or greater shall be sprinkled. Alternative fire protective measures may be approved by the Building Inspector and Fire Department.
2. Fire lanes shall be designed and constructed per city standards.
3. Handicapped parking areas shall be designed and provided per city standards and shall comply with requirements of the current adopted Uniform Building Code.
4. Mechanical units, dumpster and trash compactors shall be screened in accordance with the Zoning Ordinance
5. All signage contingent upon Building Inspection Department.
6. Approval of the site plan is not final until all engineering plans are approved.
7. Open storage, where permitted, shall be screened in accordance with the Zoning Ordinance
8. Please contact the Building Inspection Department to determine the type of construction and occupancy group.
9. All electrical transmission, distribution and service lines must be underground.

- 4% Engineering Inspection Fees.
- Impact fees for taps and upsizing the building.
- Fire Lane to be 24' min, 20' curve radii.
- Parking is 20'x9' min.
- Min 20' utility easements.
- No structures or walls in easements.
- No trees within 5' of public utilities.
- Retaining walls 3' and over must be designed by a licensed engineer. All walls to be rock or stone. No smooth concrete walls.
- Lot must be replatted.
- Must meet all City Engineering Standards.

| (12/18/2018 4:40 PM LS)<br>Address assignment will be:<br>2600 LAKEFRONT TRAIL, ROCKWALL, TX 75032<br><br>Unit / Suite /Apartment numbers. Each unit in each multiple-unit building shall be assigned a single unit / suite / apartment number, and each unit / suite number / apartment shall be assigned based on the following rules:<br><br>1) Unit numbers should be sequenced and patterned in a logical, systematic, and intuitively clear way. No alphabetical characters (e.g. A, B, C, D, etc.) shall be used in any address or unit description. Exception is for utility installations, and only as a last resort.<br><br>2) Increment and assign unit numbers in one single, continuous sweep for the entire building and / or site. This includes multiple building sites and means that each unit number will be unique on the whole site. Avoid oscillating back and forth across the building and / or site.<br><br>3) If there are ninety-nine (99) or fewer units on each floor of a multiple-unit building, then each unit will be assigned a three-digit unit number with the first digit representing the number of the floor on which the unit is located and the number represented by the final two digits being different from the number assigned to any other unit on the same floor. For example, the first-floor units will be assigned a unit number between 101 and 199; the second-floor units (if any) will be assigned a unit number between 201 and 299, and so forth.<br><br>4) If there are more than ninety-nine (99) units on any one floor of a multiple-unit building, then each unit will be assigned a four-digit unit number with the first digit representing the number of the floor on which the unit is located and the number represented by the final three digits being different from the number assigned to any other unit on the same floor. For example, the first-floor units will be assigned a unit number between 1001 and 1999; the second-floor units (if any) will be assigned a unit number between 2001 and 2999, and so forth. Formultiple-unit buildings containing five floors or more, unit numbers shall be proposed by the owner and approved by the GIS Division.<br><br>5) Assignment of unit numbers shall take into consideration the potential for future additional space divisions, and numbers may be skipped in order to provide for such potential additions, although sequential order shall be maintained in assigning unit numbers.<br><br>6) Rooms intended and used for a primary purpose other than human occupancy, such as custodial closets, housekeeping rooms, utility closets, etc., shall be identified with a simple description and shall not be assigned a unit number. | | | | | | | |
| PLANNING | David Gonzales | 12/17/2018 | 12/24/2018 | 12/19/2018 | 2 | COMMENTS | See comments |

Discuss and consider a request by Kevin Hickman of PegasusAblon on behalf of Rockwall Rental Properties, LP for the approval of a site plan for a 375-unit condominium building on a 6.2-acre tract of land identified as Lot 9, Block A, Harbor-Rockwall Addition and Tract 16 of the M. J. Barksdale Survey, Abstract No. 11, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 32 (PD-32), situated within the IH-30 (IH-30) Overlay District, located at the southwest corner of the intersection of the IH-30 frontage road and Lakefront Trail, and take any action necessary.

The following staff comments are to be addressed and resubmitted no later than Thurday January 4, 2019. Please provide three large copies [24" X 36" FOLDED] and one PDF version for a subsequent review by staff:

** Planning Department General Comments & Requirements to address/acknowledge:

1. Adherence to Engineering and Fire Department standards shall be required.
2. Submittal and approval of a separate Streetscape Plan as per the requirements of PD-32 [see Ord. 17-22: Exhibit 'C-4 for elements to be included on this plan].
3. Adherence to the PD-32 Design Guidelines outlined in Resolution No. 10-40.
4 Adherence to the conditions as outlined in the approved PD Development Plan [Ord. No. 17-64]
5. Submittal and approval of a Civil Engineering Plans and Final Plat prior to issuance of a Certificate of Occupancy (CO).
6. Label all revised site plan documents with "Case No. SP2018-043" at the lower right corner of each plan.
7. Adherence to the Parks and Recreation Board recommendations for park fees associated with this development for Park District No. 17. See schedule below for date of meeting.
8. All exterior signage requires submittal and approval of a separate building permit through the Building Inspections Department.

WAIVERS OF DESIGN STANDARDS TO BE CONSIDERED BY THE CITY COUNCIL:

1. Landscape Standards - associated with the overflow parking that require one (1)-three (3) inch, 65 gallon tree per eight surface parking spaces. How many surface parking spaces are located on the overflow parking area? If these trees have been provided within the development, please note that on the plan(s). If not, a waiver to this standard is required. See Exhibit 'F-1' of Ord. No. 17-22.

2. Parking Garage Design Standards - for the proposed two level parking structure:
a. must have precast spandrel pandels with detailing to screen parked vehicles.
b. must be screened with greenscapeing that covers a minimum of 25% of the facade(s) where vehicles are visible. Provide calculation of green materials meeting conformance to these standards. See Ord. No. 17-22.

3. Harbor Residential Sub-District - requires the height of the 1st floor to be a minimum of 15-feet for retail, restaurant, & residential uses. The first floor does not meet this standard. See Exhibit 'E-1" of Ord. No. 17-22.

** Please address the following Planning Comments for each plan and resubmit revised plans by date requested for a subsequent/final review by staff:

Site Plan:
1. Provide a Building Tabulation Legend indicating unit types, number of units on each floor, square footages of each unit type, and the overall square footage of the entire building(s).
2. Eight (8) foot sidewalks required along Lakefront Trail and the IH-30 Frontage Road. Site plan indicates 71/2-ft sidewalk, with a small portion wrapped aound along IH-30 Frontage Road.

Landscape Plan:
1. The landscape details/treescape plan as submitted indicates that mitigation for the site has been met and is considered to be satisfied.
2. See requirements for the addition of landscape trees within the overflow parking garage. This requirement pertains to "surface" parking only. Provide details meeting these standards.
3. Provide tree leave-outs [4-ft x 8ft] spaced at 30-ft o.c. along Lakefront Trail, and for all other street trees per the requried Streetscape Plan.

Photometric Plan:
1. The pedestrian scaled light fixtgures are to be spaced at 60-ft o.c. Provide detail.
2. See requirements for lighting fixtures in Exhibit 'C-4' of Ord. No. 17-22 [i.e. pedestrian scale & parking lot lighting]. Lighting cut sheets do not meet this requirement.
3. Provide light pole detail meeting the standards of Exhibit 'C-4'.

Building Elevations:
1. All roof-top mechanical equipment requires screening from rights-of-way and adjacent properties. Provide a roof plan indicating location of units and dash-in RTU's on elevations. Provide detail of screening mechanism to be used if these are not properly sceened.
2. The building elevations require review from the Architectural Review Board (ARB) and a recommendation forwarded to the Planning and Zoning Commission.
3. Provide a materials sample board for ARB review of the actual materials (see meeting dates below).
4. Is the stone on the building a natural stone product?
5. Is the stucco a 3-part stucco application?
6. The following elevations do not meet the minimum 20% stone requirement and will require approval of a variance by the Planning and Zoning Commission:
a. Sheet A4-10 - elevation no. 2 = 19% [elevation faces the pedestrian walkway]
b. Sheet A4-11 - elevation no. 5 = 16% [elevation faces commercial properties to south]
c. Sheet A4-12 - elevation no. 3 = 9% [elevation faces commercial properties to south]
d. Sheet A4-12 - elevation no. 4 = 18% [elevation is visible from commercial properties to south]
e. Sheet A4-13 - elevation no. 1 = 18% [elevation includes the parking garage that faces the IH-30 frontage road].

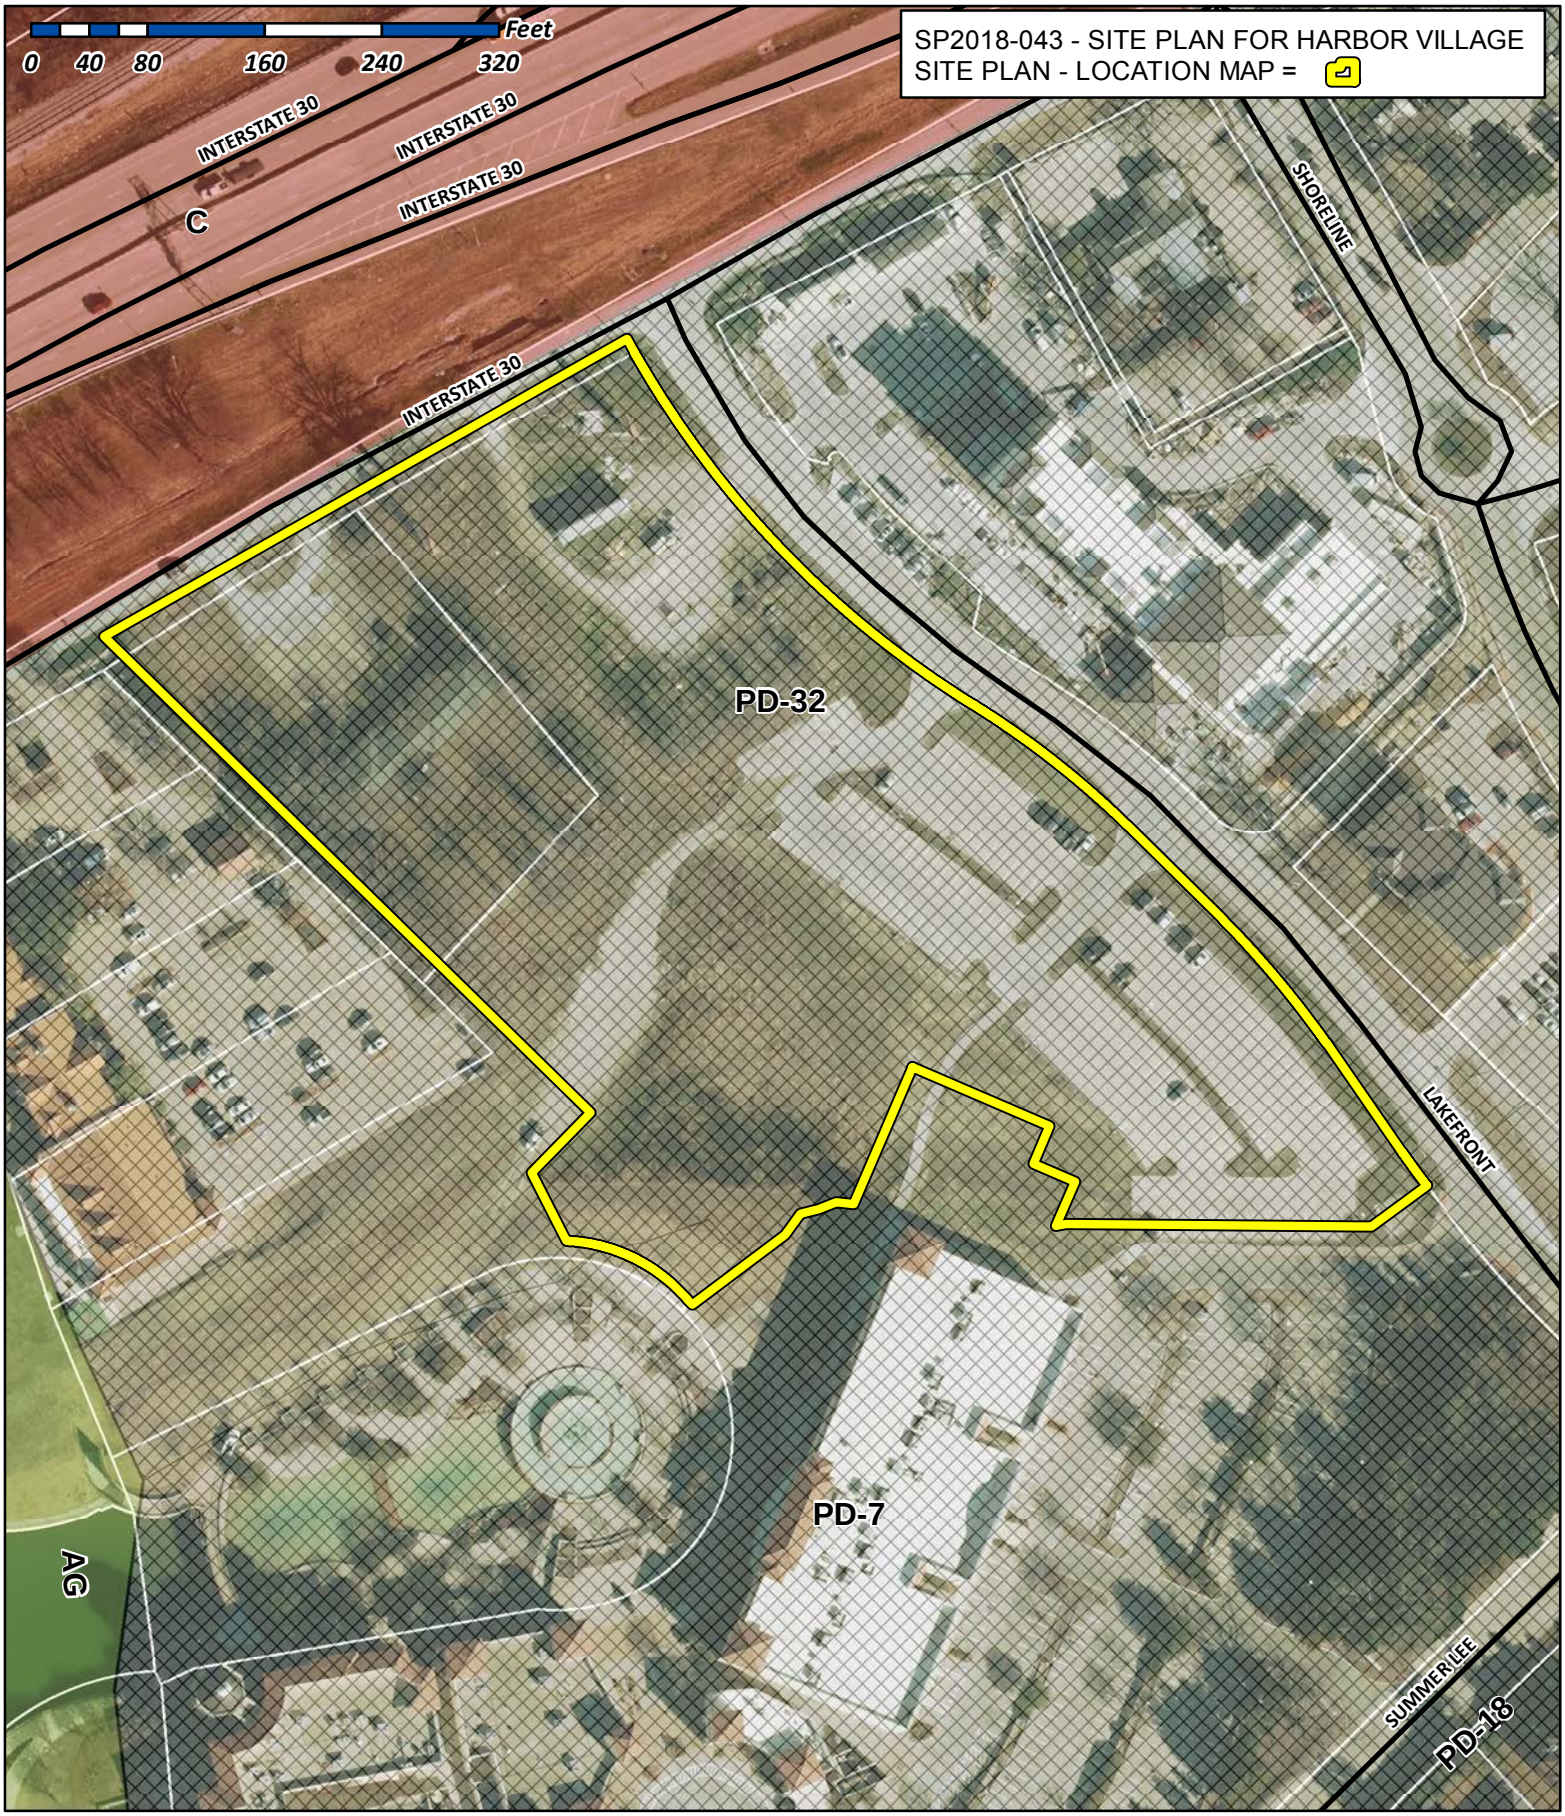
** The following are scheduled meeting dates that you and/or your representative(s) are required to attend regarding the Site Plan request. If you have any questions regarding this case, please feel free to contact David Gonzales, AICP with the Planning Department at 972-771-7745.

Meeting Dates to Attend:

Architectural Review Board: January 2, 2019(5:00 p.m.) [Applicant to receive recommendations from ARB]

Planning - Work Session: January 2, 2019 (6:00p.m.) [Applicant to present/discuss project with P&Z]

Parks and Recreations Board : January 3, 2019 (6:00p.m.) [PRB to assess park fees]



Architectural Review Board: January 15, 2019 (5:00 p.m.) [Subsequent meeting if necessary]

Planning - Action: January 15, 2018 (6:00p.m.) [P&Z to take action (i.e. approve, approve with conditions, deny)]

** City Council - Action: Tuesday, January 22, 2019 (6:00 p.m.) [FOR WAIVERS TO PD-32 ONLY] **

## LIGHTING NOTES

1. Lights shall be:
   - a. Pedestrain Scale Light:
     BEGA 9701 MH 100W MH
     BEGA 1108 HR 11'-8" tapered round pole with integral banner arms
   - b. Tree uplights in ROW to be:
     BK Lighting: B-K HP2-PAR2020-TR-59-SAP-11
2. Contractor is responsible for supplying all material and labor to provide finished lighting as per plan.
3. Contractor is responsible for providing all equipment necessary for the complete installation of the lighting system including, but not limited to: fixtures, lamps, switches, controls, wiring, conduits, etc.
4. Contractor shall obtain all necessary permits and adhere to all Local, State and Federal Codes and Standards, and Development Guidelines (if any).
5. Contractor is responsible for reviewing the Manufacturer's Specifications and installing lights and wires per such specifications.
6. Contractor is responsible for wiring lights to timer and electric eye for operation, or as shown on the electrical drawings.

## BENCHES

1. Benches shall be:
   LANDSCAPE FORMS
   SCARBOUROGH SERIES BACKLESS 22 X 18 X 72,
   ALUMINUM, SURFACE MOUNT, MOSS GREY
   TOTAL OF (22)
2. Contractor shall provide turn-key installation of all benchs including, but not limited to, shipment, handling, placement, etc.

## BIKE RACK NOTES

1. BIKE RACKS shall be:
   FORMS + SURFACES:
   'TRIO' Powdercoat: Moss Grey
   embed mount
   Total of (6): two per rack

## PET WASTE STATION NOTES

1. Pet Waste Stations shall be:
   ZERO WASTE USA
   The Sentry Pet Waste Station (#JJB006) ZW Green
   www.zerowasteusa.com / 1.800.789.2563
   TOTAL OF (2) IN DOG PARK AREA
2. Contractor shall provide turn-key installation including, but not limited to, shipment, handling, placement, etc.

## BOLLARD NOTES

1. BOLLARDS shall be:
   HESS AMERICA:
   'PARIS 1100 - B' Removeable
   Powdercoat: Moss Grey / 43.3" ht. x 3.9" dia.
   Total of (10)

## CONCRETE NOTES

1. All concrete shall be in accordance with the A.C.I. standard "Building Code Requirements for Reinforced Concrete" (A.C.I. 318) latest revision.
2. All reinforcing steel shall be new domestic deformed billet steel conforming to ASTM A615, Grade 60 (60,000 PSI yield point).
3. Reinforcing bar supports and spacers shall be provided in accordance with the Manual of Standard Practice by the Concrete Reinforcing Steel Institute.
4. Concrete shall have a minimum compressive strength at 28 days of 3000 PSI.
5. Grade beam concrete protection of reinforcement shall be 2" minimum top and sides, 3" minimum bottom.
6. Maximum nominal coarse aggregate sizes for concrete in the slabs-on-grade shall be 3/4".
7. Concrete slumps shall be 4" maximum, 2" minimum.
8. Mortar for walls shall be Type M ASTM C-270, consisting of: one (1) part hydrated Type S Lime, and not more than 3 3/4 parts well graded masonry sand with all proportions by volume.

## PAVESTONE NOTES

1. Contractor shall adhere to the Manufacturer's Installation Guidelines, Specifications, and any other requirements outlined by the Manufacturer for all paver installation.
2. It shall be the responsibility of the Contractor to obtain a copy of the Manufacturer's Specifications prior to commencing any work.
3. Type 'A' Pavers to be: Type and Color to be selected by Landscape Architect.
4. Type 'B' Pavers to be: Type and Color to be selected by Landscape Architect.
5. 'PAVESTONE' Pavers available from: Pavestone Company Mr. Joey Guedea (800) 245-7283.
6. Pattern as indicated on drawings.
7. Contractor shall submit a 'PAVESTONE' Standard Color Sample Board to the Landscape Architect / Owner for color selection prior to placing order.
8. The final color selection shall be made by the Landscape Architect on-site.
9. The Contractor shall construct a sample panel 10'-0" by 10'-0" on-site, at no expense to the Owner, for approval by the Landscape Architect / Owner prior to commencing work.
10. The Landscape Architect reserves the right to reject any and all work executed by the Contractor which does not meet his/her expectations and the Manufacturer's Specifications.
11. The Contractor shall make any modifications required by the Landscape Architect at no expense to the Owner.

## INTEGRAL COLORED CONCRETE NOTES

1. Color shall be integral concrete.
   'Chromix Admixtures' or equal as supplied by:
   L.M. Scofield Company
   1-800-222-4100
2. Contractor shall provide sample standard colors board and installation specifications from L.M. Scofield for review by the Architect and Owner prior to installation.
3. Contractor shall adhere to Manufacturer's Installation Guidelines, Specifications, and other requirements for all Color-Conditioned Concrete installation.
4. It shall be the responsibility of the Contractor to obtain a copy of the Manufacturer's Specifications prior to commencing any work.
5. The architect reserves the right to reject any and all work executed by the Contractor which does nor meet his/her expectations and Manufacturer's Specifications.
6. The Contractor shall construct a sample panel 3'-0" x 3'-0" on site, at no expense to the Owner, for approval by the Architect / Owner prior to commencing work.

## DECOMPOSED GRANITE NOTES

1. Provide Decomposed Granite with 'Stabilizer' Binder additive surfacing as indicated on drawings.
2. Submit representative samples of items specified for approval by Landscape Architect, Architect and Owner.
3. Decomposed Granite base material shall consist of a natural material mix of granite aggregate not to exceed 1/8" diameter in size and various stages of decomposed earth base.
4. Filter Fabric: Fabric shall be 'Mirascape', non-woven needle punched fabric made from polypropylene, non-biodegradable, inert to soil chemicals, acids and alkalines over a pH range of 3 - 12, as manufactured by MIRAFI Inc., or approved equal.
5. 'Stabilizer' Binder additive to be provided by:
   Stabilizer Solutions
   1 (800) 336-2468; www.stabilizersolutions.com
   Blend to be 12 - 16 lbs. of Stabilizer per ton of Decomposed Granite, thoroughly mixed throughout.
6. Provide grade stakes at 10 foot centers to insure grade points indicated on drawings are met. Insure scope of subgrade and finish surface meets cross sections indicated in details.
7. Prepare subgrade by excavating existing material soils to a maximum depth of 4".
8. After excavation, rototill or scarify top 1 inch of subgrade and compact to 95% standard proctor using double drum, single drum or automatic hand tampers.
9. Install filter fabric in bottom of excavation to limits of path.
10. Place four (4) inches of Decomposed Granite with 'Stabilizer' Binder over a dry sub-base. Do not install on wet sub-base. Provide compaction of material to maximum limits with automatic hand tampers in one inch lifts, unless noted otherwise on details. Compact to achieve a tight material matrix.
11. Provide twenty (20) 50 lbs. bags of pre-mixed Decomposed Granite for future use in repair and maintenance.
12. The Contractor shall construct a sample panel 5'-0" x 5'-0" on site, at no expense to the Owner, for approval by the Landscape Architect / Owner prior to commencing work.

## GENERAL LAWN NOTES

1. Fine grade areas to achieve final contours indicated on civil plans.
2. Adjust contours to achieve positive drainage away from buildings. Provide uniform rounding at top and bottom of slopes and other breaks in grade. Correct irregularities and areas where water may stand.
3. All lawn areas to receive solid sod shall be left in a maximum of 1" below final finish grade. Contractor to coordinate operations with on-site Construction Manager.
4. Imported topsoil shall be natural, friable soil from the region, known as bottom and soil, free from lumps, clay, toxic substances, roots, debris, vegetation, stones, containing no salt and black to brown in color.
5. All lawn areas to be fine graded, irrigation trenches completely settled, and finish grade approved by the Owner's Construction Manager or Architect prior to installation.
6. All rocks 3/4" diameter and larger, dirt clods, sticks, concrete spoils, etc. shall be removed prior to placing topsoil and any lawn installation
7. Contractor shall provide (1") one inch of imported topsoil on all areas to receive lawn.

## SOLID SOD NOTES

1. Fine grade areas to achieve final contours indicated. Leave areas to receive topsoil 3" below final desired grade in planting areas and 1" below final grade in turf areas.
2. Adjust contours to achieve positive drainage away from buildings. Provide uniform rounding at top and bottom of slopes and other breaks in grade. Correct irregularities and areas where water may stand.
3. All lawn areas to receive solid sod shall be left in a maximum of 1" below final finish grade. Contractor to coordinate operations with on-site Construction Manager.
4. Contractor to coordinate with on-site Construction Manager for availability of existing topsoil.
5. Plant sod by hand to cover indicated area completely. Insure edges of sod are touching. Top dress joints by hand with topsoil to fill voids.
6. Roll grass areas to achieve a smooth, even surface, free from unnatural undulations.
7. Water sod thoroughly as sod operation progresses.
8. Contractor shall maintain all lawn areas until final acceptance. This shall include, but not limited to: mowing, watering, weeding, cultivating, cleaning and replacing dead or bare areas to keep plants in a vigorous, healthy condition.
9. Contractor shall guarantee establishment of an acceptable turf area and shall provide replacement from local supply if necessary.
10. If installation occurs between September 1 and March 1, all sod areas to be over-seeded with Winter Ryegrass, at a rate of (4) pounds per one thousand (1000) square feet.

## IRRIGATION REPAIR SPECIFICATIONS: IF NEEDED FOR ANY OFF-SITE REPAIRS

1. Contractor shall perform site visit prior to bidding and construction, to review extent of existing irrigation system.
2. Contractor shall be responsible for verifying conditions of existing irrigation system. Contractor shall be responsible for maintaining the integrity of existing irrigation where possible, and if not, repair as needed, including but not limited to irrigation controller, meter, sleeving, etc.

## LAWN REPAIR NOTES: IF NEEDED FOR ANY OFF-SITE REPAIRS

1. All lawn areas damaged during construction to be repaired with solid sod and raked free of debris.
2. Adjust damaged areas to achieve positive drainage away from buildings. Provide uniform rounding at top and bottom of slopes and other breaks in grade. Correct irregularities and areas where water may stand.
3. All areas to be repaired must be planted by hand to cover area completely. Insure edges of sod are touching. Top dress joints by hand with compost to fill voids.
4. Roll repaired areas to achieve a smooth, even surface, free from unnatural undulations.

## LANDSCAPE NOTES

1. Contractor shall verify all existing and proposed site elements and notify Architect of any discrepancies. Survey data of existing conditions was supplied by others.
2. Contractor shall locate all existing underground utilities and notify Architect of any conflicts. Contractor shall exercise caution when working in the vicinity of underground utilities.
3. Contractor is responsible for obtaining all required landscape and irrigation permits.
4. Contractor to provide a minimum 2% slope away from all structures.
5. All planting beds and lawn areas to be separated by steel edging. No steel to be installed adjacent to sidewalks or curbs.
6. All landscape areas to be 100% irrigated with an underground automatic irrigation system and shall include rain and freeze sensors.
7. All lawn areas to be Solid Sod Bermudagrass, unless otherwise noted on the drawings.

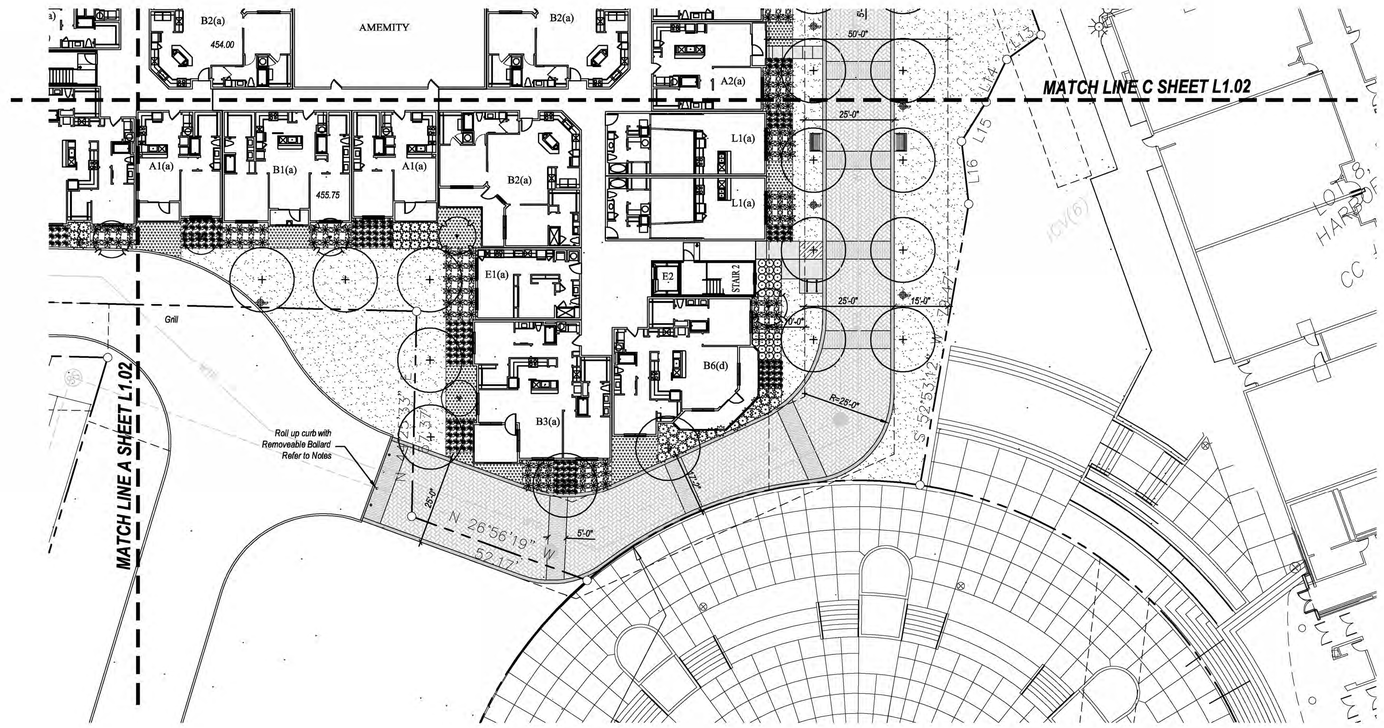
## MAINTENANCE NOTES

1. The Owner, tenant and their agent, if any, shall be jointly and severally responsible for the maintenance of all landscape.
2. All landscape shall be maintained in a neat and orderly manner at all times. This shall include mowing, edging, pruning, fertilizing, watering, weeding and other such activities common to landscape maintenance.
3. All landscape areas shall be kept free of trash, litter, weeds and other such material or plants not part of this plan.
4. All plant material shall be maintained in a healthy and growing condition as is appropriate for the season of the year.
5. All plant material which dies shall be replaced with plant material of equal or better value.
6. Contractor shall provide separate bid proposal for one year's maintenance to begin after final acceptance.

## PLANT LIST

**TREES**

| INCHES | QTY. | COMMON NAME | BOTANICAL NAME | SIZE | REMARKS |
|---|---|---|---|---|---|
| 224" | 56 | Bald Cypress | *Taxodium distichum* | 4" cal. | container grown, 15' ht., 5' spread min. |
| | 36 | Crepe Myrtle 'Dallas Red' | *Lagerstroemia indica 'Dallas Red'* | 2" cal. | container grown, 3-5 cane, no cross caning |
| | 36 | Live Oak | *Quercus virginiana* | 4" cal. | container grown, 15' ht. 5' spread min. |
| | 9 | Magnolia 'DD Blanchard' | *Magnolia sp. 'DD Blanchard'* | 12' ht. | container grown, full to base |
| | 29 | October Glory Red Maple | *Acer sp. 'October Glory'* | 3" cal. | container grown, 13' ht. 4' spread min. |
| | 3 | Red Oak 'Shumard' | *Quercus shumardii* | 4" cal. | B&B, 14' ht. 4'-5' spread min. |
| | 15 | Redbud | *Cercis canadensis* | 2" cal. | B&B, single trunk, 10' ht. min. |
| | 12 | Vitex | *Vitex agnes-castes* | 8' ht. | B&B or container, tree form, 3-5 cane |



**SHRUBS**

| QTY. | COMMON NAME | BOTANICAL NAME | SIZE | REMARKS |
|---|---|---|---|---|
| 67 | Cherry Laurel | *Prunus caroliniana* | 5' ht. | container, full plant, 4' o.c. |
| 157 | Nellie R. Stevens holly | *Ilex sp. 'Nellie R. Stevens'* | 36" ht. | container, full plant, 36" o.c. |
| 360 | Softleaf Yucca | *Yucca recurvifolia* | 5 gal. | container, full plant, 36" o.c. |
| 88 | Switchgrass | *Panicum sp. 'Heavy Metal'* | 3 gal. | container, full top of container, 36" o.c. |
| 126 | Gulf Muhly | *Muhlenbergia capillaris* | 3 gal. | container, full top of container, 30" o.c. |
| 493 | Hamlen Grass | *Pennisetum alepecuroides* | 3 gal. | container, full top of container, 24" o.c. |
| 265 | Salvia 'Furman's Red' | *Salvia greggii 'Furman's Red'* | 5 gal. | container, full plant, 24" o.c. |
| 1053 | Mexican Feathergrass | *Naselia tennuisimma* | 3 gal. | container, full top of container, 18" o.c. |

**GROUNDCOVERS**

| QTY. | COMMON NAME | BOTANICAL NAME | SIZE | REMARKS |
|---|---|---|---|---|
| 2249 | Berkeley Sedge | *Carex divulsa* | 4" pots | container, full top of container, 12" o.c. |
| 2548 | Wintercreeper | *Euonymus fortunei coloratus* | 4" pots | container, (3) 12" runners min. 12" o.c. |
| | Common Bermudagrass | *Cyodon dactylon* | roll sod | solid sod, refer to notes |

NOTE: Plant list is an aid to bidders only. Contractor shall verify all quantities on plan. All heights and spreads are minimums. All plant material shall meet or exceed remarks as indicated. All trees to have straight trunks and be matching within varieties.

**SECTION 02900 - LANDSCAPE**

**PART 1 - GENERAL**

**1.1 REFERENCED DOCUMENTS**

Refer to bidding requirements, special provisions, and schedules for additional requirements.

**1.2 DESCRIPTION OF WORK**

Work included: Furnish all supervision, labor, materials, services, equipment and appliances required to complete the work covered in conjunction with the landscaping covered in these specifications and landscaping plans, including:

1. Planting (trees, shrubs, and grass)
2. Bed preparation and fertilization
3. Notification of sources
4. Water and Maintenance until final acceptance
5. Guarantee

**1.3 REFERENCE STANDARDS**

A. American Standard for Nursery Stock published by American Association of Nurserymen: 27 October 1980, Edition; by American National Standards Institute, Inc. (Z60.1) – plant material.

B. American Joint Committee on Horticultural Nomenclature: 1942 Edition of Standardized Plant Names.

C. Texas Association of Nurserymen, Grades and Standards.

D. Hortis Third, 1976 - Cornell University

**1.4 NOTIFICATION OF SOURCES AND SUBMITTALS**

A. The Contractor shall, within ten (10) days following acceptance of bid, notify the Architect/Owner of the sources of plant materials and bed preparation required for the project.

B. Samples: Provide representative quantities of sandy loam soil, mulch, bed mix material, gravel, and crushed stone. Samples shall be approved by Architect before use on project.

C. Product Data: Submit complete product data and specifications on all other specified materials.

D. Submit three representative samples of each variety of ornamental trees, shrubs, and groundcover plants for Architect's approval. When approved, tag, install, and maintain as representative samples for final installed plant materials.

E. File Certificates of Inspection of plant material by state, county, and federal authorities with Architect, if required.

F. Soil Analysis: Provide sandy loam soil analysis if requested by the Architect.

**JOB CONDITIONS**

A. General Contractor to complete the following punch list: Prior to Landscape Contractor initiating any portion of landscape installation, General Contractor shall leave planting bed areas three (3") inches below finish grade of sidewalks, drives and curbs as shown on the drawings. All lawn areas to receive solid sod shall be left one (1") inch below the finish grade of sidewalks, drives, and curbs. All construction debris shall be removed prior to Landscape Contractor beginning any work.

B. General Contractor shall provide topsoil as described in Section 02200 - Earthwork.

C. Storage of materials and equipment at the job site will be at the risk of the Landscape Contractor. The Owner cannot be held responsible for theft or damage.

**1.6 MAINTENANCE AND GUARANTEE**

A. Maintenance:

1. The Landscape Contractor will be held responsible for the maintenance of all work from the time of planting until final acceptance by the Owner. No trees, shrubs, groundcover or grass will be accepted unless they show a healthy growth and satisfactory foliage conditions.
2. Maintenance shall include watering of trees and plants, cultivation, weeding spraying, edging, pruning of trees, mowing of grass, cleaning up and all other work necessary of maintenance.
3. A written notice requesting final inspection and acceptance should be submitted to the Owner at least seven (7) days prior to completion. An on-site inspection by Owner and Landscape Contractor will be completed prior to written acceptance.
4. After final acceptance of installation, the Landscape Contractor will not be required to do any of the above listed work.

B. Guarantee:

1. Trees shall be guaranteed for a twelve (12) month period after acceptance. Shrubs and groundcover shall be guaranteed for twelve (12) months. The Contractor shall replace all dead materials as soon as weather permits and upon notification of the Owner. Plants, including trees, which have partially died so that shape, size, or symmetry has been damaged, shall be considered subject to replacement. In such cases, the opinion of the Owner shall be final.
   a. Plants used for replacement shall be of the same size and kind as those originally planted and shall be planted as originally specified. All work, including materials, labor and equipment used in replacements, shall carry a twelve (12) month guarantee. Any damage, including ruts in lawn or bed areas, incurred as a result of making replacements shall be immediately repaired.
   b. At the direction of the Owner, plants may be replaced at the start of the next year's planting season. In such cases, dead plants shall be removed from the premises immediately.
   c. When plant replacements are made, plants, soil mix, fertilizer and mulch are to be utilized as originally specified and reinspected for full compliance with Contract requirements. All replacements are to be included under "Work" of this section.
2. The Owner agrees that for the guarantee to be effective, he will water plants at least twice a week during dry periods and cultivate beds once a month after final acceptance.
3. The above guarantee shall not apply where plants die after acceptance because of injury from storms, hail, freeze, insects, diseases, injury by humans, machines or theft.
4. Acceptance for all landscape work shall be given after final inspection by the Owner provided the job is in a completed, undamaged condition, and there is a stand of grass in all lawn areas. At this time, the Owner will assume maintenance on the accepted work.

C. Repairs: Any necessary repairs under the Guarantee must be made within ten (10) days after receiving notice, weather permitting, and in the event the Landscape Contractor does not make repairs accordingly, the Owner, without further notice to Contractor, may provide materials and men to make such repairs at the expense of the Landscape Contractor.

**1.7 QUALITY ASSURANCE**

A. General: Comply with applicable Federal, State, County and Local regulations governing landscape materials and work

B. Personnel: Employ only experienced personnel who are familiar with the required work. Provide full time supervision by a qualified foreman acceptable to Landscape Architect.

C. Selection of Plant Material:

1. Make contact with suppliers immediately upon obtaining notice of contract acceptance to select and book materials. Develop a program of maintenance (pruning and fertilization) which will insure the purchased materials will meet and/or exceed project specifications.
2. Landscape Architect will provide a key identifying each tree location on site. Written verification will be required to document material selection, source and delivery schedules to site.
3. Owner and/or Architect shall inspect all plant materials when reasonable at place of growth for compliance with requirements for genus, species, cultivar/variety, size and quality.
4. Owner and/or Architect retains the right to further inspect all plant material upon arrival at the site and during installation for size and condition of root balls, limbs, branching habit, insects, injuries, and latent defects.
5. Owner and/or Architect may reject unsatisfactory or defective material at any time during the process of work. Remove rejected materials from the site immediately. Plants damaged in transit or at job site shall be rejected.

**1.8 PRODUCT DELIVERY, STORAGE AND HANDLING**

A. Preparation:

1. Balled and Burlapped (B&B) Plants: Dig and prepare shipment in a manner that will not damage roots, branches, shape, and future development.
2. Container Grown Plants: Deliver plants in rigid container to hold ball shape and protect root mass.

A. Delivery:

1. Deliver packaged materials in sealed containers showing weight, analysis and name of manufacturer. Protect materials from deterioration during delivery and while stored at site.
2. Deliver only plant materials that can be planted in one day unless adequate storage and watering facilities are available on job site.
3. Protect root balls by heeling in with sawdust or other approved moisture retaining material if not planted within 24 hours of delivery.
4. Protect plants during delivery to prevent damage to root balls or desiccation of leaves. Keep plants moist at all times. Cover all materials during transport.
5. Notify Architect of delivery schedule 72 hours in advance so plant material may be observed upon arrival at job site.
6. Remove rejected plant material immediately from site.
7. To avoid damage or stress, do not lift, move, adjust to plumb, or otherwise manipulate plants by trunk or stems.

**PART 2 - PRODUCTS**

**2.1 PLANTS**

A. General: Well-formed No. 1 grade or better nursery grown stock. Listed plant heights are from tops of root balls to nominal tops of plants. Plant spread refers to nominal outer width of the plant, not to the outer leaf tips. Plants will be individually approved by the Architect and his decision as to their acceptability shall be final.

B. Quantities: The drawings and specifications are complimentary. Anything called for on one and not the other is as binding as if shown and called for on both. The plant schedule is an aid to bidders only. Confirm all quantities on plan.

C. Quality and size: Plant materials shall conform to the size given on the plan, and shall be healthy, symmetrical, well-shaped, full branched, and well rooted. The plants shall be free from injurious insects, diseases, injuries to the bark or roots, broken branches, objectionable disfigurements, insect eggs and larvae and are to be of specimen quality.

D. Approval: All plant materials shall be subject to the approval of the Owner. All plants which are found unsuitable in growth, or in any unhealthy, badly shaped, or undersized condition, will be rejected by the Landscape Architect, either before or after planting, and shall be removed at the expense of the Landscape Contractor and replaced with acceptable plants as specified.

E. Trees shall be healthy, full-branched, well-shaped and shall meet the trunk diameter and height requirements of the plant schedule. Balls shall be firm, neat, slightly tapered, and well wrapped in burlap. Any tree loose in the ball or with broken ball at time of planting will be rejected. Balls shall be ten (10") inched in diameter for each one (1") inch of trunk diameter, Measured six (6") inched above ball.
   Nomenclature conforms to the customary nursery usage: for clarification, the term "multi-trunk" defines a plant having three (3) or more trunks of nearly equal diameter.

F. Pruning: All pruning of trees and shrubs, as directed by the Landscape Architect, shall be executed by the Landscape Contractor at no additional cost to the Owner.

**2.2 SOIL PREPARATION MATERIALS**

A. Sandy Loam:

1. Friable, fertile, dark, loamy soil, free of clay lumps, subsoil, stones and other extraneous material and reasonably free of weeds and foreign grasses. Loam containing Dallasgrass or Nutgrass shall be rejected.
2. Physical properties as follows:
   Clay – between 7-27 percent
   Silt – between 15-25 percent
   Sand – less than 52 percent
3. Organic matter shall be 3%-10% of total dry weight.
4. If requested, provide a certified soil analysis conducted by an approved soil testing laboratory verifying that sandy loam meets the above requirements.

B. Organic Material: Compost with a mixture of 80% vegetative matter and 20% animal waste. Ingredients should be a mix of course and fine textured material.

C. Premixed Bedding Soil as supplied by Vital Earth Resources, Gladewater, Texas; Professional Bedding Soil as supplied by Living Earth Technology, Dallas, Texas or Acid Gro Municipal Mix as supplied by Soil Building Systems, Dallas, Texas or approved equal.

D. Sharp Sand: Sharp sand must be free of seeds, soil particles and weeds.

E. Mulch: Double Shredded Hardwood Mulch, partially decomposed, dark brown. Living Earth Technologies or approved equal.

F. Organic Fertilizer: Fertilaid, Sustane, or Green Sense or equal as recommended for required applications. Fertilizer shall be delivered to the site in original unopened containers, each bearing the manufacturer's guaranteed statement of analysis.

A. Commercial Fertilizer: 10-20-10 or similar analysis. Nitrogen source to be a minimum 50% slow release organic Nitrogen (SCU or UF) with a minimum 8% sulphur and 4% iron, plus micronutrients.

B. Peat: Commercial sphagnum peat moss or partially decomposed shredded pine bark or other approved organic material.

**2.3 MISCELLANEOUS MATERIALS**

A. Steel Edging: Shall be Ryerson "Estate Curbing", 1/8" x 4" with stakes 4' on center.

B. Staking Material for Shade Trees:

1. Post: Studded T-Post, #1 Armco with anchor plate; 6'-0" length; paint green.
2. Wire: 12 gauge, single strand, galvanized wire.
3. Rubber hose: 2 ply, fiber reinforced hose, minimum ½ inch inside diameter. Color: Black.

C. Gravel: Washed native pea gravel, graded 1 in. to 1-1/2 in.

D. Filter Fabric: Mirafi 140N by Celanese Fibers Marketing Company, available at Loftland Co., (214) 631-5250 or approved equal.

**PART 3 - EXECUTION**

**3.1 BED PREPARATION & FERTILIZATION**

A. Landscape Contractor to inspect all existing conditions and report any deficiencies to the Owner.

B. All planting areas shall be conditioned as follows:

1. Prepare new planting beds by scraping away existing grass and weeds as necessary. Till existing soil to a depth of six (6") inches prior to placing compost and fertilizer. Apply fertilizer as per manufacturers recommendations. Add six (6") inches of compost and till into a depth of six (6") inches of the topsoil. Apply organic fertilizer such as Sustane or Green Sense at the rate of twenty (20) pounds per one thousand (1,000) square feet.
2. All planting areas shall receive a two (2") inch layer of specified mulch.
3. Backfill for tree pits shall be as follows: Use existing top soil on site (use imported topsoil as needed) free from large clumps, rocks, debris, caliche, subsoils, etc., placed in nine (9") inch layers and watered in thoroughly.

C. Grass Areas:

1. Areas to be Solid Sod Bermudagrass: Blocks of sod should be laid joint to joint, (staggered joints) after fertilizing the ground first. Roll grass areas to achieve a smooth, even surface. The joints between the blocks of sod should be filled with topsoil where they are evidently gaped open, then watered thoroughly.
2. Areas to be Hydromulch Common Bermudagrass: Hydromulch with bermudagrass seed at a rate of two (2) pounds per one thousand (1,000) square feet. Use a 4' x 8' batter board against the bed areas.

**3.2 INSTALLATION**

A. Maintenance of plant materials shall begin immediately after each plant is delivered to the site and shall continue until all construction has been satisfactorily accomplished.

B. Plant materials shall be delivered to the site only after the beds are prepared and area ready for planting. All shipments of nursery materials shall be thoroughly protected from the drying winds during transit. All plants which cannot be planted at once, after delivery to the site, shall be well protected against the possibility of drying by wind and sun. Balls of earth of B & B plants shall be kept covered with soil or other acceptable material. All plants remain the property of the Contractor until final acceptance.

C. Position the trees and shrubs in their intended location as per plan.

D. Notify the Landscape Architect for inspection and approval of all positioning of plant materials.

E. Excavate pits with vertical sides and horizontal bottom. Tree pits shall be large enough to permit handling and planting without injury to balls of earth or roots and shall be of such depth that, when planted and settled, the crown of the plant shall bear the same relationship to the finish grade as it did to soil surface in original place of growth.

F. Shrub and tree pits shall be no less than two (2') feet, twenty-four (24") inches, wider than the lateral dimension of earth ball and six (6") inches deeper than if's vertical dimension. Remove and haul from site all rocks and stones over one (1") inch in diameter. Plants should be thoroughly moist before removing containers.

G. Dig a wide, rough sided hole exactly the same depth as the height of the ball, especially at the surface of the ground. The sides of the hole should be rough and jagged, never slick or glazed.

H. Percolation Test: Fill the hole with water. If the water level does not percolate within 24 hours, the tree needs to move to another location or have drainage added. Install a PVC stand pipe per tree planting detail as approved by the Landscape Architect.

I. Backfill only with 5 parts existing soil or sandy loam and 1 part bed preparation. When the hole is dug in solid rock, topsoil from the same area should not be used. Carefully settle by watering to prevent air pockets. Remove the burlap from the top 1/3 of the ball, as well as all nylon, plastic string and wire mesh. Container trees will usually be pot bound, if so follow standard nursery practice of 'root scoring'.

J. Do not wrap trees.

K. Do not over prune.

L. Mulch the top of the ball. Do not plant grass all the way to the trunk of the tree. Leave the area above the top of the ball and mulch with at least two (2") inches of specified mulch.

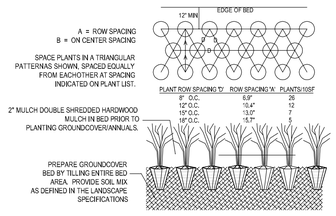
M. All plant beds and trees to be mulched with a minimum settled thickness of two (2") inches over the entire bed or pit.

N. Obstruction below ground: In the event that rock, or underground construction work or obstructions are encountered in any plant pit excavation work to be done under this section, alternate locations may be selected by the Owner. Where locations cannot be changed, the obstructions shall be removed to a depth of not less than three (3') feet below grade and no less than six (6") inches below the bottom of ball when plant is properly set at the required grade. The work of this section shall include the removal from the site of such rock or underground obstructions encountered at the cost of the Landscape Contractor.

O. Trees and large shrubs shall be staked as site conditions require. Position stakes to secure tree against seasonal prevailing winds.

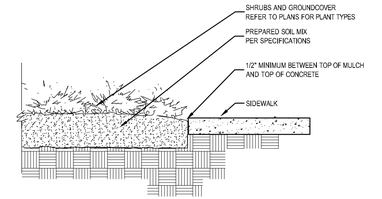
P. Pruning and Mulching: Pruning shall be directed by the Architect and shall be pruned in accordance with standard horticultural practice following Fine Pruning, Class I pruning standards provided by National Arborist Association.

1. Dead wood or suckers and broken badly bruised branches shall be removed. General tipping of the branched is not permitted. Do not cut terminal branches.
2. Pruning shall be done with clean, sharp tools.
3. Immediately after planting operations are completed, all tree pits shall be covered with a layer of organic material two (2") inches in depth. This limit of the organic material



Q. Steel Curbing Installation:

1. Curbing shall be aligned as indicated on plans. Stake out limits of steel curbing and obtain Owners approval prior to installation.
2. All steel curbing shall be free of kinks and abrupt bends.
3. Top of curbing shall be 3/4" maximum height above grade.
1. Stakes are to be installed on the planting bed side of the curbing, as opposed to the grass side.
2. Do not install steel edging along sidewalks.
3. Cut steel edging at 45 degree angle where edging meets sidewalk.



**3.3 CLEANUP AND ACCEPTANCE**

A. Cleanup: During the work, the premises shall be kept neat and orderly at all times. Storage areas for all materials shall be so organized that they, too, are neat and orderly. All trash and debris shall be removed from the site as work progresses. Keep paved areas clean by sweeping or hosing at end of each days work.

CONTRACTOR NOTE

IT IS THE RESPONSIBILITY OF THE CONTRACTOR TO NOTIFY THE ARCHITECT, LANDLORD AND TENANT OF ANY DISCREPANCIES ENCOUNTERED ON THE PLANS OR IN EXISTING SITE CONDITIONS PRIOR TO SUBMISSION OF BID.

BIDDERS ARE TO VISIT THE SITE AND FAMILIARIZE THEMSELVES WITH EXISTING CONDITIONS AND SATISFY THEMSELVES AS TO THE NATURE AND SCOPE OF THE WORK. THE BASE BID SHALL REFLECT MODIFICATIONS TO SYSTEMS AND DEVICES AS REQUIRED BY STATE, LOCAL AND FEDERAL CODES WHETHER INDICATED OR NOT ON CONTRACT DOCUMENTS. THE SUBMISSIONS OF A BID WILL BE EVIDENCE THAT SUCH AN EXAMINATION AND COMPLIANCE WITH GOVERNING CODES/REQUIREMENTS HAS BEEN MADE. LATER CLAIMS FOR LABOR, EQUIPMENT, OR MATERIALS REQUIRED, OR FOR DIFFICULTIES ENCOUNTERED WHICH COULD HAVE BEEN FORESEEN HAD AN EXAMINATION AND CODE/REQUIREMENTS REVIEW BEEN MADE, WILL NOT BE ALLOWED.

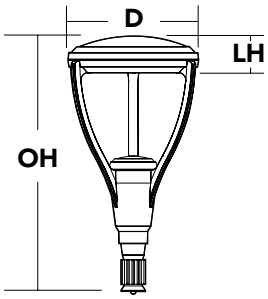
## LED Area Luminaire

Catalog Number



Notes

Type

*Hit the Tab key or mouse over the page to see all interactive elements.*

## Specifications

| | |
|---|---|
| **EPA:** | 1.125 ft² *(0.105 m²)* |
| **Luminaire Height:** | 6-3/8″ *(16.2 cm)* |
| **Overall Height:** | 32″ *(81.3 cm)* |
| **Diameter:** | 18″ *(45.7 cm)* |
| **Weight (max):** | 37.5 lbs *(17 kg)* |

## A+ Capable Luminaire

This item is an A+ capable luminaire, which has been designed and tested to provide consistent color appearance and system-level interoperability.

- All configurations of this luminaire meet the Acuity Brands' specification for chromatic consistency
- This luminaire is A+ Certified when ordered with DTL® controls marked by a shaded background. DTL DLL equipped luminaires meet the A+ specification for luminaire to photocontrol interoperability1
- This luminaire is part of an A+ Certified solution for ROAM® or XPoint™ Wireless control networks, providing out-of-the-box control compatibility with simple commissioning, when ordered with drivers and control options marked by a shaded background[1]

To learn more about A+, visit www.acuitybrands.com/aplus.

1. See ordering tree for details.
2. A+ Certified Solutions for ROAM require the order of one ROAM node per luminaire. Sold Separately: Link to Roam; Link to DTL DLL

A+ Capable options indicated by this color background.

# Ordering Information

## Accessories

*Ordered and shipped separately.*

| | |
|---|---|
| DLL127F 1.5 JU | Photocell - SSL twist-lock (120-277V) [8] |
| DLL347F 1.5 CUL JU | Photocell - SSL twist-lock (347V) [8] |
| DLL480F 1.5 CUL JU | Photocell - SSL twist-lock (480V) [8] |
| DSHORT SBK U | Shorting cap [8] |
| MRPT20 DDBXD U | 2-3/8" tenon slipfitter (specify finish) |
| MRPT25 DDBXD U | 2-7/8" tenon slipfitter (specify finish) |
| MRPT30 DDBXD U | 3-1/2" tenon slipfitter (specify finish) |
| MRPT35 DDBXD U | 4" tenon slipfitter (specify finish) |
| MRPF3 DDBXD U | 3" OD round pole adapter (specify finish) |
| MRPF5 DDBXD U | 5" OD round pole adapter (specify finish) [2] |

*For more control options, visit DTL and ROAM online.*

**NOTES**

1. MVOLT driver operates on any line voltage from 120-277V (50/60 Hz).
2. Single fuse (SF) requires 120V, 277V or 347V. Double fuse (DF) requires 208V, 240V or 480V.
3. Also available as a separate accessory; see Accessories information at left.
4. Maximum pole wall thickness is 0.156".
5. If ROAM® node required, it must be ordered and shipped as a separate line item from Acuity Brands Controls.
6. Requires an additional switched line.
7. Dimming driver standard. Not available with 347V, 480V, SF, DF, PER5 or PER7.
8. Requires luminaire to be specified with PER option. Ordered and shipped as a separate line item.

# Performance Data

## Lumen Output

Lumen values are from photometric tests performed in accordance with IESNA LM-79-08. Data is considered to be representative of the configurations shown, within the tolerances allowed by Lighting Facts. Contact factory for performance data on any configurations not shown here.

| LEDs | Drive Current (mA) | System Watts | Dist. Type | 30K | | | | | 40K | | | | | 50K | | | | |

## Lumen Ambient Temperature (LAT) Multipliers

Use these factors to determine relative lumen output for average ambient temperatures from 0-40°C (32-104°F).

| Ambient | | Lumen Multiplier |
|---|---|---|
| 0°C | 32°F | 1.06 |
| 10°C | 50°F | 1.04 |
| 20°C | 68°F | 1.01 |
| **25°C** | **77°F** | **1.00** |
| 30°C | 86°F | 0.99 |
| 40°C | 104°F | 0.96 |

## Projected LED Lumen Maintenance

Data references the extrapolated performance projections for the **MRP LED 42C 700** platform in a **25°C ambient**, based on 10,000 hours of LED testing (tested per IESNA LM-80-08 and projected per IESNA TM-21-11).

To calculate LLF, use the lumen maintenance factor that corresponds to the desired number of operating hours below. For other lumen maintenance values, contact factory.

| Operating Hours | 0 | 25,000 | 50,000 | 100,000 |
|---|---|---|---|---|
| Lumen Maintenance Factor | 1.0 | 0.96 | 0.92 | 0.85 |

## FEATURES & SPECIFICATIONS

**INTENDED USE**
Streets, walkways, parking lots and surrounding areas.

**CONSTRUCTION**
Single-piece die-cast aluminum housing with nominal wall thickness of .012". Die-cast top access doorframe has impact-resistant, tempered glass lens (3/16" thick). Doorframe is fully gasketed with one-piece tubular silicone.

**FINISH**
Exterior parts are protected by a zinc-infused Super Durable TGIC thermoset powder coat finish that provides superior resistance to corrosion and weathering. A tightly controlled multi-stage process ensures a minimum 3 mils thickness for a finish that can withstand extreme climate changes without cracking or peeling. Standard Super Durable colors include dark bronze, black, natural aluminum and white. Available in textured and non-textured finishes.

**OPTICS**
Precision acrylic refractive optics for optimum light distribution through the flat glass lens. Light engines are available in standard 3000K (70 CRI) or optional 4000K (70 CRI) or 5000K (70 CRI) configurations.

**ELECTRICAL**
Light engine consists of 42 high-efficacy LEDs mounted to a metal-core circuit board and aluminum heat sink, ensuring optimal thermal management and long life. Class 1 electronic driver has a power factor >90%, THD <20%, and has an expected life of 100,000 hours with <1% failure rate. Easily-serviceable surge protection device meets a minimum Category C Low for operation (per ANSI/IEEE C62.41.2).

**INSTALLATION**
Standard post-top mounting configuration fits into a 4" OD open pole top (round pole only). Multiple options and accessories are available for other mounting needs.

**LISTINGS**
CSA certified to U.S. and Canadian standards. Luminaire is IP65 rated. Rated for -40°C minimum ambient. **U.S. Patent No. D556,357.**

**WARRANTY**
5-year limited warranty. Complete warranty terms located at:
www.acuitybrands.com/CustomerResources/Terms_and_conditions.aspx.

**Note:** Actual performance may differ as a result of end-user environment and application. All values are design or typical values, measured under laboratory conditions at 25 °C. Specifications subject to change without notice.

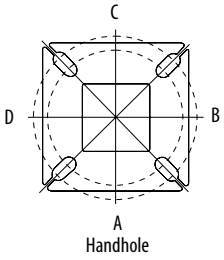
| KMA8 DDBXD U | Mast arm mounting bracket adaptor (specify finish) [8] |

*For more control options, visit DTL and ROAM online.*

**NOTES**



1 P10, P11, P12 or P13 and rotated optics (L90, R90) only available together.
2 AMBPC is not available with BLC, LCCO, RCCO or P4, P7, P8, P9 or P13.
3 Not available with HS.
4 MVOLT driver operates on any line voltage from 120-277V (50/60 Hz).
5 Any PIRx with BL30, BL50 or PNMT, is not available with 208V, 240V, 347V, 480V or MVOLT. It is only available in 120V or 277V specified.
6 Single fuse (SF) requires 120V, 277V or 347V. Double fuse (DF) requires 208V, 240V or 480V.
7 Not available in P1 or P10. Not available with BL30, BL50 or PNMT options.
8 Existing drilled pole only. Available as a separate combination accessory; for retrofit use only: PUMBA (finish) U; 1.5 G vibration load rating per ANCI C136.31.
9 Must order fixture with SPA option. Must be ordered as a separate accessory; see Accessories information. For use with 2-3/8" mast arm (not included).
10 Must be ordered with PIRHN.
11 Photocell ordered and shipped as a separate line item from Acuity Brands Controls. See accessories. Not available with DS option. Shorting cap included.
12 If ROAM® node required, it must be ordered and shipped as a separate line item from Acuity Brands Controls. Not available with DCR. Node with integral dimming. Shorting cap included.
13 Provides 50/50fixture operation via (2) independent drivers. Not available with PER, PER5, PER7, PIR or PIRH. Not available P1, P2, P3, P4 or P5.
14 Requires (2) separately switched circuits.
15 Reference Motion Sensor table on page 3.
16 Reference PER table on page 3 to see functionality.
17 Must be ordered with NLTAIR2. For more information on nLight Air 2 visit this link.
18 Not available with 347V, 480V, PNMT, DS. For PER5 or PER7, see PER Table on page 3. Requires isolated neutral.
19 Not available with 347V, 480V, DS, BL30, BL50. For PER5 or PER7, see PER Table on page 3. Separate Dusk to Dawn required.
20 Not available with other dimming controls options
21 Not available with BLC, LCCO and RCCO distribution. Also available as a separate accessory; see Accessories information.
22 Must be ordered with fixture for factory pre-drilling.
23 Requires luminaire to be specified with PER, PER5 or PER7 option. See PER Table on page 3.
24 For retrofit use only.

# Performance Data

## Lumen Ambient Temperature (LAT) Multipliers

Use these factors to determine relative lumen output for average ambient temperatures from 0-40°C (32-104°F).

| Ambient | | Lumen Multiplier |
|---|---|---|
| 0°C | 32°F | 1.04 |
| 5°C | 41°F | 1.04 |
| 10°C | 50°F | 1.03 |
| 15°C | 50°F | 1.02 |
| 20°C | 68°F | 1.01 |
| **25°C** | **77°F** | **1.00** |
| 30°C | 86°F | 0.99 |
| 35°C | 95°F | 0.98 |
| 40°C | 104°F | 0.97 |

## Projected LED Lumen Maintenance

Data references the extrapolated performance projections for the platforms noted in a **25°C ambient**, based on 10,000 hours of LED testing (tested per IESNA LM-80-08 and projected per IESNA TM-21-11).

To calculate LLF, use the lumen maintenance factor that corresponds to the desired number of operating hours below. For other lumen maintenance values, contact factory.

| Operating Hours | 0 | 25000 | 50000 | 100000 |
|---|---|---|---|---|
| Lumen Maintenance Factor | 1.00 | 0.96 | 0.92 | 0.85 |

# Performance Data

## Lumen Output

Lumen values are from photometric tests performed in accordance with IESNA LM-79-08. Data is considered to be representative of the configurations shown, within the tolerances allowed by Lighting Facts. Contact factory for performance data on any configurations not shown here.

# Performance Data

## Lumen Output

Lumen values are from photometric tests performed in accordance with IESNA LM-79-08. Data is considered to be representative of the configurations shown, within the tolerances allowed by Lighting Facts. Contact factory for performance data on any configurations not shown here.

## FEATURES & SPECIFICATIONS

**INTENDED USE**
The sleek design of the D-Series Size 1 reflects the embedded high performance LED technology. It is ideal for many commercial and municipal applications, such as parking lots, plazas, campuses, and streetscapes.

**CONSTRUCTION**
Single-piece die-cast aluminum housing has integral heat sink fins to optimize thermal management through conductive and convective cooling. Modular design allows for ease of maintenance and future light engine upgrades. The LED drivers are mounted in direct contact with the casting to promote low operating temperature and long life. Housing is completely sealed against moisture and environmental contaminants (IP65). Low EPA (1.01 $ft^2$) for optimized pole wind loading.

**FINISH**
Exterior parts are protected by a zinc-infused Super Durable TGIC thermoset powder coat finish that provides superior resistance to corrosion and weathering. A tightly controlled multi-stage process ensures a minimum 3 mils thickness for a finish that can withstand extreme climate changes without cracking or peeling. Available in both textured and non-textured finishes.

**OPTICS**
Precision-molded proprietary acrylic lenses are engineered for superior area lighting distribution, uniformity, and pole spacing. Light engines are available in standard 3000 K, 4000 K and 5000 K (70 CRI) configurations. The D-Series Size 1 has zero uplight and qualifies as a Nighttime Friendly™ product, meaning it is consistent with the LEED® and Green Globes™ criteria for eliminating wasteful uplight.

**ELECTRICAL**
Light engine configurations consist of high-efficacy LEDs mounted to metal-core circuit boards to maximize heat dissipation and promote long life (up to L85/100,000 hours at 25°C). Class 1 electronic drivers are designed to have a power factor >90%, THD <20%, and an expected life of 100,000 hours with <1% failure rate. Easily serviceable 10kV surge protection device meets a minimum Category C Low operation (per ANSI/IEEE C62.41.2).

**INSTALLATION**
Included mounting block and integral arm facilitate quick and easy installation. Stainless steel bolts fasten the mounting block securely to poles and walls, enabling the D-Series Size 1 to withstand up to a 3.0 G vibration load rating per ANSI C136.31. The D-Series Size 1 utilizes the AERIS™ series pole drilling pattern (template #8). Optional terminal block and NEMA photocontrol receptacle are also available.

**LISTINGS**
UL Listed for wet locations. Light engines are IP66 rated; luminaire is IP65 rated. Rated for -40°C minimum ambient. U.S. Patent No. D672,492 S. International patent pending.

DesignLights Consortium® (DLC) Premium qualified product and DLC qualified product. Not all versions of this product may be DLC Premium qualified or DLC qualified. Please check the DLC Qualified Products List at www.designlights.org/QPL to confirm which versions are qualified.

International Dark-Sky Association (IDA) Fixture Seal of Approval (FSA) is available for all products on this page utilizing 3000K color temperature only.

**WARRANTY**
5-year limited warranty. Complete warranty terms located at:
www.acuitybrands.com/CustomerResources/Terms_and_conditions.aspx

**Note:** Actual performance may differ as a result of end-user environment and application. All values are design or typical values, measured under laboratory conditions at 25 °C. Specifications subject to change without notice.

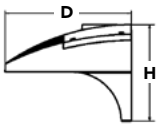
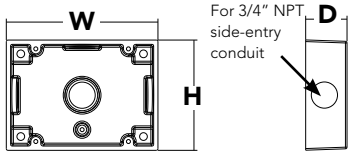
## Specifications



### Luminaire



| | | | |
|---|---|---|---|
| **Width:** | 18-1/2" (47.0 cm) | **Weight:** | 21 lbs (9.5 kg) |
| **Depth:** | 10" (25.4 cm) | | |
| **Height:** | 7-5/8" (19.4 cm) | | |

### Back Box (BBW)

| | | | |
|---|---|---|---|
| **Width:** | 5-1/2" (14.0 cm) | **BBW Weight:** | 1 lbs (0.5 kg) |
| **Depth:** | 1-1/2" (3.8 cm) | | |
| **Height:** | 4" (10.2 cm) | | |

A+ Capable options indicated by this color background.

## A+ Capable Luminaire

This item is an A+ capable luminaire, which has been designed and tested to provide consistent color appearance and system-level interoperability.

- All configurations of this luminaire meet the Acuity Brands' specification for chromatic consistency
- This luminaire is A+ Certified when ordered with DTL® controls marked by a shaded background. DTL DLL equipped luminaires meet the A+ specification for luminaire to photocontrol interoperability1
- This luminaire is part of an A+ Certified solution for ROAM® or XPoint™ Wireless control networks, providing out-of-the-box control compatibility with simple commissioning, when ordered with drivers and control options marked by a shaded background[1]

To learn more about A+, visit www.acuitybrands.com/aplus.

1. See ordering tree for details.
2. A+ Certified Solutions for ROAM require the order of one ROAM node per luminaire. Sold Separately: Link to Roam; Link to DTL DLL

## Ordering Information

### Accessories

*Ordered and shipped separately.*

| | |
|---|---|
| DLL127F 1.5 JU | Photocell - SSL twist-lock (120-277V) [14] |
| DLL347F 1.5 CUL JU | Photocell - SSL twist-lock (347V) [14] |
| DLL480F 1.5 CUL JU | Photocell - SSL twist-lock (480V) [14] |
| DSHORT SBK U | Shorting cap (Included when ordering PER, PER5 or PER7) [14] |
| DSXWHS U | House-side shield (one per light engine) |
| DSXWBSW U | Bird-deterrent spikes |
| DSXW2WG U | Wire guard accessory |
| DSXW2VG U | Vandal guard accessory |
| DSXW2BBW DDBXD U | Back box accessory (specify finish) |

*For more control options, visit DTL and ROAM online.*

**NOTES**

1 1000mA is not available with AMBPC.
2 AMBPC is not available with 1000mA.
3 MVOLT driver operates on any line voltage from 120-277V (50/60 Hz).
4 Single fuse (SF) requires 120, 277 or 347 voltage option. Double fuse (DF) requires 208, 240 or 480 voltage option.
5 Available with 30 LED/700mA options only (DSXW2 LED 30C 700). DMG option not available.
6 Also available as a separate accessory; see Accessories information.
7 Photocontrol (PE) requires 120, 208, 240, 277 or 347 voltage option. Not available with motion/ambient light sensors (PIR or PIRH).
8 Photocell ordered and shipped as a separate line item from Acuity Brands Controls. See accessories. Shorting Cap included.
9 If ROAM® node required, it must be ordered and shipped as a separate line item from Acuity Brands Controls. Shorting Cap included.
10 Reference Motion Sensor table on page 3.
11 Reference PER Table on page 3 for functionality.
12 PIR and PIR1FC3V specify the SensorSwitch SBGR-10-ODP control; PIRH and PIRH1FC3V specify the SensorSwitch SBGR-6-ODP control; see Motion Sensor Guide for details. Dimming driver standard. Not available with PER5 or PER7. Separate on/off required.
13 See the electrical section on page 2 for more details.
14 Requires luminaire to be specified with PER option. Ordered and shipped as a separate line item. See PER Table.

## Performance Data

### Lumen Output

Lumen values are from photometric tests performed in accordance with IESNA LM-79-08. Data is considered to be representative of the configurations shown, within the tolerances allowed by Lighting Facts. Contact factory for performance data on any configurations not shown here.

# Performance Data

## Lumen Ambient Temperature (LAT) Multipliers

Use these factors to determine relative lumen output for average ambient temperatures from 0-40°C (32-104°F).

| Ambient | | Lumen Multiplier |
|---|---|---|
| 0°C | 32°F | 1.02 |
| 10°C | 50°F | 1.01 |
| 20°C | 68°F | 1.00 |
| **25°C** | **77°F** | **1.00** |
| 30°C | 86°F | 1.00 |
| 40°C | 104°F | 0.98 |

## Electrical Load

| | | | Current (A) | | | | | |
|---|---|---|---|---|---|---|---|---|
| LEDs | Drive Current (mA) | System Watts | 120V | 208V | 240V | 277V | 347V | 480V |
| 20C | 350 | 25 W | 0.23 | 0.13 | 0.12 | 0.10 | - | - |
| | 530 | 36 W | 0.33 | 0.19 | 0.17 | 0.14 | - | - |
| | 700 | 47 W | 0.44 | 0.25 | 0.22 | 0.19 | - | - |
| | 1000 | 74 W | 0.68 | 0.39 | 0.34 | 0.29 | - | - |
| 30C | 350 | 36 W | 0.33 | 0.19 | 0.17 | 0.14 | - | - |
| | 530 | 54 W | 0.50 | 0.29 | 0.25 | 0.22 | - | - |
| | 700 | 71 W | 0.66 | 0.38 | 0.33 | 0.28 | 0.23 | 0.16 |
| | 1000 | 109 W | 1.01 | 0.58 | 0.50 | 0.44 | - | - |

## Projected LED Lumen Maintenance

Data references the extrapolated performance projections for the **DSXW2 LED 30C 1000** platform in a **25°C ambient**, based on 10,000 hours of LED testing (tested per IESNA LM-80-08 and projected per IESNA TM-21-11).

To calculate LLF, use the lumen maintenance factor that corresponds to the desired number of operating hours below. For other lumen maintenance values, contact factory.

| Operating Hours | 0 | 25,000 | 50,000 | 100,000 |
|---|---|---|---|---|
| Lumen Maintenance Factor | 1.0 | 0.95 | 0.92 | 0.87 |

| Motion Sensor Default Settings | | | | | | |
|---|---|---|---|---|---|---|
| Option | Dimmed State | High Level (when triggered) | Photocell Operation | Dwell Time | Ramp-up Time | Ramp-down Time |
| *PIR or PIRH | 3V (37%) Output | 10V (100%) Output | Enabled @ 5FC | 5 min | 3 sec | 5 min |
| PIR1FC3V or PIRH1FC3V | 3V (37%) Output | 10V (100%) Output | Enabled @ 1FC | 5 min | 3 sec | 5 min |

*for use with Inline Dusk to Dawn or timer

## PER Table

| Control | PER (3 wire) | PER5 (5 wire) | | PER7 (7 wire) | | |

## FEATURES & SPECIFICATIONS

### INTENDED USE

The energy savings, long life and easy-to-install design of the D-Series Wall Size 2 make it the smart choice for building-mounted doorway and pathway illumination for nearly any facility.

### CONSTRUCTION

Two-piece die-cast aluminum housing has integral heat sink fins to optimize thermal management through conductive and convective cooling. Modular design allows for ease of maintenance. The LED driver is mounted to the door to thermally isolate it from the light engines for low operating temperature and long life. Housing is completely sealed against moisture and environmental contaminants (IP65).

### FINISH

Exterior parts are protected by a zinc-infused Super Durable TGIC thermoset powder coat finish that provides superior resistance to corrosion and weathering. A tightly controlled multi-stage process ensures a minimum 3 mils thickness for a finish that can withstand extreme climate changes without cracking or peeling. Available in textured and non-textured finishes.

### OPTICS

Precision-molded proprietary acrylic lenses provide multiple photometric distributions tailored specifically to building mounted applications. Light engines are available in 3000 K (70 min. CRI), 4000 K (70 min. CRI) or 5000 K (70 min. CRI) configurations.

### ELECTRICAL

Light engine(s) consist of 10 high-efficacy LEDs mounted to a metal-core circuit board to maximize heat dissipation and promote long life (L87/100,000 hrs at 25°C). Class 1 electronic drivers have a power factor >90%, THD <20%, and a minimum 2.5KV surge rating. When ordering the SPD option, a separate surge protection device is installed within the luminaire which meets a minimum Category C Low (per ANSI/IEEE C62.41.2).

### INSTALLATION

Included universal mounting bracket attaches securely to any 4" round or square outlet box for quick and easy installation. Luminaire has a slotted gasket wireway and attaches to the mounting bracket via corrosion-resistant screws.

### LISTINGS

CSA certified to U.S. and Canadian standards. Rated for -40°C minimum ambient.

DesignLights Consortium® (DLC) qualified product. Not all versions of this product may be DLC qualified. Please check the DLC Qualified Products List at www.designlights.org to confirm which versions are qualified.

### WARRANTY

Five-year limited warranty. Complete warranty terms located at www.acuitybrands.com/CustomerResources/Terms_and_conditions.aspx.

**Note:** Actual performance may differ as a result of end-user environment and application. All values are design or typical values, measured under laboratory conditions at 25 °C. Specifications subject to change without notice.

# AGENDA
## PLANNING AND ZONING COMMISSION PUBLIC HEARING
## City Hall, 385 South Goliad, Rockwall, Texas
## Council Chambers
## February 12, 2019
## 6:00 P.M.

**CALL TO ORDER**

***CONSENT AGENDA***

1. **Approval of Minutes** for the *January 2, 2018* Planning and Zoning Commission meeting.

2. **SP2019-001** **(Korey)**
   Discuss and consider a request by Reese Baez of Triton General Contractors on behalf of Kevin Lefere for the approval of a site plan for a medical office building on a 0.26-acre portion of a larger one (1) acre tract of land identified as Block 26 of the Garner Addition, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 50 (PD-50) for Residential-Office (RO) District land uses, situated within the North Goliad Corridor Overlay (NGC OV) District, located north of the northwest corner of the intersection of W. Heath Street and S. Goliad Street [SH-205], and take any action necessary.

***APPOINTMENTS***

3. Appointment with Architectural Review Board representative to receive the Board's recommendations and comments for items on the agenda requiring architectural review.

***PUBLIC HEARING ITEMS***

4. **Z2019-001** **(Ryan)**
   Hold a public hearing to discuss and consider approval of a text amendment to Article IV, *Permissible Uses*, and Article V, *District Development Standards*, of the Unified Development Code [*Ordinance No. 04-38*] for the purpose of incorporating standards for a *Barn or Agricultural Accessory Building* and to amend the land use conditions for the *Guest Quarters/Secondary Living Unit* land use, and take any action necessary.

5. **Z2019-002** **(David)**
   Hold a public hearing to discuss and consider a request by Mark W. Pross of Pross Design Group, Inc. on behalf of Carolina Molina of Alvaplast US (SPR Packaging) for the approval of a Specific Use Permit (SUP) for a structure that exceeds 60-feet in a Light Industrial (LI) District on a 42.61-acre tract of land identified as Tract 7 of the N. Butler Survey, Abstract No. 20 (*11.3736-acres*); Tract 31 of the R. Ballard Survey, Abstract No. 29 (*8.197-acres*); and, Lot 1-01, Block 1, Indalloy Addition (*14.53-acres*), City of Rockwall, Rockwall County, Texas, zoned Light Industrial (LI) District, situated at the terminus of Aluminum Plant Road, and take any action necessary.

***ACTION ITEMS***

6. **SP2019-002** **(Korey)**
   Discuss and consider a request by Chuck Vickers of T & C Main Street Holdings, LLC for the approval of a site plan for an office building on a 0.50-acre parcel of land identified as Block 80B of the B. F. Boydston Addition, City of Rockwall, Rockwall County, Texas, zoned Residential-Office (RO) District, addressed as 108 St. Mary's Street, and take any action necessary.

7. **SP2019-003** **(Korey)**
   Discuss and consider a request by Matt Moore of ClayMoore Engineering, Inc. for the approval of a site plan for a multi-tenant office/warehouse complex on a 7.52-acre portion of a larger 9.76-acre tract of land identified as Lot 18 and the south portion of Lot 19, Rainbow Acres Addition, City of Rockwall, Rockwall County, Texas, zoned Commercial (C) District, addressed as 407 Ranch Trail, and take any action necessary.

***DISCUSSION ITEMS***

8. Director's report of post City Council meeting outcomes for development cases **(Ryan)**.

- ✓ P2019-002: Lot 2, Block A, Houser Addition [*Approved*]
- ✓ P2019-003: Lot 2, Block B, R. W. Marketcenter Addition [*Approved*]
- ✓ P2019-004: Lot 7, Block A, Temunovic Addition [*Approved*]
- ✓ Z2018-056: Zoning Change (AG to LI) for Friendship Baptist Church (*1st Reading*) [*Approved*]
- ✓ Z2018-057: Amendment to Planned Development District 57 (PD-57) (*2nd Reading*) [*Approved*]
- ✓ Z2018-058: SUP for a Craft Winery and Commercial/Amusement Outdoors (*1st Reading*) [*Approved*]
- ✓ Z2018-059: Zoning Change (SFE-2.0 to SFE-1.5) for 1085 Dalton Road (*2nd Reading*) [*Approved*]

## ADJOURNMENT

This facility is wheelchair accessible and accessible parking spaces are available. Request for accommodations or interpretive services must be made 48 hours prior to this meeting. Please contact the City Secretary's Office at (972) 772-6406 for further information.

I, Laura Morales, Planning & Zoning Coordinator of the City of Rockwall, Texas, do hereby certify that this Agenda was posted at City Hall, in a place readily accessible to the general public at all times, on the 8th day of February 2019 at 5:00 p.m., and remained so posted for at least 72 continuous hours preceding the scheduled time of said meeting.

# AGENDA
## ARCHITECTURAL REVIEW BOARD MEETING
### City Hall, 385 South Goliad, Rockwall, Texas
### Council Chambers Conference Room
### February 12, 2019

# MINUTES

## PLANNING AND ZONING COMMISSION WORK SESSION

**City Hall, 385 South Goliad, Rockwall, Texas**
**Council Chambers**
**January 2, 2019**
**6:00 P.M.**

I. CALL TO ORDER

**Vice-Chairman Chodun called the meeting to order at 6:01 p.m. The Commissioners present at the meeting were, Jerry Welch, Eric Chodun, Mark Moeller, Tracey Logan and John Womble. Absent from the meeting was Chairman Lyons and Commissioner Annie Fishman. Staff members present were Planning Director, Ryan Miller, Planning Manager, David Gonzales, Senior Planer Korey Brooks, Planning Coordinator, Laura Morales, Civil Engineers, Jeremy White and Sarah Hager.**

II. CONSENT AGENDA

1. Approval of Minutes for the November 13, 2018 Planning and Zoning Commission meeting.

2. P2018-044
Consider a request by Dub Douphrate of Douphrate and Associates on behalf of Russell Frank for the approval of a final plat for Lot 1, Block A, Hacienda Car Wash Addition being a 2.008-acre tract of land identified as portions of Lots 1 & 2, Block A, the Woods at Rockwall Addition, City of Rockwall, Rockwall County, Texas, zoned Commercial (C) District, situated within the Scenic Overlay (SOV) District, addressed as 2215 Ridge Road [*FM-740*], and take any action necessary.

3. P2018-045
Consider a request by Jennifer Haynes of Urban Structure on behalf of Andrew Malzer of RaceTrac Petroleum, Inc. the approval of a replat for Lots 4 & 5, Block A, the Woods at Rockwall Addition being a 4.47-acre tract of land identified as Lots 1 & 2, Block A, the Woods at Rockwall Addition, City of Rockwall, Rockwall County, Texas, zoned Commercial (C) District, situated within the Scenic Overlay (SOV) District, addressed as 2215 & 2205 Ridge Road [*FM-740*], and take any action necessary.

4. P2018-046
Consider a request by David Ellis for the approval of a replat for Lots 5, 6 & 7, Block A, Ellis Centre, Phase 2 Addition being a 2.62-acre tract of land identified as Lots 1 & 3, Block A, Ellis Centre, Phase 2 Addition, City of Rockwall, Rockwall County, Texas, zoned Light Industrial (LI) District, situated within the IH-30 Overlay (IH-30 OV) District, addressed as 1930 & 1950 Alpha Road, and take any action necessary.

**Commissioner Moeller made a motion to approve the consent agenda. Commissioner Logan seconded the motion which passed by a vote of 5-0 with Chairman Lyons and Commissioner Fishman absent.**

III. APPOINTMENTS

5. Appointment with Architectural Review Board representative to receive the Board's recommendations and comments for items on the agenda requiring architectural review.

**Planning Manager, David Gonzales, indicated the Architectural Review Board did not meet a quorum. No discussion took place concerning this agenda item.**

IV. DISCUSSION ITEMS

6. Z2018-055
Hold a public hearing to discuss and consider a request by Kyle Jenkins of the Jenkins Organization on behalf of Michael Swiercinsky of 7.1 Ridge, LLC for the approval of a Specific Use Permit (SUP) for a *Mini-Warehouse* facility on a 2.595-acre tract of land being a portion of Lot 1, Block A, Sky Ridge Addition, City of Rockwall, Rockwall County, Texas, zoned Commercial (C) District, situated within the

Scenic Overlay (SOV) District, located southwest of the intersection of W. Yellow Jacket Lane and Ridge Road [*FM-740*], and take any action necessary.

**Vice-Chairman Chodun asked the applicant to come forward and speak.**

**Carl Crowley**
**900 Jackson Street**
**Dallas, TX**

**Mr. Crowley came forward and indicated he is representing the applicant and went on to share a brief explanation of the request for a self-storage facility. The structure will be approximately 126,000 square feet and will contain 800 climate controlled units. It will be three stories technically but most will be two stories due to the slope of the land. Mr. Crowley went on to share that they sent letters to the residents of Turtle Cove inviting them to a meeting and at the time the meeting was held only one person who did not indicate having a problem with the request attended. He indicated the railroad and the berm of trees serves as a buffer between the proposed structure and the neighborhood. Mr. Crowley advised the Commission he was available for questions and would be providing an additional presentation at the public hearing.**

**Vice-Chairman Chodun asked if there were any questions from the Commission.**

**Commissioner Welch asked where the other "upscale" storage facilities that they have indicated to have developed were located within the DFW area. Mr. Crowley indicated a colleague Kyle Jenkins also representing the applicant was present as well to address questions.**

**Kyle Jenkins**
**(No address given)**

**Mr. Jenkins indicated that the Frisco location is two phases and the first phase is currently open and he would provide pictures and specifics of location at the next meeting. Commissioner Welch shared he was unsure if the location for this was an ideal one since it is off one of the main corridors of the City.**

**Commissioner Moeller asked what type of fencing would surround the facility. Mr. Crowley shared it would be a rod iron type/security fence.**

**Commissioner Womble asked what variances are being requested. Mr. Crowley indicated variances would be for the screening wall and height since they are requesting about 2 ½ stories for the building height. Senior Planner, Korey Brooks, shared that the variances to the actual building will be taken care of at site plan process, however in this case the Unified Development Code states that mini-warehouses should be limited to 125 units per acre and in this case there are approximately 308 units per acre for a total of 800 units. Additionally the UDC states that the structure can be no taller than one story unless the Planning and Zoning Commission and City Council approves. There is also a pitch roof requirement which the applicant is seeking a variance for as well.**

**Commissioner Logan generally shared concern with the location of such a large and type of facility with it being within the Scenic Overlay District.**

**Vice-Chairman Chodun asked if a storage facility is allowed by right in any District. Planning Director, Ryan Miller, indicted that there is a by right District that is allowed however in any Commercial District a Specific Use Permit is required because it would be a case by case approval.**

**There being no further questions Vice-Chairman Chodun indicated the case will return to the Commission for action at the next scheduled meeting.**

7. Z2018-056

Hold a public hearing to discuss and consider a request by Tom Jones on behalf of Shanon Thomas of Rockwall Friendship Baptist Church for the approval of a zoning change from an Agricultural (AG) District to a Commercial (C) District for a 6.03-acre tract of land being identified as Tract 2-4 of the D. Harr Survey, Abstract No. 102, City of Rockwall, Rockwall County, Texas, zoned Agricultural (AG)

District, situated within the SH-205 By-Pass Overlay (SH-205 BY OV) District, located east of the intersection of Justin Road and John King Boulevard, and take any action necessary.

**Vice-Chairman Chodun asked the applicant to come forward and speak.**

**Shannon Thomas**
**5651 SH-276**
**Royse City, TX**

**Mr. Thomas came forward and shared that he is representing Rockwall Friendship Baptist Church who is planning to build a 25,000 square foot worship facility. He indicated he was available for any questions.**

**Vice-Chairman Chodun asked the Commission for any questions. Commissioner Welch asked if it would be within the flight path. Mr. Thomas indicated that there is a small portion that is in the extended overlay approximately 20 to 30 feet in the far corner in the back and will work with the FAA with any requirements that need to be addressed.**

**Senior Planner, Korey Brooks, added that the applicants request to rezone to Commercial is in conformance with the Future Land Use Map and the newly adopted Comprehensive Plan.**

**There being no further questions Vice-Chairman Chodun indicated the case will return to the Commission for action at the next scheduled meeting.**

8. Z2018-057

Hold a public hearing to discuss and consider a request by Bill Bricker of Columbia Development Company, LLC for the approval of an amendment to Planned Development District 59 (PD-59) for the purpose of incorporating a 0.786-acre tract of land for Residential-Office (RO) District land uses being a 56.586-acre tract of land identified as a portion of R. Ballard Survey, Abstract No. 29, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 52 (PD-52) and Planned Development District 59 (PD-59), located between W. Washington Street and T. L. Townsend Drive, and take any action necessary.

**Vice-Chairman Chodun asked the applicant to come forward and speak.**

**Bill Bricker**
**505 Westway**
**Rockwall, TX**

**Mr. Bricker came forward and provided a brief explanation of the request. He provided a concept layout of the different areas within the development and shared that they have for quite some time had a 0.786 acre tract of land zoned Heavy Commercial. They would like to bring that tract of land currently zoned as PD-52 which is generally Heavy Commercial into the PD-59 of Park Place. This will allow restricting uses to be more compatible with Park Place residents and residential development and at the same time allow controlled live/work units as well as some commercial use. These lots would be part of the HOA and be subject to HOA approval as far as the designs. In addition they are looking to remove the Area 3 commercial use from PD-59 on up to 19 lots leaving them as residential lots only. Original planning for Phase III included this "Live/Work" component as this was a popular idea. As time has passed and the demand for Park Place residential lots is strong enough, the Live/Work use would be incompatible with the balance of the community and by rezoning the area they would be able to eliminate potential unwanted use of some of the lots now and in the future while adding a viable and useful area zoned for services to the neighborhood and community. Mr. Bricker indicated he was available for questions.**

**Vice-Chairman Chodun asked for clarification of the "office residential" use and how it would work when it is purchased would it be work and live or would they have to be used only to run a business out of. Senior Planner, Korey Brooks, indicated "live/work" allows for either live opportunities, work opportunities, or both live and work opportunities it provides that flexibility. There being no further questions Vice-Chairman Chodun indicated the case will return to the Commission for action at the next scheduled meeting.**

9. Z2018-058

Hold a public hearing to discuss and consider a request by Tim McCallum of He Wines She Dines, LLC on behalf of Buffalo Creek Business Park, LTD for the approval of a Specific Use Permit (SUP) for a *Craft Winery* and *Commercial Amusement/Recreation (Outdoor)* on a 7.2-acre tract of land identified as Tracts 20-01 & 20-7 of the W. W. Ford Survey, Abstract No. 80, City of Rockwall, Rockwall County, Texas, zoned Commercial (C) District, addressed as 203 County Line Road, and take any action necessary.

**Vice-Chairman Chodun asked the applicant to come forward and speak.**

**Tim McCallum**
**5140 Standing Oak**
**Rockwall, TX**

**Mr. McCallum came forward and provided a brief explanation of the request. He shared that he is currently operating as a wine club at the location and has been doing so alongside his wife for about two years. He shared that in order to operate they had to obtain a Federal and State Winery Permit. He indicated they are predominantly an E-commerce business and are not open to the public. They work with growers to produce their wines one in California and three in France and the product is then imported. Last year they decided they would open up to the general public, which by right they can do, and offered tastings and that event was very successful in people stopping by and wine tasting and purchasing their products. Mr. McCallum went on to share that the next phases of their business is to begin doing some blending and production and barrel storage which in order to do so they would need to be approved the Specific Use Permit they are before the Commission requesting. Additionally, the use of the outdoor venue will only take place on a scheduled basis and will include a seating area, space for food vendors. Mr. McCallum indicated he was available for questions.**

**Vice-Chairman Chodun asked for questions from the Commission for the applicant.**

**Commissioner Logan asked if their product currently arrives in barrels. Mr. McCallum stated currently the product arrives in bottles.**

**Vice-Chairman Chodun generally shared concern with the location and allowing the outside venue component of the request.**

**There being no further questions Vice-Chairman Chodun indicated the case will return to the Commission for action at the next scheduled meeting.**

10. Z2018-059

Hold a public hearing to discuss and consider a request by Heather Cullins for the approval of a zoning change from a Single-Family Estate 2.0 (SFE-2.0) District to Single Family Estate 1.5 (SFE-1.5) District on a 3.03-acre tract of land identified as Tract 1-01 of the T. Dean Survey, Abstract No. 69, City of Rockwall, Rockwall County, Texas, zoned Single-Family Estate 2.0 (SFE-2.0) District, addressed as 1085 Dalton Road, and take any action necessary.

**Vice-Chairman Chodun asked the applicant to come forward and speak.**

**Kenneth Cullins**
**845 Ravenhurst Drive**
**Rockwall, TX**

**Mr. Cullins came forward and provided a brief explanation of the request. He shared that he and his wife bought the property approximately about a year ago with the intention of building a house for them to reside in. However while they had the property under contract another piece of property came up which they both liked and purchased with the hope of selling the subject property. There have not been many interested buyers in purchasing the entire 3 acre tract, however have had a number of people inquiring about purchasing a portion of it. They would like to divide it into two tracts that would be approximately 1 ½ acres each and both would have a good sizable build pad that would allow two people to build and they feel they will have a better opportunity to market the property in doing so.**

**Vice-Chairman Chodun asked in regards to SFE-2.0 versus SFE-1.5 square footage. Senior Planner, Korey Brooks, shared that as far as the density the request would still conform to the low density requirement as well as conforms to the Future Land Use Plan.**

**There being no further questions Vice-Chairman Chodun indicated the case will return to the Commission for action at the next scheduled meeting.**

11. P2018-047

Discuss and consider a request by Chase Finch of Corwin Engineering, Inc. on behalf of John Arnold of BH West Pods, LTD for the approval of a preliminary plat for Breezy Hill, Phase XII containing 35 single-family residential lots on 44.525-acres of land identified as a portion of Tract 7-1 of the J. Strickland Survey, Abstract No. 187, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 74 (PD-74) for Single Family 10 (SF-10) District land uses, located west of the intersection of John King Boulevard and Cozy View Drive, and take any action necessary.

**Senior Planner, Korey Brooks, indicated the request is coming before the Commission because it has to go before the Parks Board to assess park fees and will be on the Consent Agenda at the next scheduled meeting.**

**There being no questions Vice-Chairman Chodun indicated the case will return to the Commission for action at the next scheduled meeting.**

12. SP2018-042

Discuss and consider a request by Jeff Carol of Carol Architects, Inc. on behalf of Terry Morgan of Z06 Properties, LLC for the approval of a site plan for an office/warehouse building on a 5.690-acre tract of land identified as Lot 3, Block D, Rockwall Technology Park Addition, City of Rockwall, Rockwall County, Texas, zoned Light Industrial (LI) District, located at the northeast corner of the intersection of Discovery Boulevard and Innovation Drive, and take any action necessary.

**Vice-Chairman Chodun asked the applicant to come forward and speak.**

**Jeff Carol**
**Carol Architects**
**750 E. IH-30**
**Rockwall, TX**

**Mr. Carol came forward and that the owners are adding Phase II creating a one story 38,000 square foot office warehouse and they will keep it in line with what was done in Phase I from the entry standpoint but will be changing the color and updating it a little bit. Mr. Carol indicated he was available for questions.**

**Planning Manager, David Gonzales, added that the site plan will go before the Architectural Review Board as they are requesting variances. Commissioner Womble asked if it would require variances to the building or to the site allowable areas. Mr. Gonzales stated it would be for the buildings vertical and horizontal articulation.**

**There being no further questions Vice-Chairman Chodun indicated the case will return to the Commission for action at the next scheduled meeting.**

13. SP2018-043

Discuss and consider a request by Kevin Hickman of PegasusAblon on behalf of Rockwall Rental Properties, LP for the approval of a site plan for a 375-unit condominium building on a 6.2-acre tract of land identified as Lot 9, Block A, Harbor-Rockwall Addition and Tract 16 of the M. J. Barksdale Survey, Abstract No. 11, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 32 (PD-32), situated within the IH-30 (IH-30) Overlay District, located at the southwest corner of the intersection of the IH-30 frontage road and Lakefront Trail, and take any action necessary.

**Vice-Chairman Chodun asked the applicant to come forward and speak.**

**Kevin Hickman**
**9474 Gate Trail Drive**
**Dallas, TX**

**Mr. Hickman came forward and provided a brief explanation of the request. Mr. Hickman shared that they are requesting 375 units and they feel fits with the Planned Development 32 and the IH-30 Overlay District and added that they should get through all the variances through staff comments however may have on waiver for the first floor ceiling heights that they may go to City Council with. He indicat4ed he was available for questions.**

**Vice-Chairman asked if the parking within the development would be residents and tenants only. Mr. Hickman indicated that in looking at the site plan there are two parking areas the parking situated within the middle would be for residents only and the other will consist of 180 parking spaces that will be open for the retail. Commissioner Moeller asked if the public parking lot for the general public would be constructed first. Mr. Hickman indicated it would be built first.**

**There being no further questions Vice-Chairman Chodun indicated the case will return to the Commission for action at the next scheduled meeting.**

|---|---|
| **TO:** | Planning and Zoning Commission |
| **DATE:** | 02/12/2019 |
| **APPLICANT:** | Reese Baez; *Triton General Contractors* |
| **CASE NUMBER:** | SP2019-001; *Site Plan for T3 Chiropractic* |

## SUMMARY

Discuss and consider a request by Reese Baez of Triton General Contractors on behalf of Kevin Lefere for the approval of a site plan for a medical office building on a 0.26-acre portion of a larger one (1) acre tract of land identified as Block 26 of the Garner Addition, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 50 (PD-50) for Residential-Office (RO) District land uses, situated within the North Goliad Corridor Overlay (NGC OV) District, located north of the northwest corner of the intersection of W. Heath Street and S. Goliad Street [SH-205], and take any action necessary.

## BACKGROUND

The property is located in Planned Development District 50 (PD-50) for Residential-Office (RO) District land uses, situated within the North Goliad Corridor Overlay (NGC OV) District and located at the northwest corner of W. Heath Street and S. Goliad Street [SH-205]. The North Goliad Corridor Overlay (NGC OV) District is a specialized overlay district along N. Goliad Street that begins just north of the Downtown (DT) District and terminates at Live Oak Street. Since this corridor is recognized as a main entrance into the City, additional development standards--with the intent of protecting the scenic and historic qualities of the district—are required. In addition, any development within the district requires a Certificate of Appropriateness (COA) to be approved by the Historic Preservation Advisory Board (HPAB). In December 2018, the applicant submitted a request [*Case No. H2018-025*] to the Historic Preservation Advisory Board (HPB) for the approval of a Certificate of Appropriateness (COA) for the purpose of constructing a medical office building on the subject property. On December 20, 2018, the Historic Preservation Advisory Board (HPAB) approved a Certificate of Appropriateness (COA) based on the request.

## PURPOSE

The applicant is requesting approval of a site plan for an approximately 2,947 SF *medical office building* (*i.e. T3 Chiropractic*) on a 0.26-acre tract of land, which is currently vacant. The proposed medical office building will be constructed in the Craftsman-style architecture, clad with brick and hardie board (or similar cementitious material), and have a board and batten façade. The applicant has stated the reason for choosing a Craftsman-style architecture is to blend with the adjacent office building to the south, which recently had a site plan [*Case No. SP2018-036*] approved. The proposed medical office building will have dual front facades with the parking located to the interior of the property (*i.e. behind the building*). Utilizing this type of construction allows the medical office building to appear to be a residential structure from the street, which allows it to blend with the surrounding structures and provide screening from the parking lot.

## ADJACENT LAND USES AND ACCESS

The subject property is located north of the northwest corner of the intersection of W. Heath Street and S. Goliad Street [SH-205]. The land uses adjacent to the subject property are as follows:

*North*: Directly north of the subject property is a single-family home followed by several residential-office buildings (*e.g. Natural Massage Spa, Phillips and Associates, etc.*). Beyond this is a daycare facility (*i.e. Children's Learning Center*) followed by several single-family homes. These areas are zoned Single-Family 7 (SF-7) District and Planned Development 50 District (PD-50) for Residential-Office (RO) District land uses.

*South*: Directly south of the subject property is a vacant tract of land with an approved site plan [*Case No. SP2018-036*] for an office building. This is followed by Heath Street, which is recognized as an R2 (*residential, two [2]-lane, undivided roadway*) on the City's Master Thorough fare Plan. Beyond this are several single-family homes followed by a real estate office (*i.e. The Real Estate Center*). These areas are zoned Planned Development District 50 (PD-50) for Residential-Office (RO) District land uses.

*East*: Directly east of the subject property is S. Goliad Street [SH-205], which is recognized as an M4U-M (*modified major collector, four [4]-lane, undivided roadway*) on the City's Master Thoroughfare Plan. Beyond this are several residential-office buildings (*e.g. Heavenly Hands Birthing Center, Service First Mortgage, Women In Need*) that are zoned Planned Development District 50 (PD-50) for Residential-Office (RO) District land uses. Beyond this is a single-family residential subdivision (*i.e. North Towne Subdivision*), which is zoned Single-Family 7 (SF-7) District.

*West*: Directly west of the subject property is a vacant tract of land followed by Alamo Road, which is identified as an MC (*minor collector, two [2]-lane, undivided roadway*) on the City's Master Thoroughfare Plan. This area is zoned Planned Development District 50 (PD-50) for Residential-Office (RO) District land uses. Beyond this are several single-family homes zoned Single-Family 10 (SF-10) District.

## DENSITY AND DIMENSIONAL REQUIREMENTS

According to Subsection 6.04, *North Goliad Corridor Overlay (NGC OV) District*, of Section 6, *Overlay Districts*, of Article V, *District Development Standards*, of the Unified Development Code (UDC), any development within this district shall generally utilize historic architectural styles such as Craftsman, Queen Anne, Folk Victorian, or Bungalow and requires approval from the Historic Preservation Advisory Board (HPAB). The Unified Development Code (UDC) goes on to state that any new construction shall not exceed a height of 36-feet and shall incorporate elements commonly found within the district (*e.g. cladding, roofing materials, roof structure, ornamentation, etc*.). Staff should note, the proposed medical office building is allowed in Planned Development District 50 (PD-50) by-right. The site plan, landscape plan, photometric plan, and building elevations conform to the technical requirements contained within the UDC for a property located within Planned Development District 50 (PD-50) and the North Goliad Corridor Overlay (NGC OV) District. A summary of the density and dimensional requirements for the subject property are as follows:

| *Ordinance Provisions* | *Zoning District Standards* | *Conformance to the Standards* |
|---|---|---|
| *Minimum Lot Area* | *6,000 SF* | *10,770 SF; In Conformance* |
| *Minimum Lot Frontage* | *60-Feet* | *~105-Feet; In Conformance* |
| *Minimum Lot Depth* | *100-Feet* | *~103-Feet; In Conformance* |
| *Minimum Front Yard Setback* | *25-Feet* | *25-Feet; In Conformance* |
| *Minimum Rear Yard Setback* | *30-Feet* | *30-Feet; In Conformance* |
| *Minimum Side Yard Setback* | *10-Feet*[1] | *10-Feet; In Conformance* |
| *Maximum Building Height* | *36-Feet* | *29-Feet; In Conformance* |

| *Ordinance Provisions* | *Zoning District Standards* | *Conformance to the Standards* |
|---|---|---|
| *Max Building/Lot Coverage* | *40%* | *~27%; In Conformance* |
| *Minimum Masonry Requirement* | *90* | *100%; In Conformance* |
| *Minimum Number of Parking Spaces* | *15 Spaces* | *24 Spaces; In Conformance* |
| *Minimum Stone Requirement* | *0* | *0; In Conformance* |
| *Minimum Landscaping Percentage* | *25%* | *48%; In Conformance* |
| *Maximum Impervious Coverage* | *75-80%* | *52%; In Conformance* |

Note: 1. 20-feet when property has residential adjacency.

**TREESCAPE PLAN:**

The applicant has provided a landscape plan stating that there are no protected trees being removed for the development on the subject property.

**CONFORMANCE WITH OURHOMETOWN VISION 2040 COMPREHENSIVE PLAN**

According to the Future Land Use Plan adopted with the OurHometown Vision 2040 Comprehensive Plan, the subject property is located in the Downtown District and is designated for *Live/Work* land uses. The Downtown District is considered to be the cultural heart of the community and embodies the small-town atmosphere that is characteristic of the City of Rockwall. Contained in the Downtown District is the North Goliad Corridor, which is a unique live/work corridor that offers residential units, offices, event venues, and boutiques. The intent of the North Goliad Corridor is not only to protect and preserve the historic architecture and significance within the district, but to also ensure that infill development does not negatively impact the surrounding properties or the district. In this case, the applicant's request is in conformance with the Future Land Use Plan. Specifically, the proposed medical office building is constructed to a residential scale and is Craftsman-style architecture, which is representative of the North Goliad Corridor. Additionally, the proposed building could be utilized as a residence, an office, or both.

**CONFORMANCE WITH THE CITY'S CODES**

The proposed medical office building is located in Planned Development District 50 (PD-50) for Residential-Office (RO) District land uses and allowed by-right. Subsection 4.02, *Residential-Office (RO) District*, of Section 4, *Commercial Districts*, of Article V, *District Development Standards*, of the Unified Development Code (UDC), the Residential Office (RO) District is "…intended to allow for low-intensity office development providing professional, medical, and other office services and limited retail uses to residents in adjacent neighborhoods…" The Unified Development Code (UDC) goes on to state that the Residential-Office (RO) District may "…serve as an area of transition between high-intensity or non-residential uses, or busy arterial thoroughfares…" In this case, the applicant's request conforms to the intent of the Residential-Office (RO) District standards. Currently, there is residential adjacency to the north of the subject property and the proposed medical office building will serve as a transition from the heavier intensity uses to the south to the lower intensity residential uses to the North. With that being said, given the proximity of the surrounding residential office buildings and the North Goliad Corridor, one could reasonably expect those properties to be converted into residential-office buildings in the future. Since the subject property has residential adjacency to the north, the applicant is required to screen the parking lot. In this case, the applicant is proposing to screen the parking lot from the residential properties located to the north utilizing landscape screening. This is in conformance with the residential adjacency requirements as stipulated in the Unified Development Code (UDC). Staff should note, the Residential-Office (RO) District allows for flexible live/work arrangements, which allows individuals to live, work, or live/work within the district. Additionally, should the proposed chiropractic office no longer occupy the proposed structure, there may be an opportunity for the structure to be utilized as a single-family home and/or an office building (or both) in the future.

**HISTORIC PRESERVATION ADVISORY BOARD (HPAB):**

On December 20, 2018, the Historic Preservation Advisory Board (HPAB) reviewed the applicant's request and passed a motion to approve a Certificate of Appropriateness (COA) by a vote of 4-0 with Board Members Bowlin, Mishler, and Francisco absent.

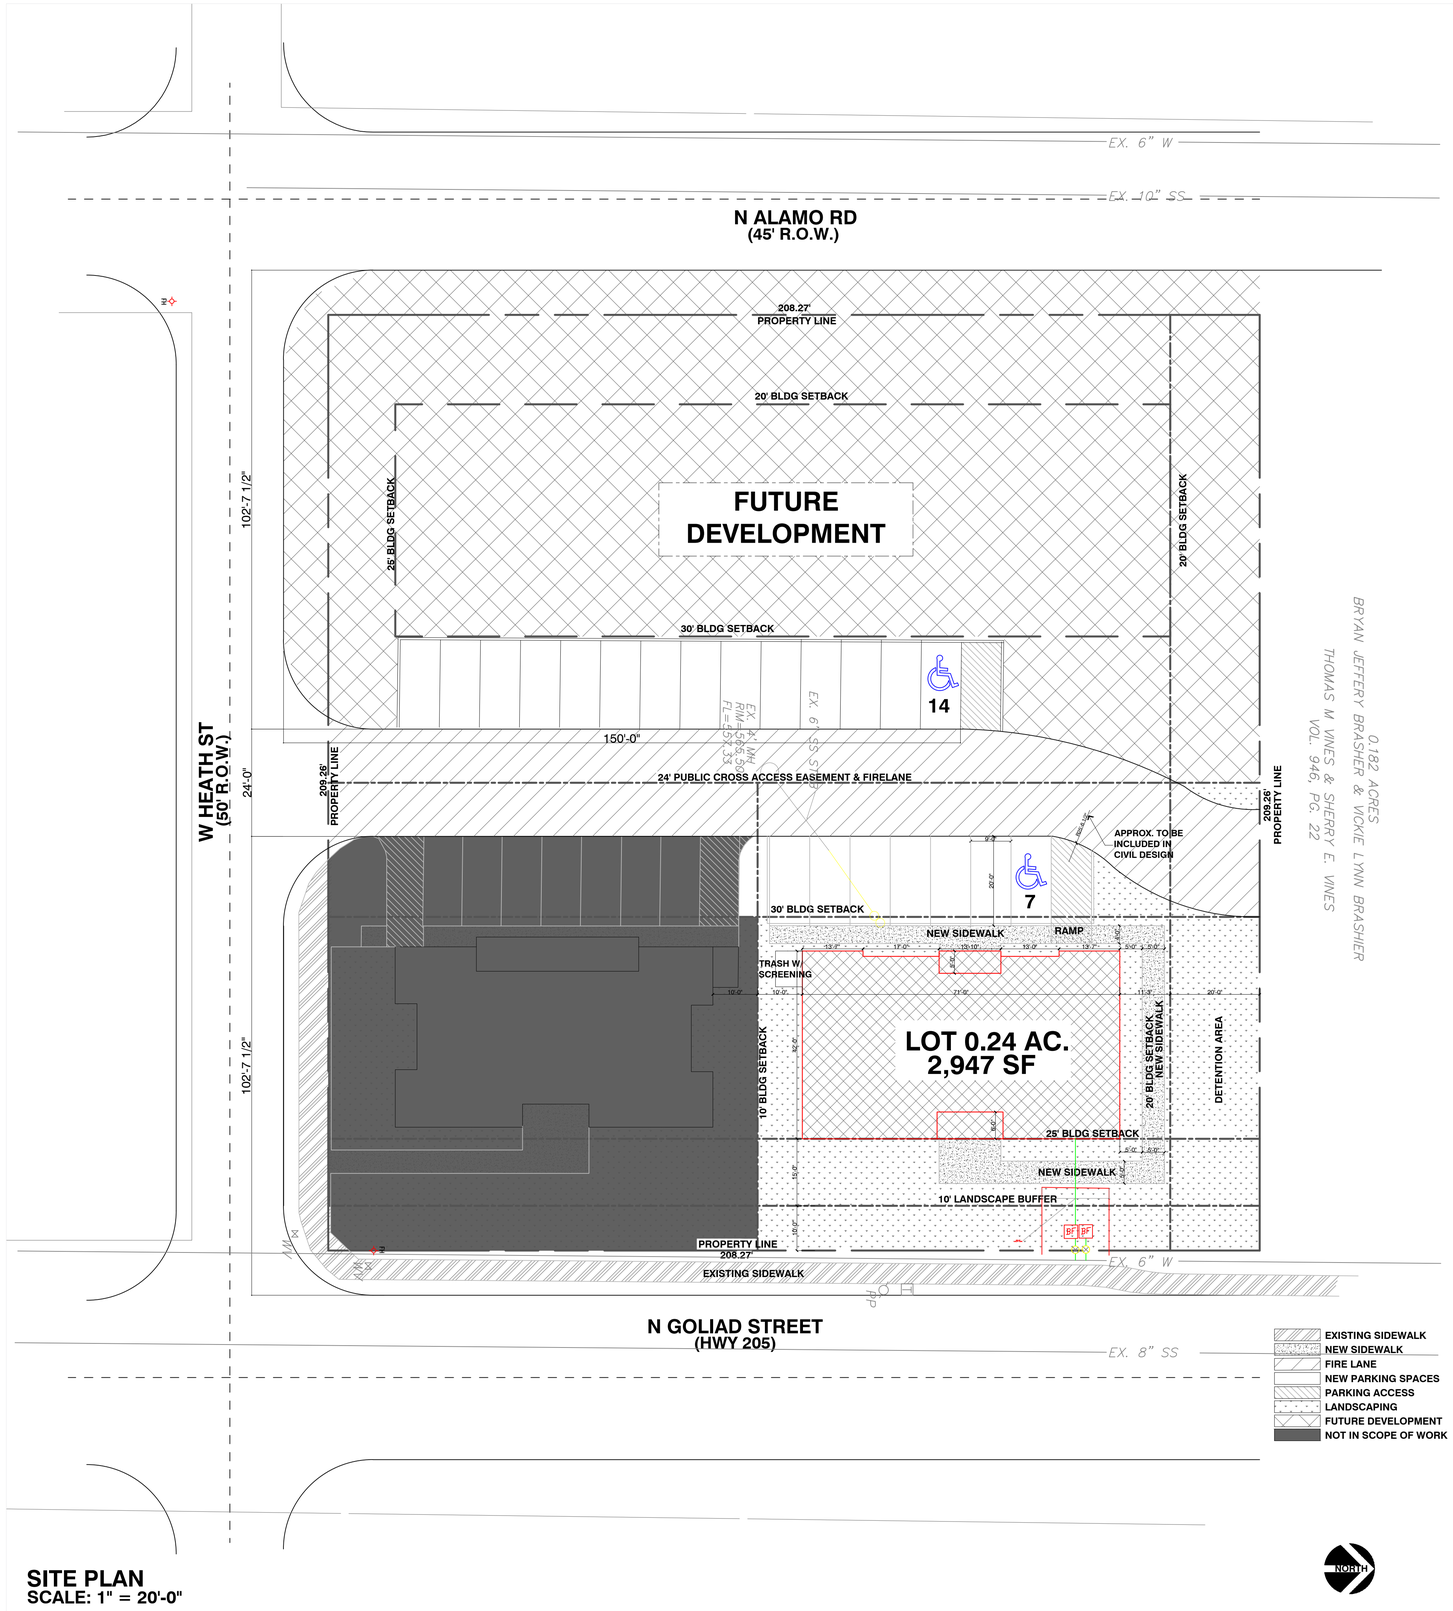
**ARCHITECTURAL REVIEW BOARD (ARB):**

On January 29, 2019, the Architectural Review Board (ARB) reviewed the proposed building elevations and passed a motion to recommend approval of the site plan by a vote of 7-0.

**CONDITIONS OF APPROVAL**

If the Planning and Zoning Commission chooses to recommend approval of the applicant's request to construct a medical office building on the subject property, then staff would propose the following conditions of approval:

(1) All comments provided by the Planning, Engineering, and Fire Department must be addressed prior to submittal of a building permit;



(2) The parking lot shall be screened from the residential properties located to the north; and

(3) Any construction resulting from the approval of this site plan shall conform to the requirements set forth by the Unified Development Code (UDC), the International Building Code (IBC), the Rockwall Municipal Code of Ordinances, city adopted engineering and fire codes and with all other applicable regulatory requirements administered and/or enforced by the state and federal government.

### ** NOTICE TO CONTRACTORS **

TOPOGRAPHIC INFORMATION TAKEN FROM A TOPOGRAPHIC SURVEY PERFORMED BY **H.D. FETTY LAND SURVEYOR** OF ROYSE CITY, TEXAS. THE CONTRACTOR SHALL NOTIFY THE ENGINEER IMMEDIATELY, IN WRITING, OF ANY DISCREPANCIES OR OMISSIONS TO THE TOPOGRAPHIC INFORMATION. THE CONTRACTOR(S) SHALL BE RESPONSIBLE FOR CONFIRMING THE LOCATION (HORIZONTAL/VERTICAL) OF ANY BURIED CABLES, CONDUITS, PIPES, AND STRUCTURES (STORM SEWER, SANITARY SEWER, WATER, GAS, TELEVISION, TELEPHONE, ETC.) WHICH IMPACT THE CONSTRUCTION SITE. THE CONTRACTOR(S) SHALL NOTIFY THE OWNER AND ENGINEER IF ANY DISCREPANCIES ARE FOUND BETWEEN THE ACTUAL CONDITIONS VERSUS THE DATA CONTAINED IN THE CONSTRUCTION PLANS. ANY COSTS INCURRED AS THE RESULT OF NOT CONFIRMING THE ACTUAL LOCATION (HORIZONTAL/VERTICAL) OF SAID CABLES, CONDUITS, PIPES, AND STRUCTURES SHALL BE BORNE BY THE CONTRACTOR. ADDITIONALLY, THE CONTRACTOR(S) SHALL NOTIFY THE OWNER AND ENGINEER IF ANY ERRORS OR DISCREPANCIES ARE FOUND ON THE CONSTRUCTION DOCUMENTS, WHICH NEGATIVELY IMPACT THE PROJECT. ENGINEER AND OWNER SHALL BE INDEMNIFIED OF PROBLEMS AND/OR COST WHICH MAY RESULT FROM CONTRACTOR'S FAILURE TO NOTIFY ENGINEER AND OWNER.

### PAVING NOTES:

1) FIRELANE & APPROACHES TO BE 6" THICK, 3600 psi, 6.5 SACK MIX, REINFORCED WITH #3 BARS @ 18" ON CENTER. (O.C.)
2) ALL NON-FIRELANE PAVING TO BE 6" THICK, 3000 psi, 6 SACK MIX, REINFORCED WITH #4 BARS @ 18" O.C.
3) ALL FILL (IF REQUIRED) SHALL BE PLACED ON 8" LIFTS AND COMPACTED TO 95% OF STD. PROCTOR @ MOISTURE RANGE OF 0% TO +6% OF OPTIMUM MOISTURE. (UNLESS OTHERWISE NOTED) USING A SHEEPS-FOOT ROLLER.
4) SIDEWALK TO BE 4" THICK CONCRETE, 3000 psi, 5.5 SACK MIX IN R.O.W.
5) NO SAND UNDER PAVING.

### NOTES:

1) ALL WORK MUST CONFORM TO CITY OF ROCKWALL & NCTCOG STANDARDS AND DETAILS 4th EDITION.
2) ALL WORK IN PUBLIC RIGHT-OF-WAY SHALL CONFORM TO CITY OF ROCKWALL STANDARDS AND DETAILS
3) SEE PLAT FOR ALL INFORMATION REGARDING EASEMENTS, PROPERTY LINES, ETC.
4) ALL DIMENSIONS ARE FACE OF CURB TO FACE OF CURB UNLESS OTHERWISE NOTED.

**WARNING:**
PRIOR TO THE BEGINNING OF ANY CONSTRUCTION OR CONSTRUCTION STAKING, IT SHALL BE THE CONTRACTORS RESPONSIBILITY TO CONTACT THE CIVIL ENGINEER TO ENSURE THAT ALL PARTIES ARE IN POSSESSION OF THE MOST CURRENT SET OF CONSTRUCTION DOCUMENTS.

NOTE:
THE CONTRACTOR SHALL BE RESPONSIBLE FOR FIELD VERIFYING THE LOCATION OF ALL EXISTING UTILITIES AND EASEMENTS PRIOR TO START OF OPERATIONS. CONTRACTOR WILL NOTIFY THE OWNER'S REPRESENTATIVE OF ANY DISCREPANCIES PRIOR TO STARTING THE WORK. EXISTING UTILITIES AND UNDERGROUND FACILITIES INDICATED ON THESE PLANS HAVE BEEN LOCATED FROM REFERENCE INFORMATION. IT SHALL BE THE RESPONSIBILITY OF THE CONTRACTOR TO VERIFY BOTH THE HORIZONTAL AND VERTICAL LOCATION OF ALL EXISTING UTILITIES AND UNDERGROUND FACILITIES PRIOR TO START OF CONSTRUCTION. TAKE THE NECESSARY PRECAUTIONS IN ORDER TO PROTECT ALL FACILITIES ENCOUNTERED. THE CONTRACTOR SHALL PRESERVE AND PROTECT ALL EXISTING UTILITIES FROM DAMAGE DURING CONSTRUCTION.

ALL RESPONSIBILITY FOR ADEQUACY OF DESIGN REMAINS WITH THE DESIGN ENGINEER. THE CITY OF ROCKWALL, IN REVIEWING AND RELEASING PLANS FOR CONSTRUCTION, ASSUMES NO RESPONSIBILITY FOR ADEQUACY OF ACCURACY OF DESIGN.

**GENERAL NOTES**

1. Buildings 5,000 square feet or greater shall be sprinkled. Alternative fire protective measures may be approved by the Building inspector and Fire Department.
2. Fire lanes shall be designed and constructed per city standards.
3. Handicapped parking areas shall be designed and provided per city standards and shall comply with requirements of the current adopted Uniform Building Code.
4. Mechanical units, dumpster and trash compactors shall be screened in accordance with the Zoning Ordinance
5. All signage contingent upon Building Inspection Department.
6. Approval of the site plan is not final until all engineering plans are approved.
7. Open storage, where permitted, shall be screened in accordance with the Zoning Ordinance
8. Please contact the Building Inspection Department to determine the type of construction and occupancy group.
9. All electrical transmission, distribution and service lines must be underground.

NORTH

SCALE: 1"=10'-0"

VICINITY MAP
N.T.S.

LANDSCAPE TABULATION
LOT: .26 AC (11,746.81 SF)
BUILDING: 2,947. SF
ZONED: RESIDENTIAL-OFFICE / PD-50

5.1 LANDSCAPE BUFFER-STRIP
10' REQUIRED
10' PROVIDED

5.2 SCREENING OF OFF-STREET LOADING DOCKS
N/A

5.3 ACCEPTABLE LANDSCAPE MATERIALS
ALL PLANT MATERIALS USED WILL SATISFY THE REQUIREMENTS OF THE LANDSCAPE ORDINANCE
ALL TREES PLANTED WILL BE A MINIMUM OF 3" CALIPER
ALL PLANT MATERIAL WILL OF CONTAINER GROWN QUALITY AND INSTALLED PER INDUSTRY STANDARDS.

5.4 PROTECTION OF LANDSCAPE AREAS:
ALL LANDSCAPE AREAS ADJACENT TO VEHICULAR AREAS WILL BE PROTECTED BY 6" CONCRETE CURBS OR WHEEL STOPS.

5.5 IRRIGATION:
AN AUTOMATIC, UNDERGROUND DRIP IRRIGATION SYSTEM WILL BE INSTALLED WITH A RAIN GAUGE AND FREEZE/THAW SENSOR AND WILL PROVIDE IRRIGATION SYSTEM. THIS SYSTEM WILL PROVIDE 100% COVERAGE TO ALL PROPOSED AND REMAINING PLANT MATERIAL ON SITE.

5.6 SCREENING FROM RESIDENTIAL USES:
NORTH SIDE - RESIDENTIAL ADJACENCY
A 6' HT. MASONRY FENCE IS REQUIRED
A 6' HT. WOOD FENCE IS PROVIDED AND EXISTING

ALL AREAS ADJACENT TO THE REQUIRED SCREENING WALL, SHALL BE MAINTAINED IN A CLEAN AND ORDERLY CONDITION, FREE OF DEBRIS AND TRASH IN ACCORDANCE WITH THE APPLICABLE CODES OF THE CITY.

5.7 STREET LANDSCAPING:
1 3" (MIN. CAL.) CANOPY TREE REQUIRED PER 50 L.F OF FRONTAGE REQUIRED
1 3" (MIN. CAL.) CANOPY TREE PROVIDED PER 50 L.F OF FRONTAGE PROVIDED
N. GOLIAD STREET (HWY 205) = 112.33 LF
2.24 CANOPY TREES REQUIRED
2.00 CANOPY TREE PROVIDED

5.8 RIGHT-OF-WAY LANDSCAPING:
GRASS OR GROUNDCOVER REQUIRED
GRASS PROVIDED

THE PROPOSED IRRIGATION SYSTEM WILL PROVIDE 100% COVERAGE TO ALL PLANT MATERIAL PROPOSED FOR THE PARKWAY TO B.O.C. ALONG N. GOLIAD STREET.

5.9 PARKING LOT LANDSCAPING:
PARKING AND MANEUVERING = 3,125 SF
1 LARGE TREE WITHIN 80 LF OF ANY PARKING SPACE REQUIRED.
1 LARGE TREE WITHIN 80 LF OF ANY PARKING SPACE PROVIDED.

5.10 - (DELETED):

5.11 DIMENSIONING OF LANDSCAPE AREA:
ALL LANDSCAPING REQUIRED TO BE IN AN ARE NO LESS THAN 5' WIDE AND MINIMUM OF 25 SF.
ALL LANDSCAPING PROVIDED TO BE IN AN ARE NO LESS THAN 5' WIDE AND MINIMUM OF 25 SF.

5.12 REQUIRED LANDSCAPING:
ZONED: RESIDENTIAL-OFFICE
A. AMOUNT OF LANDSCAPING
2,936.45 SF = 25% OF SITE REQUIRED TO BE LANDSCAPED.
5,676.81 SF = 48% OF SITE PROPOSED TO BE LANDSCAPED.

B. LOCATION OF LANDSCAPING
50% REQUIRED IN FRONT YARD
1,468.22 SF = 50% OF THE REQUIRED LANDSCAPE REQUIRED IN FRONT YARD.
2,797.00 SF = 95% OF THE REQUIRED LANDSCAPE PROVIDED IN FRONT YARD.

C. DETENTION BASIN = +/- 978. SF
LANDSCAPE REQUIRED
LANDSCAPE PROVIDED

1 TREE / 750 SF REQUIRED
1.30 TREES REQUIRED
2.00 TREES PROVIDED

9.1 MAINTENANCE REQUIREMENT:
ALL REQUIRED LANDSCAPING MUST BE MAINTAINED IN A HEALTHY, GROWING CONDITION AT ALL TIMES. THE PROPERTY OWNER IS RESPONSIBLE FOR THE REGULAR WEEDING, MOWING OF GRASS, IRRIGATING, FERTILIZING, PRUNING, OR OTHER MAINTENANCE OF ALL PLANTINGS AS NEEDED. ANY PLANT THAT DIES MUST BE REPLACED WITH ANOTHER LIVING PLANT THAT COMPLIES WITH THE APPROVED LANDSCAPE PLAN WITH WITHIN 6 MONTHS AFTER NOTIFICATION BY THE CITY.
A REQUIRED TREE THAT DIES AFTER ITS ORIGINAL PLANTING MUST BE REPLACED BY ANOTHER LIVING TREE HAVING A MINIMUM HEIGHT OF 14' AND A MINIMUM TRUNK CALIPER OF 4" MEASURED AT 12 INCHES ABOVE THE ROOT BALL.

9.2 UTILITY LINES AND RIGHTS-OF-WAY:
ANY DAMAGE TO UTILITIES RESULTING FROM THE NEGLIGENCE OF THE PROPERTY OWNER, HIS AGENTS, OR EMPLOYEES IN THE INSTALLATION AND MAINTENANCE OF REQUIRED LANDSCAPING IN THE PUBLIC RIGHT-OF-WAY IS THE RESPONSIBILITY OF THE PROPERTY OWNER. IF A PUBLIC UTILITY DISTURBS A LANDSCAPED AREA IN THE PUBLIC RIGHT-OF-WAY, IT SHALL MAKE EVERY REASONABLE EFFORT TO PRESERVE THE LANDSCAPING MATERIALS AND RETURN THEM TO THEIR PRIOR LOCATIONS AFTER THE UTILITY WORK. IF NONETHELESS SOME PLANT MATERIALS DIE, IT IS THE OBLIGATION OF THE PROPERTY OWNER TO REPLACE THE PLAN MATERIAL.

NO TREES ARE TO BE LOCATED WITHIN 5' OF ANY PUBLIC UTILITY.

TREESCAPE - PROTECTED TREE MITIGATION
THERE ARE NO PROTECTED TREES EXISTING ON SITE
THERE ARE PROTECTED TREES EXISTING IN THE PARKWAY

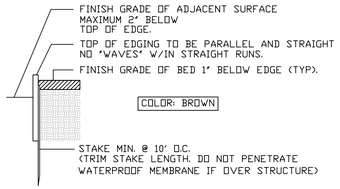
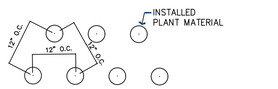
SPECIFICATIONS:
1. USE 4" DIA. PERF., PVC PIPE WITH SUMP.
2. LINE BOTTOM OF PIT WITH 4-6" LAYER OF CRUSHED GRAVEL, 1/2" CRUSHED AGGREGATE, FREE OF FINES.
3. DRILL 8" SUMP HOLE AT LOW SIDE OF PIT, SLOPE PIT BASE TO HOLE. FILL HOLE WITH 1/2" CRUSHED AGGREGATE, FREE OF FINES.

## LARGE CANOPY TREE-SECTION



MUST INSTALL SUMP

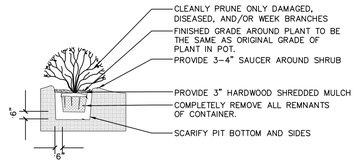
N.T.S.



## TYPICAL PARKING ISLAND-PLAN

N.T.S.

## STEEL EDGE-SECTION



N.T.S.

NOTE:
1. THE "ON CENTER" MAY VARY PER PLANT TYPE. REFER TO PLANT SCHEDULE, FOR VARIOUS "ON CENTERS".

## GROUNDCOVER PLANTING-PLAN

N.T.S.

NOTE:
1. USE MIXED COMPOST TO BACKFILL.
2. FERTILIZE AND WATER THOROUGHLY AFTER INSTALLATION.
3. EXCAVATE ENTIRE SHRUB BED, AS SHOWN.
4. NO SHRUB, EDGER OR ROOTBALL, SHALL BE PLANTED CLOSER THAN 2'-0" FROM FOUNDATION OF BUILDING.

## SHRUB PLANTING-SECTION

N.T.S.

GENERAL PLANTING NOTES:

1. QUANTITIES INDICATED ON PLANT LIST ARE LANDSCAPE ARCHITECT'S ESTIMATE ONLY AND SHOULD BE VERIFIED PRIOR TO BIDDING. CONTRACTOR IS RESPONSIBLE FOR BIDDING AND PROVIDING QUANTITY OF PLANTS REQUIRED AT SPACING DESIGNATED FOR BED SIZES AND CONFIGURATIONS SHOWN ON PLANS REGARDLESS OF QUANTITIES DESIGNATED ON PLANT SCHEDULE.
2. CONTRACTOR SHALL NOTIFY LANDSCAPE ARCHITECT OF ANY DISCREPANCIES, AMBIGUITY OR UNLABELED PLANTS ON PLANS PRIOR TO BID SUBMITTAL. IF ANY OF THESE IS NOT CLARIFIED BY LANDSCAPE ARCHITECT PRIOR TO BID SUBMITTAL DATE, CONTRACTOR SHALL NOTE SUCH ITEMS ON BID.
3. SOIL AMENDMENTS TO BE "MIXED SOIL WITH COMPOST" AS PRODUCED BY LIVING EARTH TECHNOLOGY, OR APPROVED EQUAL. INSTALL 5" OF TOPSOIL WITHIN ALL PLANTING AREAS. REMOVE EXISTING SOIL AND REPLACE WITH TOPSOIL. TO GRADE.
4. TREE HOLES TO BE EXCAVATED 2' GREATER THAN BALL DIAMETER AND 6" DEEPER. BACK FILL WITH 1/2 EXISTING SOIL AND 1/2 COMPOST AS NOTED INN#3 ABOVE. THOROUGHLY BLENDED BY MECHANICAL MEANS PRIOR TO BACKFILL.
5. SHRUB PIT SHALL BE EXCAVATED 12" GREATER THAN BALL DIAMETER AND 6" DEEPER. BACK FILL WITH 1/2 EXISTING SOIL AND 1/2 COMPOST AS NOTED IN #3 ABOVE. THOROUGHLY BLENDED BY MECHANICAL MEANS PRIOR TO BACKFILL.
6. MULCH TOP DRESSING FOR ALL PLANTING BEDS UNLESS OTHERWISE NOTED SHALL BE A MINI. 3" DEPTH LAYER, DECOMPOSED GRANITE UNIFORMLY SPREAD ON ALL SHRUB AND GROUND COVER BEDS.
7. BED EDGING TO BE STEEL EDGING 12G, X 5.5" AS MANUFACTURED BY COL-MET , COLOR: BLACK OR APPROVED EQUAL. ALL HOLES FOR TREES AND LARGE SHRUBS SHALL BE TESTED FOR WATER RETENTION PRIOR TO TREE OR SHRUB PLANTING. AFTER HOLE IS EXCAVATED, IT IS TO BE FILLED WITH WATER TO THE TOP OF THE EXCAVATION. IF, AFTER 24 HOURS, THE HOLE STILL HOLDS WATER, THE CONTRACTOR SHALL EXCAVATE AND ADDITIONAL 6" FROM THE BOTTOM OF THE HOLE. THE LANDSCAPE CONTRACTOR SHALL THEN INSTALL 6" OF NATIVE WASHED GRAVEL COVERED ON THE TOP (AND UP TO A MINIMUM OF 12" ON THE SIDES OF THE HOLE) WITH FILTER FABRIC. THE CONTRACTOR SHALL ALSO INSTALL A CAPPED 3" DIAMETER PVC SUMP WHICH WILL EXTEND FROM NEAR THE BOTTOM OF THE ROCK LAYER TO 3" ABOVE THE PROPOSED FINISH GRADE SO THE HOLE CAN BE EXCAVATED THROUGH MECHANICAL MEANS.
8. ALL PLANTING (TREES, SHRUBS, GROUND COVER, AND/OR GRASS APPLICABLE) SHALL BE GUARANTEED FOR A PERIOD OF ONE YEAR AFTER FINAL ACCEPTANCE.
9. ALL PROPOSED PLANT MATERIAL SHALL BE CONTAINER GROWN.
10. ANY LARGE OR SMALL TREE SHALL BE PLANTED AT LEAST 48" MIN. FROM THE EDGE OF ANY PAVED SURFACE.
11. GENERAL MAINTENANCE: REQUIRED PLANTS SHALL BE MAINTAINED IN A HEALTHY CONDITION AT ALL TIMES. THE PROPERTY OWNER IS RESPONSIBLE REGULAR WEEDING, MOWING OF GRASS, IRRIGATING, FERTILIZING, PEST PREVENTION, PRUNING AND OTHER MAINTENANCE OF ALL PLANTINGS AS NEEDED. ANY PLANT THAT DIES SHALL BE REPLACED WITH ANOTHER LIVING PLANT THAT IS COMPARABLE TO THE EXISTING PLANT MATERIALS SPECIFIED IN THE APPROVED LANDSCAPE PLAN
12. LANDSCAPES AREAS WILL BE IRRIGATED WITH A SYSTEM THAT IS SUITABLE FOR "WATER EFFICIENT LANDSCAPE" WITHIN NINETY (90) DAYS AFTER NOTIFICATION BY THE CITY.
13. THE LOCATION OF ALL UTILITIES, INDICATED ON THESE PLANS, WERE PROVIDED BY OTHERS. THE EXACT LOCATION AND ELEVATION OF ALL PUBLIC UTILITIES SHOULD BE DETERMINED BY THE LANDSCAPE CONTRACTOR PRIOR TO HIS COMMENCEMENT OF WORK.
14. LANDSCAPE ARCHITECT ASSUMES NO RESPONSIBILITY FOR ANY EXCAVATION OR GRADING INDICATED IT SHALL BE THE RESPONSIBILITY OF THE LANDSCAPE CONTRACTOR TO MAKE HIMSELF FAMILIAR WITH ALL UNDERGROUND UTILITIES, PIPES, STRUCTURES, AND LINE RUNS, PRIOR TO CONSTRUCTION. PROTECT ALL SITE UTILITIES DURING CONSTRUCTION.
15. THE CONTRACTOR SHALL ASSUME RESPONSIBILITY FOR ANY DEMOLITION, ADJUSTMENTS, OR RECONSTRUCTION RESULTING FROM UNAUTHORIZED CONSTRUCTION ACTIVITIES.
16. GROUNDCOVER / SEASONAL COLOR BEDS WILL RECEIVE 3" OF "MIXED SOIL WITH COMPOST" TILLED INTO PLACE TO A 6" DEPTH.

LED 2 Series Specifications

## Description

The Hi-Lite LED 2 series is a drop-in LED light engine with integrated thermal management and optics. The LED 2 series is available for Open-rated fixtures. The LED 2 series is offered in five lumen outputs: 850, 1250, 2000, 3000, and 4000.

## Specifications

- Open-rated fixture only (not rated for use within a sealed fixture or glass enclosure)
- 96° Beam Angle Domed Lens
- 9W, 850lm, 440mA (tested at 4000 K)
- 13W, 1250lm, 440mA (tested at 4000 K)
- 21W, 2000lm, 900mA (tested at 4000 K)
- 31W, 3000lm, 900mA (tested at 4000 K)
- 38W, 4000lm, 900mA (tested at 4000 K)
- ≥ 90 CRI for all CCTs (2700 K, 3000 K, 3500 K, 4000 K)
- 3-year Limited Warranty-LED Module only
- 1-year Limited Warranty-LED Driver only
- Designed to last 50,000 hours at $L_{70}$

# OLF 2RH LED with Motion Occupancy

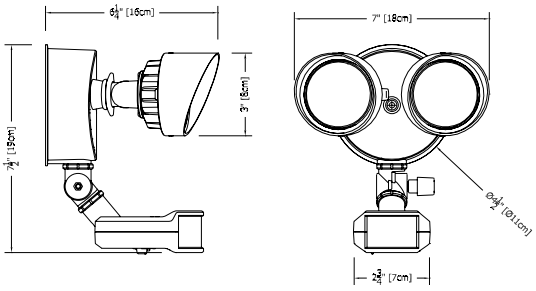
## Security Floodlight

Catalog Number

Notes

Type

*Hit the Tab key or mouse over the page to see all interactive elements.*



## Introduction

The OLF 2RH LED security floodlight featuring motion occupancy technology, combines powerful LED security lighting with motion response light-on-detection. Features include 180 degree range/70ft forward detection, built-in photocell to prevent daylight operation, sensor sensitivity adjustment and a test/time switch to adjust duration lights stay illuminated.

Delivering 2,160 lumens, at only 25 input watts, OLF 2RH replaces up to (2) 90W PAR incandescent lamps offering 86% energy savings. Motion Occupancy (MO) combined with enhanced design features and breadth of options make the OLF family the best choice for residential and commercial applications that require reliable security lighting.

## Specifications

| | |
|---|---|
| **Width:** | 7.00" *(17.8 cm)* |
| **Height:** | 7.5" *(19.1 cm)* |
| **Depth:** | 6.25" *(15.9 cm)* |
| **Weight:** | 1.5 lbs. *(0.68 kg)* |

OLF 2RH 40K 120 MO BZ

OLF 2RH 40K 120 MO WH

**NOTES**

1. Correlated color temperature (CCT) shown is nominal per ANSI C78, 377-2008.
2. LED lifespan based on IESNA LM-80-08 results and calculated per IESNA TM-21-11 methodology.

## FEATURES & SPECIFICATIONS

**INTENDED USE**

25 watt LED wall or ceiling mount security floodlight delivers 2,160 lumens for an energy-ecient replacement of (2) 90W incandescent security lights. The OLF LED provides years of maintenance-free general illumination for outdoor applications. OLF 2RH with option MO turns LED's on when occupants in the space are detected. Ideal for entrances, walkways, cooridors, yards, driveways and patios.

**CONSTRUCTION**

Rugged cast-aluminum, corrosion-resistant housing with dark bronze or white polyester powder paint for lasting durability. Motion sensor features corrosion resistant thermo-plastic housing. LED lamp heads are thermally isolated from the driver that is located in the rear housing, promoting a long service life. Lenses are sealed to keep out moisture, dirt and bugs. LEDs maintain 70% of light output at 50,000 hours of service life[2].

**ELECTRICAL**

Consumes 25 input watts utilizing 120V 60Hz driver. The OMS1000 motion detection head controls turning LED's on/off when occupancy is detected within the space. Detection range is 180 degrees at 70ft forward detection. A built-in photocell is included to prevent daylight operation. See digram and installation instructions for more information. Rated for outdoor installations, -40ºC minimum ambient.

**INSTALLATION**

Mounts to a recessed junction box on wall or ceiling. Crossbar and hardware provided. Wet location listed for mounting 4 feet above ground. Tool-less adjustable heads allow for precise aiming. Neighbor-friendly visors are adjustable or removable.

**LISTINGS**

UL/cUL listed Listed to U.S. and Canadian safety standards for wet locations. Tested in accordance with IESNA LM-79 and LM-80 standards.

**WARRANTY**

Five-year limited warranty. Complete warranty terms located at: www.acuitybrands.com/CustomerResources/Terms_and_conditions.aspx.

**Note:** Actual performance may differ as a result of end-user environment and application. All values are design or typical values, measured under laboratory conditions at 25 °C. Specifications subject to change without notice.

# EUROTIQUE™ STEEL POLES

5"Ø/7"Ø • 22'-30' tall

**EPSX 22 S5S7** *finish* **EPSX 24 S5S7** *finish* **EPSX 26 S5S7** *finish* **EPSX 28 S5S7** *finish* **EPSX 30 S5S7** *finish*

## SPECIFICATIONS

### DESCRIPTION

The lighting poles shall be one-piece all steel construction with an aluminum two-piece base cover. The poles shall have a stepped shaft with integral anchor/base plate. All welding shall be per ANSI/AWS D1.1. All welders shall be certified. The poles shall be Antique Street Lamps' catalog number **EPSX** *XX* **S5S7** *finish*.

### MATERIALS

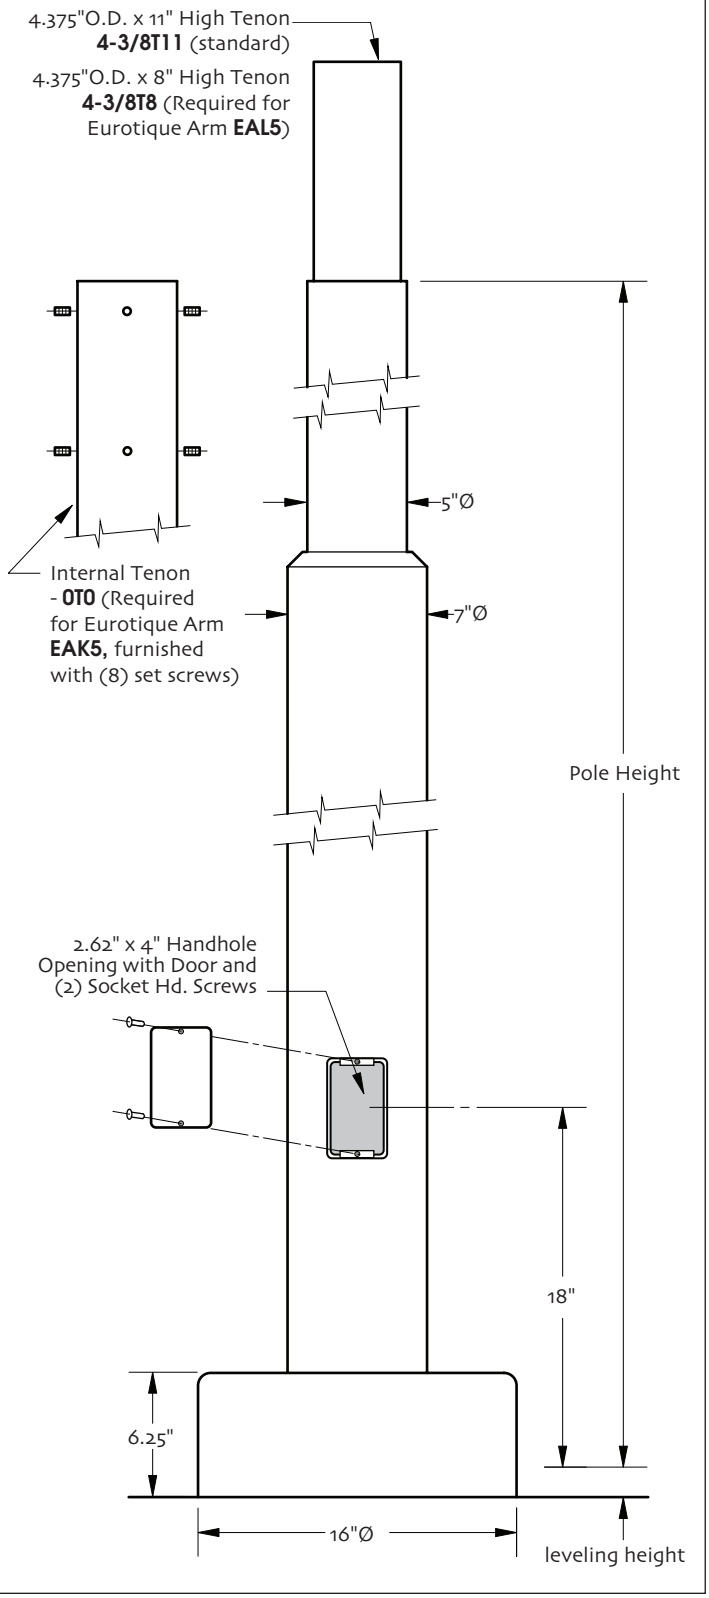
The poles and anchor plates shall be steel. The base cover and handhole cover shall be cast aluminum. All exposed hardware shall be tamper resistant stainless steel. Anchor bolts to be completely hot-dip galvanized. Partially galvanized bolts are not acceptable.

### DIMENSIONS

The poles shall be *X'-XX"* in height with a 16" diameter base cover. An integral 4.375" O.D. x 11" tenon shall be provided at the top for mounting Eurotique 5" arms (exceptions following). A 4.375" O.D. x 8" tenon shall be provided for mounting Eurotique arm EAL5. No tenon shall be provided at the top when mounting Eurotique arm EAK5 which has an internal tenon.

### INSTALLATION

The one-piece poles shall be provided with four 1.25" diameter by 42" long, L-type anchor bolts to be installed on an 11" diameter bolt circle. A handhole with cover shall be provided in the lower shaft section for wiring access. A grounding screw shall be provided inside the handhole. Eight set screws shall be provided at the top when mounting Eurotique arm EAK5.



For finish specifications and color options, see "Finish" section in catalog.

House Side

Street Side

**R2**
**Type II**
Distributes light slightly ahead of luminaire location with significant lateral spread.

**R3**
**Type III**
Provides light farther ahead of the luminaire than a Type II pattern but maintains a significant lateral spread.

**R4**
**Type IV**
Sharp Cutoff Distributes light almost exclusively forward with an emphasis on eliminating light trespass and spill light behind the pole.

**R5**
**Type V**
Provides improved uniformity with a variance of the Type V distribution with a slightly square pattern compared to the regular Type V.

### Select Your Options From

# CITY OF ROCKWALL

PLANNING AND ZONING COMMISSION CASE MEMORANDUM

**PLANNING AND ZONING DEPARTMENT**
385 S. GOLIAD STREET • ROCKWALL, TX 75087
PHONE: (972) 771-7745 • EMAIL: PLANNING@ROCKWALL.COM

**TO:** Planning and Zoning Commission

**FROM:** Ryan Miller, *Director of Planning and Zoning*

**DATE:** February 12, 2019

**SUBJECT:** Z2019-001; *Amendment to Article IV, Permissible Uses, of the UDC to amend Guest Quarters/Secondary Living Units and to add Barns or Agricultural Accessory Buildings to the Land Use Charts and Land Use Standards*

On January 7, 2019, the City Council directed staff to amend the *Land Use Standards* contained in Article IV, *Permissible Uses*, of the UDC to allow *guest quarters/secondary living units* not meeting the requirements stated in the *Land Use Standards* the ability to request a Specific Use Permit (SUP). In addition, the City Council also directed staff to create a land use for *Barns or Agricultural Accessory Buildings*. This direction came in response to a request by Dewayne Cain to amend the code to allow an ~4,950 SF, metal barn that would contain a storage area for eight (8) vehicles and a *guest quarters/secondary living facility* (*i.e. the facility includes all components of a residential living unit [e.g. kitchen, bathroom, etc.]*) on a property zoned Agricultural (AG) District.

Currently, the UDC does allow *guest quarters/secondary living units* in an Agricultural (AG) District pending they are [*1*] accessory uses to the primary use (*i.e. single family home*), [*2*] not to exceed 30% of the area of the main structure, and [*3*] that they cannot be sold or conveyed separately without meeting the requirements of the zoning district and subdivision ordinance; however, the code does not address *guest quarters/secondary living units* that do not meet these standards. In other residential zoning districts (*i.e. SF-8.4, SF-7, ZL-5 and 2F*) this use is only allowed through a Specific Use Permit (SUP), which gives the City Council the discretion to grant these even if they do not meet the requirements. Based on the City Council's direction staff proposes to change the code as follows (with the *highlighted, italics* areas indicating the changes):

Residential and Lodging

| AG | SF-E | SF-1 | SF-16 | SF-10 | SF-8.4 | SF-7 | ZL-5 | 2F | MF-14 | ← Residential Zoning Districts<br>Commercial Zoning Districts →<br>Land Use ↓ | DT | RO | NS | GR | C | HC | LI | HI |
|---|---|---|---|---|---|---|---|---|---|---|---|---|---|---|---|---|---|---|
| A | A | A | A | A | S | S | S | S | P | Guest Quarters/Secondary Living Unit + | | | | | | | | |

*A: Accessory; P: Permitted By-Right; S: Specific Use Permit*

Guest quarters/secondary living unit.

*(1)* Guest quarters or secondary living unit*s* may be allowed on a property in a residential ~~*or commercial*~~ zoning district provided that it is ancillary *to a single family home* ~~*the primary use and that only one such facility is provided.*~~

(2) The area of such quarters shall not exceed 30 percent of the area of the main structure.

(3) No such use may be sold or conveyed separately without meeting the requirements of the zoning district and the subdivision ordinance.

*(4) Guest quarters or secondary living units not meeting the requirements stated above shall require a Specific Use Permit (SUP).*

These changes would allow *guest quarters/secondary living units* not meeting the requirements the ability to request a Specific Use Permit (SUP) in the AG, SF-E, SF-1, SF-16, SF-10, and MF districts.

The purpose of creating a *Barns or Agricultural Accessory Buildings* land use came about due to the fact that the current code does not allow accessory buildings in an Agricultural (AG) District. According to Article IV, *Permissible Uses*, of the UDC:

Residential and Lodging

| AG | SF-E | SF-1 | SF-16 | SF-10 | SF-8.4 | SF-7 | ZL-5 | 2F | MF-14 | ← Residential Zoning Districts<br>Commercial Zoning Districts →<br>Land Use ↓ | DT | RO | NS | GR | C | HC | LI | HI |
|---|---|---|---|---|---|---|---|---|---|---|---|---|---|---|---|---|---|---|
| | P | P | P | P | P | P | P | P | P | Accessory Building + | | P | P | P | P | P | P | P |

*A: Accessory; P: Permitted By-Right; S: Specific Use Permit*

The purpose of this is to incentivize smaller properties (*i.e. properties less than ten [10] acres in size and considered to be legally non-conforming*) to zone in accordance with the Future Land Use Plan, bringing them into conformance with the UDC. Without this requirement, it would be difficult for the City to incentivize smaller properties to change their zoning, which could have the effect of leaving small spots of Agricultural (AG) District zoning on non-conforming lots throughout the City. To address this, the City Council has directed staff to establish a new land use (*e.g. barn/agricultural accessory building*), which would allow larger buildings in the Agricultural (AG) District. Based on this direction the new land use would be created as follows (with the ***highlighted, italics*** areas indicating the changes):

Rural and Animal Related

| AG | SF-E | SF-1 | SF-16 | SF-10 | SF-8.4 | SF-7 | ZL-5 | 2F | MF-14 | ← Residential Zoning Districts<br>Commercial Zoning Districts →<br>Land Use ↓ | DT | RO | NS | GR | C | HC | LI | HI |
|---|---|---|---|---|---|---|---|---|---|---|---|---|---|---|---|---|---|---|
| S | | | | | | | | | | *Barn or Agricultural Accessory Building+* | | | | | | | | |

*A: Accessory; P: Permitted By-Right; S: Specific Use Permit*

*Barn or Agricultural Accessory Building*. A *Barn or Agricultural Accessory Building* is a building that is located on a property that is a minimum of ten (10) acres in size, zoned Agricultural (AG) District, and is intended to be used to store agricultural equipment used for animal production, crop production and/or other agricultural related uses.

(1) A *Barn or Agricultural Accessory Building* is a minimum of 2,000 SF and a maximum of 4,999 SF in total size (*i.e. under roof*).
(2) A *Barn or Agricultural Accessory Building* is exempt from the masonry requirements stipulated by Section 7.01, *Residential District Development Standards*.
(3) The *Barn or Agricultural Accessory Building* shall be located behind the front façade of the primary structure, and be subject to the same building setbacks as the primary structure.

At the meeting on January 7, 2019, the City Council did have a discussion concerning allowing these structures *by-right* as opposed to by Specific Use Permit (SUP); however, staff is obligated to mention that allowing these structures by-right would directly conflict with the City Council's recent action concerning *Case No. Z2018-053*. This case involved a structure that was constructed illegally without a building permit. The structure itself incorporated two (2) logistics containers, connected by wood siding, and covered by a metal roof. This case was ultimately denied by the City Council; however, should this proposed ordinance be passed the structure would meet all the criteria and would be permitted to remain on the property. With this being said any changes to the code are discretionary to the City Council pending a recommendation by the Planning and Zoning Commission.

In accordance, with Section 4.2 of Article XI, *Zoning Related Applications*, of the UDC staff is bringing the proposed amendment forward to the Planning and Zoning Commission for a recommendation to the City Council. Attached to this case memo is a draft ordinance outlining the proposed changes. The schedule for this text amendment is as follows:

~~Planning and Zoning Work Session: January 29, 2019~~
Planning and Zoning Public Hearing: February 12, 2019
City Council Public Hearing/First Reading: February 18, 2019
City Council Second Reading: March 4, 2019

Staff has sent out a 15-day notice to the Rockwall Herald Banner in accordance with all applicable state laws and Section 6.1 of Article II, *Authority and Administrative Procedures*, of the UDC. Should the Planning and Zoning Commission have any questions staff will be available at the meeting on ***February 12, 2019***.

**CITY OF ROCKWALL**

**ORDINANCE NO. 19-XX**

**AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, AMENDING THE UNIFIED DEVELOPMENT CODE [*ORDINANCE NO. 04-38*] OF THE CITY OF ROCKWALL, AS HERETOFORE AMENDED, BY AMENDING ARTICLE IV, *PERMISSIBLE USES*; PROVIDING FOR A PENALTY OF FINE NOT TO EXCEED THE SUM OF TWO THOUSAND DOLLARS ($2,000.00) FOR EACH OFFENSE; PROVIDING FOR A SEVERABILITY CLAUSE; PROVIDING FOR A REPEALER CLAUSE; PROVIDING FOR AN EFFECTIVE DATE.**

**WHEREAS**, an amendment to the City of Rockwall's Unified Development Code [*Ordinance No. 04-38*] has been initiated by the City Council of the City of Rockwall to amend Article IV, *Permissible Uses*, of the Unified Development Code [*Ordinance No. 04-38*]; and,

**WHEREAS**, the Planning and Zoning Commission of the City of Rockwall and the governing body of the City of Rockwall in compliance with the laws of the State of Texas and the ordinances of the City of Rockwall have given the requisite notices by publication and otherwise, and have held public hearings and afforded a full and fair hearing to all property owners generally and to all persons interested in and situated in the city's corporate boundaries, and the governing body in the exercise of its legislative discretion, has concluded that the Unified Development Code [*Ordinance No. 04-38*] should be amended as follows:

**NOW, THEREFORE**, **BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS:**

**SECTION 1.** That Article IV, *Permissible Uses,* of the Unified Development Code [*Ordinance No. 04-38*] of the City of Rockwall, as heretofore amended, be and the same is hereby amended as specifically described in *Exhibit 'A'* of this ordinance.

**SECTION 2.** That any person, firm, or corporation violating any of the provisions of this ordinance shall be deemed guilty of a misdemeanor and upon conviction shall be punished by a penalty of fine not to exceed the sum of *Two Thousand Dollars ($2,000.00*) for each offense and each and every day such offense shall continue shall be deemed to constitute a separate offense;

**SECTION 3.** That if any section, paragraph, or provision of this ordinance or the application of that section, paragraph, or provision to any person, firm, corporation or situation is for any reason judged invalid, the adjudication shall not affect any other section, paragraph, or provision of this ordinance or the application of any other section, paragraph or provision to any other person, firm, corporation or situation, nor shall adjudication affect any other section, paragraph, or provision of the Unified Development Code [*Ordinance No. 04-38*], and the City Council declares that it would have adopted the valid portions and applications of the ordinance without the invalid parts and to this end the provisions for this ordinance are declared to be severable;

**SECTION 4.** That this ordinance shall take effect immediately from and after its passage and the publication of the caption of said ordinance as the law in such cases provides;

**PASSED AND APPROVED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, THIS THE 4TH DAY OF MARCH, 2019.**

| **TO:** | Planning and Zoning Commission |
| **FROM:** | David Gonzales, *Planning and Zoning Manager* |
| **DATE:** | February 12, 2019 |
| **SUBJECT:** | Z2019-002; *SUP for Structure Exceeding 60-feet in Height* |

Staff has received a letter from the applicant, Mark Pross, requesting to withdraw *Case No. Z2019-002* (*see attached*). The purpose of the withdrawal is to allow the applicant additional time to answer comments and concerns discussed at the Planning and Zoning work session held on January 29, 2019. This case is scheduled for a public hearing on tonight's agenda. Staff should note that the Planning and Zoning Commission has discretion on whether to accept or deny the applicant's request to withdraw the zoning case. Section 5, *Application Withdrawal*, of the Article II, *Authority and Administrative Procedures*, of the Unified Development Code (UDC), states that any case that has been published in the paper and notifications of a public hearing sent out must be placed on the public hearing agenda and acted upon by the applicable body. Should the Planning and Zoning Commission have any questions staff will be available at the meeting.

385 S. Goliad St.
Rockwall, Texas 75087

RE: PROJECT #Z2019-002, SUP FOR SPR PACKAGING

Dear Mr. Gonzalez,

This letter is to inform you that after receiving initial comments from the Planning and Zoning Commission, the Owner feels that it would be beneficial to withdraw the request for a Special Use Permit for SPR Packaging at this time. We will be spending the next few weeks providing additional documentation, exhibits, and Revised Site and Elevation Drawings in order to present a better explanation as to the intent of the project and its effect on the surrounding residential development. It is our intent to resubmit on March 15, 2019, to initiate the SUP at that time. Should you have any questions, feel free to give me a call.

Sincerely,

Mark W. Pross
President

| | |
|---|---|
| **TO:** | Planning and Zoning Commission |
| **DATE:** | 02/12/2019 |
| **APPLICANT:** | Chuck Vickers; *T & C Main Street Holdings, LLC* |
| **CASE NUMBER:** | SP2019-002; *108 St. Mary's Street* |

## SUMMARY

Discuss and consider a request by Chuck Vickers of T & C Main Street Holdings, LLC for the approval of a site plan for an office building on a 0.50-acre parcel of land identified as Block 80B of the B. F. Boydston Addition, City of Rockwall, Rockwall County, Texas, zoned Residential-Office (RO) District, addressed as 108 St. Mary's Street, and take any action necessary.

## BACKGROUND

The subject property is located east of the intersection of S. Goliad Street [SH-205] and St. Mary's Street, zoned Residential-Office (RO) District, and is addressed as 108 St. Mary's Street. On April 2 2018, the City Council approved a request [*Case No. Z2018-007*] to rezone the subject property from a Single-Family 7 (SF-7) District to a Residential-Office (RO) District. The request included a second property, 106 St. Mary's Street). At the time of the rezoning request, the property owners stated that the intent was to convert two (2) single-family homes into two (2) residential-office buildings. The Residential-Office (RO) District is a unique district that allows live/work arrangements with the intention of extending the life of older homes by allowing them to be converted into low-intensity office buildings. These areas usually serve as a transition between high-intensity, non-residential land uses to low-intensity residential land uses. The flexibility of live/work arrangements in a Residential-Office (RO) District allows a residential-office structure to be utilized as a single-family home, an office, or both.

## PURPOSE

The applicant is requesting approval of a site plan to convert an existing single-family home to an office building. The home is approximately 1,423 SF including the garage. The applicant is proposing to demolish the existing garage, which reduces the size of the structure to approximately 1,221 SF. The exterior of the existing structure is clad with hardie board (or a similar cementitious material) and the applicant is proposing to add an approximately three (3)-foot stone wainscot to each façade. Since the structure is being converted from a single-family home to an office building, it will require a parking lot to be constructed. The applicant is proposing to locate the parking lot behind the main structure and provide landscape screening in conjunction with an existing six (6) foot tall wooden fence to screen the property from the adjacent residential properties.

## ADJACENT LAND USES AND ACCESS

The subject property is located east of the intersection of S. Goliad Street [SH-205] and St. Mary Street. The land uses adjacent to the subject property are as follows:

*North*: Directly north of the subject property is St. Mary's Street, which is identified as a R2 (*residential, two [2] lane, undivided roadway*) on the City's Master Thoroughfare Plan. Beyond this is a single-family home, which is identified as a Landmarked Property (*i.e. the Underwood House*). Adjacent to the Underwood House is another single-family home, which is also identified as a

Landmarked Property (*i.e. the Barnes House*). These areas are zoned Single-Family 7 (SF-7) and General Retail (GR) Districts.

*South*: Directly south of the subject property is a post-office followed by Boydstun Avenue, which is identified as a MC (*minor collector, two [2] lane, undivided roadway*) on the City's Master Thoroughfare Plan and zoned General Retail (GR) District. Beyond this is a residential housing development, which is zoned Planned Development District 30 (PD-30) for Two-Family (2F) District land uses. Following this are several single-family homes that are zoned Single-Family 7 (SF-7) District.

*East*: Directly east of the subject property is a residential subdivision (*i.e. St. Mary's Place*) containing several homes. This area is zoned Planned Development District 21 (PD-21) for single-family attached and single-family detached land uses. Beyond this is S. Fannin Street, which is identified as a MC (*minor collector, two [2] lane, undivided roadway*) on the city's Master Thoroughfare Plan followed by several single-family homes that are zoned Single-Family 7 (SF-7) District.

*West*: Directly west of the subject property is a single-family home, a photography studio (*i.e. Lakepointe Photography*), and a swimming pool company (*i.e. Swim Tech*). Beyond this is S. Goliad Street [SH-205], which is identified as a P6D (principle arterial, six [6] lane, divided roadway) on the City's Master Thoroughfare Plan and a house of worship (*i.e. First Baptist Church*). These areas are zoned Residential-Office (RO) and General Retail (GR) District.

## DENSITY AND DIMENSIONAL REQUIREMENTS

According to Section 1, *Land Use Schedule*, of Article IV, *Permissible Uses*, of the Unified Development Code (UDC), the proposed use (*i.e. an office*) is allowed by-right in a Residential-Office (RO) District and will not require any additional approvals. The submitted site plan, landscape plan, and building elevations generally conform to the technical requirements contained within the UDC for a property located within a Residential-Office (RO) District. A summary of the density and dimensional requirements for the subject property are as follows:

| *Ordinance Provisions* | *Zoning District Standards* | *Conformance to the Standards* |
|---|---|---|
| *Minimum Lot Area* | *6,000 SF* | *22,279 SF; In Conformance* |
| *Minimum Lot frontage* | *60-Feet* | *~85-Feet; In Conformance* |
| *Minimum Lot Depth* | *100-Feet* | *~262-Feet; In Conformance* |
| *Minimum Front Yard Setback* | *25-Feet* | *25-Feet; In Conformance* |
| *Minimum Rear Yard Setback* | *30-Feet* | *30-Feet; In Conformance* |
| *Minimum Side Yard Setback* | *10-Feet* | *10-Feet; In Conformance* |
| *Maximum Building Height* | *36-Feet* | *17-Feet; In Conformance* |
| *Max Building/Lot Coverage* | *40%* | *~5.48%; In Conformance* |
| *Minimum Masonry Requirement* | *80* | *100%; In Conformance* |
| *Minimum Number of Parking Spaces* | *5 Spaces* | *6 Spaces; In Conformance* |
| *Minimum Stone Requirement* | *20%* | *20%; In Conformance* |
| *Minimum Landscaping Percentage* | *25%* | *~60%; In Conformance* |
| *Maximum Impervious Coverage* | *75-80%* | *~42%; In Conformance* |

## TREESCAPE PLAN

The applicant has submitted a landscape plan showing that there are no protected trees being removed from the subject property.

## CONFORMANCE WITH OURHOMETOWN VISION 2040 COMPREHENSIVE PLAN

The Future Land Use Plan adopted with the OurHometown Vision 2040 Comprehensive plan shows the subject property being located in the Downtown District and designated for ***Live/Work*** land uses. The Downtown District contains some of the City's oldest structures and maintains its small town atmosphere by utilizing strategies such as live/work arrangements, historic preservation, and the adaptive reuse of existing buildings. Given the proximity of the subject property to S. Goliad Street [SH-205] and the surrounding ***Commercial/Retail*** land uses, the proposed office building appears to be a natural transition from the high-intensity, non-residential land uses west of the subject property to the lower intensity land uses east of the subject property. Since the subject property is designated for ***Live/Work*** land uses, the existing structure utilized as a single-family home, an office, or both. Staff should note, the applicant's request to convert a single-family home into an office building conforms to the Future Land Use Plan and the strategies implemented in the Downtown District.

## CONFORMANCE WITH THE CITY'S CODES

According to Subsection 4.02, *Residential-Office (RO) District*, of Section 4, *Commercial Districts*, of Article V, *District Development Standards*, of the Unified Development Code (UDC), Residential-Office (RO) Districts "…recognize the existence of older residential areas where older homes can be converted into low-intensity office uses…" Additionally, the Residential-Office (RO) District "…provides low-intensity services such as offices, medical and professional services, and some limited retail businesses to residents in the adjacent neighborhoods…" Residential-Office (RO) Districts serve as a transition between high-intensity, non-residential uses or busy arterial roadways to lower intensity residential uses and should have access to major or secondary thoroughfares. With that being said, the applicant's request for approval of a site plan to convert an existing single-family home to an office building appears to be in conformance with the intent of the Residential-Office (RO) District. Currently, there is residential adjacency to the east, and the proposed office would serve as a transition between the higher intensity General Retail (GR) District land uses to the west of the subject property and the lower intensity residential uses to the east. The Unified Development Code (UDC) requires a six (6) foot masonry-screening wall be constructed for all non-residential property adjacent to residentially zoned or used property; however, the code does give the Planning and Zoning Commission the discretion to approve alternative landscape screening plans when warranted. In this case, the adjacent residential subdivision has an existing six (6) foot wood fence that extends along the entire adjacency. Based on this, the applicant has indicated a preference to use a thick vegetative screen utilizing trees and bushes in lieu of the required masonry-screening wall. Staff has requested an updated landscape plan reflecting these changes; however, the applicant has failed to provide the plan prior to the resubmission date. As a result, staff has added a condition of approval requiring that the applicant resubmit a landscape plan showing canopy trees planted on 20-foot centers and mature bushes planted in a staggered pattern along the eastern property line (*i.e. along the entire residential adjacency*). If the Planning and Zoning Commission chooses to approve this alternative screening method the applicant would be required to submit a landscape plan showing conformance to this requirement prior to submitting civil plans and/or a building permit.

## ARCHITECTURAL REVIEW BOARD (ARB):

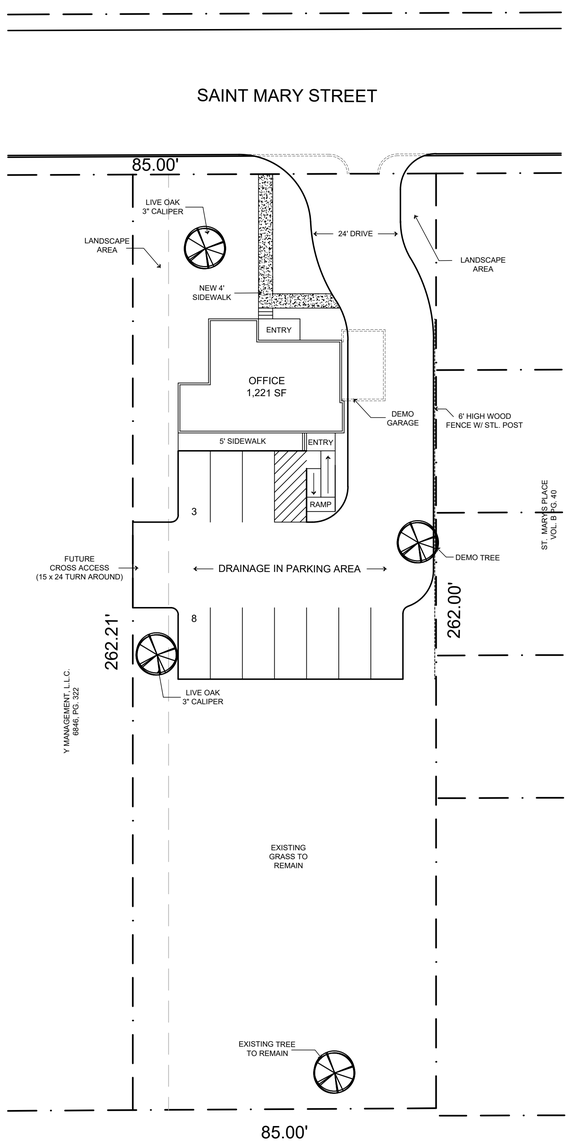
On January 29 2019, the Architectural Review Board (ARB) reviewed the building elevations and passed a motion to recommend approval of the site plan by a vote of 7-0.

## CONDITIONS OF APPROVAL

If the Planning and Zoning Commission chooses to approve the applicant's request, then staff would propose the following conditions of approval:

(1) All comments provided by the Planning, Engineering and Fire Department must be addressed prior to the submittal of a building permit;

(2) A landscape plan showing canopy trees planted on 20-foot centers and mature bushes planted in a staggered pattern along the eastern property line (*i.e. along the entire residential adjacency*) shall be required prior to the submittal of civil plans and/or a building permit; and,



(3) Any construction resulting from the approval of this site plan shall conform to the requirements set forth by the Unified Development Code (UDC), the International Building Code (IBC), the Rockwall Municipal Code of Ordinances, city adopted engineering and fire codes and with all other applicable regulatory requirements administered and/or enforced by the state and federal government.

| | |
|---|---|
| **TO:** | Planning and Zoning Commission |
| **DATE:** | 02/12/2019 |
| **APPLICANT:** | Matt Moore; *Claymoore Engineering, Inc.* |
| **CASE NUMBER:** | SP2019-003.; *Site Plan for Multi-Tenant Office Complex* |

## SUMMARY

Discuss and consider a request by Matt Moore of ClayMoore Engineering, Inc. for the approval of a site plan for a multi-tenant office complex on a 7.52-acre portion of a larger 9.76-acre tract of land identified as Lot 18 and the south portion of Lot 19, Rainbow Acres Addition, City of Rockwall, Rockwall County, Texas, zoned Commercial (C) District, addressed as 407 Ranch Trail, and take any action necessary.

## BACKGROUND

The subject property is located at the southeast quadrant of Ranch Trail and County Line Road, zoned Commercial (C) District, and is addressed as 407 Ranch Trail. The subject property was annexed in 2004 [*Ordinance No. 04-34*] and zoned Commercial (C) District in 2013 [*Case No. Z2013-020*]. At that time, the property owner's intent for the rezoning was to develop the property as an animal boarding/kennel facility; however, a site plan was never submitted and the facility was never constructed. Currently, the subject property along with several adjacent tracts in the surrounding area are vacant.

## PURPOSE

The applicant is requesting approval of a site plan for a multi-tenant office/warehouse complex on the subject property. The proposed facility consists of 11 office buildings on approximately seven (7) acres. The proposed buildings will be approximately 4,999 SF, constructed of metal, utilize roll-up doors, and have a pitched roof design. The applicant is proposing to incorporate a seven (7) foot stone and brick wainscot on all building façades that are visible from the street. The remaining buildings will be internal to the complex, be constructed of metal, and will not be visible from the street. In order to provide some variation in the building facades, the applicant is proposing to utilize a contrasting roof and trim color, and utilize metal awnings on the façades visible from the street. Additionally, the applicant is proposing to provide landscape screening adjacent to the northern property line to screen the property from the adjacent residential land uses. According to the applicant, the intent of the development is to provide offices for multiple tenants such as plumbers, contractors, or other similar uses. Staff should note, outside storage is prohibited in the Commercial (C) District.

## ADJACENT LAND USES AND ACCESS

The subject property is located at the southeast quadrant of Ranch Trail and County Line Road. The land uses adjacent to the subject property are as follows:

*North*: Directly north of the subject property is County Line Road, which is identified as an MC (*minor collector, two [2] lane, undivided roadway*) on the City's Master Thoroughfare Plan. Beyond this is a single-family residential subdivision (*i.e. Lake Rockwall Estates*), zoned Planned Development District 75 (PD-75) for Single-Family 7 (SF-7) District land uses. Following is a large tract of land that is zoned Agricultural (AG) District.

*South*: Directly south of the subject property is an office complex containing several metal buildings. Beyond this is a vacant tract of land that has an approved Specific Use Permit (SUP) for a mini-warehouse and additional several businesses that utilize metal buildings. These areas are zoned Commercial (C) District. South of these uses is Horizon Road [FM-3097], which is identified as a TxDOT4D (*Texas Department of Transportation, four [4] lane, divided roadway*) on the City's Master Thoroughfare Plan. This roadway delineates the city limits of Rockwall and the beginning of the Extraterritorial Jurisdiction (ETJ).

*East*: Directly east of the subject property is a large vacant tract of land, which is zoned Agricultural (AG) District followed by a single-family residential subdivision (i.e. the Oaks ay Buffalo Way). This subdivision is zoned Single-Family Estate 1.5 (SFE-1.5) District. Beyond this are two (2) single-family homes and several vacant tracts of land that are zoned Agricultural (AG) and/or General Retail (GR) Districts. Following this is S. Goliad Street [SH-205], which is identified as a TxDOT6D (*Texas Department of Transportation, six [6] lane, divided roadway*) on the City's Master Thoroughfare Plan.

*West*: Directly west of the subject property is Ranch Trail, which is identified as an MC (*minor collector, two [2] lane, undivided roadway*) on the City's Master Thoroughfare Plan. Beyond this are several businesses (*i.e. Sunbelt Equipment, Jerry Kisick Custom Homes, etc.*). Following this is a vacant tract of land and several businesses (*i.e. Horizon Auto Care, Dog Gone Pretty, Rockwall Customer Frame Shop*), which are zoned Commercial (C) District.

## DENSITY AND DIMENSIONAL REQUIREMENTS

According to Section 1, *Land Use Schedule*, of Article IV, *Permissible Uses*, of the Unified Development Code (UDC), the proposed use (*i.e. a multi-tenant office complex*) is allowed by-right in a Commercial (C) District. Excluding the exceptions being requested, the submitted site plan, landscape plan, and photometric plan, generally conform to the technical requirements contained within the UDC for a property located within a Commercial (C) District. A summary of the density and dimensional requirements for the subject property are as follows:

| *Ordinance Provisions* | *Zoning District Standards* | *Conformance to the Standards* |
|---|---|---|
| *Minimum Lot Area* | *10,000 SF* | *327,554 SF; In Conformance* |
| *Minimum Lot Frontage* | *60-Feet* | *~367-465-Feet; In Conformance* |
| *Minimum Lot Depth* | *100-Feet* | ~455-838 SF; In Compliance |
| *Minimum Front Yard Setback* | *15-Feet* | 15-Feet; In Compliance |
| *Minimum Rear Yard Setback* | *10-Feet* | *10-Feet; In Compliance* |
| *Minimum Side Yard Setback* | *10-Feet* | *10-Feet; In Compliance* |
| *Maximum Building Height* | *60-Feet* | *22-Feet; In Compliance* |
| *Max Building/Lot Coverage* | *60%* | *37%; In Conformance* |
| *Minimum Masonry Requirement* | *90%* | *0-35%; Not In Conformance* |
| *Minimum Number of Parking Spaces* | *209 Spaces* | *216 Spaces: In Conformance* |
| *Minimum Stone Requirement* | *20%* | *0-21%; Not In Conformance* |
| *Minimum Landscaping Percentage* | *15%* | *63%; In Conformance* |
| *Maximum Impervious Coverage* | *85-95%* | *37%; In Conformance* |

## TREESCAPE PLAN

The applicant has submitted a treescape plan showing that 38.5 caliper-inches of primary protected trees and 493 caliper-inches of secondary protected trees will be required to be removed to develop the subject property. According to Section 5, *Tree Mitigation Requirements*, of Article IX, *Tree Preservation*, of the Unified Development Code (UDC), primary protected trees require mitigation calculated on an inch-for-inch basis and secondary protected trees require mitigation of ½ the total caliper inches being removed. Based on the submitted treescape plan, the total mitigation balance for

both primary and secondary protected trees is 285 caliper-inches. Since the applicant is planting 150 caliper-inches within the proposed development, the remaining balance will be 135 caliper-inches (*i.e. 47% of the total mitigation*). The Unified Development Code allows up to 20% of the total tree mitigation to be paid to the City's tree fund. The Unified Development Code (UDC) gives the City Council the ability to approve alternative tree mitigation agreements, pending a recommendation from the Planning and Zoning Commission. Since the applicant is proposing to exceed the 20% maximum allowable tree mitigation paid to the City's tree fund (*i.e. proposing 47% of total mitigation balance*), an alternative tree mitigation plan will need to be approved by the City Council, pending a recommendation by the Planning and Zoning Commission.

**CONFORMANCE WITH OURHOMETOWN VISION 2040 COMPREHENSIVE PLAN**

The Future Land Use Plan adopted with the OurHometown Vision 2040 Comprehensive Plan indicates that the subject property is located in the *Southwest Residential District* and is situated within an area that is identified as a *Transitional Area*. According to the district, the *Transitional Area* is defined as, "…currently transitioning from interim land uses and building types to more permanent structures with conforming land uses. These areas should be given special consideration with regard to requests that further the establishment of uses and structures that will improve the property values of the adjacent properties…" In this case, the applicant is proposing a multi-tenant office facility that is composed of metal buildings. This use and the proposed metal buildings are similar to the existing buildings in the area, and the proposed improvements are similar to other buildings that have been approved along Ranch Trail since this area was annexed by the City in 2004.

**CONFORMANCE WITH THE CITY'S CODES**

Subsection 4.05, *Commercial (C) District*, of Article V, *District Development Standards*, of the Unified Development Code (UDC), states that the Commercial (C) District is a district intended to provide commercial land uses such as retail, large shopping centers, and restaurants. Commercial (C) Districts are generally situated in close proximity to an arterial or major collector that is capable of carrying the traffic generated by the land uses in the district. In addition, these areas may require increased water, fire protection, and wastewater and drainage capacity. Since the Commercial (C) District is general in nature, development standards are less stringent as lower intensity districts such as Residential-Office (RO), Neighborhood Services (NS), and General Retail (GR) Districts. In this case, the applicant's proposal is adjacent to County Line Road -- *identified as a Minor Collector on the City's Master Thoroughfare Plan* --, and the office land use is not typically a high volume water/wastewater user. With regard to the land use, an office complex is permitted *by-right* in a Commercial (C) District.

According to Subsection 5.6, *Screening from Residential Uses*, of Section 5, *Mandatory Provisions*, of Article VIII, *Landscape Standards*, of the Unified Development Code (UDC), non-residential developments that are directly across the street from a residential development should incorporate a minimum ten (10) foot landscape buffer that incorporates trees on 50-foot centers. In this case, the applicant's plan does appear to meet the minimum requirements.

**VARIANCES/EXCEPTIONS REQUESTED BY THE APPLICANT**

Based on the information submitted by the applicant, staff has identified the following exceptions to the requirements of the Unified Development Code (UDC):

(1) *Construction Materials.*

(a) *Materials and Masonry Composition.* Subsection 4.01, *General Commercial District Standards*, of Section 4, *Commercial Districts*, of Article V, *District Development Standards*, of the Unified Development Code (UDC) stipulates minimum masonry requirements (*i.e. 90% Primary Materials, 20% stone, and no more than 10% Secondary Materials*) for commercial buildings. In this case, the applicant's proposed development does not conform to the minimum masonry

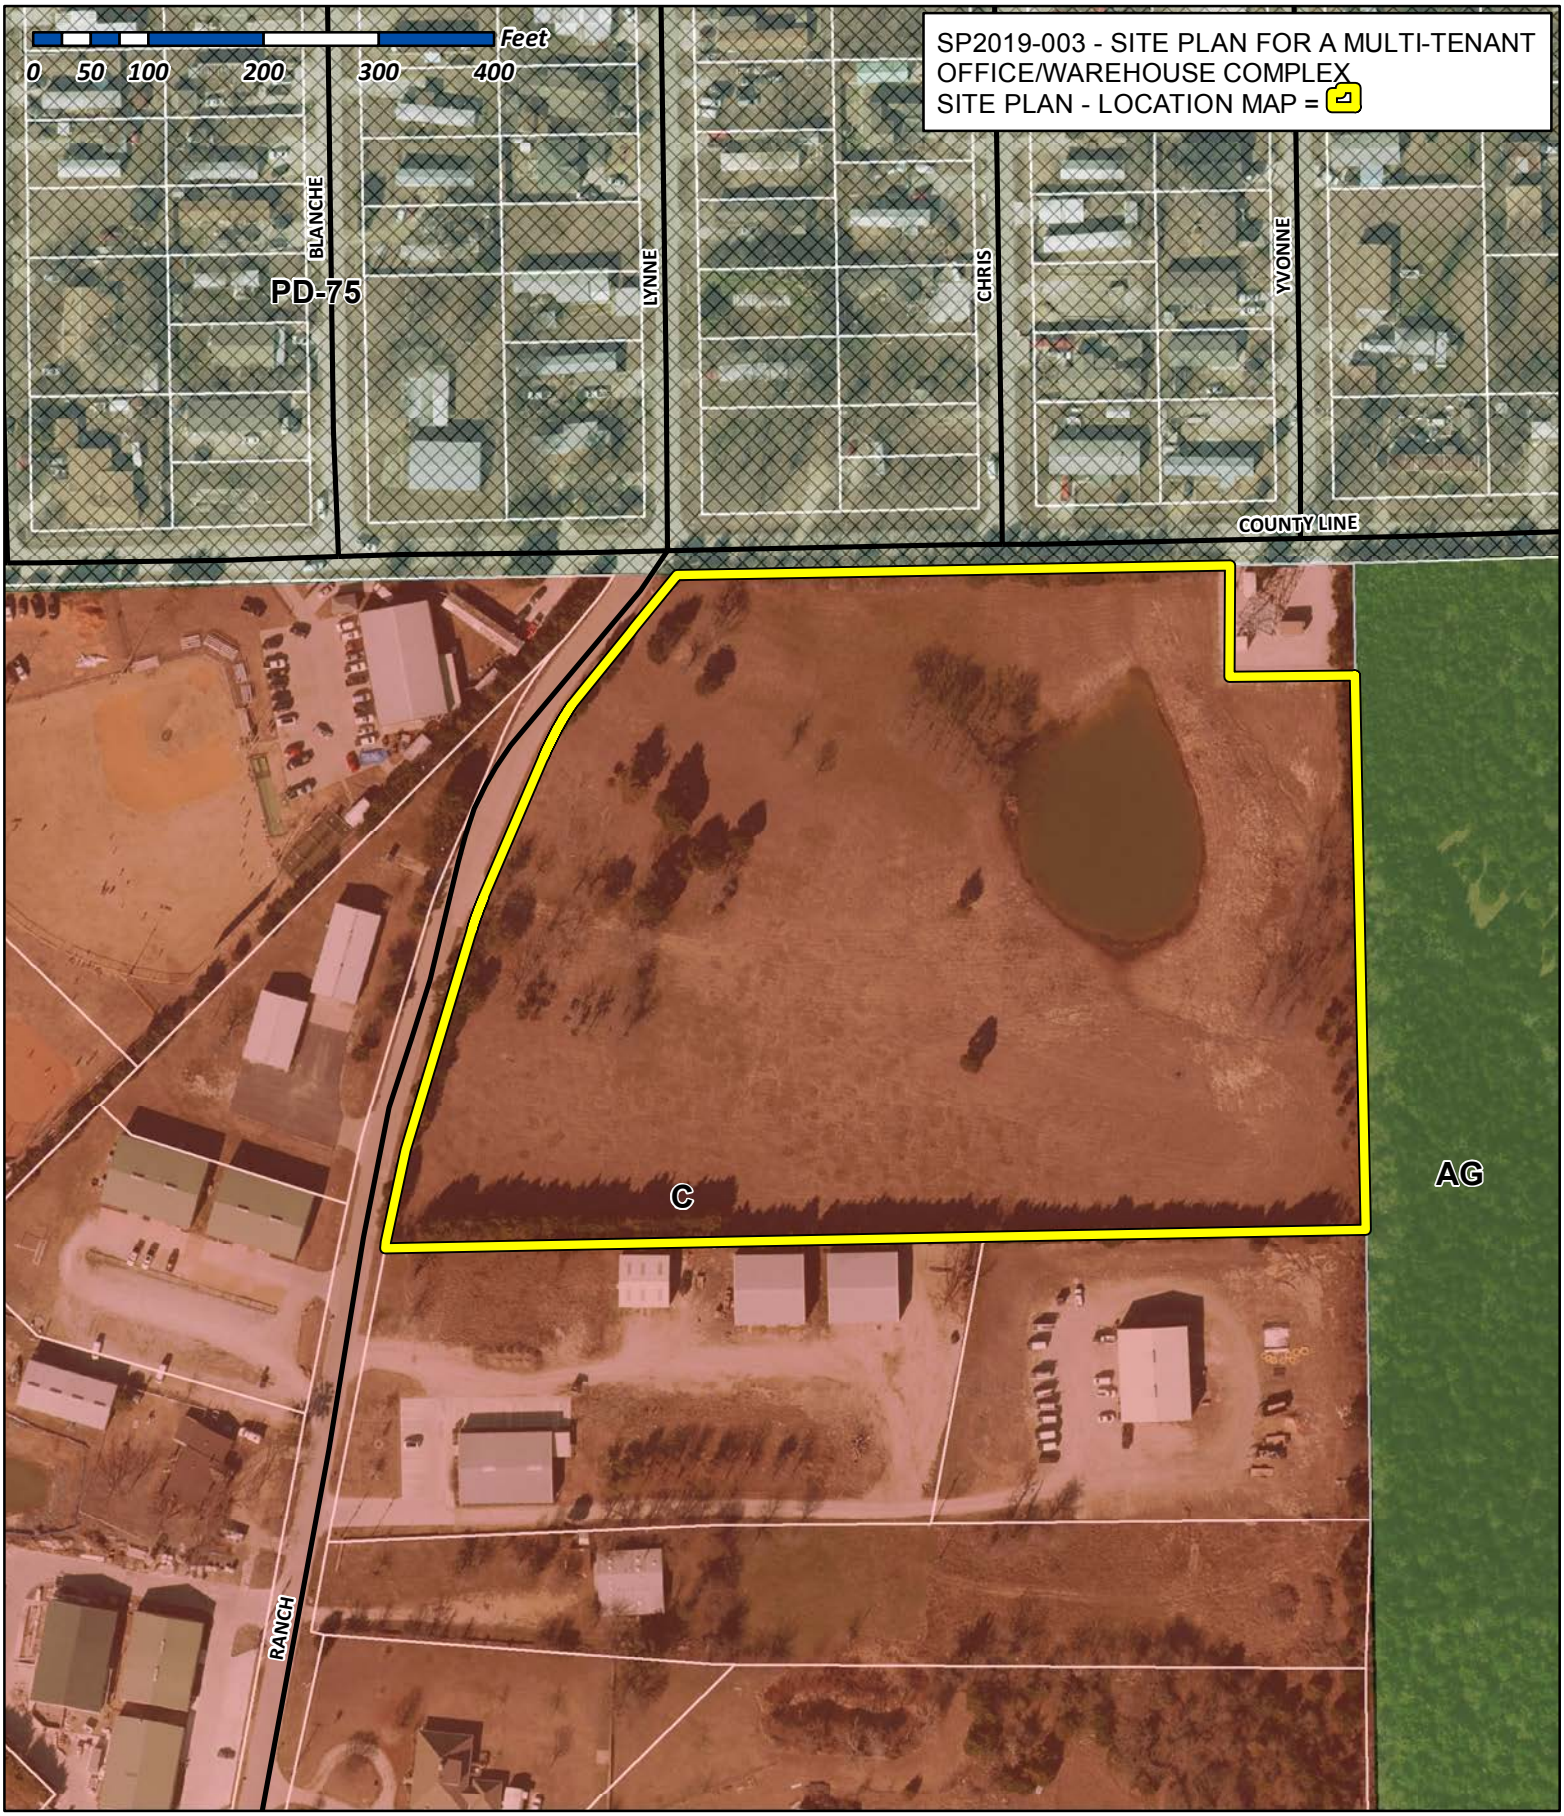
requirements. Specifically, the building façades are mostly metal (*i.e. between 69-100% metal*), which is considered to be a secondary material. The building façades contain between 0-35% masonry and 0-21% stone. Since the façades exceed the maximum amount of secondary materials and are below the minimum masonry requirements, an exception to the material requirements needs to be approved by the Planning and Zoning Commission pending a recommendation from the Architectural Review Board (ARB).

(2) *Building Articulation.*

(a) *Horizontal Articulation.* Subsection 4.01, *General Commercial District Standards*, of Section 4, *Commercial District*, of Article V, *District Development Standards*, of the Unified Development Code (UDC) stipulates that the maximum wall length shall not exceed more than three (3) times the wall's height without a recess or projection of an architectural element. In this case the maximum wall length is approximately 66-feet; however, the proposed buildings have walls that are between 70 and 75 feet in length. Since this exceeds the maximum allowable length, an exception to the building articulation standards is required to be approved by the Planning and Zoning Commission pending a recommendation from the Architectural Review Board (ARB).

These exceptions are discretionary decisions for the Planning and Zoning Commission and require approval by a simple majority vote. In the event that the exception is denied, the applicant has the ability to appeal the Planning and Zoning Commission's decision to the City Council by filing a written request with the Planning and Zoning Department.

**ARCHITECTURAL REVIEW BOARD (ARB):**



On January 29, 2019, the Architectural Review Board (ARB) reviewed the proposed building elevations and requested that the applicant provide additional articulation to the building facades, utilize a combination of materials on the facades, to provide a color contrasting roof on each building, and to incorporate elements such as awnings to provide some relief on the facades. The applicant has submitted revisions that appear to be in conformance with the request from the Architectural Review Board (ARB). The Architectural Review Board (ARB) will review the revised building elevations and forward a recommendation to the Planning and Zoning Commission at the February 12, 2019 meeting.

**CONDITIONS OF APPROVAL**

If the Planning and Zoning Commission chooses to recommend approval of the applicant's request, then staff would propose the following conditions of approval:

(1) All comments provided by the Planning, Engineering, and Fire Department must be addressed prior to the submittal of a building permit;

(2) Any construction resulting from the approval of this site plan shall conform to the requirements set forth by the Unified Development Code (UDC), the International Building Code (IBC), the Rockwall Municipal Code of Ordinances, city adopted engineering and fire codes and with all other applicable regulatory requirements administered and/or enforced by the state and federal government.

COPYRIGHT NOTICE:
These drawings and specifications are the property of the architect and are protected as an "architectural work" under sections 102 and 120 of the copyright act, 17 U.S.C. As amended January 2003. The protection includes, but is not limited to, the overall form, arrangement and composition of spaces and elements of the design. Under such protection, unauthorized use of these drawings and specifications without the architect's consent may result in substantial civil penalties and in criminal prosecution. Violations may also result in a lien against the building secure, and/or monetary liability.

| DIH | Dwarf Indian Hawthorne | | |

## HATCH LEGEND

Asian Jasmine

Big Blue Liriope

Solid Sod Bermuda Grass

## LANDSCAPE NOTES

1. The project will have an undergound automatic irrigation system to water all new plantings.
2. Install 4" layer of shredded hardwood mulch to all planting beds.
3. Install 4" steel edging between all shrub beds and grass areas.
4. Shrub beds to have 12 inches of prepared planting mix (75% import topsoil, 15% composted amendment, 10% washed sand)
5. Shredded hardwood mulch must contain long strands along with double shred finer material obtained from a local source.
6. Install 4 inches of clean topsoil in all areas of the site disturbed by grading and construction operations. Topsoil shall be free from sticks, debris and rocks larger than 2 inches in diameter and have an organic matter level of 3 percent minimum and a pH range between 5.5 and 7.4 percent. Provide soil test analysis from a soil test laboratory showing soil makeup and organic percentage.
7. Solid sod all areas disturbed by construction activities.
8. No trees within 5' of utilities.
9. No parking space shall be more than 80 feet from a tree.

## SITE PHOTOMETRIC NOTES

1. ELECTRICAL CONTRACTOR IS RESPONSIBLE FOR FIELD VERIFICATION OF ALL CONDITIONS AND IS ALSO RESPONSIBLE FOR REPORTING ANY CONFLICTS TO THE ENGINEER PRIOR TO THE START OF WORK.

2. THE PHOTOMETRIC ZONE IS CALCULATED AT 3 FEET ABOVE FINISH GRADE LEVEL AND SPACED EVERY 10FTx10FT

3. THIS PLAN REPRESENTS A SOFTWARE SIMULATED PHOTOMETRIC STUDY OF THE EXTERIOR SITE LIGHTING. IT WAS CREATED UNDER THE ENGINEER'S SUPERVISION; HOWEVER, THE ENGINEER DOES NOT WARRANT THE ACCURACY OF THE SOFTWARE OR LIGHT FIXTURE DATA. VISUAL LIGHTING SOFTWARE WAS USED TO GENERATE THIS DOCUMENT ALONG WITH THE IES DATA FILES PROVIDED BY THE LIGHT FIXTURE MANUFACTURER. THE SIMULATION DOES NOT TAKE INTO EFFECT A CHANGE IN GRADE ELEVATION OR CONTRIBUTION FROM OTHER (NEW/EXISTING) LIGHT SOURCES IN ADJACENT PROPERTIES.

## ELECTRICAL LIGHTING AND POWER NOTES

1. ALL WORK SHALL MEET CURRENTLY ADOPTED IBC, IECC AND NEC CODE REQUIREMENTS AS WELL AS ANY CITY ADOPTED AMENDMENTS.
2. LOADING AND BREAKER LAYOUT SHOWN IS BASED ON BEST AVAILABLE DATA. SPECIALTY, MEDICAL OR IT EQUIPMENT AND APPLIANCES, ETC MAY NEED SEPARATE CIRCUITS. INSTALLING ELECTRICIAN TO VERIFY ACTUAL EQUIPMENT WATTAGES AND SUPPLY CORRECT EQUIPMENT AS NEEDED.
3. ALL RECEPTACLES SHALL BE GFCI PROTECTED IF REQUIRED BY NEC OR AHJ.
4. ALL EXTERIOR RECEPTACLES TO BE GFCI PROTECTED WITH WEATHERPROOF IN-USE COVERS.
5. ALL RECEPTACLES IN AREAS GENERALLY OCCUPIED BY CHILDREN INCLUDING CLASSROOMS, PATIENT EXAM ROOMS, WAITING ROOMS, RESTROOMS, HALLWAYS AND GYMS TO BE TAMPER-RESISTANT.
6. ELECTRICAL CONTRACTOR TO PROVIDE JUNCTION BOX FOR BUILDING SIGNAGE AND PHOTOCELL WITH TIME CLOCK NEXT TO BREAKER PANEL.
7. ALL LIGHTING AND CONTROLS SHALL CONFORM TO CURRENT IECC SECTION C405.2
8. EMERGENCY ELECTRICAL SYSTEM AS LOCATED ON THIS PLAN SHALL PROVIDE POWER FOR A DURATION OF NOT LESS THAN 90 MINUTES AND AN INITIAL ILLUMINATION OF AN AVERAGE 1 FOOTCANDLE. EMERGENCY POWER SYSTEM TO BE IN COMPLIANCE WITH IBC SECTION 1006.
9. ALUMINUM CONDUCTORS GREATER THAN 2/0 (APPROX 200 AMPS) CAN BE USED FOR THE INDIVIDUAL SERVICE.
10. OWNER MAY CHANGE EQUIPMENT MANUFACTURER BUT SHALL KEEP MINIMUM SPECIFICATIONS, UNLESS NOTED OTHERWISE.
11. CONTRACTOR TO CONTACT UNDERSIGNED ENGINEER WITH ANY DESIGN PLAN CHANGES.

## MEP GENERAL NOTES

1. ALL CONSTRUCTION TO CONFORM TO INTERNATIONAL, STATE AND LOCAL CODES AND ORDINANCES CURRENTLY ADOPTED BY THE AUTHORITY HAVING JURISDICTION (AHJ).
2. CONTRACTORS TO CONFIRM ALL SPECIFICATIONS HEREIN WITH ACTUAL EQUIPMENT IN FIELD PRIOR TO INSTALLATION.
3. REVIEW PLAN SHEET "MEP0 - MEP NOTES" PRIOR TO PERMITTING, BIDDING AND CONSTRUCTION.
4. THE INTENT OF THE DRAWINGS HEREIN IS TO REPRESENT A COMPLETE WORKING SYSTEM. ALL BIDDERS SHALL BE RESPONSIBLE FOR PROVIDING AND INSTALLING ALL COMPONENTS NECESSARY TO PROVIDE A COMPLETE WORKING SYSTEM WHETHER SHOWN OR NOT SHOWN ON THE DRAWINGS.
5. SEE CIVIL AND ARCHITECTURAL PLANS FOR EXACT LOCATIONS AND DIMENSIONS OF ALL FIXTURES AND STRUCTURES.
6. SEE ARCHITECTURAL FINISH OUT SCHEDULES FOR SPECIFIC MODELS, COLORS AND DESIGN NOT DEFINED HEREIN.
7. WITH OWNER APPROVAL, CONTRACTOR MAY CHANGE SPECIFIED EQUIPMENT BUT SHALL KEEP MINIMUM UNIT SPECIFICATIONS.
8. CONTRACTOR TO CONTACT AME ENGINEERING, INC. AT 817-653-4122 PRIOR TO ANY SIGNIFICANT DESIGN REVISIONS.
9. DETAILS LABELED "TYPICAL" ON THE DRAWINGS SHALL APPLY TO ALL SITUATION OCCURRING ON THE PROJECT THAT ARE OR SIMILAR TO THOSE SPECIFICALLY DETAILED. THE APPLICABILITY OF THE DETAIL TO ITS LOCATION ON THE DRAWINGS CAN BE DETERMINED BY THE TITLE OF DETAIL. SUCH DETAILS SHALL APPLY WHETHER OR NOT THEY ARE REFERENCED AT EACH LOCATION. QUESTIONS REGARDING APPLICABILITY OF TYPICAL DETAILS SHALL BE DETERMINED BY THE ENGINEER OF RECORD.

## PLANNING AND ZONING COMMISSION WORK SESSION
## City Hall, 385 South Goliad, Rockwall, Texas
## Council Chambers
## February 26, 2019
## 6:00 P.M.

**CALL TO ORDER**

***CONSENT AGENDA***

**1.** Approval of Minutes for the *January 15, 2019* Planning and Zoning Commission meeting.

***APPOINTMENTS***

**2.** Appointment with Architectural Review Board representative to receive the Board's recommendations and comments for items on the agenda requiring architectural review.

***DISCUSSION ITEMS***

**3. Z2019-003** **(Korey)**
Hold a public hearing to discuss and consider a request by Jeff Bresee of SET Engineers on behalf of James Watson of the Rockwall Independent School District (RISD) for the approval of a Specific Use Permit (SUP) for a *Private Sports Arena, Stadium or Track* on a 35.295-acre parcel of land identified as Lot 1, Block A, Rockwall High School Addition, City of Rockwall, Rockwall County, Texas, zoned Commercial (C) District, situated within the IH-30 Overlay (IH-30 OV) District, addressed as 901 W. Yellow Jacket Lane, and take any action necessary.

**4. P2019-008** **(Korey)**
Hold a public hearing to discuss and consider a request by Kevin Osornio on behalf of Jeaniffer Osornio for the approval of a replat for Lots 1-4, Block A, N. E. & J.O. Addition being a 0.46-acre parcel of land identified as Lot 2, Block A, Sanger Addition, City of Rockwall, Rockwall County, Texas, zoned Single Family 7 (SF-7) District, situated within the Southside Residential Overlay (SOV) District, addressed as 705 Peters Colony, and take any action necessary.

**5. SP2019-004** **(David)**
Discuss and consider a request by Mark W. Pross of Pross Design Group, Inc. on behalf of Carolina Molina of Alvaplast US (SPR Packaging) for the approval of a site plan for a warehouse/manufacturing facility on a 11.3736-acre tract of land identified as Tract 7 of the N. Butler Survey, Abstract No. 20, City of Rockwall, Rockwall County, Texas, zoned Light Industrial (LI) District, situated at the terminus of Aluminum Plant Road, and take any action necessary.

**6. SP2019-005** **(David)**
Discuss and consider a request by Pat Atkins of the Saddle Star Land Development, LLC on behalf of CDT Rockwall/2017 LLC for the approval of a site plan for the Saddle Star South Subdivision containing 138 single-family residential lots on a 55.85-acre tract of land identified as Tracts 1, 1-5 & 2-03 of the P. B. Harrison Survey, Abstract No. 97, City of Rockwall, Rockwall County, Texas, zoned Agricultural (AG) District and Planned Development District 79 (PD-79) for Single-Family 8.4 (SF-8.4) District land uses, situated within the SH-205 By-Pass Overlay (SH-205 BY-OV) District, located on the north side of John King Boulevard east of the intersection of Featherstone Drive John King Boulevard, and take any action necessary.

**7.** Director's Report of post Council meeting outcomes of Planning & Zoning cases **(Ryan)**.

- ✓ Z2018-056: Zoning Change (AG to LI) for Friendship Baptist Church (*2nd Reading*) [*Approved*]
- ✓ Z2018-058: SUP for a Craft Winery and Commercial/Amusement Outdoors (*2nd Reading*) [*Approved*]
- ✓ Z2019-001: Text Amendment to Article IV, Permissible Uses, UDC (*1st Reading*) [*Approved*]

**ADJOURNMENT**

## WORK SESSION

**8.** A work session will be held in the City Council meeting room immediately following the adjournment of the February 26, 2019 Planning and Zoning Commission Work Session meeting to discuss the implementation of a zoning tool as directed by the City Council.

This facility is wheelchair accessible and accessible parking spaces are available. Request for accommodations or interpretive services must be made 48 hours prior to this meeting. Please contact the City Secretary's Office at (972) 772-6406 for further information.

I, Laura Morales, Planning and Zoning Coordinator for the City of Rockwall, Texas, do hereby certify that this Agenda was posted at City Hall, in a place readily accessible to the general public at all times, on the 22nd day of February 2019 at 5:00 p.m., and remained so posted for at least 72 continuous hours preceding the scheduled time of said meeting.

## ARCHITECTURAL REVIEW BOARD MEETING
### City Hall, 385 South Goliad, Rockwall, Texas
### Council Chambers Conference Room
### February 26, 2019
### 5:00 PM

## CALL TO ORDER

## ***ACTION ITEMS***

1. **SP2019-004** (David)
   Discuss and consider a request by Mark W. Pross of Pross Design Group, Inc. on behalf of Carolina Molina of Alvaplast US (SPR Packaging) for the approval of a site plan for a warehouse/manufacturing facility on a 11.3736-acre tract of land identified as Tract 7 of the N. Butler Survey, Abstract No. 20, City of Rockwall, Rockwall County, Texas, zoned Light Industrial (LI) District, situated at the terminus of Aluminum Plant Road, and take any action necessary.

## ADJOURNMENT

This facility is wheelchair accessible and accessible parking spaces are available. Request for accommodations or interpretive services must be made 48 hours prior to this meeting. Please contact the City Secretary's Office at (972) 772-6406 for further information.

I, Laura Morales, Planning & Zoning Coordinator of the City of Rockwall, Texas, do hereby certify that this Agenda was posted at City Hall, in a place readily accessible to the general public at all times, on the 22nd day of February 2019, by 5:00 p.m., and remained so posted for at least 72 continuous hours preceding the scheduled time of said meeting.

# MINUTES

## PLANNING AND ZONING COMMISSION PUBLIC HEARING

**City Hall, 385 South Goliad, Rockwall, Texas**
**Council Chambers**
**January 15, 2019**
**6:00 P.M.**

I. CALL TO ORDER

**Chairman Lyons called the meeting to order at 6:00 p.m. The Commissioners present at the meeting were, Jerry Welch, Eric Chodun, Annie Fishman, Tracey Logan, and John Womble. Absent from the meeting was Commissioner Mark Moeller. Staff members present were Planning Director, Ryan Miller, Planning Manager, David Gonzales, Senior Planer Korey Brooks, Planning Coordinator, Laura Morales, City Engineer, Amy Williams, Civil Engineers, Jeremy White and Sarah Hager.**

II. CONSENT AGENDA

1. Approval of Minutes for the November 27, 2018 Planning and Zoning Commission meeting.

2. Approval of Minutes for the December 11, 2018 Planning and Zoning Commission meeting.

3. P2018-047

Discuss and consider a request by Chase Finch of Corwin Engineering, Inc. on behalf of John Arnold of BH West Pods, LTD for the approval of a preliminary plat for Breezy Hill, Phase XII containing 35 single-family residential lots on 44.525-acres of land identified as a portion of Tract 7-1 of the J. Strickland Survey, Abstract No. 187, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 74 (PD-74) for Single Family 10 (SF-10) District land uses, located west of the intersection of John King Boulevard and Cozy View Drive, and take any action necessary.

**Commissioner Welch made a motion to approve the consent agenda. Commissioner Chodun seconded the motion which passed by a vote of 6-0 with Commissioner Moeller absent.**

III. APPOINTMENTS

4. Appointment with Architectural Review Board representative to receive the Board's recommendations and comments for items on the agenda requiring architectural review.

**Architectural Review representative gave a brief explanation concerning agenda items that were discussed at the Architectural Review Board meeting.**

**Chairman Lyons indicated agenda item #8 would be moved up on the agenda.**

IV. PUBLIC HEARING ITEMS

5. Z2018-055

Hold a public hearing to discuss and consider a request by Kyle Jenkins of the Jenkins Organization on behalf of Michael Swiercinsky of 7.1 Ridge, LLC for the approval of a Specific Use Permit (SUP) for a *Mini-Warehouse* facility on a 2.595-acre tract of land being a portion of Lot 1, Block A, Sky Ridge Addition, City of Rockwall, Rockwall County, Texas, zoned Commercial (C) District, situated within the Scenic Overlay (SOV) District, located southwest of the intersection of W. Yellow Jacket Lane and Ridge Road [*FM-740*], and take any action necessary.

**Senior Planner, Korey Brooks, gave a brief explanation and background of the request. The applicant is requesting approval of a Specific Use Permit to allow a mini-warehouse and the proposed mini-warehouse will be three stories, 126,600 square feet, and contain 800 climate-controlled units. According to the applicant, the mini-warehouse will be constructed to resemble an office building, and is intended to blend in with the surrounding buildings. The facility will be accessible from 6 AM to 10 PM. The majority of the units will be accessed from internal corridors**

and any exterior doors will be limited to the rear building elevation. The applicant has also stated that the existing tree line will be preserved to provide a natural buffer from the residential properties to the northwest.

Mr. Brooks further indicated that when looking at the requirements contained in the Unified Development Code, it is important to note that these requirements were drafted with the intent of regulating campus style mini-warehouse facilities. Campus style mini-warehouse facilities typically incorporate multiple buildings that are generally one story in height, and have non-climate controlled storage units accessible from the exterior of the building. Due to the mini-warehouse requirements, the applicant is seeking variances to the number of units per acre, the maximum number of stories, the pitched roof requirement, and to allow direct access from Ridge Road. The facility proposed by the applicant is a compact design, which allows more units in a smaller footprint. Although the proposed building is three stories, the proposed building is 34-feet in height, which conforms to the maximum height requirement of 36-feet. Additionally, only two stories will be visible from Ridge Road. The proposed facility is intended to have the appearance of an office building with all units being climate controlled and accessible from the interior of the building. Specifically, the proposed structure is three stories in height in which only two stories are visible from Ridge Road and utilizes a flat roof design with a parapet more typical of an office or commercial development. Since these do not meet the mini-warehouse requirements, variances are required. The proposed driveway shown on the concept plan will require permission from TxDOT as well as a traffic impact analysis at the time of site plan. In addition, the applicant is proposing to limit the hours of operation from 6:00 AM to 10 PM, which is consistent to a non-residential land use. The mini-warehouse land use is considered to be a lower-intensity land use that does not generate high volumes of traffic, 15-20 visitors per day according to the applicant). With that being said, the three requirements not in compliance with the Unified Development Code do not appear to negatively impact the surrounding developments. Additionally, the proposed design of the facility provides for easier redevelopment opportunities than the traditional campus style mini-warehouse facilities should the use transition in the future. Approval of the applicant's request is a discretionary decision for the City Council, pending a recommendation from the Planning and Zoning Commission. Should this request be approved, the applicant will be required to submit a site plan, landscape plan, photometric plan, and building elevations to the Architectural Review Board and the Planning and Zoning Commission.

Mr. Brooks went on to note that on December 28, 2018, staff sent 77 notices to property owners and residents within 500-feet of the subject property and notified the Lakeside Village and Turtle Cove Homeowner's Associations which are the only HOA's/Neighborhood Associations within 1,500-feet of the subject property. Staff received two notices against this case.

Mr. Brooks advised the Commission the applicant was present and available for questions.

Commissioner Welch asked if the units would be available to be accessed by someone renting one after 10 o'clock when the facility closes. Mr. Brooks indicated they would not be accessible after closing hours.

Chairman Lyons opened up the public hearing and asked the applicant to come forward.

Maxwell Fisher
900 Jackson Street
Dallas, TX

Mr. Fisher came forward and indicated he represents The Jenkins Organization. He provided a lengthy power point presentation which detailed the request. He provided renderings of what the proposed facility will look like and stressed what they are proposing is not your typical storage facility but instead will look like an office building.

Commissioner Logan asked for clarification as to what was "buried" concept that was mentioned in the power point was that referring to it being at a lower elevation or a basement. Mr. Fisher explained that technically it would be a basement. If you were to be at the left corner in the first floor, it is underground in the self-storage building making that front left corner measure 16 feet in height.

Chairman Lyons asked if anyone wished to speak to come forward and do so.

**Bob Walker**
**309 Featherstone**
**Rockwall, TX**

**Mr. Walker came forward came forward and commented that with the renderings that are being proposed it appears to be a nice looking upscale building and with the location safety should not be a concern. He also commented that another plus is that they will not have any outside storage such as boats and such. He generally shared being in favor of the request.**

**Sergio Bento**
**2002 S. Lakeshore Drive**
**Rockwall, TX**

**Mr. Bento came forward and shared his strong opposition for the request. He commented that the he believes he will see this building and the lights at his property regardless of the railroad between them. He shared that he was a member of a five member team for the City of Arlington Economic Development through the Arlington Chamber of Commerce. He spoke of his past experience pertaining to the old Cowboy stadium in Arlington and the impact it had on the city. He urged the Commission to maintain Rockwall as the "wow" city it is and not become what some surrounding cities have become.**

**Clark Staggs**
**1601 Seascape**
**Rockwall, TX**

**Mr. Staggs came forward and generally expressed being in favor of the request. He shared that with the topography of the site he feels it would be a good use.**

**Suelane Calloway**
**517 Sellers Court**
**Rockwall, TX**

**Ms. Calloway came forward and commented that although the renderings that are being proposed look impressive it is not the right location for such a facility. She generally expressed being in opposition of the request.**

**Mike Portele**
**1944 S. Lakeshore Drive**
**Rockwall, TX**

**Mr. Portele came forward and generally expressed not being in favor of the request and shared the same concerns his neighbor Mr. Bento shared concerning being able to see the building and lights from his property.**

**Chairman Lyons asked the applicant to come forward for rebuttal.**

**Mr. Fisher came forward and shared that the concept plan for building renderings they are providing will be what they will build with the approval of the Architectural Review Board. With regards to the traffic they don't feel that will be an issue what they for see is an average of 15-30 trips per day which would not generate much traffic. In regards to economic development although the development will not be creating many jobs however it is an efficient use with only taking up 2.6 acres and will create a huge tax number. Mr. Fisher further noted that the site line that they did shows trees and the berm will be sufficient separation. He indicated he was available for questions.**

**Chairman Lyons closed the public hearing and brought the item back to the Commission for discussion or action.**

**Commissioner Welch asked in regards to the fencing which originally was to be rod iron. Mr. Fisher indicated that typically because there are storage units in the back they will provide rod iron fencing along the back of the building.**

**Commissioner Moeller generally expressed being in favor of the request. He commented that the renderings provided show a good looking building not a typical storage facility should the words "storage" be removed it would look like an office building with.**

**Chairman Lyons generally expressed being in favor of the request commenting that the Architectural Review Board would ensure the renderings provided would be what would be delivered.**

**Commissioner Chodun expressed concern with the amount of storage buildings already within the City. Commissioner Logan shared the same concerns Commissioner Chodun expressed.**

**Commissioner Chodun made a motion to deny Z2018-055. Commissioner Logan seconded the motion which passed by a vote of 5-2 with Chairman Lyons and Commissioner Moeller dissenting.**

6. Z2018-056

Hold a public hearing to discuss and consider a request by Tom Jones on behalf of Shanon Thomas of Rockwall Friendship Baptist Church for the approval of a zoning change from an Agricultural (AG) District to a Commercial (C) District for a 6.03-acre tract of land being identified as Tract 2-4 of the D. Harr Survey, Abstract No. 102, City of Rockwall, Rockwall County, Texas, zoned Agricultural (AG) District, situated within the SH-205 By-Pass Overlay (SH-205 BY OV) District, located east of the intersection of Justin Road and John King Boulevard, and take any action necessary.

**Senior Planner, Korey Brooks, advised the Commission that the applicant has requested to postpone the case. On December 1$^{th}$ the applicant requested a change of zoning on the subject property from Agricultural to Commercial. At the same time the Comprehensive Plan was being approved and the Comprehensive Plan designates that property as Technology or Light Industrial and in order to zone in conformance with the Comprehensive Plan the applicant has requested to postpone in order to allow staff to re-notify the change in zoning from Agricultural to Light Industrial as Light Industrial allows a church by right. Mr. Brooks noted that new notifications were sent out and no action would be necessary from the Commission.**

7. Z2018-057

Hold a public hearing to discuss and consider a request by Bill Bricker of Columbia Development Company, LLC for the approval of an amendment to Planned Development District 59 (PD-59) for the purpose of incorporating a 0.786-acre tract of land for Residential-Office (RO) District land uses being a 56.586-acre tract of land identified as a portion of R. Ballard Survey, Abstract No. 29, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 52 (PD-52) and Planned Development District 59 (PD-59), located between W. Washington Street and T. L. Townsend Drive, and take any action necessary.

**Senior Planner, Korey Brooks, provided an explanation and background of the request. The applicant is requesting the approval of an amendment to Planned Development District 59 to incorporate the subject property and designate it for Residential-Office District land uses. On October 18, 2004, the City Council passed Ordinance No. 04-59, establishing Planned Development District 59 as the Park Place Subdivision. In its current configuration, Park Place consists of the following Phases: [1] Phase 1, which is zoned for Neighborhood Services District land uses; [2] Phase 2, which is zoned for Single-Family 7 District land uses; and [3] Phase 3, which is zoned for Single-Family 7 and Residential-Office District land uses. The applicant is proposing to establish Phase 4 by incorporating the subject property for Residential-Office District land uses and removing the Residential-Office District land uses from Phase 3 which Phase 3 will only allow SF-7 land uses. A concept plan has been submitted showing that the new Phase will be adjacent to the western boundary of Phase 3 and will consist of five additional lots accessible via Park Place Boulevard and one of the lots currently exists in Phase 3. The applicant has submitted a concept plan and development standards for the existing and proposed Phases of the Park Place Subdivision. The characteristics and development standards for each phase. Phases 2 & 3 are existing and both phases allow single-family land uses; however, Phase 3 also allows Residential-Office District, either live/work, land uses. The applicant is proposing to remove the Residential-Office District land uses from Phase 3, and transition it to Phase 4 which means that Phase 3 will be subject to the Single-Family 7 District land uses. The proposed Phase 4 will contain approximately five residential-office units and will be designed to a residential scale in which the buildings will be designed to look like the existing homes within Park Place. Since the phase will have residential adjacency, the applicant is proposing to prohibit certain uses within**

Phase 4 such as assisted living facility, landfill, transit passenger facility and allow other uses such as general store larger than 2,000 square feet, hair salon, office building more than 5,000 square feet with a Specific Use Permit. This phase will be subject to the Residential-Office District land uses with the exception of the uses outlined in the draft ordinance. The Future Land Use Plan adopted with the OurHometown Vision 2040 Comprehensive Plan designates the subject property for Medium-Density Residential land uses, which is characterized as developments containing greater than 2½ units-per-acre, but not higher than three units-per-acre unless an increased amenity is provided, in which event 3½ units-per-acre can be allowed. Should this request be approved, the designation would need to be changed to Live/Work land uses, which is characterized as low-intensity office/retail land uses that are similar in scale and scope to the adjacent residential properties. Although this does not conform to the Future Land Use Plan, given the subject property's current zoning of Heavy Commercial District, this request will bring the property closer to conformance with the Future Land Use Plan and the change of designation has been made a condition of approval.

Mr. Brooks further noted that in looking at the applicant's request, the live/work units provide a transition from the single-family residential land uses east of the subject property to the light industrial and heavy commercial land uses to the west of the subject property. The incorporation of the subject property as residential-office units seems to be appropriate given its proximity to the adjacent railroad, does not appear to negatively affect the adjacent properties, and will not preclude the properties from being single-family units. The request is discretionary to the City Council, pending a recommendation from the Planning and Zoning Commission.

Mr. Brooks advised the Commission that the applicant was present and available for questions.

Chairman Lyons opened up the public hearing and asked the applicant to come forward.

Bill Bricker
505 West Way Drive
Rockwall, TX

Mr. Bricker came forward and provided additional comments pertaining to the request. He shared that they feel the proposed request and what is being proposed is the best fit and respectfully asked for approval from the Commission.

Chairman Lyons asked if anyone wished to speak to come forward and do so.

Todd Abbott
619 Renfro
Rockwall, TX

Mr. Abbott came forward and asked if the zoning in area 3 allowed for Residential Office currently. Mr. Brooks indicated it currently allows for Single Family 7 or Residential Office. Mr. Abbott indicated he was not aware of that and is against any RO in Park Place but with knowing it is allowed now, he generally expressed being in favor of the request as it is being presented as it is the "lesser of two evils".

Debbi Remington
607 Renfro Street
Rockwall, TX

Ms. Remington came forward and expressed not being in favor of any Residential Office feels it should all stay single family. She expressed concern with the amount of traffic it will generate and affect their street she generally expressed not being in favor of the request.

Chairman Lyons asked if anyone else wished to speak to come forward and do so there not being anyone indicating such Chairman Lyons closed the public hearing and asked the applicant to come forward for rebuttal. He added that all necessary steps have been made to ensure the development is properly designed for flood control and water coming off the property will remain as it was.

**Mr. Bricker came forward and addressed the comment Mr. Abbott made, he indicated that if no change is made Commercial can be developed he feels they are improving the area with the proposed plan.**

**Chairman Lyons brought the item back to the Commission for discussion or action.**

**Commissioner Moeller made a motion to approve Z2018-057 with staff recommendations. Commissioner Logan seconded the motion which passed by a vote of 7-0.**

**Chairman Lyons called a recess at 7:37 p.m.**

**Chairman Lyons called the meeting back to order at 7:48 p.m.**

8. Z2018-058

Hold a public hearing to discuss and consider a request by Tim McCallum of He Wines She Dines, LLC on behalf of Buffalo Creek Business Park, LTD for the approval of a Specific Use Permit (SUP) for a *Craft Winery* and *Commercial Amusement/Recreation (Outdoor)* on a 7.2-acre tract of land identified as Tracts 20-01 & 20-7 of the W. W. Ford Survey, Abstract No. 80, City of Rockwall, Rockwall County, Texas, zoned Commercial (C) District, addressed as 203 County Line Road, and take any action necessary.

**Planning Manager, David Gonzales, provided a brief explanation of the request. The applicant submitted a request for a Specific Use Permit to allow a Craft Winery and Commercial Amusement/Recreation Outdoor facility to be located within a Commercial District. Currently, the subject property is being operated as a warehouse and shipping facility for the applicant's wine club with no retail sales. The applicant has indicated that they would like the opportunity to expand this use to a Craft Winery for the purpose of allowing wine to be mixed, produced and sold on-site. With this request, the applicant has submitted a floor plan showing the proposed Craft Winery layout, which will be situated in a 1,250 square foot building. Of this area, 500 square feet of the building, 40% of total square feet will be dedicated for the retail sales and tasting component of the on-site manufactured product. The remaining 750 square feet will be used for wine display racks, an overhead storage area, blending tanks, and wine barrels. Additionally, the applicant has provided a concept plan for the Commercial Amusement/Recreation outdoor venue, which will be located outdoors in front of the facility. The applicant has indicated that this area will be used on a limited and infrequent basis. In addition, Mr. McCallum has submitted a letter indicating that the use of the outdoor venue will only take place on a scheduled basis, Thursday through Monday ,nights, weekends, and occasionally on Mondays and holidays. The outdoor venue will include a seating area, space for food vendors, and space for live music such as an acoustic guitar.**

**Mr. Gonzales indicated that according to the Unified Development Code, both the Craft Winery and Commercial Amusement/Recreation Outdoor land uses require approval of a Specific Use Permit in a Commercial District. Additionally, the UDC, defines a Craft Winery as being a small scale manufacturing and retail operation that is subject to the following conditions: (1) the total building area being the area under roof is less than 12,000 square feet, and (2) the total floor area dedicated to the direct sale of the on-site manufactured product does not exceed a maximum of 40% of the total floor area. In addition the applicant's letter outlining the proposed business plan, a concept plan depicts the outdoor venue, a floor plan for the Craft Winery, and a draft ordinance containing regulations for the proposed land uses. The applicant's request does appear to be in conformance with these requirements; however, the approval of a Specific Use Permit is a discretionary decision for the City Council pending a recommendation from the Planning and Zoning Commission.**

**Mr. Gonzales further noted that on January 2, 2019, staff mailed 63 notices to property owners and residents within 500-feet of the subject property and did not send a neighborhood notification as there were no Home Owners Associations participating in the Neighborhood Notification Program within 1500-feet of the subject property. Staff received one email notice in opposition of the request.**

**Mr. Gonzales advised the Commission the applicant was present and available for questions as well as staff.**

**Chairman Lyons opened up the public hearing and asked the applicant to come forward.**

**Tim McCallum**
**5140 Standing Oak**
**Rockwall, TX**

**Mr. McCallum came forward and shared a brief explanation and background of the request. He shared that they operated at the subject property for approximately two years and have a winery license, federal production license and a federal import license which allows them to import wines. He and his wife began the He Wines She Dines as a food/winery blog several years ago after their son and daughter graduated high school, they traveled tasting different wines and places to eat and blogging about it and fairly quickly were being followed by thousands of followers. After receiving feedback from the blog they decided to start a wine club and then learned they would need a Federal Winery License and a State Winery License which they obtained and then began working with producers around the world. Mr. McCallum went on to share that by right currently they have the ability to have a tasting room to sell wines by the bottle or glass and with a special event permit can host events with food trucks four times a year. They would like to have more flexibility than that and therefore that is why they are bringing their request for the SUP forward.**

**Commissioner Logan asked what the total amount of people they would expect to attend events. Mr. McCallum shared that the space is approximately 500 square feet which would fit 20-30 people and they're not looking to host big events.**

**Commissioner Fishman asked for additional detail on the hours of operation. Mr. McCallum indicated the hours would be from 11am through midnight no later. Also, they are not open to the public unless they host a special event.**

**Chairman Lyons asked if anyone wished to speak to come forward and do so there being no one indicating such Chairman Lyons closed the public hearing and brought the item back to the Commission for discussion or action.**

**Commissioner Chodun expressed concern with the location, generally is not in favor feels granting the Special Even Permits with an allotted time frame is better suited because there is some control.**

**Commissioner Fishman asked if there would be expiration be put on the Specific Use Permit. Mr. Gonzales indicated a time limit would not be associated with the SUP however expiration should he cease to do business it would expire after one year.**

**Commissioner Welch expressed generally being in favor of the request.**

**(Commissioner Moeller arrived at the meeting at 6:23 p.m.)**

**Commissioner Womble asked should this business move out would the SUP be transferable to the next person or does it expire with their business. Mr. Gonzales indicated it goes with the land, should Mr. McCallum sell the business to someone else and continue the same use the SUP would be attached to the land and therefore continue.**

**Chairman Lyons indicated agreeing with the concerns Commissioner Chodun expressed and generally is not in favor of the request.**

**Commissioner Moeller and Logan generally expressed being in favor of the request.**

**General discussion took place between the Commission in regards to the hours of operation and the location.**

**Commissioner Welch made a motion to approve Z2018-058 with staff recommendations. Commissioner Womble seconded the motion which passed by a vote of 5-2 with Chairman Lyons and Commissioner Chodun dissenting.**

9. Z2018-059

Hold a public hearing to discuss and consider a request by Heather Cullins for the approval of a zoning change from a Single-Family Estate 2.0 (SFE-2.0) District to Single Family Estate 1.5 (SFE-1.5) District

on a 3.03-acre tract of land identified as Tract 1-01 of the T. Dean Survey, Abstract No. 69, City of Rockwall, Rockwall County, Texas, zoned Single-Family Estate 2.0 (SFE-2.0) District, addressed as 1085 Dalton Road, and take any action necessary.

**Senior Planner, Korey Brooks, provided a brief explanation and background of the request. The applicant is requesting a change in zoning from a Single-Family Estate 2.0 District to a Single-Family Estate 1.5 District for the purpose of subdividing the subject property. The subject property was annexed in 1983 and was part of a larger tract of land. In 2018, the previous property owner requested to rezone the subject property from an Agricultural District to a Single-Family Estate 2.0 District and platted the tract of land. As part of this case, the previous property owner stated the purpose of platting the property was to create two lots to construct a single-family home on Lot 1. The applicant purchased the subject property, Lot 1, in 2018 for the purpose of constructing a single-family home. According to the applicant, after purchasing the subject property, another property was discovered and the plan to construct a single-family home on the subject property was abandoned. The applicant as also stated there have been inquiries about purchasing the subject property; however, the size of the lot was too large, and potential buyers only wanted half or a portion of the lot. Based on this, the applicant is requesting to re-zone the subject property with the intent of subdividing the tract of land into two 1½-acre lots. Currently, floodplain traverses the property and should any improvements impact the floodplain, a flood study could be required. According to the Unified Development Code, the Single-Family Estate 1.5 District is the "…proper zoning classification for rural, estate lots that are a minimum of 1½-acres. Since the subject property is 3.03-acres, it conforms to the requirements of the Single-Family Estate 1.5 District development standards. The Future Land Use Plan designates the subject property for Low Density Residential land uses, which is defined as developments with two units per acre or less. The applicant's request is in conformance with this designation and will not require any changes to the Future Land Use Map. Approval of the zoning change is discretionary for the City Council, pending a recommendation by the Planning and Zoning Commission.**

**Mr. Brooks further noted that on December 28, 2018, staff mailed 68 notices to property owners and residents within 500-feet of the subject property and also notified the Promenade Harbor and the Shores/Ray Hubbard Homeowner's Association. In addition staff also advertised the public hearings in the Rockwall Harold Banner. Staff received one email against the request.**

**Chairman Lyons opened up the public hearing and asked the applicant to come forward.**

**Kenneth Cullins**
**3114 Stoney Hollow**
**Rockwall, TX**

**Mr. Cullins came forward and indicated Mr. Brooks summarized the request well. He added that they had full intention of building on the property however while they were under contract another property came on the market that they felt better suited their needs. He provided a picture that showed that there would be no encroachment to the flood plain as they have done their due diligence in regards to that.**

**Chairman Lyons asked if anyone wished to speak to come forward and do so.**

**David Hodgdon**
**1085 Dalton Road**
**Rockwall, TX**

**Mr. Hodgdon came forward and shared that he owns the property south and west of the subject property and sold this property to the Cullin's. He generally expressed his strong opposition to the request of the applicants request to rezone and for the property to be subdivided into two separate lots.**

**David Hodgdon Jr.**
**1085 Dalton Road**
**Rockwall, TX**

**Mr. Hodgdon Jr. came forward and expressed being in opposition of the request he feels it will cause flooding problems to whoever builds there. He urged the Commission to not approve the request.**

**Chairman Lyons closed the public hearing and asked the applicant to come forward for rebuttal.**

**Commissioner Chodun asked Engineering staff concerning the flooding comment that was brought up. City Engineer, Amy Williams, indicated that per the approved flood study by the City's consultants in 2006 and the brand new study that was done in 2018 that is the high and dry area. The bottom of the slabs of the houses built will have to be two feet above the elevations that are in all of those zones. Therefore there will be plenty of room for two high and dry houses to be built.**

**Mr. Cullins came forward for rebuttal and indicated an engineer they have been working with as well as an architect were present and would be adding additional comments.**

**Thomas Caffarel**
**Cardinal Strategies**
**2309 Shorehaven Circle**
**Lewisville, TX**

**Mr. Caffarel came forward and shared he was retained by the Cullin's to do an evaluation for flood purposes, and just as Engineering staff indicated, they are in a high and dry area and that is based on a fully developed watershed condition per the City criteria.**

**Petra Phillips**
**1604 St. Claire**
**Rockwall, TX**

**Ms. Phillips came forward and indicated good size homes could be built on the two lots approximately 3,500 foot house, give or take, on each lot would easily fit with plenty of greenspace surrounding it not including the floodplain.**

**Chairman Lyons brought the item back to the Commission for discussion or motion.**

**Commissioner Welch made a motion to approve Z2018-059 with staff recommendations. Commissioner Moeller seconded the motion which passed by a vote of 7-0.**

V. ACTION ITEMS

10. SP2018-042
Discuss and consider a request by Jeff Carol of Carol Architects, Inc. on behalf of Terry Morgan of Z06 Properties, LLC for the approval of a site plan for an office/warehouse building on a 5.690-acre tract of land identified as Lot 3, Block D, Rockwall Technology Park Addition, City of Rockwall, Rockwall County, Texas, zoned Light Industrial (LI) District, located at the northeast corner of the intersection of Discovery Boulevard and Innovation Drive, and take any action necessary.

**Planning Manager, David Gonzales, provided a brief explanation and background of the request. On February 19, 2001, the City Council approved a site plan for a proposed 52,370 square foot warehouse/manufacturing facility on the subject property. On December 21, 2018, the applicant submitted an application requesting the approval of an amended site plan for the purpose of expanding the facility by incorporating an additional 35,980 square foot to the east side of the building. The purpose of the expansion is to add additional office/warehouse space which will increase the overall square footage of the building to 88,350 square. According to the Unified Development Code, a manufacturing/office facility is permitted by-right in a Light Industrial District. The subject property has two existing points of ingress and egress, one along Innovation Drive and one along Discovery Boulevard. Based on the site plan, the development will connect to the existing drives by extending a 24-foot drive aisle which is also a Fire Lane, Public Access and Utility Easement along the eastern side of the subject property. The proposed development will incorporate an additional 95 parking spaces with the expansion, and will bring the total parking count up to 193 parking spaces which meets the requirements for parking. Mr. Gonzales indicated**

**that with the exception of the variances being requested the submitted site plan, landscape plan, treescape plan, and building elevations generally conform to the technical requirements contained within the UDC for a property located within a Light Industrial District. Mr. Gonzales then went over the variances that are being requested to the building materials and the articulation. The Architectural Board recommended approval of the site plan with modifications to the south building. Additionally he applicant has submitted a letter indicating all trees being removed from the site are primarily Cedar trees that are less than 11-caliper inches DBH, and are considered non-protected trees; however one Oak tree measuring four caliper inches will be removed. The applicant will satisfy the mitigation balance by providing eight 3½-inch caliper trees, 28-inches to the site.**

**Mr. Gonzales advised the Commission that the exceptions being requested are discretionary decisions for the Planning and Zoning Commission and only require approval by a simple majority vote. He indicated that the applicant was present and available for questions as well as staff.**

**Chairman Lyons asked the applicant to come forward.**

**Jeff Carol**
**750 E. IH-30**
**Rockwall, TX**

**Mr. Carroll came forward and shared that they will follow the Architectural Review Boards recommendations and indicated he was available for questions.**

**Chairman Lyons brought the item back to the Commission for discussion or action.**

**Commissioner Chodun made a motion to approve SP2018-042 with both staff's and the Architectural Review Boards recommendations. Commissioner Womble seconded the motion which passed by a vote of 7-0.**

11. SP2018-043
Discuss and consider a request by Kevin Hickman of PegasusAblon on behalf of Rockwall Rental Properties, LP for the approval of a site plan for a 375-unit condominium building on a 6.2-acre tract of land identified as Lot 9, Block A, Harbor-Rockwall Addition and Tract 16 of the M. J. Barksdale Survey, Abstract No. 11, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 32 (PD-32), situated within the IH-30 (IH-30) Overlay District, located at the southwest corner of the intersection of the IH-30 frontage road and Lakefront Trail, and take any action necessary.

**Planning Manager, David Gonzales, provided a brief explanation and background pertaining to the request. On June 17, 2013, the City Council approved Ordinance No. 13-16, which allocated 399 urban residential units (condominiums) to a concept plan that showed two condominium buildings being constructed on the subject property one adjacent to Lakefront Trail consisting of 349-units and one adjacent to the Harbor Fountain consisting of 50-units. This approval was later amended on December 18, 2017, when the City Council approved Ordinance No. 17-64. The new amendment allocated an additional 51-units to the previously entitled 399-units, bringing the total number of entitled units to 450 urban residential units. This PD Development Plan establishes provisions for the construction of two condominium buildings. In conformance to this PD Development Plan, the applicant has submitted a site plan requesting approval for a 375-unit condominium development that will be adjacent to Lakefront Trail. This will be the first of two buildings and, based on the conditions of Ordinance No. 17-64, will be required to obtain a building permit by June 1, 2019. Should the site plan be approved, the development will still be required to have civil engineering plans and a final plat approved prior to the issuance of a building permit. Should a building permit not be issued by June 1, 2019, staff will provide a report to the Planning and Zoning Commission and City Council indicating the progress of the development, and after review the Planning and Zoning Commission and City Council may, after proper notice, initiate public hearings for the revocation of the additional 26 urban residential units.**

**Mr. Gonzales further noted that the proposed five story condominium building will be located within the Harbor Residential Subdistrict and will be comprised of a total of 335,224 square feet. Off-street parking for future residents will be provided via a parking garage that is integrated into the design of the building, and is accessible from Lakefront Trail and the IH-30 Frontage Road. The on-site parking garage will provide a total of 548 parking spaces. The development will also**

include 34 public parking spaces along Lakefront Trail, bringing the total number of parking spaces to 584. This exceeds the required 563 parking spaces by 21 parking spaces. Additionally, the applicant is showing a two level public parking garage consisting of 180 parking spaces. The public parking garage will be located along Lakefront Trail, southeast of and adjacent to the 50-foot pedestrian walkway. The applicant has indicated that this parking garage will be constructed prior to the condominium building. The proposed pedestrian walkway, located in between the public parking garage and the condominium building, will incorporate all of the streetscape elements required by PD-32, and provide an upgraded pavestone paver, decorative trees with up-lighting, assorted plantings, pedestrian benches, and pedestrian scaled lighting features. In addition, the plan shows that units facing onto the walkway will have stoops allowing direct access to the pedestrian path. The pedestrian walkway is intended to provide access to the Harbor Fountain and the potential future public park site from the 180 space public parking garage being constructed with this project.

Mr. Gonzales went on to share that according to Planned Development District 32 the subject property is located within the Harbor Residential Subdistrict, which allows Urban Residential, Condominium Units Only, as a by-right land use. Based on the submitted site plan package, site plan, landscape/streetscape plan, treescape plan, photometric plan, and building elevations, the proposed case is in conformance with the requirements stipulated by Ordinance No. 17-22, Resolution No. 10-40, and the UDC with the exception of the waiver being requested. Mr. Gonzales provided information in regards to the waiver request. Additionally, The Treescape Plan submitted by the applicant indicates a total of 724 caliper inches will be removed from the subject property as a result of this development. As a note, primary protected trees are any tree that has a diameter of four inch caliper DBH or greater, with the exception of Bois d'Arc, Willow, Cottonwood, Locust, and Chinaberry. Hackberry and Cedar trees that have a DBH of 11 caliper inches through 25 caliper inches are considered to be secondary protected trees and are mitigated at a rate of ½ inch per one inch DBH. Hackberry and Cedar trees less than 11 caliper inches are considered to be non-protected trees. This site has a majority of Hackberry trees less than 11-inches DBH that are not protected. Additionally, the applicant is removing five trees that are greater than 25 caliper inches, [1] 32-inch Sycamore; Tree No. 32, [2] 30-inch Elm; Tree No. 34, [3] 26-inch Pecan; Tree No. 36, [4] 32-inch Elm;– Tree No. 41, and [5] 32-inch Elm; Tree No. 44. These trees are considered to be feature trees and are mitigated for twice the number of inches being removed. The total mitigation balance due for this project is 437-inches. Based on the Landscape Plan, the applicant intends to offset the mitigation balance by providing 527-inches to the site and this will satisfy the mitigation required for the development. Additionally, a Traffic Impact Analysis is required for all development projects in the Harbor District. On December 5, 2018, Kimley-Horn and Associates, Inc. submitted a TIA on behalf of the applicant. On January 4, 2019 the City's traffic consultant provided comments back to the applicant. A revised TIA addressing the City's comments is required for the approval of this case, and this has been added to the conditions of approval.

Mr. Gonzales advised the Commission that the Architectural Review Board met and recommended approval. He indicated the applicant was present and available for questions.

Chairman Lyons asked the applicant to come forward.

James Ziggler
6205 Wichita Trail
Flower Mound, TX

Mr. Ziggler came forward and indicated Mr. Gonzales covered the request well. He indicated he was available for questions and asked for the Commission's consideration for approval.

Chairman Lyons brought the item back to the Commission for discussion or action.

Commissioner Welch asked if there would be any retail at the bottom or would it all be residential that would be condos. Mr. Ziggler indicated it would be all residential and would be condos.

Commissioner Chodun asked the size that they would range from. Mr. Gonzales indicated they would be approximately 590 square feet to 1,300 square feet.

Commissioner Womble asked if there would be an additional parking garage. Mr. Ziggler indicated that off to the end of the property there is existing surface parking that has been dedicated for the

**Harbor retail when that it was built and they would be replacing that. They will be building a two level garage by the Cinemark expansion.**

**Commissioner Moeller asked if the public garage would be built first. Mr. Ziggler indicated that it would be being built first.**

**Commissioner Welch made a motion to approve SP2018-043 with staff recommendations. Commissioner Womble seconded the motion which passed by a vote of 7-0.**

VI. DISCUSSION ITEMS

12. Director's report of post City Council meeting outcomes for development cases.

**Planning Director, Ryan Miller, provided a brief update about the outcome of the above referenced case at the City Council meeting.**

VII. ADJOURNMENT

**Chairman Lyons adjourned the meeting at 8:30 p.m.**

PASSED AND APPROVED BY THE PLANNING & ZONING COMMISSION OF THE CITY OF ROCKWALL, Texas, this _____ day of _____, 2019.

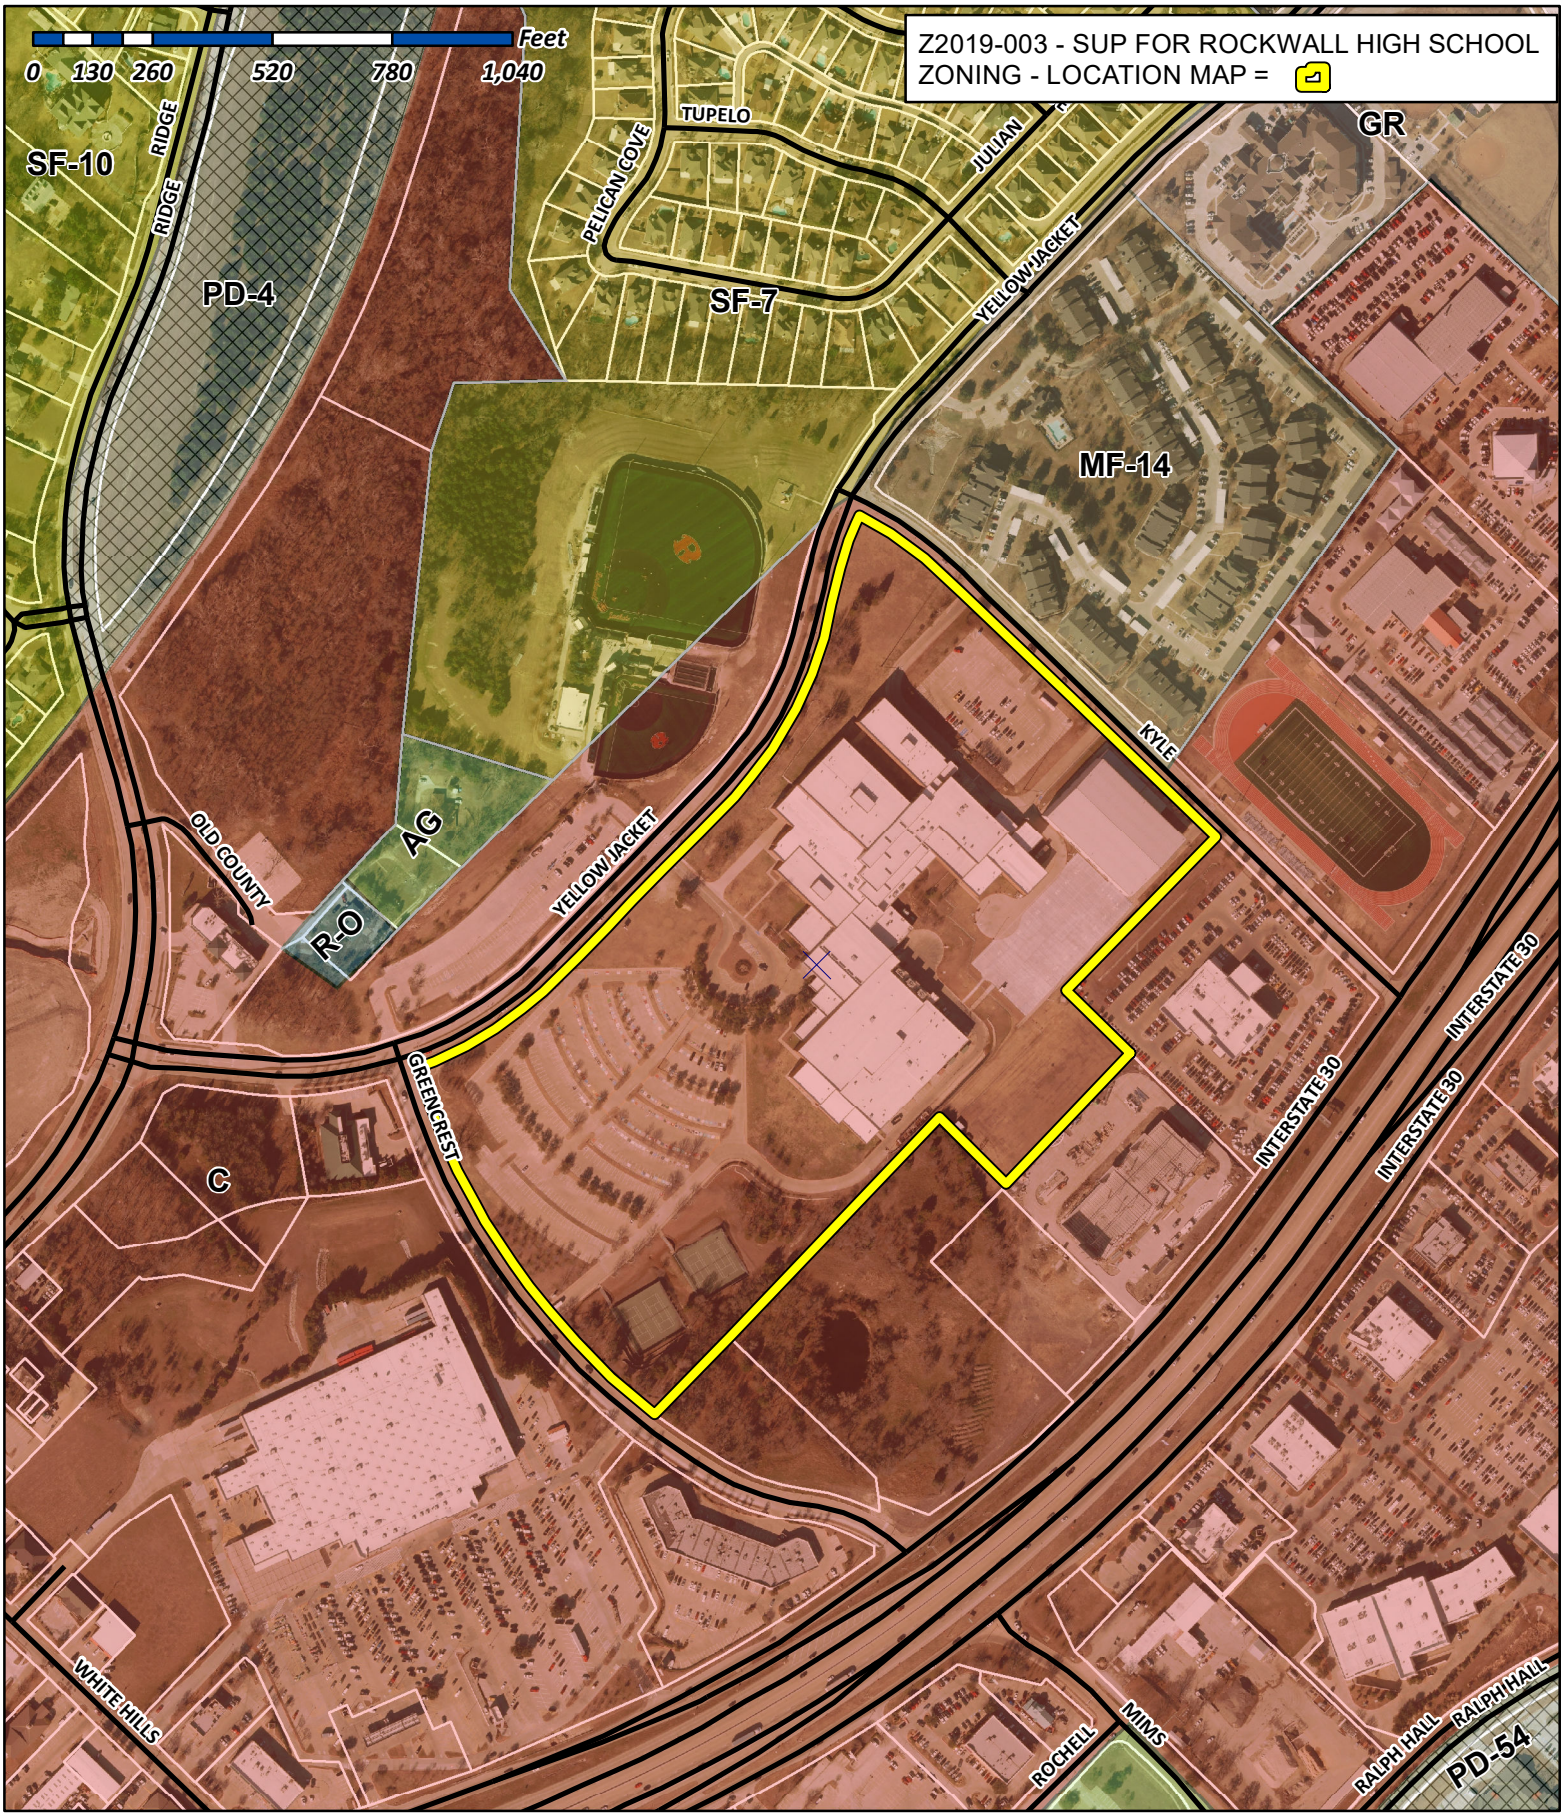
Z2019-003 SUP FOR ROCKWALL HIGH SCHOOL

Please address the following comments (M= Mandatory Comments; I = Informational Comments).

I.1 This a request by Jeff Bresee of SET Engineers on behalf of James Watson of the Rockwall Independent School District (RISD) for the approval of a Specific Use Permit (SUP) for a Private Sports Arena, Stadium or Track on a 35.295-acre parcel of land identified as Lot 1, Block A, Rockwall High School Addition, City of Rockwall, Rockwall County, Texas, zoned Commercial (C) District, situated within the IH-30 Overlay (IH-30 OV) District, addressed as 901 W. Yellow Jacket Lane.



I.2 For questions or comments concerning this case, please contact Korey Brooks in the Planning Department at (972) 772-6434 or email kbrooks@rockwall.com.

M.3 For reference, include the case number (Z2019-003) in the lower right hand corner of all pages on future submittals.

M.4 Please review the attached draft ordinance prior to the March 12, 2019 Planning & Zoning Commission meeting.

I.5 Staff has identified the aforementioned items necessary to continue the submittal process. Please make these revisions and corrections, and provide any additional information that is requested by March 5, 2019. The Planning and Zoning Worksession for this case is February 26, 2019. The Planning and Zoning Meeting for this case is March 12, 2019.

I.6 The projected City Council meeting date and subsequent approval for this request is March 18, 2019 and April 1, 2019.

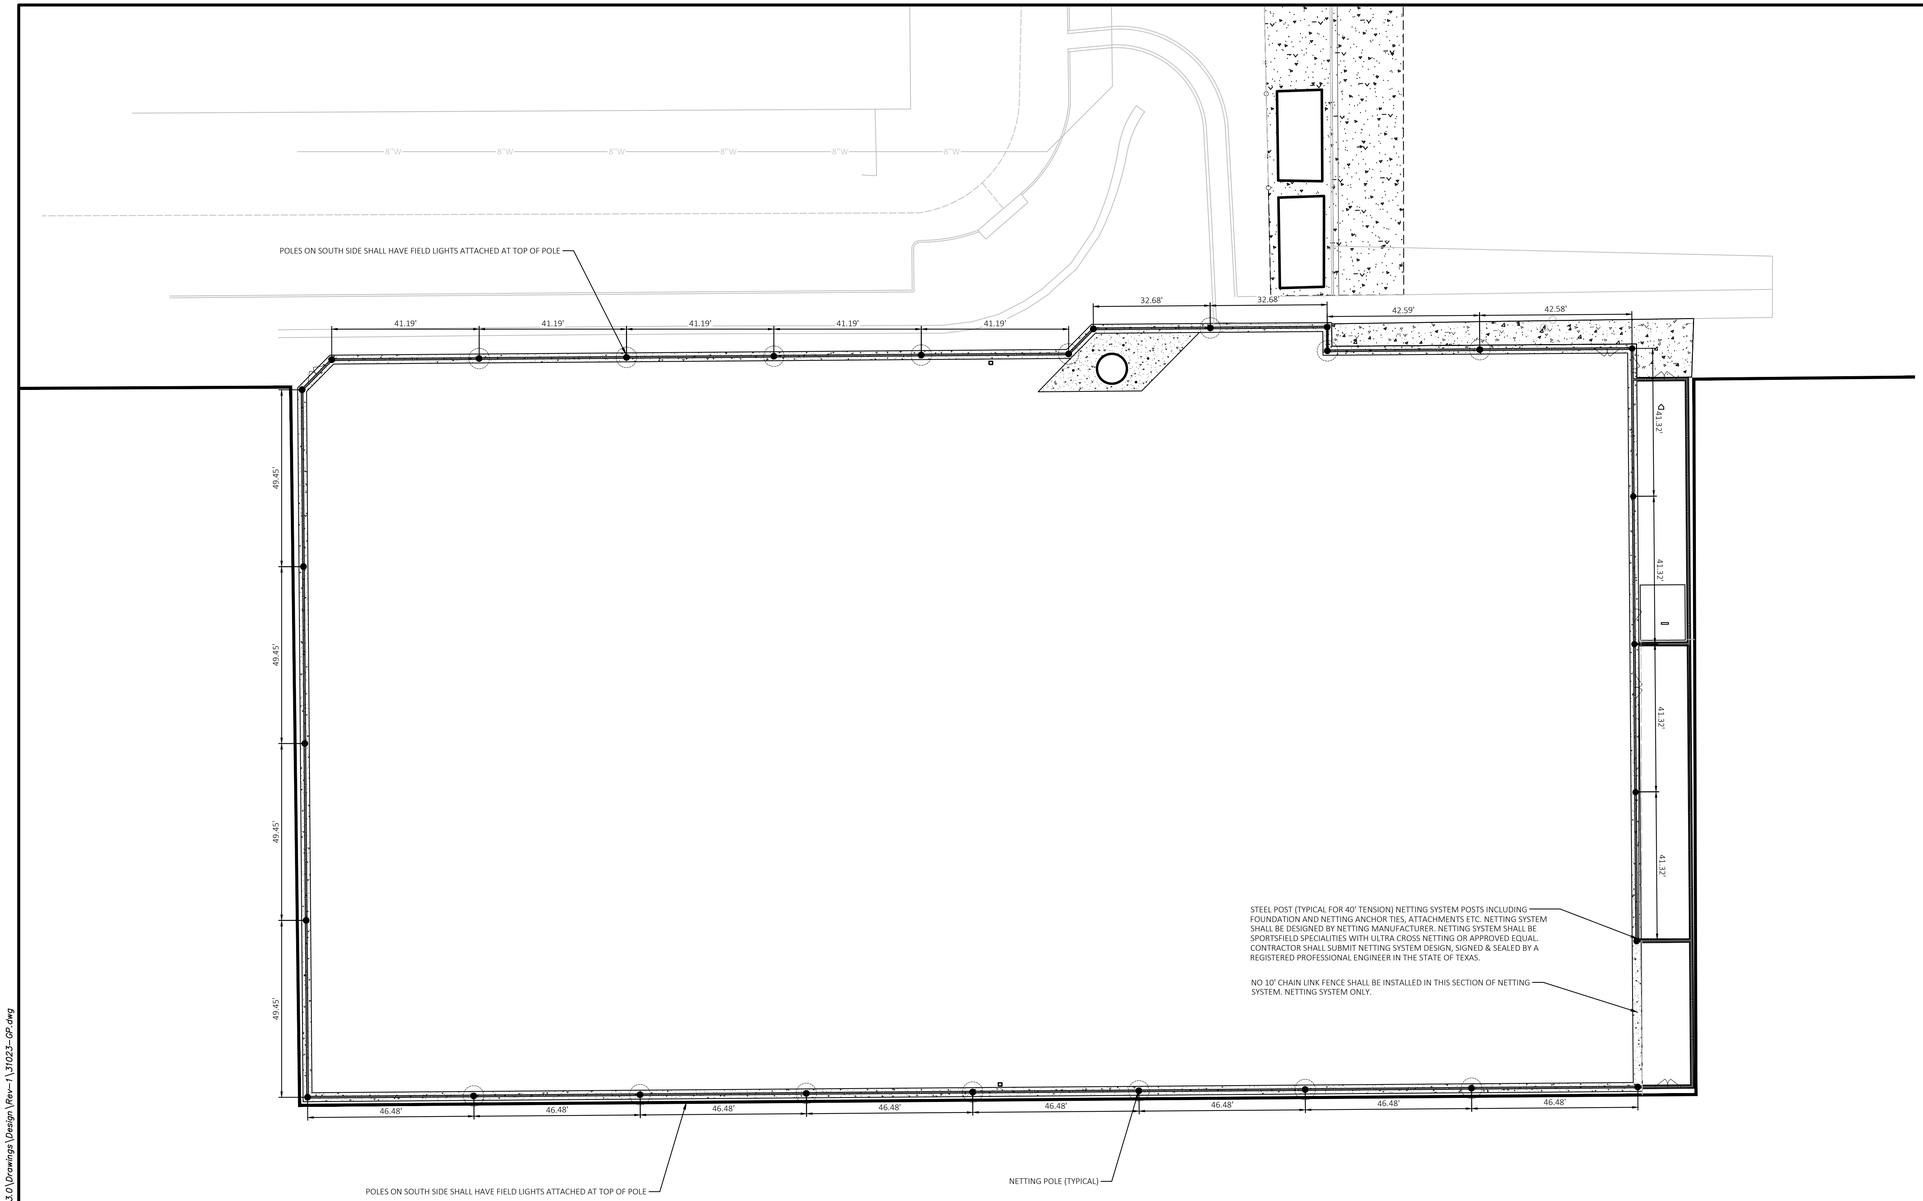
Re: Rockwall High School Multipurpose Synthetic Turf Field – Field Netting & Lights

Dear Mr. Gonzales:

Rockwall ISD desires to convert their existing natural grass multipurpose field at Rockwall High School (field that lies immediately North of Rooms-To-Go) into a synthetic turf field. As this field is surrounded by commercial properties on three sides, in order to protect vehicles and/or patrons at these businesses, the school desires to construct a 40-foot tall fence/netting combination (10-foot black coated vinyl chain link fence topped with 30-foot black netting) around the perimeter of the field. This will also enable the fields to be more functional for their intended purpose (project is part of RISD's bond program to provide a practice facility for the softball and baseball teams (although the field will be used for football, soccer, discus and lacrosse practice as well) and it will prevent balls from leaving the field area.

In addition to the netting system, the District desires to install lights atop each of the netting poles that align the North and South sides of the field. As the field will be used by many of the school's sports teams for practice as well intermural teams, PE and other uses, it is desired that the field be made useable during night hours (limited of course by city ordinance).

In adding the lights, the District is seeking variance to the ordinance limiting light spillage to 0.2 lumens or less beyond the line 1-foot outside of the District's property lines. The deign of the proposed lights (for which we have included a photometric plan) is to provide the minimum level of light needed for the practice of school sports (design is not to the level typical for stadiums and other competition facilities). As the surrounding properties are commercial entities that also light their grounds, the District feels that the proposed lighting design will not adversely affect the neighboring properties.



I have included cut sheet information for the netting system and the lights. Please let me know if you need anything further or have any questions.

Sincerely,

SET Engineer, Inc.

TECHLINE SPORTS LIGHTING

Your Eaton's Ephesus Lighting Authorized Reseller

# All-Field 750

## Introducing the latest in LED sports lighting innovation

**The All-Field 750 is the most versatile LED fixture available for your sporting venue.**

Versatile mounting bracket is designed for ease of installation in new or retrofit applications

Weather-tight design ensures durability even in harsh environments

Solid-state design (no moving parts) provides maintenance free operation

Ability to monitor health and status of each light

Low electromagnetic interference (EMI) noise generation eliminates interference with surrounding electrical systems

Wireless control options provide flexibility for operational usage and fan experience enhancements

Custom engineered optics direct light precisely where needed while minimizing glare.

**Easy RETROFIT to your existing sports lighting system**

TECHLINE SPORTS LIGHTING

TECHLINE SPORTS LIGHTING

Your Eaton's Ephesus Lighting Authorized Reseller

# All-Field 750

Techline Sports Lighting introduces the All-Field 750 Sport LED fixture, the ideal solution for any setting including little league, municipal parks, high school, college and semi-professional outdoor sports venues. The All-Field 750 is the leading choice for all outdoor applications including football, soccer, tennis, baseball, softball, lacrosse, and field hockey. Maintenance free operation and precisely delivered HDTV quality light make the All-Field 750 the perfect choice for any application and provide an excellent return on investment.

## PERFORMANCE SPECIFICATIONS

| | All Field 750 |
|---|---|
| Lumen Output[1] | >83,000 Lumens |
| System Watts | 750 watts |
| Input Voltage (High) | 277VAC - 480VAC |
| Input Voltage (Low) | 120VAC - 240VAC |
| CCT | 5700K |
| L70 Hours | >160,000 hours at 25° C |
| Operating Temp Range | -40°C to 55°C |
| Surge | 6kV |
| IP Rating | IP66 |
| NEMA Rating | NEMA 4X |
| Effective Projected Area | 1.4 ft$^2$ |
| Approximate Weight[2] | 45 lbs. (20.45 kgs) |

The All-Field 750 Sport LED is available with wireless or wired control to provide operational, monitoring and entertainment capabilities. Entertainment options include individual LED cluster control and 0-10V dimming. Fixture connectivity options are available from standard wired DMX to wireless Air-Mesh technology. Cellular, WiFi, or Bluetooth link enables telemetry to monitor health and status of each sport LED fixture.

## ORDERING OPTIONS

| MODEL | WATTAGE | OPTICS | VOLTAGE | CONTROLS |
|---|---|---|---|---|
| AF | 750 | NEMA 2 | VH - HIGH VOLTAGE | NC - NO CONTROLS |
| | 550 | NEMA 3 | VL - LOW VOLTAGE | AM - AIR MESH |
| | 400 | NEMA 4 | | |
| | | NEMA 5 | SPILL CONTROL OPTION - EYELID | |

1. The specifications listed were obtained under optimal testing conditions. Changes in options, features and conditions may result in slightly different perfomance specifications among fixtures.

2. Weight may vary depending on mounting bracket selection.

Clean power is required to ensure proper function and lifetime of LED fixtures. Prior to installation, an analysis should be performed to verify site power meets these requirements:

- High frequency voltage should be below -40dB or .01V between 3KH and 100KHz
- High frequency current should be below -50dB or .019A between 3KHz and 100KHz

Surge protection alone is not adequate. Techline Sports Lighting will not be liable for damage to fixtures due to poor power quality. Contact Techline Sports Lighting for more information.

Drawing Title: 40' NETTING FOOTING DETAILS

Drawing No.: SK-01

# Ground Sleeve Install

1. Mark the locations of the ground sleeves on the field. Being sure to match the center distance to the desired system.

2. Excavate holes for foundations and set the concrete forms.

3. Center the ground sleeve in the form and secure it in a plumb and level position. The top of the ground sleeve should be set according to the site plans (Generally level with Finish Grade).

4. Pour concrete foundation to the top of the sleeve. Allow concrete to adequately cure.

5. Caulk all around the top of the ground sleeve, using backer rod where needed to prevent the caulk from falling into the ground sleeve.

## 2. Assembling Hardware

a) Start by laying out the cables to ensure the proper lengths are present for each run. Cut the cable as necessary based on each run, adding a 6” turn back at each end of the cable.

b) Start the horizontal tensioned cables (5/16” DIA) by assembling a 5/8” x 12” turnbuckle to an eye bolt at one end (Figure 1). The wire will pass through the poles at which the cable run does not terminate (Figure 2). At the poles where the cable run terminates, attach the cable with turn back and rope clips directly to the eye bolt at opposite end (Figure 3).

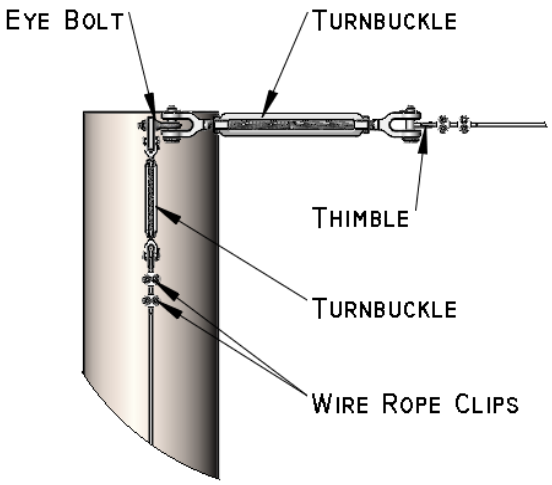

**Figure 1**

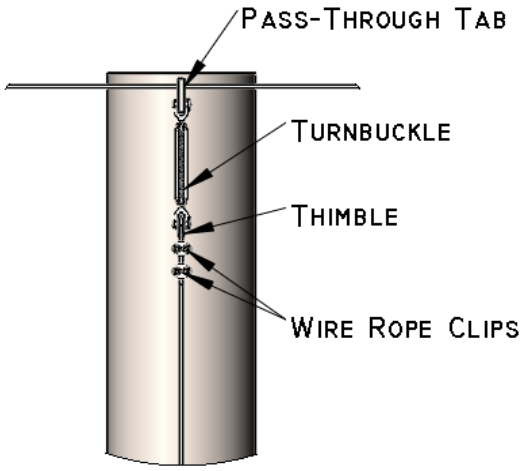

**Figure 2**

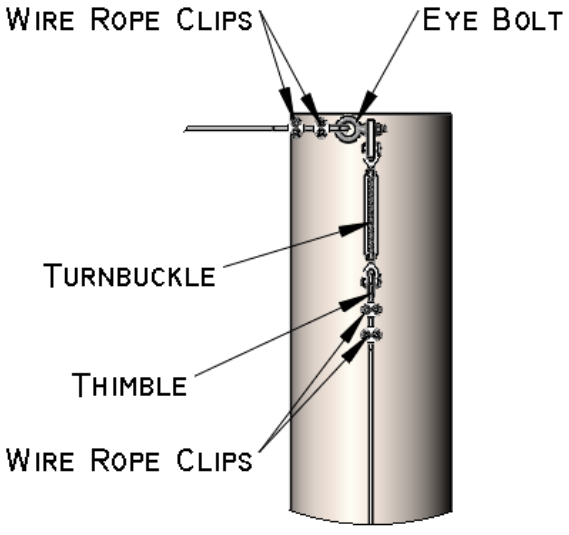

**Figure 3**

c) The horizontal cables can be finished with the bottom (1/4" DIA) cable. This cable is assembled the same way as the tensioned cables. Start the cable by attaching to an eye bolt at one end (Figure 4). The cable will pass through a series of eye bolts (recommended 5' spacing) or equivalent guides, then through the poles at which the cable run does not terminate (Figure 5). At the end pole where the cable run terminates, attach the cable (with turn back and rope clips) directly to the eye bolt (Figure 6).

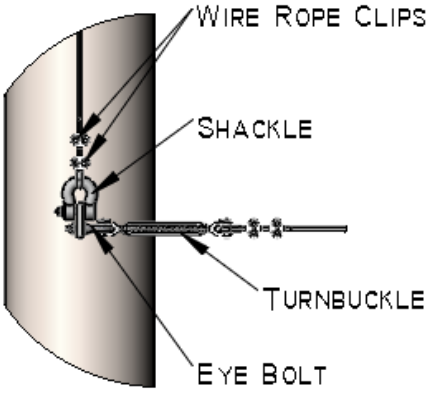

**Figure 4**

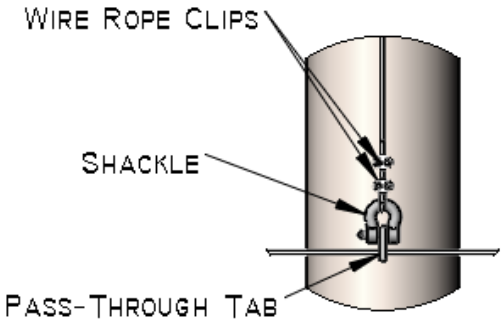

**Figure 5**

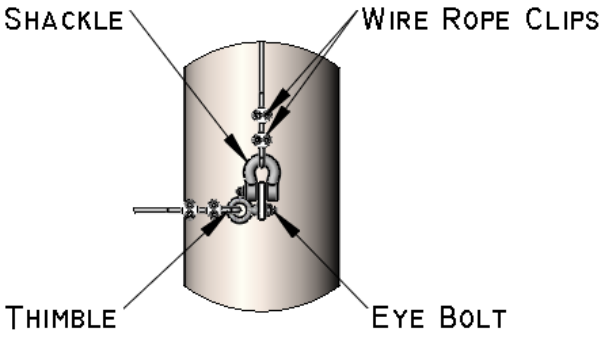

**Figure 6**

d) Vertical cables (1/4" DIA) can be done the same way as the tensioned cables, with a 1/2" x 9" turnbuckle at the top of the pole (Figure 7) and a heavy-duty shackle at the bottom of the pole (Figure 9). Make sure to thread the vertical cables through the guide tube (Figure 8).

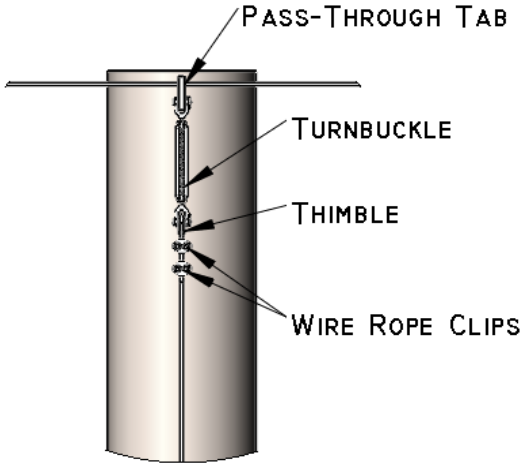

**Figure 7**

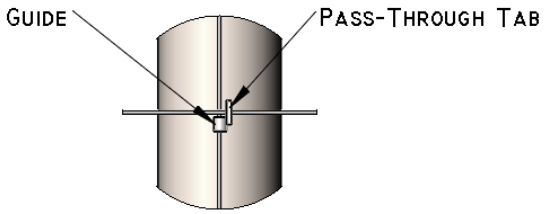

**Figure 8**

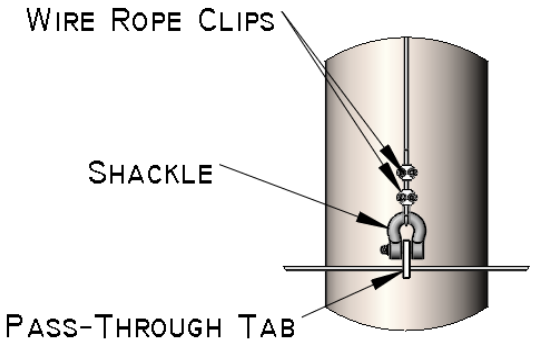

**Figure 9**

e) Once all of the cables have been mounted on the poles, tension the horizontal and vertical cables with the turnbuckles. Do not tighten turnbuckles so much that the poles themselves deflect.

f) Now the nets can be hung from the assembled cables. Using the zip-ties, pull the net to the top, each side cable, the remaining horizontal cables and then the bottom cable. Finally, the net can be secured to the cables using the supplied braided rope, looping through each square of the net binding and around the cable (Figure 10). For Ultra Cross netting systems, it's important to leave excess material along the net perimeter (i.e. no short tag ends and a minimum of one extra square) so that the net intersection doesn't fail prematurely.

**Figure 10**

SSI tension netting system poles are designed to strength, not deflection. As a result, some deflection will occur during installation and should be considered normal. Deflection may also be evident in calm conditions, particularly on the outer most poles of a given tension netting system.

**CITY OF ROCKWALL**

**ORDINANCE NO. 19-XX**

**SPECIFIC USE PERMIT NO. S-XXX**

**AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, AMENDING THE UNIFIED DEVELOPMENT CODE (UDC) OF THE CITY OF ROCKWALL, ROCKWALL COUNTY TEXAS, AS PREVIOUSLY AMENDED, SO AS TO GRANT A SPECIFIC USE PERMIT (SUP) TO ALLOW FOR A PRIVATE SPORTS ARENA, STADIUM, OR TRACK IN A COMMERCIAL (C) DISTRICT, SITUATED ON A 35.295-ACRE PARCEL OF LAND, IDENTIFIED AS LOT 1, BLOCK A, ROCKWALL HIGH SCHOOL ADDITION, CITY OF ROCKWALL, ROCKWALL COUNTY, TEXAS; PROVIDING FOR SPECIAL CONDITIONS; PROVIDING FOR A PENALTY OF FINE NOT TO EXCEED THE SUM OF TWO THOUSAND DOLLARS ($2,000.00) FOR EACH OFFENSE; PROVIDING FOR A SEVERABILITY CLAUSE; PROVIDING FOR A REPEALER CLAUSE; PROVIDING FOR AN EFFECTIVE DATE.**

**WHEREAS**, the City has received a request from Jeff Breese of SET Engineers on behalf of James Watson of the Rockwall Independent School District (RISD) for the approval of a Specific Use Permit (SUP) to allow for a *private sports arena, stadium, or track* in a Commercial (C) District on a 35.295-acre parcel of land being described as Lot 1, Block A, Rockwall High School Addition, City of Rockwall, Rockwall County, Texas, zoned Commercial (C) District, situated within the IH-30 Overlay (IH-30 OV) District, addressed as 901 W. Yellow Jacket Lane, and being more specifically depicted in *Exhibit 'A'* of this ordinance, which herein after shall be referred to as the *Subject Property* and incorporated reference herein; and

**WHEREAS**, the Planning and Zoning Commission of the City of Rockwall and the governing body of the City of Rockwall, in compliance with the laws of the State of Texas and the ordinances of the City of Rockwall, have given the requisite notices by publication and otherwise, and have held public hearings and afforded a full and fair hearing to all property owners generally, and to all persons interested in and situated in the affected area and in the vicinity thereof, the governing body in the exercise of its legislative discretion has concluded that the Unified Development Code (UDC) [*Ordinance No. 04-38*] of the City of Rockwall should be amended as follows:

**NOW, THEREFORE**, **BE IT ORDAINED** by the City Council of the City of Rockwall, Texas;

**SECTION 1.** That the Unified Development Code (UDC) [*Ordinance No. 04-38*] of the City of Rockwall, as heretofore amended, be and the same is hereby amended so as to grant a Specific Use Permit (SUP) allowing a *private sports arena, stadium, or track* as stipulated by Section 1, *Land Use Schedule,* of Article IV, *Permissible Uses*, of the Unified Development Code (UDC) [*Ordinance No. 04-38*], on the *Subject Property*; and,

**SECTION 2.** That the Specific Use Permit (SUP) shall be subject to the requirements set forth in Subsection 4.4*, Commercial (C) District,* of Section 4*, Commercial Districts,* and Subsection 6.06, *IH-30 Overlay (IH-30 OV) District,* of Section 6, *Overlay Districts*, of Article V*, District Development Standards,* of the Unified Development Code (UDC) [*Ordinance No. 04-38*] as heretofore amended and as may be amended in the future, and shall be subject to the following:

## 2.1 OPERATIONAL CONDITIONS

The following conditions pertain to the operation of a *private sports arena, stadium, or track* on the *Subject Property* and conformance to these stipulations is required for continued operations:

1) The *private arena, stadium, or track* shall generally conform to the concept and photometric plans and elevations depicted in *Exhibits 'B'*, *'C'* and *'D'* of this ordinance;

2) The light poles shall not exceed 40-feet in height;

## 2.2 COMPLIANCE

Approval of this ordinance in accordance with Section 8.3, *Council Approval or Denial*, of Article II, *Authority and Administrative Procedures*, of the Unified Development Code (UDC) will require compliance to the following:

1) Upon obtaining a Certificate of Occupancy (CO), should any business or establishment operating under the guidelines of this ordinance fail to meet the minimum operational requirements set forth herein and outline in the Unified Development Code (UDC), the City Council may (*after proper notice*) initiate proceedings to revoke the Specific Use Permit (SUP) in accordance with Section 4.4.(3) of Article IV, *Permissible Uses*, of the Unified Development Code (UDC).

**SECTION 3.** That the official zoning map of the City be corrected to reflect the changes in zoning described herein.

**SECTION 4.** That all ordinances of the City of Rockwall in conflict with the provisions of this ordinance be, and the same are hereby repealed to the extent of that conflict.

**SECTION 5.** Any person, firm, or corporation violating any of the provisions of this ordinance shall be deemed guilty of a misdemeanor and upon conviction shall be punished by a penalty of fine not to exceed the sum of *TWO THOUSAND DOLLARS* ($2,000.00) for each offence and each and every day such offense shall continue shall be deemed to constitute a separate offense.

**SECTION 6.** If any section or provision of this ordinance or the application of that section or provision to any person, firm, corporation, situation or circumstance is for any reason judged invalid, the adjudication shall not affect any other section or provision of this ordinance or the application of any other section or provision to any other person, firm, corporation, situation or circumstance, and the City Council declares that it would have adopted the valid portions and applications of the ordinance without the invalid parts and to this end the provisions of this ordinance shall remain in full force and effect.

**SECTION 7.** That this ordinance shall take effect immediately from and after its passage.

**PASSED AND APPROVED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, THIS THE 1st DAY OF APRIL, 2019.**

|---|---|---|---|---|---|---|---|

(The following items will need to be addressed in order to allow for construction on Lots 3 & 4.

Approved, unobstructed fire department access (fire lanes) shall be provided such that all portions of the exterior of the building shall be within 150-feet (as the hose lays) of a fire lane and/or other approved fire apparatus access roadway.

Fire lanes shall have a width of 24-feet and a minimum vertical height clearance of 14-feet.

Fire lane shall be concrete with a minimum 6" thickness, 3,600 psi strength in accordance with City of Rockwall Engineering Design Standards.

Dead-end fire lanes in excess of 150-feet shall be provided with an approved turnaround. Size, type, and location of turnarounds are required to be approved by the Fire Marshal.

Public streets are considered fire lanes if they meet the above-listed requirements. It appears that Lot 3 & 4 will not have adequate access.

Fire hydrants shall be so spaced such that all portions of the exterior of the building are within 600-feet as the hose lays. Existing fire hydrants on adjacent properties shall not be considered available unless fire apparatus access roads extend between properties and easements are established to prevent obstruction of such roads. Existing fire hydrants on public streets are allowed to be considered.

P2019-008 Lots 1 - 4, Block A, N.E & J.O Addition

Please address the following comments (M= Mandatory Comments; I = Informational Comments).

I.1 This is a request by Kevin Osornio on behalf of Jeaniffer Osornio for the approval of a replat for Lots 1-4, Block A, N. E. & J.O. Addition being a 0.46-acre parcel of land identified as Lot 2, Block A, Sanger Addition, City of Rockwall, Rockwall County, Texas, zoned Single Family 7 (SF-7) District, situated within the Southside Residential Overlay (SOV) District, addressed as 705 Peters Colony

For questions or comments concerning this case, please contact Korey Brooks in the Planning Department at (972) 772-6434 or email kbrooks@rockwall.com.

M.2 For reference, include the case number (P2019-008) in the lower right hand corner of all pages on future submittals.

M.3 Please provide the easement information for the 10-foot utility easements or note that they will be dedicated with this plat.

I.4 Please note, since Lots 3 and 4 front an alley (Lamar Street), developer may be required to pave Lamar Street from Ross to the north property line of Lot 4—

I.5 Please note that Lots 3 and 4 do not have water. The water line that terminates at Ross and Lamar may need to be extended to the north property line of Lot 4 and/or tie into the 12-inch water line in Boydston—Developer will have to bore under Boydstun.

I.6 Please note, the sewer for Lots 3 and 4 is in Lamar Street (the alley).

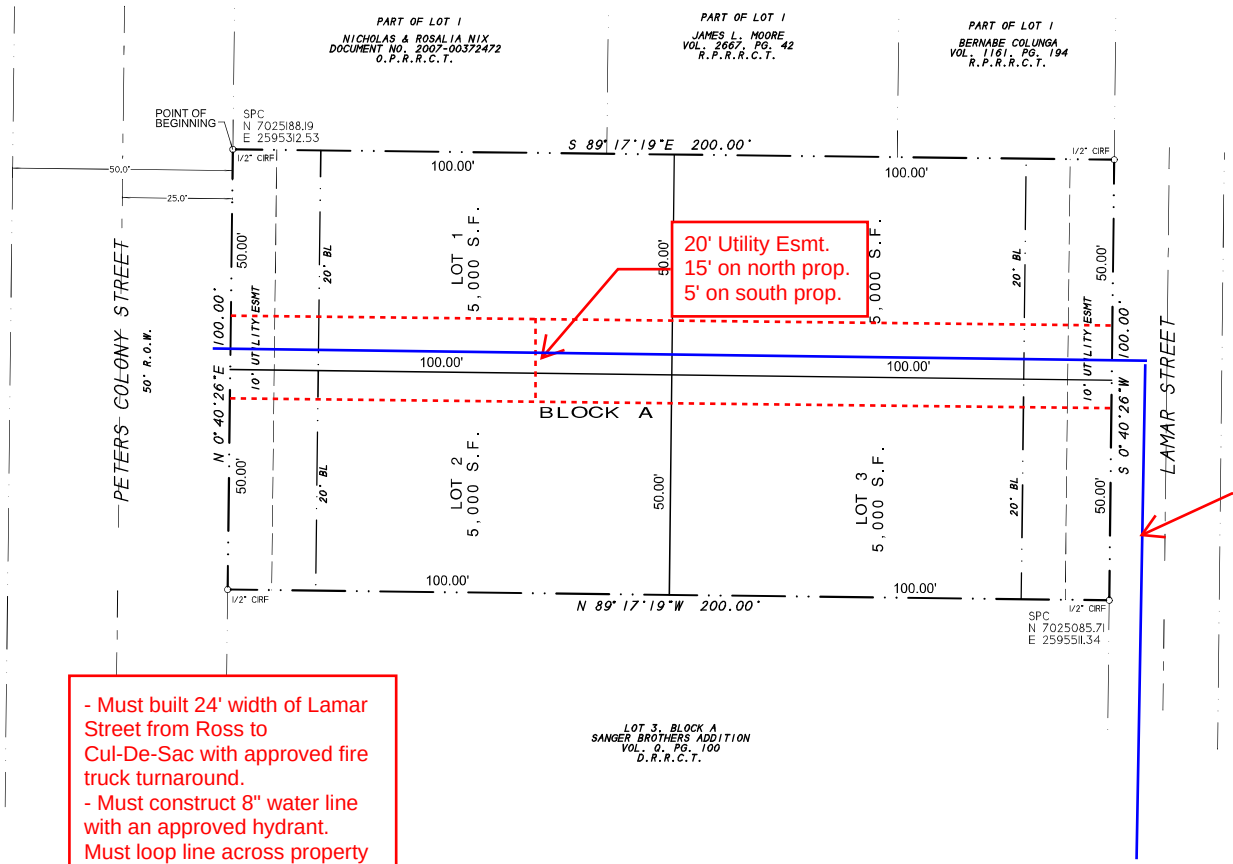
I.7 Lots 3 and 4 do not have fire protection (i.e. no firelane). Developer may be required to provide a fire hydrant and/or sprinkler the homes.

I.8 Please note, the min SF for dwelling in the Southside Residential Overlay (SOV) District is 900 SF.

M.9 Please provide all revisions by March 5, 2019

M.10 This plat will be required to go to Park Board on March 5, 2019 for park fees to be assessed for 3 of the lots.

I.11 No structures in easements.

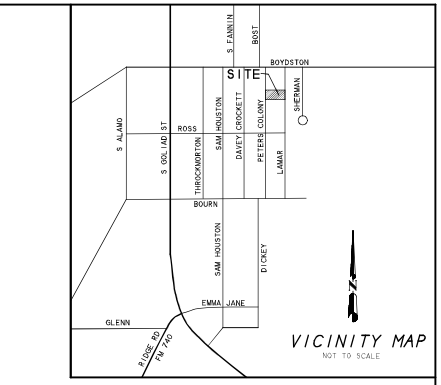


M.12 The development schedule is as follows:

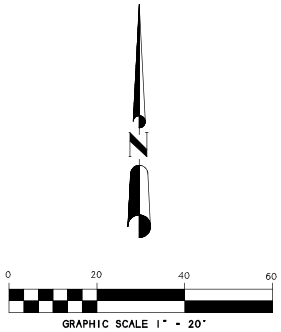
Feb 26, 2019-Planning and Zoning Worksession

March 5, 2019-Park Board—

March 12, 2019-Planning and Zoning Meeting



March 18, 2019-City Council.



20' Utility Esmt.
15' on north prop.
5' on south prop.

Must construct 8" water line with an approved hydrant. Must loop line across property to Peter's Colony.

- Must built 24' width of Lamar Street from Ross to Cul-De-Sac with approved fire truck turnaround.
- Must construct 8" water line with an approved hydrant. Must loop line across property to Peter's Colony.
- Impact Fees to be paid for extra taps.

FINAL PLAT

CITY CASE NO P2019-

OWNER'S CERTIFICATE
(Public Dedication)

STATE OF TEXAS
COUNTY OF ROCKWALL

WHEREAS JEANIFFER OSORNIO and NOHEMA ESTRADA, BEING THE OWNER OF A TRACT of land in the County of Rockwall, State of Texas, said tract being described as follows:

BEING all of Lot 2, Block A, Sanger Brothers Addition, an Addition to the City of Rockwall, Rockwall County, Texas, according to the Plat thereof recorded in Volume Q, Page 100 of the Deed Records of Rockwall County, Texas, and being more particularly described as follows:

BEGINNING at a 1/2" iron rod found for corner at the northwest corner of Lot 2, and the southwest corner of Lot 1 and being in the east right-of-way line of Peters Colony Street;

THENCE S. 89 deg. 17 min. 19 sec. E. along the common line of Lot 1 and 2, a distance of 200.00 feet to a 1/2" iron rod found for corner at the northeast corner of Lots 2 and being in the west right-of-way of Lamar Street;

THENCE S. 00 deg. 40 min. 26 sec. W. along said right-of-way line, a distance of 100.00 feet to a 1/2" iron rod found for corner at the southeast corner of Lot 2 and northeast corner of Lot 3;

THENCE N. 89 deg. 17 min. 19 sec. W. along the common line between Lot 2 and Lot 3, a distance of 200.00 feet to a 1/2" iron rod found for corner in the east right-of-way line of Peters Colony Street;

THENCE N. 00 deg. 40 min. 26 sec. E. along said right-of-way line, a distance of 100.00 feet to the POINT OF BEGINNING and containing 20,000 square feet or 0.46 acres of land.

NOW, THEREFORE, KNOW ALL MEN BY THESE PRESENTS:

STATE OF TEXAS
COUNTY OF ROCKWALL

I the undersigned owner of the land shown on this plat, and designated herein as N.E. & J. O. ADDITION, LOTS 1-4, BLOCK A, an Addition to the City of Rockwall, Texas, and whose name is subscribed hereto, hereby dedicate to the use of the public forever all streets, alleys, parks, water courses, drains, easements and public places thereon shown on the purpose and consideration therein expressed. I further certify that all other parties who have a mortgage or lien interest in N.E. & J. O. ADDITION, LOTS 1-4, BLOCK A have been notified and signed this plat.

I understand and do hereby reserve the easement strips shown on this plat for the purposes stated and for the mutual use and accommodation of all utilities desiring to use or using same.

I also understand the following;

1. No buildings shall be constructed or placed upon, over, or across the utility easements as described herein.

2. Any public utility shall have the right to remove and keep removed all or part of any buildings, fences, trees, shrubs, or other growths or improvements which in any way endanger or interfere with construction, maintenance or efficiency of th eir respective system on any of these easement strips; and any public utility shall at all times have the right of ingress or egress to, from and upon the said easement strips for purpose of construction, reconstruction, inspecting, patrolling, maint aining, and either adding to or removing all or part of their respective system without the necessity of, at any time, procuring the permission of anyone.

3. The City of Rockwall will not be responsible for any claims of any nature resulting from or occasioned by the establishment of grade of streets in the subdivision.

4. The developer and subdivision engineer shall bear total responsibility for storm drain improvements.

5. The developer shall be responsible for the necessary facilities to provide drainage patterns and drainage controls such that properties within the drainage area are not adversely affected by storm drainage from the development.

6. No house dwelling unit, or other structure shall be constructed on any lot in this addition by the owner or any other person until the developer and/or owner has complied with all requirements of the Subdivision Regulations of the City of Roc kwall regarding improvements with respect to the entire block on the street or streets on which property abuts, including the actual installation of streets with the required base and paving, curb and gutter, water and sewer, drainage structures, sto rm structures, storm sewers, and alleys, all according to the specifications of the City of Rockwall; or

Until an escrow deposit, sufficient to pay for the cost of such improvements, as determined by the city's engineer and/or city administrator, computed on a private commercial rate basis, has been made with the city secretary, accompanied by an agreement signed by the developer and/or owner, authorizing the city to make such improvements at prevailing private commercial rates, or have the same made by a contractor and pay for the same out of the escrow deposit, should the developer an d/or owner fail or refuse to install the required improvements within the time stated in such written agreement, but in no case shall the City be obligated to make such improvements itself. Such deposit may be used by the owner and/or developer as p rogress payments as the work progresses in making such improvements by making certified requisitions to the city secretary, supported by evidence of work done; or

Until the developer and/or owner files a corporate surety bond with the city secretary in a sum equal to the cost of such improvements for the designated area, guaranteeing the installation thereof within the time stated in the bond, which time shall be fixed by the city council of the City of Rockwall.

I further acknowledge that the dedications and/or exaction's made herein are proportional to the impact of the subdivision upon the public services required in order that the development will comport with the present and future growth needs of the City; I , my successors and assigns hereby waive any claim, damage, or cause of action that I may have as a result of the dedication of exaction's made herein.

(2/6/2019 4:27 PM SH)
- Airport Rd and E Washington must have 65' ROW. Must Dedicate 32.5' from the centerline. Must build min 24' of Airport Rd with Storm.
- Each lane must be 24' wide if used for fire lane for the driveway on Industrial
- Need to build a minimum of 24' of paving for road to the north.
- Need to show Existing and Proposed Utilities.
- Show Existing Floodplain.
- Show Proposed Fire Lanes.
- Show dimensions on parking.
- Fire Lane must have 30' Radii.
- Label distance to each driveway. (See markup)
- Do you plan to relocate the existing sewer line?

The following items are for your review for enginering design
- 4% Engineering Inspection Fees
- Impact fees.
- Flood Study is required. LOMR is required during construction.
- WOTUS study is required.
- Min 20' utility easements.
- No structures in easements.
- Fire lane easement to be on plat.
- Fire lane to be 24' wide with 20' radii or larger depending on height of building.
- Parking to be 20'x9'
- No dead-end parking.
- Driveway spacing must be labeled o Site Plan.
- 12" water line available in Airport Rd. Must loop 8" waterline in site.
- 8" sewer available east of property.
- Dumpster area to drain to oil/water separator.
- Must have detention. Manning's "c-value" is per zoning for the entire property. 4:1 max slope...no vertical walls allowed in detention easement
- Any detention must be above the existing 100-year flood elevation unless the floodplain is mitigated for.
- No trees within 5' of public utilities.
- Retaining walls 3' and over must be designed by a licensed engineer. All walls to be rock or stone. No smooth concrete walls.
- Pro-rata due for sewer ($105.18/lf) if you tie sewer along Industrial.
- Must meet all City Engineering Standards.

| PLANNING | David Gonzales | 1/29/2019 | 2/5/2019 | 2/1/2019 | 3 | COMMENTS | See comments |

PLANNING AND ZONING 1ST ROUND COMMENTS - PHASE 1 ONLY (02.01.2019):

The following staff comments (i.e. Phase 1 only) are to be addressed and resubmitted no later than Thurday February 14, 2019. Please provide three large copies [24" X 36" FOLDED] and one PDF version for a subsequent review by staff:

** Planning Department General Comments & Requirements to address/acknowledge:

1. Adherence to Engineering and Fire Department standards shall be required.
2. Submittal and approval of a Civil Engineering Plans and Final Plat prior to issuance of a Certificate of Occupancy (CO).
3. Label all revised site plan documents with "Case No. SP2019-004" at the lower right corner of each plan.

VARIANCES AND EXCEPTIONS FOR THE PLANNING AND ZONING COMMISSION TO CONSIDER:

1. Vertical articulation standards of the UDC for all facades.
2. Horizontal articulation standards of the UDC for facades.
3. Minimum 20% stone requirement for all facades that are visible from a public street or open space.
4. For the use of tilt-up wall construction.

** Please address the following Planning Comments for each plan and resubmit revised plans by date requested for a subsequent/final review by staff:

Site Plan:
1. Provide adjacent property owner infomation on Overall Site Plan (aerial version).
2. Label all 24-ft firelane access easement as "24-ft Firelane, Public Access, Drainage and Utility Easements (as appropriate for each).
3. Provide a hatch to the area indicating to be abandoned (i.e. Aluminum Plant Road). Although indicated on the site plan, this will be accomplished at final plat and purchased -- at fair market value -- with the approval of the City Council.
4. Provide a slightly heavier line for the future parking areas and label as such.
5. Use a lighter gray scale for the utility lines layer.
6. For the areas labled as 'Loading Area', are these loading docks? If so, provide a minimum 14-ft architecturally integrated screening wall.
7. Parkingspace count for manufacturing = 1 space per 500-SF or 0.75 spaces for each employee on the largest shift, whichever is greater. Provide a letter indicating the number of employees on the largest shift. Parking count may be determined by the Director of Planning.

Landscape Plan:
1. Applicant requesting an alternative tree mitigation settlement agreement.

Photometric Plan:
1. Lighting levels are not to exceed 0.2-FC at the property lines. The lighting levels along the northern property line exceed this standard. Adjustment required in order to meet the standards of the UDC.

Building Elevations:
1. All roof-top mechanical equipment requires screening from rights-of-way and adjacent properties. Dash-in RTU's on elevations. Provide detail of screening mechanism to be used if these are not properly sceened.
2. Requires a recommendation from the Architectural Review Board (ARB). See scheduled meeting below.

3. Provide a materials sample board for ARB review of the actual materials to be used(other than tilt-up wall).
4. Provide percentages of exterior material calculations for each elevation(e.g. formliner stone pattern& tilt-up wall).
5. Will there be any stone on the building? The UDC requires a minium of 20% stone on each elevation that is visible from a public street or open space. If there is no stone, this will require approval of a variance by the Planning and Zoning Commission.
6. Approval of an exception to the masonry standards by the Planning and Zoning Commission is required for the use of tilt-up wall construction.

** The following are scheduled meeting dates that you and/or your representative(s) are required to attend regarding the Site Plan request. If you have any questions regarding this case, please feel free to contact David Gonzales, AICP with the Planning Department at 972-771-7745.

Meeting Dates to Attend:

Architectural Review Board: February 26, 2019 (5:00 p.m.) [Recommendations from ARB]

Planning - Work Session: February 26, 2019 (6:00p.m.) [Applicant to present/discuss project]

Architectural Review Board: March 12, 2019 (5:00 p.m.) [Subsequent meeting if necessary]

Planning - Action: March 12, 2019 (6:00p.m.) [P&Z to take action (i.e. approve, approve with conditions, deny)]

** City Council - Action: Monday, March 18, 2019 (6:00 p.m.) [FOR VARIANCE AND EXCEPTION REQUESTS NOT APPROVED BY THE PLANNING AND ZONING COMMISSION] **

|---|---|---|---|---|---|---|---|

Discuss and consider a request by Mark W. Pross of Pross Design Group, Inc. on behalf of Carolina Molina of Alvaplast US (SPR Packaging) for the approval of a site plan for a warehouse/manufacturing facility on a 11.3736-acre tract of land identified as Tract 7 of the N. Butler Survey, Abstract No. 20, City of Rockwall, Rockwall County, Texas, zoned Light Industrial (LI) District, situated at the terminus of Aluminum Plant Road, and take any action necessary.

PLANNING AND ZONING 2nd ROUND COMMENTS - PHASE 1 ONLY (02.20.2019):

The following staff comments (i.e. Phase 1 only) are to be addressed and resubmitted no later than Tuesday, March 5, 2019. Please provide two (2) large copies [24" X 36" FOLDED] and one PDF version for a subsequent/final review by staff:

CITY COUNCIL TO CONSIDER ALTERNATIVE TREE MITIGATION SETTLEMENT AGREEMENT:

1. Alternative tree mitigation settlement agreement in the amount of $49,125.00 (i.e. 491.25 inche mitigation) requires approval of the City Council.

EXCEPTIONS FOR THE PLANNING AND ZONING COMMISSION TO CONSIDER FOR APPROVAL:

1. The use of Tilt-Up Wall construction.
2. For not meeting the minimum 20% stone requirement for each facade.
3. For not meeing the Building Articulation standards of the Unified Devleopment Code (UDC) for: a) Primary building facades and b) Secondary building facades.

** Please address the following Planning Comments for each of the revised plans and resubmit by the date as requested for a subsequent/final review by staff:

Site Plan:
1. Overall Site Plan (aerial version & B&W site plan) - Label as "Future Expansion" on Phase 2 portion and use a lighter gray scale to distinguish Phase 2.
2. Correction needed: label all 24-ft access easement as "24-ft Firelane, Public Access, and Utility Easements".
3. Site Plan Data table: since this approval is for Phase 1 only, please use a lighter gray scale for the future warehose references and label as such
4. Legend: quantities indicated to be approved by the engineering department.
5. As a note, I did not receive the letter for regarding parking; however, this is not required until Phase 2 site plan (if needed).
6. Delineate and label the required minimum 10-ft Landscape Buffer along Industrial Blvd and Airport Road.

Landscape Plan:
1. 10-ft Landscape Buffer along Industrial Blvd and Airport Road to have trees for each 50-ft linear feet of frontage. Move the necessary number of trees into the landscape buffer strip.
2. The use of hydromulch requires the hydromulch to be established at a minimum height of one (1) inch and at a minimum coverage of 75% for disturbed areas prior to the release of a Certificate of Occupancy (CO). Sod is preffered. Change Notes regarding the use of hydromulch to reflect the required standard or use sod

Photometric Plan:
1. Based on the revised plan, it meets the minimum standards per the Unified Development Code.

Building Elevations:
1. Approval of an exception to the masonry standards by the Planning and Zoning Commission is required for the use of tilt-up wall construction and not meeting the minimum stone requriement of 20% per facade.

| **SUBJECT:** | **Comment Response for SPR Packaging Site Plan (SP2019-004)** | | |

David-

See below for my response in red to each comment. Let me know if you have any questions.

Thank You

## SPR Packaging Site Plan

**Building – Russell McDowell**
Status: Approved

**Engineering – Sarah Hager**
Comments:

- Airport Rd and E Washington must have 65' ROW. Must Dedicate 32.5' from the centerline. Must build min 24' of Airport Rd with Storm.
  → Washington proposed R.O.W. shown for planning purposes. We can not dedicate land off our property. City to coordinate with property owners to acquire R.O.W. as needed.
- Each lane must be 24' wide if used for fire lane for the driveway on Industrial.
  → Noted & Updated.
- Need to build a minimum of 24' of paving for road to the north.
  → We understand we're responsible for this, but what do you want to be shown? Would remaining section be built by City at the same time?
- Need to show Existing and Proposed Utilities.
  → Noted.
- Show Existing Floodplain.
  → Noted.
- Show Proposed Fire Lanes.
  → Noted.
- Show dimensions on parking.
  → Noted.
- Fire Lane must have 30' Radii.
  → Noted.
- Label distance to each driveway. (See markup)
  → Updated.

**Halff Associates, Inc.**
1201 North Bowser Road
Richardson, Texas 75081
(214) 346-6200
Fax (214) 739-0095

Do you plan to relocate the existing sewer line?

→ Yes. Existing sewer line to be removed and relocated is shown in red on the Overall Site Plan. Existing water line to be removed and relocated is shown in blue on the Overall Site Plan.

The following items are for your review for engineering design.

- 4% Engineering Inspection Fees
  → Acknowledged.
- Impact fees.
  → Acknowledged.
- Flood Study is required. LOMR is required during construction.
  → Acknowledged.
- WOTUS study is required.
  → Acknowledged.
- Min 20' utility easements.
  → Acknowledged.
- No structures in easements.
  → Acknowledged.
- Fire lane easement to be on plat.
  → Acknowledged.
- Fire lane to be 24' wide with 20' radii or larger depending on height of building.
  → Noted.
- Parking to be 20'x9'
  → Noted.
- No dead-end parking.
  → Acknowledged.
- Driveway spacing must be labeled on Site Plan.
  → Updated.
- 12" water line available in Airport Rd. Must loop 8" waterline in site.
  → Water line is looped from Airport Road to the south side of Industrial Blvd. Proposed water line does not continue onsite parallel to Industrial Blvd. due to existing fire hydrants along Industrial Blvd.
- 8" sewer available east of property.
  → Noted.
- Dumpster area to drain to oil/water separator.
  → Noted & Updated.
- Must have detention. Manning's "c-value" is per zoning for the entire property.4:1max slope...no vertical walls allowed in detention easement
  → Acknowledged.
- Any detention must be above the existing 100-year flood elevation unless the floodplain is mitigated for.
  → Acknowledged.
- No trees within 5' of public utilities.
  → Acknowledged.
- Retaining walls 3' and over must be designed by a licensed engineer. All walls to be rock or stone. No smooth concrete walls.
  → Acknowledged.
- Pro-rata due for sewer($105.18/lf) if you tie sewer along Industrial.
  → Since we are removing and relocating the existing sewer, is this fee applicable?
- Must meet all City Engineering Standards.
  → Acknowledged.

Comments:

- PLANNING AND ZONING 1ST ROUND COMMENTS – PHASE 1 ONLY (02.01.2019):
  The following staff comments (i.e. Phase 1 only) are to be addressed and resubmitted no later than Thursday, February 14, 2019. Please provide three large copies [24"X36"FOLDED] and one PDF version for a subsequent review by staff:

- **Planning Department General Comments & Requirements to address/acknowledge:
  1. Adherence to Engineering and Fire Department standards shall be required.
     → Acknowledged.
  2. Submittal and approval of a Civil Engineering Plans and Final Plat prior to issuance of a Certificate of Occupancy (CO).
     → Acknowledged.
  3. Label all revised site plan documents with "Case No.SP2019-004" at the lower right corner of each plan.
     → Updated.

- Variances and Exceptions for the Planning and Zoning Commission to Consider:
  1. Vertical articulation standards of the UDC for all facades.
  2. Horizontal articulation standards of the UDC for facades.
  3. Minimum 20% stone requirement for all facades that are visible from a public street or open space.
  4. For the use of tilt-up wall construction.

- **Please address the following Planning Comments for each plan and resubmit revised plans by date requested for a subsequent/final review by staff:

  Site Plan:
  1. Provide adjacent property owner information on Overall Site Plan (aerial version).
     → Updated.
  2. Label all 24-ft firelane access easement as "24-ft Firelane, Public Access, Drainage and Utility Easements (as appropriate for each).
     → Updated label to “24’ Fire Lane Access & Utility Easement.”
  3. Provide a hatch to the area indicating to be abandoned (i.e. Aluminum Plant Road). Although indicated on the site plan, this will be accomplished at final plat and purchased--at fair market value--with the approval of the City Council.
     → Updated.
  4. Provide a slightly heavier line for the future parking areas and label as such.
     → Updated.
  5. Use a lighter gray scale for the utility lines layer.
     → Updated.
  6. For the areas labeled as ‘Loading Area’, are these loading docks? If so, provide a minimum14-ft architecturally integrated screening wall
     → See proposed screen walls located at NW corner of building.

**Halff Associates, Inc.**
1201 North Bowser Road
Richardson, Texas 75081
(214) 346-6200
Fax (214) 739-0095

7. Parking space count for manufacturing=1space per500-SF or0.75spaces for each employee on the largest shift, whichever is greater. Provide a letter indicating the number of employees on the largest shift. Parking count may be determined by the Director of Planning.
   → See parking letter from Owner. For Site Plan calculation purposes, we held 1 space / 1000 sf ratio.

Landscape Plan:
1. Applicant requesting an alternative tree mitigation settlement agreement.

Photometric Plan:
1. Lighting levels are not to exceed 0.2-FC at the property lines. The lighting levels along the northern property line exceed this standard. Adjustment required in order to meet the standards of the UDC.
   → See revised photometrics plan.

Building Elevations:
1. All roof-top mechanical equipment requires screening from rights-of-way and adjacent properties. Dash-in RTU's on elevations. Provide detail of screening mechanism to be used if these are not properly screened.
   → Roof top units will be screened by the building's concrete parapets.
2. Requires a recommendation from the Architectural Review Board (ARB). See scheduled meeting below.
   → Ok.
3. Provide a materials sample board for ARB review of the actual materials to be used (other than tilt-up wall).
   → This was provided in the first submission.
4. Provide percentages of exterior material calculations for each elevation (e.g. formliner stone pattern & tilt-up wall).
   → See revised elevations.
5. Will there be any stone on the building? The UDC requires a minimum of20%stone on each elevation that is visible from a public street or open space. If there is no stone, this will require approval of a variance by the Planning and Zoning Commission.
   → The building's facades consist of conc. tilt-wall, stone, and form liner.
6. Approval of an exception to the masonry standards by the Planning and Zoning Commission is required for the use of tilt-up wall construction.

- **The following are scheduled meeting dates that you and/or your representative(s)are required to attend regarding the Site Plan request. If you have any questions regarding this case, please feel free to contact David Gonzales, AICP with the Planning Department at972-771-7745.
  Meeting Dates to Attend:
  1) Architectural Review Board: February26,2019 (5:00p.m.) [Recommendations from ARB]
  2) Planning-Work Session: February26,2019 (6:00p.m.) [Applicant to present/discuss project]
  3) Architectural Review Board: March12,2019 (5:00p.m.) [Subsequent meeting if necessary]

385 S. Goliad St.
Rockwall, Texas 75087

RE: SITE PLAN SUBMITTAL, SPR PACKAGING

Dear Mr. Gonzalez,

This letter is to inform you that we wish to proceed with review and comments of the Phase 1 portion of the Site Plan Submittal already sent to your office. I am attaching a copy of the recent Floor Plan Modifications and Elevation Changes, so that you can be aware of the correct configuration of the buildings. Please note that after we receive the comments, we will revise the drawings and remove Phase 2 from the Submittal Documents so that the response comments will be addressing Phase 1 only with the appropriate documentation. Should you have any questions, feel free to give me a call.

Sincerely,

Mark W. Pross
President

MWP/cs

SPR NORTH PHASE 1 AND 2 SITE PLAN SUBMITTAL
OFFICE / WAREHOUSE / PRODUCTION FACILITY
REQUESTED VARIANCES

On behalf of SPR Packaging, the following is a list of variances to the City of Rockwall Development Codes that we wish to submit to your office, for the Site Plan Submittal.

The original building SPR Packaging is occupying at 1480 Justin Road is the design basis for this new building. It is the Owner's intent to develop a two to three (2-3) building campus as they expand their business on the property to the north. Accordingly, they wish that the new buildings developed to the north, be designed with the same design character and intent as the original building they currently occupy. At the time the original building was developed, we sought and gained approval for modifications to the development code as it relates to materials and articulation. Please see the attached Elevation Concepts, which indicate the appearance of both Phase 1 and Phase 2. Please note that Phase 1 will be initially constructed with Phase 2 to follow later this year.

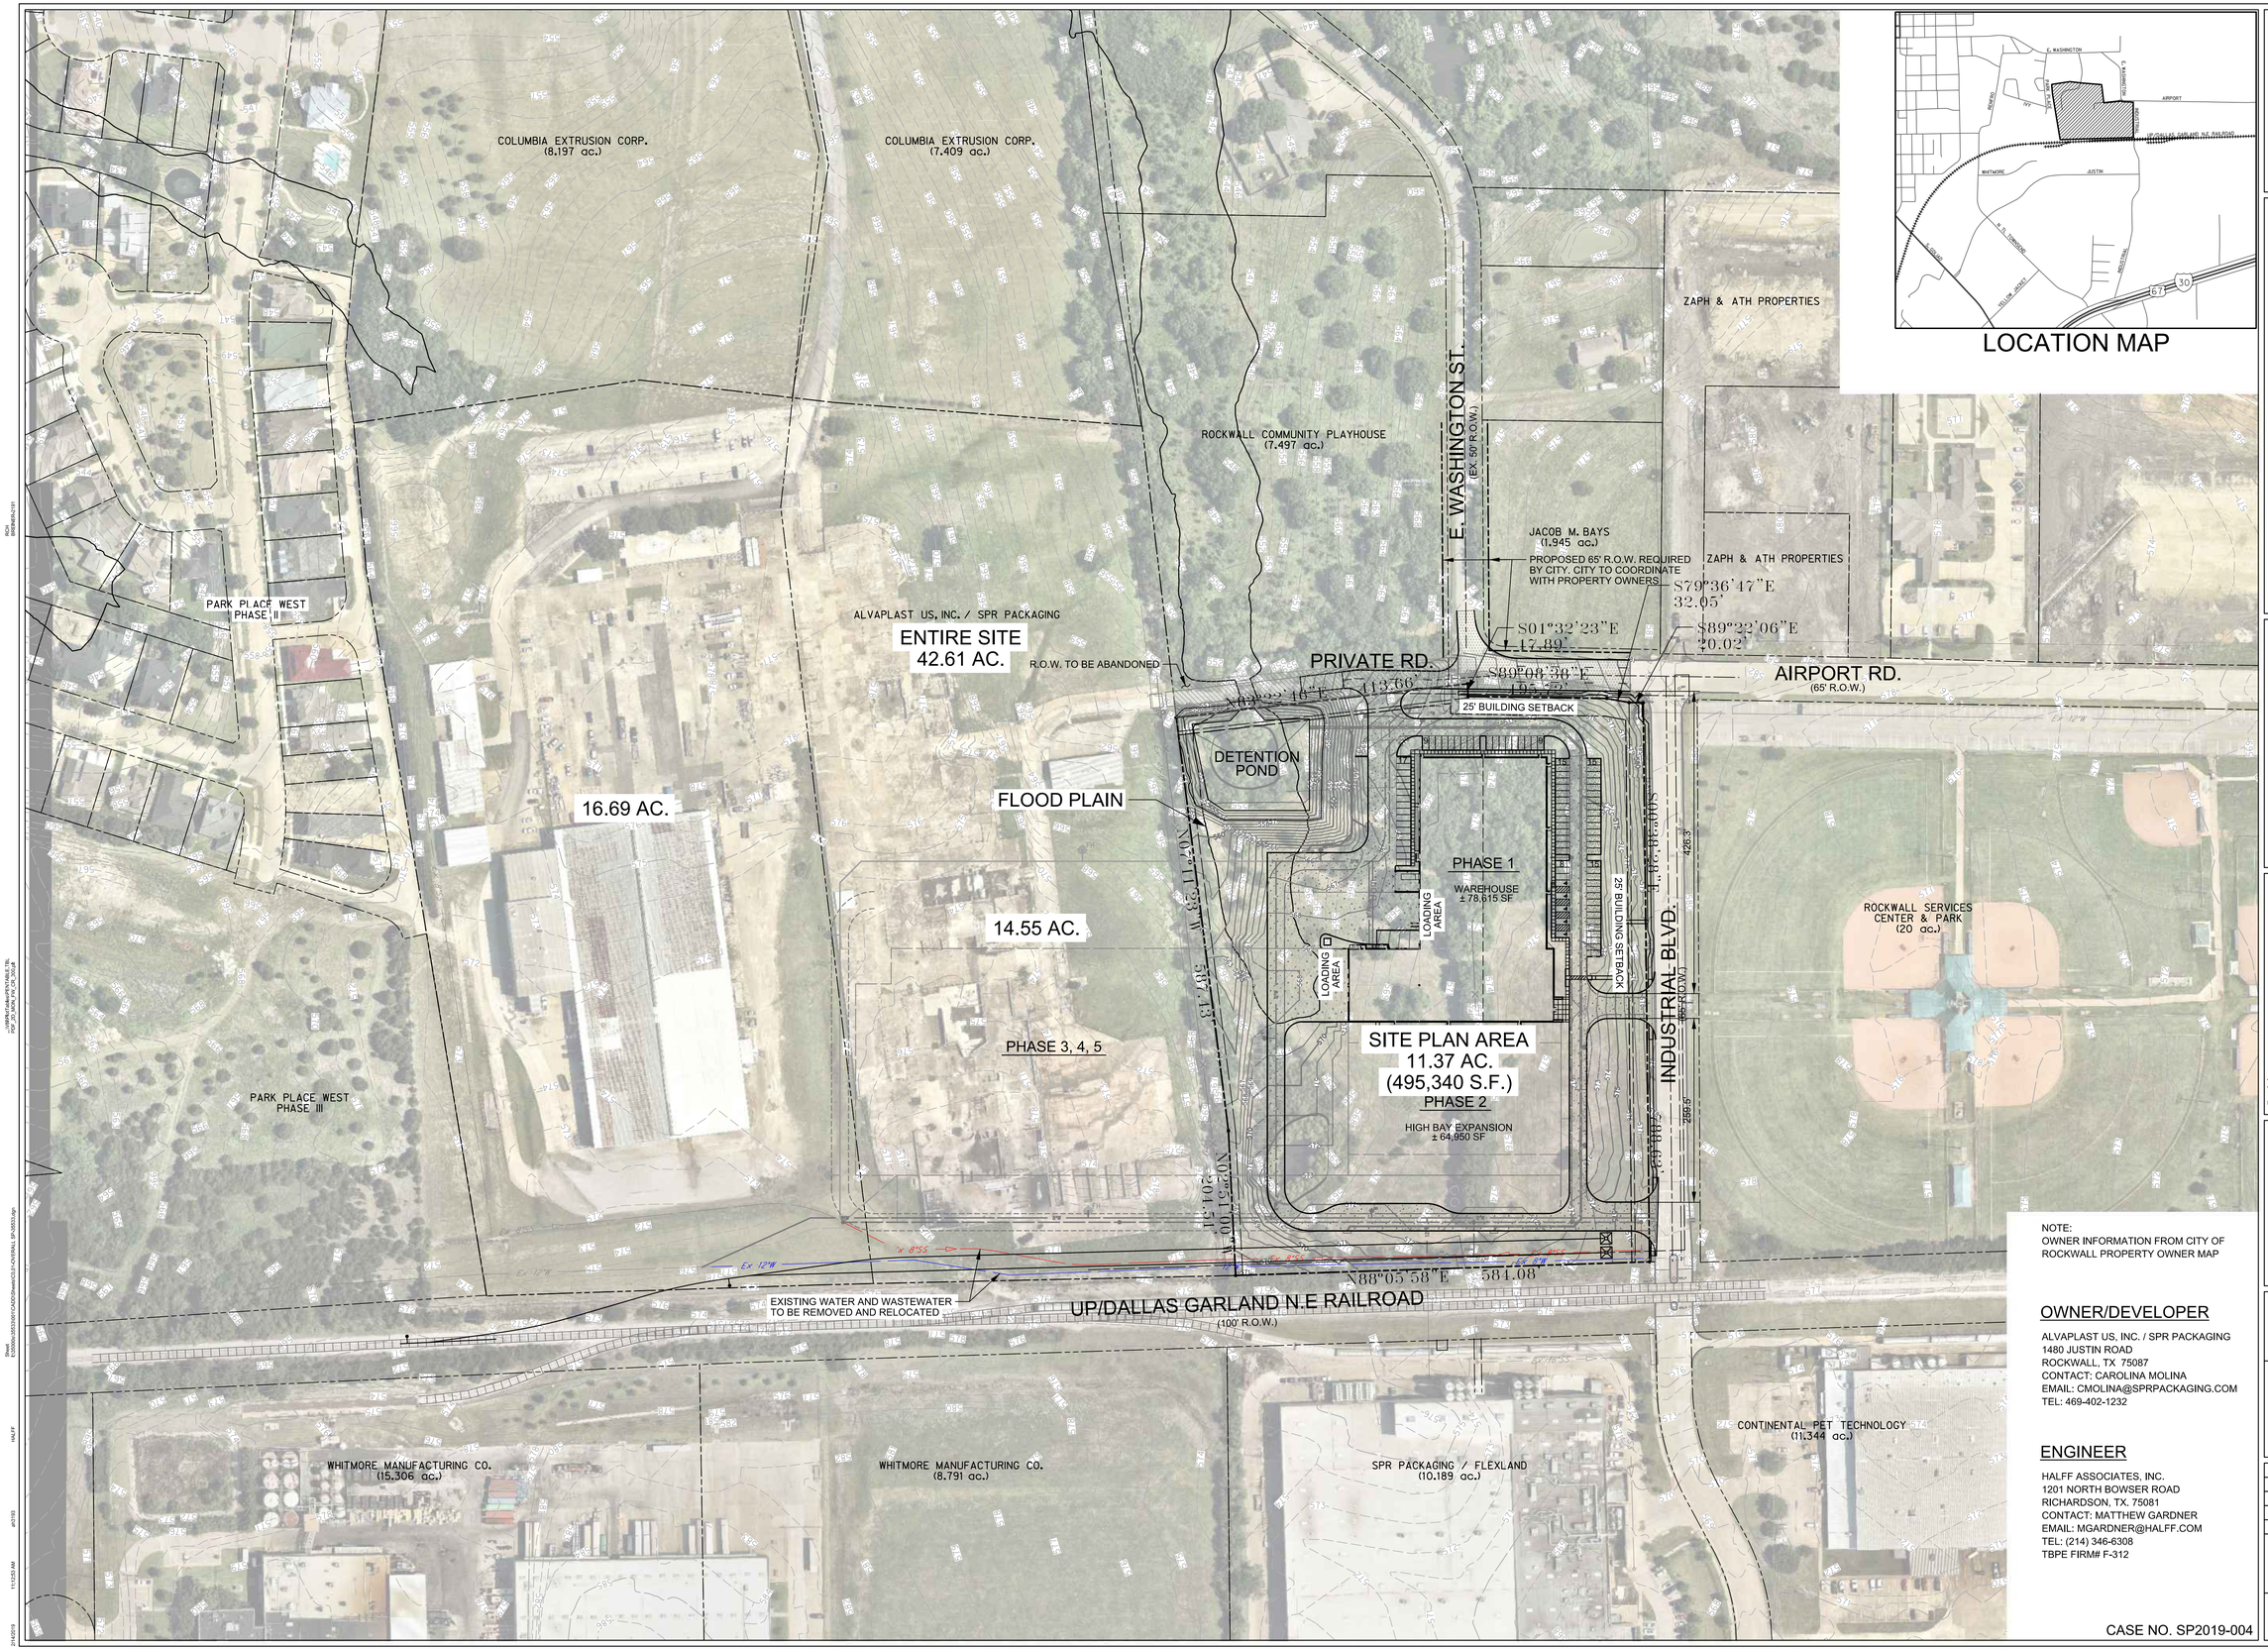
A. Construction Materials:

1. The Owner wishes to be granted a variance to eliminate 20% stone on the building facades, but wishes to substitute the same stone-like formliner that was previously approved on the original building.

2. As with the original building that has extruder equipment, the Phase 2 building will also be provided with extruder equipment, which we cannot take wall panels to 120' in height. Accordingly, we want the wall panels to match the Phase 1 building in height with pre-finished metal panels above. These panels are typically 18" - 24" wide and will be pre-finished in a bright white to match the existing building previously approved.

B. Maximum Building Height:

1. The Phase 1 building wall panels will be 46' feet in height. There is no problem with the development of the Phase 1 building with these panel heights. However, the Phase 2 will have an Extruder Area that will be a total of 120' tall. We will be submitting a Special Use Permit to receive approval to go to this height. It should be noted that we were granted a Special Use Permit for the height of the Extruder Area for the existing building to 75'.



C. Building Articulation:

1. Due to the size of this building and its additional phases, the building will not meet current articulation standards. The tops of the wall panels for the Phase 2 portion of the project will be saw-tooth to match the existing building. There will be a massive entrance on the east side of the project, which will separate Phase 1 and Phase 2, where exterior stone will be utilized. A large glass facade will also accompany this area of the building. The Phase 1 building will have limited off-

sets but will have an aluminum canopy with an entry Storefront and glass windows. The remaining portion of the building will be monolithic in nature, except for the formliner that looks like stone. The Architect will use paint to accent the formliner and the other sections of the building. See Proposed Elevation Study.

D. Landscaping:

1. During the DRC meeting with City Staff, the Owner was requested to provide screening in front of the current existing building to the west to screen the residential development abutting the west side of the property. We would like to request deferral of any landscape screening for this building until the Owner begins the renovation process of that building since we are not modifying this building now, the existing site should be "grandfathered". There may be modifications to paving that may result in loss if new trees are installed to screen Phase 1 and Phase 2 of the project, which now is several hundred feet to the east. The Owner agrees to provide landscape screening on the west side of the project for the existing building, at such time as a permit is submitted for the improvement and renovation of the existing old building on site.

## LANDSCAPE NOTES

1. CONTRACTOR SHALL VERIFY ALL EXISTING AND PROPOSED SITE ELEMENTS AND NOTIFY LANDSCAPE ARCHITECT OF ANY DISCREPANCIES. SURVEY DATA OF EXISTING CONDITIONS WAS SUPPLIED BY OTHERS.
2. CONTRACTOR SHALL LOCATE ALL EXISTING UNDERGROUND UTILITIES AND NOTIFY LANDSCAPE ARCHITECT OF ANY CONFLICTS. CONTRACTOR SHALL EXERCISE CAUTION WHEN WORKING IN THE VICINITY OF UNDERGROUND UTILITIES.
3. CONTRACTOR SHALL PROVIDE A MINIMUM 2% SLOPE AWAY FROM ALL STRUCTURES.
4. CONTRACTOR SHALL FINE GRADE AREAS TO ACHIEVE FINAL CONTOURS AS INDICATED. LEAVE AREAS TO RECEIVE TOPSOIL 3" BELOW FINAL FINISHED GRADE IN PLANTING AREAS AND 1" BELOW FINAL FINISHED GRADE IN LAWN AREAS.
5. ALL PLANTING BEDS AND LAWN AREAS SHALL BE SEPARATED BY STEEL EDGING. NO STEEL EDGING SHALL BE INSTALLED ADJACENT TO BUILDINGS, WALKS, OR CURBS. CUT STEEL EDGING AT 45 DEGREE ANGLE WHERE IT INTERSECTS WALKS AND CURBS.
6. TOP OF MULCH SHALL BE 1/2" MINIMUM BELOW THE TOP OF WALKS AND CURBS.
7. ALL LAWN AREAS SHALL BE HYDROMULCH BERMUDAGRASS, UNLESS OTHERWISE NOTED ON THE DRAWINGS.
8. ALL REQUIRED LANDSCAPE AREAS SHALL BE PROVIDED WITH AN AUTOMATIC UNDERGROUND IRRIGATION SYSTEM WITH RAIN AND FREEZE SENSORS AND EVAPOTRANSPIRATION (ET) WEATHER-BASED CONTROLLERS AND SAID IRRIGATION SYSTEM SHALL BE DESIGNED BY A QUALIFIED PROFESSIONAL AND INSTALLED BY A LICENSED IRRIGATOR.
9. CONTRACTOR SHALL PROVIDE BID PROPOSAL LISTING UNIT PRICES FOR ALL MATERIAL PROVIDED.
10. CONTRACTOR SHALL BE RESPONSIBLE FOR OBTAINING ALL REQUIRED LANDSCAPE AND IRRIGATION PERMITS.

## MAINTENANCE NOTES

1. THE OWNER, TENANT AND THEIR AGENT, IF ANY, SHALL BE JOINTLY AND SEVERALLY RESPONSIBLE FOR THE MAINTENANCE OF ALL LANDSCAPE.
2. ALL LANDSCAPE SHALL BE MAINTAINED IN A NEAT AND ORDERLY MANNER AT ALL TIMES. THIS SHALL INCLUDE MOWING, EDGING, PRUNING, FERTILIZING, WATERING, WEEDING AND OTHER SUCH ACTIVITIES COMMON TO LANDSCAPE MAINTENANCE.
3. ALL LANDSCAPE AREAS SHALL BE KEPT FREE OF TRASH, LITTER, WEEDS AND OTHER SUCH MATERIAL OR PLANTS NOT PART OF THIS PLAN.
4. ALL PLANT MATERIAL SHALL BE MAINTAINED IN A HEALTHY AND GROWING CONDITION AS IS APPROPRIATE FOR THE SEASON OF THE YEAR.
5. ALL PLANT MATERIAL WHICH DIES SHALL BE REPLACED WITH PLANT MATERIAL OF EQUAL OR BETTER VALUE.
6. CONTRACTOR SHALL PROVIDE SEPARATE BID PROPOSAL FOR ONE YEAR'S MAINTENANCE TO BEGIN AFTER FINAL ACCEPTANCE.

## LANDSCAPE TABULATIONS

*THE CITY OF ROCKWALL, TEXAS*

STREET LANDSCAPING
1. 10' wide landscape buffer with one tree per 50 l.f.

INDUSTRIAL BLVD.: 789 l.f.

| Required | Provided |
|---|---|
| (16) trees, 3" cal. | (16) trees, 4" cal. |

AIRPORT RD.: 248 l.f.

| Required | Provided |
|---|---|
| (5) trees, 3" cal. | (5) trees, 4" cal. |

PARKING LOT LANDSCAPING
1. 5% of the interior parking lot shall be landscape.
2. One (1) tree for every ten (10) parking spaces.
3. All parking spaces shall be a minimum eighty (80) feet from a tree.

Total interior parking lot area: 38,589 s.f.
Total parking spaces: 88 spaces

| Required | Provided |
|---|---|
| 1,930 s.f. (5%) | 3,164 s.f. (8%) |
| (9) trees | (9) trees |

SITE LANDSCAPING
1. 10% of the total site shall be landscaped for LIGHT INDUSTRIAL.
2. 100% of the total requirements shall be located in the front of and along side buildings for LIGHT INDUSTRIAL.

Total site: 11.37 AC; 495,440 s.f.

| Required | Provided |
|---|---|
| 49,544 s.f. (10%) | 263,091 s.f. (53%) |
| 49,544 s.f. (100%) | 168,824 s.f. |

DETENTION BASIN REQUIREMENTS
1. A minimum of one (1) tree for every 750 s.f. of dry land area.

Dry Land Area: 11,107 s.f.

| Required | Provided |
|---|---|
| (15) trees | (15) trees |

## GENERAL LAWN NOTES

1. CONTRACTOR SHALL COORDINATE OPERATIONS AND AVAILABILITY OF EXISTING TOPSOIL WITH ON-SITE CONSTRUCTION MANAGER.
2. CONTRACTOR SHALL LEAVE LAWN AREAS 1" BELOW FINAL FINISHED GRADE PRIOR TO TOPSOIL INSTALLATION.
3. CONTRACTOR SHALL FINE GRADE AREAS TO ACHIEVE FINAL CONTOURS AS INDICATED ON CIVIL PLANS. ADJUST CONTOURS TO ACHIEVE POSITIVE DRAINAGE AWAY FROM BUILDINGS. PROVIDE UNIFORM ROUNDING AT TOP AND BOTTOM OF SLOPES AND OTHER BREAKS IN GRADE. CORRECT IRREGULARITIES AND AREAS WHERE WATER MAY STAND.
4. ALL LAWN AREAS SHALL BE FINE GRADED, IRRIGATION TRENCHES COMPLETELY SETTLED AND FINISH GRADE APPROVED BY THE OWNER'S CONSTRUCTION MANAGER OR LANDSCAPE ARCHITECT PRIOR TO LAWN INSTALLATION.
5. CONTRACTOR SHALL REMOVE ALL ROCKS 3/4" DIAMETER AND LARGER, DIRT CLODS, STICKS, CONCRETE SPOILS, ETC. PRIOR TO PLACING TOPSOIL AND LAWN INSTALLATION.
6. CONTRACTOR SHALL MAINTAIN ALL LAWN AREAS UNTIL FINAL ACCEPTANCE. THIS SHALL INCLUDE, BUT NOT BE LIMITED TO: MOWING, WATERING, WEEDING, CULTIVATING, CLEANING AND REPLACING DEAD OR BARE AREAS TO KEEP PLANTS IN A VIGOROUS, HEALTHY CONDITION.
7. CONTRACTOR SHALL GUARANTEE ESTABLISHMENT OF ACCEPTABLE TURF AREA AND SHALL PROVIDE REPLACEMENT FROM LOCAL SUPPLY IF NECESSARY.

## SOLID SOD NOTES

1. PLANT SOD BY HAND TO COVER INDICATED AREAS COMPLETELY. ENSURE EDGES OF SOD ARE TOUCHING. TOP DRESS JOINTS BY HAND WITH TOPSOIL TO FILL VOIDS.
2. ROLL GRASS AREAS TO ACHIEVE A SMOOTH, EVEN SURFACE, FREE FROM UNNATURAL UNDULATIONS.
3. WATER SOD THOROUGHLY AS SOD OPERATION PROGRESSES.
4. IF INSTALLATION OCCURS BETWEEN SEPTEMBER 1 AND MARCH 1, OVER-SEED BERMUDAGRASS SOD WITH WINTER RYEGRASS, AT A RATE OF FOUR (4) POUNDS PER ONE THOUSAND (1000) SQUARE FEET.

## HYDROMULCH NOTES

1. CONTRACTOR SHALL SCARIFY, RIP AND LOOSEN ALL AREAS TO BE HYDROMULCHED TO A MINIMUM DEPTH OF 4" PRIOR TO TOPSOIL AND HYDROMULCH INSTALLATION.
2. BERMUDAGRASS SEED SHALL BE EXTRA HULLED AND TREATED LAWN TYPE, SHALL BE DELIVERED TO THE SITE IN ITS ORIGINAL UNOPENED CONTAINER AND SHALL MEET STATE LAW REQUIREMENTS.
3. FIBER SHALL BE ONE HUNDRED PERCENT (100%) WOOD CELLULOSE FIBER, DELIVERED TO THE SITE IN ITS ORIGINAL UNOPENED CONTAINER AS MANUFACTURED BY 'CONWEB' OR EQUAL.
4. FIBER TACK SHALL BE DELIVERED TO THE SITE IN ITS ORIGINAL UNOPENED CONTAINER AND SHALL BE 'TERRO-TACK ONE', AS MANUFACTURED BY GROWERS, INC. OR EQUAL.
5. HYDROMULCH WITH BERMUDAGRASS SEED AT A RATE OF TWO (2) POUNDS PER ONE THOUSAND (1000) SQUARE FEET.
6. USE A 4'X8' BATTER BOARD AGAINST ALL BED AREAS.
7. IF INSTALLATION OCCURS BETWEEN SEPTEMBER 1 AND MAY 1, ALL HYDROMULCH AREAS TO BE WINTER RYEGRASS, AT A RATE OF FOUR (4) POUNDS PER ONE THOUSAND (1000) SQUARE FEET. CONTRACTOR SHALL BE REQUIRED TO RE-HYDROMULCH WITH BERMUDAGRASS THE FOLLOWING GROWING SEASON AS PART OF THIS CONTRACT.
8. ALL LAWN AREAS TO BE HYDROMULCHED SHALL HAVE ONE HUNDRED PERCENT (100%) COVERAGE PRIOR TO FINAL ACCEPTANCE.

**CITY OF ROCKWALL NOTES**

1. **NO TREES WITHIN 5'-0" OF ANY UTILITIES**
2. **IRRIGATION SYSTEM WILL MEET REQUIREMENTS IN THE UDC**

**SECTION 32 9300 - LANDSCAPE**

**PART 1 - GENERAL**

1.1 REFERENCED DOCUMENTS

A. Refer to Landscape Plans, notes, details, bidding requirements, special provisions, and schedules for additional requirements.

1.2 DESCRIPTION OF WORK

A. Work included: Furnish all supervision, labor, materials, services, equipment and appliances required to complete the work covered in conjunction with the landscaping covered in these specifications and landscaping plans, including:

1. Planting (trees, shrubs and grasses)
2. Bed preparation and fertilization
3. Notification of sources
4. Water and maintenance until final acceptance
5. Guarantee

1.3 REFERENCE STANDARDS

A. American Standard for Nursery Stock published by American Association of Nurserymen: 27 October 1980, Edition; by American National Standards Institute, Inc. (Z60.1) – plant material

B. American Joint Committee on Horticultural Nomenclature: 1942 Edition of Standardized Plant Names.

C. Texas Association of Nurserymen, Grades and Standards

D. Hortis Third, 1976 - Cornell University

1.4 NOTIFICATION OF SOURCES AND SUBMITTALS

A. Samples: Provide representative quantities of sandy loam soil, mulch, bed mix material, gravel, crushed stone, steel edging and tree stakes. Samples shall be approved by Owner's Authorized Representative before use on the project.

1.5 JOB CONDITIONS

A. General Contractor to complete the following punch list: Prior to Landscape Contractor initiating any portion of landscape installation, General Contractor shall leave planting bed areas three (3") inches below final finish grade of sidewalks, drives and curbs as shown on the drawings. All lawn areas to receive solid sod shall be left one (1") inch below the final finish grade of sidewalks, drives and curbs. All construction debris shall be removed prior to Landscape Contractor beginning any work.

B. Storage of materials and equipment at the job site will be at the risk of the Landscape Contractor. The Owner cannot be held responsible for theft or damage.

1.6 MAINTENANCE AND GUARANTEE

A. Maintenance:

1. The Landscape Contractor shall be held responsible for the maintenance of all work from the time of planting until final acceptance by the Owner. No trees, shrubs, groundcover or grass will be accepted unless they show healthy growth and satisfactory foliage conditions.
2. Maintenance shall include watering of trees and plants, cultivation, weeding spraying, edging, pruning of trees, mowing of grass, cleaning up and all other work necessary of maintenance.
3. A written notice requesting final inspection and acceptance should be submitted to the Owner at least seven (7) days prior to completion. An on-site inspection by the Owner's Authorized Representative will be completed prior to written acceptance.

B. Guarantee:

1. Trees, shrubs and groundcover shall be guaranteed for a twelve (12) month period after final acceptance. The Contractor shall replace all dead materials as soon as weather permits and upon notification of the Owner. Plants, including trees, which have partially died so that shape, size, or symmetry have been damaged, shall be considered subject to replacement. In such cases, the opinion of the Owner shall be final.
   a. Plants used for replacement shall be of the same size and kind as those originally planted and shall be planted as originally specified. All work, including materials, labor and equipment used in replacements, shall carry a twelve (12) month guarantee. Any damage, including ruts in lawn or bed areas, incurred as a result of making replacements shall be immediately repaired.
   b. At the direction of the Owner, plants may be replaced at the start of the next year's planting season. In such cases, dead plants shall be removed from the premises immediately.
   c. When plant replacements are made, plants, soil mix, fertilizer and mulch are to be utilized as originally specified and re-inspected for full compliance with the contract requirements. All replacements are to be included under "Work" of this section.
2. The Owner agrees that for the guarantee to be effective, he will water plants at least twice a week during dry periods and cultivate beds once a month after final acceptance.
3. The above guarantee shall not apply where plants die after acceptance because of injury from storms, hail, freeze, insects, diseases, injury by humans, machines or theft.
4. Acceptance for all landscape work shall be given after final inspection by the Owner provided the job is in a complete, undamaged condition and there is a stand of grass in all lawn areas. At that time, the Owner will assume maintenance on the accepted work.

C. Repairs: Any necessary repairs under the Guarantee must be made within ten (10) days after receiving notice, weather permitting. In the event the Landscape Contractor does not make repairs accordingly, the Owner, without further notice to Contractor, may provide materials and men to make such repairs at the expense to the Landscape Contractor.

1.7 QUALITY ASSURANCE

A. General: Comply with applicable federal, state, county and local regulations governing landscape materials and work.

B. Personnel: Employ only experienced personnel who are familiar with the required work. Provide full time supervision by a qualified foreman acceptable to Landscape Architect.

C. Selection of Plant Material:
1. Make contact with suppliers immediately upon obtaining notice of contract acceptance to select and book materials. Develop a program of maintenance (pruning and fertilization) which will ensure the purchased materials will meet and / or exceed project specifications.
2. Substitutions: Do not make plant material substitutions. If the specified landscape material is not obtainable, submit proof of non-availability to Landscape Architect, together with proposal for use of equivalent material. At the time bids are submitted, the Contractor is assumed to have located the materials necessary to complete the job as specified.
3. Landscape Architect will provide a key identifying each tree location on site. Written verification will be required to document material selection, source and delivery schedules to site.
4. Measurements: Measure trees with branches and trunks or canes in their normal position. Do not prune to obtain required sizes. Take caliper measurements six inches above ground for trees up to and including 4" caliper size, and twelve inches above ground for larger sizes. Measure main body of all plant material of height and spread dimensions, do not measure from branch or root tip-to-tip.
5. Owner's Authorized Representative shall inspect all plant material with requirements for genus, species, cultivar / variety size and quality.
6. Owner's Authorized Representative retains the right to further inspect all plant material upon arrival to the site and during installation for size and condition of root balls and root systems, limbs, branching habit, insects, injuries and latent defects.
7. Owner's Authorized Representative may reject unsatisfactory or defective material at any time during the process work. Remove rejected materials immediately from the site and replace with acceptable material at no additional cost to the Owner. Plants damaged in transit or at job site shall be rejected.

1.8 PRODUCT DELIVERY, STORAGE AND HANDLING

A. Preparation:
1. Balled and Burlapped (B&B) Plants: Dig and prepare shipment in a manner that will not damage roots, branches, shape and future development.
2. Container Grown Plants: Deliver plants in rigid container to hold ball shape and protect root mass.

B. Delivery:
1. Deliver packaged materials in sealed containers showing weight, analysis and name of manufacturer. Protect materials from deterioration during delivery and while stored on site.
2. Deliver only plant materials that can be planted in one day unless adequate storage and watering facilities are available on job site.
3. Protect root balls by heeling in with sawdust or other approved moisture retaining material if not planted within 24 hours of delivery.
4. Protect plants during delivery to prevent damage to root balls or desiccation of leaves. Keep plants moist at all times. Cover all materials during transport.
5. Notify Owner's Authorized Representative of delivery schedule 72 hours in advance job site.
6. Remove rejected plant material immediately from job site.
7. To avoid damage or stress, do not lift, move, adjust to plumb, or otherwise manipulate plants by trunk or stems.

**PART 2 - PRODUCTS**

2.1 PLANTS

A. General: Well-formed No. 1 grade or better nursery grown stock. Listed plant heights are from tops of root balls to nominal tops of plants. Plant spread refers to nominal outer width of the plant, not to the outer leaf tips. Plants will be individually approved by the Owner's Authorized Representative and his decision as to their acceptability shall be final.

B. Quantities: The drawings and specifications are complimentary. Anything called for on one and not the other is as binding as if shown and called for on both. The plant schedule is an aid to bidders only. Confirm all quantities on plan.

C. Quality and size: Plant materials shall conform to the size given on the plan, and shall be healthy, symmetrical, well-shaped, full branched and well rooted. The plants shall be free from injurious insects, diseases, injuries to the bark or roots, broken branches, objectionable disfigurements, insect eggs and larvae, and are to be of specimen quality.

D. Approval: All plants which are found unsuitable in growth, or are in any unhealthy, badly shaped or undersized condition will be rejected by the Owner's Authorized Representative either before or after planting and shall be removed at the expense of the Landscape Contractor and replaced with acceptable plant as specified at no additional cost to the Owner.

E. Trees shall be healthy, full-branched, well-shaped, and shall meet the minimum trunk and diameter requirements of the plant schedule. Balls shall be firm, neat, slightly tapered and well wrapped in burlap. Any tree loose in the ball or with a broken root ball at time of planting will be rejected. Balls shall be ten (10") inches in diameter for each one (1") inch of trunk diameter, measured six (6") inches above ball. (Nomenclature confirms to the customary nursery usage. For clarification, the term "multi-trunk" defines a plant having three (3) or more trunks of nearly equal diameter.)

F. Pruning: All pruning of trees and shrubs, as directed by the Landscape Architect prior to final acceptance, shall be executed by the Landscape Contractor at no additional cost to the Owner.

2.2 SOIL PREPARATION MATERIALS

A. Sandy Loam:
1. Friable, fertile, dark, loamy soil, free of clay lumps, subsoil, stones and other extraneous material and reasonably free of weeds and foreign grasses. Loam containing Dallasgrass or Nutgrass shall be rejected.
2. Physical properties as follows:
   a. Clay – between 7-27 percent
   b. Silt – between 15-25 percent
   c. Sand – less than 52 percent
3. Organic matter shall be 3%-10% of total dry weight.
4. If requested, Landscape Contractor shall provide a certified soil analysis conducted by an approved soil testing laboratory verifying that sandy loam meets the above requirements.

B. Organic Material: Compost with a mixture of 80% vegetative matter and 20% animal waste. Ingredients should be a mix of course and fine textured material.

C. Premixed Bedding Soil as supplied by Vital Earth Resources, Gladewater, Texas; Professional Bedding Soil as supplied by Living Earth Technology, Dallas, Texas or Acid Gro Municipal Mix as supplied by Soil Building Systems, Dallas, Texas or approved equal.

D. Sharp Sand: Sharp sand must be free of seeds, soil particles and weeds.

E. Mulch: Double Shredded Hardwood Mulch, partially decomposed, dark brown. Living Earth Technologies or approved equal.

F. Organic Fertilizer: Fertilaid, Sustane, or Green Sense or equal as recommended for required applications. Fertilizer shall be delivered to the site in original unopened containers, each bearing the manufacturer's guaranteed statement of analysis.

G. Commercial Fertilizer: 10-20-10 or similar analysis. Nitrogen source to be a minimum 50% slow release organic Nitrogen (SCU or UF) with a minimum 8% sulfur and 4% iron, plus micronutrients.

H. Peat: Commercial sphagnum peat moss or partially decomposed shredded pine bark or other approved organic material.

2.3 MISCELLANEOUS MATERIALS

A. Steel Edging: All steel edging shall be 3/16" thick x 4" deep x 16' long with 6 stakes per section, painted black at the factory as manufactured by The J.D. Russell Company and under its trade name DURAEDGE Heavy Duty Steel.

B. Staking Material for Shade Trees: refer to details.

C. Gravel: Washed native pea gravel, graded 1 inch to 1-1/2 inch.

D. Filter Fabric: 'Mirafi Mirascape' by Mirafi Construction Products available at Lone Star Products, Inc., (469) 523-0444 or approved equal.

E. River Rock: 'Colorado' or native river rock, 2" - 4" dia.

F. Decomposed Granite: Base material shall consist of a natural material mix of granite aggregate not to exceed 1/8" diameter in size and shall be composed of various stages of decomposed earth base.

**PART 3 - EXECUTION**

3.1 BED PREPARATION & FERTILIZATION

A. Landscape Contractor to inspect all existing conditions and report any deficiencies to the Owner.

B. All planting areas shall be conditioned as follows:
1. Prepare new planting beds by scraping away existing grass and weeds as necessary. Till existing soil to a depth of six (6") inches prior to placing compost and fertilizer. Apply fertilizer as per Manufacturer's recommendations. Add six (6") inches of compost and till into a depth of six (6") inches of the topsoil. Apply organic fertilizer such as Sustane or Green Sense at the rate of twenty (20) pounds per one thousand (1,000) square feet.
2. All planting areas shall receive a two (2") inch layer of specified mulch.
3. Backfill for tree pits shall be as follows: Use existing top soil on site (use imported topsoil as needed) free from large clumps, rocks, debris, caliche, subsoils, etc., placed in nine (9") inch layers and watered in thoroughly.

C. Grass Areas:
1. Blocks of sod should be laid joint to joint (staggered joints) after fertilizing the ground first. Roll grass areas to achieve a smooth, even surface. The joints between the blocks of sod should be filled with topsoil where they are evidently gaped open, then watered thoroughly.

3.2 INSTALLATION

A. Maintenance of plant materials shall begin immediately after each plant is delivered to the site and shall continue until all construction has been satisfactorily accomplished.

B. Plant materials shall be delivered to the site only after the beds are prepared and areas are ready for planting. All shipments of nursery materials shall be thoroughly protected from the drying winds during transit. All plants which cannot be planted at once, after delivery to the site, shall be well protected against the possibility of drying by wind and Balls of earth of B & B plants shall be kept covered with soil or other acceptable material. All plants remain the property of the Contractor until final acceptance.

C. Position the trees and shrubs in their intended location as per plan.

D. Notify the Owner's Authorized Representative for inspection and approval of all positioning of plant materials.

E. Excavate pits with vertical sides and horizontal bottom. Tree pits shall be large enough to permit handling and planting without injury to balls of earth or roots and shall be of such depth that,when planted and settled, the crown of the plant shall bear the same relationship to the finish grade as it did to soil surface in original place of growth.

F. Shrub and tree pits shall be no less than twenty-four (24") inches wider than the lateral dimension of the earth ball and six (6") inches deeper than it's vertical dimension. Remove and haul from site all rocks and stones over three-quarter (¾") inch in diameter. Plants should be thoroughly moist before removing containers.

G. Dig a wide, rough sided hole exactly the same depth as the height of the ball, especially at the surface of the ground. The sides of the hole should be rough and jagged, never slick or glazed.

H. Percolation Test: Fill the hole with water. If the water level does not percolate within 24 hours, the tree needs to move to another location or have drainage added. Install a PVC stand pipe per tree planting detail as approved by the Landscape Architect if the percolation test fails.

I. Backfill only with 5 parts existing soil or sandy loam and 1 part bed preparation. When the hole is dug in solid rock, topsoil from the same area should not be used. Carefully settle by watering to prevent air pockets. Remove the burlap from the top ⅓ of the ball, as well as all nylon, plastic string and wire. Container trees will usually be root bound, if so follow standard nursery practice of 'root scoring'.

J. Do not wrap trees.

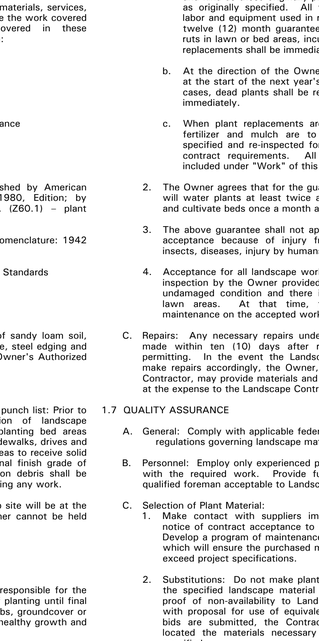
K. Do not over prune.

L. Mulch the top of the ball. Do not plant grass all the way to the trunk of the tree. Leave the area above the top of the ball and mulch with at least two (2") inches of specified mulch.

M. All plant beds and trees to be mulched with a minimum settled thickness of two (2") inches over the entire bed or pit.

N. Obstruction below ground: In the event that rock, or underground construction work or obstructions are encountered in any plant pit excavation work to be done under this section, alternate locations may be selected by the Owner. Where locations cannot be changed, the obstructions shall be removed to a depth of not less than three (3') feet below grade and no less than six (6") inches below the bottom of ball when plant is properly set at the required grade. The work of this section shall include the removal from the site of such rock or underground obstructions encountered at the cost of the Landscape Contractor.

O. Trees and large shrubs shall be staked as site conditions require. Position stakes to secure trees against seasonal prevailing winds.



P. Pruning and Mulching: Pruning shall be directed by the Landscape Architect and shall be pruned in accordance with standard horticultural practice following Fine Pruning, Class I pruning standards provided by the National Arborist Association.
1. Dead wood, suckers, broken and badly bruised branches shall be removed. General tipping of the branches is not permitted. Do not cut terminal branches.
2. Pruning shall be done with clean, sharp tools.
3. Immediately after planting operations are completed, all tree pits shall be covered with a layer of organic material two (2") inches in depth. This limit of the organic material for trees shall be the diameter of the plant pit.

Q. Steel Curbing Installation:
1. Curbing shall be aligned as indicated on plans. Stake out limits of steel curbing and obtain Owners approval prior to installation.
2. All steel curbing shall be free of kinks and abrupt bends.
3. Top of curbing shall be ½" maximum height above final finished grade.
4. Stakes are to be installed on the planting bed side of the curbing, as opposed to the grass side.
5. Do not install steel edging along sidewalks or curbs.
6. Cut steel edging at 45 degree angle where edging meets sidewalks or curbs.

3.3 CLEANUP AND ACCEPTANCE

A. Cleanup: During the work, the premises shall be kept neat and orderly at all times. Storage areas for all materials shall be so organized so that they, too, are neat and orderly. All trash and debris shall be removed from the site as work progresses. Keep paved areas clean by sweeping or hosing them at end of each work day.

END OF SECTION

01 TREE PLANTING DETAIL
NOT TO SCALE

**TREE PLANTING DETAIL LEGEND AND NOTES**

A. TREE: TREES SHALL CONFORM WITH LATEST AMERICAN STANDARD FOR NURSERY STOCK. www.anla.org

B. TREE PIT: WIDTH TO BE AT LEAST TWO (2) TIMES THE DIAMETER OF THE ROOT BALL CENTER TREE IN HOLE & REST ROOT BALL ON UNDISTURBED NATIVE SOIL.

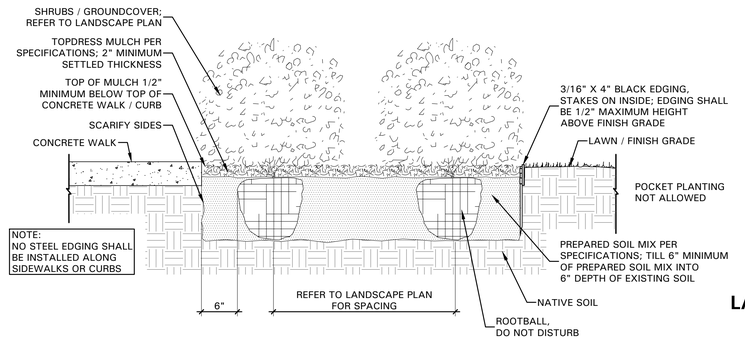
C. ROOT BALL: REMOVE TOP ⅓ BURLAP AND ANY OTHER FOREIGN OBJECT; CONTAINER GROWN STOCK TO BE INSPECTED FOR GIRDLING ROOTS.

D. ROOT FLARE: ENSURE THAT ROOT FLARE IS EXPOSED, FREE FROM MULCH, AND AT LEAST TWO INCHES ABOVE GRADE. TREES SHALL BE REJECTED WHEN GIRDLING ROOTS ARE PRESENT & ROOT FLARE IS NOT APPARENT.

E. ROOTBALL ANCHOR RING: REFER TO MANUFACTURER'S GUIDELINES FOR SIZING. PLACE ROOTBALL ANCHOR RING ON BASE OF ROOTBALL, TRUNK SHOULD BE IN THE CENTER OF THE RING.

F. ROOT ANCHOR BY TREE STAKE SOLUTIONS.

G. NAIL STAKE: REFER TO MANUFACTURER'S GUIDELINES FOR SIZING. INSTALL NAIL STAKES WITH HAMMER OR MALLET FIRMLY INTO UNDISTURBED GROUND. DRIVE NAIL STAKES FLUSH WITH "U" BRACKET ADJACENT TO ROOTBALL (DO NOT DISTURB ROOTBALL).



H. BACKFILL: USE EXISTING NATIVE SOIL (no amendments) WATER THOROUGHLY TO ELIMINATE AIR POCKETS.

I. MULCH: DOUBLE SHREDDED HARDWOOD MULCH 2 INCH SETTLED THICKNESS, WITH 2" HT. WATERING RING; ENSURE THAT ROOT FLARE IS EXPOSED. BELOW GROUND STAKE SHOULD NOT BE VISIBLE.

J. TREE STAKES:
TREE STAKE SOLUTIONS 'SAFETY STAKE' BELOW GROUND MODEL AVAILABLE FROM:
Tree Stake Solutions
ATTN: Jeff Tuley
(903) 676-6143
jeff@treestakesolutions.com
www.treestakesolutions.com

OR APPROVED EQUAL. TREES SHALL BE STAKED BELOW GROUND WHERE NECESSARY; ABOVE GROUND STAKING IS EXPRESSLY PROHIBITED.

K. IT SHALL BE THE RESPONSIBILITY OF THE CONTRACTOR TO OBTAIN A COPY OF THE MANUFACTURER'S SPECIFICATIONS PRIOR TO INSTALLATION OF TREE STAKES. CONTRACTOR SHALL ADHERE TO MANUFACTURER'S INSTALLATION GUIDELINES, SPECIFICATIONS, AND OTHER REQUIREMENTS FOR TREE STAKE INSTALLATION.

## EXISTING TREE LEGEND

- EXISTING TREE TO REMAIN
- EXISTING TREE TO BE REMOVED
- TREE PROTECTION FENCING TO REMAIN DURING CONSTRUCTION REFER TO 01/L1.01

## TREE PRESERVATION NOTES

1. EXISTING TREES TO REMAIN SHALL BE PROTECTED DURING CONSTRUCTION FROM TREE STRUCTURE DAMAGE AND COMPACTION OF SOIL UNDER AND AROUND DRIP LINE (CANOPY) OF TREE.
2. IF ANY ROOT STRUCTURE IS DAMAGED DURING ADJACENT EXCAVATION / CONSTRUCTION, NOTIFY OWNER'S AUTHORIZED REPRESENTATIVE IMMEDIATELY. IT IS RECOMMENDED THAT A LICENSED ARBORIST BE SECURED FOR THE TREATMENT OF ANY POSSIBLE TREE WOUNDS.
3. NO DISTURBANCE OF THE SOIL GREATER THAN 4" SHALL BE LOCATED CLOSER TO THE TREE TRUNK THAN 1/2 THE DISTANCE OF THE DRIP LINE TO THE TREE TRUNK. A MINIMUM OF 75% OF THE DRIP LINE AND ROOT ZONE SHALL BE PRESERVED AT NATURAL GRADE.
4. ANY FINE GRADING DONE WITHIN THE CRITICAL ROOT ZONES OF THE PROTECTED TREES MUST BE DONE WITH LIGHT MACHINERY SUCH AS A BOBCAT OR LIGHT TRACTOR. NO EARTH MOVING EQUIPMENT WITH TRACKS IS ALLOWED WITHIN THE CRITICAL ROOT ZONE OF THE TREES.
5. NO MATERIALS INTENDED FOR USE IN CONSTRUCTION OR WASTE MATERIALS ACCUMULATED DUE TO EXCAVATION OR DEMOLITION SHALL BE PLACED WITHIN THE LIMITS OF THE DRIP LINE OF ANY TREE.
6. NO EQUIPMENT MAY BE CLEANED OR TOXIC SOLUTIONS, OR OTHER LIQUID CHEMICALS, SHALL BE DEPOSITED WITHIN THE LIMITS OF THE DRIP LINE OF A TREE, INCLUDING BUT NOT LIMITED TO: PAINT, OIL, SOLVENTS, ASPHALT, CONCRETE, MORTAR, PRIMERS, ETC.
7. NO SIGNS, WIRES OR OTHER ATTACHMENTS, OTHER THAN THOSE OF A PROTECTIVE NATURE, SHALL BE ATTACHED TO ANY TREE.
8. NO VEHICULAR / CONSTRUCTION EQUIPMENT TRAFFIC OR PARKING IS ALLOWED WITHIN THE LIMITS OF THE DRIP LINE OF TREES.
9. BORING OF UTILITIES MAY BE PERMITTED UNDER PROTECTED TREES IN CERTAIN CIRCUMSTANCES. THE MINIMUM LENGTH OF THE BORE SHALL BE THE WIDTH OF AND THE TREE'S CANOPY AND SHALL BE A MINIMUM DEPTH OF FORTY-EIGHT (48") INCHES.
10. IRRIGATION TRENCHING WHICH MUST BE DONE WITHIN THE CRITICAL ROOT ZONE OF A TREE SHALL BE DUG BY HAND AND ENTER THE AREA IN A RADIAL MANNER.
11. ALL TREES TO BE REMOVED FROM THE SITE SHALL BE FLAGGED BY THE CONTRACTOR WITH BRIGHT RED VINYL TAPE (3" WIDTH) WRAPPED AROUND THE MAIN TRUNK AT A HEIGHT OF FOUR (4') FEET ABOVE GRADE. FLAGGING SHALL BE APPROVED BY OWNER'S AUTHORIZED REPRESENTATIVE PRIOR TO ANY TREE REMOVAL. CONTRACTOR SHALL CONTACT OWNER'S AUTHORIZED REPRESENTATIVE WITH 72 HOURS NOTICE TO SCHEDULE ON-SITE MEETING.
12. ALL TREES TO REMAIN, AS NOTED ON DRAWINGS, SHALL HAVE PROTECTIVE FENCING LOCATED AT THE TREE'S DRIP LINE. THE PROTECTIVE FENCING MAY BE COMPRISED OF SNOW FENCING, ORANGE VINYL CONSTRUCTION FENCING, CHAIN LINK FENCE OR OTHER SIMILAR FENCING WITH A FOUR (4') FOOT APPROXIMATE HEIGHT. THE PROTECTIVE FENCING SHALL BE LOCATED AS INDICATED ON THE TREE PROTECTION DETAIL.
13. WHEN A LOW HANGING LIMB IS BROKEN DURING THE COURSE OF CONSTRUCTION, THE CONTRACTOR SHALL NOTIFY THE OWNER'S AUTHORIZED REPRESENTATIVE IMMEDIATELY. UNDER NO CIRCUMSTANCE SHALL THE CONTRACTOR PRUNE ANY PORTION OF THE DAMAGED TREE WITHOUT THE PRIOR APPROVAL BY THE OWNER'S AUTHORIZED REPRESENTATIVE.

01 TREE PROTECTIVE FENCING

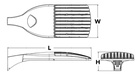
# D-Series Size 1
## LED Area Luminaire



dsx1 LED

Catalog Number
Notes
Type

Hit the tab key or mouse over the page to see all interactive elements.

### Specifications

**EPA:** 1.07 ft² (0.09 m²)
**Length:** 33" (83.8 cm)
**Width:** 13" (33.0 cm)
**Height:** 7-1/2" (19 cm)
**Weight (max):** 27 lbs (12.2 kg)

### A+ Capable Luminaire

This item is an A+ capable luminaire, which has been designed and tested to provide consistent color appearance and system-level interoperability.

- All configurations of this luminaire meet the Acuity Brands' specification for chromatic consistency
- This luminaire is A+ Certified when ordered with DTL® controls marked by a shaded background. DTL DLL equipped luminaires meet the A+ specification for luminaire to photocontrol interoperability®
- This luminaire is part of an A+ Certified solution for ROAM® or Xpoint™ Wireless control networks, providing out-of-the-box control compatibility and simple commissioning, when ordered with drivers and control options marked by a shaded background.

To learn more about A+, visit www.acuitybrands.com/aplus.

1. See ordering tree for details.
2. A+ Certified Solutions for ROAM require the order of one ROAM® node per luminaire. Sold Separately: Link to Roam; Link to DTL DLL

A+ Capable options indicated by fifth color background.

# D-Series Size 1
## LED Wall Luminaire

dsx1 LED

Catalog Number
Notes
Type

Hit the tab key or mouse over the page to see all interactive elements.

### Specifications

**Luminaire**
**Width:** 13-3/4" (34.9 cm)
**Depth:** 10" (25.4 cm)
**Height:** 6-3/8" (16.2 cm)
**Weight:** 12 lbs (5.4 kg)

**Back Box (BBW, ELCW)**
**Width:** 13-3/4" (34.9 cm)
**Depth:** 4" (10.2 cm)
**Height:** 6-3/8" (16.2 cm)
**Weight:** BBW 5 lbs (2.3 kg); ELCW 10 lbs (4.5 kg)

### Introduction

The D-Series Wall luminaire is a stylish, fully integrated LED solution for building-mount applications. It features a sleek, modern design and is carefully engineered to provide long-lasting, energy-efficient lighting with a variety of optical and control options for customized performance.

With an expected service life of over 20 years of nighttime use and up to 74% in energy savings over comparable 250W metal halide luminaires, the D-Series Wall is a reliable, low-maintenance lighting solution that produces sites that are exceptionally illuminated.

### Accessories

Ordered and shipped separately.

DSXW1 U Square pole universal mounting adaptor
DSXW1 RU Round pole universal mounting adaptor
DSXW1 U Square pole universal mounting adaptor

NOTES
1. 20C 1000 is not available with PE, PBBW, PIRH1FC3V or PIRH1FC3Vs.
2. MVOLT driver operates on any line voltage from 120-277V (50/60 Hz).
3. Single fuse (SF) requires 120, 277 or 347 voltage option. Double fuse (DF) requires 208, 240 or 480 voltage option.
4. Only available with 20C, 700mA or 1000mA. Not available with PIR or PIR6.
5. Not available with PIR, PIR6, PIRH1FC3V or PIRH1FC3Vs. Requires (1) dimming driver, ordered as an accessory.
6. Photocontrol (PE) requires 120, 208, 240, 277 or 347 voltage option. Not available with motion/ambient light sensors (PIR or PIR6).
7. Reference Motion Sensor table on page 3.
8. Specifies the use of (1) or (2) identical voltage drivers with constant wire applications. Not available with BBW mounting option. Not available with fusing. Not available with 347 or 480 voltage options. Emergency components located in back box housing. Emergency mode IES files located on product page at www.lithonia.com.
9. Not available with ELCW.
10. Also available as a separate accessory see Accessories information.

Fire lanes width will be measured face of curb to face of curb (FC-FC) and shall have a minimum width of 24 feet. To approve the use of the median, you must provide autoTURN details that exhibits the ability of the largest fire apparatus to navigate the turns into and out of the development in all directions. Contact the Fire Marshal for addional deạtails.

Dead-end fire lanes in excess of 150-feet shall be provided with an approved turnaround. Size, type and locaon` of turnarounds are required to be approved by the Fire Marshal.

Provide details on how dead-ends will be addressed during the phasing plan.

Fire hydrants shall be so spaced such that all porons of the eạxterior of the building are within 600-feet as the hose lays.

Fire hydrants shall be located at every street intersection.

Fire hydrants shall be located 6 feet behind the edge of the pavement. Unless otherwise specifically approved.

Discuss and consider a request by Pat Atkins of the Saddle Star Land Development, LLC on behalf of CDT Rockwall/2017 LLC for the approval of a site plan for the Saddle Star South Subdivision containing 138 single-family residen. al lots on a 55.85-acre tract of land idenfied as T racts 1, 1-5 & 2-03 of the P. B. Harrison Survey, Abstract No. 97, City of Rockwall, Rockwall County, Texas, zoned Agricultural (AG) District and Planned Development District 79 (PD-79) for Single-Family 8.4 (SF-8.4) District land uses, situated within the SH-205 By-Pass Overlay (SH-205 BY-OV) District, located on the north side of John King Boulevard east of the intersecon of Featherstone Drive John King Boulevard, and take any action necessary.

The following staff comments are to be addressed and resubmi ed no later than Tuesday, March 5, 2019. Please provide three large copies [24" X 36" FOLDED] and one PDF version for a subsequent review by staff:

** Planning Department General Comments to be addressed:

1. Adherence to Engineering and Fire Department standards shall be required.
2. Label all revised site plan documents with "Case No. SP2019-005" at the lower right corner of each plan.
3. All exterior signage requires submi al and approval of a separate building permit through the Building Inspecons Departmen t.

** Please address the following Planning Comments for each plan and resubmit revised plans by date requested above:

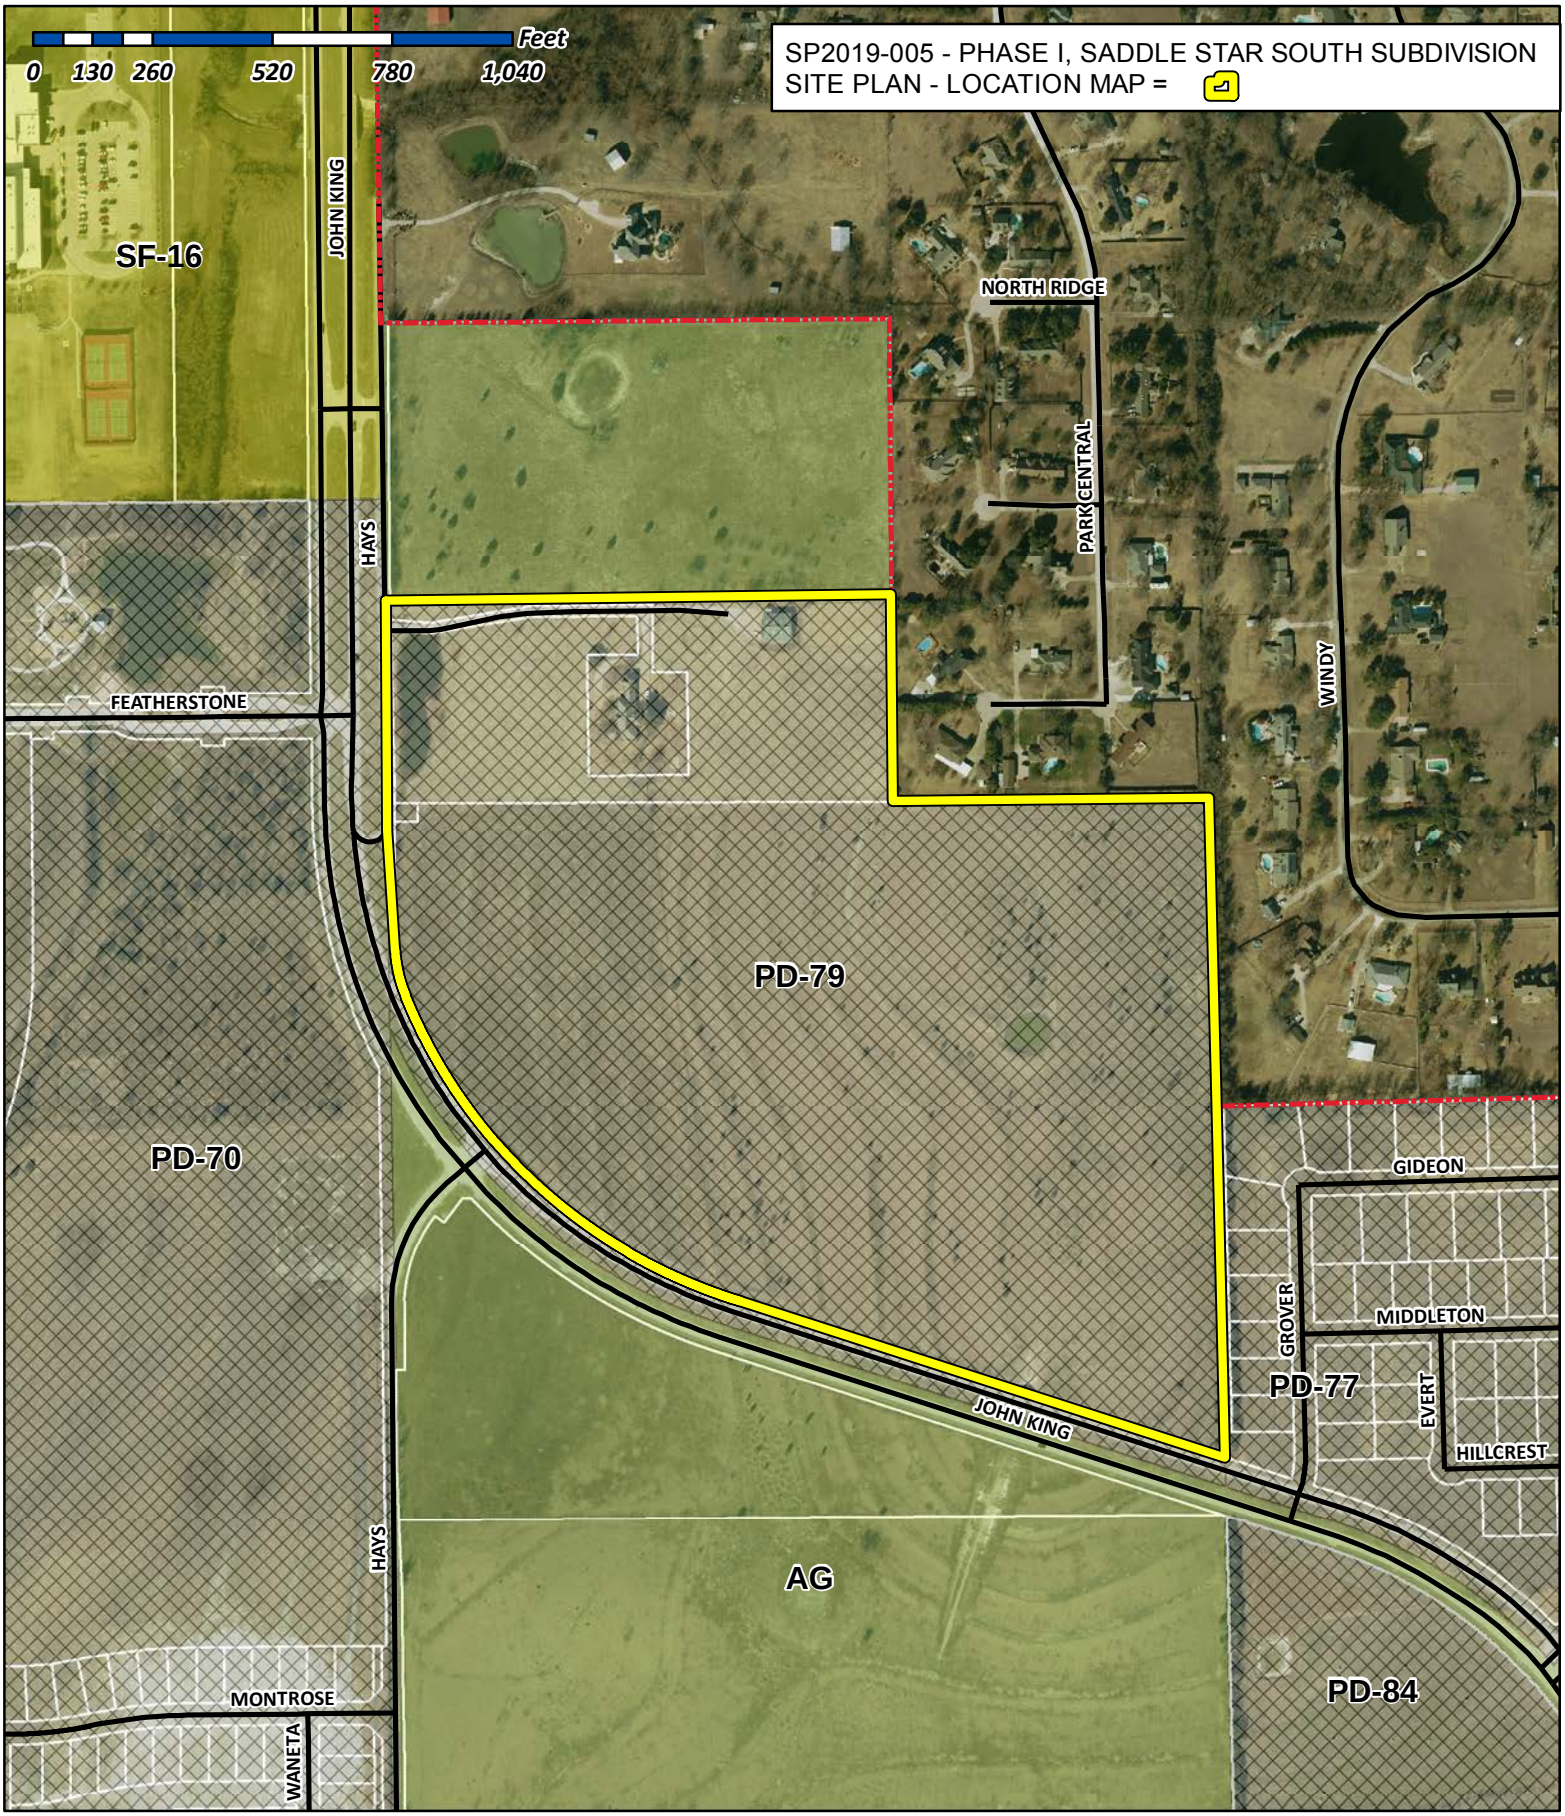
Site Plan:
1.Label 50- landsc ape buffer along John King Blvd.
2. Indicate and label subdivision entry monumentaon a t Randas Way & Emily Drive. Additonlly, entry signs must be on-site and not within any easements.
3. Indicate and label Trail Rest Area on site plan.
4. Include percentages for all "open space" areas and add the following note: All common area's/open space to be maintained by HOA.
5. Provide table/legend with all perinent informaon whic h includes:
a. Open Space %
b. Total Acres of Site
c. Number of Dwelling Units
d. Zoning (PD-47)
e. Subdivision Name
f. Provide list of amenies within subdivision

6. Add to existing Saddle Star South Plan Legend:
a. Provide tree list for all tree types within subdivision as per Ord. No. 16-39.
b. Provide list of all other landscape materials being used.

7. Indicate all easements (i.e. ss, wtr, etc.) on PD Site Plan.
8. Trail system within open space area needs to meander and match the plans submi ed for Hardscape/Landscape and Buffering. Addionally , the trail will need to be a minimum of 6- as indic ated on hardscape/landscape & buffering plans.
9. Dimension and label right-of-way along John King Blvd.
10. Relabel 'metal' fence as "Wrought Iron" or "Tubular Steel" fence.
11. Provide location of light poles within subdivision - these are not to exceed 20- in ov erall height. Provide detail.
12. Will there be a berm along the 50- landsc ape buffer area? If not, provide shrubbery that is a minimum of 30-inches in height with a maximum height of 48-inches.

13. Are there any additional trees to be located within the open space area of Phase 2? If so, provide on site plan.

Hardscaped Plan [Screening and Buffering] Detail Plan:
1. Provide an updated Plant Legend for all pages with specific tree types as approved in Ord No. 16-39.
2. Is there a built up berm? If not, provide shrubbery that is a minimum of 30-inches in height with a maximum height of 48-inches.
3. Fence detail needs to indicate wrought iron or tubular steel fencing materials Fence columns to be spaces at 45-ft O.C.
4. Street names to match PD Site Plan. Names to be approved by the GIS Department (Lance Singleton, GIS Supervisor).



Landscape/Treescape Plan:
1. Update tree legend by providing a list of tree types that are approved in Ord No. 16.39
2. Provide all other landscape materials (i.e. type, species, etc.) being used within development.
3. Delineate and label 50-ft landscape buffer along John King Blvd.
4. Built-up berm or shurbs or both? Indicate on plan to match PD Site Plan.
5. Based on the number of inches being removed and the number of inches provided on site, the mitigation is considered to be satisfied, pending approval of the Planning and Zoning Commission.

** The following are scheduled meeting dates that you and/or your representative(s) are required to attend regarding the Site Plan request. If you have any questions regarding this case, please feel free to contact David Gonzales, AICP with the Planning Department at 972-771-7745.

Meeting Dates to Attend:

Planning - Work Session: February 26, 2019 (6:00p.m.) [Applicant to present case to P&Z for discussion]

Planning - Action: March 12, 2019 (6:00p.m.) [P&Z to take action (i.e. approve, approve with conditions, deny)]

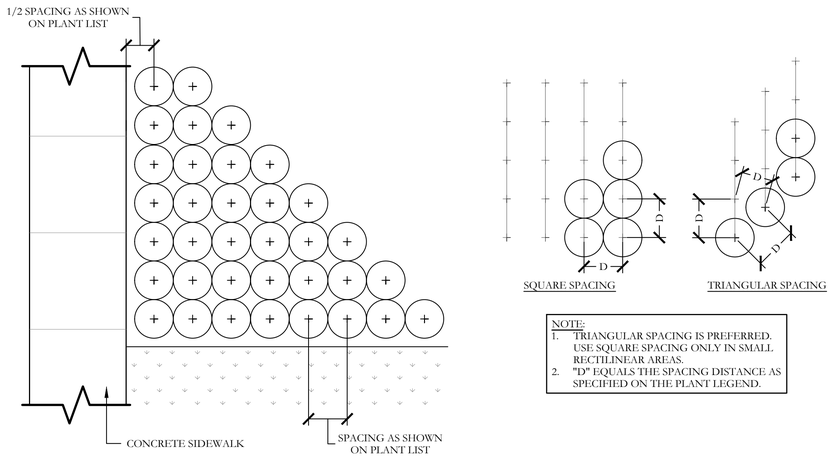
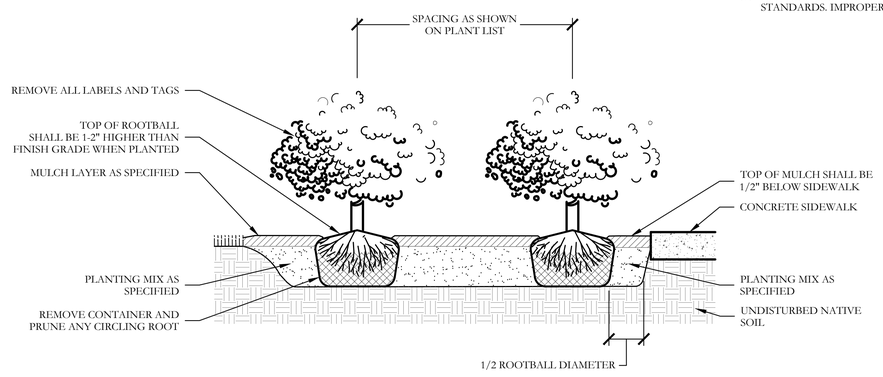
# LANDSCAPE/TREE PLAN

## SADDLE STAR SOUTH
CITY OF ROCKWALL, ROCKWALL COUNTY, TEXAS

SHEET ## OF 46



1 TYPICAL BED EDGING DETAIL
SECTION — NOT TO SCALE



2 TYPICAL TREE PLANTING
SECTION — NOT TO SCALE

| SYMBOL | QUANITITY | COMMON NAME | SCIENTIFIC NAME | SIZE | SPACING |
|---|---|---|---|---|---|
| | 68 | SHADE TREE | TBD | 3" CALIPER | AS SHOWN |
| | 6 | EASTERN RED CEDAR | TBD | 3" CALIPER | AS SHOWN |
| | 69 | ORNAMENTAL TREE | TBD | 2" CALIPER | AS SHOWN |
| | 8,295 | SHRUB BED | TBD | SQUARE FEET | AS SHOWN |
| | 129,290 | COMMON BERMUDA GRASS | CYNODON DACTYLON | SQUARE FEET | SOLID SOD |
| | 27,210 | BEE HAPPY MIX | BY NATIVE AMERICAN SEED CO | SQUARE FEET | HYDROMULCH |
| | 1,080 | WHITE CRUSHED GRANITE | 3" DEPTH MINIMUM WITH DEWITT 4.1 OZ FILTER FABRIC BENEATH ROCK | SQUARE FEET | ¾-1" DIAMETER |
| | 2,535 | TEXAS RIVER ROCK; MIX OF TANS, BROWNS, GRAYS, AND PINKS | 3" DEPTH MINIMUM WITH DEWITT 4.1 OZ FILTER FABRIC BENEATH ROCK | SQUARE FEET | EQUAL COMBINATION OF 1-2" AND 2-4" |
| | 3 TONS | OKLAHOMA MOSS ROCK BOULDERS | BURY BOTTOM THIRD OF BOULDER IN LANDSCAPE BED. | 50 LB - 250 LB | FIELD LOCATE ALL BOULDER MASSES |

PLANT LEGEND

NOTE:
1. TRIANGULAR SPACING IS PREFERRED. USE SQUARE SPACING ONLY IN SMALL RECTILINEAR AREAS.
2. "D" EQUALS THE SPACING DISTANCE AS SPECIFIED ON THE PLANT LEGEND.

3 TYPICAL SHRUB AND GROUNDCOVER PLANTING
PLAN/SECTION — NOT TO SCALE

## GENERAL LANDSCAPE NOTES

INSPECTIONS:
1. NO EXCAVATION SHALL OCCUR IN CITY R.O.W. WITHOUT A R.O.W. PERMIT--CONTACT THE PUBLIC WORKS DEPARTMENT.
2. THE CONTRACTOR SHALL MARK ALL WATER LINES, SEWER LINES, AND TREE LOCATIONS PRIOR TO CALLING FOR ROW INSPECTION AND PERMIT.
3. THE LANDSCAPE INSTALLATION SHALL COMPLY WITH APPROVED LANDSCAPE DRAWINGS PRIOR TO FINAL ACCEPTANCE BY THE CITY AND ISSUANCE OF A CERTIFICATE OF OCCUPANCY.
4. WATER METERS, CLEANOUTS AND OTHER APPURTENANCES, SHALL BE ACCESSIBLE, ADJUSTED TO GRADE, CLEARLY MARKED WITH FLAGGING AND COMPLIANT WITH PUBLIC WORKS DEPARTMENT STANDARDS PRIOR TO CALLING FOR FINAL LANDSCAPE AND ROW INSPECTIONS.

LANDSCAPE STANDARDS:
1. PLANTINGS AND LANDSCAPE ELEMENTS SHALL COMPLY WITH THE CITY'S ENGINEERING DESIGN STANDARDS, PUBLIC R.O.W. VISIBILITY REQUIREMENTS.
2. UNLESS OTHERWISE SPECIFIED, TREES SHALL BE PLANTED NO LESS THAN 4' FROM CURBS, SIDEWALKS, UTILITY LINES, SCREENING WALLS AND OTHER STRUCTURES. THE CITY HAS FINAL APPROVAL FOR ALL TREE PLACEMENTS.
3. A MINIMUM THREE FEET (3') RADIUS AROUND A FIRE HYDRANT MUST REMAIN CLEAR OF LANDSCAPE PURSUANT TO THE FIRE CODE.
4. STREET TREES, WHERE REQUIRED, SHALL BE (10') MINIMUM FROM THE EDGE OF A STORM SEWER CURB INLET BOX AND THE EDGE OF THE ROOT BALL SHALL BE (4') MINIMUM FROM THE WATER METER.
5. THE AMERICAN STANDARD FOR NURSERY STOCK (ANSI Z60.1-2004) SPECIFICATIONS SHALL GOVERN PLANT QUALIFICATIONS, GRADES, AND STANDARDS.
6. TREE PLANTING SHALL COMPLY WITH DETAILS HEREIN AND THE INTERNATIONAL SOCIETY OF ARBORICULTURE (ISA) STANDARDS.
7. A 2-3" LAYER OF MULCH SHALL BE PROVIDED AROUND THE BASE OF THE PLANTED TREE. THE MULCH SHALL BE PULLED BACK 4" FROM THE TRUNK OF THE TREE.
8. TREE PITS SHALL BE TESTED FOR WATER PERCOLATION. IF WATER DOES NOT DRAIN OUT OF TREE PIT WITHIN 24-HOURS, THE TREE SHALL BE MOVED OR DRAINAGE SHALL BE PROVIDED.
9. ALL BEDS TO HAVE 3" OF COMPOSTED SOIL, LIVING EARTH TECHNOLOGY, OR APPROVED EQUAL TILLED AND TURNED TO A DEPTH OF 8" MINIMUM.
10. ALL PLANT BEDS SHALL BE TOP-DRESSED WITH A MINIMUM OF 3 INCHES OF HARDWOOD MULCH.
11. NATIVE SITE TOPSOIL IS TO BE PROTECTED FROM EROSION OR STOCKPILED. NATIVE SITE TOPSOIL SHALL BE LABORATORY TESTED BY AND ACCREDITED LABORATORY AND AMENDED PER SAID LABORATORY'S RECOMMENDATIONS.

IRRIGATION STANDARDS:
1. ANY CHANGES TO THESE APPROVED IRRIGATION DRAWINGS SHALL BE AUTHORIZED BY THE CITY.
2. CONTACT DEVELOPMENT SERVICES FOR AN IRRIGATION PERMIT PRIOR TO INSTALLING THE IRRIGATION SYSTEM.
3. IRRIGATION OVER-SPRAY ON STREETS AND WALKS IS PROHIBITED.
4. MAINLINES, VALVES, OR CONTROL WIRES SHALL NOT BE LOCATED IN THE CITY'S ROW.
5. ET IRRIGATION CONTROLLERS SHALL BE PROGRAMMED AND ADJUSTED TO NOT EXCEED THE LANDSCAPE WATER ALLOWANCE (LWA) PRIOR TO APPROVAL OF LANDSCAPE INSTALLATION.
6. VALVES SHALL BE LOCATED A MINIMUM OF (3') AWAY FROM STORM SEWERS, AND SANITARY SEWER LINES AND 5 FEET FROM CITY FIRE HYDRANTS AND WATER VALVES.
7. THE BORE DEPTH UNDER STREETS, DRIVE AISLES, AND FIRE LANES SHALL PROVIDE (2') OF CLEARANCE (MINIMUM).
8. IRRIGATION HEADS THAT RUN PARALLEL AND NEAR PUBLIC WATER AND SANITARY SEWER LINES; SHALL BE FED FROM STUBBED LATERALS OR BULL-BEADS. A MINIMUM FIVE FOOT (5') SEPARATION IS REQUIRED BETWEEN IRRIGATION MAIN LINES AND LATERALS THAT RUN PARALLEL TO PUBLIC WATER AND SANITARY SEWER LINES.
9. NO VALVES, BACKFLOW PREVENTION ASSEMBLIES, QUICK COUPLERS ETC. SHALL BE LOCATED CLOSER THAN 10' FROM THE CURB AT STREET OR DRIVE INTERSECTION.

MAINTENANCE STANDARDS:
1. THE OWNER SHALL BE RESPONSIBLE FOR THE ESTABLISHMENT, MAINTENANCE, AND VIGOR OF PLANT MATERIAL IN ACCORDANCE WITH THE DESIGN INTENT AND AS APPROPRIATE FOR THE SEASON OF THE YEAR.
2. LANDSCAPE AND OPEN AREAS SHALL BE FREE OF TRASH, LITTER AND WEEDS.
3. NO PLANT MATERIAL SHALL BE ALLOWED TO ENCROACH ON R.O.W., SIDEWALKS OR EASEMENTS TO THE EXTENT THAT VISION OR ROUTE OF TRAVEL FOR VEHICULAR, PEDESTRIAN, OR BICYCLE TRAFFIC IS IMPEDED.
4. TREE MAINTENANCE SHALL BE IN ACCORDANCE WITH THE STANDARDS OF THE INTERNATIONAL SOCIETY OF ARBORICULTURE.
5. TREE STAKING MATERIALS, IF USED, SHALL BE REMOVED AFTER (1) GROWING SEASON, NO MORE THAN (1) YEAR AFTER INSTALLATION (STEEL TREE STAKES, WIRES, AND HOSES ARE PROHIBITED).

TREE PROTECTION NOTES:
1. CONTACT DEVELOPMENT SERVICES FOR A TREE REMOVAL PERMIT PRIOR TO REMOVAL OR TRANSPLANTING OF ANY TREES.
2. ALL TREES WHICH ARE TO REMAIN ON SITE SHALL BE PROTECTED WITH A (4') TALL BRIGHTLY COLORED PLASTIC FENCE, OR SILT FENCE, PLACED AT THE DRIP LINE OF THE TREES.
3. PRIOR TO THE PRE-CONSTRUCTION MEETING OR OBTAINING A GRADING PERMIT, ALL TREE MARKINGS AND PROTECTIVE FENCING SHALL BE INSTALLED BY THE OWNER AND BE INSPECTED BY DEVELOPMENT SERVICES.
4. NO EQUIPMENT SHALL BE CLEANED, OR HARMFUL LIQUIDS DEPOSITED WITHIN THE LIMITS OF THE ROOT ZONE OF TREES WHICH REMAIN ON SITE.
5. NO SIGNS, WIRES, OR OTHER ATTACHMENTS SHALL BE ATTACHED TO ANY TREE TO REMAIN ON SITE.
6. VEHICULAR AND CONSTRUCTION EQUIPMENT SHALL NOT PARK OR DRIVE WITHIN THE LIMITS OF THE DRIP LINE.
7. GRADE CHANGES IN EXCESS OF 3 INCHES (CUT OR FILL) SHALL NOT BE ALLOWED WITHIN A ROOT ZONE, UNLESS ADEQUATE TREE PRESERVATION METHODS ARE APPROVED BY THE CITY.
8. NO TRENCHING SHALL BE ALLOWED WITHIN THE DRIP-LINE OF A TREE, UNLESS APPROVED BY THE CITY.
9. ALL REMOVED TREES SHALL BE CHIPPED AND USED FOR MULCH ON SITE OR HAULED OFF-SITE.
10. ALL TREE MAINTENANCE TECHNIQUES SHALL BE IN CONFORMANCE WITH INDUSTRY IDENTIFIED STANDARDS. IMPROPER OR MALICIOUS PRUNING TECHNIQUES ARE STRICTLY PROHIBITED.

PLANNING AND ZONING COMMISSION CASE MEMORANDUM

**PLANNING AND ZONING DEPARTMENT**
385 S. GOLIAD STREET • ROCKWALL, TX 75087
PHONE: (972) 771-7745 • EMAIL: PLANNING@ROCKWALL.COM

| | |
|---|---|
| **TO:** | Planning and Zoning Commission |
| **FROM:** | Ryan Miller, *Director of Planning and Zoning* |
| **DATE:** | February 26, 2019 |
| **SUBJECT:** | Zoning Cost/Benefit Tool Background, Methodology, and Instructions |

On February 19, 2019, staff held a work session with the City Council to discuss the use of a model intended to project the potential costs associated with a proposed zoning change compared to the existing and anticipated costs of the current zoning of a property. In addition, the model is intended to show the Planning and Zoning Commission and City Council how a proposed zoning change brings the City's land use mix closer to or further away from the chosen ratio of 67% residential value to 33% non-residential value (*i.e. estimated to equate to an 80% residential/20% non-residential mix of land uses*). This was one of the objectives set forth by the City Council as part of the City's Strategic Plan. At the conclusion of the work session, the City Council directed staff to start using the model with all zoning change cases.

In response to this direction, the Planning and Zoning Department will be holding a work session with the Planning and Zoning Commission to talk about how the model will be used, the information displayed by the model, and to familiarize the Planning and Zoning Commission with the output of the model prior to its implementation. Attached to this memorandum is a copy of a memorandum and exhibits that were provided to the City Council and that outline the background of the project, the model's methodology, the limitations of the model, how the model is setup and used, and how staff updates the model annually. Should the Planning and Zoning Commission have any questions, staff will be available at the work session meeting to discuss.

| **TO:** | Mayor and City Council |
| **CC:** | Rick Crowley, City Manager<br>Mary Smith, Assistant City Manager<br>Joey Boyd, Assistant City Manager |
| **FROM:** | Ryan Miller, *Director of Planning and Zoning* |
| **DATE:** | February 19, 2019 |
| **SUBJECT:** | Zoning Cost/Benefit Tool Background, Methodology, and Instructions |

*SUMMARY*

At the City Council's direction staff has prepared a model that is intended to project the potential costs associated with a proposed zoning change compared to the existing and anticipated costs of the current zoning of a property. In addition, the model is intended to show the City Council how a proposed zoning change brings the City's land use mix closer to or further away from the chosen ratio of 67% residential value to 33% non-residential value (*i.e. estimated to equate to an 80% residential/20% non-residential mix of land uses*). The following memorandum outlines the background and purpose of the model, the methodology used to create the model, and how the model is setup and used to evaluate zoning requests. This memorandum has been drafted for transparency purposes concerning the methodology used to create the model, and to provide appointed/elected officials, the development community, and interested parties with a basis for how the model is intended to be utilized. This memorandum is broken up into the following sections:

(1) Background
(2) Model Methodology
(3) Limitations of the Model
(4) Setting Up the Models Variables
(5) Using the Model
(6) Updating the Model

*BACKGROUND*

In 2012, the City of Rockwall contracted with Insight, Inc. -- *an economic consultant* -- to purchase *Z-Snap*, a software program that is intended to help quantify the potential fiscal impacts of zoning. This proprietary tool allowed City staff to estimate the economic impact of a zoning proposal based on a set of variables that included an estimate of the City's Cost of Community Service (COCS). Unfortunately, the model designed by Insight, Inc. does not allow staff the ability to view or adjust its variables to account for changes in economic conditions annually, and -- *due to the inability to update the software* -- the model is no longer relevant for 2019 conditions.

More recently, the City Council has requested a similar tool to the one created by Insight, Inc. that could also show how a zoning request will bring the City closer to or further away from its stated goal of 67% residential value to 33% non-residential value (*i.e. estimated to equate to an 80% residential/20% non-residential mix of land uses*). This tool was also referred to in both the Planning and Zoning Department's strategic plan and in the newly adopted OURHometown Vision 2040 Comprehensive Plan. Based on this direction, the Planning and Zoning Department staff have created a tool that: [*1*] shows the estimated shift in land use/land value proposed by a zoning request, [*2*] shows

conformance/non-conformance to the City's Future Land Use Plan, and [*3*] estimates the potential costs associated with the zoning request based on its current zoning versus the proposed zoning. The only criteria that City staff had when approaching the creation of this model -- *beyond the direction of the City Council* -- was to create a model that was easily updated, and could yield results using as little staff time as possible.

It should be noted that if the City Council chooses to use this tool in evaluating zoning cases, the results of this model are not a reasonable basis for the denial of a zoning request; rather, the results generated by this model are only meant to provide a general estimate of the potential fiscal impact of changing the zoning of a particular tract of land. When changing zoning the City Council should take into account other qualitative variables that exist outside the model (*e.g. conformance to the Future Land Use Map and Plan, the adjacent land uses and the potential impacts on these properties, the social impact of the zoning change on the community, etc.*).

*MODEL METHODOLOGY*

Fiscal Impact Analysis (FIA) is a tool that allows a rough comparison to be made showing the anticipated changes in municipal costs against the anticipated changes in municipal revenues. In preparing the model described above, it was postulated that a tool utilizing FIA would be the most efficient and most relevant way to show the nexus between land use changes and their impact on municipal revenues and expenditures. The following section details the methodology used by City staff in the creation of this tool.

1) *Land Value by Zoning Designation*. In order to estimate the potential changes in land and improvement values resulting from a change in zoning, City staff used an *Average Cost Method* to calculate the potential cost of land values and improvement values for one (1) square foot of land by zoning designation. The *Average Cost Method* assumes that the added value of land and improvements resulting from a zoning change are based on the average cost of land and improvement values that are currently contained within the City's limits. This method is summarized as follows:

$$x = \frac{(\sum b + \sum c)}{\sum(43{,}560a)}$$

*WHERE:*

$x$ = *Estimated Price/SF*
$a$ = *Sum of Total Square Feet for a Specific Zoning District*
$b$ = *Sum of Total Estimated Land Value for a Specific Zoning District*
$c$ = *Sum of Total Estimated Improvement Value for a Specific Zoning District*

To achieve this, the City's Geographic Information Systems (GIS) division used the City's zoning and parcel layers to extract the *2018 Certified Tax Roll* values -- *provided by the Rockwall Central Appraisal District (RCAD)* --, and break them down into a per square foot cost by each zoning designation. Once the average cost per square foot of land and improvement values was calculated for each zoning district, the model uses the proposed zoning change to calculate the potential increase/decrease in total taxable value (*i.e. land and improvement values*), less the loss of the land's current taxable value based on the *2018 Certified Tax Roll*. This calculation is summarized through the following formula:

$$d = (ab_x) - (ab_y)$$

*WHERE:*

$d$ = *Change in Taxable Value*

$a$ = *Land Area Proposed to be Rezoned*
$b_x$ = *Estimated Value of Land and Improvements per Proposed Zoning Designation*
$b_y$ = *Value of Current Land and Improvements per the 2018 Certified Tax Roll*

Once the estimated land value and improvements of a proposed zoning change have been calculated these are then used to show the shift in present versus proposed land values. This is done to visually display how the zoning change will either bring the City closer to or further away from its stated goal of 67% residential value versus 33% non-residential value. This model also translates the proposed zoning change to its impact on the Future Land Use Map, and shows how the projected change compares to the desired 80% residential land uses versus 20% non-residential land uses.

2) *Estimated Property Taxes for Residential and Non-Residential Land Uses*. Once the land and improvement values of the proposed zoning change have been established, the model calculates the estimated residential and non-residential property tax revenues anticipated from a project. This is calculated by taking the total value of the land (*i.e. the sum of the land and improvement values*) and dividing it by $100.00 to obtain the value per $100.00 valuation. This is then multiplied by the effective tax rate to determine the estimated tax collections. A summary of this formula is as follows:

$$x = \left(\frac{(a+b)}{\$100.00}\right)c$$

*WHERE:*

$x$ = *Estimated Tax Revenue*
$a$ = *Land Value of the Land*
$b$ = *Improvement Values of the Land*
$c$ = *Effective Tax Rate*

3) *Cost of Community Service*. To calculate the Cost of Community Service (COCS), City staff used an *Average-Cost* approach. The *Average-Cost a*pproach is a basic methodology of Fiscal Impact Analysis (FIA), which calculates costs and revenues based on the average cost per unit of service multiplied by the demand for that unit. This type of FIA can be achieved through various techniques (*e.g. Per-Capita Multiplier, Service Standard, Proportional Evaluation, etc.*); however, for this model staff utilized the *Per Capita Multiplier* and *Proportional Valuation* techniques.

(a) *Per-Capita Multiplier Approach for COCS for Residential Land Uses.* The *Per-Capita Multiplier* approach is obtained by dividing expenditures in the budget by the current population to obtain a cost per person. This can then be extrapolated using the projected population increase of a particular residential development to estimate the cost required to serve said development. This approach assumes that each of the service levels will be maintained in the future, and that the addition of each resident will generate the same level of costs to the municipality as each existing resident currently generates. This can be summarized by the following formula:

$$x = \frac{(ab)}{c}$$

*WHERE:*

$x$ = *Cost of Expenditure per Person*
$a$ = *Expenditure*
$b$ = *Percent of Expenditure Attributed to Residential Development*
$c$ = *Current Population*

(b) *Proportional Valuation Approach for COCS for Commercial Land Uses.* The *Proportional Valuation* approach is obtained by calculating the proportional percentage increase in non-residential property values anticipated by a particular development, and multiplying the expenditures in the budget associated with non-residential property by the proportional increase. This method assumes that the assessed property values are directly related to public service costs. This approach can be summarized by the following formula:

$$x = ab$$

$$y = \frac{(c + d)}{c}$$

$$z = xy$$

*WHERE:*

$x$ = *Expenditure Attributed to Non-Residential Development*
$a$ = *Percent Proportion of Non-Residential Value*
$b$= *Municipal Expenditure*
$y$ = *Proportional Increase in Non-Residential Development*
$c$ = *Value of Existing Non-Residential Value*
$d$ = *Value of Proposed Development*
$z$ = *Costs Allocated to New Facility*

To estimate the anticipated COCS for residential and non-residential land uses, City staff took the line item expenditures from the *Debt Services* and *Operating Expenditures* sections of the City's *FY2019 Budget*. For each of the line item expenditures, a percentage share was then assigned to either residential or non-residential costs with the total sum of the two (2) percentage shares equaling 100%. These shares were the perceived costs that were attributable to either residential land uses or non-residential land uses. In cases where staff is unable to ascertain the percentage of responsibility for the expenditure, a default value equal to the percentage of the residential value versus non-residential value currently existing in the city is used (*i.e. 76.31% residential value to 23.69% commercial value*). Once all expenditures are accounted for, the *Per-Capita Multiplier* and *Proportional Valuation* methods are applied to the percentage share for each expenditure. The sum of the *Per-Capita Multiplier* method (*i.e. percent share of expenditure divided by the current population*) represents the estimated cost attributable to one (1) resident. This is then multiplied by the anticipated number of residents for a given development (*i.e. the number of households determined by the acreage and zoning designation multiplied by the anticipated people per household*) to determine the total anticipated cost of a proposed residential development. The sum of the *Proportional Valuation* method (*i.e. the percent share of expenditure multiplied by the proportional increase less the original expenditure*) represents the cost attributable to a proposed non-residential development. The *Proportional Valuation* method is used in this model to calculate both the proposed non-residential zoning change and the estimated potential of the current non-residential zoning.

4) *Estimated Sales Tax.* When estimating sales tax revenues associated with residential and non-residential land uses, City staff used two (2) different types of sales tax categories to calculate the potential impacts of a change in zoning. These are *Direct Sales Tax* and *Indirect Sales Tax*.

(a) *Direct Sales Tax*. For this model, *Direct Sales Tax* refers to sales tax that is directly attributable to non-residential, non-industrial property. To calculate the *Direct Sales Tax*, City staff used an *Average Cost Method*. This method assumes that the sales tax generated by adding of one (1) square foot of non-residential land will be equal to the average sales tax generated by one (1)

square foot of non-residential land currently located in the City. The *Direct Sales Tax* calculation can be summarized by the following formula:

$$x = \left(43{,}560\left(\frac{b}{(43{,}560a)}\right)\right)c$$

*WHERE:*

$x$ = *Estimated Direct Sales Tax*
$a$ = *Total Acreage of Sales Tax Producing Land in the City*
$b$ = *Estimated City Sales Tax*
$c$ = *Acreage of Proposed Sales Tax Producing Land Associated with the Zoning Change*

(b) *Indirect Sales Tax*. *Indirect Sales Tax* refers to sales tax that is associated with the increase in residents resulting from a residential development. This is calculated using the *Per-Capita Multiplier* method described above. In this case, the total sales tax collected by the City is divided by the City's current population to establish the per-capita sales tax (*i.e. sales tax associated with one [1] person*). This per-capita number is then multiplied by the additional number of residence anticipated to be added to the population by a particular zoning change. The *Indirect Sales Tax* calculation can be summarized by the following formula:

$$x = \left(\frac{b}{a}\right)(cd)$$

*WHERE:*

$x$ = *Estimated Direct Sales Tax*
$a$ = *Current Population*
$b$ = *Estimated City Sales Tax*
$c$ = *Number of Households Associated with the Zoning Change*
$d$ = *Average People Per Household*

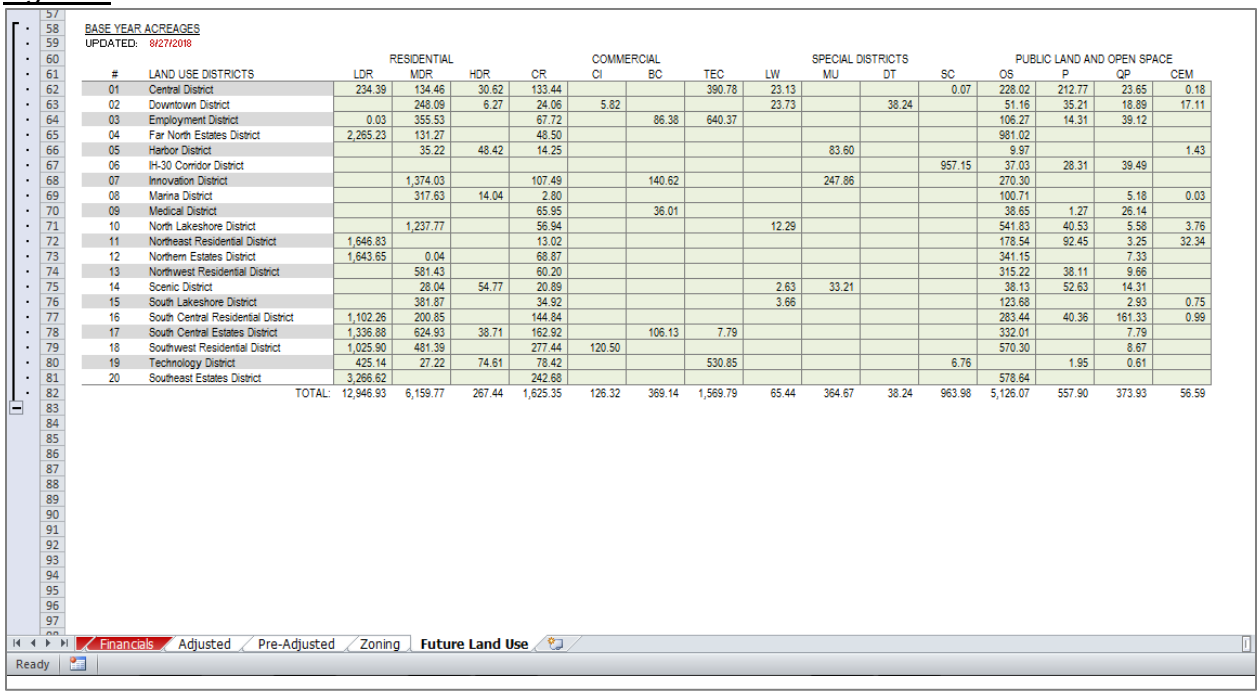
5) *Estimated Annual Revenues, Expenditures and Total Cost.* Annual revenues are calculated by adding the [*1*] residential property tax, [*2*] non-residential property tax, [*3*] direct sales tax, and [*4*] indirect sales tax. Annual expenditures are calculated by adding the COCS for residential and non-residential land uses. Once these numbers are calculated the estimated total annual cost to the municipality is obtained by adding the total expenditures to the total revenues.

*LIMITATIONS OF THE MODEL*

Staff should point out that while the methodology contained in this model is based on general practices, there are some limitations associated with Fiscal Impact Analysis (FIA) and the model itself that are important to understand when analyzing the model's outputs. For starters, FIA can have the effect of placing an emphasis on alternatives and the perceived expenses associated with these alternatives, and take away the emphasis on other factors that are less easily quantified (*e.g. the social and political constraints of zoning*). FIA can also be misleading to outside parties that are not trained to interpret the data. When looking at the techniques used in this model (*i.e. Per-Capita Multiplier and Proportional Valuation approaches*) both are intended to provide a broad analysis, and will be less accurate than a detailed economic study of the proposed zoning case.

From the model's perspective, the determination of the proportional share relating to the City's cost is somewhat subjective to the person calibrating the model. This speaks to the elusiveness of the true valuation of Cost of Community Service (COCS). The model also lacks the ability to account for future

bond elections for infrastructure and public improvements. Finally, the sales tax estimates in this model attempt to account for both the direct and indirect forms of sales tax; however, it does not account for the overlap between the per-capita sales tax expenditures of a new resident and the direct sales tax generated by commercial/retail land uses when a zoning case deals with both residential and non-residential land uses.



All of these items should be understood by elected and appointed officials when interpreting the results generated by this model. In addition, the merits of a zoning case should be decided by weighing all available information including the zoning changes conformance to the City's Comprehensive Plan. This model should ***not*** be a basis for the denial of a request to change the zoning of a property.

## *SETTING UP THE MODEL*

The following are the steps necessary to setting up the model prior to use. The model should be recalibrated on an annual basis to ensure that the information provided by the model is accurate. During the annual update, all information in the *Zoning Cases* tab should be removed as these cases will be accounted for in the updated zoning and future land use acreages.

***STEP 1.*** The first step in preparing the model is to utilize ArcMap to extract the acreages for each land use designation from the *Future Land Use* layer (*i.e. Feature Class*). These should be summarized by each of the *Land Use Districts* contained in the OURHometown Vision 2040 Comprehensive Plan. These acreages are then input into the green cells on the *Future Land Use* tab of the spreadsheet. By doing this the *Pre-Adjusted* and *Adjusted* tabs of the spreadsheet will auto populate with the acreages.

*Figure 1. Future Land Use*

| 19 | Technology District | 425.14 | 27.22 | 74.61 | 78.42 | | | 530.85 | | | | 6.76 | | 1.95 | 0.61 | |
| 20 | Southeast Estates District | 3,266.62 | | | 242.68 | | | | | | | | 578.64 | | | |
| | TOTAL: | 12,946.93 | 6,159.77 | 267.44 | 1,625.35 | 126.32 | 369.14 | 1,569.79 | 65.44 | 364.67 | 38.24 | 963.98 | 5,126.07 | 557.90 | 373.93 | 56.59 |

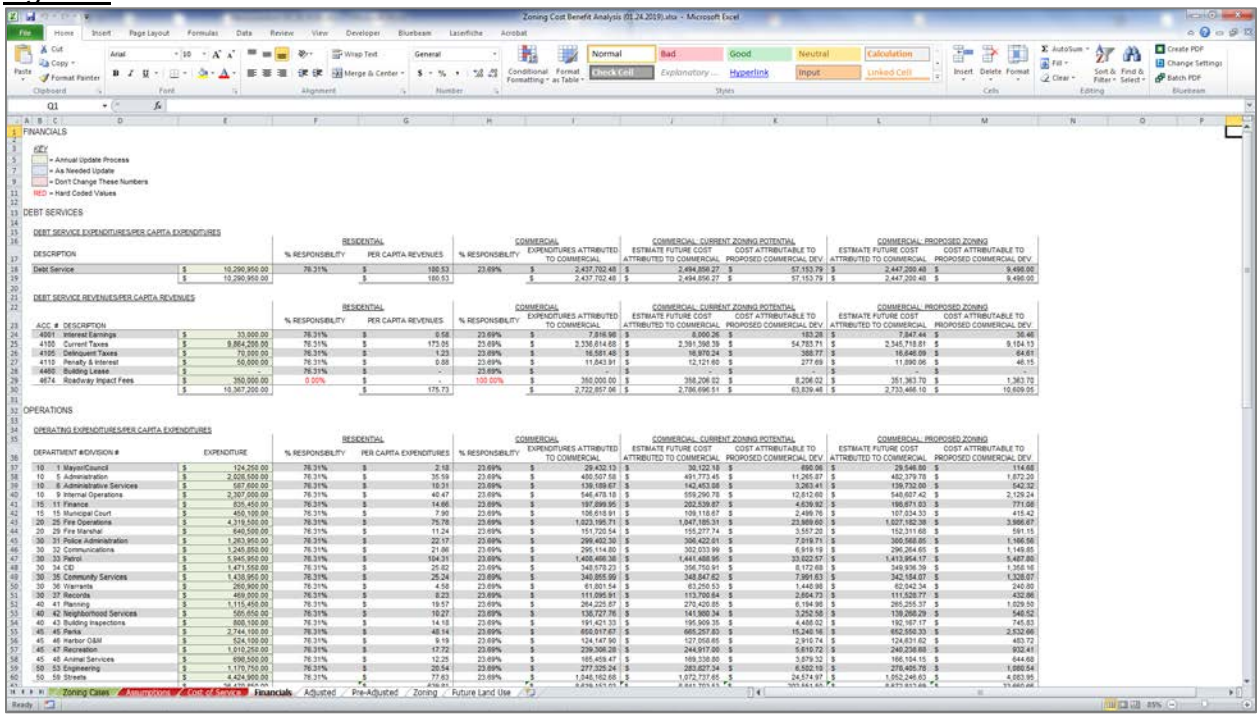
***STEP 2.*** The next step is to utilize ArcMap to extract the acreages, land values and improvement values for each parcel by its zoning designation. This requires that the *Zoning* layer be joined to the *Parcel* layer through a union. In addition, all Planned Development District acreages should be removed from the *Zoning* layer. For Planned Development Districts, the model requires these acreages be summarized by their base zoning. The *PD Base Zoning* layer has this information and will need to be joined to the *Parcel* layer through a union. Once this information is collected, the two (2) tables can be exported and merged in

Microsoft Excel. This information is then input into the green cells on the *Zoning* tab of the spreadsheet.

*Figure 2. Zoning*

CURRENT ZONING ACREAGES

UPDATED: 8/27/2018



| # | ZONING DISTRICTS | ACREAGES | TOTAL EST. LAND | TOTAL EST. IMPROVEMENTS | TOTAL EST. VALUES | EST. PRICE/SF |

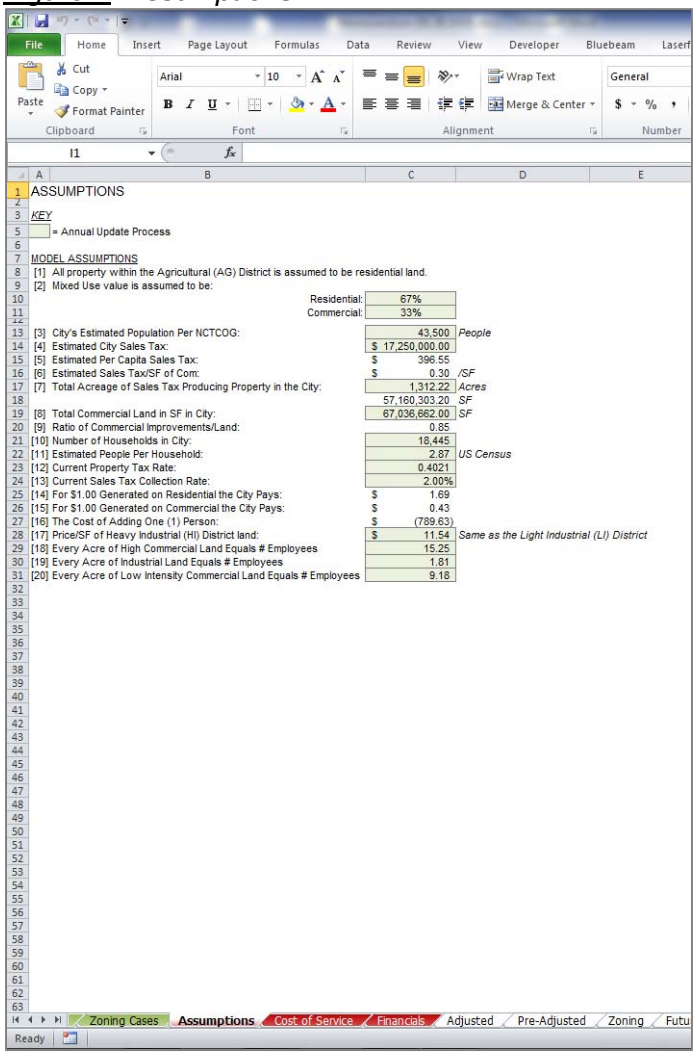
Worksheet | Zoning Cases | Assumptions | Cost of Service | Financials | Adjusted | Pre-Adjusted | Zoning | Future Land Use

Ready

***STEP 3.*** The third step in the process is to update the financial information using the current year's budget. This includes all expenditures and revenues for the City. The dollar amounts for each line item are input into the green cells on the *Financials* tab of the spreadsheet.

*Figure 3. Financials*



***STEP 4.*** The next step involves inputting the models assumptions, which are located on the *Assumptions* tab in the spreadsheet. Each of the green cells on this tab represents

variables used by the model to make the calculations detailed in the methodology section. These assumptions can come from various sources; however, in the original setup of the model the following sources were used for each variable:

(1) *Mixed Use Value*: OURHometown Vision 2040 Comprehensive Plan [*using the desired land use mix*]
(2) *Population*: North Central Council of Governments (NCTCOG)
(3) *Sales Tax*: City's Annual Budget
(4) *Total Acreage of Sales Tax Producing Property*: GIS Division [*using the Current Land Use layer*]
(5) *Total Non-Residential Land in the City*: GIS Division [*using the Current Land Use layer*]
(6) *Number of Households in the City*: GIS Division [*using residential address points from the Address Point layer*]
(7) *Estimated People Per Household*: United States Census Bureau
(8) *Effective Tax Rate*: City's Annual Budget
(9) *Current Sales Tax Collection Rate*: City's Annual Budget
(10) *Price Per Square Foot of Heavy Industrial (HI) District Land*: Light Industrial (LI) District Land Per Square Foot
(11) *Employment Data for Land Uses*: ESRI Business Analyst and GIS Division

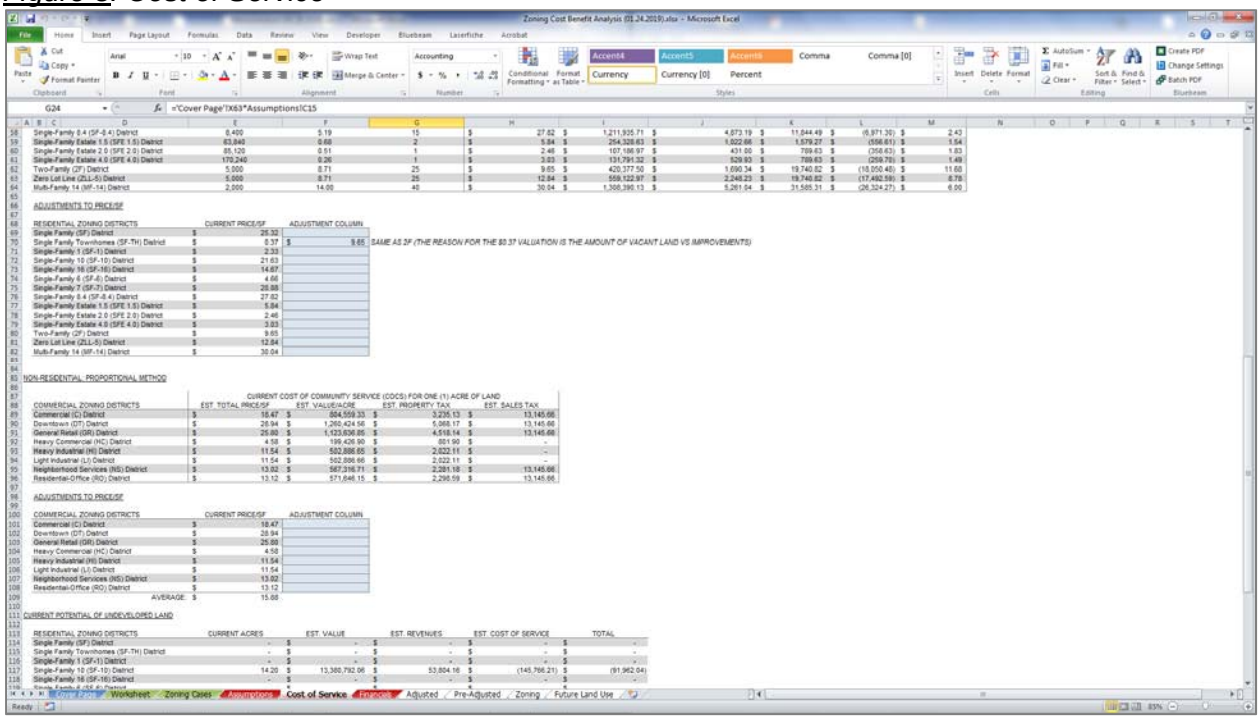
*Figure 4. Assumptions*

ASSUMPTIONS

*KEY*

= Annual Update Process

MODEL ASSUMPTIONS



[1] All property within the Agricultural (AG) District is assumed to be residential land.
[2] Mixed Use value is assumed to be:

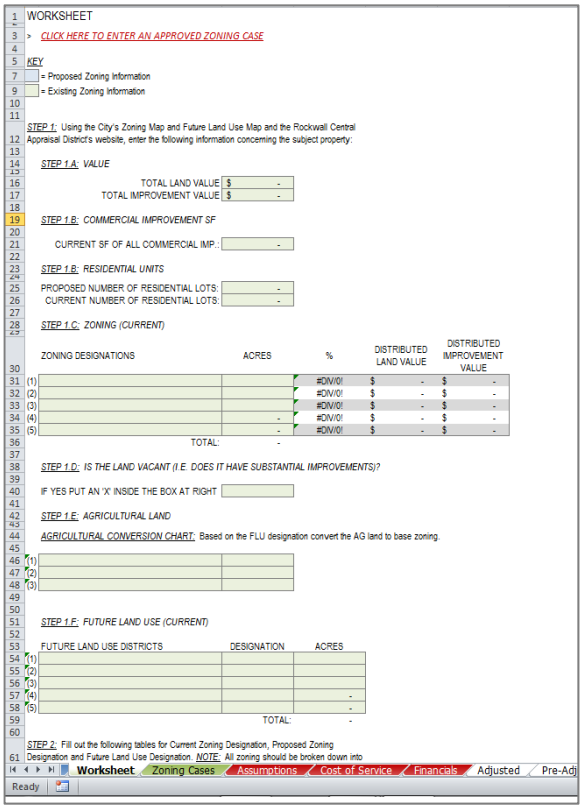
| | |
|---|---|
| Residential: | 67% |
| Commercial: | 33% |

| | | | |
|---|---|---|---|
| [3] City's Estimated Population Per NCTCOG: | | 43,500 | *People* |
| [4] Estimated City Sales Tax: | | $ 17,250,000.00 | |
| [5] Estimated Per Capita Sales Tax: | | $ 396.55 | |
| [6] Estimated Sales Tax/SF of Com: | | $ 0.30 | */SF* |
| [7] Total Acreage of Sales Tax Producing Property in the City: | | 1,312.22 | *Acres* |
| | | 57,160,303.20 | *SF* |
| [8] Total Commercial Land in SF in City: | | 67,036,662.00 | *SF* |
| [9] Ratio of Commercial Improvements/Land: | | 0.85 | |
| [10] Number of Households in City: | | 18,445 | |
| [11] Estimated People Per Household: | | 2.87 | *US Census* |
| [12] Current Property Tax Rate: | | 0.4021 | |
| [13] Current Sales Tax Collection Rate: | | 2.00% | |
| [14] For $1.00 Generated on Residential the City Pays: | | $ 1.69 | |
| [15] For $1.00 Generated on Commercial the City Pays: | | $ 0.43 | |
| [16] The Cost of Adding One (1) Person: | | $ (789.63) | |
| [17] Price/SF of Heavy Industrial (HI) District land: | | $ 11.54 | *Same as the Light Industrial (LI) District* |
| [18] Every Acre of High Commercial Land Equals # Employees | | 15.25 | |
| [19] Every Acre of Industrial Land Equals # Employees | | 1.81 | |
| [20] Every Acre of Low Intensity Commercial Land Equals # Employees | | 9.18 | |

*STEP 5.* The final step in the process is optional depending on the accuracy of the calculations for per square foot land values in each zoning district. The blue cells on the *Cost of Service* tab of the spreadsheet allow the price per square foot to be adjusted for each zoning district. This may be necessary if there is a large amount of vacant land in any district, which could skew the overall price per square foot of land in that district.

*Figure 5. Cost of Service*

## *USING THE MODEL*



The following steps lay out the process of inputting a zoning case into the model and generating the summary page that will be provided to appointed and elected officials.

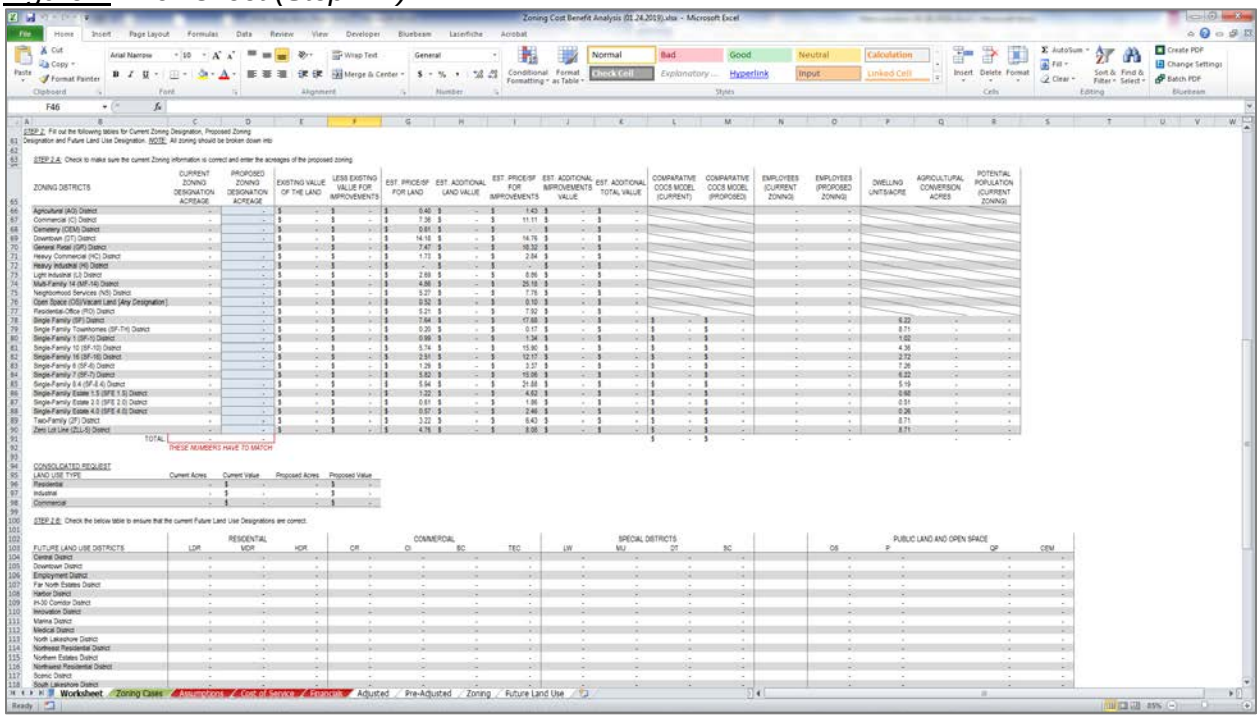
*STEP 1.A.* The first step in the process requests that the user input the land and improvement values of the subject property. This information is obtained from the Rockwall Central Appraisal District (RCAD).

*STEP 1.B.* The next step requests that the user submit the total square footage of all non-residential improvements on the property and/or the number of proposed/current residential lots on the property. This information is obtained from the Rockwall Central Appraisal District (RCAD) and/or the subdivision plat for the property.

*STEP 1.C.* This step requests the current zoning by acreage of the property. If the property has multiple zoning designations, the user will need to get the acreages from the

*Figure 6. Worksheet (Step 1)*

Geographical Information Systems (GIS) Division.



*STEP 1.D.* The next step asks the user if the subject property has any improvements currently existing on the property or if it is vacant. If the property is vacant, the user will need to put an 'X' inside the box. If the property has improvements, the box will need to be left blank.

*STEP 1.E.* The *Agricultural Conversion Chart* is intended to convert agricultural land to its intended base zoning based on the Future Land Use designation for the subject property. For example, if the subject property is designated for *Low Density Residential* land uses a base zoning of Single Family 10 (SF-10) District or Single Family 16 (SF-16) District would be appropriate.

*STEP 1.F.* The next step asks the user to input the Future Land Use designation and acreage of the subject property. If the property has multiple zoning designations, the user will need to get the acreages from the Geographical Information Systems (GIS) Division.

*STEP 2.A.* This step asks the user to fill in the proposed zoning acreages into the table in the blue cells. The bottom numbers should match to ensure that all the land associated with the zoning change is being accounted for.

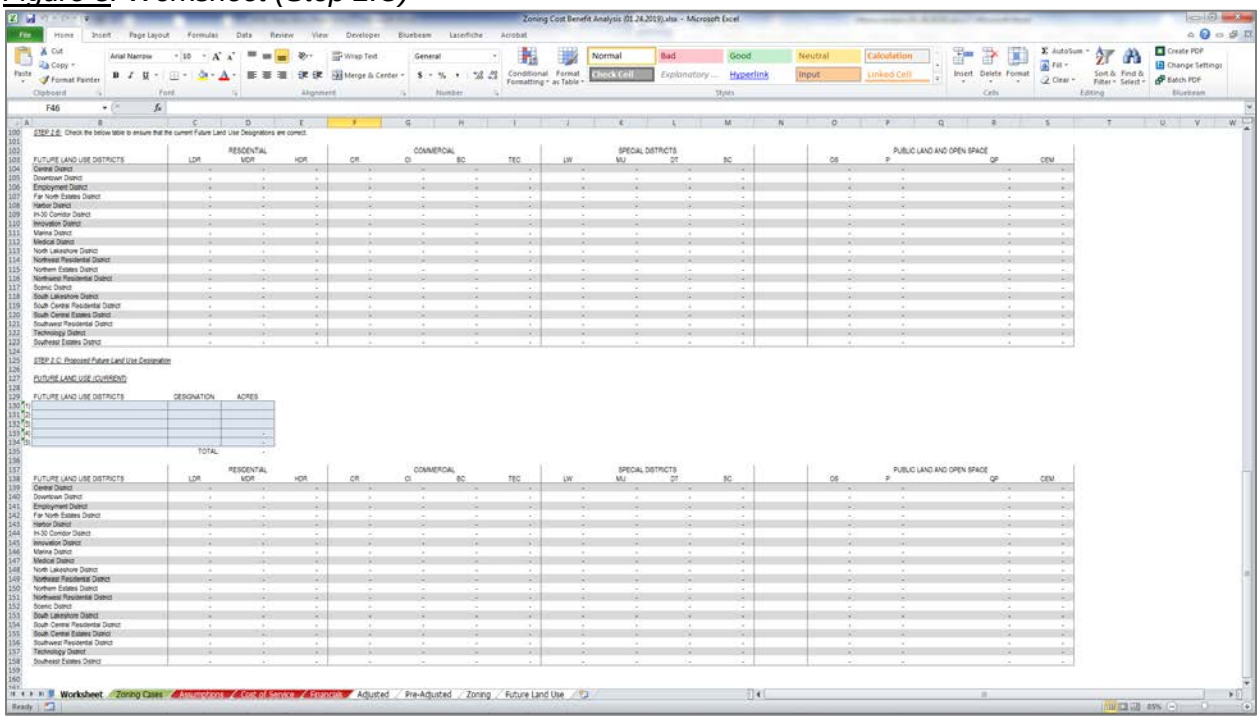


*Figure 7. Worksheet (Step 2.A)*

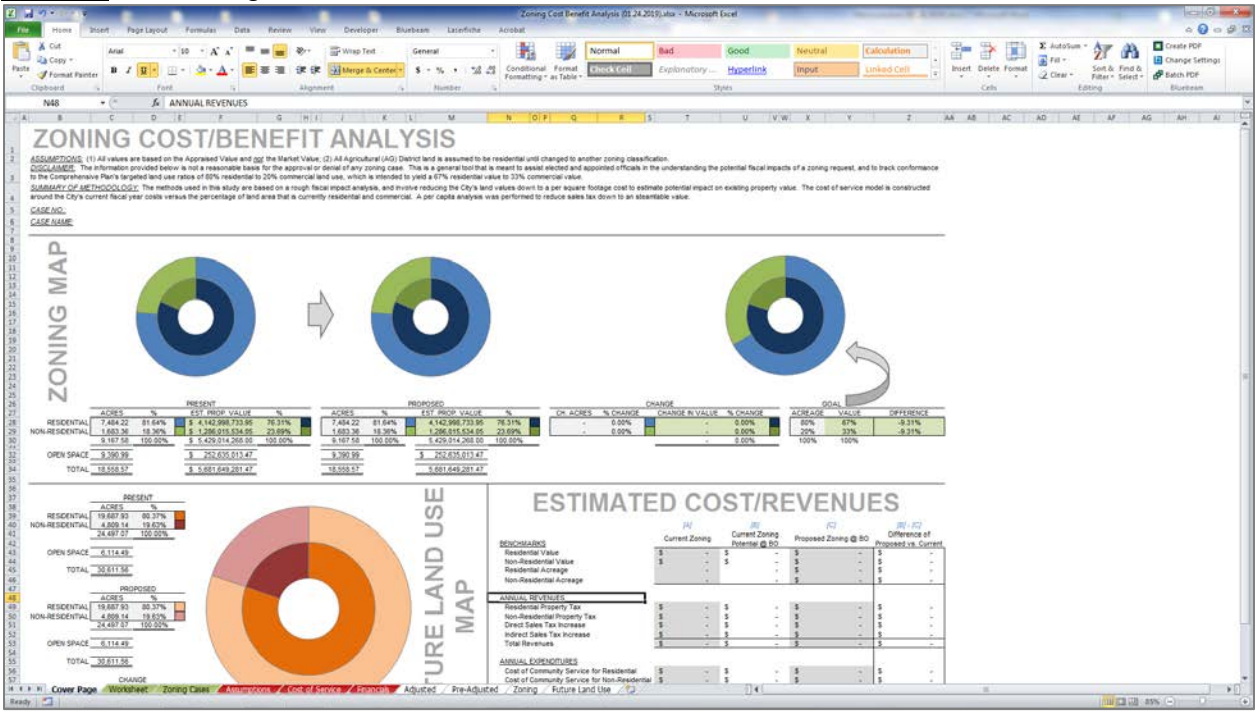
*STEP 2.B.* This step asks the user to check the information contained in the Future Land Use table to ensure that the current Future Land Use designation is correct with regard to the designation, acreage, and district.



*STEP 2.C.* The next step asks the user to input the Land Use District and Future Land Use designations that will result from the zoning change if approved, and their associated acreages. This may require assistance from the Geographical Information Systems (GIS) Division to determine the acreages.

*Figure 8. Worksheet (Step 2.C)*

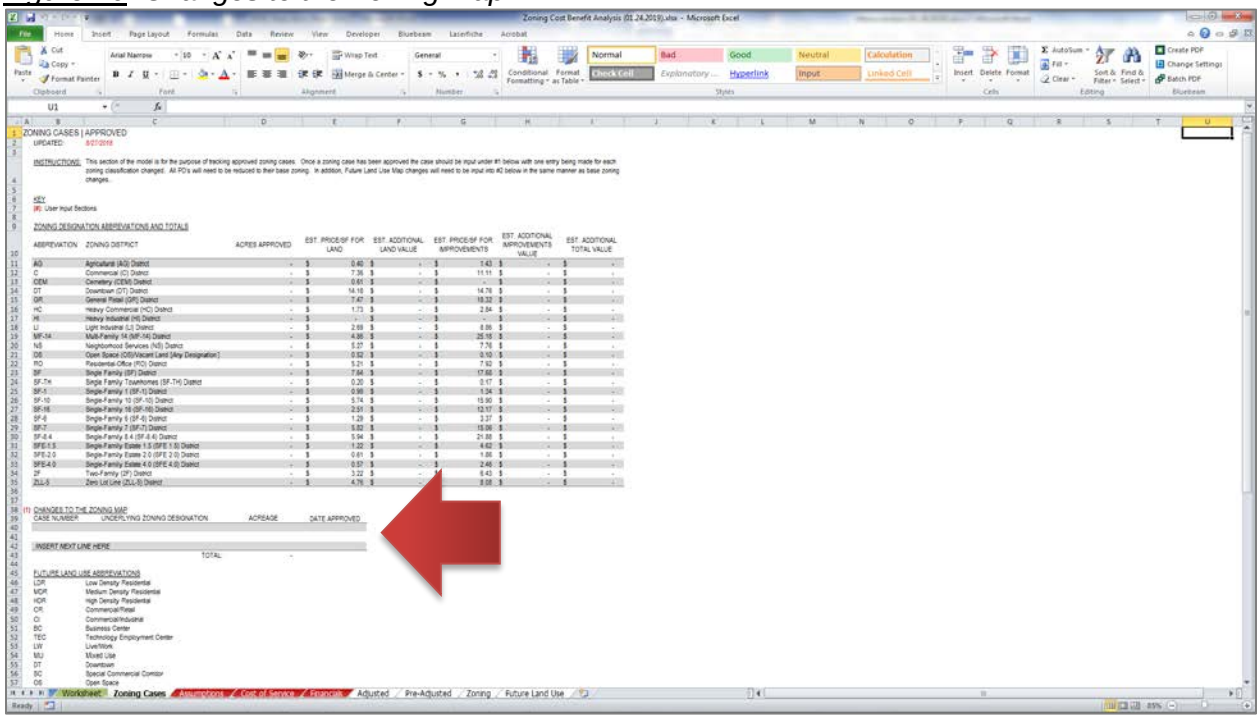
**STEP 3.** Once all information has been entered on the *Worksheet* tab, the user should click on the *Cover Page* tab and fill out the *CASE NO.* and *CASE NAME* blanks at the top of the page. The cover page can then be printed or exported to a .pdf file.

*Figure 9. Cover Page*

## *UPDATING THE MODEL*

To ensure that the model is providing the most accurate information possible it is necessary to input approved zoning cases into the *Zoning Cases* tab of the model. To do this the model requires that the table entitled *Changes to the Zoning Map* be updated as well as the *Changes to the Future Land Use Map*. These two (2) tables should have one (1) entry for each zoning/future land use change resulting from a change in zoning. The red arrows below indicate the tables that should be updated.

*Figure 10. Changes to the Zoning Map*



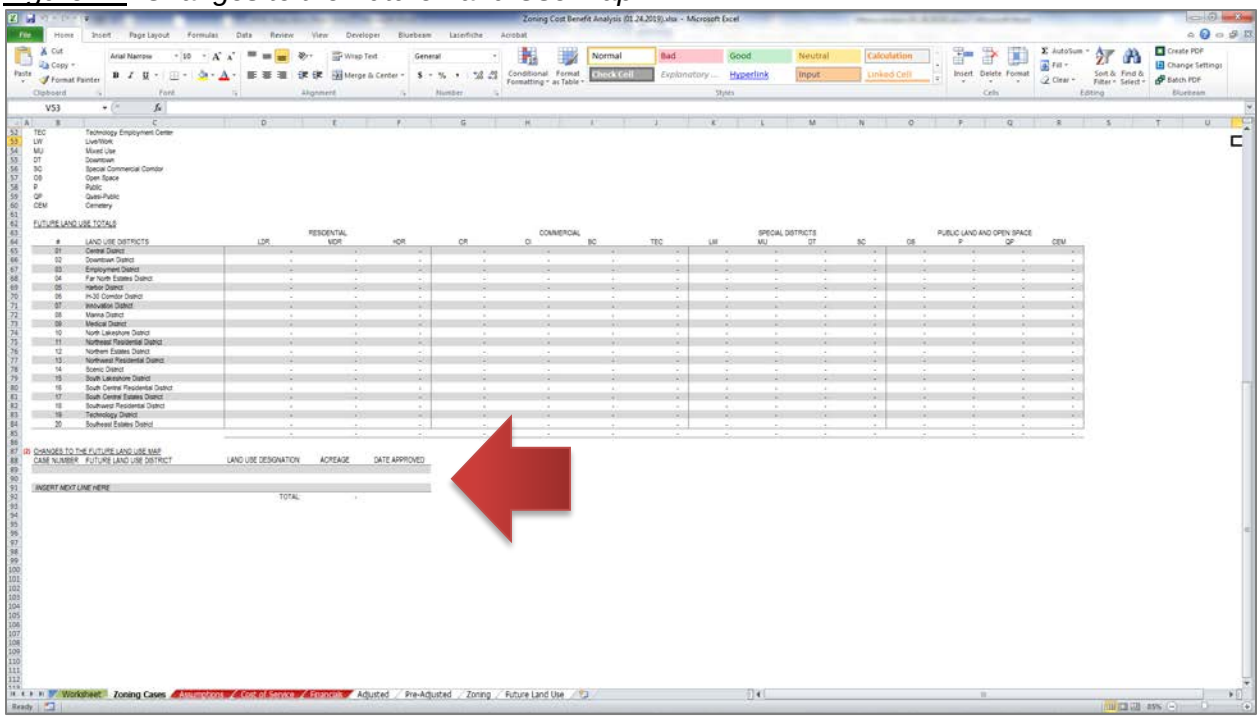


*Figure 11. Changes to the Future Land Use Map*

# ZONING COST/BENEFIT ANALYSIS

*ASSUMPTIONS:* (1) All values are based on the Appraised Value and *not* the Market Value; (2) All Agricultural (AG) District land is assumed to be residential until changed to another zoning classification.
*DISCLAIMER:* The information provided below is not a reasonable basis for the approval or denial of any zoning case. This is a general tool that is meant to assist elected and appointed officials in the understanding the potential fiscal impacts of a zoning request, and to track conformance to the Comprehensive Plan's targeted land use ratios of 80% residential to 20% commercial land use, which is intended to yield a 67% residential value to 33% commercial value.
*SUMMARY OF METHODOLOGY:* The methods used in this study are based on a rough fiscal impact analysis, and involve reducing the City's land values down to a per square footage cost to estimate potential impact on existing property value. The cost of service model is constructed around the City's current fiscal year costs versus the percentage of land area that is currently residential and non-residential. A per capita multiplier and average cost method were used to estimate sales tax.

# AGENDA
## PLANNING AND ZONING COMMISSION PUBLIC HEARING
## City Hall, 385 South Goliad, Rockwall, Texas
## Council Chambers
## March 12, 2019
## 6:00 P.M.

**CALL TO ORDER**

***CONSENT AGENDA***

1. **Approval of Minutes** for the *January 29, 2019* Planning and Zoning Commission meeting.

2. **Approval of Minutes** for the *February 12, 2019* Planning and Zoning Commission meeting.

3. **P2019-009** (Korey)
   Consider a request by Mathias Haubert of Bohler Engineering on behalf of Daniel J. Porter of Dynamic Development for the approval of a replat for Lot 1, Block A, Brakes Plus Addition being a 0.653-acre tract of land currently identified as Lots 1 & 2, Billy Peoples #1 Addition, City of Rockwall, Rockwall County, Texas, zoned General Retail (GR) District, situated within the SH-205 Overlay (SH-205 OV) District, addressed as 1902 & 2000 S. Goliad Street [*SH-205*], and take any action necessary.

4. **SP2019-005** (David)
   Consider a request by Pat Atkins of the Saddle Star Land Development, LLC on behalf of CDT Rockwall/2017 LLC for the approval of a site plan for the Saddle Star South Subdivision containing 138 single-family residential lots on a 55.85-acre tract of land identified as Tracts 1, 1-5 & 2-03 of the P. B. Harrison Survey, Abstract No. 97, City of Rockwall, Rockwall County, Texas, zoned Agricultural (AG) District and Planned Development District 79 (PD-79) for Single-Family 8.4 (SF-8.4) District land uses, situated within the SH-205 By-Pass Overlay (SH-205 BY-OV) District, located on the north side of John King Boulevard east of the intersection of Featherstone Drive John King Boulevard, and take any action necessary.

***APPOINTMENTS***

5. Appointment with Architectural Review Board representative to receive the Board's recommendations and comments for items on the agenda requiring architectural review.

***PUBLIC HEARING ITEMS***

6. **Z2019-003** (Korey)
   Hold a public hearing to discuss and consider a request by Jeff Bresee of SET Engineers on behalf of James Watson of the Rockwall Independent School District (RISD) for the approval of a Specific Use Permit (SUP) for a *Private Sports Arena, Stadium or Track* on a 35.295-acre parcel of land identified as Lot 1, Block A, Rockwall High School Addition, City of Rockwall, Rockwall County, Texas, zoned Commercial (C) District, situated within the IH-30 Overlay (IH-30 OV) District, addressed as 901 W. Yellow Jacket Lane, and take any action necessary.

7. **P2019-008** (Korey)
   Hold a public hearing to discuss and consider a request by Kevin Osornio on behalf of Jeaniffer Osornio for the approval of a replat for Lots 1 & 2, Block A, N. E. & J.O. Addition being a 0.46-acre parcel of land identified as Lot 2, Block A, Sanger Addition, City of Rockwall, Rockwall County, Texas, zoned Single Family 7 (SF-7) District, situated within the Southside Residential Overlay (SOV) District, addressed as 705 Peters Colony, and take any action necessary.

***ACTION ITEMS***

8. **SP2017-025** (Korey)
   Discuss and consider a request by Greg Wallis of Mershawn Architects on behalf of Doug Fox of Cornerstone Church for the approval of an amended site plan for a church on a six (6) acre parcel of land identified as Tract 4-07 of the N. Butler Survey, Abstract No. 20, City of Rockwall, Rockwall County, Texas,

zoned Commercial (C) District, situated within the 205 By-Pass Overlay (205 BY-OV) District, addressed as 1565 Airport Road, and take any action necessary.

**9. SP2019-004** **(David)**
Discuss and consider a request by Mark W. Pross of Pross Design Group, Inc. on behalf of Carolina Molina of Alvaplast US (SPR Packaging) for the approval of a site plan for a warehouse/manufacturing facility on a 11.3736-acre tract of land identified as Tract 7 of the N. Butler Survey, Abstract No. 20, City of Rockwall, Rockwall County, Texas, zoned Light Industrial (LI) District, situated at the terminus of Aluminum Plant Road, and take any action necessary.

***DISCUSSION ITEMS***

**10.** Director's report of post City Council meeting outcomes for development cases **(Ryan)**.

- ✓ Z2019-001: Text Amendment to Article IV, Permissible Uses, UDC (*1st Reading*) [*Approved*]

**ADJOURNMENT**

This facility is wheelchair accessible and accessible parking spaces are available. Request for accommodations or interpretive services must be made 48 hours prior to this meeting. Please contact the City Secretary's Office at (972) 772-6406 for further information.

I, Laura Morales, Planning & Zoning Coordinator of the City of Rockwall, Texas, do hereby certify that this Agenda was posted at City Hall, in a place readily accessible to the general public at all times, on the 8th day of March 2019 at 5:00 p.m., and remained so posted for at least 72 continuous hours preceding the scheduled time of said meeting.

# MINUTES

## PLANNING AND ZONING COMMISSION WORK SESSION

**City Hall, 385 South Goliad, Rockwall, Texas**
**Council Chambers**
**January 29, 2019**
**6:00 P.M.**

I. CALL TO ORDER

**Chairman Lyons called the meeting to order at 6:02 p.m. The Commissioners present at the meeting were, Jerry Welch, Eric Chodun, Mark Moeller, Annie Fishman, Tracey Logan, and John Womble. Staff members present were Planning Director, Ryan Miller, Planning Manager, David Gonzales, Senior Planer Korey Brooks, Planning Coordinator, Laura Morales, City Engineer, Amy Williams, Civil Engineers, Jeremy White and Sarah Hager.**

II. CONSENT AGENDA

1. P2019-002

Consider a request by Gerald Houser of Collin-G Properties, LTD for the approval of a replat for Lot 2, Block A, Houser Addition being a 6.19-acre parcel of land identified Lot 1, Block A, Houser Addition, City of Rockwall, Rockwall County, Texas, zoned Heavy Commercial (HC) District, situated within the SH-276 Overlay (SH-276 OV) District, addressed as 1611 SH-276, and take any action necessary.

2. P2019-003

Consider a request by Maria C. Bonilla of Winkelmann & Associates, Inc. on behalf of Jill Fisher of Dunhill Partners, Inc. for the approval of a replat for Lot 2, Block B, R. W. Marketcenter Addition being a replat of a 21.424-acre parcel identified as Lot 1A, Block B, R. W. Marketcenter Addition, City of Rockwall, Rockwall County, Texas, zoned Commercial (C) District, situated within the IH-30 Overlay (IH-30 OV) District, situated at the southwest corner of Market Center Drive and the E. IH-30 Frontage Road, and take any action necessary.

3. P2019-004

Consider a request by Tony Degelia of A & W Surveyors on behalf of Michael Fisher for the approval of a replat for Lot 7, Block A, Temunovic Addition being a 1.082-acre parcel of land identified as Lot 6, Block A, Temunovic Addition, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 9 (PD-9) for General Retail (GR) District, situated within the Scenic Overlay (SOV) District, addressed as 1306 Summer Lee Drive, and take any action necessary.

**Commissioner Moeller made a motion to approve the consent agenda. Commissioner Fishman seconded the motion which passed by a vote of 7-0.**

III. APPOINTMENTS

4. Appointment with Architectural Review Board representative to receive the Board's recommendations and comments for items on the agenda requiring architectural review.

**Architectural Review representative, Julian Meyrat, gave a brief explanation concerning agenda items that were discussed at the Architectural Review Board meeting.**

IV. PUBLIC HEARING ITEMS

5. Z2018-056

Hold a public hearing to discuss and consider a request by Tom Jones on behalf of Shanon Thomas of Rockwall Friendship Baptist Church for the approval of a zoning change from an Agricultural (AG) District to a Light Industrial (LI) District for a 6.03-acre tract of land being identified as Tract 2-4 of the D. Harr Survey, Abstract No. 102, City of Rockwall, Rockwall County, Texas, zoned Agricultural (AG) District, situated within the SH-205 By-Pass Overlay (SH-205 BY OV) District, located east of the intersection of Justin Road and John King Boulevard, and take any action necessary.

Senior Planner, Korey Brooks, provided a brief explanation and background of the request. The applicant is requesting a change in zoning from an Agricultural District to a Light Industrial District for the purpose of constructing a house of worship on the subject property. The subject property was annexed in 1985 and is zoned Agricultural District. The Agricultural District is a holding district with the intent that a property will be rezoned in conformance with the Future Land Use Plan contained in the Comprehensive Plan. According to the Unified Development Code, a house of worship is permitted in an Agricultural District by Specific Use Permit or permitted by-right in a Light Industrial District. The proposed request to rezone the property to Light Industrial District is in conformance with the City's Future Land Use Plan. According to the Unified Development Code, the Light Industrial District is intended for industrial parks and larger cleaner types of industries and located close to an arterial capable of carrying commercial traffic. In this case, the subject property is located at the intersection of an arterial and a major collector and conforms to these requirements. The Future Land Use Plan designates the subject property for Technology/Employment land uses, which is characterized by employment-oriented businesses, typically situated in larger centers that have access to key transportation networks. In this case, the applicant's request to rezone the property to Light Industrial District is in conformance with the Future Land Use Plan; however the land use, a house of worship is considered to be a Quasi-Public land use and will necessitate a change in the Future Land Use Plan and this change has been made a condition of approval.

Mr. Brooks further noted that the plan allows the City Council to consider requests conforming to the Special Commercial Corridor, which is typically associated with Commercial District zoning. In this case, the applicant originally submitted a request for Commercial District zoning; however, after reviewing the case staff suggested that the applicant consider Light Industrial District zoning. The reason for this suggestion is: (1) this property is directly adjacent to John King Boulevard and would hinder the visibility of adjacent properties that do not front onto John King Boulevard, therefore it is a reasonable expectation that the adjacent properties will develop in accordance with the Technology/Employment designation, and (2) the adjacent properties proximity to the existing railroad tracks may make the adjacent property better suited to Light Industrial District zoning in the future. While the Church could maintain its Agricultural District zoning by requesting a Specific Use Permit, a SUP would necessitate that the Church amend said SUP with every proposed change on the property. The Light Industrial District zoning will allow the church the flexibility to make improvements to the property in conformance with the UDC without the burden of a public hearing process for every proposed improvement. Approval of a zoning change is discretionary to the City Council, pending a recommendation from the Planning and Zoning Commission. In this case, the Planning and Zoning Commission and City Council have the discretion to approve the request as submitted Light Industrial District or choose to downzone the property to a Commercial District either zoning district allows the House of Worship land use by-right. In addition should the request be approved the applicant will be required to submit a site plan and go through the site planning process.

Mr. Brooks went on share that on January 14, 2019, staff mailed 10 notices to property owners and residents within 500-feet of the subject property and staff had did receive any notices for or against the request.

Mr. Brooks advised the Commission that the applicant was present and available for questions as well as staff.

Chairman Lyons opened up the public hearing and asked the applicant to come forward.

Tom Jones
5815 Meadowcrest
Dallas, TX

Mr. Jones came forward and shared that based on the new 2040 Rockwall Comprehensive Plan they feel that the Light Industrial designation is the most appropriate zoning for the property. They are currently working with staff for the alignment development of Justin Road. Mr. Jones indicated he was available for questions.

Chairman Lyons asked if anyone wished to speak to come forward.

**Bob Wacker**
**309 Featherstone**
**Rockwall, TX**

**Mr. Wacker came forward and asked for clarification of the zoning designation as it pertains to changes being approved with a Specific Use Permit. Mr. Brooks explained that if the property remains Agricultural zoning and the applicant pursued a Specific Use Permit which would allow a house of worship, any time any improvements were to be made that deviated from the concept plan, then the SUP would have to be amended each time.**

**Chairman Lyons asked if anyone else wished to speak to come forward and do so; there being no one indicating such Chairman Lyons closed the public hearing and brought the item back to the Commission for discussion or motion.**

**Commissioner Welch made a motion to approve Z2018-056 with staff recommendations. Commissioner Logan seconded the vote which passed by a vote of 7-0**

V. ACTION ITEMS

6. MIS2019-002

Discuss and consider a miscellaneous request by Reubin E. Harle for the approval of a masonry exception for the purpose of constructing an accessory building that does not meet the minimum masonry requirements stipulated by the Unified Development Code (UDC) on a 4.632-acre parcel of land identified as Lot 5R, Block A, Zion Addition, City of Rockwall, Rockwall County, Texas, zoned Single-Family One (SF-1) District, addressed as 825 Zion Hills Circle, and take any action necessary.

**Senior Planner, Korey Brooks, provided a brief explanation and background of the request. The applicant is requesting approval of a masonry exception to allow a metal accessory building on the subject property. In November 2018, the applicant submitted a request for the approval of a Specific Use Permit for an accessory building that did not meet the requirements of the Unified Development Code. Specifically, the applicant was proposing an accessory building that exceeded the maximum size requirements, *3,000* square foot metal building, exceeded the number of allowable accessory buildings since there are two existing metal buildings on the property, and did not conform to the minimum masonry requirements of the Unified Development Code. Ultimately on November 19, 2018, the City Council denied the request. Since that time, the City Council approved a text amendment allowing the Board of Adjustments the ability to grant an exception to the maximum size requirements of accessory buildings, and the Planning and Zoning Commission the ability to grant variances to the masonry requirements and this eliminated the requirement of a Specific Use Permit for accessory buildings not meeting the requirements of the UDC. In response to that change, the applicant submitted a request to the Director of Planning and Zoning proposing a 2,000 square foot building with a four foot high masonry wainscot on the front facade. In accordance with the UDC, the Director of Planning reviewed the request and after conferring with the City Attorney determined that the request represented a substantial change from the request that was denied by the City Council. At the time the determination was made, staff recommended to the applicant that the masonry wainscot should be extended to all four sides of the building. Based on the substantial change, the applicant submitted a request for a variance to the maximum size requirements to the Board of Adjustments and on January 10, 2019, the Board of Adjustments granted a variance to allow an accessory building that exceeded the maximum allowable size and the maximum number of accessory buildings permitted, a total of three accessory buildings, on the subject property. Based on this approval, the applicant has the ability to construct a 2,000 square foot accessory building meeting the minimum masonry requirements on the subject property by-right; however, since the proposed building is metal and does not conform to the minimum masonry requirements, a masonry exception from the Planning and Zoning Commission is required. According to the UDC, "(a)ccessory buildings and accessory structures not meeting the masonry requirements shall require approval of an exception from the Planning and Zoning Commission." The approval of any exception to the minimum masonry requirements is a discretionary decision for the Planning and Zoning Commission.**

**Mr. Brooks advised the applicant was present and available for questions as well as staff.**

**Chairman Lyons asked the applicant to come forward.**

**Reubin Harle**
**825 Zion Hills Circle**
**Rockwall, TX**

**Mr. Harle came forward and added additional comments in regard to his request and indicated he was available for questions.**

**Commissioner Chodun asked when City Council denied the request previously it was at that time being proposed to be 1,000 square feet larger and it was all metal. Mr. Brooks indicated that that was correct and City Council expressed disapproval with the size and it being all metal.**

**Commissioner Fishman asked how many other accessory buildings would be on the property in total. Mr. Brooks indicated it would be a total of three buildings and shared that the Board of Adjustments did approve that maximum number of accessory buildings on the property.**

**Commissioner Chodun asked concerning the staff recommendations that were given to the applicant to include the masonry wainscot be extended on all four sides. Planning Director, Ryan Miller, indicated that was staff's recommendations to the applicant based on concerns heard in the City Council meeting with regard to the size and material that was proposed.**

**General discussion took place between the Commission in regards to the size and orientation of where the applicant is proposing to provide the masonry wainscot on the building.**

**Chairman Lyons brought the item back to the Commission for discussion or action.**

**Commissioner Welch made a motion to approve MIS2019-002 with staff recommendations with the condition that a metal wainscot be applied to three sides of the building and a brick wainscot on the front of the building. Commissioner Womble seconded the motion which passed by a vote of 7-0.**

VI. DISCUSSION ITEMS

7. Z2019-001
Hold a public hearing to discuss and consider approval of a text amendment to Article IV, *Permissible Uses*, and Article V, *District Development Standards*, of the Unified Development Code [*Ordinance No. 04-38*] for the purpose of incorporating standards for a *Barn or Agricultural Accessory Building* and to amend the land use conditions for the *Guest Quarters/Secondary Living Unit* land use, and take any action necessary.

**Planning Director, Ryan Miller, provided a brief explanation and background of the request. The City Council directed staff to amend the Land Use Standards contained in Article IV, Permissible Uses, of the UDC to allow guest quarters/secondary living units not meeting the requirements stated in the Land Use Standards the ability to request a Specific Use Permit. In addition, the City Council also directed staff to create a land use for Barns or Agricultural Accessory Buildings. This direction came in response to a request by a citizen to amend the code to allow a 4,950 square foot, metal barn that would contain a storage area for eight vehicles and a guest quarters/secondary living facility, the facility includes all components of a residential living unit with kitchen, bathroom, on a property zoned Agricultural District. Currently, the UDC does allow guest quarters/secondary living units in an Agricultural District pending they are [1] accessory uses to the primary use being a single family home, [2] not to exceed 30% of the area of the main structure, and [3] that they cannot be sold or conveyed separately without meeting the requirements of the zoning district and subdivision ordinance; however, the code does not address guest quarters/secondary living units that do not meet these standards. In other residential zoning districts this use is only allowed through a Specific Use Permit, which gives the City Council the discretion to grant these even if they do not meet the requirements. These changes would allow guest quarters/secondary living units not meeting the requirements the ability to request a Specific Use Permit in the AG Districts. The purpose of this is to incentivize smaller properties, being properties less than ten acres in size and considered to be legally non-**

**conforming, to zone in accordance with the Future Land Use Plan, bringing them into conformance with the UDC. Without this requirement, it would be difficult for the City to incentivize smaller properties to change their zoning, which could have the effect of leaving small spots of Agricultural District zoning on non-conforming lots throughout the City. To address this, the City Council has directed staff to establish a new land use, barn/agricultural accessory building, which would allow larger buildings in the Agricultural District. Based on this direction Additionally Mr. Miller shared that the City Council did have a discussion concerning allowing these structures by-right as opposed to by Specific Use Permit and he went over the details of the new land uses being created and indicated a draft ordinance outlining the proposed changes was provided for the Commissions review.**

**Mr. Miller advised the Commission staff was available for questions.**

**Following brief discussion in regards to the case Chairman Lyons indicated the case will return to the Commission for action at the next scheduled meeting.**

8. Z2019-002

Hold a public hearing to discuss and consider a request by Mark W. Pross of Pross Design Group, Inc. on behalf of Carolina Molina of Alvaplast US (SPR Packaging) for the approval of a Specific Use Permit (SUP) for a structure that exceeds 60-feet in a Light Industrial (LI) District on a 42.61-acre tract of land identified as Tract 7 of the N. Butler Survey, Abstract No. 20 (*11.3736-acres*); Tract 31 of the R. Ballard Survey, Abstract No. 29 (*8.197-acres*); and, Lot 1-01, Block 1, Indalloy Addition (*14.53-acres*), City of Rockwall, Rockwall County, Texas, zoned Light Industrial (LI) District, situated at the terminus of Aluminum Plant Road, and take any action necessary.

**Planning Manager, David Gonzales, indicated the applicant was present and would go over the review and staff would be available for questions.**

**Mark Pross**
**5310 Harvest Hill Road, Suite 180**
**Dallas, TX**

**Mr. Pross came forward and provided an extensive explanation of the request. He indicated that SPR Packaging has been an existing business in the City of Rockwall for the last ten years located south of the subject property. He shared that they utilize large extensive type equipment in their manufacturing process and said equipment also requires maintenance out of the top so the extruding area is much higher than the rest of the building which is the basis for their request in height. Mr. Pross went on to share the detailed plans SPR Packaging had in the purchase of the property and the different phases they would be constructed in and the plans for each in regards to material, elevations, design and height. He then indicated he was available for questions.**

**Mr. Gonzales added that in regards to the elevations, those were put into the draft ordinance to reference for the height of the extruder bays as well as for the silos. The actual approval of the elevations will come before the Commission at the time of site plan.**

**Commissioner Womble asked what the height of the existing structure to the south. Mr. Gonzales indicated it is 75 feet in height and a Specific Use Permit was approved for that.**

**Commissioner Logan asked what the square footage of the building they are proposing the 120 feet would be. Mr. Pross indicated it will be approximately 64,000 square feet although they are still working on the exact size.**
