
**General discussion took place between the Commission in regards to the height and location of the proposed building. The question as to what would be the alternative option should the request be denied was asked.**

**Ignacio Echavarri**
**President of SPR Packaging**
**1480 Justin Road**
**Rockwall, TX**

**Mr. Echaavarri came forward and shared that they requested the 120 feet as it is the maximum and would allow them flexibility but they would be open to modifications should that height not be feasible.**

**Chairman Lyons indicated the case will return to the Commission for action at the next scheduled meeting.**

9. SP2019-001

Discuss and consider a request by Reese Baez of Triton General Contractors on behalf of Kevin Lefere for the approval of a site plan for a medical office building on a 0.26-acre portion of a larger one (1) acre tract of land identified as Block 26 of the Garner Addition, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 50 (PD-50) for Residential-Office (RO) District land uses, situated within the North Goliad Corridor Overlay (NGC OV) District, located north of the northwest corner of the intersection of W. Heath Street and S. Goliad Street [SH-205], and take any action necessary.

**Senior Planner, Korey Brooks, indicated that the applicant was present and would speak in regards to the request.**

**Chairman Lyons asked the applicant to come forward.**

**Reese Baez**
**1415 Open Bay Court**
**Rockwall, TX**

**Mr. Baez came forward and indicated they are looking to construct a build a suite for T3 Chiropractic's and will be the same design as the Foote building that is south of the subject property that was recently approved.**

**Chairman Lyons asked the Commission for questions for staff or the applicant.**

**Commissioner Chodun asked if there would be any variances being requested. Mr. Brooks indicated there would not be variances and they have met with the Architectural Review Board. Additionally the case went before the Historical Preservation Advisory Board and they granted a Certificate of Appropriateness for the project.**

**There being no further questions Chairman Lyons indicated the case will return to the Commission for action at the next scheduled meeting.**

10. SP2019-002

Discuss and consider a request by Chuck Vickers of T & C Main Street Holdings, LLC for the approval of a site plan for an office building on a 0.50-acre parcel of land identified as Block 80B of the B. F. Boydston Addition, City of Rockwall, Rockwall County, Texas, zoned Residential-Office (RO) District, addressed as 108 St. Mary's Street, and take any action necessary.

**Senior Planner, Korey Brooks, provided a brief explanation of the request. Last year a zoning change was approved for the subject property and the applicant is requesting to convert the residential structure into an office building however most of the changes will be made to the interior of the structure rather than the outside. The case went before the Architectural Review Board and a recommendation for approval was made by the Board. Mr. Brooks indicated the applicant was not present however staff would be available for questions.**

**Chairman Lyons indicated the case will return to the Commission for action at the next scheduled meeting.**

11. SP2019-003

Discuss and consider a request by Matt Moore of ClayMoore Engineering, Inc. for the approval of a site plan for a multi-tenant office/warehouse complex on a 7.52-acre portion of a larger 9.76-acre tract of land identified as Lot 18 and the south portion of Lot 19, Rainbow Acres Addition, City of Rockwall,

Rockwall County, Texas, zoned Commercial (C) District, addressed as 407 Ranch Trail, and take any action necessary.

**Senior Planner, Korey Brooks, indicated the applicant was present and would go over the request.**

**Chairman Lyons asked the applicant to come forward.**

**Robert LaCroix**
**4517 Scenic Drive**
**Rowlett, TX**

**Mr. LaCroix came forward and provided a brief explanation and background of the request. He indicated that the owner would like to build office warehouses that will be constructed in two phases. They are looking to have a much more organized development than what has occurred in that area in the past and are working to meet as many of the requirements as they can and as are possible in terms of the infrastructure. They feel that what they are proposing fits a demand for such office/warehouse and fits to the already existing metal buildings which are adjacent and along Ranch Trail and County Line Road. Mr. LaCroix indicted that they met with the Architectural Review Board earlier and the Board recommended that they try to articulate the buildings that face the street and after speaking with their architect on the project and they will provide something to try to address those issues. Mr. LaCroix further noted that they will be meeting the landscape buffer along County Line Road and Ranch Trail which will add some screening to the buildings.**

**Chairman Lyons asked if they would be 5,000 square feet and would they be split up into multiple bays. Mr. La Croix indicated each building would be independent and would be right under 5,000 square feet to avoid the fire sprinkler requirement. He added that they feel that the buildings will fit a need and demand for smaller type self-proprietary business.**

**Commissioner Welch asked if the intent was to rent each individual building and not to sell. Mr. LaCroix indicated that the intent is to rent and maintain ownership which will allow them to maintain the property and have rules and regulations for the tenants which they feel will be beneficial to maintain the upkeep of the buildings.**

**Chairman Lyons indicated the case will return to the Commission for action at the next scheduled meeting.**

12. Director's Report of post Council meeting outcomes of Planning & Zoning cases.

- ✓ P2018-047: Preliminary Plat for Breezy Hill, Phase XII [*Approved*]
- ✓ Z2018-049: SUP for an Animal Shelter for 1700 E. SH-66 (*2nd Reading*) [*Approved*]
- ✓ Z2018-050: SUP for a Covered Patio in the Take-Line for 5808 Constellation Circle (*1st Reading*) [*Withdrawn*]
- ✓ Z2018-055: SUP for a Mini-Warehouse Facility on Ridge Road (*1st Reading*) [*Denied*]
- ✓ Z2018-057: Amendment to Planned Development District 57 (PD-57) (*1st Reading*) [*Approved*]
- ✓ Z2018-058: SUP for a Craft Winery and Commercial/Amusement Outdoors (*1st Reading*) [*Postponed to the February 4, 2019 Meeting*]
- ✓ Z2018-059: Zoning Change (SFE-2.0 to SFE-1.5) for 1085 Dalton Road (*1st Reading*) [*Approved*]
- ✓ SP2018-043: Waiver for Marina Village Condominiums [*Approved*]

**Planning Director, Ryan Miller, provided a brief update about the outcome of the above referenced case at the City Council meeting.**

VII. ADJOURNMENT

**Chairman Lyons adjourned the meeting at 7:28 p.m.**

PASSED AND APPROVED BY THE PLANNING & ZONING COMMISSION OF THE CITY OF ROCKWALL, Texas, this _____ day of _____, 2019.

_____

Laura Morales, Planning Coordinator

# MINUTES

## PLANNING AND ZONING COMMISSION PUBLIC HEARING
## City Hall, 385 South Goliad, Rockwall, Texas
## Council Chambers
## February 12, 2019
## 6:00 P.M.

I. CALL TO ORDER

**Chairman Lyons called the meeting to order at 6:00 p.m. The Commissioners present at the meeting were, Jerry Welch, Eric Chodun, Mark Moeller, Tracey Logan, John Womble, and Annie Fishman. Staff members present were Planning Director, Ryan Miller, Planning Manager, David Gonzales, Senior Planer Korey Brooks, Planning Coordinator, Laura Morales, City Engineer, Amy Williams, Civil Engineers, Jeremy White and Sarah Hager.**

II. CONSENT AGENDA

1. Approval of Minutes for the January 2, 2018 Planning and Zoning Commission meeting.

2. SP2019-001

Discuss and consider a request by Reese Baez of Triton General Contractors on behalf of Kevin Lefere for the approval of a site plan for a medical office building on a 0.26-acre portion of a larger one (1) acre tract of land identified as Block 26 of the Garner Addition, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 50 (PD-50) for Residential-Office (RO) District land uses, situated within the North Goliad Corridor Overlay (NGC OV) District, located north of the northwest corner of the intersection of W. Heath Street and S. Goliad Street [SH-205], and take any action necessary.

**Commissioner Welch made a motion to approve the consent agenda. Commissioner Chodun seconded the motion which passed by a vote of 7-0.**

III. APPOINTMENTS

3. Appointment with Architectural Review Board representative to receive the Board's recommendations and comments for items on the agenda requiring architectural review.

**Architectural Review representative gave a brief explanation concerning agenda items that were discussed at the Architectural Review Board meeting.**

**Chairman Lyons indicated that agenda item #5 would be moved up.**

IV. PUBLIC HEARING ITEMS

4. Z2019-001

Hold a public hearing to discuss and consider approval of a text amendment to Article IV, *Permissible Uses*, and Article V, *District Development Standards*, of the Unified Development Code [*Ordinance No. 04-38*] for the purpose of incorporating standards for a *Barn or Agricultural Accessory Building* and to amend the land use conditions for the *Guest Quarters/Secondary Living Unit* land use, and take any action necessary.

**Planning Director, Ryan Miller, provided a brief explanation and background pertaining to agenda item. On January 7, 2019 the City Council directed staff to amend the Land Use Standards contained in Article IV, Permissible Uses, of the UDC to allow guest quarters/secondary living units not meeting the requirements stated in the Land Use Standards the ability to request a Specific Use Permit. In addition, the City Council also directed staff to create a land use for Barns or Agricultural Accessory Buildings. This direction came in response to a request by a citizen to amend the code to allow an 4,950 square feet, metal barn that would contain a storage area for eight vehicles and a guest quarters/secondary living facility, the facility includes all components of a residential living unit kitchen, bathroom, on a property zoned Agricultural District.**

**Mr. Miller advised the Commission staff was available for questions.**

**Chairman Lyons opened up the public hearing and asked if there was anyone wished to speak to come forward and do so; there being no one indicating such Chairman Lyons closed the public hearing and brought the item back to the Commission for discussion or a motion.**

**Following brief discussion Commissioner Welch made a motion to approve the text amendment with Barn or Agricultural Accessory Buildings being allowed through a Specific Use Permit in the Agricultural District. Chairman Lyons seconded the motion which passed by a vote of 7-0.**

5. Z2019-002

Hold a public hearing to discuss and consider a request by Mark W. Pross of Pross Design Group, Inc. on behalf of Carolina Molina of Alvaplast US (SPR Packaging) for the approval of a Specific Use Permit (SUP) for a structure that exceeds 60-feet in a Light Industrial (LI) District on a 42.61-acre tract of land identified as Tract 7 of the N. Butler Survey, Abstract No. 20 (*11.3736-acres*); Tract 31 of the R. Ballard Survey, Abstract No. 29 (*8.197-acres*); and, Lot 1-01, Block 1, Indalloy Addition (*14.53-acres*), City of Rockwall, Rockwall County, Texas, zoned Light Industrial (LI) District, situated at the terminus of Aluminum Plant Road, and take any action necessary.

**Planning Manager, David Gonzales, indicated that the applicant has requested to withdraw the case at this time and action will be required to be taken.**

**Commissioner Moeller made a motion to accept the withdrawal. Commissioner Fishman seconded the vote which passed by a vote of 7-0**

V. ACTION ITEMS

6. SP2019-002

Discuss and consider a request by Chuck Vickers of T & C Main Street Holdings, LLC for the approval of a site plan for an office building on a 0.50-acre parcel of land identified as Block 80B of the B. F. Boydston Addition, City of Rockwall, Rockwall County, Texas, zoned Residential-Office (RO) District, addressed as 108 St. Mary's Street, and take any action necessary.

**Senior Planner, Korey Brooks, provided a brief background and explanation of the request. On April 2 2018, the City Council approved a request] to rezone the subject property from a Single-Family 7 District to a Residential-Office (RO) District. The request included a second property, 106 St. Mary's Street). At the time of the rezoning request, the property owners stated that the intent was to convert two single-family homes into two residential-office buildings. The Residential-Office District is a unique district that allows live/work arrangements with the intention of extending the life of older homes by allowing them to be converted into low-intensity office buildings. These areas usually serve as a transition between high-intensity, non-residential land uses to low-intensity residential land uses. The flexibility of live/work arrangements in a Residential-Office District allows a residential-office structure to be utilized as a single-family home, an office, or both. The applicant is requesting approval of a site plan to convert an existing single-family home to an office building. The home is approximately 1,423 SF including the garage. The applicant is proposing to demolish the existing garage, which reduces the size of the structure to approximately 1,221 square feet. The exterior of the existing structure is clad with hardie board or a similar cementitious material and the applicant is proposing to add an approximately three foot stone wainscot to each façade. Since the structure is being converted from a single-family home to an office building, it will require a parking lot to be constructed. The applicant is proposing to locate the parking lot behind the main structure and provide landscape screening in conjunction with an existing six foot tall wooden fence to screen the property from the adjacent residential properties.**

**Mr. Brooks further noted that the Future Land Use Plan shows the subject property being located in the Downtown District and designated for Live/Work land uses. The Downtown District contains some of the City's oldest structures and maintains its small town atmosphere by utilizing strategies such as live/work arrangements, historic preservation, and the adaptive reuse of existing buildings. Given the proximity of the subject property to S. Goliad Street and the surrounding Commercial/Retail land uses, the proposed office building appears to be a natural transition from the high-intensity, non-residential land uses west of the subject property**

to the lower intensity land uses east of the subject property. Since the subject property is designated for Live/Work land uses, the existing structure utilized as a single-family home, an office, or both. The applicant's request to convert a single-family home into an office building conforms to the Future Land Use Plan and the strategies implemented in the Downtown District. According to the Unified Development Code, Residential-Office Districts "…recognize the existence of older residential areas where older homes can be converted into low-intensity office uses…" Additionally, the Residential-Office District "…provides low-intensity services such as offices, medical and professional services, and some limited retail businesses to residents in the adjacent neighborhoods…" Residential-Office Districts serve as a transition between high-intensity, non-residential uses or busy arterial roadways to lower intensity residential uses and should have access to major or secondary thoroughfares. With that being said, the applicant's request for approval of a site plan to convert an existing single-family home to an office building appears to be in conformance with the intent of the Residential-Office District. Currently, there is residential adjacency to the east, and the proposed office would serve as a transition between the higher intensity General Retail District land uses to the west of the subject property and the lower intensity residential uses to the east. The Unified Development Code requires a six foot masonry-screening wall be constructed for all non-residential property adjacent to residentially zoned or used property; however, the code does give the Planning and Zoning Commission the discretion to approve alternative landscape screening plans when warranted. In this case, the adjacent residential subdivision has an existing six foot wood fence that extends along the entire adjacency. Based on this, the applicant has indicated a preference to use a thick vegetative screen utilizing trees and bushes in lieu of the required masonry-screening wall and staff has requested an updated landscape plan reflecting these changes; however, the applicant has failed to provide the plan prior to the resubmission date. As a result, staff has added a condition of approval requiring that the applicant resubmit a landscape plan showing canopy trees planted on 20-foot centers and mature bushes planted in a staggered pattern along the eastern property line along the entire residential adjacency. If the Planning and Zoning Commission chooses to approve this alternative screening method the applicant would be required to submit a landscape plan showing conformance to this requirement prior to submitting civil plans and/or a building permit.

Mr. Brooks went on to share that the Architectural Review Board reviewed the building elevations and passed a motion to recommend approval of the site plan. He then advised the Commission that the applicant was present and available for questions.

Commissioner Womble asked if the screening was only required on the one side. Mr. Brooks indicated it is only required on the residential adjacency which in this case is only on the one side. South of the property is the Post Office and west of the property is General Retail District. Commissioner Womble asked if they are removing part of the structure. Mr. Brooks indicated that they are removing the garage.

Commissioner Fishman asked if they require a masonry wall, would they be required to also do the landscape buffer. Mr. Brooks indicated it was discretionary to the Commission. Discussion took place between the Commission in regards to what would be a better fit for the property the landscape buffer or the masonry wall.

Chairman Lyons asked the applicant to come forward.

Jeff Carol
750 E. IH-30
Rockwall, TX

Mr. Carol came forward and provided additional comments in regards to the case. He shared that they feel the living screen makes the most sense in this situation. With the mixture of the bushes and the trees it provides a good buffer to the residential adjacency. He indicated he was available for questions.

Chairman Lyons brought the item back to the Commission for further discussion or action. Chairman Lyons generally shared being in favor of the landscape buffer as it offers a better transition as opposed to the masonry wall. Commissioner Fishman expressed the same opinion.

**Chairman Lyons made a motion to approve SP2019-002 with staff recommendations and the condition that a thick vegetative screen be planted and maintained adjacent to the residential properties to the east. Commissioner Chodun seconded the motion which passed by a vote of 7-0.**

7. SP2019-003

Discuss and consider a request by Matt Moore of ClayMoore Engineering, Inc. for the approval of a site plan for a multi-tenant office/warehouse complex on a 7.52-acre portion of a larger 9.76-acre tract of land identified as Lot 18 and the south portion of Lot 19, Rainbow Acres Addition, City of Rockwall, Rockwall County, Texas, zoned Commercial (C) District, addressed as 407 Ranch Trail, and take any action necessary.

**Senior Planner, Korey Brooks, provided a brief explanation and background pertaining to the request. The applicant is requesting approval of a site plan for a multi-tenant office/warehouse complex on the subject property. The proposed facility consists of 11 office buildings on approximately seven acres. The proposed buildings will be approximately 4,999 square feet, constructed of metal, utilize roll-up doors, and have a pitched roof design. The applicant is proposing to incorporate a seven foot stone and brick wainscot on all building façades that are visible from the street. The remaining buildings will be internal to the complex, be constructed of metal, and will not be visible from the street. In order to provide some variation in the building facades, the applicant is proposing to utilize a contrasting roof and trim color, and utilize metal awnings on the façades visible from the street. Additionally, the applicant is proposing to provide landscape screening adjacent to the northern property line to screen the property from the adjacent residential land uses. According to the applicant, the intent of the development is to provide offices for multiple tenants such as plumbers, contractors, or other similar uses. Additionally the applicant has submitted a treescape plan showing that 38.5 caliper-inches of primary protected trees and 493 caliper-inches of secondary protected trees will be required to be removed to develop the subject property. According to the Unified Development Code, primary protected trees require mitigation calculated on an inch-for-inch basis and secondary protected trees require mitigation of ½ the total caliper inches being removed. Based on the submitted treescape plan, the total mitigation balance for both primary and secondary protected trees is 285 caliper-inches. Since the applicant is planting 150 caliper-inches within the proposed development, the remaining balance will be 135 caliper-inches. The Unified Development Code allows up to 20% of the total tree mitigation to be paid to the City's tree fund. The Unified Development Code gives the City Council the ability to approve alternative tree mitigation agreements, pending a recommendation from the Planning and Zoning Commission. Since the applicant is proposing to exceed the 20% maximum allowable tree mitigation paid to the City's tree fund by proposing 47% of total mitigation balance, an alternative tree mitigation plan will need to be approved by the City Council, pending a recommendation by the Planning and Zoning Commission.**

**Mr. Brooks further noted that the Future Land Use Plan indicates that the subject property is located in the Southwest Residential District and is situated within an area that is identified as a Transitional Area. According to the district, the Transitional Area is defined as, "…currently transitioning from interim land uses and building types to more permanent structures with conforming land uses. These areas should be given special consideration with regard to requests that further the establishment of uses and structures that will improve the property values of the adjacent properties…" In this case, the applicant is proposing a multi-tenant office facility that is composed of metal buildings. This use and the proposed metal buildings are similar to the existing buildings in the area, and the proposed improvements are similar to other buildings that have been approved along Ranch Trail since this area was annexed by the City in 2004. The Unified Development Code states that the Commercial District is a district intended to provide commercial land uses such as retail, large shopping centers, and restaurants. Commercial Districts are generally situated in close proximity to an arterial or major collector that is capable of carrying the traffic generated by the land uses in the district. In addition, these areas may require increased water, fire protection, and wastewater and drainage capacity. Since the Commercial District is general in nature, development standards are less stringent as lower intensity districts such as Residential-Office, Neighborhood Services, and General Retail Districts. In this case, the applicant's proposal is adjacent to County Line Road identified as a Minor Collector on the City's Master Thoroughfare Plan, and the office land use is not typically a high volume water/wastewater user. With regard to the land use, an office complex is permitted by-right in a Commercial District. Additionally according to the Unified Development Code, non-**

**residential developments that are directly across the street from a residential development should incorporate a minimum ten foot landscape buffer that incorporates trees on 50-foot centers. In this case, the applicant's plan does appear to meet the minimum requirements.**

**Mr. Brooks then went over the details of the variances and exceptions that are being requested by the applicant to the construction materials and building articulation. He then advised the Commission the applicant was present and available for questions as well as staff.**

**Chairman Lyons asked the applicant to come forward.**

**Robert LaCroix**
**Scenic Drive**
**Rowlett, TX**

**Mr. LaCroix provided a power point presentation and shared a brief explanation of the request. The presentation included pictures of surrounding metal buildings to the subject property. He provided a picture of the site plan and shared the project will be done in two phases with the complete infrastructure being done in the first phase. He added that they feel this building will be an improvement to the area and owner operated which will allow the owner to maintain the integrity of the site.**

**Following brief discussion Commissioner Welch made a motion to approve to approve SP2019-003 with staff recommendations and recommended approval of the alternative tree mitigation plan. Commissioner Moeller seconded the vote which passed by a vote of 6-0 with Commissioner Logan dissenting.**

VI. DISCUSSION ITEMS

**Planning Manager, David Gonzales, provided a brief update about the outcome of the above referenced case at the City Council meeting.**

8. Director's report of post City Council meeting outcomes for development cases.

- ✓ P2019-002: Lot 2, Block A, Houser Addition [*Approved*]
- ✓ P2019-003: Lot 2, Block B, R. W. Marketcenter Addition [*Approved*]
- ✓ P2019-004: Lot 7, Block A, Temunovic Addition [*Approved*]
- ✓ Z2018-056: Zoning Change (AG to LI) for Friendship Baptist Church (*1st Reading*) [*Approved*]
- ✓ Z2018-057: Amendment to Planned Development District 57 (PD-57) (*2nd Reading*) [*Approved*]
- ✓ Z2018-058: SUP for a Craft Winery and Commercial/Amusement Outdoors (*1st Reading*) [*Approved*]
- ✓ Z2018-059: Zoning Change (SFE-2.0 to SFE-1.5) for 1085 Dalton Road (*2nd Reading*) [*Approved*]

VII. ADJOURNMENT

| | |
|---|---|
| **TO:** | Planning and Zoning Commission |
| **DATE:** | March 12, 2019 |
| **APPLICANT:** | Mathias Haubert; *Bohler Engineering* |
| **CASE NUMBER:** | P2019-009; *Lot 1, Block A, Brakes Plus Addition* |

## SUMMARY

Discuss and consider a request by Mathias Haubert of Bohler Engineering on behalf of Daniel J. Porter of Dynamic Development for the approval of a replat for Lot 1, Block A, Brakes Plus Addition being a 0.653-acre tract of land currently identified as Lots 1 & 2, Billy Peoples #1 Addition, City of Rockwall, Rockwall County, Texas, zoned General Retail (GR) District, situated within the SH-205 Overlay (SH-205 OV) District, addressed as 1902 & 2000 S. Goliad Street [SH-205], and take any action necessary.

## PLAT INFORMATION

☑ The applicant is requesting to replat a 0.653-acre tract of land for the suppose of combining two (2) lots (*i.e. Lots 1 & 2, Billy Peoples # Addition*) into one (1) lot (*i.e. Lot 1, Block A, Brakes Plus Addition*) for the purpose of constructing a minor auto repair garage (*i.e. Brakes Plus*). A minor auto repair garage is permitted with a Specific Use Permit (SUP) in a General Retail (GR) District. The subject property was annexed prior to 1959, is situated within the SH-205 Overlay (SH-205 OV) District, and is zoned General Retail (GR) District.

☑ On October 1, 2018, the City Council approved a request [*Case No. Z2018-040*] for the approval of a Specific Use Permit (SUP) [*Ordinance No.18-45, SUP No. S-197*] to allow a *minor auto repair garage (i.e. Brakes Plus)* in a General Retail (GR) District. Currently the property has two (2) vacant buildings (*i.e. formerly EZ-Mart Gas Station and Pizza Hut*) that will need to be demolished in order to develop the site.

☑ On November 11, 2018, the Planning and Zoning Commission approved a site plan [*Case No. SP2018-030*] and recommended conditional approval (*i.e. with the condition that two [2] faux windows be added to the east elevation*) of the associated variances (*i.e. variances to the vertical and horizontal articulation requirements and pitched roof requirements*) for a minor auto repair garage (*i.e. Brakes Plus*). Subsequently, on November 19, 2018, the City Council approved the variances associated with the approved site plan.

☑ The surveyor has completed the majority of the technical revisions requested by staff, and this plat -- *conforming to the requirements for replats as stated in the Subdivision Ordinance in the Municipal Code of Ordinances* -- is recommended for conditional approval pending the completion of final technical modifications and submittal requirements.

☑ Conditional approval of this plat by the City Council shall constitute approval subject to the conditions stipulated in the *Conditions of Approval* section below and the *Operational Conditions* stipulated in Specific Use Permit (SUP) No. S-197 [*Ordinance No. 18-45*].

☑ With the exception of the items listed in the *Conditions of Approval* section of this case memo, this plat is in substantial compliance with the requirements of the *Subdivision Ordinance* in the *Municipal Code of Ordinances*.

## CONDITIONS OF APPROVAL

If the Planning and Zoning Commission chooses to recommend approval of the replat for *Lot 1, Block A, Brakes Plus Addition,* staff would propose the following conditions of approval:

(1) All technical comments from the Engineering, Planning and Fire Departments shall be addressed prior to the filing of this plat;

(2) The development shall adhere to the *Operational Conditions* stipulated by Specific Use Permit (SUP) No. S-197 [*Ordinance No. 18-45*]; and

(3) Any construction resulting from the approval of this site plan shall conform to the requirements set forth by the Unified Development Code (UDC), the International Building Code (IBC), the Rockwall Municipal Code of Ordinances, city adopted engineering and fire codes and with all other applicable regulatory requirements administered and/or enforced by the state and federal government.

| **TO:** | Planning and Zoning Commission |
| **DATE:** | March 12, 2019 |
| **APPLICANT:** | Pat Atkins of *Saddle Star Land Development, LLC* |
| **CASE NUMBER:** | SP2019-005; *Site Plan for Saddle Star South* |

## SUMMARY

Discuss and consider a request by Pat Atkins of the Saddle Star Land Development, LLC on behalf of CDT Rockwall/2017 LLC for the approval of a site plan for the Saddle Star South Subdivision containing 138 single-family residential lots on a 55.413-acre tract of land identified as Tracts 1, 1-5 & 2-03 of the P. B. Harrison Survey, Abstract No. 97, City of Rockwall, Rockwall County, Texas, zoned Agricultural (AG) District and Planned Development District 79 (PD-79) for Single-Family 8.4 (SF-8.4) District land uses, situated within the SH-205 By-Pass Overlay (SH-205 BY-OV) District, located on the north side of John King Boulevard east of the intersection of Featherstone Drive John King Boulevard, and take any action necessary.

## BACKGROUND

The subject property is a 55.413-acre tract of land located along the north side of John King Boulevard, east of the intersection of Featherstone Drive and John King Boulevard. *Ordinance No. 98-10*, annexed a 44.292-acre portion of the subject property on March 16, 1998. The City Council approved annexation of the remaining 11.121-acre portion of the subject property on May 16, 2016 by *Ordinance No. 16-30* [*A2016-001*]. On January 4, 2016, the City Council approved Planned Development District 79 (PD-79) [*Case No. Z2015-034*], which rezoned the 44.292-acre portion of the subject property from an Agricultural (AG) District to a Planned Development District for a single-family residential subdivision consisting of 113 single-family lots. On June 6, 2016, the City Council approved an amendment to Planned Development District 79 (PD-79) to incorporate the additional 11.121-acre tract of land annexed on March 16, 2016. This increased the number of lots in the subdivision from 113 to 138.

## PURPOSE

On February 19, 2019, the applicant Pat Atkins of Saddle Star Land Development, LLC submitted an application requesting approval of a site plan, landscape plan, and hardscape plan for the purpose of developing a master planned community consisting of 138 single-family homes that will be developed in two (2) phases. Phase 1 will consist of 86 single-family lots, and Phase 2 will incorporate the remaining 52 single-family lots and the proposed amenity center.

## ADJACENT LAND USES AND ACCESS

The subject property is located on the north side of John King Boulevard, east of the intersection of Featherstone Drive and John King Boulevard. The land uses adjacent to the subject property are as follows:

*North*: Directly north of the subject property is the City's corporate boundaries followed by two (2) large tracts of land situated within the City's Extraterritorial Jurisdiction (ETJ).

*South*: Directly south of the subject property is John King Boulevard, which is identified as a P6D (*principle arterial, six [6] lane, divided roadway*) on the City's *Master Thoroughfare Plan*. Beyond this are several tracts of vacant land zoned Agricultural (AG) District.

*East*: Directly east of the subject property is a 29.192-acre vacant tract land zoned Planned Development District 77 (PD-77) for Single Family 10 (SF-10) District land uses. Beyond this are several single-family homes zoned Agricultural (AG) District.

*West*: Directly south of the subject property is John King Boulevard, which is identified as a P6D (*principle arterial, six [6] lane, divided roadway*) on the City's *Master Thoroughfare Plan*. Beyond this arterial is a vacant property zoned Planned Development District 70 (PD-70) for Single Family 10 (SF-10) District land uses. This is the remainder of the Stone Creek Subdivision.

## DENSITY AND DIMENSIONAL REQUIREMENTS

The Saddle Star South Subdivision is a two (2) phase, master planned community that will be composed of 138 single-family, residential lots on approximately 55.413-acres land. The 138 single-family lots will be a minimum of 70' x 125' lots (*or a minimum of 8,750 SF*), and the development will have a gross residential density of 2.49 units per acre. Additionally, the plan will consist of 11.090-acres of open space (*or ~20% of total land area*), meeting PD-79 standards. The plan also shows the addition of a six (6) foot trail system within the open space and a ten (10) foot trail along John King Boulevard. The trail system along John King Boulevard will include a trail rest area situated at the intersection of Randas Way and John King Boulevard. The addition of a playground, pool area, and an amenity center is included with the site plan submittal; however, this will be constructed with Phase 2 of the development.

The submitted site plan, landscape plan, and hardscape plan generally conform to the technical requirements contained within Planned Development District 79 (PD-79) and the Unified Development Code (UDC) for a property located within a PD-79. A summary of the density and dimensional requirements for the subject property are as follows:

| *Ordinance Provisions* | *Zoning District Standards* | *Conformance to the Standards* |
|---|---|---|
| *Minimum Lot Area* | *8,750 SF* | *In Conformance* |
| *Minimum Lot Frontage* | *70-Feet* | *In Conformance* |
| *Minimum Lot Depth* | *125-Feet* | *In Conformance* |
| *Minimum Front Yard Setback* | *20-Feet* | *In Conformance* |
| *Minimum Rear Yard Setback* | *20-Feet* | *In Conformance* |
| *Minimum Side Yard Setback* | *5-Feet* | *In Conformance* |
| *Maximum Building Height* | *30-Feet* | *In Conformance* |
| *Max Building/Lot Coverage* | *65%* | *In Conformance* |
| *Minimum Masonry Requirement* | *90%* | *In Conformance* |
| *Minimum Number of Parking Spaces* | *2-Off Street* | *In Conformance* |
| *Minimum Landscaping Percentage* | *2-(3) inch trees per lot* | *In Conformance* |

*General Notes:*

[1]: The minimum lot width shall be measured at the *Front Yard Building Setback*.

[2]: The location of the *Front Yard Building Setback* as measured from the front property line.

[3]: The *Maximum Height* shall be measured to the eave or top plate (whichever is greater) of the single family home.

[4]: As measured from the rear yard property line.

[5]: Sunrooms, porches, stoops, bay windows, balconies, masonry clad chimneys, eaves and similar architectural features may encroach beyond the *Front Yard Building Setback* by up to ten (10) feet for any property; however, the encroachment shall not exceed five (5) feet on *Side Yard Setbacks (Adjacent to a Street)* and shall not encroach into public right-of-way [a *Sunroom* is an enclosed room no more than 15-feet in width that has glass on at least 50% of each of the encroaching faces.

## TREESCAPE PLAN

The treescape plan indicates a total of 140-caliper inches to be removed from the site. As a note, protected trees are any tree that has a diameter of four (4) inch caliper dbh or greater, with the exception of Bois d'Arc, Willow, Cottonwood, Locust, and Chinaberry. Hackberry and Cedar trees that have a dbh of less than 11 caliper inches are not considered protected trees. Cedar trees represent the majority of the trees being removed on the subject property. The total mitigation balance due for this project is 96-inches. The applicant has indicated that they intend to mitigate for all inches on site [*i.e. Saddle Star South Addition*] in order to satisfy the mitigation balance. This involves planting a minimum of two (2), three (3)-inch caliper trees on each residential lot, including 84 four (4)-inch caliper trees and 112 six (6) foot accent trees along the John King Boulevard 50-foot landscape buffer. This totals 1,260-caliper inches [*i.e. 308 trees x 3-inches = 924-inches + 84 trees in 50-foot buffer x 4-inches = 336-inches*]. Based on the number of inches being applied towards the mitigation balance of 96-inches, the mitigation for this site is considered to be satisfied.

## CONFORMANCE WITH OURHOMETOWN VISION 2040 COMPREHENSIVE PLAN

The Saddle Star South Addition will incorporate district strategy No. 5 (*i.e. John King Boulevard Trail Plan*), which states "A ten (10) foot hike/bike trail should be incorporated along John King Boulevard with rest stops and signage as indicated in *Appendix 'B'* of this Comprehensive Plan." The applicant site plan meets these criterion.

## CONFORMANCE WITH THE CITY'S CODES

On June 6, 2016, the City Council approved an amendment to Planned Development District 79 (PD-79) by amending the concept plan and incorporating an additional 11.121-acres into the existing 44.292-acres development. This amendment created a 55.413-acre Planned Development District (*i.e. PD-79*) allowing for the construction of 138 single family homes. The underlying zoning for this development is the Single-Family 8.4 (SF-8.4) land uses designation; however, PD-79 establishes density and dimensional requirements that regulate this development. Based on the site plan, landscape plan and hardscape plan, the applicant is in conformance with PD-79 *(i.e. Ordinance No. 16-39*).

## PARKS AND RECREATIONS BOARD RECOMMENDATION

On March 5, 2019, the Parks and Recreation Board approved a recommendation to accept the site plan, landscape plan and hardscape plan as presented. It should be noted that the Parks and Recreation Board assessed park fees for Park District No. 6 on June 7, 2016 in the amount of $101,154.00 [*i.e. cash in lieu of land fees = $42,090.00 & pro-rata equipment fees = $59,064.00*], which are due at final plat. These fees are subject to change. In addition, the Parks and Recreation Board approved the following with staff recommendations:

- ✓ The applicant is to provide a 10-foot concrete trail along John King Boulevard as part of the Master Thoroughfare Plan;
- ✓ The applicant is to provide a drinking fountain that includes a dog bowl and jug filler as part of the John King Boulevard 10-foot trail system. This amenity will serve as a trail stop and rest station for the public;
- ✓ When constructed, the trail along John King Boulevard should gently "meander" and not create harsh radii for the safety and enjoyment of the trail users;
- ✓ All amenities and trail features within the Saddle Star South Addition are to be maintained by the Homeowners Association (HOA) and indicated as such on the final plat;
- ✓ The applicant should be aware that fees estimated at the time of approval of the preliminary plat are subject to change and will be due at the time of final plat; and,

- ✓ The installation of the playground equipment should meet all appropriate design, installation and maintenance standards in accordance with the CPSC and ASTM guidelines. The Homeowners Association (HOA) should be made aware that monthly and annual inspections of the playground are required to be performed by a CPSI (Certified Playground Safety Inspector).

**The following are considered to be private amenities; a) amenity center, b) pool, and c) playground. These amenities are expected to be for the private use of the Saddle Star residents only. The amenities are to be maintained by the Homeowners Association (HOA), and therefore would not count toward Mandatory Parkland Dedication Fees.

## CONDITIONS OF APPROVAL

If the Planning and Zoning Commission chooses to recommend approval of the applicant's request to site plan the Saddle Star South Addition, then staff would propose the following conditions of approval:

(1) The applicant shall be responsible for maintaining compliance with the conditions contained within the *Planned Development No. 79 (PD-79)District* ordinance (*i.e. Ordinance No. 16-39*);

(2) The development shall be required to adhere to the recommendations made at the March 5, 2019 Parks and Recreations Board meeting as noted in staff's report;

(3) The applicant will be required to submit a site plan for the Amenities Center prior to final platting Phase 2 of the subdivision; and,

(4) Any construction resulting from the approval of this site plan shall conform to the requirements set forth by the Unified Development Code (UDC), the International Building Code (IBC), the Rockwall Municipal Code of Ordinances, city adopted engineering and fire codes and with all other applicable regulatory requirements administered and/or enforced by the state and federal government.

Discuss and consider a request by Pat Atkins of the Saddle Star Land Development, LLC on behalf of CDT Rockwall/2017 LLC for the approval of a site plan for the Saddle Star South Subdivision containing 138 single-family residential lots on a 55.85-acre tract of land identified as Tracts 1, 1-5 & 2-03 of the P. B. Harrison Survey, Abstract No. 97, City of Rockwall, Rockwall County, Texas, zoned Agricultural (AG) District and Planned Development District 79 (PD-79) for Single-Family 8.4 (SF-8.4) District land uses, situated within the SH-205 By-Pass Overlay (SH-205 BY-OV) District, located on the north side of John King Boulevard east of the intersection of Featherstone Drive John King Boulevard, and take any action necessary.

The following staff comments are to be addressed and resubmitted no later than Tuesday March 5, 2019. Please provide three large copies [24" X 36" FOLDED] and one PDF version for a subsequent review by staff:

** Planning Department General Comments to be addressed:

1. Adherence to Engineering and Fire Department standards shall be required.
2. Label all revised site plan documents with "Case No. SP2019-005" at the lower right corner of each plan.
3. All exterior signage requires submittal and approval of a separate building permit through the Building Inspections Department.

** Please address the following Planning Comments for each plan and resubmit revised plans by date requested above.

Site Plan:
1.Label 50-ft landscape buffer along John King Blvd.
2. Indicate and label subdivision entry monumentation at Randas Way& Emily Drive. Additonlly, entry signs must be on-site and not within any easements.
3. Indicate and label Trail Rest Area on site plan
4. Include percentages for all "open space" areas and add the following note: All common area's/open space to be maintained by HOA.
5. Provide table/legend with all perinent information which includes:
a. Open Space %
b. Total Acres of Site
c. Number of Dwelling Units
d. Zoning (PD-47)
e. Subdivision Name
f. Provide list of amenities within subdivision

6. Add to existing Saddle Star South Plan Legend:
a. Provide tree list for all tree types within subdivision as per Ord. No. 16-39.
b. Provide list of all other landscape materials being used.

7. Indicate all easements (i.e. ss, wtr, etc.) on PD Site Plan.
8. Trail system within open space area needs to meander and match the plans submitted for Hardscape/Landscape and Buffering. Additionally, the trail will need to be a minimum of 6-ft as indicated on hardscape/landscape & buffering plans.
9. Dimension and label right-of-way along John King Blvd.
10. Relabel 'metal' fence as "Wrought Iron" or "Tubular Steel" fence.
11. Provide location of light poles within subdivision - these are not to exceed 20-ft in overall height. Provide detail.
12. Will there be a berm along the 50-ft landscape buffer area? If not, provide shrubbery that is a minimum of 30-inches in height with a maximum height of 48-inches.

| Type of Review / Notes | Contact | Sent | Due | Received | Elapsed | Status | Remarks |
|---|---|---|---|---|---|---|---|

13. Are there any additional trees to be located within the open space area of Phase 2? If so, provide on site plan.

Hardscaped Plan [Screening and Buffering] Detail Plan:
1. Provide an updated Plant Legend for all pages with specific tree types as approved in Ord No. 16-39.
2. Is there a built up berm? If not, provide shrubbery that is a minimum of 30-inches in height with a maximum height of 48-inches.
3. Fence detail needs to indicate wrought iron or tubular steel fencing materials Fence columns to be spaces at 45-ft O.C.
4. Street names to match PD Site Plan. Names to be approved by the GIS Department (Lance Singleton, GIS Supervisor).

Landscape/Treescape Plan:
1. Update tree legend by providing a list of tree types that are approved in Ord No. 16.39
2. Provide all other landscape materials (i.e. type, species, etc.) being used within development.
3. Delineate and label 50-ft landscape buffer along John King Blvd.
4. Built-up berm or shurbs or both? Indicate on plan to match PD Site Plan.
5. Based on the number of inches being removed and the number of inches provided on site, the mitigation is considered to be satisfied, pending approval of the Planning and Zoning Commission.

** The following are scheduled meeting dates that you and/or your representative(s) are required to attend regarding the Site Plan request. If you have any questions regarding this case, please feel free to contact David Gonzales, AICP with the Planning Department at 972-771-7745.

Meeting Dates to Attend:

Planning - Work Session: February 26, 2019 (6:00p.m.) [Applicant to present case to P&Z for discussion]

Planning - Action: March 12, 2019 (6:00p.m.) [P&Z to take action (i.e. approve, approve with conditions, deny)]

| PLANNING | David Gonzales | 3/6/2019 | 3/8/2019 | 3/6/2019 | | COMMENTS | Revision 1 |

| Type of Review / Notes | Contact | Sent | Due | Received | Elapsed | Status | Remarks |
|---|---|---|---|---|---|---|---|

The following staff comments are to be addressed and resubmitted no later than Tuesday March 19, 2019. Please provide three large copies [24" X 36" FOLDED] and one PDF version for a final/subsequent review by staff:

* Planning Department General Comments - Revision 1 - 03.06.2019
1. Adherence to the Parks and Recreations Board recommendations from the March5, 2019 meeting.

** Please address the following Planning Comments for each plan and resubmit revised plans by date requested above:

Site Plan:
1. Minimum required Open Space per PD-79 is 11.29-acres (or 20%). Review and recalc open space.
2. Update table/legend for the following:
a. Open Space %
b. Zoning (PD-79)
3. Will there be a berm along the 50-ft landscape buffer area? If not, provide shrubbery that is a minimum of 30-inches in height with a maximum height of 48-inches. The plan does not indicate whether a berm is being used or what height or species of shrubbery is being used.

Landscape/Treescape Plan:
1. Built-up berm or shurbs or both? Indicate on plan to match PD Site Plan.

** The following are scheduled meeting dates that you and/or your representative(s) are required to attend regarding the Site Plan request. If you have any questions regarding this case, please feel free to contact David Gonzales, AICP with the Planning Department at 972-771-7745.

Meeting Dates to Attend:

PLANNING AND ZONING COMMISSION CASE MEMO

**PLANNING AND ZONING DEPARTMENT**
385 S. GOLIAD STREET • ROCKWALL, TX 75087
PHONE: (972) 771-7745 • EMAIL: PLANNING@ROCKWALL.COM

| | |
|---|---|
| **TO:** | Planning and Zoning Commission |
| **DATE:** | March 12, 2019 |
| **APPLICANT:** | Jeff Bresee; SET Engineers |
| **CASE NUMBER:** | Z2019-003; SUP for RISD Practice Field |

## SUMMARY

Hold a public hearing to discuss and consider a request by Jeff Bresee of SET Engineers on behalf of James Watson of the Rockwall Independent School District (RISD) for the approval of a Specific Use Permit (SUP) for a Private Sports Arena, Stadium or Track on a 35.295-acre parcel of land identified as Lot 1, Block A, Rockwall High School Addition, City of Rockwall, Rockwall County, Texas, zoned Commercial (C) District, situated within the IH-30 Overlay (IH-30 OV) District, addressed as 901 W. Yellow Jacket Lane, and take any action necessary.

## BACKGROUND

The subject property is located at the southeast corner of the intersection of Yellow Jacket Lane and Greencrest Boulevard and is addressed as 901 W, Yellow Jacket Lane. The property was annexed in 1960, is situated within the IH-30 Overlay (IH-30 OV) District, and is zoned Commercial (C) District. On February 18, 1991, the City Council approved a request [*Case No. P&Z 91-03-Z/SP/PP*] for a change in zoning from a Multi-Family 15 (MF-15) District to a Commercial (C) District. Included with that request was the approval of a site plan and a preliminary plat for a school (*i.e. Rockwall High School*). In June, 1991, the City Council approved a request [*Case No. P&Z 91-21-CUP*] for a Conditional Use Permit (CUP) [*Ordinance No. 91-28*] to allow less than 90% masonry materials on the façade of the building, and later amended the Conditional Use Permit (CUP) [*Ordinance No. 91-51*] to include an additional structure. In August 1998, the City Council approved a site plan [*Case No. PZ-1998-39-2*] for an additional parking lot for the existing school (*i.e. Rockwall High School*).

## PURPOSE

The applicant is requesting the approval of a Specific Use Permit (SUP) for a *Private Sports Arena, Stadium, or Track* on the subject property. Currently, the Rockwall Independent School District (RISD) utilizes this area as an existing multi-purpose field that serves as a practice facility for various sports (*e.g. softball, baseball, football, soccer, discus, etc.*). According to the applicant, in order to protect vehicles and/or patrons of the commercial businesses (*e.g. Rooms-To-Go, Heritage Buick-GMC, and the future Texas Roadhouse Restaurant and Marriott Towneplace Suites hotel*) adjacent to the field, the school is requesting to construct a 40-foot fence/netting combination around the perimeter of the field.

## ADJACENT LAND USES AND ACCESS

The subject property is located at 901 W. Yellow Jacket Lane. The land uses adjacent to the subject property are as follows:

*North*: Directly north of the subject property is Yellow Jacket Lane, which is identified as a M4D (*major collector, four [4]-lane, divided roadway*) on the City's Master Thoroughfare Plan. Beyond this is a sports complex (*i.e. Spring Sports Complex*) followed by a single-family residential subdivision (*i.e. Waterstone Estates*). These areas are zoned Single-Family 7 (SF-7) District.

*South*: Directly south of the subject property are several commercial businesses (*e.g. Rooms-To-Go and the future Texas Roadhouse and Marriott Towneplace Suites hotel*). Beyond this is IH-30, which is identified as a *TxDOT Roadway* on the City's Master Thoroughfare Plan. Following this are several commercial businesses (*e.g. Sleep Experts, FedEx, and Chipotle*) that are zoned Commercial (C) District.

*East*: Directly east of the subject property is a car dealership (*i.e. Heritage Buick-GMC*) followed by Kyle Drive, which is identified as a *Minor Collector* on the City's Master Thoroughfare Plan. Beyond this is a Rockwall Independent School District (RISD) athletics field for track and field events, and a multi-family residential development (*i.e. Missions Rockwall Apartments*). These areas are zoned Commercial (C) and Multi-Family 14 (MF-14) Districts. Beyond this are two (2) car dealerships (*i.e. Rockwall Chrysler and Rockwall Ford*) that are zoned Commercial (C) District.

*West*: Directly west of the subject property is a tract of land that is being developed for a hotel (*i.e. Marriott Towneplace Suite*s). Beyond this is a vacant tract of land followed by Greencrest Boulevard, which is identified as a *Minor Collector* on the City's Master Thoroughfare Plan. Following, are several commercial businesses (*e.g. Dominos, Fireside Chicken and Tacos, Wal-Mart*) that are zoned Commercial (C) District.

## CHARACTERISTICS OF THE REQUEST

The applicant is proposing to replace the existing natural grass field with artificial turf, to utilize a ten (10) foot tall black vinyl coated chain link fence installed one (1) foot inside the boundaries of the practice field. The fence will be topped with 30-foot tall black netting and lights, which will be installed at the top of the poles adjacent to the north and south boundaries of the field. The proposed field will be serve as a practice field for the school's sports teams, intramural sports, physical education classes, and some other uses not identified by the applicant. According to the applicant, the field will be utilized mostly during the day; however, the applicant intends on the field being utilized (on a limited basis) atnight. According to the applicant, this project is a part of the Rockwall Independent School District's (RISD's) bond program that includes a provision for a practice facility for the softball and baseball team. Granting this request will enable the field to be more functional and meet that purpose.

## CONFORMANCE WITH THE CITY'S CODES

According to Subsection 3.3, *Minimum Requirements*, of Section 3, *Outdoor Lighting for Non-Residential Properties*, of Article VII, *Environmental Performance*, of the Unified Development Code (UDC), "…the maximum allowable light intensity measured at the property line of any non-residentially zoned lot shall be 0.2 of one [1] footcandle (FC)…" It goes on to state "...for planned shopping centers or other commercial developments that contain more than one (1) lot, the Planning and Zoning Commission may consider lighting plans that result in light spillover across common lots within the same development…however; in no case shall light levels exceed 0.2 of one [1] footcandle (FC) at the property lines adjacent to the street and/or along the perimeter of the development…" In this case, the photometric plan submitted by the applicant shows that the light intensity along the east and west boundaries range from 0.1 FC to 0.3 FC. Along the north and south boundaries (*i.e. where the lights will be installed*), the light intensity range from 0.1 FC to 0.9 FC. Staff should note, this practice field is located toward the rear of the school (*i.e. away from the property lines adjacent to the street*) and this request does not appear to affect the light intensity levels adjacent to the street (*i.e. adjacent to Yellow Jacket Lane*). With that being said, since the proposed lighting exceeds the maximum light intensity of 0.2 FC at the southeast property line approving this request will effectively waive the lighting requirements with regard to lighting spillover. Additionally, the Unified Development Code (UDC) requires that light sources be oriented down and toward the center of the site or shielded so as not to be visible from the property line. The proposed light fixtures will be oriented toward the center of the site and partially shielded; however, due to the proposed use (*i.e. to light a practice field*) combined the height of the light poles (*i.e. 40-feet in height*), there is a possibility that the lights will be visible from the

property line. Since this does not meet the requirements of the Unified Development Code (UDC), approving this request will effectively waive the lighting requirements with regard to the shielding and orientation of the lights. Subsection 6.01G, *Lighting Standards*, of Subsection 6.01, *Overlay Districts*, of Article V, *District Development Standards*, of the Unified Development Code (UDC), "…any light fixture, light pole, pole base, or a combination thereof shall not exceed a height of 30-feet…" within the IH-30 Corridor Overlay (IH-30 OV) District. In this case, the proposed light fixtures will be mounted on the top of 40-foot tall light poles and oriented toward the field. Since this exceeds the maximum allowable height of 30-feet, approval of this request will effectively waive the lighting requirements with regard to the maximum allowable height of light poles within the IH-30 Overlay (IH-30 OV) District.

Article XI, *Fences*, of Chapter 10, *Buildings and Building Regulations* of the Municipal Code of Ordinances requires all chain link fences to be setback a minimum of 10-feet from the property line unless "…completely screened from the adjacent public areas by a structure or a solid landscape screening…" In this case, the proposed fence appears to be partially screened from Yellow Jacket Lane by the main building and partially screened from IH-30 by the adjacent commercial business (*i.e. Rooms-To-Go and Heritage Buick-GMC*) and will seemingly have limited visibility from Yellow Jacket Lane and IH-30. With that being said, the Planning and Zoning Commission is tasked with determining if the existing buildings provide sufficient screening of the adjacent public areas, if additional screening/landscaping is required, and/or if approval of this request is warranted.

## STAFF ANALYSIS

When analyzing the applicant's request (*i.e. to install fencing, netting, and lighting on the practice field*), it appears that the proposal generally conforms to the Unified Development Code (UDC) with the exception of the items listed above. Given the proposed use (*i.e. a practice field*), one could reasonably expect this type of development to vary from the lighting standard. Typical fields of this type appear to utilize similar light fixtures. According to the applicant, the proposed lighting is designed to provide the *minimum level* of light needed for a practice field *(i.e. the design is lower intensity than typical stadiums and other competition facilities*). The applicant has stated that since the surrounding properties are commercial land uses and utilizes similar lighting, the proposed lighting will not adversely affect the neighboring properties. Staff should note, although the neighboring commercial businesses utilize lighting that is similar in *height*, the light fixtures are shielded and oriented downward. The Unified Development Code (UDC) allows the Planning and Zoning Commission to consider lighting plans that result in spillover for planned shopping centers or other commercial developments with common lot lines. Although Rockwall High School and the adjacent commercial developments are not considered to be a planned shopping center, the adjacent commercial businesses and the main building on campus seem to serve as a buffer from the residential properties to the north. When looking at the proposed chain link fence and netting, the fence appears to have limited visibility from IH-30. Specifically, the Rooms-To-Go, which is located adjacent to the practice field, ranges from 28-feet to 43-feet in height. Additionally, the Room-To-Go appears to rest at a slightly higher elevation than the practice field (*i.e. ~572-feet v. s. 570-feet above sea level*); however, this does not negate the possibility of the netting and lights being visible from IH-30. Given the location of the proposed field combined with the height of the proposed netting and lights, the Planning and Zoning Commission is tasked with considering if this request will adversely affect the neighboring properties and providing a recommendation to the City Council. Should this request be approved, staff has recommended to the applicant to provide a thick vegetative screening along the adjacent property lines (outside of the fence), which consists of a combination of mature trees, bushes, and tall grasses. This will require the applicants to provide staff with an updated concept plan reflecting the proposed screening. Additionally, this may require that the proposed fence is shifted inward to accommodate the additional landscaping.

## NOTIFICATIONS

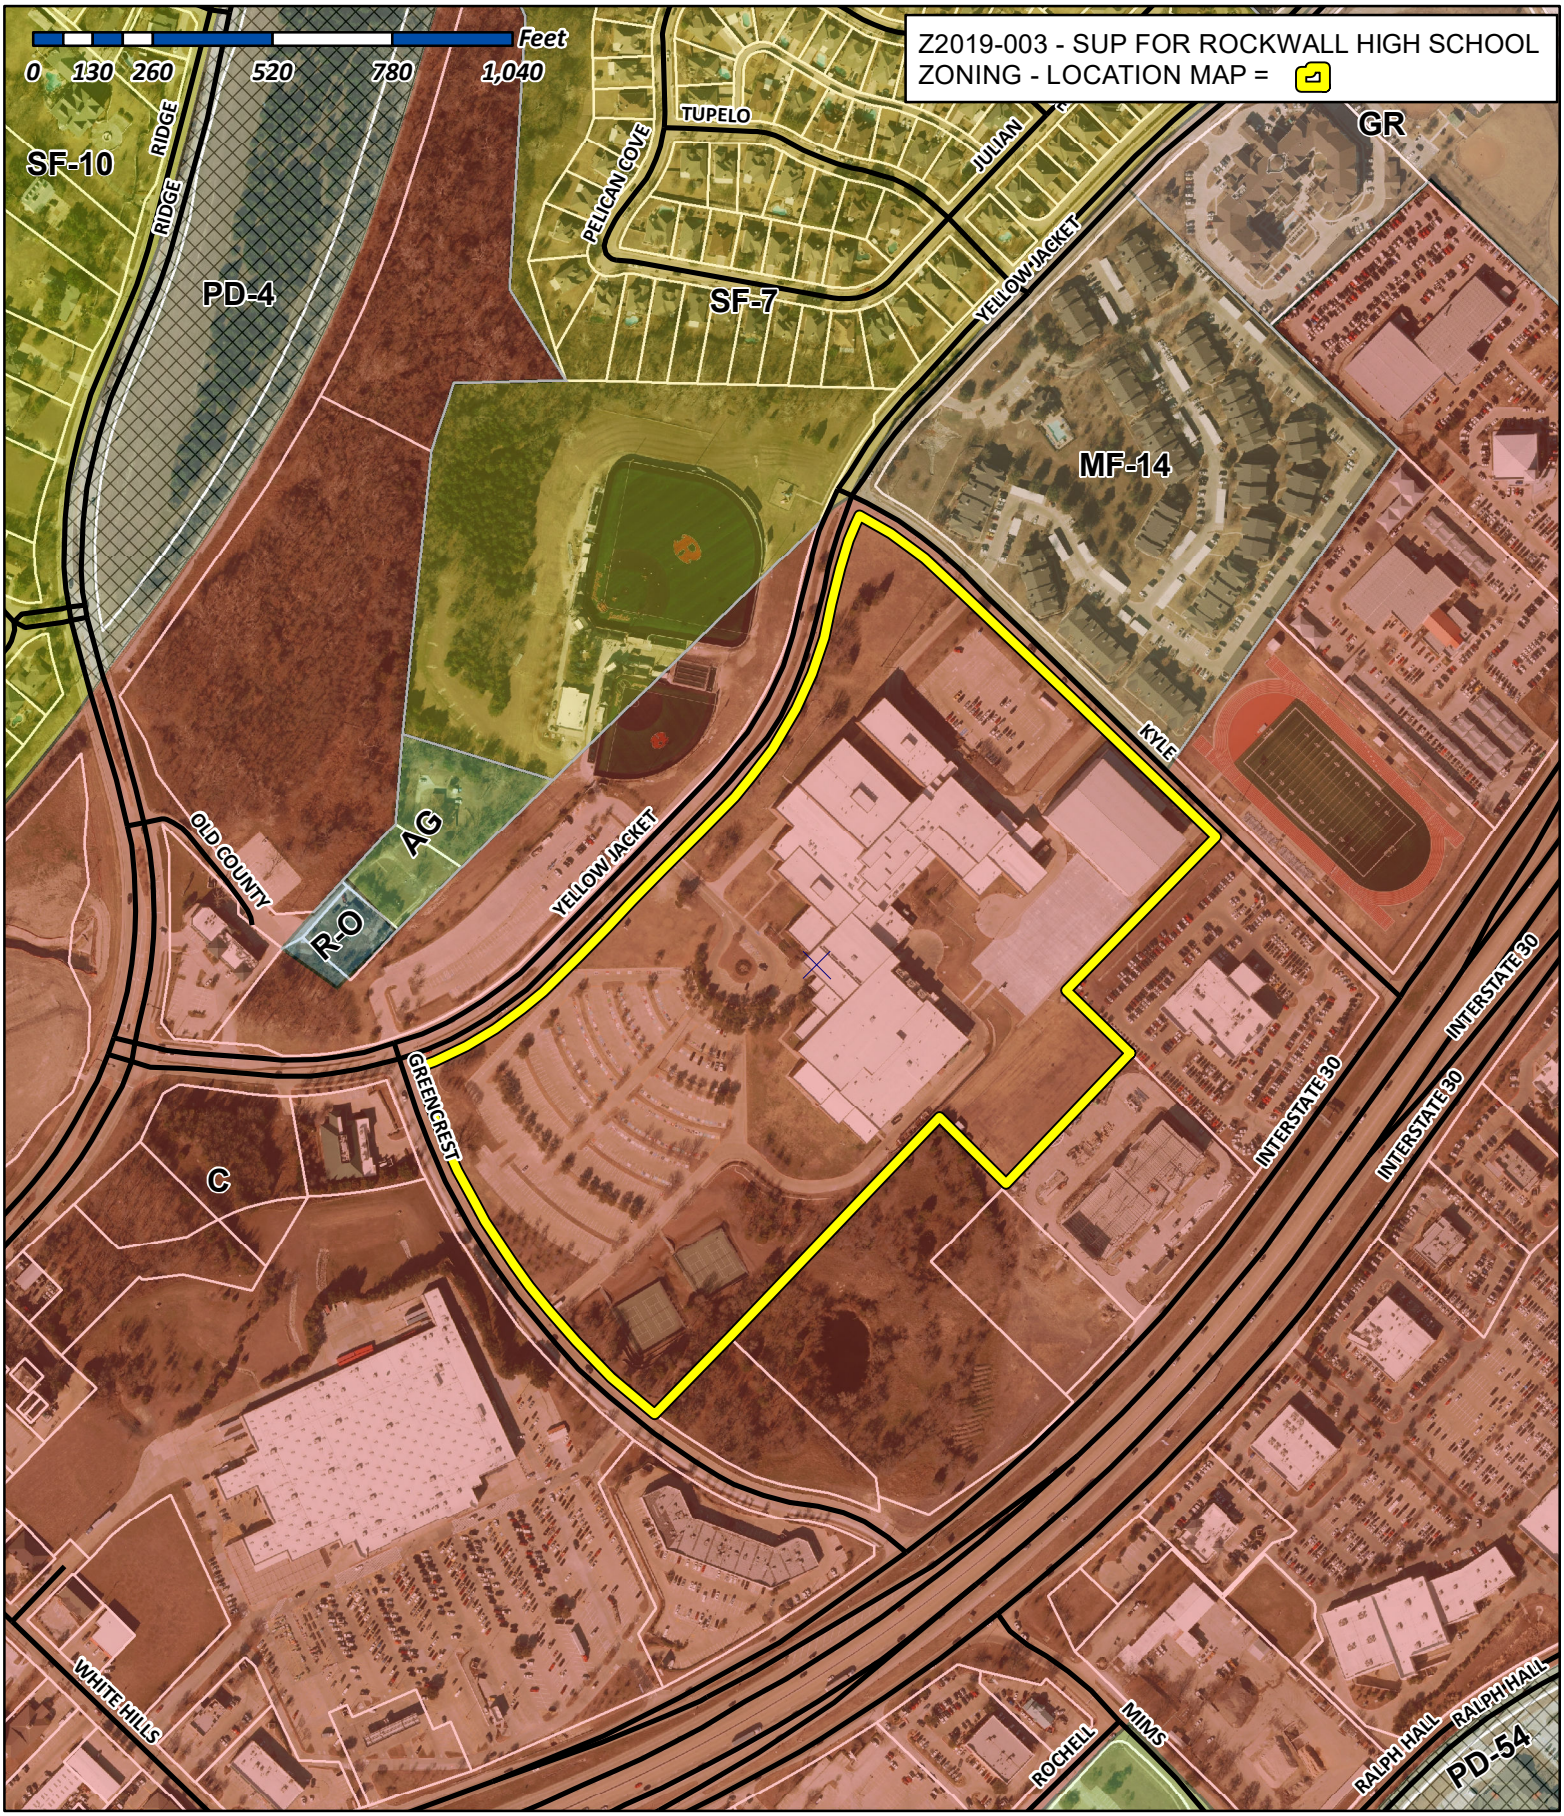
On February 22, 2019, staff mailed notifications to 39 property owners/residents within 500-feet of the subject property. Additionally, staff notified the Turtle Cove and Waterstone Homeowner's Associations

(HOA's), which are the only Homeowner's Associations/Neighborhood Organizations that are within 1,500-feet of the subject property and participating in the Neighborhood Notification Program. At the time this report was written, staff had not received any notices concerning this case.

## CONDITIONS OF APPROVAL

If the Planning and Zoning Commission chooses to recommend approval of the applicant's request for a Specific Use Permit (SUP), then staff would propose the following conditions of approval:

(1) The applicant shall be responsible for maintaining compliance with the operational conditions contained in the SUP ordinance and summarized as follows:



a) The private arena, stadium, or track shall generally conform to concept and photometric plans and elevations depicted in Exhibits '*B*', '*C*', and '*D*' of the attached ordinance;

b) The applicant shall provide a thick vegetative screening utilizing a combination of mature trees, bushes, and/or grasses adjacent to the property line;

c) The applicant shall submit a revised concept plan showing the location of the proposed landscaping; and

d) The light fixtures shall not be mounted above 40-feet in height.

(2) Any construction resulting from the approval of this zoning change shall conform to the requirements set forth by the Unified Development Code (UDC), the International Building Code (IBC), the Rockwall Municipal Code of Ordinances, city adopted engineering and fire codes and with all other applicable regulatory requirements administered and/or enforced by the state and federal government.

**Subject:** Neighborhood Notification Program: Notice of zoning request
**Attachments:** HOA Map.pdf; PUBLIC NOTICE.PDF

To whom it may concern:

Per your participation in the Neighborhood Notification Program, you are receiving this notification to inform your organization and residents of a request for a zoning change that lies within 1,500 feet of the boundaries of your neighborhood or subdivision. As the primary contact for the organization, you are encouraged to share this information with the residents of your subdivision. Please find attached a map detailing the location of the subject property requesting the zoning change in relation to your subdivision boundaries. Additionally, below is a summary of the zoning request that was published in the Rockwall Herald Banner ***February 22, 2019***. The Planning and Zoning Commission will hold a public hearing on ***Tuesday 3/12/2019 at 6:00 p.m.***, and the City Council will hold a public hearing on ***Tuesday, 3/18/2019 at 6:00 p.m***. These hearings will be held in the City Council Chambers at City Hall, 385 S. Goliad Street. These hearings will be held in the City Council Chambers at City Hall, 385 S. Goliad Street. If you have any questions or comments regarding this request, the contact information for the Planning Department is listed below. Additional information can also be found at https://sites.google.com/site/rockwallplanning/development/development-cases

> **Z2019-003 Hold a public hearing to discuss and consider a request by Jeff Bresee of SET Engineers on behalf of James Watson of the Rockwall Independent School District (RISD) for the approval of a Specific Use Permit (SUP) for a *Private Sports Arena, Stadium or Track* on a 35.295-acre parcel of land identified as Lot 1, Block A, Rockwall High School Addition, City of Rockwall, Rockwall County, Texas, zoned Commercial (C) District, situated within the IH-30 Overlay (IH-30 OV) District, addressed as 901 W. Re: Rockwall High School Multipurpose Synthetic Turf Field – Field Netting & Lights

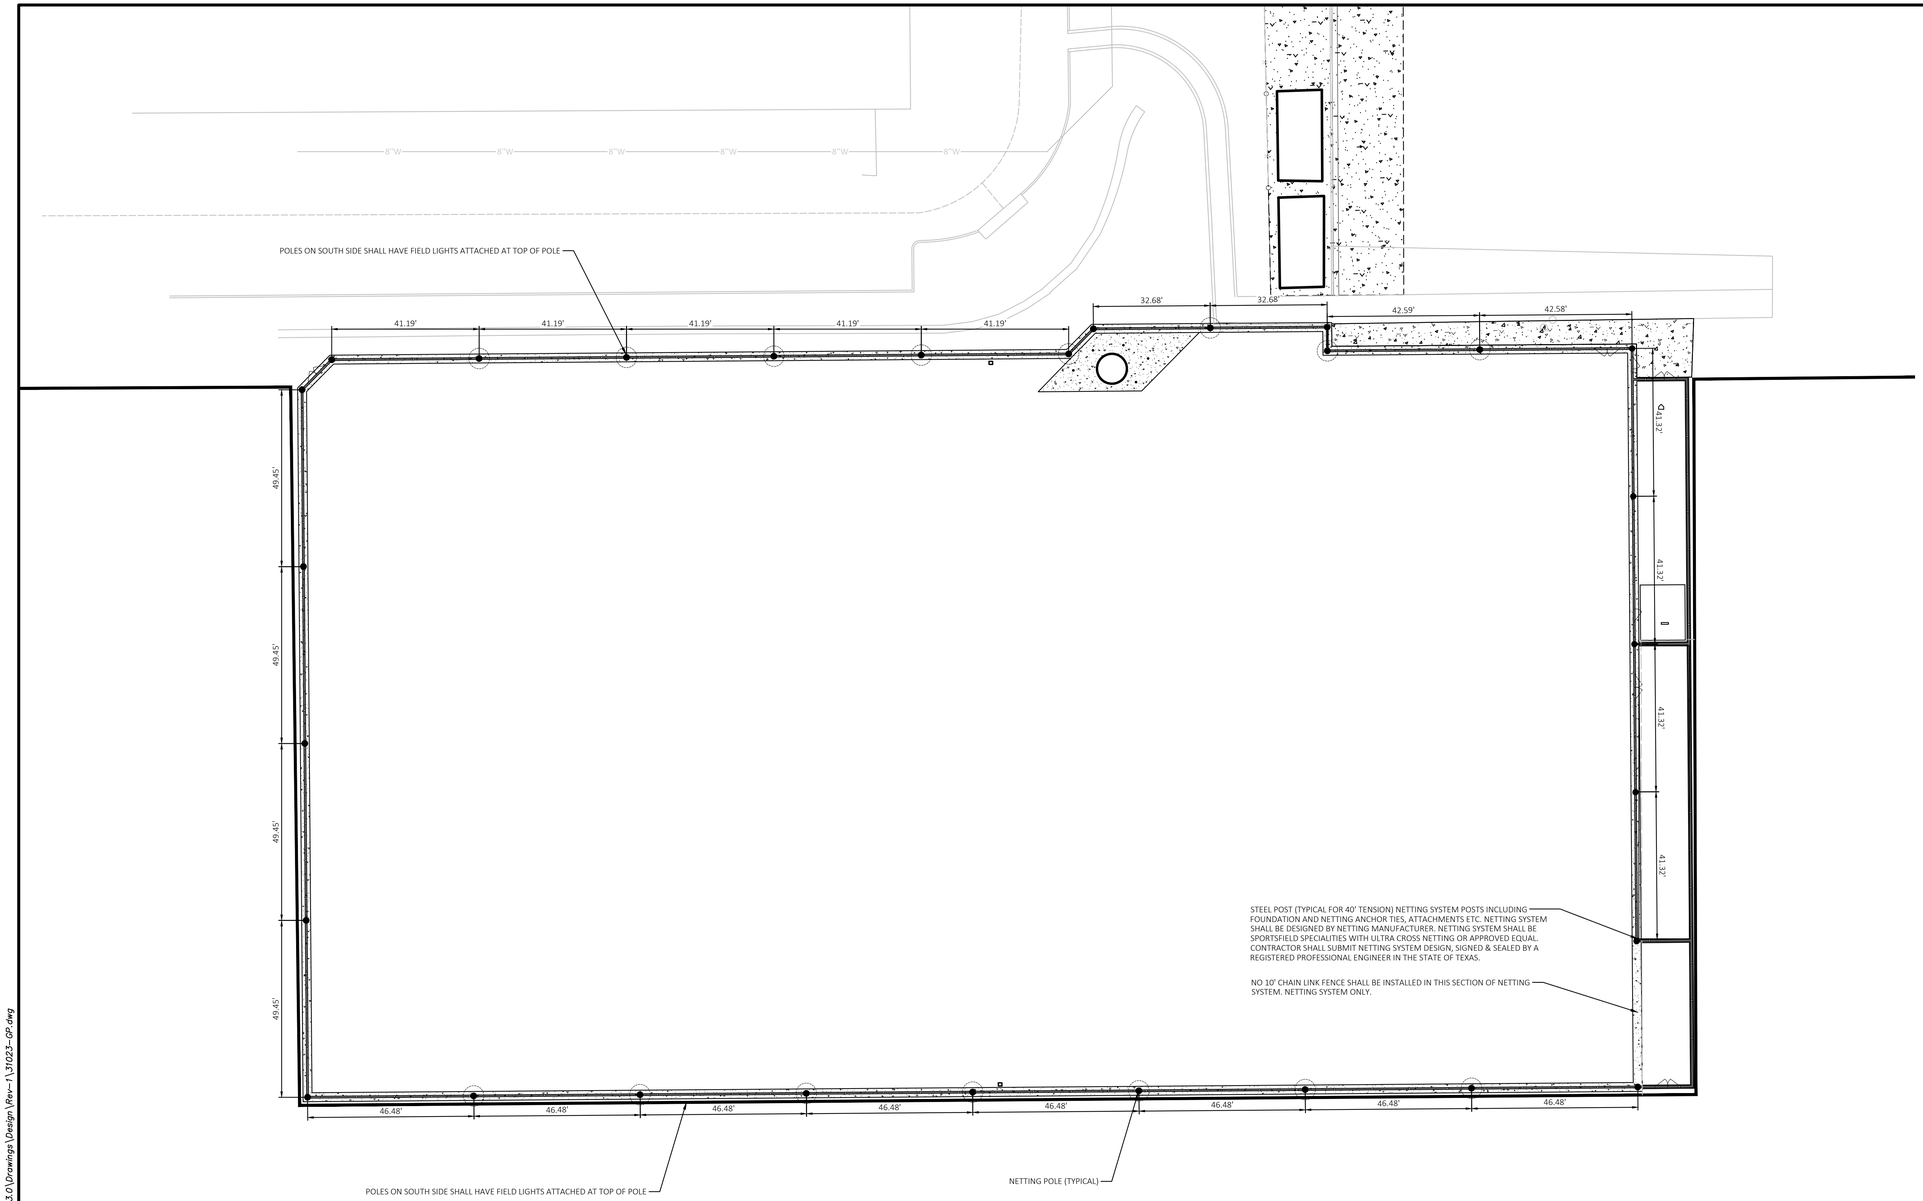
Dear Mr. Gonzales:

Rockwall ISD desires to convert their existing natural grass multipurpose field at Rockwall High School (field that lies immediately North of Rooms-To-Go) into a synthetic turf field. As this field is surrounded by commercial properties on three sides, in order to protect vehicles and/or patrons at these businesses, the school desires to construct a 40-foot tall fence/netting combination (10-foot black coated vinyl chain link fence topped with 30-foot black netting) around the perimeter of the field. This will also enable the fields to be more functional for their intended purpose (project is part of RISD's bond program to provide a practice facility for the softball and baseball teams (although the field will be used for football, soccer, discus and lacrosse practice as well) and it will prevent balls from leaving the field area.

In addition to the netting system, the District desires to install lights atop each of the netting poles that align the North and South sides of the field. As the field will be used by many of the school's sports teams for practice as well intermural teams, PE and other uses, it is desired that the field be made useable during night hours (limited of course by city ordinance).

In adding the lights, the District is seeking variance to the ordinance limiting light spillage to 0.2 lumens or less beyond the line 1-foot outside of the District's property lines. The deign of the proposed lights (for which we have included a photometric plan) is to provide the minimum level of light needed for the practice of school sports (design is not to the level typical for stadiums and other competition facilities). As the surrounding properties are commercial entities that also light their grounds, the District feels that the proposed lighting design will not adversely affect the neighboring properties.



I have included cut sheet information for the netting system and the lights. Please let me know if you need anything further or have any questions.

Sincerely,

SET Engineer, Inc.

Jeff Bresee, P.E.

# All-Field 750

## Introducing the latest in LED sports lighting innovation

**The All-Field 750 is the most versatile LED fixture available for your sporting venue.**

Versatile mounting bracket is designed for ease of installation in new or retrofit applications

Weather-tight design ensures durability even in harsh environments

Solid-state design (no moving parts) provides maintenance free operation

Ability to monitor health and status of each light

Low electromagnetic interference (EMI) noise generation eliminates interference with surrounding electrical systems

Wireless control options provide flexibility for operational usage and fan experience enhancements

Custom engineered optics direct light precisely where needed while minimizing glare.

**Easy RETROFIT to your existing sports lighting system**

TECHLINE SPORTS LIGHTING

TECHLINE SPORTS LIGHTING

Your Eaton's Ephesus Lighting Authorized Reseller

# All-Field 750

Techline Sports Lighting introduces the All-Field 750 Sport LED fixture, the ideal solution for any setting including little league, municipal parks, high school, college and semi-professional outdoor sports venues. The All-Field 750 is the leading choice for all outdoor applications including football, soccer, tennis, baseball, softball, lacrosse, and field hockey. Maintenance free operation and precisely delivered HDTV quality light make the All-Field 750 the perfect choice for any application and provide an excellent return on investment.

## PERFORMANCE SPECIFICATIONS

| | All Field 750 |
|---|---|
| Lumen Output[1] | >83,000 Lumens |
| System Watts | 750 watts |
| Input Voltage (High) | 277VAC - 480VAC |
| Input Voltage (Low) | 120VAC - 240VAC |
| CCT | 5700K |
| L70 Hours | >160,000 hours at 25° C |
| Operating Temp Range | -40°C to 55°C |
| Surge | 6kV |
| IP Rating | IP66 |
| NEMA Rating | NEMA 4X |
| Effective Projected Area | 1.4 ft$^2$ |
| Approximate Weight[2] | 45 lbs. (20.45 kgs) |

The All-Field 750 Sport LED is available with wireless or wired control to provide operational, monitoring and entertainment capabilities. Entertainment options include individual LED cluster control and 0-10V dimming. Fixture connectivity options are available from standard wired DMX to wireless Air-Mesh technology. Cellular, WiFi, or Bluetooth link enables telemetry to monitor health and status of each sport LED fixture.

## ORDERING OPTIONS

| MODEL | WATTAGE | OPTICS | VOLTAGE | CONTROLS |
|---|---|---|---|---|
| AF | 750 | NEMA 2 | VH - HIGH VOLTAGE | NC - NO CONTROLS |
| | 550 | NEMA 3 | VL - LOW VOLTAGE | AM - AIR MESH |
| | 400 | NEMA 4 | | |
| | | NEMA 5 | SPILL CONTROL OPTION - EYELID | |

1. The specifications listed were obtained under optimal testing conditions. Changes in options, features and conditions may result in slightly different perfomance specifications among fixtures.

2. Weight may vary depending on mounting bracket selection.

Clean power is required to ensure proper function and lifetime of LED fixtures. Prior to installation, an analysis should be performed to verify site power meets these requirements:

- High frequency voltage should be below -40dB or .01V between 3KH and 100KHz
- High frequency current should be below -50dB or .019A between 3KHz and 100KHz

Surge protection alone is not adequate. Techline Sports Lighting will not be liable for damage to fixtures due to poor power quality. Contact Techline Sports Lighting for more information.

Drawing Title: 40' NETTING FOOTING DETAILS

Drawing No.: SK-01

# Ground Sleeve Install

1. Mark the locations of the ground sleeves on the field. Being sure to match the center distance to the desired system.

2. Excavate holes for foundations and set the concrete forms.

3. Center the ground sleeve in the form and secure it in a plumb and level position. The top of the ground sleeve should be set according to the site plans (Generally level with Finish Grade).

4. Pour concrete foundation to the top of the sleeve. Allow concrete to adequately cure.

5. Caulk all around the top of the ground sleeve, using backer rod where needed to prevent the caulk from falling into the ground sleeve.

## 2. Assembling Hardware

a) Start by laying out the cables to ensure the proper lengths are present for each run. Cut the cable as necessary based on each run, adding a 6” turn back at each end of the cable.

b) Start the horizontal tensioned cables (5/16” DIA) by assembling a 5/8” x 12” turnbuckle to an eye bolt at one end (Figure 1). The wire will pass through the poles at which the cable run does not terminate (Figure 2). At the poles where the cable run terminates, attach the cable with turn back and rope clips directly to the eye bolt at opposite end (Figure 3).

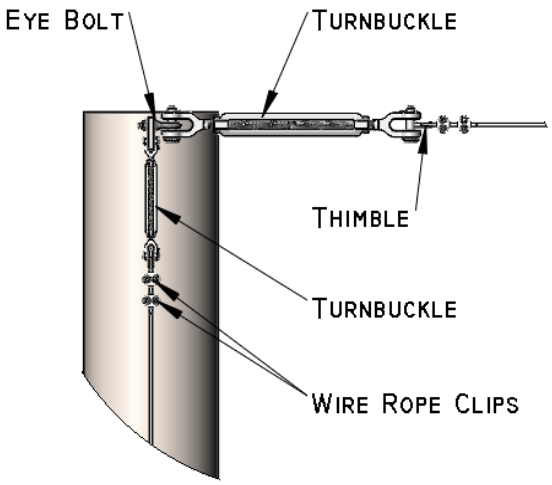

**Figure 1**

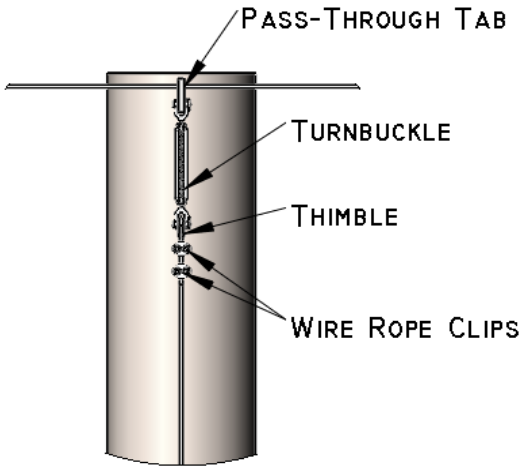

**Figure 2**

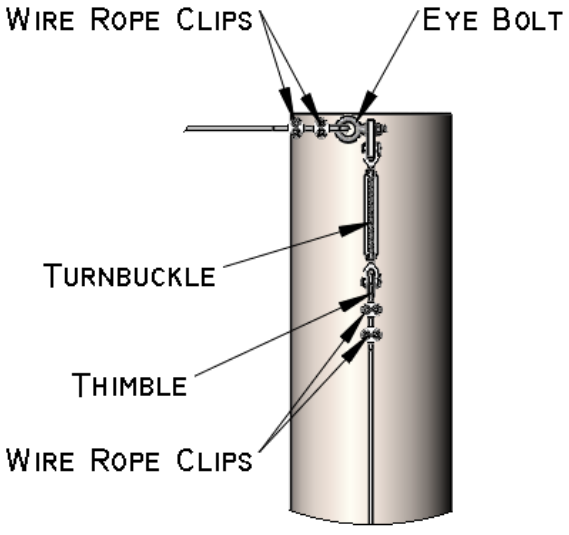

**Figure 3**

c) The horizontal cables can be finished with the bottom (1/4" DIA) cable. This cable is assembled the same way as the tensioned cables. Start the cable by attaching to an eye bolt at one end (Figure 4). The cable will pass through a series of eye bolts (recommended 5' spacing) or equivalent guides, then through the poles at which the cable run does not terminate (Figure 5). At the end pole where the cable run terminates, attach the cable (with turn back and rope clips) directly to the eye bolt (Figure 6).

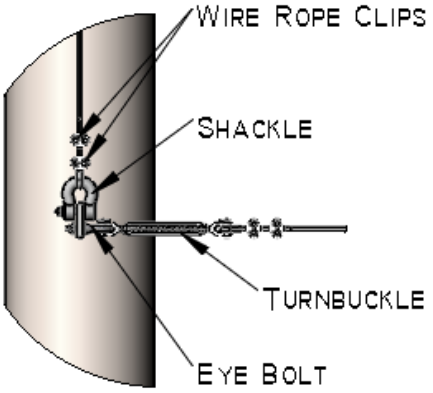

**Figure 4**

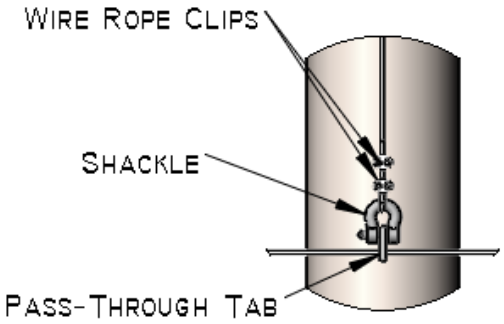

**Figure 5**

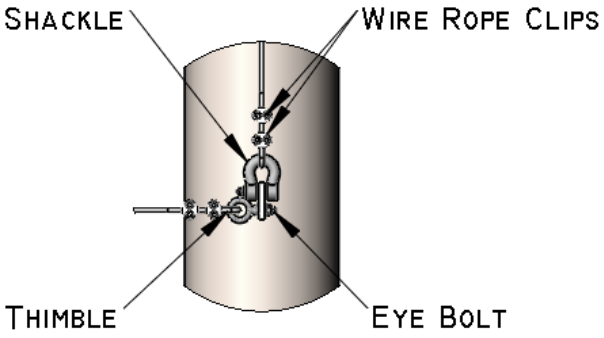

**Figure 6**

d) Vertical cables (1/4" DIA) can be done the same way as the tensioned cables, with a 1/2" x 9" turnbuckle at the top of the pole (Figure 7) and a heavy-duty shackle at the bottom of the pole (Figure 9). Make sure to thread the vertical cables through the guide tube (Figure 8).

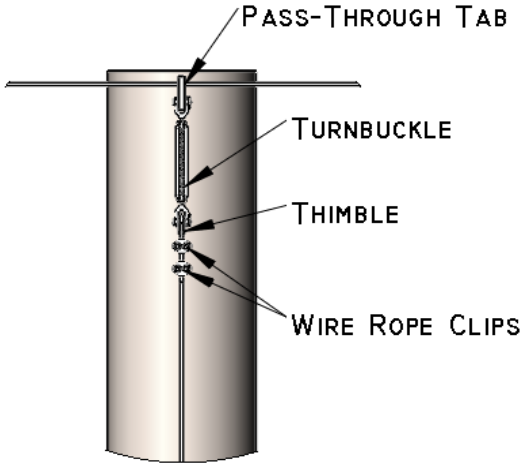

**Figure 7**

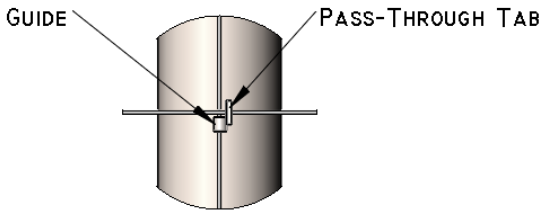

**Figure 8**

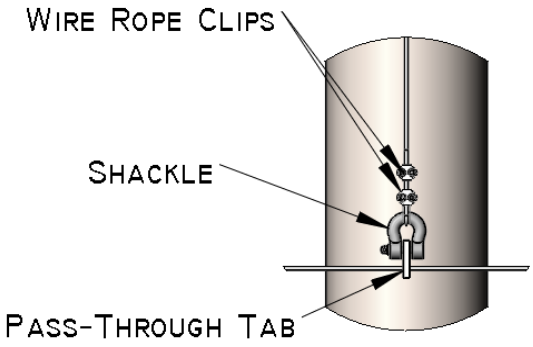

**Figure 9**

e) Once all of the cables have been mounted on the poles, tension the horizontal and vertical cables with the turnbuckles. Do not tighten turnbuckles so much that the poles themselves deflect.

f) Now the nets can be hung from the assembled cables. Using the zip-ties, pull the net to the top, each side cable, the remaining horizontal cables and then the bottom cable. Finally, the net can be secured to the cables using the supplied braided rope, looping through each square of the net binding and around the cable (Figure 10). For Ultra Cross netting systems, it's important to leave excess material along the net perimeter (i.e. no short tag ends and a minimum of one extra square) so that the net intersection doesn't fail prematurely.

**Figure 10**

SSI tension netting system poles are designed to strength, not deflection. As a result, some deflection will occur during installation and should be considered normal. Deflection may also be evident in calm conditions, particularly on the outer most poles of a given tension netting system.

**ORDINANCE NO. 19-XX**

**SPECIFIC USE PERMIT NO. S-XXX**

**AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, AMENDING THE UNIFIED DEVELOPMENT CODE (UDC) OF THE CITY OF ROCKWALL, ROCKWALL COUNTY TEXAS, AS PREVIOUSLY AMENDED, SO AS TO GRANT A SPECIFIC USE PERMIT (SUP) TO ALLOW FOR A PRIVATE SPORTS ARENA, STADIUM, OR TRACK IN A COMMERCIAL (C) DISTRICT, SITUATED ON A 35.295-ACRE PARCEL OF LAND, IDENTIFIED AS LOT 1, BLOCK A, ROCKWALL HIGH SCHOOL ADDITION, CITY OF ROCKWALL, ROCKWALL COUNTY, TEXAS; PROVIDING FOR SPECIAL CONDITIONS; PROVIDING FOR A PENALTY OF FINE NOT TO EXCEED THE SUM OF TWO THOUSAND DOLLARS ($2,000.00) FOR EACH OFFENSE; PROVIDING FOR A SEVERABILITY CLAUSE; PROVIDING FOR A REPEALER CLAUSE; PROVIDING FOR AN EFFECTIVE DATE.**

**WHEREAS**, the City has received a request from Jeff Breese of SET Engineers on behalf of James Watson of the Rockwall Independent School District (RISD) for the approval of a Specific Use Permit (SUP) to allow for a *private sports arena, stadium, or track* in a Commercial (C) District on a 35.295-acre parcel of land being described as Lot 1, Block A, Rockwall High School Addition, City of Rockwall, Rockwall County, Texas, zoned Commercial (C) District, situated within the IH-30 Overlay (IH-30 OV) District, addressed as 901 W. Yellow Jacket Lane, and being more specifically depicted in *Exhibit 'A'* of this ordinance, which herein after shall be referred to as the *Subject Property* and incorporated reference herein; and

**WHEREAS**, the Planning and Zoning Commission of the City of Rockwall and the governing body of the City of Rockwall, in compliance with the laws of the State of Texas and the ordinances of the City of Rockwall, have given the requisite notices by publication and otherwise, and have held public hearings and afforded a full and fair hearing to all property owners generally, and to all persons interested in and situated in the affected area and in the vicinity thereof, the governing body in the exercise of its legislative discretion has concluded that the Unified Development Code (UDC) [*Ordinance No. 04-38*] of the City of Rockwall should be amended as follows:

**NOW, THEREFORE**, **BE IT ORDAINED** by the City Council of the City of Rockwall, Texas;

**SECTION 1.** That the Unified Development Code (UDC) [*Ordinance No. 04-38*] of the City of Rockwall, as heretofore amended, be and the same is hereby amended so as to grant a Specific Use Permit (SUP) allowing a *private sports arena, stadium, or track* as stipulated by Section 1, *Land Use Schedule,* of Article IV, *Permissible Uses*, of the Unified Development Code (UDC) [*Ordinance No. 04-38*], on the *Subject Property*; and,

**SECTION 2.** That the Specific Use Permit (SUP) shall be subject to the requirements set forth in Subsection 4.4*, Commercial (C) District,* of Section 4*, Commercial Districts,* and Subsection 6.06, *IH-30 Overlay (IH-30 OV) District,* of Section 6, *Overlay Districts*, of Article V*, District Development Standards,* of the Unified Development Code (UDC) [*Ordinance No. 04-38*] as heretofore amended and as may be amended in the future, and shall be subject to the following:

EXHIBIT 'A' ORDINANCE 03-38

## 2.1 OPERATIONAL CONDITIONS

The following conditions pertain to the operation of a *private sports arena, stadium, or track* on the *Subject Property* and conformance to these stipulations is required for continued operations:

1) The *private arena, stadium, or track* shall generally conform to the concept and photometric plans and elevations depicted in *Exhibits 'B'*, *'C'* and *'D'* of this ordinance;

2) The light poles shall not exceed 40-feet in height;

## 2.2 COMPLIANCE

Approval of this ordinance in accordance with Section 8.3, *Council Approval or Denial*, of Article II, *Authority and Administrative Procedures*, of the Unified Development Code (UDC) will require compliance to the following:

1) Upon obtaining a Certificate of Occupancy (CO), should any business or establishment operating under the guidelines of this ordinance fail to meet the minimum operational requirements set forth herein and outline in the Unified Development Code (UDC), the City Council may (*after proper notice*) initiate proceedings to revoke the Specific Use Permit (SUP) in accordance with Section 4.4.(3) of Article IV, *Permissible Uses*, of the Unified Development Code (UDC).

**SECTION 3.** That the official zoning map of the City be corrected to reflect the changes in zoning described herein.

**SECTION 4.** That all ordinances of the City of Rockwall in conflict with the provisions of this ordinance be, and the same are hereby repealed to the extent of that conflict.

**SECTION 5.** Any person, firm, or corporation violating any of the provisions of this ordinance shall be deemed guilty of a misdemeanor and upon conviction shall be punished by a penalty of fine not to exceed the sum of *TWO THOUSAND DOLLARS* ($2,000.00) for each offence and each and every day such offense shall continue shall be deemed to constitute a separate offense.

**SECTION 6.** If any section or provision of this ordinance or the application of that section or provision to any person, firm, corporation, situation or circumstance is for any reason judged invalid, the adjudication shall not affect any other section or provision of this ordinance or the application of any other section or provision to any other person, firm, corporation, situation or circumstance, and the City Council declares that it would have adopted the valid portions and applications of the ordinance without the invalid parts and to this end the provisions of this ordinance shall remain in full force and effect.

**SECTION 7.** That this ordinance shall take effect immediately from and after its passage.

**PASSED AND APPROVED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, THIS THE 1st DAY OF APRIL, 2019.**

PHONE: (972) 771-7745 • EMAIL: PLANNING@ROCKWALL.COM

| | |
|---|---|
| **TO:** | Planning and Zoning Commission |
| **DATE:** | March 12, 2019 |
| **APPLICANT:** | Kevin Orsonio |
| **CASE NUMBER:** | P2019-008; *Lots 1 & 2, Block A, N. E. & J. O. Addition* |

## SUMMARY

Hold a public hearing to discuss and consider a request by Kevin Osornio on behalf of Jeaniffer Osornio for the approval of a replat for Lots 1 & 2, Block A, N. E. & J.O. Addition being a 0.46-acre parcel of land identified as Lot 2, Block A, Sanger Addition, City of Rockwall, Rockwall County, Texas, zoned Single Family 7 (SF-7) District, situated within the Southside Residential Neighborhood Overlay (SOV) District, addressed as 705 Peters Colony, and take any action necessary.

## PLAT INFORMATION

☑ The applicant is requesting to replat a 0.46-acre parcel of land for the purpose of subdividing one (1) lot (*i.e. Lot 2, Block A, Sanger Addition*) into two (2) lots (*i.e. Lots 1 & 2, Block A, N. E. & J. O. Addition*) in order to construct single-family homes on Lots 1 & 2. The subject property was annexed prior to 1959, is situated within the Southside Residential Neighborhood Overlay (SOV) District, and is zoned Single-Family 7 (SF-7) District.

☑ On March 5, 2019, the Parks and Recreation Board reviewed the proposed *replat* and made the following recommendations:

1) The developer shall pay pro-rata equipment fees for Park District No. 21 in the amount of $516.00 for Lot 2. This will need to be paid at time of final plat and is subject to change pending the City Council's adoption of the 2019 fees; and

2) The developer shall pay cash-in-lieu of land fees for Park District No. 21 in the amount of $416.00 for Lot 2. This will need to be paid at time of final plat and is subject to change pending the City Council's adoption of the 2019 fees.

☑ The surveyor has completed the majority of the technical revisions requested by staff, and this plat -- *conforming to the requirements for replats as stated in the Subdivision Ordinance in the Municipal Code of Ordinances* -- is recommended for conditional approval pending the completion of final technical modifications and submittal requirements.

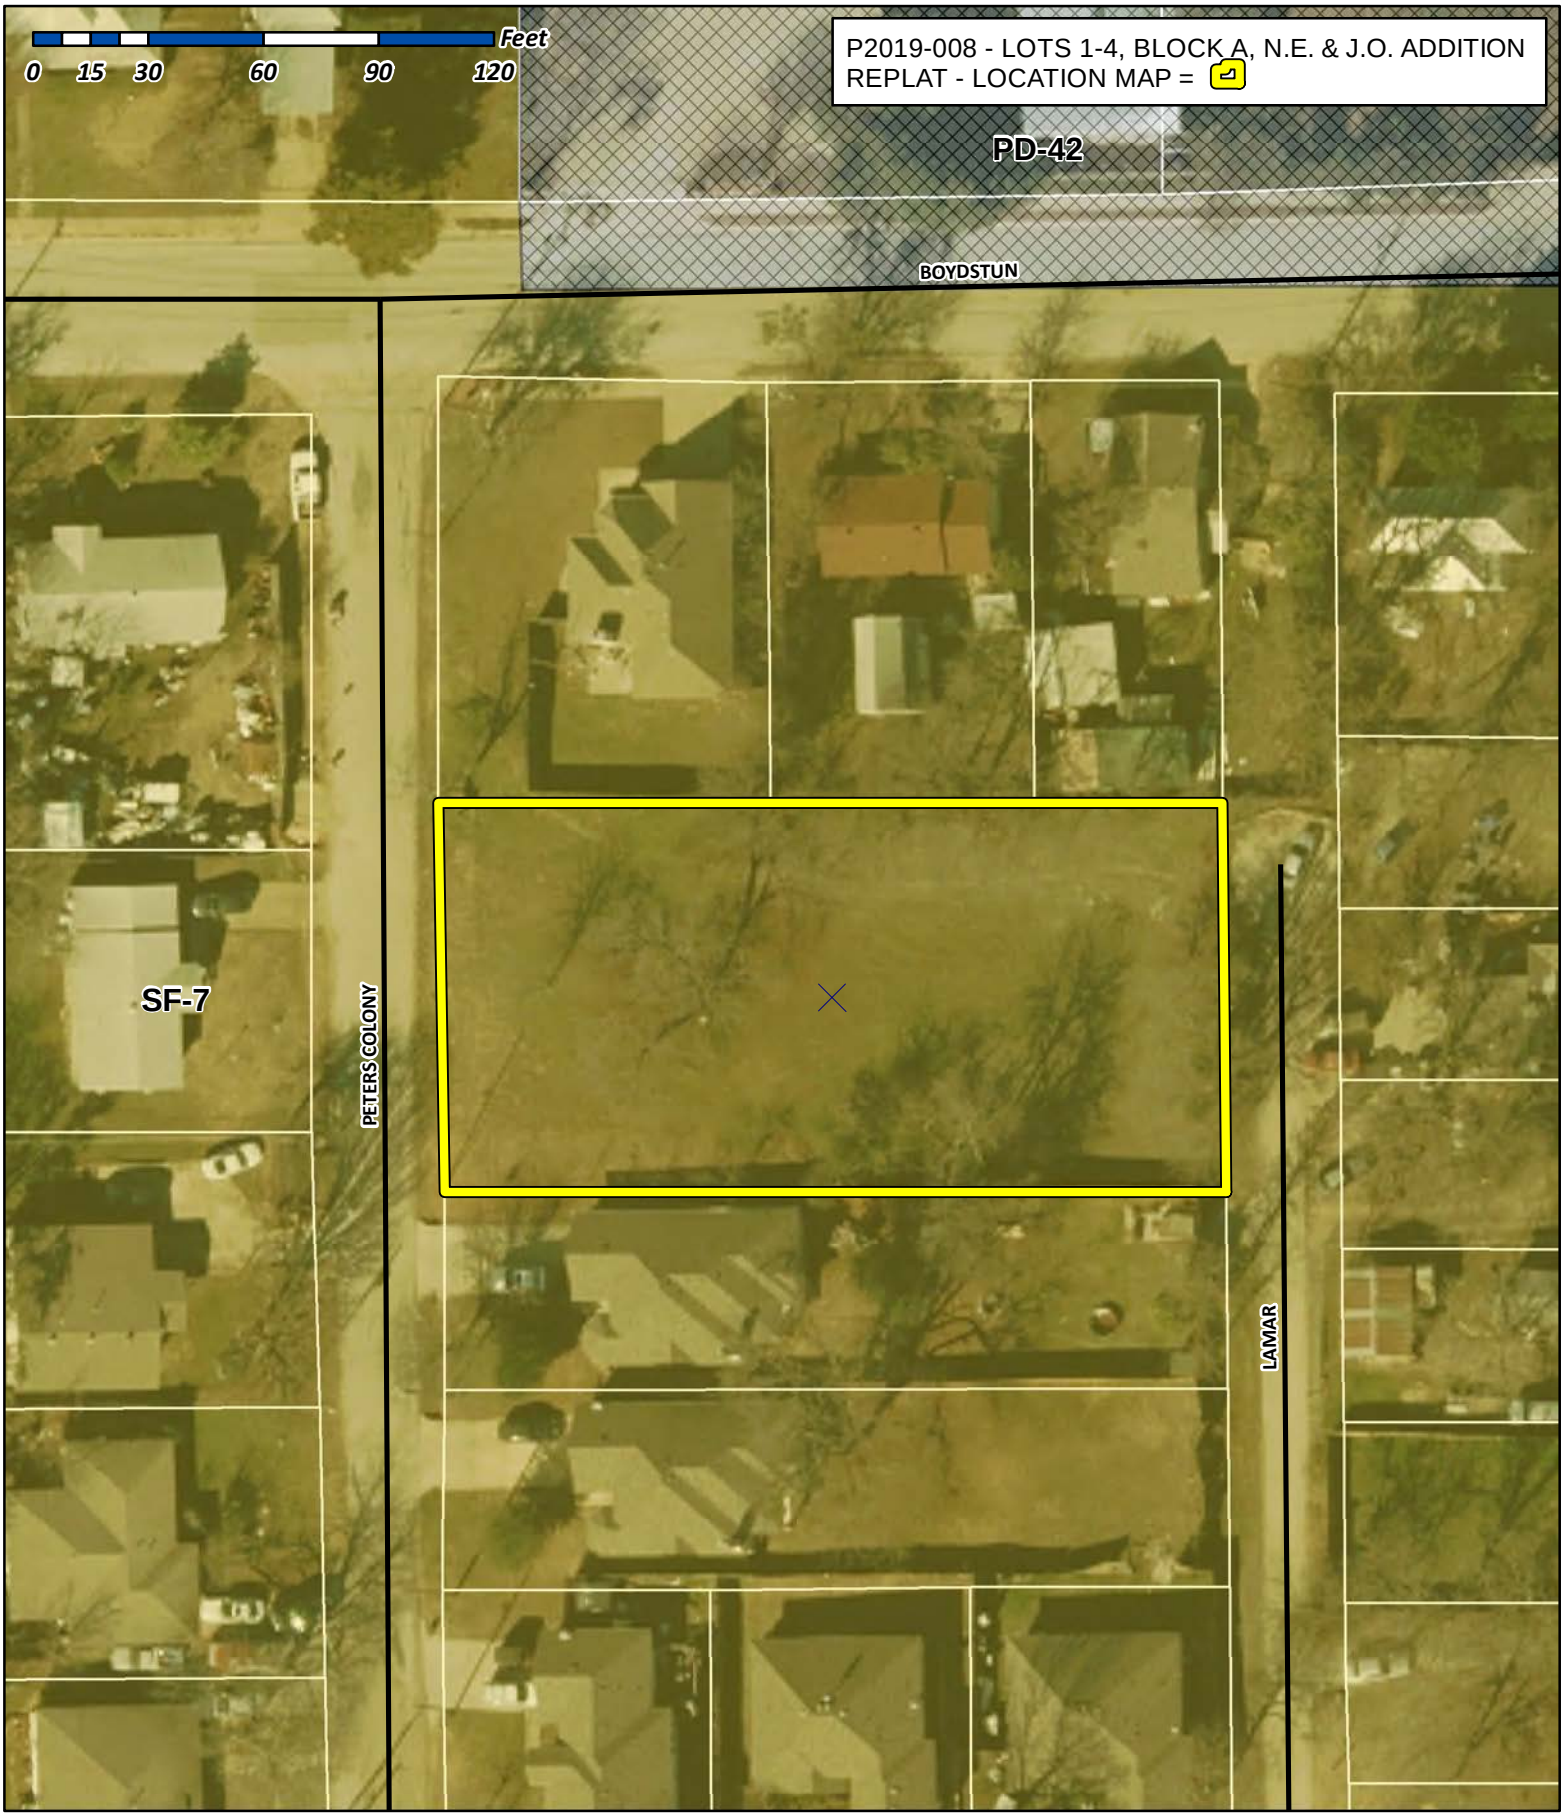
☑ Conditional approval of this plat by the City Council shall constitute approval subject to the conditions stipulated in the *Conditions of Approval* section below.

☑ With the exception of the items listed in the *Conditions of Approval* section of this case memo, this plat is in substantial compliance with the requirements of the *Subdivision Ordinance* in the *Municipal Code of Ordinances*.

## NOTIFICATIONS

On February 22, 2019, staff mailed notifications to 39 property owners/residents within 200-feet of the subject property in accordance with the requirements as stipulated by Texas Local Government Code for residential replats. At the time this report was written, staff had not received any notices concerning this case.

## CONDITIONS OF APPROVAL



If the Planning and Zoning Commission chooses to recommend approval of the replat for *Lots 1 & 2, Block A, N. E. & J. O. Addition,* staff would propose the following conditions of approval:

(1) All technical comments from the Engineering, Planning and Fire Departments shall be addressed prior to the filing of this plat;

(2) The developer shall be responsible for new water and sewer connections, which may include pavement removal and replacement along Peters Colony;

(3) The developer shall be accessed impact fees for extra water and sewer connections for Lot 2; and

(4) Any construction resulting from the approval of this site plan shall conform to the requirements set forth by the Unified Development Code (UDC), the International Building Code (IBC), the Rockwall Municipal Code of Ordinances, city adopted engineering and fire codes and with all other applicable regulatory requirements administered and/or enforced by the state and federal government.

OWNER'S CERTIFICATE
(Public Dedication)

STATE OF TEXAS
COUNTY OF ROCKWALL

WHEREAS JEANIFFER OSORNIO and NOHEMA ESTRADA, BEING THE OWNER OF A TRACT of land in the County of Rockwall, State of Texas, said tract being described as follows:

BEING all of Lot 2, Block A, Sanger Brothers Addition, an Addition to the City of Rockwall, Rockwall County, Texas, according to the Plat thereof recorded in Volume Q, Page 100 of the Deed Records of Rockwall County, Texas, and being more particularly described as follows:

BEGINNING at a 1/2" iron rod found for corner at the northwest corner of Lot 2, and the southwest corner of Lot 1 and being in the east right-of-way line of Peters Colony Street;

THENCE S. 89 deg. 17 min. 19 sec. E. along the common line of Lot 1 and 2, a distance of 200.00 feet to a 1/2" iron rod found for corner at the northeast corner of Lots 2 and being in the west right-of-way of Lamar Street;

THENCE S. 00 deg. 40 min. 26 sec. W. along said right-of-way line, a distance of 100.00 feet to a 1/2" iron rod found for corner at the southeast corner of Lot 2 and northeast corner of Lot 3;

THENCE N. 89 deg. 17 min. 19 sec. W. along the common line between Lot 2 and Lot 3, a distance of 200.00 feet to a 1/2" iron rod found for corner in the east right-of-way line of Peters Colony Street;

THENCE N. 00 deg. 40 min. 26 sec. E. along said right-of-way line, a distance of 100.00 feet to the POINT OF BEGINNING and containing 20,000 square feet or 0.46 acres of land.

NOW, THEREFORE, KNOW ALL MEN BY THESE PRESENTS:

STATE OF TEXAS
COUNTY OF ROCKWALL

I the undersigned owner of the land shown on this plat, and designated herein as N.E. & J. O. ADDITION, LOTS 1 & 2, BLOCK A, an Addition to the City of Rockwall, Texas, and whose name is subscribed hereto, hereby dedicate to the use of the public forever all streets, alleys, parks, water courses, drains, easements and public places thereon shown on the purpose and consideration therein expressed. I further certify that all other parties who have a mortgage or lien interest in N.E. & J. O. ADDITION, LOTS 1 & 2, BLOCK A, have been notified and signed this plat.

I understand and do hereby reserve the easement strips shown on this plat for the purposes stated and for the mutual use and accommodation of all utilities desiring to use or using same.

I also understand the following;

1. No buildings shall be constructed or placed upon, over, or across the utility easements as described herein.

2. Any public utility shall have the right to remove and keep removed all or part of any buildings, fences, trees, shrubs, or other growths or improvements which in any way endanger or interfere with construction, maintenance or efficiency of th eir respective system on any of these easement strips; and any public utility shall at all times have the right of ingress or egress to, from and upon the said easement strips for purpose of construction, reconstruction, inspecting, patrolling, maint aining, and either adding to or removing all or part of their respective system without the necessity of, at any time, procuring the permission of anyone.

3. The City of Rockwall will not be responsible for any claims of any nature resulting from or occasioned by the establishment of grade of streets in the subdivision.

4. The developer and subdivision engineer shall bear total responsibility for storm drain improvements.

5. The developer shall be responsible for the necessary facilities to provide drainage patterns and drainage controls such that properties within the drainage area are not adversely affected by storm drainage from the development.

6. No house dwelling unit, or other structure shall be constructed on any lot in this addition by the owner or any other person until the developer and/or owner has complied with all requirements of the Subdivision Regulations of the City of Roc kwall regarding improvements with respect to the entire block on the street or streets on which property abuts, including the actual installation of streets with the required base and paving, curb and gutter, water and sewer, drainage structures, sto rm structures, storm sewers, and alleys, all according to the specifications of the City of Rockwall; or

Until an escrow deposit, sufficient to pay for the cost of such improvements, as determined by the city's engineer and/or city administrator, computed on a private commercial rate basis, has been made with the city secretary, accompanied by an agreement signed by the developer and/or owner, authorizing the city to make such improvements at prevailing private commercial rates, or have the same made by a contractor and pay for the same out of the escrow deposit, should the developer an d/or owner fail or refuse to install the required improvements within the time stated in such written agreement, but in no case shall the City be obligated to make such improvements itself. Such deposit may be used by the owner and/or developer as p rogress payments as the work progresses in making such improvements by making certified requisitions to the city secretary, supported by evidence of work done; or

Until the developer and/or owner files a corporate surety bond with the city secretary in a sum equal to the cost of such improvements for the designated area, guaranteeing the installation thereof within the time stated in the bond, which time shall be fixed by the city council of the City of Rockwall.

I further acknowledge that the dedications and/or exaction's made herein are proportional to the impact of the subdivision upon the public services required in order that the development will comport with the present and future growth needs of the City; I , my successors and assigns hereby waive any claim, damage, or cause of action that I may have as a result of the dedication of exaction's made herein.

| | |
|---|---|
| **TO:** | Planning and Zoning Commission |
| **FROM:** | Korey Brooks, *Senior Planner* |
| **CC:** | Ryan Miller, *Director of Planning and Zoning* |
| **DATE:** | March 12, 2019 |
| **SUBJECT:** | SP2017-025; *Site Plan for Cornerstone Church* |

In August 2017, the applicant submitted a request for approval of a site plan [*Case No. SP2017-025*] for an approximately 21,600 SF house of worship (*i.e. Cornerstone Church*). While reviewing the proposed site plan, landscape plan, treescape plan, photometric plan, and building elevations, staff notified the applicant of the variances required to construct the building. At the time of this review, it appeared that the rear of the building did not have a parapet wall providing screening from the mechanical equipment that was thought to be mounted on the roof. In response to this, staff requested that the applicant provide the height of the parapet wall, and indicate how the equipment would be screened. In addition, staff requested that the applicant provide a dash line on the building elevations indicating where the equipment would be located. The applicant submitted revised comments noting that the rooftop units (RTU's) were to be screened utilizing a six (6) foot tall masonry wall matching the exterior materials used on the building; however, the applicant intended for the HVAC system to be on the ground and screened by a six (6) foot wing wall (despite indicating RTU's on the provided comments as opposed to noting HVAC's). Staff was under the impression that the intent of the applicant's comment was to provide a six (6) foot tall masonry wall on the rear of the building where there was no parapet wall. The revised building elevations depicted a sloped dash line (*i.e. the sloped roof*) on the east and west building elevations, but did not indicate the provision of a parapet wall. At the time of building permit, a comment was made indicating a need to show the parapet wall, but this was never followed up on and a building permit was issued. Based on this issuance the applicant felt like they had addressed all of staff's comments, and the applicant commenced construction of the building. Currently, the building shell has been erected. Recently, it was discovered by staff that the building did not incorporate the required parapet in accordance with the requirements of the Unified Development Code (UDC), and that the variance was not requested by the applicant as part of the original case nor was it approved as part of this case. Based on this, staff notified the applicant that this would need to be rectified prior to the City giving final acceptance to the project.

Since this notification, the applicant has stated that they do not wish to construct the parapet wall citing the cost required to retrofit the building as being the main reason. Based on this, the applicant has submitted an application requesting the approval of a variance for this issue. As a compensatory measure the applicant is requesting that the Planning and Zoning Commission accept one of the following alternatives:

(1) Grant a variance to the requirement and leave the building as-is since the City issued a permit in error;

(2) Grant a variance to utilize trees to partially screen the parapet walls at the rear; or

(3) Grant a variance to paint the back of the parapet walls that are visible from John King Boulevard a color to match the stucco on the front façades and provide the additional trees mentioned in Option 2 above.

Staff should note that the rear of this building is highly visible from John King Boulevard. Both staff and the applicant have provided pictures of the visibility of the building to assist the Planning and Zoning Commission in making a decision. Staff should also note that the Planning and Zoning Commission is not limited to approving the variance as presented, and retains discretion with regard to the request. Based on the requirements of the UDC, since the four (4) sided parapet wall is a requirement of the overlay district it will require a super-majority vote of the Planning and Zoning Commission for approval. The Architectural Review Board (ARB) will review the request and forward a recommendation to the Planning and Zoning Commission at the March 12, 2019 Planning and Zoning Commission meeting.

Should this request be approved, the applicant would be required to amend the existing site plan and provide staff with new documents reflecting the changes required by the Planning and Zoning Commission. Should the Planning and Zoning Commission have any questions, staff and the applicant will be available at the meeting on March 12, 2019.

March 4, 2019

Mr. Ryan,

We are respectfully requesting a variance of the John King Overlay District ordinance for the Cornerstone Church project.
The roof design standards requiring four sided parapets was overlooked by both ourselves and city staff during the site plan approval process and permitting. This was not brought to our attention until recently, after the building and roof were constructed. The only exterior elevation that does not have a parapet is the back wall. Making this change at this late date would be costly and difficult for our client in that the loan and budget was set some time ago. Also, it is our understanding, that the purpose and intent of requiring parapet walls is to hide roof top equipment; we have no roof top mechanical units that a parapet wall would screen. Please accept one of the following recommended solutions:

1. Request this variance due to the project being permitted and constructed.
2. Request this variance with modified landscape as included to help screen parapet walls.
3. Request this variance with both modified landscape and back of parapet walls painted to match the stucco walls.

Thank you for your consideration,

Greg Wallis

PLANNING AND ZONING COMMISSION CASE MEMO

**PLANNING AND ZONING DEPARTMENT**
385 S. GOLIAD STREET • ROCKWALL, TX 75087
PHONE: (972) 771-7745 • EMAIL: PLANNING@ROCKWALL.COM

| | |
|---|---|
| **TO:** | Planning and Zoning Commission |
| **DATE:** | 03/12/2019 |
| **APPLICANT:** | Mark Pross of Pross Design Group, Inc. |
| **CASE NUMBER:** | SP2019-004; *Site Plan for SPR* |

## SUMMARY

Discuss and consider a request by Mark W. Pross of Pross Design Group, Inc. on behalf of Carolina Molina of Alvaplast US (SPR Packaging) for the approval of a site plan for a warehouse/manufacturing facility on a 11.3736-acre tract of land identified as Tract 7 of the N. Butler Survey, Abstract No. 20, City of Rockwall, Rockwall County, Texas, zoned Light Industrial (LI) District, situated at the terminus of Aluminum Plant Road, and take any action necessary.

## BACKGROUND

The subject property is an 11.3736-acre tract of land located at the terminus of Aluminum Plant Road, which is located at the southwest quadrant of the intersection of East Washington Street and Airport Road. The property was annexed on February 7, 1983 by *Ordinance No. 83-6.* According to the City's historic zoning maps, the subject property has been zoned Light Industrial (LI) District since at least May 16, 1983.

## PURPOSE

On January 18, 2019, the applicant -- Caroline Molina of Alvaplast US, Inc. (SPR Packaging) -- submitted an application requesting approval of a site plan for the purpose of expanding their existing operation by constructing an approximately 78,615 SF single-story, warehouse facility [*i.e. SPR Packing*]. The applicant has stated that this will be the first phase of a multi-phase expansion plan. The building will be composed of tilt-up wall construction, matching their existing building that is located just south of and is adjacent to the subject property. The site is subject to the requirements and land uses stipulated for the Light Industrial (LI) District as stated by the Unified Development Code (UDC).

## ADJACENT LAND USES AND ACCESS

The subject property is located at the southwest quadrant of the intersection of E. Washington Street and Airport Road. The land uses adjacent to the subject property are as follows:

*North*: Directly north of the property is Aluminum Plant Road, which provides access to the existing business (*i.e. Columbia Extrusion*) and Airport Road. Beyond Aluminum Plant Road and north of the subject property is a 7.497-acre vacant tract of land that is owned by the Rockwall Community Playhouse. Beyond this property is the Soroptimist Childrens Home, which is situated on a 2.093-acre tract of land. Adjacent to these tracts and northeast of the subject property is Planned Development District 87 (PD-87), which includes commercial, light industrial and townhome land uses. Adjacent to PD-87 is E. Washington Street, which also delineates the future alignment of SH-66. This roadway is identified as a TXDOT4D (*i.e. four [4] lane, divided highway, owned by the Texas Department of Transportation*) on the City's Master Thoroughfare Plan. North of this thoroughfare is a 67.036-acre public park (*i.e. Harry Myers Park*), which is zoned Light Industrial (LI) District.

*South*: Directly south of the subject property is the right-of-way for the *Union Pacific Dallas/Garland Northeast Railroad*. Beyond this is the existing SPR Packaging facility, which is situated on a 10.1893-acre parcel of land identified as *Lot 2, Block A, SPR Packaging Addition.* Adjacent to and west of the SPR Packaging facility is an 8.971-acre (*i.e. Lot 3, Block A, Whitmore Manufacturing Addition*) vacant parcel of land. Both of these properties are zoned Light Industrial (LI) District.

*East*: Directly east of the subject property is the Leon Tuttle Athletic Complex (*i.e. Lot 2, Rockwall Service Center & Park Addition*). Adjacent to Leon Tuttle Athletic Complex is the City of Rockwall Service Center (*i.e. Lot 1, Rockwall Service Center & Park Addition*). Both of these properties are zoned Light Industrial (LI) District and have adjacency to the following roadways: E. Washington Street, Airport Road, and Industrial Boulevard. These roadways are all identified as a M4U (*i.e. minor collector, four [4] lane, roadway*) on the City's Master Thoroughfare Plan.

*West*: Directly west of the subject property is an 8.197-acre tract of land and a 14.53-acre parcel of land (*i.e. Lot 1-01, Block 1, Indalloy Addition*). Both of these properties are zoned Light Industrial (LI) District. Situated on these properties is a large industrial building and various other improvements. Beyond these properties, and west of the subject property, is *Phases 2 & 3* of the *Park Place Subdivision*, which contain 94 single-family residential lots. This property is zoned Planned Development District 59 (PD-59) for Neighborhood Services (NS) and Single-Family 7 (SF-7) District land uses.

## DENSITY AND DIMENSIONAL REQUIREMENTS

According to Section 1, *Land Use Schedule*, of Article IV, *Permissible Uses*, of the Unified Development Code (UDC), a warehouse facility is a permitted *by-right* land use in a Light Industrial (LI) District. The subject property proposes two (2) points of ingress and egress; two (2) along Industrial Boulevard and one (1) along Aluminum Plant Road. It should be noted that the applicant is requesting to abandon Aluminum Plant Road for the purpose of making the roadway a private road. These access points meet the distance requirements per the Engineering Standards of Design Manual.

Other than the exceptions being requested, the submitted site plan, landscape plan, treescape plan, photometric plan, and building elevations generally conform to the technical requirements contained within the UDC for a property located within a Light Industrial (LI) District. A summary of the density and dimensional requirements for the subject property are as follows:

| *Ordinance Provisions* | *Zoning District Standards* | *Conformance to the Standards* |
|---|---|---|
| *Minimum Lot Area* | *12,500 SF* | *x>11-acres; In Conformance* |
| *Minimum Lot frontage* | *100-Feet* | *x> 788-feet; In Conformance* |
| *Minimum Lot Depth* | *125-Feet* | *x>584-feet; In Conformance* |
| *Minimum Front Yard Setback* | *25-Feet* | *x>25-feet; In Conformance* |
| *Minimum Rear Yard Setback* | *0-Feet + ½ H* | *x>190-feet; In Conformance* |
| *Minimum Side Yard Setback* | *0-Feet + ½ H* | *x>80-feet; In Conformance* |
| *Maximum Building Height* | *60-Feet* | *x=46-feet; In Conformance* |
| *Max Building/Lot Coverage* | *60%* | *x<16%; In Conformance* |
| *Minimum Masonry Requirement* | *90%* | *X≈100% Tilt Wall; Exception Required* |
| *Minimum Number of Parking Spaces* | *1:1,000=79* | *x=88; In Conformance* |
| *Minimum Stone Requirement* | *20% each facade* | *x<20%; Exception Required* |
| *Minimum Landscaping Percentage* | *10%* | *x=53%; In Conformance* |
| *Maximum Impervious Coverage* | *85-90%* | *x>85%; In Conformance* |

## TREESCAPE PLAN

The treescape plan provided by the applicant indicates all trees being removed from the site are primarily Hackberry trees, which are considered a non-protected tree if they are less than 11-caliper inch DBH (*i.e. diameter breast height*). Hackberry and Cedar trees that are 11-inch to 25-inch DBH are mitigated at ½ inch for each one (1) inch removed (*i.e. 50% of the total inches removed*). Additionally, there are several Bois-d-arc, Chinaberry, Willow, Cottonwood, and Locust trees that are considered a non-protected species and will not require mitigation, regardless of their size. However, the applicant has indicated a total of 7,919-caliper inches being removed from the entire site. Of the caliper inches being removed, 1,554.25-inches will require mitigation. The applicant is providing a total of 1,412-caliper inches on site. This will result in total mitigation balance due of 142.25-caliper inches.

According to Section 7, of Article IX, of the Unified Development Code (UDC), "(i)n certain cases, the City Council -- *upon recommendation from the Planning and Zoning Commission* -- may consider an Alternative Tree Mitigation Settlement Agreement where, due to hardship, the applicant is unable to meet the requirements of this article or where it is determined that adherence to the tree mitigation requirements will create a hardship for an applicant. These funds will be deposited in the City's Tree Mitigation Fund and will be used for planting trees in the City's parks, medians, street right-of-ways, or other similar areas as determined by the Parks and Recreation Department." The applicant is requesting an *Alternative Tree Mitigation Settlement Agreement* in order to satisfy the balance. If approved by the City Council, a total amount of $14,125.00 will be required to be paid into the City's Tree Fund prior to the release of a Certificate of Occupancy (CO).

It should be known that the applicant has provided additional screening trees along the western property boundary, adjacent to the Park Place Addition (*i.e. Overall Landscape Plan*). The purpose of these plantings are to provide a three (3) layer landscape screening system by providing two (2) rows of evergreen trees (*i.e. low lying screening*) and one (1) row of Live Oak trees (*i.e. large canopy trees*) along the western property boundary south of the existing industrial building. North of the building, along the western property boundary, is an existing tree line (*i.e. evergreens, etc*.) that is currently being used as a screening buffer. These existing evergreens will remain and will be supplemented by a second layer of evergreen trees that will be planted to fill in gaps that may exist along the existing tree line. This second layer of evergreen trees will be spaced between Live Oak trees, which will also be incorporated into the screening buffer. Furthermore, the applicant is providing a two (2) layer screening system (*i.e. evergreens and Live Oaks*) along the northern property boundary to further screen the site from the proposed Planned Development District 87 (PD-87) and Airport Road.

## CONFORMANCE WITH OURHOMETOWN VISION 2040 COMPREHENSIVE PLAN

The Future Land Use Plan adopted with the OurHometown Vision 2040 Comprehensive Plan (*Comp Plan*) indicates that the subject property is located in the *Central District* which is…"composed of a wide range of uses that vary from single-family to industrial…(t)he *Central District* also incorporates a high volume of industrial land uses adjacent to the *Union Pacific/Dallas Garland and Northeastern Rail Road* line that bisect the district.." Additionally, with the subject property's adjacency to the railroad tracks, makes it suitable for an industrial user. (*Ch. 1; Land Use Plan*)

According to the Comprehensive Plan, industrial developments should be adequately buffered and/or screened from residential land uses. The applicant's overall landscape plan provides additional screening from the residential development (*i.e. Park Place*), which is west of the subject property. The Comprehensive Plan goes on to state that "(b)uffers utilizing a combination of berms, landscaping and trees should be used for industrial properties that are adjacent to non-industrial land uses or agricultural land." Based on the applicant's landscape plan, they are in compliance with the policy. (*Ch. 1; 02.04*)

The Comprehensive Plan also states that "(a)ll non-residential buildings should be designed so that negative visual impacts of the development are minimized." (*Ch. 9; #3*) When reviewing these policies, the applicant's intent to visually screen the site from the residential development (*i.e. Park Place*

*Subdivision*) with additional landscaping --*see Overall Landscape Plan* -- and the proximity of the site to major roadways, the proposed site plan demonstrates that the proposed development will have a minimal visual impact on adjacent properties. However, the policies go on to describe the need for buildings to be highly articulated in a manner that uses stylistic and material breaks on facades that may be visible; "(l)ong, blank wall facades on all non-residential buildings should be subdivided with vertical breaks -- *or articulated in architectural terms* --, and architectural elements should be incorporated to reflect a scale and rhythm that is more traditional of a small-town." Although the applicant is providing an articulated entry way with a natural stone product, banding elements (*i.e. form liner*), a saw tooth appearance at the parapet, and clerestory windows as accents, the overall design of the building is not consistent with this policy given the long wall design; however, given the location of the site and the increased landscaping provided by the applicant, the visual impact of the entire structure should be considered limited.

**CONFORMANCE WITH THE CITY'S CODES**

Subsection 5.02, *Light Industrial (LI) District*, of Article V, *District Development Standards*, of the Unified Development Code (UDC), states that the "*Light Industrial (LI) District* is a zoning district intended to create a limited industrial zone that provides for modern types of industrial land uses." The proposed warehouse use meets the intent of the *Light Industrial (LI) Districts* land uses and is not a hazardous materials manufacturer. Additionally, all operations will be indoors with no outside storage for this site.

According to Subsection 5.6, *Screening from Residential Uses*, of Section 5, *Mandatory Provisions*, of Article VIII, *Landscape Standards*, of the Unified Development Code (UDC), non-residential developments that are directly across the street from a residential development should incorporate a minimum ten (10) foot landscape buffer that incorporates trees on 50-foot centers. In this case, the applicant is providing a 50-foot landscape buffer with the addition of evergreen and Live Oak trees along the western and northern property boundaries. The proposed landscape plan exceeds the minimum requirements of the UDC.

**VARIANCES/EXCEPTIONS REQUESTED BY THE APPLICANT**

Based on the information submitted by the applicant, staff has identified the following exceptions to the requirements of the Unified Development Code (UDC):

(1) *Building Materials.*

a) *Stone*. According to Section 5.01.A.1, *General Industrial District Standards*, of Article V, *District Development Standards*, of the UDC, a minimum of 20% stone is required on all building façades. In this case, the applicant is proposing to use natural stone on the entryway element only. This requires approval of an exception to allow the structure to not meet the minimum 20% stone requirement on all building facades.

b) *Tilt Wall.* According to Section 5.01.A.1, *General Industrial District Standards*, of Article V, *District Development Standards*, of the UDC, the use of concrete tilt-up walls may be permitted on a case-by-case basis by the Planning and Zoning Commission. The proposed building is 100% tilt-wall construction.

Section 5.01.A.2, *General Industrial District Standards*, of Article V, *District Development Standards*, of the UDC, allows the Planning and Zoning Commission, upon a recommendation from the Architectural Review Board (ARB), to approve exceptions to the material requirements pending the applicant provide building elevations, a material sample board, and justification for the exception(s) being requested. In this case, the applicant has provided staff with a building rendering and building elevations, and has stated that the purpose of the request is to match the buildings materials on the existing facility south of the subject property.

(2) *Articulation.*

a) *Primary Building Façades.* According to Section 5.01.C.1, *General Industrial District Standards*, of Article V, *District Development Standards*, of the UDC, primary facades require projections associated with entryways, architectural elements and wall lengths. Specifically, primary architectural/entryway elements are required to extend a minimum of 25% above the top of the wall and a minimum of 25% from the walls surface. In addition, no wall should exceed a length of four (4) time the walls height without a architectural/entryway element. In this case, the proposed building does not incorporate any vertical projections and only has minimal horizontal projections on primary façades.

b) *Secondary Building Façades.* According to Section 5.01.C.1, *General Industrial District Standards*, of Article V, *District Development Standards*, of the UDC, secondary facades require projections associated with entryways and architectural elements. Specifically, the secondary architectural/entryway elements are required to extend a minimum of 15% above the top of the wall and a minimum of 15% from the walls surface. In this case, the proposed building does not incorporate any vertical projections and very minimal horizontal projections on secondary façades.

Section 5.01.C.3, *General Industrial District Standards*, of Article V, *District Development Standards*, of the UDC, allows the Planning and Zoning Commission, upon a recommendation from the Architectural Review Board (ARB), to approve exceptions to the articulation requirements. In making this determination the Planning and Zoning Commission should determine if the proposed request is [1] in conformance with the spirit and intent of the building articulation requirements, and [2] if granting the exception will substantially weaken the City's ability to enforce the general purpose of the building articulation requirements in the future. In this case, since the existing structure was approved under articulation requirements that have been superseded, the approval of the exception will not weaken the City's ability to enforce the general purpose of the current articulation requirements. In addition, the applicant has stated that the purpose of the request is to match the existing building's form, which makes up the majority of the visibility along Airport Road and Industrial Boulevard.

These exceptions are discretionary decisions for the Planning and Zoning Commission and only require approval by a simple majority vote. In the event that the exception is denied, the applicant has the ability to appeal the Planning and Zoning Commission's decision to the City Council by filing a written request with the Planning and Zoning Department.

**ARCHITECTURAL REVIEW BOARD (ARB):**

On February 26, 2019, the Architectural Review Board (ARB) reviewed the proposed building elevations. The ARB recommended the applicant increase the stone for the entryway projection by extending it to the top of the element to create a more defined entry presence. This should better blend it with the form liner. The ARB will review the revision at the *March 12, 2019* meeting and forward a recommendation to the Planning and Zoning Commission.

**CONDITIONS OF APPROVAL**

If the Planning and Zoning Commission chooses to approve the applicant's request, then staff would propose the following conditions of approval:

(1) All staff comments provided by the Planning, Engineering and Fire Department must be addressed prior to the submittal of a building permit;

(2) Approval by the Planning and Zoning Commission of all exceptions requested as outlined in staff's report;

(3) Approval by the City Council for the abandonment of Aluminum Plant Road for the purpose of creating a private roadway.

(4) Approval by the City Council for an *Alternative Tree Mitigation Settlement Agreement* as outlined in staff's report; and,

(5) Any construction resulting from the approval of this site plan shall conform to the requirements set forth by the Unified Development Code (UDC), the International Building Code (IBC), the Rockwall Municipal Code of Ordinances, city adopted engineering and fire codes and with all other applicable regulatory requirements administered and/or enforced by the state and federal government.

(2/22/2019 10:40 AM SH)
- Work with Planning Department to get the "Private Road" abandoned.
- Need to align with road where no ROW is needed along E Washington
- Need to discuss the "Proposed 65' ROW." City doesn't maintain ROW for private developments.
- What is the line north of Airport Rd. (See markup)
- Need pedestrian easemetn at the corner of Airport Rd and Industrial Blvd.
- Water line to be centered in 20' Easement.
- All public water, sewer, and storm to have 10' spacing and 10' to easement lines. (See markup)
- Drive entrances on Industrial Dr to be 9" 4200psi (7.5 Sack) concrete to the ROW line.
- Is the sewer line running along the front of the building, the private service?
- It is the City's understanding that the water line that runs along the south of the property is 12" not 8" as shown.
- Add the sack amount to the concrete specifcations on the right of the page.

(2/22/2019 10:40 AM SH)
The following items are for your review for enginering design
- 4% Engineering Inspection Fees
- Impact fees.
- Flood Study is required. LOMR is required during construction.
- WOTUS study is required.
- Min 20' utility easements.
- No structures in easements.
- Fire lane easement to be on plat.
- Fire lane to be 24' wide with 20' radii or larger depending on height of building.
- Parking to be 20'x9'
- No dead-end parking.
- Driveway spacing must be labeled o Site Plan.
- 12" water line available in Airport Rd. Must loop 8" waterline in site.
- 8" sewer available east of property.
- Dumpster area to drain to oil/water separator.
- Must have detention. Manning's "c-value" is per zoning for the entire property. 4:1 max slope...no vertical walls allowed in detention easement
- Any detention must be above the existing 100-year flood elevation unless the floodplain is mitigated for.
- No trees within 5' of public utilities.
- Retaining walls 3' and over must be designed by a licensed engineer. All walls to be rock or stone. No smoothconcrete walls.
- Pro-rata due for sewer ($105.18/lf) if you tie sewer along Industrial.
- Must meet all City Engineering Standards.

PLANNING AND ZONING 1ST ROUND COMMENTS - PHASE 1 ONLY (02.01.2019):

The following staff comments (i.e. Phase 1 only) are to be addressed and resubmitted no later than Thurday February 14, 2019. Please provide three large copies [24" X 36" FOLDED] and one PDF version for a subsequent review by staff:

** Planning Department General Comments & Requirements to address/acknowledge:

1. Adherence to Engineering and Fire Department standards shall be required.
2. Submittal and approval of a Civil Engineering Plans and Final Plat prior to issuance of a Certificate of Occupancy (CO).
3. Label all revised site plan documents with "Case No. SP2019-004" at the lower right corner of each plan.

VARIANCES AND EXCEPTIONS FOR THE PLANNING AND ZONING COMMISSION TO CONSIDER:

1. Vertical articulation standards of the UDC for all facades
2. Horizontal articulation standards of the UDC for facades.
3. Minimum 20% stone requirement for all facades that are visible from a public street or open space
4. For the use of tilt-up wall construction.

** Please address the following Planning Comments for each plan and resubmit revised plans by date requested for a subsequent/final review by staff:

Site Plan:
1. Provide adjacent property owner infomation on Overall Site Plan (aerial version).
2. Label all 24-ft firelane access easement as "24-ft Firelane, Public Access, Drainage and Utility Easements (as appropriate for each).
3. Provide a hatch to the area indicating to be abandoned (i.e. Aluminum Plant Road). Although indicated on the site plan, this will be accomplished at final plat and purchased -- at fair market value -- with the approval of the City Council.
4. Provide a slightly heavier line for the future parking areas and label as such.
5. Use a lighter gray scale for the utility lines layer.
6. For the areas labled as 'Loading Area', are these loading docks? If so, provide a minimum 14-ft architecturally integrated screening wall
7. Parkingspace count for manufacturing = 1 space per 500-SF or 0.75 spaces for each employee on the largest shift, whichever is greater. Provide a letter indicating the number of employees on the largest shift. Parking count may be determined by the Director of Planning.

Landscape Plan:
1. Applicant requesting an alternative tree mitigation settlement agreement.

Photometric Plan:
1. Lighting levels are not to exceed 0.2-FC at the property lines. The lighting levels along the northern property line exceed this standard. Adjustment required in order to meet the standards of the UDC.

Building Elevations:
1. All roof-top mechanical equipment requires screening from rights-of-way and adjacent properties. Dash-in RTU's on elevations. Provide detail of screening mechanism to be used if these are not properly sceened.
2. Requires a recommendation from the Architectural Review Board (ARB). See scheduled meeting below.

| Type of Review / Notes | Contact | Sent | Due | Received | Elapsed | Status | Remarks |
|---|---|---|---|---|---|---|---|

3. Provide a materials sample board for ARB review of the actual materials to be used(other than tilt-up wall).
4. Provide percentages of exterior material calculations for each elevation(e.g. formliner stone pattern& tilt-up wall).
5. Will there be any stone on the building? The UDC requires a minium of 20% stone on each elevation that is visible from a public street or open space. If there is no stone, this will require approval of a variance by the Planning and Zoning Commission.
6. Approval of an exception to the masonry standards by the Planning and Zoning Commission is required for the use of tilt-up wall construction.

** The following are scheduled meeting dates that you and/or your representative(s) are required to attend regarding the Site Plan request. If you have any questions regarding this case, please feel free to contact David Gonzales, AICP with the Planning Department at 972-771-7745.

Meeting Dates to Attend:

Architectural Review Board: February 26, 2019 (5:00 p.m.) [Recommendations from ARB]

Planning - Work Session: February 26, 2019 (6:00p.m.) [Applicant to present/discuss project]

Architectural Review Board: March 12, 2019 (5:00 p.m.) [Subsequent meeting if necessary]

Planning - Action: March 12, 2019 (6:00p.m.) [P&Z to take action (i.e. approve, approve with conditions, deny)]

** City Council - Action: Monday, March 18, 2019 (6:00 p.m.) [FOR VARIANCE AND EXCEPTION REQUESTS NOT APPROVED BY THE PLANNING AND ZONING COMMISSION] **

Discuss and consider a request by Mark W. Pross of Pross Design Group, Inc. on behalf of Carolina Molina of Alvaplast US (SPR Packaging) for the approval of a site plan for a warehouse/manufacturing facility on a 11.3736-acre tract of land identified as Tract 7 of the N. Butler Survey, Abstract No. 20, City of Rockwall, Rockwall County, Texas, zoned Light Industrial (LI) District, situated at the terminus of Aluminum Plant Road, and take any action necessary.

PLANNING AND ZONING 2nd ROUND COMMENTS - PHASE 1 ONLY (02.20.2019):

The following staff comments (i.e. Phase 1 only) are to be addressed and resubmitted no later than Tuesday, March 5, 2019. Please provide two (2) large copies [24" X 36" FOLDED] and one PDF version for a subsequent/final review by staff:

CITY COUNCIL TO CONSIDER ALTERNATIVE TREE MITIGATION SETTLEMENT AGREEMENT:

1. Alternative tree mitigation settlement agreement in the amount of $49,125.00 (i.e. 491.25 inche mitigation) requires approval of the City Council.

EXCEPTIONS FOR THE PLANNING AND ZONING COMMISSION TO CONSIDER FOR APPROVAL:

1. The use of Tilt-Up Wall construction.
2. For not meeting the minimum 20% stone requirement for each facade.
3. For not meeing the Building Articulation standards of the Unified Devleopment Code (UDC) for: a) Primary building facades and b) Secondary building facades.

** Please address the following Planning Comments for each of the revised plans and resubmit by the date as requested for a subsequent/final review by staff:

Site Plan:
1. Overall Site Plan (aerial version & B&W site plan) - Label as "Future Expansion" on Phase 2 portion and use a lighter gray scale to distinguish Phase 2.
2. Correction needed: label all 24-ft access easement as "24-ft Firelane, Public Access, and Utility Easements".
3. Site Plan Data table: since this approval is for Phase 1 only, please use a lighter gray scale for the future warehose references and label as such
4. Legend: quantities indicated to be approved by the engineering department.
5. As a note, I did not receive the letter for regarding parking; however, this is not required until Phase 2 site plan (if needed).
6. Delineate and label the required minimum 10-ft Landscape Buffer along Industrial Blvd and Airport Road.

Landscape Plan:
1. 10-ft Landscape Buffer along Industrial Blvd and Airport Road to have trees for each 50-ft linear feet of frontage. Move the necessary number of trees into the landscape buffer strip.
2. The use of hydromulch requires the hydromulch to be established at a minimum height of one (1) inch and at a minimum coverage of 75% for disturbed areas prior to the release of a Certificate of Occupancy (CO). Sod is preffered. Change Notes regarding the use of hydromulch to reflect the required standard or use sod

Photometric Plan:
1. Based on the revised plan, it meets the minimum standards per the Unified Development Code.

Building Elevations:
1. Approval of an exception to the masonry standards by the Planning and Zoning Commission is required for the use of tilt-up wall construction and not meeting the minimum stone requriement of 20% per facade.

RE: SITE PLAN SUBMITTAL, SPR PACKAGING

Dear Mr. Gonzalez,

This letter is to inform you that we wish to proceed with review and comments of the Phase 1 portion of the Site Plan Submittal already sent to your office. I am attaching a copy of the recent Floor Plan Modifications and Elevation Changes, so that you can be aware of the correct configuration of the buildings. Please note that after we receive the comments, we will revise the drawings and remove Phase 2 from the Submittal Documents so that the response comments will be addressing Phase 1 only with the appropriate documentation. Should you have any questions, feel free to give me a call.

Sincerely,

Mark W. Pross
President

MWP/cs

SPR NORTH PHASE 1 AND 2 SITE PLAN SUBMITTAL
OFFICE / WAREHOUSE / PRODUCTION FACILITY
REQUESTED VARIANCES

On behalf of SPR Packaging, the following is a list of variances to the City of Rockwall Development Codes that we wish to submit to your office, for the Site Plan Submittal.

The original building SPR Packaging is occupying at 1480 Justin Road is the design basis for this new building. It is the Owner's intent to develop a two to three (2-3) building campus as they expand their business on the property to the north. Accordingly, they wish that the new buildings developed to the north, be designed with the same design character and intent as the original building they currently occupy. At the time the original building was developed, we sought and gained approval for modifications to the development code as it relates to materials and articulation. Please see the attached Elevation Concepts, which indicate the appearance of both Phase 1 and Phase 2. Please note that Phase 1 will be initially constructed with Phase 2 to follow later this year.

A. Construction Materials:

1. The Owner wishes to be granted a variance to eliminate 20% stone on the building facades, but wishes to substitute the same stone-like formliner that was previously approved on the original building.

2. As with the original building that has extruder equipment, the Phase 2 building will also be provided with extruder equipment, which we cannot take wall panels to 120' in height. Accordingly, we want the wall panels to match the Phase 1 building in height with pre-finished metal panels above. These panels are typically 18" - 24" wide and will be pre-finished in a bright white to match the existing building previously approved.

B. Maximum Building Height:

1. The Phase 1 building wall panels will be 46' feet in height. There is no problem with the development of the Phase 1 building with these panel heights. However, the Phase 2 will have an Extruder Area that will be a total of 120' tall. We will be submitting a Special Use Permit to receive approval to go to this height. It should be noted that we were granted a Special Use Permit for the height of the Extruder Area for the existing building to 75'.

C. Building Articulation:

1. Due to the size of this building and its additional phases, the building will not meet current articulation standards. The tops of the wall panels for the Phase 2 portion of the project will be saw-tooth to match the existing building. There will be a massive entrance on the east side of the project, which will separate Phase 1 and Phase 2, where exterior stone will be utilized. A large glass facade will also accompany this area of the building. The Phase 1 building will have limited off-

sets but will have an aluminum canopy with an entry Storefront and glass windows. The remaining portion of the building will be monolithic in nature, except for the formliner that looks like stone. The Architect will use paint to accent the formliner and the other sections of the building. See Proposed Elevation Study.

D. Landscaping:

1. During the DRC meeting with City Staff, the Owner was requested to provide screening in front of the current existing building to the west to screen the residential development abutting the west side of the property. We would like to request deferral of any landscape screening for this building until the Owner begins the renovation process of that building since we are not modifying this building now, the existing site should be "grandfathered". There may be modifications to paving that may result in loss if new trees are installed to screen Phase 1 and Phase 2 of the project, which now is several hundred feet to the east. The Owner agrees to provide landscape screening on the west side of the project for the existing building, at such time as a permit is submitted for the improvement and renovation of the existing old building on site.

Re: **SPR Packaging SP2019-004**

Dear Mr. Gonzales:

Thank you for your comments on the above-mentioned project. In an effort to address your comments concisely and simplify your next review, we have summarized your comments and our responses below.

## Tree Mitigation

1. Alternative tree mitigation settlement agreement in the amount of $49,125.00 (i.e. 491.25-inch mitigation) requires approval of the City Council.
   *With the additional screening requested, the mitigation cost has been reduced to $14,225.00 or 142.25 inches of mitigation.*

## Landscape Plan

1. 10-foot Landscape Buffer along Industrial Blvd. and Airport Road to have trees for each 50 linear feet of frontage. Move the necessary number of trees into the landscape buffer strip.
   *Per our conversation, the required trees have been moved as close as they can to the 10' Landscape Buffer due to an existing sewer easement that runs the entire length of the street frontage. A 30' landscape buffer has been added to accommodate the required trees along the street frontages.*

2. The use of hydromulch requires the hydromulch to be established a minimum height of one (1) inch and at a minimum coverage of 75% for disturbed areas prior to the release of a Certificate of Occupancy (CO). Sod is preferred. Change notes regarding the use of hydromulch to reflect the required standard of use sod.
   *Hydromulch note has been updated. Please refer to Landscape Plan L2.01, Hydromulch Note #8.*

Please let me know if you have any questions or need anything else.

Sincerely,

Kori Haug, ASLA, CLARB
President

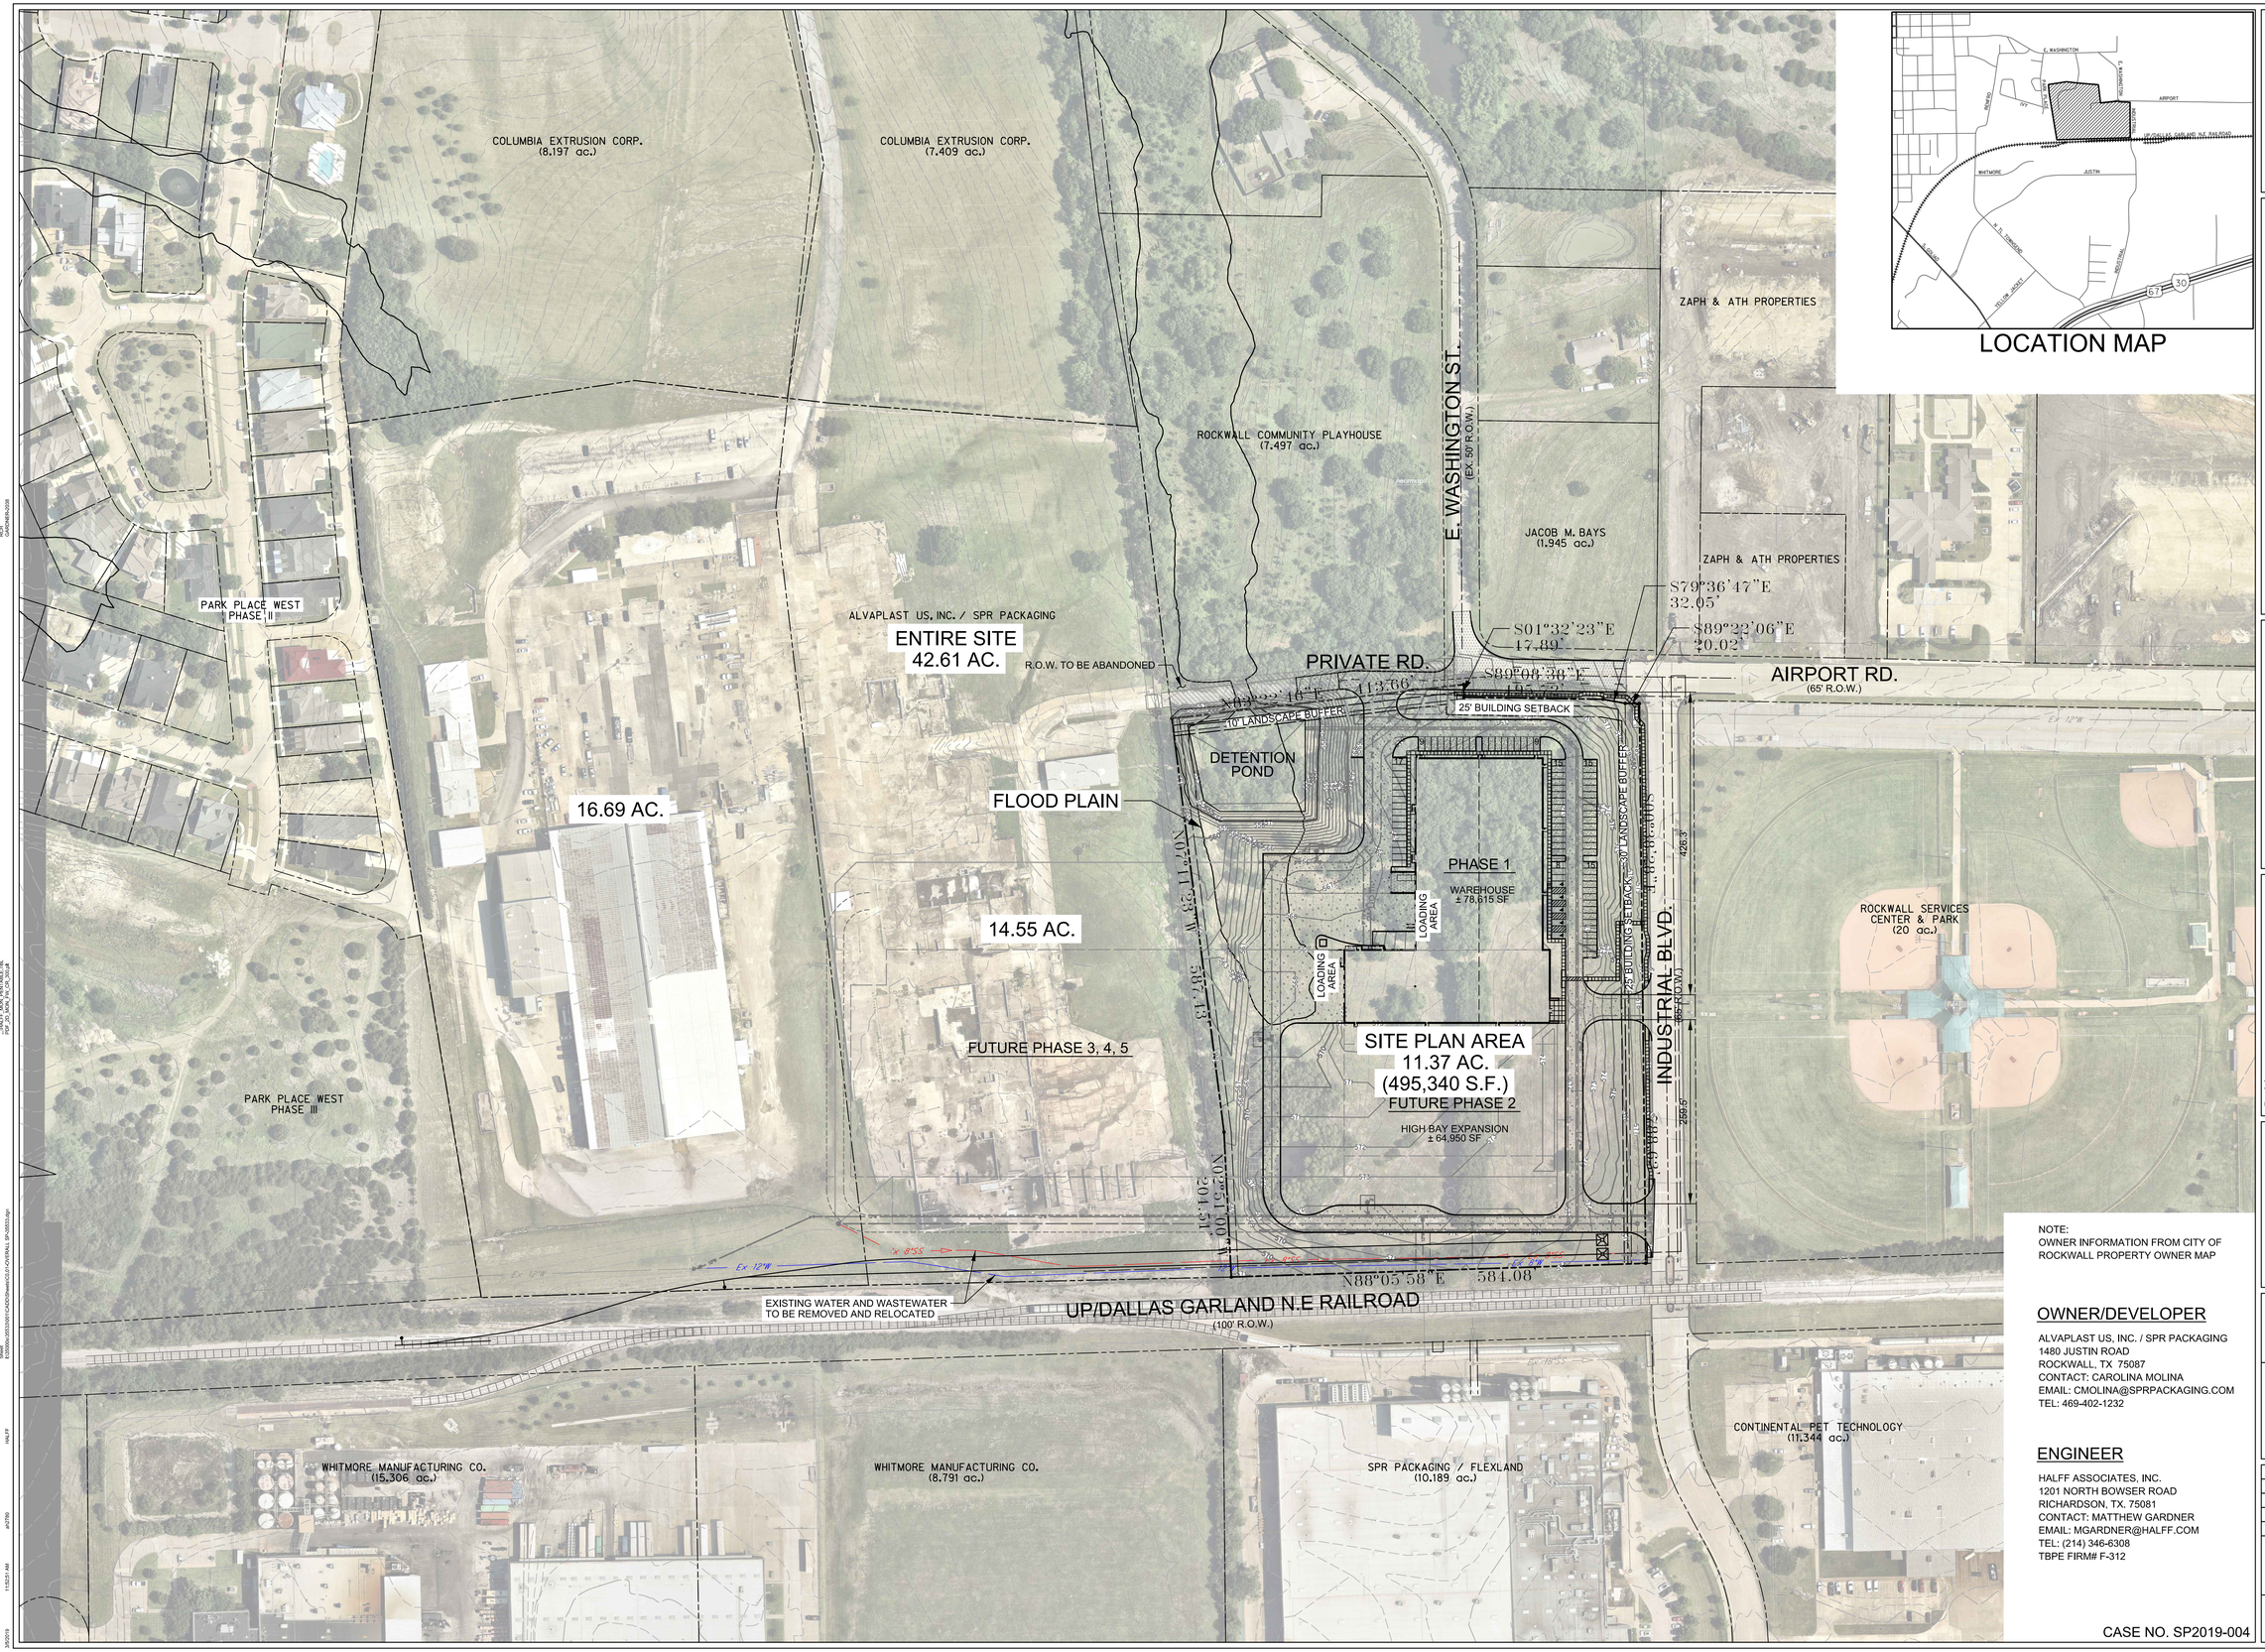
February 5, 2019

Ryan Miller
Director of Planning and Zoning
City of Rockwall
385 S. Goliad Street
Rockwall, TX 75087



Mr. Miller,
Please accept this letter as an indication of the sincere interest in ensuring that, in the Warehouse (SPR North Building, Phase I), it is intended not to exceed the number of 20 people working per shift at the same time.

This number covers the total staff that will use the parking space for 24 hours, seven days a week. Considering that the currently designed parking spaces are more than the minimum required for that amount of people, we assume it will not be any future inconvenience, and we would like to count with your approval on this subject. Thanks for your time and consideration.

Sincerely,

Ignacio Echávarri

## LANDSCAPE NOTES

1. CONTRACTOR SHALL VERIFY ALL EXISTING AND PROPOSED SITE ELEMENTS AND NOTIFY LANDSCAPE ARCHITECT OF ANY DISCREPANCIES. SURVEY DATA OF EXISTING CONDITIONS WAS SUPPLIED BY OTHERS.
2. CONTRACTOR SHALL LOCATE ALL EXISTING UNDERGROUND UTILITIES AND NOTIFY LANDSCAPE ARCHITECT OF ANY CONFLICTS. CONTRACTOR SHALL EXERCISE CAUTION WHEN WORKING IN THE VICINITY OF UNDERGROUND UTILITIES.
3. CONTRACTOR SHALL PROVIDE A MINIMUM 2% SLOPE AWAY FROM ALL STRUCTURES.
4. CONTRACTOR SHALL FINE GRADE AREAS TO ACHIEVE FINAL CONTOURS AS INDICATED. LEAVE AREAS TO RECEIVE TOPSOIL 3" BELOW FINAL FINISHED GRADE IN PLANTING AREAS AND 1" BELOW FINAL FINISHED GRADE IN LAWN AREAS.
5. ALL PLANTING BEDS AND LAWN AREAS SHALL BE SEPARATED BY STEEL EDGING. NO STEEL EDGING SHALL BE INSTALLED ADJACENT TO BUILDINGS, WALKS, OR CURBS. CUT STEEL EDGING AT 45 DEGREE ANGLE WHERE IT INTERSECTS WALKS AND CURBS.
6. TOP OF MULCH SHALL BE 1/2" MINIMUM BELOW THE TOP OF WALKS AND CURBS.
7. ALL LAWN AREAS SHALL BE HYDROMULCH BERMUDAGRASS, UNLESS OTHERWISE NOTED ON THE DRAWINGS.
8. ALL REQUIRED LANDSCAPE AREAS SHALL BE PROVIDED WITH AN AUTOMATIC UNDERGROUND IRRIGATION SYSTEM WITH RAIN AND FREEZE SENSORS AND EVAPOTRANSPIRATION (ET) WEATHER-BASED CONTROLLERS AND SAID IRRIGATION SYSTEM SHALL BE DESIGNED BY A QUALIFIED PROFESSIONAL AND INSTALLED BY A LICENSED IRRIGATOR.
9. CONTRACTOR SHALL PROVIDE BID PROPOSAL LISTING UNIT PRICES FOR ALL MATERIAL PROVIDED.
10. CONTRACTOR SHALL BE RESPONSIBLE FOR OBTAINING ALL REQUIRED LANDSCAPE AND IRRIGATION PERMITS.

## MAINTENANCE NOTES

1. THE OWNER, TENANT AND THEIR AGENT, IF ANY, SHALL BE JOINTLY AND SEVERALLY RESPONSIBLE FOR THE MAINTENANCE OF ALL LANDSCAPE.
2. ALL LANDSCAPE SHALL BE MAINTAINED IN A NEAT AND ORDERLY MANNER AT ALL TIMES. THIS SHALL INCLUDE MOWING, EDGING, PRUNING, FERTILIZING, WATERING, WEEDING AND OTHER SUCH ACTIVITIES COMMON TO LANDSCAPE MAINTENANCE.
3. ALL LANDSCAPE AREAS SHALL BE KEPT FREE OF TRASH, LITTER, WEEDS AND OTHER SUCH MATERIAL OR PLANTS NOT PART OF THIS PLAN.
4. ALL PLANT MATERIAL SHALL BE MAINTAINED IN A HEALTHY AND GROWING CONDITION AS IS APPROPRIATE FOR THE SEASON OF THE YEAR.
5. ALL PLANT MATERIAL WHICH DIES SHALL BE REPLACED WITH PLANT MATERIAL OF EQUAL OR BETTER VALUE.
6. CONTRACTOR SHALL PROVIDE SEPARATE BID PROPOSAL FOR ONE YEAR'S MAINTENANCE TO BEGIN AFTER FINAL ACCEPTANCE.

## LANDSCAPE TABULATIONS

*THE CITY OF ROCKWALL, TEXAS*

STREET LANDSCAPING
1. 10' wide landscape buffer with one tree per 50 l.f.

INDUSTRIAL BLVD.: 789 l.f.

| Required | Provided |
|---|---|
| (16) trees, 3" cal. | (16) trees, 4" cal. |

AIRPORT RD.: 248 l.f.

| Required | Provided |
|---|---|
| (5) trees, 3" cal. | (5) trees, 4" cal. |

PARKING LOT LANDSCAPING
1. 5% of the interior parking lot shall be landscape.
2. One (1) tree for every ten (10) parking spaces.
3. All parking spaces shall be a minimum eighty (80) feet from a tree.

Total interior parking lot area: 38,589 s.f.
Total parking spaces: 88 spaces

| Required | Provided |
|---|---|
| 1,930 s.f. (5%) | 3,164 s.f. (8%) |
| (9) trees | (9) trees |

SITE LANDSCAPING
1. 10% of the total site shall be landscaped for LIGHT INDUSTRIAL.
2. 100% of the total requirements shall be located in the front of and along side buildings for LIGHT INDUSTRIAL.

Total site: 11.37 AC; 495,340 s.f.

| Required | Provided |
|---|---|
| 49,544 s.f. (10%) | 263,091 s.f. (53%) |
| 49,544 s.f. (100%) | 168,824 s.f. |

DETENTION BASIN REQUIREMENTS
1. A minimum of one (1) tree for every 750 s.f. of dry land area.

Dry Land Area: 11,107 s.f.

| Required | Provided |
|---|---|
| (15) trees | (15) trees |

## PLANT LEGEND

REFER TO L2.03 FOR PLANT LIST

## GENERAL LAWN NOTES

1. CONTRACTOR SHALL COORDINATE OPERATIONS AND AVAILABILITY OF EXISTING TOPSOIL WITH ON-SITE CONSTRUCTION MANAGER.
2. CONTRACTOR SHALL LEAVE LAWN AREAS 1" BELOW FINAL FINISHED GRADE PRIOR TO TOPSOIL INSTALLATION.
3. CONTRACTOR SHALL FINE GRADE AREAS TO ACHIEVE FINAL CONTOURS AS INDICATED ON CIVIL PLANS. ADJUST CONTOURS TO ACHIEVE POSITIVE DRAINAGE AWAY FROM BUILDINGS. PROVIDE UNIFORM ROUNDING AT TOP AND BOTTOM OF SLOPES AND OTHER BREAKS IN GRADE. CORRECT IRREGULARITIES AND AREAS WHERE WATER MAY STAND.
4. ALL LAWN AREAS SHALL BE FINE GRADED, IRRIGATION TRENCHES COMPLETELY SETTLED AND FINISH GRADE APPROVED BY THE OWNER'S CONSTRUCTION MANAGER OR LANDSCAPE ARCHITECT PRIOR TO LAWN INSTALLATION.
5. CONTRACTOR SHALL REMOVE ALL ROCKS 3/4" DIAMETER AND LARGER, DIRT CLODS, STICKS, CONCRETE SPOILS, ETC. PRIOR TO PLACING TOPSOIL AND LAWN INSTALLATION.
6. CONTRACTOR SHALL MAINTAIN ALL LAWN AREAS UNTIL FINAL ACCEPTANCE. THIS SHALL INCLUDE, BUT NOT BE LIMITED TO: MOWING, WATERING, WEEDING, CULTIVATING, CLEANING AND REPLACING DEAD OR BARE AREAS TO KEEP PLANTS IN A VIGOROUS, HEALTHY CONDITION.
7. CONTRACTOR SHALL GUARANTEE ESTABLISHMENT OF ACCEPTABLE TURF AREA AND SHALL PROVIDE REPLACEMENT FROM LOCAL SUPPLY IF NECESSARY.

## SOLID SOD NOTES

1. PLANT SOD BY HAND TO COVER INDICATED AREAS COMPLETELY. ENSURE EDGES OF SOD ARE TOUCHING. TOP DRESS JOINTS BY HAND WITH TOPSOIL TO FILL VOIDS.
2. ROLL GRASS AREAS TO ACHIEVE A SMOOTH, EVEN SURFACE, FREE FROM UNNATURAL UNDULATIONS.
3. WATER SOD THOROUGHLY AS SOD OPERATION PROGRESSES.
4. IF INSTALLATION OCCURS BETWEEN SEPTEMBER 1 AND MARCH 1, OVER-SEED BERMUDAGRASS SOD WITH WINTER RYEGRASS, AT A RATE OF FOUR (4) POUNDS PER ONE THOUSAND (1000) SQUARE FEET.

## HYDROMULCH NOTES

1. CONTRACTOR SHALL SCARIFY, RIP AND LOOSEN ALL AREAS TO BE HYDROMULCHED TO A MINIMUM DEPTH OF 4" PRIOR TO TOPSOIL AND HYDROMULCH INSTALLATION.
2. BERMUDAGRASS SEED SHALL BE EXTRA HULLED AND TREATED LAWN TYPE, SHALL BE DELIVERED TO THE SITE IN ITS ORIGINAL UNOPENED CONTAINER AND SHALL MEET STATE LAW REQUIREMENTS.
3. FIBER SHALL BE ONE HUNDRED PERCENT (100%) WOOD CELLULOSE FIBER, DELIVERED TO THE SITE IN ITS ORIGINAL UNOPENED CONTAINER AS MANUFACTURED BY 'CONWEB' OR EQUAL.
4. FIBER TACK SHALL BE DELIVERED TO THE SITE IN ITS ORIGINAL UNOPENED CONTAINER AND SHALL BE 'TERRO-TACK ONE', AS MANUFACTURED BY GROWERS, INC. OR EQUAL.
5. HYDROMULCH WITH BERMUDAGRASS SEED AT A RATE OF TWO (2) POUNDS PER ONE THOUSAND (1000) SQUARE FEET.
6. USE A 4'X8' BATTER BOARD AGAINST ALL BED AREAS.
7. IF INSTALLATION OCCURS BETWEEN SEPTEMBER 1 AND MAY 1, ALL HYDROMULCH AREAS TO BE WINTER RYEGRASS, AT A RATE OF FOUR (4) POUNDS PER ONE THOUSAND (1000) SQUARE FEET. CONTRACTOR SHALL BE REQUIRED TO RE-HYDROMULCH WITH BERMUDAGRASS THE FOLLOWING GROWING SEASON AS PART OF THIS CONTRACT.
8. ALL LAWN AREAS TO BE HYDROMULCHED SHALL BE ESTABLISHED AT A MINIMUM OF ONE (1) INCH AND AT A MINIMUM COVERAGE OF SEVENTY-FIVE (75%) PERCENT FOR DISTURBED AREAS PRIOR TO THE RELEASE OF A CERTIFICATE OF OCCUPANCY (CO).

**CITY OF ROCKWALL NOTES**

1. **NO TREES WITHIN 5'-0" OF ANY UTILITIES**
2. **IRRIGATION SYSTEM WILL MEET REQUIREMENTS IN THE UDC**

**SECTION 32 9300 - LANDSCAPE**

**PART 1 - GENERAL**

1.1 REFERENCED DOCUMENTS

A. Refer to Landscape Plans, notes, details, bidding requirements, special provisions, and schedules for additional requirements.

1.2 DESCRIPTION OF WORK

A. Work included: Furnish all supervision, labor, materials, services, equipment and appliances required to complete the work covered in conjunction with the landscaping covered in these specifications and landscaping plans, including:

1. Planting (trees, shrubs and grasses)
2. Bed preparation and fertilization
3. Notification of sources
4. Water and maintenance until final acceptance
5. Guarantee

1.3 REFERENCE STANDARDS

A. American Standard for Nursery Stock published by American Association of Nurserymen: 27 October 1980, Edition; by American National Standards Institute, Inc. (Z60.1) – plant material

B. American Joint Committee on Horticultural Nomenclature: 1942 Edition of Standardized Plant Names.

C. Texas Association of Nurserymen, Grades and Standards

D. Hortis Third, 1976 - Cornell University

1.4 NOTIFICATION OF SOURCES AND SUBMITTALS

A. Samples: Provide representative quantities of sandy loam soil, mulch, bed mix material, gravel, crushed stone, steel edging and tree stakes. Samples shall be approved by Owner's Authorized Representative before use on the project.

1.5 JOB CONDITIONS

A. General Contractor to complete the following punch list: Prior to Landscape Contractor initiating any portion of landscape installation, General Contractor shall leave planting bed areas three (3") inches below final finish grade of sidewalks, drives and curbs as shown on the drawings. All lawn areas to receive solid sod shall be left one (1") inch below the final finish grade of sidewalks, drives and curbs. All construction debris shall be removed prior to Landscape Contractor beginning any work.

B. Storage of materials and equipment at the job site will be at the risk of the Landscape Contractor. The Owner cannot be held responsible for theft or damage.

1.6 MAINTENANCE AND GUARANTEE

A. Maintenance:

1. The Landscape Contractor shall be held responsible for the maintenance of all work from the time of planting until final acceptance by the Owner. No trees, shrubs, groundcover or grass will be accepted unless they show healthy growth and satisfactory foliage conditions.
2. Maintenance shall include watering of trees and plants, cultivation, weeding spraying, edging, pruning of trees, mowing of grass, cleaning up and all other work necessary of maintenance.
3. A written notice requesting final inspection and acceptance should be submitted to the Owner at least seven (7) days prior to completion. An on-site inspection by the Owner's Authorized Representative will be completed prior to written acceptance.

B. Guarantee:

1. Trees, shrubs and groundcover shall be guaranteed for a twelve (12) month period after final acceptance. The Contractor shall replace all dead materials as soon as weather permits and upon notification of the Owner. Plants, including trees, which have partially died so that shape, size, or symmetry have been damaged, shall be considered subject to replacement. In such cases, the opinion of the Owner shall be final.
   a. Plants used for replacement shall be of the same size and kind as those originally planted and shall be planted as originally specified. All work, including materials, labor and equipment used in replacements, shall carry a twelve (12) month guarantee. Any damage, including ruts in lawn or bed areas, incurred as a result of making replacements shall be immediately repaired.
   b. At the direction of the Owner, plants may be replaced at the start of the next year's planting season. In such cases, dead plants shall be removed from the premises immediately.
   c. When plant replacements are made, plants, soil mix, fertilizer and mulch are to be utilized as originally specified and re-inspected for full compliance with the contract requirements. All replacements are to be included under "Work" of this section.
2. The Owner agrees that for the guarantee to be effective, he will water plants at least twice a week during dry periods and cultivate beds once a month after final acceptance.
3. The above guarantee shall not apply where plants die after acceptance because of injury from storms, hail, freeze, insects, diseases, injury by humans, machines or theft.
4. Acceptance for all landscape work shall be given after final inspection by the Owner provided the job is in a complete, undamaged condition and there is a stand of grass in all lawn areas. At that time, the Owner will assume maintenance on the accepted work.

C. Repairs: Any necessary repairs under the Guarantee must be made within ten (10) days after receiving notice, weather permitting. In the event the Landscape Contractor does not make repairs accordingly, the Owner, without further notice to Contractor, may provide materials and men to make such repairs at the expense to the Landscape Contractor.

1.7 QUALITY ASSURANCE

A. General: Comply with applicable federal, state, county and local regulations governing landscape materials and work.

B. Personnel: Employ only experienced personnel who are familiar with the required work. Provide full time supervision by a qualified foreman acceptable to Landscape Architect.

C. Selection of Plant Material:
1. Make contact with suppliers immediately upon obtaining notice of contract acceptance to select and book materials. Develop a program of maintenance (pruning and fertilization) which will ensure the purchased materials will meet and / or exceed project specifications.
2. Substitutions: Do not make plant material substitutions. If the specified landscape material is not obtainable, submit proof of non-availability to Landscape Architect, together with proposal for use of equivalent material. At the time bids are submitted, the Contractor is assumed to have located the materials necessary to complete the job as specified.
3. Landscape Architect will provide a key identifying each tree location on site. Written verification will be required to document material selection, source and delivery schedules to site.
4. Measurements: Measure trees with branches and trunks or canes in their normal position. Do not prune to obtain required sizes. Take caliper measurements six inches above ground for trees up to and including 4" caliper size, and twelve inches above ground for larger sizes. Measure main body of all plant material of height and spread dimensions, do not measure from branch or root tip-to-tip.
5. Owner's Authorized Representative shall inspect all plant material with requirements for genus, species, cultivar / variety size and quality.
6. Owner's Authorized Representative retains the right to further inspect all plant material upon arrival to the site and during installation for size and condition of root balls and root systems, limbs, branching habit, insects, injuries and latent defects.
7. Owner's Authorized Representative may reject unsatisfactory or defective material at any time during the process work. Remove rejected materials immediately from the site and replace with acceptable material at no additional cost to the Owner. Plants damaged in transit or at job site shall be rejected.

1.8 PRODUCT DELIVERY, STORAGE AND HANDLING

A. Preparation:
1. Balled and Burlapped (B&B) Plants: Dig and prepare shipment in a manner that will not damage roots, branches, shape and future development.
2. Container Grown Plants: Deliver plants in rigid container to hold ball shape and protect root mass.

B. Delivery:
1. Deliver packaged materials in sealed containers showing weight, analysis and name of manufacturer. Protect materials from deterioration during delivery and while stored on site.
2. Deliver only plant materials that can be planted in one day unless adequate storage and watering facilities are available on job site.
3. Protect root balls by heeling in with sawdust or other approved moisture retaining material if not planted within 24 hours of delivery.
4. Protect plants during delivery to prevent damage to root balls or desiccation of leaves. Keep plants moist at all times. Cover all materials during transport.
5. Notify Owner's Authorized Representative of delivery schedule 72 hours in advance job site.
6. Remove rejected plant material immediately from job site.
7. To avoid damage or stress, do not lift, move, adjust to plumb, or otherwise manipulate plants by trunk or stems.

**PART 2 - PRODUCTS**

2.1 PLANTS

A. General: Well-formed No. 1 grade or better nursery grown stock. Listed plant heights are from tops of root balls to nominal tops of plants. Plant spread refers to nominal outer width of the plant, not to the outer leaf tips. Plants will be individually approved by the Owner's Authorized Representative and his decision as to their acceptability shall be final.

B. Quantities: The drawings and specifications are complimentary. Anything called for on one and not the other is as binding as if shown and called for on both. The plant schedule is an aid to bidders only. Confirm all quantities on plan.

C. Quality and size: Plant materials shall conform to the size given on the plan, and shall be healthy, symmetrical, well-shaped, full branched and well rooted. The plants shall be free from injurious insects, diseases, injuries to the bark or roots, broken branches, objectionable disfigurements, insect eggs and larvae, and are to be of specimen quality.

D. Approval: All plants which are found unsuitable in growth, or are in any unhealthy, badly shaped or undersized condition will be rejected by the Owner's Authorized Representative either before or after planting and shall be removed at the expense of the Landscape Contractor and replaced with acceptable plant as specified at no additional cost to the Owner.

E. Trees shall be healthy, full-branched, well-shaped, and shall meet the minimum trunk and diameter requirements of the plant schedule. Balls shall be firm, neat, slightly tapered and well wrapped in burlap. Any tree loose in the ball or with a broken root ball at time of planting will be rejected. Balls shall be ten (10") inches in diameter for each one (1") inch of trunk diameter, measured six (6") inches above ball. (Nomenclature confirms to the customary nursery usage. For clarification, the term "multi-trunk" defines a plant having three (3) or more trunks of nearly equal diameter.)

F. Pruning: All pruning of trees and shrubs, as directed by the Landscape Architect prior to final acceptance, shall be executed by the Landscape Contractor at no additional cost to the Owner.

2.2 SOIL PREPARATION MATERIALS

A. Sandy Loam:
1. Friable, fertile, dark, loamy soil, free of clay lumps, subsoil, stones and other extraneous material and reasonably free of weeds and foreign grasses. Loam containing Dallasgrass or Nutgrass shall be rejected.
2. Physical properties as follows:
   a. Clay – between 7-27 percent
   b. Silt – between 15-25 percent
   c. Sand – less than 52 percent
3. Organic matter shall be 3%-10% of total dry weight.
4. If requested, Landscape Contractor shall provide a certified soil analysis conducted by an approved soil testing laboratory verifying that sandy loam meets the above requirements.

B. Organic Material: Compost with a mixture of 80% vegetative matter and 20% animal waste. Ingredients should be a mix of course and fine textured material.

C. Premixed Bedding Soil as supplied by Vital Earth Resources, Gladewater, Texas; Professional Bedding Soil as supplied by Living Earth Technology, Dallas, Texas or Acid Gro Municipal Mix as supplied by Soil Building Systems, Dallas, Texas or approved equal.

D. Sharp Sand: Sharp sand must be free of seeds, soil particles and weeds.

E. Mulch: Double Shredded Hardwood Mulch, partially decomposed, dark brown. Living Earth Technologies or approved equal.

F. Organic Fertilizer: Fertilaid, Sustane, or Green Sense or equal as recommended for required applications. Fertilizer shall be delivered to the site in original unopened containers, each bearing the manufacturer's guaranteed statement of analysis.

G. Commercial Fertilizer: 10-20-10 or similar analysis. Nitrogen source to be a minimum 50% slow release organic Nitrogen (SCU or UF) with a minimum 8% sulfur and 4% iron, plus micronutrients.

H. Peat: Commercial sphagnum peat moss or partially decomposed shredded pine bark or other approved organic material.

2.3 MISCELLANEOUS MATERIALS

A. Steel Edging: All steel edging shall be 3/16" thick x 4" deep x 16' long with 6 stakes per section, painted black at the factory as manufactured by The J.D. Russell Company and under its trade name DURAEDGE Heavy Duty Steel.

B. Staking Material for Shade Trees: refer to details.

C. Gravel: Washed native pea gravel, graded 1 inch to 1-1/2 inch.

D. Filter Fabric: 'Mirafi Mirascape' by Mirafi Construction Products available at Lone Star Products, Inc., (469) 523-0444 or approved equal.

E. River Rock: 'Colorado' or native river rock, 2" - 4" dia.

F. Decomposed Granite: Base material shall consist of a natural material mix of granite aggregate not to exceed 1/8" diameter in size and shall be composed of various stages of decomposed earth base.

**PART 3 - EXECUTION**

3.1 BED PREPARATION & FERTILIZATION

A. Landscape Contractor to inspect all existing conditions and report any deficiencies to the Owner.

B. All planting areas shall be conditioned as follows:
1. Prepare new planting beds by scraping away existing grass and weeds as necessary. Till existing soil to a depth of six (6") inches prior to placing compost and fertilizer. Apply fertilizer as per Manufacturer's recommendations. Add six (6") inches of compost and till into a depth of six (6") inches of the topsoil. Apply organic fertilizer such as Sustane or Green Sense at the rate of twenty (20) pounds per one thousand (1,000) square feet.
2. All planting areas shall receive a two (2") inch layer of specified mulch.
3. Backfill for tree pits shall be as follows: Use existing top soil on site (use imported topsoil as needed) free from large clumps, rocks, debris, caliche, subsoils, etc., placed in nine (9") inch layers and watered in thoroughly.

C. Grass Areas:
1. Blocks of sod should be laid joint to joint (staggered joints) after fertilizing the ground first. Roll grass areas to achieve a smooth, even surface. The joints between the blocks of sod should be filled with topsoil where they are evidently gaped open, then watered thoroughly.

3.2 INSTALLATION

A. Maintenance of plant materials shall begin immediately after each plant is delivered to the site and shall continue until all construction has been satisfactorily accomplished.

B. Plant materials shall be delivered to the site only after the beds are prepared and areas are ready for planting. All shipments of nursery materials shall be thoroughly protected from the drying winds during transit. All plants which cannot be planted at once, after delivery to the site, shall be well protected against the possibility of drying by wind and Balls of earth of B & B plants shall be kept covered with soil or other acceptable material. All plants remain the property of the Contractor until final acceptance.

C. Position the trees and shrubs in their intended location as per plan.

D. Notify the Owner's Authorized Representative for inspection and approval of all positioning of plant materials.

E. Excavate pits with vertical sides and horizontal bottom. Tree pits shall be large enough to permit handling and planting without injury to balls of earth or roots and shall be of such depth that,when planted and settled, the crown of the plant shall bear the same relationship to the finish grade as it did to soil surface in original place of growth.

F. Shrub and tree pits shall be no less than twenty-four (24") inches wider than the lateral dimension of the earth ball and six (6") inches deeper than it's vertical dimension. Remove and haul from site all rocks and stones over three-quarter (¾") inch in diameter. Plants should be thoroughly moist before removing containers.

G. Dig a wide, rough sided hole exactly the same depth as the height of the ball, especially at the surface of the ground. The sides of the hole should be rough and jagged, never slick or glazed.

H. Percolation Test: Fill the hole with water. If the water level does not percolate within 24 hours, the tree needs to move to another location or have drainage added. Install a PVC stand pipe per tree planting detail as approved by the Landscape Architect if the percolation test fails.

I. Backfill only with 5 parts existing soil or sandy loam and 1 part bed preparation. When the hole is dug in solid rock, topsoil from the same area should not be used. Carefully settle by watering to prevent air pockets. Remove the burlap from the top ⅓ of the ball, as well as all nylon, plastic string and wire. Container trees will usually be root bound, if so follow standard nursery practice of 'root scoring'.

J. Do not wrap trees.

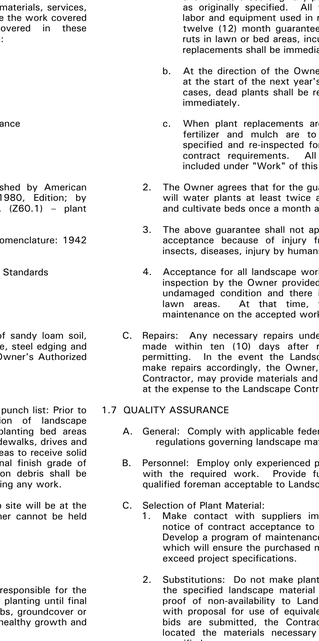
K. Do not over prune.

L. Mulch the top of the ball. Do not plant grass all the way to the trunk of the tree. Leave the area above the top of the ball and mulch with at least two (2") inches of specified mulch.

M. All plant beds and trees to be mulched with a minimum settled thickness of two (2") inches over the entire bed or pit.

N. Obstruction below ground: In the event that rock, or underground construction work or obstructions are encountered in any plant pit excavation work to be done under this section, alternate locations may be selected by the Owner. Where locations cannot be changed, the obstructions shall be removed to a depth of not less than three (3') feet below grade and no less than six (6") inches below the bottom of ball when plant is properly set at the required grade. The work of this section shall include the removal from the site of such rock or underground obstructions encountered at the cost of the Landscape Contractor.

O. Trees and large shrubs shall be staked as site conditions require. Position stakes to secure trees against seasonal prevailing winds.



P. Pruning and Mulching: Pruning shall be directed by the Landscape Architect and shall be pruned in accordance with standard horticultural practice following Fine Pruning, Class I pruning standards provided by the National Arborist Association.
1. Dead wood, suckers, broken and badly bruised branches shall be removed. General tipping of the branches is not permitted. Do not cut terminal branches.
2. Pruning shall be done with clean, sharp tools.
3. Immediately after planting operations are completed, all tree pits shall be covered with a layer of organic material two (2") inches in depth. This limit of the organic material for trees shall be the diameter of the plant pit.

Q. Steel Curbing Installation:
1. Curbing shall be aligned as indicated on plans. Stake out limits of steel curbing and obtain Owners approval prior to installation.
2. All steel curbing shall be free of kinks and abrupt bends.
3. Top of curbing shall be ½" maximum height above final finished grade.
4. Stakes are to be installed on the planting bed side of the curbing, as opposed to the grass side.
5. Do not install steel edging along sidewalks or curbs.
6. Cut steel edging at 45 degree angle where edging meets sidewalks or curbs.

3.3 CLEANUP AND ACCEPTANCE

A. Cleanup: During the work, the premises shall be kept neat and orderly at all times. Storage areas for all materials shall be so organized so that they, too, are neat and orderly. All trash and debris shall be removed from the site as work progresses. Keep paved areas clean by sweeping or hosing them at end of each work day.

END OF SECTION

01 TREE PLANTING DETAIL
NOT TO SCALE

**TREE PLANTING DETAIL LEGEND AND NOTES**

A. TREE: TREES SHALL CONFORM WITH LATEST AMERICAN STANDARD FOR NURSERY STOCK. www.anla.org

B. TREE PIT: WIDTH TO BE AT LEAST TWO (2) TIMES THE DIAMETER OF THE ROOT BALL CENTER TREE IN HOLE & REST ROOT BALL ON UNDISTURBED NATIVE SOIL.

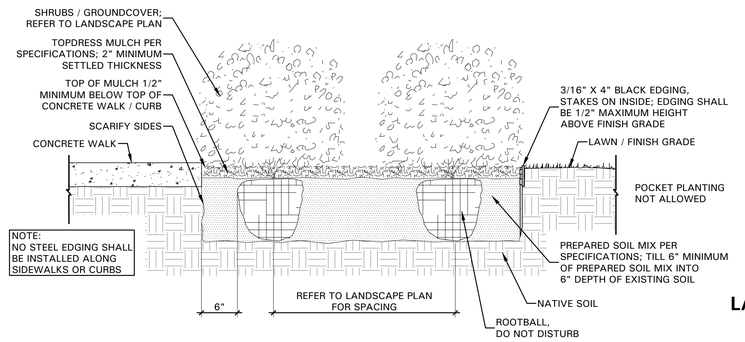
C. ROOT BALL: REMOVE TOP ⅓ BURLAP AND ANY OTHER FOREIGN OBJECT; CONTAINER GROWN STOCK TO BE INSPECTED FOR GIRDLING ROOTS.

D. ROOT FLARE: ENSURE THAT ROOT FLARE IS EXPOSED, FREE FROM MULCH, AND AT LEAST TWO INCHES ABOVE GRADE. TREES SHALL BE REJECTED WHEN GIRDLING ROOTS ARE PRESENT & ROOT FLARE IS NOT APPARENT.

E. ROOTBALL ANCHOR RING: REFER TO MANUFACTURER'S GUIDELINES FOR SIZING. PLACE ROOTBALL ANCHOR RING ON BASE OF ROOTBALL, TRUNK SHOULD BE IN THE CENTER OF THE RING.

F. ROOT ANCHOR BY TREE STAKE SOLUTIONS.

G. NAIL STAKE: REFER TO MANUFACTURER'S GUIDELINES FOR SIZING. INSTALL NAIL STAKES WITH HAMMER OR MALLET FIRMLY INTO UNDISTURBED GROUND. DRIVE NAIL STAKES FLUSH WITH "U" BRACKET ADJACENT TO ROOTBALL (DO NOT DISTURB ROOTBALL).



H. BACKFILL: USE EXISTING NATIVE SOIL (no amendments) WATER THOROUGHLY TO ELIMINATE AIR POCKETS.

I. MULCH: DOUBLE SHREDDED HARDWOOD MULCH 2 INCH SETTLED THICKNESS, WITH 2" HT. WATERING RING; ENSURE THAT ROOT FLARE IS EXPOSED. BELOW GROUND STAKE SHOULD NOT BE VISIBLE.

J. TREE STAKES:
TREE STAKE SOLUTIONS 'SAFETY STAKE' BELOW GROUND MODEL AVAILABLE FROM:

### Specifications

**EPA:** 1.07 ft² (0.09 m²)
**Length:** 33" (83.6cm)
**Width:** 13" (33cm)
**Height:** 7-1/2" (19cm)
**Weight (max):** 27 lbs (12.1kg)

### A+ Capable Luminaire

This item is an A+ capable luminaire, which has been designed and tested to provide consistent color appearance and system-level interoperability.

- All configurations of this luminaire meet the Acuity Brands' specification for chromatic consistency
- This luminaire is A+ Certified when ordered with DTL® controls marked by a shaded background. DTL DLL equipped luminaires meet the A+ specification for luminaire to photocontrol interoperability1
- This luminaire is part of an A+ Certified solution for ROAM® or Xpoint™ Wireless control networks, providing out-of-the-box control compatibility and simple commissioning, when ordered with drivers and control options marked by a shaded background.

To learn more about A+, visit www.acuitybrands.com/aplus.

1. See ordering tree for details.
2. A+ Certified Solutions for ROAM require the order of one ROAM® node per luminaire. Sold Separately: Link to Roam; Link to DTL DLL

A+ Capable options indicated by fifth color background.

For 3/4" NPT side-entry conduit (BBW only)

### Introduction

The D-Series Wall luminaire is a stylish, fully integrated LED solution for building-mount applications. It features a sleek, modern design and is carefully engineered to provide long-lasting, energy-efficient lighting with a variety of optical and control options for customized performance.

With an expected service life of over 20 years of nighttime use and up to 74% in energy savings over comparable 250W metal halide luminaires, the D-Series Wall is a reliable, low-maintenance lighting solution that produces sites that are exceptionally illuminated.

**Accessories**
Ordered and shipped separately.
DSXW1 U Square pole universal mounting adapter
DSXW1 RPU Round pole universal mounting adapter
DSXW1 KA Mast arm mounting bracket adapter (specify finish)

**NOTES**
1. 20C 1000 is not available with PE, PIRH, PIRH1FC3V or PIRHTCW.
2. MVOLT driver operates on any line voltage from 120-277V (50/60 Hz).
3. Single fuse (SF) requires 120, 277 or 347 voltage option. Double fuse (DF) requires 208, 240 or 480 voltage option.
4. Only available with 20C, 700mA or 1000mA. Not available with PIR or PIRH.
5. Not available with 347V or 480V when ordered with PIR, PIRH, PIR1FC3V or PIRH1FC3V, or with emergency battery backup or accessory.
6. Photocontrol (PE) requires 120, 208, 240, 277 or 347 voltage option. Not available with motion/ambient light sensors (PIR or PIRH).
7. Reference Motion Sensor table on page 3.
8. Reference Controls Options table on page 4 for details on how to order with control entry applications. Not available with BBW mounting option. Not available with fusing. Not available with 347 or 480 voltage options. Emergency components located in back box housing. Emergency inside 835 flex located on product page at www.lithonia.com.
9. Not available with ELCW.
10. We available as a separate accessory see Accessories information.

# AGENDA
## PLANNING AND ZONING COMMISSION WORK SESSION
## City Hall, 385 South Goliad, Rockwall, Texas
## Council Chambers
## March 26, 2019
## 6:00 P.M.

**CALL TO ORDER**

***CONSENT AGENDA***

1. Approval of Minutes for the *February 26, 2019* Planning and Zoning Commission meeting.

2. **P2019-006** (Korey)
   Discuss and consider a request by Debora Allegranti of CBOCS Texas, LLC on behalf of Eric Borkenhagen of Kohls Illinois, Inc. for the approval of a replat for Lots 6 & 7, Market Center East Addition being a 9.012-acre tract of land identified as Lot 1, Market Center East Addition, City of Rockwall, Rockwall County, Texas, zoned Commercial (C) District, situated within the IH-30 Overlay (IH-30 OV) District, addressed as 823 & 845 E. IH-30, and take any action necessary.

3. **P2019-014** (David)
   Discuss and consider a request by Mike Whittle and Randall Noe of Rockwall Rental Properties, LLC for the approval of a replat for Lots 16 & 17, Block 2, Alliance Addition, Phase 2 being a 0.98-acre tract of land identified as Lots 14 & 15, Block 2, Alliance Addition, Phase 2, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 57 (PD-57) for Commercial (C) District land uses, addressed as 6520 & 6530 Alliance Addition, and take any action necessary.

4. **P2019-015** (David)
   Discuss and consider a request by Matt Moore of Claymoore Engineering on behalf of Phil Wagner of the Rockwall Economic Development Corporation for the approval of a replat for Lot 4, Block E, Rockwall Technology Park Addition being a 3.634-acre parcel of land identified as Lot 1, Block E, Rockwall Technology Park Addition, City of Rockwall, Rockwall County, Texas, zoned Light Industrial (LI) District, situated within the FM-549 Overlay (FM-549 OV) District, located at the northwest corner of the intersection of Technology Way and Observation Trail, and take any action necessary.

***APPOINTMENTS***

5. Appointment with Architectural Review Board representative to receive the Board's recommendations and comments for items on the agenda requiring architectural review.

***ACTION ITEMS***

6. **SP2017-025** (Korey)
   Discuss and consider a request by Greg Wallis of Mershawn Architects on behalf of Doug Fox of Cornerstone Church for the approval of an amended site plan for a church on a six (6) acre parcel of land identified as Tract 4-07 of the N. Butler Survey, Abstract No. 20, City of Rockwall, Rockwall County, Texas, zoned Commercial (C) District, situated within the 205 By-Pass Overlay (205 BY-OV) District, addressed as 1565 Airport Road, and take any action necessary.

***DISCUSSION ITEMS***

7. **Z2019-004** (Korey)
   Hold a public hearing to discuss and consider a request by Sandie Wood for the approval of a Specific Use Permit (SUP) for a *guest quarters/secondary living unit* that does not meet the minimum requirements as stipulated by Article IV, *Permissible Uses*, of the Unified Development Code (UDC) on a 3.574-acre parcel of land identified as Lot 1, Block A, Wood Estates Addition, City of Rockwall, Rockwall County, Texas, zoned Single-Family 7 (SF-7) District, addressed as 207 Nash Street, and take any action necessary.

8. **Z2019-005** (Ryan)
   Hold a public hearing to discuss and consider a request by Kent Donahue of Donahue Development Corporation on behalf of the owner Rockwall Highgate LTD for the approval of a zoning change from an Agricultural (AG) District to a Planned Development District for Single Family 7 (SF-7) District land uses on a 264.510-acre tract of land identified as Tracts 17-13 [*50.0-acres*], 17-14 [*26.452-acres*], 17-15 [*134.33-*

*acres*], 17-16 [*43.6-acres*], & 40-8 [*8.79-acres*] of the W. W. Ford Survey, Abstract No. 80, City of Rockwall, Rockwall County, Texas, zoned Agricultural (AG) District, located on the east side of SH-205 (S. Goliad Street) south of the intersection of SH-205 and FM-549, and take any action necessary.

9. **Z2019-006** **(David)**
   Hold a public hearing to discuss and consider a request by Mark W. Pross of Pross Design Group, Inc. on behalf of Carolina Molina of Alvaplast US (SPR Packaging) for the approval of a Specific Use Permit (SUP) for a structure that exceeds 60-feet in a Light Industrial (LI) District on a 42.61-acre tract of land identified as Tract 7 of the N. Butler Survey, Abstract No. 20 (*11.3736-acres*); Tract 31 of the R. Ballard Survey, Abstract No. 29 (*8.197-acres*); and, Lot 1-01, Block 1, Indalloy Addition (*14.53-acres*), City of Rockwall, Rockwall County, Texas, zoned Light Industrial (LI) District, situated at the terminus of Aluminum Plant Road, and take any action necessary.

10. **Z2019-007** **(David)**
    Hold a public hearing to discuss and consider a request by Ruben Garcia and Brandon Mullins on behalf of Forrest B. Davis Jr. for the approval of a Specific Use Permit (SUP) for *outdoor commercial amusement/recreation* in conjunction with an existing Craft/Micro Brewery on a 1.215-acre parcel of land identified as Lot 1-F, Bodin Industrial Addition, City of Rockwall, Rockwall County, Texas, zoned Light Industrial (LI) District, situated within the IH-30 Overlay (IH-30 OV) District, addressed as 2015 Kristy Lane, and take any action necessary.

11. **Z2019-008** **(Ryan)**
    Hold a public hearing and consider a request by James Ziegler of PegasusAblon on behalf of Rockwall Rental Properties, LP for the approval of a PD Development Plan amending Ordinance 17-64 and in accordance with Ordinance No. 17-22, for a 7.344-acre tract of land identified as Lot 9, Block A, Harbor-Rockwall Addition and Tract 16 of the M. J. Barksdale Survey, Abstract No. 11, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 32 (PD-32), situated within the IH-30 (IH-30) Overlay District, located at the southwest corner of the intersection of the IH-30 frontage road and Lakefront Trail, and take any action necessary.

12. **P2019-010** **(David)**
    Discuss and consider a request by Michael Duval of G&A/McAdams on behalf of John Delin of RW Ladera, LLC for the approval of a final plat for Lot 1, Block A and Lot 1, Block B, Ladera Rockwall Addition being a 47.694-acre tract of land identified as a portion of Tract 4-01 and all of Tract 5 of the M. B. Jones Survey, Abstract No. 122, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 85 (PD-85) for General Retail (GR) and Single-Family 7 (SF-7) District land uses, situated within the 205 By-Pass Overlay (205 BY-OV) and the East SH-66 Overlay (E SH-66 OV) District, located at the northeast and northwest corners of the intersection of SH-66 and John King Boulevard, and take any action necessary.

13. **P2019-013** **(Korey)**
    Hold a public hearing to discuss and consider a request by Dean Cathey of Dean Cathey Custom Homes, Inc. for the approval of a replat for Lots 3, 4 & 5, Block A, Richard Harris Subdivision No. 3 Addition being a 0.57-acre tract of land identified as Lots 1 & 2, Block A, Richard Harris Subdivision No. 3 Addition, City of Rockwall, Rockwall County, Texas, zoned Single Family 7 (SF-7) District, addressed as 705 & 707 Hartman Street, and take any action necessary.

14. **SP2019-006** **(Korey)**
    Discuss and consider a request by Marla Mauricio of Kimley-Horn and Associates, Inc. on behalf of Steve Russell of Excel Rockwall, LLC (ShopCore Properties, LLC) for the approval of a site plan for a commercial retail building on a 0.69-acre portion of a larger 11.125-acre parcel of land being identified as Lot 11, Block A, Rockwall Business Park East Addition, City of Rockwall, Rockwall County, Texas, zoned Commercial (C) District, situated within the IH-30 Overlay (IH-30 OV) District, addressed as 1041 E. IH-30, and take any action necessary.

15. Director's Report of post Council meeting outcomes of Planning & Zoning cases **(Ryan)**.

- ✓ P2019-008: Replat for Lots 1 & 2, Block A, N. E. & J. O. Addition [*Approved*]
- ✓ P2019-009: Replat for Lot 1, Block A, Brakes Plus Addition [*Approved*]
- ✓ SP2019-004: Alternative Tree Mitigation Plan for SPR [*Approved*]
- ✓ Z2019-003: SUP for a Private Sports Arena, Stadium or Track (*1st Reading*) [*Approved*]

**ADJOURNMENT**

This facility is wheelchair accessible and accessible parking spaces are available. Request for accommodations or interpretive services must be made 48 hours prior to this meeting. Please contact the City Secretary's Office at (972) 772-6406 for further information.

I, Laura Morales, Planning and Zoning Coordinator for the City of Rockwall, Texas, do hereby certify that this Agenda was posted at City Hall, in a place readily accessible to the general public at all times, on the 22nd day of March 2019 at 5:00 p.m., and remained so posted for at least 72 continuous hours preceding the scheduled time of said meeting.

# MINUTES

## PLANNING AND ZONING COMMISSION WORK SESSION

**City Hall, 385 South Goliad, Rockwall, Texas**
**Council Chambers**
**February 26, 2019**
**6:00 P.M.**

I. CALL TO ORDER

**Chairman Lyons called the meeting to order at 6:00 p.m. The Commissioners present at the meeting were, Jerry Welch, Eric Chodun, Mark Moeller, Annie Fishman, Tracey Logan, and John Womble. Staff members present were Planning Director, Ryan Miller, Planning Manager, David Gonzales, Senior Planer Korey Brooks, Planning Coordinator, Laura Morales, City Engineer, Amy Williams, Civil Engineers, Jeremy White and Sarah Hager.**

II. CONSENT AGENDA

1. Approval of Minutes for the January 15, 2019 Planning and Zoning Commission meeting.

**Commissioner Logan made a motion to approve the consent agenda. Commissioner Moeller seconded the motion which passed by a vote of 7-0.**

III. APPOINTMENTS

2. Appointment with Architectural Review Board representative to receive the Board's recommendations and comments for items on the agenda requiring architectural review.

**Planning Director, Ryan Miller, advised the Commission staff would go over the recommendations the Architectural Review Board made during discussion of the case that was reviewed.**

IV. DISCUSSION ITEMS

3. Z2019-003

Hold a public hearing to discuss and consider a request by Jeff Bresee of SET Engineers on behalf of James Watson of the Rockwall Independent School District (RISD) for the approval of a Specific Use Permit (SUP) for a *Private Sports Arena, Stadium or Track* on a 35.295-acre parcel of land identified as Lot 1, Block A, Rockwall High School Addition, City of Rockwall, Rockwall County, Texas, zoned Commercial (C) District, situated within the IH-30 Overlay (IH-30 OV) District, addressed as 901 W. Yellow Jacket Lane, and take any action necessary.

**Senior Planner, Korey Brooks, indicated the applicant was present and would go over the request and staff would be available for questions.**

**Chairman Lyons asked the applicant to come forward and speak.**

**Tim Lyssy**
**1191 T.L. Townsend Drive**
**Rockwall, TX**

**Mr. Lyssy came forward and indicated he was the construction project manager with Rockwall Independent School District. He shared that one of the things approved with the 2015 bond package was to expand the softball and football facilities. The original plan was to find and purchase land however they were unable to find land that was appropriate and therefore looked into their available resources one of which is the subject property. Mr. Lyssy went on to explain that what they envision doing is using that space as a multi-use space that will have a baseball diamond as well as a limited football and soccer use. The space would be fenced and netted up above the fencing as well as lit. He indicated he was available for questions.**

**Chairman Lyons asked if there were any questions from the Commission for the applicant.**

**Commissioner Chodun asked if they would be discussing the proposed project with the adjacent owners/properties. Mr. Lyssy indicated that they have contacted the adjoining Rooms to Go and the car dealership and neither have expressed any concern over the project.**

**Chairman Lyons asked if it would only be used for practice to limit the wear and tear to the game fields or would games be held as well. Mr. Lyssy shared the intent is for the field, which will compose of synthetic turf, to be for practice only, however should there be day tournaments on weekends they may move those to this field as needed. Chairman Lyons asked how quickly the filed would be built and completed should approval of the SUP be granted. Mr. Lyssy indicated it would be roughly less than three months given the weather once they go before their Board.**

**Commissioner Welch asked if the netting would it be permanently up. Mr. Lyssy Indicated it would be permanently up as it would be troublesome to be taking it down after each use. Commissioner Chodun asked in regards to the bond package was it restricting the use of the practice field strictly for the high school. Mr. Lyssy indicated he did not have that information off hand however he would provide that at the next meeting. Commissioner Moeller asked how confident they are to meeting the lighting requirements in regard to the variance that is being requested for the lighting going beyond what the City allows for spillage of lighting. Mr. Lyssy indicated they will do all they can design and construction wise to ensure they get as close to meeting the requirements. He added that even with lights that will be as high as the ones that will be used, they will be focused onto the field only and any spillover they feel would not be counterproductive in this area as it would possibly help safety in the adjoining properties parking areas.**

**There being no further questions Chairman Lyons indicated the case will return to the Commission for action at the next scheduled meeting.**

4. P2019-008

Hold a public hearing to discuss and consider a request by Kevin Osornio on behalf of Jeaniffer Osornio for the approval of a replat for Lots 1-4, Block A, N. E. & J.O. Addition being a 0.46-acre parcel of land identified as Lot 2, Block A, Sanger Addition, City of Rockwall, Rockwall County, Texas, zoned Single Family 7 (SF-7) District, situated within the Southside Residential Overlay (SOV) District, addressed as 705 Peters Colony, and take any action necessary.

**Senior Planner, Korey Brooks, provided a brief explanation of the request. The applicant is seeking to subdivide the tract of land into four different parcels and is coming before the Commission because the case will be going before the Parks Board the following week to have park fees accessed. Mr. Brooks further shared that the two lots that will be facing onto Lamar Street currently do not have water, and therefore the applicant would be required to extend the eight inch water line up Lamar Street and loop back up to Peters Colony and additionally will be required to pave an area of Lamar Street to meet Engineering and Fire codes.**

**Mr. Brooks indicated his applicant was not present however staff was available for questions.**

**Commissioner Logan why the city did not provide water access to a residential property. Mr. Brooks indicated it was developer driven as with any other developments.**

**There being no further questions Chairman Lyons indicated the case will return to the Commission for action at the next scheduled meeting.**

5. SP2019-004

Discuss and consider a request by Mark W. Pross of Pross Design Group, Inc. on behalf of Carolina Molina of Alvaplast US (SPR Packaging) for the approval of a site plan for a warehouse/manufacturing facility on a 11.3736-acre tract of land identified as Tract 7 of the N. Butler Survey, Abstract No. 20, City of Rockwall, Rockwall County, Texas, zoned Light Industrial (LI) District, situated at the terminus of Aluminum Plant Road, and take any action necessary.

**Planning Manager, David Gonzales, provided a brief explanation of the request. He shared that the Architectural Review Board reviewed the case and took a look at the elevations and the exceptions that are being requested by the applicant. He then briefly discussed the recommendations ARB provided and those revisions/modifications that the applicant makes will**

**come before the Architectural Review for their review at the next scheduled meeting in two weeks. Mr. Gonzales indicated the applicant was present and available for questions as well as staff.**

**Commissioner Logan asked in regards to the variance on the height that was being requested. Mr. Gonzales indicated that the case that is before the Commission is for the site plan only; the case for the height variance was withdrawn by the applicant and may come back before the Commission in the future however at this time what is being discussed is the site plan no height variance is required.**

**Chairman Lyons asked the applicant to come forward.**

**Ignacio Echavarri**
**President of SPR Packaging**
**1480 Justin Road**
**Rockwall, TX**

**Mr. Echavarri came forward and provided a brief summary and background of the request. He shared that this will be the third expansion of SPR with the initial building at 50,000 square feet having been built in 2008 followed by the second expansion of a 150,000 square foot building in 20011 and the land for this third expansion having been purchased in 2015. The proposed expansion will be an expansion from the existing building and will have all the same elements as that building with an added modern and prominent look. Mr. Echavarri went on to share details of the plan for the expansion and their intent to have as little impact on the surrounding neighborhood as possible. He then indicated he was available for questions.**

**Chairman Lyons indicated the case will return to the Commission for action at the next scheduled meeting.**

6. SP2019-005

Discuss and consider a request by Pat Atkins of the Saddle Star Land Development, LLC on behalf of CDT Rockwall/2017 LLC for the approval of a site plan for the Saddle Star South Subdivision containing 138 single-family residential lots on a 55.85-acre tract of land identified as Tracts 1, 1-5 & 2-03 of the P. B. Harrison Survey, Abstract No. 97, City of Rockwall, Rockwall County, Texas, zoned Agricultural (AG) District and Planned Development District 79 (PD-79) for Single-Family 8.4 (SF-8.4) District land uses, situated within the SH-205 By-Pass Overlay (SH-205 BY-OV) District, located on the north side of John King Boulevard east of the intersection of Featherstone Drive John King Boulevard, and take any action necessary.

**Planning Manager, David Gonzales, indicated the applicant was present and would discuss the PD site plan. The case will be required to go before the Parks Board to tie down details such as the hardscape plan, trail system, Neighborhood Park that will be associated with the site plan in addition to a treescape plan that once approved would allow them to move onto the engineering phase. Mr. Gonzales indicated staff was available for questions.**

**Chairman Lyons asked the applicant to come forward.**

**Pat Atkins**
**3076 Hays Road**
**Rockwall, TX**

**Mr. Atkins came forward and shared the case is a continuation of the project Saddle Star which they are moving forward with and have reviewed all of staffs comments and will make modifications to the comments provided. He indicated he was available for questions.**

**There being no questions Chairman Lyons indicated the case will return to the Commission for action at the next scheduled meeting.**

7. Director's Report of post Council meeting outcomes of Planning & Zoning cases.

- ✓ Z2018-056: Zoning Change (AG to LI) for Friendship Baptist Church (*2nd Reading*) [*Approved*]
- ✓ Z2018-058: SUP for a Craft Winery and Commercial/Amusement Outdoors (*2nd Reading*) [*Approved*]
- ✓ Z2019-001: Text Amendment to Article IV, Permissible Uses, UDC (*1st Reading*) [*Approved*]

**Planning Director, Ryan Miller, provided a brief update about the outcome of the above referenced case at the City Council meeting.**

V. ADJOURNMENT

**Chairman Lyons adjourned the meeting at 6:37 p.m.**

VI. WORK SESSION

8. A work session will be held in the City Council meeting room immediately following the adjournment of the February 26, 2019 Planning and Zoning Commission Work Session meeting to discuss the implementation of a zoning tool as directed by the City Council.

PASSED AND APPROVED BY THE PLANNING & ZONING COMMISSION OF THE CITY OF ROCKWALL, Texas, this _____ day of _____, 2019.

PHONE: (972) 771-7745 • EMAIL: PLANNING@ROCKWALL.COM

| | |
|---|---|
| **TO:** | Planning and Zoning Commission |
| **DATE:** | 03/26/2019 |
| **APPLICANT:** | Debora Allengranti; *CBOCS Texas, LLC* |
| **CASE NUMBER:** | P2019-006; *Lots 6 & 7, Block A, Rockwall Market Center East Addition* |

## SUMMARY

Consider a request by Debora Allengranti of CBOCS Texas, LLC on behalf of Eric Borkenhagen of Kohls Illinois, Inc. for the approval of a replat for Lots 6 & 7, Block A, Rockwall Market Center East Addition being a 9.0142-acre tract of land identified Lot 1, Block A, Market Center East Addition, City of Rockwall, Rockwall County, Texas, zoned Commercial (C) District, situated within the IH-30 Overlay (IH-30 OV) District, addressed as 823 & 845 E. IH-30, and take any action necessary.

## PLAT INFORMATION

- ☑ The applicant is requesting to replat a 9.0142-acre tract of land (*i.e. Lot 1, Block A, Rockwall Market Center East Addition*) into two (2) parcels of land (*i.e. Lots 6 & 7, Block A, Rockwall Market Center East Addition*) for the purpose of constructing a restaurant (*i.e. Cracker Barrel*) on Lot 6.

- ☑ On February 15, 1999, the City Council approved a replat [*Case No. PZ1999-10-1-RP*], a site plan [*Case No. PZ-1999-10-2-SP*], and a landscape plan [*Case No. PZ-1999-10-03-LP*] for a department store (*i.e. Kohl's*).

- ☑ On October 15, 2018, the Planning and Zoning Commission approved a site plan [*Case No. SP2018-028*] for a restaurant (*i.e. Cracker Barrel*) on a 1.629 portion of the existing property.

- ☑ On February 14, 2019, the Board of Adjustments (BOA) approved a variance [*Order No. BOA 2019-3-V*] to reduce the minimum lot frontage from 200-feet to 189.74 feet for Lot 6 and 167.98-feet for Lot 7.

- ☑ The surveyor has completed the majority of the technical revisions requested by staff, and this plat -- *conforming to the requirements for replats as stated in the Subdivision Ordinance in the Municipal Code of Ordinances* -- is recommended for conditional approval pending the completion of final technical modifications and submittal requirements.

- ☑ Conditional approval of this plat by the City Council shall constitute approval subject to the conditions stipulated in the *Conditions of Approval* section below.

- ☑ With the exception of the items listed in the *Conditions of Approval* section of this case memo, this plat is in substantial compliance with the requirements of the *Subdivision Ordinance* in the *Municipal Code of Ordinances*.

## CONDITIONS OF APPROVAL

If the Planning and Zoning Commission chooses to recommend approval of the replat for *Lots 6 & 7, Market Center East Addition,* staff would propose the following conditions of approval:

(1) All technical comments from the Engineering, Planning and Fire Departments shall be addressed prior to the filing of this plat;

(2) The developer is to submit revised site plan, landscape plan, photometric plan, and building elevations to the Planning, Engineering, and Building Inspections Departments; and

(3) Any construction resulting from the approval of this replat shall conform to the requirements set forth by the Unified Development Code (UDC), the International Building Code (IBC), the Rockwall Municipal Code of Ordinances, city adopted engineering and fire codes and with all other applicable regulatory requirements administered and/or enforced by the state and federal government.

P2019-006 Lots 6 & 7, Market Center East Addition

Please address the following comments (M= Mandatory Comments; I = Informational Comments).

I.1 This is a request by Debora Allegranti of CBOCS Texas, LLC on behalf of Eric Borkenhagen of Kohls Illinois, Inc. for the approval of a replat for Lots 6 & 7, Market Center East Addition being a 9.012-acre tract of land identified as Lot 1, Market Center East Addition, City of Rockwall, Rockwall County, Texas, zoned Commercial (C) District, situated within the IH-30 Overlay (IH-30 OV) District, addressed as 823 & 845 E. IH-30.

I.2 For questions or comments concerning this case, please contact Korey Brooks in the Planning Department at (972) 772-6434 or email kbrooks@rockwall.com.

M.3 For reference, include the case number (P2019-006) in the lower right hand corner of all pages on future submittals.

M.4 The printed plat is not 18 X 24. Please print as 18 x 24

M.5 Please note, the scale is off (probably because the printed version is too large).

M.6 Please format title block to the following:

Type of Plat
Subdivision Name
Lot and Block Designation
Number of Lots
Total Acreage and SF
City, State, County

M.7 Please note, Lot 1 is Lot 7. Both lots are being replatted

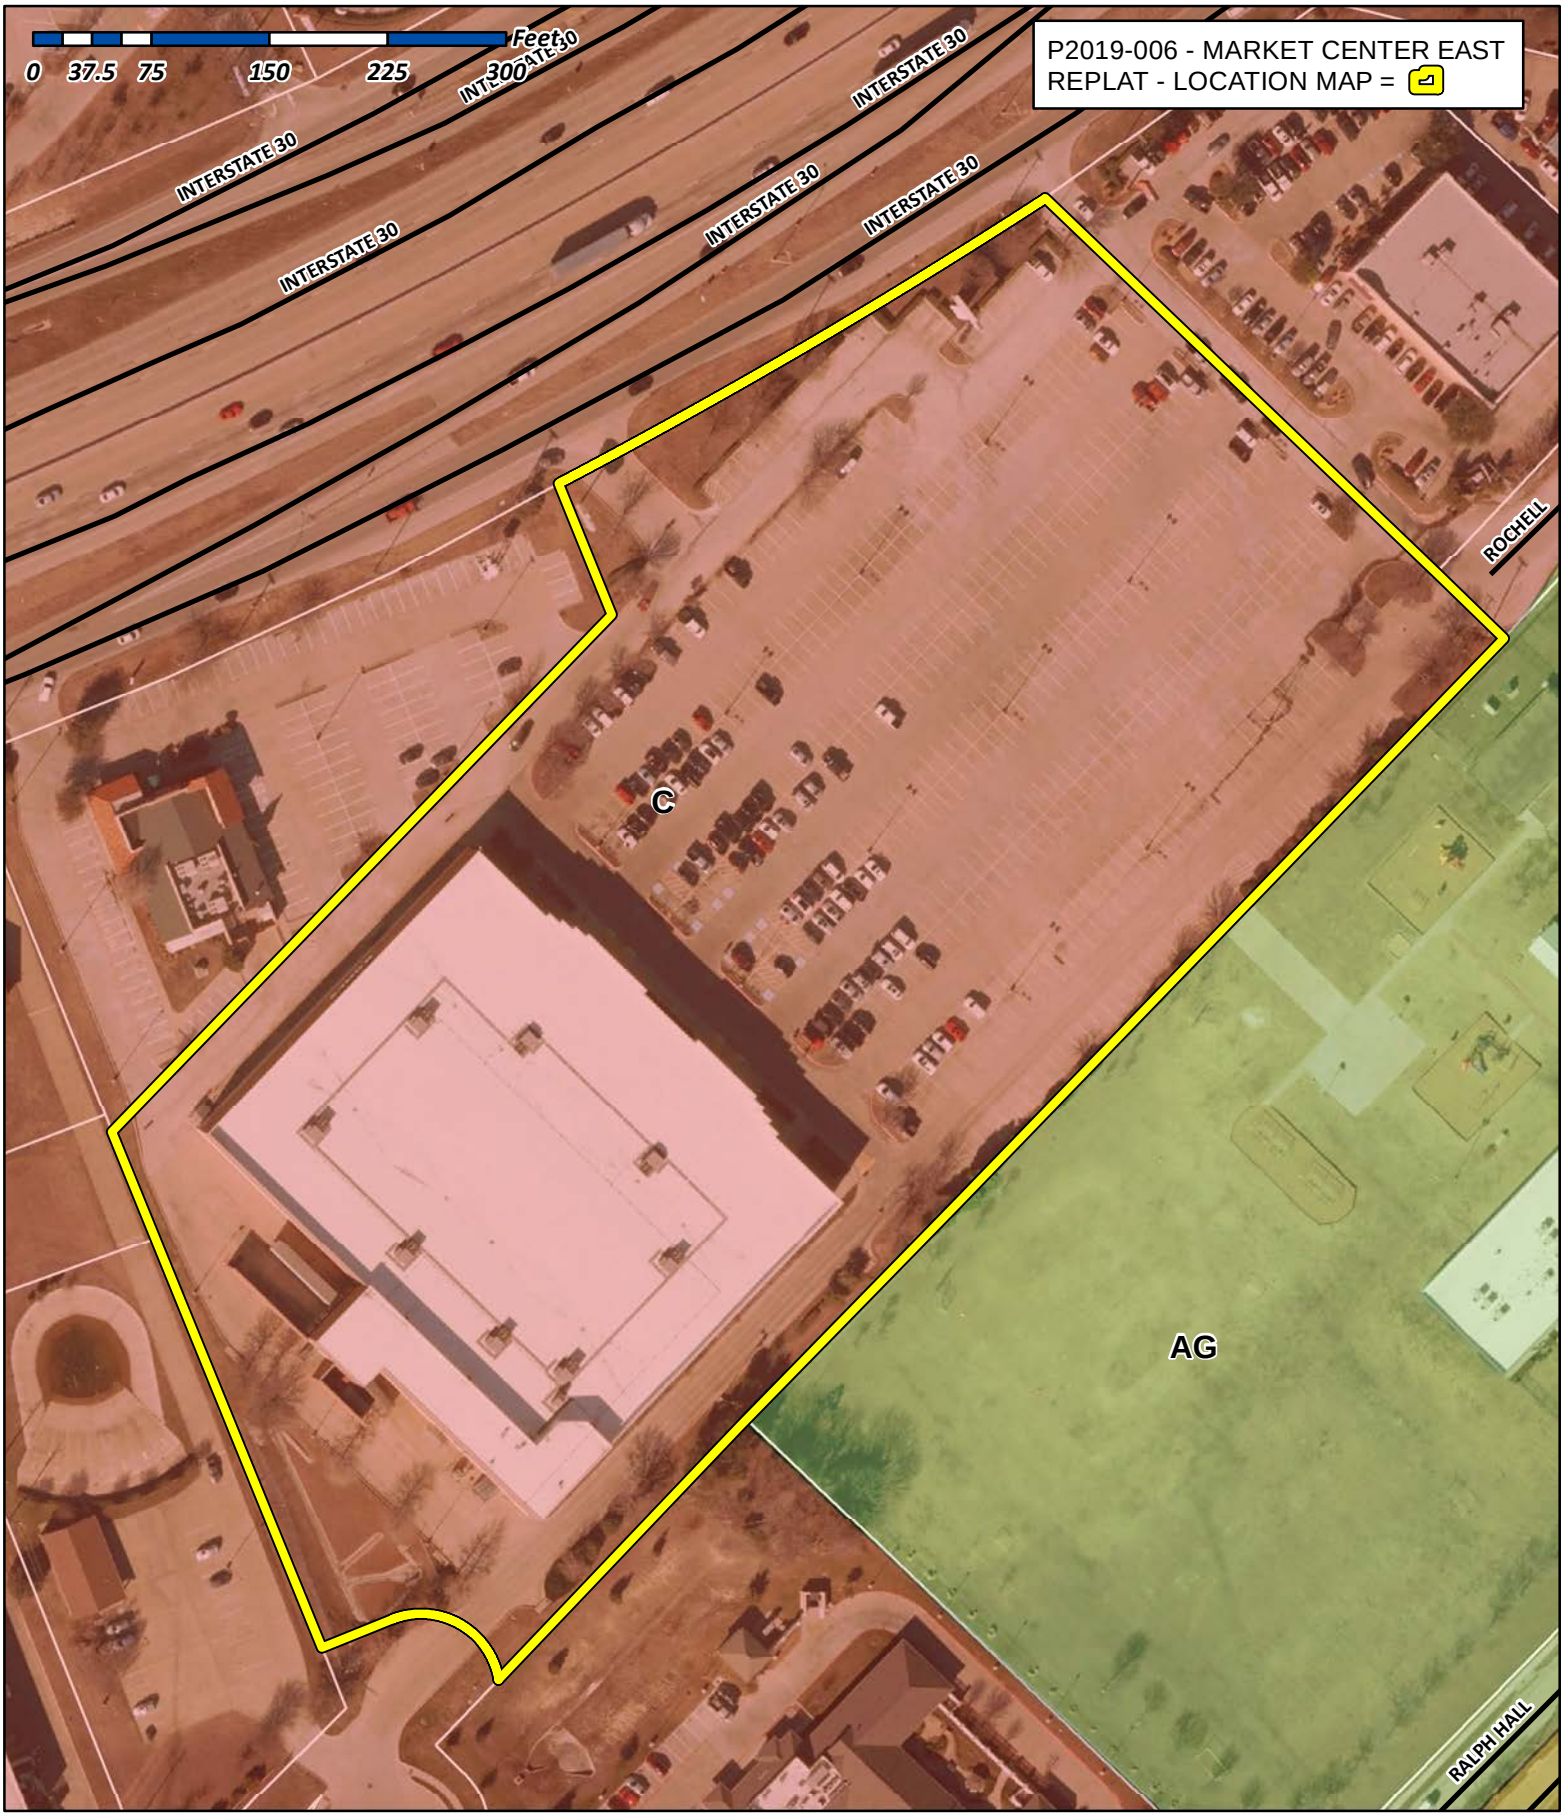
M.8 Please note, the legal description needs to be for the boundary of the two lots together, not just Lot 6.

M.9 Please provide developer information on Plat.

M.10 Please note, the front setback is 25-feet in the IH-30 Overlay

M.11 Please check C1 and C2. The distances are not the same on the curve table as on the callouts.

I.12 Please check C6. The chord directions are not the same (I understand that using N and E is the same as S and W; however, please be consistent).



M.13 Please show centerlines and full width of adjacent right of ways

I.14 No structures in easements.

M.16 Can a rod be set at the POB instead of using a rod that is several feet away? We don't usually see Ties.

I.17 The Planning and Zoning Meeting is March 26, 2019. The City Council Meeting is April 1.

M.18 Please submit revisions by April 2, 2019.

## OWNER'S CERTIFICATION:

STATE OF TEXAS
COUNTY OF ROCKWALL

WHEREAS KOHLS ILLINOIS, INC. BEING THE OWNER OF A TRACT OF LAND IN THE COUNTY OF ROCKWALL, STATE OF TEXAS, SAID TRACT BEING DESCRIBED AS FOLLOWS:

BEING LOT 1 BLOCK A, ROCKWALL MARKET CENTER EAST, AN ADDITION TO THE CITY OF ROCKWALL, ROCKWALL COUNTY, TEXAS, ACCORDING TO FINAL PLAT THEREOF RECORDED IN CABINET D, SLIDE 189, OF THE PLAT RECORDS, ROCKWALL COUNTY, TEXAS AND BEING MORE PARTICULARLY DESCRIBED AS FOLLOWS:

COMMENCING AT THE TXDOT RIGHT-OF-WAY CONCRETE MONUMENT AT THE SOUTHWEST CORNER OF THE INTERSECTION OF INTERSTATE HIGHWAY 30 AND MIMS ROAD; THENCE ALONG A CURVE CONCAVE TO THE NORTHWEST HAVING A RADIUS OF 3969.72 FEET, AN ARC LENGTH OF 206.57 FEET AND A CHORD BEARING AND DISTANCE OF S 55°30'43"W FOR A DISTANCE OF 206.55 FEET TO A DRILL HOLE FOUND, BEING THE POINT OF BEGINNING;

THENCE S 46°12'30"E FOR 225.43 FEET TO AN IRON ROD;

THENCE S 43°47'30"W FOR 128.00 FEET TO A MAG NAIL AND WASHER;

THENCE N 46°12'30"W FOR 63.00 FEET TO A MAG NAIL AND WASHER;

THENCE S 43°47'30"W FOR 181.25 FEET TO A MAG NAIL AND WASHER;

THENCE N 46°12'30"W FOR 194.00 FEET TO A MAG NAIL AND WASHER;

THENCE N 43°47'30"E FOR 121.00 FEET TO A MAG NAIL AND WASHER;

THENCE N 30°15'32"W FOR 16.84 FEET TO AN IRON ROD;

THENCE ALONG THE SOUTHEASTERN RIGHT-OF-WAY OF INTERSTATE HIGHWAY 30, ALONG A CURVE CONCAVE TO THE NORTHWEST HAVING A RADIUS OF 3969.72 FEET, AN ARC LENGTH OF 189.74 FEET AND A CHORD BEARING AND DISTANCE OF N 58°22'19"E FOR 189.73 FEET TO THE POINT OF BEGINNING AND CONTAINING 1.528 ACRES OR 66,540 SF, MORE OR LESS.

NOW, THEREFORE, KNOW ALL MEN BY THESE PRESENTS:

STATE OF TEXAS
COUNTY OF ROCKWALL

I (WE) THE UNDERSIGNED OWNER (S) OF THE LAND SHOWN ON THIS PLAT, AND DESIGNATED HEREIN AS THE RE-PLAT OF ROCKWALL MARKET CENTER EAST, BLOCK A, LOT 1 SUBDIVISION TO THE CITY OF ROCKWALL, TEXAS, AND WHOSE NAME IS SUBSCRIBED HERETO, THEREBY DEDICATE TO THE USE OF THE PUBLIC FOREVER ALL STREET, ALLEYS, PARKS, WATER COURSES, DRAINS, EASEMENTS AND PUBLIC PLACES THEREON SHOWN ON THE PURPOSE AND CONSIDERATION THEREIN EXPRESSED. I (WE) FURTHER CERTIFY THAT ALL OTHER PARTIES WHO HAVE A MORTGAGE ON LIEN INTEREST IN THE RE-PLAT OF ROCKWALL MARKET CENTER EAST, BLOCK A, LOT 1 SUBDIVISION HAVE BEEN NOTIFIED AND SIGNED THIS PLAT. I (WE) UNDERSTAND AND DO HEREBY RESERVE THE EASEMENT STRIPS SHOWN ON THIS PLAT FOR THE PURPOSES STATED AND FOR THE MUTUAL USE AND ACCOMMODATION OF ALL UTILITIES DESIRING TO USE OR SUING SAME. I (WE) ALSO UNDERSTAND THE FOLLOWING:

1. NO BUILDINGS SHALL BE CONSTRUCTED OR PLACED UPON, OVER, OR ACROSS THE UTILITY EASEMENTS AS DESCRIBED HEREIN.

2. ANY PUBLIC UTILITY SHALL HAVE THE RIGHT TO REMOVE AND KEEP REMOVED ALL OR PART OF ANY BUILDINGS, FENCES, TREES, SHRUBS, OR OTHER GROWTHS OR IMPROVEMENTS WHICH IN ANY WAY ENDANGER OR INTERFERE WITH CONSTRUCTION, MAINTENANCE OR EFFICIENCY OF THEIR RESPECTIVE SYSTEM ON ANY OF THESE EASEMENTS STRIPS; AND ANY PUBLIC UTILITY SHALL AT ALL TIMES HAVE THE RIGHT OF INGRESS OR EGRESS TO, FROM AND UPON THE SAID EASEMENT STRIPS FOR PURPOSE ON CONSTRUCTION, RECONSTRUCTION, INSPECTING, PATROLLING, MAINTAINING, AND EITHER ADDING TO OR REMOVING ALL OR PART OF THEIR RESPECTIVE SYSTEM WITHOUT THE NECESSITY OF, AT ANY TIME, PROCURING THE PERMISSION OF ANYONE.

3. THE CITY OF ROCKWALL WILL NOT BE RESPONSIBLE FOR ANY CLAIMS OF ANY NATURE RESULTING FROM OR OCCASIONED BY THE ESTABLISHMENT OF GRADE OF STREETS IN THE SUBDIVISION.

4. THE DEVELOPER AND SUBDIVISION ENGINEER SHALL BEAR TOTAL RESPONSIBILITY FOR STORM DRAIN IMPROVEMENTS.

5. THE DEVELOPER SHALL BE RESPONSIBLE FOR THE NECESSARY FACILITIES TO PROVIDE DRAINAGE PATTERNS AND DRAINAGE CONTROL SUCH THAT PROPERTIES WITHIN THE DRAINAGE AREA ARE NOT ADVERSELY AFFECTED BY STORM DRAINAGE FROM THE DEVELOPMENT.

6. NO HOUSE DWELLING UNIT, OR OTHER STRUCTURE SHALL BE CONSTRUCTED ON ANY LOT IN THIS ADDITION BY THE OWNER OR ANY OTHER PERSON UNTIL THE DEVELOPER AND/OR OWNER HAS COMPLIED WITH ALL REQUIREMENTS OF THE SUBDIVISION REGULATIONS OF THE CITY OF ROCKWALL REGARDING IMPROVEMENTS WITH RESPECT TO THE ENTIRE BLOCK ON THE STREET OR STREETS ON WHICH PROPERTY ABUTS, INCLUDING THE ACTUAL INSTALLMENT OF STREETS WITH THE REQUIRED BASE AND PAVING, CURB AND GUTTER, WATER AND SEWER, DRAINAGE STRUCTURES, STORM STRUCTURES, STORM SEWERS, AND ALLEYS, ALL ACCORDING TO THE SPECIFICATIONS OF THE CITY OF ROCKWALL; OR

7. PROPERTY OWNER SHALL BE RESPONSIBLE FOR ALL MAINTENANCE. REPAIR AND RECONSTRUCTION OF DRAINAGE AND DETENTION SYSTEMS IN EASEMENTS.

UNTIL AN ESCROW DEPOSIT, SUFFICIENT TO PAY FOR THE COST OF SUCH IMPROVEMENTS, AS DETERMINED BY THE CITY'S ENGINEER AND/OR CITY ADMINISTRATOR, COMPUTED ON A PRIVATE COMMERCIAL RATE BASIS, HAS BEEN MADE WITH THE CITY SECRETARY, ACCOMPANIED BY AN AGREEMENT SIGNED BY THE DEVELOPER AND/OR OWNER, AUTHORIZING THE CITY TO MAKE SUCH IMPROVEMENTS AT PREVAILING PRIVATE COMMERCIAL RATES, OR HAVE THE SAME MADE BY A CONTRACTOR AND PAY FOR THE SAME OUT OF THE ESCROW DEPOSIT, SHOULD THE DEVELOPER AND/OR OWNER FAIL OR REFUSE TO INSTALL THE REQUIRED IMPROVEMENTS WITHIN THE TIME STATED IN SUCH WRITTEN AGREEMENT, BUT IN NO CASE SHALL THE CITY BE OBLIGATED TO MAKE SUCH IMPROVEMENTS ITSELF. SUCH DEPOSIT MAY BE USED BY THE OWNER AND/OR DEVELOPER AS PROGRESS PAYMENTS AS THE WORK PROGRESSES IN MAKING SUCH IMPROVEMENTS BY MAKING CERTIFIED REQUISITIONS TO THE CITY SECRETARY, SUPPORTED BY EVIDENCE OF WORK DONE; OR

UNTIL THE DEVELOPER AND/OR OWNER FILES A CORPORATE SURETY BOND WITH THE CITY SECRETARY IN A SUM EQUAL TO THE COST OF SUCH IMPROVEMENTS FOR THE DESIGNATED AREA, GUARANTEEING THE INSTALLATION THEREOF WITH THE TIME STATED IN THE BOND, WHICH TIME SHALL BE FIXED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL.

I (WE) FURTHER ACKNOWLEDGE THAT THE DEDICATIONS AND/OR EXACTION'S MADE HEREIN ARE PROPORTIONAL TO THE IMPACT OF THE SUBDIVISION UPON THE PUBLIC SERVICES REQUIRED IN ORDER THAT THE DEVELOPMENT WILL COMPORT WITH THE PRESENT AND FUTURE GROWTH NEEDS OF THE CITY; I (WE), MY (OUR) SUCCESSORS AND ASSIGNS HEREBY WAIVE ANY CLAIM, DAMAGE, OR CAUSE OF ACTION THAT I (WE) MAY HAVE AS A RESULT OF THE DEDICATION OF EXACTIONS MADE HEREIN.

PLANNING AND ZONING COMMISSION CASE MEMO

**PLANNING AND ZONING DEPARTMENT**
385 S. GOLIAD STREET • ROCKWALL, TX 75087
PHONE: (972) 771-7745 • EMAIL: PLANNING@ROCKWALL.COM

| | |
|---|---|
| **TO:** | Planning and Zoning Commission |
| **DATE:** | March 26, 2019 |
| **APPLICANT:** | Mike Whittle and Randall Noe; *Rockwall Rental Properties, LLC* |
| **CASE NUMBER:** | P2019-014; *Lots 16 & 17, Block 2, Alliance Addition, Phase 2* |

## SUMMARY

Discuss and consider a request by Mike Whittle and Randall Noe of Rockwall Rental Properties, LLC for the approval of a replat for Lots 16 & 17, Block 2, Alliance Addition, Phase 2 being a 0.98-acre tract of land identified as Lots 14 & 15, Block 2, Alliance Addition, Phase 2, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 57 (PD-57) for Commercial (C) District land uses, addressed as 6520 & 6530 Alliance Addition, and take any action necessary.

## PLAT INFORMATION

☑ The applicant is requesting to replat a 0.98-acre tract of land (*i.e. Lots 14 & 15, Block 2, Alliance Addition, Phase 2*) for the purpose of abandoning a five (5)-foot portion of a 15-foot drainage easement. This process will establish new lot numbers for the subject properties (*i.e. Lots 16 & 17, Block 2, Alliance Addition, Phase 2*). The applicant intends to construct office buildings on these two (2) sites. The subject properties are zoned Planned Development District 57 (PD-57), which designates the subject property for Commercial (C) District land uses.

☑ On March 5, 2018, the City Council approved a replat [*Case No. P2018-004*] for the purpose of constructing two (2) single-story office buildings (*i.e. 4,920 SF each*) and dedicating the necessary easements for the development of these two (2) sites.

☑ On November 14, 2017, the Planning and Zoning Commission approved a site plans for each of these lots [*i.e. SP2017-034 & SP2017-036*].

☑ The surveyor has completed the majority of the technical revisions requested by staff, and this plat -- *conforming to the requirements for replats as stated in the Subdivision Ordinance in the Municipal Code of Ordinances* -- is recommended for conditional approval pending the completion of final technical modifications and submittal requirements.

☑ Conditional approval of this plat by the City Council shall constitute approval subject to the conditions stipulated in the *Conditions of Approval* section below.

☑ With the exception of the items listed in the *Conditions of Approval* section of this case memo, this plat is in substantial compliance with the requirements of the *Subdivision Ordinance* in the *Municipal Code of Ordinances*.

## CONDITIONS OF APPROVAL

If the Planning and Zoning Commission chooses to recommend approval of the replat for *Lots 16 & 17, Block 2, Alliance Addition, Phase 2,* staff would propose the following conditions of approval:

(1) All technical comments from the Engineering, Planning and Fire Departments shall be addressed prior to the filing of this plat; and

(2) Any construction resulting from the approval of this site plan shall conform to the requirements set forth by the Unified Development Code (UDC), the International Building Code (IBC), the Rockwall Municipal Code of Ordinances, city adopted engineering and fire codes and with all other applicable regulatory requirements administered and/or enforced by the state and federal government.

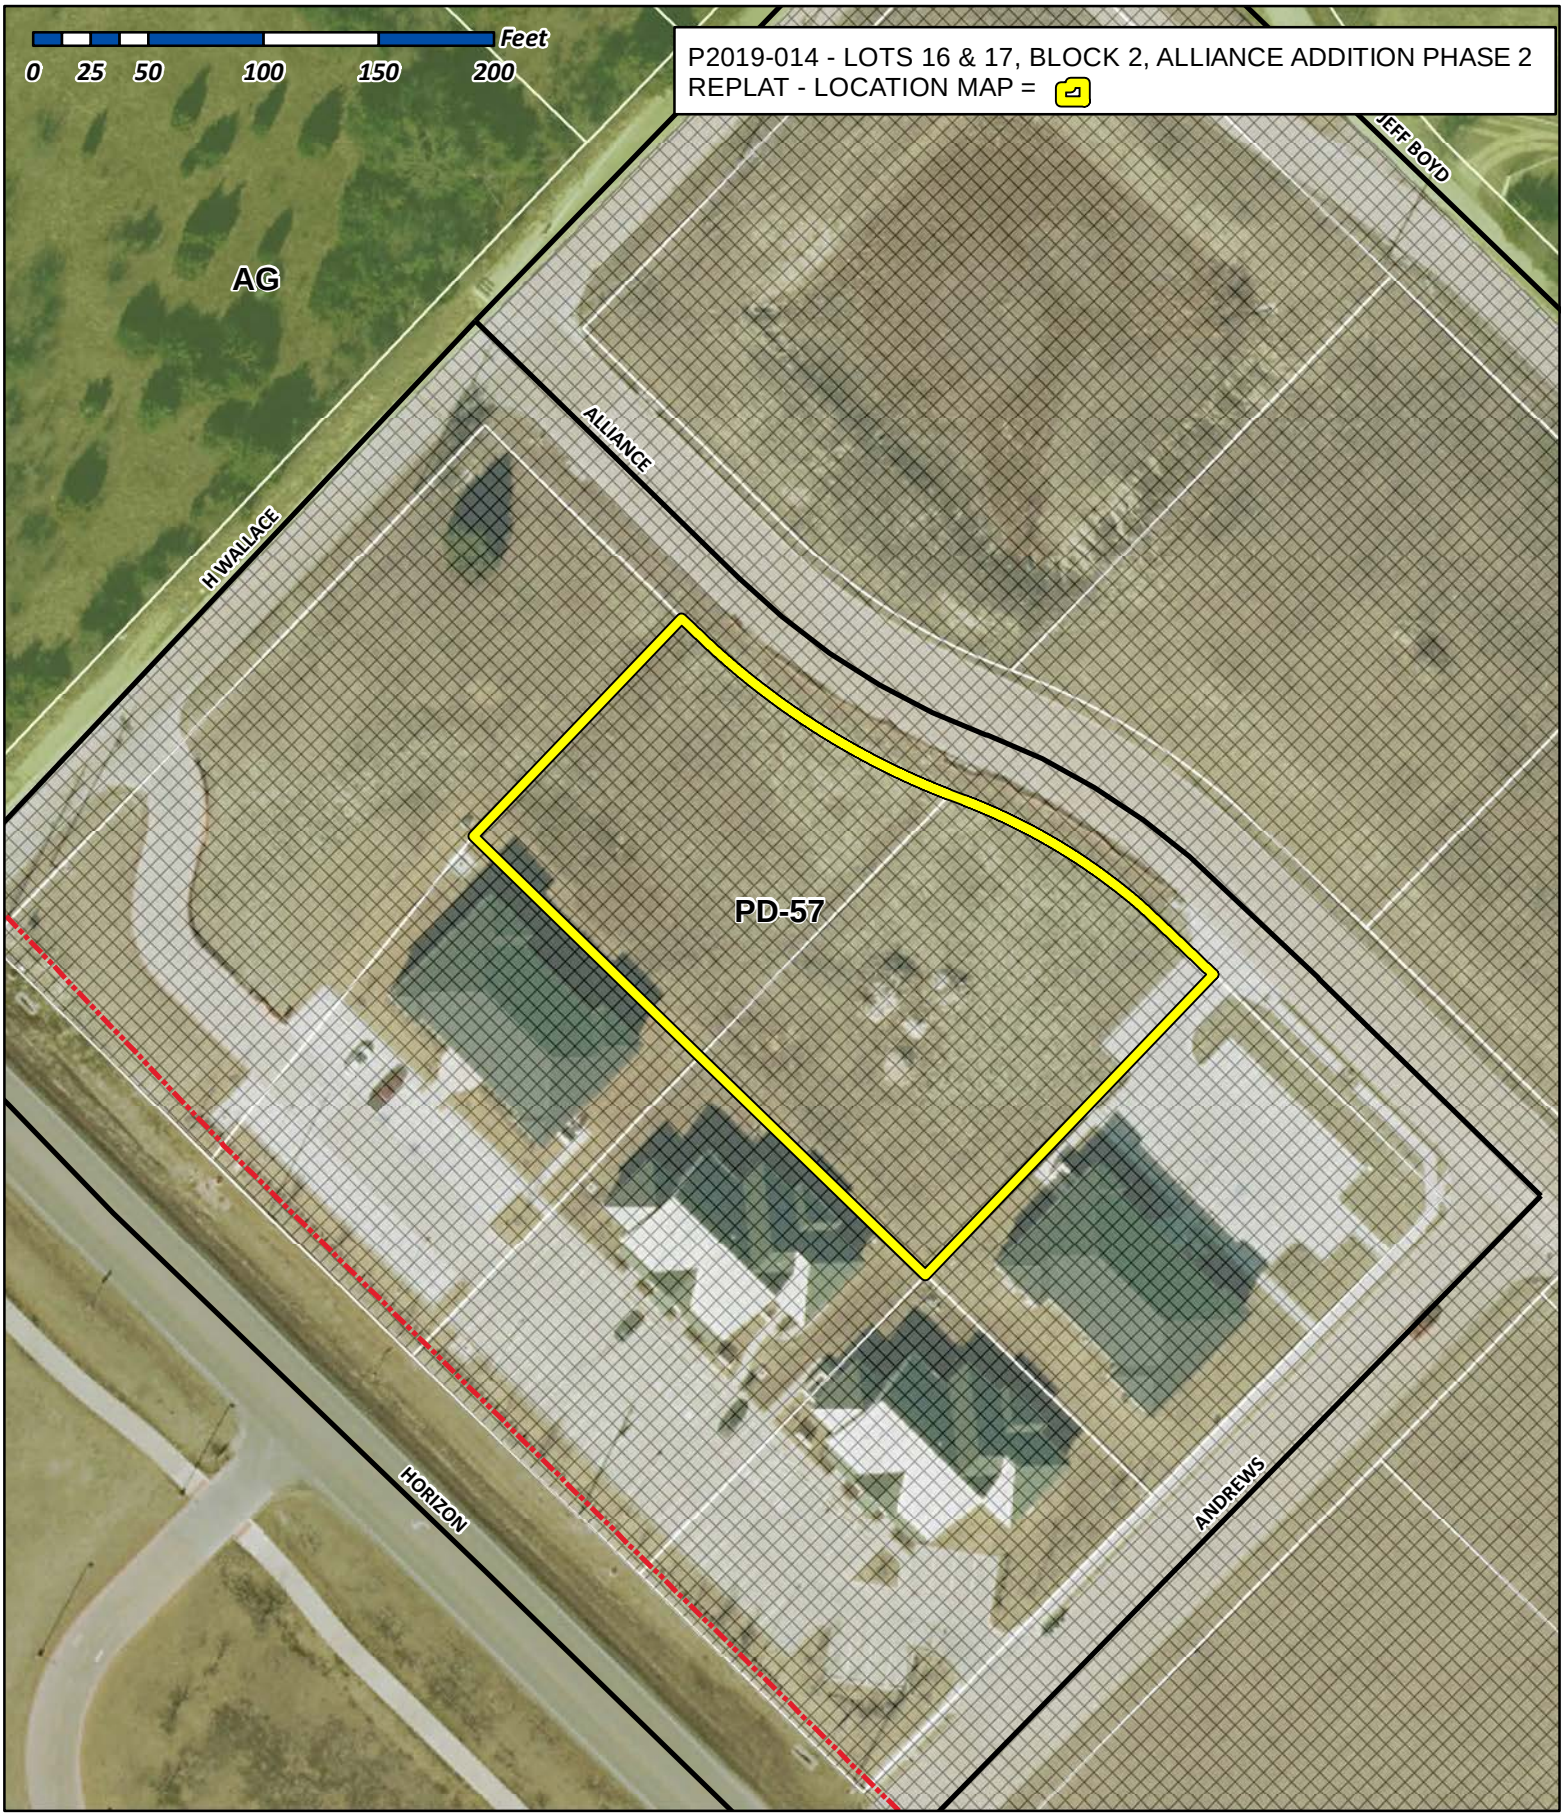
Discuss and consider a request by Mike Whittle and Randall Noe of Rockwall Rental Properties, LLC for the approval of a replat for Lots 16 & 17, Block 2, Alliance Addition, Phase 2 being a 0.98-acre tract of land identified as Lots 14 & 15, Block 2, Alliance Addition, Phase 2, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 57 (PD-57) for Commercial (C) District land uses, addressed as 6520 & 6530 Alliance Addition, and take any action necessary.

PLANNING COMMENTS - DAVID GONZALES - 03.22.2019

The following staff comments are to be addressed and resubmitted no later than Tuesday April 2, 2019. Please provide two large copies [FOLDED 18" X 24"] and one PDF version for a subsequent/final review by staff:

1. The final plat shall conform to all standards and requirements of the Unified Development Code(UDC), the staff comments provided by the Planning, Engineering, Building Inspection, and Fire Departments as indicated on the Project Plan Review document.
2. Provide a label indicating "Case No. P2019-014" on the lower right corner on all pages of the revised final plat submittal
3. Correct Title Block heading as follows:
Final Plat
Alliance Addition Phase 2
Lots 16 and 17, Block 2
Being a replat of Lots 14 and 15, Block 2
...etc...
4. Provide a hatch for the area to be abandoned.
5. On all outer adjacent lots, include block numbers (e.g. Lot 11, Blk 1, Lot 8, Blk 1, etc.).



**As a note and once the plat has been approved by the Planning and Zoning Commission and City Council, all staff comments are to be addressed and all revisions resubmitted and approved (by staff) prior to plat submittal on mylar for filing purposes. **

Although this case is scheduled for consent, staff recommends that a representative be present for the meetings as listed below. If you have any questions regarding this case, please feel free to contact David Gonzales, AICP with the Planning Department at 972-771-7745.

Scheduled Meeting Dates to Attend:

Planning - Consent Agenda: March 26, 2019 (Tuesday at 6:00p.m.)

City Council - Consent Agenda: April 1, 2019 (Monday at 6:00 p.m.)

OWNER'S CERTIFICATE
(Public Dedication)

STATE OF TEXAS
COUNTY OF ROCKWALL

WHEREAS ROCKWALL RENTAL PROPERTIES, LP, BEING THE OWNER OF A TRACT OF land in the County of Rockwall, State of Texas, said tract being described as follows:

BEING all of Lot 2 and Lot 3, Block 2, ALLIANCE ADDITION, PHASE 2, an Addition to the City of Rockwall, Rockwall County, Texas, according to the Plat thereof recorded in Cabinet G, Slide 301-302, of the Plat Records of Rockwall County, Texas.and being more particularly described as follows:

BEGINNING at 1/2" iron rod found for corner at the East most corner of Lot 3, Block 2 and west most corner of Lot 13, Block 2, ALLIANCE ADDITION PHASE 2, an Addition to the City of Rockwall, Texas, according to the Plat thereof recorded in Cabinet J, Slide 35, of the Plat Records of Rockwall County, Texas, and being in the Southwest right-of-way line of Alliance Drive, a 60 foot right-of-way;

THENCE S. 45 deg. 00 min. 06 sec. W. a distance of 180.69 feet to a 1/2" iron rod found for corner;

THENCE N. 44 deg. 28 min. 29 sec. W. a distance of 273.72 feet to a 1/2" iron rod found for corner at the west most corner of said Lot 2, Block 2;

THENCE N. 44 deg. 59 min. 56 sec. E. along the northwest line of said Lot 2, a distance of 130.88 feet to a 1/2" iron rod found for corner in the southwest right-of-way line of Alliance Drive;

THENCE S. 44 deg. 28 min. 29 sec. E. along said right-of-way line, a distance of 9.15 feet to a 1/2" iron rod found for corner;

THENCE in a southeasterly direction along a curve to the left having a central angle of 23°35'48", a radius of 316.81 feet, a tangent of 66.18 feet, a chord of S 56°11'58"E, 129.55 feet along said right-of-way line, an arc distance of 130.47 feet to a 1/2" iron rod found for corner;

THENCE in a southeasterly direction along a curve to the left having a central angle of 23°40'38", a radius of 278.92 feet, a tangent of 58.47 feet, a chord of S 56°18'48"E, 114.44 feet along said right-of-way line, an arc distance of 115.26 feet to a 1/2" iron rod found for corner;

THENCE S. 44 deg. 28 min. 29 sec. E. along said right-of-wayline, a distance of 25.26 feet to the POINT OF BEGINNING and containing 42,900 square feet or 0.98 acres of land.

NOW, THEREFORE, KNOW ALL MEN BY THESE PRESENTS:

STATE OF TEXAS
COUNTY OF ROCKWALL

I the undersigned owner of the land shown on this plat, and designated herein as ALLIANCE ADDITION, PHASE 2, LOTS 14-15, BLOCK 2, an Addition to the City of Rockwall, Texas, and whose name is subscribed hereto, hereby dedicate to the use of the public forever all streets, alleys, parks, water courses, drains, easements and public places thereon shown on the purpose and consideration therein expressed. I further certify that all other parties who have a mortgage or lien interest in the subdivision have been notified and signed this plat.

I understand and do hereby reserve the easement strips shown on this plat for the purposes stated and for the mutual use and accommodation of all utilities desiring to use or using same.

I also understand the following;

1. No buildings shall be constructed or placed upon, over, or across the utility easements as described herein.

2. Any public utility shall have the right to remove and keep removed all or part of any buildings, fences, trees, shrubs, or other growths or improvements which in any way endanger or interfere with construction, maintenance or efficiency of th eir respective system on any of these easement strips; and any public utility shall at all times have the right of ingress or egress to, from and upon the said easement strips for purpose of construction, reconstruction, inspecting, patrolling, maint aining, and either adding to or removing all or part of their respective system without the necessity of, at any time, procuring the permission of anyone.

3. The City of Rockwall will not be responsible for any claims of any nature resulting from or occasioned by the establishment of grade of streets in the subdivision.

4. The developer, subdivision engineer and owner shall bear total responsibility for storm drain improvements. The property owner is responsible for all maintenance, repair, and replacement of all systems in drainage easements

5. The developer shall be responsible for the necessary facilities to provide drainage patterns and drainage controls such that properties within the drainage area are not adversely affected by storm drainage from the development.

6. No house dwelling unit, or other structure shall be constructed on any lot in this addition by the owner or any other person until the developer and/or owner has complied with all requirements of the Subdivision Regulations of the City of Roc kwall regarding improvements with respect to the entire block on the street or streets on which property abuts, including the actual installation of streets with the required base and paving, curb and gutter, water and sewer, drainage structures, sto rm structures, storm sewers, and alleys, all according to the specifications of the City of Rockwall; or

Until an escrow deposit, sufficient to pay for the cost of such improvements, as determined by the city's engineer and/or city administrator, computed on a private commercial rate basis, has been made with the city secretary, accompanied by an agreement signed by the developer and/or owner, authorizing the city to make such improvements at prevailing private commercial rates, or have the same made by a contractor and pay for the same out of the escrow deposit, should the developer an d/or owner fail or refuse to install the required improvements within the time stated in such written agreement, but in no case shall the City be obligated to make such improvements itself. Such deposit may be used by the owner and/or developer as p rogress payments as the work progresses in making such improvements by making certified requisitions to the city secretary, supported by evidence of work done; or

Until the developer and/or owner files a corporate surety bond with the city secretary in a sum equal to the cost of such improvements for the designated area, guaranteeing the installation thereof within the time stated in the bond, which time shall be fixed by the city council of the City of Rockwall.

I further acknowledge that the dedications and/or exaction's made herein are proportional to the impact of the subdivision upon the public services required in order that the development will comport with the present and future growth needs of the City; I , my successors and assigns hereby waive any claim, damage, or cause of action that I may have as a result of the dedication of exaction's made herein.

PLANNING AND ZONING COMMISSION CASE MEMO

**PLANNING AND ZONING DEPARTMENT**
385 S. GOLIAD STREET • ROCKWALL, TX 75087
PHONE: (972) 771-7745 • EMAIL: PLANNING@ROCKWALL.COM

| | |
|---|---|
| **TO:** | Planning and Zoning Commission |
| **DATE:** | March 26, 2019 |
| **APPLICANT:** | Matt Moore; *Claymoore Engineering* |
| **CASE NUMBER:** | P2019-015; *Lots 4, Block E, Rockwall Technology Addition* |

## SUMMARY

Discuss and consider a request by Matt Moore of Claymoore Engineering on behalf of Phil Wagner of the Rockwall Economic Development Corporation for the approval of a replat for Lot 4, Block E, Rockwall Technology Park Addition being a 3.634-acre parcel of land identified as Lot 1, Block E, Rockwall Technology Park Addition, City of Rockwall, Rockwall County, Texas, zoned Light Industrial (LI) District, situated within the FM-549 Overlay (FM-549 OV) District, located at the northwest corner of the intersection of Technology Way and Observation Trail, and take any action necessary.

## PLAT INFORMATION

☑ The applicant is requesting to replat a 3.634-acre parcel of land (*i.e. Lot 1, Block E, Rockwall Technology Park Addition*) located within the *REDC Technology Park.* The purpose of the replat is to establish the necessary easements (*i.e. 24-foot firelane, public access, utility, and drainage easements*) in order to develop the lot (*i.e. Lot 4, Block E, Rockwall Technology Park Addition*).

☑ On December 11, 2018, the Planning and Zoning Commission approved a site plan [*Case No. SP2018-039*] for the purpose of constructing an approximately 35,525 SF manufacturing/office (*i.e. Lime Medial*) on the subject property.

☑ The surveyor has completed the majority of the technical revisions requested by staff, and this plat -- *conforming to the requirements for replats as stated in the Subdivision Ordinance in the Municipal Code of Ordinances* -- is recommended for conditional approval pending the completion of final technical modifications and submittal requirements.

☑ Conditional approval of this plat by the City Council shall constitute approval subject to the conditions stipulated in the *Conditions of Approval* section below.

☑ With the exception of the items listed in the *Conditions of Approval* section of this case memo, this plat is in substantial compliance with the requirements of the *Subdivision Ordinance* in the *Municipal Code of Ordinances*.

## CONDITIONS OF APPROVAL

If the Planning and Zoning Commission chooses to recommend approval of the replat for *Lot 4, Block E, Rockwall Technology Park Addition,* staff would propose the following conditions of approval:

(1) All technical comments from the Engineering, Planning and Fire Departments shall be addressed prior to the filing of this plat; and

(2) Any construction resulting from the approval of this site plan shall conform to the requirements set forth by the Unified Development Code (UDC), the International Building Code (IBC), the Rockwall

Municipal Code of Ordinances, city adopted engineering and fire codes and with all other applicable regulatory requirements administered and/or enforced by the state and federal government.

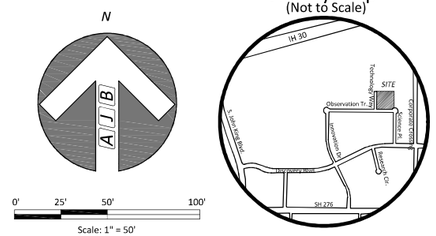
PLANNING COMMENTS - DAVID GONZALES - 03.22.2019

The following staff comments are to be addressed and resubmitted no later than Tuesday April 2, 2019. Please provide two large copies [FOLDED 18" X 24"] and one PDF version for a subsequent/final review by staff:

1. The final plat shall conform to all standards and requirements of the Unified Development Code (UDC), the staff comments provided by the Planning, Engineering, Building Inspection, and Fire Departments as indicated on the Project Plan Review document.
2. Provide a label indicating "Case No. P2019-015" on the lower right corner on all pages of the revised final plat submittal
3. Correct Title Block heading to read "Final Plat" at the heading (and not replat)
4. Relabel firelane as "24-ft Firelane, Public Access, Utility & Drainage Easement."

**As a note and once the plat has been approved by the Planning and Zoning Commission and City Council, all staff comments are to be addressed and all revisions resubmitted and approved (by staff) prior to plat submittal on mylar for filing purposes. **



Although this case is scheduled for consent, staff recommends that a representative be present for the meetings as listed below. If you have any questions regarding this case, please feelfree to contact David Gonzales, AICP with the Planning Department at 972-771-7745.

Scheduled Meeting Dates to Attend:

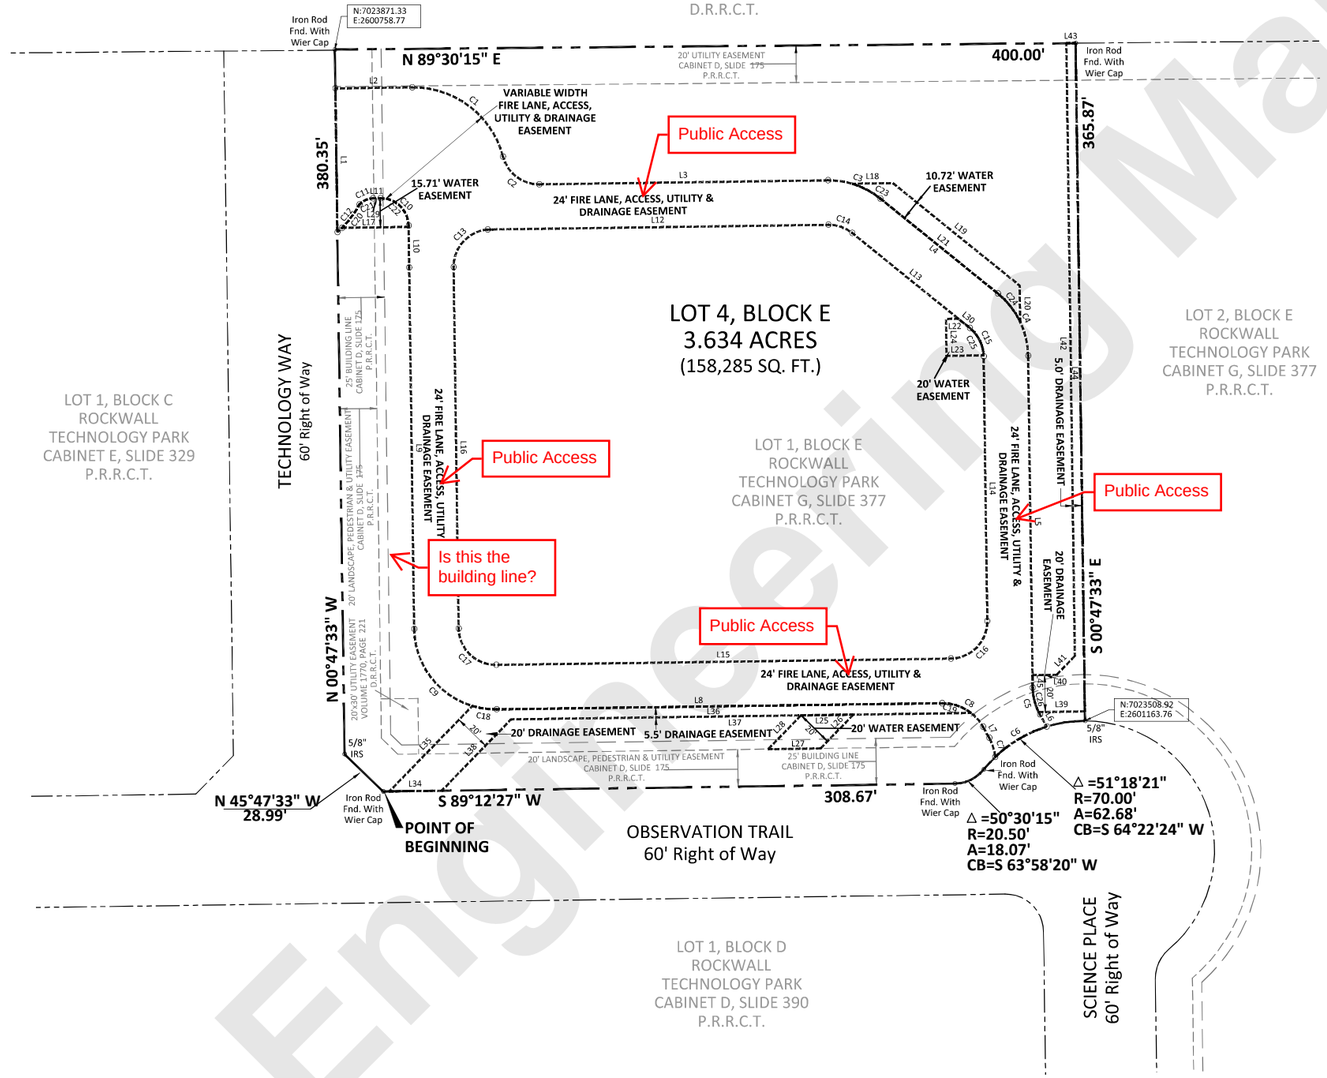
Planning - Consent Agenda: March 26, 2019 (Tuesday at 6:00p.m.)

City Council - Consent Agenda: April 1, 2019 (Monday at 6:00 p.m.)

## Vicinity Map
(Not to Scale)

GENERAL NOTES:

It shall be the policy of the City of Rockwall to withhold issuing building permits until all streets, water, sewer and storm drainage systems have bee accepted by the City. The approval of a plat by the City does not constitute any representation, assurance or guarantee that any building within such plat shall be approved, authorized or permit therefore issued, nor shall such approval constitute any representation, assurance or guarantee by the City of the adequacy and availability for water for personal use and fire protection within such plat, as required under Ordinance 83-54.



The use of the word "certify or certificate" used hereon constitutes an expression of professional opinion regarding those facts of findings which are the subject of the certification, and does not constitute a warranty or guarantee, either expressed or implied.

Basis of Bearings: Bearings are based on those cited on plat of Rockwall Technology Park Addition recorded in Cabinet G, Slide 377, Map/Plat Records Rockwall County, Texas.

FLOOD STATEMENT: According to Community Panel No. 48397C0045L, dated September 26, 2008 of the Federal Emergency Management Agency, National Flood Insurance Program map this property is within Flood Zone "X", which is not a special flood hazard area. If this site is not within an identified special flood hazard area, this flood statement does not imply that the property and/or the structures thereon will be free from flooding or flood damage. On rare occasions, greater floods can and will occur and flood heights may be increased by man-made or natural causes. This statement shall not create liability on the part of the Surveyor.

**OWNER'S CERTIFICATE**

**STATE OF TEXAS §**
**COUNTY OF ROCKWALL §**

WHEREAS ROCKWALL ECONOMIC DEVELOPMENT, BEING THE OWNER OF A TRACT OF LAND IN THE COUNTY OF ROCKWALL, STATE OF TEXAS, said tract being described as follows:

**BEING** a **3.634 acre** tract of land situated in the J.M Allen Survey, Abstract Number 2, in the City of Rockwall, Rockwall County, Texas and being Lot 1, Block E of Rockwall Technology Park according to the plat recorded in Cabinet G, Slide 377 of the Official Public Records of Rockwall County, Texas and being more particularly described as follows:

**BEGINNING** at an iron rod with cap found for the southerly southwest corner of said Lot 1 and being the southerly corner of a corner cut-off line for the northerly line of Observation Trail (60' wide) with the easterly line of Technology Way (60' wide);

**THENCE** with easterly line of said Technology Way, **NORTH 45°47'33" WEST** a distance of **28.99** feet to a 5/8 inch iron rod set for corner;

**THENCE** continuing with the east line of said Technology Way, **NORTH 00°47'33" WEST** a distance of **380.35** feet to an iron rod with cap found for the northwest corner of said Lot 1;

**THENCE** departing the east line of said Technology Way, **NORTH 89°30'15" EAST** a distance of **400.00** feet to an iron rod with cap found for the northeast corner of said Lot 1;

**THENCE SOUTH 00°47'33" EAST** a distance of **365.87** feet to a 5/8 inch iron rod set in the north line of said Observation Trail and being in a non-tangent curve to the left having a radius of 70.00 feet and a chord bearing of South 64°22'24" West;

**THENCE** along the north line of said Observation Trail with said non-tangent curve to the left through a central angle of **51°18'21"** for an arc length of **62.68** feet to an iron rod with cap found for the beginning of a reverse curve to the right to having a radius 20.50 feet a chord bearing of South 63°58'20" West;

**THENCE** continuing with the north line of said Observation Trail with said reverse curve to the right through a central angle of **50°30'15"** for an arc length of **18.07** feet to an iron with cap found for corner;

**THENCE** continuing with the north line of said Observation Trail, **SOUTH 89°12'27" WEST** a distance of **308.67** feet to the **POINT OF BEGINNING**;

**CONTAINING** within these metes and bounds **3.634 acres** or 158,285 square feet of land more or less.

RECOMMENDED FOR FINAL APPROVAL

_____ _____
Planning and Zoning Commission Date

APPROVED

I hereby certify that the above and foregoing plat of an addition to the City of Rockwall, Texas, was approved by the City Council of the City of Rockwall on the _____ day of _____, 2019.

This approval shall be invalid unless the approved plat for such addition is recorded in the office of the County Clerk of Rockwall, County, Texas, within one hundred eighty (180) days from said date of final approval.

WITNESS OUR HANDS, this _____ day of _____, 2019.

_____ _____ _____
Mayor, City of Rockwall City Secretary City Engineer

NOW, THEREFORE, KNOW ALL MEN BY THESE PRESENTS:
STATE OF TEXAS §
COUNTY OF ROCKWALL §

We, **ROCKWALL ECONOMIC DEVELIPMENT**, the undersigned owner of the land shown on this plat, and designated herein as the **ROCKWALL TECHNOLOGY PARK** subdivision to the City of Rockwall, Texas, and whose name is subscribed hereto, hereby dedicate to the use of the public forever all streets, alleys, parks, water courses, drains, easements and public places thereon shown on the purpose and consideration therein expressed. We further certify that all other parties who have a mortgage or lien interest in the **ROCKWALL TECHNOLOGY PARK** subdivision have been notified and signed this plat. We understand and do hereby reserve the easement strips shown on this plat for the purposes stated and for the mutual use and accommodation of all utilities desiring to use or using same. We also understand the following;

1. No buildings shall be constructed or placed upon, over, or across the utility easements as described herein.

2. Any public utility shall have the right to remove and keep removed all or part of any buildings, fences, trees, shrubs, or other growths or improvements which in any way endanger or interfere with construction, maintenance or efficiency of their respective system on any of these easement strips; and any public utility shall at all times have the right of ingress or egress to, from and upon the said easement strips for purpose of construction, reconstruction, inspecting, patrolling, maintaining, and either adding to or removing all or part of their respective system without the necessity of, at any time, procuring the permission of anyone.

3. The City of Rockwall will not be responsible for any claims of any nature resulting from or occasioned by the establishment of grade of streets in the subdivision.

4. The developer and subdivision engineer shall bear total responsibility for storm drain improvements.

5. The developer shall be responsible for the necessary facilities to provide drainage patterns and drainage controls such that properties within the drainage area are not adversely affected by storm drainage from the development.

6. No house dwelling unit, or other structure shall be constructed on any lot in this addition by the owner or any other person until the developer and/or owner has complied with all requirements of the Subdivision Regulations of the City of Rockwall regarding improvements with respect to the entire block on the street or streets on which property abuts, including the actual installation of streets with the required base and paving, curb and gutter, water and sewer, drainage structures, storm structures, storm sewers, and alleys, all according to the specifications of the City of Rockwall;

Until an escrow deposit, sufficient to pay for the cost of such improvements, as determined by the city's engineer and/or city administrator, computed on a private commercial rate basis, has been made with the city secretary, accompanied by an agreement signed by the developer and/or owner, authorizing the city to make such improvements at prevailing private commercial rates, or have the same made by a contractor and pay for the same out of the escrow deposit, should the developer and/or owner fail or refuse to install the required improvements within the time stated in such written agreement, but in no case shall the City be obligated to make such improvements itself. Such deposit may be used by the owner and/or developer as progress payments as the work progresses in making such improvements by making certified requisitions to the city secretary, supported by evidence of work done; or

Until the developer and/or owner files a corporate surety bond with the city secretary in a sum equal to the cost of such improvements for the designated area, guaranteeing the installation thereof within the time stated in the bond, which time shall be fixed by the city council of the City of Rockwall.

We further acknowledge that the dedications and/or exaction's made herein are proportional to the impact of the Subdivision upon the public services required in order that the development will comport with the present and future growth needs of the City; We, my (our) successors and assigns hereby waive any claim, damage, or cause of action that We may have as a result of the dedication of exactions made herein.

7. Property owner shall be responsible for all maintenance, repair, and replacement of all drainage and detention easements.

# CITY OF ROCKWALL

PLANNING AND ZONING COMMISSION CASE MEMORANDUM

**PLANNING AND ZONING DEPARTMENT**
385 S. GOLIAD STREET • ROCKWALL, TX 75087
PHONE: (972) 771-7745 • EMAIL: PLANNING@ROCKWALL.COM

| | |
|---|---|
| **TO:** | Planning and Zoning Commission |
| **FROM:** | Korey Brooks, *Senior Planner* |
| **CC:** | Ryan Miller, *Director of Planning and Zoning* |
| **DATE:** | March 12, 2019 |
| **SUBJECT:** | SP2017-025; *Site Plan for Cornerstone Church* |

In August 2017, the applicant submitted a request for approval of a site plan [*Case No. SP2017-025*] for an approximately 21,600 SF house of worship (*i.e. Cornerstone Church*). While reviewing the proposed site plan, landscape plan, treescape plan, photometric plan, and building elevations, staff notified the applicant of the variances required to construct the building. At the time of this review, it appeared that the rear of the building did not have a parapet wall providing screening from the mechanical equipment that was thought to be mounted on the roof. In response to this, staff requested that the applicant provide the height of the parapet wall, and indicate how the equipment would be screened. In addition, staff requested that the applicant provide a dash line on the building elevations indicating where the equipment would be located. The applicant submitted revised comments noting that the rooftop units (RTU's) were to be screened utilizing a six (6) foot tall masonry wall matching the exterior materials used on the building; however, the applicant intended for the HVAC system to be on the ground and screened by a six (6) foot wing wall (despite indicating RTU's on the provided comments as opposed to noting HVAC's). Staff was under the impression that the intent of the applicant's comment was to provide a six (6) foot tall masonry wall on the rear of the building where there was no parapet wall. The revised building elevations depicted a sloped dash line (*i.e. the sloped roof*) on the east and west building elevations, but did not indicate the provision of a parapet wall. At the time of building permit, a comment was made indicating a need to show the parapet wall, but this was never followed up on and a building permit was issued. Based on this issuance the applicant felt like they had addressed all of staff's comments, and the applicant commenced construction of the building. Currently, the building shell has been erected. Recently, it was discovered by staff that the building did not incorporate the required parapet in accordance with the requirements of the Unified Development Code (UDC), and that the variance was not requested by the applicant as part of the original case nor was it approved as part of this case. Based on this, staff notified the applicant that this would need to be rectified prior to the City giving final acceptance to the project.

Since this notification, the applicant has stated that they do not wish to construct the parapet wall citing the cost required to retrofit the building as being the main reason. Based on this, the applicant has submitted an application requesting the approval of a variance for this issue. As a compensatory measure the applicant is requesting that the Planning and Zoning Commission accept one of the following alternatives:

(1) Grant a variance to the requirement and leave the building as-is since the City issued a permit in error;

(2) Grant a variance to utilize trees to partially screen the parapet walls at the rear; or

(3) Grant a variance to paint the back of the parapet walls that are visible from John King Boulevard a color to match the stucco on the front façades and provide the additional trees mentioned in Option 2 above.

Staff should note that the rear of this building is highly visible from John King Boulevard. Both staff and the applicant have provided pictures of the visibility of the building to assist the Planning and Zoning Commission in making a decision. Staff should also note that the Planning and Zoning Commission is not limited to approving the variance as presented, and retains discretion with regard to the request. Based on the requirements of the UDC, since the four (4) sided parapet wall is a requirement of the overlay district it will require a super-majority vote of the Planning and Zoning Commission for approval. The Architectural Review Board (ARB) will review the request and forward a recommendation to the Planning and Zoning Commission at the March 12, 2019 Planning and Zoning Commission meeting.

Should this request be approved, the applicant would be required to amend the existing site plan and provide staff with new documents reflecting the changes required by the Planning and Zoning Commission. Should the Planning and Zoning Commission have any questions, staff and the applicant will be available at the meeting on March 12, 2019.

MERSHAWN
ARCHITECTS

City of Rockwall
Planning and Zoning Department
Ryan Miller AICP

March 4, 2019

Mr. Ryan,

We are respectfully requesting a variance of the John King Overlay District ordinance for the Cornerstone Church project.
The roof design standards requiring four sided parapets was overlooked by both ourselves and city staff during the site plan approval process and permitting. This was not brought to our attention until recently, after the building and roof were constructed. The only exterior elevation that does not have a parapet is the back wall. Making this change at this late date would be costly and difficult for our client in that the loan and budget was set some time ago. Also, it is our understanding, that the purpose and intent of requiring parapet walls is to hide roof top equipment; we have no roof top mechanical units that a parapet wall would screen. Please accept one of the following recommended solutions:

1. Request this variance due to the project being permitted and constructed.
2. Request this variance with modified landscape as included to help screen parapet walls.
3. Request this variance with both modified landscape and back of parapet walls painted to match the stucco walls.

Thank you for your consideration,

Greg Wallis

Z2019-004 SUP for Quest Quarters Secondary Living Unit
Please address the following comments (M= Mandatory Comments; I = Informational Comments).
I.1 This is a request by Sandie Wood for the approval of a Specific Use Permit (SUP) for a guest quarters/secondary living unit that does not meet the minimum requirements as stipulated by Article IV, Permissible Uses, of the Unified Development Code (UDC) on a 3.574-acre parcel of land identified as Lot 1, Block A, Wood Estates Addition, City of Rockwall, Rockwall County, Texas, zoned Single-Family 7 (SF-7) District, addressed as 207 Nash Street.
I.2 For questions or comments concerning this case, please contact Korey Brooks in the Planning Department at (972) 772-6434 or email kbrooks@rockwall.com.
M.3 For reference, include the case number (Z2019-004) in the lower right hand corner of all pages on future submittals.
M.4 Please review the attached draft ordinance prior to the April 12, 2019 Planning & Zoning Commission meeting.
M.5 Please note, the guest quarters can be no larger than 30% of the main structure.
M.6 Please note, the garage and the quest quarters will need to be separated.
M.7 Please note, the detached garage will need to go to the Board of Adjustments for a variance to the maximum size.
M.8 Please note, as presented, this will need to come back to the Planning and Zoning Commission for a masonry exception to use metal as exterior cladding.
I.9 Staff has identified the aforementioned items necessary to continue the submittal process. Please make these revisions and corrections, and provide any additional information that is requested by April 2, 2019. The Planning and Zoning Worksession for this case is March 26, 2019. The Planning and Zoning Meeting for this case is April 9, 2019.
I.10 The projected City Council meeting date and subsequent approval for this request is April 15, 2019 and May 6, 2019.

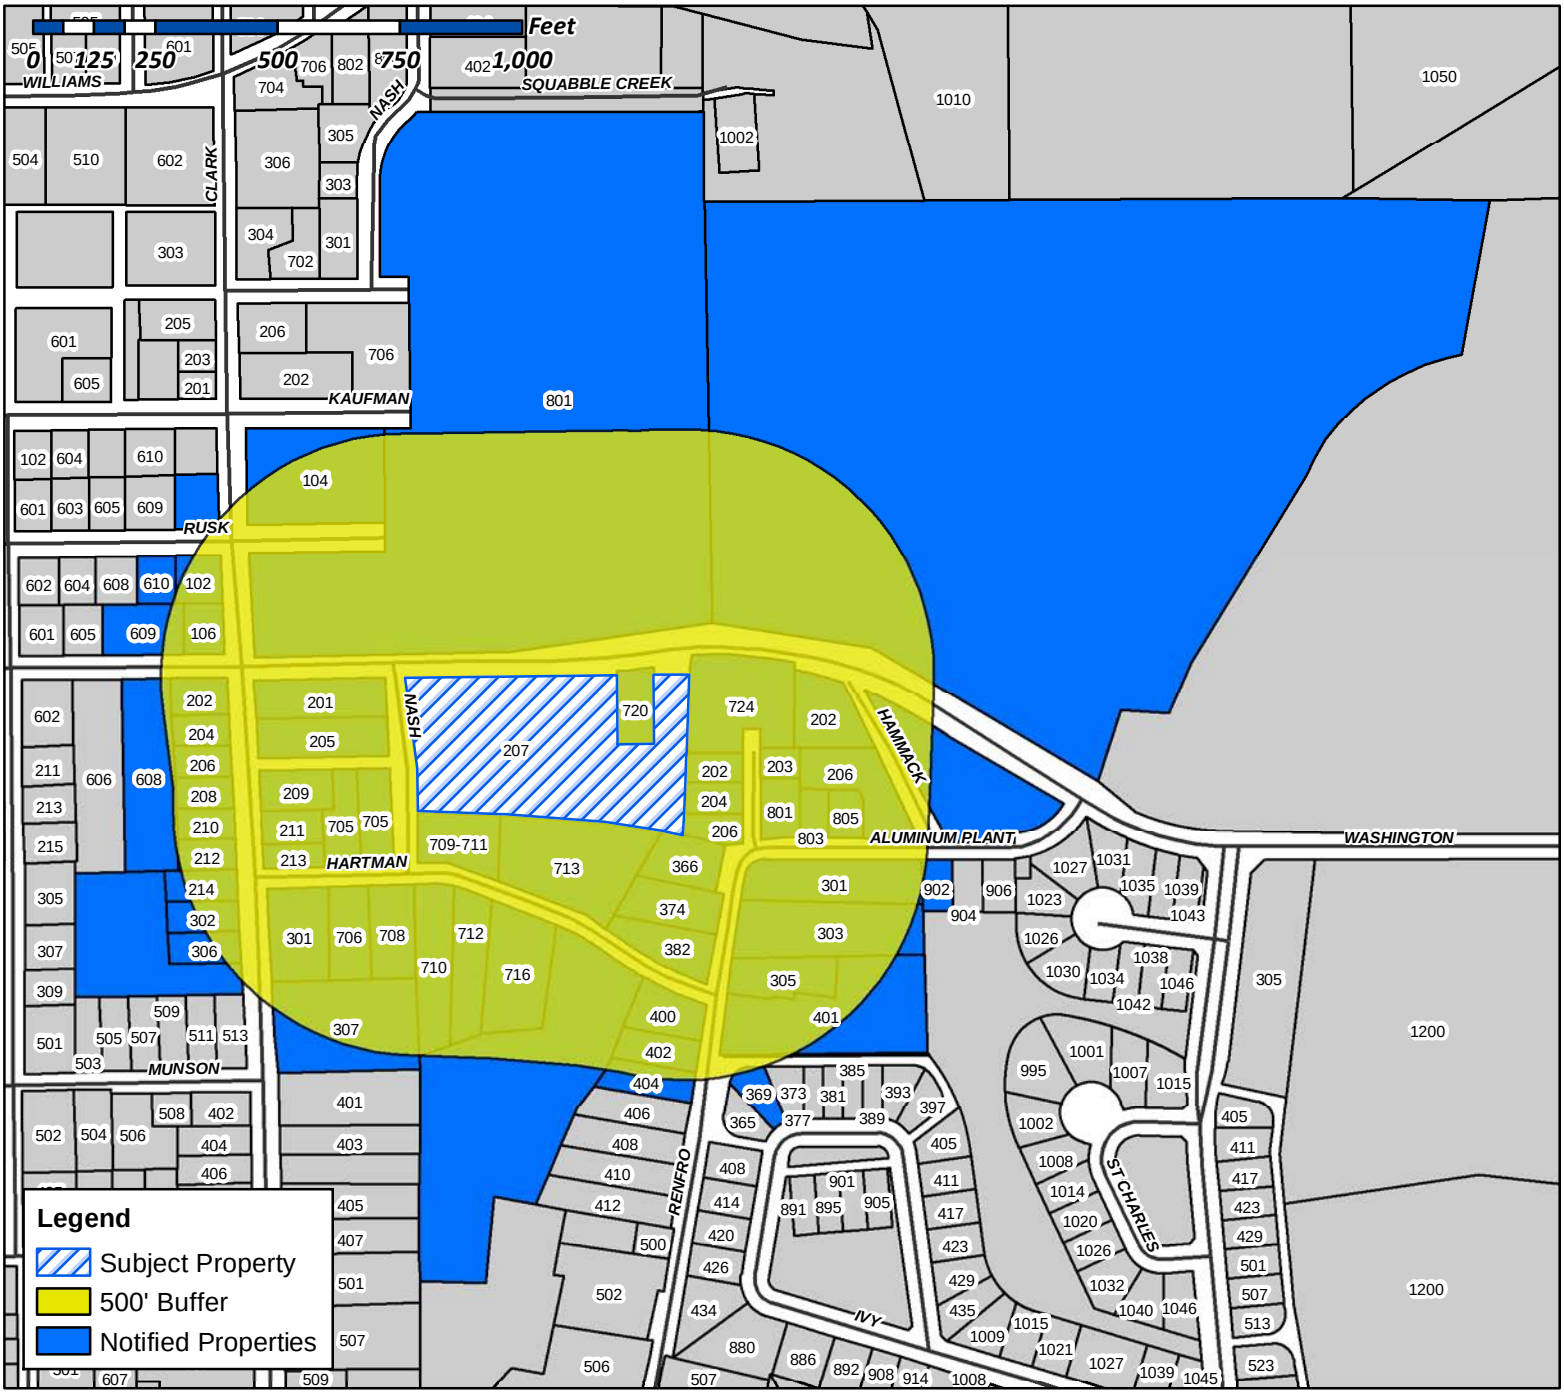
To whom it may concern:

Per your participation in the Neighborhood Notification Program, you are receiving this notification to inform your organization and residents of a request for a zoning change that lies within 1,500 feet of the boundaries of your neighborhood or subdivision. As the primary contact for the organization, you are encouraged to share this information with the residents of your subdivision. Please find attached a map detailing the location of the subject property requesting the zoning change in relation to your subdivision boundaries. Additionally, below is a summary of the zoning request that was published in the Rockwall Herald Banner ***March 22, 2019***. The Planning and Zoning Commission will hold a public hearing on ***Tuesday 4/9/2019 at 6:00 p.m.***, and the City Council will hold a public hearing on ***Monday 4/15/2019 at 6:00 p.m***. These hearings will be held in the City Council Chambers at City Hall, 385 S. Goliad Street. These hearings will be held in the City Council Chambers at City Hall, 385 S. Goliad Street. If you have any questions or comments regarding this request, the contact information for the Planning Department is listed below. Additional information can also be found at https://sites.google.com/site/rockwallplanning/development/development-cases

> **Z2019-004- Hold a public hearing to discuss and consider a request by Sandie Wood for the approval of a Specific Use Permit (SUP) for a *guest quarters/secondary living unit* that does not meet the minimum requirements as stipulated by Article IV, *Permissible Uses*, of the Unified Development Code (UDC) on a 3.574-acre parcel of land identified as Lot 1, Block A, Wood Estates Addition, City of Rockwall, Rockwall County, Texas, zoned Single-Family 7 (SF-7) District, addressed as 207 Nash Street, and take any action necessary.**

If this email is reaching you in error, please forward it to your HOA or neighborhood group representative and update the contact information at http://www.rockwall.com/planning/hoa.asp.



Sincerely,

*Laura Morales*

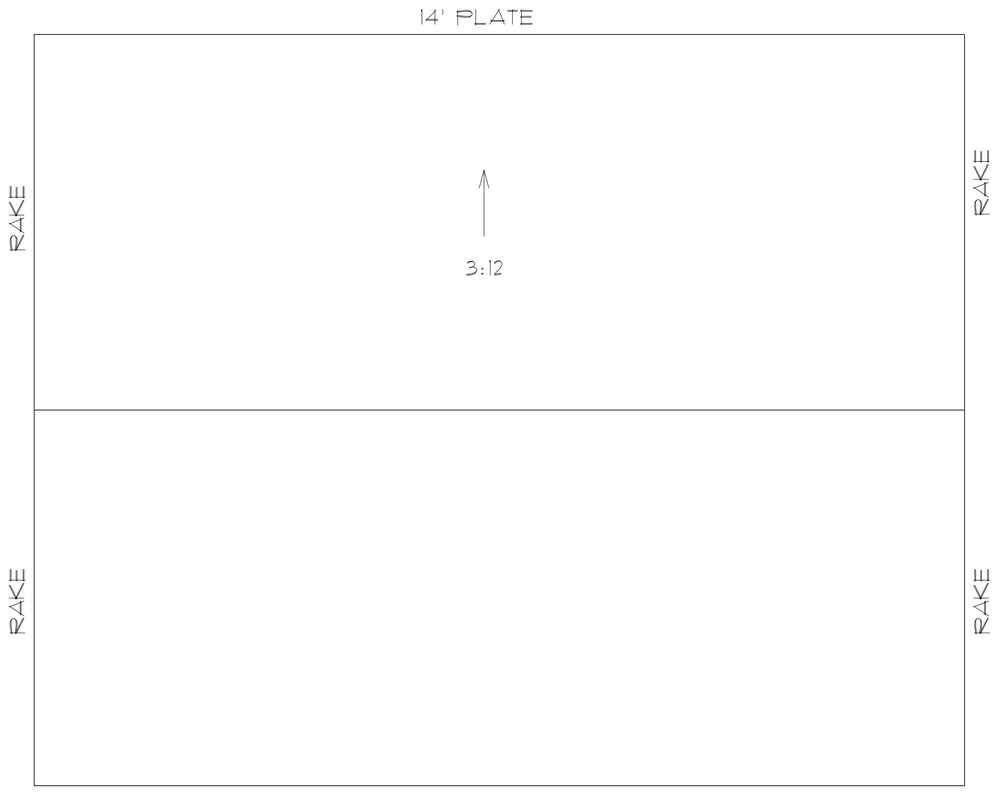
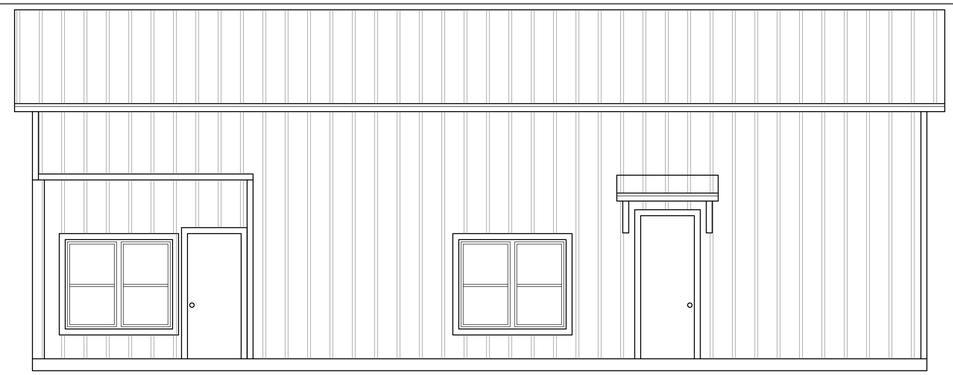
My name is Sandie Wood. I am Chase's mother. I am typing to the Board Of Adjustment this letter to give you a little background on why we are requesting the board to consider approving the adjustment for the Wood Estates. We are asking the Board Of Adjustment to approve the request in allowing us to build a 40 x 50 steel garage located at 207 S. Nash, Rockwall, Texas.

In four years, my youngest son will graduate Rockwall High School to go to college and move into a dormitory with other students. My middle son, however, can't make a similar choice to live with his peers. Chase, now 19, was born with Down Syndrome. Chase at this time can't live on his own in an apartment like his older brother that graduated from Rockwall High School. Chase had asked us why can't he have a place of his own and have his friends come over like his older brother. Chase then said " I will come visit you mom like Austin does". What do you say accept turn your head and cry at the situation. How do you explain to your son that he still needs to live with his parents because of his Intellectual Disability and his Life Skills need supervision. While his entire life you teach him and raise him with out a disability. That just breaks a mother's heart knowing that Chase can't live on his own at this time without supervision because of his social skills and his intellectual disability.



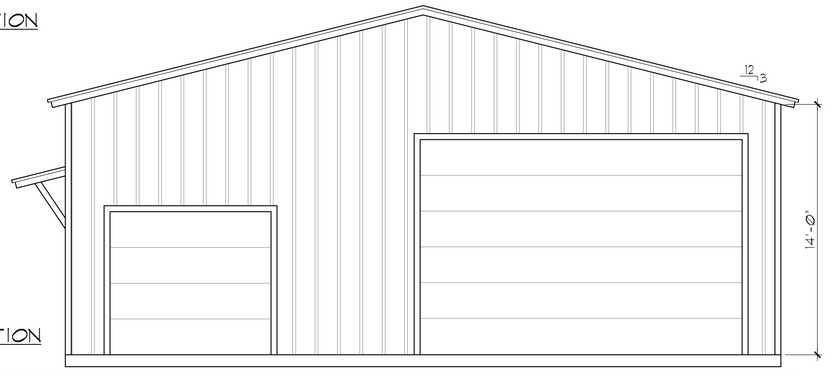
After that I was on a mission to find property on the Northside of Rockwall where Chase is very familiar with the surroundings and making this his home for a very long time to come. We found a needle in a hay stack and found the property ( 207 S. Nash) after two in a half years of cleaning the property , we are finally able to build and ran into a snag our steel garage is larger then what the size that the city allows unless the board approves it under this hardship we are hoping after you read this letter the board will approve the request and allow us to build the garage the way we have it on the plans. Please don't have me explain to Chase again why he won't have a "place of his own" for him and his friends to hang out.

Chase has become a major role in some of the changes that occured with sports starting at middle school and ending at the high school level. As well as helping the Community Parks and Recreation Center starting with new programs for families with Intellectual Disabilities to participate in activities that are offered to typical citizens. Chase may have been born with Down Syndrome but that has not stopped him from being active in the community and making changes. This is why your decision as a whole is important to our family because we want a safe place for our son to grow as an adult in the Rockwall Community and feel that he has a private place that he can go to for privacy and entertaining his friends that also have Intellectual Disabilities and Physical Disabilities in our community. Chase has enough in life to be challenged with please don't make this another obstacle for him.



I will attend the meeting in case you have any additional questions that you may have fo me that I can help answer. Thank you in advance for your time and consideration.

Sincerely,



Sandie Wood

JOB NO. 15418CAD

**CITY OF ROCKWALL**

**ORDINANCE NO. 19-XX**

**SPECIFIC USE PERMIT NO. S-XXX**

**AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, AMENDING THE UNIFIED DEVELOPMENT CODE (UDC) OF THE CITY OF ROCKWALL, ROCKWALL COUNTY TEXAS, AS PREVIOUSLY AMENDED, SO AS TO GRANT A SPECIFIC USE PERMIT (SUP) TO ALLOW FOR A *GUEST QUARTERS/SECONDARY LIVING UNIT* IN A SINGLE-FAMILY 7 (SF-7) DISTRICT, SITUATED ON A 3.574-ACRE PARCEL OF LAND, IDENTIFIED AS LOT 1, BLOCK A, WOOD ESTATES ADDITION, CITY OF ROCKWALL, ROCKWALL COUNTY, TEXAS; PROVIDING FOR SPECIAL CONDITIONS; PROVIDING FOR A PENALTY OF FINE NOT TO EXCEED THE SUM OF TWO THOUSAND DOLLARS ($2,000.00) FOR EACH OFFENSE; PROVIDING FOR A SEVERABILITY CLAUSE; PROVIDING FOR A REPEALER CLAUSE; PROVIDING FOR AN EFFECTIVE DATE.**

**WHEREAS**, the City has received a request from Sandie Wood for the approval of a Specific Use Permit (SUP) to allow a *guest quarters/secondary living unit* in a Single-Family 7 (SF-7) District on a 3.574-acre parcel of land being described as Lot 1, Block A, Wood Estates Addition, City of Rockwall, Rockwall County, Texas, zoned Single-Family 7 (SF-7) District, addressed as 207 Nash Street, and being more specifically depicted in *Exhibit 'A'* of this ordinance, which herein after shall be referred to as the *Subject Property* and incorporated by reference herein; and

**WHEREAS**, the Planning and Zoning Commission of the City of Rockwall and the governing body of the City of Rockwall, in compliance with the laws of the State of Texas and the ordinances of the City of Rockwall, have given the requisite notices by publication and otherwise, and have held public hearings and afforded a full and fair hearing to all property owners generally, and to all persons interested in and situated in the affected area and in the vicinity thereof, the governing body in the exercise of its legislative discretion has concluded that the Unified Development Code (UDC) [*Ordinance No. 04-38*] of the City of Rockwall should be amended as follows:

**NOW, THEREFORE**, **BE IT ORDAINED** by the City Council of the City of Rockwall, Texas;

**SECTION 1.** That the Unified Development Code (UDC) [*Ordinance No. 04-38*] of the City of Rockwall, as heretofore amended, be and the same is hereby amended so as to grant a Specific Use Permit (SUP) allowing a *guest quarters/secondary living unit* as stipulated by Section 1, *Land Use Schedule,* of Article IV, *Permissible Uses*, of the Unified Development Code (UDC) [*Ordinance No. 04-38*], on the *Subject Property*; and,

**SECTION 2.** That the Specific Use Permit (SUP) shall be subject to the requirements set forth in Subsection 3.09*, Single-Family 7 (SF-7) District,* of Section 3*, Residential Districts,* of Article V, *District Development Standards*, of the Unified Development Code (UDC) [*Ordinance No. 04-38*] as heretofore amended and as may be amended in the future, and shall be subject to the following:

EXHIBIT 'A' ORDINANCE 03.19

## 2.1 OPERATIONAL CONDITIONS

The following conditions pertain to the operation of a *guest quarters/secondary living unit* on the *Subject Property* and conformance to these conditions is required for continued operations:

1) The *guest quarters/secondary living unit* shall generally conform to the concept plan and building elevations depicted in *Exhibits 'B' & 'C'* and of this ordinance;

2) The *guest quarters/secondary living unit* shall not be utilized for a non-residential land use.

3) The *guest quarters/secondary living unit* shall be ancillary to the primary use.

4) The *guest quarters/secondary living unit* shall not to exceed 568 SF.

5) The *guest quarters/secondary living unit* shall not be combined with any other use.

6) The *guest quarters/secondary living unit* shall not be sold or conveyed separately without meeting the requirements of the Unified Development Code (UDC).

## 2.2 COMPLIANCE

Approval of this ordinance in accordance with Section 8.3, *Council Approval or Denial*, of Article II, *Authority and Administrative Procedures*, of the Unified Development Code (UDC) will require compliance to the following:

1) Upon obtaining a Certificate of Occupancy (CO), should any business or establishment operating under the guidelines of this ordinance fail to meet the minimum operational requirements set forth herein and outline in the Unified Development Code (UDC), the City Council may (*after proper notice*) initiate proceedings to revoke the Specific Use Permit (SUP) in accordance with Section 4.4.(3) of Article IV, *Permissible Uses*, of the Unified Development Code (UDC).

**SECTION 3.** That the official zoning map of the City be corrected to reflect the changes in zoning described herein.

**SECTION 4.** That all ordinances of the City of Rockwall in conflict with the provisions of this ordinance be, and the same are hereby repealed to the extent of that conflict.

**SECTION 5.** Any person, firm, or corporation violating any of the provisions of this ordinance shall be deemed guilty of a misdemeanor and upon conviction shall be punished by a penalty of fine not to exceed the sum of *TWO THOUSAND DOLLARS* ($2,000.00) for each offence and each and every day such offense shall continue shall be deemed to constitute a separate offense.

**SECTION 6.** If any section or provision of this ordinance or the application of that section or provision to any person, firm, corporation, situation or circumstance is for any reason judged invalid, the adjudication shall not affect any other section or provision of this ordinance or the application of any other section or provision to any other person, firm, corporation, situation or circumstance, and the City Council declares that it would have adopted the valid portions and applications of the ordinance without the invalid parts and to this end the provisions of this ordinance shall remain in full force and effect.

**SECTION 7.** That this ordinance shall take effect immediately from and after its passage.

DRAFT 09.26.19

**PASSED AND APPROVED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, THIS THE 6TH DAY OF MAY, 2019.**

_____
Jim Pruitt, *Mayor*

**ATTEST:**

_____
Kristy Cole, *City Secretary*

**APPROVED AS TO FORM:**

Z2019-005; Zoning Change (AG to PD) for Heritage Park
Please address the following comments (M= Mandatory Comments; I = Informational Comments)

I.1 This is a request for the approval of a zoning change from an Agricultural (AG) District to a Planned Development District for Single Family 7 (SF-7) District land uses on a 264.510-acre tract of land identified as Tracts 17-13 [50.0-acres], 17-4 [26.452-acres], 17-15 [134.33-acres], 17-16 [43.6-acres], & 40-8 [8.79-acres] of the W. W. Ford Survey, Abstract No. 80, City of Rockwall, Rockwall County, Texas, zoned Agricultural (AG) District, located on the east side of SH-205 (S. Goliad Street) south of the intersection of SH-205 and FM-549, and take any action necessary.
I.2 For questions or comments concerning this case please contact Ryan Miller in the Planning Department at (972) 772-6441 or email rcmiller@rockwall.com.
M.3 For reference, include the case number (Z2019-005) in the lower right hand corner of all pages on future submittals.
I.4 According to the OURHometown Vision 2040 Comprehensive Plan the subject property is located within the Southwest Residential District, and according to the Future Land Use Map contained within this document the subject property is designated for Low Density Residential land uses. The proposed zoning request does conform to this designation and appears to conform to the district strategies for the Southwest Residential District; however, zoning does remain a discretionary decision for the City Council.
I.5 The OURHometown Vision 2040 Comprehensive Plan stipulates various goals for residential developments. The following aspects of the applicant's proposal do not conform to the stated goals of the City's plan, and could be revised -- per staff's recommendations -- to bring the project closer to conformance with the plan:

(1) CH. 1; Section 2.02; Goal #2 | Policy #1 (Page 1-2). Where residential uses are proposed through a Planned Development District that abuts an existing residential development, the proposed lots should be the same or a compatible size as the existing lots or be buffered by open space, trails, sidewalks, natural screening, or a roadway.
(2) CH. 1; Section 2.02; Goal #2 | Policy #3 (Page 1-2). Existing development patterns and surrounding conditions (e.g. lot size, architectural style, public improvements, etc.) should be considered in conjunction with this Comprehensive Plan to determine the appropriate zoning designation for a property.
(3) CH. 8; Section 2.02; Goal #1 | Policy #2 (Page 8-2). Large residential developments and master planned communities should require differing residential home types, lot sizes and land uses in the overall development plan.
(4) CH. 8; Section 2.02; Goal #1 | Policy #4 (Page 8-2). Developments should be encouraged to provide a mixture of lot sizes throughout each phase to ensure that maximum value accrues for all properties. This is particularly important in developments that propose clusters of smaller lots.
(5) CH. 8; Section 2.02; Goal #1 | Policy #5 (Page 8-2). Residential developments should be designed so that smaller residential lots/units are located in the closest proximity to a park and/or open space. This will maximize the value of these lots/units, and allow the open spaces to off-set smaller lot/unit sizes.
(6) CH. 8; Section 2.03; Goal #1 | Policy #5 (Page 8-3). Design neighborhoods utilizing the Housing Tree Model (i.e. a method of laying out single-family lots so that the largest lots are located adjacent to main entries or perimeter streets, and smaller lots are located internal to the subdivision).
(7) CH. 8; Section 2.03; Goal #3 | Policy #4 (Page 8-4). Require a larger separation between homes to make neighborhoods feel more spacious. This separation should be no less than 12-feet (i.e. six [6] foot side yard building setback) and should be scaled to the height of the home.

Based on these goals, staff would make the following recommendationsto the applicant:

(1) Provide a larger lot type (e.g. 80-foot lot type) adjacent to FM-549 and SH-205.
(2) Locate the 60-foot type adjacent to the parkland and open spaces, as opposed to the 70-foot lot type.
(3) Mix the 60-foot and 70-foot lot types as opposed to creating homogenous pods or clusters of one lot type.
(4) Change the side yard setback for the 70-foot lot type from five (5) feet to six (6) feet.

M.6 Please review the attached draft ordinance prior to the March 26, 2019 Planning & Zoning Commission meeting, and provide staff with your markups by April 2, 2019. In reviewing the draft ordinance, please pay close attention to staff's suggestions, which differ from the applicant's submitted development standards. Specifically, staff has made changes to the following sections in the draft ordinance:

(1) Masonry Materials. The masonry materials have been changed to better reflect the material requirements permitted by the Unified Development Code (UDC), and which have been approved by the City Council in previous zoning cases.
(2) Garage Orientation. The garage orientation wording has been modified. Staff would recommend that the applicant provide picture examples of the proposed upgraded finishes to better convey the intent of this section.
(3) Anti-Monotony. The anti-monotony standards were drafted in accordance with Planned Development District 63 (PD-63). These standards were similar to what was outlined in the applicant's submitted development standards.
(4) Fencing. Staff used common language included in the majority of the City's other Planned Development Districts in the fence standards section. This differs slightly from what was outline in the applicant's submittal.
(5) Landscape Buffers. Based on past zoning cases approved by the City Council, staff recommends that the applicant consider increasing the landscape buffers along FM-549 and SH-205 to 50-feet to allow for larger berms and buffers to be incorporated adjacent to lots backing to these major roadways. In addition, landscaping standards similar to the landscaping standards for residential properties in the SH-205 By-Pass Overlay (SH-205 BY OV) District (i.e. John King Boulevard) should be incorporated for noise attenuation. As an alternative, the plan could be amended to reorient these homes to face onto a slip street that runs parallel to these roadways.

I.7 Staff has identified the aforementioned items necessary to continue the submittal process. Please make these revisions and corrections, and provide any additional information that is requested. Revisions for this case will be due on April 2, 2019; however, it is encouraged for applicants to submit revisions as soon as possible to give staff ample time to review the case prior to the April 9, 2019 Planning & Zoning Meeting. The Planning & Zoning Work Session meeting will be held on March 26, 2019.
I.8 The projected City Council meeting dates for this case will be April 15, 2019 [1st Reading] & May 6, 2019 [2nd Reading].

To whom it may concern:

Per your participation in the Neighborhood Notification Program, you are receiving this notification to inform your organization and residents of a request for a zoning change that lies within 1,500 feet of the boundaries of your neighborhood or subdivision. As the primary contact for the organization, you are encouraged to share this information with the residents of your subdivision. Please find attached a map detailing the location of the subject property requesting the zoning change in relation to your subdivision boundaries. Additionally, below is a summary of the zoning request that was published in the Rockwall Herald Banner ***March 22, 2019***. The Planning and Zoning Commission will hold a public hearing on ***Tuesday 4/9/2019 at 6:00 p.m.***, and the City Council will hold a public hearing on ***Monday 4/15/2019 at 6:00 p.m***. These hearings will be held in the City Council Chambers at City Hall, 385 S. Goliad Street. These hearings will be held in the City Council Chambers at City Hall, 385 S. Goliad Street. If you have any questions or comments regarding this request, the contact information for the Planning Department is listed below. Additional information can also be found at https://sites.google.com/site/rockwallplanning/development/development-cases

> **Z2019-005- Hold a public hearing to discuss and consider a request by Kent Donahue of Donahue Development Corporation on behalf of the owner Rockwall Highgate LTD for the approval of a zoning change from an Agricultural (AG) District to a Planned Development District for Single Family 7 (SF-7) District land uses on a 264.510-acre tract of land identified as Tracts 17-13 [*50.0-acres*], 17-14 [*26.452-acres*], 17-15 [*134.33-acres*], 17-16 [*43.6-acres*], & 40-8 [*8.79-acres*] of the W. RE: Proposed +/-545 Lot Residential PD & Regional Park
Located @ South Corner of FM 549 & SH 205

Dear Staff,

The subject development will consist of +/-545 single family lots and a +/-94 Acre Regional Park located on a 264.5 acre tract. The Concept Plan included with this submittal is representative of our vision of the development. Our team is currently working with the City's Parks Department on general programming for the Regional Park to identify a yearly maintenance budget as requested by Council. The proposed Park area within the flood plain is currently accessible via existing equestrian trails paralleling the creek.
Please feel free to contact us if you have any questions regarding our project or application.

Thank you,

Brian Bridgewater, P.E.
Manhard Consulting

**Development Standards.**

1. *Permitted Uses.* Unless specifically provided by this Planned Development ordinance, only those uses permitted within the Single Family 10 (SF-10) District, as stipulated by the Permissible Use Charts contained in Article IV, Permissible Uses, of the Unified Development Code (UDC), are allowed on the Subject Property.

2. *Lot Composition and Layout.* The lot layout and composition shall generally conform to the Concept Plan depicted in Exhibit B and stated in Table 1 below. Allowances for changes to the quantity and locations of each lot type are permitted in conformance with the requirements listed below;

Table 1: Lot Composition

| Lot Type | Minimum Lot Size | Minimum Lot Size | Dwelling Units | Dwelling % |
|---|---|---|---|---|
| A | 60' x 120' | 7,200 | 323 | 60% |
| B | 70' x 130' | 9,100 | 222 | 40% |
| Total Acreage – 265 acres | | | 545 total Units (2.1 per acre) | |

3. *Density and Dimensional Requirements.* The maximum permissible density for the Subject Property shall not exceed 2.1 dwelling units per gross acre of land. All lots shall conform to the standards depicted in Table 2 below and generally conform to Exhibit F of this ordinance.

Table 2: Lot Dimensional Requirements

| | | |
|---|---|---|
| Minimum Lot Width (1) | 60' | 70' |
| Minimum Lot Depth | 120' | 130' |
| Minimum Lot Area | 7,200 SF | 9,100 SF |
| Minimum Front Yard Setback (2) & (5) | 20' | 20' |
| Minimum Side Yard Setback | 5' | 5' |
| Minimum Side Yard Setback (Adjacent to Street) (2) & (5) | 10' | 10' |
| Maximum Height (3) | 30' | 30' |
| Minimum Rear Yard Setback (4) | 20' | 20' |
| Minimum Area / Dwelling Unit | 2,000 SF | 2,300 Sf |
| Maximum Lot Coverage | 65% | 65% |
| Permitted Encroachment into Required Setbacks | Allowed | Allowed |

General Notes:
(1) The minimum lot width shall be measured at the Front Yard Building Setback
(2) The location of the Front Yard Building Setback as measured from the front property line
(3) The Maximum Height shall be measured to the eave or top plate (whichever is greater) of the single family home.
(4) As measured from the rear yard property line
(5) Porches, stoops, bay windows, balconies, masonry clad chimneys, eaves and similar architectural features may encroach beyond the Front Yard Building Setback by up to ten (10) feet for any property; however, the encroachment shall not exceed five (5) feet on Side Yard Setbacks

4. *Building Standard.* All development shall adhere to the following building standards:

(a) Masonry Requirement. The minimum masonry requirement for the exterior facades of all buildings shall be 90%. For the purposes of this ordinance the masonry requirement shall be limited to full width brick, natural stone, stucco, cast stone, and cementaceous fiberboard horizontal lap-siding (e.g. HardiBoard or Hardy Plank).

(b) Roof Pitch. A minimum of an 8:12 roof pitch is required on all structures with the exception of porches, which shall have a minimum of a 4:12 roof pitch.

(c) Garage Orientation. Garages maybe oriented toward the street in a front entry configuration; however, the front façade of the garage must be situated a minimum of ten (10) feet behind the front façade of the primary structure or porch structure. In addition the following architectural elements must be included on all front entry homes:

1) Divided bay garage doors
2) Carriage style hardware and lighting
3) Cedar clad garage doors
4) Driveways must be constructed with ornamental stamped concrete brick pavers.

5. *Anti-Monotony Restrictions.* The development shall adhere to the following anti-monotony restrictions:

(A) Identical brick blends or paint colors may not occur on adjacent (side-by-side) properties along any block face without at least five (5) intervening homes of differing appearance on the opposite side of the street. Homes are considered to have a differing appearance if any of the following two (2) items deviate:

1) Number of stories
2) Permitted encroachment type and layout
3) Roof type and layout
4) Articulation of the front façade

(B) Permitted encroachment (Porches) elevations shall not repeat or be the same along any block face without at least five (5) intervening homes of sufficient dissimilarity on the same side of the street beginning with the home adjacent to the subject property and six (6) intervening homes beginning with the home on the opposite side of the street.

(C) Each phase of the subdivision will allow for a maximum four (4) compatible roof Colors. All roof shingles shall be an architectural or dimensional shingle.

6. *Fencing Standards.* All individual residential fencing and walls shall be architecturally compatible with the design, materials, and colors of the primary structure on the same lot and meet the following standards:

(A) No front yard fences allowed
(B) *Corner Lots.* Corner lots shall utilize a wood fence that extends no further than the back (rear) corner of the house. The fence shall be a minimum of six (6) feet tall. The fence shall be located a minimum of five (5) feet from the sidewalk's edge.
(C) *Rear Yard Fences.* Rear yard fences shall not extend forward, towards the front of the house, beyond the back (rear) corner of the house.
(D) *Wood Fences.* All wood fences shall be constructed of a standard fencing material (minimum of ½" thickness or better; spruce fencing will not be allowed), and use fasteners that are hot dipped galvanized or stainless steel. Wood fences facing onto a street shall be stained and sealed with all pickets being placed on the "public side" facing the street. All wood fences shall be smooth-finished, free of burs and splinters, and be a maximum of six (6) feet in height.
(E) *Wrought Iron/Tubular Steel.* Lots located along the perimeter of roadways, abutting open space, greenbelts and parks shall be required to install a wrought iron or tubular steel fence. Wrought iron/tubular steel fences can be a maximum of six (6) feet in height.
(F) *Solid Fences (including wood fences).* All solid fences shall incorporate a decorative top rail or cap detailing into the design of the fence.

7. *Landscape and Hardscape Standards.*

(A) *Landscape.* Landscaping shall be reviewed and approved with the PD Site Plan. All canopy/shade trees planted within this development shall be a minimum of four (4) caliper inches in size and all accent/ornamental/under story trees shall be a minimum of four (4) feet in total height. The following tree species are approved for planting within the subdivision:

    (1) Canopy/shade trees. Bald Cyprus, Cedar Elm, Texas Red Oak, Homestead Elm, Lace Bark Elm, Alle Elm, Chinese Pistachio, Shumard Oak, Sycamore, and Burr Oak.
    (2) Accent/ornamental/under story trees. Texas Redbud, Eve's Necklace, Mexican Plum, Downy Hawthorn, Crepe Myrtle, Texas Mountain Laurel, Vitex, and Desert Willow.

(B) *Landscape Buffers.* All landscape buffers and plantings located within the buffers shall be maintained by the Homeowner's Association (HOA).

(1) *Landscape Buffer and Sidewalks (FM 549).* A minimum of a 20 foot landscape buffer shall be provided along the frontage of FM 549 (outside of the required right-of-way dedication) and shall incorporate ground cover, a built-up berm and/or shrubbery or a combination thereof along the entire length of the frontage. Berms and/or shrubbery shall have a minimum height of 30 inches and a maximum height of 48 inches. In addition, at least one canopy tree shall be planted per 50 feet of linear frontage. A minimum of a five (5) foot sidewalk shall be required along FM 549.

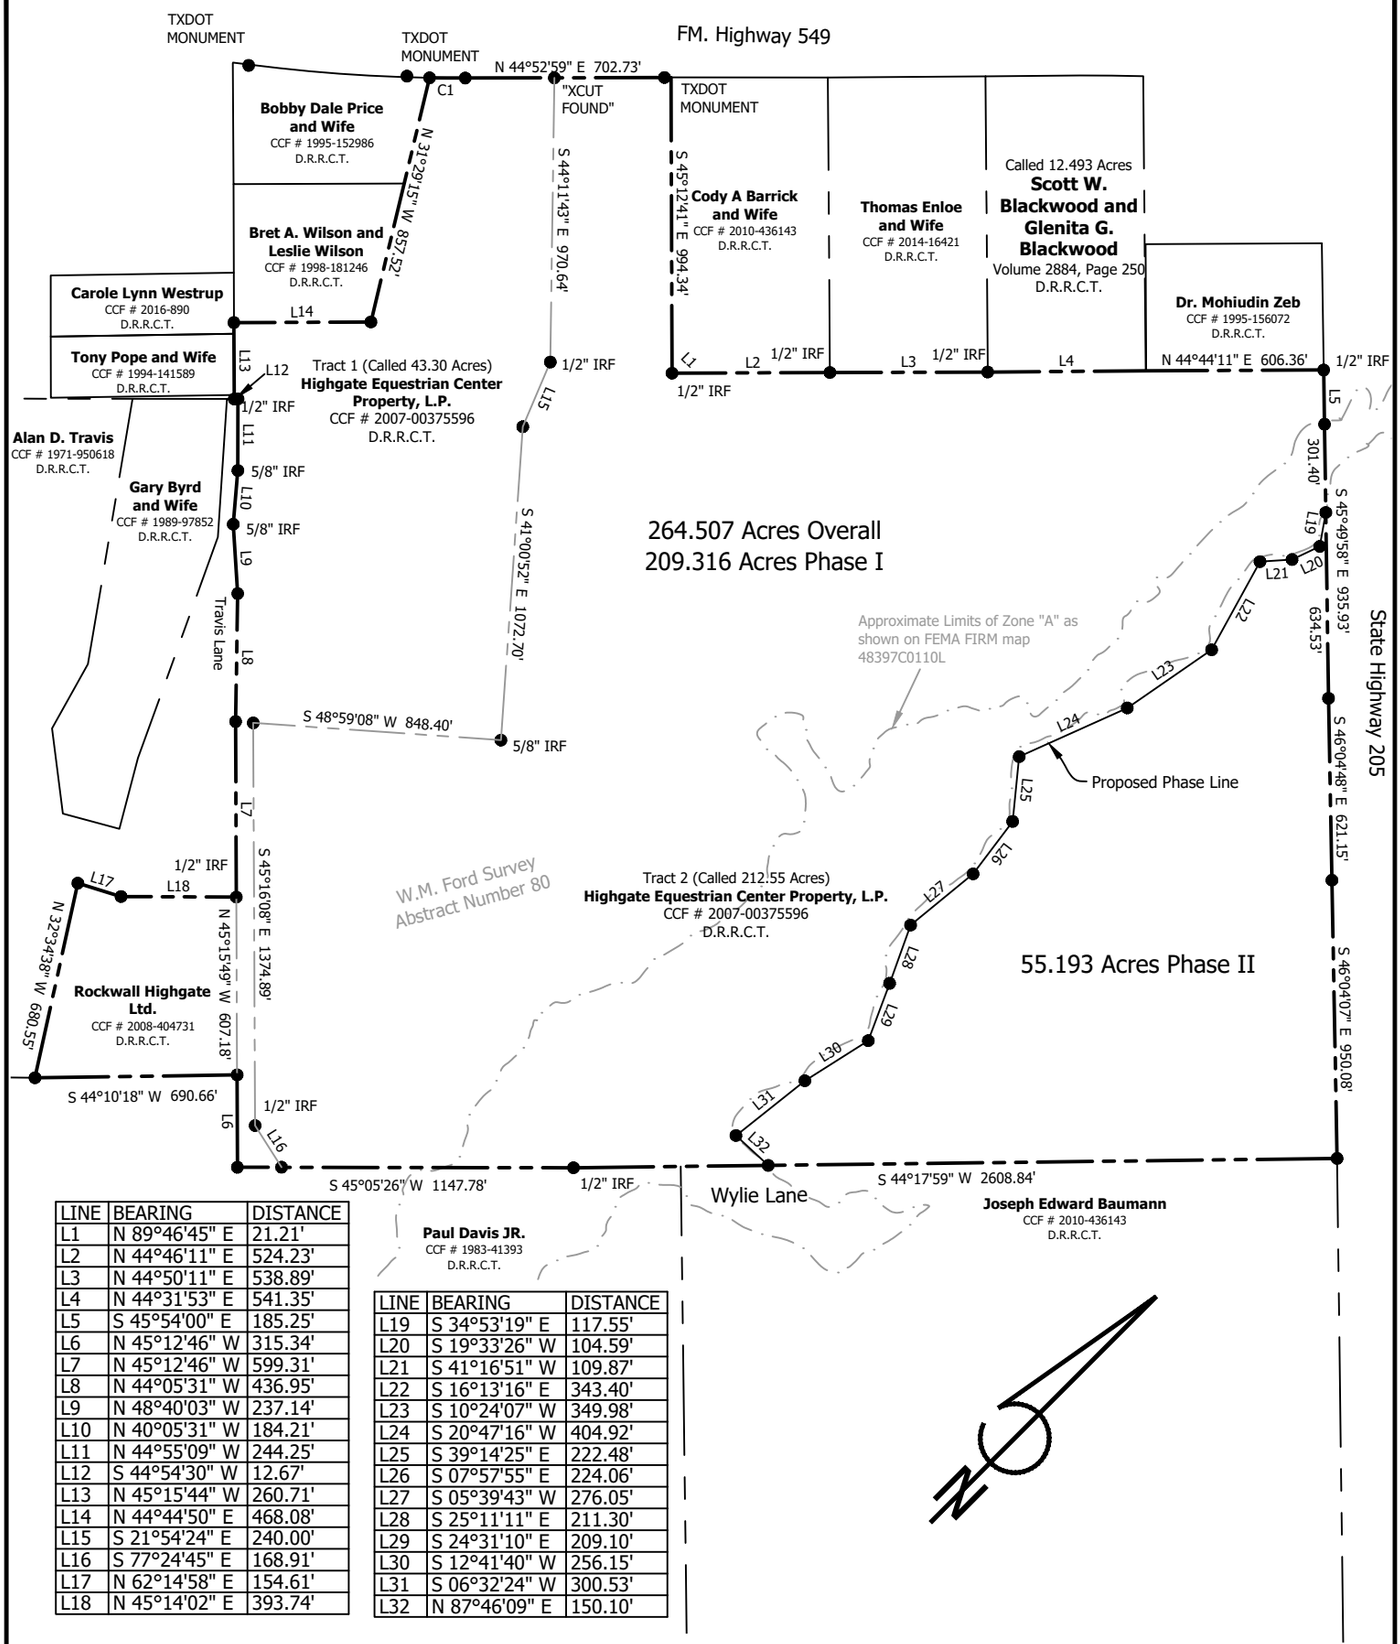
(2) *Landscape Buffer (SH 205).* A minimum of a 20 foot landscape buffer shall be provided along the frontage of SH 205 (outside of the required right-of-way dedication), and shall incorporate ground cover, a built-up berm and/or shrubbery or a combination thereof along the entire length of the frontage. Berms and/or shrubbery shall have a minimum height of 30 inches and a maximum height of 48 inches. In addition, at least three (3) canopy trees and four (4) accent trees shall be planted per 100 feet of linear frontage.

(C) *Irrigation Requirements.* Irrigation shall be installed for all required landscaping located within common areas, landscape buffers and/or open space. Irrigation Installed in these areas shall be designed by a Texas licensed irrigator or landscape architect and shall be maintained by the Homeowner's Association.

(D) *Street Trees and Hardscape.* Street tree and hardscape plans indicating the location of all sidewalk and trails shall be reviewed and approved with the PD Site Plan.

(E) *Lighting.* Light poles shall not exceed 20 feet in total height. All fixtures shall be directed downward and be positioned to contain all light within the development area.

(F) *Sidewalks.* At a maximum, all sidewalks adjacent to a street shall begin two (2) feet behind the right-of-way line and be five (5) feet in overall width.



(G) *Open Space.* The development shall consist of a minimum of 35 % open space and generally conform with the Open Space Plan contained in Exhibit ___ of this ordinance.

(H) *Neighborhood signage.* Permanent subdivision identification signage shall be permitted at all major entry points for the proposed subdivision. Final design and location of any entry features shall be reviewed and approved with the PD Site Plan.

(I) *Homeowner's Association (HOA).* A Homeowner's Association shall be created to enforce the restrictions established in accordance with the requirements of Section 38-15 of the Subdivision Regulations contained within the Municipal Code of Ordinances of the City of Rockwall. The HOA shall also maintain all neighborhood open space and common areas, irrigation, landscaping, screening fences associated with this development.

(J) *Variances.* The variance procedures and standards for approval that are set forth in The Unified Development Code shall apply to any application for variances to this ordinance.

# LEGAL DESCRIPTION (OVERALL)

BEING a 264.507 acre tract of land situated in the W.M. Ford Survey, Abstract Number 80, Rockwall County, Texas, and being all of a called 43.30 acre tract of land (Tract 1) and a called 212.55 acre tract of land (Tract 2) described by deed to Highgate Equestrian Center Property, L.P., recorded in County Clerk's File Number 2007-375596, Deed Records, Rockwall County, Texas, and being all of that certain tract of land described by deed to Rockwall Highgate, Ltd., recorded in County Clerk's File Number 2008-404731, Deed Records, Rockwall County, Texas, and being more particularly described by metes and bounds as follows:

BEGINNING at the Southeast corner of said called 212.55 acre tract, being at the intersection of the southwest right-of-way line of State Highway No. 205, and the northwest line of Wylie Lane;

THENCE South 44 Degrees 17 Minutes 59 Seconds West, along the northwest line of said Wylie Lane, a distance of 2608.84 feet, to a 1/2" iron rod found;

THENCE South 45 Degrees 05 Minutes 26 Seconds West, continuing along said northwest line, a distance of 1147.78 feet, to the southwest corner of said called 43.30 acre tract,;

THENCE North 45 Degrees 12 Minutes 46 Seconds West, departing said northwest line, and along the southwest line of said called 212.55 acre tract, a distance of 315.34 feet, to the easternmost corner of said called Rockwall Highgate tract;

THENCE South 44 Degrees 10 Minutes 18 Seconds West, departing said West line and along the southeast line of said Rockwall Highgate tract, a distance of 690.66 feet, to the southernmost corner of said Rockwall Highgate tract;

THENCE North 32 Degrees 34 Minutes 38 Seconds West, departing said southeast line and along the West line of Rockwall Highgate tract, a distance of 680.55 feet, to the northwest corner of said Rockwall Highgate tract;

THENCE North 62 Degrees 14 Minutes 58 Seconds East, departing said West line and along the northwest line of said Rockwall Highgate tract, a distance of 154.61 feet;

THENCE North 45 Degrees 14 Minutes 02 Seconds East, continuing along said northwest line, a distance of 393.74 feet, to a 1/2" iron rod found at the northernmost corner of said Rockwall Highgate tract, being on the southwest line of said called 43.30 acre tract and being on the northeast line of Travis Lane;

THENCE Northerly, departing said North line and along the northeast line of said Travis Lane, the following calls:

North 45 Degrees 12 Minutes 46 Seconds West, a distance of 599.31 feet, to a point for corner;

North 44 Degrees 05 Minutes 31 Seconds West, a distance of 436.95 feet, to a point for corner;

North 48 Degrees 40 Minutes 03 Seconds West, a distance of 237.14 feet, to a 5/8" iron rod found;

North 40 Degrees 05 Minutes 31 Seconds West, a distance of 184.21 feet, to a 5/8" iron rod found;

North 44 Degrees 55 Minutes 09 Seconds West, a distance of 244.25 feet, to a 5/8" iron rod found;

South 44 Degrees 54 Minutes 30 Seconds West, a distance of 12.67 feet, to a point for corner;

North 45 Degrees 15 Minutes 44 Seconds West, a distance of 260.71 feet, to the lower northwest corner of said called 43.30 acre tract, same being the southwest corner of a that certain tract of land described by deed to Bret A. Wilson and Leslie Wilson, recorded in County Clerk's File Number 1998-181246, Deed Records, Rockwall County, Texas;

THENCE North 44 Degrees 44 Minutes 50 Seconds East, departing said East line and along the lower North line of said called 43.30 acre tract, being common with the South line of said Wilson tract, a distance of 468.08 feet, to the southeast corner of said Wilson tract;

North 31 Degrees 29 Minutes 15 Seconds West, departing said common line and along the upper West line of said called 43.30 acre tract, a distance of 857.52 feet, to the northwest corner of said called 43.30 acre tract, being on the South right-of-way line of F.M. Highway No. 549 and being at the beginning of a non-tangent curve to the left;

THENCE 121.99 feet, along said South right-of-way line and with said curve to the left, having a radius of 5796.43 feet, through a central angle of 01 Degrees 12 Minutes 21 Seconds, whose long chord bears North 45 Degrees 17 Minutes 37 Seconds East, a chord length of 121.99 feet, to a point for corner;

THENCE North 44 Degrees 52 Minutes 59 Seconds East, continuing along said South right-of-way line, a distance of 702.73 feet, to the upper northeast corner of said called 212.55 acre tract, same being the northwest corner of that certain tract of land described by deed to Cody A. Barrick and Wife, recorded in County Clerk's File Number 2010-436143, Deed Records, Rockwall County, Texas;

THENCE South 45 Degrees 12 Minutes 41 Seconds East, departing said South right-of-way line and along the upper East line of said called 212.55 acre tract, being common with the West line of said Barrick tract, a distance of 994.34 feet, to a point for corner;

THENCE North 89 Degrees 46 Minutes 45 Seconds East, continuing along said common line, a distance of 21.21 feet, to a point for corner;

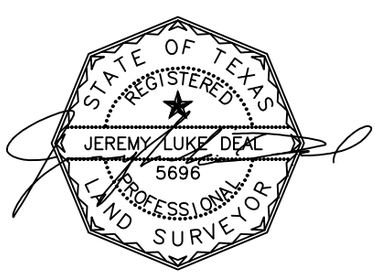
THENCE North 44 Degrees 46 Minutes 11 Seconds East, departing said common line and along the lower North line of said called 212.55 acre tract, being common with the South line of said Barrick tract, a distance of 524.23 feet, to the southeast corner of said Barrick tract, same being the southwest corner of that certain tract of land described by deed to Thomas Enloe and Wife, recorded in County Clerk's File Number 2014-16421, Deed Records, Rockwall County, Texas;

THENCE North 44 Degrees 50 Minutes 11 Seconds East, departing said common line and along the lower North line of said called 212.55 acre tract, being common with the South line of said Enloe tract, a distance of 538.89 feet, to the southeast corner of said Enloe tract, same being the southwest corner of a called 12.493 acre tract of land described by deed to Scott W. Blackwood and Glenita G. Blackwood, recorded in Volume 2884, Page 250, Deed Records, Rockwall County, Texas;

THENCE North 44 Degrees 31 Minutes 53 Seconds East, departing said common line and along the lower North line of said called 212.55 acre tract, being common with the South line of said called 12.493 acre tract, a distance of 541.35 feet, to the southeast corner of said called 12.493 acre tract, same being the southwest corner of that certain tract of land described by deed to Dr. Mohiudin Zeb, recorded in County Clerk's File Number 1995-156072, Deed Records, Rockwall County, Texas;

THENCE North 44 Degrees 44 Minutes 11 Seconds East, departing said common line and along the lower North line of said called 212.55 acre tract, being common with the South line of said Zeb tract, a distance of 606.36 feet, to the southeast corner of said Zeb tract, being on the West right-of-way line of said State Highway No. 205;

THENCE South 45 Degrees 54 Minutes 00 Seconds East, departing said common line and along said West right-of-way line, a distance of 185.25 feet, to a point for corner;



THENCE South 45 Degrees 49 Minutes 58 Seconds East, continuing along said East right-of-way line, a distance of 935.93 feet, to a point for corner;

THENCE South 46 Degrees 04 Minutes 48 Seconds East, continuing along said East right-of-way line, a distance of 621.15 feet, to a point for corner;

THENCE South 46 Degrees 04 Minutes 07 Seconds East, continuing along said East right-of-way line, a distance of 950.08 feet, to the POINT OF BEGINNING, and containing 264.507 acres of land, more or less.

# LEGAL DESCRIPTION (PHASE II)

BEING a 55.193 acre tract of land situated in the W.M. Ford Survey, Abstract Number 80, Rockwall County, Texas, and being a portion of a called 212.55 acre tract of land (Tract 2) described by deed to Highgate Equestrian Center Property, L.P., recorded in County Clerk's File Number 2007-375596, Deed Records, Rockwall County, Texas, and being more particularly described by metes and bounds as follows:

COMMENCING at a 1/2" iron rod found at the northernmost corner of said called 212.55 acre tract, same being the easternmost corner of that certain tract of land described by deed to Dr. Mohiudin Zeb, recorded in County Clerk's File Number 1995-156072, Deed Records, Rockwall County, Texas, and being on the southwest right-of-way line of State Highway No. 205;

THENCE South 45 Degrees 54 Minutes 00 Seconds East, departing said common line and along said southwest right-of-way line, a distance of 185.25 feet, to a point for corner;

THENCE South 45 Degrees 49 Minutes 58 Seconds East, continuing along said southwest right-of-way line, a distance of 301.40 feet, to the POINT OF BEGINNING;

THENCE Southwesterly, departing said southwest right-of-way line and over and across said called 212.55 acre tract, the following calls:

South 34 Degrees 53 Minutes 19 Seconds East, a distance of 117.55 feet, to a point for corner;

South 19 Degrees 33 Minutes 26 Seconds West, a distance of 104.59 feet, to a point for corner;

South 41 Degrees 16 Minutes 51 Seconds West, a distance of 109.87 feet, to a point for corner;

South 16 Degrees 13 Minutes 16 Seconds East, a distance of 343.40 feet, to a point for corner;

South 10 Degrees 24 Minutes 07 Seconds West, a distance of 349.98 feet, to a point for corner;

South 20 Degrees 47 Minutes 16 Seconds West, a distance of 404.92 feet, to a point for corner;

South 39 Degrees 14 Minutes 25 Seconds East, a distance of 222.48 feet, to a point for corner;

South 07 Degrees 57 Minutes 55 Seconds East, a distance of 224.06 feet, to a point for corner;

South 05 Degrees 39 Minutes 43 Seconds West, a distance of 276.05 feet, to a point for corner;

South 25 Degrees 11 Minutes 11 Seconds East, a distance of 211.30 feet, to a point for corner;

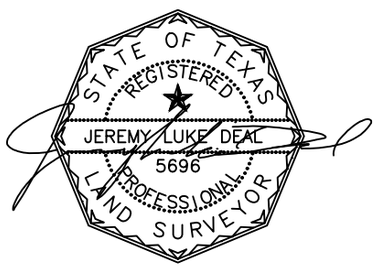
South 24 Degrees 31 Minutes 10 Seconds East, a distance of 209.10 feet, to a point for corner;

South 12 Degrees 41 Minutes 40 Seconds West, a distance of 256.15 feet, to a point for corner;

South 06 Degrees 32 Minutes 24 Seconds West, a distance of 300.53 feet, to a point for corner;

North 87 Degrees 46 Minutes 09 Seconds East, a distance of 150.10 feet, to a point for corner, being on the North line of said Wylie Lane;

THENCE North 44 Degrees 17 Minutes 59 Seconds East, along the North line of said Wylie Lane, a distance of 2608.84 feet, to a point for corner at the intersection of said North line and the southwest right-of-way line of said State Highway No. 205;



THENCE North 46 Degrees 04 Minutes 07 Seconds East, departing said North line and along the said southwest right-of-way line, a distance of 950.08 feet, to a point for corner;

THENCE North 46 Degrees 04 Minutes 48 Seconds West, continuing along said southwest right-of-way line, a distance of 621.15 feet, to a point for corner;

THENCE North 45 Degrees 49 Minutes 58 Seconds West, continuing along said southwest right-of-way line, a distance of 634.53 feet, to the POINT OF BEGINNING, and containing 55.193 acres or land, more or less.

# 18 SOUTHWEST RESIDENTIAL DISTRICT

## DISTRICT DESCRIPTION

The *Southwest Residential District* contains a mixture of land uses that include existing medium and low density residential, heavy commercial/retail land uses (i.e. *National Drive, Sids Road, and Mims Road*) and commercial land uses. In the future, this district is expected to continue to function as it does today with additional low-density master planned communities filling in the vacant land remaining in the central and southern areas of the district. In addition, the areas that are in transition are expected to continue to improve adding additional value to the City.

## DISTRICT STRATEGIES

The strategies for the *Southwest Residential District* are as follows:

1. *Suburban Residential*. This district has several large tracts of land that can support highly amenitized master planned communities. Areas adjacent to the Oaks of Buffalo Way Subdivision should utilize larger lots adjacent to the subdivision to transition to a smaller lot sizes; however, these areas should incorporate a mix of larger to mid-sized lots.

2. *Commercial/Industrial Land Uses*. The areas around Sids Road, National Drive, and Mims Road are some of the only areas in the City that are designated for *Commercial/Industrial* land uses. As a result, these areas should be protected from the encroachment of incompatible land uses (*i.e. residential land uses -- higher density or otherwise*). This should protect the businesses that currently exist in these areas.

3. *Transitional Areas*. The areas designated as *Transitional Areas* are currently transitioning from interim land uses and building types to more permanent structures with conforming land uses. These areas should be given special consideration with regard to requests that further the establishment of uses and structures that will improve the property values of the adjacent properties; however, the City should look to continue to discourage uses and structures that are situated within established floodplains.

4. *Intersection of SH-276 and S. Goliad Street (Sids Road and S. Goliad Street)*. The intersection at Sids Road and S. Goliad Street [*SH-205*] -- *also identified as the future intersection of SH-276 and S. Goliad Street* -- is anticipated to be a major commercial intersection due to the high traffic volumes carried by both SH-276 and S. Goliad Street [*SH-205*]. This intersection will most likely have commercial at all four (4) corners and will create a major node along both highways.

# FISCAL IMPACT ANALYSIS TOOL

*ASSUMPTIONS:* (1) All values are based on the Appraised Value and *not* the Market Value; (2) All Agricultural (AG) District land is assumed to be residential under Current Zoning and zoned in accordance to the Future Land Use Map under Current Zoning at Build Out.
*DISCLAIMER:* The information provided below is not a reasonable basis for the approval or denial of any zoning case. This is a general tool that is meant to assist elected and appointed officials in the understanding the potential fiscal impacts of a zoning request, and to track conformance to the Comprehensive Plan's targeted land use ratios of 80% residential to 20% commercial land use, which is intended to yield a 67% residential value to 33% commercial value.
*SUMMARY OF METHODOLOGY:* The methods used in this study are based on a rough fiscal impact analysis, and involve reducing the City's land values down to a per square footage cost to estimate potential impact on existing property value. The cost of service model is constructed around the City's current fiscal year costs versus the percentage of land area that is currently residential and non-residential. A per capita multiplier and average cost method were used to estimate sales tax.

*NOTES*: The subject property has an agricultural exemption, which would heavily reduce the current estimated annual cost/revenues. It should also be pointed out that the model will always show residential property as running a deficit due to the community cost of service associated with residential land uses.

**CITY OF ROCKWALL**

**ORDINANCE NO. 19-XX**

**AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, AMENDING THE UNIFIED DEVELOPMENT CODE [*ORDINANCE NO. 04-38*] OF THE CITY OF ROCKWALL, AS HERETOFORE AMENDED, SO AS TO CHANGE THE ZONING FROM AN AGRICULTURAL (AG) DISTRICT TO PLANNED DEVELOPMENT DISTRICT XX (PD-XX) FOR SINGLE FAMILY 7 (SF-7) DISTRICT LAND USES ON THE SUBJECT PROPERTY, BEING A 264.510-ACRE TRACT OF LAND IDENTIFIED AS TRACTS 17-13, 17-14, 17-15, 17-16 & 40-8 OF THE W. W. FORD SURVEY, ABSTRACT NO. 80, CITY OF ROCKWALL, ROCKWALL COUNTY, TEXAS AND MORE FULLY DESCRIBED HEREIN BY *EXHIBIT 'A'* AND DEPICTED HEREIN BY *EXHIBIT 'B'*; PROVIDING FOR SPECIAL CONDITIONS; PROVIDING FOR A PENALTY OF FINE NOT TO EXCEED THE SUM OF TWO THOUSAND DOLLARS ($2,000.00) FOR EACH OFFENSE; PROVIDING FOR A SEVERABILITY CLAUSE; PROVIDING FOR A REPEALER CLAUSE; PROVIDING FOR AN EFFECTIVE DATE.**

**WHEREAS**, the City has received a request by Kent Donahue of Donahue Development Corporation on behalf of Rockwall Highgate, LTD for the approval of a zoning change from an Agricultural (AG) District to a Planned Development District for Single Family 7 (SF-7) District land uses, on a 264.510-acre tract of land identified as Tracts 17-13 [*50.00-Acres*], 17-14 [*26.452-Acres*], 17-15 [*134.33-Acres*], 17-16 [*43.60-Acres*], & 40-8 [*8.79-Acres*] of the W. W. Ford Survey, Abstract No. 80, City of Rockwall, Rockwall County, Texas and more fully described in *Exhibit 'A'* and depicted in *Exhibit 'B'* of this ordinance, which hereinafter shall be referred to as the *Subject Property* and incorporated by reference herein; and

**WHEREAS**, the Planning and Zoning Commission of the City of Rockwall and the governing body of the City of Rockwall in compliance with the laws of the State of Texas and the ordinances of the City of Rockwall have given the requisite notices by publication and otherwise, and have held public hearings and afforded a full and fair hearing to all property owners generally and to all persons interested in and situated in the affected area, and in the vicinity thereof, and the governing body in the exercise of its legislative discretion, has concluded that the Unified Development Code [*Ordinance No. 04-38*] should be amended as follows:

**NOW, THEREFORE**, **BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS:**

**SECTION 1.** That the *Subject Property* shall be used only in the manner and for the purposes authorized by this Planned Development District Ordinance and the Unified Development Code [*Ordinance No. 04-38*] of the City of Rockwall as heretofore amended, as amended herein by granting this zoning change, and as maybe amended in the future;

**SECTION 2.** That development of the *Subject Property* shall generally be in accordance with the *Planned Development Concept Plan*, depicted in *Exhibit 'C'* of this ordinance, attached hereto and incorporated herein by reference as *Exhibit 'C'*, which is deemed hereby to be a condition of approval of the amended zoning classification for the *Subject Property*;

**SECTION 3.** That development of the *Subject Property* shall generally be in accordance with the *Density and Development Standards*, outlined in *Exhibit 'D'* of this ordinance, attached

DRAFT 08.26.19

hereto and incorporated herein by reference as *Exhibit 'D'*, which is deemed hereby to be a condition of approval of the amended zoning classification for the *Subject Property*;

**SECTION 4.** That a *Master Parks and Open Space Plan* for the *Subject Property*, prepared in accordance with this ordinance and consistent with the *Planned Development Concept Plan* described in *Exhibit 'C'* of this ordinance, shall be considered for approval by the City Council following recommendation of the Parks and Recreation Board.

**SECTION 5.** That development of the *Subject Property* shall be in conformance with the schedule listed below (*except as set forth below with regard to simultaneous processing and approvals*).

(a) The procedures set forth in the City's subdivision regulations on the date this ordinance is approved by the City, as amended by this ordinance (*including Subsections 5(b) through 5(g) below*), shall be the exclusive procedures applicable to the subdivision and platting of the *Subject Property*.

(b) The following plans and plats shall be required in the order listed below (*except as set forth below with regard to simultaneous processing and approvals*). The City Council shall act on an application for an *Master Parks and Open Space Plan* in accordance with the time period specified in *Section 212.009* of the *Texas Local Government Code*.

(1) Master Parks and Open Space Plan
(2) Master Plat
(3) Preliminary Plat
(4) PD Site Plan
(5) Final Plat

(c) *Master Parks and Open Space Plan.* An *Master Parks and Open Space Plan* for the *Subject Property*, as depicted in *Exhibit 'C'* of this ordinance, prepared in accordance with this ordinance, shall be considered for approval by the City Council following recommendation of the Parks and Recreation Board.

(d) *Master Plat.* A *Master Plat* for the *Subject Property*, as depicted in *Exhibit 'C'* of this ordinance, shall be submitted and shall identify the proposed timing of each phase of the proposed development. A *Master Plat* application may be processed by the City concurrently with an *Master Parks and Open Space Plan* application for the development.

(e) *Preliminary Plat.* A *Preliminary Plat* for each phase of the *Subject Property*, as depicted in *Exhibit 'C'* of this ordinance, shall be submitted in accordance with the phasing plan established by the *Master Plat* and shall include a *Treescape Plan* for the phase being *Preliminary Platted*. A *Preliminary Plat* application may be processed by the City concurrently with a *Master Plat* and an *Master Parks and Open Space Plan* application for the development.

(f) *PD Site Plan.* A *PD Site Plan* for each phase of the development of the *Subject Property*, as depicted in *Exhibit 'C'* of this ordinance, shall be submitted and shall identify all site/landscape/hardscape plan(s) for all open space, neighborhood parks, trail systems, street buffers and entry features. A *PD Site Plan* application may be processed by the City concurrently with a *Final Plat* application for the development.

(g) *Final Plat.* Prior to the issuance of any building permits, a *Final Plat*, conforming to the *Preliminary Plat*, shall be submitted for approval.

**SECTION 7.** That any person, firm, or corporation violating any of the provisions of this ordinance shall be deemed guilty of a misdemeanor and upon conviction shall be punished by a

DRAFT ORDINANCE 03.26.2019

penalty of fine not to exceed the sum of *Two Thousand Dollars* ($2,000.00) for each offense and each and every day such offense shall continue shall be deemed to constitute a separate offense;

**SECTION 8.** That if any section, paragraph, or provision of this ordinance or the application of that section, paragraph, or provision to any person, firm, corporation or situation is for any reason judged invalid, the adjudication shall not affect any other section, paragraph, or provision of this ordinance or the application of any other section, paragraph or provision to any other person, firm, corporation or situation, nor shall adjudication affect any other section, paragraph, or provision of the Unified Development Code, and the City Council declares that it would have adopted the valid portions and applications of the ordinance without the invalid parts and to this end the provisions for this ordinance are declared to be severable;

**SECTION 9.** The standards in this ordinance shall control in the event of a conflict between this ordinance and any provision of the Unified Development Code or any provision of the City Code, ordinance, resolution, rule, regulation, or procedure that provides a specific standard that is different from and inconsistent with this ordinance. References to zoning district regulations or other standards in the Unified Development Code (including references to the *Unified Development Code*), and references to overlay districts, in this ordinance or any of the Exhibits hereto are those in effect on the date this ordinance was passed and approved by the City Council of the City of Rockwall, Texas;

**SECTION 10.** That this ordinance shall take effect immediately from and after its passage;

**PASSED AND APPROVED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, THIS THE 6TH DAY OF MAY, 2019.**

## LEGAL DESCRIPTION (OVERALL)

BEING a 264.507 acre tract of land situated in the W.M. Ford Survey, Abstract Number 80, Rockwall County, Texas, and being all of a called 43.30 acre tract of land (Tract 1) and a called 212.55 acre tract of land (Tract 2) described by deed to Highgate Equestrian Center Property, L.P., recorded in County Clerk's File Number 2007-375596, Deed Records, Rockwall County, Texas, and being all of that certain tract of land described by deed to Rockwall Highgate, Ltd., recorded in County Clerk's File Number 2008-404731, Deed Records, Rockwall County, Texas, and being more particularly described by metes and bounds as follows:

BEGINNING at the Southeast corner of said called 212.55 acre tract, being at the intersection of the southwest right-of-way line of State Highway No. 205, and the northwest line of Wylie Lane;

THENCE South 44 Degrees 17 Minutes 59 Seconds West, along the northwest line of said Wylie Lane, a distance of 2608.84 feet, to a 1/2" iron rod found;

THENCE South 45 Degrees 05 Minutes 26 Seconds West, continuing along said northwest line, a distance of 1147.78 feet, to the southwest corner of said called 43.30 acre tract,;

THENCE North 45 Degrees 12 Minutes 46 Seconds West, departing said northwest line, and along the southwest line of said called 212.55 acre tract, a distance of 315.34 feet, to the easternmost corner of said called Rockwall Highgate tract;

THENCE South 44 Degrees 10 Minutes 18 Seconds West, departing said West line and along the southeast line of said Rockwall Highgate tract, a distance of 690.66 feet, to the southernmost corner of said Rockwall Highgate tract;

THENCE North 32 Degrees 34 Minutes 38 Seconds West, departing said southeast line and along the West line of Rockwall Highgate tract, a distance of 680.55 feet, to the northwest corner of said Rockwall Highgate tract;

THENCE North 62 Degrees 14 Minutes 58 Seconds East, departing said West line and along the northwest line of said Rockwall Highgate tract, a distance of 154.61 feet;

THENCE North 45 Degrees 14 Minutes 02 Seconds East, continuing along said northwest line, a distance of 393.74 feet, to a 1/2" iron rod found at the northernmost corner of said Rockwall Highgate tract, being on the southwest line of said called 43.30 acre tract and being on the northeast line of Travis Lane;

THENCE Northerly, departing said North line and along the northeast line of said Travis Lane, the following calls:

North 45 Degrees 12 Minutes 46 Seconds West, a distance of 599.31 feet, to a point for corner;

North 44 Degrees 05 Minutes 31 Seconds West, a distance of 436.95 feet, to a point for corner;

North 48 Degrees 40 Minutes 03 Seconds West, a distance of 237.14 feet, to a 5/8" iron rod found;

North 40 Degrees 05 Minutes 31 Seconds West, a distance of 184.21 feet, to a 5/8" iron rod found;

North 44 Degrees 55 Minutes 09 Seconds West, a distance of 244.25 feet, to a 5/8" iron rod found;

South 44 Degrees 54 Minutes 30 Seconds West, a distance of 12.67 feet, to a point for corner;

North 45 Degrees 15 Minutes 44 Seconds West, a distance of 260.71 feet, to the lower northwest corner of said called 43.30 acre tract, same being the southwest corner of a that certain tract of land described by deed to Bret A. Wilson and Leslie Wilson, recorded in County Clerk's File Number 1998-181246, Deed Records, Rockwall County, Texas;

THENCE North 44 Degrees 44 Minutes 50 Seconds East, departing said East line and along the lower North line of said called 43.30 acre tract, being common with the South line of said Wilson tract, a distance of 468.08 feet, to the southeast corner of said Wilson tract;

North 31 Degrees 29 Minutes 15 Seconds West, departing said common line and along the upper West line of said called 43.30 acre tract, a distance of 857.52 feet, to the northwest corner of said called 43.30 acre tract, being on the South right-of-way line of F.M. Highway No. 549 and being at the beginning of a non-tangent curve to the left;

THENCE 121.99 feet, along said South right-of-way line and with said curve to the left, having a radius of 5796.43 feet, through a central angle of 01 Degrees 12 Minutes 21 Seconds, whose long chord bears North 45 Degrees 17 Minutes 37 Seconds East, a chord length of 121.99 feet, to a point for corner;

THENCE North 44 Degrees 52 Minutes 59 Seconds East, continuing along said South right-of-way line, a distance of 702.73 feet, to the upper northeast corner of said called 212.55 acre tract, same being the northwest corner of that certain tract of land described by deed to Cody A. Barrick and Wife, recorded in County Clerk's File Number 2010-436143, Deed Records, Rockwall County, Texas;

THENCE South 45 Degrees 12 Minutes 41 Seconds East, departing said South right-of-way line and along the upper East line of said called 212.55 acre tract, being common with the West line of said Barrick tract, a distance of 994.34 feet, to a point for corner;

THENCE North 89 Degrees 46 Minutes 45 Seconds East, continuing along said common line, a distance of 21.21 feet, to a point for corner;

THENCE North 44 Degrees 46 Minutes 11 Seconds East, departing said common line and along the lower North line of said called 212.55 acre tract, being common with the South line of said Barrick tract, a distance of 524.23 feet, to the southeast corner of said Barrick tract, same being the southwest corner of that certain tract of land described by deed to Thomas Enloe and Wife, recorded in County Clerk's File Number 2014-16421, Deed Records, Rockwall County, Texas;

THENCE North 44 Degrees 50 Minutes 11 Seconds East, departing said common line and along the lower North line of said called 212.55 acre tract, being common with the South line of said Enloe tract, a distance of 538.89 feet, to the southeast corner of said Enloe tract, same being the southwest corner of a called 12.493 acre tract of land described by deed to Scott W. Blackwood and Glenita G. Blackwood, recorded in Volume 2884, Page 250, Deed Records, Rockwall County, Texas;

THENCE North 44 Degrees 31 Minutes 53 Seconds East, departing said common line and along the lower North line of said called 212.55 acre tract, being common with the South line of said called 12.493 acre tract, a distance of 541.35 feet, to the southeast corner of said called 12.493 acre tract, same being the southwest corner of that certain tract of land described by deed to Dr. Mohiudin Zeb, recorded in County Clerk's File Number 1995-156072, Deed Records, Rockwall County, Texas;

THENCE North 44 Degrees 44 Minutes 11 Seconds East, departing said common line and along the lower North line of said called 212.55 acre tract, being common with the South line of said Zeb tract, a distance of 606.36 feet, to the southeast corner of said Zeb tract, being on the West right-of-way line of said State Highway No. 205;

THENCE South 45 Degrees 54 Minutes 00 Seconds East, departing said common line and along said West right-of-way line, a distance of 185.25 feet, to a point for corner;

THENCE South 45 Degrees 49 Minutes 58 Seconds East, continuing along said East right-of-way line, a distance of 935.93 feet, to a point for corner;

THENCE South 46 Degrees 04 Minutes 48 Seconds East, continuing along said East right-of-way line, a distance of 621.15 feet, to a point for corner;

THENCE South 46 Degrees 04 Minutes 07 Seconds East, continuing along said East right-of-way line, a distance of 950.08 feet, to the POINT OF BEGINNING, and containing 264.507 acres of land, more or less.

## LEGAL DESCRIPTION (PHASE I)

BEING a 209.316 acre tract of land situated in the W.M. Ford Survey, Abstract Number 80, Rockwall County, Texas, and being a portion of a called 43.30 acre tract of land (Tract 1) and a called 212.55 acre tract of land (Tract 2) described by deed to Highgate Equestrian Center Property, L.P., recorded in County Clerk's File Number 2007-375596, Deed Records, Rockwall County, Texas, and being all of that certain tract of land described by deed to Rockwall Highgate, Ltd., recorded in County Clerk s File Number 2008-404731, Deed Records, Rockwall County, Texas, and being more particularly described by metes and bounds as follows:

BEGINNING at the Southwest corner of said called 43.30 acre tract, being on the northwest line of Wylie Lane;

THENCE North 45 Degrees 12 Minutes 46 Seconds West, departing said northwest line, and along the southwest line of said called 212.55 acre tract, a distance of 315.34 feet, to the easternmost corner of said called Rockwall Highgate tract;

THENCE South 44 Degrees 10 Minutes 18 Seconds West, departing said West line and along the southeast line of said Rockwall Highgate tract, a distance of 690.66 feet, to the southernmost corner of said Rockwall Highgate tract;

THENCE North 32 Degrees 34 Minutes 38 Seconds West, departing said southeast line and along the West line of Rockwall Highgate tract, a distance of 680.55 feet, to the northwest corner of said Rockwall Highgate tract;

THENCE North 62 Degrees 14 Minutes 58 Seconds East, departing said West line and along the northwest line of said Rockwall Highgate tract, a distance of 154.61 feet;

THENCE North 45 Degrees 14 Minutes 02 Seconds East, continuing along said northwest line, a distance of 393.74 feet, to a 1/2" iron rod found at the northernmost corner of said Rockwall Highgate tract, being on the southwest line of said called 43.30 acre tract and being on the northeast line of Travis Lane;

THENCE Northerly, departing said North line and along the northeast line of said Travis Lane, the following calls:

North 45 Degrees 12 Minutes 46 Seconds West, a distance of 599.31 feet, to a point for corner;

North 44 Degrees 05 Minutes 31 Seconds West, a distance of 436.95 feet, to a point for corner;

North 48 Degrees 40 Minutes 03 Seconds West, a distance of 237.14 feet, to a 5/8" iron rod found;

North 40 Degrees 05 Minutes 31 Seconds West, a distance of 184.21 feet, to a 5/8" iron rod found;

North 44 Degrees 55 Minutes 09 Seconds West, a distance of 244.25 feet, to a 5/8" iron rod found;

South 44 Degrees 54 Minutes 30 Seconds West, a distance of 12.67 feet, to a point for corner;

North 45 Degrees 15 Minutes 44 Seconds West, a distance of 260.71 feet, to the lower northwest corner of said called 43.30 acre tract, same being the southwest corner of a that certain tract of land described by deed to Bret A. Wilson and Leslie Wilson, recorded in County Clerk's File Number 1998-181246, Deed Records, Rockwall County, Texas;

THENCE North 44 Degrees 44 Minutes 50 Seconds East, departing said East line and along the lower North line of said called 43.30 acre tract, being common with the South line of said Wilson tract, a distance of 468.08 feet, to the southeast corner of said Wilson tract;

North 31 Degrees 29 Minutes 15 Seconds West, departing said common line and along the upper West line of said called 43.30 acre tract, a distance of 857.52 feet, to the northwest corner of said called 43.30 acre tract, being on the South right-of-way line of F.M. Highway No. 549 and being at the beginning of a non-tangent curve to the left;

THENCE 121.99 feet, along said South right-of-way line and with said curve to the left, having a radius of 5796.43 feet, through a central angle of 01 Degrees 12 Minutes 21 Seconds, whose long chord bears North 45 Degrees 17 Minutes 37 Seconds East, a chord length of 121.99 feet, to a point for corner;

THENCE North 44 Degrees 52 Minutes 59 Seconds East, continuing along said South right-of-way line, a distance of 702.73 feet, to the upper northeast corner of said called 212.55 acre tract, same being the northwest corner of that certain tract of land described by deed to Cody A. Barrick and Wife, recorded in County Clerk's File Number 2010-436143, Deed Records, Rockwall County, Texas;

THENCE South 45 Degrees 12 Minutes 41 Seconds East, departing said South right-of-way line and along the upper East line of said called 212.55 acre tract, being common with the West line of said Barrick tract, a distance of 994.34 feet, to a point for corner;

THENCE North 89 Degrees 46 Minutes 45 Seconds East, continuing along said common line, a distance of 21.21 feet, to a point for corner;

THENCE North 44 Degrees 46 Minutes 11 Seconds East, departing said common line and along the lower North line of said called 212.55 acre tract, being common with the South line of said Barrick tract, a distance of 524.23 feet, to the southeast corner of said Barrick tract, same being the southwest corner of that certain tract of land described by deed to Thomas Enloe and Wife, recorded in County Clerk's File Number 2014-16421, Deed Records, Rockwall County, Texas;

THENCE North 44 Degrees 50 Minutes 11 Seconds East, departing said common line and along the lower North line of said called 212.55 acre tract, being common with the South line of said Enloe tract, a distance of 538.89 feet, to the southeast corner of said Enloe tract, same being the southwest corner of a called 12.493 acre tract of land described by deed to Scott W. Blackwood and Glenita G. Blackwood, recorded in Volume 2884, Page 250, Deed Records, Rockwall County, Texas;

THENCE North 44 Degrees 31 Minutes 53 Seconds East, departing said common line and along the lower North line of said called 212.55 acre tract, being common with the South line of said called 12.493 acre tract, a distance of 541.35 feet, to the southeast corner of said called 12.493 acre tract, same being the southwest corner of that certain tract of land described by deed to Dr. Mohiudin Zeb, recorded in County Clerk's File Number 1995-156072, Deed Records, Rockwall County, Texas;

THENCE North 44 Degrees 44 Minutes 11 Seconds East, departing said common line and along the lower North line of said called 212.55 acre tract, being common with the South line of said Zeb tract, a distance of 606.36 feet, to the southeast corner of said Zeb tract, being on the West right-of-way line of said State Highway No. 205;

THENCE South 45 Degrees 54 Minutes 00 Seconds East, departing said common line and along said West right-of-way line, a distance of 185.25 feet, to a point for corner;

THENCE South 45 Degrees 49 Minutes 58 Seconds East, continuing along said southwest right-of-way line, a distance of 301.40 feet, to a point for corner;

THENCE Southwesterly, departing said West right-of-way line and over and across said called 212.55 acre tract, the following calls:

South 34 Degrees 53 Minutes 19 Seconds East, a distance of 117.55 feet, to a point for corner;

South 19 Degrees 33 Minutes 26 Seconds West, a distance of 104.59 feet, to a point for corner;

South 41 Degrees 16 Minutes 51 Seconds West, a distance of 109.87 feet, to a point for corner;

South 16 Degrees 13 Minutes 16 Seconds East, a distance of 343.40 feet, to a point for corner;

South 10 Degrees 24 Minutes 07 Seconds West, a distance of 349.98 feet, to a point for corner;

South 20 Degrees 47 Minutes 16 Seconds West, a distance of 404.92 feet, to a point for corner;

South 39 Degrees 14 Minutes 25 Seconds East, a distance of 222.48 feet, to a point for corner;

South 07 Degrees 57 Minutes 55 Seconds East, a distance of 224.06 feet, to a point for corner;

South 05 Degrees 39 Minutes 43 Seconds West, a distance of 276.05 feet, to a point for corner;

South 25 Degrees 11 Minutes 11 Seconds East, a distance of 211.30 feet, to a point for corner;

South 24 Degrees 31 Minutes 10 Seconds East, a distance of 209.10 feet, to a point for corner;

South 12 Degrees 41 Minutes 40 Seconds West, a distance of 256.15 feet, to a point for corner;

South 06 Degrees 32 Minutes 24 Seconds West, a distance of 300.53 feet, to a point for corner;

North 87 Degrees 46 Minutes 09 Seconds East, a distance of 150.10 feet, to a point for corner, being on the North line of said Wylie Lane;

THENCE South 44 Degrees 17 Minutes 59 Seconds West, along said North line, a distance of 665.41 feet, to a point for corner;

THENCE South 45 Degrees 05 Minutes 26 Seconds West, continuing along said North line, a distance of 1147.78 feet, to the POINT OF BEGINNING, and containing 209.316 acres of land, more or less.

DRAFT 03.26.2019

**Exhibit 'B':**
*Legal Description and Survey*

## LEGAL DESCRIPTION (PHASE II)

BEING a 55.193 acre tract of land situated in the W.M. Ford Survey, Abstract Number 80, Rockwall County, Texas, and being a portion of a called 212.55 acre tract of land (Tract 2) described by deed to Highgate Equestrian Center Property, L.P., recorded in County Clerk's File Number 2007-375596, Deed Records, Rockwall County, Texas, and being more particularly described by metes and bounds as follows:

COMMENCING at a 1/2" iron rod found at the northernmost corner of said called 212.55 acre tract, same being the easternmost corner of that certain tract of land described by deed to Dr. Mohiudin Zeb, recorded in County Clerk's File Number 1995-156072, Deed Records, Rockwall County, Texas, and being on the southwest right-of-way line of State Highway No. 205;

THENCE South 45 Degrees 54 Minutes 00 Seconds East, departing said common line and along said southwest right-of-way line, a distance of 185.25 feet, to a point for corner;

THENCE South 45 Degrees 49 Minutes 58 Seconds East, continuing along said southwest right-of-way line, a distance of 301.40 feet, to the POINT OF BEGINNING;

THENCE Southwesterly, departing said southwest right-of-way line and over and across said called 212.55 acre tract, the following calls:

South 34 Degrees 53 Minutes 19 Seconds East, a distance of 117.55 feet, to a point for corner;

South 19 Degrees 33 Minutes 26 Seconds West, a distance of 104.59 feet, to a point for corner;

South 41 Degrees 16 Minutes 51 Seconds West, a distance of 109.87 feet, to a point for corner;

South 16 Degrees 13 Minutes 16 Seconds East, a distance of 343.40 feet, to a point for corner;

South 10 Degrees 24 Minutes 07 Seconds West, a distance of 349.98 feet, to a point for corner;

South 20 Degrees 47 Minutes 16 Seconds West, a distance of 404.92 feet, to a point for corner;

South 39 Degrees 14 Minutes 25 Seconds East, a distance of 222.48 feet, to a point for corner;

South 07 Degrees 57 Minutes 55 Seconds East, a distance of 224.06 feet, to a point for corner;

South 05 Degrees 39 Minutes 43 Seconds West, a distance of 276.05 feet, to a point for corner;

South 25 Degrees 11 Minutes 11 Seconds East, a distance of 211.30 feet, to a point for corner;

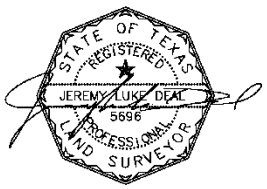
South 24 Degrees 31 Minutes 10 Seconds East, a distance of 209.10 feet, to a point for corner;

South 12 Degrees 41 Minutes 40 Seconds West, a distance of 256.15 feet, to a point for corner;

South 06 Degrees 32 Minutes 24 Seconds West, a distance of 300.53 feet, to a point for corner;

North 87 Degrees 46 Minutes 09 Seconds East, a distance of 150.10 feet, to a point for corner, being on the North line of said Wylie Lane;

THENCE North 44 Degrees 17 Minutes 59 Seconds East, along the North line of said Wylie Lane, a distance of 2608.84 feet, to a point for corner at the intersection of said North line and the southwest right-of-way line of said State Highway No. 205;



THENCE North 46 Degrees 04 Minutes 07 Seconds East, departing said North line and along the said southwest right-of-way line, a distance of 950.08 feet, to a point for corner;

THENCE North 46 Degrees 04 Minutes 48 Seconds West, continuing along said southwest right-of-way line, a distance of 621.15 feet, to a point for corner;

THENCE North 45 Degrees 49 Minutes 58 Seconds West, continuing along said southwest right-of-way line, a distance of 634.53 feet, to the POINT OF BEGINNING, and containing 55.193 acres or land, more or less.

DRAFT ORDINANCE 03.26.2019

**Exhibit 'C':**
*Concept Plan*

DRAFT 03.25.19

**Exhibit 'D':**
*Density and Development Standards*

***Density and Development Standards.***

1. *Permitted Uses.* Unless specifically provided by this Planned Development District ordinance, only those uses permitted within the Single Family 7 (SF-7) District, as stipulated by the *Permissible Use Charts* contained in Article IV, *Permissible Uses*, of the Unified Development Code (UDC), are allowed on the *Subject Property*.

2. *Lot Composition and Layout.* The lot layout and composition shall generally conform to the *Concept Plan* depicted in *Exhibit 'B'* and stated in *Table 1*, which is as follows:

*Table 1: Lot Composition*

| *Lot Type* | *Minimum Lot Size (FT)* | *Minimum Lot Size (SF)* | *Dwelling Units (#)* | *Dwelling Units (%)* |
|---|---|---|---|---|
| *A* | 60' x 120' | 7,200 SF | 323 | 59.27% |
| *B* | 70' x 130' | 9,100 SF | 222 | 40.73% |
| | | *Maximum Permitted Units:* | *545* | *100.00%* |

3. *Density and Dimensional Requirements.* Unless specifically provided by this Planned Development District ordinance, the development standards stipulated by the Single Family 7 (SF-7) District, as specified by Article V, *District Development Standards*, of the Unified Development Code (UDC) are applicable to all development on the *Subject Property.* The maximum permissible density for the *Subject Property* shall not exceed *2.10* dwelling units per gross acre of land; however, in no case should the proposed development exceed *545* units. All lots shall conform to the standards depicted in *Table 2*, which are as follows:

*Table 2: Lot Dimensional Requirements*

| *Lot Type (see Concept Plan)* ► | ***A*** | ***B*** |
|---|---|---|
| *Minimum Lot Width* [1] | 60' | 70' |
| *Minimum Lot Depth* | 120' | 130' |
| *Minimum Lot Area* | 7,200 SF | 9,100 SF |
| *Minimum Front Yard Setback* [2] & [5] | 20' | 20' |
| *Minimum Side Yard Setback* | 5' | 5' |
| *Minimum Side Yard Setback (Adjacent to a Street)* [2] & [5] | 10' | 10' |
| *Minimum Length of Driveway Pavement* | 20' | 20' |
| *Maximum Height* [3] | 36' | 36' |
| *Minimum Rear Yard Setback* [4] | 20' | 20' |
| *Minimum Area/Dwelling Unit (SF) [Air Conditioned Space]* | 2,000 SF | 2,300 SF |
| *Maximum Lot Coverage* | 65% | 65% |

*General Notes:*

[1]: The minimum lot width shall be measured at the *Front Yard Building Setback*.

[2]: The location of the *Front Yard Building Setback* as measured from the front property line.

[3]: The *Maximum Height* shall be measured to the eave or top plate (*whichever is greater*) of the single-family home.

[4]: As measured from the rear yard property line.

[5]: Porches, stoops, bay windows, balconies, masonry clad chimneys, eaves and similar architectural features may encroach beyond the *Front Yard Building Setback* by up to ten (10) feet for any property; however, the encroachment shall not exceed five (5) feet on *Side Yard Setbacks*.

4. *Building Standards.* All development shall adhere to the following building standards:

*(a) Masonry Requirement.* The minimum masonry requirement for the exterior façades of all buildings shall be 90%, with front façades being 100% masonry. For the

DRAFT 05.29.19

purposes of this ordinance, the masonry requirement shall be limited to full width brick, natural stone, and cast stone. Cementaceous fiberboard horizontal lap-siding (*e.g. HardiBoard or Hardy Plank*) and stucco (*i.e. three [3] part stucco or a comparable -- to be determined by staff*) may be used for up to 50% of the masonry requirement; however, stucco (*i.e. three [3] part stucco or a comparable -- to be determined by staff*) shall be permitted through a Specific Use Permit (SUP) only. Siding products (*e.g. HardiBoard or Hardy Plank*) shall not be visible from any major thoroughfare (*i.e. John King Boulevard and Horizon Road on Exhibit 'B' of this ordinance*).

*(b) Roof Pitch.* A minimum of an *8:12* roof pitch is required on all structures with the exception of porches, which shall have a minimum of a *4:12* roof pitch.

*(c) Garage Orientation.* Garages shall be oriented in a *traditional swing* (or *j-swing*) or in a flat, front entry configuration (*i.e. even with the front façade of the primary structure*). Garages utilizing a *traditional swing* (or *j-swing*) are permitted to have a second garage door facing the street behind the front façade of the primary structure. Garages configured in a flat, front entry configuration shall be setback a minimum of ten (10) feet from the front façade of the primary structure. All garage doors shall be required to have upgraded finishes that consist of the following:

(1) *Divided Garage Bay Doors*
(2) *Carriage Style Hardware and Lighting Elements*
(3) *Cedar Clad Garage Doors*

In addition, all driveways must be constructed with ornamental stamped concreted and/or brick pavers. All garage configurations not conforming to this section shall meet the requirements of Article VI, *Parking and Loading*, of the Unified Development Code (UDC).

*5. Anti-Monotony Restrictions.* The development shall adhere to the *Anti-Monotony Matrix* depicted in *Table 3* below (*for spacing requirements see the illustration below*).

*Table 3 : Anti-Monotony Matrix*

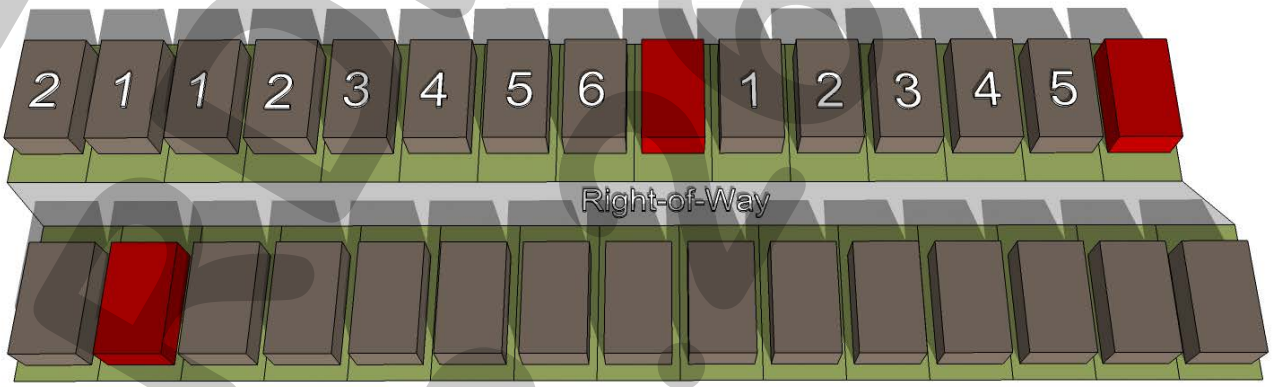
| *Lot Type* | *Minimum Lot Size* | *Elevation Features* |
|---|---|---|
| A | 60' x 120' | (1), (2), (3) |
| B | 70' x 130' | (1), (2), (3) |

(1) Identical brick blends or paint colors may not occur on adjacent (*side-by-side*) properties along any block face without at least five (5) intervening homes of differing materials on the same side of the street beginning with the adjacent property and six (6) intervening homes of differing materials on the opposite side of the street.

(2) Front building elevations shall not repeat along any block face without at least five (5) intervening homes of differing appearance on the same side of the street and six (6) intervening homes of differing appearance on the opposite side of the street. The rear elevation of homes backing to open spaces, FM-549 or SH-205 shall not repeat without at least five (5) intervening homes of differing appearance. Homes are considered to have a differing appearance if any of the following two (2) items deviate:

DRAFT ORDINANCE 03.26.19

*(a)* Number of Stories
*(b)* Permitted Encroachment Type and Layout
*(c)* Roof Type and Layout
*(d)* Articulation of the Front Façade



(3) Permitted encroachment (*i.e. porches*) elevations shall not repeat or be the same along any block face without at least five (5) intervening homes of sufficient dissimilarity on the same side of the street beginning with the home adjacent to the subject property and six (6) intervening homes beginning with the home on the opposite side of the street.

(4) Each phase of the subdivision will allow for a maximum of four (4) compatible roof colors, and all roof shingles shall be an architectural or dimensional shingle (*3-Tab Roofing Shingles are prohibited*).

*Illustration 1: Properties line up on the opposite side of the street. Where RED is the subject property.*

*Illustration 2: Properties do not line up on opposite side of the street. Where RED is the subject property.*

6. *Fencing Standards.* All individual residential fencing and walls shall be architecturally compatible with the design, materials and colors of the primary structure on the same lot, and meet the following standards:

*(a) Front Yard Fences*. Front yard fences shall be prohibited.

DRAFT ORDINANCE 08-19

*(b) Wood Fences*. All wood fences shall be constructed of a standard fencing material (*minimum of ½" thickness or better; spruce fencing will not be allowed*), and use fasteners that are hot dipped galvanized or stainless steel. Wood fences facing onto a street shall be painted and/or stained and sealed with all pickets being placed on the *public side* facing the street. All wood fences shall be smooth-finished, free of burs and splinters.

*(c) Wrought Iron/Tubular Steel*. Lots located along the perimeter of roadways (*i.e. SH-205, FM-549 and Wylie Lane*), abutting open spaces, greenbelts and parks shall be required to install a wrought iron or tubular steel fence. Wrought iron/tubular steel fences can be a maximum of six (6) feet in height.

*(d) Corner Lots*. Corner lots fences (*i.e. adjacent to the street*) shall provide masonry columns at 45-feet off center spacing that begins at the rear of the property line. A maximum of six (6) foot solid *board-on-board panel* fence constructed utilizing cedar fencing shall be allowed between the masonry columns along the side and/or rear lot adjacent to a street. In addition, the fencing shall be setback from the side property line adjacent to a street a minimum of five (5) feet. The property owner shall be required to maintain both sides of the fence.

*(e) Solid Fences (including Wood Fences)*. All solid fences shall incorporate a decorative top rail or cap detailing into the design of the fence.

*7. Landscape and Hardscape Standards.*

(1) *Landscape.* Landscaping shall be reviewed and approved with the PD Site Plan. All *Canopy/Shade Trees* planted within this development shall be a minimum of four (4) caliper inches in size and all *Accent/Ornamental/Under-Story Trees* shall be a minimum of four (4) feet in total height unless specifically provided below. The following tree species are approved for planting within this subdivision:

*(a) Canopy/Shade Trees*. Bald Cyprus, Cedar Elm, Texas Red Oak, Homestead Elm, Lace Bark Elm, Allen Elm, Chinese Pistachio, Shumard Oak, Sycamore, Live Oak and Burr Oak.

*(b) Accent/Ornamental/Under-Story Trees*. Texas Redbud, Eve's Necklace, Mexican Plum, Downy Hawthorn, Crepe Myrtle, Texas Mountain Laurel, Vitex, and Desert Willow.

(2) *Landscape Buffers.* All landscape buffers and plantings located within the buffers shall be maintained by the Homeowner's Association (HOA).

*(a) Landscape Buffer and Sidewalks (FM-549)*. A minimum of a 50-foot landscape buffer shall be provided along FM-549 (*outside of and beyond any required right-of-way dedication*), and shall incorporate ground cover, a *built-up* berm and/or shrubbery or a combination thereof along the entire length of the frontage. Berms and/or shrubbery shall have a minimum height of 30-inches and a maximum height of 48-inches. In addition, three (3) canopy trees and four (4) accent trees shall be planted per 100-feet of linear frontage.

*(b) Landscape Buffer and Sidewalks (SH-205)*. A minimum of a 50-foot landscape buffer shall be provided along SH-205 (*outside of and beyond any required right-of-way dedication*), and shall incorporate ground cover, a *built-up* berm and/or

DRAFT
ORDINANCE
05.20.19

shrubbery or a combination thereof along the entire length of the frontage. Berms and/or shrubbery shall have a minimum height of 30-inches and a maximum height of 48-inches. In addition, three (3) canopy trees and four (4) accent trees shall be planted per 100-feet of linear frontage.

(c) *Landscape Buffers (All Other Roadways).* A minimum of a 10-foot landscape buffer shall be provided along roadways (*outside of and beyond any required right-of-way dedication*), and shall incorporate one (1) canopy tree per 50-feet of linear frontage.

(3) *Street Trees.* The Homeowner's Association (HOA) shall be responsible for the maintenance of all street trees and will be required to maintain a minimum of 14-feet vertical clearance height for any trees overhanging a public right-of-way. Street trees shall be planted a minimum of five (5) feet from public water, sanitary sewer and storm lines. All street trees shall be reviewed with the *PD Site Plan*.

(4) *Irrigation Requirements*. Irrigation shall be installed for all required landscaping located within common areas, landscape buffers and/or open space. Irrigation installed in these areas shall be designed by a Texas licensed irrigator or landscape architect and shall be maintained by the Homeowner's Association (HOA).

(5) *Hardscape.* Hardscape plans indicating the location of all sidewalks and trails shall be reviewed and approved with the *PD Site Plan*.

8. *Street.* All streets (*excluding drives, fire lanes and private parking areas*) shall be built according to City street standards.

9. *Lighting.* Light poles shall not exceed 20-feet in total height (*i.e. base and lighting standard*). All fixtures shall be directed downward and be positioned to contain all light within the development area.

10. *Sidewalks.* All sidewalks adjacent to a street shall be a maximum of two (2) feet inside the right-of-way line and be five (5) feet in overall width.

11. *Buried Utilities.* New distribution power-lines required to serve the *Subject Property* shall be placed underground, whether such lines are located internally or along the perimeter of the *Subject Property*, unless otherwise authorized by the City Council. Temporary power-lines constructed across undeveloped portions of the *Subject Property* to facilitate development phasing and looping may be allowed above ground, but shall not be considered *existing lines* at the time the area is developed, and if they are to become permanent facilities, such lines shall be placed underground pursuant to this paragraph. Franchise utilities shall be placed within a ten (10) foot public utility easement behind the sidewalk, between the home and the property line.

12. *Open Space.* The development shall consist of a minimum of *30%* open space (*or a minimum of 79.353-acres -- as calculated by the formula stipulated in the Comprehensive Plan*), and generally conform to the *Concept Plan* contained in *Exhibit 'C'* of this ordinance. All open space areas (*including landscape buffers*) shall be maintained by the Homeowner's Association (HOA).

DRAFT
ORDINANCE
03.26.19

13. *Neighborhood Signage and Enhancements.* Permanent subdivision identification signage shall be permitted at all major entry points for the proposed subdivision. Final design and location of any entry features shall be reviewed and approved with the *PD Site Plan*. The developer shall provide enhanced landscaping areas at all entry points to the *Subject Property*. The final design of these areas shall be provided on the *PD Site Plan*.

14. *Homeowner's Association (HOA)*. A Homeowner's Association shall be created to enforce the restrictions established in accordance with the requirements of *Section 38-15* of the *Subdivision Regulations* contained within the Municipal Code of Ordinances of the City of Rockwall. The HOA shall also maintain all private neighborhood parks, trails, open space and common areas (*including drainage facilities*), irrigation, landscaping, screening fences and neighborhood signage associated with this development.

15. *Variances*. The variance procedures and standards for approval that are set forth in the Unified Development Code shall apply to any application for variances to this ordinance.

Hold a public hearing to discuss and consider a request by Mark W. Pross of Pross Design Group, Inc. on behalf of Carolina Molina of Alvaplast US (SPR Packaging) for the approval of a Specific Use Permit (SUP) for a structure that exceeds 60-feet in a Light Industrial (LI) District on a 42.61-acre tract of land identified as Tract 7 of the N. Butler Survey, Abstract No. 20 (11.3736-acres); Tract 31 of the R. Ballard Survey, Abstract No. 29 (8.197-acres); and, Lot 1-01, Block 1, Indalloy Addition (14.53-acres), City of Rockwall, Rockwall County, Texas, zoned Light Industrial (LI) District, situated at the terminus of Aluminum Plant Road, and take any action necessary.

PLANNING COMMENTS - DAVID GONZALES – 03.21.2019

All staff comments are to be addressed and resubmitted by Tuesday, April 2, 2019. Please provide two (2) large copies [FOLDED] and one PDF version for a subsequent review by staff:

Planning Department General Comments to be addressed/acknowledge are as follows:

• On all future submittals please include the Case Number Z2019-006 on the lower right hand corner.

• When provided, please review the SUP Draft Ordinance prior to the Planning & Zoning public hearing scheduled for April 9, 2019 and return with red lined corrections and/or additions you feel may be necessary for staff review and consideration.

** Planning Staff additional comments to be considered by the P&Z and City Council as conditions of approval:

1. Approval of an SUP is required to allow for the buildings/structures to exceed 60-ft in height, but not to exceed an overall maximum height of 100-ft as requested.

2. Adherence to all Engineering and Fire Department standards shall be required.

*** Operational Conditions:

1) The development of this property shall generally conform to the Concept Plan depicted in Exhibit 'B' of this ordinance; and,

2) The maximum overall height of the buildings and/or structures shall not exceed 100-feet, as depicted in Exhibit 'C' of this ordinance; and,

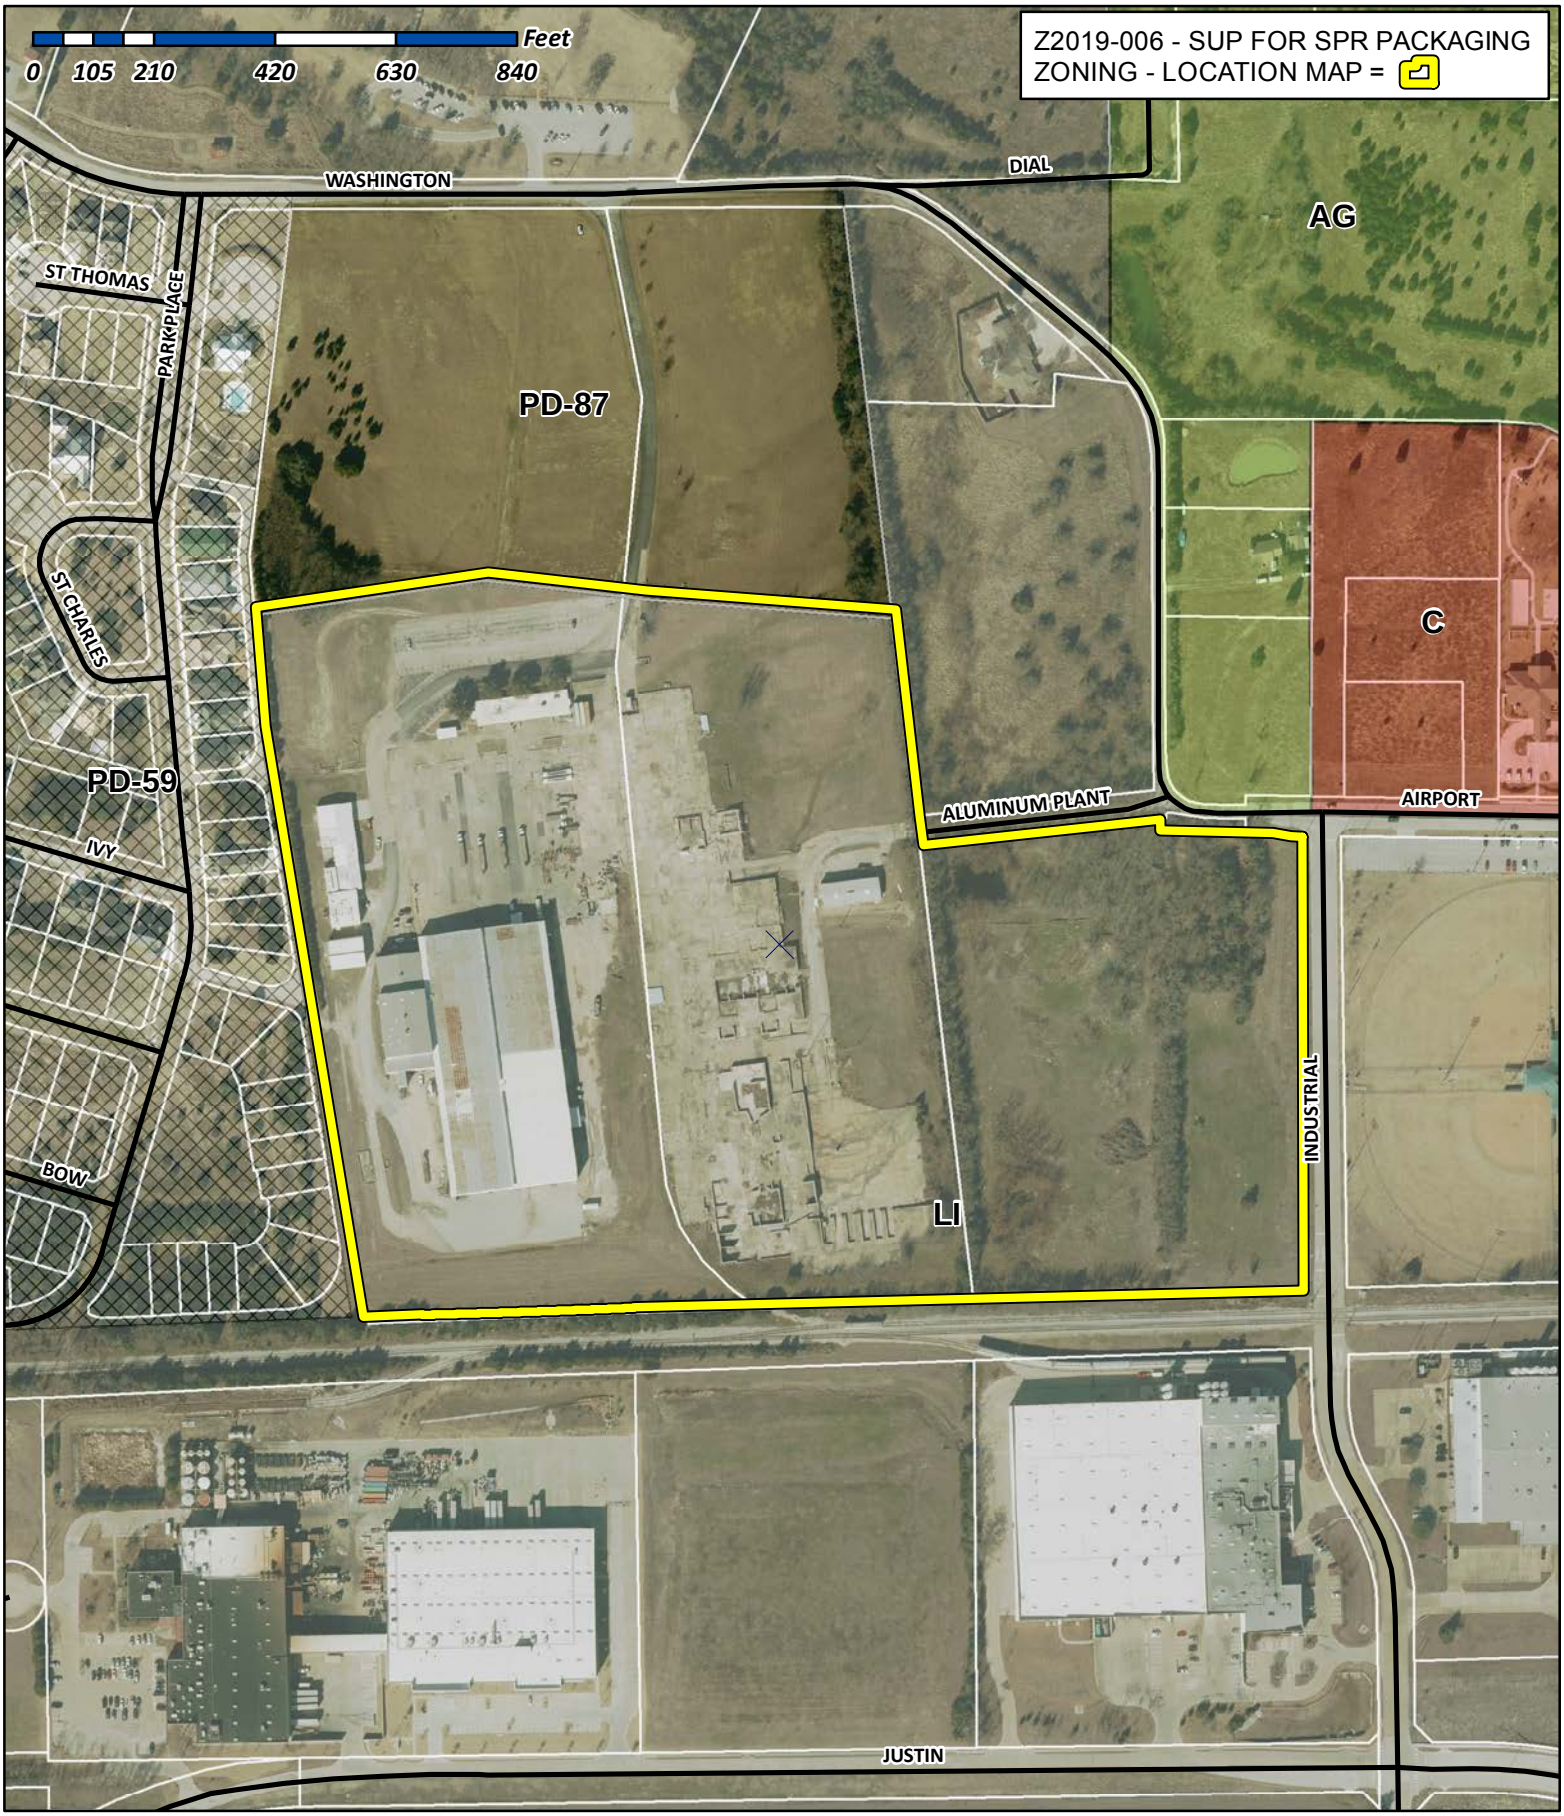
3) The building elevations depicted in Exhibit 'C' are for reference to the height of the extruder bays for all phases (i.e. phase 2, 3, 4, & 5), and do not represent approved building elevations. Any building elevations associated with the project shall be subject to the requirements of the Unified Development Code (UDC), review by the Architectural Review Board, and approval by the Planning and Zoning Commission [and City Council if applicable]; and,

4) Future expansion of the site [i.e. Phases 3, 4, and 5] should have all silos placed on the southern portion of the subject property, adjacent to the railroad tracks, as depicted in Exhibit 'B' of this ordinance; and,

5) The subject property shall provide and maintain a landscape screening buffer along the western and northern property boundaries [i.e. Overall Landscape Plan], as depicted in Exhibit 'D' of this ordinance.

The following are scheduled meeting dates that you and/or your representative(s) are required to attend regarding the SUP request. If you have any questions regarding this case, please feel free to contact David Gonzales, AICP with the Planning Department at 972-771-7745.

| Type of Review / Notes | Contact | Sent | Due | Received | Elapsed | Status | Remarks |
|---|---|---|---|---|---|---|---|



*** Meeting Dates to Attend***

Planning - Work Session: March 26, 2019 (6:00 p.m.) [Applicant to present case to P&Z for discussion]

Planning - Public Hearing: April 9, 2019 (6:00 p.m.) [P&Z to take action (i.e. approve, approve with conditions, or deny, etc.)

City Council - Public Hearing: Arpil 15, 2019 (6:00 p.m.) [1st Reading of SUP Ordinance]

City Council - Consent/Action Item: May 6, 2019 (6:00 p.m.) [2nd Reading of SUP Ordinance (if approved at 1st reading)]

## Gonzales, David

**From:** Morales, Laura
**Sent:** Friday, March 22, 2019 2:20 PM
**To:** [redacted]
**Cc:** Miller, Ryan; Gonzales, David; Brooks, Korey
**Subject:** Neighborhood Noification Program: Notice of zoning request
**Attachments:** PUBLIC NOTICE.PDF; HOA Map.pdf

To whom it may concern:

Per your participation in the Neighborhood Notification Program, you are receiving this notification to inform your organization and residents of a request for a zoning change that lies within 1,500 feet of the boundaries of your neighborhood or subdivision. As the primary contact for the organization, you are encouraged to share this information with the residents of your subdivision. Please find attached a map detailing the location of the subject property requesting the zoning change in relation to your subdivision boundaries. Additionally, below is a summary of the zoning request that was published in the Rockwall Herald Banner ***March 22, 2019***. The Planning and Zoning Commission will hold a public hearing on ***Tuesday 4/9/2019 at 6:00 p.m.***, and the City Council will hold a public hearing on ***Monday 4/15/2019 at 6:00 p.m***. These hearings will be held in the City Council Chambers at City Hall, 385 S. Goliad Street. These hearings will be held in the City Council Chambers at City Hall, 385 S. Goliad Street. If you have any questions or comments regarding this request, the contact information for the Planning Department is listed below. Additional information can also be found at https://sites.google.com/site/rockwallplanning/development/development-cases

> **Z2019-006- Hold a public hearing to discuss and consider a request by Mark W. # NOTICE OF PUBLIC HEARING

## CITY OF ROCKWALL, PLANNING & ZONING DEPARTMENT

PHONE: (972) 771-7745
EMAIL: PLANNING@ROCKWALL.COM

To Whom It May Concern:

You are hereby notified that the City of Rockwall Planning and Zoning Commission and City Council will consider the following application:

**Case No. Z2019-006: SUP for SPR Packaging**

*Hold a public hearing to discuss and consider a request by Mark W. Pross of Pross Design Group, Inc. on behalf of Carolina Molina of Alvaplast US (SPR Packaging) for the approval of a Specific Use Permit (SUP) for a structure that exceeds 60-feet in a Light Industrial (LI) District on a 42.61-acre tract of land identified as Tract 7 of the N. Butler Survey, Abstract No. 20 (11.3736-acres); Tract 31 of the R. Ballard Survey, Abstract No. 29 (8.197-acres); and, Lot 1-01, Block 1, Indalloy Addition (14.53-acres), City of Rockwall, Rockwall County, Texas, zoned Light Industrial (LI) District, situated at the terminus of Aluminum Plant Road, and take any action necessary.*

For the purpose of considering the effects of such a request, the Planning and Zoning Commission will hold a public hearing on **Tuesday, 4/9/2019 at 6:00 p.m.,** and the City Council will hold a public hearing on **Monday, 4/15/2019 at 6:00 p.m.** These hearings will be held in the City Council Chambers at City Hall, 385 S. Goliad Street.

As an interested property owner, you are invited to attend these meetings. If you prefer to express your thoughts in writing please return the form to:

**David Gonzales**
**Rockwall Planning and Zoning Dept.**
**385 S. Goliad Street**
**Rockwall, TX 75087**

You may also email your comments to the Planning Department at planning@rockwall.com. If you choose to email the Planning Department please include your name and address for identification purposes.

Your comments must be received by **4/15/2019** to ensure they are included in the information provided to the City Council.

Sincerely,

**Ryan Miller, AICP**
Director of Planning & Zoning

**SPECIAL USE PERMIT DESIGN REQUEST NARRATIVE**
**SPR NORTH PHASE 2**

On behalf of SPR Packaging, we are representing the Owner in the design of the new facility, SPR Packaging North, which will be north of their current facility at 1480 Justin Road. As you are aware, SPR's business involves the production of flexible packaging products through a process called extrusion. The extrusion of plastic requires height to process the film and depending on the width of the film, technology improvements and number of layers, that height may vary. In order to be able to accommodate new equipment that will allow SPR Packaging to compete in new markets and expand their business, a maximum height of 100 feet above finish floor in a specific area of the property is required. This exceeds the current allowable height for buildings by 40', therefore the Owner requests a variance to allow the 100' maximum. This variance would apply to the Phase 2 portion of the building, as well as future expansion phases within the extrusion area defined in the site drawings. SPR Packaging had previously received a Special Use Permit for the 75' high extruder section for their existing building on Justin Road. See Elevations and Site Plan.

Based on initial Zoning Commission concerns, I have provided additional Exhibits for consideration.

1. As part of the Phase 1 Building project, the Owner is willing to provide screening from the far west property line abutting the adjacent residential use and the commercial zone to the north. We propose to add fast growing, tall, screening trees to close the open gap between the southeast corner of the residential property and well past the existing aluminum Warehouse, which is to be renovated in the future, and extend it to cover the north fence line.
2. A visual impact study was conducted to evaluate estimated building visibility from the most significant points of view. See 'Line of Site' Exhibits.
3. Elevation drawings showing the requested height of the extruder roof to 100' maximum.
4. Architectural Site Plan.
5. Site drawing showing Extrusion area limited to 500 feet away from Park Place Neighborhood and future development, 132 feet away from Industrial Road and 500 feet from south property line.
6. Building Entry Rendering.

Sincerely,

Mark Pross
President

Rockwall, Texas 75087

Re: SPR Packaging

Planning and Zoning Commission members,

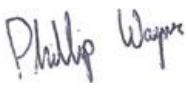
I am writing on behalf of the Rockwall Economic Development Corporation to enlist your support for the request by SPR Packaging to allow the company to build up to 100-foot tall production structures near their current Justin Road facility. As you may be aware, SPR requires the ability to build to this height in order to vertically extrude plastic necessary for certain products the company plans to manufacture in Rockwall. While SPR's current and future development site is zoned for such use, a Specific Use Permit (SUP) will be required for the company to exceed 60 feet in building height. This SUP is currently planned for discussion and consideration by the Planning and Zoning Commission on March 26 and April 9 and with the City Council on April 15 and May 6.

SPR has conducted business in Rockwall since 2008. While they have always been a strong employer and contributor to the local tax base, the opportunity for an unparalleled economic impact began taking shape after the company was acquired by the Spanish company, Armando Alvarez Group (AAG), in 2014. AAG leaders quickly saw SPR as a company primed for growth in industrial and agricultural plastics, and bought in to Rockwall as a community that could facilitate that growth. In early 2018, SPR entered into an agreement with the REDC on an expansion project that could add up to $48.4 million in additional taxable value to their current facility. Now, the company's proposed initial development on 42 acres acquired to the north will result in an additional $48.7 million in estimated tax value. AAG leaders have stated that they hope to make SPR and Rockwall the North and South American headquarters for their company. At full buildout on the entire 52-acre campus, SPR could conservatively build over 700,000 square feet with a taxable value of $200 million.

It is important to put the $200 million figure in context, as it is three times greater than any existing taxpayer within Rockwall. A $200 million taxable value, using 2018 tax rates, would generate $800,000 annually for the City of Rockwall, as well as $650,000 for Rockwall County and $2,800,000 for Rockwall ISD. If $200 million in taxable value was removed from the tax rolls in 2018, a collective tax increase of 5 cents ($0.05 per $100 of taxable value) would have to be implemented for all taxing jurisdictions to account for the loss of revenue. With Rockwall's median housing value estimated at $225,000, a $0.05 tax increase would cost an average Rockwall family an additional $112 annually in taxes. As such, it is not hyperbole to say that Rockwall residents have a significant financial stake in this decision.

Fortunately, SPR does not want to leave Rockwall. The company has a strong desire to continue their growth plans in our community. However, that will change if the SUP is not approved.

SPR officials recently met with residents of the adjacent Park Place subdivision, some who have expressed concern regarding the visual impact of the tallest production facilities. The company assured residents that any of the tall structures will be placed at least 500 feet from the Park Place property line. They also demonstrated their line of sight drawings – completed by a licensed architect – showing the lack of visual impact in Park Place, and the minimal impact at other area locations. SPR also discussed their willingness to excavate if more than 100 feet of height clearance is needed, as well as how they will plant additional trees for screening and limit west-side operations to regular business hours to avoid being a nuisance for the nearby residents.



Fundamentally, the REDC understands the importance of beautiful neighborhoods and values the relative peace and quiet that contributes to a high quality of life in Rockwall. As residents ourselves, we enjoy the same characteristics that have made Rockwall a wonderful bedroom community for thousands. We also understand the importance of a balanced community that allows for a mix of both residential and business development. We believe that without that broad and diversified tax base, residential taxes will increase and/or the quality of vital public services will decline. This is the key reason why the REDC was approved by the Rockwall voters in 1995. The public understood that without a strong commercial presence, Rockwall suffers. This fact remains true today.

The value of SPR Packaging to Rockwall, and the future value of the company as the North and South American headquarters for the Armando Alvarez Group, cannot be overstated. Still, even with the tremendous economic impact, the REDC would struggle to support a company that posed negative environmental implications on the community we know and love. That is not the case with SPR.

SPR's expansion represents the type of mindful and responsible industrial growth that the REDC envisioned when it was created more than 23 years ago. For that reason, the REDC unequivocally supports the SPR Packaging expansion and the corresponding SUP application that is essential for their business. We respectfully ask that both the City Council and Planning and Zoning approve the SUP.

If you have any questions, please do not hesitate to contact me at 972.772.0025 or 785.423.5842.

Sincerely,

Phil Wagner
President
Rockwall Economic Development Corporation

**CITY OF ROCKWALL**

**ORDINANCE NO. 19-XX**

**SPECIFIC USE PERMIT NO. S-1XX**

**AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, AMENDING THE UNIFIED DEVELOPMENT CODE [*ORDINANCE NO. 04-38*] OF THE CITY OF ROCKWALL, AS HERETOFORE AMENDED, SO AS TO FURTHER AMEND THE ZONING MAP TO ADOPT A SPECIFIC USE PERMIT (SUP) ALLOWING STRUCTURES THAT EXCEED 60-FEET IN HEIGHT WITHIN A LIGHT INDUSTRIAL (LI) DISTRICT, ON A 42.61-ACRE TRACT OF LAND BEING IDENTIFIED AS TRACT 7 OF THE N. BUTLER SURVEY, ABSTRACT NO. 20 (11.3736-ACRES); TRACT 31 OF THE R. BALLARD SURVEY, ABSTRACT NO. 29 (8.197-ACRES); AND LOT 1-01, BLOCK 1, INDALLOY ADDITION (14.53-ACRES), CITY OF ROCKWALL, ROCKWALL COUNTY, TEXAS AND MORE FULLY DESCRIBED IN *EXHIBIT 'A'* OF THIS ORDINANCE; PROVIDING FOR SPECIAL CONDITIONS; PROVIDING FOR A PENALTY OF FINE NOT TO EXCEED THE SUM OF TWO THOUSAND DOLLARS ($2,000.00) FOR EACH OFFENSE; PROVIDING FOR A SEVERABILITY CLAUSE; PROVIDING FOR A REPEALER CLAUSE; PROVIDING FOR AN EFFECTIVE DATE.**

**WHEREAS**, the City has received a request from Mark W. Pross of Pross Design Group, Inc. on behalf of Carolina Molina of Alvaplast US (SPR Packaging) for the approval of a Specific Use Permit (SUP) to allow for structures that will exceed 60-feet in height within the *Light Industrial* (*LI*) *District* on an 42.61-acre tract of land, identified as Tract 7 of the N. Butler Survey, Abstract No. 20 (11.3736-acres); Tract 31 of the R. Ballard Survey, Abstract No. 29 (8.197-acres); and Lot 1-01, Block 1, Indalloy Addition (14.53-acres), City of Rockwall, Rockwall County, Texas, zoned *Light Industrial (LI) District*, generally located at the terminus of Aluminum Plant Road, and more specifically described in *Exhibit 'A'* of this ordinance, which herein after shall be referred to as the *Subject Property* and incorporated by reference herein; and

**WHEREAS**, the Planning and Zoning Commission of the City of Rockwall and the governing body of the City of Rockwall, in compliance with the laws of the State of Texas and the ordinances of the City of Rockwall, have given the requisite notices by publication and otherwise, and have held public hearings and afforded a full and fair hearing to all property owners generally, and to all persons interested in and situated in the affected area and in the vicinity thereof, the governing body in the exercise of its legislative discretion has concluded that the Unified Development Code [*Ordinance No. 04-38*] of the City of Rockwall should be amended as follows:

**NOW, THEREFORE**, BE IT ORDAINED by the City Council of the City of Rockwall, Texas;

**Section 1.** That the Unified Development Code [*Ordinance No. 04-38*] of the City of Rockwall, as heretofore amended, be and the same is hereby amended so as to grant a Specific Use Permit (SUP) allowing structures that will exceed 60-feet in height within the *Light Industrial (LI) District* as stipulated by Article *IV, Permissible Uses,* of the Unified Development Code [*Ordinance No. 04-38*] on the *Subject Property*; and

**Section 2.** That the Specific Use Permit (SUP) shall be subject to the conditions set forth in *Section 5.01, Light Industrial (LI) District,* and *Section 7.03, Non-Residential District Development*

PRELIMINARY 03.19.19

*Standards, of Article V, District Development Standards*, of the Unified Development Code [*Ordinance No. 04-38*] as heretofore amended and as may be amended in the future, and shall be subject to the additional following conditions:

**2.1 OPERATIONAL CONDITIONS**

The following conditions pertain to the operation of an office/ warehouse/manufacturing facility that exceeds 60-feet in height on the *Subject Property*, and conformance to these operational conditions is required for continued operations:

1) The development of this property shall generally conform to the *Concept Plan* depicted in *Exhibit 'B'* of this ordinance; and,

2) The maximum overall height of the buildings and/or structures shall not exceed 100-feet, as depicted in *Exhibit 'C'* of this ordinance; and,

3) The building elevations depicted in *Exhibit 'C'* are for reference to the height of the extruder bays for all phases (*i.e. phase 2, 3, 4, & 5*), and do not represent approved building elevations. Any building elevations associated with the project shall be subject to the requirements of the Unified Development Code (UDC), review by the Architectural Review Board, and approval by the Planning and Zoning Commission [*and City Council if applicable*]; and,

4) Future expansion of the site [*i.e. Phases 3, 4, and 5*] should have all silos placed on the southern portion of the subject property, adjacent to the railroad tracks, as depicted in *Exhibit 'B'* of this ordinance; and,

5) The subject property shall provide and maintain a landscape screening buffer along the western and northern property boundaries [*i.e. Overall Landscape Plan*], as depicted in *Exhibit 'D'* of this ordinance.

**2.2 COMPLIANCE**

Approval of this ordinance in accordance with Section 8.3, *Council Approval or Denial*, of Article II, *Authority and Administrative Procedures*, of the Unified Development Code (UDC) will require compliance to the following:

1) Upon obtaining a Certificate of Occupancy (CO), should any business or establishment operating under the guidelines of this ordinance fail to meet the minimum operational requirements set forth herein and outlined in the Unified Development Code (UDC), the City Council may (*after proper notice*) initiate proceedings to revoke the Specific Use Permit (SUP) in accordance with Section 4.4(3) of Article IV, *Permissible Uses*, of the Unified Development Code (UDC).

**Section 4.** That the official zoning map of the City be corrected to reflect the changes in zoning described herein.

**Section 5.** That all ordinances of the City of Rockwall in conflict with the provisions of this ordinance be, and the same are hereby repealed to the extent of that conflict

**Section 6.** Any person, firm, or corporation violating any of the provisions of this ordinance shall be deemed guilty of a misdemeanor and upon conviction shall be punished by a penalty of fine not

DRAFT ORDINANCE 08.26.19

to exceed the sum of *TWO THOUSAND DOLLARS ($2,000.00)* for each offence and each and every day such offense shall continue shall be deemed to constitute a separate offense.

**Section 7.** If any section or provision of this ordinance or the application of that section or provision to any person, firm, corporation, situation or circumstance is for any reason judged invalid, the adjudication shall not affect any other section or provision of this ordinance or the application of any other section or provision to any other person, firm, corporation, situation or circumstance, and the City Council declares that it would have adopted the valid portions and applications of the ordinance without the invalid parts and to this end the provisions of this ordinance shall remain in full force and effect.

**Section 8.** That this ordinance shall take effect immediately from and after its passage;

**PASSED AND APPROVED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, THIS THE 6TH DAY OF MAY, 2019.**

_____
Jim Pruitt, *Mayor*

**ATTEST:**

_____
Kristy Cole, *City Secretary*

**APPROVED AS TO FORM:**

Hold a public hearing to discuss and consider a request by Ruben Garcia and Brandon Mullins on behalf of Forrest B. Davis Jr. for the approval of a Specific Use Permit (SUP) for outdoor commercial amusement/recreation in conjunction with an existing Craft/Micro Brewery on a 1.215-acre parcel of land identified as Lot 1-F, Bodin Industrial Addition, City of Rockwall, Rockwall County, Texas, zoned Light Industrial (LI) District, situated within the IH-30 Overlay (IH-30 OV) District, addressed as 2015 Kristy Lane, and take any action necessary.

PLANNING COMMENTS - DAVID GONZALES – 03.21.2019

All staff comments are to be addressed and resubmitted by Tuesday, April 2, 2019. Please provide two (2) large copies [FOLDED] and one PDF version for a subsequent review by staff:

Planning Department General Comments to be addressed/acknowledge are as follows:

• On all future submittals please include the Case Number Z2019-007 on the lower right hand corner.

• When provided, please review the SUP Draft Ordinance prior to the Planning & Zoning public hearing scheduled for April 9, 2019 and return with red lined corrections and/or additions you feel may be necessary for staff review and consideration

** Planning Staff additional comments to be considered by the P&Z and City Council as conditions of approval:

1. Approval of an SUP is required to allow for the outdoor commercial amusement/ recreation land use (i.e. stage venue - outdoors).

2. Adherence to all Engineering and Fire Department standards shall be required.

3. Is the stage a permanent structure affixed to the ground or is this portable?

*** Operational Conditions:

1) The development and operation of a Commercial Amusement/Recreation (Outdoor) land use shall generally conform to the Concept Plan depicted in Exhibit 'B' of this ordinance;

2) The Subject Property may be used for all permitted accessory uses, as well as, the use of an outdoor stage and venue that may include live music/entertainment, a Biergarten, and catered food vendors within the outdoor area as depicted in Exhibit 'B' of this ordinance; and,

3) This Specific Use Permit (SUP) shall only be valid as an accessory use to the existing craft brewery. Should the subject property's land use designation change (i.e. other than a craft brewery) this SUP shall automatically expire.

The following are scheduled meeting dates that you and/or your representative(s) are required to attend regarding the SUP request. If you have any questions regarding this case, please feel free to contact David Gonzales, AICP with the Planning Department at 972-771-7745.

*** Meeting Dates to Attend***

# NOTICE OF PUBLIC HEARING
## CITY OF ROCKWALL, PLANNING & ZONING DEPARTMENT

PHONE: (972) 771-7745
EMAIL: PLANNING@ROCKWALL.COM

To Whom It May Concern:

You are hereby notified that the City of Rockwall Planning and Zoning Commission and City Council will consider the following application:

**Case No. Z2019-007: SUP for an Outdoor Commercial Amusement**

*Hold a public hearing to discuss and consider a request by Ruben Garcia and Brandon Mullins on behalf of Forrest B. Davis Jr. for the approval of a Specific Use Permit (SUP) for outdoor commercial amusement/recreation in conjunction with an existing Craft/Micro Brewery on a 1.215-acre parcel of land identified as Lot 1-F, Bodin Industrial Addition, City of Rockwall, Rockwall County, Texas, zoned Light Industrial (LI) District, situated within the IH-30 Overlay (IH-30 OV) District, addressed as 2015 Kristy Lane, and take any action necessary.*

For the purpose of considering the effects of such a request, the Planning and Zoning Commission will hold a public hearing on **Tuesday, 4/9/2019 at 6:00 p.m.,** and the City Council will hold a public hearing on **Monday, 4/15/2019 at 6:00 p.m.** These hearings will be held in the City Council Chambers at City Hall, 385 S. Goliad Street.

As an interested property owner, you are invited to attend these meetings. If you prefer to express your thoughts in writing please return the form to:

**Rockwall Planning and Zoning Dept.**
**385 S. Goliad Street**
**Rockwall, TX 75087**

You may also email your comments to the Planning Department at planning@rockwall.com. If you choose to email the Planning Department please include your name and address for identification purposes.

Your comments must be received by **4/15/2019** to ensure they are included in the information provided to the City Council.

Sincerely,

**Ryan Miller, AICP**
Director of Planning & Zoning

PLEASE RETURN THE BELOW FORM

**Case No. Z2019-007: SUP for an Outdoor Commercial Amusement**

**Please place a check mark on the appropriate line below:**

☐ I am in favor of the request for the reasons listed below.

☐ I am opposed to the request for the reasons listed below.

**Name:**

**Address:**

**Tex. Loc. Gov. Code, Sec. 211.006 (d) If a proposed change to a regulation or boundary is protested in accordance with this subsection, the proposed change must receive, in order to take effect, the affirmative vote of at least three-fourths of all members of the governing body. The protest must be written and signed by the owners of at least 20 percent of either: (1) the area of the lots or land covered by the proposed change; or (2) the area of the lots or land immediately adjoining the area covered by the proposed change and extending 200 feet from that area.**

PLEASE SEE LOCATION MAP OF SUBJECT PROPERTY ON THE BACK OF THIS NOTICE

Re: S.U.P (Special Use Permit) @ Hemisphere Brewing Company
2015 Kristy Lane
Rockwall, Texas 75032

To Whom It May Concern:

We are requesting for a Special Use Permit @ Hemisphere Brewing Company for an outdoor stage and Biergarten for the following purpose.

- Live Outdoor Entertainment
- Rockwall Community & Charity Events
- Special Engagements such as; weddings, birthday parties, corporate events and private parties.
- Social gatherings during normal business hours.

We are honored and proud to be part of the Rockwall community. Our goal is to continue to provide a "destination" location for visitors from all over the US.

Sincerely,

Brandon Mullins & Ruben Garcia
Owners
Hemisphere Brewing Company

**CITY OF ROCKWALL**

**ORDINANCE NO. 19-XX**

**SPECIFIC USE PERMIT NO. S-XXX**

**AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, AMENDING THE UNIFIED DEVELOPMENT CODE [*ORDINANCE NO. 04-38*] OF THE CITY OF ROCKWALL, TEXAS, AS PREVIOUSLY AMENDED, SO AS TO GRANT A SPECIFIC USE PERMIT (SUP) TO ALLOW FOR A *COMERCIAL AMUSEMENT/RECREATION (OUTDOOR)* LAND USE IN CONJUNCTION WITH AN EXISTING CRAFT BREWERY ON A 1.215-ACRE PARCEL OF LAND, ADDRESSED AS 2015 KRISTY LANE AND BEING IDENTIFIED AS LOT 1-F, BODIN INDUSTRIAL ADDITION, CITY OF ROCKWALL, ROCKWALL COUNTY, TEXAS; PROVIDING FOR SPECIAL CONDITIONS; PROVIDING FOR A PENALTY OR FINE NOT TO EXCEED THE SUM OF TWO THOUSAND DOLLARS ($2,000.00) FOR EACH OFFENSE; PROVIDING FOR A SEVERABILITY CLAUSE; PROVIDING FOR A REPEALER CLAUSE; PROVIDING FOR AN EFFECTIVE DATE.**

**WHEREAS**, a request has been made by Ruben Garcia and Brandon Mullins for the approval of a Specific Use Permit (SUP) for a *Commercial Amusement/Recreation (Outdoor)* land use for the purpose of establishing an outdoor stage and venue in conjunction with an existing craft brewery on a 1.215-acre parcel of land, zoned Light Industrial (LI) District, identified as Lot 1-F, Bodin Industrial Addition, City of Rockwall, Rockwall County, Texas, addressed as 2015 Kristy Lane, and being more specifically depicted in *Exhibit 'A'* of this ordinance, which herein after shall be referred to as the *Subject Property* and incorporated by reference herein; and

**WHEREAS**, the Planning and Zoning Commission of the City of Rockwall and the governing body of the City of Rockwall, in compliance with the laws of the State of Texas and the ordinances of the City of Rockwall, have given the requisite notices by publication and otherwise, and have held public hearings and afforded a full and fair hearing to all property owners generally, and to all persons interested in and situated in the affected area and in the vicinity thereof, the governing body in the exercise of its legislative discretion has concluded that the Unified Development Code [*Ordinance No. 04-38*] of the City of Rockwall should be amended as follows:

**NOW, THEREFORE, BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS:**

**SECTION 1.** That the Unified Development Code [*Ordinance No. 04-38*] of the City of Rockwall, as heretofore amended, be and the same is hereby amended so as to grant a Specific Use Permit (SUP) allowing for the establishment of a *Commercial Amusement/Recreation (Outdoor)* land use as stipulated by Article *IV, Permissible Uses,* of the Unified Development Code [*Ordinance No. 04-38*] on the *Subject Property*; and

**SECTION 2.** That the *Subject Property* shall be used and developed only in the manner and for the purposes described in this Specific Use Permit (SUP) ordinance and as specifically set forth in *Section 1.1, Land Use Schedule,* of *Article IV, Permissible Uses,* and *Section 5.02, Light Industrial (LI) District,* of *Article V, District Development Standards,* of the Unified Development Code [*Ordinance No. 04-38*] of the City of Rockwall as heretofore amended, as amended herein

DRAFT ORDINANCE 03-25-19

by the granting of this zoning change, and as my be amended in the future, and shall be subject to the following additional conditions:

**2.1 OPERATIONAL CONDITIONS**

The following conditions pertain to the operation of a *Commercial Amusement/Recreation (Outdoor)* land use on the *Subject Property* and conformance to these requirements is necessary for continued operations:

1) The development and operation of a *Commercial Amusement/Recreation* (*Outdoor*) land use shall generally conform to the *Concept Plan* depicted in *Exhibit 'B'* of this ordinance;

2) The *Subject Property* may be used for all permitted accessory uses, as well as, the use of an *outdoor stage and venue* that may include live music/entertainment, a Biergarten, and catered food vendors within the outdoor area as depicted in *Exhibit 'B'* of this ordinance; and,

3) This Specific Use Permit (SUP) shall only be valid as an accessory use to the existing craft brewery. Should the subject property's land use designation change (*i.e. other than a craft brewery*) this SUP shall automatically expire.

**2.2 COMPLIANCE**

Approval of this ordinance in accordance with Section 8.3, *Council Approval or Denial*, of Article II, *Authority and Administrative Procedures*, of the Unified Development Code (UDC) will require compliance to the following:

1) Upon obtaining a Certificate of Occupancy (CO), should any business or establishment operating under the guidelines of this ordinance fail to meet the minimum operational requirements set forth herein and outlined in the Unified Development Code (UDC), the City Council may (*after proper notice*) initiate proceedings to revoke the Specific Use Permit (SUP) in accordance with Section 4.4.(3) of Article IV, *Permissible Uses*, of the Unified Development Code (UDC).

**SECTION 3.** That the official zoning map of the City be corrected to reflect the changes in zoning described herein.

**SECTION 4.** That all ordinances of the City of Rockwall in conflict with the provisions of this ordinance be, and the same are hereby repealed to the extent of that conflict.

**SECTION 5.** Any person, firm, or corporation violating any of the provisions of this ordinance shall be deemed guilty of a misdemeanor and upon conviction shall be punished by a penalty of fine not to exceed the sum of *TWO THOUSAND DOLLARS* (*$2,000.00*) for each offence and each and every day such offense shall continue shall be deemed to constitute a separate offense.

**SECTION 6.** If any section or provision of this ordinance or the application of that section or provision to any person, firm, corporation, situation or circumstance is for any reason judged invalid, the adjudication shall not affect any other section or provision of this ordinance or the application of any other section or provision to any other person, firm, corporation, situation or circumstance, and the City Council declares that it would have adopted the valid portions and applications of the ordinance without the invalid parts and to this end the provisions of this

DRAFT 03.26.19

ordinance shall remain in full force and effect.

**SECTION 7.** That this ordinance shall take effect immediately from and after its passage;

**PASSED AND APPROVED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, THIS THE 6TH DAY OF MAY, 2019.**

Jim Pruitt, *Mayor*

**ATTEST:**

Kristy Cole, *City Secretary*

Z2019-008; Amended Development Plan for PD-32
Please address the following comments (M= Mandatory Comments; I = Informational Comments)

I.1 This is a request for the approval of a PD Development Plan amending Ordinance 17-64 and in accordance with Ordinance No. 17-22, for a 7.344-acre tract of land identified as Lot 9, Block A, Harbor-Rockwall Addition and Tract 16 of the M. J. Barksdale Survey, Abstract No. 11, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 32 (PD-32), situated within the IH-30 (IH-30) Overlay District, located at the southwest corner of the intersection of the IH-30 frontage road and Lakefront Trail, and take any action necessary.
I.2 For questions or comments concerning this case please contact Ryan Miller in the Planning Department at (972) 772-6441 or email rcmiller@rockwall.com.
M.3 For reference, include the case number (Z2019-008) in the lower right hand corner of all pages on future submittals.
M.4 Please provide a street cross section exhibit for the proposed private access drive and pedestrian access easement similar to the street cross sections currently contained in Planned Development District 32 (PD-32) [Ordinance No. 17-22].
I.5 The proposed changes are not in conformance with the Design Guidelines [Resolution No. 10-40]. Please see the attached excerpt.
M.6 Please change both the pedestrian access and proposed private drive to conform to the design guidelines for a “Mew” and “Pedestrian Way”. This could include elements like putting the decorative paving back into the plan or utilizing bollards in lieu of a curbed street.
M.7 Please provide a planting plan showing the provision of street trees and pedestrian way plantings and street furniture required by Ordinance No. 17-22.
I.8 Staff has identified the aforementioned items necessary to continue the submittal process. Please make these revisions and corrections, and provide any additional information that is requested. Revisions for thiscase will be due on April 2, 2019; however, it is encouraged for applicants to submit revisions as soon as possible to give staff ample time to review the case prior to the April 9, 2019 Planning & Zoning Meeting. The Planning & Zoning Work Session meeting will be held on March 26, 2019.
I.9 The projected City Council meeting dates for this case will be April 15, 2019 [1st Reading] & May 6, 2019 [2nd Reading].

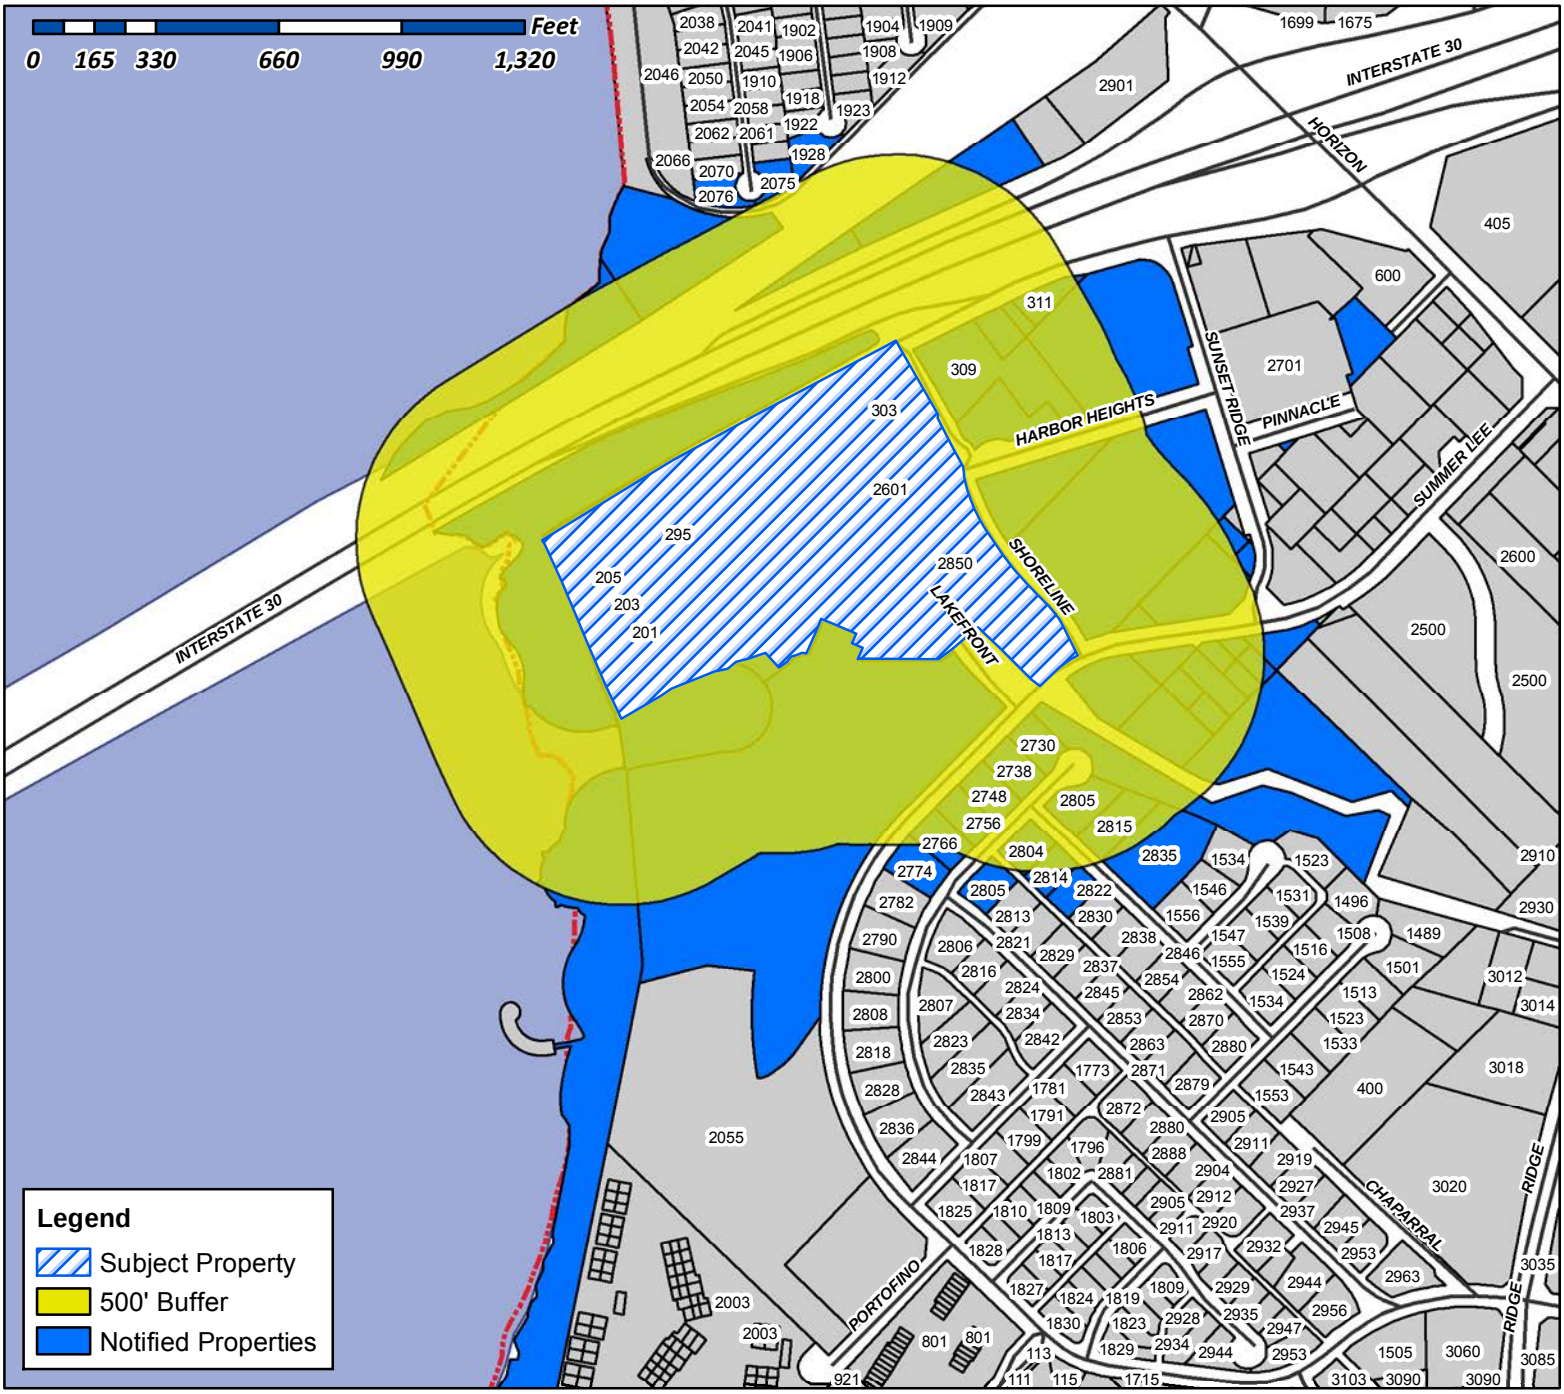
| **Subject:** | Neighborhood Notification Program: Notice of zoning request |
| **Date:** | Friday, March 22, 2019 2:41:03 PM |
| **Attachments:** | Public Notice (03.21.2019).pdf<br>HOA Map.pdf |

To whom it may concern:

Per your participation in the Neighborhood Notification Program, you are receiving this notification to inform your organization and residents of a request for a zoning change that lies within 1,500 feet of the boundaries of your neighborhood or subdivision. As the primary contact for the organization, you are encouraged to share this information with the residents of your subdivision. Please find attached a map detailing the location of the subject property requesting the zoning change in relation to your subdivision boundaries. Additionally, below is a summary of the zoning request that was published in the Rockwall Herald Banner ***March 22, 2019***. The Planning and Zoning Commission will hold a public hearing on ***Tuesday 4/9/2019 at 6:00 p.m.***, and the City Council will hold a public hearing on ***Monday 4/15/2019 at 6:00 p.m***. These hearings will be held in the City Council Chambers at City Hall, 385 S. Goliad Street. These hearings will be held in the City Council Chambers at City Hall, 385 S. Goliad Street. If you have any questions or comments regarding this request, the contact information for the Planning Department is listed below. Additional information can also be found at https://sites.google.com/site/rockwallplanning/development/development-cases

> **Z2019-008- Hold a public hearing and consider a request by James Ziegler of PegasusAblon on behalf of Rockwall Rental Properties, LP for the approval of a PD Development Plan amending Ordinance 17-64 and in accordance with Ordinance No. 17-22, for a 7.344-acre tract of land identified as Lot 9, Block A, Harbor-Rockwall Addition and Tract 16 of the M. J. Barksdale Survey, Abstract No. 11, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 32 (PD-32), situated within the IH-30 (IH-30) Overlay District, located at the southwest corner of the intersection of the IH-30 frontage road and Lakefront Trail, and take any action necessary.**

If this email is reaching you in error, please forward it to your HOA or neighborhood group representative and update the contact information at http://www.rockwall.com/planning/hoa.asp.



Sincerely,

*Laura Morales*

Mr. Ryan Miller
City of Rockwall
385 S. Goliad Street
Rockwall, TX 75087

RE: SP-2018-043 Harbor Village

Mr. Miller,

Please accept the enclosed revised Site Plan for the Harbor Village. We are enclosing 4 full size folded along with a PDF file.

We are also enclosing an application and fee of $440.00. Letters of confirmation of our proposed modifications from adjacent owners will be provided upon receipt.

We are submitting this revised Site Plan to modify the southeasterly access way from solely a pedestrian path to a one way south bound driveway. This is included to provide full access to our neighbors to the west who will lose their inbound access from the east when the I-30 one way Frontage Road is constructed.

In addition, as a result of this, and several other issues, we are requesting the City make allowances for an extension of the requirement for issuance of Building Permit to a date 1 year after anticipated approval of the modified plan by City Council.

It is our intention if the modified plan is approved, to proceed immediately with our construction drawing preparation.

Should you have any questions or need additional information, please give me a call.

Sincerely,
Winkelmann & Associates, Inc.

Michael Clark, P.E.
President

**CITY OF ROCKWALL**

**ORDINANCE NO. 17-64**

**AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, AMENDING *ORDINANCE NO. 11-43 & ORDINANCE NO. 13-16*, PLANNED DEVELOPMENT DISTRICT 32 (PD-32) [*ORDINANCE NO. 10-21*] AND THE UNIFIED DEVELOPMENT CODE [*ORDINANCE NO. 04-38*] OF THE CITY OF ROCKWALL, AS HERETOFORE AMENDED, SO AS TO APPROVE A DEVELOPMENT PLAN ON APPROXIMATELY 7.344-ACRES FOR PROPERTY IDENTIFIED AS LOT 9, BLOCK A, HARBOR-ROCKWALL ADDITION AND TRACT 16 OF THE M. J. BARKSDALE SURVEY, ABSTRACT NO. 11, CITY OF ROCKWALL, ROCKWALL COUNTY, TEXAS; AND MORE FULLY DESCRIBED HEREIN BY *EXHIBIT 'A'*; PROVIDING FOR SPECIAL CONDITIONS; PROVIDING FOR A PENALTY OF FINE NOT TO EXCEED THE SUM OF *TWO THOUSAND DOLLARS ($2,000.00)* FOR EACH OFFENSE; PROVIDING FOR A SEVERABILITY CLAUSE; PROVIDING FOR A REPEALER CLAUSE; PROVIDING FOR AN EFFECTIVE DATE.**

**WHEREAS**, the City has received a request from Kevin Hickman of PegasusAblon on behalf of Rockwall Rental Properties, LP for the approval of a Planned Development (PD) Development Plan within Planned Development District 32 (PD-32) [*Ordinance No. 10-21*] for a 7.344-acre tract of land identified as Lot 9, Block A, Harbor-Rockwall Addition and Tract 16 of the M. J. Barksdale Survey, Abstract No. 11, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 32 (PD-32), located at the southwest corner of the intersection of the IH-30 frontage road and Lakefront Trail and more fully described in *Exhibit 'A'* of this ordinance, which hereinafter shall be referred to as the *Subject Property* and incorporated by reference herein; and

**WHEREAS**, the Planning and Zoning Commission of the City of Rockwall and the governing body of the City of Rockwall in compliance with the laws of the State of Texas and the ordinances of the City of Rockwall have given the requisite notices by publication and otherwise, and have held public hearings and afforded a full and fair hearing to all property owners generally and to all persons interested in and situated in the affected area, and in the vicinity thereof, and the governing body in the exercise of its legislative discretion, has concluded that *Ordinance No.'s 11-43 & 13-16*, Planned Development District 32 (PD-32) [*Ordinance No. 10-21*] and the Unified Development Code [*Ordinance No. 04-38*] should be amended as follows:

**NOW, THEREFORE, BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS:**

**SECTION 1.** That any portion of *Ordinance No.'s 11-43 & 13-16* in conflict with this ordinance shall be subject to the requirements of this ordinance;

**SECTION 2.** That Planned Development District 32 (PD-32) [*Ordinance No. 10-21*] and the Unified Development Code [*Ordinance No. 04-38*], as heretofore amended, shall be further amended by amending the PD Development Plans approved with *Ordinance No.'s 11-43 & 13-16* and the official zoning map of the City of Rockwall so as to approve a PD Development Plan for the *Subject Property*; and,

**SECTION 3.** That development of the *Subject Property* shall generally be in accordance with the PD Development Plan, described in *Exhibit 'B'* of this ordinance, attached hereto and incorporated herein by reference as *Exhibit 'B'*, which is deemed hereby to be a condition of approval of the amended zoning classification for the *Subject Property*; and,

**SECTION 4.** That the *Subject Property* shall be used only in the manner and for the purposes provided for in Planned Development District 32 (PD-32) [*Ordinance No. 10-21*], the Unified Development Code [*Ordinance No. 04-38*], and in compliance with the following conditions and requirements:

## 4.1 CONSTRUCTION SCHEDULE

*Building Adjacent to Lakefront Trail (i.e. Building 1)*

This *PD Development Plan* shall be subject to review by City Staff and/or the Planning and Zoning Commission and City Council on June 1, 2019. At the time of review, if a building permit has not been issued for the proposed multi-family development adjacent to Lakefront Trail (*indicated as 1 on Exhibit 'B' of this ordinance and consisting of 375 condominium units*), City Staff shall provide a report, with the assistance of the developer, to the Planning and Zoning Commission and City Council indicating the progress of the development. Upon review of the report, the Planning and Zoning Commission shall provide a recommendation to the City Council concerning the possible revocation of the additional 26 allocated condominium units (*i.e. reducing the number of units for the multi-family development adjacent to Lakefront Trail -- indicated as 1 on Exhibit 'B' of this ordinance -- to 349 condominium units*), and after review of the report and recommendation of the Planning and Zoning Commission the City Council may -- *after proper notice* -- initiate public hearings for the revocation of the additional 26 allocated condominium units.

*Building Adjacent to the Harbor Fountain (i.e. Building 2)*

This *PD Development Plan* shall be subject to review by City Staff and/or the Planning and Zoning Commission and City Council on June 1, 2020. At the time of review, if a building permit has not been issued for the proposed multi-family development adjacent to the Harbor Fountain (*indicated as 2 on Exhibit 'B' of this ordinance and consisting of 75 condominium units*), City Staff shall provide a report, with the assistance of the developer, to the Planning and Zoning Commission and City Council indicating the progress of the development. Upon review of the report, the Planning and Zoning Commission shall provide a recommendation to the City Council concerning the possible revocation of the additional 25 allocated condominium units (*i.e. reducing the number of units for the multi-family development adjacent to the Harbor Fountain -- indicated as 2 on Exhibit 'B' of this ordinance -- to 50 condominium units*), and after review of the report and recommendation of the Planning and Zoning Commission the City Council may -- *after proper notice* -- initiate public hearings for the revocation of the additional 25 allocated condominium units.

*Commencement of Construction and Continuous Construction*

Once a building permit has been issued for either property (*i.e. Building 1 or Building 2*), the developer/property owner shall have six (6) months to commence construction on the site in accordance with Section 10-116 of Article III, *Building Code*, of Chapter 10, *Buildings and Building Regulations*, of the Municipal Code of Ordinances (*i.e. Section [A] 105.5, Expiration, of the International Building Code*). Once construction has commenced, construction must be continuous during the regular workweek unless construction is delayed due to delays beyond the control of the developer/property owner. Such delays shall include, but not be limited to, fires, floods, labor disputes, epidemics, abnormal weather conditions, acts of God or any preference, priority or allocation order duly issued by the Federal Government. Abnormal weather delays are those that are beyond what is normal for the climate and time of year. If construction of the site has not commenced within six (6) months of the issuance of a building permit, or construction is not continuous, City staff shall provide a report, to the Planning and Zoning Commission and City Council indicating the progress of the development and possible revocation of the permit. Upon review of the report, the Planning and Zoning Commission shall provide a recommendation to the City Council concerning the possible revocation of the permit for additional allocated condominium units (*i.e. reducing the number of units for either project back to the numbers approved under Ordinance No. 13-16*), and after review of the report and recommendation of the Planning and Zoning Commission the City Council may -- *after proper notice* -- initiate public hearings for the revocation of the additional allocated condominium units.

## 4.2 DEVELOPMENT CONDITIONS

1) Development of this property shall generally conform to the *PD Development Plan* depicted in

*Exhibit 'B'* of this ordinance;

2) Prior to the issuance of a Building Permit the applicant shall submit and seek approval for a detailed PD Site Plan that demonstrates compliance with all applicable standards of Planned Development District 32 (PD-32) [*as amended*] and with the requirements approved in this ordinance;

3) The proposed multi-family development adjacent to Lakefront Trail (*indicated as* 1 *on Exhibit 'B' of this ordinance*) shall be permitted to consist of a maximum of 375 condominium units. The proposed multi-family development adjacent to the Harbor Fountain (*indicated as* 2 *on Exhibit 'B' of this ordinance*) shall be permitted to consist of a maximum of 75 condominium units.

4) Prior to the issuance of a Building Permit the applicant shall submit and seek approval for a subdivision plat;

5) The architectural design of all buildings within the two (2) affected Subdistricts (*i.e. the Harbor Residential Subdistrict and the Harbor Link Mixed-Use Subdistrict*) shall conform to the Harbor District Guidelines (*i.e. Resolution 10-40]*), all applicable ordinances associated with Planned Development District 32 (PD-32) [*as amended*], and to the Unified Development Code;

6) All buildings throughout the development shall be constructed with a consistent design scheme, and be approved by the Architectural Review Board (ARB);

7) The pedestrian access extending from Lakefront Trail to the Harbor Fountain will be required to be located within a *Pedestrian Access Easement* to be shown of the final plat; and

8) The proposed uses for this development shall be required to demonstrate that they have access to a sufficient number of parking spaces within the development to support their use.

**SECTION 5.** The official zoning map of the City of Rockwall, Texas be corrected to reflect the changes in zoning described in this ordinance;

**SECTION 6.** That any person, firm, or corporation violating any of the provisions of this ordinance shall be deemed guilty of a misdemeanor and upon conviction shall be punished by a penalty of fine not to exceed the sum of *TWO THOUSAND DOLLARS ($2,000.00)* for each offense and each and every day such offense shall continue shall be deemed to constitute a separate offense;

**SECTION 7.** That if any section, paragraph, or provision of this ordinance or the application of that section, paragraph, or provision to any person, firm, corporation or situation is for any reason judged invalid, the adjudication shall not affect any other section, paragraph, or provision of this ordinance or the application of any other section, paragraph or provision to any other person, firm, corporation or situation, nor shall adjudication affect any other section, paragraph, or provision of the Unified Development Code, and the City Council declares that it would have adopted the valid portions and applications of the ordinance without the invalid parts and to this end the provisions for this ordinance are declared to be severable;

**SECTION 8.** The standards in this ordinance shall control in the event of a conflict between this ordinance and any provision of the Unified Development Code or any provision of the City Code, ordinance, resolution, rule, regulation, or procedure that provides a specific standard that is different from and inconsistent with this ordinance. References to zoning district regulations or other standards in the Unified Development Code (including references to the *Unified Development Code*), and references to overlay districts, in this ordinance or any of the Exhibits hereto are those in effect on the date this ordinance was passed and approved by the City Council of the City of Rockwall, Texas;

**SECTION 9.** That this ordinance shall take effect immediately from and after its passage and the publication of the caption of said ordinance as the law in such cases provides;

**PASSED AND APPROVED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, THIS THE 18TH DAY OF DECEMBER, 2017**

Jim Pruitt, Mayor

**ATTEST:**

Kristy Cole, City Secretary

*Legal Description*

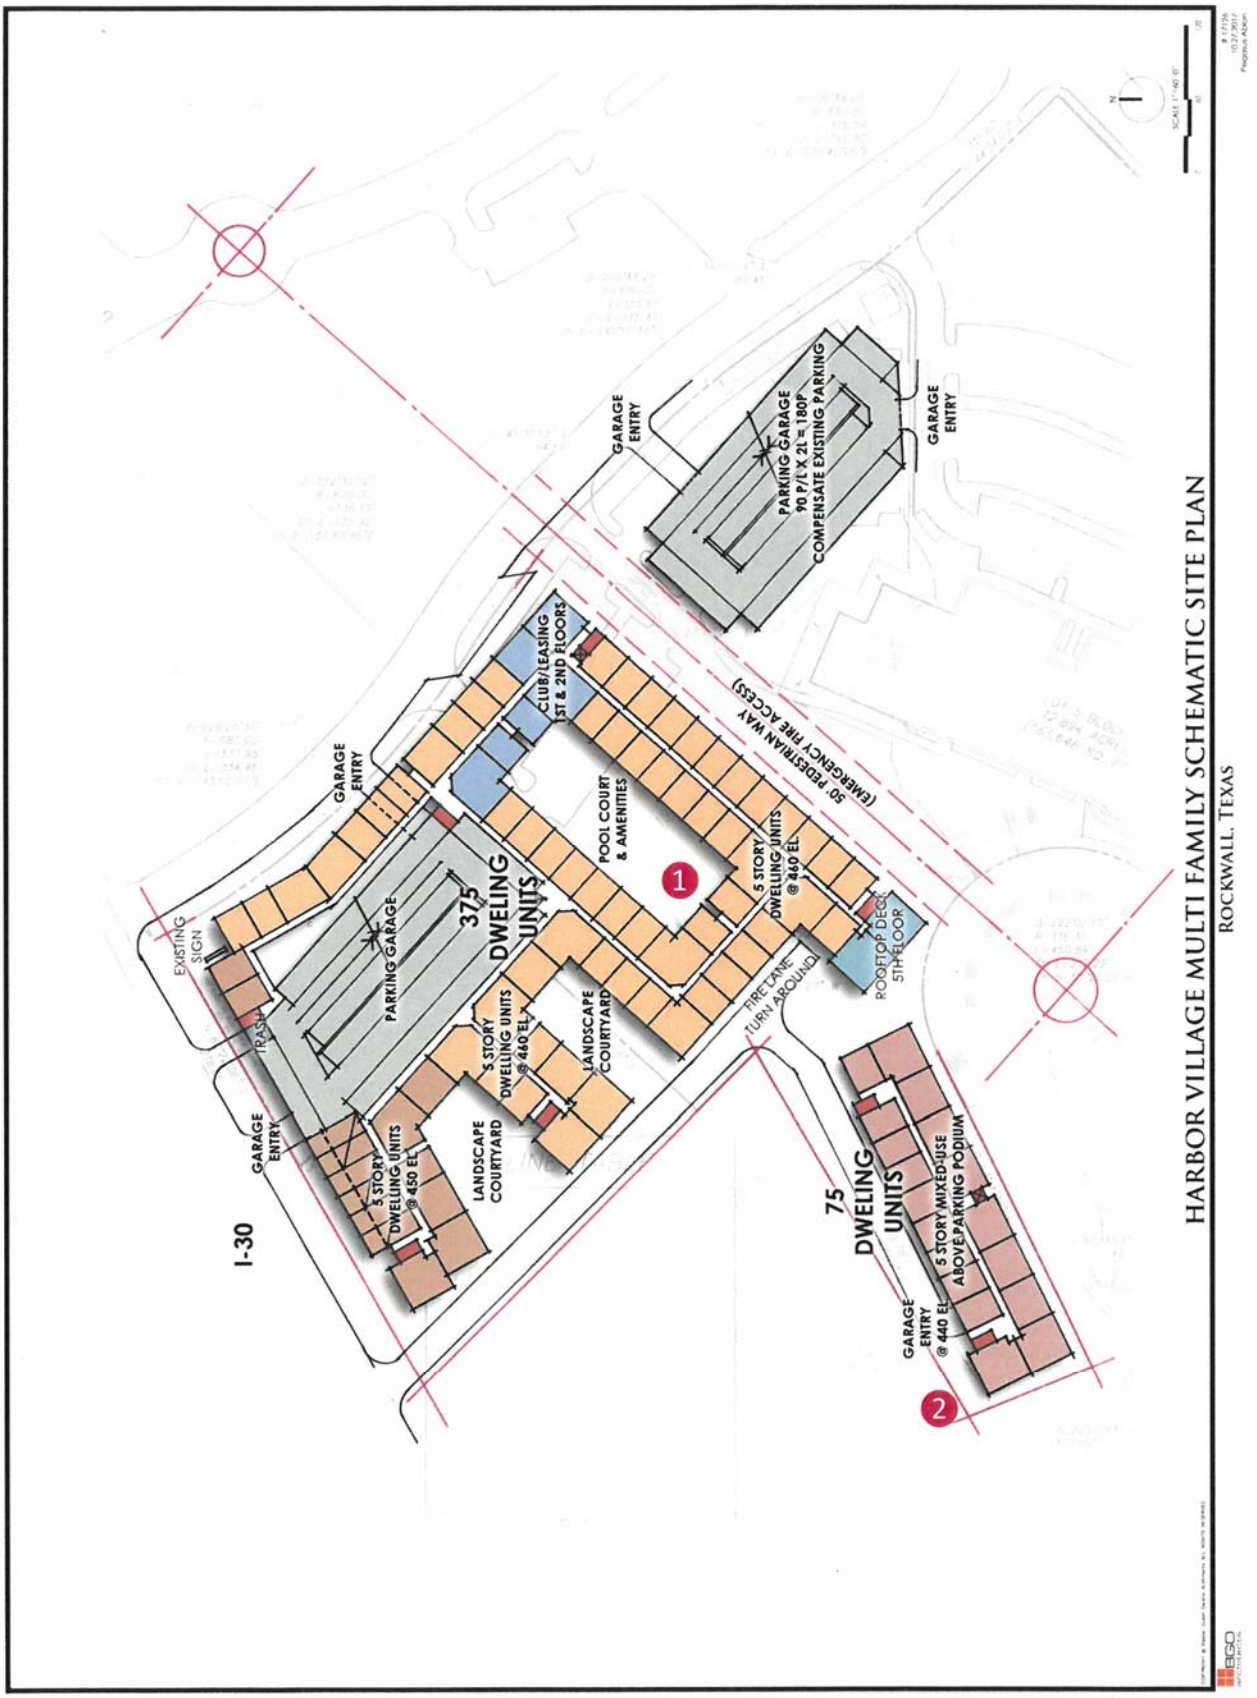
*Legal Description:* *Lot 9, Block A, Harbor-Rockwall Addition and Tract 16 of the M. J. Barksdale Survey, Abstract No. 11, City of Rockwall, Rockwall County, Texas*

## Exhibit 'A':
*Legal Description*

*Legal Description: Tract 16 of the M. J. Barksdale Survey, Abstract No. 11*

Being a tract of land situated in the M. J. Barksdale Survey, Abstract No. 11, City of Rockwall, Rockwall County, Texas, and being a 1.225-acre tract out of a 55.200-acre tract as recorded in *Volume 59, Page 383*, deed records of Rockwall County, Texas, and being more particularly described as follows:

*BEGINNING* at a point on the southeast line of Interstate Highway 30, said point being 286.50-feet more or less, from the north corner of said 55.20-acre tract, a 3/8" iron rod found for corner;



*THENCE*, South 38 Degrees 29 Minutes 38 Seconds East, leaving the said southeast line of Interstate Highway 30, a distance of 254.63-feet to a 5/8" iron rod found for corner;

*THENCE*, South 44 Degrees 24 Minutes 14 Seconds West, a distance of 176.46-feet to a ½" iron rod found for corner;

*THENCE*, North 43 Degrees 48 Minutes 20 Seconds West, a distance of 311.10-feet to a point on the southeast line of the Interstate Highway 30, a 3/8" iron rod set for corner;

*THENCE*, North 50 Degrees 48 Minutes East, along the southeast line of Interstate Highway 30, a distance of 206.43-feet to the *PLACE OF BEGINNING* and containing 53,371.640 SF or 1.225-acres of land, more or less.

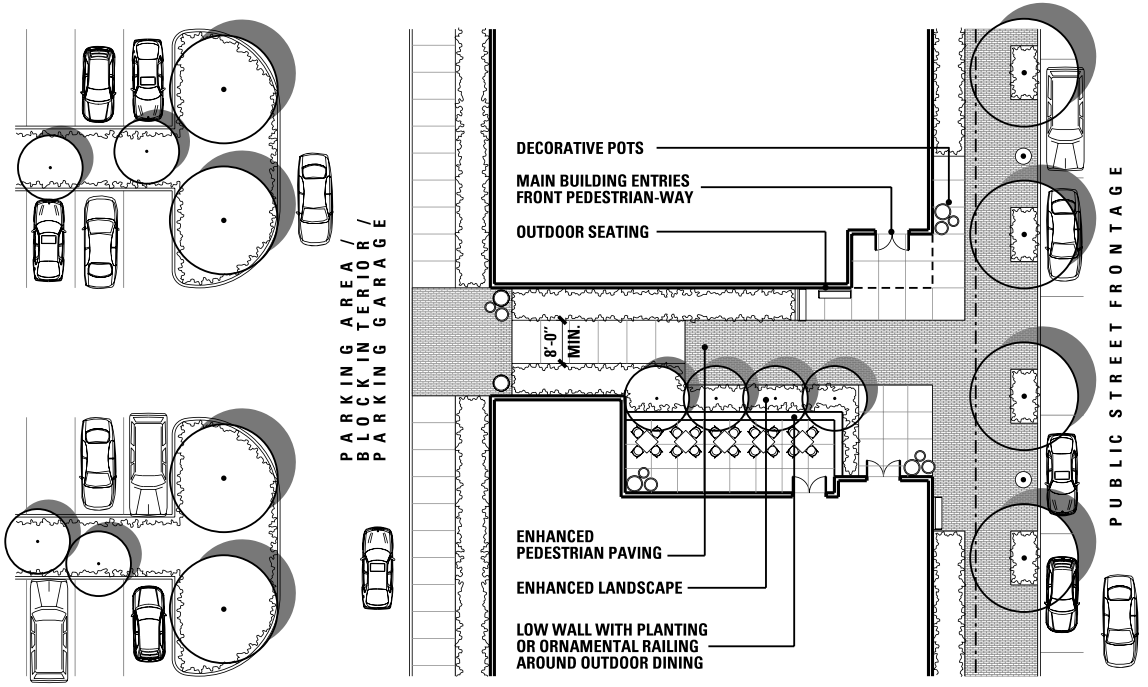
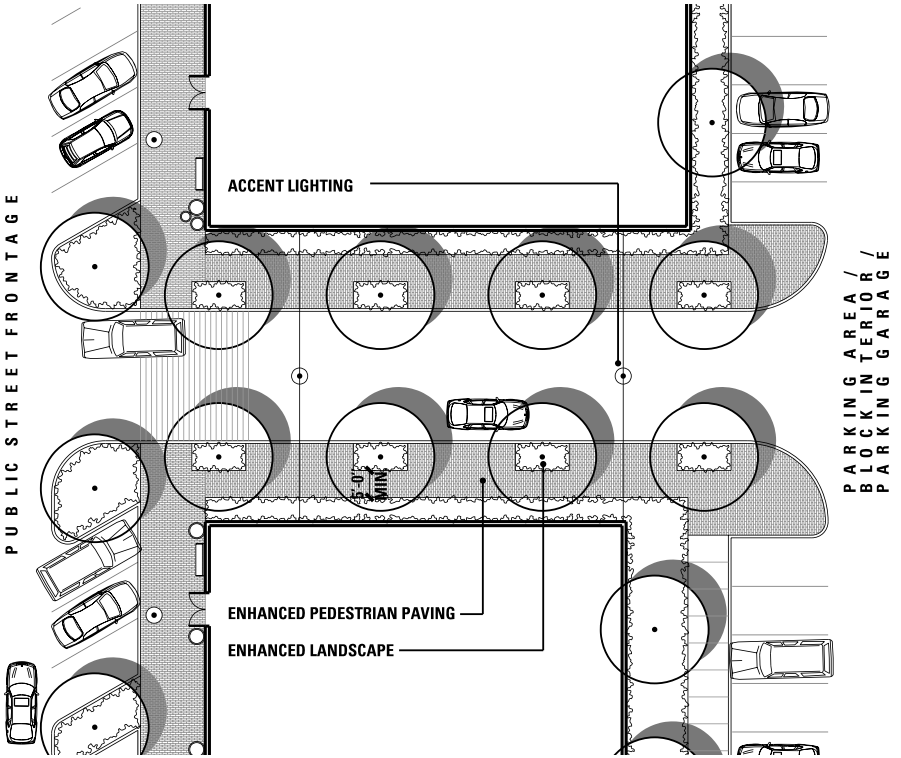
*PD Development Plan*



# 4 STREETS

## PEDESTRIAN WAYS

Although it is technically not a streetscape element, pedestrian-ways link freeway frontage parking areas and block interiors with the public street frontage. The pedestrian-way environment may include enhanced pedestrian paving, enhanced landscape planting, special accent lighting, and special features such as fountains or sculpture pieces. Outdoor seating and dining may occur within the pedestrian-way. Building entry access should be provided within pedestrian-ways. The maximum cross slope within a pedestrian-way is 2%.



## M E W S

Although it is technically not a streetscape element, a mews can also link freeway frontage parking areas and block interiors with the public street frontage. A mews combines a vehicular drive and pedestrian walkway within a narrow cross section. The mews environment includes enhanced pedestrian paving, enhanced landscape planting, special accent lighting, and may also include enhanced vehicular pavement. Bollards may be used in lieu of a typical street curb. Building entry access may be provided within a mews. A carriage-way may also serve the purpose of a mews. The maximum cross slope within a mews is 2%.

**CITY OF ROCKWALL**

**ORDINANCE NO. 19-XX**

**AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, AMENDING *ORDINANCE NO. 17-64* & PLANNED DEVELOPMENT DISTRICT 32 (PD-32) [*ORDINANCE NO. 17-22*] AND THE UNIFIED DEVELOPMENT CODE [*ORDINANCE NO. 04-38*] OF THE CITY OF ROCKWALL, AS HERETOFORE AMENDED, SO AS TO APPROVE A DEVELOPMENT PLAN ON APPROXIMATELY 7.344-ACRES FOR PROPERTY IDENTIFIED AS LOT 9, BLOCK A, HARBOR-ROCKWALL ADDITION AND TRACT 16 OF THE M. J. BARKSDALE SURVEY, ABSTRACT NO. 11, CITY OF ROCKWALL, ROCKWALL COUNTY, TEXAS; AND MORE FULLY DESCRIBED HEREIN BY *EXHIBIT 'A'*; PROVIDING FOR SPECIAL CONDITIONS; PROVIDING FOR A PENALTY OF FINE NOT TO EXCEED THE SUM OF *TWO THOUSAND DOLLARS ($2,000.00)* FOR EACH OFFENSE; PROVIDING FOR A SEVERABILITY CLAUSE; PROVIDING FOR A REPEALER CLAUSE; PROVIDING FOR AN EFFECTIVE DATE.**

**WHEREAS**, the City has received a request from Jim Ziegler of PegasusAblon on behalf of Rockwall Rental Properties, LP for the approval of a Planned Development (PD) Development Plan within Planned Development District 32 (PD-32) [*Ordinance No. 17-22*] for a 7.344-acre tract of land identified as Lot 9, Block A, Harbor-Rockwall Addition and Tract 16 of the M. J. Barksdale Survey, Abstract No. 11, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 32 (PD-32), located at the southwest corner of the intersection of the IH-30 frontage road and Lakefront Trail and more fully described in *Exhibit 'A'* of this ordinance, which hereinafter shall be referred to as the *Subject Property* and incorporated by reference herein; and

**WHEREAS**, the Planning and Zoning Commission of the City of Rockwall and the governing body of the City of Rockwall in compliance with the laws of the State of Texas and the ordinances of the City of Rockwall have given the requisite notices by publication and otherwise, and have held public hearings and afforded a full and fair hearing to all property owners generally and to all persons interested in and situated in the affected area, and in the vicinity thereof, and the governing body in the exercise of its legislative discretion, has concluded that *Ordinance No. 17-64,* Planned Development District 32 (PD-32) [*Ordinance No. 17-22*] and the Unified Development Code [*Ordinance No. 04-38*] should be amended as follows:

**NOW, THEREFORE, BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS:**

**SECTION 1.** That the approval of this ordinance shall supersede all requirements stipulated in *Ordinance No. 17-64*;

**SECTION 2.** That any portion of *Ordinance No.'s 11-43 & 13-16* in conflict with this ordinance shall be subject to the requirements of this ordinance;

**SECTION 3.** That Planned Development District 32 (PD-32) [*Ordinance No. 17-22*] and the Unified Development Code [*Ordinance No. 04-38*], as heretofore amended, shall be further amended by amending the PD Development Plans approved with *Ordinance No.'s 11-43 & 13-16* and the official zoning map of the City of Rockwall so as to approve a PD Development Plan

DRAFT 03.25.2019

for the *Subject Property*; and,

**SECTION 4.** That development of the *Subject Property* shall generally be in accordance with the PD Development Plan, described in *Exhibit 'B'* of this ordinance, attached hereto and incorporated herein by reference as *Exhibit 'B'*, which is deemed hereby to be a condition of approval of the amended zoning classification for the *Subject Property*; and,

**SECTION 5.** That the *Subject Property* shall be used only in the manner and for the purposes provided for in Planned Development District 32 (PD-32) [*Ordinance No. 17-22*], the Unified Development Code [*Ordinance No. 04-38*], and in compliance with the following conditions and requirements:

**5.1 CONSTRUCTION SCHEDULE**

*Building Adjacent to Lakefront Trail (i.e. Building 1)*

This *PD Development Plan* shall be subject to review by City Staff and/or the Planning and Zoning Commission and City Council on May 6, 2020. At the time of review, if a building permit has not been issued for the proposed multi-family development adjacent to Lakefront Trail (*indicated as 1 on Exhibit 'B' of this ordinance and consisting of 375 condominium units*), City Staff shall provide a report, with the assistance of the developer, to the Planning and Zoning Commission and City Council indicating the progress of the development. Upon review of the report, the Planning and Zoning Commission shall provide a recommendation to the City Council concerning the possible revocation of the additional 26 allocated condominium units (*i.e. reducing the number of units for the multi-family development adjacent to Lakefront Trail -- indicated as 1 on Exhibit 'B' of this ordinance -- to 349 condominium units*), and after review of the report and recommendation of the Planning and Zoning Commission the City Council may -- *after proper notice* -- initiate public hearings for the revocation of the additional 26 allocated condominium units.

*Building Adjacent to the Harbor Fountain (i.e. Building 2)*

This *PD Development Plan* shall be subject to review by City Staff and/or the Planning and Zoning Commission and City Council on June 1, 2020. At the time of review, if a building permit has not been issued for the proposed multi-family development adjacent to the Harbor Fountain (*indicated as 2 on Exhibit 'B' of this ordinance and consisting of 75 condominium units*), City Staff shall provide a report, with the assistance of the developer, to the Planning and Zoning Commission and City Council indicating the progress of the development. Upon review of the report, the Planning and Zoning Commission shall provide a recommendation to the City Council concerning the possible revocation of the additional 25 allocated condominium units (*i.e. reducing the number of units for the multi-family development adjacent to the Harbor Fountain -- indicated as 2 on Exhibit 'B' of this ordinance -- to 50 condominium units*), and after review of the report and recommendation of the Planning and Zoning Commission the City Council may -- *after proper notice* -- initiate public hearings for the revocation of the additional 25 allocated condominium units.

*Commencement of Construction and Continuous Construction*

Once a building permit has been issued for either property (*i.e. Building 1 or Building 2*), the developer/property owner shall have six (6) months to commence construction on the site in accordance with Section 10-116 of Article III, *Building Code*, of Chapter 10, *Buildings and Building Regulations*, of the Municipal Code of Ordinances (*i.e. Section [A] 105.5,*

DRAFT ORDINANCE 03.26.19

*Expiration, of the International Building Code*). Once construction has commenced, construction must be continuous during the regular workweek unless construction is delayed due to delays beyond the control of the developer/property owner. Such delays shall include, but not be limited to, fires, floods, labor disputes, epidemics, abnormal weather conditions, acts of God or any preference, priority or allocation order duly issued by the Federal Government. Abnormal weather delays are those that are beyond what is normal for the climate and time of year. If construction of the site has not commenced within six (6) months of the issuance of a building permit, or construction is not continuous, City staff shall provide a report, to the Planning and Zoning Commission and City Council indicating the progress of the development and possible revocation of the permit. Upon review of the report, the Planning and Zoning Commission shall provide a recommendation to the City Council concerning the possible revocation of the permit for additional allocated condominium units (*i.e. reducing the number of units for either project back to the numbers approved under Ordinance No. 13-16*), and after review of the report and recommendation of the Planning and Zoning Commission the City Council may -- *after proper notice* -- initiate public hearings for the revocation of the additional allocated condominium units.

## 5.2 DEVELOPMENT CONDITIONS

1) Development of this property shall generally conform to the *PD Development Plan* depicted in *Exhibit 'B'* of this ordinance;

2) Prior to the issuance of a Building Permit the applicant shall submit and seek approval for a detailed PD Site Plan that demonstrates compliance with all applicable standards of Planned Development District 32 (PD-32) [*as amended*] and with the requirements approved in this ordinance;

3) The proposed multi-family development adjacent to Lakefront Trail (*indicated as* 1 *on Exhibit 'B' of this ordinance*) shall be permitted to consist of a maximum of 375 condominium units. The proposed multi-family development adjacent to the Harbor Fountain (*indicated as* 2 *on Exhibit 'B' of this ordinance*) shall be permitted to consist of a maximum of 75 condominium units.

4) Prior to the issuance of a Building Permit the applicant shall submit and seek approval for a subdivision plat;

5) The architectural design of all buildings within the two (2) affected Subdistricts (*i.e. the Harbor Residential Subdistrict and the Harbor Link Mixed-Use Subdistrict*) shall conform to the Harbor District Guidelines (*i.e. Resolution 10-40]*), all applicable ordinances associated with Planned Development District 32 (PD-32) [*as amended*], and to the Unified Development Code;

6) All buildings throughout the development shall be constructed with a consistent design scheme, and be approved by the Architectural Review Board (ARB);

7) The private street and pedestrian access easement extending from Lakefront Trail to the proposed multi-family development adjacent to the Harbor Fountain (*indicated as* 2 *on Exhibit 'B' of this ordinance*), will be required to be located within a *Pedestrian Access Easement* on the final plat and shall be constructed in accordance with the street cross section and concept plan depicted in *Exhibit 'C'* of this ordinance; and

8) The proposed uses for this development shall be required to demonstrate that they

DRAFT ORDINANCE 08.26.19

have access to a sufficient number of parking spaces within the development to support their use.

**SECTION 6.** The official zoning map of the City of Rockwall, Texas be corrected to reflect the changes in zoning described in this ordinance;

**SECTION 7.** That any person, firm, or corporation violating any of the provisions of this ordinance shall be deemed guilty of a misdemeanor and upon conviction shall be punished by a penalty of fine not to exceed the sum of *TWO THOUSAND DOLLARS ($2,000.00)* for each offense and each and every day such offense shall continue shall be deemed to constitute a separate offense;

**SECTION 8.** That if any section, paragraph, or provision of this ordinance or the application of that section, paragraph, or provision to any person, firm, corporation or situation is for any reason judged invalid, the adjudication shall not affect any other section, paragraph, or provision of this ordinance or the application of any other section, paragraph or provision to any other person, firm, corporation or situation, nor shall adjudication affect any other section, paragraph, or provision of the Unified Development Code, and the City Council declares that it would have adopted the valid portions and applications of the ordinance without the invalid parts and to this end the provisions for this ordinance are declared to be severable;

**SECTION 9.** The standards in this ordinance shall control in the event of a conflict between this ordinance and any provision of the Unified Development Code or any provision of the City Code, ordinance, resolution, rule, regulation, or procedure that provides a specific standard that is different from and inconsistent with this ordinance. References to zoning district regulations or other standards in the Unified Development Code (including references to the *Unified Development Code*), and references to overlay districts, in this ordinance or any of the Exhibits hereto are those in effect on the date this ordinance was passed and approved by the City Council of the City of Rockwall, Texas;

**SECTION 10.** That this ordinance shall take effect immediately from and after its passage;

**PASSED AND APPROVED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, THIS THE 6TH DAY OF MAY, 2019.**

Discuss and consider a request by Michael Duval of G&A/McAdams on behalf of John Delin of RW Ladera, LLC for the approval of a final plat for Lot 1, Block A and Lot 1, Block B, Ladera Rockwall Addition being a 47.694-acre tract of land identified as a portion of Tract 4-01 and all of Tract 5 of the M. B. Jones Survey, Abstract No. 122, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 85 (PD-85) for General Retail (GR) and Single-Family 7 (SF-7) District land uses, situated within the 205 By-Pass Overlay (205 BY-OV) and the East SH-66 Overlay (E SH-66 OV) District, located at the northeast and northwest corners of the intersection of SH-66 and John King Boulevard, and take any action necessary.

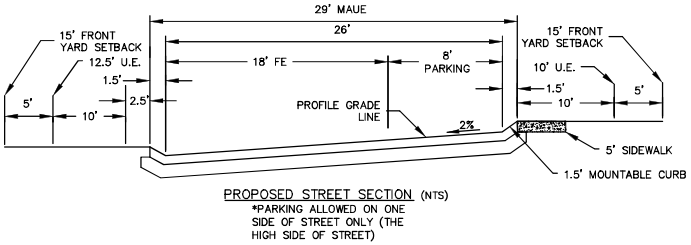
PLANNING COMMENTS - DAVID GONZALES - 03.21.2019

The following staff comments are to be addressed and resubmitted no later than Tuesday April 2, 2019. Please provide two large copies [FOLDED 18" X 24"] and one PDF version for a subsequent/final review by staff:

1. The final plat shall conform to all standards and requirements of the Unified Development Code(UDC), the staff comments provided by the Planning, Engineering, Building Inspection, and Fire Departments as indicated on the Project Plan Review document.
2. Provide a label indicating "Case No. P2019-010" on the lower right corner on all pages of the revised final plat submittal.
3. Delineate and label all open space area's. Also, provide a lable indicating "Open Space to be Maintained by COA" for each area.
4. The final plat shall conform to Park District 8 requirements and recommendations made by the Parks and Recreations Board See meeting date & time below.
5. Where are the streets Lugo Ct. and Meridia Ct.? These do not appear on page 2 of the plat.
6. Provide a label and information for SH-66 on page 2 of plat.
7. Page 3 Issues that need to be resolved:
a. Provide Owners Certificate (see standard plat language included in applcation packet)
b. Use Standard CitySignature Block (also included in application packet)
c. Adjust signature block for Ladera (John Delin - signator) so that this is not on two (2) sepaate columns.
d. Adjust Notary Certificate -- blended in with tables
e. Move Line and Curve Tables for legiblility

Unit Exhibit:
1. Provide street name labels for Lugo Ct. & Meridia Ct.

Landscape/Treescape Plan:
1. To be approved by the Planning and Zoning Commission.
2. Mitigation is considered to be satisfied per the plans submitted



Hardscape Plan:
1. No additional comments provided.

**As a note and once the plat has been approved by the Planning and Zoning Commission and City Council, all staff comments are to be addressed and all revisions resubmitted and approved (by staff) prior to plat submittal on mylar for filing purposes. **

Although this case is scheduled for consent,staff recommends that a representative be present for the meetings as listed below. If you have any questions regarding this case, please feel free to contact David Gonzales, AICP with the Planning Department at 972-771-7745.

Scheduled Meeting Dates to Attend:

LEGAL DESCRIPTION
LOT 1, BLOCK A
TRACT 1

BEING all that certain lot, tract or parcel of land situated in the M. B. Jones Survey, Abstract No. 122, City of Rockwall, Rockwall County, Texas, and being a portion of a called 41.921 acre tract of land described as Tract 3, in deed to John H. Cullins, recorded in Instrument No. 2008-00396743, Deed Records, Rockwall County, Texas, and being part of a called 73.2744 acre tract of land described in deed to Mike L. People, recorded in Volume 850, Page 15, Deed Records, Rockwall County, Texas, and being more particularly described as follows:

BEGINNING at a 1/2 inch rebar found at the southeast corner of said 41.921 acre tract, and the southwest corner of said 73.2744 acre tract and being in the north line of U. S. Highway 66;

THENCE S 88°18'19"W, with the north line of U. S. Highway 66, a distance of 490.46 feet to a 1/2 inch rebar set with cap stamped "G&A CONSULTANTS", being the most southeasterly corner of a called 3.989 acre tract of land being titled as "Highway 205 Bypass R.O.W." in City of Rockwall vs. John Cullins and Burks T. Payne, Jr., Cause No. 180-633, recorded in Instrument No. 2009-00410863, Deed Records, Rockwall County, Texas, also known as John King Boulevard;

THENCE Northwesterly with the east line of said 3.989 acre tract and John King Boulevard, the following seven (7) calls:

N 30°39'57" W, a distance of 19.44 feet to a 1/2 inch rebar set with cap stamped "G&A CONSULTANTS";

S 59°20'03" W, a distance of 21.30 feet to a 1/2 inch rebar set with cap stamped "G&A CONSULTANTS";

N 30°39'57" W, a distance of 211.63 feet to a 1/2 inch rebar set with cap stamped "G&A CONSULTANTS";

Northwesterly with a curve to the right having a radius of 1940.00 feet, a central angle of 25°25'15", and an arc length of 860.73 feet, whose chord bears N 17°57'20" W, a distance of 853.69 feet to a 1/2 inch rebar set with cap stamped "G&A CONSULTANTS";

N 05°14'42" W, a distance of 158.73 feet to a 1/2 inch rebar set with cap stamped "G&A CONSULTANTS";

N 84°45'18" E, a distance of 20.00 feet to a 1/2 inch rebar set with cap stamped "G&A CONSULTANTS";

N 05°14'42" W, a distance of 136.88 feet to a 1/2 inch rebar set with cap stamped "G&A CONSULTANTS" in the south line of a called 10.942 acre tract of land described in deed to City of Rockwall, recorded in Instrument No. 2007-00389123, Deed Records, Rockwall County, Texas;

THENCE N 89°26'01" E, with the south line of said 10.942 acre tract, a distance of 15.52 feet to a 1/2 inch rebar set with cap stamped "G&A CONSULTANTS", being the southeast corner thereof;

THENCE N 00°10'47" W, with the east line of said 10.942 acre tract, a distance of 271.63 feet to a 1/2 inch rebar set with cap stamped "G&A CONSULTANTS", being the southwest corner of a 16.000 acre tract of land described as Tract 2 in deed to Betty Bogard, recorded in Instrument No. 2008-00396742, Deed Records, Rockwall County, Texas;

THENCE N 89°54'11" E, with the south line of said 16.000 acres, a distance of 842.15 feet to a 1/2 inch rebar set with cap stamped "G&A CONSULTANTS", being the southeast corner thereof and being in the west line of said 73.2744 acre tract;

THENCE S 01°28'09" E, with the west line of said 73.2744 acre tract of land, a distance of 845.72 feet to a1/2 inch rebar set with cap stamped "G&A CONSULTANTS";

THENCE over, across, and through said 73.2744 acre tract the following five (5) courses and distances:

S 37°47'00" E, a distance of 135.09 feet to a 1/2 inch rebar set with cap stamped "G&A CONSULTANTS";

N 88°31'51" E, a distance of 259.75 feet to a 1/2 inch rebar set with cap stamped "G&A CONSULTANTS";

S 66°00'00" E, a distance of 266.78 feet to a 1/2 inch rebar set with cap stamped "G&A CONSULTANTS";

S 30°00'00" R, a distance of 384.58 feet to a 1/2 inch rebar set with cap stamped "G&A CONSULTANTS";

S 64°00'00" E, a distance of 352.92 feet to a 1/2 inch rebar set with cap stamped "G&A CONSULTANTS", being in the south line of said 73.2744 acre tract and the north line of U.S. Highway 66;

THENCE S 89°18'14" W, with the south line of said 73.2744 acre tract, and the north line of U.S. Highway 66, a distance of 1077.53 feet to the POINT OF BEGINNING and containing approximately 37.800 acres of land.

LEGAL DESCRIPTION
LOT 1, BLOCK B
TRACT 2

BEING all that certain lot, tract or parcel of land situated in the M. B. Jones Survey, Abstract No. 122, City of Rockwall, Rockwall County, Texas, and being a portion of a called 41.921 acre tract of land described as Tract 3, in deed to John H. Cullins, recorded in Instrument No. 2008-00396743, Deed Records, Rockwall County, Texas, and being more particularly described as follows:

BEGINNING at a 1/2 inch rebar set with cap stamped "G&A CONSULTANTS", being in the north line of U. S. Highway 66, from which a 1/2 inch rebar found at the southeast corner of said 41.921 acres bears N 88°18'19" E, a distance 724.55 feet;

THENCE S 88°18'19" W, a distance of 553.89 feet with the north line of U. S. Highway 66, to a wooden right-of-way monument found at the southwest corner of said 41.921 acre tract, and being in the east line of F. M. 1141;

THENCE N 02°39'30" W, a distance of 601.94 feet with the east line of F. M. 1141, to a 1/2 inch rebar found;

THENCE N 01°20'56" W, a distance of 314.19 feet continuing with the east line of F. M. 1141, to a 1/2 inch rebar set with cap stamped "G&A CONSULTANTS", being the southwest corner of a called 1.837 acre tract of land described as Tract 1 in deed to Betty Bogard, recorded in Instrument No. 2008-00396742, Deed Records, Denton County, Texas;

THENCE N 89°26'01" E, a distance of 200.01 feet with the south line of said 1.837 acre tract, to a 1/2 inch rebar set with cap stamped "G&A CONSULTANTS", being the southeast corner thereof, and being at an inner ell corner of said 41.921 acre tract;

THENCE N 01°20'56" W, a distance of 400.02 feet with the east line of said 1.837 acre tract, to a 1/2 inch rebar set with cap stamped "G&A CONSULTANTS", being in the south line of a 10.942 acre tract of land described in deed to City of Rockwall, recorded in Instrument No. 2007-00389123, Deed Records, Rockwall County, Texas;

THENCE N 89°26'01" E, a distance of 65.39 feet with the south line of said 10.942 acre tract, to a 1/2 inch rebar set with cap stamped "G&A CONSULTANTS", being the most northwesterly corner of a called 3.989 acre tract of land being titled as "Highway 205 Bypass R.O.W." in City of Rockwall vs. John Cullins and Burks T. Payne, Jr., Cause No. 180-633, recorded in Instrument No. 2009-00410863, Deed Records, Rockwall County, Texas, also known as John King Boulevard;

THENCE Southeasterly with the west line of said 3.989 acre tract and John King Boulevard, the following eight (8) calls:

S 05°14'42" E, a distance of 119.42 feet to a 1/2 inch rebar set with cap stamped "G&A CONSULTANTS";

N 84°45'18" E, a distance of 20.00 feet to a 1/2 inch rebar set with cap stamped "G&A CONSULTANTS";

S 05°14'42" E, a distance of 189.30 feet to a 1/2 inch rebar set with cap stamped "G&A CONSULTANTS";

Southeasterly with a curve to the left having a radius of 2060.00 feet, a central angle of 23°19'48", and an arc length of 838.80 feet, whose chord bears S 16°54'36" E, a distance of 833.02 feet to a 1/2 inch rebar set with cap stamped "G&A CONSULTANTS";

Southeasterly with a curve to the right having a radius of 586.00 feet, a central angle of 07°34'10", and an arc length of 77.42 feet, whose chord bears S 24°47'26" E, a distance of 77.36 feet to a 1/2 inch rebar set with cap stamped "G&A CONSULTANTS";

Southeasterly with a curve to the left having a radius of 314.00 feet, a central angle of 09°39'36", and an arc length of 52.94 feet, whose chord bears S 25°50'09" E, a distance of 52.88 feet to a 1/2 inch rebar set with cap stamped "G&A CONSULTANTS";

S 30°39'57" E, a distance of 32.25 feet to a 1/2 inch rebar set with cap stamped "G&A CONSULTANTS";

S 28°49'11" W, a distance of 60.93 feet to the POINT OF BEGINNIGN and containing approximately 9.894 acres of land.

STATE OF TEXAS :

COUNTY OF DENTON : WHEREAS We, RW Ladera, LLC, are the owners of the hereinabove described property, and, acting by and through our duly authorized representative, do hereby adopt this Final Plat designating the same as Ladera Rockwall, an addition to the City of Rockwall, and do hereby dedicate to the public use forever by fee simple title, free and clear of all liens and encumbrances, all streets, thoroughfares, alleys, parks, trails, water courses, storm drainage facilities, easements, rights-of-way and public places, "and any other property necessary to serve the plat and to implement the requirements of the Subdivision Ordinance and Design Criteria thereon shown" for the purpose and consideration therein expressed.

WITNESS OUR HAND this _____ day of _____, 2019.

_____
John Delin, Authorized Representative

STATE OF TEXAS :
COUNTY OF DENTON : BEFORE ME, THE UNDERSIGNED AUTHORITY personally appeared John Delin, known to me to be the person whose name is subscribed to the foregoing instrument and acknowledged that he executed the same for the purpose and consideration therein expressed and in the capacity therein stated.

GIVEN UNDER MY HAND AND SEAL OF OFFICE this _____ day of _____, 2019.

_____
Notary Public

My commission expires the _____ day of _____, 2019.

LEGAL DESCRIPTION
LOT 1, BLOCK A
TRACT 1

BEING all that certain lot, tract or parcel of land situated in the M. B. Jones Survey, Abstract No. 122, City of Rockwall, Rockwall County, Texas, and being a portion of a called 41.921 acre tract of land described as Tract 3, in deed to John H. Cullins, recorded in Instrument No. 2008–00396743, Deed Records, Rockwall County, Texas, and being part of a called 73.2744 acre tract of land described in deed to Mike L. People, recorded in Volume 850, Page 15, Deed Records, Rockwall County, Texas, and being more particularly described as follows:

BEGINNING at a 1/2 inch rebar found at the southeast corner of said 41.921 acre tract, and the southwest corner of said 73.2744 acre tract and being in the north line of U. S. Highway 66;

THENCE S 88°18'19"W, with the north line of U. S. Highway 66, a distance of 490.46 feet to a 1/2 inch rebar set with cap stamped "G&A CONSULTANTS", being the most southeasterly corner of a called 3.989 acre tract of land being titled as "Highway 205 Bypass R.O.W." in City of Rockwall vs. John Cullins and Burks T. Payne, Jr., Cause No. 180–633, recorded in Instrument No. 2009–00410863, Deed Records, Rockwall County, Texas, also known as John King Boulevard;

THENCE Northwesterly with the east line of said 3.989 acre tract and John King Boulevard, the following seven (7) calls:

N 30°39'57" W, a distance of 19.44 feet to a 1/2 inch rebar set with cap stamped "G&A CONSULTANTS";

S 59°20'03" W, a distance of 21.30 feet to a 1/2 inch rebar set with cap stamped "G&A CONSULTANTS";

N 30°39'57" W, a distance of 211.63 feet to a 1/2 inch rebar set with cap stamped "G&A CONSULTANTS";

Northwesterly with a curve to the right having a radius of 1940.00 feet, a central angle of 25°25'15", and an arc length of 860.73 feet, whose chord bears N 17°57'20" W, a distance of 853.69 feet to a 1/2 inch rebar set with cap stamped "G&A CONSULTANTS";

N 05°14'42" W, a distance of 158.73 feet to a 1/2 inch rebar set with cap stamped "G&A CONSULTANTS";

N 84°45'18" E, a distance of 20.00 feet to a 1/2 inch rebar set with cap stamped "G&A CONSULTANTS";

N 05°14'42" W, a distance of 136.88 feet to a 1/2 inch rebar set with cap stamped "G&A CONSULTANTS" in the south line of a called 10.942 acre tract of land described in deed to City of Rockwall, recorded in Instrument No. 2007–00389123, Deed Records, Rockwall County, Texas;

THENCE N 89°26'01" E, with the south line of said 10.942 acre tract, a distance of 15.52 feet to a 1/2 inch rebar set with cap stamped "G&A CONSULTANTS", being the southeast corner thereof;

THENCE N 00°10'47" W, with the east line of said 10.942 acre tract, a distance of 271.63 feet to a 1/2 inch rebar set with cap stamped "G&A CONSULTANTS", being the southwest corner of a 16.000 acre tract of land described as Tract 2 in deed to Betty Bogard, recorded in Instrument No. 2008–00396742, Deed Records, Rockwall County, Texas;

THENCE N 89°54'11" E, with the south line of said 16.000 acres, a distance of 842.15 feet to a 1/2 inch rebar set with cap stamped "G&A CONSULTANTS", being the southeast corner thereof and being in the west line of said 73.2744 acre tract;

THENCE S 01°28'09" E, with the west line of said 73.2744 acre tract of land, a distance of 845.72 feet to a1/2 inch rebar set with cap stamped "G&A CONSULTANTS";

THENCE over, across, and through said 73.2744 acre tract the following five (5) courses and distances:

S 37°47'00" E, a distance of 135.09 feet to a 1/2 inch rebar set with cap stamped "G&A CONSULTANTS";

N 88°31'51" E, a distance of 259.75 feet to a 1/2 inch rebar set with cap stamped "G&A CONSULTANTS";

S 66°00'00" E, a distance of 266.78 feet to a 1/2 inch rebar set with cap stamped "G&A CONSULTANTS";

S 30°00'00" R, a distance of 384.58 feet to a 1/2 inch rebar set with cap stamped "G&A CONSULTANTS";

S 64°00'00" E, a distance of 352.92 feet to a 1/2 inch rebar set with cap stamped "G&A CONSULTANTS", being in the south line of said 73.2744 acre tract and the north line of U.S. Highway 66;

THENCE S 89°18'14" W, with the south line of said 73.2744 acre tract, and the north line of U.S. Highway 66, a distance of 1077.53 feet to the POINT OF BEGINNING and containing approximately 37.800 acres of land.

LEGAL DESCRIPTION
LOT 1, BLOCK B
TRACT 2

BEING all that certain lot, tract or parcel of land situated in the M. B. Jones Survey, Abstract No. 122, City of Rockwall, Rockwall County, Texas, and being a portion of a called 41.921 acre tract of land described as Tract 3, in deed to John H. Cullins, recorded in Instrument No. 2008–00396743, Deed Records, Rockwall County, Texas, and being more particularly described as follows:

BEGINNING at a 1/2 inch rebar set with cap stamped "G&A CONSULTANTS", being in the north line of U. S. Highway 66, from which a 1/2 inch rebar found at the southeast corner of said 41.921 acres bears N 88°18'19" E, a distance 724.55 feet;

THENCE S 88°18'19" W, a distance of 553.89 feet with the north line of U. S. Highway 66, to a wooden right–of–way monument found at the southwest corner of said 41.921 acre tract, and being in the east line of F. M. 1141;

THENCE N 02°39'30" W, a distance of 601.94 feet with the east line of F. M. 1141, to a 1/2 inch rebar found;

THENCE N 01°20'56" W, a distance of 314.19 feet continuing with the east line of F. M. 1141, to a 1/2 inch rebar set with cap stamped "G&A CONSULTANTS", being the southwest corner of a called 1.837 acre tract of land described as Tract 1 in deed to Betty Bogard, recorded in Instrument No. 2008–00396742, Deed Records, Denton County, Texas;

THENCE N 89°26'01" E, a distance of 200.01 feet with the south line of said 1.837 acre tract, to a 1/2 inch rebar set with cap stamped "G&A CONSULTANTS", being the southeast corner thereof, and being at an inner ell corner of said 41.921 acre tract;

THENCE N 01°20'56" W, a distance of 400.02 feet with the east line of said 1.837 acre tract, to a 1/2 inch rebar set with cap stamped "G&A CONSULTANTS", being in the south line of a 10.942 acre tract of land described in deed to City of Rockwall, recorded in Instrument No. 2007–00389123, Deed Records, Rockwall County, Texas;

THENCE N 89°26'01" E, a distance of 65.39 feet with the south line of said 10.942 acre tract, to a 1/2 inch rebar set with cap stamped "G&A CONSULTANTS", being the most northwesterly corner of a called 3.989 acre tract of land being titled as "Highway 205 Bypass R.O.W." in City of Rockwall vs. John Cullins and Burks T. Payne, Jr., Cause No. 180–633, recorded in Instrument No. 2009–00410863, Deed Records, Rockwall County, Texas, also known as John King Boulevard;

THENCE Southeasterly with the west line of said 3.989 acre tract and John King Boulevard, the following eight (8) calls:

S 05°14'42" E, a distance of 119.42 feet to a 1/2 inch rebar set with cap stamped "G&A CONSULTANTS";

N 84°45'18" E, a distance of 20.00 feet to a 1/2 inch rebar set with cap stamped "G&A CONSULTANTS";

S 05°14'42" E, a distance of 189.30 feet to a 1/2 inch rebar set with cap stamped "G&A CONSULTANTS";

Southeasterly with a curve to the left having a radius of 2060.00 feet, a central angle of 23°19'48", and an arc length of 838.80 feet, whose chord bears S 16°54'36" E, a distance of 833.02 feet to a 1/2 inch rebar set with cap stamped "G&A CONSULTANTS";

Southeasterly with a curve to the right having a radius of 586.00 feet, a central angle of 07°34'10", and an arc length of 77.42 feet, whose chord bears S 24°47'26" E, a distance of 77.36 feet to a 1/2 inch rebar set with cap stamped "G&A CONSULTANTS";

Southeasterly with a curve to the left having a radius of 314.00 feet, a central angle of 09°39'36", and an arc length of 52.94 feet, whose chord bears S 25°50'09" E, a distance of 52.88 feet to a 1/2 inch rebar set with cap stamped "G&A CONSULTANTS";

S 30°39'57" E, a distance of 32.25 feet to a 1/2 inch rebar set with cap stamped "G&A CONSULTANTS";

S 28°49'11" W, a distance of 60.93 feet to the POINT OF BEGINNIGN and containing approximately 9.894 acres of land.

STATE OF TEXAS :

COUNTY OF DENTON : WHEREAS We, RW Ladera, LLC, are the owners of the hereinabove described property, and, acting by and through our duly authorized representative, do hereby adopt this Final Plat designating the same as Ladera Rockwall, an addition to the City of Rockwall, and do hereby dedicate to the public use forever by fee simple title, free and clear of all liens and encumbrances, all streets, thoroughfares, alleys, parks, trails, water courses, storm drainage facilities, easements, rights–of–way and public places, "and any other property necessary to serve the plat and to implement the requirements of the Subdivision Ordinance and Design Criteria thereon shown" for the purpose and consideration therein expressed.

WITNESS OUR HAND this _____ day of _____, 2019.

John Delin, Authorized Representative

STATE OF TEXAS :
COUNTY OF DENTON : BEFORE ME, THE UNDERSIGNED AUTHORITY personally appeared John Delin, known to me to be the person whose name is subscribed to the foregoing instrument and acknowledged that he executed the same for the purpose and consideration therein expressed and in the capacity therein stated.

GIVEN UNDER MY HAND AND SEAL OF OFFICE this _____ day of _____, 2019.

_____
Notary Public

My commission expires the _____ day of _____, 2019.

(3/22/2019 12:06 PM SH)
- Add note, "4. Property owner is responsible for all maintenance, repair, and reconstruction of drainage and detention systems."

The following is for your information for design
- Construct 8" water line with a fire hydrant at the end. OR connect to 12" water line under Washington. Fire hydrant required.
- Engineering and impact fees apply
- Must get private sewer easement to connect to sewer line at the back of property across Nash. City needs a copy of the filing information.

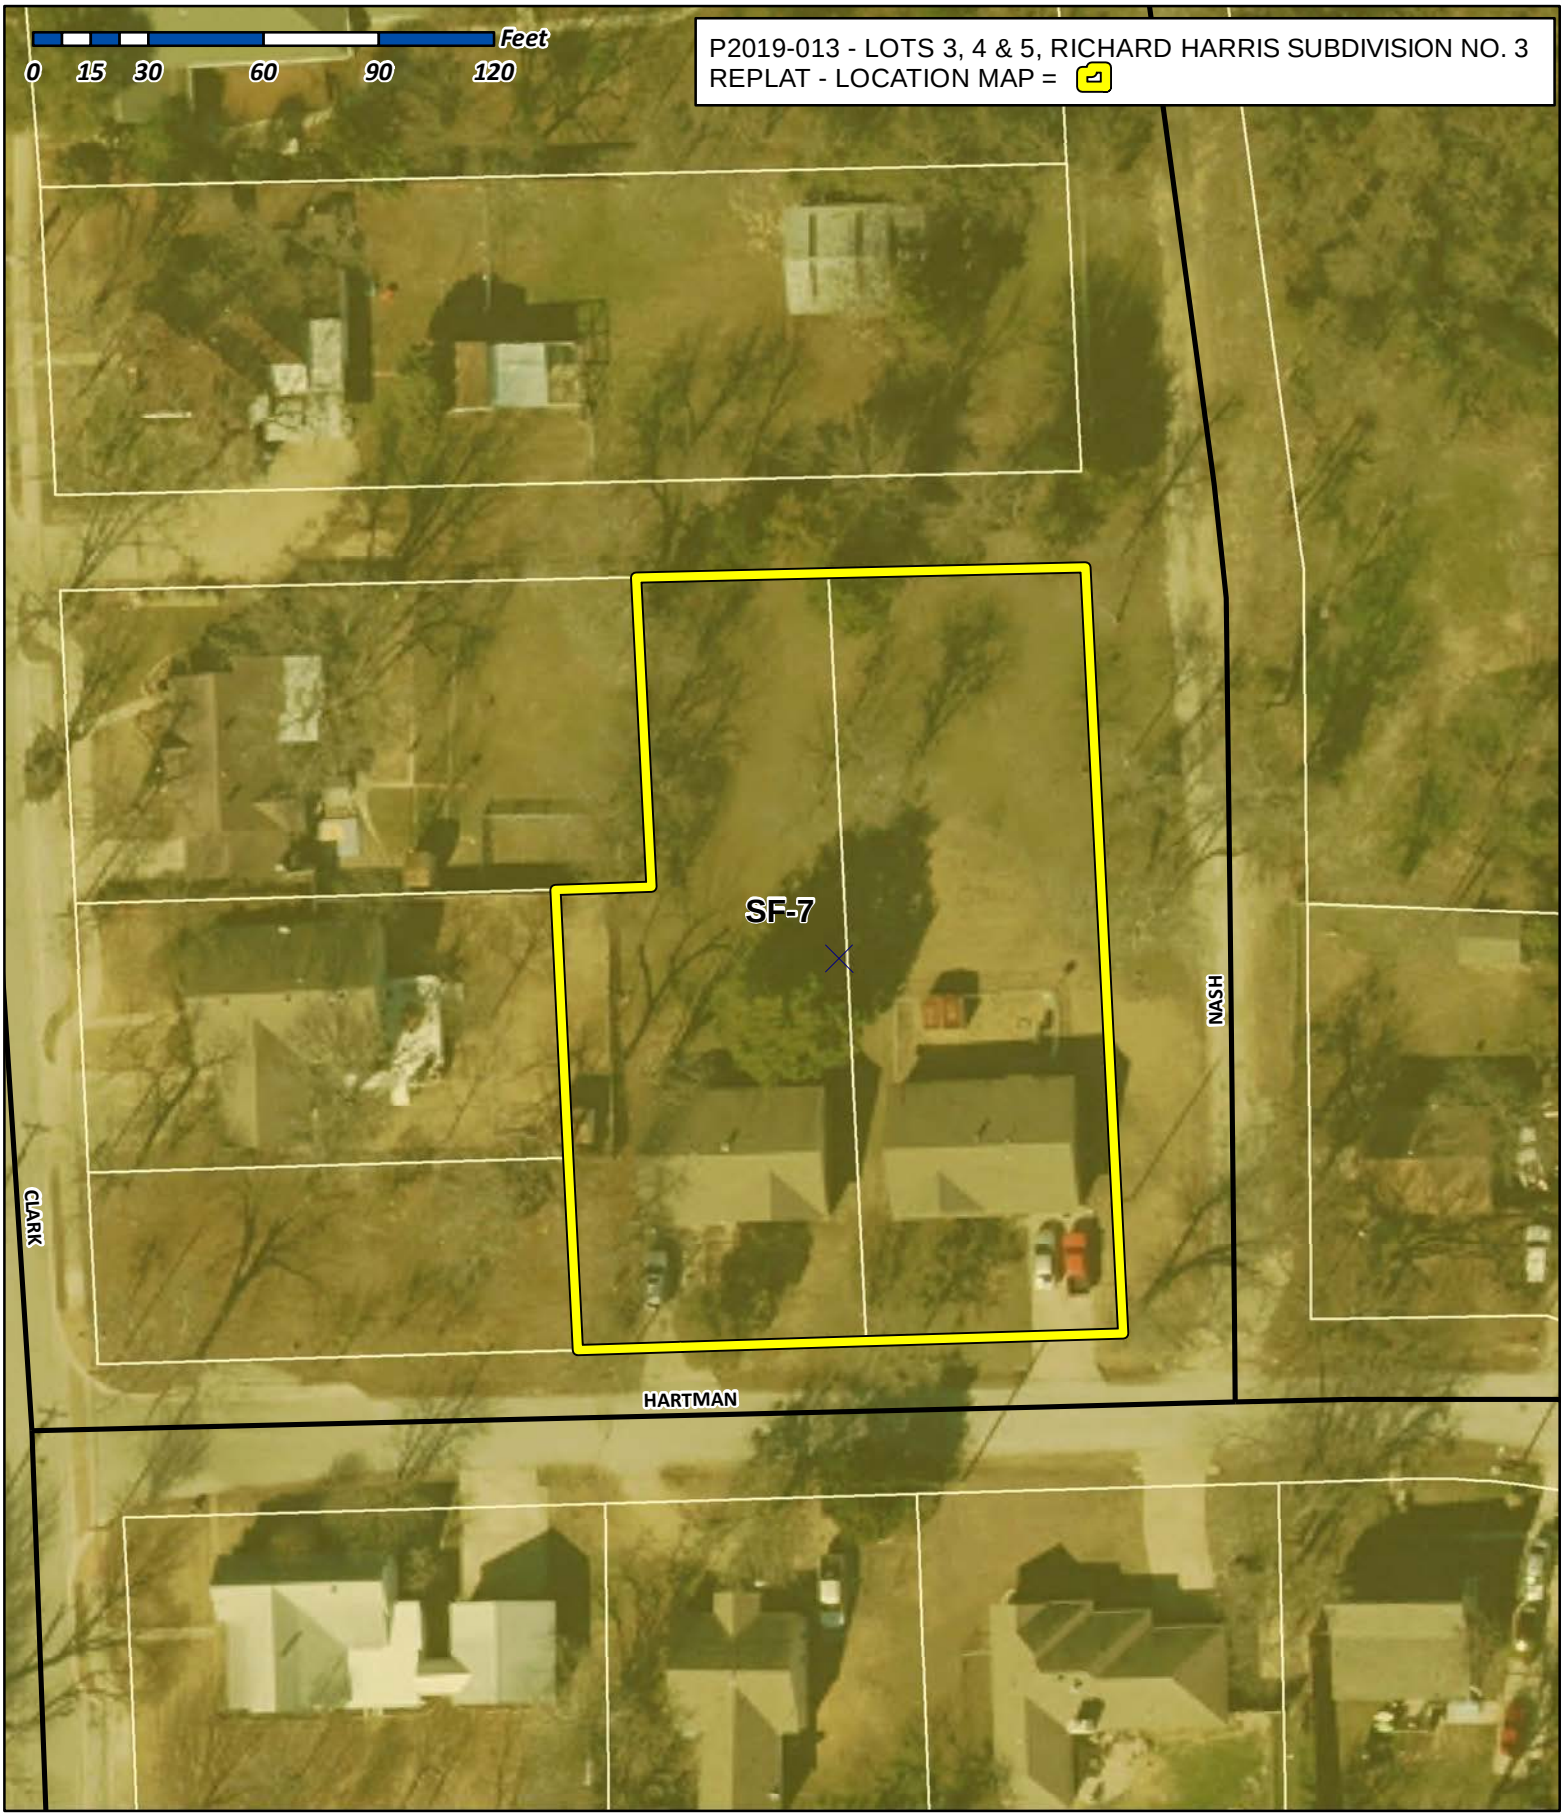
P2019-013 Lots 3, 4, & 5, Block A, Richard Harris Subdivision No. 3 Addition

Please address the following comments (M= Mandatory Comments; I = Informational Comments).

I.1 This is a request by Dean Cathey of Dean Cathey Custom Homes, Inc. for the approval of a replat for Lots 3, 4 & 5, Block A, Richard Harris Subdivision No. 3 Addition being a 0.57-acre tract of land identified as Lots 1 & 2, Block A, Richard Harris Subdivision No. 3 Addition, City of Rockwall, Rockwall County, Texas, zoned Single Family 7 (SF-7) District, addressed as 705 & 707 Hartman Street..

I.2 For questions or comments concerning this case, please contact Korey Brooks in the Planning Department at (972) 772-6434 or email kbrooks@rockwall.com.

M.3 For reference, include the case number (P2019-013) in the lower right hand corner of all pages on future submittals.



M.4 Please add “Addition” to subdivision name in title block and legal description.

M.5 Please note, the numbers in the callouts are not clear.

M.6 Please note, the callout to the west of Lot 5 does not match the dedication language. The callout says …E 134.77’ and the legal description says W.

I.6 The Planning and Zoning Worksession for this case is March 26, 2019. The Park Bpard Meeting for this case is April 2. The Planning and Zoning Commission Meeting for this case is April 9. The City Council Meeting is April 15.

M.7 Please submit revisions by April 2, 2019.

THENCE S. 88 deg. 43 min. 10 sec. E. a distance of 120.38 feet to the POINT OF BEGINNING and containing 25,036 square feet or 0.57 acres of land.

NOW, THEREFORE, KNOW ALL MEN BY THESE PRESENTS:

STATE OF TEXAS
COUNTY OF ROCKWALL

I the undersigned owner of the land shown on this plat, and designated herein as RICHARD HARRIS SUBDIVISION NO. 3, LOTS 3, 4 & 5, BLOCK A, an Addition to the City of Rockwall, Texas, and whose name is subscribed hereto, hereby dedicate to the use of the public forever all streets, alleys, parks, water courses, drains, easements and public places thereon shown on the purpose and consideration therein expressed. I further certify that all other parties whohave a mortgage or lien interest in the subdivision have been notified and signed this plat.

I understand and do hereby reserve the easement strips shown on this plat for the purposes stated and for the mutual use and accommodation of all utilities desiring to use or using same.

I also understand the following;

1. No buildings shall be constructed or placed upon, over, or across the utility easements as described herein.

2. Any public utility shall have the right to remove and keep removed all or part of any buildings, fences, trees, shrubs, or other growths or improvements which in any way endanger or interfere with construction, maintenance or efficiency of th eir respective system on any of these easement strips; and any public utility shall at all times have the right of ingress or egress to, from and upon the said easement strips for purpose of construction, reconstruction, inspecting, patrolling, maint aining, and either adding to or removing all or part of their respective system without the necessity of, at any time, procuring the permission of anyone.

3. The City of Rockwall will not be responsible for any claims of any nature resulting from or occasioned by the establishment of grade of streets in the subdivision.

4. The developer and subdivision engineer shall bear total responsibility for storm drain improvements.

5. The developer shall be responsible for the necessary facilities to provide drainage patterns and drainage controls such that properties within the drainage area are not adversely affected by storm drainage from the development.

6. No house dwelling unit, or other structure shall be constructed on any lot in this addition by the owner or any other person until the developer and/or owner has complied with all requirements of the Subdivision Regulations of the City of Roc kwall regarding improvements with respect to the entire block on the street or streets on which property abuts, including the actual installation of streets with the required base and paving, curb and gutter, water and sewer, drainage structures, sto rm structures, storm sewers, and alleys, all according to the specifications of the City of Rockwall; or
Until an escrow deposit, sufficient to pay for the cost of such improvements, as determined by the city's engineer and/or city administrator, computed on a private commercial rate basis, has been made with the city secretary, accompanied by an agreement signed by the developer and/or owner, authorizing the city to make such improvements at prevailing private commercial rates, or have the same made by a contractor and pay for the same out of the escrow deposit, should the developer an d/or owner fail or refuse to install the required improvements within the time stated in such written agreement, but in no case shall the City be obligated to make such improvements itself. Such deposit may be used by the owner and/or developer as p rogress payments as the work progresses in making such improvements by making certified requisitions to the city secretary, supported by evidence of work done; or

Until the developer and/or owner files a corporate surety bond with the city secretary in a sum equal to the cost of such improvements for the designated area, guaranteeing the installation thereof within the time stated in the bond, which time shall be fixed by the city council of the City of Rockwall.

I further acknowledge that the dedications and/or exaction's made herein are proportional to the impact of the subdivision upon the public services required in order that the development will comport with the present and future growth needs of the City; I , my successors and assigns hereby waive any claim, damage, or cause of action that I may have as a result of the dedication of exaction's made herein.

_____
RICHARD HARRIS
FOR RIJU LTD PARTNERSHIP

STATE OF TEXAS
COUNTY OF ROCKWALL

Before me, the undersigned authority, on this day personally appeared RICHARD HARRIS known to me to be the person whose name is subscribed to the foregoing instrument, and acknowledged to me that he executed the same for the purpose and consideration therein stated.
Given upon my hand and seal of office this _____day of _____, _____.

_____ _____
Notary Public in and for the State of Texas My Commission Expires:

NOTE: It shall be the policy of the City of Rockwall to withhold issuing building permits until all streets, water, sewer and storm drainage systems have been accepted by the City. The approval of a plat by the City does not constitute any representa tion, assurance or guarantee that any building within such plat shall be approved, authorized or permit therefore issued, as required under Ordinance 83-54.

SURVEYOR'S CERTIFICATE

NOW, THEREFORE KNOW ALL MEN BY THESE PRESENTS:

THAT I, Harold D. Fetty, III, R.P.L.S. No. 5034, do hereby certify that I prepared this plat from an actual and accurate survey of the land, and that the corner monuments shown thereon were properly placed under my personal supervision.

(3/21/2019 4:29 PM SH)
- 4% Engineering Fees
- Impact Fees
- Must replat to remove easements.
- Walls 3' and over must be designed by an engineer. All retaining walls must be rock or stone face. No smooth concrete walls.
- Show all utility relocations.
- Where are you tying in the domestic meter?
- Min 20' wide easements.
- Must match existing drainage basins for Lot 10.
- Dumpster to drain to an oil/water separator before going to the storm lines.
- Include tree mitigation for trees in the breeze way.
- Where the existing curbs are being cut, the cut must be 2' into the paving to prevent chipping later.
- 3000psi (5.5 sack mix) 3600psi (6.5 sack mix) Rebar for concrete?
- Must meet all City Standards of Design and Construction.
- Note 4. on the landscape sheet should read, "No trees within 5' of utilities"
- See mark up

|---|---|---|---|---|---|---|---|
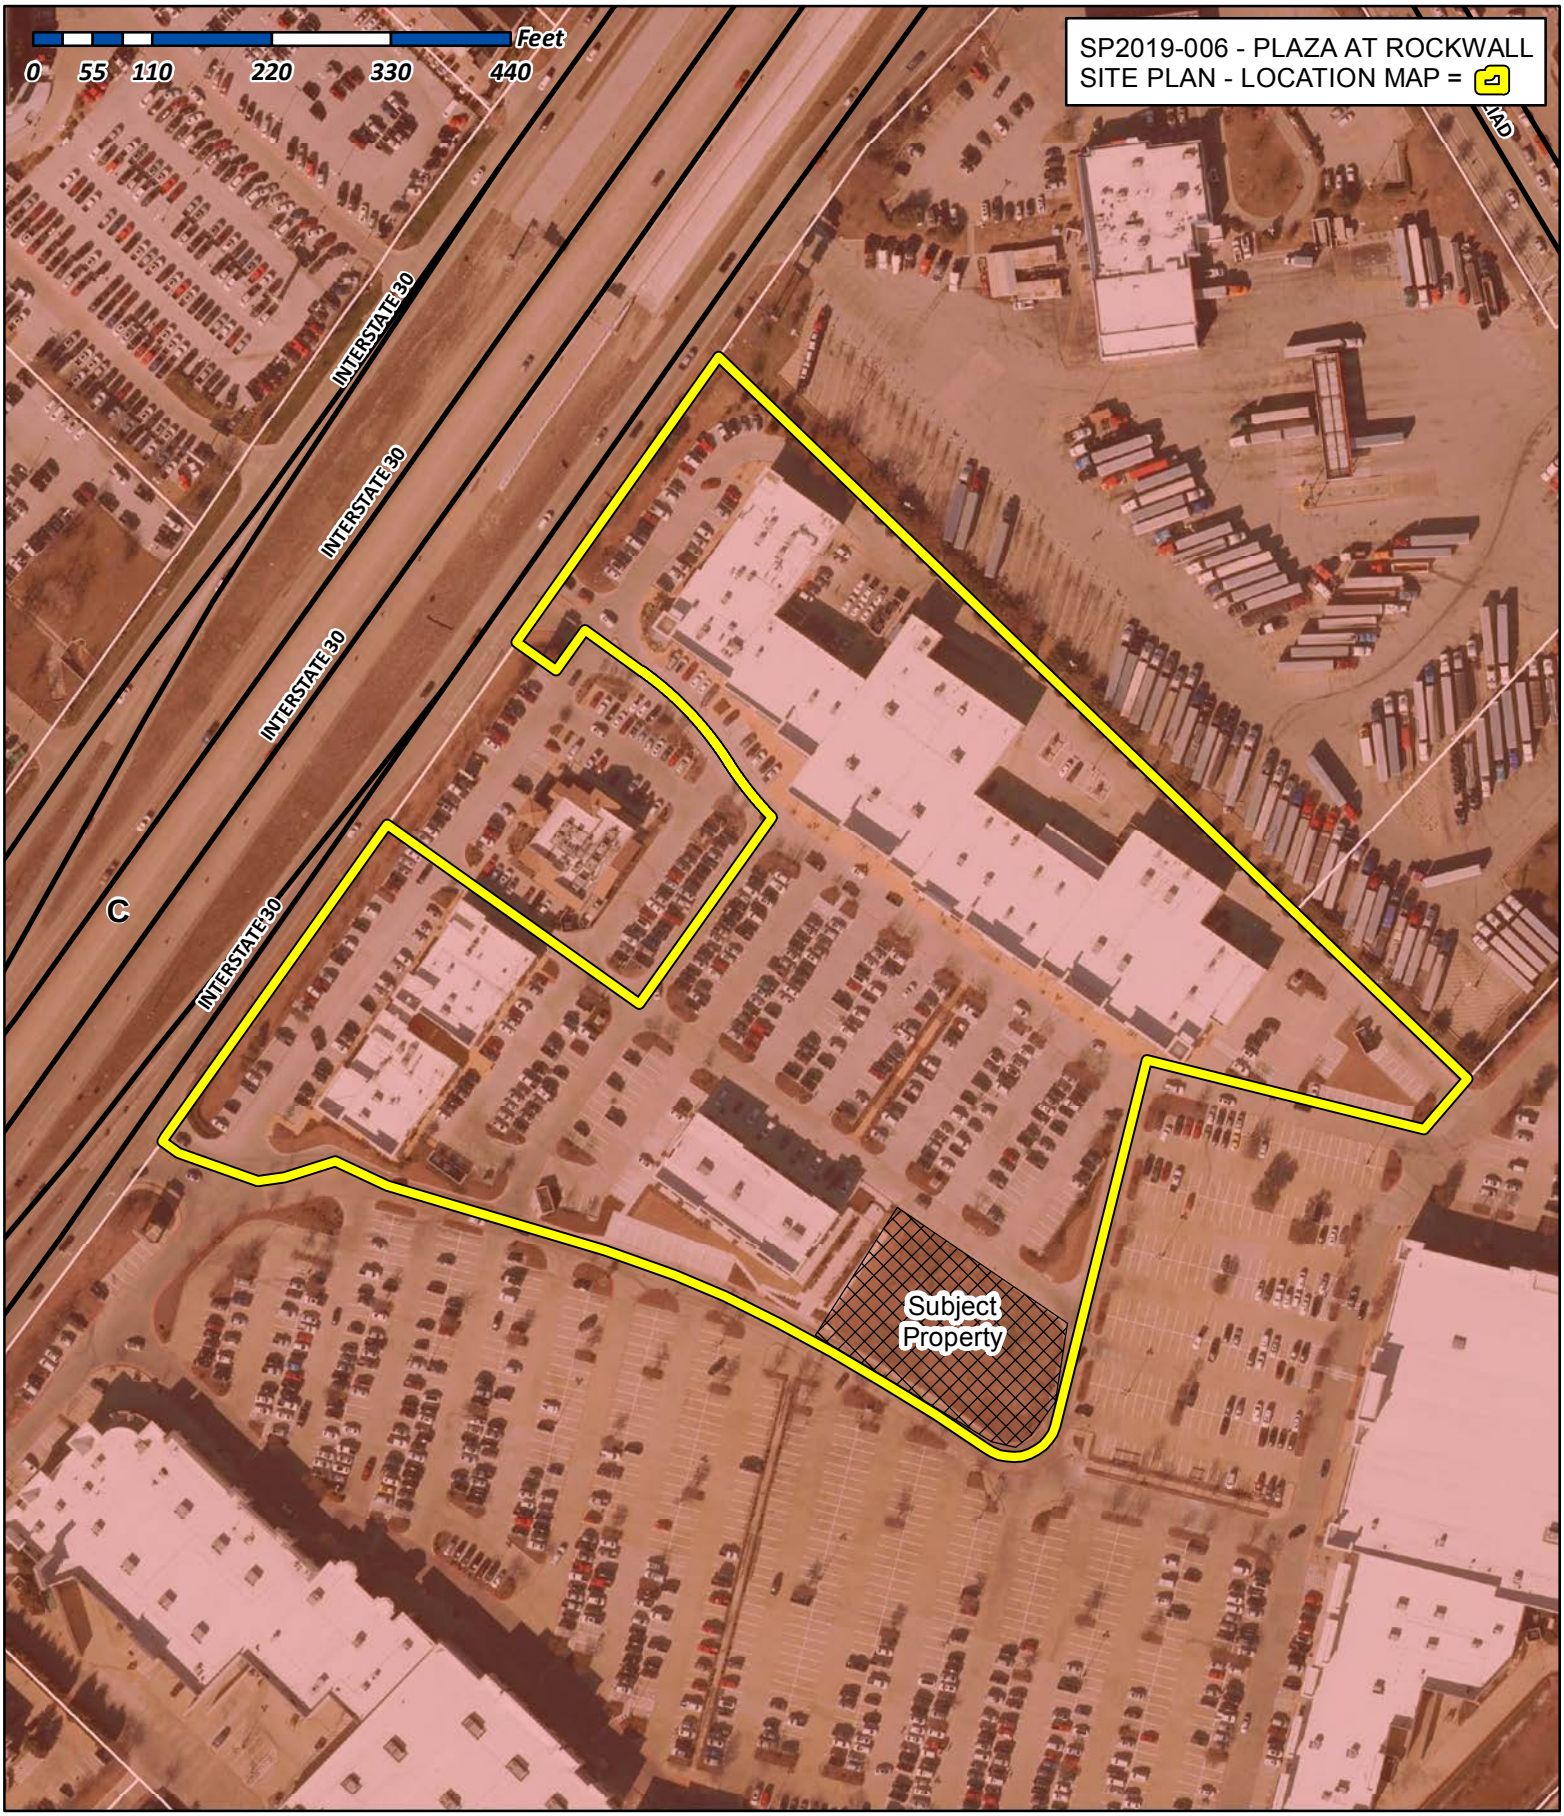
| SP2019-006 Site Plan for Rockwall Plaza: Please address the following comments (M= Mandatory Comments; I = Informational Comments)<br><br>1. This is a request by Marla Mauricio of Kimley-Horn and Associates, Inc. on behalf of Steve Russell of Excel Rockwall, LLC (ShopCore Properties, LLC) for the approval of a site plan for a commercial retail building on a 0.69-acre portion of a larger 11.125-acre parcel of land being identified as Lot 11, Block A, Rockwall Business Park East Addition, City of Rockwall, Rockwall County, Texas, zoned Commercial (C) District, situated within the IH-30 Overlay (IH-30 OV) District, addressed as 1041 E. IH-30<br>2. For questions or comments concerning this case please contact Korey Brooks in the Planning Department at (972) 772-6434 or email kbrooks@rockwall.com.<br>3. For reference, include the case number (SP2019-006) in the lower right hand corner of all pages on future submittals.<br>4. Site Plan. Please indicate patio on site plan and use a different line-weight. It appears to be an extension of the building as drawn.<br>5. Site Plan. Please dimension the projections (length and width).<br>6. Site Plan. Please note, this will need a variance to horizontal articulation in order to match existing buildings.<br>7. Site Plan. Please provide note that the dumpster enclosure shall be 8-feet tall, constructed of same masonry as the building, and have a self-latching opaque gate.<br>8. Site Plan. The site plan seems to show two retaining walls within close proximity. What is the distance between the two walls and how will that area be maintained?<br>9. Site Plan. Is it possible to provide some type of beautification to the alley between the buildings (since that area was originally supposed to be a park)? Previous variances were approved due to the agreement of the park area.<br>10. Site Plan. Please change "Property Description" table to Site Data Table and provide on each sheet—Also, please provide the additional highlighted information.The lower left corner of the title block of each sheet should be the project information.<br>11. Site Plan. Please try to show more of the adjacent properties (in greyscale) and label.<br>12. Landscape Plan. Please provide the proposed park area v.s. existing approved park area and list any amenities above and beyond the approved plan.<br>13. Landscape Plan. Please provide site data table as shown on site plan.<br>14. Landscape Plan. Please try to show more of the adjacent properties (in greyscale) and label.<br>15. Landscape Plan. Will there be any fencing on the patio and park areas?<br>16. Floor Plan. Please note that the floor plan is not reviewed during this phase so it does not need to be provided.<br>17. Building Elevations. Please provide site data table.<br>18. Building Elevations. Please subtract the windows from the exterior building material percentages.<br>19. Building Elevations. Please indicate roof-mounted equipment and indicate how it will be screened.<br>20. Building Elevations. Is the "textured concrete" stucco? If so, please indicate. Also, will this be a tilt-up wall? This requires a variance.<br>21. Building Elevations. Please match existing building with regard to exterior building materials (it appears that you are matching, based on your legend).<br>22. Building Elevations. Please note that this will need a variance to vertical articulation.<br>23. Building Elevations. Please provide a sheet showing the dumpster enclosure elevations.<br>24. A rendering of the park would be very helpful since it deviates substantially from the approved park.<br>25. Photometric Plans. Please provide cut sheets for fixtures. Also will the fixtures be the same as on the adjacent building?<br>26. The Architectural Review Board (ARB) meeting for this case will be held on March 26, 2019 at 5:00 p.m.<br>27. Staff has identified the aforementioned items necessary to continue the submittal process. Please make these revisions and corrections, and provide any additional information that is requested. Revisions for this case will be due on April 2, 2019. The Planning and Zoning Worksession for this case will be March 26, 2019, at 6:00 p.m. The Planning and Zoning Meeting will be April 9, 2019 | | | | | | | |
| Police Department | Police Department | 3/22/2019 | 3/29/2019 | 3/22/2019 | | COMMENTS | Comments |

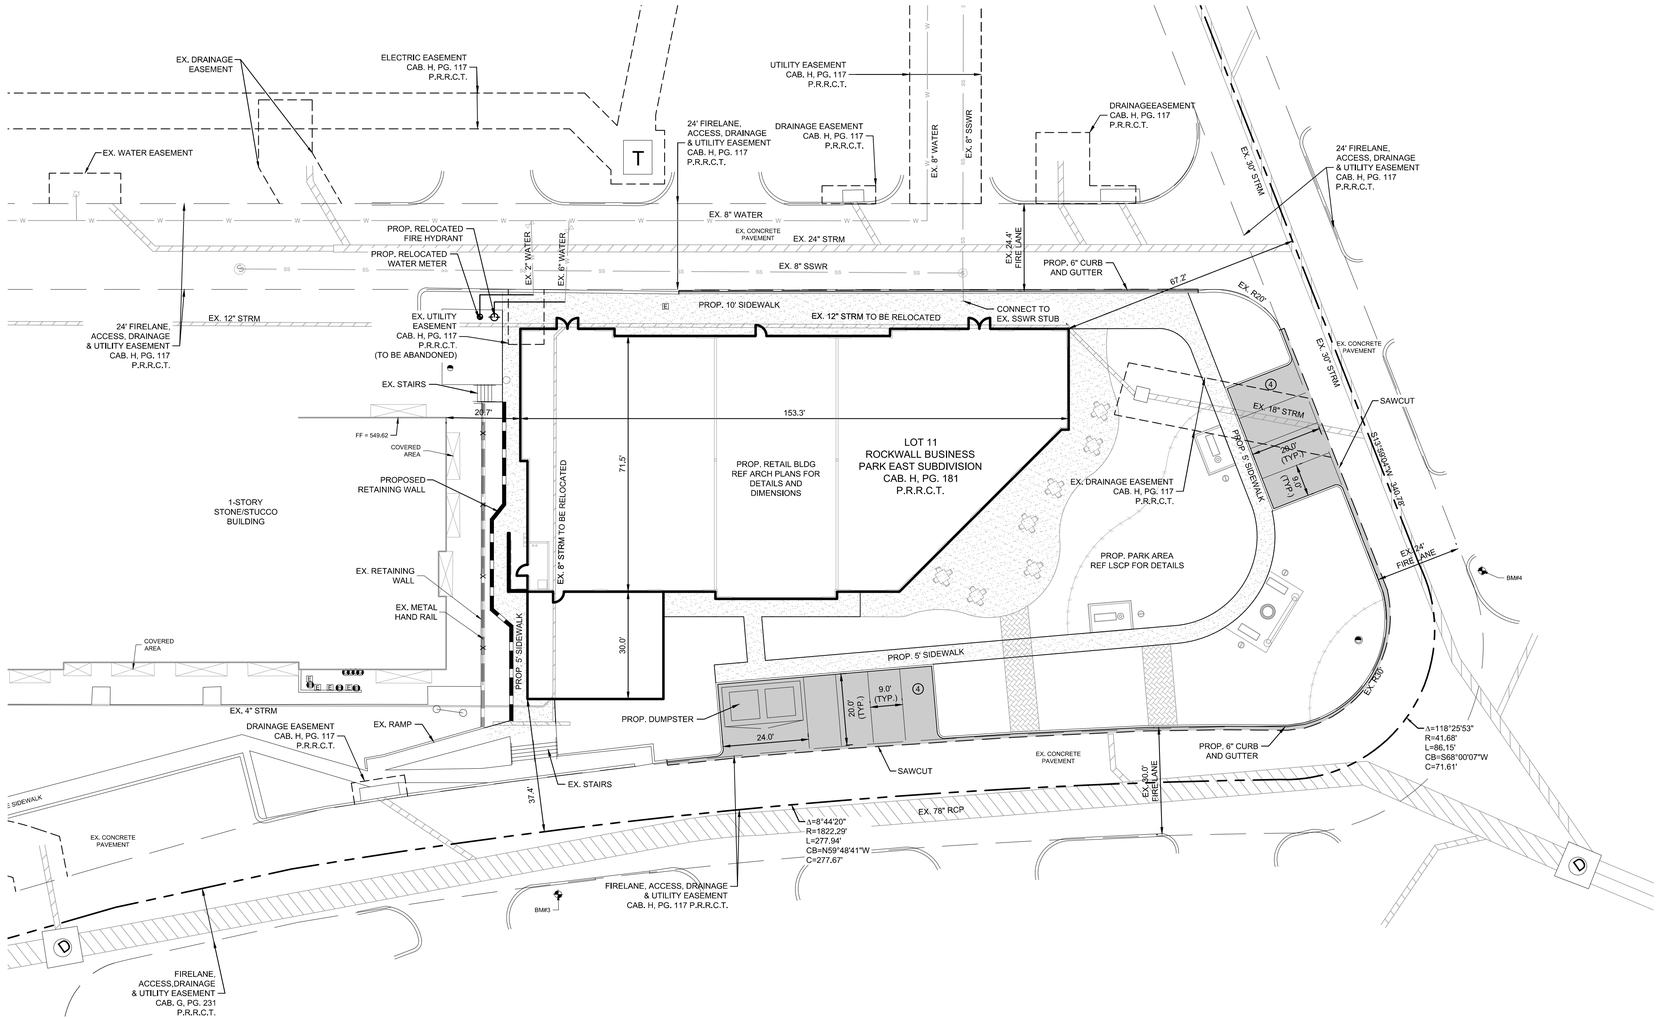


Considerations:

- Bollards at or near the front of business to prevent a vehicle from intentionally or accidentally entering the front of the business. The bollards aesthetic(s) would be dictated by the business and city code(s).

- Assuming there are exterior receptacles (dumpsters and recycle) at the location. Receptacle Locations (Areas outside of the business) should be secured to prevent opportunities for criminal activity (Savaging). Prevention would include locking barriers (fencing) around receptacles and lighting to determine any criminals. The lower portion of fencing should be raised from the ground with enough clearance so that approaching employees would be capable of seeing if anyone is inside receptacle holding area prior to entering.

- Lighting around the rear of business should be within specifications dictated by city code and provide enough illumination to discourage anyone who does not have business at the location to leave the area.



- Soft, ground wash (Base of trees upward) lighting along rear tree lines to eliminate dark areas which could conceal someone.

# AGENDA
## PLANNING AND ZONING COMMISSION PUBLIC HEARING
## City Hall, 385 South Goliad, Rockwall, Texas
## Council Chambers
## April 9, 2019
## 6:00 P.M.

**CALL TO ORDER**

***CONSENT AGENDA***

1. Approval of Minutes for the *March 12, 2019* Planning and Zoning Commission meeting.

2. **P2019-010** (David)
   Consider a request by Michael Duval of G&A/McAdams on behalf of John Delin of RW Ladera, LLC for the approval of a final plat for Lot 1, Block A and Lot 1, Block B, Ladera Rockwall Addition being a 47.694-acre tract of land identified as a portion of Tract 4-01 and all of Tract 5 of the M. B. Jones Survey, Abstract No. 122, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 85 (PD-85) for General Retail (GR) and Single-Family 7 (SF-7) District land uses, situated within the 205 By-Pass Overlay (205 BY-OV) and the East SH-66 Overlay (E SH-66 OV) District, located at the northeast and northwest corners of the intersection of SH-66 and John King Boulevard, and take any action necessary.

3. **P2019-016** (David)
   Consider a request by Kevin Patel of Triangle Engineering, LLC for the approval of a replat for Lot 2 of the Cain Properties #1 Addition being a 1.233-acre parcel of land identified as a portion of Lot 1 and Lot 1R of the Cain Properties #1 Addition, City of Rockwall, Rockwall County, Texas, zoned Downtown (DT) District, situated within the SH-66 Overlay (SH-66 OV) District, located north of the intersection of S. Goliad Street [*SH-205*] and Storrs Street, and take any action necessary.

***APPOINTMENTS***

4. Appointment with Architectural Review Board representative to receive the Board's recommendations and comments for items on the agenda requiring architectural review.

***PUBLIC HEARING ITEMS***

5. **P2019-013** (Korey)
   Hold a public hearing to discuss and consider a request by Dean Cathey of Dean Cathey Custom Homes, Inc. for the approval of a replat for Lots 3, 4 & 5, Block A, Richard Harris Subdivision No. 3 Addition being a 0.57-acre tract of land identified as Lots 1 & 2, Block A, Richard Harris Subdivision No. 3 Addition, City of Rockwall, Rockwall County, Texas, zoned Single Family 7 (SF-7) District, addressed as 705 & 707 Hartman Street, and take any action necessary.

6. **Z2019-004** (Korey)
   Hold a public hearing to discuss and consider a request by Sandie Wood for the approval of a Specific Use Permit (SUP) for a *guest quarters/secondary living unit* that does not meet the minimum requirements as stipulated by Article IV, *Permissible Uses*, of the Unified Development Code (UDC) on a 3.574-acre parcel of land identified as Lot 1, Block A, Wood Estates Addition, City of Rockwall, Rockwall County, Texas, zoned Single-Family 7 (SF-7) District, addressed as 207 Nash Street, and take any action necessary.

7. **Z2019-005** (Ryan)
   Hold a public hearing to discuss and consider a request by Kent Donahue of Donahue Development Corporation on behalf of the owner Rockwall Highgate LTD for the approval of a zoning change from an Agricultural (AG) District to a Planned Development District for Single Family 7 (SF-7) District land uses on a 264.510-acre tract of land identified as Tracts 17-13 [*50.0-acres*], 17-14 [*26.452-acres*], 17-15 [*134.33-acres*], 17-16 [*43.6-acres*], & 40-8 [*8.79-acres*] of the W. W. Ford Survey, Abstract No. 80, City of Rockwall, Rockwall County, Texas, zoned Agricultural (AG) District, located on the east side of SH-205 (S. Goliad Street) south of the intersection of SH-205 and FM-549, and take any action necessary.

8. **Z2019-006** (David)
   Hold a public hearing to discuss and consider a request by Mark W. Pross of Pross Design Group, Inc. on behalf of Carolina Molina of Alvaplast US (SPR Packaging) for the approval of a Specific Use Permit (SUP) for a structure that exceeds 60-feet in a Light Industrial (LI) District on a 42.61-acre tract of land identified as

Tract 7 of the N. Butler Survey, Abstract No. 20 (*11.3736-acres*); Tract 31 of the R. Ballard Survey, Abstract No. 29 (*8.197-acres*); and, Lot 1-01, Block 1, Indalloy Addition (*14.53-acres*), City of Rockwall, Rockwall County, Texas, zoned Light Industrial (LI) District, situated at the terminus of Aluminum Plant Road, and take any action necessary.

9. **Z2019-007** **(David)**
   Hold a public hearing to discuss and consider a request by Ruben Garcia and Brandon Mullins on behalf of Forrest B. Davis Jr. for the approval of a Specific Use Permit (SUP) for *outdoor commercial amusement/recreation* in conjunction with an existing Craft/Micro Brewery on a 1.215-acre parcel of land identified as Lot 1-F, Bodin Industrial Addition, City of Rockwall, Rockwall County, Texas, zoned Light Industrial (LI) District, situated within the IH-30 Overlay (IH-30 OV) District, addressed as 2015 Kristy Lane, and take any action necessary.

10. **Z2019-008** **(Ryan)**
    Hold a public hearing and consider a request by James Ziegler of PegasusAblon on behalf of Rockwall Rental Properties, LP for the approval of a PD Development Plan amending *Ordinance No. 17-64* and in accordance with *Ordinance No. 17-22*, for a 7.344-acre tract of land identified as Lot 9, Block A, Harbor-Rockwall Addition and Tract 16 of the M. J. Barksdale Survey, Abstract No. 11, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 32 (PD-32), situated within the IH-30 (IH-30) Overlay District, located at the southwest corner of the intersection of the IH-30 frontage road and Lakefront Trail, and take any action necessary.

***ACTION ITEMS***

11. **SP2019-006** **(Korey)**
    Discuss and consider a request by Marla Mauricio of Kimley-Horn and Associates, Inc. on behalf of Steve Russell of Excel Rockwall, LLC (ShopCore Properties, LLC) for the approval of a site plan for a commercial retail building on a 0.69-acre portion of a larger 11.125-acre parcel of land being identified as Lot 11, Block A, Rockwall Business Park East Addition, City of Rockwall, Rockwall County, Texas, zoned Commercial (C) District, situated within the IH-30 Overlay (IH-30 OV) District, addressed as 1041 E. IH-30, and take any action necessary.

***DISCUSSION ITEMS***

12. Director's Report of post Council meeting outcomes of Planning & Zoning cases **(Ryan)**.

- ✓ P2019-006: Replat for Lots 6 & 7, Market Center East Addition [*Approved*]
- ✓ P2019-009: Replat for Lot 4, Block E, Rockwall Technology Park Addition [*Approved*]
- ✓ P2019-014: Replat for Lots 16 & 17, Alliance Addition [*Approved*]
- ✓ Z2019-003: SUP for a Private Sports Arena, Stadium or Track (*2nd Reading*) [*Approved*]

**ADJOURNMENT**

This facility is wheelchair accessible and accessible parking spaces are available. Request for accommodations or interpretive services must be made 48 hours prior to this meeting. Please contact the City Secretary's Office at (972) 772-6406 for further information.

I, Laura Morales, Planning and Zoning Coordinator for the City of Rockwall, Texas, do hereby certify that this Agenda was posted at City Hall, in a place readily accessible to the general public at all times, on the 5th day of April 2019 at 5:00 p.m., and remained so posted for at least 72 continuous hours preceding the scheduled time of said meeting.

# MINUTES
## PLANNING AND ZONING COMMISSION PUBLIC HEARING
## City Hall, 385 South Goliad, Rockwall, Texas
## Council Chambers
## March 12, 2019
## 6:00 P.M.

I. CALL TO ORDER

**Vice-Chairman Chodun called the meeting to order at 6:01 p.m. The Commissioners present at the meeting were, Jerry Welch, Annie Fishman, and John Womble. Absent from the meeting were Commissioners Johnny Lyons, Tracey Logan and Mark Moeller. Staff members present were Planning Director, Ryan Miller, Planning Manager, David Gonzales, Senior Planer Korey Brooks, City Engineer, Amy Williams, Civil Engineers, Jeremy White and Sarah Hager.**

II. CONSENT AGENDA

1. Approval of Minutes for the *January 29, 2019* Planning and Zoning Commission meeting.

2. Approval of Minutes for the February 12, 2019 Planning and Zoning Commission meeting.

3. P2019-009

Consider a request by Mathias Haubert of Bohler Engineering on behalf of Daniel J. Porter of Dynamic Development for the approval of a replat for Lot 1, Block A, Brakes Plus Addition being a 0.653-acre tract of land currently identified as Lots 1 & 2, Billy Peoples #1 Addition, City of Rockwall, Rockwall County, Texas, zoned General Retail (GR) District, situated within the SH-205 Overlay (SH-205 OV) District, addressed as 1902 & 2000 S. Goliad Street [*SH-205*], and take any action necessary.

4. SP2019-005

Consider a request by Pat Atkins of the Saddle Star Land Development, LLC on behalf of CDT Rockwall/2017 LLC for the approval of a site plan for the Saddle Star South Subdivision containing 138 single-family residential lots on a 55.85-acre tract of land identified as Tracts 1, 1-5 & 2-03 of the P. B. Harrison Survey, Abstract No. 97, City of Rockwall, Rockwall County, Texas, zoned Agricultural (AG) District and Planned Development District 79 (PD-79) for Single-Family 8.4 (SF-8.4) District land uses, situated within the SH-205 By-Pass Overlay (SH-205 BY-OV) District, located on the north side of John King Boulevard east of the intersection of Featherstone Drive John King Boulevard, and take any action necessary.

**Commissioner Welch made a motion to approve the consent agenda. Commissioner Fishman seconded the motion which passed by a vote of 4-0 with Commissioners Lyons, Moeller and Logan.**

III. APPOINTMENTS

5. Appointment with Architectural Review Board representative to receive the Board's recommendations and comments for items on the agenda requiring architectural review.

**Architectural Review representative gave a brief explanation concerning agenda items that were discussed at the Architectural Review Board meeting.**

IV. PUBLIC HEARING ITEMS

6. Z2019-003

Hold a public hearing to discuss and consider a request by Jeff Bresee of SET Engineers on behalf of James Watson of the Rockwall Independent School District (RISD) for the approval of a Specific Use Permit (SUP) for a *Private Sports Arena, Stadium or Track* on a 35.295-acre parcel of land identified as Lot 1, Block A, Rockwall High School Addition, City of Rockwall, Rockwall County, Texas, zoned

Commercial (C) District, situated within the IH-30 Overlay (IH-30 OV) District, addressed as 901 W. Yellow Jacket Lane, and take any action necessary.

**Senior Planner, Korey Brooks, provided a brief explanation of the request. The applicant is requesting the approval of a Specific Use Permit for a Private Sports Arena, Stadium, or Track on the subject property. Currently, the Rockwall Independent School District utilizes this area as an existing multi-purpose field that serves as a practice facility for various sports. According to the applicant, in order to protect vehicles and/or patrons of the commercial businesses (Rooms-To-Go, Heritage Buick-GMC, Texas Roadhouse and the future Marriott Towneplace Suites hotel) adjacent to the field, the school is requesting to construct a 40-foot fence/netting combination around the perimeter of the field. The applicant is proposing to replace the existing natural grass field with artificial turf, to utilize a ten foot tall black vinyl coated chain link fence installed one foot inside the boundaries of the practice field. The fence will be topped with 30-foot tall black netting and lights, which will be installed at the top of the poles adjacent to the north and south boundaries of the field. The proposed field will be serve as a practice field for the school's sports teams, intramural sports, physical education classes, and some other uses not identified by the applicant. According to the applicant, the field will be utilized mostly during the day; however, the applicant intends on the field being utilized, on a limited basis at night. According to the applicant, this project is a part of the Rockwall Independent School District's bond program that includes a provision for a practice facility for the softball and baseball team and granting this request will enable the field to be more functional and meet that purpose.**

**Mr. Brooks further noted that according to the Unified Development Code the maximum allowable light intensity measured at the property line of any non-residentially zoned lot shall be 0.2 of one footcandle and goes on to state that for planned shopping centers or other commercial developments that contain more than one lot, the Planning and Zoning Commission may consider lighting plans that result in light spillover across common lots within the same development however; in no case shall light levels exceed 0.2 of one footcandle at the property lines adjacent to the street and/or along the perimeter of the development. In this case, the photometric plan submitted by the applicant shows that the light intensity along the east and west boundaries range from 0.1 FC to 0.3 FC. Along the north and south boundaries where the lights will be installed, the light intensity range from 0.1 FC to 0.9 FC. This practice field is located toward the rear of the school away from the property lines adjacent to the street and this request does not appear to affect the light intensity levels adjacent to the street adjacent to Yellow Jacket Lane. Since the proposed lighting exceeds the maximum light intensity of 0.2 FC at the southeast property line approving this request will effectively waive the lighting requirements with regard to lighting spillover. Additionally, the Unified Development Code requires that light sources be oriented down and toward the center of the site or shielded so as not to be visible from the property line. The proposed light fixtures will be oriented toward the center of the site and partially shielded; however, due to the proposed use combined the height of the light poles, there is a possibility that the lights will be visible from the property line. Since this does not meet the requirements of the UDC, approving this request will effectively waive the lighting requirements with regard to the shielding and orientation of the lights. In this case, the proposed light fixtures will be mounted on the top of 40-foot tall light poles and oriented toward the field. Since this exceeds the maximum allowable height of 30-feet, approval of this request will effectively waive the lighting requirements with regard to the maximum allowable height of light poles within the IH-30 Overlay District. The Planning and Zoning Commission is tasked with determining if the existing buildings provide sufficient screening of the adjacent public areas, if additional screening/landscaping is required, and/or if approval of this request is warranted. Additionally should this request be approved, staff has recommended to the applicant to provide a thick vegetative screening along the adjacent property lines outside of the fence, which consists of a combination of mature trees, bushes, and tall grasses. This will require the applicants to provide staff with an updated concept plan reflecting the proposed screening. Additionally, this may require that the proposed fence is shifted inward to accommodate the additional landscaping.**

**Mr. Brooks went on to share that on February 22, 2019, staff mailed notifications to 39 property owners/residents within 500-feet of the subject property and notified the Turtle Cove and Waterstone Homeowner's. Staff did not receive any notices concerning this case.**

**Mr. Brooks advised the Commission that the applicant was present and available for questions as well as staff.**

**Vice-Chairman Chodun asked the applicant to come forward.**

**Tim Lyssy**
**1191 TL Townsend Drive**
**Rockwall, TX**

**Mr. Lyssy came forward and indicated he is the project manager for Rockwall ISD and provided a brief explanation of the request. He indicated he was available for questions.**

**Vice-Chairman Chodun asked if the bond package restricted the use only for the high schools use. Mr. Lyssy indicated that was correct it would be strictly for the high schools practice use. Commissioner Fishman asked what the evening use of the field would involve. Mr. Lyssy indicated that it would vary throughout the year depending on the season and what sports are active.**

**Commissioner Welch shared that his one concern is with the hotel that will be built adjacent to this where there may be any bleed over from the lighting that may pose a problem. Mr. Brooks indicted that the site plan for the hotel in question shows there will not be any windows on the east and west side that would face the field. Mr. Lyssy added that the lights they will be using are LED lights that will be aiming directly at the field to keep as much of the light on site as possible.**

**Vice-Chairman opened up the public hearing and asked if anyone wished to speak to come forward and speak.**

**Bob Wacker**
**309 Featherstone Drive**
**Rockwall, TX**

**Mr. Wacker came forward and shared that when he moved to his home he was concerned with lighting and noise that the Williams Middle School football stadium that was located behind him may create, however neither turned out to cause a problem. He feels it will be the same case with this field therefore he is in favor of the request.**

**Vice-Chairman Chodun asked if there was anyone else that wished to speak to come forward and do so, there being no one indicating such; Vice-Chairman Chodun closed the public hearing and brought the item back to the Commission for discussion or action.**

**Commissioner Welch made a motion to approve Z2019-003 with staff recommendations. Commissioner Womble seconded the motion which passed by a vote of 4-0 with Commissioners Lyons, Logan and Moeller absent.**

7. P2019-008

Hold a public hearing to discuss and consider a request by Kevin Osornio on behalf of Jeaniffer Osornio for the approval of a replat for Lots 1 & 2, Block A, N. E. & J.O. Addition being a 0.46-acre parcel of land identified as Lot 2, Block A, Sanger Addition, City of Rockwall, Rockwall County, Texas, zoned Single Family 7 (SF-7) District, situated within the Southside Residential Overlay (SOV) District, addressed as 705 Peters Colony, and take any action necessary.

**Senior Planner, Korey Brooks, gave a brief explanation of the request. The case is coming before the Commission because it is a residential replat that increases the number of lots. Originally the applicant was proposing to subdivide the tract of land into four different lots, however there were significant infrastructure costs associated with that and therefore the applicant decided to only subdivide into two lots. The case went before the Parks Board to have park fees assessed. Mr. Brooks advised the Commission that the applicant was not present however staff was available for questions.**

**Vice-Chairman Chodun opened up the public hearing and asked if anyone wished to speak to come forward and do so, there being no one indicating such; Vice-Chairman Chodun closed the public hearing and brought the item back to the Commission for discussion or action.**

**Commissioner Womble made a motion to approve P2019-008 with staff recommendations. Commissioner Welch seconded the motion which passed by a vote of 4-0 with Commissioners Lyons, Logan and Moeller absent.**

V. ACTION ITEMS

8. SP2017-025

Discuss and consider a request by Greg Wallis of Mershawn Architects on behalf of Doug Fox of Cornerstone Church for the approval of an amended site plan for a church on a six (6) acre parcel of land identified as Tract 4-07 of the N. Butler Survey, Abstract No. 20, City of Rockwall, Rockwall County, Texas, zoned Commercial (C) District, situated within the 205 By-Pass Overlay (205 BY-OV) District, addressed as 1565 Airport Road, and take any action necessary.

**Senior Planner, Korey Brooks, provided a brief explanation and background of the case. In 2017 the Architectural Review Board as well as the Planning and Zoning Commission approved a site plan for a house of worship on the subject property. While reviewing the landscape plan, site plan, treespcape plan and building elevations, staff notified the applicant of the variances required for the construction of the building as proposed, specifically regarding the screening of the mechanical equipment on the roof. In response to that, it was asked of the applicant to provide a parapet wall along the rear of the building to screen the rooftop units. The applicant then provided revisions that showed a dash line which appeared to be a parapet wall screening those roof top units and commented that the roof top units would be screened by a six foot masonry wall. At that time the site plan called out roof top units and staff interpreted that to be units on the roof and that the masonry wall would be along the rear of the building screening the roof top units. However, the applicant's intent was to have ground mounted units that are screened by a wing wall. Currently the building is under construction and it was noticed that along John King the back of the building does not have parapet and it is visible from John King and FM-1141 as well as other points along John King. When that was brought to staffs attention, staff then notified the applicant that the rear of the building is missing parapet. In response the applicant requested a variance to the architectural standards for the John King Overlay District and proposed three different considerations.**

**Mr. Brooks further noted that the approval of the variance being requested is discretionary to the Planning and Zoning Commission however, the Commission is not limited to approving the request as is. Additionally approval of the variance will require a super majority vote of all members present. After review, the Architectural Review Board recommended that the parapet be added along the rear of the building. If approval is granted the applicant will be required to submit new building elevations reflecting changes.**

**Mr. Brooks advised the Commission that the applicant was present and available for questions as well as staff.**

**Planning Director, Ryan Miller, added clarification as to the how the super majority vote is written. He shared that it requires ¾ of the Planning and Zoning Commission present with a minimum of four voting in the affirmative. In this case it would take approval of all four Commissioners present.**

**Vice-Chairman Chodun asked the applicant to come forward.**

**Wayne Mershawn**
**2313 Ridge Road**
**Rockwall, TX**

**Mr. Mershawn came forward and requested the case be tabled until the next scheduled meeting.**

**Vice-Chairman Chodun brought the item back to the Commission for discussion or action.**

**Commissioner Welch made a motion to table SP2017-025 until the next scheduled meeting. Commissioner Fishman seconded the motion which passed by a vote of 4-0 with Commissioners Lyons, Logan and Moeller absent.**

9. SP2019-004

Discuss and consider a request by Mark W. Pross of Pross Design Group, Inc. on behalf of Carolina Molina of Alvaplast US (SPR Packaging) for the approval of a site plan for a warehouse/manufacturing facility on a 11.3736-acre tract of land identified as Tract 7 of the N. Butler Survey, Abstract No. 20, City of Rockwall, Rockwall County, Texas, zoned Light Industrial (LI) District, situated at the terminus of Aluminum Plant Road, and take any action necessary.

**Planning Manager, David Gonzales, provided a brief explanation of the request. The applicant is requesting approval of a site plan for a multi-phase expansion of their existing operation of a warehouse/manufacturing facility. This site plan is for the first phase construction of an approximately 78,615 square foot single story warehouse facility which will be constructed of tilt-up wall that will match their existing building which is located just south of and is adjacent of the subject property. A warehouse facility in a Light Industrial District is allowed as a by right land use and other than the exceptions that are being requested the site plan, landscape plan, treescape plan, and photometric plan are all in general conformance with the technical requirements that are contained within the Light Industrial District and the Unified Development Code.**

**Mr. Gonzales further noted that the treescape plan provided by the applicant indicates all trees being removed from the site are primarily Hackberry trees, which are considered a non-protected tree if they are less than 11-caliper inch DBH (i.e. diameter breast height). Hackberry and Cedar trees that are 11-inch to 25-inch DBH are mitigated at ½ inch for each one inch removed 50% of the total inches removed. Additionally, there are several Bois-d-arc, Chinaberry, Willow, Cottonwood, and Locust trees that are considered a non-protected species and will not require mitigation, regardless of their size. However, the applicant has indicated a total of 7,919-caliper inches being removed from the entire site. Of the caliper inches being removed, 1,554.25-inches will require mitigation. The applicant is providing a total of 1,412 caliper inches on site this will result in total mitigation balance due of 142.25-caliper inches. According to the Unified Development Code in certain cases, the City Council upon recommendation from the Planning and Zoning Commission may consider an Alternative Tree Mitigation Settlement Agreement where, due to hardship, the applicant is unable to meet the requirements of this article or where it is determined that adherence to the tree mitigation requirements will create a hardship for an applicant. These funds will be deposited in the City's Tree Mitigation Fund and will be used for planting trees in the City's parks, medians, street right-of-ways, or other similar areas as determined by the Parks and Recreation Department. The applicant is requesting an Alternative Tree Mitigation Settlement Agreement in order to satisfy the balance. If approved by the City Council, a total amount of $14,125.00 will be required to be paid into the City's Tree Fund prior to the release of a Certificate of Occupancy. The applicant has provided additional screening trees along the western property boundary, adjacent to the Park Place Addition. The purpose of these plantings are to provide a three layer landscape screening system by providing two rows of evergreen trees, low lying screening and one row of Live Oak trees along the western property boundary south of the existing industrial building. North of the building, along the western property boundary, is an existing tree line that is currently being used as a screening buffer. These existing evergreens will remain and will be supplemented by a second layer of evergreen trees that will be planted to fill in gaps that may exist along the existing tree line. This second layer of evergreen trees will be spaced between Live Oak trees, which will also be incorporated into the screening buffer. Mr. Gonzales went on to provide the Commission the recommendations that the Architectural Review Board made after they reviewed the variances and exceptions the applicant is requesting.**

**Mr. Gonzales advised the Commission advised the Commission that the applicant was present and available for questions as well as staff.**

**Vice-Chairman Chodun asked the applicant to come forward.**

**Bobby Pross**
**Pross Design Group**
**5310 Harvest Hill Road. Suite 180**
**Dallas, TX**

**Mr. Pross came forward and indicated he was available for questions. The Commission did not have any questions for the applicant.**

**Vice-Chairman Chodun brought the item back to the Commission for discussion or action.**

**Commissioner Womble made a motion to approve SP2019-004 with staff's conditions and Architectural Review Boards recommendations as well as the request of an Alternative Tree Mitigation Settlement Agreement by the applicant. Commissioner Fishman seconded the motion which passed by a vote of 4-0 with Commissioners Lyons, Logan and Moeller absent.**

VI. DISCUSSION ITEMS

10. Director's report of post City Council meeting outcomes for development cases.

✓ Z2019-001: Text Amendment to Article IV, Permissible Uses, UDC (*1st Reading*) [*Approved*]

**Planning Director, Ryan Miller, provided a brief update about the outcome of the above referenced case at the City Council meeting.**

VII. ADJOURNMENT

**Chairman Lyons adjourned the meeting at 6:57 p.m.**

PASSED AND APPROVED BY THE PLANNING & ZONING COMMISSION OF THE CITY OF ROCKWALL, Texas, this _____ day of _____, 2019.

| **TO:** | Planning and Zoning Commission |
| **DATE:** | April 9, 2019 |
| **APPLICANT:** | Michael Duval; *G&A/McAdams* |
| **CASE NUMBER:** | P2019-010; *Lot 1, Block A, & Lot 1, Block B, Ladera Rockwall Addition* |

## SUMMARY

Consider a request by Michael Duval of G&A/McAdams on behalf of John Delin of RW Ladera, LLC for the approval of a final plat for Lot 1, Block A and Lot 1, Block B, Ladera Rockwall Addition being a 47.694-acre tract of land identified as a portion of Tract 4-01 and all of Tract 5 of the M. B. Jones Survey, Abstract No. 122, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 85 (PD-85) for General Retail (GR) and Single-Family 7 (SF-7) District land uses, situated within the 205 By-Pass Overlay (205 BY-OV) and the East SH-66 Overlay (E SH-66 OV) District, located at the northeast and northwest corners of the intersection of SH-66 and John King Boulevard, and take any action necessary.

## PLAT INFORMATION

- ☑ The applicant is requesting the approval of a final plat for a 122 lot single-family residential subdivision situated on a single lot [i.e. *Tract 1* (Lot 1, Block A = 37.80-acres)] and a commercial lot zoned for General Retail (GR) District land uses [i.e. *Tract 2* (Lot 1, Block B = 9.894-acres)]. The subject property is a total of 47.694-acres. The development was approved for an age restricted, senior living community with the single-family homes setup in a condominium regime (*i.e. single-family homes are individually owned, but are situated on a single lot/unit owned and maintained by the homeowner's association*). The subject property is identified as a portion of Tract 4-01 and all of Tract 5 of the M. B. Jones Survey, Abstract No. 122 and is located within the 205 By-Pass Overlay (*205 BY-OV*) and SH-66 Overlay (*SH-66 OV*) Districts. The purpose of the replat is to establish the necessary easements (*i.e. firelane, public access, drainage and utility easements*) in order to develop the lots (*i.e. Lot 1, Block A, and Lot 1, Block B, Ladera Rockwall Addition*).

- ☑ On October 16, 2017, the City Council approved Planned Development District 85 (PD-85) [*i.e. Ordinance No. 17-55*], to allow for an age restricted, senior living community with single-family residential land uses setup in a condominium regime on the *subject property*.

- ☑ On June 26, 2018, the Planning and Zoning Commission approved an amended treescape plan for the purpose of removing trees in association with the construction of a 12-inch sanitary sewer line that will serve the development [Case No. MIS2018-014]. The total mitigation balance due at that time was 1,443.25 caliper-inches. Through the civil engineering process additional trees were identified for removal, increasing the total mitigation balance due to 1,726.75-caliper inches. The applicant has provided a landscape plan mitigating for all inches on site satisfying the mitigation requirements. Approval of this plat shall constitute the approval of the additional trees being removed for development of the site.

- ☑ On August 6, 2018, the City Council approved an amendment to Planned Development District 85 (PD-85) [*i.e. Ordinance No. 18-32*], for the purpose of incorporating an additional 9.762-acre tract of land to allow the addition of 38 single-family units totaling 122 single-family units for PD-85.

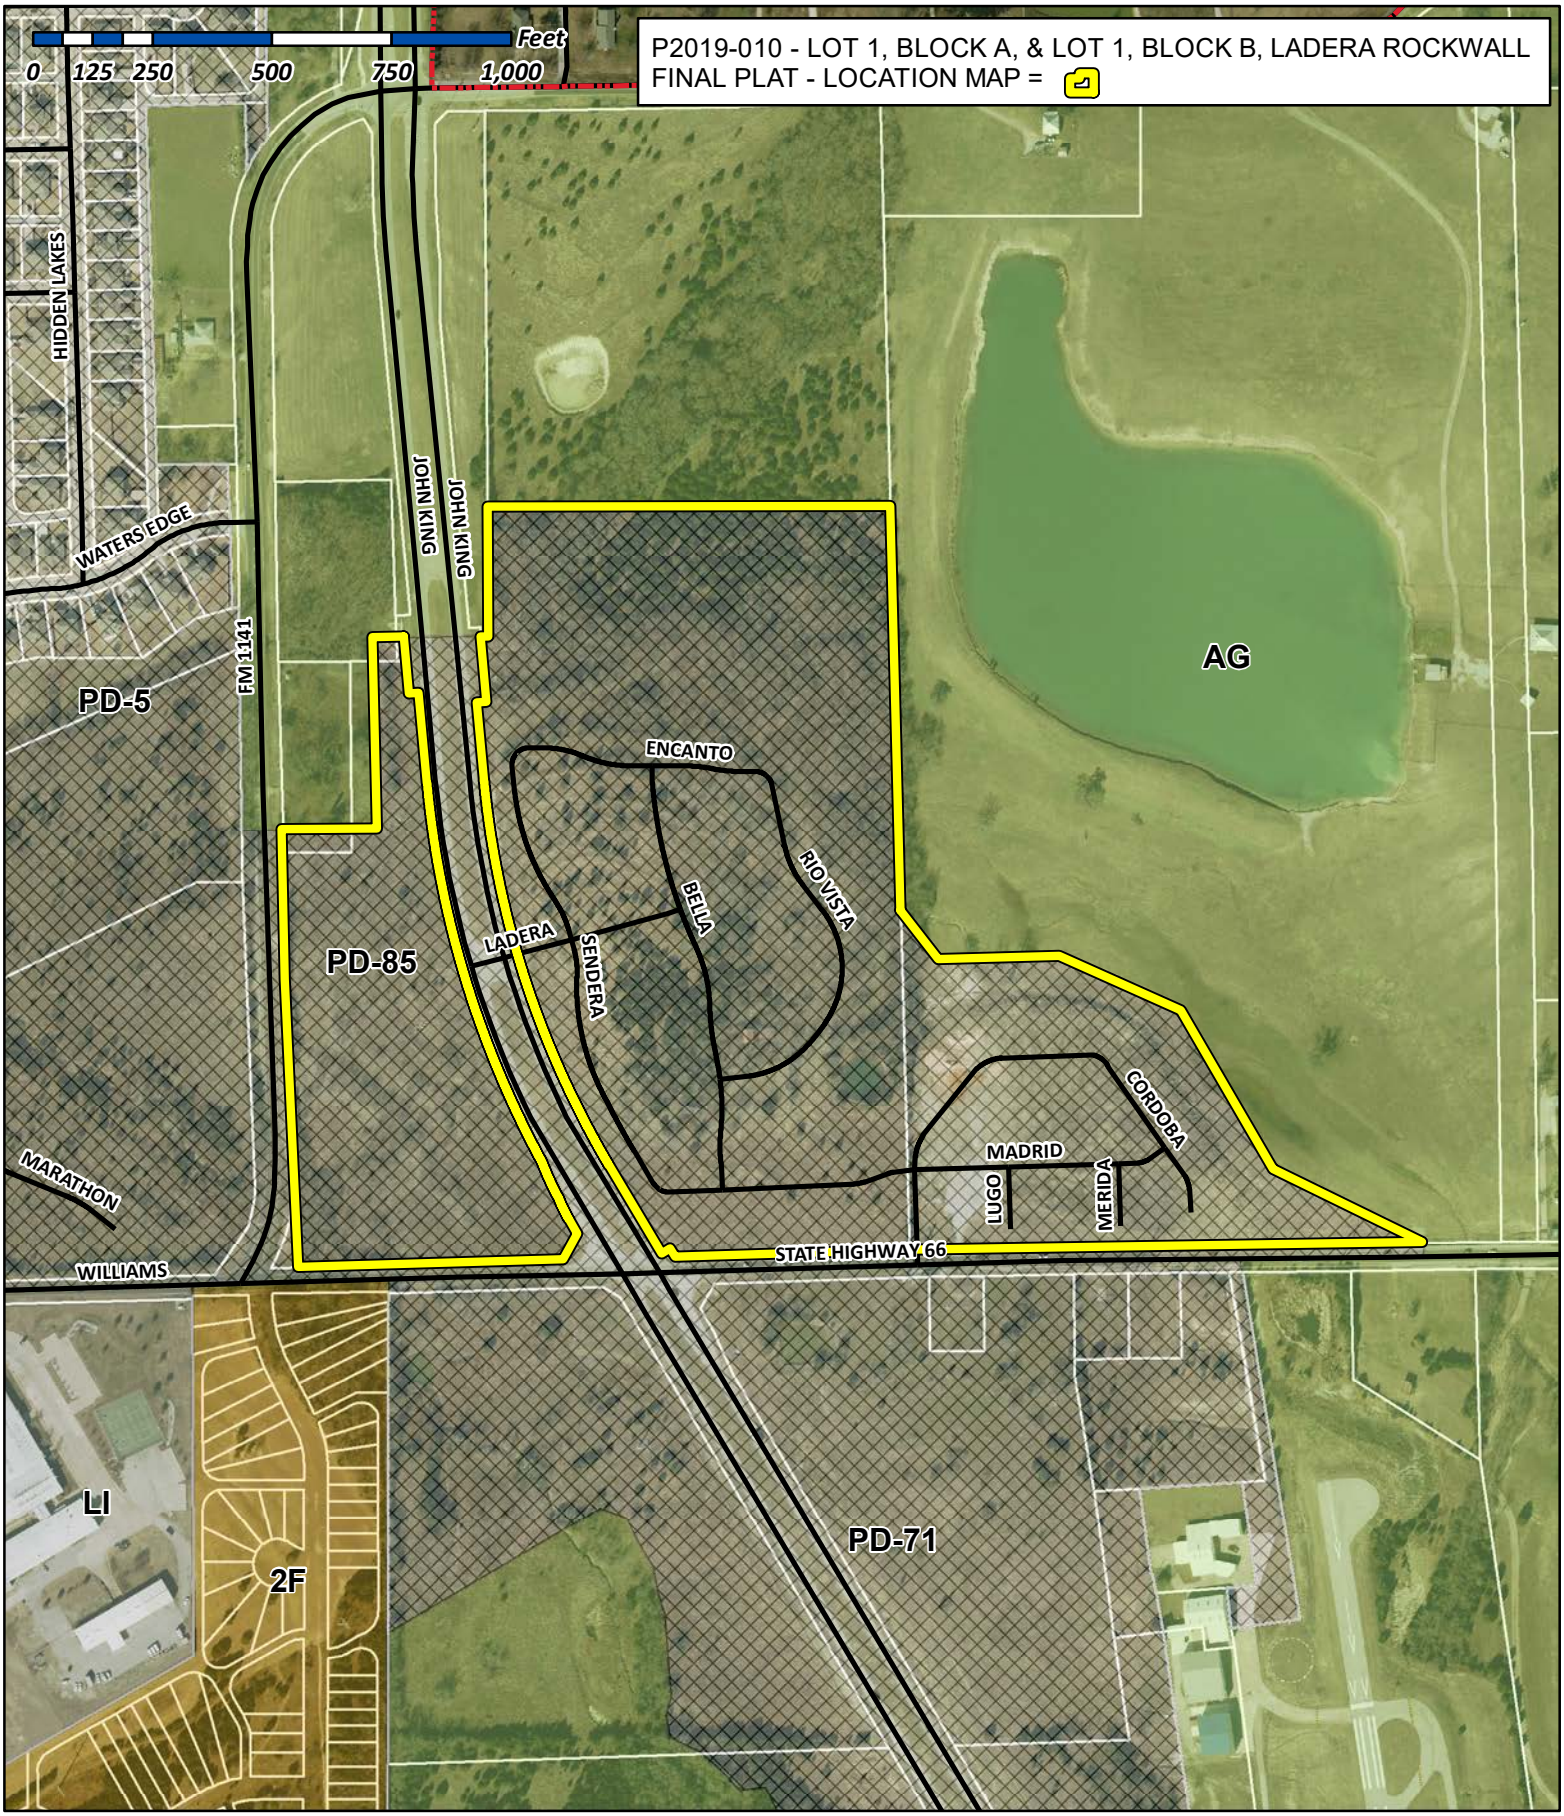
☑ On September 17, 2018 the City Council approved a preliminary plat [*P2017-068*] for 122 single-family residential lots within Planned Development District 85 (PD-85).

☑ On April 2, 2019, the Parks and Recreation Board reviewed the proposed *final plat* and made the following recommendations:

1) The construction of a ten (10) foot concrete trail along the east side of John King Boulevard, and a five (5) foot concrete sidewalk along north side of SH-66.
2) Cash-in-lieu of land fees are required in the amount of $61,854.00 [i.e. 122 Lots @ $507.00 per lot]. These fees are due at the time of final plat and are subject to change.
3) Pro-rata equipment fees are required in the amount of $63,806.00 [i.e. 122 Lots @ $523.00 per lot]. These fees are due at the time of final plat and are subject to change.

☑ The surveyor has completed the majority of the technical revisions requested by staff, and this plat -- *conforming to the requirements for final plats as stated in the Subdivision Ordinance in the Municipal Code of Ordinances* -- is recommended for conditional approval pending the completion of final technical modifications and submittal requirements.

☑ Conditional approval of this plat by the City Council shall constitute approval subject to the conditions stipulated in the *Conditions of Approval* section below.



☑ With the exception of the items listed in the *Conditions of Approval* section of this case memo, this plat is in substantial compliance with the requirements of the *Subdivision Ordinance* in the *Municipal Code of Ordinances*.

**CONDITIONS OF APPROVAL**

If the Planning and Zoning Commission chooses to recommend approval of the final plat for *Lot 1 Block A, and Lot 1, Block B, Ladera Rockwall Addition,* staff would propose the following conditions of approval:

(1) All technical comments from the Engineering, Planning and Fire Departments shall be addressed prior to the filing of this plat;

(2) Any construction resulting from the approval of this site plan shall conform to the requirements set forth by the Unified Development Code (UDC), the International Building Code (IBC), the Rockwall Municipal Code of Ordinances, city adopted engineering and fire codes and with all other applicable regulatory requirements administered and/or enforced by the state and federal government.

## OWNER'S CERTIFICATE

STATE OF TEXAS
COUNTY OF ROCKWALL

WHEREAS We, RW Ladera, LLC, BEING the Owners of a tract of land in the County of Rockwall, State of Texas, said tract being described as follows:

LOT 1, BLOCK A
TRACT 1

BEING all that certain lot, tract or parcel of land situated in the M. B. Jones Survey, Abstract No. 122, City of Rockwall, Rockwall County, Texas, and being a portion of a called 41.921 acre tract of land described as Tract 3, in deed to John H. Cullins, recorded in Instrument No. 2008-00396743, Deed Records, Rockwall County, Texas, and being part of a called 73.2744 acre tract of land described in deed to Mike L. People, recorded in Volume 850, Page 15, Deed Records, Rockwall County, Texas, and being more particularly described as follows:

BEGINNING at a 1/2 inch rebar found at the southeast corner of said 41.921 acre tract, and the southwest corner of said 73.2744 acre tract and being in the north line of U. S. Highway 66;

THENCE S 88°18'19"W, with the north line of U. S. Highway 66, a distance of 490.46 feet to a 1/2 inch rebar set with cap stamped "G&A CONSULTANTS", being the most southeasterly corner of a called 3.989 acre tract of land being titled as "Highway 205 Bypass R.O.W." in City of Rockwall vs. John Cullins and Burks T. Payne, Jr., Cause No. 180-633, recorded in Instrument No. 2009-00410863, Deed Records, Rockwall County, Texas, also known as John King Boulevard;

THENCE Northwesterly with the east line of said 3.989 acre tract and John King Boulevard, the following seven (7) calls:

N 30°39'57" W, a distance of 19.44 feet to a 1/2 inch rebar set with cap stamped "G&A CONSULTANTS";

S 59°20'03" W, a distance of 21.30 feet to a 1/2 inch rebar set with cap stamped "G&A CONSULTANTS";

N 30°39'57" W, a distance of 211.63 feet to a 1/2 inch rebar set with cap stamped "G&A CONSULTANTS";

Northwesterly with a curve to the right having a radius of 1940.00 feet, a central angle of 25°25'15", and an arc length of 860.73 feet, whose chord bears N 17°57'20" W, a distance of 853.69 feet to a 1/2 inch rebar set with cap stamped "G&A CONSULTANTS";

N 05°14'42" W, a distance of 158.73 feet to a 1/2 inch rebar set with cap stamped "G&A CONSULTANTS";

N 84°45'18" E, a distance of 20.00 feet to a 1/2 inch rebar set with cap stamped "G&A CONSULTANTS";

N 05°14'42" W, a distance of 136.88 feet to a 1/2 inch rebar set with cap stamped "G&A CONSULTANTS" in the south line of a called 10.942 acre tract of land described in deed to City of Rockwall, recorded in Instrument No. 2007-00389123, Deed Records, Rockwall County, Texas;

THENCE N 89°26'01" E, with the south line of said 10.942 acre tract, a distance of 15.52 feet to a 1/2 inch rebar set with cap stamped "G&A CONSULTANTS", being the southeast corner thereof;

THENCE N 00°10'47" W, with the east line of said 10.942 acre tract, a distance of 271.63 feet to a 1/2 inch rebar set with cap stamped "G&A CONSULTANTS", being the southwest corner of a 16.000 acre tract of land described as Tract 2 in deed to Betty Bogard, recorded in Instrument No. 2008-00396742, Deed Records, Rockwall County, Texas;

THENCE N 89°54'11" E, with the south line of said 16.000 acres, a distance of 842.15 feet to a 1/2 inch rebar set with cap stamped "G&A CONSULTANTS", being the southeast corner thereof and being in the west line of said 73.2744 acre tract;

THENCE S 01°28'09" E, with the west line of said 73.2744 acre tract of land, a distance of 845.72 feet to a1/2 inch rebar set with cap stamped "G&A CONSULTANTS";

THENCE over, across, and through said 73.2744 acre tract the following five (5) courses and distances:

S 37°47'00" E, a distance of 135.09 feet to a 1/2 inch rebar set with cap stamped "G&A CONSULTANTS";

N 88°31'51" E, a distance of 259.75 feet to a 1/2 inch rebar set with cap stamped "G&A CONSULTANTS";

S 66°00'00" E, a distance of 266.78 feet to a 1/2 inch rebar set with cap stamped "G&A CONSULTANTS";

S 30°00'00" R, a distance of 384.58 feet to a 1/2 inch rebar set with cap stamped "G&A CONSULTANTS";

S 64°00'00" E, a distance of 352.92 feet to a 1/2 inch rebar set with cap stamped "G&A CONSULTANTS", being in the south line of said 73.2744 acre tract and the north line of U.S. Highway 66;

THENCE S 89°18'14" W, with the south line of said 73.2744 acre tract, and the north line of U.S. Highway 66, a distance of 1077.53 feet to the POINT OF BEGINNING and containing approximately 37.800 acres of land.

LEGAL DESCRIPTION
LOT 1, BLOCK B
TRACT 2

BEING all that certain lot, tract or parcel of land situated in the M. B. Jones Survey, Abstract No. 122, City of Rockwall, Rockwall County, Texas, and being a portion of a called 41.921 acre tract of land described as Tract 3, in deed to John H. Cullins, recorded in Instrument No. 2008-00396743, Deed Records, Rockwall County, Texas, and being more particularly described as follows:

BEGINNING at a 1/2 inch rebar set with cap stamped "G&A CONSULTANTS", being in the north line of U. S. Highway 66, from which a 1/2 inch rebar found at the southeast corner of said 41.921 acres bears N 88°18'19" E, a distance 724.55 feet;

THENCE S 88°18'19" W, a distance of 553.89 feet with the north line of U. S. Highway 66, to a wooden right-of-way monument found at the southwest corner of said 41.921 acre tract, and being in the east line of F. M. 1141;

THENCE N 02°39'30" W, a distance of 601.94 feet with the east line of F. M. 1141, to a 1/2 inch rebar found;

THENCE N 01°20'56" W, a distance of 314.19 feet continuing with the east line of F. M. 1141, to a 1/2 inch rebar set with cap stamped "G&A CONSULTANTS", being the southwest corner of a called 1.837 acre tract of land described as Tract 1 in deed to Betty Bogard, recorded in Instrument No. 2008-00396742, Deed Records, Denton County, Texas;

THENCE N 89°26'01" E, a distance of 200.01 feet with the south line of said 1.837 acre tract, to a 1/2 inch rebar set with cap stamped "G&A CONSULTANTS", being the southeast corner thereof, and being at an inner ell corner of said 41.921 acre tract;

THENCE N 01°20'56" W, a distance of 400.02 feet with the east line of said 1.837 acre tract, to a 1/2 inch rebar set with cap stamped "G&A CONSULTANTS", being in the south line of a 10.942 acre tract of land described in deed to City of Rockwall, recorded in Instrument No. 2007-00389123, Deed Records, Rockwall County, Texas;

THENCE N 89°26'01" E, a distance of 65.39 feet with the south line of said 10.942 acre tract, to a 1/2 inch rebar set with cap stamped "G&A CONSULTANTS", being the most northwesterly corner of a called 3.989 acre tract of land being titled as "Highway 205 Bypass R.O.W." in City of Rockwall vs. John Cullins and Burks T. Payne, Jr., Cause No. 180-633, recorded in Instrument No. 2009-00410863, Deed Records, Rockwall County, Texas, also known as John King Boulevard;

THENCE Southeasterly with the west line of said 3.989 acre tract and John King Boulevard, the following eight (8) calls:

S 05°14'42" E, a distance of 119.42 feet to a 1/2 inch rebar set with cap stamped "G&A CONSULTANTS";

N 84°45'18" E, a distance of 20.00 feet to a 1/2 inch rebar set with cap stamped "G&A CONSULTANTS";

S 05°14'42" E, a distance of 189.30 feet to a 1/2 inch rebar set with cap stamped "G&A CONSULTANTS";

Southeasterly with a curve to the left having a radius of 2060.00 feet, a central angle of 23°19'48", and an arc length of 838.80 feet, whose chord bears S 16°54'36" E, a distance of 833.02 feet to a 1/2 inch rebar set with cap stamped "G&A CONSULTANTS";

Southeasterly with a curve to the right having a radius of 586.00 feet, a central angle of 07°34'10", and an arc length of 77.42 feet, whose chord bears S 24°47'26" E, a distance of 77.36 feet to a 1/2 inch rebar set with cap stamped "G&A CONSULTANTS";

Southeasterly with a curve to the left having a radius of 314.00 feet, a central angle of 09°39'36", and an arc length of 52.94 feet, whose chord bears S 25°50'09" E, a distance of 52.88 feet to a 1/2 inch rebar set with cap stamped "G&A CONSULTANTS";

S 30°39'57" E, a distance of 32.25 feet to a 1/2 inch rebar set with cap stamped "G&A CONSULTANTS";

S 28°49'11" W, a distance of 60.93 feet to the POINT OF BEGINNIGN and containing approximately 9.894 acres of land.

STATE OF TEXAS :

COUNTY OF DENTON : WHEREAS We, RW Ladera, LLC, are the owners of the hereinabove described property, and, acting by and through our duly authorized representative, do hereby adopt this Final Plat designating the same as Ladera Rockwall, an addition to the City of Rockwall, and do hereby dedicate to the public use forever by fee simple title, free and clear of all liens and encumbrances, all streets, thoroughfares, alleys, parks, trails, water courses, storm drainage facilities, easements, rights-of-way and public places, "and any other property necessary to serve the plat and to implement the requirements of the Subdivision Ordinance and Design Criteria thereon shown" for the purpose and consideration therein expressed.

WITNESS OUR HAND this _____ day of _____, 2019.

_____
John Delin, Authorized Representative

RECOMMENDED FOR FINAL APPROVAL

_____ _____ _____
Planning & Zoning Commission, Chairman Date

APPROVED:
I hereby certify that the above and foregoing plat of an addition to the City of Rockwall, Texas, was approved by the City Council of the City of Rockwall on this _____ day of _____, 2019.

This approval shall be invalid unless the approved plat for such addition is recorded in the office of the County Clerk of Rockwall, County, Texas, within one hundred eighty (180) days from said date of final approval.

WITNESS OUR HANDS, this _____ day of _____, _____.

_____ _____ _____
Mayor, City of Rockwall City Secretary City Engineer

SURVEYOR'S STATEMENT

I, W. Thad Murley III, a Registered Professional Land Surveyor in the State of Texas, have prepared this plat of the above property from an actual survey on the ground, and this plat represents that survey made by me or under my supervision.

## LEGEND

PROTECTED TREE TO REMAIN

PROTECTED TREE TO BE REMOVED

TREE PROTECTION FENCING (TPF)

TREE PRUNING, REMOVAL AND PROTECTION MEASURES

A. QUALITY ASSURANCE
1) Comply with applicable Federal, state, county and local regulations governing landscape work.
2) employ only experienced personnel. Provide adequate supervision by qualified foreman.

B. JOB CONDITIONS
1) Coordination: Coordinate and cooperate with other contractors to enable the work to proceed as rapidly and efficiently as possible.
2) In order to minimize conflict, secure from the Construction Manager copies of layout drawings showing the location of all underground utility lines and other structures

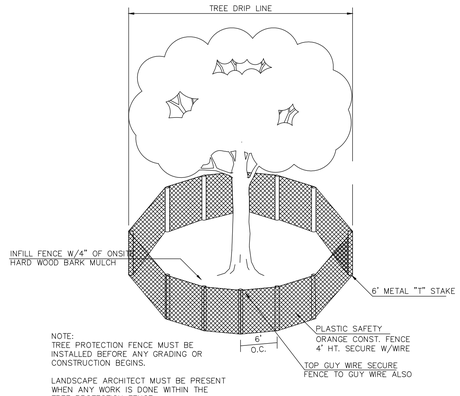
C. PRODUCTS
1) MULCH: Double shredded hardwood mulch free of sticks, dirt and other debris and derived from the site clearing.

D. DEFINITIONS
1) CRZ: Critical Root Zone: The area of undisturbed natural soil around a tree defined by a concentric circle with a radius in feet equal to the the number of inches of trunk diameter.
2) TPF: Tree Protection Fence: The orange safety barrier netting that shall extend around the entire circumference of the tree at the CRZ or as shown on approved plans.

E. PRE-CONSTRUCTION TREE PRUNING
1) Personnel Qualifications: All pruning shall be performed under the supervision of an international Society of Arboriculture (ISA) Certified Arborist.
2) All trees within the project area shall be pruned to:

(i) Clear the crown of diseased, crossing, weak and dead wood to a minimum of 1 ½ inches in diameter
(ii) Provide 14 feet of vertical clearance over streets and 8 feet over sidewalks.
(iii) Remove stubs, cutting outside the woundwood tissue that has formed around the branch.
(iv) Reduce end weight on heavy, horizontal branches by selectively removing small diameter branches, no greater than 2 to 3 inches, near the ends of the scaffolds.

3) Pruning cuts shall be made in accordance with ANSI 300 Pruning Standard and work shall be performed in accordance with ANSI Z133.1 Safety Standards. Pruning shall be in accordance with ISA's Best Management Practices: Tree Pruning
4) No more than 20 percent of live foliage shall be removed from any tree.
5) Brush shall be chipped and chips shall be spread underneath trees within the tree protection zone to a maximum depth of 4 inches, leaving the trunk clear of mulch.



F. TREE REMOVAL
1) Tree preservation requires a commitment to preserving and maintaining retained trees, as well as removal of any unsuited trees within the Project Area.
2) All wood debris from all tree removals at the Project Site is to be chipped and stored on site for use in the tree preservation efforts at the discretion of the Landscape Architect.
3) The limits of all tree protection zones shall be staked in the field and observed by all contractors,
4) Any brush clearing required within the tree protection zone shall be accomplished with hand operated equipment.
5) Trees to be removed from within the tree protection zone shall be removed under the supervision of a Certified Arborist. The trees shall be cut near ground level and the stump ground out.

G. TREE PROTECTION
1) Before beginning work, the Project Manager, Landscape Architect and/or Owner of their agents are required to meet at the site to review all work procedures, access routes, storage areas, and tree protection measures. Any intended construction activities inside the TPZ shall be clearly outlines.
2) Fences shall be erected to protect trees to be preserved prior to construction equipment arriving on the Project Site. Fences will define the specific protection zone for each tree or group trees.
3) Fences are to be maintained and remain until all site work has been completed and final landscape operations begin. Fences may not be relocated or removed without written permission from the Landscape Architect. Fences may be constructed from 6 "T" stakes and orange web fence material
4) All trees to be preserved shall have 4 inches of hardwood mulch applied inside the tree protection zone. This hardwood mulch shall be replenished as necessary to maintain a 4 inch depth.
5) Construction trailers, traffic and storage areas must remain outside fenced areas at all times.
6) Tree roots extend out in a straight, radial direction from the tree much like spokes on a wheel (to a depth generally not exceeding 24"). All underground utilities and drain or irrigation lines shall be routed outside the tree protection zone. If lines must traverse the protection area, they shall be tunneled or bored under the tree. Trenches "airdug" with Air Spade (registered trademark) or similar technology are the exceptions. Irrigation line may routed in any direction outside the dripline of retained trees. Irrigation lines inside the dripline must be in a straight, radial direction towards the tree trunk and terminate in a dead end sprinkler head no grater than 7 feet from a tree trunk (irrigation lines shall not in any way bisect and therefore damage the "spoke-like" root system).
7) No materials, equipment, spoil, or waste or washout water may be deposited, stored, or parked within the tree protection zone.
8) If unintentional injury should occur to any tree during construction, it shall be reported to the Landscape Architect within six hours so that remedial action can be taken, Timeliness is critical to tree health. The cost of any remedial treatments will become the burden of the offending contracting company.
9) Any grading, construction, demolition, or other work that in expected to encounter tree roots must be monitored by the Landscape Architect. Specific locations or tree tag numbers should be identified

TREE PRUNING, REMOVAL AND PROTECTION MEASURES

A. QUALITY ASSURANCE
1) Comply with applicable Federal, state, county and local regulations governing landscape work.
2) employ only experienced personnel. Provide adequate supervision by qualified foreman.

B. JOB CONDITIONS
1) Coordination: Coordinate and cooperate with other contractors to enable the work to proceed as rapidly and efficiently as possible.
2) In order to minimize conflict, secure from the Construction Manager copies of layout drawings showing the location of all underground utility lines and other structures

C. PRODUCTS
1) MULCH: Double shredded hardwood mulch free of sticks, dirt and other debris and derived from the site clearing.

D. DEFINITIONS
1) CRZ: Critical Root Zone: The area of undisturbed natural soil around a tree defined by a concentric circle with a radius in feet equal to the the number of inches of trunk diameter.
2) TPF: Tree Protection Fence: The orange safety barrier netting that shall extend around the entire circumference of the tree at the CRZ or as shown on approved plans.

E. PRE-CONSTRUCTION TREE PRUNING
1) Personnel Qualifications: All pruning shall be performed under the supervision of an international Society of Arboriculture (ISA) Certified Arborist.
2) All trees within the project area shall be pruned to:
(i) Clear the crown of diseased, crossing, weak and dead wood to a minimum of 1 ½ inches in diameter
(ii) Provide 14 feet of vertical clearance over streets and 8 feet over sidewalks.
(iii) Remove stubs, cutting outside the woundwood tissue that has formed around the branch.
(iv) Reduce end weight on heavy, horizontal branches by selectively removing small diameter branches, no greater than 2 to 3 inches, near the ends of the scaffolds.
3) Pruning cuts shall be made in accordance with ANSI 300 Pruning Standard and work shall be performed in accordance with ANSI Z133.1 Safety Standards. Pruning shall be in accordance with ISA's Best Management Practices: Tree Pruning
4) No more than 20 percent of live foliage shall be removed from any tree.
5) Brush shall be chipped and chips shall be spread underneath trees within the tree protection zone to a maximum depth of 4 inches, leaving the trunk clear of mulch.

F. TREE REMOVAL
1) Tree preservation requires a commitment to preserving and maintaining retained trees, as well as removal of any unsuited trees within the Project Area.
2) All wood debris from all tree removals at the Project Site is to be chipped and stored on site for use in the tree preservation efforts at the discretion of the Landscape Architect.
3) The limits of all tree protection zones shall be staked in the field and observed by all contractors,
4) Any brush clearing required within the tree protection zone shall be accomplished with hand operated equipment.
5) Trees to be removed from within the tree protection zone shall be removed under the supervision of a Certified Arborist. The trees shall be cut near ground level and the stump ground out.

G. TREE PROTECTION
1) Before beginning work, the Project Manager, Landscape Architect and/or Owner of their agents are required to meet at the site to review all work procedures, access routes, storage areas, and tree protection measures. Any intended construction activities inside the TPZ shall be clearly outlines.
2) Fences shall be erected to protect trees to be preserved prior to construction equipment arriving on the Project Site. Fences will define the specific protection zone for each tree or group trees.
3) Fences are to be maintained and remain until all site work has been completed and final landscape operations begin. Fences may not be relocated or removed without written permission from the Landscape Architect. Fences may be constructed from 6 "T" stakes and orange web fence material
4) All trees to be preserved shall have 4 inches of hardwood mulch applied inside the tree protection zone. This hardwood mulch shall be replenished as necessary to maintain a 4 inch depth.
5) Construction trailers, traffic and storage areas must remain outside fenced areas at all times.
6) Tree roots extend out in a straight, radial direction from the tree much like spokes on a wheel (to a depth generally not exceeding 24"). All underground utilities and drain or irrigation lines shall be routed outside the tree protection zone. If lines must traverse the protection area, they shall be tunneled or bored under the tree. Trenches "airdug" with Air Spade (registered trademark) or similar technology are the exceptions. Irrigation line may routed in any direction outside the dripline of retained trees. Irrigation lines inside the dripline must be in a straight, radial direction towards the tree trunk and terminate in a dead end sprinkler head no grater than 7 feet from a tree trunk (irrigation lines shall not in any way bisect and therefore damage the "spoke-like" root system).
7) No materials, equipment, spoil, or waste or washout water may be deposited, stored, or parked within the tree protection zone.
8) If unintentional injury should occur to any tree during construction, it shall be reported to the Landscape Architect within six hours so that remedial action can be taken, Timeliness is critical to tree health. The cost of any remedial treatments will become the burden of the offending contracting company.
9) Any grading, construction, demolition, or other work that in expected to encounter tree roots must be monitored by the Landscape Architect. Specific locations or tree tag numbers should be identified

## LANDSCAPE ORDINANCE
CITY OF ROCKWALL

Final landscape plan will meet all City of Rockwall development ordinances.
All landscape will be maintained according to city standards.
All required landscape will be 100% watered by an underground irrigation system.

SITE LANDSCAPE

REQUIRED: All canopy/Shade trees planted within this development shall be a minimum of 3 caliper inches in size and all Accent/Ornamental trees shall be a minimum of 4 feet in total height.

PROVIDED: All canopy trees are at least 3 caliper inches

REQUIRED: A minimum of 20% (5.6 acres) open space. Floodplain acreage my comay count for up to 50% of the 20% open space requirement.

PROVIDED: 10% Floodplain + 16.5% Landscaped area = 26.5% Open Space

BUFFER LANDSCAPE

REQUIRED: A minimum 20' landscape street buffer shall be required along Hwy 66 street frontage and a 50' landscape street buffer shall be required along John King Blvd. street frontage.

PROVIDED: 20' landscape buffer along Hwy 66 and 50' landscape buffer along John King Blvd.

REQUIRED: Two (2) large shade trees and four (4) small ornamental trees shall be required per 100 linear feet of street buffer frontage.

John King Blvd. : 1,231 l.f. of street frontage / 100 l.f. = 12.31
12.31 x 2 = 25 large shade trees
12.31 x 4 = 50 small ornamental trees

PROVIDED: 25 shade trees + 50 ornamental trees

Hwy 66: 3' berm with enhanced landscape planting.

PROVIDED: 3' berm with enhanced landscape planting.

LANDSCAPE TREES SHALL NOT BE PLANTED WITHIN 5' OF ANY PUBLIC UTILITIES.

## LANDSCAPE ORDINANCE
CITY OF ROCKWALL

Final landscape plan will meet all City of Rockwall development ordinances.
All landscape will be maintained according to city standards.
All required landscape will be 100% watered by an underground irrigation system.

SITE LANDSCAPE

REQUIRED: All canopy/Shade trees planted within this development shall be a minimum of 3 caliper inches in size and all Accent/Ornamental trees shall be a minimum of 4 feet in total height.

PROVIDED: All canopy trees are at least 3 caliper inches

REQUIRED: A minimum of 20% (5.6 acres) open space. Floodplain acreage my comay count for up to 50% of the 20% open space requirement.

PROVIDED: 10% Floodplain + 16.5% Landscaped area = 26.5% Open Space

BUFFER LANDSCAPE

REQUIRED: A minimum 20' landscape street buffer shall be required along Hwy 66 street frontage and a 50' landscape street buffer shall be required along John King Blvd. street frontage.

PROVIDED: 20' landscape buffer along Hwy 66 and 50' landscape buffer along John King Blvd.

REQUIRED: Two (2) large shade trees and four (4) small ornamental trees shall be required per 100 linear feet of street buffer frontage.

John King Blvd. : 1231 l.f. of street frontage / 100 l.f. = 12.31
12.31 x 2 = 25 large shade trees
12.31 x 4 = 50 small ornamental trees

PROVIDED: 25 shade trees + 50 ornamental trees

Hwy 66: 3' berm with enhanced landscape planting.

PROVIDED: 3' berm with enhanced landscape planting.

LANDSCAPE TREES SHALL NOT BE PLANTED WITHIN 5' OF ANY PUBLIC UTILITIES.

Total Mitigation Required*: 1726.75 in
Total Mitigation Provided: 1727 in
*Ref. T1.0 TREE SURVEY

LANDSCAPE NOTES:

1) Contractor shall stake out tree locations and bed configuration for approval approval by owner prior to installation.
2) Contractor is responsible for verifying location of all underground utilities prior to construction.
3) It is the responsibility of the contractor to advise the owners representative of any condition found on site which prohibits installation as shown on these plans
4) All shrub and groundcover beds shall have a minimum of 3" of hardwood bark mulch
5) Landscape edging shall be located as noted on plan.
6) Trees overhanging walks and parking areas shall have a clear trunk height of seven feet.
7) Multi trunk and ornamental trees will be allowed in the city's right of way with staff approval only. Must be outside any visibility triangles.
8) A visibility triangle must be provided at all intersections as required by the thoroughfare standards code. Trees will have a minimum clear trunk branching height of nine feet.
9) All plant material shall be maintained in a healthy and growing condition,and must be replaced with plant material of similar variety and size if damaged, destroyed, or removed.
10) Landscape areas shall be kept free of trash, litter and weeds.
11) An automatic irrigation system shall be provided to maintain all landscape areas. Over spray on streets and walks is prohibited. A permit from the building inspection department is required for each irrigation system. Impact fees must be paid to the development services department for separate irrigation meters prior to any permit release.
12) Irrigation Controller to have a Rain and Freeze Stat.
13) All landscape is to be greater than 8 feet from all underground utilities.
14) All areas of grading disturbance are to have grass reestablished at 75% coverage prior to letter of acceptance from the city. Means and methods of grass establishment and application of water for grass establishment are at the discretion of the owner and contractor.

# CITY OF ROCKWALL

PLANNING AND ZONING COMMISSION CASE MEMO

**PLANNING AND ZONING DEPARTMENT**
385 S. GOLIAD STREET • ROCKWALL, TX 75087
PHONE: (972) 771-7745 • EMAIL: PLANNING@ROCKWALL.COM

| | |
|---|---|
| **TO:** | Planning and Zoning Commission |
| **DATE:** | April 9, 2019 |
| **APPLICANT:** | Kevin Patel; *Triangle Engineering* |
| **CASE NUMBER:** | P2019-016; *Lot 2, Cain Properties No. 1 Addition* |

## SUMMARY

Consider a request by Kevin Patel of Triangle Engineering, LLC for the approval of a replat for Lot 2 of the Cain Properties #1 Addition being a 1.233-acre parcel of land identified as a portion of Lot 1 and Lot 1R of the Cain Properties #1 Addition, City of Rockwall, Rockwall County, Texas, zoned Downtown (DT) District, situated within the SH-66 Overlay (SH-66 OV) District, located north of the intersection of S. Goliad Street [*SH-205*] and Storrs Street, and take any action necessary.

## PLAT INFORMATION

☑ The applicant is requesting to replat a 1.233-acre parcel of land (*i.e. Lot 1-R, Cain Properties No. 1 Addition*) located within the SH-66 Overlay (SH-66 OV) District. The purpose of the replat is to establish the necessary easements (*i.e. 24-foot firelane, public access, and utility easements*) in order to develop the lot as Lot 2, Cain Properties No. 1 Addition.

☑ On August 20, 2018, the City Council approved S-194 [*Ordinance No. 18-34*] allowing a *Craft Brewery* on the subject property.

☑ On December 11, 2018, the Planning and Zoning Commission approved a site plan [*Case No. SP2018-038*] for the purpose of constructing an approximately 11,931 SF Craft Brewery (*i.e. Siren Rock Brewery*) on the subject property.

☑ That portion of property belonging to the State of Texas (*i.e. TxDOT right-of-way*) and depicted as being within the boundary of the subject property is required to be purchased. This has been included as a condition of approval of the plat.

☑ The surveyor has completed the majority of the technical revisions requested by staff, and this plat -- *conforming to the requirements for replats as stated in the Subdivision Ordinance in the Municipal Code of Ordinances* -- is recommended for conditional approval pending the completion of final technical modifications and submittal requirements.

☑ Conditional approval of this plat by the City Council shall constitute approval subject to the conditions stipulated in the *Conditions of Approval* section below.

☑ With the exception of the items listed in the *Conditions of Approval* section of this case memo, this plat is in substantial compliance with the requirements of the *Subdivision Ordinance* in the *Municipal Code of Ordinances*.

## CONDITIONS OF APPROVAL

If the Planning and Zoning Commission chooses to recommend approval of the replat for *Lot 2, Cain Properties No. 1 Addition,* staff would propose the following conditions of approval:

(1) All technical comments from the Engineering, Planning and Fire Departments shall be addressed prior to the filing of this plat;

(2) The portion of the property that currently exists as Texas Department of Transportation (TXDOT) right-of-way will need to be purchased prior to filing of the final plat for the subject property. A copy of the deed will be required to be submitted once the sales transaction has been completed; and,

(3) Any construction resulting from the approval of this site plan shall conform to the requirements set forth by the Unified Development Code (UDC), the International Building Code (IBC), the Rockwall Municipal Code of Ordinances, city adopted engineering and fire codes and with all other applicable regulatory requirements administered and/or enforced by the state and federal government.

PLANNING COMMENTS - DAVID GONZALES - 04.01.2019

The following staff comments are to be addressed and resubmitted no later than Tuesday April 16, 2019. Please provide two large copies [FOLDED 18" X 24"] and one PDF version for a subsequent/final review by staff:

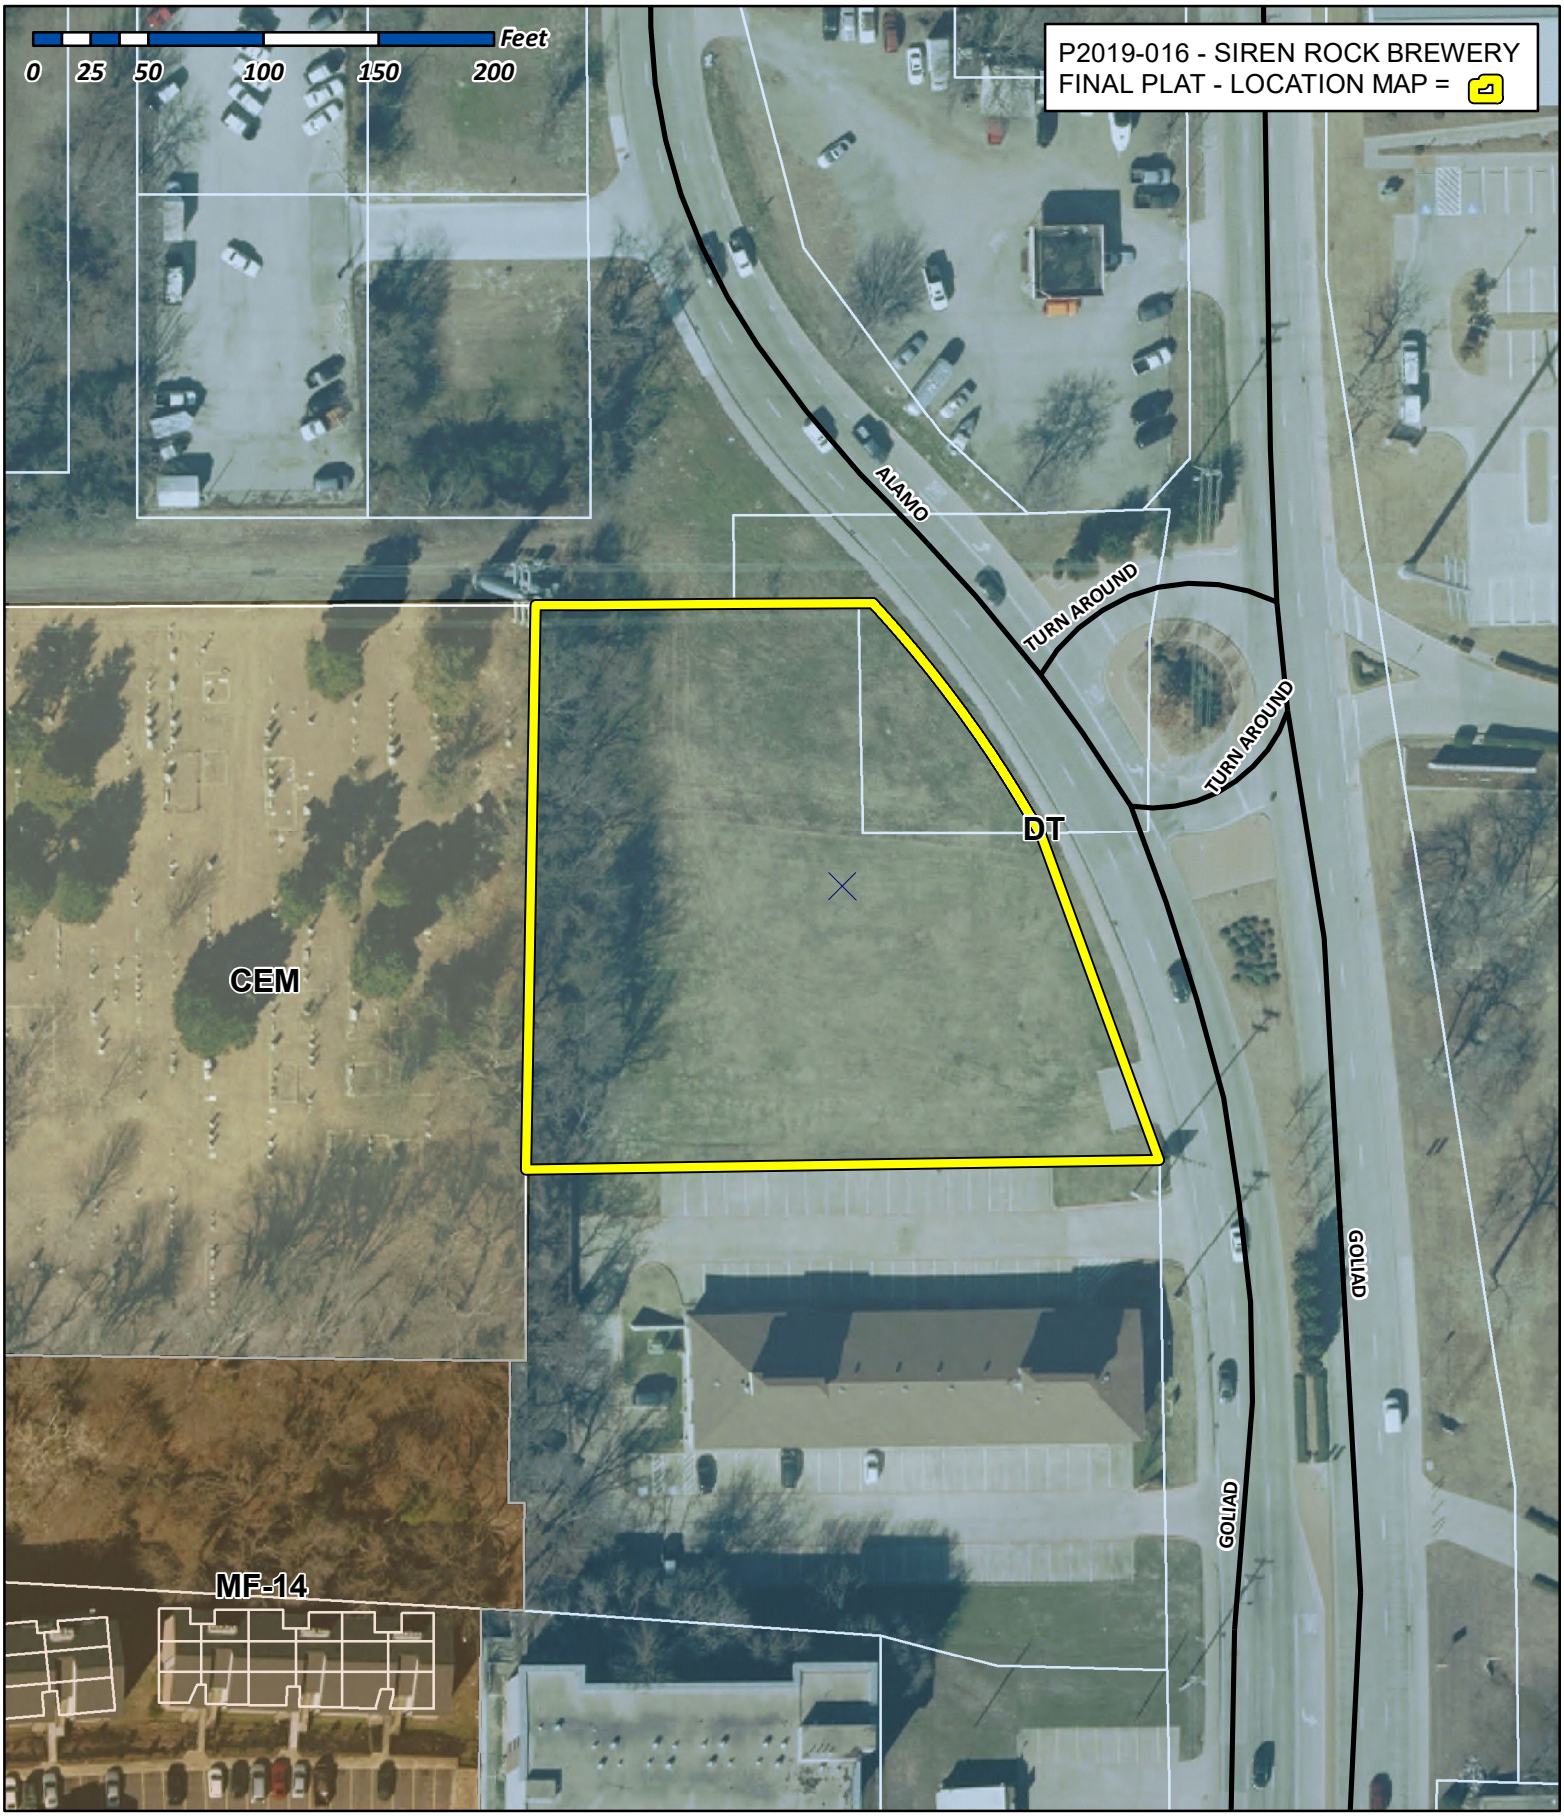
1. The final plat shall conform to all standards and requirements of the Unified Development Code(UDC), the staff comments provided by the Planning, Engineering, Building Inspection, and Fire Departments as indicated in this Project Plan Review document.
2. Provide a label indicating "Case No. P2019-016" on the lower right corner on all pages of the revised final plat submittal.
3. Correct Title Block to read as follows:
Final Plat
Lot 2 Cain, Properties No. 1
beng a replat of Lot 1- R, Cain Properties No. 1
An Addition to the City of Rockwall, Rockwall County, Texas
B.F. Boydstun Survey Abstract No. 14

4. The access is public. Relabel firelane as "24-ft Firelane, Public Access, & Utility Easement."
5. Will there be any right-of-way dedication? If so, indicate the amount in acres on the plat and hatch the area to better delineate
6. Did you purchase that portion of the property from TxDOT where required for development? The portion of the property that currently exists in Texas Department of Transportation(TXDOT) right-of-way will need to be purchased prior to filing of the final plat.
7. Indicate and label the proper alignment for both N. Alamo & Goliad Street.
8. Notary Certificate not necessay for a surveyor if stamped by the surveyor.

Landscape Plan:
1. OK as submitted

Irrigation Plan:
1. Not Reviewed. Submit with building permit for review.

**As a note and once the plat has been approved by the Planning and Zoning Commission and City Council, all staff comments are to be addressed and all revisions resubmitted and approved(by staff) prior to plat submittal on mylar for filing purposes. **



Although this case is scheduled for consent, staff recommends thata representative be present for the meetings as listed below. If you have any questions regarding this case, please feelfree to contact David Gonzales, AICP with the Planning Department at 972-771-7745.

Scheduled Meeting Dates to Attend:

Planning - Consent Agenda: April 9, 2019 (Tuesday at 6:00p.m.)

City Council - Consent Agenda: April 15, 2019 (Monday at 6:00 p.m.)

## GENERAL NOTES

1) Any structure new or existing may not extend across new property lines.

2) The purpose of this plat is to define easements conditional to new development.

3) Basis of bearing determined by Texas State Plane Coordinate System, North Central Zone, North American Datum of 1983 (2011).

4) Coordinates shown are Texas State Plane Coordinate System, North Central Zone, North American Datum of 1983 on Grid Coordinate values, No Scale, No Projection

5) It shall be the policy of the City of Rockwall to withhold issuing building permits until all streets, water, sewer and storm drainage systems have been accepted by the City. The approval of a plat by the City does not constitute any representation, assurance or guarantee that any building within such plat shall be approved, authorized or permit therefore issued, nor shall such approval constitute any representation, assurance or guarantee by the City of the adequacy and availability for water for personal use and fire protection within such plat, as required under Ordinance 83-54.

## *OWNER'S CERTIFICATE*

WHEREAS Cain Family Partnership, LTD.is the sole owner of a tract of land located in the N.F. BOYDSTUN SURVEY, Abstract No. 14, City of Rockwall, Rockwall County, Texas, and being a portion of Lot 1-R, of the Replat of Cain Properties No. 1, an addition to the City of Rockwall, Rockwall County, Texas, according to the plat thereof, recorded in Cabinet C, Slide 138, Plat Records, Rockwall County, Texas, and being the same tract of land described in deed to Cain Family Partnership, LTD., recorded in Volume 2379, Page 165, Deed Records, Rockwall County, Texas, and being more particularly described as follows:

Beginning at a 1/2" iron rod with a yellow plastic cap stamped "RPLS 5310" set in the West line of State Highway No. 205, (Goliad Street), a variable width right-of-way, at the Northeast corner of Lot 1-RA, of said Replat of Cain Properties No. 1;

Thence South 89°41'12" West, a distance of 269.45' to a 1/2" iron rod with a yellow plastic cap stamped "RPLS 5310" set in the East line of City of Rockwall Cemetery, at the Northwest corner of said Lot 1-RA;

Thence North 00°20'48" East, along said East line, a distance of 250.05' to a 1/2" iron rod with a yellow plastic cap stamped "RPLS 5310" set at the interior 'ell' corner of said City of Rockwall Cemetery, same being the Northeast corner of Lot 1-R;

Thence North 89°41'09" East, a distance of 140.00' to a 1/2" iron rod found at the interior 'ell' corner of a tract of land described in deed to the State of Texas, recorded in Instrument No. 2007-00380306, Official Public Records, Rockwall County, Texas;

Thence South 00°19'31" East, a distance of 10.36' to a 1/2" iron rod with a yellow plastic cap stamped "RPLS 5310" set for corner at the beginning of a non-tangent curve to the right, having a central angle of 12°11'32", a radius of 515.62', and a chord bearing and distance of South 35°27'40" East, 109.51';

Thence Southeasterly, along said curve to the right, an arc distance of 109.72' to a 1/2" iron rod with a yellow plastic cap stamped "RPLS 5310" set for corner;

Thence North 89°40'29" East, a distance of 14.40' to an "X" found at the Southwest interior corner of said State of Texas tract;

Thence South 18°25'49" East, along said present right-of-way, a distance of 157.96' to the PLACE OF BEGINNING and containing 53,716 square feet or 1.233 acres of land.

## *SURVEYOR'S CERTIFICATE*

THAT I, John S. Turner, do hereby certify that I prepared this amending plat from an actual survey on the land and that the corner monuments shown thereon were found and/or properly placed under my personal supervision in accordance with the Platting Rules and Regulations of the Planning and Zoning Commission of the City of Rockwall, Texas.

Witness my hand at Mesquite, Texas,
This _____ day of _____, 20__.

_____
John S. Turner
Registered Professional Land Surveyor #5310

*STATE OF TEXAS*
*COUNTY OF ROCKWALL*

BEFORE ME, the undersigned, a Notary Public in and for the said County and State on this day personally appeared John S. Turner, R.P.L.S. NO. 5310, State of Texas, known to me to be the person whose name is subscribed to the foregoing instrument, and acknowledged to me that he executed the same for the purposes and considerations therein expressed and in the capacity therein stated.

Given under my hand and seal of office,
This _____ day of _____, 20__.

_____
Notary Public in and for the State of Texas

## *OWNER'S DEDICATION*

*STATE OF TEXAS*
*COUNTY OF ROCKWALL*

That, Cain Family Partnership, LTD., acting herein by and through its duly authorized officer, does hereby certify and adopt this Replat designating the herein above described property as ***LOT 1-R-2, CAIN PROPERTIES NO. 1*** to the City of Rockwall, Texas, and whose name is subscribed hereto, hereby dedicate to the use of the public forever all streets, alleys, parks, watercourses, drains, easements and public places thereon shown on the purpose and consideration therein expressed. I (*we*) further certify that all other parties who have a mortgage or lien interest in the Cain Family Partnership, LTD. have been notified and signed this plat.
I (*we*) understand and do hereby reserve the easement strips shown on this plat for the purposes stated and for the mutual use and accommodation of all utilities desiring to use or using same. I (we) also understand the following;

1. No buildings shall be constructed or placed upon, over, or across the utility easements as described herein.
2. Any public utility shall have the right to remove and keep removed all or part of any buildings, fences, trees, shrubs, or other growths or improvements which in any way endanger or interfere with construction, maintenance or efficiency of their respective system on any of these easement strips; and any public utility shall at all times have the right of ingress or egress to, from and upon the said easement strips for purpose of construction, reconstruction, inspecting, patrolling, maintaining, and either adding to or removing all or part of their respective system without the necessity of, at any time, procuring the permission of anyone.
3. The City of Rockwall will not be responsible for any claims of any nature resulting from or occasioned by the establishment of grade of streets in the subdivision.
4. The developer and subdivision engineer shall bear total responsibility for storm drain improvements.
5. The developer shall be responsible for the necessary facilities to provide drainage patterns and drainage controls such that properties within the drainage area are not adversely affected by storm drainage from the development.
6. No house dwelling unit, or other structure shall be constructed on any lot in this addition by the owner or any other person until the developer and/or owner has complied with all requirements of the Subdivision Regulations of the City of Rockwall regarding improvements with respect to the entire block on the street or streets on which property abuts, including the actual installation of streets with the required base and paving, curb and gutter, water and sewer, drainage structures, storm structures, storm sewers, and alleys, all according to the specifications of the City of Rockwall; or Until an escrow deposit, sufficient to pay for the cost of such improvements, as determined by the city's engineer and/or city administrator, computed on a private commercial rate basis, has been made with the city secretary, accompanied by an agreement signed by the developer and/or owner, authorizing the city to make such improvements at prevailing private commercial rates, or have the same made by a contractor and pay for the same out of the escrow deposit, should the developer and/or owner fail or refuse to install the required improvements within the time stated in such written agreement, but in no case shall the City be obligated to make such improvements itself. Such deposit may be used by the owner and/or developer as progress payments as the work progresses in making such improvements by making certified requisitions to the city secretary, supported by evidence of work done; or Until the developer and/or owner files a corporate surety bond with the city secretary in a sum equal to the cost of such improvements for the designated area, guaranteeing the installation thereof within the time stated in the bond, which time shall be fixed by the city council of the City of Rockwall.
7. All drainage and detention on site will be maintained, repaired, and replaced by the property owner.

I further acknowledge that the dedications and/or exaction's made herein are proportional to the impact of the Subdivision upon the public services required in order that the development will comport with the present and future growth needs of the City; I (we), my (our) successors and assigns hereby waive any claim, damage, or cause of action that I (we) may have as a result of the dedication of exactions made herein.

## GENERAL NOTES

1) Any structure new or existing may not extend across new property lines.

2) The purpose of this plat is to define easements conditional to new development.

3) Basis of bearing determined by Texas State Plane Coordinate System, North Central Zone, North American Datum of 1983 (2011).

4) Coordinates shown are Texas State Plane Coordinate System, North Central Zone, North American Datum of 1983 on Grid Coordinate values, No Scale, No Projection

5) It shall be the policy of the City of Rockwall to withhold issuing building permits until all streets, water, sewer and storm drainage systems have been accepted by the City. The approval of a plat by the City does not constitute any representation, assurance or guarantee that any building within such plat shall be approved, authorized or permit therefore issued, nor shall such approval constitute any representation, assurance or guarantee by the City of the adequacy and availability for water for personal use and fire protection within such plat, as required under Ordinance 83-54.

CASE FILE NO. _____

### EXISTING TREE NOTES

1. Existing trees to remain shall be protected during construction from tree structure damage and compaction of soil under and around dripline canopy of tree.
2. If any root structure is damaged during adjacent excavation/construction, notify the Architect immediately. It is recommended that a licensed Arborist be secured for the treatment of any possible tree wounds.
3. No disturbance of the soil greater than 4" shall be located closer to the tree trunk than 1/2 the distance of the drip line to the tree trunk. A minimum of 50% of the drip line and root zone shall be preserved at natural grade.
4. Any fine grading done within the critical root zones of the protected trees must be done with light machinery such as a bobcat or light tractor. No earth moving equipment with tracks is allowed within the critical root zone of the trees.
5. Material Storage: No materials intended for use in construction or waste materials accumulated due to excavation or demolition shall be placed within the limits of the dripline of any tree.
6. Equipment Cleaning/Liquid Disposal: No equipment may be cleaned, toxic solutions, or other liquid chemicals shall be deposited within the limits of the dripline of a tree. This could include but not be limited to paint, oil, solvents, asphalt, concrete, mortar, primers, etc.
7. Tree Attachments: No signs, wires or other attachments, other than those of a protective nature shall be attached to any tree.
8. Vehicular Traffic: No vehicular and construction equipment traffic or parking is allowed within the limits of the dripline of trees.
9. Boring of Utilities: May be permitted under protected trees in certain circumstances. The minimum length of the bore shall be the width of the tree's canopy and shall be a minimum depth of forty-eight (48") inches.
10. Trenching: Any irrigation trenching which must be done within the critical root zone of a tree shall be dug by hand and enter the area in a radial manner.
11. Tree Flagging: All trees to be removed from the site shall be flagged by the Contractor with bright red vinyl tape 3" width wrapped around the main trunk at a height of four (4') feet above grade. Flagging shall be approved by Landscape Architect prior to any tree removal. Contractor shall contact Landscape Architect with 48 hour notice to schedule on-site meeting.
12. Protective Fencing: All trees to remain, as noted on drawings, shall have protective fencing located at the tree's dripline. The protective fencing may be comprised of snow fencing, orange vinyl construction fencing, chain link fence or other similar fencing with a four (4') foot approximate height. The protective fencing shall be located as indicated on the Tree Protection Detail(s).
13. Barrier Protection: In situations where a tree remains in the immediate area of intended construction, the tree shall be protected by enclosing the entire circumference of the tree's trunk with lumber encircled with wire or other means that does not damage the tree. Refer to Tree Protection Detail(s).
14. Construction Pruning: In a case where a low hanging limb is broken during the course of construction, the Contractor shall notify the Landscape Architect immediately. In no instance shall the Contractor prune any portion of the damaged tree without the prior approval by the Landscape Architect.

### GENERAL LAWN NOTES

1. FINE GRADE AREAS TO ACHIEVE FINAL CONTOURS INDICATED ON CIVIL PLANS.
2. ADJUST CONTOURS TO ACHIEVE POSITIVE DRAINAGE AWAY FROM BUILDINGS. PROVIDE UNIFORM ROUNDING AT TOP AND BOTTOM OF SLOPES AND OTHER BREAKS IN GRADE. CORRECT IRREGULARITIES AND AREAS WHERE WATER MAY STAND.
3. ALL LAWN AREAS TO RECEIVE SOLID SOD SHALL BE LEFT IN A MAXIMUM OF 1" BELOW FINAL FINISH GRADE. CONTRACTOR TO COORDINATE OPERATIONS WITH ON-SITE CONSTRUCTION MANAGER.
4. IMPORTED TOPSOIL SHALL BE NATURAL, FRIABLE SOIL FROM THE REGION, KNOWN AS BOTTOM AND SOIL, FREE FROM LUMPS, CLAY, TOXIC SUBSTANCES, ROOTS, DEBRIS, VEGETATION, STONES, CONTAINING NO SALT AND BLACK TO BROWN IN COLOR.
5. *ALL LAWN AREAS TO BE FINE GRADED, IRRIGATION TRENCHES COMPLETELY SETTLED, AND FINISH GRADE APPROVED BY THE OWNER'S CONSTRUCTION MANAGER OR ARCHITECT PRIOR TO INSTALLATION.*
6. *ALL ROCKS 3/4" DIAMETER AND LARGER, DIRT CLODS, STICKS, CONCRETE SPOILS, ETC. SHALL BE REMOVED PRIOR TO PLACING TOPSOIL AND ANY LAWN INSTALLATION*
7. CONTRACTOR SHALL PROVIDE (1") ONE INCH OF IMPORTED TOPSOIL ON ALL AREAS TO RECEIVE LAWN.

### SOLID SOD NOTES

1. FINE GRADE AREAS TO ACHIEVE FINAL CONTOURS INDICATED. LEAVE AREAS TO RECEIVE TOPSOIL 3" BELOW FINAL DESIRED GRADE IN PLANTING AREAS AND 1" BELOW FINAL GRADE IN TURF AREAS.
2. ADJUST CONTOURS TO ACHIEVE POSITIVE DRAINAGE AWAY FROM BUILDINGS. PROVIDE UNIFORM ROUNDING AT TOP AND BOTTOM OF SLOPES AND OTHER BREAKS IN GRADE. CORRECT IRREGULARITIES AND AREAS WHERE WATER MAY STAND.
3. ALL LAWN AREAS TO RECEIVE SOLID SOD SHALL BE LEFT IN A MAXIMUM OF 1" BELOW FINAL FINISH GRADE. CONTRACTOR TO COORDINATE OPERATIONS WITH ON-SITE CONSTRUCTION MANAGER.
4. CONTRACTOR TO COORDINATE WITH ON-SITE CONSTRUCTION MANAGER FOR AVAILABILITY OF EXISTING TOPSOIL.
5. PLANT SOD BY HAND TO COVER INDICATED AREA COMPLETELY. INSURE EDGES OF SOD ARE TOUCHING. TOP DRESS JOINTS BY HAND WITH TOPSOIL TO FILL VOIDS.
6. ROLL GRASS AREAS TO ACHIEVE A SMOOTH, EVEN SURFACE, FREE FROM UNNATURAL UNDULATIONS.
7. WATER SOD THOROUGHLY AS SOD OPERATION PROGRESSES.
8. CONTRACTOR SHALL MAINTAIN ALL LAWN AREAS UNTIL FINAL ACCEPTANCE. THIS SHALL INCLUDE, BUT NOT LIMITED TO: MOWING, WATERING, WEEDING, CULTIVATING, CLEANING AND REPLACING DEAD OR BARE AREAS TO KEEP PLANTS IN A VIGOROUS, HEALTHY CONDITION.
9. CONTRACTOR SHALL GUARANTEE ESTABLISHMENT OF AN ACCEPTABLE TURF AREA AND SHALL PROVIDE REPLACEMENT FROM LOCAL SUPPLY IF NECESSARY.
10. IF INSTALLATION OCCURS BETWEEN SEPTEMBER 1 AND MARCH 1, ALL SOD AREAS TO BE OVER-SEEDED WITH WINTER RYEGRASS, AT A RATE OF (4) POUNDS PER ONE THOUSAND (1000) SQUARE FEET.

### LANDSCAPE NOTES

1. CONTRACTOR SHALL VERIFY ALL EXISTING AND PROPOSED SITE ELEMENTS AND NOTIFY ARCHITECT OF ANY DISCREPANCIES. SURVEY DATA OF EXISTING CONDITIONS WAS SUPPLIED BY OTHERS.
2. CONTRACTOR SHALL LOCATE ALL EXISTING UNDERGROUND UTILITIES AND NOTIFY ARCHITECT OF ANY CONFLICTS. CONTRACTOR SHALL EXERCISE CAUTION WHEN WORKING IN THE VICINITY OF UNDERGROUND UTILITIES.
3. CONTRACTOR IS RESPONSIBLE FOR OBTAINING ALL REQUIRED LANDSCAPE AND IRRIGATION PERMITS.
4. CONTRACTOR TO PROVIDE A MINIMUM 2% SLOPE AWAY FROM ALL STRUCTURES.
5. ALL PLANTING BEDS AND LAWN AREAS TO BE SEPARATED BY STEEL EDGING. NO STEEL TO BE INSTALLED ADJACENT TO SIDEWALKS OR CURBS.
6. ALL LANDSCAPE AREAS TO BE 100% IRRIGATED WITH AN UNDERGROUND AUTOMATIC IRRIGATION SYSTEM AND SHALL INCLUDE RAIN AND FREEZE SENSORS.
7. ALL LAWN AREAS TO BE SOLID SOD BERMUDAGRASS, UNLESS OTHERWISE NOTED ON THE DRAWINGS.

## SECTION 02900 - LANDSCAPE

### PART 1 - GENERAL

**1.1 REFERENCED DOCUMENTS**

Refer to bidding requirements, special provisions, and schedules for additional requirements.

**1.2 DESCRIPTION OF WORK**

Work included: Furnish all supervision, labor, materials, services, equipment and appliances required to complete the work covered in conjunction with the landscaping covered in these specifications and landscaping plans, including:

1. Planting (trees, shrubs, and grass)
2. Bed preparation and fertilization
3. Notification of sources
4. Water and Maintenance until final acceptance
5. Guarantee

**1.3 REFERENCE STANDARDS**

A. American Standard for Nursery Stock published by American Association of Nurserymen: 27 October 1980, Edition; by American National Standards Institute, Inc. (Z60.1) – plant material.

B. American Joint Committee on Horticultural Nomenclature: 1942 Edition of Standardized Plant Names.

C. Texas Association of Nurserymen, Grades and Standards.

D. Hortis Third, 1976 - Cornell University

**1.4 NOTIFICATION OF SOURCES AND SUBMITTALS**

A. The Contractor shall, within ten (10) days following acceptance of bid, notify the Architect/Owner of the sources of plant materials and bed preparation required for the project.

B. Samples: Provide representative quantities of sandy loam soil, mulch, bed mix material, gravel, and crushed stone. Samples shall be approved by Architect before use on project.

C. Product Data: Submit complete product data and specifications on all other specified materials.

D. Submit three representative samples of each variety of ornamental trees, shrubs, and groundcover plants for Architect's approval. When approved, tag, install, and maintain as representative samples for final installed plant materials.

E. File Certificates of Inspection of plant material by state, county, and federal authorities with Architect, if required.

F. Soil Analysis: Provide sandy loam soil analysis if requested by the Architect.

**JOB CONDITIONS**

A. General Contractor to complete the following punch list: Prior to Landscape Contractor initiating any portion of landscape installation, General Contractor shall leave planting bed areas three (3") inches below finish grade of sidewalks, drives and curbs as shown on the drawings. All lawn areas to receive solid sod shall be left one (1") inch below the finish grade of sidewalks, drives, and curbs. All construction debris shall be removed prior to Landscape Contractor beginning any work.

B. General Contractor shall provide topsoil as described in Section 02200 - Earthwork.

C. Storage of materials and equipment at the job site will be at the risk of the Landscape Contractor. The Owner cannot be held responsible for theft or damage.

**1.6 MAINTENANCE AND GUARANTEE**

A. Maintenance:

1. The Landscape Contractor will be held responsible for the maintenance of all work from the time of planting until final acceptance by the Owner. No trees, shrubs, groundcover or grass will be accepted unless they show a healthy growth and satisfactory foliage conditions.
2. Maintenance shall include watering of trees and plants, cultivation, weeding spraying, edging, pruning of trees, mowing of grass, cleaning up and all other work necessary of maintenance.
3. A written notice requesting final inspection and acceptance should be submitted to the Owner at least seven (7) days prior to completion. An on-site inspection by Owner and Landscape Contractor will be completed prior to written acceptance.
4. After final acceptance of installation, the Landscape Contractor will not be required to do any of the above listed work.

B. Guarantee:

1. Trees shall be guaranteed for a twelve (12) month period after acceptance. Shrubs and groundcover shall be guaranteed for twelve (12) months. The Contractor shall replace all dead materials as soon as weather permits and upon notification of the Owner. Plants, including trees, which have partially died so that shape, size, or symmetry has been damaged, shall be considered subject to replacement. In such cases, the opinion of the Owner shall be final.
   a. Plants used for replacement shall be of the same size and kind as those originally planted and shall be planted as originally specified. All work, including materials, labor and equipment used in replacements, shall carry a twelve (12) month guarantee. Any damage, including ruts in lawn or bed areas, incurred as a result of making replacements shall be immediately repaired.
   b. At the direction of the Owner, plants may be replaced at the start of the next year's planting season. In such cases, dead plants shall be removed from the premises immediately.
   c. When plant replacements are made, plants, soil mix, fertilizer and mulch are to be utilized as originally specified and reinspected for full compliance with Contract requirements. All replacements are to be included under "Work" of this section.
2. The Owner agrees that for the guarantee to be effective, he will water plants at least twice a week during dry periods and cultivate beds once a month after final acceptance.
3. The above guarantee shall not apply where plants die after acceptance because of injury from storms, hail, freeze, insects, diseases, injury by humans, machines or theft.
4. Acceptance for all landscape work shall be given after final inspection by the Owner provided the job is in a completed, undamaged condition, and there is a stand of grass in all lawn areas. At this time, the Owner will assume maintenance on the accepted work.

C. Repairs: Any necessary repairs under the Guarantee must be made within ten (10) days after receiving notice, weather permitting, and in the event the Landscape Contractor does not make repairs accordingly, the Owner, without further notice to Contractor, may provide materials and men to make such repairs at the expense of the Landscape Contractor.

**1.7 QUALITY ASSURANCE**

A. General: Comply with applicable Federal, State, County and Local regulations governing landscape materials and work

B. Personnel: Employ only experienced personnel who are familiar with the required work. Provide full time supervision by a qualified foreman acceptable to Landscape Architect.

C. Selection of Plant Material:

1. Make contact with suppliers immediately upon obtaining notice of contract acceptance to select and book materials. Develop a program of maintenance (pruning and fertilization) which will insure the purchased materials will meet and/or exceed project specifications.
2. Landscape Architect will provide a key identifying each tree location on site. Written verification will be required to document material selection, source and delivery schedules to site.
3. Owner and/or Architect shall inspect all plant materials when reasonable at place of growth for compliance with requirements for genus, species, cultivar/variety, size and quality.
4. Owner and/or Architect retains the right to further inspect all plant material upon arrival at the site and during installation for size and condition of root balls, limbs, branching habit, insects, injuries, and latent defects.
5. Owner and/or Architect may reject unsatisfactory or defective material at any time during the process of work. Remove rejected materials from the site immediately. Plants damaged in transit or at job site shall be rejected.

**1.8 PRODUCT DELIVERY, STORAGE AND HANDLING**

A. Preparation:

1. Balled and Burlapped (B&B) Plants: Dig and prepare shipment in a manner that will not damage roots, branches, shape, and future development.
2. Container Grown Plants: Deliver plants in rigid container to hold ball shape and protect root mass.

A. Delivery:

1. Deliver packaged materials in sealed containers showing weight, analysis and name of manufacturer. Protect materials from deterioration during delivery and while stored at site.
2. Deliver only plant materials that can be planted in one day unless adequate storage and watering facilities are available on job site.
3. Protect root balls by heeling in with sawdust or other approved moisture retaining material if not planted within 24 hours of delivery.
4. Protect plants during delivery to prevent damage to root balls or desiccation of leaves. Keep plants moist at all times. Cover all materials during transport.
5. Notify Architect of delivery schedule 72 hours in advance so plant material may be observed upon arrival at job site.
6. Remove rejected plant material immediately from site.
7. To avoid damage or stress, do not lift, move, adjust to plumb, or otherwise manipulate plants by trunk or stems.

### PART 2 - PRODUCTS

**2.1 PLANTS**

A. General: Well-formed No. 1 grade or better nursery grown stock. Listed plant heights are from tops of root balls to nominal tops of plants. Plant spread refers to nominal outer width of the plant, not to the outer leaf tips. Plants will be individually approved by the Architect and his decision as to their acceptability shall be final.

B. Quantities: The drawings and specifications are complimentary. Anything called for on one and not the other is as binding as if shown and called for on both. The plant schedule is an aid to bidders only. Confirm all quantities on plan.

C. Quality and size: Plant materials shall conform to the size given on the plan, and shall be healthy, symmetrical, well-shaped, full branched, and well rooted. The plants shall be free from injurious insects, diseases, injuries to the bark or roots, broken branches, objectionable disfigurements, insect eggs and larvae and are to be of specimen quality.

D. Approval: All plant materials shall be subject to the approval of the Owner. All plants which are found unsuitable in growth, or in any unhealthy, badly shaped, or undersized condition, will be rejected by the Landscape Architect, either before or after planting, and shall be removed at the expense of the Landscape Contractor and replaced with acceptable plants as specified.

E. Trees shall be healthy, full-branched, well-shaped and shall meet the trunk diameter and height requirements of the plant schedule. Balls shall be firm, neat, slightly tapered, and well wrapped in burlap. Any tree loose in the ball or with broken ball at time of planting will be rejected. Balls shall be ten (10") inched in diameter for each one (1") inch of trunk diameter, Measured six (6") inched above ball.
Nomenclature conforms to the customary nursery usage: for clarification, the term "multi-trunk" defines a plant having three (3) or more trunks of nearly equal diameter.

F. Pruning: All pruning of trees and shrubs, as directed by the Landscape Architect, shall be executed by the Landscape Contractor at no additional cost to the Owner.

**2.2 SOIL PREPARATION MATERIALS**

A. Sandy Loam:

1. Friable, fertile, dark, loamy soil, free of clay lumps, subsoil, stones and other extraneous material and reasonably free of weeds and foreign grasses. Loam containing Dallasgrass or Nutgrass shall be rejected.
2. Physical properties as follows:
   Clay – between 7-27 percent
   Silt – between 15-25 percent
   Sand – less than 52 percent
3. Organic matter shall be 3%-10% of total dry weight.
4. If requested, provide a certified soil analysis conducted by an approved soil testing laboratory verifying that sandy loam meets the above requirements.

B. Organic Material: Compost with a mixture of 80% vegetative matter and 20% animal waste. Ingredients should be a mix of course and fine textured material.

C. Premixed Bedding Soil as supplied by Vital Earth Resources, Gladewater, Texas; Professional Bedding Soil as supplied by Living Earth Technology, Dallas, Texas or Acid Gro Municipal Mix as supplied by Soil Building Systems, Dallas, Texas or approved equal.

D. Sharp Sand: Sharp sand must be free of seeds, soil particles and weeds.

E. Mulch: Double Shredded Hardwood Mulch, partially decomposed, dark brown. Living Earth Technologies or approved equal.

F. Organic Fertilizer: Fertilaid, Sustane, or Green Sense or equal as recommended for required applications. Fertilizer shall be delivered to the site in original unopened containers, each bearing the manufacturer's guaranteed statement of analysis.

A. Commercial Fertilizer: 10-20-10 or similar analysis. Nitrogen source to be a minimum 50% slow release organic Nitrogen (SCU or UF) with a minimum 8% sulphur and 4% iron, plus micronutrients.

B. Peat: Commercial sphagnum peat moss or partially decomposed shredded pine bark or other approved organic material.

**2.3 MISCELLANEOUS MATERIALS**

A. Steel Edging: Shall be Ryerson "Estate Curbing", 1/8" x 4" with stakes 4' on center.

B. Staking Material for Shade Trees:

1. Post: Studded T-Post, #1 Armco with anchor plate; 6'-0" length; paint green.
2. Wire: 12 gauge, single strand, galvanized wire.
3. Rubber hose: 2 ply, fiber reinforced hose, minimum ½ inch inside diameter. Color: Black.

C. Gravel: Washed native pea gravel, graded 1 in. to 1-1/2 in.

D. Filter Fabric: Mirafi 140N by Celanese Fibers Marketing Company, available at Loftland Co., (214) 631-5250 or approved equal.

### PART 3 - EXECUTION

**3.1 BED PREPARATION & FERTILIZATION**

A. Landscape Contractor to inspect all existing conditions and report any deficiencies to the Owner.

B. All planting areas shall be conditioned as follows:

1. Prepare new planting beds by scraping away existing grass and weeds as necessary. Till existing soil to a depth of six (6") inches prior to placing compost and fertilizer. Apply fertilizer as per manufacturers recommendations. Add six (6") inches of compost and till into a depth of six (6") inches of the topsoil. Apply organic fertilizer such as Sustane or Green Sense at the rate of twenty (20) pounds per one thousand (1,000) square feet.
2. All planting areas shall receive a two (2") inch layer of specified mulch.
3. Backfill for tree pits shall be as follows: Use existing top soil on site (use imported topsoil as needed) free from large clumps, rocks, debris, caliche, subsoils, etc., placed in nine (9") inch layers and watered in thoroughly.

C. Grass Areas:

1. Areas to be Solid Sod Bermudagrass: Blocks of sod should be laid joint to joint, (staggered joints) after fertilizing the ground first. Roll grass areas to achieve a smooth, even surface. The joints between the blocks of sod should be filled with topsoil where they are evidently gaped open, then watered thoroughly.
2. Areas to be Hydromulch Common Bermudagrass: Hydromulch with bermudagrass seed at a rate of two (2) pounds per one thousand (1,000) square feet. Use a 4' x 8' batter board against the bed areas.

**3.2 INSTALLATION**

A. Maintenance of plant materials shall begin immediately after each plant is delivered to the site and shall continue until all construction has been satisfactorily accomplished.

B. Plant materials shall be delivered to the site only after the beds are prepared and area ready for planting. All shipments of nursery materials shall be thoroughly protected from the drying winds during transit. All plants which cannot be planted at once, after delivery to the site, shall be well protected against the possibility of drying by wind and sun. Balls of earth of B & B plants shall be kept covered with soil or other acceptable material. All plants remain the property of the Contractor until final acceptance.

C. Position the trees and shrubs in their intended location as per plan.

D. Notify the Landscape Architect for inspection and approval of all positioning of plant materials.

E. Excavate pits with vertical sides and horizontal bottom. Tree pits shall be large enough to permit handling and planting without injury to balls of earth or roots and shall be of such depth that, when planted and settled, the crown of the plant shall bear the same relationship to the finish grade as it did to soil surface in original place of growth.

F. Shrub and tree pits shall be no less than two (2') feet, twenty-four (24") inches, wider than the lateral dimension of earth ball and six (6") inches deeper than it's vertical dimension. Remove and haul from site all rocks and stones over one (1") inch in diameter. Plants should be thoroughly moist before removing containers.

G. Dig a wide, rough sided hole exactly the same depth as the height of the ball, especially at the surface of the ground. The sides of the hole should be rough and jagged, never slick or glazed.

H. Percolation Test: Fill the hole with water. If the water level does not percolate within 24 hours, the tree needs to move to another location or have drainage added. Install a PVC stand pipe per tree planting detail as approved by the Landscape Architect.

I. Backfill only with 5 parts existing soil or sandy loam and 1 part bed preparation. When the hole is dug in solid rock, topsoil from the same area should not be used. Carefully settle by watering to prevent air pockets. Remove the burlap from the top 1/3 of the ball, as well as all nylon, plastic string and wire mesh. Container trees will usually be pot bound, if so follow standard nursery practice of 'root scoring'.

J. Do not wrap trees.

K. Do not over prune.

L. Mulch the top of the ball. Do not plant grass all the way to the trunk of the tree. Leave the area above the top of the ball and mulch with at least two (2") inches of specified mulch.

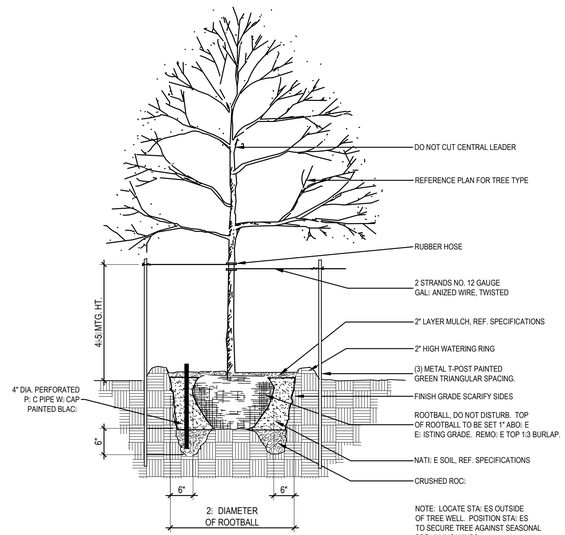
M. All plant beds and trees to be mulched with a minimum settled thickness of two (2") inches over the entire bed or pit.

N. Obstruction below ground: In the event that rock, or underground construction work or obstructions are encountered in any plant pit excavation work to be done under this section, alternate locations may be selected by the Owner. Where locations cannot be changed, the obstructions shall be removed to a depth of not less than three (3') feet below grade and no less than six (6") inches below the bottom of ball when plant is properly set at the required grade. The work of this section shall include the removal from the site of such rock or underground obstructions encountered at the cost of the Landscape Contractor.

O. Trees and large shrubs shall be staked as site conditions require. Position stakes to secure tree against seasonal prevailing winds.

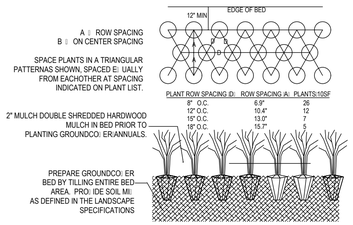
P. Pruning and Mulching: Pruning shall be directed by the Architect and shall be pruned in accordance with standard horticultural practice following Fine Pruning, Class I pruning standards provided by National Arborist Association.

1. Dead wood or suckers and broken badly bruised branches shall be removed. General tipping of the branched is not permitted. Do not cut terminal branches.
2. Pruning shall be done with clean, sharp tools.
3. Immediately after planting operations are completed, all tree pits shall be covered with a layer of organic material two (2") inches in depth. This limit of the organic material



Q. Steel Curbing Installation:

1. Curbing shall be aligned as indicated on plans. Stake out limits of steel curbing and obtain Owners approval prior to installation.
2. All steel curbing shall be free of kinks and abrupt bends.
3. Top of curbing shall be 3/4" maximum height above grade.
1. Stakes are to be installed on the planting bed side of the curbing, as opposed to the grass side.
2. Do not install steel edging along sidewalks.
3. Cut steel edging at 45 degree angle where edging meets sidewalk.



**3.3 CLEANUP AND ACCEPTANCE**

A. Cleanup: During the work, the premises shall be kept neat and orderly at all times. Storage areas for all materials shall be so organized that they, too, are neat and orderly. All trash and debris shall be removed from the site as work progresses. Keep paved areas clean by sweeping or hosing at end of each days work.

# CITY OF ROCKWALL

PLANNING AND ZONING COMMISSION CASE MEMO

**PLANNING AND ZONING DEPARTMENT**
385 S. GOLIAD STREET • ROCKWALL, TX 75087
PHONE: (972) 771-7745 • EMAIL: PLANNING@ROCKWALL.COM

| | |
|---|---|
| **TO:** | Planning and Zoning Commission |
| **DATE:** | April 9, 2019 |
| **APPLICANT:** | Dean Cathey; *Dean Cathey Custom Homes, Inc.* |
| **CASE NUMBER:** | P2019-013; *Lots 3, 4, & 5, Block A, Richard Harris Subdivision No. 3 Addition* |

## SUMMARY

Hold a public hearing to discuss and consider a request by Dean Cathey of Dean Cathey Custom Homes, Inc. for the approval of a replat for Lots 3, 4 & 5, Block A, Richard Harris Subdivision No. 3 Addition being a 0.57-acre tract of land identified as Lots 1 & 2, Block A, Richard Harris Subdivision No. 3 Addition, City of Rockwall, Rockwall County, Texas, zoned Single Family 7 (SF-7) District, addressed as 705 & 707 Hartman Street, and take any action necessary.

## PLAT INFORMATION

☑ The applicant is requesting to replat two (2) parcels of land (*i.e. Lots 1 & 2, Block A, Richard Harris Subdivision No. 3 Addition*) into three (3) parcels of land (*i.e. Lots 3, 4, & 5, Block A, Richard Harris Subdivision No. 3 Addition*) in order to construct a single-family home on Lot 5.

☑ On April 2, 2019, the Parks and Recreation Board reviewed the proposed *replat* and made the following recommendations:

1) The developer shall pay pro-rata equipment fees for Park District No. 21 in the amount of $516.00 for Lot 5. This will need to be paid at time of final plat; and

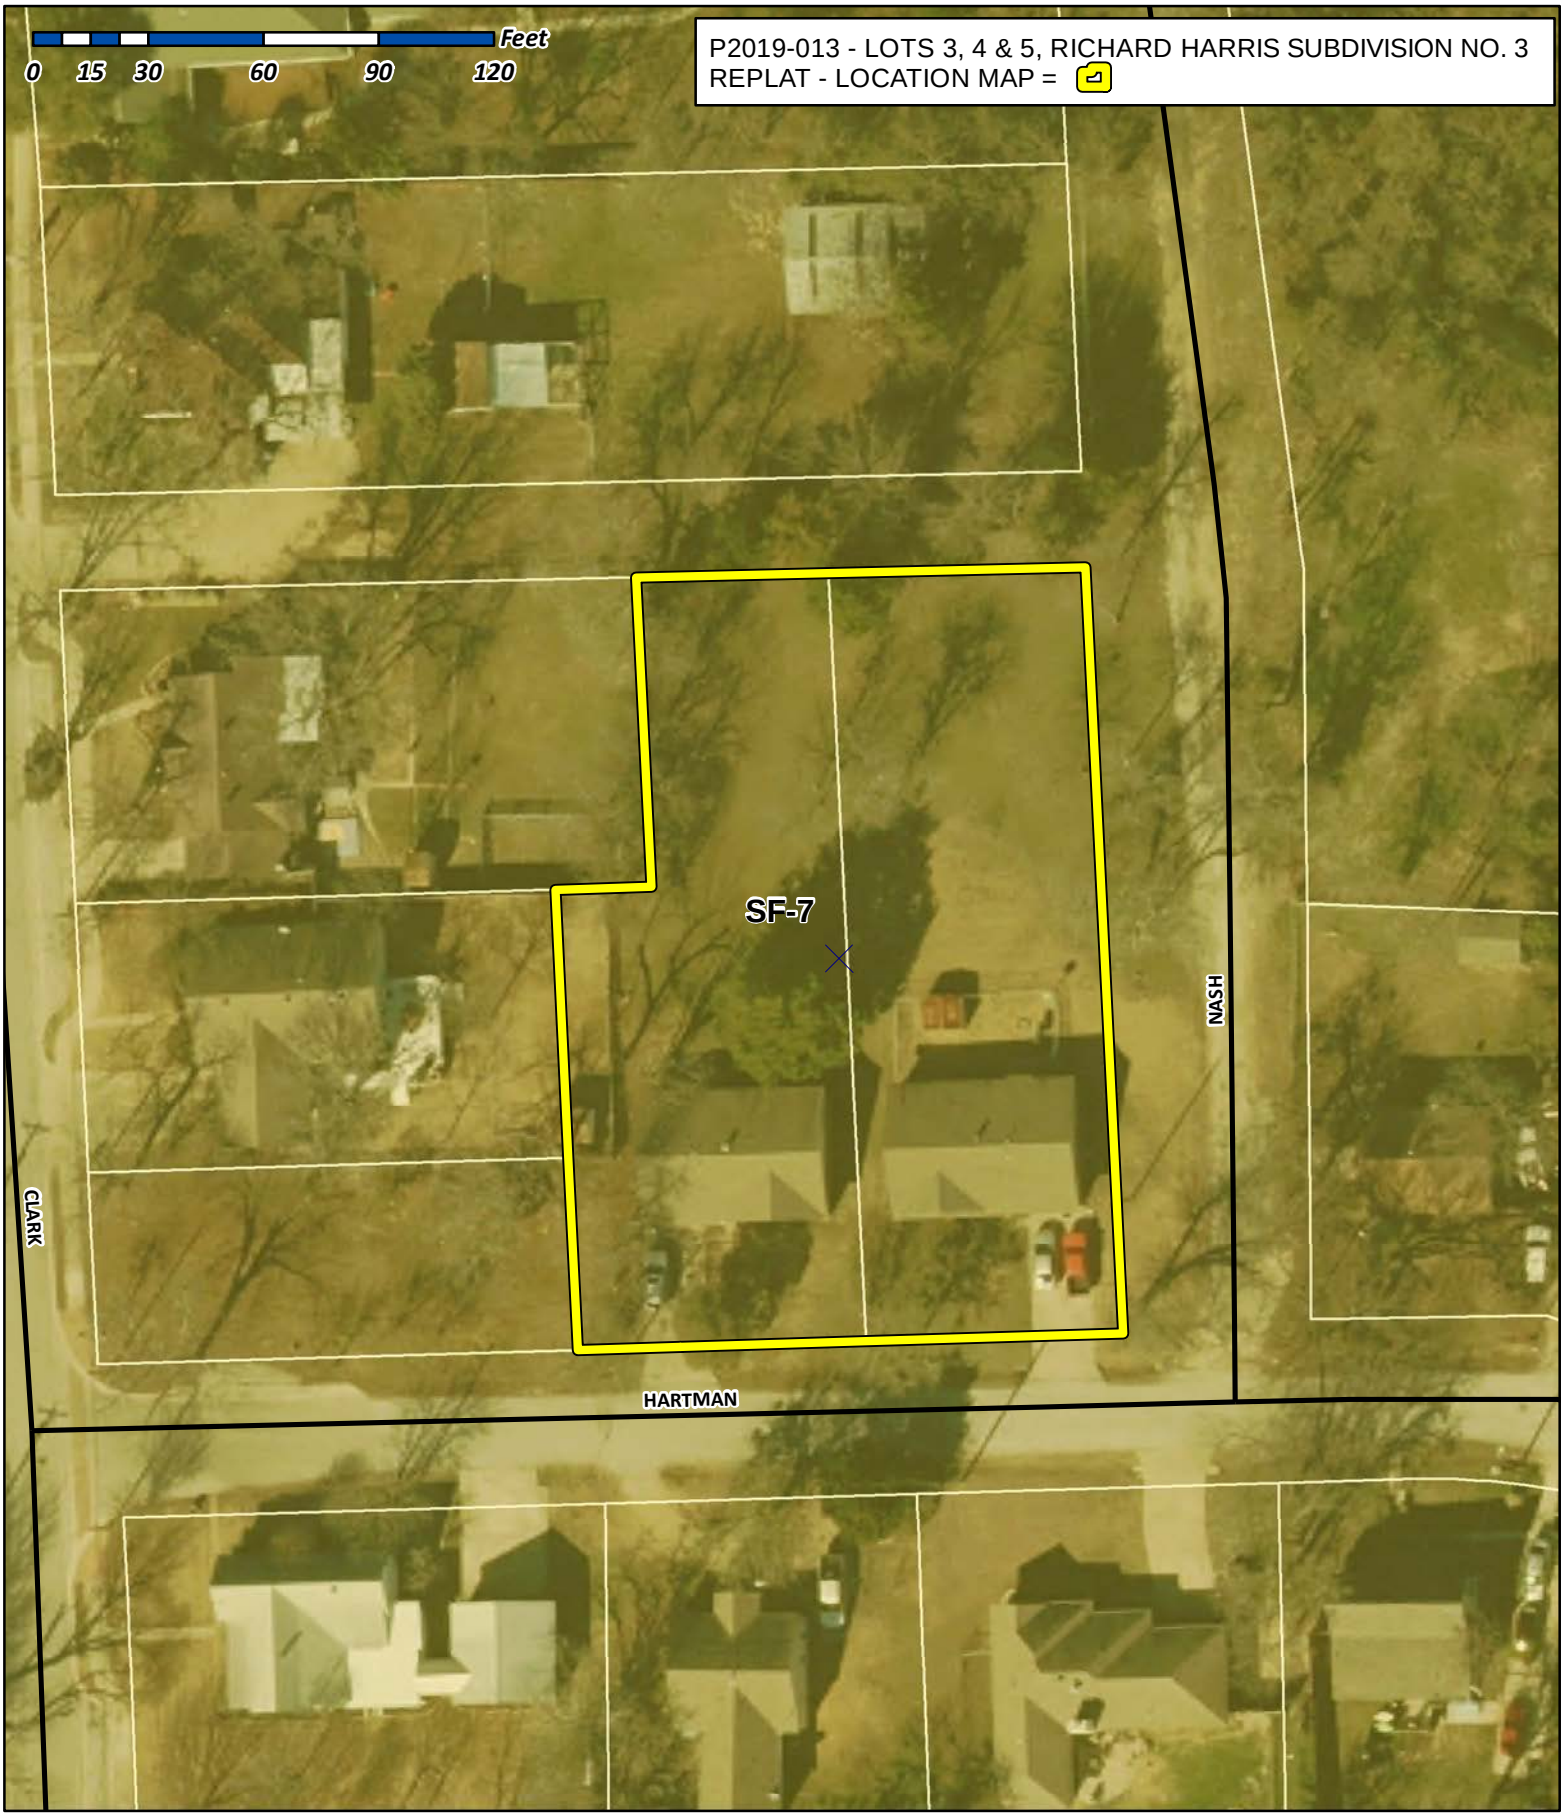
2) The developer shall pay cash-in-lieu of land fees for Park District No. 21 in the amount of $499.00 for Lot 5 to be paid at the time of final plat.

☑ The surveyor has completed the majority of the technical revisions requested by staff, and this plat -- *conforming to the requirements for final plats as stated in the Subdivision Ordinance in the Municipal Code of Ordinances* -- is recommended for conditional approval pending the completion of final technical modifications and submittal requirements.

☑ Conditional approval of this plat by the City Council shall constitute approval subject to the conditions stipulated in the *Conditions of Approval* section below.

☑ With the exception of the items listed in the *Conditions of Approval* section of this case memo, this plat is in substantial compliance with the requirements of the *Subdivision Ordinance* in the *Municipal Code of Ordinances*.

## NOTIFICATIONS



On March 25, 2019, staff mailed 29 notices to property owners/residents within 200-feet of the subject property in accordance with the requirements stipulated by the Texas Local Government Code for residential replats. At the time this report was written, staff had not received any notices concerning this case.

## CONDITIONS OF APPROVAL

If the Planning and Zoning Commission chooses to recommend approval of the replat for *Lots 3, 4, & 5, Block A, Richard Harris Subdivision No. 3 Addition*, staff would propose the following conditions of approval:

(1) All technical comments from the Engineering, Planning and Fire Departments shall be addressed prior to the filing of this plat;

(2) Any construction resulting from the approval of this site plan shall conform to the requirements set forth by the Unified Development Code (UDC), the International Building Code (IBC), the Rockwall Municipal Code of Ordinances, city adopted engineering and fire codes and with all other applicable regulatory requirements administered and/or enforced by the state and federal government.

OWNER'S CERTIFICATE
(Public Dedication)

STATE OF TEXAS
COUNTY OF ROCKWALL

WHEREAS, RIJU LTD PARTNERSHIP, Being the owners of a tract of land in the County of Rockwall, State of Texas, said tract being described as follows:

All that certain lot, tract or parcel of land situated in the B.F. BOYDSTUN SURVEY, ABSTRACT NO. 14, City of Rockwall, Rockwall County, Texas, and being all of Lots 1 & 2, Block A, Richard Harris Subdivision, an Addition to the City of Rockwall, Texas, according to the Plat thereof recorded in Cabinet B, Slide 44 of the Plat Records of Rockwall County, Texas, and being more particularly described as follows:

BEGINNING at a 1/2" iron rod found for corner in the west right-of-way of Nash Street, a variable width right-of-way, and in the south right-of-way line of a 30 foot alley and being at the northeast corner of Lot 1, Block A;

THENCE S. 00 deg. 12 min. 03 sec. W. along the west right-of-way line of Nash Street, a distance of 195.68 feet to 1/2" iron rod found for corner in the north right-of-way line of Hartman Street;

THENCE N. 90 deg. 00 min. 00 sec. W. along the north right-of-way line of Hartman Street, a distance of 130.09 feet to 1/2" iron rod found for corner at the southwest corner of Lot 2, Block A;

THENCE N. 00 deg. 05 min. 31 sec. W. along the west line of said Lot 2, a distance of 134.77 feet to a 1/2" iron rod found for corner;

THENCE N. 89 deg. 59 min. 04 sec. E. a distance of 10.20 feet to a 1/2" iron rod found for corner;

THENCE N. 00 deg. 00 min. 17 sec. E. a distance of 63.60 feet to a 1/2" iron rod found for corner in the south right-of-way line of a 30 foot alley;

THENCE S. 88 deg. 43 min. 10 sec. E. a distance of 120.38 feet to the POINT OF BEGINNING and containing 25,036 square feet or 0.57 acres of land.

NOW, THEREFORE, KNOW ALL MEN BY THESE PRESENTS:

STATE OF TEXAS
COUNTY OF ROCKWALL

I the undersigned owner of the land shown on this plat, and designated herein as RICHARD HARRIS SUBDIVISION NO. 3, LOTS 3, 4 & 5, BLOCK A, an Addition to the City of Rockwall, Texas, and whose name is subscribed hereto, hereby dedicate to the use of the public forever all streets, alleys, parks, water courses, drains, easements and public places thereon shown on the purpose and consideration therein expressed. I further certify that all other parties whohave a mortgage or lien interest in the subdivision have been notified and signed this plat.

I understand and do hereby reserve the easement strips shown on this plat for the purposes stated and for the mutual use and accommodation of all utilities desiring to use or using same.

I also understand the following;

1. No buildings shall be constructed or placed upon, over, or across the utility easements as described herein.

2. Any public utility shall have the right to remove and keep removed all or part of any buildings, fences, trees, shrubs, or other growths or improvements which in any way endanger or interfere with construction, maintenance or efficiency of th eir respective system on any of these easement strips; and any public utility shall at all times have the right of ingress or egress to, from and upon the said easement strips for purpose of construction, reconstruction, inspecting, patrolling, maint aining, and either adding to or removing all or part of their respective system without the necessity of, at any time, procuring the permission of anyone.

3. The City of Rockwall will not be responsible for any claims of any nature resulting from or occasioned by the establishment of grade of streets in the subdivision.

4. The developer and subdivision engineer shall bear total responsibility for storm drain improvements.

5. The developer shall be responsible for the necessary facilities to provide drainage patterns and drainage controls such that properties within the drainage area are not adversely affected by storm drainage from the development.

6. No house dwelling unit, or other structure shall be constructed on any lot in this addition by the owner or any other person until the developer and/or owner has complied with all requirements of the Subdivision Regulations of the City of Roc kwall regarding improvements with respect to the entire block on the street or streets on which property abuts, including the actual installation of streets with the required base and paving, curb and gutter, water and sewer, drainage structures, sto rm structures, storm sewers, and alleys, all according to the specifications of the City of Rockwall; or
Until an escrow deposit, sufficient to pay for the cost of such improvements, as determined by the city's engineer and/or city administrator, computed on a private commercial rate basis, has been made with the city secretary, accompanied by an agreement signed by the developer and/or owner, authorizing the city to make such improvements at prevailing private commercial rates, or have the same made by a contractor and pay for the same out of the escrow deposit, should the developer an d/or owner fail or refuse to install the required improvements within the time stated in such written agreement, but in no case shall the City be obligated to make such improvements itself. Such deposit may be used by the owner and/or developer as p rogress payments as the work progresses in making such improvements by making certified requisitions to the city secretary, supported by evidence of work done; or

Until the developer and/or owner files a corporate surety bond with the city secretary in a sum equal to the cost of such improvements for the designated area, guaranteeing the installation thereof within the time stated in the bond, which time shall be fixed by the city council of the City of Rockwall.

I further acknowledge that the dedications and/or exaction's made herein are proportional to the impact of the subdivision upon the public services required in order that the development will comport with the present and future growth needs of the City; I , my successors and assigns hereby waive any claim, damage, or cause of action that I may have as a result of the dedication of exaction's made herein.

| **TO:** | Planning and Zoning Commission |
| **FROM:** | Korey Brooks, *Senior Planner* |
| **CC:** | Ryan Miller, *Director of Planning and Zoning* |
| **DATE:** | April 9, 2019 |
| **SUBJECT:** | Z2019-004; *SUP for Guest Quarters* |

The applicant has provided staff with a letter requesting to withdraw *Case No. Z2019-004*. The applicant has made proposed revisions to the guest quarters that include incorporating the guest quarters with the main structure and cladding the structure with the same materials as the primary structure (*i.e. hardie board and stone*). With that being said, the revised request does not require a Specific Use Permit (SUP). Staff should note that the Planning and Zoning Commission has discretion on whether to accept or deny the applicant's request to withdraw the zoning case. Section 5, *Application Withdrawal*, of the Article II, *Authority and Administrative Procedures*, of the Unified Development Code (UDC), states that any case that has been published in the paper and notifications of a public hearing sent out must be placed on the public hearing agenda and acted upon by the applicable body. Should the Planning and Zoning Commission have any questions staff will be available at the meeting.

**From:** Sandie Wood
**To:** Brooks, Korey
**Subject:** Withdraw the SUP
**Date:** Friday, April 05, 2019 4:05:57 PM

---

Hi Korey,
I am requesting to withdraw this case because I am modifying the plans…"

I would still like you to send me all the emails that were sent to you regarding the SUP.

Thanks,
Sandie Wood

| **TO:** | Planning and Zoning Commission |
| **DATE:** | April 9, 2019 |
| **APPLICANT:** | Kent Donahue, *Donahue Development Corporation* |
| **CASE NUMBER:** | Z2019-005; *Zoning Change (AG to PD) for Heritage Park* |

## SUMMARY

Hold a public hearing to discuss and consider a request by Kent Donahue of Donahue Development Corporation on behalf of the owner Rockwall Highgate LTD for the approval of a zoning change from an Agricultural (AG) District to a Planned Development District for Single Family 7 (SF-7) District land uses on a 264.510-acre tract of land identified as Tracts 17-13 [*50.0-acres*], 17-14 [*26.452-acres*], 17-15 [*134.33-acres*], 17-16 [*43.6-acres*], & 40-8 [*8.79-acres*] of the W. W. Ford Survey, Abstract No. 80, City of Rockwall, Rockwall County, Texas, zoned Agricultural (AG) District, located on the east side of SH-205 (*S. Goliad Street*) south of the intersection of SH-205 and FM-549, and take any action necessary.

## BACKGROUND

The subject property is a 264.51-acre tract of land that was annexed into the City on November 4, 2010 by *Ordinance No. 10-27*. At the time of annexation, the subject property was zoned as an Agricultural (AG) District, and no changes to this designation have been approved since its adoption. According to the Rockwall Central Appraisal District (RCAD), there is an existing 8,567 SF single-family home, a 1,568 SF mobile home, an ~61,200 SF metal building, and various other commercial buildings currently situated on the property. The subject property is currently being operated as a residence and equestrian center.

## PURPOSE

On March 15, 2019, the applicant -- *Kent Donahue of Donahue Development Corporation* -- submitted an application requesting to change the zoning of the subject property from an Agricultural (AG) District to a Planned Development District for Single-Family 7 (SF-7) District land uses. Specifically, the applicant was proposing to entitle the subject property for a 545-lot residential subdivision that will incorporate lots that range in size from 60' x 120' (*i.e. 7,200 SF minimum*) to 70' x 130' (*i.e. 9,100 SF minimum*), and have approximately 94.00-acres of open space and public parkland. The Planned Development District would be subject to Single-Family 7 (SF-7) District land uses and development standards (*unless specifically indicated in the Planned Development District ordinance*). In conjunction with this zoning request, the applicant has also submitted a petition for a Public Improvement District (PID), which the City Council will hold a public hearing for on *April 15, 2019* prior to the public hearing for this zoning case.

## ADJACENT LAND USES AND ACCESS

The subject property is generally located between FM-549, SH-205 (*S. Goliad Street*), Travis Lane, and Wylie Lane. The land uses adjacent to the subject property are as follows:

*North*: Directly north of the subject property is FM-549, which is identified as a TXDOT4D (*Texas Department of Transportation [TXDOT] roadway, four [4] lane, divided roadway*) on the Master Thoroughfare Plan. Beyond this thoroughfare is the Oaks of Buffalo Way and Willowcrest

Estates Subdivisions, which consist of 91 single-family residential lots. These subdivisions are zoned Single Family Estate 1.5 (SFE-1.5) District and Planned Development District 51 (PD-51) for single-family estate land uses.

*South*: Directly south of the subject property are the corporate limits of the City of Rockwall, and the corporate limits of the City of McLendon-Chisholm. Beyond this are two (2) vacant tracts of land situated within the City of McLendon-Chisolm and its Extraterritorial Jurisdiction (ETJ).

*East*: Directly east of the subject property is SH-205 (*S. Goliad Street*), which is identified as a TXDOT4D (*Texas Department of Transportation [TXDOT] roadway, four [4] lane, divided roadway*) on the Master Thoroughfare Plan. Beyond this roadway are the corporate limits of the City of Rockwall, followed by a single-family subdivision situated within McLendon-Chisholm's Extraterritorial Jurisdiction (ETJ).

*West*: Directly west of the subject property is Travis Lane, which is identified as an R2U (*residential, two [2] lane, undivided roadways*) on the City's Master Thoroughfare Plan. Beyond this are several residential properties zoned Agricultural (AG) District.

## CHARACTERISTICS OF THE REQUEST

The applicant has submitted a concept plan and development standards for the proposed residential subdivision. The concept plan shows that the 264.51-acre subject property will consist of 545 single-family residential lots that will be broken down into two (2) lot types (*i.e. 60' x 120' & 70' x 130'*). Specifically, the development will incorporate 323, 60' x 120' (*i.e. 7,200 SF*) lots and 222, 70' x 130' (*i.e. 9,100 SF*) lots, and have an overall average lot size of 7,973.94 SF. The proposed minimum area of each dwelling unit (*i.e. air-conditioned space*) will vary based on the lot size and range from a minimum of 2,000 SF to 2,300 SF. The proposed housing product will exceed the City's minimum masonry and anti-monotony requirements, and will allow both *traditional swing* (*i.e. j-swing*) and *front entry* garages (*i.e. setback a minimum of ten [10] feet from the front façade of the primary structure*). The overall proposed density for the development will be *2.10* dwelling units per acre.

In addition to the 545 residential lots, the concept plan also depicts the incorporation of a ~94.00-acre public park with trails. Approximately 39.00-acres of this area will be situated within the floodplain. Located within the remaining ~55.00-acres of parkland (*i.e. the area outside of the floodplain*) is a pond that is shaped like the State of Texas. The applicant is proposing to create a unique amenity around that pond that will break down the area adjacent to the pond into small areas representing the various ecoregions for the State of Texas (*i.e. Hills & Highlands, Prairies & Plains, Costal Waters, and Woods & Streams*). The ecoregions will incorporate hardscape and landscape features that are reflective of these areas, and integrate amenities and play structures (*e.g. kayak launch, playground equipment, pavilions, etc.*) into each small area plan to increase the utility of the public park. It should also be noted that the applicant will incorporate parking areas to support the regional park.

Another proposal by the applicant was to construct *Gateway Monumentation Signage* adjacent to the City's corporate boundaries on SH-205 (*S. Goliad Street*). In response to this proposal staff has included images of the monumentation signage that was approved for the SH-66 entryway (*approved with Case No. SP2018-001*), and included the statement that "(t)he proposed signage shall be similar to or better than the City's existing gateway monumentation signage …" This will be reviewed by the Architectural Review Board for recommendation to the Planning and Zoning Commission as part of the PD Site Plan; however, the City Council shall have the final approval authority for the proposed signage. Based on the applicant's request for a Public Improvement District (PID) staff has required that if the applicant's request is approved the park/trail system and gateway monumentation signage shall be constructed with the first phase of the development.

The proposed Planned Development District will be subject to the land uses and requirements stipulated for the Single Family 7 (SF-7) District unless specifically called out in the Planned

Development District ordinance. A summary of the proposed development standards for each lot type is as follows:

| *Lot Type (see Concept Plan)* ► | ***A*** | ***B*** |
|---|---|---|
| *Minimum Lot Width* [1] | 60' | 70' |
| *Minimum Lot Depth* | 120' | 130' |
| *Minimum Lot Area* | 7,200 SF | 9,100 SF |
| *Minimum Front Yard Setback* [2] & [5] | 20' | 20' |
| *Minimum Side Yard Setback* | 5' | 5' |
| *Minimum Side Yard Setback (Adjacent to a Street)* [2] & [5] | 10' | 10' |
| *Minimum Length of Driveway Pavement* | 20' | 20' |
| *Maximum Height* [3] | 36' | 36' |
| *Minimum Rear Yard Setback* [4] | 20' | 20' |
| *Minimum Area/Dwelling Unit (SF) [Air Conditioned Space]* | 2,000 SF | 2,300 SF |
| *Maximum Lot Coverage* | 65% | 65% |

*General Notes:*

[1]: The minimum lot width shall be measured at the *Front Yard Building Setback*.

[2]: The location of the *Front Yard Building Setback* as measured from the front property line.

[3]: The *Maximum Height* shall be measured to the eave or top plate (*whichever is greater*) of the single-family home.

[4]: As measured from the rear yard property line.

[5]: Porches, stoops, bay windows, balconies, masonry clad chimneys, eaves and similar architectural features may encroach beyond the *Front Yard Building Setback* by up to ten (10) feet for any property; however, the encroachment shall not exceed five (5) feet on *Side Yard Setbacks*.

## INFRASTRUCTURE

Based on the applicant's concept plan and proposed density, the following infrastructure is required to be constructed to provide adequate public services to the proposed development:

*Water Improvements:* The Water Distribution Master Plan indicates that a 12-inch waterline will need to be constructed along S. Goliad Street (*SH-205*), Wylie Lane, and connect to the existing eight (8) inch water line located along Travis Lane.

*Wastewater Improvements:* The Wastewater Collection System Master Plan shows that the applicant will be responsible for the construction of the Long Branch lift station (*location on the subject property to be determined at the time of civil engineering*), which will be located south of the subject property. This will require full upgrades -- *including appurtenances* -- to the ultimate capacity of lift stations *#1 & #2* along FM-3097. In addition, the applicant will be required to pay a $432.74 per acre pro-rata fee for the wastewater improvements that were previously installed.

*Roadways:* According to the Master Thoroughfare Plan contained in the OURHometown Vision 2040 Comprehensive Plan, Cullins Road is required to be a *Minor Collector*, which requires a 60-foot right-of-way with a 41-foot *back-to-back* street. The applicant only has a small adjacency to the roadway and has the option of [*1*] constructing 24-feet of the roadway or [*2*] escrowing their required portion of the roadway at 115%. In addition, a 30-foot right-of-way dedication -- *as measured from the centerline* -- will be required for Travis Lane and Cullins Road, and additional future right-of-way for FM-549 may be required to be reserved at the time of final plat. All residential streets are required to be in a 50-foot right-of-way with a 29-foot *back-to-back* street, and all roadways adjacent to the proposed park will be required to be a 41-foot *back-to-back* street.

In addition, the applicant will be required to perform a Traffic Impact Analysis (TIA) for the Texas Department of Transportation (TXDOT), a wetlands study for the existing ponds, and a FEMA flood study.

## CONFORMANCE WITH THE CITY'S CODES

The proposed Planned Development District conforms to the majority of the City's code requirements; however, it should be noted that the development standards contained within the Planned Development District ordinance deviate from the requirements of the Unified Development Code (UDC) and the Engineering Department's *Standards of Design and Construction* Manual in the following ways:

- ☑ The Engineering Department's *Standards of Design and Construction* Manual stipulates that, "(A)lleys shall be provided in all residential areas and shall be paved with steel reinforced concrete …"; however, the code does grant the City Council the ability to "… waive the residential alley requirement, if it is in the best interest of the City." (*Section 2.11; Page 14*)

- ☑ The Unified Development Code (UDC) requires that, "(i)n single-family or duplex districts, parking garages must be located at least 20-feet behind the front building façade for front entry garages, unless it is a *J-Swing* [*or traditional swing*] garage where the garage door is perpendicular to the street."

In lieu of alleyways, the applicant is proposing to allow both *traditional swing* and *recessed front entry* garages. All *recessed front entry* garages shall be required to be setback a minimum of ten (10) feet from the front façade of the primary structure. As a compensatory measure for not meeting the required 20-foot setback stipulated by the UDC for *recessed front entry garages*, the applicant is requiring that all garage doors be required to incorporate upgraded finishes (*e.g. divided garage bay doors, carriage style hardware and lighting elements, cedar clad garage doors, or a similar alternative*) and all driveways be constructed with ornamental stamped concrete and/or brick pavers. Staff has incorporated this language into the draft ordinance. By approving the proposed case, the City Council would be waiving these requirements.

## CONFORMANCE WITH OURHOMETOWN VISION 2040 COMPREHENSIVE PLAN

According to the *Land Use Plan* contained in the OURHometown Vision 2040 Comprehensive Plan, the subject property is located within the *Southwest Residential District* and is designated for *Low Density Residential* land uses. The plan defines *Low Density Residential* land uses as "… residential subdivisions that are two (2) units per gross acre or less; however, a density of up to two and one-half (2½) units per gross acre may be permitted for developments that incorporate increased amenity and a mix of land uses …" In addition, the Comprehensive Plan defines increased amenity as, "… developments that provide some of the following: (1) open space beyond the required 20%, (2) a golf course and/or other comparable recreation facilities, (3) amenity/recreation facilities, (4) school site integration, (5) dedication or development of park land beyond the required park land dedication, (6) additional development of trails, (7) other amenities deemed appropriate by the City Council." In this case the applicant is proposing a total density of 2.10 units per acre, and is proposing to build an ~55.00-acre regional park with an additional ~39.00-acres of public trails and open space. The proposed amenities do appear to justify the requested density; however, the density in this case remains a discretionary decision for the City Council.

Additionally, staff has reviewed the plan against the policies and guidelines contained in the OURHometown Vision 2040 Comprehensive Plan, and has made the following recommendations to the applicant concerning how the *Concept Plan* could be changed to better conform with the Comprehensive Plan:

(1) Increase the size of the lots adjacent to FM-549 and SH-205. According to the Comprehensive Plan, neighborhoods should be designed, "utilizing the Housing Tree Model (*i.e. a method of laying out single family lots so that the largest lots are located adjacent to main entries or perimeter streets, and smaller lots are located internal to the subdivision*)." (*CH. 8; Sec. 2.03; 1-5 | Page 8-3*)
(2) Locate the 60' x 120' lot product adjacent to the park land and open spaces in lieu of constructing the 70' x 130' lot product adjacent to these areas. According to the Comprehensive Plan,

"(r)esidential developments should be designed so that smaller residential lots/units are located in the closest proximity to a park and/or open space. This will maximize the value of these lots/units, and allow the open spaces to off-set smaller lot/unit sizes." (*CH. 8; Sec. 2.02; 1-4 | Page 8-2*)

(3) Mix the 60' x 120' and 70' x 130' lot product as opposed to creating homogenous pods or cluster of one (1) lot type. According to the Comprehensive Plan, "(d)evelopment should be encourage to provide a mixture of lot sizes throughout each phase to ensure that the maximum value accrues for all properties. This is particularly important in developments that propose clusters of smaller lots." (*CH. 8; Sec. 2.02; 1-5 | Page 8-2*)

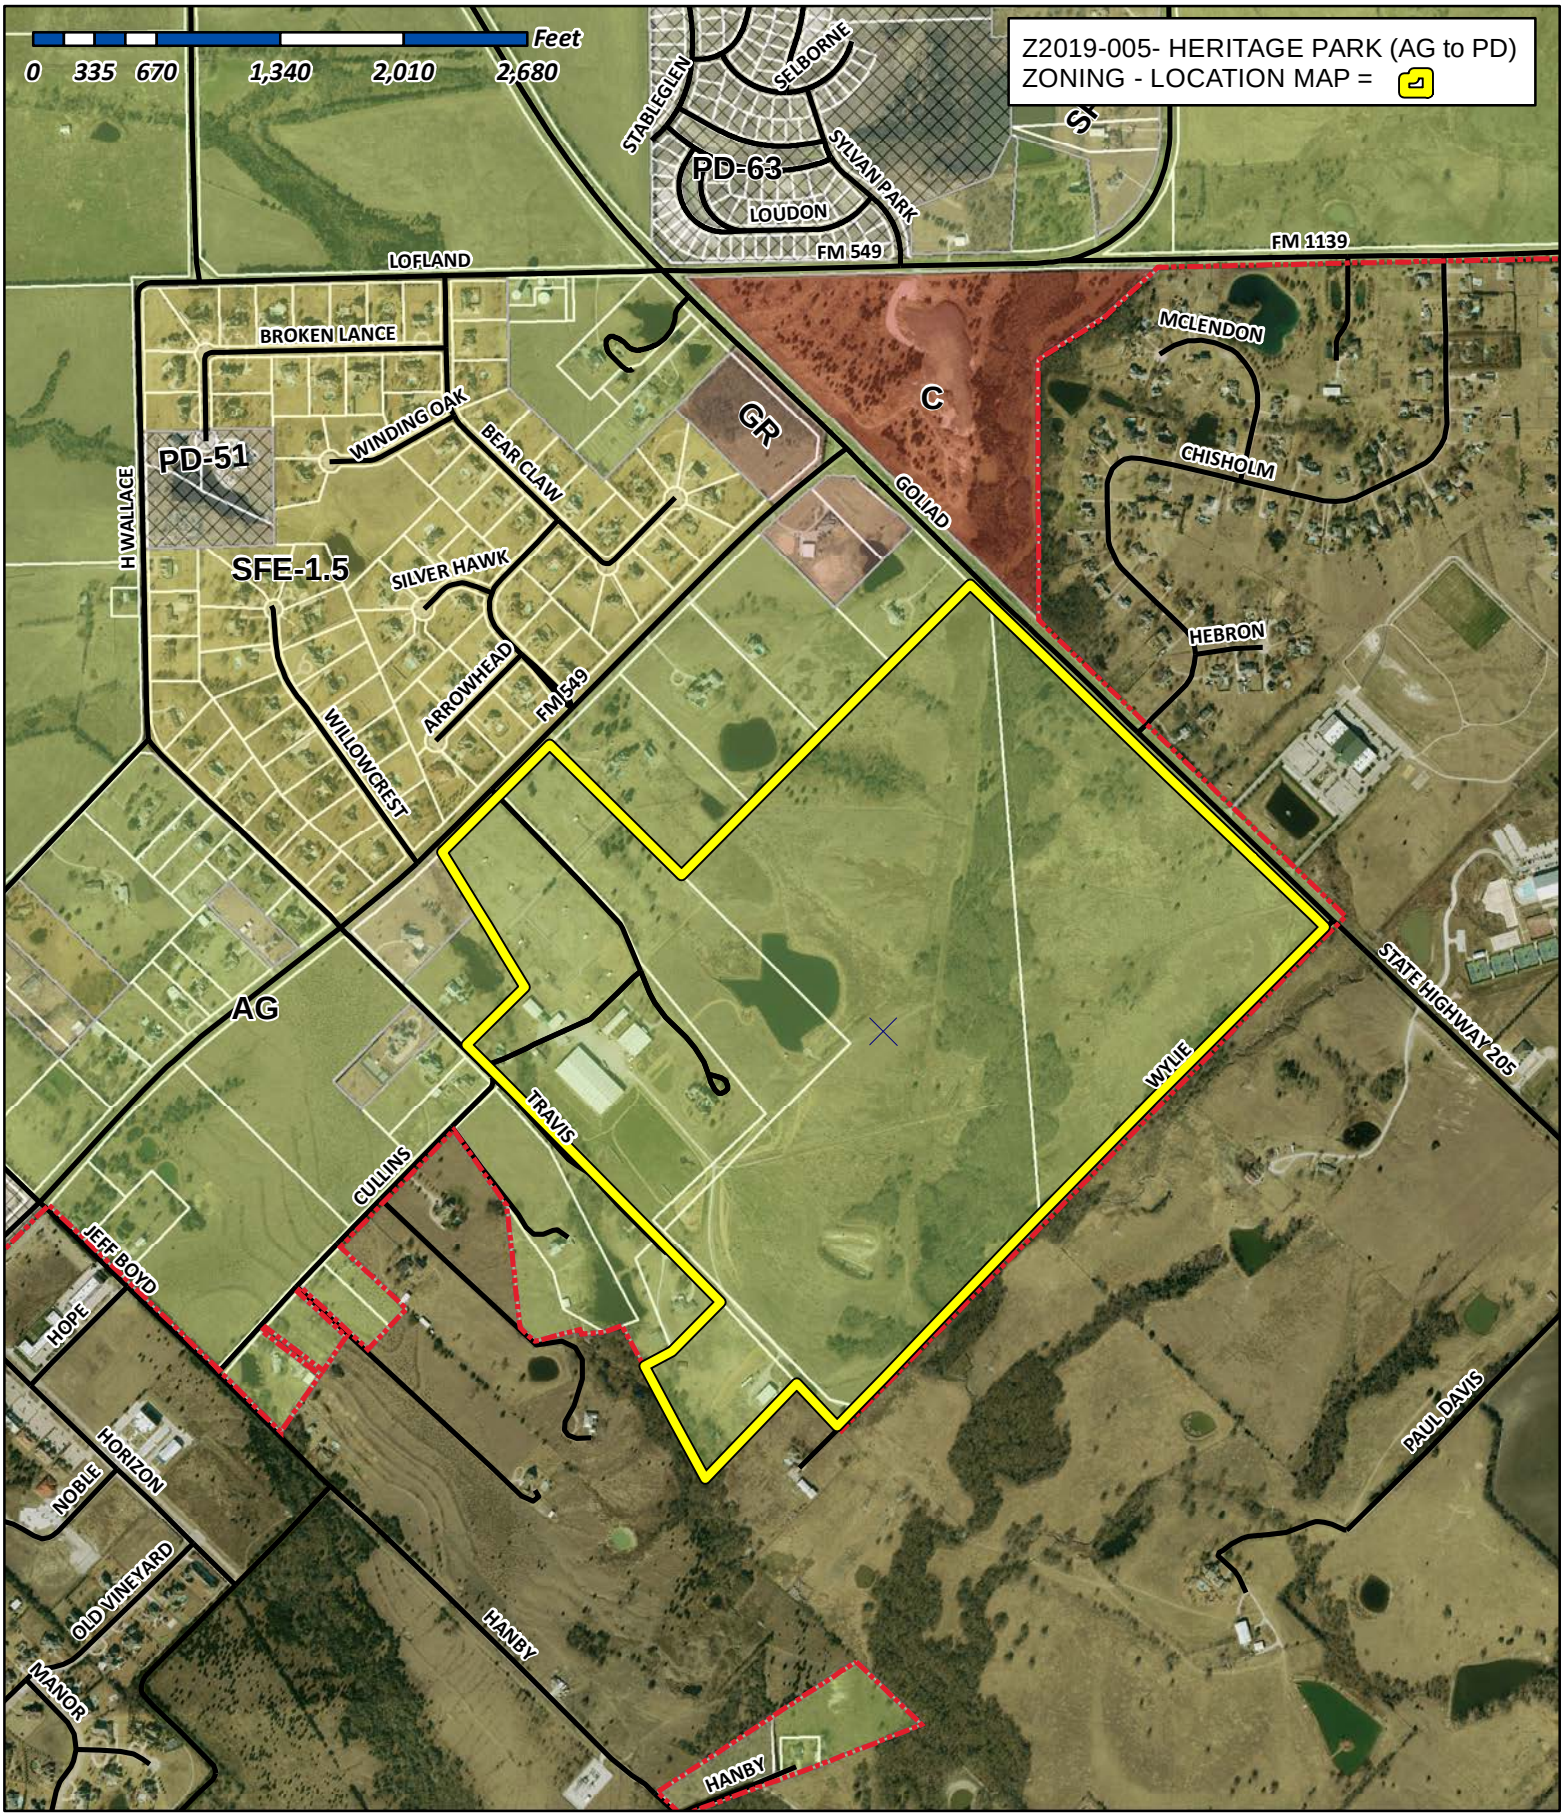
(4) Change the side-yard setbacks for all lots from five (5) feet to six (6) feet. According to the Comprehensive Plan, residential lots should incorporate "… a larger separation between homes to make neighborhoods feel more spacious. This separation should be no less than 12-feet (*i.e. six [6] foot side yard building setback*) and should be scaled to the height of the home." (*CH. 8; Sec. 2.03; 3-4 | Page 8-4*)

The applicant has stated that based on his research, he does not feel that adhering to the above recommendations will add value to the project, and has chosen to leave the concept plan as originally submitted. The approval of the applicant's request to rezone the subject property from an Agricultural (AG) District to a Planned Development District for Single-Family 7 (SF-7) District land uses remains a discretionary decision for the City Council.

## NOTIFICATIONS

On March 25, 2019, staff mailed 32 notices to property owners and occupants within 500-feet of the subject property. Staff also notified the Oaks of Buffalo Way Homeowner's Associations (HOA), which is the only HOA/Neighborhood Organization that is within 1,500-feet of the subject property participating in the Neighborhood Notification Program. Additionally, staff posted a sign on the subject property, and advertised the public hearings in the Rockwall Herald Banner as required by the Unified Development Code (UDC). At the time this report was drafted, staff had received the following opposition to this case:

(1) Nine (9) notices or emails from eight (8) property owners that are City of Rockwall residents inside the notification area.
(2) Five (5) emails from City of Rockwall residents outside of the notification area.
(3) Four (4) emails from Rockwall County residents in the City of Rockwall's Extraterritorial Jurisdiction (ETJ).
(4) Nine (9) emails from residents in Rockwall County in McLendon-Chisholm's Extraterritorial Jurisdiction (ETJ).
(5) Two (2) emails from residents of the City of Heath.
(6) One (1) email from a resident in Rockwall County in the City of Wylie.
(7) One (1) email from a resident in Garland.



Despite the opposition -- *and the Planning and Zoning Commission's pending recommendation for this case* --, the City Council will be required to have ¾-majority vote to approve the case due to a minimum 20% of the land area within 200-feet of the subject property being in opposition to the applicant's request. According to Section 8.4, *Protest of Proposed Change in Zoning*, of Article II, *Authority and Administrative Procedures*, of the Unified Development Code (UDC), "(w)henever such written protest is signed by the owners of 20 percent or more of the area of the lots or land included in such zoning change, or of the lots or land immediately adjoining the same and within the above mentioned 200-foot radius … such change in zoning shall require a favorable vote of three-fourths of all eligible members of the City Council." Staff has included a *For & Against Map* in the attached packet for the Planning and Zoning Commission's review.

## CONDITIONS OF APPROVAL

If the Planning and Zoning Commission chooses to recommend approval of the applicant's request to rezone the subject property from an Agricultural (AG) District to a Planned Development District for Single-Family 7 (SF-7) District land uses, then staff would propose the following conditions of approval:

(1) The applicant shall be responsible for maintaining compliance with the conditions contained within the *Planned Development District* ordinance;

(2) Any construction resulting from the approval of this zoning change shall conform to the requirements set forth by the Unified Development Code (UDC), the International Building Code (IBC), the Rockwall Municipal Code of Ordinances, city adopted engineering and fire codes and with all other applicable regulatory requirements administered and/or enforced by the state and federal government.

To whom it may concern:

Per your participation in the Neighborhood Notification Program, you are receiving this notification to inform your organization and residents of a request for a zoning change that lies within 1,500 feet of the boundaries of your neighborhood or subdivision. As the primary contact for the organization, you are encouraged to share this information with the residents of your subdivision. Please find attached a map detailing the location of the subject property requesting the zoning change in relation to your subdivision boundaries. Additionally, below is a summary of the zoning request that was published in the Rockwall Herald Banner ***March 22, 2019***. The Planning and Zoning Commission will hold a public hearing on ***Tuesday 4/9/2019 at 6:00 p.m.***, and the City Council will hold a public hearing on ***Monday 4/15/2019 at 6:00 p.m***. These hearings will be held in the City Council Chambers at City Hall, 385 S. Goliad Street. These hearings will be held in the City Council Chambers at City Hall, 385 S. Goliad Street. If you have any questions or comments regarding this request, the contact information for the Planning Department is listed below. Additional information can also be found at https://sites.google.com/site/rockwallplanning/development/development-cases

> **Z2019-005- Hold a public hearing to discuss and consider a request by Kent Donahue of Donahue Development Corporation on behalf of the owner Rockwall Highgate LTD for the approval of a zoning change from an Agricultural (AG) District to a Planned Development District for Single Family 7 (SF-7) District land uses on a 264.510-acre tract of land identified as Tracts 17-13 [*50.0-acres*], 17-14 [*26.452-acres*], 17-15 [*134.33-acres*], 17-16 [*43.6-acres*], & 40-8 [*8.79-acres*] of the W. **To:** Miller, Ryan
**Subject:** Heritage Park Rezoning Request
**Attachments:** Zoning Commission - April , 2019.docx; Planning Commission Statement.doc

Ryan: As we discussed this morning, I have included a list of questions that I have developed after reviewing the documents submitted by the applicant. Those questions do not imply in any way my endorsement of this request but are only for consideration by the Board.
I have also attached additional comments that I would like to present to the Board on April 6.
This project is unacceptable as proposed for our neighborhood. Thanks for your consideration. Please confirm your receipt of this e-mail,
Howard and Joan Haddock

Planning and Zoning Presentation
Highgate LTD
Case Z2019-005
Rezoning Request for Heritage Park
April, 2019

My name is Howard Haddock.
My wife Joan and I live at 155 Willowcrest which is directly across HWY - 549 from the proposed development.
It has been almost 8 years ago to the day that we stood before this board in response to a similar request for developing this property by changing the zoning from Agriculture to Planned Development
The current proposal is almost identical to that submitted in 2011.
After retiring, we looked for over two years to find a suitable location so that we could be closer to some of our grandchildren.
Our criteria for finding a new home were narrowed down to our present location based on the neighborhood, the quality of the homes and the large single dwelling homes on spacious lots in a rural setting.
Part of that decision was the fact that we felt that City and County Government were proactive, forward thinking and fully aware of the special place that was Rockwall.
Further we saw a Planning Board that was willing to protect Rockwall residences and the future for our area. It is a bright future as long as we maintain our standards.
We have looked at the change request, the details of this proposal and are very disappointed, in fact stunned that we again need to come before this board to raise our objection to this plan. Attached to this statement is a specific list of questions and concerns that should be considered by this board before rendering its decision.
We recognize and support growth and economic opportunities for Rockwall and encourage others to join our community. However, that welcome should be consistent with our existing community standards and neighborhood values already in place.
As you look at the fact that we will be adding 545 homes on postage stamp lots of 60 and 70 feet with depth of 120 or 130 feet and homes in the 2000 to 2300 square foot range that is clearly not consistent with current standards or expectations. Placing 2.1 homes/acre is a far cry from existing conditions in the area.
Furthermore looking at the roads and access to these homes creates a massive traffic situation as we project adding close to 1000 cars to the area. One of those entry/exit points is on the just completed upgrade to SH-549 directly across from our location.
If you look at the current traffic on SH- 549 and SH-205 during the morning and dinner time hours you will find traffic backed up at the intersection by

between ¼ mile and ½ miles on both roads. It is unacceptable now! Can you imagine the conditions when this project is completed? Add to that the significantly increased travel of school busses throughout the day as students travel between Heath high schools and the newly opened Academy and you will find the traffic conditions totally unsatisfactory.

However above and beyond the obvious issues of traffic, schools, property values and safety, the overriding issue to be considered must be the future of Rockwall and Rockwall County. What type of City do we want to be as we compete here in North Texas. So far, we are a destination location because of our standards, values and our quality of life. That would dramatically change were this project to go forward.

We urge the board to reject this project as proposed. While doing so we recognize that Rockwall will grow and if this property is to be developed, it should meet the current standards in lot size, home square footages a real estate value. Certainly the current residence and the city should welcome growth consistent with our core values.

If this property is to be developed lets do so with the values that are consistent with current standards. This proposal is clearly not!

Howard and Joan Haddock
155 Willowcrest
Rockwall, Texas.

**Specific Questions**
**Heritage Park**
**April, 2019**

- Has there been a traffic study done to determine the impact on our roads and highway safety?
- Looking at the types of homes existing in the area, how could such a proposal even be considered?
- Do you consider frontal garages to be consistent with the area?
- Home orientation on these lots including setbacks should be consistent with the current area standards. Are they?
- Fencing regulations being proposed do not appear to be well enough defined to meet area expectations. Need more specifics.
- What would be the configuration on those houses immediately adjacent to SH-549. Will the set back from the highway be enough to meet current area standards?
- What landscaping enhancements are being considered so as to not detract from the current area?
- City services like sewer will be required. Do you plan to provide those services to existing neighborhoods?
- Has there been any consideration to installing a full line of trees to shield the neighborhood from the street?
- The parks and trial concept masquerades (or allows) for the tract home concept. Is that a proper standard to circumvent the zoning regulations.
- Are non brick homes acceptable in the area?

**Subject:** Case No. Z2019-005: Heritage Park

We are Bret and Leslie Wilson and we live at 535 Cullins Road. As one of the homeowners that is adjacent to this property, my wife and I oppose this zoning change.

The immediate area surrounding Highgate Ranch was developed before the City of Rockwall annexed it into the city limits, so the houses were built on a minimum of 1.5 acre and up to 10 acre lot sizes. This includes all the homes that border the ranch, the homes on FM 549 from Hwy 205 to Horizon Road, The Oaks of Buffalo Way, Willowcrest, Long Branch, and the houses along Cullins Road. The SF-7 designation does not conform to the already existing lot sizes in the immediate area. This does not promote the welfare of the community in the immediate vicinity of the ranch, nor is it a compatible use of the land (with 60 to 70 foot lots) when compared to all of its neighbors.

I recognize that eventually this property will be developed. We are simply asking that it be developed in a way that is compatible with its neighbors. The current plan that the developer is proposing shows a lack of respect for the already existing homeowners in this area. Please vote no on this zoning change proposal.

Thank you.

Dear Mr. Miller,

I would like to relay my opposition to the zoning request for Case 22019-005: Heritage Park. We are located at 453 Cullins Road, Rockwall TX 75032. Our property is 5.5 acres and backs up to the current equestrian facility.

We need to keep the integrity of the houses that are already established in the area. The Oaks of Buffalo Way and Willowcrest have 1.5 to 3 Acre lots per house. I propose we stay with something in that range.

If you have further questions or would like to discuss, please contact me at 214-476-4745.

Sincerely,

Bretta Price

# NOTICE OF PUBLIC HEARING
## CITY OF ROCKWALL, PLANNING & ZONING DEPARTMENT

PHONE: (972) 771-7745
EMAIL: PLANNING@ROCKWALL.COM

To Whom It May Concern:

You are hereby notified that the City of Rockwall Planning and Zoning Commission and City Council will consider the following application:

**Case No. Z2019-005: Heritage Park**

*Hold a public hearing to discuss and consider a request by Kent Donahue of Donahue Development Corporation on behalf of the owner Rockwall Highgate LTD for the approval of a zoning change from an Agricultural (AG) District to a Planned Development District for Single Family 7 (SF-7) District land uses on a 264.510-acre tract of land identified as Tracts 17-13 [50.0-acres], 17-4 [26.452-acres], 17-15 [134.33-acres], 17-16 [43.6-acres], & 40-8 [8.79-acres] of the W. W. Ford Survey, Abstract No. 80, City of Rockwall, Rockwall County, Texas, zoned Agricultural (AG) District, located on the east side of SH-205 (S. Goliad Street) south of the intersection of SH-205 and FM-549, and take any action necessary.*

For the purpose of considering the effects of such a request, the Planning and Zoning Commission will hold a public hearing on **Tuesday, 4/9/2019 at 6:00 p.m.**, and the City Council will hold a public hearing on **Monday, 4/15/2019 at 6:00 p.m.** These hearings will be held in the City Council Chambers at City Hall, 385 S. Goliad Street.

As an interested property owner, you are invited to attend these meetings. If you prefer to express your thoughts in writing please return the form to:

**Ryan Miller**
**Rockwall Planning and Zoning Dept.**
**385 S. Goliad Street**
**Rockwall, TX 75087**

You may also email your comments to the Planning Department at planning@rockwall.com. If you choose to email the Planning Department please include your name and address for identification purposes.

Your comments must be received by **4/15/2019** to ensure they are included in the information provided to the City Council.

Sincerely,

**Subject:** Re: Case No. Z2019-005: Heritage Park

I'm Leslie Wilson. I've lived at 535 Cullins Road for 22 years. We back up to Highgate Ranch, the area proposed for a zoning change to SF7 as part of Case No. Z2019-005: Heritage Park.

I am OPPOSED to the zoning change request because of the density of the homes.

The other homes/subdivisions in the area—The Oaks of Buffalo Way, Willowcrest Estates, Cullins Road (north and south of FM 549), Jeff Boyd Circle, Longbranch, Wallace Road, etc. are all much larger lots and homes. We realize this property is more likely than not going to be developed (even though we've enjoyed it as AG for two decades), but we think it should be more in keeping with the other development in the area, which is not small homes on small lots, as projected in the SF7 proposed designation.

Additional reasons:

- There's not enough infrastructure (particularly in terms of roads—SH 205 and FM 549) for this many homes and the resulting traffic.
- There's not enough room at Pullen and Springer (and Cain and RHHS) for students to attend school without increases to already-crowded classroom size.
- I also don't think the City of Rockwall should work with Kent Donahue, Donahue Development Corporation. He did such a poor job with the Bayview Project in Rowlett, and I don't think he bring integrity or the best interest of Rockwall.

Thanks for letting me voice my opposition. I definitely plan to attend the P & Z meeting on Tuesday night.

Kind regards,
Leslie Wilson

**To:** Planning
**Subject:** Opose Z2019-005 Heritage Park

I oppose Z2019-005 Heritage Park. There is no way the current roads can handle this much traffic. I live in the Oaks Of Buffalo Way and it takes me sometimes 20 minutes to get into my neighborhood from sitting at the light on 205 with miles of traffic. Try driving down 205 in the mornings or in the afternoons. It is ridiculous how many lights I sit at due to traffic. Some days it backs up to Hacienda Car Wash.

I heard that this is the same company that left Rowlett in such a big mess and now is in a lawsuit with the city of Rowlett. Now Rowlett is paying for those tacky apartments that will be falling apart in a matter of years. Not a very good business decision for Rockwall. If you want more growth get some good builders in here and build another Kings Bridge . We want big houses on these lots not small ones that will bring down our home values.

Thank you,
Pam Ward

**Sent:** Thursday, April 4, 2019 3:04 PM
**To:** Planning
**Subject:** Case no. Z2019-005: Heritage Park

Dear Ryan Miller,

My name is Carole Westrup and I own the property at 570 Cullins Rd, Rockwall, TX 75032. I received the notice regarding the request to re-zone the property located off of 549 that extends from Cullins/Travis to Goliad/205.

I strongly OPPOSE the request to re-zone this property from agricultural use to planned development.

The area surrounding the target property is still one of the few areas of Rockwall that maintains a semblance of country atmosphere and space. As you are probably aware, the current homes and neighborhoods within the buffer area are mostly 3,000 sqft homes with lot sizes that start at 1.5 acres. A planned development of homes with any lot size less than 1.5 acres would negatively impact the value and marketability of all of the homes in the buffer area and destroy the equine country atmosphere we currently enjoy.

Lastly, is this the same developer that was responsible for the "Cabo-inspired lagoon" and destination type of development promised to our neighbors in Rowlett? I think we know what is happening with that project.... This is not the right time, developer or proposal for this property or our community.

Please feel free to contact me by phone or email if you have any questions.

Sincerely,
Carole Westrup

Subject: Rezoning

I am sending this email to strongly protest the imminent rezoning. The infrastructure(roads) is totally inadequate for a development of this size. Anyone who lives south of this rezoning will be impacted mightily by the increased traffic. Keep the size of the lots closer to one acre like most other homes in the area. I am. It trying to stop progress but to protest the bottleneck that would occur on the 205 if this rezoning for small lots is allowed.

**Subject:** Reference Case No. Z2019-005: Heritage Park. OPPOSITION

Mr. Ryan Miller,

I am a homeowner per my address and information below. I am located directly adjacent to this proposed development on the Hwy 205 side.

I am OPPOSED to this development as the homes are too tiny which will devalue our property values and because there is insufficient roadways aka Hwy 205 to handle more traffic. Hwy 205 is in terrible condition and cannot keep up with the growth feeding traffic into it. Our traffic backs up for over a mile now at traffic lights during peak times. This roadway over congestion and roadway which is only a two lane roadway without drive-able shoulders creates a significant emergency response risk for getting fire, EMT and other emergency services access to us in the time of emergencies. We have already been experiencing these delays with the increases in traffic accidents and fatalities as one example. There are other large developments in the immediate vicinity and region feeding our roads an ever growing traffic load already hence our access from emergency services is of an utmost concern from this development and a heavy concentration of homes and highway traffic it will add.

Please DO NOT allow this development to proceed. Thank you.

Sincerely,

**Aaron Bruning**

**From:** Cody Barrick <barrickca@gmail.com>
**Sent:** Thursday, April 4, 2019 9:16 PM
**To:** Planning
**Subject:** z2019-005 Heritage Park

Mr. Ryan Miller,

My name is Cody Barrick. My wife, Amy Barrick, and I reside at:

5459 S. FM 549
Rockwall, TX 75032

We would like to register our OPPOSITION to the Z2019-005 Heritage Park proposal.

The proposed density of the homes and lot sizes is wholly inconsistent with the area. The area currently has homes with 2-5 acre lots. Heritage Parks proposal will decrease home values in the area and wholly changes the aesthetic of the immediate community. The density will overburden the two lane roads on 205 and FM549. The traffic at the light at 205 and 549 already backs up terribly in all directions during the mornings and afternoons.

The proposal impacts my property very directly and very negatively. While we can concede that the property may be developed one day, it should be done so in a manner that is consistent with the area - custom to semi-custom homes on multi-acre lots. The recent developments along 549 towards Heath are a good example.

It is also my understanding that the developer is the same developer that is being sued by the city of Rowlett for the Bayside fiasco.

I pray that the concerns of the community directly impacted by this proposal will be heeded.

Thank you,
Cody Barrick

**Sent:** Friday, April 5, 2019 7:27 AM
**To:** Miller, Ryan
**Subject:** Z2019-005

Mr Miller,

I'm writing this email to formally express opposition to this zoning request.

As a Rockwallian who lives off of 205 ( 2844 Deer ridge drive - Hickory Ridge ) this development will add to the daily traffic tomfoolery that occurs on south 205 when the road goes from 3 lanes into one. Traffic is already bad, only to get worse with this development.

I know 205 is not a city problem, but a Txdot problem. This does not alleviate the issue but the road **must** be widened first.

I plan on attending the planning & zoning meeting on 4-9 to verbally express my opposition.

Just FYI, there is a considerable opposition to this development and expect to have a decently full meeting to discuss this matter.

Looking forward to the meeting.

Best regards,

David

**From:** Guy White <whiteguysf@hotmail.com>
**Sent:** Thursday, April 4, 2019 8:54 PM
**To:** Planning
**Subject:** Case Number - Z2019-005 Heritage Park

Mr. Miller,

My name is Guy White, I reside at 5711 Yacht Club Dr at Chandlers Landing in Rockwall.
I'm sending this email because of my concern over the recent proposed zoning plan (ref Z2019-005).
My overall concern is that I purchased my house in this area for the explicit purpose of avoiding overpopulated areas (such as the Dallas proper area) as well as benefitting from better school districts and not fighting increased traffic.
This proposal is contradictory to everything that I moved to Rockwall for.
Allow me to explain my position.

1) By creating a housing development which accommodates over 500 houses equals an increase in total population.
This can be looked at as a great thing since it brings more tax dollars and revenue to an area; however, what this also equals is overpopulated schools, roads and facilities/amenities in the local area as well. The housing itself, depending on prices, will encourage a certain type of resident. I'm not saying that anyone has to be at a certain social status to live in Rockwall, but we would see an increase in the commuter population which will equal an increase in the transient population which could lead to increases in crime, accidents and strain on public services.

2) By creating this housing development, you are encroaching on natural resources of which Rockwall has only certain amounts.
When I was stationed in Hawaii there was one simple truth about land...they weren't making anymore of it. This does not necessarily hold true for the great state of Texas but it does hold true for Rockwall county. As I'm sure you are aware, Rockwall county is the smallest county in the state and therefore contains only limited amounts of land. This development is in total contradiction to land conservation within the county.

I get it, this development equals jobs and equals money for the investors involved. Heres a better idea, if you want to invest in the Rockwall area, there are many local businesses and companies that could benefit from investors. Have you considered land in or around Forney?
I've never been a person to stop the flow of progress but in this case I feel it is my place to speak my peace on this matter.
Rockwall is a very up and coming city but in the opinion of this citizen, I don't believe that it would benefit from a housing development with over 500 homes living on top of one another.

Please take these thoughts into consideration and please feel free to contact me with any questions regarding this email.

Thank you,

Guy White

I am 100% opposed to the proposed development on 205 and 549. Reference number Z2019-005.

The road infrastructure isnt ready for added construction traffic. And it will not be ready in the near future for the ridiculous amount of homes wanting to be shoved in there.

What happened to the 1 acre homes? There is a desire for that kind of living. The old say, "if you build it, they will come", still rings true. Please stop allowing cookie cutter homes being crammed into this beautiful town. Space, large green yards, beautiful homes, MORE BUSINESS; that is what is needed.

Thank you for your time.

**From:** Ray Newcomb <borborigmi@yahoo.com>
**Sent:** Thursday, April 4, 2019 9:05 PM
**To:** Planning; Miller, Ryan
**Subject:** Case Z2019-005: Heritage Park

Mr Miller,

Please note our opposition to this request.

Current traffic on 205 into Rockwall in the morning rush hour is almost a nightmare. I'm unsure of infrastructure requirements, but it appears this is going to be a high-density development - and I doubt the needed infrastructure will be in place prior to completion of the development. Usable obviously, but probably less than ideal.

Suggestion to have appropriate parties spend an hour or two some weekday morning to watch the traffic flow. It's obviously somewhat worse when school is in session, but just totally unpleasant at all 'rush hour' times. Spend another couple of hours between 5 and 7pm weekdays. See how long it takes to get from John King past the 549 intersection.

Imagine the traffic issues that emergency vehicles would have to contend with in the event of major accidents, property fires, or medical situations.

Certain comments have been stated about the developer being out of his element (or in over his head) with references to the public issues that Rowlett is having with their master planned development at Bayside. It's unknown how accurate those references are. But anyone that has voting input towards approval should ask for and obtain the answer.

It's also been stated the developer has indicated sales prices of 400-500k for these homes. It would really be interesting to see how that figure was arrived it. Just does not seem plausible to me based on the minimal acreage per home. I'm not a realtor, but compare that figure to others in the vicinity that actually have some land - not just 60-70' lot lines. Smelling the fish yet?

Do some real homework before approving developments that are detrimental to those of us that will have to live with poor decisions, or suffer property loss of value.

We're sure that a lot of folks will attend the next open sessions for discussion on the matter to voice opposition.

We're just putting this in writing. Although we are not in the city limits, there will be many voting taxpayers watching.

**Subject:** Reference Case No. Z2019-005: Heritage Park. OPPOSITION

Mr. Ryan Miller,
I am a homeowner at 2025 Chisholm Trail, which is located directly across from the proposed neighborhood. I am OPPOSED to developing this neighborhood at this time, because the city/county does not have the infrastructure to support it. Highway 205 and Highway 549 are heavily overloaded many hours of the day with traffic backups that last for over a mile. The highways also does not have shoulders, so this impedes emergency vehicles from being able to respond in a timely manner.

I have also been told that the developer has defaulted on other engagements that have resulted in lawsuits.

Please DO NOT allow the development of this neighborhood to proceed until the infrastructure is in place to support it.

Sincerely,
Thomas Cosby

**To:** Miller, Ryan
**Subject:** Proposed development on 549, 205, Cullins Road and Wylie lane

Dear Mr. Miller,

I am writing to express our opposition to the proposed housing development to what is currently Black Star properties bordering 549, 205, Cullins Road and Wylie Lane.

Viewing the drawings of the proposed development it appears that this acreage will be saturated with what looks to be high density HUD style homes.
As I am sure you know, the existing homes in this area are generally valued at a range of $800k up to $1,000,000. And the addition of 545 low income homes will greatly impact the value of neighboring properties.

Not only will property values suffer but the quality of our schools and the amenities we enjoy will deteriorate as the infrastructure struggles to accommodate additional mass.

When we purchased our property in 1995, the covenants required that any additional properties be at a minimum of 12 acres.
Now we see individual lots for 60 and 70ft., a violation of that requirement.

I appreciate your taking the time to read our objection. And we will be present at the April 9th meeting.

Thanks.
Sincerely,
Ed Kohorst

Re: Case No. Z2019-005

We are opposed to the development of Case No. Z2019-005 for the following reasons:

1. It does not follow the guidelines for density set out for the area
2. The developer does not have a good track record (i.e. Bayview catastrophy)
3. Infastructure is not set up to handle the number of people this development would bring.

Hello,
I would like to share that I am OPPOSED to the above referenced case that P&Z will be considering next Tuesday. My opposition is based on the following:

- Development inconsistent with the surrounding areas
- Inadequate support services and infrastructure to accommodate this dense of population

Thank you for your service and dedication to our community and assistance in helping all of us ensure that Rockwall continues to be a desirable place to live.

Subject: Ryan Miller/ Proposed 205/549 site

Dear Mr. Miller,
I will keep this short and to the point, please please do not give into the notion that the building of 500+ houses is remotely a logical idea, this is detrimental to this area!! We all moved to this side of town to get away from the "cookie cutter" homes and infrastructure that goes with it!!! I could go on and on but until you come drive my kids to and from school every morning and see the traffic nightmares that already exist maybe they will realize what a mistake it would be, we will have enough to deal with when they begin to widen the 205!!! Keep this area green!!!!!

Subject: OPPOSING Case No Z2019-005 Heritage Park

I am writing to say that I oppose Case No Z2019-2005 Heritage Park for a few reasons:

First and perhaps most importantly, this builder/developer has already proven to not keep his word, to not be trustworthy and to not build what is best for a city/community! Even though this proposal looks nothing like the Bayside mess in Rowlett... We still don't need to take any risks such as that with our beloved city!!

In addition, there is no place for a SF7 in that area!! It is already entirely too congested and unable to handle it's current flow of traffic. But, even if that were to be rectified, the development in that area should stay true to what is already there... acreage lots! I would love to see it stand in 1+ acre lots, but absolutely no less than .5acre lots.

We have something extremely special in/about Rockwall... let us keep it that way as we go forward and continue to develop. Let us not lose sight of this beautiful city and over build/overpopulate.... especially with a builder/developer who has already proven himself to not do what is best for a community.

Thank you for listening to your citizens!

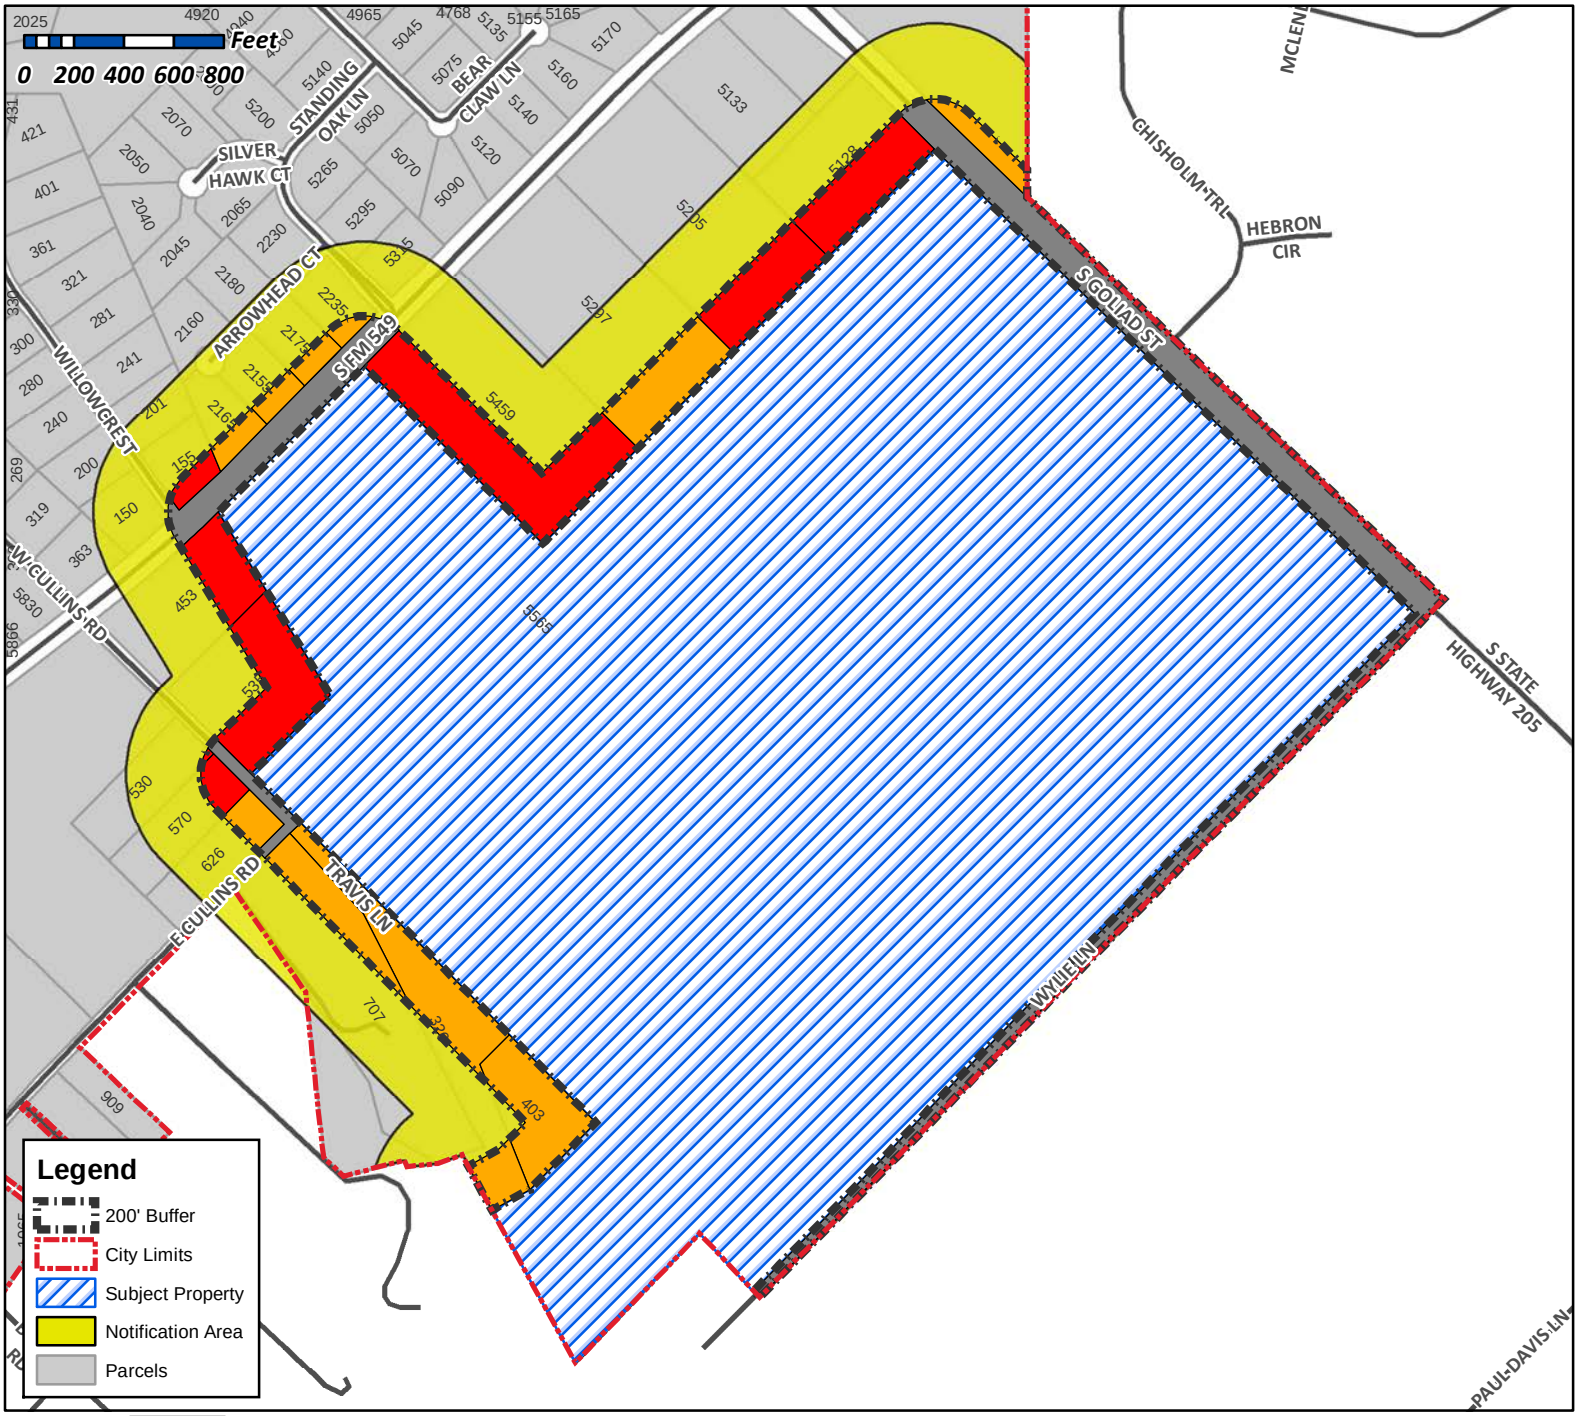
**Subject:** RE: Case No. Z2019-005 Heritage Park

Attn: Ryan Miller, Director of Planning

Dear Mr. Miller:

My name is Derald W. Kannady and I live at 2109 Chisholm Trail in Rockwall. I moved to this location in April of 1996.

I would like to offer my strong opposition to Case No. Z2019-005, Heritage Park. The lot sizes of this development do not conform to the surrounding developments (1-5 acre lots) which will tremendously decrease my property value. I moved to Rockwall from Garland in 1996 to get away from these types of neighborhoods. Research shows that homes this size typically become rental properties after being sold and purchased twice, which I do not think is a good thing for any of the residents in this area.



Sincerely,
Derald W. Kannady

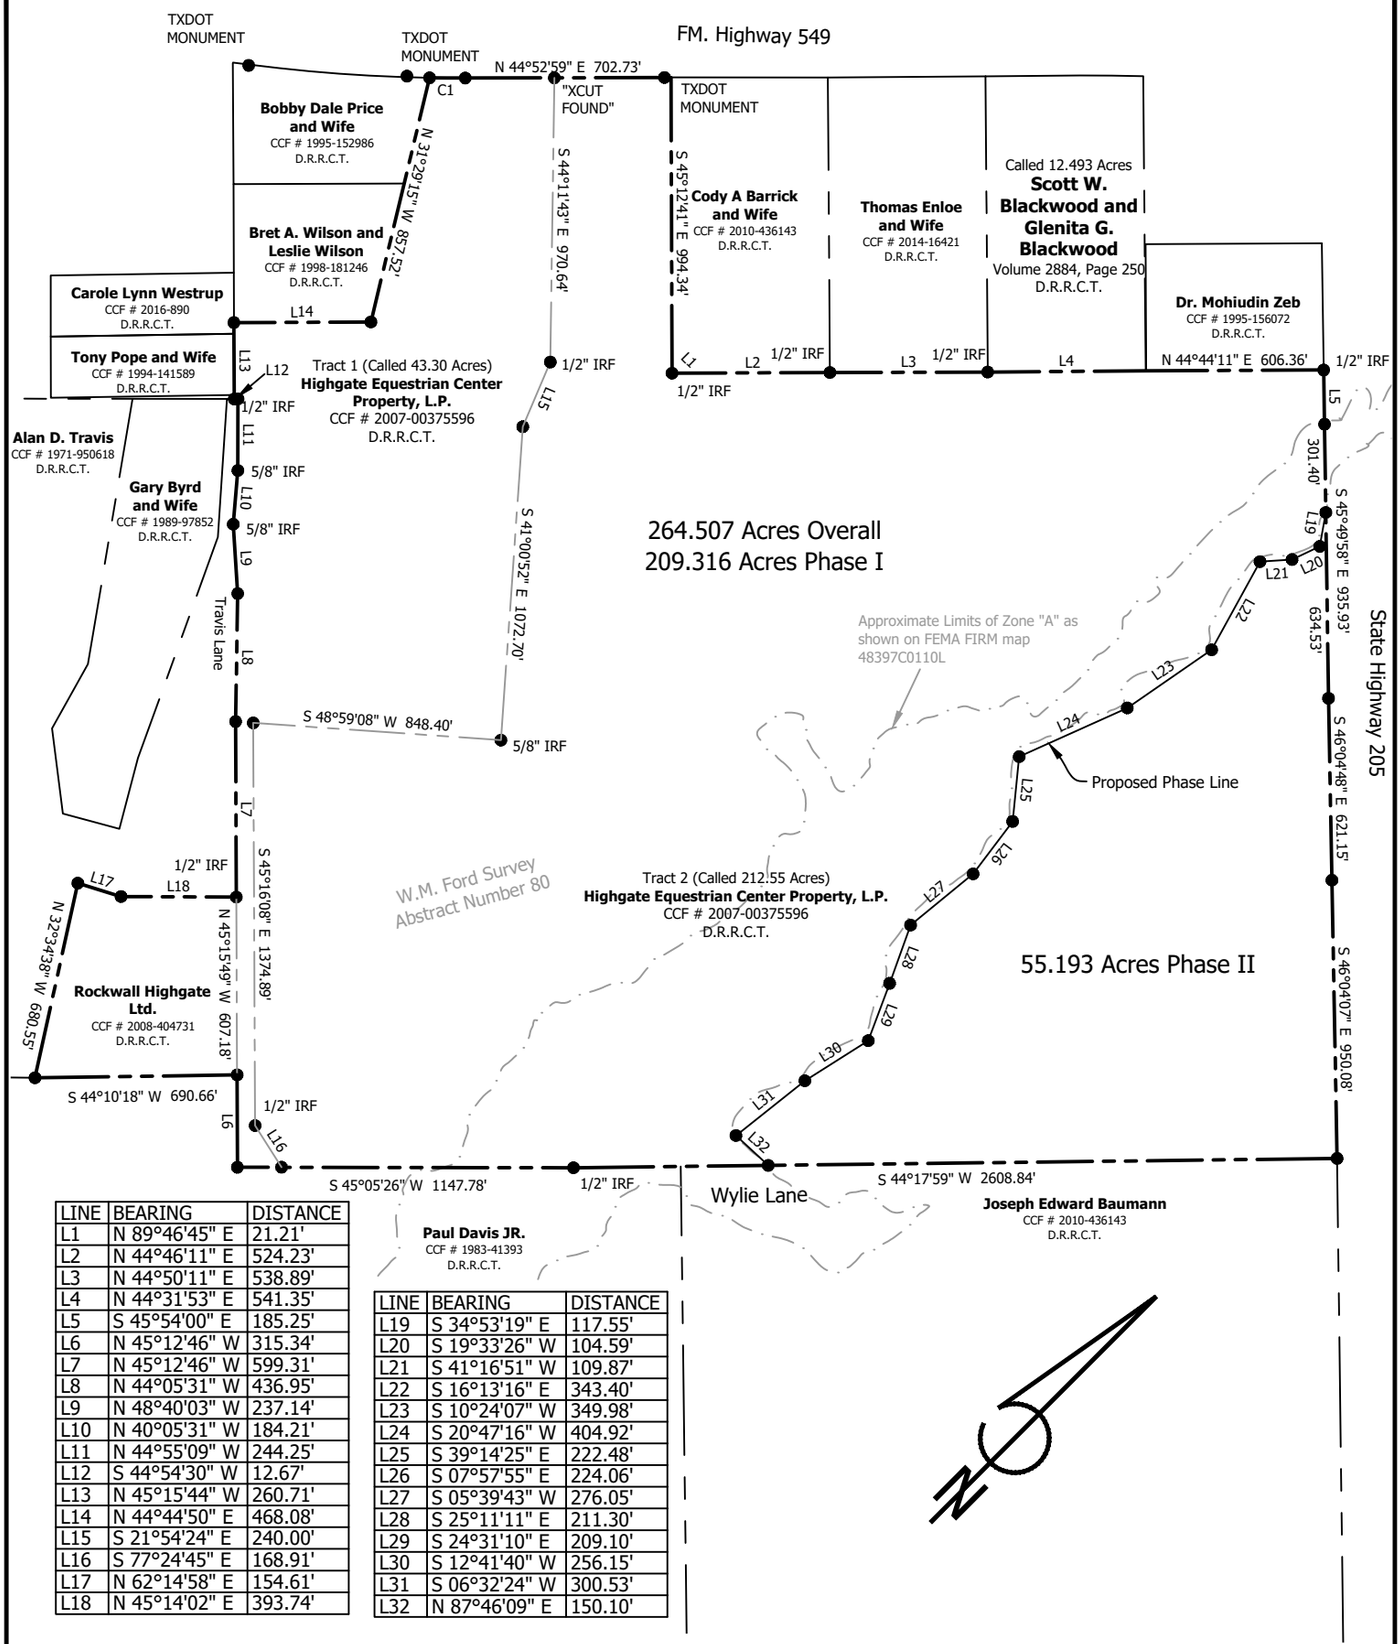
RE: Proposed +/-545 Lot Residential PD & Regional Park
Located @ South Corner of FM 549 & SH 205



Dear Staff,

The subject development will consist of +/-545 single family lots and a +/-94 Acre Regional Park located on a 264.5 acre tract. The Concept Plan included with this submittal is representative of our vision of the development. Our team is currently working with the City's Parks Department on general programming for the Regional Park to identify a yearly maintenance budget as requested by Council. The proposed Park area within the flood plain is currently accessible via existing equestrian trails paralleling the creek.
Please feel free to contact us if you have any questions regarding our project or application.

Thank you,

Brian Bridgewater, P.E.

# LEGAL DESCRIPTION (OVERALL)

BEING a 264.507 acre tract of land situated in the W.M. Ford Survey, Abstract Number 80, Rockwall County, Texas, and being all of a called 43.30 acre tract of land (Tract 1) and a called 212.55 acre tract of land (Tract 2) described by deed to Highgate Equestrian Center Property, L.P., recorded in County Clerk's File Number 2007-375596, Deed Records, Rockwall County, Texas, and being all of that certain tract of land described by deed to Rockwall Highgate, Ltd., recorded in County Clerk's File Number 2008-404731, Deed Records, Rockwall County, Texas, and being more particularly described by metes and bounds as follows:

BEGINNING at the Southeast corner of said called 212.55 acre tract, being at the intersection of the southwest right-of-way line of State Highway No. 205, and the northwest line of Wylie Lane;

THENCE South 44 Degrees 17 Minutes 59 Seconds West, along the northwest line of said Wylie Lane, a distance of 2608.84 feet, to a 1/2" iron rod found;

THENCE South 45 Degrees 05 Minutes 26 Seconds West, continuing along said northwest line, a distance of 1147.78 feet, to the southwest corner of said called 43.30 acre tract,;

THENCE North 45 Degrees 12 Minutes 46 Seconds West, departing said northwest line, and along the southwest line of said called 212.55 acre tract, a distance of 315.34 feet, to the easternmost corner of said called Rockwall Highgate tract;

THENCE South 44 Degrees 10 Minutes 18 Seconds West, departing said West line and along the southeast line of said Rockwall Highgate tract, a distance of 690.66 feet, to the southernmost corner of said Rockwall Highgate tract;

THENCE North 32 Degrees 34 Minutes 38 Seconds West, departing said southeast line and along the West line of Rockwall Highgate tract, a distance of 680.55 feet, to the northwest corner of said Rockwall Highgate tract;

THENCE North 62 Degrees 14 Minutes 58 Seconds East, departing said West line and along the northwest line of said Rockwall Highgate tract, a distance of 154.61 feet;

THENCE North 45 Degrees 14 Minutes 02 Seconds East, continuing along said northwest line, a distance of 393.74 feet, to a 1/2" iron rod found at the northernmost corner of said Rockwall Highgate tract, being on the southwest line of said called 43.30 acre tract and being on the northeast line of Travis Lane;

THENCE Northerly, departing said North line and along the northeast line of said Travis Lane, the following calls:

North 45 Degrees 12 Minutes 46 Seconds West, a distance of 599.31 feet, to a point for corner;

North 44 Degrees 05 Minutes 31 Seconds West, a distance of 436.95 feet, to a point for corner;

North 48 Degrees 40 Minutes 03 Seconds West, a distance of 237.14 feet, to a 5/8" iron rod found;

North 40 Degrees 05 Minutes 31 Seconds West, a distance of 184.21 feet, to a 5/8" iron rod found;

North 44 Degrees 55 Minutes 09 Seconds West, a distance of 244.25 feet, to a 5/8" iron rod found;

South 44 Degrees 54 Minutes 30 Seconds West, a distance of 12.67 feet, to a point for corner;

North 45 Degrees 15 Minutes 44 Seconds West, a distance of 260.71 feet, to the lower northwest corner of said called 43.30 acre tract, same being the southwest corner of a that certain tract of land described by deed to Bret A. Wilson and Leslie Wilson, recorded in County Clerk's File Number 1998-181246, Deed Records, Rockwall County, Texas;

THENCE North 44 Degrees 44 Minutes 50 Seconds East, departing said East line and along the lower North line of said called 43.30 acre tract, being common with the South line of said Wilson tract, a distance of 468.08 feet, to the southeast corner of said Wilson tract;

North 31 Degrees 29 Minutes 15 Seconds West, departing said common line and along the upper West line of said called 43.30 acre tract, a distance of 857.52 feet, to the northwest corner of said called 43.30 acre tract, being on the South right-of-way line of F.M. Highway No. 549 and being at the beginning of a non-tangent curve to the left;

THENCE 121.99 feet, along said South right-of-way line and with said curve to the left, having a radius of 5796.43 feet, through a central angle of 01 Degrees 12 Minutes 21 Seconds, whose long chord bears North 45 Degrees 17 Minutes 37 Seconds East, a chord length of 121.99 feet, to a point for corner;

THENCE North 44 Degrees 52 Minutes 59 Seconds East, continuing along said South right-of-way line, a distance of 702.73 feet, to the upper northeast corner of said called 212.55 acre tract, same being the northwest corner of that certain tract of land described by deed to Cody A. Barrick and Wife, recorded in County Clerk's File Number 2010-436143, Deed Records, Rockwall County, Texas;

THENCE South 45 Degrees 12 Minutes 41 Seconds East, departing said South right-of-way line and along the upper East line of said called 212.55 acre tract, being common with the West line of said Barrick tract, a distance of 994.34 feet, to a point for corner;

THENCE North 89 Degrees 46 Minutes 45 Seconds East, continuing along said common line, a distance of 21.21 feet, to a point for corner;

THENCE North 44 Degrees 46 Minutes 11 Seconds East, departing said common line and along the lower North line of said called 212.55 acre tract, being common with the South line of said Barrick tract, a distance of 524.23 feet, to the southeast corner of said Barrick tract, same being the southwest corner of that certain tract of land described by deed to Thomas Enloe and Wife, recorded in County Clerk's File Number 2014-16421, Deed Records, Rockwall County, Texas;

THENCE North 44 Degrees 50 Minutes 11 Seconds East, departing said common line and along the lower North line of said called 212.55 acre tract, being common with the South line of said Enloe tract, a distance of 538.89 feet, to the southeast corner of said Enloe tract, same being the southwest corner of a called 12.493 acre tract of land described by deed to Scott W. Blackwood and Glenita G. Blackwood, recorded in Volume 2884, Page 250, Deed Records, Rockwall County, Texas;

THENCE North 44 Degrees 31 Minutes 53 Seconds East, departing said common line and along the lower North line of said called 212.55 acre tract, being common with the South line of said called 12.493 acre tract, a distance of 541.35 feet, to the southeast corner of said called 12.493 acre tract, same being the southwest corner of that certain tract of land described by deed to Dr. Mohiudin Zeb, recorded in County Clerk's File Number 1995-156072, Deed Records, Rockwall County, Texas;

THENCE North 44 Degrees 44 Minutes 11 Seconds East, departing said common line and along the lower North line of said called 212.55 acre tract, being common with the South line of said Zeb tract, a distance of 606.36 feet, to the southeast corner of said Zeb tract, being on the West right-of-way line of said State Highway No. 205;

THENCE South 45 Degrees 54 Minutes 00 Seconds East, departing said common line and along said West right-of-way line, a distance of 185.25 feet, to a point for corner;

# LEGAL DESCRIPTION (PHASE I)

BEING a 209.316 acre tract of land situated in the W.M. Ford Survey, Abstract Number 80, Rockwall County, Texas, and being a portion of a called 43.30 acre tract of land (Tract 1) and a called 212.55 acre tract of land (Tract 2) described by deed to Highgate Equestrian Center Property, L.P., recorded in County Clerk's File Number 2007-375596, Deed Records, Rockwall County, Texas, and being all of that certain tract of land described by deed to Rockwall Highgate, Ltd., recorded in County Clerk's File Number 2008-404731, Deed Records, Rockwall County, Texas, and being more particularly described by metes and bounds as follows:

BEGINNING at the Southwest corner of said called 43.30 acre tract, being on the northwest line of Wylie Lane;

THENCE North 45 Degrees 12 Minutes 46 Seconds West, departing said northwest line, and along the southwest line of said called 212.55 acre tract, a distance of 315.34 feet, to the easternmost corner of said called Rockwall Highgate tract;

THENCE South 44 Degrees 10 Minutes 18 Seconds West, departing said West line and along the southeast line of said Rockwall Highgate tract, a distance of 690.66 feet, to the southernmost corner of said Rockwall Highgate tract;

THENCE North 32 Degrees 34 Minutes 38 Seconds West, departing said southeast line and along the West line of Rockwall Highgate tract, a distance of 680.55 feet, to the northwest corner of said Rockwall Highgate tract;

THENCE North 62 Degrees 14 Minutes 58 Seconds East, departing said West line and along the northwest line of said Rockwall Highgate tract, a distance of 154.61 feet;

THENCE North 45 Degrees 14 Minutes 02 Seconds East, continuing along said northwest line, a distance of 393.74 feet, to a 1/2" iron rod found at the northernmost corner of said Rockwall Highgate tract, being on the southwest line of said called 43.30 acre tract and being on the northeast line of Travis Lane;

THENCE Northerly, departing said North line and along the northeast line of said Travis Lane, the following calls:

North 45 Degrees 12 Minutes 46 Seconds West, a distance of 599.31 feet, to a point for corner;

North 44 Degrees 05 Minutes 31 Seconds West, a distance of 436.95 feet, to a point for corner;

North 48 Degrees 40 Minutes 03 Seconds West, a distance of 237.14 feet, to a 5/8" iron rod found;

North 40 Degrees 05 Minutes 31 Seconds West, a distance of 184.21 feet, to a 5/8" iron rod found;

North 44 Degrees 55 Minutes 09 Seconds West, a distance of 244.25 feet, to a 5/8" iron rod found;

South 44 Degrees 54 Minutes 30 Seconds West, a distance of 12.67 feet, to a point for corner;

North 45 Degrees 15 Minutes 44 Seconds West, a distance of 260.71 feet, to the lower northwest corner of said called 43.30 acre tract, same being the southwest corner of a that certain tract of land described by deed to Bret A. Wilson and Leslie Wilson, recorded in County Clerk's File Number 1998-181246, Deed Records, Rockwall County, Texas;

THENCE North 44 Degrees 44 Minutes 50 Seconds East, departing said East line and along the lower North line of said called 43.30 acre tract, being common with the South line of said Wilson tract, a distance of 468.08 feet, to the southeast corner of said Wilson tract;

North 31 Degrees 29 Minutes 15 Seconds West, departing said common line and along the upper West line of said called 43.30 acre tract, a distance of 857.52 feet, to the northwest corner of said called 43.30 acre tract, being on the South right-of-way line of F.M. Highway No. 549 and being at the beginning of a non-tangent curve to the left;

THENCE 121.99 feet, along said South right-of-way line and with said curve to the left, having a radius of 5796.43 feet, through a central angle of 01 Degrees 12 Minutes 21 Seconds, whose long chord bears North 45 Degrees 17 Minutes 37 Seconds East, a chord length of 121.99 feet, to a point for corner;

THENCE North 44 Degrees 52 Minutes 59 Seconds East, continuing along said South right-of-way line, a distance of 702.73 feet, to the upper northeast corner of said called 212.55 acre tract, same being the northwest corner of that certain tract of land described by deed to Cody A. Barrick and Wife, recorded in County Clerk's File Number 2010-436143, Deed Records, Rockwall County, Texas;

THENCE South 45 Degrees 12 Minutes 41 Seconds East, departing said South right-of-way line and along the upper East line of said called 212.55 acre tract, being common with the West line of said Barrick tract, a distance of 994.34 feet, to a point for corner;

THENCE North 89 Degrees 46 Minutes 45 Seconds East, continuing along said common line, a distance of 21.21 feet, to a point for corner;

THENCE North 44 Degrees 46 Minutes 11 Seconds East, departing said common line and along the lower North line of said called 212.55 acre tract, being common with the South line of said Barrick tract, a distance of 524.23 feet, to the southeast corner of said Barrick tract, same being the southwest corner of that certain tract of land described by deed to Thomas Enloe and Wife, recorded in County Clerk's File Number 2014-16421, Deed Records, Rockwall County, Texas;

THENCE North 44 Degrees 50 Minutes 11 Seconds East, departing said common line and along the lower North line of said called 212.55 acre tract, being common with the South line of said Enloe tract, a distance of 538.89 feet, to the southeast corner of said Enloe tract, same being the southwest corner of a called 12.493 acre tract of land described by deed to Scott W. Blackwood and Glenita G. Blackwood, recorded in Volume 2884, Page 250, Deed Records, Rockwall County, Texas;

THENCE North 44 Degrees 31 Minutes 53 Seconds East, departing said common line and along the lower North line of said called 212.55 acre tract, being common with the South line of said called 12.493 acre tract, a distance of 541.35 feet, to the southeast corner of said called 12.493 acre tract, same being the southwest corner of that certain tract of land described by deed to Dr. Mohiudin Zeb, recorded in County Clerk's File Number 1995-156072, Deed Records, Rockwall County, Texas;

THENCE North 44 Degrees 44 Minutes 11 Seconds East, departing said common line and along the lower North line of said called 212.55 acre tract, being common with the South line of said Zeb tract, a distance of 606.36 feet, to the southeast corner of said Zeb tract, being on the West right-of-way line of said State Highway No. 205;

THENCE South 45 Degrees 54 Minutes 00 Seconds East, departing said common line and along said West right-of-way line, a distance of 185.25 feet, to a point for corner;

THENCE South 45 Degrees 49 Minutes 58 Seconds East, continuing along said southwest right-of-way line, a distance of 301.40 feet, to a point for corner;

THENCE Southwesterly, departing said West right-of-way line and over and across said called 212.55 acre tract, the following calls:

South 34 Degrees 53 Minutes 19 Seconds East, a distance of 117.55 feet, to a point for corner;

South 19 Degrees 33 Minutes 26 Seconds West, a distance of 104.59 feet, to a point for corner;

South 41 Degrees 16 Minutes 51 Seconds West, a distance of 109.87 feet, to a point for corner;

South 16 Degrees 13 Minutes 16 Seconds East, a distance of 343.40 feet, to a point for corner;

South 10 Degrees 24 Minutes 07 Seconds West, a distance of 349.98 feet, to a point for corner;

South 20 Degrees 47 Minutes 16 Seconds West, a distance of 404.92 feet, to a point for corner;

South 39 Degrees 14 Minutes 25 Seconds East, a distance of 222.48 feet, to a point for corner;

South 07 Degrees 57 Minutes 55 Seconds East, a distance of 224.06 feet, to a point for corner;

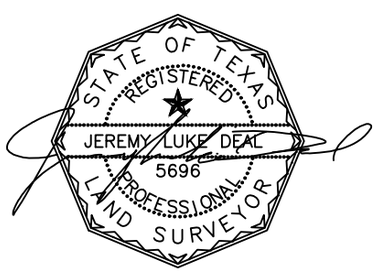
South 05 Degrees 39 Minutes 43 Seconds West, a distance of 276.05 feet, to a point for corner;

South 25 Degrees 11 Minutes 11 Seconds East, a distance of 211.30 feet, to a point for corner;

South 24 Degrees 31 Minutes 10 Seconds East, a distance of 209.10 feet, to a point for corner;

South 12 Degrees 41 Minutes 40 Seconds West, a distance of 256.15 feet, to a point for corner;

South 06 Degrees 32 Minutes 24 Seconds West, a distance of 300.53 feet, to a point for corner;



North 87 Degrees 46 Minutes 09 Seconds East, a distance of 150.10 feet, to a point for corner, being on the North line of said Wylie Lane;

THENCE South 44 Degrees 17 Minutes 59 Seconds West, along said North line, a distance of 665.41 feet, to a point for corner;

THENCE South 45 Degrees 05 Minutes 26 Seconds West, continuing along said North line, a distance of 1147.78 feet, to the POINT OF BEGINNING, and containing 209.316 acres of land, more or less.

# 18 SOUTHWEST RESIDENTIAL DISTRICT

## DISTRICT DESCRIPTION

The *Southwest Residential District* contains a mixture of land uses that include existing medium and low density residential, heavy commercial/retail land uses (i.e. *National Drive, Sids Road, and Mims Road*) and commercial land uses. In the future, this district is expected to continue to function as it does today with additional low-density master planned communities filling in the vacant land remaining in the central and southern areas of the district. In addition, the areas that are in transition are expected to continue to improve adding additional value to the City.

## DISTRICT STRATEGIES

The strategies for the *Southwest Residential District* are as follows:

1. *Suburban Residential*. This district has several large tracts of land that can support highly amenitized master planned communities. Areas adjacent to the Oaks of Buffalo Way Subdivision should utilize larger lots adjacent to the subdivision to transition to a smaller lot sizes; however, these areas should incorporate a mix of larger to mid-sized lots.

2. *Commercial/Industrial Land Uses*. The areas around Sids Road, National Drive, and Mims Road are some of the only areas in the City that are designated for *Commercial/Industrial* land uses. As a result, these areas should be protected from the encroachment of incompatible land uses (*i.e. residential land uses -- higher density or otherwise*). This should protect the businesses that currently exist in these areas.

3. *Transitional Areas*. The areas designated as *Transitional Areas* are currently transitioning from interim land uses and building types to more permanent structures with conforming land uses. These areas should be given special consideration with regard to requests that further the establishment of uses and structures that will improve the property values of the adjacent properties; however, the City should look to continue to discourage uses and structures that are situated within established floodplains.

4. *Intersection of SH-276 and S. Goliad Street (Sids Road and S. Goliad Street)*. The intersection at Sids Road and S. Goliad Street [*SH-205*] -- *also identified as the future intersection of SH-276 and S. Goliad Street* -- is anticipated to be a major commercial intersection due to the high traffic volumes carried by both SH-276 and S. Goliad Street [*SH-205*]. This intersection will most likely have commercial at all four (4) corners and will create a major node along both highways.

# FISCAL IMPACT ANALYSIS TOOL

*ASSUMPTIONS:* (1) All values are based on the Appraised Value and *not* the Market Value; (2) All Agricultural (AG) District land is assumed to be residential under Current Zoning and zoned in accordance to the Future Land Use Map under Current Zoning at Build Out.
*DISCLAIMER:* The information provided below is not a reasonable basis for the approval or denial of any zoning case. This is a general tool that is meant to assist elected and appointed officials in the understanding the potential fiscal impacts of a zoning request, and to track conformance to the Comprehensive Plan's targeted land use ratios of 80% residential to 20% commercial land use, which is intended to yield a 67% residential value to 33% commercial value.
*SUMMARY OF METHODOLOGY:* The methods used in this study are based on a rough fiscal impact analysis, and involve reducing the City's land values down to a per square footage cost to estimate potential impact on existing property value. The cost of service model is constructed around the City's current fiscal year costs versus the percentage of land area that is currently residential and non-residential. A per capita multiplier and average cost method were used to estimate sales tax.

| Cost of Community Service for Non-Resident | $ - | $ - | $ - | $ - |
| Total Estimated Expenditures | $ - | $ (1,438,287.51) | $ (3,584,932.10) | $ (2,146,644.59) |
| EST. ANN. COST/REVENUES | $ 58,533.22 | $ (706,456.01) | $ (2,235,369.06) | $ (1,528,913.05) |
| OTHER BENCHMARKS | | | | |
| Additional Citizens Added to Population | | 614 | 1,531 | 917 |
| Estimated Non-Resident Consumers in City | | - | - | - |

*NOTES*: The subject property has an agricultural exemption, which would heavily reduce the current estimated annual cost/revenues. It should also be pointed out that the model will always show residential property as running a deficit due to the community cost of service associated with residential land uses.

**CITY OF ROCKWALL**

**ORDINANCE NO. 19-XX**

**AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, AMENDING THE UNIFIED DEVELOPMENT CODE [*ORDINANCE NO. 04-38*] OF THE CITY OF ROCKWALL, AS HERETOFORE AMENDED, SO AS TO CHANGE THE ZONING FROM AN AGRICULTURAL (AG) DISTRICT TO PLANNED DEVELOPMENT DISTRICT XX (PD-XX) FOR SINGLE FAMILY 7 (SF-7) DISTRICT LAND USES ON THE SUBJECT PROPERTY, BEING A 264.510-ACRE TRACT OF LAND IDENTIFIED AS TRACTS 17-13, 17-14, 17-15, 17-16 & 40-8 OF THE W. W. FORD SURVEY, ABSTRACT NO. 80, CITY OF ROCKWALL, ROCKWALL COUNTY, TEXAS AND MORE FULLY DESCRIBED HEREIN BY *EXHIBIT 'A'* AND DEPICTED HEREIN BY *EXHIBIT 'B'*; PROVIDING FOR SPECIAL CONDITIONS; PROVIDING FOR A PENALTY OF FINE NOT TO EXCEED THE SUM OF TWO THOUSAND DOLLARS ($2,000.00) FOR EACH OFFENSE; PROVIDING FOR A SEVERABILITY CLAUSE; PROVIDING FOR A REPEALER CLAUSE; PROVIDING FOR AN EFFECTIVE DATE.**

**WHEREAS**, the City has received a request by Kent Donahue of Donahue Development Corporation on behalf of Rockwall Highgate, LTD for the approval of a zoning change from an Agricultural (AG) District to a Planned Development District for Single Family 7 (SF-7) District land uses, on a 264.510-acre tract of land identified as Tracts 17-13 [*50.00-Acres*], 17-14 [*26.452-Acres*], 17-15 [*134.33-Acres*], 17-16 [*43.60-Acres*], & 40-8 [*8.79-Acres*] of the W. W. Ford Survey, Abstract No. 80, City of Rockwall, Rockwall County, Texas and more fully described in *Exhibit 'A'* and depicted in *Exhibit 'B'* of this ordinance, which hereinafter shall be referred to as the *Subject Property* and incorporated by reference herein; and

**WHEREAS**, the Planning and Zoning Commission of the City of Rockwall and the governing body of the City of Rockwall in compliance with the laws of the State of Texas and the ordinances of the City of Rockwall have given the requisite notices by publication and otherwise, and have held public hearings and afforded a full and fair hearing to all property owners generally and to all persons interested in and situated in the affected area, and in the vicinity thereof, and the governing body in the exercise of its legislative discretion, has concluded that the Unified Development Code [*Ordinance No. 04-38*] should be amended as follows:

**NOW, THEREFORE**, **BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS:**

**SECTION 1.** That the *Subject Property* shall be used only in the manner and for the purposes authorized by this Planned Development District Ordinance and the Unified Development Code [*Ordinance No. 04-38*] of the City of Rockwall as heretofore amended, as amended herein by granting this zoning change, and as maybe amended in the future;

**SECTION 2.** That development of the *Subject Property* shall generally be in accordance with the *Planned Development Concept Plan*, depicted in *Exhibit 'C'* of this ordinance, attached hereto and incorporated herein by reference as *Exhibit 'C'*, which is deemed hereby to be a condition of approval of the amended zoning classification for the *Subject Property*;

**SECTION 3.** That development of the *Public Park* on the *Subject Property* shall generally be in accordance with the *Public Park Concept Plan*, depicted in *Exhibit 'D'* of this ordinance,

DRAFT 04-05-19

attached hereto and incorporated herein by reference as *Exhibit 'D'*, which is deemed hereby to be a condition of approval of the amended zoning classification for the *Subject Property*;

**SECTION 4.** That development of the *Subject Property* shall generally be in accordance with the *Density and Development Standards*, outlined in *Exhibit 'E'* of this ordinance, attached hereto and incorporated herein by reference as *Exhibit 'E'*, which is deemed hereby to be a condition of approval of the amended zoning classification for the *Subject Property*;

**SECTION 5.** That a *Master Parks and Open Space Plan* for the *Subject Property*, prepared in accordance with this ordinance and consistent with the *Planned Development Concept Plan* described in *Exhibit 'C'* of this ordinance, shall be considered for approval by the City Council following recommendation of the Parks and Recreation Board.

**SECTION 6.** That development of the *Subject Property* shall be in conformance with the schedule listed below (*except as set forth below with regard to simultaneous processing and approvals*).

(a) The procedures set forth in the City's subdivision regulations on the date this ordinance is approved by the City, as amended by this ordinance (*including Subsections 6(b) through 6(g) below*), shall be the exclusive procedures applicable to the subdivision and platting of the *Subject Property*.

(b) The following plans and plats shall be required in the order listed below (*except as set forth below with regard to simultaneous processing and approvals*). The City Council shall act on an application for a *Master Parks and Open Space Plan* in accordance with the time period specified in *Section 212.009* of the *Texas Local Government Code*.

(1) Master Parks and Open Space Plan
(2) Master Plat
(3) Preliminary Plat
(4) PD Site Plan
(5) Final Plat

(c) *Master Parks and Open Space Plan.* An *Master Parks and Open Space Plan* for the *Subject Property*, as depicted in *Exhibit 'C'* of this ordinance, prepared in accordance with this ordinance, shall be considered for approval by the City Council following recommendation of the Parks and Recreation Board.

(d) *Master Plat.* A *Master Plat* for the *Subject Property*, as depicted in *Exhibit 'C'* of this ordinance, shall be submitted and shall identify the proposed timing of each phase of the proposed development. A *Master Plat* application may be processed by the City concurrently with an *Master Parks and Open Space Plan* application for the development.

(e) *Preliminary Plat.* A *Preliminary Plat* for each phase of the *Subject Property*, as depicted in *Exhibit 'C'* of this ordinance, shall be submitted in accordance with the phasing plan established by the *Master Plat* and shall include a *Treescape Plan* for the phase being *Preliminary Platted*. A *Preliminary Plat* application may be processed by the City concurrently with a *Master Plat* and an *Master Parks and Open Space Plan* application for the development.

(f) *PD Site Plan.* A *PD Site Plan* for each phase of the development of the *Subject Property*, as depicted in *Exhibit 'C'* of this ordinance, shall be submitted and shall identify all site/landscape/hardscape plan(s) for all open space, neighborhood parks, trail systems, street buffers and entry features. A *PD Site Plan* application may be processed by the City concurrently with a *Final Plat* application for the development.

DRAFT ORDINANCE 9.3.19

(g) *Final Plat.* Prior to the issuance of any building permits, a *Final Plat*, conforming to the *Preliminary Plat*, shall be submitted for approval.

**SECTION 7.** That any person, firm, or corporation violating any of the provisions of this ordinance shall be deemed guilty of a misdemeanor and upon conviction shall be punished by a penalty of fine not to exceed the sum of *Two Thousand Dollars* ($2,000.00) for each offense and each and every day such offense shall continue shall be deemed to constitute a separate offense;

**SECTION 8.** That if any section, paragraph, or provision of this ordinance or the application of that section, paragraph, or provision to any person, firm, corporation or situation is for any reason judged invalid, the adjudication shall not affect any other section, paragraph, or provision of this ordinance or the application of any other section, paragraph or provision to any other person, firm, corporation or situation, nor shall adjudication affect any other section, paragraph, or provision of the Unified Development Code, and the City Council declares that it would have adopted the valid portions and applications of the ordinance without the invalid parts and to this end the provisions for this ordinance are declared to be severable;

**SECTION 9.** The standards in this ordinance shall control in the event of a conflict between this ordinance and any provision of the Unified Development Code or any provision of the City Code, ordinance, resolution, rule, regulation, or procedure that provides a specific standard that is different from and inconsistent with this ordinance. References to zoning district regulations or other standards in the Unified Development Code (including references to the *Unified Development Code*), and references to overlay districts, in this ordinance or any of the Exhibits hereto are those in effect on the date this ordinance was passed and approved by the City Council of the City of Rockwall, Texas;

**SECTION 10.** That this ordinance shall take effect immediately from and after its passage;

**PASSED AND APPROVED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, THIS THE 6TH DAY OF MAY, 2019.**

_____
Jim Pruitt, *Mayor*

**ATTEST:**

_____
Kristy Cole, *City Secretary*

## LEGAL DESCRIPTION (OVERALL)

BEING a 264.507 acre tract of land situated in the W.M. Ford Survey, Abstract Number 80, Rockwall County, Texas, and being all of a called 43.30 acre tract of land (Tract 1) and a called 212.55 acre tract of land (Tract 2) described by deed to Highgate Equestrian Center Property, L.P., recorded in County Clerk's File Number 2007-375596, Deed Records, Rockwall County, Texas, and being all of that certain tract of land described by deed to Rockwall Highgate, Ltd., recorded in County Clerk's File Number 2008-404731, Deed Records, Rockwall County, Texas, and being more particularly described by metes and bounds as follows:

BEGINNING at the Southeast corner of said called 212.55 acre tract, being at the intersection of the southwest right-of-way line of State Highway No. 205, and the northwest line of Wylie Lane;

THENCE South 44 Degrees 17 Minutes 59 Seconds West, along the northwest line of said Wylie Lane, a distance of 2608.84 feet, to a 1/2" iron rod found;

THENCE South 45 Degrees 05 Minutes 26 Seconds West, continuing along said northwest line, a distance of 1147.78 feet, to the southwest corner of said called 43.30 acre tract,;

THENCE North 45 Degrees 12 Minutes 46 Seconds West, departing said northwest line, and along the southwest line of said called 212.55 acre tract, a distance of 315.34 feet, to the easternmost corner of said called Rockwall Highgate tract;

THENCE South 44 Degrees 10 Minutes 18 Seconds West, departing said West line and along the southeast line of said Rockwall Highgate tract, a distance of 690.66 feet, to the southernmost corner of said Rockwall Highgate tract;

THENCE North 32 Degrees 34 Minutes 38 Seconds West, departing said southeast line and along the West line of Rockwall Highgate tract, a distance of 680.55 feet, to the northwest corner of said Rockwall Highgate tract;

THENCE North 62 Degrees 14 Minutes 58 Seconds East, departing said West line and along the northwest line of said Rockwall Highgate tract, a distance of 154.61 feet;

THENCE North 45 Degrees 14 Minutes 02 Seconds East, continuing along said northwest line, a distance of 393.74 feet, to a 1/2" iron rod found at the northernmost corner of said Rockwall Highgate tract, being on the southwest line of said called 43.30 acre tract and being on the northeast line of Travis Lane;

THENCE Northerly, departing said North line and along the northeast line of said Travis Lane, the following calls:

North 45 Degrees 12 Minutes 46 Seconds West, a distance of 599.31 feet, to a point for corner;

North 44 Degrees 05 Minutes 31 Seconds West, a distance of 436.95 feet, to a point for corner;

North 48 Degrees 40 Minutes 03 Seconds West, a distance of 237.14 feet, to a 5/8" iron rod found;

North 40 Degrees 05 Minutes 31 Seconds West, a distance of 184.21 feet, to a 5/8" iron rod found;

North 44 Degrees 55 Minutes 09 Seconds West, a distance of 244.25 feet, to a 5/8" iron rod found;

South 44 Degrees 54 Minutes 30 Seconds West, a distance of 12.67 feet, to a point for corner;

North 45 Degrees 15 Minutes 44 Seconds West, a distance of 260.71 feet, to the lower northwest corner of said called 43.30 acre tract, same being the southwest corner of a that certain tract of land described by deed to Bret A. Wilson and Leslie Wilson, recorded in County Clerk's File Number 1998-181246, Deed Records, Rockwall County, Texas;

THENCE North 44 Degrees 44 Minutes 50 Seconds East, departing said East line and along the lower North line of said called 43.30 acre tract, being common with the South line of said Wilson tract, a distance of 468.08 feet, to the southeast corner of said Wilson tract;

North 31 Degrees 29 Minutes 15 Seconds West, departing said common line and along the upper West line of said called 43.30 acre tract, a distance of 857.52 feet, to the northwest corner of said called 43.30 acre tract, being on the South right-of-way line of F.M. Highway No. 549 and being at the beginning of a non-tangent curve to the left;

THENCE 121.99 feet, along said South right-of-way line and with said curve to the left, having a radius of 5796.43 feet, through a central angle of 01 Degrees 12 Minutes 21 Seconds, whose long chord bears North 45 Degrees 17 Minutes 37 Seconds East, a chord length of 121.99 feet, to a point for corner;

THENCE North 44 Degrees 52 Minutes 59 Seconds East, continuing along said South right-of-way line, a distance of 702.73 feet, to the upper northeast corner of said called 212.55 acre tract, same being the northwest corner of that certain tract of land described by deed to Cody A. Barrick and Wife, recorded in County Clerk's File Number 2010-436143, Deed Records, Rockwall County, Texas;

THENCE South 45 Degrees 12 Minutes 41 Seconds East, departing said South right-of-way line and along the upper East line of said called 212.55 acre tract, being common with the West line of said Barrick tract, a distance of 994.34 feet, to a point for corner;

THENCE North 89 Degrees 46 Minutes 45 Seconds East, continuing along said common line, a distance of 21.21 feet, to a point for corner;

THENCE North 44 Degrees 46 Minutes 11 Seconds East, departing said common line and along the lower North line of said called 212.55 acre tract, being common with the South line of said Barrick tract, a distance of 524.23 feet, to the southeast corner of said Barrick tract, same being the southwest corner of that certain tract of land described by deed to Thomas Enloe and Wife, recorded in County Clerk's File Number 2014-16421, Deed Records, Rockwall County, Texas;

THENCE North 44 Degrees 50 Minutes 11 Seconds East, departing said common line and along the lower North line of said called 212.55 acre tract, being common with the South line of said Enloe tract, a distance of 538.89 feet, to the southeast corner of said Enloe tract, same being the southwest corner of a called 12.493 acre tract of land described by deed to Scott W. Blackwood and Glenita G. Blackwood, recorded in Volume 2084, Page 250, Deed Records, Rockwall County, Texas;

THENCE North 44 Degrees 31 Minutes 53 Seconds East, departing said common line and along the lower North line of said called 212.55 acre tract, being common with the South line of said called 12.493 acre tract, a distance of 541.35 feet, to the southeast corner of said called 12.493 acre tract, same being the southwest corner of that certain tract of land described by deed to Dr. Mohiudin Zeb, recorded in County Clerk's File Number 1995-156072, Deed Records, Rockwall County, Texas;

THENCE North 44 Degrees 44 Minutes 11 Seconds East, departing said common line and along the lower North line of said called 212.55 acre tract, being common with the South line of said Zeb tract, a distance of 606.36 feet, to the southeast corner of said Zeb tract, being on the West right-of-way line of said State Highway No. 205;

THENCE South 45 Degrees 54 Minutes 00 Seconds East, departing said common line and along said West right-of-way line, a distance of 185.25 feet, to a point for corner;

THENCE South 45 Degrees 49 Minutes 58 Seconds East, continuing along said East right-of-way line, a distance of 935.93 feet, to a point for corner;

THENCE South 46 Degrees 04 Minutes 48 Seconds East, continuing along said East right-of-way line, a distance of 621.15 feet, to a point for corner;

THENCE South 46 Degrees 04 Minutes 07 Seconds East, continuing along said East right-of-way line, a distance of 950.08 feet, to the POINT OF BEGINNING, and containing 264.507 acres of land, more or less.

## LEGAL DESCRIPTION (PHASE I)

BEING a 209.316 acre tract of land situated in the W.M. Ford Survey, Abstract Number 80, Rockwall County, Texas, and being a portion of a called 43.30 acre tract of land (Tract 1) and a called 212.55 acre tract of land (Tract 2) described by deed to Highgate Equestrian Center Property, L.P., recorded in County Clerk's File Number 2007-375596, Deed Records, Rockwall County, Texas, and being all of that certain tract of land described by deed to Rockwall Highgate, Ltd., recorded in County Clerk s File Number 2008-404731, Deed Records, Rockwall County, Texas, and being more particularly described by metes and bounds as follows:

BEGINNING at the Southwest corner of said called 43.30 acre tract, being on the northwest line of Wylie Lane;

THENCE North 45 Degrees 12 Minutes 46 Seconds West, departing said northwest line, and along the southwest line of said called 212.55 acre tract, a distance of 315.34 feet, to the easternmost corner of said called Rockwall Highgate tract;

THENCE South 44 Degrees 10 Minutes 18 Seconds West, departing said West line and along the southeast line of said Rockwall Highgate tract, a distance of 690.66 feet, to the southernmost corner of said Rockwall Highgate tract;

THENCE North 32 Degrees 34 Minutes 38 Seconds West, departing said southeast line and along the West line of Rockwall Highgate tract, a distance of 680.55 feet, to the northwest corner of said Rockwall Highgate tract;

THENCE North 62 Degrees 14 Minutes 58 Seconds East, departing said West line and along the northwest line of said Rockwall Highgate tract, a distance of 154.61 feet;

THENCE North 45 Degrees 14 Minutes 02 Seconds East, continuing along said northwest line, a distance of 393.74 feet, to a 1/2" iron rod found at the northernmost corner of said Rockwall Highgate tract, being on the southwest line of said called 43.30 acre tract and being on the northeast line of Travis Lane;

THENCE Northerly, departing said North line and along the northeast line of said Travis Lane, the following calls:

North 45 Degrees 12 Minutes 46 Seconds West, a distance of 599.31 feet, to a point for corner;

North 44 Degrees 05 Minutes 31 Seconds West, a distance of 436.95 feet, to a point for corner;

North 48 Degrees 40 Minutes 03 Seconds West, a distance of 237.14 feet, to a 5/8" iron rod found;

North 40 Degrees 05 Minutes 31 Seconds West, a distance of 184.21 feet, to a 5/8" iron rod found;

North 44 Degrees 55 Minutes 09 Seconds West, a distance of 244.25 feet, to a 5/8" iron rod found;

South 44 Degrees 54 Minutes 30 Seconds West, a distance of 12.67 feet, to a point for corner;

North 45 Degrees 15 Minutes 44 Seconds West, a distance of 260.71 feet, to the lower northwest corner of said called 43.30 acre tract, same being the southwest corner of a that certain tract of land described by deed to Bret A. Wilson and Leslie Wilson, recorded in County Clerk's File Number 1998-181246, Deed Records, Rockwall County, Texas;

THENCE North 44 Degrees 44 Minutes 50 Seconds East, departing said East line and along the lower North line of said called 43.30 acre tract, being common with the South line of said Wilson tract, a distance of 468.08 feet, to the southeast corner of said Wilson tract;

North 31 Degrees 29 Minutes 15 Seconds West, departing said common line and along the upper West line of said called 43.30 acre tract, a distance of 857.52 feet, to the northwest corner of said called 43.30 acre tract, being on the South right-of-way line of F.M. Highway No. 549 and being at the beginning of a non-tangent curve to the left;

THENCE 121.99 feet, along said South right-of-way line and with said curve to the left, having a radius of 5796.43 feet, through a central angle of 01 Degrees 12 Minutes 21 Seconds, whose long chord bears North 45 Degrees 17 Minutes 37 Seconds East, a chord length of 121.99 feet, to a point for corner;

THENCE North 44 Degrees 52 Minutes 59 Seconds East, continuing along said South right-of-way line, a distance of 702.73 feet, to the upper northeast corner of said called 212.55 acre tract, same being the northwest corner of that certain tract of land described by deed to Cody A. Barrick and Wife, recorded in County Clerk's File Number 2010-436143, Deed Records, Rockwall County, Texas;

THENCE South 45 Degrees 12 Minutes 41 Seconds East, departing said South right-of-way line and along the upper East line of said called 212.55 acre tract, being common with the West line of said Barrick tract, a distance of 994.34 feet, to a point for corner;

THENCE North 89 Degrees 46 Minutes 45 Seconds East, continuing along said common line, a distance of 21.21 feet, to a point for corner;

THENCE North 44 Degrees 46 Minutes 11 Seconds East, departing said common line and along the lower North line of said called 212.55 acre tract, being common with the South line of said Barrick tract, a distance of 524.23 feet, to the southeast corner of said Barrick tract, same being the southwest corner of that certain tract of land described by deed to Thomas Enloe and Wife, recorded in County Clerk's File Number 2014-16421, Deed Records, Rockwall County, Texas;

THENCE North 44 Degrees 50 Minutes 11 Seconds East, departing said common line and along the lower North line of said called 212.55 acre tract, being common with the South line of said Enloe tract, a distance of 538.89 feet, to the southeast corner of said Enloe tract, same being the southwest corner of a called 12.493 acre tract of land described by deed to Scott W. Blackwood and Glenita G. Blackwood, recorded in Volume 2884, Page 250, Deed Records, Rockwall County, Texas;

THENCE North 44 Degrees 31 Minutes 53 Seconds East, departing said common line and along the lower North line of said called 212.55 acre tract, being common with the South line of said called 12.493 acre tract, a distance of 541.35 feet, to the southeast corner of said called 12.493 acre tract, same being the southwest corner of that certain tract of land described by deed to Dr. Mohiudin Zeb, recorded in County Clerk's File Number 1995-156072, Deed Records, Rockwall County, Texas;

THENCE North 44 Degrees 44 Minutes 11 Seconds East, departing said common line and along the lower North line of said called 212.55 acre tract, being common with the South line of said Zeb tract, a distance of 606.36 feet, to the southeast corner of said Zeb tract, being on the West right-of-way line of said State Highway No. 205;

THENCE South 45 Degrees 54 Minutes 00 Seconds East, departing said common line and along said West right-of-way line, a distance of 185.25 feet, to a point for corner;

THENCE South 45 Degrees 49 Minutes 58 Seconds East, continuing along said southwest right-of-way line, a distance of 301.40 feet, to a point for corner;

THENCE Southwesterly, departing said West right-of-way line and over and across said called 212.55 acre tract, the following calls:

South 34 Degrees 53 Minutes 19 Seconds East, a distance of 117.55 feet, to a point for corner;

South 19 Degrees 33 Minutes 26 Seconds West, a distance of 104.59 feet, to a point for corner;

South 41 Degrees 16 Minutes 51 Seconds West, a distance of 109.87 feet, to a point for corner;

South 16 Degrees 13 Minutes 16 Seconds East, a distance of 343.40 feet, to a point for corner;

South 10 Degrees 24 Minutes 07 Seconds West, a distance of 349.98 feet, to a point for corner;

South 20 Degrees 47 Minutes 16 Seconds West, a distance of 404.92 feet, to a point for corner;

South 39 Degrees 14 Minutes 25 Seconds East, a distance of 222.48 feet, to a point for corner;

South 07 Degrees 57 Minutes 55 Seconds East, a distance of 224.06 feet, to a point for corner;

South 05 Degrees 39 Minutes 43 Seconds West, a distance of 276.05 feet, to a point for corner;

South 25 Degrees 11 Minutes 11 Seconds East, a distance of 211.30 feet, to a point for corner;

South 24 Degrees 31 Minutes 10 Seconds East, a distance of 209.10 feet, to a point for corner;

South 12 Degrees 41 Minutes 40 Seconds West, a distance of 256.15 feet, to a point for corner;

South 06 Degrees 32 Minutes 24 Seconds West, a distance of 300.53 feet, to a point for corner;

North 87 Degrees 46 Minutes 09 Seconds East, a distance of 150.10 feet, to a point for corner, being on the North line of said Wylie Lane;

THENCE South 44 Degrees 17 Minutes 59 Seconds West, along said North line, a distance of 665.41 feet, to a point for corner;

THENCE South 45 Degrees 05 Minutes 26 Seconds West, continuing along said North line, a distance of 1147.78 feet, to the POINT OF BEGINNING, and containing 209.316 acres of land, more or less.

*Legal Description and Survey*

## LEGAL DESCRIPTION (PHASE II)

BEING a 55.193 acre tract of land situated in the W.M. Ford Survey, Abstract Number 80, Rockwall County, Texas, and being a portion of a called 212.55 acre tract of land (Tract 2) described by deed to Highgate Equestrian Center Property, L.P., recorded in County Clerk's File Number 2007-375596, Deed Records, Rockwall County, Texas, and being more particularly described by metes and bounds as follows:

COMMENCING at a 1/2" iron rod found at the northernmost corner of said called 212.55 acre tract, same being the easternmost corner of that certain tract of land described by deed to Dr. Mohiudin Zeb, recorded in County Clerk's File Number 1995-156072, Deed Records, Rockwall County, Texas, and being on the southwest right-of-way line of State Highway No. 205;

THENCE South 45 Degrees 54 Minutes 00 Seconds East, departing said common line and along said southwest right-of-way line, a distance of 185.25 feet, to a point for corner;

THENCE South 45 Degrees 49 Minutes 58 Seconds East, continuing along said southwest right-of-way line, a distance of 301.40 feet, to the POINT OF BEGINNING;

THENCE Southwesterly, departing said southwest right-of-way line and over and across said called 212.55 acre tract, the following calls:

South 34 Degrees 53 Minutes 19 Seconds East, a distance of 117.55 feet, to a point for corner;

South 19 Degrees 33 Minutes 26 Seconds West, a distance of 104.59 feet, to a point for corner;

South 41 Degrees 16 Minutes 51 Seconds West, a distance of 109.87 feet, to a point for corner;

South 16 Degrees 13 Minutes 16 Seconds East, a distance of 343.40 feet, to a point for corner;

South 10 Degrees 24 Minutes 07 Seconds West, a distance of 349.98 feet, to a point for corner;

South 20 Degrees 47 Minutes 16 Seconds West, a distance of 404.92 feet, to a point for corner;

South 39 Degrees 14 Minutes 25 Seconds East, a distance of 222.48 feet, to a point for corner;

South 07 Degrees 57 Minutes 55 Seconds East, a distance of 224.06 feet, to a point for corner;

South 05 Degrees 39 Minutes 43 Seconds West, a distance of 276.05 feet, to a point for corner;

South 25 Degrees 11 Minutes 11 Seconds East, a distance of 211.30 feet, to a point for corner;

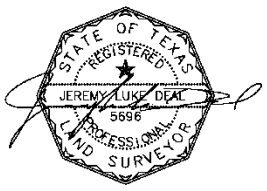
South 24 Degrees 31 Minutes 10 Seconds East, a distance of 209.10 feet, to a point for corner;

South 12 Degrees 41 Minutes 40 Seconds West, a distance of 256.15 feet, to a point for corner;

South 06 Degrees 32 Minutes 24 Seconds West, a distance of 300.53 feet, to a point for corner;

North 87 Degrees 46 Minutes 09 Seconds East, a distance of 150.10 feet, to a point for corner, being on the North line of said Wylie Lane;

THENCE North 44 Degrees 17 Minutes 59 Seconds East, along the North line of said Wylie Lane, a distance of 2608.84 feet, to a point for corner at the intersection of said North line and the southwest right-of-way line of said State Highway No. 205;



THENCE North 46 Degrees 04 Minutes 07 Seconds East, departing said North line and along the said southwest right-of-way line, a distance of 950.08 feet, to a point for corner;

THENCE North 46 Degrees 04 Minutes 48 Seconds West, continuing along said southwest right-of-way line, a distance of 621.15 feet, to a point for corner;

THENCE North 45 Degrees 49 Minutes 58 Seconds West, continuing along said southwest right-of-way line, a distance of 634.53 feet, to the POINT OF BEGINNING, and containing 55.193 acres or land, more or less.

*Density and Development Standards*

***Density and Development Standards.***

1. *Permitted Uses.* Unless specifically provided by this Planned Development District ordinance, only those uses permitted within the Single Family 7 (SF-7) District, as stipulated by the *Permissible Use Charts* contained in Article IV, *Permissible Uses*, of the Unified Development Code (UDC), are allowed on the *Subject Property*.

2. *Lot Composition and Layout.* The lot layout and composition shall generally conform to the *Concept Plan* depicted in *Exhibit 'C'* and stated in *Table 1*, which is as follows:

*Table 1: Lot Composition*

| *Lot Type* | *Minimum Lot Size (FT)* | *Minimum Lot Size (SF)* | *Dwelling Units (#)* | *Dwelling Units (%)* |
|---|---|---|---|---|
| *A* | 60' x 120' | 7,200 SF | 323 | 59.27% |
| *B* | 70' x 130' | 9,100 SF | 222 | 40.73% |
| | | *Maximum Permitted Units:* | *545* | *100.00%* |

3. *Density and Dimensional Requirements.* Unless specifically provided by this Planned Development District ordinance, the development standards stipulated by the Single Family 7 (SF-7) District, as specified by Article V, *District Development Standards*, of the Unified Development Code (UDC) are applicable to all development on the *Subject Property.* The maximum permissible density for the *Subject Property* shall not exceed *2.10* dwelling units per gross acre of land; however, in no case should the proposed development exceed *545* units. All lots shall conform to the standards depicted in *Table 2*, which are as follows:

*Table 2: Lot Dimensional Requirements*

| *Lot Type (see Concept Plan)* ► | ***A*** | ***B*** |
|---|---|---|
| *Minimum Lot Width* [1] | 60' | 70' |
| *Minimum Lot Depth* | 120' | 130' |
| *Minimum Lot Area* | 7,200 SF | 9,100 SF |
| *Minimum Front Yard Setback* [2] & [5] | 20' | 20' |
| *Minimum Side Yard Setback* | 5' | 5' |
| *Minimum Side Yard Setback (Adjacent to a Street)* [2] & [5] | 10' | 10' |
| *Minimum Length of Driveway Pavement* | 20' | 20' |
| *Maximum Height* [3] | 36' | 36' |
| *Minimum Rear Yard Setback* [4] | 20' | 20' |
| *Minimum Area/Dwelling Unit (SF) [Air Conditioned Space]* | 2,000 SF | 2,300 SF |
| *Maximum Lot Coverage* | 65% | 65% |

*General Notes:*

[1]: The minimum lot width shall be measured at the *Front Yard Building Setback*.

[2]: The location of the *Front Yard Building Setback* as measured from the front property line.

[3]: The *Maximum Height* shall be measured to the eave or top plate (*whichever is greater*) of the single-family home.

[4]: As measured from the rear yard property line.

[5]: Porches, stoops, bay windows, balconies, masonry clad chimneys, eaves and similar architectural features may encroach beyond the *Front Yard Building Setback* by up to ten (10) feet for any property; however, the encroachment shall not exceed five (5) feet on *Side Yard Setbacks*.

4. *Building Standards.* All development shall adhere to the following building standards:

*(a) Masonry Requirement.* The minimum masonry requirement for the exterior façades of all buildings shall be 90%, with front façades being 100% masonry. For the

DRAFT 04.09.2019

purposes of this ordinance, the masonry requirement shall be limited to full width brick, natural stone, and cast stone. Cementaceous fiberboard horizontal lap-siding (*e.g. HardiBoard or Hardy Plank*) and stucco (*i.e. three [3] part stucco or a comparable -- to be determined by staff*) may be used for up to 50% of the masonry requirement; however, stucco (*i.e. three [3] part stucco or a comparable -- to be determined by staff*) shall be permitted through a Specific Use Permit (SUP) only. Siding products (*e.g. HardiBoard or Hardy Plank*) shall not be visible from any major thoroughfare (*i.e. John King Boulevard and Horizon Road on Exhibit 'B' of this ordinance*).

(b) *Roof Pitch.* A minimum of an *8:12* roof pitch is required on all structures with the exception of porches, which shall have a minimum of a *4:12* roof pitch.

(c) *Garage Orientation.* Garages shall be oriented in a *traditional swing* (or *j-swing*) or in a flat, front entry configuration (*i.e. even with the front façade of the primary structure*). Garages utilizing a *traditional swing* (or *j-swing*) are permitted to have a second garage door facing the street that is behind the front façade of the primary structure. Garages configured in a flat, front entry configuration shall be setback a minimum of ten (10) feet from the front façade of the primary structure. All garage doors shall be required to have upgraded finishes (*e.g. divided garage bay doors, carriage style hardware and lighting elements, cedar clad garage doors, or a similar alternative -- to be approved by staff*) [*examples of acceptable garage configurations are depicted in Figures 1 & 2*]. In addition, all driveways must be constructed with ornamental stamped concreted and/or brick pavers. All garage configurations not conforming to this section shall meet the requirements of Article VI, *Parking and Loading*, of the Unified Development Code (UDC).

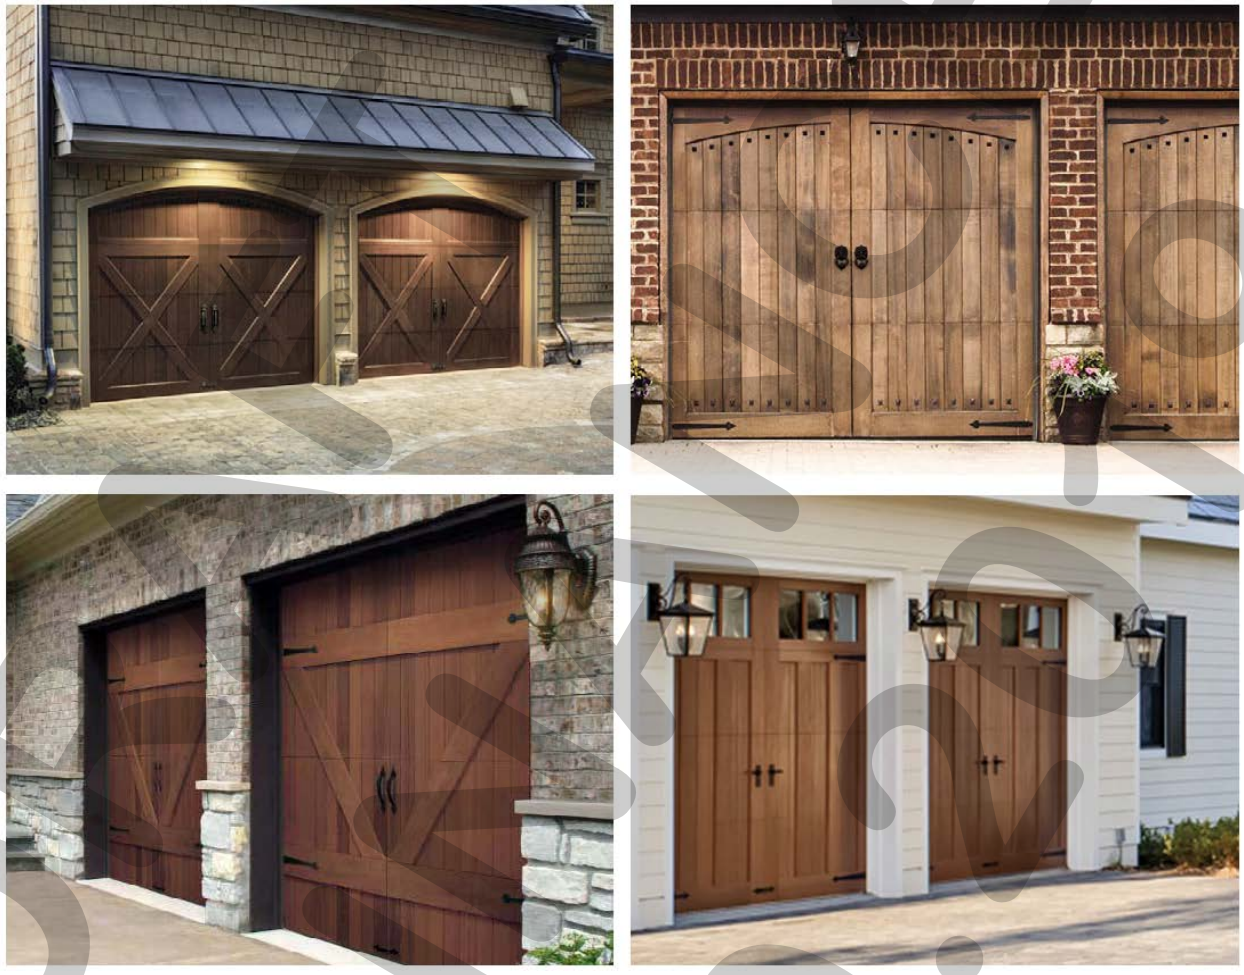
*Cedar Cladding*



*Ornamental Paving*

*Continued on Next Page …*

DRAFT ORDINANCE 04.09.19

*Figure 2. Examples of Acceptable Garage Enhancements*

5. *Anti-Monotony Restrictions.* The development shall adhere to the *Anti-Monotony Matrix* depicted in *Table 3* below (*for spacing requirements see Figures 3 & 4 below*).

*Table 3 : Anti-Monotony Matrix*

| *Lot Type* | *Minimum Lot Size* | *Elevation Features* |
|---|---|---|
| A | 60' x 120' | (1), (2), (3) |
| B | 70' x 130' | (1), (2), (3) |

(1) Identical brick blends or paint colors may not occur on adjacent (*side-by-side*) properties along any block face without at least five (5) intervening homes of differing materials on the same side of the street beginning with the adjacent property and six (6) intervening homes of differing materials on the opposite side of the street.

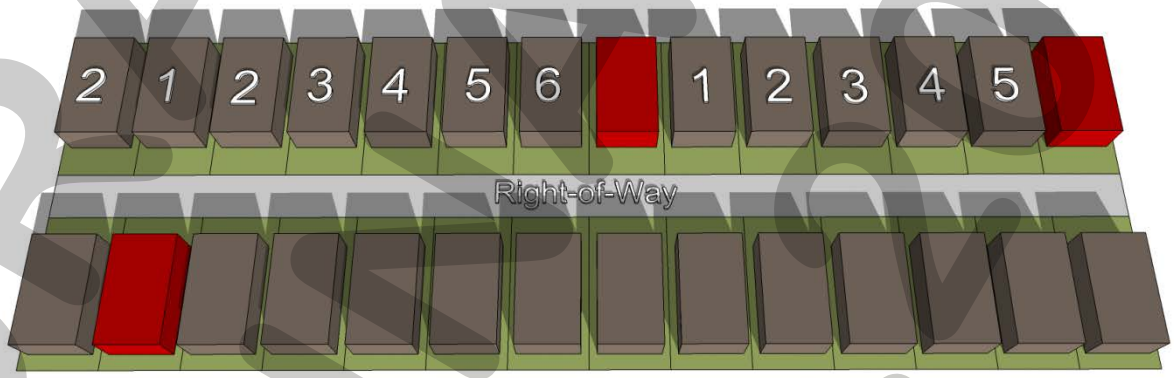
(2) Front building elevations shall not repeat along any block face without at least five (5) intervening homes of differing appearance on the same side of the street and six (6) intervening homes of differing appearance on the opposite side of the street. The rear elevation of homes backing to open spaces, FM-549 or SH-205 shall not repeat without at least five (5) intervening homes of differing appearance. Homes are considered to have a differing appearance if any of the following two (2) items deviate:

*(a)* Number of Stories
*(b)* Permitted Encroachment Type and Layout
*(c)* Roof Type and Layout
*(d)* Articulation of the Front Façade

(3) Permitted encroachment (*i.e. porches*) elevations shall not repeat or be the same along any block face without at least five (5) intervening homes of sufficient dissimilarity on the same side of the street beginning with the home adjacent to the subject property and six (6) intervening homes beginning with the home on the opposite side of the street.

(4) Each phase of the subdivision will allow for a maximum of four (4) compatible roof colors, and all roof shingles shall be an architectural or dimensional shingle (*3-Tab Roofing Shingles are prohibited*).

*Figure 3: Properties line up on the opposite side of the street. Where RED is the subject property.*



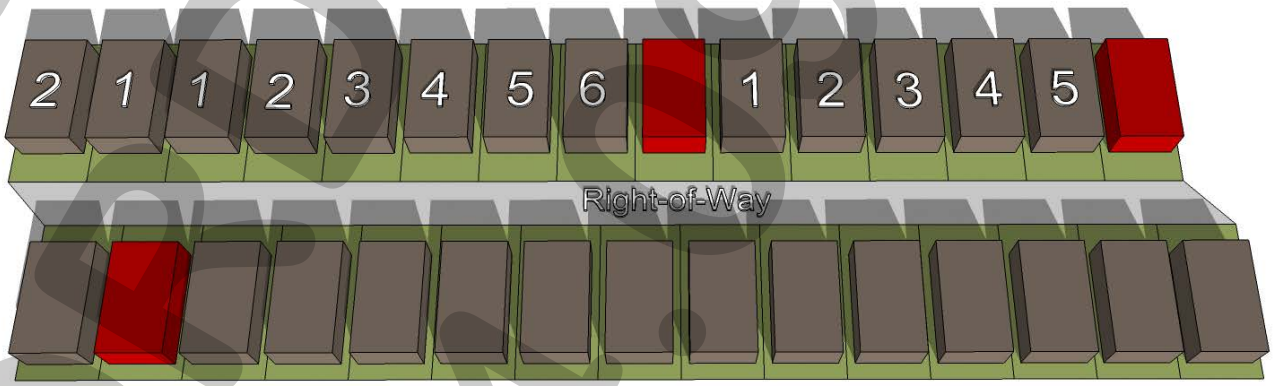


*Figure 4: Properties do not line up on opposite side of the street. Where RED is the subject property.*

6. *Fencing Standards.* All individual residential fencing and walls shall be architecturally compatible with the design, materials and colors of the primary structure on the same lot, and meet the following standards:

*(a) Front Yard Fences.* Front yard fences shall be prohibited.

DRAFT ORDINANCE 04.29.19

*(b) Wood Fences*. All wood fences shall be constructed of a standard fencing material (*minimum of ½" thickness or better; spruce fencing will not be allowed*), and use fasteners that are hot dipped galvanized or stainless steel. Wood fences facing onto a street shall be painted and/or stained and sealed with all pickets being placed on the *public side* facing the street. All wood fences shall be smooth-finished, free of burs and splinters.

*(c) Wrought Iron/Tubular Steel*. Lots located along the perimeter of roadways (*i.e. SH-205, FM-549 and Wylie Lane*), abutting open spaces, greenbelts and parks shall be required to install a wrought iron or tubular steel fence. Wrought iron/tubular steel fences can be a maximum of six (6) feet in height.

*(d) Corner Lots*. Corner lots fences (*i.e. adjacent to the street*) shall provide masonry columns at 45-feet off center spacing that begins at the rear of the property line. A maximum of six (6) foot solid *board-on-board panel* fence constructed utilizing cedar fencing shall be allowed between the masonry columns along the side and/or rear lot adjacent to a street. In addition, the fencing shall be setback from the side property line adjacent to a street a minimum of five (5) feet. The property owner shall be required to maintain both sides of the fence.

*(e) Solid Fences (including Wood Fences)*. All solid fences shall incorporate a decorative top rail or cap detailing into the design of the fence.

*7. Landscape and Hardscape Standards.*

(1) *Landscape.* Landscaping shall be reviewed and approved with the PD Site Plan. All *Canopy/Shade Trees* planted within this development shall be a minimum of four (4) caliper inches in size and all *Accent/Ornamental/Under-Story Trees* shall be a minimum of four (4) feet in total height unless specifically provided below. The following tree species are approved for planting within this subdivision:

*(a) Canopy/Shade Trees*. Bald Cyprus, Cedar Elm, Texas Red Oak, Homestead Elm, Lace Bark Elm, Allen Elm, Chinese Pistachio, Shumard Oak, Sycamore, Live Oak and Burr Oak.

*(b) Accent/Ornamental/Under-Story Trees*. Texas Redbud, Eve's Necklace, Mexican Plum, Downy Hawthorn, Crepe Myrtle, Texas Mountain Laurel, Vitex, and Desert Willow.

(2) *Landscape Buffers.* All landscape buffers and plantings located within the buffers shall be maintained by the Homeowner's Association (HOA).

*(a) Landscape Buffer and Sidewalks (FM-549)*. A minimum of a 30-foot landscape buffer shall be provided along FM-549 (*outside of and beyond any required right-of-way dedication*), and shall incorporate ground cover, a *built-up* berm and/or shrubbery or a combination thereof along the entire length of the frontage. Berms and/or shrubbery shall have a minimum height of 30-inches and a maximum height of 48-inches. In addition, three (3) canopy trees and four (4) accent trees shall be planted per 100-feet of linear frontage.

*(b) Landscape Buffer and Sidewalks (SH-205)*. A minimum of a 30-foot landscape buffer shall be provided along SH-205 (*outside of and beyond any required right-of-way dedication*), and shall incorporate ground cover, a *built-up* berm and/or

DRAFT ORD. 04.09.19

shrubbery or a combination thereof along the entire length of the frontage. Berms and/or shrubbery shall have a minimum height of 30-inches and a maximum height of 48-inches. In addition, three (3) canopy trees and four (4) accent trees shall be planted per 100-feet of linear frontage.

*(c) Landscape Buffers (All Other Roadways).* A minimum of a 10-foot landscape buffer shall be provided along roadways (*outside of and beyond any required right-of-way dedication*), and shall incorporate one (1) canopy tree per 50-feet of linear frontage.

(3) *Street Trees.* The Homeowner's Association (HOA) shall be responsible for the maintenance of all street trees and will be required to maintain a minimum of 14-feet vertical clearance height for any trees overhanging a public right-of-way. Street trees shall be planted a minimum of five (5) feet from public water, sanitary sewer and storm lines. All street trees shall be reviewed with the *PD Site Plan*.

(4) *Irrigation Requirements*. Irrigation shall be installed for all required landscaping located within common areas, landscape buffers and/or open space. Irrigation installed in these areas shall be designed by a Texas licensed irrigator or landscape architect and shall be maintained by the Homeowner's Association (HOA).

(5) *Hardscape.* Hardscape plans indicating the location of all sidewalks and trails shall be reviewed and approved with the *PD Site Plan*.

8. *Street.* All streets (*excluding drives, fire lanes and private parking areas*) shall be built according to City street standards.

9. *Lighting.* Light poles shall not exceed 20-feet in total height (*i.e. base and lighting standard*). All fixtures shall be directed downward and be positioned to contain all light within the development area.

10. *Sidewalks.* All sidewalks adjacent to a street shall be a maximum of two (2) feet inside the right-of-way line and be five (5) feet in overall width.

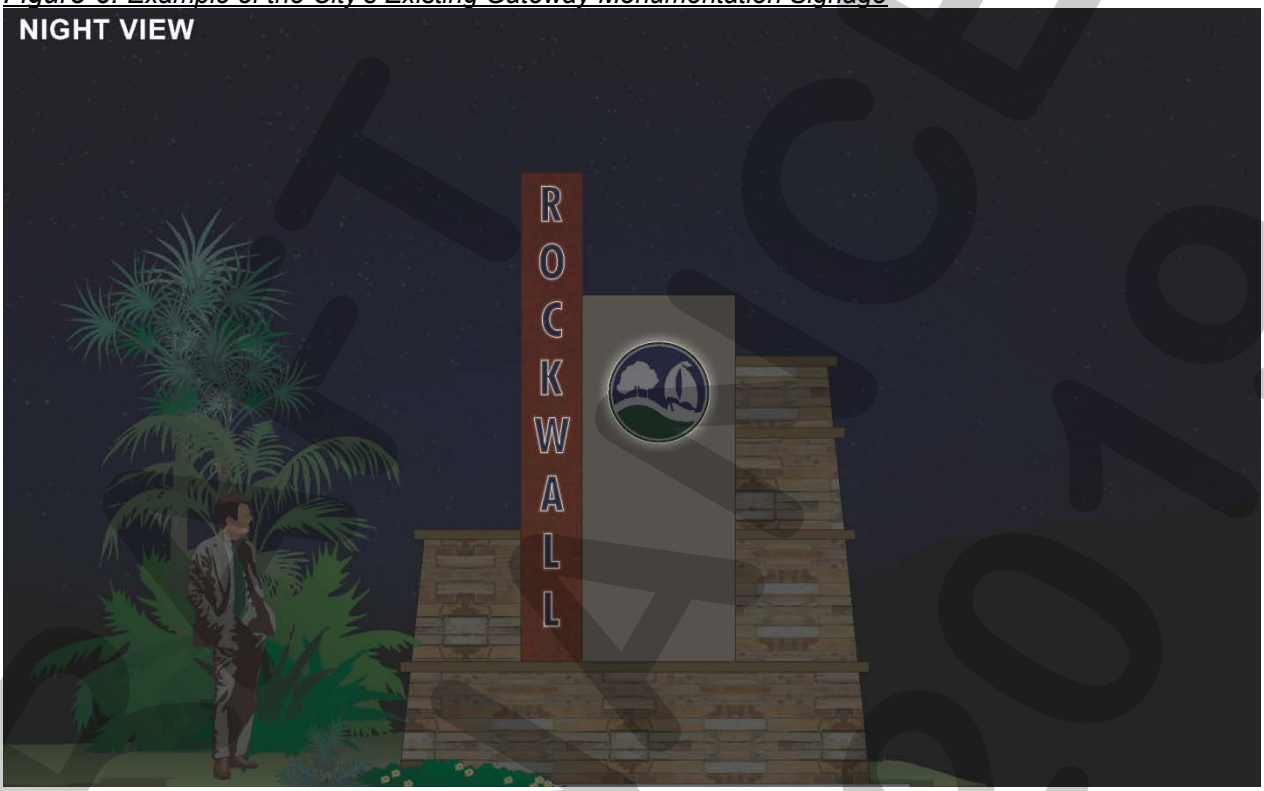
11. *Buried Utilities*. New distribution power-lines required to serve the *Subject Property* shall be placed underground, whether such lines are located internally or along the perimeter of the *Subject Property*, unless otherwise authorized by the City Council. Temporary power-lines constructed across undeveloped portions of the *Subject Property* to facilitate development phasing and looping may be allowed above ground, but shall not be considered *existing lines* at the time the area is developed, and if they are to become permanent facilities, such lines shall be placed underground pursuant to this paragraph. Franchise utilities shall be placed within a ten (10) foot public utility easement behind the sidewalk, between the home and the property line.

12. *Open Space.* The development shall consist of a minimum of *30%* open space (*or a minimum of 79.353-acres -- as calculated by the formula stipulated in the Comprehensive Plan*), and generally conform to the *Concept Plan* contained in *Exhibit 'C'* of this ordinance. All open space areas (*including landscape buffers*) shall be maintained by the Homeowner's Association (HOA).

DRAFT
ORDINANCE
08.05.19

13. *Public Park.* The proposed ~94.00-acre public park shall generally conform to the *Public Park Concept Plan* depicted in *Exhibit 'D'* of this ordinance. This park shall be constructed with the first phase of the proposed development.

14. *Neighborhood Signage and Enhancements.* Permanent subdivision identification signage shall be permitted at all major entry points for the proposed subdivision. Final design and location of any entry features shall be reviewed and approved with the *PD Site Plan*. The developer shall provide enhanced landscaping areas at all entry points to the *Subject Property*. The final design of these areas shall be provided on the *PD Site Plan*.



15. *Homeowner's Association (HOA).* A Homeowner's Association shall be created to enforce the restrictions established in accordance with the requirements of *Section 38-15* of the *Subdivision Regulations* contained within the Municipal Code of Ordinances of the City of Rockwall. The HOA shall also maintain all private neighborhood parks, trails, open space and common areas (*including drainage facilities*), irrigation, landscaping, screening fences and neighborhood signage associated with this development.

16. *Gateway Monumentation Signage*. Permanent City of Rockwall gateway monumentation signage shall be constructed at the southwest corner of the subject property as indicated on the *Concept Plan* contained in *Exhibit 'C'* of this ordinance. The design for the signage shall be submitted with the *PD Site Plan*. The Architectural Review Board (ARB) shall review the proposed signage and make recommendations to the Planning and Zoning Commission, which shall consider the signage for recommendation to the City Council in conjunction with the *PD Site Plan*. The City Council shall have final approval authority for the proposed gateway monumentation signage. The proposed signage shall be similar to or better than the City's existing gateway monumentation signage, which is depicted in *Figures 5 & 6* below. The signage shall be required to be constructed with the first phase of the development.

*Figure 5. Example of the City's Existing Gateway Monumentation Signage*

*Figure 6. Example of the City's Existing Gateway Monumentation Signage*

*17. Variances*. The variance procedures and standards for approval that are set forth in the Unified Development Code shall apply to any application for variances to this ordinance.

## SUMMARY

Hold a public hearing to discuss and consider a request by Mark W. Pross of Pross Design Group, Inc. on behalf of Carolina Molina of Alvaplast US (SPR Packaging) for the approval of a Specific Use Permit (SUP) for a structure that exceeds 60-feet in a Light Industrial (LI) District on a 42.61-acre tract of land identified as Tract 7 of the N. Butler Survey, Abstract No. 20 (*11.3736-acres*); Tract 31 of the R. Ballard Survey, Abstract No. 29 (*8.197-acres*); and, Lot 1-01, Block 1, Indalloy Addition (*14.53-acres*), City of Rockwall, Rockwall County, Texas, zoned Light Industrial (LI) District, situated at the terminus of Aluminum Plant Road, and take any action necessary.

## BACKGROUND

The subject property is a 42.61-acre tract of land located at the terminus of Aluminum Plant Road, which is located at the southwest quadrant of the intersection of East Washington Street and Airport Road. The property was annexed on February 7, 1983 by *Ordinance No. 83-06.* According to the City's historic zoning maps, the subject property has been zoned Light Industrial (LI) District since at least May 16, 1983. In January 2019, the applicant, Carolina Molina of Alvaplast US, Inc. (SPR Packaging), requested approval of a site plan for the purpose of expanding SPR's existing operations. This request was for the first phase of a multi-phase expansion plan. On March 18, 2019, the Planning and Zoning Commission approved the requested site plan [*Case No. SP2019-004*] for Phase 1 for the purpose of constructing an approximately 78,615 SF single-story, warehouse facility (*i.e. SPR Packaging*) on an 11.3736-acre portion of the subject property. Currently, the subject property is vacant, with the exception of the Columbia Extrusion Corporation's existing structures located on the west side of the subject property (*i.e. 8.97-acre portion*).

## PURPOSE

The applicant, Mark Pross of Pross Design Group, has submitted a request for a Specific Use Permit (SUP) to allow for structures exceeding 60-feet in height to be located within a Light Industrial (LI) District. The applicant is requesting to allow for a maximum overall height of 100-feet for structures *(i.e. high bay extruders*) that will be located in the areas identified as Phases 2, 3, 4 and 5 as depicted on the concept plan (*i.e. Exhibit 'B'*) contained in the draft SUP ordinance. This area will house the high bay extruders necessary for SPR's business operations. The applicant has stated to staff that SPR's business involves the production of flexible packaging products through a process called extrusion. The extrusion of certain plastics require additional height to process, and SPR has set a maximum height of 100-feet from grade for these structures.

## ADJACENT LAND USES AND ACCESS

The subject property is located at the southwest quadrant of the intersection of E. Washington Street and Airport Road. The land uses adjacent to the subject property are as follows:

*North*: Directly north of the property is Aluminum Plant Road, which provides access to the existing business (*i.e. Columbia Extrusion*) and Airport Road. Beyond Aluminum Plant Road and north of the subject property is a 7.497-acre vacant tract of land that is owned by the Rockwall Community Playhouse. Beyond this property is the Children's Academy Center, which is owned by the Soroptimist Children's Home and is situated on a 2.093-acre tract of land. Adjacent to these tracts and northeast of the subject property is Planned Development District 87 (PD-87), which includes commercial, light industrial and townhome land uses. Adjacent to PD-87 is E. Washington Street, which also delineates the future alignment of SH-66. This roadway is identified as a TXDOT4D (*i.e. four [4] lane, divided highway, owned by the Texas Department of Transportation*) on the City's Master Thoroughfare Plan. North of this thoroughfare is a 67.036-acre public park (*i.e. Harry Myers Park*), which is zoned Light Industrial (LI) District.

*South*: Directly south of the subject property is the right-of-way for the *Union Pacific Dallas/Garland Northeast Railroad*. Beyond this is the existing SPR Packaging facility, which is situated on a 10.1893-acre parcel of land identified as *Lot 2, Block A, SPR Packaging Addition.* Adjacent to and west of the SPR Packaging facility is an 8.971-acre (*i.e. Lot 3, Block A, Whitmore Manufacturing Addition*) vacant parcel of land. Both of these properties are zoned Light Industrial (LI) District.

*East*: Directly east of the subject property is the Leon Tuttle Athletic Complex (*i.e. Lot 2, Rockwall Service Center & Park Addition*). Adjacent to Leon Tuttle Athletic Complex is the City of Rockwall Service Center (*i.e. Lot 1, Rockwall Service Center & Park Addition*). Both of these properties are zoned Light Industrial (LI) District and have adjacency to the following roadways: E. Washington Street, Airport Road, and Industrial Boulevard. These roadways are all identified as a M4U (*i.e. minor collector, four [4] lane, roadway*) on the City's Master Thoroughfare Plan.

*West*: Directly west of the subject property is an 8.197-acre tract of land and a 14.53-acre parcel of land (*i.e. Lot 1-01, Block 1, Indalloy Addition*). Both of these properties are zoned Light Industrial (LI) District. Situated on these properties is a large industrial building and various other improvements. Beyond these properties, and west of the subject property, are *Phases 2 & 3* of the *Park Place Subdivision*, which contain 94 single-family residential lots. This property is zoned Planned Development District 59 (PD-59) for Neighborhood Services (NS) and Single-Family 7 (SF-7) District land uses.

## CHARACTERISTICS OF THE REQUEST

The construction for all of the buildings will be composed of tilt-up wall construction, matching their existing building located just south of and adjacent to the subject property. The area's extending above the tilt-up wall construction, which enclose the high bay extruders will have pre-finished metal panels. These metal panels will have a height of not more than 100-feet. The applicant has provided conceptual building elevations and a phasing plan indicating uniformity with each phase being planned. These elevations will require a recommendation by the Architectural Review Board (ARB) prior to being considered by the Planning and Zoning Commission during the site plan review.

Due to the height of the structures being requested, the applicant submitted a screening plan with the site plan for Phase 1 (*i.e. Case No. SP2019-004*) showing the incorporation of a thick vegetative screen being incorporated adjacent to the north and west property lines. The applicant has provided staff with this same landscape screening plan, which has been incorporated in the draft SUP ordinance and will be required to be built with Phase 1 of the development per this ordinance. Additionally, the applicant has provided a line of site study that evaluates the visual impacts of the proposed structures from Justin Road, E. Washington Street, and the Park Place neighborhood. Photographs were also included indicating superimposed structures and their visibility based on direction and topography of these areas. A development plan submitted by the applicant indicates an area where the maximum height of

structures is limited to 100-feet and that this area is a minimum distance of 500-feet from the west property boundary (*i.e. Park Place Addition*) and 132-feet from Industrial Road. It should be known that within a Light Industrial (LI) District, the rear yard setback for a structure adjacent to a residential district is a minimum of 20-ft + ½ of the building height greater than 36-feet [*i.e. 20-ft + (60-ft – 36-ft = 24-ft/2)*]. This means the minimum rear setback in this case would be 32-feet from the west property line.

## CONFORMANCE WITH THE CITY'S CODES

Subsection 5.01, *General Industrial District Standards*, of Article V, *District Development Standards*, of the Unified Development Code (UDC), states that "(*a)ll structures shall conform to the height requirements specified for the zoning district of the subject property as stipulated by Section 7.03*." Based on this, the maximum height for any structure within a *Light Industrial* (LI) *District* is 60-feet; however, a "(b)uildings height may be increased up to 120-feet if approved through a Specific Use Permit (SUP) by the Planning and Zoning Commission and City Council." The applicant is requesting to allow for a maximum overall height of 100-feet for Phases 2, 3, 4 and 5, which will house the high bay extruders processed with this SUP.

According to Subsection 5.6, *Screening from Residential Uses*, of Section 5, *Mandatory Provisions*, of Article VIII, *Landscape Standards*, of the Unified Development Code (UDC), non-residential developments that are adjacent to or directly across the street from a residential development should incorporate a minimum ten (10) foot landscape buffer that incorporates trees on 50-foot centers. In this case, the applicant is providing a 50-foot landscape buffer with the addition of evergreen and Live Oak trees along the western and northern property boundaries. The proposed landscape plan exceeds the minimum requirements of the UDC and has been included as a condition of approval in the draft SUP ordinance.

## STAFF ANALYSIS

When analyzing the applicant's request (*i.e. structures exceeding 60-feet in height*), and given the need for the additional height required for the high bay extruders, the applicant has provided staff with a landscape screening plan and line of sight study that attempts to mitigate the visual impact of the proposed structures. The applicant has also provided a development plan assuring that the 100-foot tall structures will not be closer than 500-feet from the existing or future home sites within the Park Place Subdivision. Additionally, and with the exception of PD-59 (*i.e. Park Place Addition*) and a vacant 1.945-acre tract of land zoned Agricultural (AG) District located at the intersection of E. Washington Street and Airport Road, the surrounding properties adjacent to the subject property are zoned Light Industrial (LI) District. With this being said, a request for a Specific Use Permit (SUP) is discretionary for the City Council. The Planning and Zoning Commission is tasked with considering if this request will adversely affect the neighboring properties, and provide a recommendation to the City Council.

## NOTIFICATIONS

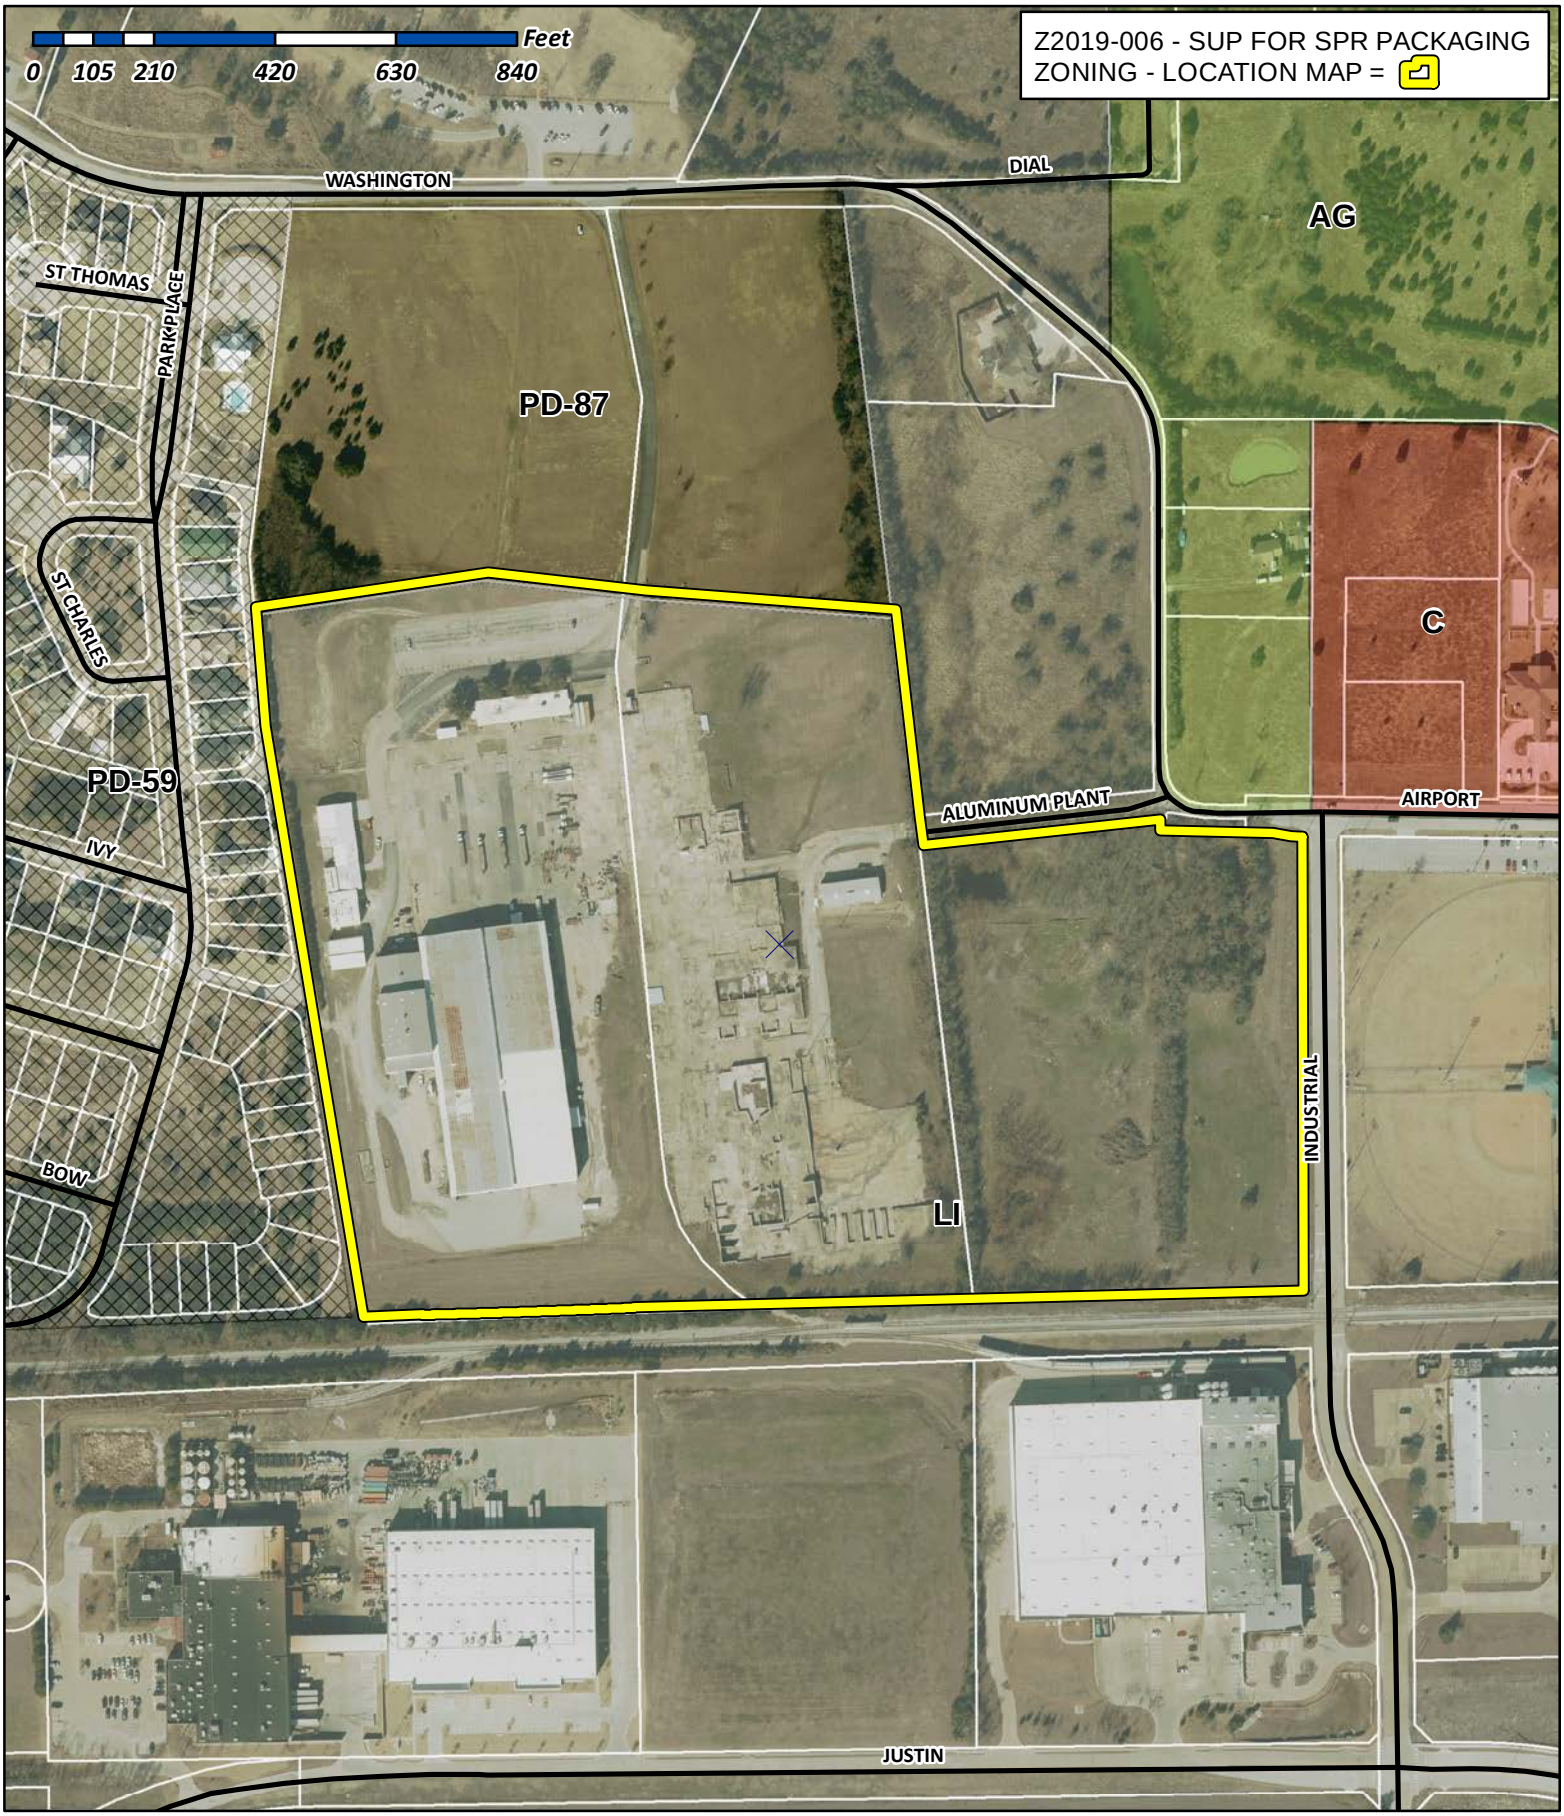
On March 29, 2019, staff mailed 99 notices to property owners and residents within 500-feet of the subject property. Staff also emailed a notice to the Park Place Homeowner's Associations (*HOA's*), which is the only HOA located within 1,500-feet of the *subject property* participating in the Neighborhood Notification Program. Additionally, staff posted a sign on the *subject property*, and advertised the public hearings in the Rockwall Herald Banner as required by the UDC. At the time this case memo was drafted staff had received four (4) notices [*two* (2) *from SPR*] & one (1) email in favor of, and two (2) notices & two (2) emails opposing the applicant's request.

## CONDITIONS OF APPROVAL

If the Planning and Zoning Commission chooses to recommend approval of the applicant's request for a Specific Use Permit (SUP) to allow structures to exceed 60-feet in height within the Light Industrial (LI) District, then staff would propose the following conditions of approval:

(1) The applicant shall be responsible for maintaining compliance with the operational conditions contained in the SUP ordinance and summarized as follows:

a) The development of this property shall generally conform to the *Concept Plan* depicted in *Exhibit 'B'* of the draft SUP ordinance; and,



b) The maximum overall height of the buildings and/or structures shall not exceed 100-feet, as depicted in *Exhibit 'C'* of the draft SUP ordinance; and,

c) The building elevations depicted in *Exhibit 'C'* of the draft SUP ordinance are for reference to the height of the extruder bays for all phases (*i.e. phase 2, 3, 4, & 5*), and do not represent approved building elevations. Any building elevations associated with the project shall be subject to the requirements of the Unified Development Code (UDC), reviewed by the Architectural Review Board, and approved by the Planning and Zoning Commission [*and City Council if applicable*]; and,

d) Future expansion of the site [*i.e. Phases 3, 4, and 5*] should have all silos placed on the southern portion of the subject property, adjacent to the railroad tracks, as depicted in *Exhibit 'B'* of the draft SUP ordinance; and,

e) The subject property shall provide and maintain a landscape screening buffer along the western and northern property boundaries [*i.e. Overall Landscape Plan*], as depicted in *Exhibit 'D'* of the draft SUP ordinance and shall be constructed with Phase 1 of the development; and,

(2) Any construction resulting from the approval of this zoning change shall conform to the requirements set forth by the Unified Development Code (UDC), the International Building Code (IBC), the Rockwall Municipal Code of Ordinances, city adopted engineering and fire codes and with all other applicable regulatory requirements administered and/or enforced by the state and federal government.

**Subject:** Neighborhood Noification Program: Notice of zoning request
**Attachments:** PUBLIC NOTICE.PDF; HOA Map.pdf

To whom it may concern:

Per your participation in the Neighborhood Notification Program, you are receiving this notification to inform your organization and residents of a request for a zoning change that lies within 1,500 feet of the boundaries of your neighborhood or subdivision. As the primary contact for the organization, you are encouraged to share this information with the residents of your subdivision. Please find attached a map detailing the location of the subject property requesting the zoning change in relation to your subdivision boundaries. Additionally, below is a summary of the zoning request that was published in the Rockwall Herald Banner ***March 22, 2019***. The Planning and Zoning Commission will hold a public hearing on ***Tuesday 4/9/2019 at 6:00 p.m.***, and the City Council will hold a public hearing on ***Monday 4/15/2019 at 6:00 p.m***. These hearings will be held in the City Council Chambers at City Hall, 385 S. Goliad Street. These hearings will be held in the City Council Chambers at City Hall, 385 S. Goliad Street. If you have any questions or comments regarding this request, the contact information for the Planning Department is listed below. Additional information can also be found at https://sites.google.com/site/rockwallplanning/development/development-cases

# NOTICE OF PUBLIC HEARING

## CITY OF ROCKWALL, PLANNING & ZONING DEPARTMENT

PHONE: (972) 771-7745
EMAIL: PLANNING@ROCKWALL.COM

To Whom It May Concern:

You are hereby notified that the City of Rockwall Planning and Zoning Commission and City Council will consider the following application:

**Case No. Z2019-006: SUP for SPR Packaging**

*Hold a public hearing to discuss and consider a request by Mark W. Pross of Pross Design Group, Inc. on behalf of Carolina Molina of Alvaplast US (SPR Packaging) for the approval of a Specific Use Permit (SUP) for a structure that exceeds 60-feet in a Light Industrial (LI) District on a 42.61-acre tract of land identified as Tract 7 of the N. Butler Survey, Abstract No. 20 (11.3736-acres); Tract 31 of the R. Ballard Survey, Abstract No. 29 (8.197-acres); and, Lot 1-01, Block 1, Indalloy Addition (14.53-acres), City of Rockwall, Rockwall County, Texas, zoned Light Industrial (LI) District, situated at the terminus of Aluminum Plant Road, and take any action necessary.*

For the purpose of considering the effects of such a request, the Planning and Zoning Commission will hold a public hearing on **Tuesday, 4/9/2019 at 6:00 p.m.,** and the City Council will hold a public hearing on **Monday, 4/15/2019 at 6:00 p.m.** These hearings will be held in the City Council Chambers at City Hall, 385 S. Goliad Street.

As an interested property owner, you are invited to attend these meetings. If you prefer to express your thoughts in writing please return the form to:

**David Gonzales**
**Rockwall Planning and Zoning Dept.**
**385 S. Goliad Street**
**Rockwall, TX 75087**

You may also email your comments to the Planning Department at planning@rockwall.com. If you choose to email the Planning Department please include your name and address for identification purposes.

Your comments must be received by **4/15/2019** to ensure they are included in the information provided to the City Council.

Sincerely,

**Ryan Miller, AICP**
Director of Planning & Zoning

We think they will be good neighbors.
Only concern is the proposed height.
If they (SPR) could find way to reduce height there would be no reservations at all.
They are the known vs. the unknown which could be worse therefore we vote in favor.

We are Concerned about the height of building and the visual, but we are in favor of supporting the request. We are in favor, because of the steps SRP Packaging has agreed to take to minimize the impact of the look of these buildings. They also seem to care about the Neighborhood.

**Subject:** SPR SUP

Dear Mayor Pruitt, Council Members and Planning and Zoning,

As a HOA member of Park Place, Board of Director for the REDC, City of Rockwall ARB member, Vice President of the CASA Board of Directors and a citizen of Rockwall I hereby whole heartedly approve SPR's SUP to build to 100ft if necessary. I have resided in Park Place for 8 years now and was always concerned about what could possibly be built next door to our wonderful community. Having a great understanding of all of this due to my job and community involvement I have spoken with Park Place neighbors, SPR, and the city to have a complete understanding that SPR plans to do everything in their power to not effect Park Place in a negative way. I feel it is very important to both Park Place and Rockwall to see the big picture and the future of this project.

Feel free to contact me with any questions you may have.

Sincerely,

Rick Johnson

Herb Podina  1014 Saint Charles Ct. Rockwall.

We moved to Rockwall 15 years ago  and we've lived 2 of those years in Park Place … which is next to the proposed SPR  building sight.
We moved from Rowlett because their idea of restrictions and regulations were not up to our standards. We got tired of seeing privacy fences ,which did not match, along main roads and poorly developed industrial parks. Rockwall had a better plan which was clear to see.
SPR is asking for an SUP to put up a building to exceed the 60 ft height limit by 40 ft for a TOTAL OF 100 FT.
Oh I'm sure they are going to sing a good song as to how they intend to dress it up …. but let's face some real facts.
When SPR purchased the first lot and built on it …. I find it hard to believe they didn't have a plan to include the next group of buildings they are now proposing.
A 100 ft tall building on one of the highest points in Rockwall,  can not be hidden by trees and shrubs unless you're talking about putting 2000 year old REDWOODS or west coast SEQUOIA Trees.
If they try to compare it to the County Courthouse , the Trend building , or the Stadium …. They are comparing apples to oranges. What I mean is ….. The Courthouse is a true Rockwall landmark that speaks for itself when you look at it. The Trend Building also speaks for itself with it's great architecture and unmistakable presence as a professional building.And I've had out of town friends marvel at the incredible Stadium we have. All three of these are seen from I-30 and everyone knows exactly what they are. If SPR builds this monster of a building , it will dwarf all three of these and people will be asking WHAT IS THAT !  I'll tell them it's Rockwalls new landmark.
Rockwall is so fortunate to have Harry Myers Park and there isn't another like it for miles. I invite everyone to walk it and imagine  a 100 ft tall building sitting to the south , towering over SPR'S existing structure.
There is a wonderful ball park across the street which it will tower over as well.  I am asking the board to REFUSE the SUP regarding this structure.

With this being said ….. We are adamantly against the SUP of 100 ft proposed by SPR.

**To:** Planning <planning@rockwall.com>
**Subject:** Case No. Z2019-006 SUP for SPR Packaging

Case No. Z2019-006 SUP for SPR Packaging

I am opposed to the request for the reasons listed below:

1) I live directly behind the development on Park Place Blvd. I always knew we could have some structure up to 60 feet but never 100
2) Although the 100 foot request is for a structure further south of my home it still appears that any building impacting Park Place II or the new III will impact my property values.
3) I recognize the current SPR facility has a SUP at 72 feet? I don't feel anything taller should even be considered without some restrictions. I don't understand why we have to allow even taller ones just North and closer to our development.
    a) In light of the fact that this development has multiple phases, any allowed variance should be restricted to only the current phase as far east as possible. (with all truck traffic exiting east)
    b) Future phases that build further west should have restrictions to stay at the current 60 foot allowance or be tied to additional review/approval
    c) Trees and landscaping noted in initial proposal (2 layers) should have irrigation and continued site maintenance to ensure they grow fast vs. suffering potential drought years.

Michael and Delila Rasmussen
507 Park Place Blvd
Rockwall TX 75087

**SPECIAL USE PERMIT DESIGN REQUEST NARRATIVE**
**SPR NORTH PHASE 2**

On behalf of SPR Packaging, we are representing the Owner in the design of the new facility, SPR Packaging North, which will be north of their current facility at 1480 Justin Road. As you are aware, SPR's business involves the production of flexible packaging products through a process called extrusion. The extrusion of plastic requires height to process the film and depending on the width of the film, technology improvements and number of layers, that height may vary. In order to be able to accommodate new equipment that will allow SPR Packaging to compete in new markets and expand their business, a maximum height of 100 feet above finish floor in a specific area of the property is required. This exceeds the current allowable height for buildings by 40', therefore the Owner requests a variance to allow the 100' maximum. This variance would apply to the Phase 2 portion of the building, as well as future expansion phases within the extrusion area defined in the site drawings. SPR Packaging had previously received a Special Use Permit for the 75' high extruder section for their existing building on Justin Road. See Elevations and Site Plan.

Based on initial Zoning Commission concerns, I have provided additional Exhibits for consideration.

1. As part of the Phase 1 Building project, the Owner is willing to provide screening from the far west property line abutting the adjacent residential use and the commercial zone to the north. We propose to add fast growing, tall, screening trees to close the open gap between the southeast corner of the residential property and well past the existing aluminum Warehouse, which is to be renovated in the future, and extend it to cover the north fence line.
2. A visual impact study was conducted to evaluate estimated building visibility from the most significant points of view. See 'Line of Site' Exhibits.
3. Elevation drawings showing the requested height of the extruder roof to 100' maximum.
4. Architectural Site Plan.
5. Site drawing showing Extrusion area limited to 500 feet away from Park Place Neighborhood and future development, 132 feet away from Industrial Road and 500 feet from south property line.
6. Building Entry Rendering.

Sincerely,

Mark Pross
President

Rockwall, Texas 75087

Re: SPR Packaging

Planning and Zoning Commission members,

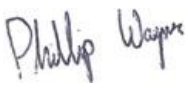
I am writing on behalf of the Rockwall Economic Development Corporation to enlist your support for the request by SPR Packaging to allow the company to build up to 100-foot tall production structures near their current Justin Road facility. As you may be aware, SPR requires the ability to build to this height in order to vertically extrude plastic necessary for certain products the company plans to manufacture in Rockwall. While SPR's current and future development site is zoned for such use, a Specific Use Permit (SUP) will be required for the company to exceed 60 feet in building height. This SUP is currently planned for discussion and consideration by the Planning and Zoning Commission on March 26 and April 9 and with the City Council on April 15 and May 6.

SPR has conducted business in Rockwall since 2008. While they have always been a strong employer and contributor to the local tax base, the opportunity for an unparalleled economic impact began taking shape after the company was acquired by the Spanish company, Armando Alvarez Group (AAG), in 2014. AAG leaders quickly saw SPR as a company primed for growth in industrial and agricultural plastics, and bought in to Rockwall as a community that could facilitate that growth. In early 2018, SPR entered into an agreement with the REDC on an expansion project that could add up to $48.4 million in additional taxable value to their current facility. Now, the company's proposed initial development on 42 acres acquired to the north will result in an additional $48.7 million in estimated tax value. AAG leaders have stated that they hope to make SPR and Rockwall the North and South American headquarters for their company. At full buildout on the entire 52-acre campus, SPR could conservatively build over 700,000 square feet with a taxable value of $200 million.

It is important to put the $200 million figure in context, as it is three times greater than any existing taxpayer within Rockwall. A $200 million taxable value, using 2018 tax rates, would generate $800,000 annually for the City of Rockwall, as well as $650,000 for Rockwall County and $2,800,000 for Rockwall ISD. If $200 million in taxable value was removed from the tax rolls in 2018, a collective tax increase of 5 cents ($0.05 per $100 of taxable value) would have to be implemented for all taxing jurisdictions to account for the loss of revenue. With Rockwall's median housing value estimated at $225,000, a $0.05 tax increase would cost an average Rockwall family an additional $112 annually in taxes. As such, it is not hyperbole to say that Rockwall residents have a significant financial stake in this decision.

Fortunately, SPR does not want to leave Rockwall. The company has a strong desire to continue their growth plans in our community. However, that will change if the SUP is not approved.

SPR officials recently met with residents of the adjacent Park Place subdivision, some who have expressed concern regarding the visual impact of the tallest production facilities. The company assured residents that any of the tall structures will be placed at least 500 feet from the Park Place property line. They also demonstrated their line of sight drawings – completed by a licensed architect – showing the lack of visual impact in Park Place, and the minimal impact at other area locations. SPR also discussed their willingness to excavate if more than 100 feet of height clearance is needed, as well as how they will plant additional trees for screening and limit west-side operations to regular business hours to avoid being a nuisance for the nearby residents.



Fundamentally, the REDC understands the importance of beautiful neighborhoods and values the relative peace and quiet that contributes to a high quality of life in Rockwall. As residents ourselves, we enjoy the same characteristics that have made Rockwall a wonderful bedroom community for thousands. We also understand the importance of a balanced community that allows for a mix of both residential and business development. We believe that without that broad and diversified tax base, residential taxes will increase and/or the quality of vital public services will decline. This is the key reason why the REDC was approved by the Rockwall voters in 1995. The public understood that without a strong commercial presence, Rockwall suffers. This fact remains true today.

The value of SPR Packaging to Rockwall, and the future value of the company as the North and South American headquarters for the Armando Alvarez Group, cannot be overstated. Still, even with the tremendous economic impact, the REDC would struggle to support a company that posed negative environmental implications on the community we know and love. That is not the case with SPR.

SPR's expansion represents the type of mindful and responsible industrial growth that the REDC envisioned when it was created more than 23 years ago. For that reason, the REDC unequivocally supports the SPR Packaging expansion and the corresponding SUP application that is essential for their business. We respectfully ask that both the City Council and Planning and Zoning approve the SUP.

If you have any questions, please do not hesitate to contact me at 972.772.0025 or 785.423.5842.

Sincerely,

Phil Wagner
President
Rockwall Economic Development Corporation

**CITY OF ROCKWALL**

**ORDINANCE NO. 19-XX**

**SPECIFIC USE PERMIT NO. S-1XX**

**AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, AMENDING THE UNIFIED DEVELOPMENT CODE [*ORDINANCE NO. 04-38*] OF THE CITY OF ROCKWALL, AS HERETOFORE AMENDED, SO AS TO FURTHER AMEND THE ZONING MAP TO ADOPT A SPECIFIC USE PERMIT (SUP) ALLOWING STRUCTURES THAT EXCEED 60-FEET IN HEIGHT WITHIN A LIGHT INDUSTRIAL (LI) DISTRICT, ON A 42.61-ACRE TRACT OF LAND BEING IDENTIFIED AS TRACT 7 OF THE N. BUTLER SURVEY, ABSTRACT NO. 20 (11.3736-ACRES); TRACT 31 OF THE R. BALLARD SURVEY, ABSTRACT NO. 29 (8.197-ACRES); AND LOT 1-01, BLOCK 1, INDALLOY ADDITION (14.53-ACRES), CITY OF ROCKWALL, ROCKWALL COUNTY, TEXAS AND MORE FULLY DESCRIBED IN *EXHIBIT 'A'* OF THIS ORDINANCE; PROVIDING FOR SPECIAL CONDITIONS; PROVIDING FOR A PENALTY OF FINE NOT TO EXCEED THE SUM OF TWO THOUSAND DOLLARS ($2,000.00) FOR EACH OFFENSE; PROVIDING FOR A SEVERABILITY CLAUSE; PROVIDING FOR A REPEALER CLAUSE; PROVIDING FOR AN EFFECTIVE DATE.**

**WHEREAS**, the City has received a request from Mark W. Pross of Pross Design Group, Inc. on behalf of Carolina Molina of Alvaplast US (SPR Packaging) for the approval of a Specific Use Permit (SUP) to allow for structures that will exceed 60-feet in height within the *Light Industrial* (*LI*) *District* on an 42.61-acre tract of land, identified as Tract 7 of the N. Butler Survey, Abstract No. 20 (11.3736-acres); Tract 31 of the R. Ballard Survey, Abstract No. 29 (8.197-acres); and Lot 1-01, Block 1, Indalloy Addition (14.53-acres), City of Rockwall, Rockwall County, Texas, zoned *Light Industrial (LI) District*, generally located at the terminus of Aluminum Plant Road, and more specifically described in *Exhibit 'A'* of this ordinance, which herein after shall be referred to as the *Subject Property* and incorporated by reference herein; and

**WHEREAS**, the Planning and Zoning Commission of the City of Rockwall and the governing body of the City of Rockwall, in compliance with the laws of the State of Texas and the ordinances of the City of Rockwall, have given the requisite notices by publication and otherwise, and have held public hearings and afforded a full and fair hearing to all property owners generally, and to all persons interested in and situated in the affected area and in the vicinity thereof, the governing body in the exercise of its legislative discretion has concluded that the Unified Development Code [*Ordinance No. 04-38*] of the City of Rockwall should be amended as follows:

**NOW, THEREFORE**, BE IT ORDAINED by the City Council of the City of Rockwall, Texas;

**Section 1.** That the Unified Development Code [*Ordinance No. 04-38*] of the City of Rockwall, as heretofore amended, be and the same is hereby amended so as to grant a Specific Use Permit (SUP) allowing structures that will exceed 60-feet in height within the *Light Industrial (LI) District* as stipulated by Article *IV, Permissible Uses,* of the Unified Development Code [*Ordinance No. 04-38*] on the *Subject Property*; and

**Section 2.** That the Specific Use Permit (SUP) shall be subject to the conditions set forth in *Section 5.01, Light Industrial (LI) District,* and *Section 7.03, Non-Residential District Development*

*Standards, of Article V, District Development Standards*, of the Unified Development Code [*Ordinance No. 04-38*] as heretofore amended and as may be amended in the future, and shall be subject to the additional following conditions:

**2.1 OPERATIONAL CONDITIONS**

The following conditions pertain to the operation of an office/ warehouse/manufacturing facility that exceeds 60-feet in height on the *Subject Property*, and conformance to these operational conditions is required for continued operations:

1) The development of this property shall generally conform to the *Concept Plan* depicted in *Exhibit 'B'* of this ordinance; and,

2) The maximum overall height of the buildings and/or structures shall not exceed 100-feet, as depicted in *Exhibit 'C'* of this ordinance; and,

3) The building elevations depicted in *Exhibit 'C'* are for reference to the height of the extruder bays for all phases (*i.e. phase 2, 3, 4, & 5*), and do not represent approved building elevations. Any building elevations associated with the project shall be subject to the requirements of the Unified Development Code (UDC), review by the Architectural Review Board, and approval by the Planning and Zoning Commission [*and City Council if applicable*]; and,

4) Future expansion of the site [*i.e. Phases 3, 4, and 5*] should have all silos placed on the southern portion of the subject property, adjacent to the railroad tracks, as depicted in *Exhibit 'B'* of this ordinance; and,

5) The subject property shall provide and maintain a landscape screening buffer along the western and northern property boundaries [*i.e. Overall Landscape Plan*], as depicted in *Exhibit 'D'* of this ordinance and shall be constructed with Phase 1 of the development.

**2.2 COMPLIANCE**

Approval of this ordinance in accordance with Section 8.3, *Council Approval or Denial*, of Article II, *Authority and Administrative Procedures*, of the Unified Development Code (UDC) will require compliance to the following:

1) Upon obtaining a Certificate of Occupancy (CO), should any business or establishment operating under the guidelines of this ordinance fail to meet the minimum operational requirements set forth herein and outlined in the Unified Development Code (UDC), the City Council may (*after proper notice*) initiate proceedings to revoke the Specific Use Permit (SUP) in accordance with Section 4.4(3) of Article IV, *Permissible Uses*, of the Unified Development Code (UDC).

**Section 4.** That the official zoning map of the City be corrected to reflect the changes in zoning described herein.

**Section 5.** That all ordinances of the City of Rockwall in conflict with the provisions of this ordinance be, and the same are hereby repealed to the extent of that conflict

**Section 6.** Any person, firm, or corporation violating any of the provisions of this ordinance shall be deemed guilty of a misdemeanor and upon conviction shall be punished by a penalty of fine not

DRAFT ORDINANCE 04.09.19

to exceed the sum of *TWO THOUSAND DOLLARS ($2,000.00)* for each offence and each and every day such offense shall continue shall be deemed to constitute a separate offense.

**Section 7.** If any section or provision of this ordinance or the application of that section or provision to any person, firm, corporation, situation or circumstance is for any reason judged invalid, the adjudication shall not affect any other section or provision of this ordinance or the application of any other section or provision to any other person, firm, corporation, situation or circumstance, and the City Council declares that it would have adopted the valid portions and applications of the ordinance without the invalid parts and to this end the provisions of this ordinance shall remain in full force and effect.

**Section 8.** That this ordinance shall take effect immediately from and after its passage;

**PASSED AND APPROVED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, THIS THE 6TH DAY OF MAY, 2019.**

| | |
|---|---|
| **TO:** | Planning and Zoning Commission |
| **DATE:** | April 9, 2019 |
| **APPLICANT:** | Ruben Garcia and Brandon Mullins *of Hemisphere Brewing Company* |
| **CASE NUMBER:** | Z2019-007; *SUP for Commercial Amusement/Recreation (Outdoor)* |

## SUMMARY

Hold a public hearing to discuss and consider a request by Ruben Garcia and Brandon Mullins on behalf of Forrest B. Davis Jr. for the approval of a Specific Use Permit (SUP) for *outdoor commercial amusement/recreation* in conjunction with an existing Craft/Micro Brewery on a 1.215-acre parcel of land identified as Lot 1-F, Bodin Industrial Addition, City of Rockwall, Rockwall County, Texas, zoned Light Industrial (LI) District, situated within the IH-30 Overlay (IH-30 OV) District, addressed as 2015 Kristy Lane, and take any action necessary.

## BACKGROUND

The subject property is a 1.215-acre parcel of land identified as Lot 1-F, Bodin Industrial Addition. The subject property is situated within the IH-30 Overlay (IH-30 OV) District and addressed as 2015 Kristy Lane. The property was annexed on May 5, 1980 by *Ordinance No. 80-06.* According to the City's historic zoning maps, the subject property has been zoned Light Industrial (LI) District since at least May 16, 1983. Currently, the property is being used as a brewery (*i.e. Hemisphere Brewing Company*), which is a by-right land use within the Light Industrial (LI) District. Hemisphere Brewing Company obtained their Certificate of Occupancy (CO) on November 17, 2014.

## PURPOSE

The applicants, Ruben Garcia and Brandon Mullins, have submitted a request for a Specific Use Permit (SUP) to allow a *Commercial Amusement/Recreation* (*Outdoor*) land use in conjunction with an existing craft/microbrewery located within a Light Industrial (LI) District. The applicant is requesting to operate an outdoor entertainment area that includes a stage and seating areas. This will be located at the rear of the property and will be enclosed by an eight (8)-foot wooden fence.

## ADJACENT LAND USES AND ACCESS

The subject property is located at 2015 Kristy Lane. The land uses adjacent to the subject property are as follows:

*North*: Directly north of the subject property are three (3) businesses (*i.e. Rite Co. Collision, Asnet, Inc., & Multi-Metal & MFG Co., Inc.*) on a 3.77-acres of land that front IH-30. All of these properties are zoned Light Industrial (LI) District. Beyond these properties is IH-30.

*South*: Directly south of the subject property is a business (*i.e. Excel Metal Finishing*) addressed as 2065 Kristy Lane, which is situated a one (1)-acre parcel of land. This property is zoned Light Industrial (LI) District.

*East*: Directly east of the subject property is a 3.543-acre parcel of land that is vacant. This property is zoned Light Industrial (LI) District.

*West*: Directly west of the subject property are two (2) businesses (*i.e. Rockwall Mini Storage & Bodin Concrete*) on 4.0681-acres of land. Both of these properties are zoned Light Industrial (LI) District.

## CHARACTERISTICS OF THE REQUEST

The applicants have stated that they would like the opportunity to expand their operations by including an outdoor stage and Biergarten venue for the purpose of incorporating live entertainment, charity events, special events (*i.e. corporate events, birthday parties, weddings, etc.*) and social gatherings into their existing operations. Due to the hours of operation as regulated for a brewery by the Texas Alcoholic Beverage Commission (TABC), the applicants would be able to host these events during the hours of 8:00 a.m. – 12:00 a.m. Monday through Saturday and 10:00 a.m. – 12:00 a.m. on Sunday. Additionally, the applicants have provided a concept plan for the *Commercial Amusement/Recreation (Outdoor)* use [*i.e. outdoor venue*], which shows that the *Commercial Amusement/Recreation* (*Outdoor*) area will be located at the rear of the facility. The concept plan indicates the location of the outdoor stage area, proposed seating areas, and an eight (8)-foot high wood fence that will enclose this area.

## CONFORMANCE WITH THE CITY'S CODES

According to Section 1.1, *Land Use Schedule*, of Article IV, *Permissible Uses*, of the Unified Development Code (UDC), a *Commercial Amusement/Recreation (Outdoor)* land use requires approval of a Specific Use Permit (SUP) in a Light Industrial (LI) District. Staff has included language providing for the expiration of the SUP should the land use designation change (*i.e. other than a craft brewery*). This has been included as a condition of approval.

According to Section 2.1.5.2, Recreation, Entertainment and Amusement Use Conditions, of Article IV, Permissible Uses of the Unified Development Code (UDC), an "(o)utdoor commercial recreational and amusement uses shall be no closer than 300 feet to residentially zoned land unless such setback is reduced or waived by the planning and zoning commission and city council." In this case, the subject property is more than 300-feet from a residentially zoned property and is in conformance with the UDC.

## STAFF ANALYSIS

Based on the applicant's request, it should be noted that the subject property is situated within the Bodin Industrial Addition, which is primarily zoned Light Industrial (LI) District. It should also be noted that the hours of operation are limited by the Texas Alcoholic Beverage Commission (TABC) for a brewery. As a note, the required number of parking spaces for any facility is calculated based on land use and the square footage of the facility. In this case, the *Commercial Amusement/Recreation* (*Outdoor*) use is not considered an indoor use; therefore, no additional parking spaces are required.

Included in the attached packet is the applicant's letter requesting the Specific Use Permit (SUP), a concept plan depicting the outdoor venue, and a draft ordinance containing regulations for the proposed land use. Based on staff's review, the applicant's request does appear to be in conformance with these requirements; however, the approval of a Specific Use Permit (SUP) is a discretionary decision for the City Council pending a recommendation from the Planning and Zoning Commission.

## NOTIFICATIONS

On March 29, 2019, staff mailed 27 notices to property owners and residents within 500-feet of the subject property. Staff did not send a neighborhood notification as there are no Home Owners Associations (HOA's)/or neighborhood groups participating in the Neighborhood Notification Program within 1,500-feet of the subject property. Additionally, staff posted a sign on the subject property as required by the Unified Development Code (UDC). At the time this report was drafted, staff had received two (2) notices in favor of the applicant's request.

## CONDITIONS OF APPROVAL

If the Planning and Zoning Commission chooses to recommend approval of the applicant's request for a Specific Use Permit (SUP) for a Commercial Amusement/Recreation (*Outdoor*) in conjunction with an existing craft/microbrewery, then staff would propose the following conditions of approval:

(1) The applicant shall be responsible for maintaining compliance with the operational conditions contained in the SUP ordinance and summarized as follows:

a) The development and operation of a *Commercial Amusement/Recreation* (*Outdoor*) land use shall generally conform to the *Concept Plan* depicted in *Exhibit 'B'* of the proposed draft ordinance;

b) The *Subject Property* may be used for all permitted accessory uses, as well as, the use of an *outdoor stage and venue* that may include live music/entertainment, a Biergarten, and catered food vendors within the outdoor area as depicted in *Exhibit 'B'* of the proposed draft ordinance;

c) This Specific Use Permit (SUP) shall only be valid as an accessory use to the existing craft brewery. Should the subject property's land use designation change (*i.e. other than a craft brewery*) this SUP shall automatically expire; and,

(2) Any construction resulting from the approval of this zoning change shall conform to the requirements set forth by the Unified Development Code (UDC), the International Building Code (IBC), the Rockwall Municipal Code of Ordinances, city adopted engineering and fire codes and with all other applicable regulatory requirements administered and/or enforced by the state and federal government.

Hold a public hearing to discuss and consider a request by Ruben Garcia and Brandon Mullins on behalf of Forrest B. Davis Jr. for the approval of a Specific Use Permit (SUP) for outdoor commercial amusement/recreation in conjunction with an existing Craft/Micro Brewery on a 1.215-acre parcel of land identified as Lot 1-F, Bodin Industrial Addition, City of Rockwall, Rockwall County, Texas, zoned Light Industrial (LI) District, situated within the IH-30 Overlay (IH-30 OV) District, addressed as 2015 Kristy Lane, and take any action necessary.

PLANNING COMMENTS - DAVID GONZALES – 03.21.2019

All staff comments are to be addressed and resubmitted by Tuesday, April 2, 2019. Please provide two (2) large copies [FOLDED] and one PDF version for a subsequent review by staff:

Planning Department General Comments to be addressed/acknowledge are as follows:

• On all future submittals please include the Case Number Z2019-007 on the lower right hand corner.

• When provided, please review the SUP Draft Ordinance prior to the Planning & Zoning public hearing scheduled for April 9, 2019 and return with red lined corrections and/or additions you feel may be necessary for staff review and consideration

** Planning Staff additional comments to be considered by the P&Z and City Council as conditions of approval:

1. Approval of an SUP is required to allow for the outdoor commercial amusement/ recreation land use (i.e. stage venue - outdoors).

2. Adherence to all Engineering and Fire Department standards shall be required.

3. Is the stage a permanent structure affixed to the ground or is this portable?

*** Operational Conditions:

1) The development and operation of a Commercial Amusement/Recreation (Outdoor) land use shall generally conform to the Concept Plan depicted in Exhibit 'B' of this ordinance;

2) The Subject Property may be used for all permitted accessory uses, as well as, the use of an outdoor stage and venue that may include live music/entertainment, a Biergarten, and catered food vendors within the outdoor area as depicted in Exhibit 'B' of this ordinance; and,

3) This Specific Use Permit (SUP) shall only be valid as an accessory use to the existing craft brewery. Should the subject property's land use designation change (i.e. other than a craft brewery) this SUP shall automatically expire.

The following are scheduled meeting dates that you and/or your representative(s) are required to attend regarding the SUP request. If you have any questions regarding this case, please feel free to contact David Gonzales, AICP with the Planning Department at 972-771-7745.

*** Meeting Dates to Attend***

**CITY OF ROCKWALL**

**ORDINANCE NO. 19-XX**

**SPECIFIC USE PERMIT NO. S-XXX**

**AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, AMENDING THE UNIFIED DEVELOPMENT CODE [*ORDINANCE NO. 04-38*] OF THE CITY OF ROCKWALL, TEXAS, AS PREVIOUSLY AMENDED, SO AS TO GRANT A SPECIFIC USE PERMIT (SUP) TO ALLOW FOR A *COMERCIAL AMUSEMENT/RECREATION (OUTDOOR)* LAND USE IN CONJUNCTION WITH AN EXISTING CRAFT BREWERY ON A 1.215-ACRE PARCEL OF LAND, ADDRESSED AS 2015 KRISTY LANE AND BEING IDENTIFIED AS LOT 1-F, BODIN INDUSTRIAL ADDITION, CITY OF ROCKWALL, ROCKWALL COUNTY, TEXAS; PROVIDING FOR SPECIAL CONDITIONS; PROVIDING FOR A PENALTY OR FINE NOT TO EXCEED THE SUM OF TWO THOUSAND DOLLARS ($2,000.00) FOR EACH OFFENSE; PROVIDING FOR A SEVERABILITY CLAUSE; PROVIDING FOR A REPEALER CLAUSE; PROVIDING FOR AN EFFECTIVE DATE.**

**WHEREAS**, a request has been made by Ruben Garcia and Brandon Mullins for the approval of a Specific Use Permit (SUP) for a *Commercial Amusement/Recreation (Outdoor)* land use for the purpose of establishing an outdoor stage and venue in conjunction with an existing craft brewery on a 1.215-acre parcel of land, zoned Light Industrial (LI) District, identified as Lot 1-F, Bodin Industrial Addition, City of Rockwall, Rockwall County, Texas, addressed as 2015 Kristy Lane, and being more specifically depicted in *Exhibit 'A'* of this ordinance, which herein after shall be referred to as the *Subject Property* and incorporated by reference herein; and

**WHEREAS**, the Planning and Zoning Commission of the City of Rockwall and the governing body of the City of Rockwall, in compliance with the laws of the State of Texas and the ordinances of the City of Rockwall, have given the requisite notices by publication and otherwise, and have held public hearings and afforded a full and fair hearing to all property owners generally, and to all persons interested in and situated in the affected area and in the vicinity thereof, the governing body in the exercise of its legislative discretion has concluded that the Unified Development Code [*Ordinance No. 04-38*] of the City of Rockwall should be amended as follows:

**NOW, THEREFORE, BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS:**

**SECTION 1.** That the Unified Development Code [*Ordinance No. 04-38*] of the City of Rockwall, as heretofore amended, be and the same is hereby amended so as to grant a Specific Use Permit (SUP) allowing for the establishment of a *Commercial Amusement/Recreation (Outdoor)* land use as stipulated by Article *IV, Permissible Uses,* of the Unified Development Code [*Ordinance No. 04-38*] on the *Subject Property*; and

**SECTION 2.** That the *Subject Property* shall be used and developed only in the manner and for the purposes described in this Specific Use Permit (SUP) ordinance and as specifically set forth in *Section 1.1, Land Use Schedule,* of *Article IV, Permissible Uses,* and *Section 5.02, Light Industrial (LI) District,* of *Article V, District Development Standards,* of the Unified Development Code [*Ordinance No. 04-38*] of the City of Rockwall as heretofore amended, as amended herein

DRAFT ORDINANCE 04-05-19

by the granting of this zoning change, and as my be amended in the future, and shall be subject to the following additional conditions:

**2.1 OPERATIONAL CONDITIONS**

The following conditions pertain to the operation of a *Commercial Amusement/Recreation (Outdoor)* land use on the *Subject Property* and conformance to these requirements is necessary for continued operations:

1) The development and operation of a *Commercial Amusement/Recreation* (*Outdoor*) land use shall generally conform to the *Concept Plan* depicted in *Exhibit 'B'* of this ordinance;

2) The *Subject Property* may be used for all permitted accessory uses, as well as, the use of an *outdoor stage and venue* that may include live music/entertainment, a Biergarten, and catered food vendors within the outdoor area as depicted in *Exhibit 'B'* of this ordinance; and,

3) This Specific Use Permit (SUP) shall only be valid as an accessory use to the existing craft brewery. Should the subject property's land use designation change (*i.e. other than a craft brewery*) this SUP shall automatically expire.

**2.2 COMPLIANCE**

Approval of this ordinance in accordance with Section 8.3, *Council Approval or Denial*, of Article II, *Authority and Administrative Procedures*, of the Unified Development Code (UDC) will require compliance to the following:

1) Upon obtaining a Certificate of Occupancy (CO), should any business or establishment operating under the guidelines of this ordinance fail to meet the minimum operational requirements set forth herein and outlined in the Unified Development Code (UDC), the City Council may (*after proper notice*) initiate proceedings to revoke the Specific Use Permit (SUP) in accordance with Section 4.4.(3) of Article IV, *Permissible Uses*, of the Unified Development Code (UDC).

**SECTION 3.** That the official zoning map of the City be corrected to reflect the changes in zoning described herein.

**SECTION 4.** That all ordinances of the City of Rockwall in conflict with the provisions of this ordinance be, and the same are hereby repealed to the extent of that conflict.

**SECTION 5.** Any person, firm, or corporation violating any of the provisions of this ordinance shall be deemed guilty of a misdemeanor and upon conviction shall be punished by a penalty of fine not to exceed the sum of *TWO THOUSAND DOLLARS* (*$2,000.00*) for each offence and each and every day such offense shall continue shall be deemed to constitute a separate offense.

**SECTION 6.** If any section or provision of this ordinance or the application of that section or provision to any person, firm, corporation, situation or circumstance is for any reason judged invalid, the adjudication shall not affect any other section or provision of this ordinance or the application of any other section or provision to any other person, firm, corporation, situation or circumstance, and the City Council declares that it would have adopted the valid portions and applications of the ordinance without the invalid parts and to this end the provisions of this

DRAFT 04.09.19

ordinance shall remain in full force and effect.

**SECTION 7.** That this ordinance shall take effect immediately from and after its passage;

| **TO:** | Planning and Zoning Commission |
| **DATE:** | April 9, 2019 |
| **APPLICANT:** | Jim Ziegler, *PegasusAblon* |
| **CASE NUMBER:** | Z2019-008; *Amended Development Plan for PD-32* |

## SUMMARY

Hold a public hearing and consider a request by James Ziegler of PegasusAblon on behalf of Rockwall Rental Properties, LP for the approval of a PD Development Plan amending *Ordinance 17-64* and in accordance with *Ordinance No. 17-22*, for a 7.344-acre tract of land identified as Lot 9, Block A, Harbor-Rockwall Addition and Tract 16 of the M. J. Barksdale Survey, Abstract No. 11, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 32 (PD-32), situated within the IH-30 (IH-30) Overlay District, located at the southwest corner of the intersection of the IH-30 frontage road and Lakefront Trail, and take any action necessary.

## BACKGROUND

*Ordinance No. 10-21* incorporated the subject property into Planned Development District 32 (PD-32) on September 20, 2010. This ordinance created a master planned, mixed-use district consisting of 78.89-acres of land, which is commonly referred to as the *Harbor District*. Included in the ordinance was a pool of 1,161 *urban residential* units (*i.e. condominiums and/or townhomes*) that could be allocated to properties within the district by the City Council -- *in accordance with the land use charts in the ordinance* -- on a *first-come-first-serve* basis through an interim zoning step called a *PD Development Plan*.

On June 17, 2013, the City Council approved a *PD Development Plan* (*Ordinance No. 13-16*) allocating 399 *urban residential* units (*i.e. condominiums*) to the subject property. These units were tied to a concept plan that showed two (2) condominium buildings being constructed on the subject property, one (1) adjacent to Lakefront Trail consisting of 349-units and one (1) adjacent to the Harbor Fountain consisting of 50-units. In addition, the plan indicated two (2) retail/restaurant strip centers would be constructed adjacent to Lake Front Trail and Harbor Heights Drive. These areas were eventually developed with a hotel (*i.e. Spring Hill Suites*) in 2016. On December 18, 2017, the City Council approved an amendment to this plan allowing the number of units to be increased to a total 450-units, which would increase the number of units for the building adjacent to Lakefront Trail to 375-units and for the building adjacent to the Harbor Fountain to 75-units. In addition, the City Council added a strict construction schedule for both buildings as part of the PD Development Plan ordinance. If the dates in the construction schedule are not met, the increased units (i.e. the additional 51-units) would be clawed back through an expiration clause in the ordinance. The owners of both properties agreed to the construction schedule as part of this case.

## PURPOSE

On March 15, 2019, the applicant submitted an application requesting to amend the *PD Development Plan* approved under *Ordinance No. 17-64*. The applicant has stated that the purpose of this application is to [*1*] change the pedestrian access easement that extends from Lakefront Trail to the Harbor Fountain to a one-way private drive and pedestrian access easement, and [*2*] to change the

construction schedule for *Harbor Village* project (*identified as Building ❶ in the attached draft ordinance*).

## ADJACENT LAND USES AND ACCESS

The subject property is located at the southwest corner of the intersection of Lakefront Trail and the IH-30 frontage road, and is addressed as 2600 Lakefront Trail. The land uses adjacent to the subject property are as follows:

*North*: Directly north of the subject property is the southern frontage road for E. IH-30 followed by the main lanes, and the northern frontage road. Beyond this highway system is the Harbor Bay Marina that is zoned Agricultural (AG) District, and Phase 5C of the Lakeside Village Subdivision, which consists of 61 single-family lots that are zoned Planned Development District 2 (PD-2) for single-family, residential land uses.

*South*: Directly south of the subject property is the Harbor Retail development, which is zoned Planned Development District 7 (PD-7) for limited General Retail (GR) District land uses. Beyond this is Summer Lee Drive, which is identified as a *Minor Collector* on the City's Master Thoroughfare Plan. Beyond this is Lago Vista Subdivision, which consists of 92 single-family residential lots that are zoned Planned Development District 18 (PD-18) for single-family, residential land uses.

*East*: Directly east of the subject property is Lakefront Trail followed by a 2.968-acre tract of land that is occupied with a hotel (*i.e. Spring Hill Suites*). Beyond this is Shoreline Trail, which is identified as a *Minor Collector* on the City's Master Thoroughfare Plan. All of these properties are zoned Planned Development District 32 (PD-32) and are located in the *Freeway Frontage Subdistrict*.

*West*: Directly west of the subject property is several parcels of land that have offices and a gym (*i.e. Eclipse Fitness*) situated on them. In addition, the remainder of the subject property contained in this PD Development Plan, and which is identified as *Building ❷* in the attached draft ordinance, is located adjacent to this area. All of these properties are zoned Planned Development District 32 (PD-32), and are situated within the *Harbor Residential Subdistrict*. Beyond this are the corporate limits of the City of Rockwall followed by the take-line.

## CHARACTERISTICS OF THE REQUEST

On January 15, 2019, the Planning and Zoning Commission approved a site plan for a 375-unit condominium building on a 6.2-acre tract of land located at the southwest corner of the intersection of the IH-30 frontage road and Lakefront Trail (*identified as Building ❶ in the attached draft ordinance*). While going through the site plan approval process, staff explained to the applicant that the proposed IH-30 improvements -- *which are scheduled for 2021* -- would restrict the properties west of the subject property (*i.e. Building ❷ in the attached draft ordinance and the existing office/retail building adjacent to the takeline*) from having access to Lakefront Trail, and that the only access to these properties would be provided from the eastbound lanes of the IH-30 frontage road (*i.e. drivers in the City of Rockwall would have to take IH-30 west and exit the Bayside exit in Rowlett, and take IH-30 east and exit the Harbor exit prior to crossing into the City's corporate limits to access these properties*). Based on this, the applicant has submitted a request to transform the pedestrian access easement providing access to the Harbor Fountain into a mew street that would serve as both a pedestrian access easement and a private drive for the properties to the west of the subject property. In accordance with the design guidelines contained in *Resolution No. 10-40*, staff has requested that the applicant retain the aesthetics of the original pedestrian access easement and use bollards in lieu of a curbed one-way street. Based on this direction the applicant has provided a street cross section showing the proposed mew street and a concept plan showing the additional details requested by staff.

Since the applicant was required to go through a zoning process to change the PD Development Plan, it will be difficult for the project to be completed in accordance with the construction schedule laid out in *Ordinance No. 17-64*. This requires that a building permit be issued by June 1, 2019. As a result, the applicant has requested to extend this timeline for a period of one (1) year from the approval date of the proposed ordinance. If the ordinance is approved under the current schedule and the case is not tabled or denied the date the applicant would need a building permit by would be *May 6, 2020*. Staff should note that the applicant has not requested changes to the construction schedule for *Building* ❷ (*i.e. the building adjacent to the Harbor Fountain*), and the date required for the owner of that property to obtain a building remains as *June 1, 2020*.

Staff should note that the applicant was asked to provide letters from the adjacent property owners indicating their consent to change the access to their properties; however, the applicant has failed to provide these letters to staff. With this being said, the proposed changes should be an improvement to the access of these properties, and should not create any development issues for these property owners.

## INFRASTRUCTURE

The applicant's request does not change the infrastructure requirements that were identified with *Case No. SP2018-043*, and no new infrastructure would be required with this case.

## CONFORMANCE WITH THE CITY'S CODES

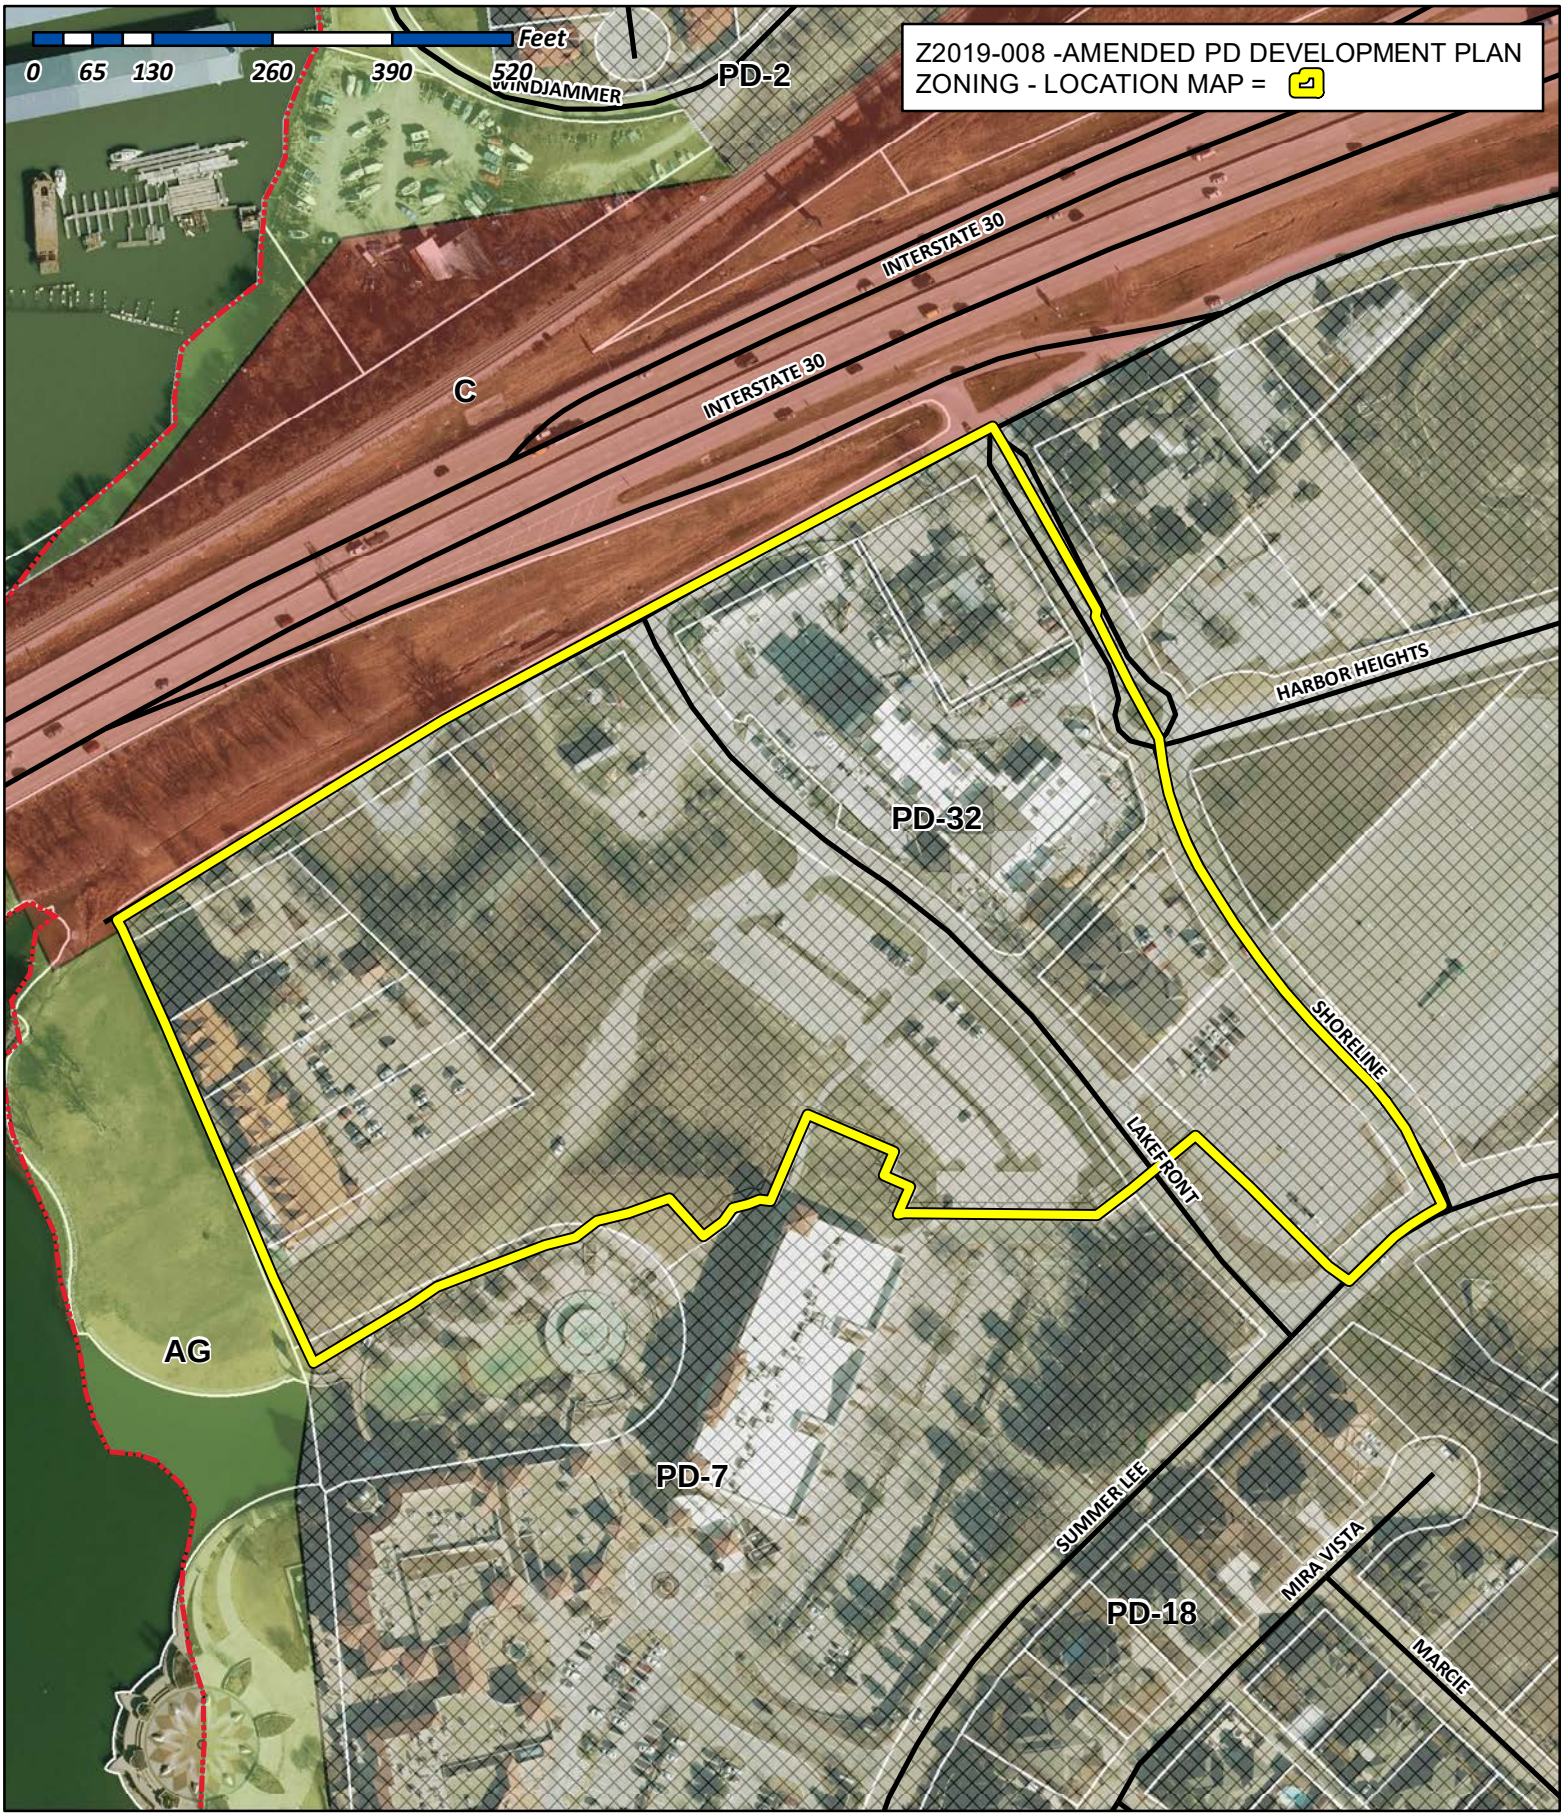
The applicant's request does not change the conformance to the City's codes for the site plan approved with *Case No. SP2018-043*, and should not have an effect on any future projects ability to conform to the City's Municipal Code of Ordinances or the Unified Development Code (UDC).

## CONFORMANCE WITH OURHOMETOWN VISION 2040 COMPREHENSIVE PLAN

The applicant's request does not have an effect on the property's conformance to the OURHometown Vision 2040 Comprehensive Plan.

## NOTIFICATIONS

On March 25, 2019, staff mailed 41 notices to property owners and occupants within 500-feet of the *Freeway Frontage, Harbor Link Mixed-Use,* and *Harbor Residential Subdistricts*. Staff also notified the Lakeside Village and Lago Vista Homeowner's Associations (HOA), which are the only HOA/Neighborhood Organizations that are within 1,500-feet of the subject property participating in the Neighborhood Notification Program. Additionally, staff posted a sign on the subject property, and advertised the public hearings in the Rockwall Herald Banner as required by the Unified Development Code (UDC). At the time this report was drafted, staff had not received any notices returned concerning the applicant's request.



## CONDITIONS OF APPROVAL

If the Planning and Zoning Commission chooses to recommend approval of the applicant's request to amend the Development Plan contained in *Ordinance No. 17-64*, then staff would propose the following conditions of approval:

(1) The applicant shall be responsible for maintaining compliance with the conditions contained within the *Planned Development District* ordinance;

(2) The site plan approved with *Case No. SP2018-043* will need to be updated and administratively approved to ensure conformance to the revised *PD Development Plan*;

(3) Any construction resulting from the approval of this zoning change shall conform to the requirements set forth by the Unified Development Code (UDC), the International Building Code (IBC), the Rockwall Municipal Code of Ordinances, city adopted engineering and fire codes and with all other applicable regulatory requirements administered and/or enforced by the state and federal government.

To whom it may concern:

Per your participation in the Neighborhood Notification Program, you are receiving this notification to inform your organization and residents of a request for a zoning change that lies within 1,500 feet of the boundaries of your neighborhood or subdivision. As the primary contact for the organization, you are encouraged to share this information with the residents of your subdivision. Please find attached a map detailing the location of the subject property requesting the zoning change in relation to your subdivision boundaries. Additionally, below is a summary of the zoning request that was published in the Rockwall Herald Banner ***March 22, 2019***. The Planning and Zoning Commission will hold a public hearing on ***Tuesday 4/9/2019 at 6:00 p.m.***, and the City Council will hold a public hearing on ***Monday 4/15/2019 at 6:00 p.m***. These hearings will be held in the City Council Chambers at City Hall, 385 S. Goliad Street. These hearings will be held in the City Council Chambers at City Hall, 385 S. Goliad Street. If you have any questions or comments regarding this request, the contact information for the Planning Department is listed below. RE: SP-2018-043 Harbor Village

Mr. Miller,

Please accept the enclosed revised Site Plan for the Harbor Village. We are enclosing 4 full size folded along with a PDF file.

We are also enclosing an application and fee of $440.00. Letters of confirmation of our proposed modifications from adjacent owners will be provided upon receipt.

We are submitting this revised Site Plan to modify the southeasterly access way from solely a pedestrian path to a one way south bound driveway. This is included to provide full access to our neighbors to the west who will lose their inbound access from the east when the I-30 one way Frontage Road is constructed.

In addition, as a result of this, and several other issues, we are requesting the City make allowances for an extension of the requirement for issuance of Building Permit to a date 1 year after anticipated approval of the modified plan by City Council.

It is our intention if the modified plan is approved, to proceed immediately with our construction drawing preparation.

Should you have any questions or need additional information, please give me a call.

Sincerely,
Winkelmann & Associates, Inc.

Michael Clark, P.E.
President

**CITY OF ROCKWALL**

**ORDINANCE NO. 17-64**

**AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, AMENDING *ORDINANCE NO. 11-43 & ORDINANCE NO. 13-16*, PLANNED DEVELOPMENT DISTRICT 32 (PD-32) [*ORDINANCE NO. 10-21*] AND THE UNIFIED DEVELOPMENT CODE [*ORDINANCE NO. 04-38*] OF THE CITY OF ROCKWALL, AS HERETOFORE AMENDED, SO AS TO APPROVE A DEVELOPMENT PLAN ON APPROXIMATELY 7.344-ACRES FOR PROPERTY IDENTIFIED AS LOT 9, BLOCK A, HARBOR-ROCKWALL ADDITION AND TRACT 16 OF THE M. J. BARKSDALE SURVEY, ABSTRACT NO. 11, CITY OF ROCKWALL, ROCKWALL COUNTY, TEXAS; AND MORE FULLY DESCRIBED HEREIN BY *EXHIBIT 'A'*; PROVIDING FOR SPECIAL CONDITIONS; PROVIDING FOR A PENALTY OF FINE NOT TO EXCEED THE SUM OF *TWO THOUSAND DOLLARS ($2,000.00)* FOR EACH OFFENSE; PROVIDING FOR A SEVERABILITY CLAUSE; PROVIDING FOR A REPEALER CLAUSE; PROVIDING FOR AN EFFECTIVE DATE.**

**WHEREAS**, the City has received a request from Kevin Hickman of PegasusAblon on behalf of Rockwall Rental Properties, LP for the approval of a Planned Development (PD) Development Plan within Planned Development District 32 (PD-32) [*Ordinance No. 10-21*] for a 7.344-acre tract of land identified as Lot 9, Block A, Harbor-Rockwall Addition and Tract 16 of the M. J. Barksdale Survey, Abstract No. 11, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 32 (PD-32), located at the southwest corner of the intersection of the IH-30 frontage road and Lakefront Trail and more fully described in *Exhibit 'A'* of this ordinance, which hereinafter shall be referred to as the *Subject Property* and incorporated by reference herein; and

**WHEREAS**, the Planning and Zoning Commission of the City of Rockwall and the governing body of the City of Rockwall in compliance with the laws of the State of Texas and the ordinances of the City of Rockwall have given the requisite notices by publication and otherwise, and have held public hearings and afforded a full and fair hearing to all property owners generally and to all persons interested in and situated in the affected area, and in the vicinity thereof, and the governing body in the exercise of its legislative discretion, has concluded that *Ordinance No.'s 11-43 & 13-16*, Planned Development District 32 (PD-32) [*Ordinance No. 10-21*] and the Unified Development Code [*Ordinance No. 04-38*] should be amended as follows:

**NOW, THEREFORE, BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS:**

**SECTION 1.** That any portion of *Ordinance No.'s 11-43 & 13-16* in conflict with this ordinance shall be subject to the requirements of this ordinance;

**SECTION 2.** That Planned Development District 32 (PD-32) [*Ordinance No. 10-21*] and the Unified Development Code [*Ordinance No. 04-38*], as heretofore amended, shall be further amended by amending the PD Development Plans approved with *Ordinance No.'s 11-43 & 13-16* and the official zoning map of the City of Rockwall so as to approve a PD Development Plan for the *Subject Property*; and,

**SECTION 3.** That development of the *Subject Property* shall generally be in accordance with the PD Development Plan, described in *Exhibit 'B'* of this ordinance, attached hereto and incorporated herein by reference as *Exhibit 'B'*, which is deemed hereby to be a condition of approval of the amended zoning classification for the *Subject Property*; and,

**SECTION 4.** That the *Subject Property* shall be used only in the manner and for the purposes provided for in Planned Development District 32 (PD-32) [*Ordinance No. 10-21*], the Unified Development Code [*Ordinance No. 04-38*], and in compliance with the following conditions and requirements:

## 4.1 CONSTRUCTION SCHEDULE

*Building Adjacent to Lakefront Trail (i.e. Building 1)*

This *PD Development Plan* shall be subject to review by City Staff and/or the Planning and Zoning Commission and City Council on June 1, 2019. At the time of review, if a building permit has not been issued for the proposed multi-family development adjacent to Lakefront Trail (*indicated as 1 on Exhibit 'B' of this ordinance and consisting of 375 condominium units*), City Staff shall provide a report, with the assistance of the developer, to the Planning and Zoning Commission and City Council indicating the progress of the development. Upon review of the report, the Planning and Zoning Commission shall provide a recommendation to the City Council concerning the possible revocation of the additional 26 allocated condominium units (*i.e. reducing the number of units for the multi-family development adjacent to Lakefront Trail -- indicated as 1 on Exhibit 'B' of this ordinance -- to 349 condominium units*), and after review of the report and recommendation of the Planning and Zoning Commission the City Council may -- *after proper notice* -- initiate public hearings for the revocation of the additional 26 allocated condominium units.

*Building Adjacent to the Harbor Fountain (i.e. Building 2)*

This *PD Development Plan* shall be subject to review by City Staff and/or the Planning and Zoning Commission and City Council on June 1, 2020. At the time of review, if a building permit has not been issued for the proposed multi-family development adjacent to the Harbor Fountain (*indicated as 2 on Exhibit 'B' of this ordinance and consisting of 75 condominium units*), City Staff shall provide a report, with the assistance of the developer, to the Planning and Zoning Commission and City Council indicating the progress of the development. Upon review of the report, the Planning and Zoning Commission shall provide a recommendation to the City Council concerning the possible revocation of the additional 25 allocated condominium units (*i.e. reducing the number of units for the multi-family development adjacent to the Harbor Fountain -- indicated as 2 on Exhibit 'B' of this ordinance -- to 50 condominium units*), and after review of the report and recommendation of the Planning and Zoning Commission the City Council may -- *after proper notice* -- initiate public hearings for the revocation of the additional 25 allocated condominium units.

*Commencement of Construction and Continuous Construction*

Once a building permit has been issued for either property (*i.e. Building 1 or Building 2*), the developer/property owner shall have six (6) months to commence construction on the site in accordance with Section 10-116 of Article III, *Building Code*, of Chapter 10, *Buildings and Building Regulations*, of the Municipal Code of Ordinances (*i.e. Section [A] 105.5, Expiration, of the International Building Code*). Once construction has commenced, construction must be continuous during the regular workweek unless construction is delayed due to delays beyond the control of the developer/property owner. Such delays shall include, but not be limited to, fires, floods, labor disputes, epidemics, abnormal weather conditions, acts of God or any preference, priority or allocation order duly issued by the Federal Government. Abnormal weather delays are those that are beyond what is normal for the climate and time of year. If construction of the site has not commenced within six (6) months of the issuance of a building permit, or construction is not continuous, City staff shall provide a report, to the Planning and Zoning Commission and City Council indicating the progress of the development and possible revocation of the permit. Upon review of the report, the Planning and Zoning Commission shall provide a recommendation to the City Council concerning the possible revocation of the permit for additional allocated condominium units (*i.e. reducing the number of units for either project back to the numbers approved under Ordinance No. 13-16*), and after review of the report and recommendation of the Planning and Zoning Commission the City Council may -- *after proper notice* -- initiate public hearings for the revocation of the additional allocated condominium units.

## 4.2 DEVELOPMENT CONDITIONS

1) Development of this property shall generally conform to the *PD Development Plan* depicted in

*Exhibit 'B'* of this ordinance;

2) Prior to the issuance of a Building Permit the applicant shall submit and seek approval for a detailed PD Site Plan that demonstrates compliance with all applicable standards of Planned Development District 32 (PD-32) [*as amended*] and with the requirements approved in this ordinance;

3) The proposed multi-family development adjacent to Lakefront Trail (*indicated as* 1 *on Exhibit 'B' of this ordinance*) shall be permitted to consist of a maximum of 375 condominium units. The proposed multi-family development adjacent to the Harbor Fountain (*indicated as* 2 *on Exhibit 'B' of this ordinance*) shall be permitted to consist of a maximum of 75 condominium units.

4) Prior to the issuance of a Building Permit the applicant shall submit and seek approval for a subdivision plat;

5) The architectural design of all buildings within the two (2) affected Subdistricts (*i.e. the Harbor Residential Subdistrict and the Harbor Link Mixed-Use Subdistrict*) shall conform to the Harbor District Guidelines (*i.e. Resolution 10-40]*), all applicable ordinances associated with Planned Development District 32 (PD-32) [*as amended*], and to the Unified Development Code;

6) All buildings throughout the development shall be constructed with a consistent design scheme, and be approved by the Architectural Review Board (ARB);

7) The pedestrian access extending from Lakefront Trail to the Harbor Fountain will be required to be located within a *Pedestrian Access Easement* to be shown of the final plat; and

8) The proposed uses for this development shall be required to demonstrate that they have access to a sufficient number of parking spaces within the development to support their use.

**SECTION 5.** The official zoning map of the City of Rockwall, Texas be corrected to reflect the changes in zoning described in this ordinance;

**SECTION 6.** That any person, firm, or corporation violating any of the provisions of this ordinance shall be deemed guilty of a misdemeanor and upon conviction shall be punished by a penalty of fine not to exceed the sum of *TWO THOUSAND DOLLARS ($2,000.00)* for each offense and each and every day such offense shall continue shall be deemed to constitute a separate offense;

**SECTION 7.** That if any section, paragraph, or provision of this ordinance or the application of that section, paragraph, or provision to any person, firm, corporation or situation is for any reason judged invalid, the adjudication shall not affect any other section, paragraph, or provision of this ordinance or the application of any other section, paragraph or provision to any other person, firm, corporation or situation, nor shall adjudication affect any other section, paragraph, or provision of the Unified Development Code, and the City Council declares that it would have adopted the valid portions and applications of the ordinance without the invalid parts and to this end the provisions for this ordinance are declared to be severable;

**SECTION 8.** The standards in this ordinance shall control in the event of a conflict between this ordinance and any provision of the Unified Development Code or any provision of the City Code, ordinance, resolution, rule, regulation, or procedure that provides a specific standard that is different from and inconsistent with this ordinance. References to zoning district regulations or other standards in the Unified Development Code (including references to the *Unified Development Code*), and references to overlay districts, in this ordinance or any of the Exhibits hereto are those in effect on the date this ordinance was passed and approved by the City Council of the City of Rockwall, Texas;

**SECTION 9.** That this ordinance shall take effect immediately from and after its passage and the publication of the caption of said ordinance as the law in such cases provides;

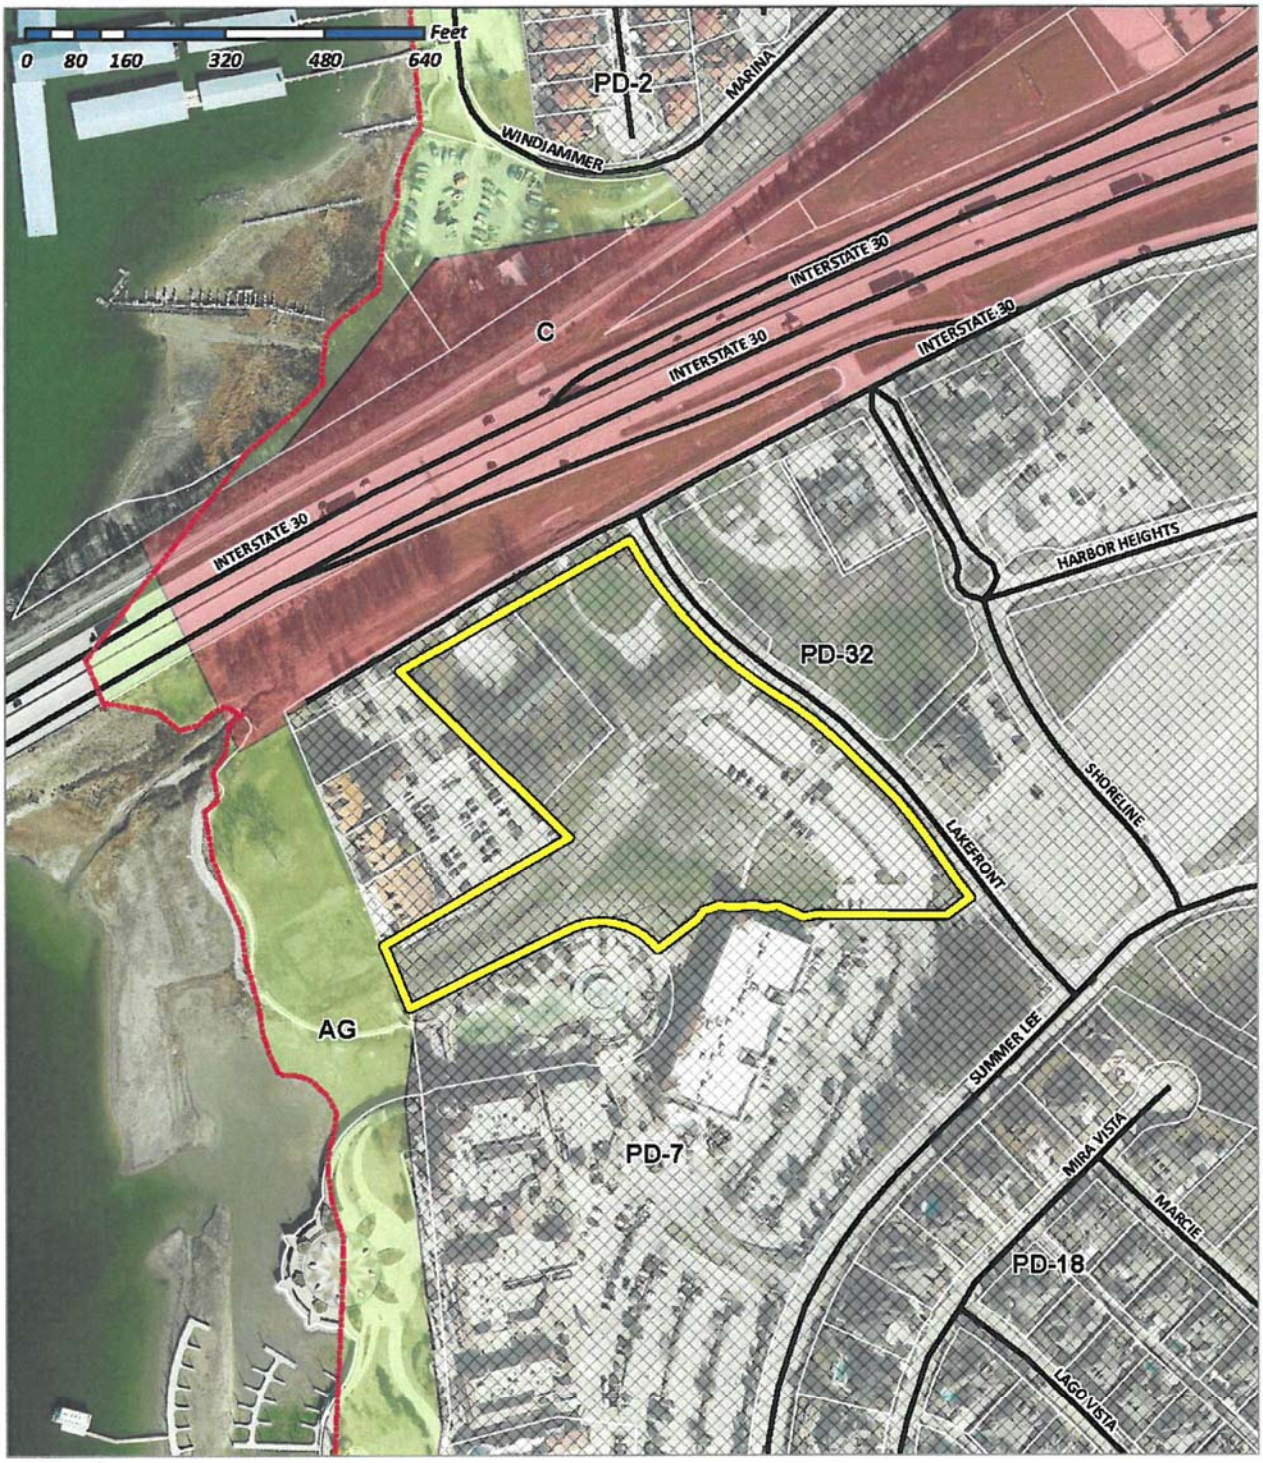
**PASSED AND APPROVED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, THIS THE 18TH DAY OF DECEMBER, 2017**

Jim Pruitt, Mayor

**ATTEST:**

Kristy Cole, City Secretary

**APPROVED AS TO FORM:**



Frank J. Garza, City Attorney

**Exhibit 'A':**
*Legal Description*

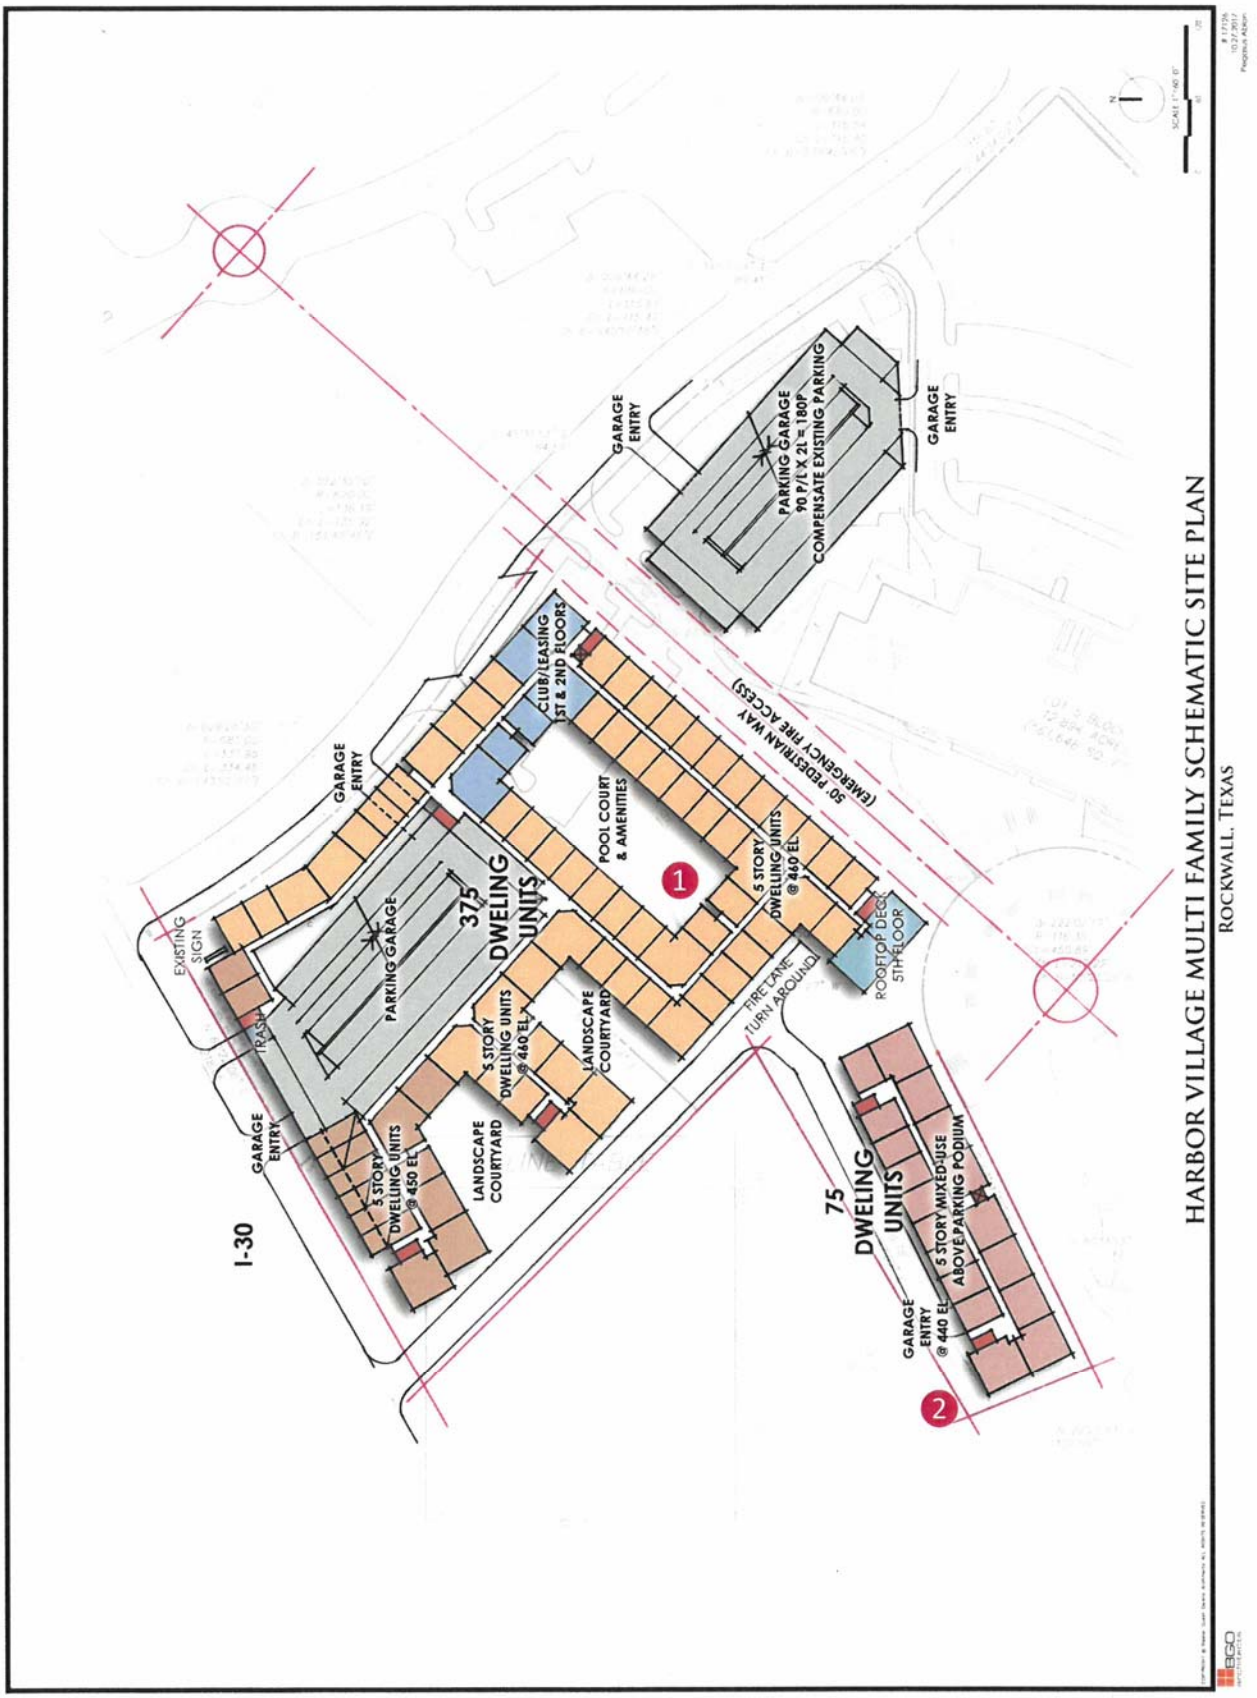
*Legal Description:* *Lot 9, Block A, Harbor-Rockwall Addition and Tract 16 of the M. J. Barksdale Survey, Abstract No. 11, City of Rockwall, Rockwall County, Texas*

## Exhibit 'A':
*Legal Description*

*Legal Description: Tract 16 of the M. J. Barksdale Survey, Abstract No. 11*

Being a tract of land situated in the M. J. Barksdale Survey, Abstract No. 11, City of Rockwall, Rockwall County, Texas, and being a 1.225-acre tract out of a 55.200-acre tract as recorded in *Volume 59, Page 383*, deed records of Rockwall County, Texas, and being more particularly described as follows:

*BEGINNING* at a point on the southeast line of Interstate Highway 30, said point being 286.50-feet more or less, from the north corner of said 55.20-acre tract, a 3/8" iron rod found for corner;



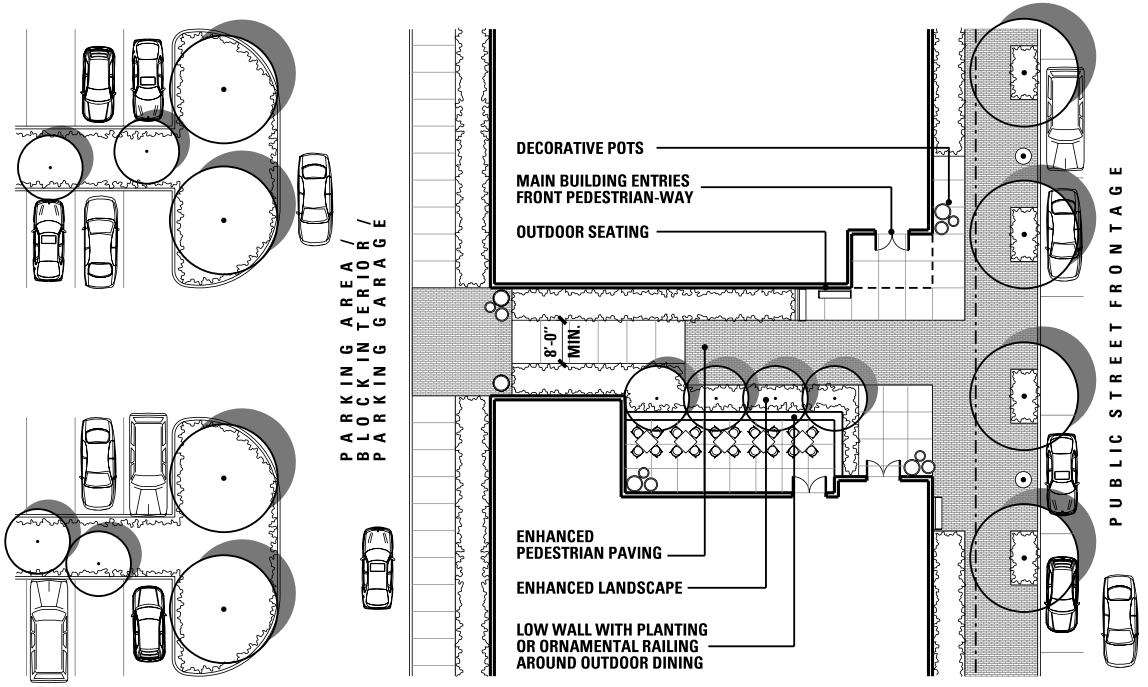
*THENCE*, South 38 Degrees 29 Minutes 38 Seconds East, leaving the said southeast line of Interstate Highway 30, a distance of 254.63-feet to a 5/8" iron rod found for corner;

*THENCE*, South 44 Degrees 24 Minutes 14 Seconds West, a distance of 176.46-feet to a ½" iron rod found for corner;

*THENCE*, North 43 Degrees 48 Minutes 20 Seconds West, a distance of 311.10-feet to a point on the southeast line of the Interstate Highway 30, a 3/8" iron rod set for corner;

*THENCE*, North 50 Degrees 48 Minutes East, along the southeast line of Interstate Highway 30, a distance of 206.43-feet to the *PLACE OF BEGINNING* and containing 53,371.640 SF or 1.225-acres of land, more or less.

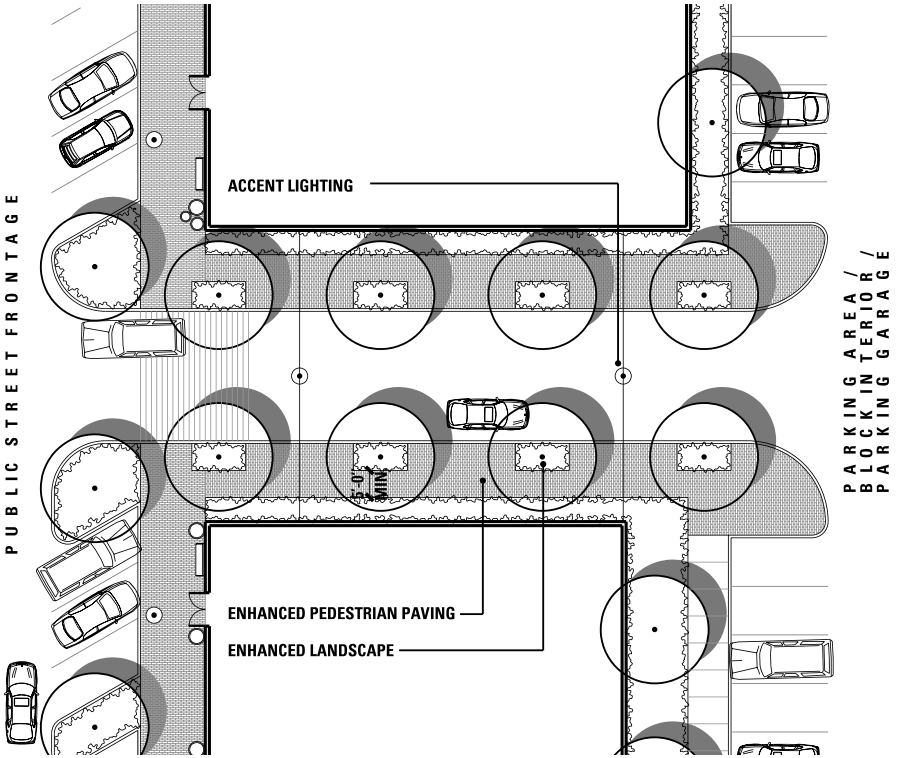
**Exhibit 'B':**
*PD Development Plan*



# 4 STREETS

## PEDESTRIAN WAYS

Although it is technically not a streetscape element, pedestrian-ways link freeway frontage parking areas and block interiors with the public street frontage. The pedestrian-way environment may include enhanced pedestrian paving, enhanced landscape planting, special accent lighting, and special features such as fountains or sculpture pieces. Outdoor seating and dining may occur within the pedestrian-way. Building entry access should be provided within pedestrian-ways. The maximum cross slope within a pedestrian-way is 2%.



## M E W S

Although it is technically not a streetscape element, a mews can also link freeway frontage parking areas and block interiors with the public street frontage. A mews combines a vehicular drive and pedestrian walkway within a narrow cross section. The mews environment includes enhanced pedestrian paving, enhanced landscape planting, special accent lighting, and may also include enhanced vehicular pavement. Bollards may be used in lieu of a typical street curb. Building entry access may be provided within a mews. A carriage-way may also serve the purpose of a mews. The maximum cross slope within a mews is 2%.

**CITY OF ROCKWALL**

**ORDINANCE NO. 19-XX**

**AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, AMENDING *ORDINANCE NO. 17-64* & PLANNED DEVELOPMENT DISTRICT 32 (PD-32) [*ORDINANCE NO. 17-22*] AND THE UNIFIED DEVELOPMENT CODE [*ORDINANCE NO. 04-38*] OF THE CITY OF ROCKWALL, AS HERETOFORE AMENDED, SO AS TO APPROVE A DEVELOPMENT PLAN ON APPROXIMATELY 7.344-ACRES FOR PROPERTY IDENTIFIED AS LOT 9, BLOCK A, HARBOR-ROCKWALL ADDITION AND TRACT 16 OF THE M. J. BARKSDALE SURVEY, ABSTRACT NO. 11, CITY OF ROCKWALL, ROCKWALL COUNTY, TEXAS; AND MORE FULLY DESCRIBED HEREIN BY *EXHIBIT 'A'*; PROVIDING FOR SPECIAL CONDITIONS; PROVIDING FOR A PENALTY OF FINE NOT TO EXCEED THE SUM OF *TWO THOUSAND DOLLARS ($2,000.00)* FOR EACH OFFENSE; PROVIDING FOR A SEVERABILITY CLAUSE; PROVIDING FOR A REPEALER CLAUSE; PROVIDING FOR AN EFFECTIVE DATE.**

**WHEREAS**, the City has received a request from Jim Ziegler of PegasusAblon on behalf of Rockwall Rental Properties, LP for the approval of a Planned Development (PD) Development Plan within Planned Development District 32 (PD-32) [*Ordinance No. 17-22*] for a 7.344-acre tract of land identified as Lot 9, Block A, Harbor-Rockwall Addition and Tract 16 of the M. J. Barksdale Survey, Abstract No. 11, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 32 (PD-32), located at the southwest corner of the intersection of the IH-30 frontage road and Lakefront Trail and more fully described in *Exhibit 'A'* of this ordinance, which hereinafter shall be referred to as the *Subject Property* and incorporated by reference herein; and

**WHEREAS**, the Planning and Zoning Commission of the City of Rockwall and the governing body of the City of Rockwall in compliance with the laws of the State of Texas and the ordinances of the City of Rockwall have given the requisite notices by publication and otherwise, and have held public hearings and afforded a full and fair hearing to all property owners generally and to all persons interested in and situated in the affected area, and in the vicinity thereof, and the governing body in the exercise of its legislative discretion, has concluded that *Ordinance No. 17-64,* Planned Development District 32 (PD-32) [*Ordinance No. 17-22*] and the Unified Development Code [*Ordinance No. 04-38*] should be amended as follows:

**NOW, THEREFORE**, **BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS:**

**SECTION 1.** That the approval of this ordinance shall supersede all requirements stipulated in *Ordinance No. 17-64*;

**SECTION 2.** That any portion of *Ordinance No.'s 11-43 & 13-16* in conflict with this ordinance shall be subject to the requirements of this ordinance;

**SECTION 3.** That Planned Development District 32 (PD-32) [*Ordinance No. 17-22*] and the Unified Development Code [*Ordinance No. 04-38*], as heretofore amended, shall be further amended by amending the PD Development Plans approved with *Ordinance No.'s 11-43 & 13-16* and the official zoning map of the City of Rockwall so as to approve a PD Development Plan

DRAFT 04.03.2019

for the *Subject Property*; and,

**SECTION 4.** That development of the *Subject Property* shall generally be in accordance with the PD Development Plan, described in *Exhibit 'B'* of this ordinance, attached hereto and incorporated herein by reference as *Exhibit 'B'*, which is deemed hereby to be a condition of approval of the amended zoning classification for the *Subject Property*; and,

**SECTION 5.** That the *Subject Property* shall be used only in the manner and for the purposes provided for in Planned Development District 32 (PD-32) [*Ordinance No. 17-22*], the Unified Development Code [*Ordinance No. 04-38*], and in compliance with the following conditions and requirements:

**5.1 CONSTRUCTION SCHEDULE**

*Building Adjacent to Lakefront Trail (i.e. Building 1)*

This *PD Development Plan* shall be subject to review by City Staff and/or the Planning and Zoning Commission and City Council on May 6, 2020. At the time of review, if a building permit has not been issued for the proposed multi-family development adjacent to Lakefront Trail (*indicated as 1 on Exhibit 'B' of this ordinance and consisting of 375 condominium units*), City Staff shall provide a report, with the assistance of the developer, to the Planning and Zoning Commission and City Council indicating the progress of the development. Upon review of the report, the Planning and Zoning Commission shall provide a recommendation to the City Council concerning the possible revocation of the additional 26 allocated condominium units (*i.e. reducing the number of units for the multi-family development adjacent to Lakefront Trail -- indicated as 1 on Exhibit 'B' of this ordinance -- to 349 condominium units*), and after review of the report and recommendation of the Planning and Zoning Commission the City Council may -- *after proper notice* -- initiate public hearings for the revocation of the additional 26 allocated condominium units.

*Building Adjacent to the Harbor Fountain (i.e. Building 2)*

This *PD Development Plan* shall be subject to review by City Staff and/or the Planning and Zoning Commission and City Council on June 1, 2020. At the time of review, if a building permit has not been issued for the proposed multi-family development adjacent to the Harbor Fountain (*indicated as 2 on Exhibit 'B' of this ordinance and consisting of 75 condominium units*), City Staff shall provide a report, with the assistance of the developer, to the Planning and Zoning Commission and City Council indicating the progress of the development. Upon review of the report, the Planning and Zoning Commission shall provide a recommendation to the City Council concerning the possible revocation of the additional 25 allocated condominium units (*i.e. reducing the number of units for the multi-family development adjacent to the Harbor Fountain -- indicated as 2 on Exhibit 'B' of this ordinance -- to 50 condominium units*), and after review of the report and recommendation of the Planning and Zoning Commission the City Council may -- *after proper notice* -- initiate public hearings for the revocation of the additional 25 allocated condominium units.

*Commencement of Construction and Continuous Construction*

Once a building permit has been issued for either property (*i.e. Building 1 or Building 2*), the developer/property owner shall have six (6) months to commence construction on the site in accordance with Section 10-116 of Article III, *Building Code*, of Chapter 10, *Buildings and Building Regulations*, of the Municipal Code of Ordinances (*i.e. Section [A] 105.5,*

DRAFT ORDINANCE 04.16.19

*Expiration, of the International Building Code*). Once construction has commenced, construction must be continuous during the regular workweek unless construction is delayed due to delays beyond the control of the developer/property owner. Such delays shall include, but not be limited to, fires, floods, labor disputes, epidemics, abnormal weather conditions, acts of God or any preference, priority or allocation order duly issued by the Federal Government. Abnormal weather delays are those that are beyond what is normal for the climate and time of year. If construction of the site has not commenced within six (6) months of the issuance of a building permit, or construction is not continuous, City staff shall provide a report, to the Planning and Zoning Commission and City Council indicating the progress of the development and possible revocation of the permit. Upon review of the report, the Planning and Zoning Commission shall provide a recommendation to the City Council concerning the possible revocation of the permit for additional allocated condominium units (*i.e. reducing the number of units for either project back to the numbers approved under Ordinance No. 13-16*), and after review of the report and recommendation of the Planning and Zoning Commission the City Council may -- *after proper notice* -- initiate public hearings for the revocation of the additional allocated condominium units.

## 5.2 DEVELOPMENT CONDITIONS

1) Development of this property shall generally conform to the *PD Development Plan* depicted in *Exhibit 'B'* of this ordinance;

2) Prior to the issuance of a Building Permit the applicant shall submit and seek approval for a detailed PD Site Plan that demonstrates compliance with all applicable standards of Planned Development District 32 (PD-32) [*as amended*] and with the requirements approved in this ordinance;

3) The proposed multi-family development adjacent to Lakefront Trail (*indicated as* 1 *on Exhibit 'B' of this ordinance*) shall be permitted to consist of a maximum of 375 condominium units. The proposed multi-family development adjacent to the Harbor Fountain (*indicated as* 2 *on Exhibit 'B' of this ordinance*) shall be permitted to consist of a maximum of 75 condominium units.

4) Prior to the issuance of a Building Permit the applicant shall submit and seek approval for a subdivision plat;

5) The architectural design of all buildings within the two (2) affected Subdistricts (*i.e. the Harbor Residential Subdistrict and the Harbor Link Mixed-Use Subdistrict*) shall conform to the Harbor District Guidelines (*i.e. Resolution 10-40]*), all applicable ordinances associated with Planned Development District 32 (PD-32) [*as amended*], and to the Unified Development Code;

6) All buildings throughout the development shall be constructed with a consistent design scheme, and be approved by the Architectural Review Board (ARB);

7) The private street and pedestrian access easement extending from Lakefront Trail to the proposed multi-family development adjacent to the Harbor Fountain (*indicated as* 2 *on Exhibit 'B' of this ordinance*), will be required to be located within a *Pedestrian Access Easement* on the final plat and shall be constructed in accordance with the street cross section and concept plan depicted in *Exhibit 'C'* of this ordinance; and

8) The proposed uses for this development shall be required to demonstrate that they

DRAFT ORDINANCE 04.09.19

have access to a sufficient number of parking spaces within the development to support their use.

**SECTION 6.** The official zoning map of the City of Rockwall, Texas be corrected to reflect the changes in zoning described in this ordinance;

**SECTION 7.** That any person, firm, or corporation violating any of the provisions of this ordinance shall be deemed guilty of a misdemeanor and upon conviction shall be punished by a penalty of fine not to exceed the sum of *TWO THOUSAND DOLLARS ($2,000.00)* for each offense and each and every day such offense shall continue shall be deemed to constitute a separate offense;

**SECTION 8.** That if any section, paragraph, or provision of this ordinance or the application of that section, paragraph, or provision to any person, firm, corporation or situation is for any reason judged invalid, the adjudication shall not affect any other section, paragraph, or provision of this ordinance or the application of any other section, paragraph or provision to any other person, firm, corporation or situation, nor shall adjudication affect any other section, paragraph, or provision of the Unified Development Code, and the City Council declares that it would have adopted the valid portions and applications of the ordinance without the invalid parts and to this end the provisions for this ordinance are declared to be severable;

**SECTION 9.** The standards in this ordinance shall control in the event of a conflict between this ordinance and any provision of the Unified Development Code or any provision of the City Code, ordinance, resolution, rule, regulation, or procedure that provides a specific standard that is different from and inconsistent with this ordinance. References to zoning district regulations or other standards in the Unified Development Code (including references to the *Unified Development Code*), and references to overlay districts, in this ordinance or any of the Exhibits hereto are those in effect on the date this ordinance was passed and approved by the City Council of the City of Rockwall, Texas;

**SECTION 10.** That this ordinance shall take effect immediately from and after its passage;

**PASSED AND APPROVED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, THIS THE 6TH DAY OF MAY, 2019.**

| **TO:** | Planning and Zoning Commission |
| **DATE:** | April 9, 2019 |
| **APPLICANT:** | Marla Mauricio; *Kimley-Horn and Associates, Inc.* |
| **CASE NUMBER:** | SP2019-006; *Plaza at Rockwall* |

## SUMMARY

Discuss and consider a request by Marla Mauricio of Kimley-Horn and Associates, Inc. on behalf of Steve Russell of Excel Rockwall, LLC (ShopCore Properties, LLC) for the approval of a site plan for a commercial retail building on a 0.69-acre portion of a larger 11.125-acre parcel of land being identified as Lot 11, Block A, Rockwall Business Park East Addition, City of Rockwall, Rockwall County, Texas, zoned Commercial (C) District, situated within the IH-30 Overlay (IH-30 OV) District, addressed as 1041 E. IH-30, and take any action necessary.

## BACKGROUND

The subject property was annexed in 1981 [*Ordinance No. 81-33*] and was later zoned Commercial (C) District. The property is situated within the IH-30 Overlay (IH-30 OV) District, is addressed as 1041 E. IH-30, and is occupied with an existing multi-tenant shopping center. On June 8, 2010, the Planning and Zoning Commission approved a site plan [*Case No. SP2010-007*] for a multi-tenant shopping center that contained several buildings (*i.e. Rockwall Plaza, Phase II*). At that time, the developer was seeking several variances. As a compensatory measure to offset the requested variances, the developer proposed providing a large park area between Buildings 16 and 17 (*i.e. between the existing adjacent building and the proposed building*). Staff should note, Building 16 was 9,600 SF and Building 17 was 8,800 SF. The park area was approximately 6,600 SF at the time of that request. The City Council approved the associated variances and park area on June 21, 2010. In 2013, staff approved an administrative site plan [*Case No. SP2013-003*] for a commercial retail building (*i.e. the adjacent building*) on an approximately 1.7095-acre portion of the subject property. As part of that request, the applicant increased Buildings 16 and 17 to be 11,500 SF each (*i.e. Building 16 was 1,900 SF larger and Building 17 was 2,700 SF larger than originally requested*). As a result, the park area decreased in size to approximately 4,000 SF. Building 16 was later constructed; however Building 17 was never constructed.

## PURPOSE

The applicant is requesting approval of a site plan for a commercial retail building (*i.e. Building 17 on the site plan approved in 2013*), which will be approximately 9,835 SF. As part of this request, the park will be relocated adjacent to the east façade of the proposed commercial retail building (*i.e. the park are will no longer be between the two buildings as originally intended*). The existing park area has been reduced in size and resembles an alley. The proposed building will utilize the same design scheme, building materials, and colors as the adjacent commercial retail buildings and will have one (1) retail space and two (2) restaurant with outdoor dining areas.

## ADJACENT LAND USES AND ACCESS

The subject property is located 1041 E. IH-30. The land uses adjacent to the subject property are as follows:

*North*: Directly north of the subject property is a restaurant (*i.e. Olive Garden*) and other commercial retail businesses within the Rockwall Plaza Shopping Center (*e.g. Freebirds, Firehouse Subs, Sweet Frog*). Beyond this is IH-30, which is identified as a TxDOT roadway on the City's Master Thoroughfare Plan. Following this are two (2) automotive dealers (*i.e. Rockwall Ford and Rockwall Honda*), two (2) hotels (*i.e. Best Western and Wood Spring Suites*), and a shopping center with several commercial retail businesses (*e.g. T-Mobile, Hobby Lobby, Batteries Plus*). These areas are zoned Commercial (C) District.

*South*: Directly south of the subject property are several businesses within the Rockwall Plaza Shopping Center (*e.g. J.C. Penney, Dicks Sporting Goods, and Staples*). Following this is Ralph Hall Parkway, which is identified as a M4D (*major collector, four [4]-lane divided roadway*) on the City's Master Thoroughfare Plan. Beyond this is a medical office building (*i.e. Rockwall Medical Center*), an assisted living facility (*i.e. Rock Ridge Assisted Living*), and a single-family residential subdivision (*i.e. Flagstone Estates Subdivision*). These areas are zoned Commercial (C) District and Planned Development District 54 (PD-54) for Single-Family 10 (SF-10) and Commercial (C) District land uses.

*East*: Directly east of the subject property are several commercial retail businesses (*e.g. Home Goods, Jo-Ann Fabric and Crafts, and Versona Accessories*) followed by SH-205 [S. Goliad Street], which is identified as a TxDOT roadway on the City's Master Thoroughfare Plan. Beyond this are several restaurants and commercial retail businesses (*e.g. Soulman's Barbeque, Rosa's Café, and Race-Trac*k). These areas are zoned Commercial (C) District.

*West*: Directly west of the subject property are several commercial retail businesses (*e.g. Verizon, Zales, and Mattress Firm*) followed by IH-30, which is identified as a TxDOT roadway on the City's Master Thoroughfare Plan. Beyond this is a Rockwall Independent School District (RISD) athletic field, two (2) automotive dealerships (*i.e. Rockwall Chrysler and Heritage Buick-GMC*), and a furniture store (*i.e. Rooms to Go*). Beyond this is a high school (*i.e. Rockwall High School*) and a multi-family residential development (*i.e. Legends on the Lake*). These areas are zoned Commercial (C) and Multi-Family 14 (MF-14) Districts.

## DENSITY AND DIMENSIONAL REQUIREMENTS

According to Section 1, *Land Use Schedule*, of Article IV, *Permissible Uses,* of the Unified Development Code (UDC), the proposed use (*i.e. a commercial retail building*) is permitted by-right in a Commercial (C) District and will not require any additional approvals. With the exception of the variances being requested the submitted site plan, landscape plan, and building elevations generally conform to the technical requirements contained within the UDC for a property located within a Commercial (C) District and situated within the IH-30 Overlay (IH-30 OV) District. A summary of the density and dimensional requirements for the subject property are as follows:

| *Ordinance Provisions* | *Zoning District Standards* | *Conformance to the Standards* |
|---|---|---|
| *Minimum Lot Area* | *43,560 SF* | *X=484,605 SF: In Conformance* |
| *Minimum Lot Frontage* | *200 Feet* | *X=886.42-Feet: In Conformance* |
| *Minimum Lot Depth* | *200 Feet* | *X=958-Feet; In Conformance* |
| *Minimum Front Yard Setback* | *25-Feet* | *X=25-Feet; In Conformance* |
| *Minimum Rear Yard Setback* | *10-Feet* | *X=10-Feet: In Conformance* |
| *Minimum Side Yard Setback* | *10-Feet* | *X=10-Feet; In Conformance* |
| *Maximum Building Height* | *60-Feet* | *X~ 27-Feet; In Conformance* |
| *Max Building/Lot Coverage* | *60%* | *X>60%; In Conformance* |
| *Minimum Masonry Requirement* | *90%* | *X=25-60; Not in Conformance* |
| *Minimum Stone Requirement* | *20%* | *X=25-60%; In Conformance* |
| *Minimum Landscaping Percentage* | *15%* | *X=28%; In Conformance* |
| *Maximum Impervious Coverage* | *85-90%* | *X>85%; In Conformance* |

## TREESCAPE PLAN

The applicant has submitted a landscape plan showing a total of 40 caliper-inches of primary protected trees (*i.e. Live Oak trees*) being removed in order to develop the site. The trees range in size from four (4) caliper-inches to seven (7) caliper-inches and removal of the trees requires approval from the Planning and Zoning Commission. According to Subsection 5, *Tree Mitigation Requirements*, of Article IX, *Tree Preservation*, of the Unified Development Code (UDC), primary protected trees measuring four (4) inches through 24 inches DBH shall be replaced on an inch-for-inch basis. The applicant has submitted a landscape plan showing the tree mitigation being satisfied by planting 63 caliper-inches of trees on site.

## CONFORMANCE WITH OURHOMETOWN VISION 2040 COMPREHENSIVE PLAN

The OurHometown Vision 2040 Comprehensive Plan indicates that the subject property is located in the IH-30 Corridor District. This district is the primary retail corridor for the City of Rockwall and is about 55% developed. In addition, this corridor serves as the western gateway for both the City and County of Rockwall. Land uses within the corridor include retail, personal services, medical, and industrial land uses, which contribute to the high per capita sales tax for the City of Rockwall. The vision for this district is that it will continue to remain the City's primary retail corridor in the future. A goal in the Comprehensive Plan regarding non-residential development is to create distinctive destinations by incorporating central greenspaces that are well landscaped, functional, and connected from all points of the development. Non-residential policies in the Comprehensive Plan encourage the incorporation of pedestrian elements such as benches and trash receptacles. In this case, the proposed building will house retail land uses and incorporate a park area with landscaping, benches, trellises, and a water feature. Based on the proposed land use and the incorporation of pedestrian elements, the applicant's request appears to conform to the vision of the IH-30 Corridor District and the goals and policies of non-residential development outlined in the Comprehensive Plan.

## CONFORMANCE WITH THE CITY'S CODES

The proposed commercial retail building utilizes secondary materials on the façade (*i.e. tilt-up wall*) and the material will be textured with an acrylic treatment to give the appearance of stucco. The proposed building will match the adjacent commercial retail buildings with regard to design, architectural elements, building materials, and color. Additionally, the applicant is proposing to exceed the minimum 20% stone requirement by utilizing between 25-60% natural stone on each façade. The building will incorporate spandrel glass and steel awnings on the side and rear façades, which will match the front façade and give the appearance storefront glass on all façades. While the applicant is requesting variances to the secondary materials and building articulation requirements, it should be pointed out that these variances are necessary in order to match the adjacent buildings. In addition approval of these variances do not appear to have a negative impact on the subject property or surrounding developments. The proposed site plan shows the existing park area being decreased in width; however, the applicant is proposing to provide lighting and tree wells in the alley that will be between the two buildings as a result of moving the park area. These improvements seem to allow the alley to continue to serve as a pedestrian pathway from the rear of the buildings to the front of the buildings. With the exception of the variances requested, the request seems to generally conform to the requirement of the Unified Development Code (UDC). The applicant is relocating the existing signage to the new park area, which appears to be larger than the existing park area, which will and incorporate additional amenities. Although the proposed park area is being relocated, it seems to provide increased amenities, and the overall plan appears to generally conform to the intent of the original approval.

## VARIANCES/EXCEPTIONS REQUESTED BY THE APPLICANT

Based on the information submitted by the applicant, staff has identified the following variances to the requirements of the Unified Development Code (UDC):

(1) Masonry and Materials Composition

(a) *Secondary Materials*. According to Subsection 6.02.C, *Architectural Standards*, of Section 6, *Overlay Districts*, of Article V, District *Development Standard*s, of the Unified Development Code (UDC), each exterior wall of a building's façade shall consist of a minimum 90% primary materials and a maximum of ten (10) % secondary materials. Primary materials shall include stone, brick, glass curtain wall, glass block, tile, and custom concrete masonry units (CMU's). Materials that are not deemed primary materials are considered to be secondary materials. In this case, the applicant is proposing to utilize between 30-36% concrete tilt-up wall treated with an acrylic texture. Since this exceeds the maximum allowable amount of secondary materials, a variance is required.

(2) Building Articulation

(a) *Primary Building Façades*. According to Subsection 4.01.C, *Building Articulation*, of Section 4, *Commercial (C) Districts*, of Article V, *District Development Standards*, of the Unified Development Code (UDC), primary building façades shall not exceed a wall length of three (3) times the wall height without a secondary entryway or projecting architectural element that is a minimum of 25% of the wall's length, and projects a minimum of 25% of the wall's height. Additionally, the minimum width of the architectural element shall extend a minimum of twice the required wall projection and have a minimum projection height of 25% of the wall's height above the top of the wall. In this case, the maximum wall length is 66-feet and shall include an architectural element that projects 5½-feet, is 11-feet wide, and 5½-feet in height. The applicant is providing architectural elements that meet the minimum width; however, the architectural elements do not meet the minimum projection depth or height. The depth of the architectural elements is approximately two (2) feet and the height is approximately four (4) feet. Since this does not meet the minimum requirements, a variance is required.

These variances are discretionary decisions for the Planning and Zoning Commission and require approval by a ¾ majority vote of all Commissioners present with a minimum of four (4) votes in the affirmative. In the event that the exception is denied, the applicant has the ability to appeal the Planning and Zoning Commission's decision to the City Council by filing a written request with the Planning and Zoning Department that provides justification for the exception being requested.

## ARCHITECTURAL REVIEW BOARD (ARB):

On March 26, 2019, the Architectural Review Board (ARB) reviewed the proposed building elevations and requested that the applicant finish the inside of the parapets, and provide tree wells and lighting elements in the new alley (*i.e. the existing park area*). Additionally, the Architectural Review Board (ARB) requested a rendering of the proposed park area and alley. The applicant has submitted revised building elevations for the Architectural Review Board (ARB) to review and forward a recommendation to the Planning and Zoning Commission at the April 9, 2019 Planning and Zoning Commission meeting.

## CONDITIONS OF APPROVAL

If the Planning and Zoning Commission chooses to approve the applicant's request, then staff would propose the following conditions of approval:

(1) All comments provided by the Planning, Engineering, and Fire Department must be addressed prior to the submittal of a building permit;

(2) The park area and alley shall include the amenities indicated on the submitted landscape plan and renderings;

(3) The existing signage shall be relocated to the park area as indicated on the submitted landscape plan and renderings; and

(4) Any construction resulting from the approval of this site plan shall conform to the requirements set forth by the Unified Development Code (UDC), the International Building Code (IBC), the Rockwall Municipal Code of Ordinances, city adopted engineering and fire codes and with all other applicable regulatory requirements administered and/or enforced by the state and federal government.

(3/21/2019 4:29 PM SH)
- 4% Engineering Fees
- Impact Fees
- Must replat to remove easements.
- Walls 3' and over must be designed by an engineer. All retaining walls must be rock or stone face. No smooth concrete walls.
- Show all utility relocations.
- Where are you tying in the domestic meter?
- Min 20' wide easements.
- Must match existing drainage basins for Lot 10.
- Dumpster to drain to an oil/water separator before going to the storm lines.
- Include tree mitigation for trees in the breeze way.
- Where the existing curbs are being cut, the cut must be 2' into the paving to prevent chipping later.
- 3000psi (5.5 sack mix) 3600psi (6.5 sack mix) Rebar for concrete?
- Must meet all City Standards of Design and Construction.
- Note 4. on the landscape sheet should read, "No trees within 5' of utilities"
- See mark up

|---|---|---|---|---|---|---|---|
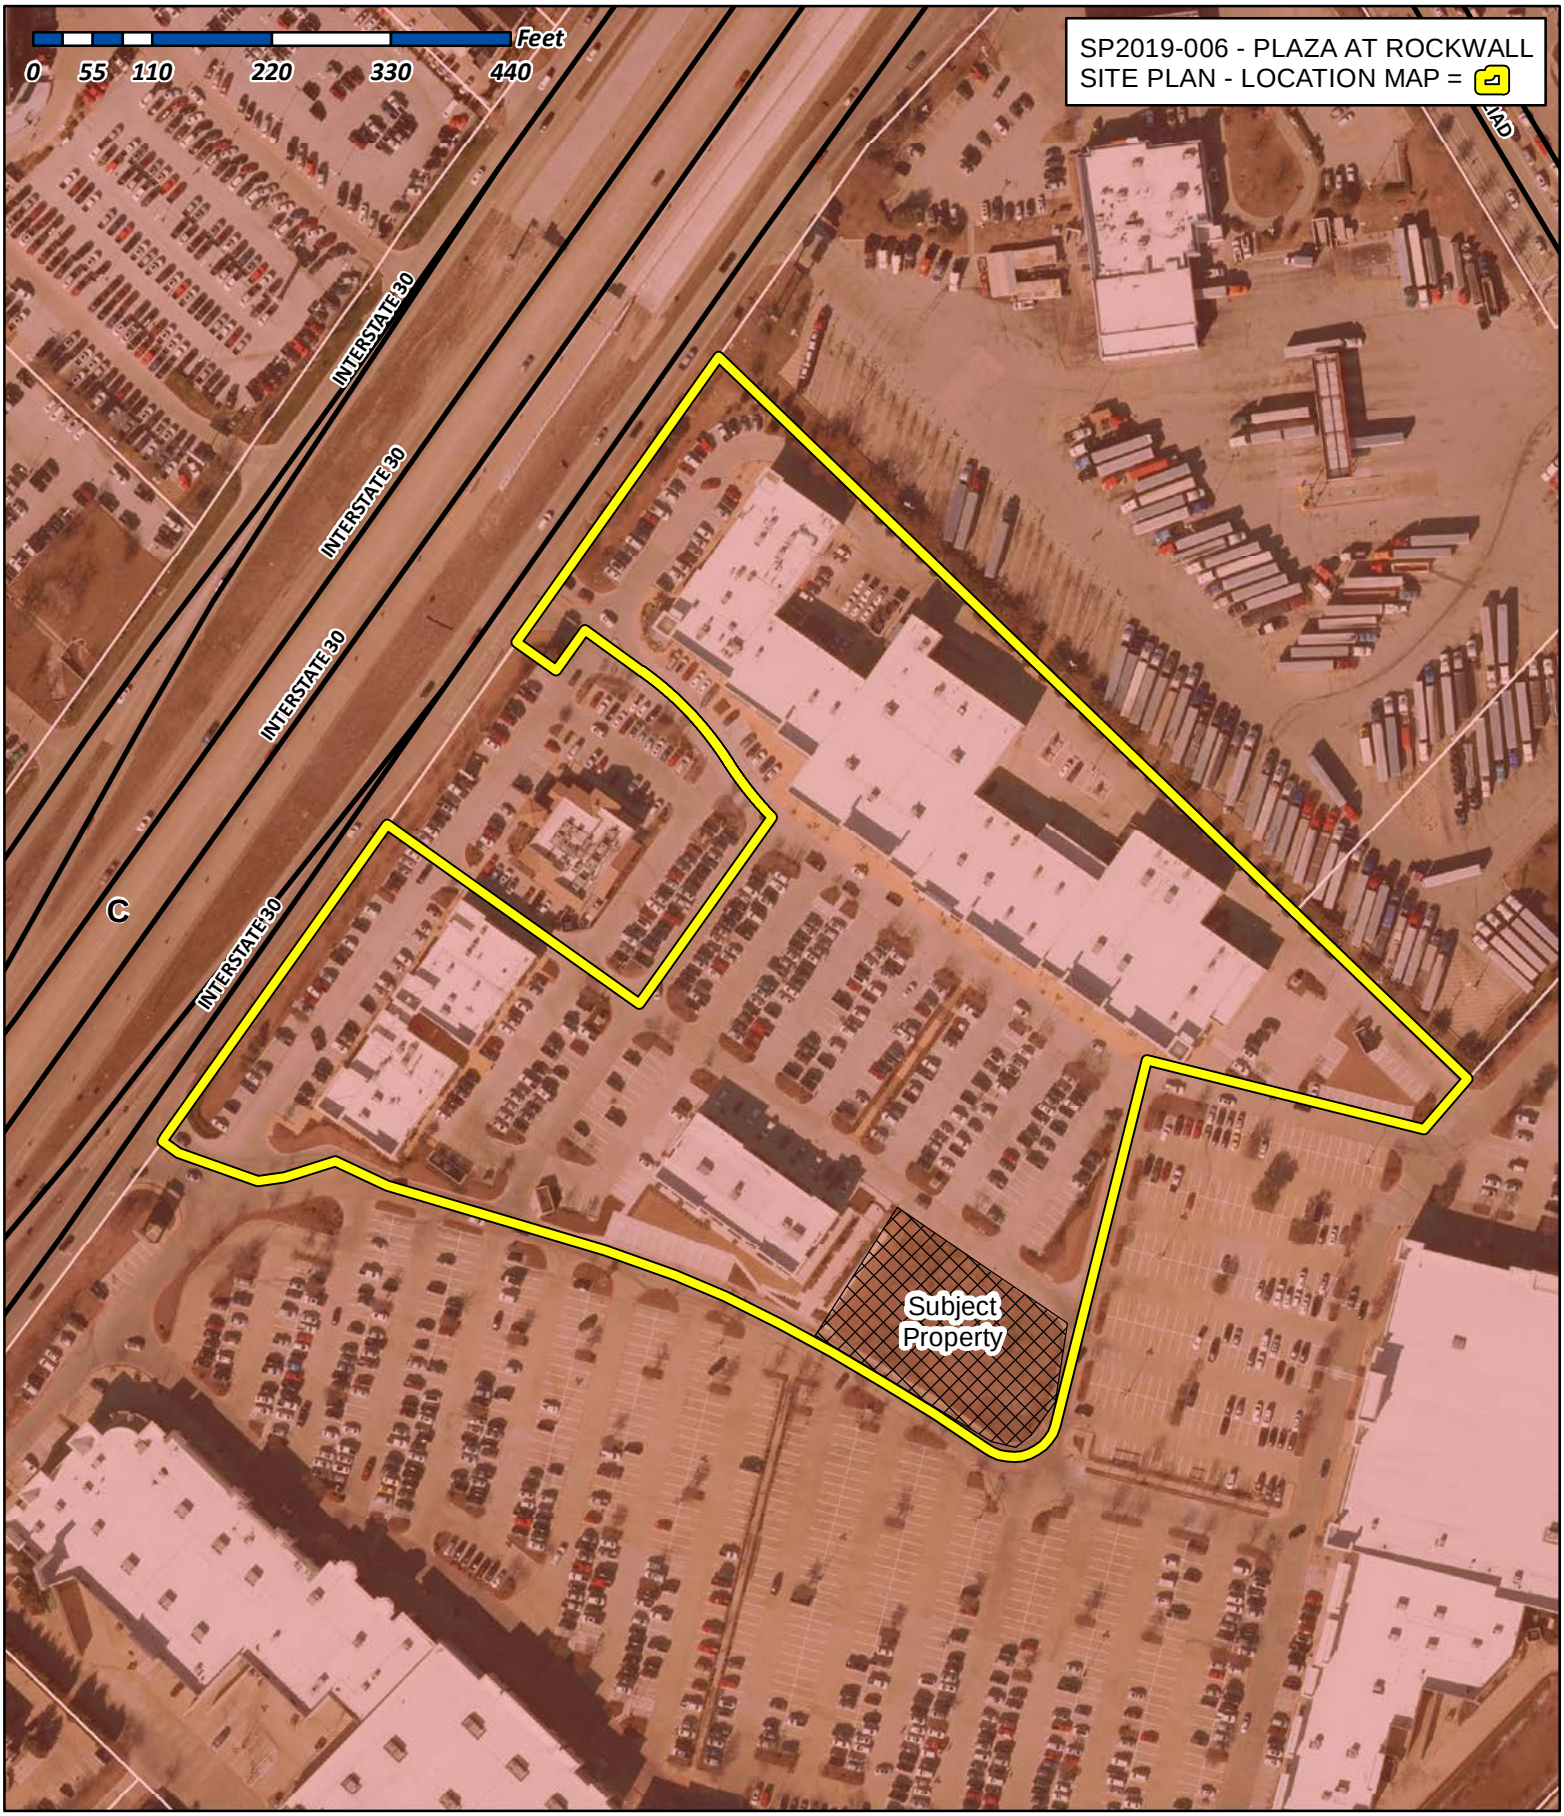
| SP2019-006 Site Plan for Rockwall Plaza: Please address the following comments (M= Mandatory Comments; I = Informational Comments)<br><br>1. This is a request by Marla Mauricio of Kimley-Horn and Associates, Inc. on behalf of Steve Russell of Excel Rockwall, LLC (ShopCore Properties, LLC) for the approval of a site plan for a commercial retail building on a 0.69-acre portion of a larger 11.125-acre parcel of land being identified as Lot 11, Block A, Rockwall Business Park East Addition, City of Rockwall, Rockwall County, Texas, zoned Commercial (C) District, situated within the IH-30 Overlay (IH-30 OV) District, addressed as 1041 E. IH-30<br>2. For questions or comments concerning this case please contact Korey Brooks in the Planning Department at (972) 772-6434 or email kbrooks@rockwall.com.<br>3. For reference, include the case number (SP2019-006) in the lower right hand corner of all pages on future submittals.<br>4. Site Plan. Please indicate patio on site plan and use a different line-weight. It appears to be an extension of the building as drawn.<br>5. Site Plan. Please dimension the projections (length and width).<br>6. Site Plan. Please note, this will need a variance to horizontal articulation in order to match existing buildings.<br>7. Site Plan. Please provide note that the dumpster enclosure shall be 8-feet tall, constructed of same masonry as the building, and have a self-latching opaque gate.<br>8. Site Plan. The site plan seems to show two retaining walls within close proximity. What is the distance between the two walls and how will that area be maintained?<br>9. Site Plan. Is it possible to provide some type of beautification to the alley between the buildings (since that area was originally supposed to be a park)? Previous variances were approved due to the agreement of the park area.<br>10. Site Plan. Please change "Property Description" table to Site Data Table and provide on each sheet—Also, please provide the additional highlighted information.The lower left corner of the title block of each sheet should be the project information.<br>11. Site Plan. Please try to show more of the adjacent properties (in greyscale) and label.<br>12. Landscape Plan. Please provide the proposed park area v.s. existing approved park area and list any amenities above and beyond the approved plan.<br>13. Landscape Plan. Please provide site data table as shown on site plan.<br>14. Landscape Plan. Please try to show more of the adjacent properties (in greyscale) and label.<br>15. Landscape Plan. Will there be any fencing on the patio and park areas?<br>16. Floor Plan. Please note that the floor plan is not reviewed during this phase so it does not need to be provided.<br>17. Building Elevations. Please provide site data table.<br>18. Building Elevations. Please subtract the windows from the exterior building material percentages.<br>19. Building Elevations. Please indicate roof-mounted equipment and indicate how it will be screened.<br>20. Building Elevations. Is the "textured concrete" stucco? If so, please indicate. Also, will this be a tilt-up wall? This requires a variance.<br>21. Building Elevations. Please match existing building with regard to exterior building materials (it appears that you are matching, based on your legend).<br>22. Building Elevations. Please note that this will need a variance to vertical articulation.<br>23. Building Elevations. Please provide a sheet showing the dumpster enclosure elevations.<br>24. A rendering of the park would be very helpful since it deviates substantially from the approved park.<br>25. Photometric Plans. Please provide cut sheets for fixtures. Also will the fixtures be the same as on the adjacent building?<br>26. The Architectural Review Board (ARB) meeting for this case will be held on March 26, 2019 at 5:00 p.m.<br>27. Staff has identified the aforementioned items necessary to continue the submittal process. Please make these revisions and corrections, and provide any additional information that is requested. Revisions for this case will be due on April 2, 2019. The Planning and Zoning Worksession for this case will be March 26, 2019, at 6:00 p.m. The Planning and Zoning Meeting will be April 9, 2019 | | | | | | | |
| Police Department | Police Department | 3/22/2019 | 3/29/2019 | 3/22/2019 | | COMMENTS | Comments |

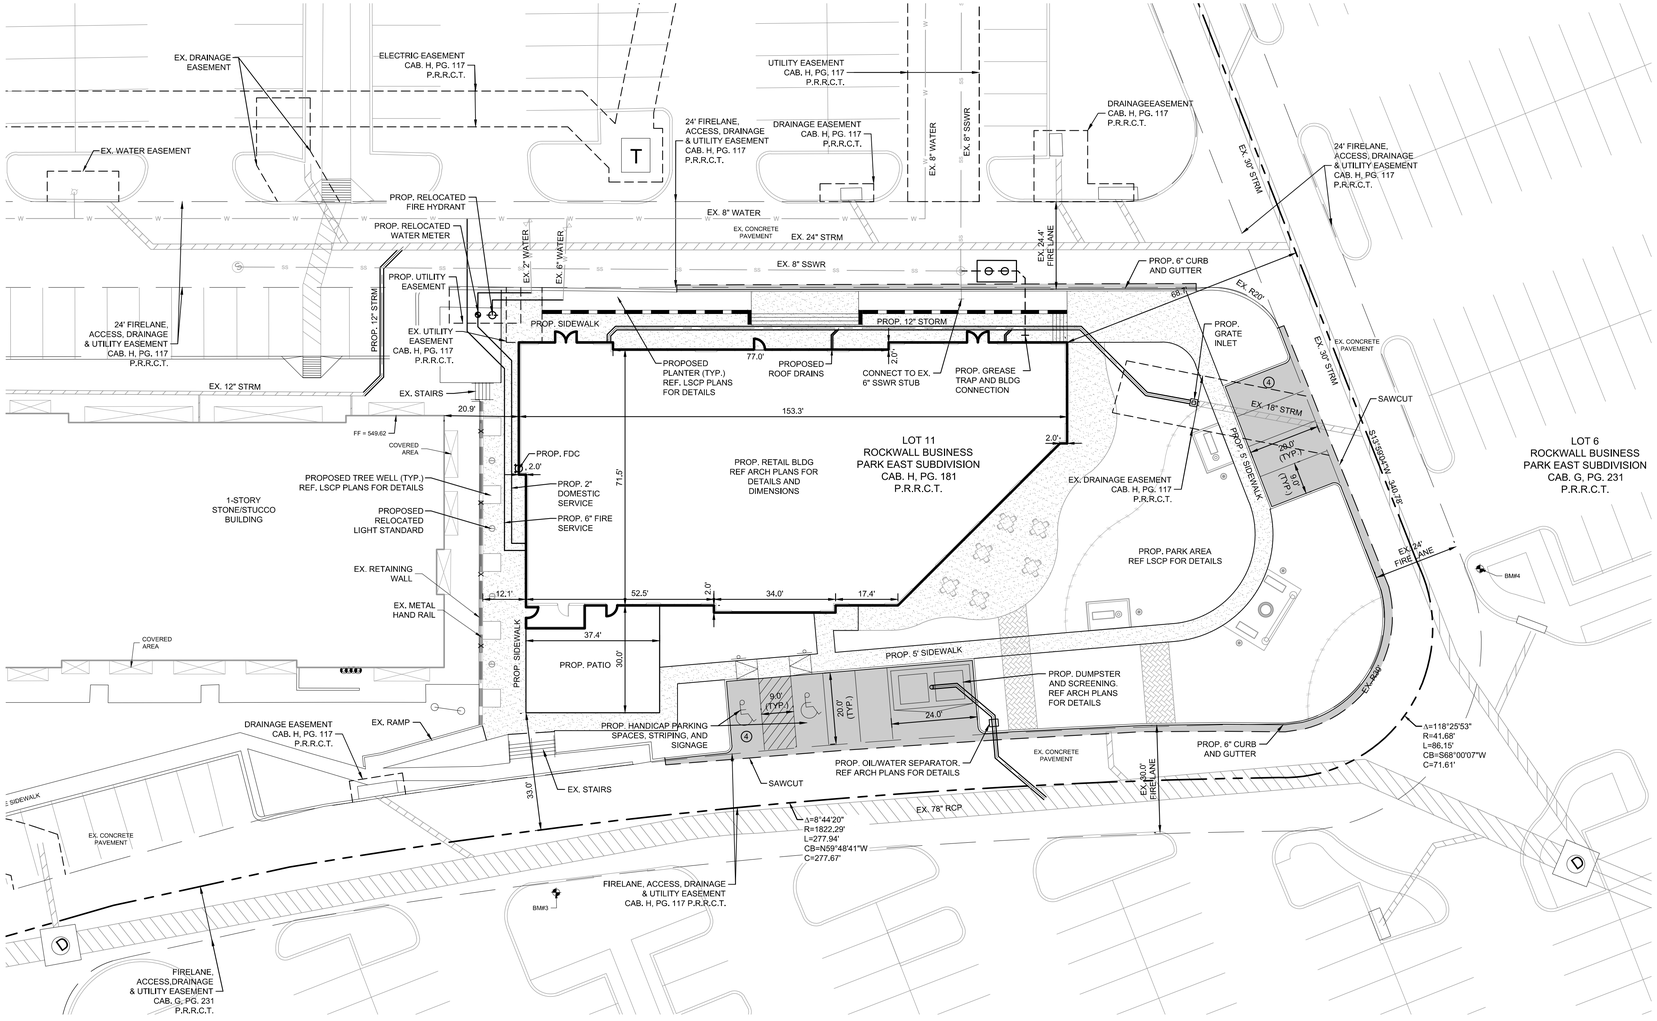


Considerations:

- Bollards at or near the front of business to prevent a vehicle from intentionally or accidentally entering the front of the business. The bollards aesthetic(s) would be dictated by the business and city code(s).

- Assuming there are exterior receptacles (dumpsters and recycle) at the location. Receptacle Locations (Areas outside of the business) should be secured to prevent opportunities for criminal activity (Savaging). Prevention would include locking barriers (fencing) around receptacles and lighting to determine any criminals. The lower portion of fencing should be raised from the ground with enough clearance so that approaching employees would be capable of seeing if anyone is inside receptacle holding area prior to entering.

- Lighting around the rear of business should be within specifications dictated by city code and provide enough illumination to discourage anyone who does not have business at the location to leave the area.



- Soft, ground wash (Base of trees upward) lighting along rear tree lines to eliminate dark areas which could conceal someone.

# AGENDA
## PLANNING AND ZONING COMMISSION WORK SESSION
## City Hall, 385 South Goliad, Rockwall, Texas
## Council Chambers
## April 30, 2019
## 6:00 P.M.

**CALL TO ORDER**

***CONSENT AGENDA***

1. Approval of Minutes for the *March 26, 2019* Planning and Zoning Commission meeting.

2. **P2019-018** (Korey)
   Consider a request by Bill Bricker of Columbia Development Company, LLC for the approval of a replat for the Park Place West, Phase III Addition containing 85 single-family lots on a 24.439-acre tract of land being located in the R. Ballard Survey, Abstract No. 29, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 59 (PD-59) for Single-Family 7 (SF-7) District land uses, generally located at the terminus of Park Place Boulevard, and take any action necessary.

3. **P2019-019** (David)
   Consider a request by Mike Samples for the approval of a final plat for Lot 11, Block A, 205 Business Park Addition being a 1.50-acre tract of land identified as Tract 2-16 of the J. R. Johnson Survey, Abstract No. 128, City of Rockwall, Rockwall County, Texas, zoned Heavy Commercial (HC) District, addressed as 125 National Drive, and take any action necessary.

4. **SP2019-008** (David)
   Consider a request by Ronny Klingbeil of RLK Engineering, Inc. on behalf of William Salee of Rockwall ISD for the approval of a site plan for a parking area adjacent to an existing public school on a 35.295-acre parcel of land identified as Lot 1, Block A, Rockwall High School Addition, City of Rockwall, Rockwall County, Texas, zoned Commercial (C) District, situated within the IH-30 Overlay (IH-30 OV) District, addressed as 901 W. Yellow Jacket Lane, and take any action necessary.

5. **SP2019-011** (David)
   Consider a request by Phil Craddock of Craddock Architecture on behalf of the Michael Fisher of 1306 Summer Lee, LLC for the approval of an amended site plan for a medical office building on a 1.082-acre parcel of land identified as Lot 6, Block A, Temunovic Addition, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 9 (PD-9) for General Retail (GR) District land uses, situated within the Scenic Overlay (SOV) District, addressed as 1306 Summer Lee Drive, and take any action necessary.

***APPOINTMENTS***

6. Appointment with Architectural Review Board representative to receive the Board's recommendations and comments for items on the agenda requiring architectural review.

***PUBLIC HEARING ITEMS***

7. **Z2019-005** (Ryan) **[*REQUEST TO WITHDRAW*]**
   Hold a public hearing to discuss and consider a request by Kent Donahue of Donahue Development Corporation on behalf of the owner Rockwall Highgate LTD for the approval of a zoning change from an Agricultural (AG) District to a Planned Development District for Single Family 7 (SF-7) District land uses on a 264.510-acre tract of land identified as Tracts 17-13 [*50.0-acres*], 17-14 [*26.452-acres*], 17-15 [*134.33-acres*], 17-16 [*43.6-acres*], & 40-8 [*8.79-acres*] of the W. W. Ford Survey, Abstract No. 80, City of Rockwall, Rockwall County, Texas, zoned Agricultural (AG) District, located on the east side of SH-205 (S. Goliad Street) south of the intersection of SH-205 and FM-549, and take any action necessary.

***ACTION ITEMS***

8. **MIS2019-004** (Korey)
   Discuss and consider a request by Lonnie and Amy Herbst for the approval of an exception to the minimum masonry requirements stipulated in Section 3.1, *General Residential District Standards*, of Article V, *District Development Standards*, of the Unified Development Code, for a 0.33-acre parcel of land identified as Lot 8,

Block A, Eagle Point Estates Addition, City of Rockwall, Rockwall County, Texas, zoned Single-Family 10 (SF-10) District, addressed as 1509 S. Alamo Drive, and take any action necessary.

9. **MIS2019-005** **(David)**
   Discuss and consider a request by Michael Duval of G & A Consultants on behalf of John Delin of R. W. Ladera, LLC for the approval of an *Alternative Tree Mitigation Settlement Agreement* for a 28.011-acre parcel of land identified as a Tract 5 of the M. B. Jones Survey, Abstract No. 122, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 85 (PD-85), situated within the 205 By-Pass Overlay (205 BY-OV) and the East SH-66 Overlay (E SH-66 OV) District, located at the northeast corner of the intersection of SH-66 and John King Boulevard, and take any action necessary.

***DISCUSSION ITEMS***

10. **Z2019-009** **(David)**
    Hold a public hearing to discuss and consider a request by Chris Lam, PE of Lam Consulting Engineering on behalf of Price Pointer of TCB Construction Group, LLC for the approval of a Specific Use Permit (SUP) for a *restaurant less than 2,000 SF without a drive-through or drive-in* on a 0.23-acre parcel of land identified as Block 20B of the Amick Addition, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 50 (PD-50) for Residential Office (RO) District land uses, situated within the North Goliad Corridor Overlay (NGC OV) District, addressed as 505 N. Goliad Street, and take any action necessary.

11. **Z2019-010** **(Korey)**
    Hold a public hearing to discuss and consider a request by Dwayne Cain of EVSR (D), LLC for the approval of a Specific Use Permit (SUP) for a *guest quarters/secondary living unit* and *barn or agricultural accessory building* on a 10.61-acre portion of a larger 26.078-acre tract of land identified as Tract 2 & 2-4 of the W. M. Dalton Survey, Abstract No. 72, City of Rockwall, Rockwall County, Texas, zoned Agricultural (AG) District, addressed as 777 & 839 Cornelius Road, and take any action necessary.

12. **Z2019-011** **(Korey)**
    Hold a public hearing to discuss and consider a request by Scott Lewis of RRDC, LTD for the approval of an amendment to Planned Development District 47 (PD-47) [*Ordinances 99-17 & 07-04*] being a 14.4715-acre tract of land identified as Tract 104 of the E. Teal Survey, Abstract No. 207 and Lot 1, Block A, First Christian Church, Disciples of Christ Addition, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 47 (PD-47) for Single-Family 10 (SF-10) District land uses, situated within the Scenic Overlay (SOV) District, generally located at the northeast corner of the intersection of Ridge Road [*FM-740*] and White Road, and take any action necessary.

13. **P2019-017** **(Korey)**
    Discuss and consider a request by Chase Finch of Corwin Engineering, Inc. on behalf of Suresh Shridharani of Harlan Properties, Inc. for the approval of a preliminary plat for the Emerson Farms Subdivision containing 107 single-family residential lots on a 138.756-acre tract of land identified as Tract 1 of the J. Lockhart Survey, Abstract No. 137, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 76 (PD-76) for Single Family 1 (SF-1) District land uses, generally located on the east side of Dowell Road south of the intersection of SH-276 and Dowell Road, and take any action necessary.

14. **SP2019-009** **(Korey)**
    Discuss and consider a request by Cari Foote of Cari Foote & Associates, PLLC for the approval of a site plan for an office building on a one (1) acre parcel of land identified as Lot 1, Block A, Isaac Pena Addition, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 50 (PD-50) for Residential-Office (RO) District land uses, situated in the North Goliad Corridor Overlay (NGC OV) District, addressed as 925 N. Goliad Street, and take any action necessary.

15. **SP2019-012** **(David)**
    Discuss and consider a request by Kyle McCullah of Callaway Architecture on behalf of Jason Lee of Lollicup USA, Inc. for the approval of an amended site plan for an existing manufacturing facility on a 34.23-acre tract of land identified as Lot 2, Block A, Rockwall Technology Park, Phase 4 Addition, City of Rockwall, Rockwall County, Texas, zoned Light Industrial (LI) District, situated within the FM-549 Overlay (FM-549 OV) District, addressed as 3201 Capital Boulevard, and take any action necessary.

16. Director's Report of post Council meeting outcomes of Planning & Zoning cases **(Ryan)**.

    - ✓ P2019-010: Final Plat for Lot 1, Block A and Lot 1, Block B, Ladera Rockwall Addition [*Approved*]
    - ✓ P2019-013: Replat for Lots 3, 4 & 5, Block A, Richard Harris Subdivision No. 3 Addition [*Approved*]

- ✓ P2019-016: Replat for Lot 2 of the Cain Properties #1 Addition [*Approved*]
- ✓ Z2019-005: Zoning Change (AG to PD) for Heritage Park [*Postponed to May 20,* 2019]
- ✓ Z2019-006: SUP for a Structure Exceeding 60-Feet in a Light Industrial (LI) District (*1st Reading*) [*Approved*]
- ✓ Z2019-007: SUP for Outdoor Commercial Amusement/Recreation (*1st Reading*) [*Approved*]
- ✓ Z2019-008: Amended PD Development Plan for Planned Development District 32 (PD-32) (*1st Reading*) [*Approved*]

## ADJOURNMENT

This facility is wheelchair accessible and accessible parking spaces are available. Request for accommodations or interpretive services must be made 48 hours prior to this meeting. Please contact the City Secretary's Office at (972) 772-6406 for further information.

I, Laura Morales, Planning and Zoning Coordinator for the City of Rockwall, Texas, do hereby certify that this Agenda was posted at City Hall, in a place readily accessible to the general public at all times, on the 26th day of April 2019 at 5:00 p.m., and remained so posted for at least 72 continuous hours preceding the scheduled time of said meeting.

II. CONSENT AGENDA

1. Approval of Minutes for the February 26, 2019 Planning and Zoning Commission meeting.

2. P2019-006
Discuss and consider a request by Debora Allegranti of CBOCS Texas, LLC on behalf of Eric Borkenhagen of Kohls Illinois, Inc. for the approval of a replat for Lots 6 & 7, Market Center East Addition being a 9.012-acre tract of land identified as Lot 1, Market Center East Addition, City of Rockwall, Rockwall County, Texas, zoned Commercial (C) District, situated within the IH-30 Overlay (IH-30 OV) District, addressed as 823 & 845 E. IH-30, and take any action necessary.

3. P2019-014
Discuss and consider a request by Mike Whittle and Randall Noe of Rockwall Rental Properties, LLC for the approval of a replat for Lots 16 & 17, Block 2, Alliance Addition, Phase 2 being a 0.98-acre tract of land identified as Lots 14 & 15, Block 2, Alliance Addition, Phase 2, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 57 (PD-57) for Commercial (C) District land uses, addressed as 6520 & 6530 Alliance Addition, and take any action necessary.

4. P2019-015
Discuss and consider a request by Matt Moore of Claymoore Engineering on behalf of Phil Wagner of the Rockwall Economic Development Corporation for the approval of a replat for Lot 4, Block E, Rockwall Technology Park Addition being a 3.634-acre parcel of land identified as Lot 1, Block E, Rockwall Technology Park Addition, City of Rockwall, Rockwall County, Texas, zoned Light Industrial (LI) District, situated within the FM-549 Overlay (FM-549 OV) District, located at the northwest corner of the intersection of Technology Way and Observation Trail, and take any action necessary.

**Commissioner Welch made a motion to approve the consent agenda. Commissioner Moeller seconded the motion which passed by a vote of 5-0 with Commissioners Chodun and Fishman absent.**

III. APPOINTMENTS

5. Appointment with Architectural Review Board representative to receive the Board's recommendations and comments for items on the agenda requiring architectural review.

**Architectural Review representative, Julian Meyrat, gave a brief explanation concerning agenda items that were discussed at the Architectural Review Board meeting.**

IV. ACTION ITEMS

6. SP2017-025
Discuss and consider a request by Greg Wallis of Mershawn Architects on behalf of Doug Fox of Cornerstone Church for the approval of an amended site plan for a church on a six (6) acre parcel of land

identified as Tract 4-07 of the N. Butler Survey, Abstract No. 20, City of Rockwall, Rockwall County, Texas, zoned Commercial (C) District, situated within the 205 By-Pass Overlay (205 BY-OV) District, addressed as 1565 Airport Road, and take any action necessary.

**Senior Planner, Korey Brooks, provided a brief explanation and background of the case. In August 2017, the applicant submitted a request for approval of a site plan for an approximately 21,600 square foot house of worship. While reviewing the proposed site plan, landscape plan, treescape plan, photometric plan, and building elevations, staff notified the applicant of the variances required to construct the building. At the time of this review, it appeared that the rear of the building did not have a parapet wall providing screening from the mechanical equipment that was thought to be mounted on the roof. In response to this, staff requested that the applicant provide the height of the parapet wall, and indicate how the equipment would be screened. In addition, staff requested that the applicant provide a dash line on the building elevations indicating where the equipment would be located. The applicant submitted revised comments noting that the rooftop units (RTU's) were to be screened utilizing a six foot tall masonry wall matching the exterior materials used on the building; however, the applicant intended for the HVAC system to be on the ground and screened by a six foot wing wall (despite indicating RTU's on the provided comments as opposed to noting HVAC's). Staff was under the impression that the intent of the applicant's comment was to provide a six foot tall masonry wall on the rear of the building where there was no parapet wall. The revised building elevations depicted a sloped dash line on the east and west building elevations, but did not indicate the provision of a parapet wall. At the time of building permit, a comment was made indicating a need to show the parapet wall, but this was never followed up on and a building permit was issued. Based on this issuance the applicant felt like they had addressed all of staff's comments, and the applicant commenced construction of the building. Currently, the building shell has been erected. Recently, it was discovered by staff that the building did not incorporate the required parapet in accordance with the requirements of the Unified Development Code, and that the variance was not requested by the applicant as part of the original case nor was it approved as part of this case. Based on this, staff notified the applicant that this would need to be rectified prior to the City giving final acceptance to the project.**

**Mr. Brooks further noted that since this notification, the applicant has stated that they do not wish to construct the parapet wall citing the cost required to retrofit the building as being the main reason. Based on this, the applicant has submitted an application requesting the approval of a variance for this issue. As a compensatory measure the applicant is requesting that the Planning and Zoning Commission accept one of the following alternatives: (1) Grant a variance to the requirement and leave the building as-is since the City issued a permit in error; (2) Grant a variance to utilize trees to partially screen the parapet walls at the rear; or (3)Grant a variance to paint the back of the parapet walls that are visible from John King Boulevard a color to match the stucco on the front façades and provide the additional trees mentioned in Option 2 above. The rear of this building is highly visible from John King Boulevard and both staff and the applicant have provided pictures of the visibility of the building. The Planning and Zoning Commission is not limited to approving the variance as presented, and retains discretion with regard to the request. Based on the requirements of the Unified Development Code, since the four sided parapet wall is a requirement of the overlay district it will require a super-majority vote of the Planning and Zoning Commission for approval. If the request is approved, the applicant would be required to amend the existing site plan and provide staff with new documents reflecting the changes required by the Planning and Zoning Commission.**

**Mr. Brooks advised the Commission that the applicant was present and available for questions as well as staff.**

**Chairman Lyons asked the applicant to come forward and speak.**

**Wayne Mershawn**
**2313 Ridge Road**
**Rockwall, TX**

**Greg Wallis**
**2313 Ridge Road**
**Rockwall, TX**

**Mr. Mershawn came forward and provided additional comments in regards to the case. He shared that they received the quote for the price of parapet wall and it is very cost prohibitive to the project and is the reason they are proposing other options. He added that they are currently 65% complete on the project which also adds to it being even more problematic to try and add the parapet wall at this point.**

**Mr. Wallis came forward and shared during the comments that were given to them by staff the main focus was in regards to screening the HVAC mechanical system which they addressed and responded to. They feel the intent of the parapet wall was met.**

**Chairman Lyons brought the item back to the Commission for further discussion or action.**

**General discussion took place between the Commission in regards to the options that were provided by the applicant and which would better suited.**

**Commissioner Womble made a motion to approve SP2017-025 to include the recommendations of the Architectural Review Board to paint the back of the parapets and provide landscape screening as presented. Commissioner Logan seconded the motion which passed by a vote of 5-0 with Commissioners Chodun and Fishman absent.**

V. DISCUSSION ITEMS

7. Z2019-004

Hold a public hearing to discuss and consider a request by Sandie Wood for the approval of a Specific Use Permit (SUP) for a *guest quarters/secondary living unit* that does not meet the minimum requirements as stipulated by Article IV, *Permissible Uses*, of the Unified Development Code (UDC) on a 3.574-acre parcel of land identified as Lot 1, Block A, Wood Estates Addition, City of Rockwall, Rockwall County, Texas, zoned Single-Family 7 (SF-7) District, addressed as 207 Nash Street, and take any action necessary.

**Senior Planner, Korey Brooks, advised the Commission that the applicant was present and would provide details of the case.**

**Mike Reed**
**Reed Homes**
**307 S. Nash**
**Rockwall, TX**

**Mr. Reed came forward and indicated he is the builder working on the project. He shared that the property being discussed had been used as a dump for many years and they have been hauling large amounts of trash and items left behind as well as trimmed trees.**

**Sandy Wood**
**8718 Clearlake Drive**
**Rowlett, TX**

**Ms. Wood came forward came forward and provided a brief explanation of the request. She shared her son has down syndrome and the area they are trying to get the Specific Use Permit approved for would serve as an area that her son and his friends with special needs could use as an additional independent space to allow independence for her son.**

**Mr. Brooks added that the request contains two uses, it contains a detached garage use and also a living quarter's use which are two different uses. For the detached garage if it exceeds the maximum square footage for that district it is required to go before the Board of Adjustments first to request a variance to the maximum square footage. Following that it would come before the Planning and Zoning Commission for a masonry exception if it does not meet the masonry requirement which would be an SUP process. In this case, the guest quarters is an SUP process however the detached garage is not. The Commission would be looking at separating the two uses because it would be hard to regulate in the future to ensure compliance with the SUP if all is in one building.**

**Chairman Lyons brought the item back to the Commission for questions or discussion.**

**Commissioner Womble asked for clarification as to what is being proposed. Ms. Wood stated it is for a house and a garage that will contain the secondary living quarters that she intends to use for a play area for her son.**

**Commissioner Moeller asked in regards to the material of the main structure. Mr. Reed indicated it would be stone and hardyboard. Commissioner Moeller asked if they have considered those same materials for the secondary quarter's space rather than metal which is what they are proposing. Mr. Reed shared that they had looked into it, would rather not due to the cost, but would go with that option if they had to. Commissioner Moeller shared he does not have a problem with the concept however there are rules that need to be abided by, that being one of them.**

**Mr. Brooks added that should the request be approved for the use, it would then have to go before the Board of adjustments for a variance for the maximum size of the entire structure and would then come back to the Planning and Zoning Commission for a masonry exception.**

**There being no further questions Chairman Lyons indicated the case will return to the Commission for action at the next scheduled meeting.**

8. Z2019-005

Hold a public hearing to discuss and consider a request by Kent Donahue of Donahue Development Corporation on behalf of the owner Rockwall Highgate LTD for the approval of a zoning change from an Agricultural (AG) District to a Planned Development District for Single Family 7 (SF-7) District land uses on a 264.510-acre tract of land identified as Tracts 17-13 [*50.0-acres*], 17-14 [*26.452-acres*], 17-15 [*134.33-acres*], 17-16 [*43.6-acres*], & 40-8 [*8.79-acres*] of the W. W. Ford Survey, Abstract No. 80, City of Rockwall, Rockwall County, Texas, zoned Agricultural (AG) District, located on the east side of SH-205 (S. Goliad Street) south of the intersection of SH-205 and FM-549, and take any action necessary.

**Planning Director, Ryan Miller, indicated that the applicant was present and would provide information in regards to the request.**

**Kent Donahue**
**15443 Noel Trail**
**Dallas, TX**

**Mr. Donahue came forward and provided a brief explanation of the case. He shared the subject property is a unique site with a beautiful creek in the shape of the state of Texas. He has been working with Planning and Parks staff on ideas to not only add amenities to the creek area but also do a regional park which the south side of town is in great need of. The original plan had 39 acres of creek area with hike and bike trails and the lake area with 15 acres of high and dry land however as they got into it they understood that there was a need for a regional park which has a minimum requirement of 50 acres. This allowed them to propose a much bigger park by combining the floodplain area along with 55 acres of high and dry areas. He went on to share that they have been working diligently with staff and will be discussing three different plans with the Parks Department to get their feedback as to which plan they prefer. He provided a brief power point presentation that detailed the concept plan of their proposal for the park amenities as well as the balance of the property which would be residential land use for a subdivision. He indicated they have reviewed staff's comments and are in agreement with the majority of those, he feels they have met all the base standards the City of Rockwall has.**

**Mr. Miller added that staff checked for conformance against the newly adopted Comprehensive Plan and for the most part the majority of the plan does conform to it as well as the Future Land Use and the Land Use Plan, however staff made a few recommendations to the applicant.**

**Chairman Lyons brought the item back to the Commission for questions or discussion.**

**Commissioner Welch asked if it would be developed in two different phases with the creek dividing the two where one couldn't drive all the way across it. Mr. Donahue indicated there will be pedestrian access with pedestrian bridges but no vehicular.**

**Commissioner Logan asked if there would be multiple entrances coming off of SH-205. Mr. Donahue indicated there will be two points of entry. Mr. Miller added that they will be required to do a traffic impact study.**

**There being no further questions Chairman Lyons indicated the case will return to the Commission for action at the next scheduled meeting.**

9. Z2019-006

Hold a public hearing to discuss and consider a request by Mark W. Pross of Pross Design Group, Inc. on behalf of Carolina Molina of Alvaplast US (SPR Packaging) for the approval of a Specific Use Permit (SUP) for a structure that exceeds 60-feet in a Light Industrial (LI) District on a 42.61-acre tract of land identified as Tract 7 of the N. Butler Survey, Abstract No. 20 (*11.3736-acres*); Tract 31 of the R. Ballard Survey, Abstract No. 29 (*8.197-acres*); and, Lot 1-01, Block 1, Indalloy Addition (*14.53-acres*), City of Rockwall, Rockwall County, Texas, zoned Light Industrial (LI) District, situated at the terminus of Aluminum Plant Road, and take any action necessary.

**Planning Manager, David Gonzales, advised the Commission that the applicant was present and would be presenting the case and added that a site plan was approved last month and part of that site plan was a landscape screening plan that was approved as well.**

**Chairman Lyons asked the applicant to come forward.**

**Ignacio Echavarri**
**President of SPR Packaging**
**1480 Justin Road**
**Rockwall, TX**

**Mr. Echavarri came forward and stated that they are requesting a Specific Use Permit for a height variance on the three tracts of land that they own north of the railroad track. He shared that they met with neighboring Park Place residents and discussed with them in great detail what they are proposing. Mr. Echavarri then provided a lengthy power point presentation that detailed SPR's background, their vision for their business expansion plans for the future, visual mitigation and renderings of what they plan to provide, what the company is about and what they do, their development plans and the reason for the need of the height variance that they are requesting.**

**Chairman Lyons brought the item back to the Commission for discussion/questions.**

**Commissioner Womble asked if the rooflines vary with the phases as they are developed or will they keep a continuous roof line throughout the whole thing. Mr. Echavarri indicated that technically they will vary. Commissioner Womble asked if there would be any steam or smoke coming out of the facilities. Mr. Echavarri explained that they are very careful with what they emit and their systems are energy efficient state of the art and do not emit any type of steam or smoke.**

**Commissioner Welch asked if this would be the largest company that currently is in Rockwall. Mr. Gonzales indicated that it would be the largest of its kind there are big facilities within the Technology Park but not nearly of this size. Commissioner Welch shared his appreciation to the applicant for providing the master plan for the development in its entirety. Commissioner Logan asked if there are any air quality issues with EPA. Mr. Echavarri explained that they have a very clean record with TECQ who regulates air quality for the State.**

**Commissioner Moeller asked in regards to the FFA requirements since they are in proximity of the airport. Mr. Echavarri shared that they have done their due diligence and are in compliance with FFA requirements.**

**There being no further questions Chairman Lyons indicated the case will return to the Commission for action at the next scheduled meeting.**

**Chairman Lyons called a recess at 7:55 p.m.**

**Chairman Lyons called the meeting back to order at 8:04 p.m.**

10. Z2019-007

Hold a public hearing to discuss and consider a request by Ruben Garcia and Brandon Mullins on behalf of Forrest B. Davis Jr. for the approval of a Specific Use Permit (SUP) for *outdoor commercial amusement/recreation* in conjunction with an existing Craft/Micro Brewery on a 1.215-acre parcel of land identified as Lot 1-F, Bodin Industrial Addition, City of Rockwall, Rockwall County, Texas, zoned Light

Industrial (LI) District, situated within the IH-30 Overlay (IH-30 OV) District, addressed as 2015 Kristy Lane, and take any action necessary.

**Planning Manager, David Gonzales, advised the Commission that the applicant was present and would be discussing the case.**

**Chairman Lyons asked the applicant to come forward and speak.**

**Mike Rictor**
**Mingling Mouth**
**Rockwall, TX**

**Mr. Rictor came forward and shared he provides the food for the brewery. He added that the events they host have been gaining popularity and they've outgrown the area on the inside. They would like to have the stage in the back which will be fenced in to allow additional entertainment area for their patrons.**

**Brandon Mullins**
**2015 Kristy Lane**
**Rockwall, TX**

**Mr. Mullins came forward and provided a brief explanation of the request. They are requesting a Specific Use Permit for an outdoor amusement area. They hold events such as trivia, open mic and karaoke as well as charity events. They would like to get a small stage in the back area of the brewery to for the entertainment events they host.**

**Ruben Garcia**
**2015 Kristy Lane**
**Rockwall, TX**

**Mr. Garcia came forward and shared that with the numerous charity events they host as well as other events they've outgrown the area they're in currently and by opening and fencing in the back area would give them the much needed space to continue hosting and providing entertainment for the patrons as well as their numerous charity events.**

**Chairman Lyons brought the item back to the Commission for questions or discussion.**

**Commissioner Welch asked if the parking requirement would be impacted by expanding to the backyard where they will have more capacity. Mr. Gonzales explained that since it is just concerning a use for the outdoor area it does not require any additional parking built in the ordinance.**

**There being no further questions Chairman Lyons indicated the case will return to the Commission for action at the next scheduled meeting.**

11. Z2019-008
Hold a public hearing and consider a request by James Ziegler of PegasusAblon on behalf of Rockwall Rental Properties, LP for the approval of a PD Development Plan amending Ordinance 17-64 and in accordance with Ordinance No. 17-22, for a 7.344-acre tract of land identified as Lot 9, Block A, Harbor-Rockwall Addition and Tract 16 of the M. J. Barksdale Survey, Abstract No. 11, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 32 (PD-32), situated within the IH-30 (IH-30) Overlay District, located at the southwest corner of the intersection of the IH-30 frontage road and Lakefront Trail, and take any action necessary.

**Planning Director, Ryan Miller, provided a brief explanation and background of the request. He shared that recently the applicants purchased the Harbor Retail and they came before the Commission and got a site plan approved for the property. It is tied to a PD Development Plan that has certain time limits associated with it and upon finding out that the particular site plan hindered some circulation to other properties in the District, Mr. Ziegler has chosen to come back and amend the PD Development Plan to incorporate a roadway that would provide access to those properties. He advised the Commission that the applicant was present and available for questions as well as staff.**

**Chairman Lyons asked the applicant to come forward.**

**Jim Ziegler**
**8222 Douglas Ave.**
**Dallas, TX**

**Mr. Ziegler came forward and provided a brief explanation of the request. He shared that currently they own the Harbor retail and have the adjoining site, north of the fountain, under contract for a multi-family project for which a site plan has been approved. In going thru that process they realized that with the construction of the IH-30 expansion at the road coming down onto the lake will turn into a one way road going back to the east causing anybody going into their adjoining properties to have to go back on IH-30 to the Dalrock exit and make a U-turn and back to be able to get into the property. The view corridor to the fountain is a wide open area and in the approved site plan had that as an emergency access point for fire trucks to be able to get around the entire project however in looking at how they can help the circulation to allow better access, they are asking to make that an actual drive that the public could access those other properties without having to go back across the lake and turn around and come back. He added that it will be a private drive not a public street and will have landscape to it to allow the visual of it to look pedestrian as well as possibly adding sidewalk between the project and that drive with identified crosswalks in the pavement such as pavers that would allow pedestrians to cross safely. Mr. Miller added that one other aspect of this case is since the applicant has had to change the plan it puts them out past their timelines and will be requesting a year extension.**

**Chairman Lyons brought the item back to the Commission for discussion/questions.**

**Commissioner Womble asked for clarification if it would be a one way street. Mr. Ziegler indicated that it would be a one way coming from the east coming down the drive and going back out to the service road. He added that they feel the overall traffic will be minor.**

**There being no further questions Chairman Lyons indicated the case will return to the Commission for action at the next scheduled meeting.**

12. P2019-010
Discuss and consider a request by Michael Duval of G&A/McAdams on behalf of John Delin of RW Ladera, LLC for the approval of a final plat for Lot 1, Block A and Lot 1, Block B, Ladera Rockwall Addition being a 47.694-acre tract of land identified as a portion of Tract 4-01 and all of Tract 5 of the M. B. Jones Survey, Abstract No. 122, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 85 (PD-85) for General Retail (GR) and Single-Family 7 (SF-7) District land uses, situated within the 205 By-Pass Overlay (205 BY-OV) and the East SH-66 Overlay (E SH-66 OV) District, located at the northeast and northwest corners of the intersection of SH-66 and John King Boulevard, and take any action necessary.

**Planning Manager, David Gonzales, provided a brief explanation of the case. The only purpose the case is coming before the Commission is because it has to go before the Parks Board.**

**Michael Duval**
**111 Hillside Drive**
**Lewisville, TX**

**Mr. Duval came forward and indicated he was available for questions.**

**There being no questions Chairman Lyons indicated the case will return to the Commission for action at the next scheduled meeting.**

13. P2019-013
Hold a public hearing to discuss and consider a request by Dean Cathey of Dean Cathey Custom Homes, Inc. for the approval of a replat for Lots 3, 4 & 5, Block A, Richard Harris Subdivision No. 3 Addition being a 0.57-acre tract of land identified as Lots 1 & 2, Block A, Richard Harris Subdivision No. 3 Addition, City of Rockwall, Rockwall County, Texas, zoned Single Family 7 (SF-7) District, addressed as 705 & 707 Hartman Street, and take any action necessary.

**Senior Planner, Korey Brooks, provided a brief explanation of the request. The case is coming before the Commission because it has to go before the Parks Board to access fees and in addition since it is going from two lots to three lots, a residential replat increasing the number of lots requires a public hearing and notifications were sent out to properties 200 feet within the subject property.**

**There being no further questions Chairman Lyons indicated the case will return to the Commission for action at the next scheduled meeting.**

14. SP2019-006

Discuss and consider a request by Marla Mauricio of Kimley-Horn and Associates, Inc. on behalf of Steve Russell of Excel Rockwall, LLC (ShopCore Properties, LLC) for the approval of a site plan for a commercial retail building on a 0.69-acre portion of a larger 11.125-acre parcel of land being identified as Lot 11, Block A, Rockwall Business Park East Addition, City of Rockwall, Rockwall County, Texas, zoned Commercial (C) District, situated within the IH-30 Overlay (IH-30 OV) District, addressed as 1041 E. IH-30, and take any action necessary.

**Chairman Lyons asked the applicant to come forward and speak in regards to the case.**

**Steve Russell**
**233 S. Wacker**
**Chicago, Ill**

**Mr. Russell came forward and provided a brief explanation of the case. They are proposing a 9,800 square foot building. Current uses include proposed restaurants and a soft goods retailer.**

**Senior Planner, Korey Brooks, provided additional information pertaining to the request. There are a couple of variances associated with the request for horizontal and vertical articulation as well as some material variances however those are in order to match the surrounding buildings. A site plan was approved for the tract of land in 2007 and an area between the two buildings was placed for the purpose of a large park and in 2010 the site plan was amended making the park smaller and into more of an alley. This proposed site plan shows that area more narrow however the applicant is proposing a small park area off to the side. The applicant met with the Architectural Review Board and it was discussed how to make it wider to not have the entire walkway eliminated with this development. Mr. Russell added that in the ARB discussion the Board requested some modifications to the alleyway which included movement of some existing trees into tree wells inside the alley way and some relocating of some lighting as well as some realignment of some of the side walls. He indicated they are exploring those options and generally agreeable to making. Mr. Brooks stated that the applicant will be bringing revised elevations as well as renderings of the proposed alleyway modifications at the next scheduled meeting after having addressed both staff and the ARB's comments.**

**Chairman Lyons brought the item back to the Commission for discussion/questions.**

**There being no further questions Chairman Lyons indicated the case will return to the Commission for action at the next scheduled meeting.**

15. Director's Report of post Council meeting outcomes of Planning & Zoning cases.

**Planning Director, Ryan Miller, provided a brief update about the outcome of the above referenced case at the City Council meeting.**

- ✓ P2019-008: Replat for Lots 1 & 2, Block A, N. E. & J. O. Addition [*Approved*]
- ✓ P2019-009: Replat for Lot 1, Block A, Brakes Plus Addition [*Approved*]
- ✓ SP2019-004: Alternative Tree Mitigation Plan for SPR [*Approved*]
- ✓ Z2019-003: SUP for a Private Sports Arena, Stadium or Track (*1st Reading*) [*Approved*]

VI. ADJOURNMENT

**Chairman Lyons adjourned the meeting at 8:31 p.m.**

PASSED AND APPROVED BY THE PLANNING & ZONING COMMISSION OF THE CITY OF ROCKWALL, Texas, this _____ day of _____, 2019.

|---|---|
| **TO:** | Planning and Zoning Commission |
| **DATE:** | April 30, 2019 |
| **APPLICANT:** | Bill Bricker, *Columbia Development Company, LLC* |
| **CASE NUMBER:** | P2019-018; *Park Place West, Phase III Addition* |

## SUMMARY

Consider a request by Bill Bricker of Columbia Development Company, LLC for the approval of a replat for the Park Place West, Phase III Addition containing 85 single-family lots on a 24.439-acre tract of land being located in the R. Ballard Survey, Abstract No. 29, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 59 (PD-59) for Single-Family 7 (SF-7) District land uses, generally located at the terminus of Park Place Boulevard, and take any action necessary.

## PLAT INFORMATION

☑ The applicant is requesting to replat Park Place West, Phase III Addition for the purpose of combining four (4) lots (*i.e. Lots 13 & 14, Block C and Lots 7 & 8, Block D*) into two (2) lots (*i.e. Lots 25, Block C, and Lot 14, Block D*), and to adjust various drainage and sanitary sewer easements (*i.e. re-align the easements*) in the subdivision.

☑ On October 18, 2004, the City Council approved *Ordinance 04-59* [*Case No. Z2004-034*], which established the development standards for the Park Place Subdivision (*i.e. Planned Development District 59 (PD-59*). This was amended on December 11, 2006, by *Ordinance 06-51* [*Case No. Z2006-023*].

☑ On April 16, 2018, the City Council approved a final plat laying out 82 lots and establishing the Park Place West, Phase III Addition.

☑ The proposed replat generally conforms to the concept plan approved by the City Council on December 11, 2006 under *Case No. Z2006-023* [*Ordinance No. 06-51*].

☑ The surveyor has completed the majority of the technical revisions requested by staff, and this plat -- *conforming to the requirements for replats as stated in the Subdivision Ordinance in the Municipal Code of Ordinances* -- is recommended for conditional approval pending the completion of final technical modifications and submittal requirements.

☑ Conditional approval of this plat by the City Council shall constitute approval subject to the conditions stipulated in the *Conditions of Approval* section below.

☑ With the exception of the items listed in the *Conditions of Approval* section of this case memo, this plat is in substantial compliance with the requirements of the *Subdivision Ordinance* in the Municipal Code of Ordinances.

## CONDITIONS OF APPROVAL

If the Planning and Zoning Commission chooses to recommend approval of the *replat* for *Park Place West, Phase III Addition*, staff would propose the following conditions of approval:

(1) The Replat shall conform to all requirements stipulated by the Planning, Engineering and Fire Departments;

(2) Any construction resulting from the approval of this replat shall conform to the requirements set forth by the Unified Development Code (UDC), the International Building Code (IBC), the Rockwall Municipal Code of Ordinances, city adopted engineering and fire codes and with all other applicable regulatory requirements administered and/or enforced by the state and federal government.

(4/18/2019 11:31 AM SH)
- Too much of the easements are being removed. Only abandon the part of the easement that is no longer needed. See markup.
- Need cross sections for floodplain and the detention easement.
- Sheet 4 of 4 - Note 7 should read, "Property owner is responsible for maintenance, repair and reconstruction of all detention and drainage facilities in easements." Note 7 must be moved down under the paragraph that starts with "Until an escrow deposit..."

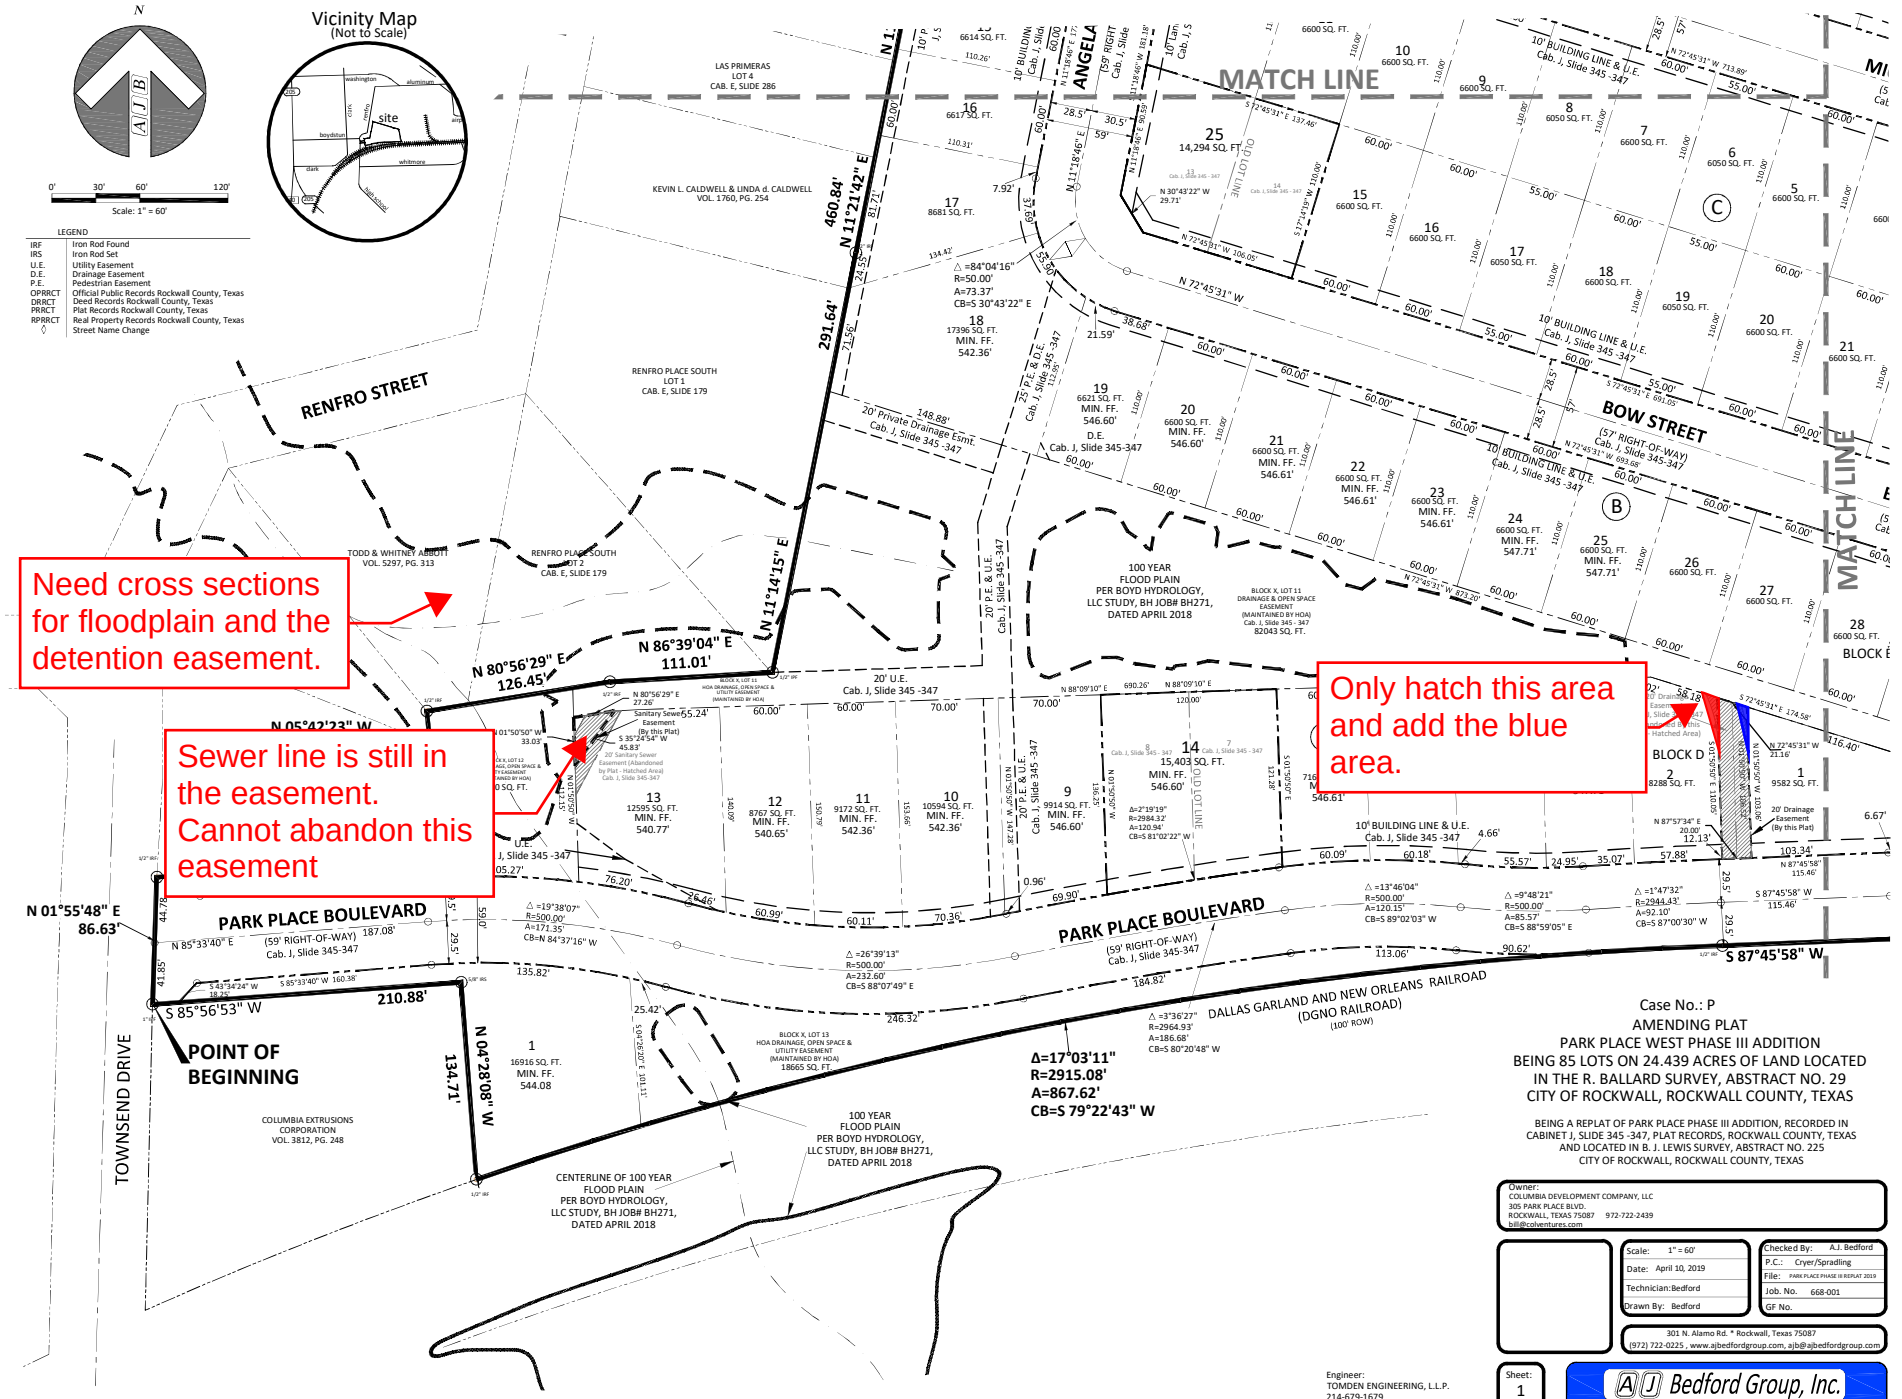
P2019-018 Park Place West, Phase III Addition

Please address the following comments (M= Mandatory Comments; I = Informational Comments).

I.1 This is a request by Bill Bricker of Columbia Development Company, LLC for the approval of a replat for the Park Place West, Phase III Addition containing 85 single-family lots on a 24.439-acre tract of land being located in the R. Ballard Survey, Abstract No. 29, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 59 (PD-59) for Single-Family 7 (SF-7) District land uses, generally located at the terminus of Park Place Boulevard.

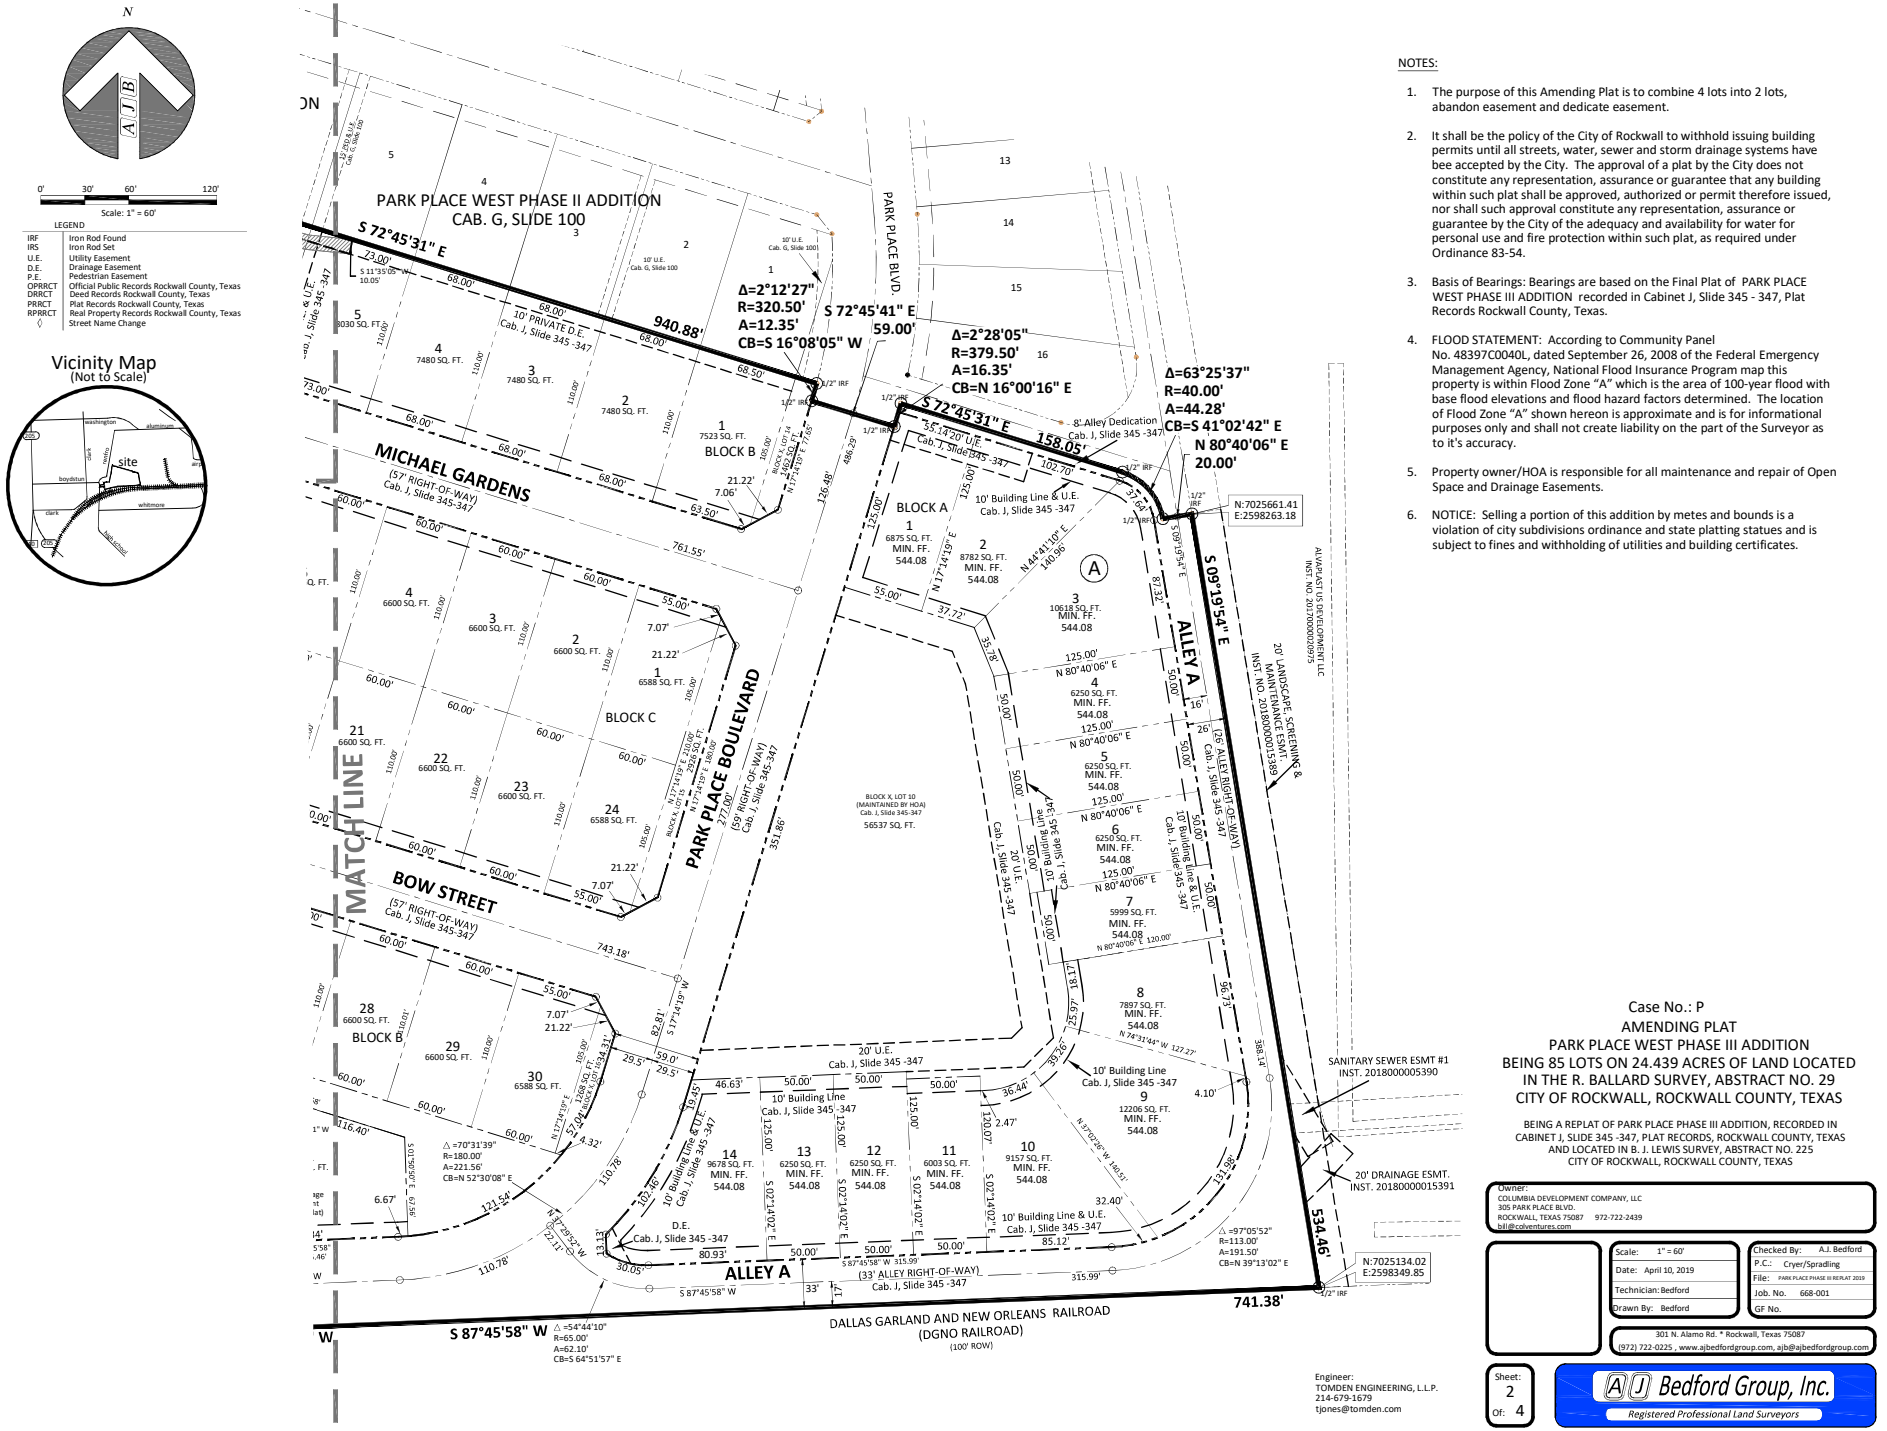
I.2 For questions or comments concerning this case, please contact Korey Brooks in the Planning Department at (972) 772-6434 or email kbrooks@rockwall.com.

M.3 For reference, include the case number (P2019-018) in the lower right hand corner of all pages on future submittals.



M.4 Please provide a note of the purpose of the replat.

M.5 Please provide a clouded version of the replat that indicate the changes in a cloud around each specific change.



M.6 Please revise Note 1 on page 2 to provide more details of the purpose of the replat (i.e. which lots are being combined, what block, what type and number of easements being abandoned and created)

I.7 Staff has identified the aforementioned items necessary to continue the submittal process. Please make these revisions and corrections, and provide any additional information that is requested by May 7, 2019. The Planning and Zoning Meeting for this case is April 30, 2019 and the City Council Meeting is May 6, 2019.

I.8 This is scheduled to be on the Consent Agenda; however, any consent item has the possibility of being pulled for discussion.

N:\ALL FILES\TOMDEN ENGINEERING\Rockwall\Park Place\PARK PLACE WEST - PHASE III\PHASE III 2019\PARK PLACE PHASE III REPLAT 2019.dwg, AMENDING PLAT PAGES, 4/12/2019 8:48:30 AM

NOTES:

1. The purpose of this Amending Plat is to combine 4 lots into 2 lots, abandon easement and dedicate easement.
2. It shall be the policy of the City of Rockwall to withhold issuing building permits until all streets, water, sewer and storm drainage systems have bee accepted by the City. The approval of a plat by the City does not constitute any representation, assurance or guarantee that any building within such plat shall be approved, authorized or permit therefore issued, nor shall such approval constitute any representation, assurance or guarantee by the City of the adequacy and availability for water for personal use and fire protection within such plat, as required under Ordinance 83-54.
3. Basis of Bearings: Bearings are based on the Final Plat of PARK PLACE WEST PHASE III ADDITION recorded in Cabinet J, Slide 345 - 347, Plat Records Rockwall County, Texas.
4. FLOOD STATEMENT: According to Community Panel No. 48397C0040L, dated September 26, 2008 of the Federal Emergency Management Agency, National Flood Insurance Program map this property is within Flood Zone "A" which is the area of 100-year flood with base flood elevations and flood hazard factors determined. The location of Flood Zone "A" shown hereon is approximate and is for informational purposes only and shall not create liability on the part of the Surveyor as to it's accuracy.
5. Property owner/HOA is responsible for all maintenance and repair of Open Space and Drainage Easements.
6. NOTICE: Selling a portion of this addition by metes and bounds is a violation of city subdivisions ordinance and state platting statues and is subject to fines and withholding of utilities and building certificates.

**OWNER'S CERTIFICATE**

**STATE OF TEXAS**
**COUNTY OF ROCKWALL**

**WHEREAS COLUMBIA DEVELOPMENT COMPANY, LLC**, are the owners of a **24.439 acre** tract of land situated in the R. Ballard Survey, Abstract Number 29, in the City of Rockwall, Rockwall County, Texas and being all of the FINAL PLAT for PARK PLACE WEST PHASE III ADDITION according to the plat recorded in Cabinet J, Slide 348 of Official Public Records of Rockwall, County Texas and being more particularly described as follows:

**BEGINNING** at a 1" iron pipe found for the westerly southwest corner of said PARK PLACE WEST PHASE III ADDITION and being located in the east line of T. L. TOWNSEN DRIVE (variable width);

**THENCE** along the east line of said T.L. TOWNSEND DRIVE, **NORTH 01°55'48" EAST** a distance of **86.63** feet to a ½ inch iron rod found for corner;

**THENCE** departing the east line of said T.L. TOWNSEND DRIVE, **NORTH 85°33'40" EAST** a distance of **182.12** feet to a ½ inch iron rod found for the southeast corner of Lot 1, Block A of Richard Harris Subdivision No. 6 recorded in Cabinet B, Slide 340, Official Public Records of Rockwall County, Texas;

**THENCE NORTH 04°30'38" WEST** a distance of **69.54** feet to a ½ inch iron rod found for corner;

**THENCE NORTH 05°42'23" WEST** a distance of **29.95** feet to a ½ inch iron rod found for corner;

**THENCE NORTH 80°56'29" EAST** a distance of **126.45** feet to a ½ iron rod found for corner;

**THENCE NORTH 86°39'04" EAST** a distance **111.01** feet to a ½ inch iron rod found for corner;

**THENCE NORTH 11°14'14" EAST** a distance of **291.65** feet to a ½ inch iron rod found for corner;

**THENCE NORTH 11°11'42" EAST** a distance of **460.84** feet to a ½ inch iron rod found for the westerly northwest corner of said *PARK PLACE WEST PHASE III, ADDITION*;

**THENCE** along the north line of said ***PARK PLACE WEST PHASE III***, ***ADDITION*** as follows:

**SOUTH 72°45'31" EAST** a distance of **940.88** feet to a ½ inch iron rod found for the beginning of a non-tangent curve to the right having a radius of 320.50 feet and a chord bearing of South 16°08'05" West;

**Continuing** said non-tangent curve to the right through a central angle of **02°12'27"** for an arc length of **12.35** feet to a ½ inch iron rod found for corner;

**NORTH 17°08'59" EAST** a distance of **59.00** feet to a ½ inch iron rod found for the beginning of a non-tangent curve to the left having a radius of 379.50 feet and a chord bearing of North 16°00'16" East;

**Continuing** with said non-tangent curve to the left through a central angle of **02°28'02"** for an arc length of **16.35** feet to a ½ inch iron rod found in the south line of an alley dedication for *PARK PLACE PHASE III*;

**THENCE** along the south line of said alley dedication, **SOUTH 72°45'31" EAST** a distance of **158.05** feet to a ½ inch iron rod found for the beginning of a curve to the right having radius of 40.00 feet and a chord bearing of South 41°02'42" East;

**THENCE** with said curve to the right through a central angle of **63°25'37"** for an arc length of **44.28** feet to a ½ inch iron found for corner;

**THENCE NORTH 80°40'06" EAST** a distance of **20.00** feet to ½ inch iron rod found for corner;

**THENCE SOUTH 09°19'54" EAST** a distance of **534.46** feet to a ½ inch iron rod found for the southeast corner of said *PARK PLACE PHASE III* and being located in the north line of DALLAS GARLAND AND NEW ORLEANS RAILROAD (100' wide);

**THENCE** along the south line of said *PARK PLACE PHASE III* and the north line of said *DALLAS GARLAND AND NEW ORLEANS RAILROAD*, **SOUTH 87°45'58" WEST** a distance of **741.38** feet to ½ inch iron rod found for the beginning of a curve to the left having a radius of 2915.08 and a chord bearing of South 79°22'43" West;

**THENCE** continuing with the south line of said *PARK PLACE PHASE III* and the north line of said *DALLAS GARLAND AND NEW ORLEANS RAILROAD* said curve to the left through a central angle of **17°03'11"** for an arc length of **867.62** feet to a ½ inch iron rod found for the southerly southwest corner of said *PARK PLACE PHASE III*;

**THENCE** departing the north line of said *DALLAS GARLAND AND NEW ORLEANS RAILROAD* and continuing with the south line of said *PARK PLACE PHASE III*, **NORTH 04°28'08" WEST** a distance of **134.71** feet to a 5/8 inch iron rod set for corner;

**THENCE** continuing with the south line of said *PARK PLACE PHASE III*, **SOUTH 85°56'53" WEST** a distance of **210.88** feet to the ***PLACE OF BEGINNING***;

**CONTAINING** within these metes and bounds ***24.439 acres*** or *1,064,546* square feet of land more or less.

NOW, THEREFORE, KNOW ALL MEN BY THESE PRESENTS:
STATE OF TEXAS
COUNTY OF ROCKWALL

We, **COLUMBIA DEVELOPMENT COMPANY, LLC**, the undersigned owners of the land shown on this plat, and designated herein as **PARK PLACE PHASE III ADDITION** subdivision to the City of Rockwall, Texas, and whose name is subscribed hereto, hereby dedicate to the use of the public forever all streets, alleys, parks, water courses, drains, easements and public places thereon shown on the purpose and consideration therein expressed. We further certify that all other parties who have a mortgage or lien interest in the **PARK PLACE PHASE III ADDITION** subdivision have been notified and signed this plat. We understand and do hereby reserve the easement strips shown on this plat for the purposes stated and for the mutual use and accommodation of all utilities desiring to use or using same. We also understand the following;

1. No buildings shall be constructed or placed upon, over, or across the utility easements as described herein.

2. Any public utility shall have the right to remove and keep removed all or part of any buildings, fences, trees, shrubs, or other growths or improvements which in any way endanger or interfere with construction, maintenance or efficiency of their respective system on any of these easement strips; and any public utility shall at all times have the right of ingress or egress to, from and upon the said easement strips for purpose of construction, reconstruction, inspecting, patrolling, maintaining, and either adding to or removing all or part of their respective system without the necessity of, at any time, procuring the permission of anyone.

3. The City of Rockwall will not be responsible for any claims of any nature resulting from or occasioned by the establishment of grade of streets in the subdivision.

4. The developer and subdivision engineer shall bear total responsibility for storm drain improvements.

5. The developer shall be responsible for the necessary facilities to provide drainage patterns and drainage controls such that properties within the drainage area are not adversely affected by storm drainage from the development.

6. No house dwelling unit, or other structure shall be constructed on any lot in this addition by the owner or any other person until the developer and/or owner has complied with all requirements of the Subdivision Regulations of the City of Rockwall regarding improvements with respect to the entire block on the street or streets on which property abuts, including the actual installation of streets with the required base and paving, curb and gutter, water and sewer, drainage structures, storm structures, storm sewers, and alleys, all according to the specifications of the City of Rockwall;

7. Property owner is responsible for maintenance, repair, and replacement of all detention/drainage facilities in easements;

Until an escrow deposit, sufficient to pay for the cost of such improvements, as determined by the city's engineer and/or city administrator, computed on a private commercial rate basis, has been made with the city secretary, accompanied by an agreement signed by the developer and/or owner, authorizing the city to make such improvements at prevailing private commercial rates, or have the same made by a contractor and pay for the same out of the escrow deposit, should the developer and/or owner fail or refuse to install the required improvements within the time stated in such written agreement, but in no case shall the City be obligated to make such improvements itself. Such deposit may be used by the owner and/or developer as progress payments as the work progresses in making such improvements by making certified requisitions to the city secretary, supported by evidence of work done; or

Until the developer and/or owner files a corporate surety bond with the city secretary in a sum equal to the cost of such improvements for the designated area, guaranteeing the installation thereof within the time stated in the bond, which time shall be fixed by the city council of the City of Rockwall.

We further acknowledge that the dedications and/or exaction's made herein are proportional to the impact of the Subdivision upon the public services required in order that the development will comport with the present and future growth needs of the City; We, my (our) successors and assigns hereby waive any claim, damage, or cause of action that We may have as a result of the dedication of exactions made herein.

NOTES:

1. The purpose of this Amending Plat is to combine 4 lots into 2 lots, abandon easement and dedicate easement.

2. It shall be the policy of the City of Rockwall to withhold issuing building permits until all streets, water, sewer and storm drainage systems have bee accepted by the City. The approval of a plat by the City does not constitute any representation, assurance or guarantee that any building within such plat shall be approved, authorized or permit therefore issued, nor shall such approval constitute any representation, assurance or guarantee by the City of the adequacy and availability for water for personal use and fire protection within such plat, as required under Ordinance 83-54.

3. Basis of Bearings: Bearings are based on the Final Plat of PARK PLACE WEST PHASE III ADDITION recorded in Cabinet J, Slide 345 - 347, Plat Records Rockwall County, Texas.

4. FLOOD STATEMENT: According to Community Panel No. 48397C0040L, dated September 26, 2008 of the Federal Emergency Management Agency, National Flood Insurance Program map this property is within Flood Zone "A" which is the area of 100-year flood with base flood elevations and flood hazard factors determined. The location of Flood Zone "A" shown hereon is approximate and is for informational purposes only and shall not create liability on the part of the Surveyor as to it's accuracy.

5. Property owner/HOA is responsible for all maintenance and repair of Open Space and Drainage Easements.

6. NOTICE: Selling a portion of this addition by metes and bounds is a violation of city subdivisions ordinance and state platting statues and is subject to fines and withholding of utilities and building certificates.

**OWNER'S CERTIFICATE**

**STATE OF TEXAS**
**COUNTY OF ROCKWALL**

**WHEREAS COLUMBIA DEVELOPMENT COMPANY, LLC**, are the owners of a **24.439 acre** tract of land situated in the R. Ballard Survey, Abstract Number 29, in the City of Rockwall, Rockwall County, Texas and being all of the FINAL PLAT for PARK PLACE WEST PHASE III ADDITION according to the plat recorded in Cabinet J, Slide 348 of Official Public Records of Rockwall, County Texas and being more particularly described as follows:

**BEGINNING** at a 1" iron pipe found for the westerly southwest corner of said PARK PLACE WEST PHASE III ADDITION and being located in the east line of T. L. TOWNSEN DRIVE (variable width);

**THENCE** along the east line of said T.L. TOWNSEND DRIVE, **NORTH 01°55'48" EAST** a distance of **86.63** feet to a ½ inch iron rod found for corner;

**THENCE** departing the east line of said T.L. TOWNSEND DRIVE, **NORTH 85°33'40" EAST** a distance of **182.12** feet to a ½ inch iron rod found for the southeast corner of Lot 1, Block A of Richard Harris Subdivision No. 6 recorded in Cabinet B, Slide 340, Official Public Records of Rockwall County, Texas;

**THENCE NORTH 04°30'38" WEST** a distance of **69.54** feet to a ½ inch iron rod found for corner;

**THENCE NORTH 05°42'23" WEST** a distance of **29.95** feet to a ½ inch iron rod found for corner;

**THENCE NORTH 80°56'29" EAST** a distance of **126.45** feet to a ½ iron rod found for corner;

**THENCE NORTH 86°39'04" EAST** a distance **111.01** feet to a ½ inch iron rod found for corner;

**THENCE NORTH 11°14'14" EAST** a distance of **291.65** feet to a ½ inch iron rod found for corner;

**THENCE NORTH 11°11'42" EAST** a distance of **460.84** feet to a ½ inch iron rod found for the westerly northwest corner of said *PARK PLACE WEST PHASE III, ADDITION*;

**THENCE** along the north line of said ***PARK PLACE WEST PHASE III***, ***ADDITION*** as follows:

**SOUTH 72°45'31" EAST** a distance of **940.88** feet to a ½ inch iron rod found for the beginning of a non-tangent curve to the right having a radius of 320.50 feet and a chord bearing of South 16°08'05" West;

**Continuing** said non-tangent curve to the right through a central angle of **02°12'27"** for an arc length of **12.35** feet to a ½ inch iron rod found for corner;

**NORTH 17°08'59" EAST** a distance of **59.00** feet to a ½ inch iron rod found for the beginning of a non-tangent curve to the left having a radius of 379.50 feet and a chord bearing of North 16°00'16" East;

**Continuing** with said non-tangent curve to the left through a central angle of **02°28'02**" for an arc length of **16.35** feet to a ½ inch iron rod found in the south line of an alley dedication for *PARK PLACE PHASE III*;

**THENCE** along the south line of said alley dedication, **SOUTH 72°45'31" EAST** a distance of **158.05** feet to a ½ inch iron rod found for the beginning of a curve to the right having radius of 40.00 feet and a chord bearing of South 41°02'42" East;

**THENCE** with said curve to the right through a central angle of **63°25'37"** for an arc length of **44.28** feet to a ½ inch iron found for corner;

**THENCE NORTH 80°40'06" EAST** a distance of **20.00** feet to ½ inch iron rod found for corner;

**THENCE SOUTH 09°19'54" EAST** a distance of **534.46** feet to a ½ inch iron rod found for the southeast corner of said *PARK PLACE PHASE III* and being located in the north line of DALLAS GARLAND AND NEW ORLEANS RAILROAD (100' wide);

**THENCE** along the south line of said *PARK PLACE PHASE III* and the north line of said *DALLAS GARLAND AND NEW ORLEANS RAILROAD*, **SOUTH 87°45'58" WEST** a distance of **741.38** feet to ½ inch iron rod found for the beginning of a curve to the left having a radius of 2915.08 and a chord bearing of South 79°22'43" West;

**THENCE** continuing with the south line of said *PARK PLACE PHASE III* and the north line of said *DALLAS GARLAND AND NEW ORLEANS RAILROAD* said curve to the left through a central angle of **17°03'11"** for an arc length of **867.62** feet to a ½ inch iron rod found for the southerly southwest corner of said *PARK PLACE PHASE III*;

**THENCE** departing the north line of said *DALLAS GARLAND AND NEW ORLEANS RAILROAD* and continuing with the south line of said *PARK PLACE PHASE III*, **NORTH 04°28'08" WEST** a distance of **134.71** feet to a 5/8 inch iron rod set for corner;

**THENCE** continuing with the south line of said *PARK PLACE PHASE III*, **SOUTH 85°56'53" WEST** a distance of **210.88** feet to the ***PLACE OF BEGINNING***;

**CONTAINING** within these metes and bounds ***24.439 acres*** or *1,064,546* square feet of land more or less.

NOW, THEREFORE, KNOW ALL MEN BY THESE PRESENTS:
STATE OF TEXAS
COUNTY OF ROCKWALL

We, **COLUMBIA DEVELOPMENT COMPANY, LLC**, the undersigned owners of the land shown on this plat, and designated herein as **PARK PLACE PHASE III ADDITION** subdivision to the City of Rockwall, Texas, and whose name is subscribed hereto, hereby dedicate to the use of the public forever all streets, alleys, parks, water courses, drains, easements and public places thereon shown on the purpose and consideration therein expressed. We further certify that all other parties who have a mortgage or lien interest in the **PARK PLACE PHASE III ADDITION** subdivision have been notified and signed this plat. We understand and do hereby reserve the easement strips shown on this plat for the purposes stated and for the mutual use and accommodation of all utilities desiring to use or using same. We also understand the following;

1. No buildings shall be constructed or placed upon, over, or across the utility easements as described herein.

2. Any public utility shall have the right to remove and keep removed all or part of any buildings, fences, trees, shrubs, or other growths or improvements which in any way endanger or interfere with construction, maintenance or efficiency of their respective system on any of these easement strips; and any public utility shall at all times have the right of ingress or egress to, from and upon the said easement strips for purpose of construction, reconstruction, inspecting, patrolling, maintaining, and either adding to or removing all or part of their respective system without the necessity of, at any time, procuring the permission of anyone.

3. The City of Rockwall will not be responsible for any claims of any nature resulting from or occasioned by the establishment of grade of streets in the subdivision.

4. The developer and subdivision engineer shall bear total responsibility for storm drain improvements.

5. The developer shall be responsible for the necessary facilities to provide drainage patterns and drainage controls such that properties within the drainage area are not adversely affected by storm drainage from the development.

6. No house dwelling unit, or other structure shall be constructed on any lot in this addition by the owner or any other person until the developer and/or owner has complied with all requirements of the Subdivision Regulations of the City of Rockwall regarding improvements with respect to the entire block on the street or streets on which property abuts, including the actual installation of streets with the required base and paving, curb and gutter, water and sewer, drainage structures, storm structures, storm sewers, and alleys, all according to the specifications of the City of Rockwall;

7. Property owner is responsible for maintenance, repair, and replacement of all detention/drainage facilities in easements;

Until an escrow deposit, sufficient to pay for the cost of such improvements, as determined by the city's engineer and/or city administrator, computed on a private commercial rate basis, has been made with the city secretary, accompanied by an agreement signed by the developer and/or owner, authorizing the city to make such improvements at prevailing private commercial rates, or have the same made by a contractor and pay for the same out of the escrow deposit, should the developer and/or owner fail or refuse to install the required improvements within the time stated in such written agreement, but in no case shall the City be obligated to make such improvements itself. Such deposit may be used by the owner and/or developer as progress payments as the work progresses in making such improvements by making certified requisitions to the city secretary, supported by evidence of work done; or

Until the developer and/or owner files a corporate surety bond with the city secretary in a sum equal to the cost of such improvements for the designated area, guaranteeing the installation thereof within the time stated in the bond, which time shall be fixed by the city council of the City of Rockwall.

We further acknowledge that the dedications and/or exaction's made herein are proportional to the impact of the Subdivision upon the public services required in order that the development will comport with the present and future growth needs of the City; We, my (our) successors and assigns hereby waive any claim, damage, or cause of action that We may have as a result of the dedication of exactions made herein.

PLANNING AND ZONING COMMISSION CASE MEMO

**PLANNING AND ZONING DEPARTMENT**
385 S. GOLIAD STREET • ROCKWALL, TX 75087
PHONE: (972) 771-7745 • EMAIL: PLANNING@ROCKWALL.COM

| | |
|---|---|
| **TO:** | Planning and Zoning Commission |
| **DATE:** | April 30, 2019 |
| **APPLICANT:** | Mike Samples |
| **CASE NUMBER:** | P2019-019; *Lot 11, Block A, 205 Business Park Addition* |

## SUMMARY

Consider a request by Mike Samples for the approval of a final plat for Lot 11, Block A, 205 Business Park Addition being a 1.50-acre tract of land identified as Tract 2-16 of the J. R. Johnson Survey, Abstract No. 128, City of Rockwall, Rockwall County, Texas, zoned Heavy Commercial (HC) District, addressed as 125 National Drive, and take any action necessary.

## PLAT INFORMATION

- ☑ The objective of this request is to final plat Lot 11, Block A, of the 205 Business Park Addition for the purpose of constructing a 4,837 SF metal building, and to add the necessary drainage easements for the development of this site. The subject property is a 1.50-acre tract of land identified as Tract 2-16 of the J. R. Johnson Survey, Abstract No. 128 and is addressed as 125 National Drive. According to the City's historic zoning maps, the property has been zoned Heavy Commercial (HC) District since at least April 5, 2005.

- ☑ On August 31, 1999, the City Council approved an ordinance [*i.e. Ordinance No. 99-33*] annexing the subject property, and other properties along National Drive.

- ☑ On July 10, 2018, the Planning and Zoning Commission approved a site plan [*i.e. Case No. SP2018-018*] and forwarded a recommendation of approval for certain variances associated with the material composition and articulation of the structure. These variances were approved by the City Council on July 16, 2018.

- ☑ The surveyor has completed the majority of the technical revisions requested by staff, and this plat -- *conforming to the requirements for final plats as stated in the Subdivision Ordinance in the Municipal Code of Ordinances* -- is recommended for conditional approval pending the completion of final technical modifications and submittal requirements.

- ☑ Conditional approval of this plat by the City Council shall constitute approval subject to the conditions stipulated in the *Conditions of Approval* section below.

- ☑ With the exception of the items listed in the *Conditions of Approval* section of this case memo, this plat is in substantial compliance with the requirements of the *Subdivision Ordinance* in the *Municipal Code of Ordinances*.

## CONDITIONS OF APPROVAL

If the Planning and Zoning Commission chooses to recommend approval of the final plat for *Lot 11, Block A, 205 Business Park Addition,* staff would propose the following conditions of approval:

(1) All technical comments from the Engineering, Planning and Fire Departments shall be addressed prior to the filing of this plat;

(2) Any construction resulting from the approval of this site plan shall conform to the requirements set forth by the Unified Development Code (UDC), the International Building Code (IBC), the Rockwall Municipal Code of Ordinances, city adopted engineering and fire codes and with all other applicable regulatory requirements administered and/or enforced by the state and federal government.

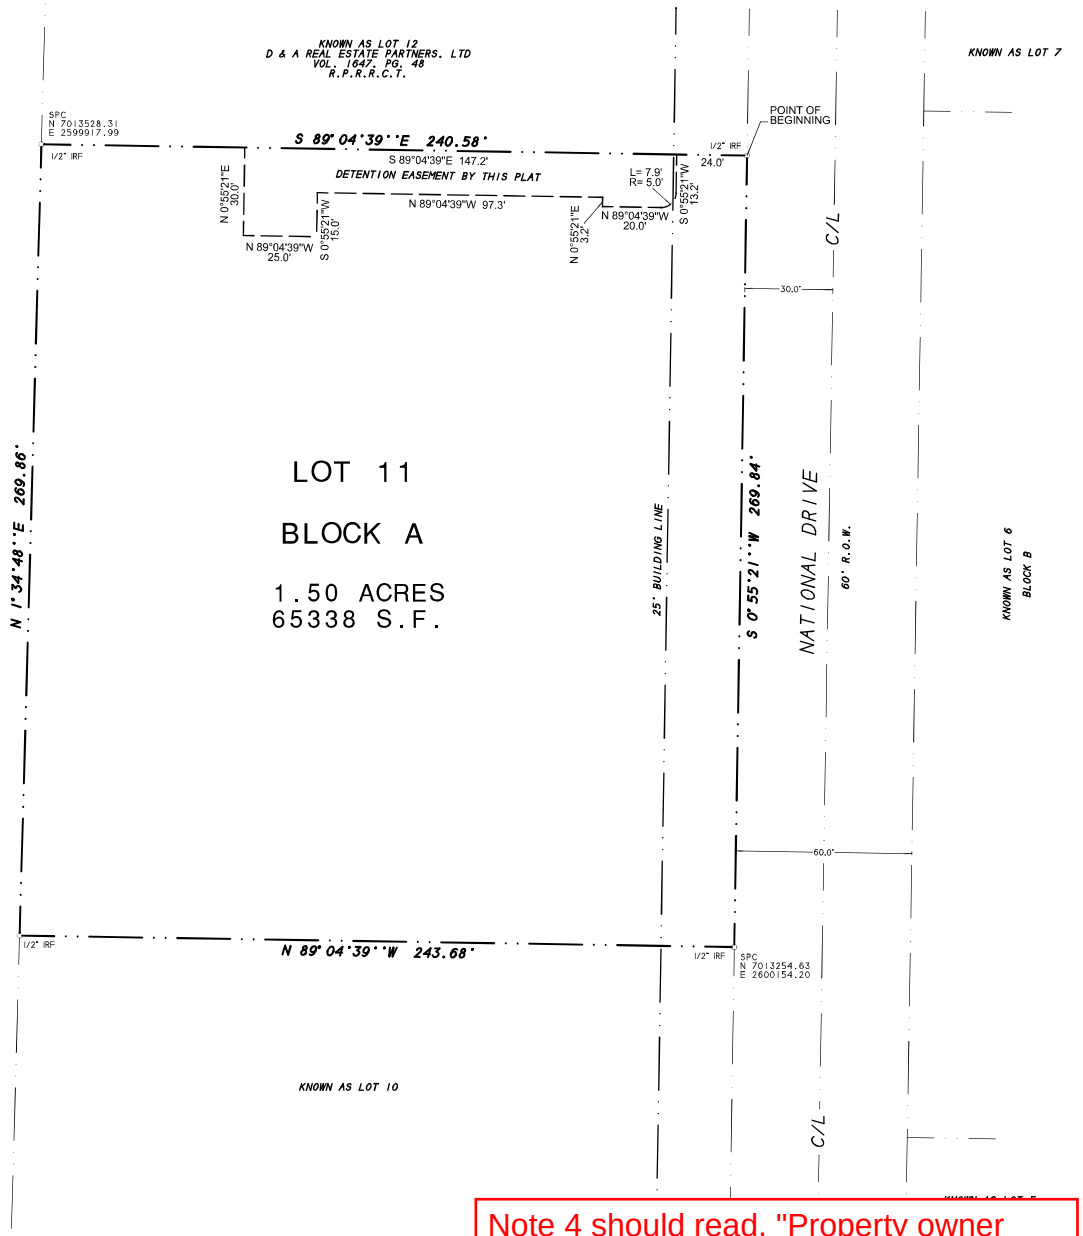
Consider a request by Mike Samples for the approval of a final plat for Lot11, Block A, 205 Business Park Addition being a 1.50-acre tract of land identified as Tract 2-16 of the J. R. Johnson Survey, Abstract No. 128, City of Rockwall, Rockwall County, Texas, zoned Heavy Commercial (HC) District, addressed as 125 National Drive, and take any action necessary.

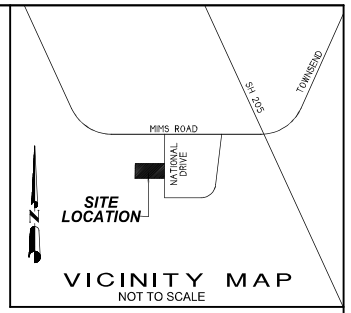
The following staff comments are to be addressed and resubmitted no later than Tuesday May 7, 2019. Please provide one (1) large copy [24" X 36" FOLDED] and one PDF version for a final review by staff:

** Planning Department General Comments to be addressed:

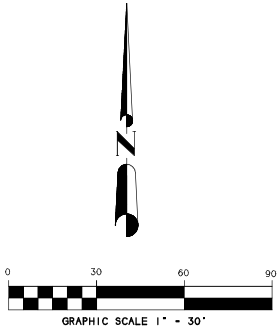
1. The final plat shall conform to all standards and requirements of the Unified Development Code(UDC), the staff comments provided by the Planning, Engineering, Building Inspection, and Fire Departments as indicated in this Project Plan Review document.
2. Provide a label indicating "Case No. P2019-019" on the lower right corner on all pages of the revised final plat submittal
3. Correct Title Block to read as follows:
Final Plat
Lot 11, Block A, 205 Business Park Addition
being a 1.50-acres or 65,338 SF (1-Lot),
Identifed as Tract 2-16 of the J.R. Johnson Survey, A-128
An Addition to the City of Rockwall, Rockwall County, Texas



**As a note and once the plat has been approved by the Planning and Zoning Commission and City Council, all staff comments are to be addressed and all revisions resubmitted and approved (by staff) prior to plat submittal on mylar for filing purposes. **



Although this case is scheduled for consent, staff recommends thata representative be present for the meetings as listed below. If you have any questions regarding this case, please feelfree to contact David Gonzales, AICP with the Planning Department at 972-771-7745.



Scheduled Meeting Dates to Attend:

Planning - Consent Agenda: April 30, 2019 (Tuesday at 6:00p.m.)

City Council - Consent Agenda: May 6, 2019 (Monday at 6:00 p.m.)

OWNER'S CERTIFICATE
(Public Dedication)

STATE OF TEXAS
COUNTY OF ROCKWALL

WHEREAS RACK PARTNERS LTD, BEING THE OWNER OF A TRACT OF land in the County of Rockwall, State of Texas, said tract being described as follows:

All that certain lot, tract or parcel of land situated in the J.R. JOHNSON SURVEY, ABSTRACT NO. 126, City of Rockwall, Rockwall County, Texas, and being known as Lot 11, Block A of ROCKWALL 205 BUSINESS PARK ADDITION, and being the same tract of land as described in a Warramty deed to RACK PARTNERS LTD, dated September 14, 2006 and being recorded in Volume 4757, Page 139 of the Real Property Records of Rockwall County, Texas, and being more particularly described as follows:

BEGINNING at 1/2" iron rod found for corner in the west right-of-way line of National Drive, a 60 foot right-of-way at the northeast corner of Lot 11, Block A, said Rack Partners LTD tract;

THENCE S. 00 deg. 55 min. 21 sec. W. along said right-of-way line, a distance of 269.84 feet to a 1/2" iron rod found for corner;

THENCE N. 89 deg. 04 min. 39 sec. W. along the south line of Lot 11, a distance of 243.68 feet to a 1/2" iron rod found for corner at the southwest corner of Lot 11;

THENCE N. 01 deg. 34 min. 48 sec. E. a distance of 269.86 feet to a 1/2" iron rod found for corner at the northwest corner of Lot 11;

THENCE S. 89 deg. 04 min. 39 sec. E. along the north line of Lot 3, a distance of 240.58 feet to the POINT OF BEGINNING and containing 65,338 square feet or 1.50 acres of land.

NOW, THEREFORE, KNOW ALL MEN BY THESE PRESENTS:

STATE OF TEXAS
COUNTY OF ROCKWALL

I the undersigned owner of the land shown on this plat, and designated herein as 205 BUSINESS PARK, LOT 11, BLOCK A, an Addition to the City of Rockwall, Texas, and whose name is subscribed hereto, hereby dedicate to the use of the public forever all streets, alleys, parks, water courses, drains, easements and public places thereon shown on the purpose and consideration therein expressed. I further certify that all other parties who have a mortgage or lien interest in the subdivision have been notified and signed this plat.

I understand and do hereby reserve the easement strips shown on this plat for the purposes stated and for the mutual use and accommodation of all utilities desiring to use or using same.

I also understand the following;

1. No buildings shall be constructed or placed upon, over, or across the utility easements as described herein.

2. Any public utility shall have the right to remove and keep removed all or part of any buildings, fences, trees, shrubs, or other growths or improvements which in any way endanger or interfere with construction, maintenance or efficiency of th eir respective system on any of these easement strips; and any public utility shall at all times have the right of ingress or egress to, from and upon the said easement strips for purpose of construction, reconstruction, inspecting, patrolling, maint aining, and either adding to or removing all or part of their respective system without the necessity of, at any time, procuring the permission of anyone.

3. The City of Rockwall will not be responsible for any claims of any nature resulting from or occasioned by the establishment of grade of streets in the subdivision.

4. The developer and subdivision engineer shall bear total responsibility for storm drain improvements.

5. The developer shall be responsible for the necessary facilities to provide drainage patterns and drainage controls such that properties within the drainage area are not adversely affected by storm drainage from the development.

6. No house dwelling unit, or other structure shall be constructed on any lot in this addition by the owner or any other person until the developer and/or owner has complied with all requirements of the Subdivision Regulations of the City of Roc kwall regarding improvements with respect to the entire block on the street or streets on which property abuts, including the actual installation of streets with the required base and paving, curb and gutter, water and sewer, drainage structures, sto rm structures, storm sewers, and alleys, all according to the specifications of the City of Rockwall; or

Until an escrow deposit, sufficient to pay for the cost of such improvements, as determined by the city's engineer and/or city administrator, computed on a private commercial rate basis, has been made with the city secretary, accompanied by an agreement signed by the developer and/or owner, authorizing the city to make such improvements at prevailing private commercial rates, or have the same made by a contractor and pay for the same out of the escrow deposit, should the developer an d/or owner fail or refuse to install the required improvements within the time stated in such written agreement, but in no case shall the City be obligated to make such improvements itself. Such deposit may be used by the owner and/or developer as p rogress payments as the work progresses in making such improvements by making certified requisitions to the city secretary, supported by evidence of work done; or

Until the developer and/or owner files a corporate surety bond with the city secretary in a sum equal to the cost of such improvements for the designated area, guaranteeing the installation thereof within the time stated in the bond, which time shall be fixed by the city council of the City of Rockwall.

I further acknowledge that the dedications and/or exaction's made herein are proportional to the impact of the subdivision upon the public services required in order that the development will comport with the present and future growth needs of the City; I , my successors and assigns hereby waive any claim, damage, or cause of action that I may have as a result of the dedication of exaction's made herein.

CITY CASE P2019-

# CITY OF ROCKWALL

PLANNING AND ZONING COMMISSION MEMORANDUM

**PLANNING AND ZONING DEPARTMENT**
385 S. GOLIAD STREET • ROCKWALL, TX 75087
PHONE: (972) 771-7745 • EMAIL: PLANNING@ROCKWALL.COM

| | |
|---|---|
| **TO:** | Planning and Zoning Commission |
| **FROM:** | Ronny Klingbeil, *RLK Engineering, Inc.* |
| **DATE:** | April 30, 2019 |
| **SUBJECT:** | SP2019-008; *Site Plan for Rockwall High School Parking Area* |

On April 20, 2019, the applicant -- *William Salee of Rockwall ISD* -- submitted an application requesting approval of a site plan for the purpose of expanding the existing parking lot for Rockwall High School. The proposed 36 parking space addition will have access from two (2) points of entry (*i.e. ingress/egress*) along W. Yellow Jacket Lane. The subject property is zoned Commercial (C) District, located within the IH-30 Overlay (IH-30 OV) District, and is addressed as 901 W. Yellow Jacket Lane.

The site plan submitted by the applicant could have been approved administratively; however, the plan required the removal of primary protected trees that require approval from the Planning and Zoning Commission prior to removal. The treescape plan indicates a total of 77-caliper inches to be removed from the site, which consists of Live Oak, Red Oak, and Eastern Red Cedar trees. As a note, primary protected trees are any tree that has a diameter of four (4)-inch caliper dbh or greater, with the exception of Bois d'Arc, Willow, Cottonwood, Locust, and Chinaberry. The applicant has provided a landscape plan indicating 20, four (4)-inch trees [*i.e. six (6) Live Oak, eleven (11) Pistachio, and three (3) Red Oak trees*] totaling 80-caliper inches being provided on site in order to satisfy the mitigation balance. No additional mitigation is required. According to Section 3.4, *Treescape Plan Review Process*, of Article IX, *Tree Preservation,* of the Unified Development Code (UDC), the Planning and Zoning Commission is responsible for reviewing and approving or disapproving the treescape plan. The decision of the Planning and Zoning Commission may be appealed to the City Council.

With the exception of the discretionary approval for the treescape plan, the site plan, landscape plan, and photometric plan conform to the technical requirements and standards of the IH-30 Overlay (IH-30) District and the Unified Development Code (UDC). Should the Planning and Zoning Commission have any questions staff will be available at the *April 30, 2019* meeting.

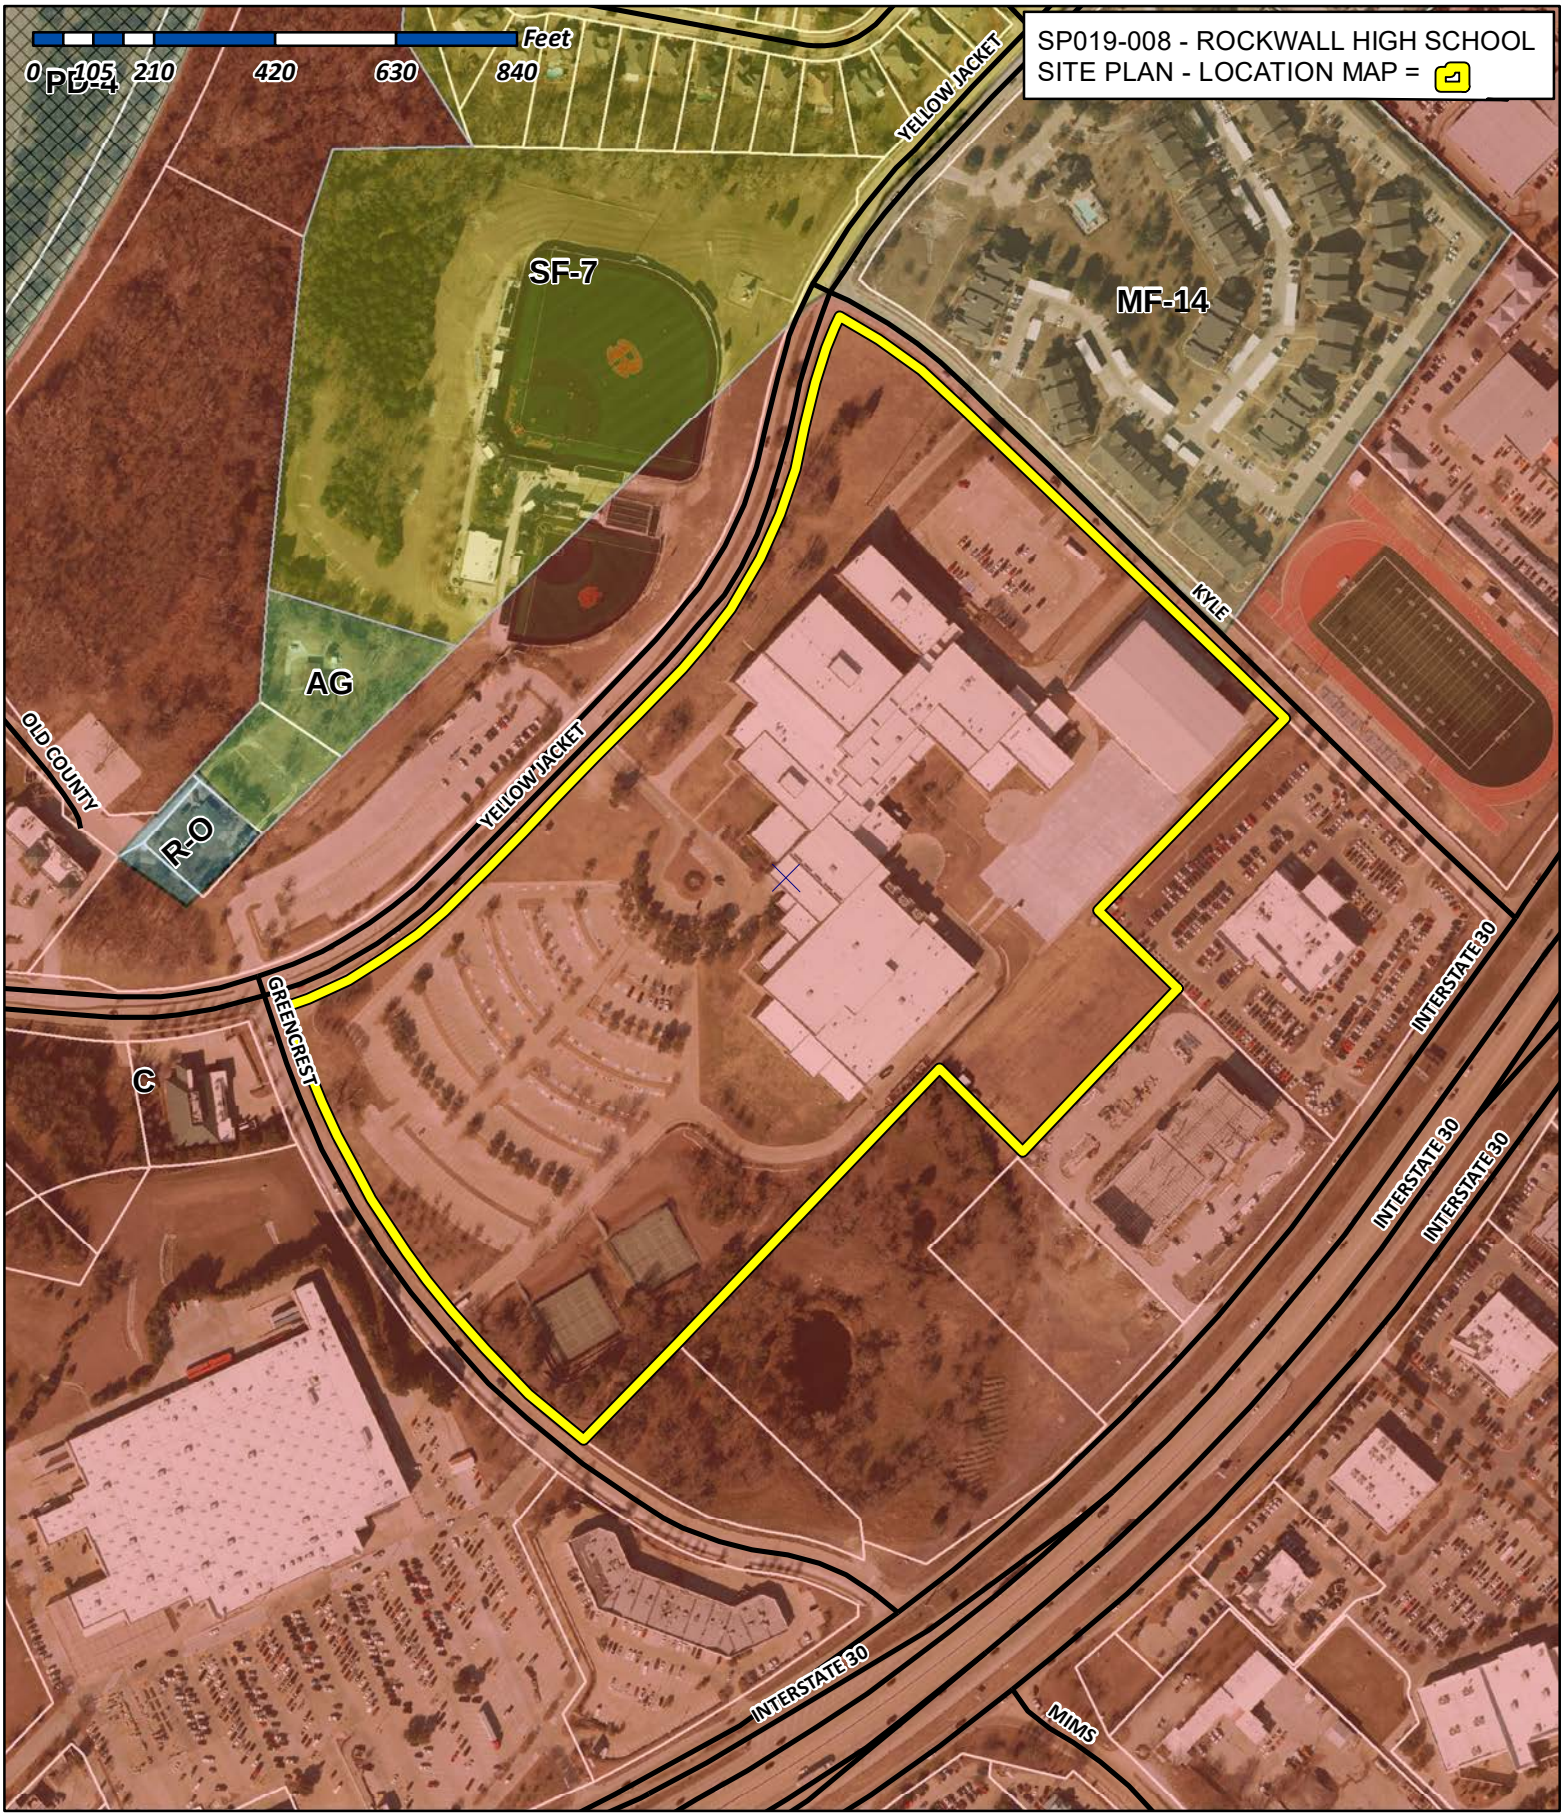
Consider a request by Ronny Klingbeil of RLK Engineering, Inc. on behalf of William Salee of Rockwall ISD for the approval of a site plan for a parking area adjacent to an existing public school on a 35.295-acre parcel of land identified as Lot 1, Block A, Rockwall High School Addition, City of Rockwall, Rockwall County, Texas, zoned Commercial (C) District, situated within the IH-30 Overlay (IH-30 OV) District, addressed as 901 W. Yellow Jacket Lane, and take any action necessary.

The following staff comments are to be addressed and resubmitted no later than Tuesday May 7, 2019. Please provide one (1) large copy [24" X 36" FOLDED] and one PDF version for a final review by staff:



** Planning Department General Comments to be addressed:

1. Adherence to Engineering and Fire Department standards shall be required.
2. Submital and approval of a building permit prior to construction of the parking lot.
3. Provide lighting cut sheets for proposed light fixtures.

** Although on this case is on the Consent Agenda, staff would recommend that you and/or your representative(s) are in attendance for this request. If you have any questions regarding this case, please feel free to contact David Gonzales, AICP with the Planning Department at 972-771-7745.

Meeting Dates to Attend:

1. EXISTING TREES WITHIN CONTRACT LIMITS ARE SHOWN ON THE DRAWINGS. EXISTING TREES DESIGNATED FOR REMOVAL SHALL BE FLAGGED AT THE PROJECT SITE WITH FLAGGING BY THE CONTRACTOR.
2. PROTECT ALL INDIVIDUAL TREES OR GROUPS OF TREES TO BE PRESERVED BY ERECTING A BARRIER AROUND EACH TREE OR GROUP OF TREES. INSTALL AND MAINTAIN BARRIER AT TREE DRIPLINE. BARRIERS SHALL REMAIN IN PLACE UNTIL REMOVAL IS NECESSARY.
3. IN THE EVENT THAT HEAVY CONSTRUCTION IS SCHEDULED TO OCCUR WITHIN THE DRIPLINE OF AN EXISTING TREE, CONTRACTOR SHALL ERECT A PROTECTION FENCE OUTSIDE THE DRIPLINE UNTIL THIS CONSTRUCTION IS SCHEDULED TO OCCUR. THE PROTECTION FENCE MAY THEN BE ADJUSTED AS REQUIRED TO COMPLETE THE PROPOSED CONSTRUCTION. AFTER CONSTRUCTION IN THIS AREA IS COMPLETED, THE PROTECTION FENCE SHALL BE ADJUSTED TO IT'S ORIGINAL LOCATION.
4. CONTRACTORS SHALL NOT PARK, CLEAN TOOLS AND EQUIPMENT OR STORE MATERIALS WITHIN THE DRIPLINE OF ANY TREE.
5. ALL ROOTS OVER 1" IN DIAMETER SHALL BE CUT CLEAN WITH A HAND SAW.

PLANNING AND ZONING COMMISSION MEMORANDUM

**PLANNING AND ZONING DEPARTMENT**
385 S. GOLIAD STREET • ROCKWALL, TX 75087
PHONE: (972) 771-7745 • EMAIL: PLANNING@ROCKWALL.COM

| | |
|---|---|
| **TO:** | Planning and Zoning Commission |
| **FROM:** | Phil Craddock, *Craddock Architecture* |
| **DATE:** | April 30, 2019 |
| **SUBJECT:** | SP2019-011; *Amended Site Plan for Medical Office Building* |

On September 26, 2019, the Planning and Zoning Commission approved a site plan [*i.e. SP2017-023*] for the proposed development. On April 20, 2019, the applicant -- *Phil Craddock of Craddock Architects* -- submitted an application requesting approval of an amended site plan for the purpose of proposing changes to the façade of the approved building elevations. These changes include replacing portions of the brick and stone with stucco in certain areas of all sides of the building elevations. The upper portions of the tower elements, between the cast stone sills, are cladded with brick. These areas will be replaced with stucco as indicated on the revised building elevations. Additionally, the rear façade (*i.e. north elevation*) is composed primarily of stone, which exceeds the Scenic Overlay (SOV) District standards. The applicant is requesting to allow for portions of the rear façade (*i.e. north elevation*) to be replaced with stucco. Despite the changes, the building will maintain conformance with the SOV standard of a minimum of 20% natural stone. The Architectural Review Board (ARB) will provide a recommendation to the Planning and Zoning Commission at the *April 30, 2019* meeting. Staff will also be available at this meeting.

|---|---|---|---|---|---|---|---|

Consider a request by Phil Craddock of Craddock Architecture on behalf of the Michael Fisher of1306 Summer Lee, LLC for the approval of an amended site plan for a medical office building on a 1.082-acre parcel of land identified as Lot 6, Block A, Temunovic Addition, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 9 (PD-9) for General Retail (GR) District land uses, situated within the Scenic Overlay (SOV) District, addressed as 1306 Summer Lee Drive, and take any action necessary.

The following staff comments are to be addressed and resubmitted no later than Tuesday May 7, 2019 or prior to the release of a building permit. Please provide one (1) large copy [24" X 36" FOLDED] and one PDF version for a final review by staff:

** Planning Department General Comments to be addressed:

1. Adherence to Engineering and Fire Department standards shall be required.
2. Re-label revised building elevation plan documents with "Case No. SP2019-011" at the lower right corner of each plan.
3. Provide building elevations that do not have color codes, rather represent what is to be built.
4. RTU's must be screened and not visible from public rights-of-way and adjacent properties. Will the RTU's be visible from the drainage area or is there appropriate screening? Provide detail.
5. All exterior signage requires submittal and approval of a separate building permit through the building inspections department

** Although on this case is on the Consent Agenda, staff would recommend that you and/or your representative(s) are in attendance for this request. If you have any questions regarding this case, please feel free to contact David Gonzales, AICP with the Planning Department at 972-771-7745.

Meeting Dates to Attend:

PLANNING AND ZONING COMMISSION CASE MEMORANDUM

**PLANNING AND ZONING DEPARTMENT**
385 S. GOLIAD STREET • ROCKWALL, TX 75087
PHONE: (972) 771-7745 • EMAIL: PLANNING@ROCKWALL.COM

| | |
|---|---|
| **TO:** | Planning and Zoning Commission |
| **FROM:** | Ryan Miller, *Director of Planning and Zoning* |
| **DATE:** | April 30, 2019 |
| **SUBJECT:** | Z2019-005; *Zoning Change (AG to PD) for Heritage Park* |

On April 16, 2019, the applicant, Kent Donahue of Donahue Development Corporation, requested to withdraw *Case No. Z2019-005* (*see Exhibit 'A'*). According to Section 5, *Application Withdrawal*, of the Article II, *Authority and Administrative Procedures*, of the Unified Development Code (UDC), any case that has been published in the paper and notifications of a public hearing sent out must be placed on the public hearing agenda and acted upon by the applicable body. This means that the Planning and Zoning Commission will need to act to approve the applicant's request to withdraw the case. If the Planning and Zoning Commission does not accept the applicant's request, the Planning and Zoning Commission will not be required to take any action on the withdraw request and the case will proceed as advertised.

**From:** Kent Donahue
**To:** Miller, Ryan
**Cc:** Crowley, Rick
**Subject:** Heritage Park
**Date:** Tuesday, April 16, 2019 9:54:56 AM

Ryan – I am very disappointed in last night's PID hearing and the way that I have been treated in Rockwall. I am withdrawing the zoning request for Heritage Park. The landowner may resubmit at some point in the future but I will not be involved.

PHONE: (972) 771-7745 • EMAIL: PLANNING@ROCKWALL.COM

| | |
|---|---|
| **TO:** | Planning and Zoning Commission |
| **DATE:** | April 30, 2019 |
| **APPLICANT:** | Lonnie and Amy Herbst |
| **CASE NUMBER:** | MIS2019-004; *Masonry Exception for 1509 S. Alamo Street* |

## SUMMARY

Discuss and consider a request by Lonnie and Amy Herbst for the approval of an exception to the minimum masonry requirements stipulated in Section 3.01, *General Residential District Standards*, of Article V, *District Development Standards*, of the Unified Development Code (UDC), for a 0.33-acre parcel of land identified as Lot 8, Block A, Eagle Point Estates Addition, City of Rockwall, Rockwall County, Texas, zoned Single-Family 10 (SF-10) District, addressed as 1509 S. Alamo Drive, and take any action necessary.

## BACKGROUND

The subject property was annexed prior to 1959 and is zoned Single-Family 10 (SF-10) District. On August 15, 2011, the City Council approved a final plat for a single-family residential subdivision (*i.e. Eagle Point Estates Subdivision*). Currently, the subject property is vacant. The applicants have indicated they intend on constructing a single-family home on the subject property. The applicants are requesting a masonry exception to utilize 80% fiber cement siding (*e.g. Hardie Board*) as the primary material on the exterior of the proposed the home.

## ADJACENT LAND USES AND ACCESS

The subject property is located 1509 S. Alamo Street. The land uses adjacent to the subject property are as follows:

*North*: Directly north of the subject property are several single-family homes within the Eagle Point Subdivision followed by a single-family residential development (*i.e. the Ridge Road Village Subdivision*). Beyond this are two (2) single-family residential subdivisions (*i.e. Lake Meadows Subdivision and High Ridge Estates*). These areas are zoned Single-Family 10 (SF-10) District.

*South*: South of the subject property is a single-family residential development (*i.e. Lake Ray Hubbard Estates Subdivision*) and several single-family homes that are adjacent to Ridge Road [FM-740], which is identified as a M4D (*major collector, four [4]-lane, divided roadway*) on the City's Master Thoroughfare Plan. Beyond this are two (2) single-family residential subdivisions (*i.e. The Estates of Coast Royale, Phases 1 & 2 and the Lakeridge Park Subdivision*). These areas are zoned Single-Family 10 (SF-10) District.

*East*: Directly east of the subject property are several single-family homes within the Eagle Point Estates Subdivision followed by Ridge Road [FM-740], which is identified as a M4D (*major collector, four [4]-lane, divided roadway*) on the City's Master Thoroughfare Plan. This area is zoned Single-Family 10 (SF-10) District. Beyond this is a mixed-use development (*i.e. Rockwall Commons*) that is zoned Planned Development District 1 (PD-1) for General Retail (GR) and Multi-family 14 (MF-14) Districts land uses.

*West*: Directly west of the subject property are several single-family homes located within the Eagle Point Estates Subdivision followed by a single-family residential development (*i.e. Lake Ray Hubbard Estates Subdivision*). These areas are zoned Single-Family 10 (SF-10) District. Beyond this is the Takeline and Lake Ray Hubbard, which are located in the City of Dallas.

## CHARACTERISTICS OF THE REQUEST:

The applicants are proposing to provide a two (2)-foot stone and brick wainscot around the entire home. The proposed home will be two (2) stories, approximately 2,400 SF, utilize a board and batten design, and will be constructed utilizing farmhouse architecture. The proposed home exceeds the maximum allowable cementitious materials (*e.g. Hardie Board*) and does not meet the requirements of the Unified Development Code (UDC). Due to this, an exception to the masonry requirements is required to be approved by the Planning and Zoning Commission in order for the applicant to construct the home as presented. According to Section 3.01, *General Residential District Standards*, of Article V, *District Development Standards*, of the Unified Development Code (UDC), "…*all buildings with a footprint of 120 SF or greater and are over ten (10) feet in height shall consist of a minimum of 80% Primary Materials and/or a maximum of 20% Secondary Materials*…" The (UDC) defines *Primary Materials* as stone, brick and/or cementitious materials (*e.g. cementitious lap siding, stucco, or similar materials*), and limits the use of cementitious materials to 60% of the building's exterior façade. The code does grant the Planning and Zoning Commission the ability to consider exceptions to these requirements on a case-by-case basis, provided the applicant submits material samples and building elevations. In this case, the applicants are proposing to utilize 80% (*i.e. 20% more than the maximum allowance*) fiber cement board. A material sample has not been provided by the applicants; however, the applicants have provided building elevations of the proposed home indicating the proposed building materials. Staff should note that the Planning and Zoning Commission and the City Council have approved a similar request for the use of cementitious materials in excess of 60% [*Case No. MIS2018-001*] on the adjacent property (*i.e. 1507 S, Alamo Street*). The approval of an exception to the masonry requirements does not appear to negatively impact the subject property or surrounding properties; however, approval of this request is discretionary to the Planning and Zoning Commission.

## CONDITIONS OF APPROVAL

If the Planning and Zoning Commission chooses to recommend approval of the applicant's request for an exception to the masonry requirements, then staff would propose the following conditions of approval:

(1) Any construction resulting from the approval of this exception shall conform to the requirements set forth by the Unified Development Code (UDC), the International Building Code (IBC), the Rockwall Municipal Code of Ordinances, city adopted engineering and fire codes and with all other applicable regulatory requirements administered and/or enforced by the state and federal government.

MIS2019-004 Masonry Exception for 1509 S. Alamo

Please address the following comments (M= Mandatory Comments; I = Informational Comments).

I.1 This is request by Lonnie and Amy Herbst for the approval of an exception to the minimum masonry requirements stipulated in Section 3.1, General Residential District Standards, of Article V, District Development Standards, of the Unified Development Code, for a 0.33-acre parcel of land identified as Lot 8, Block A, Eagle Point Estates Addition, City of Rockwall, Rockwall County, Texas, zoned Single-Family 10 (SF-10) District, addressed as 1509 S. Alamo Drive.

I.2 For questions or comments concerning this case, please contact Korey Brooks in the Planning Department at (972) 772-6434 or email kbrooks@rockwall.com.

M.3 For reference, include the case number (MIS2019-004) in the lower right hand corner of all pages on future submittals.

M.4 Please provide a material sample.

I.5 Staff has identified the aforementioned items necessary to continue the submittal process. Please make these revisions and corrections, and provide any additional information that is requested by May 7, 2019. The Planning and Zoning Meeting for this case is April 30, 2019.

City of Rockwall Planning and Zoning Department

**Korey M. Brooks**

385 S. Goliad, Rockwall, TX. 75087

Dear **Mr. Brooks,**

My name is Lonnie Herbst. My wife Amy, and I, currently own a home in Forney, Texas where we have lived for almost 32 years. We would like to build a new home in Rockwall, at 1509 South Alamo Road, Lot 8, at Eagle Point Estates.

The house will be a farmhouse style, two story, with approximately 2,400 square feet of living area and a three car garage. There is one item that we need to request a variance from you regarding. The subdivision deed restrictions require 80 percent masonry, and 20 percent Hardy Board siding. The farm style house we intend to build, features 80 percent Hardy Board siding in horizontal, and vertical board and batten style. The remaining 20 percent will be a stone veneer two foot base wrapping the house with a brick top rowlock. The living room fire place exterior chimney will also have a stone veneer body with a brick top cap above the roof.

We have chosen our builder to be Homes by Bowen, and we believe this home will be a beautiful additional to the surrounding neighborhood, and will enhance the different styles currently distributed throughout the subdivision. Our proposed house is similar in construction materials used at 1507 South Alamo, which is currently under construction next door, and is also a farm house style.

Enclosed is our application, and rendering photos of the proposed construction. We appreciate your consideration of this request, and will await your decision. We look forward to becoming Rockwall residents, and the years to come in our beautiful new home.

Best regards,

Lonnie J Herbst

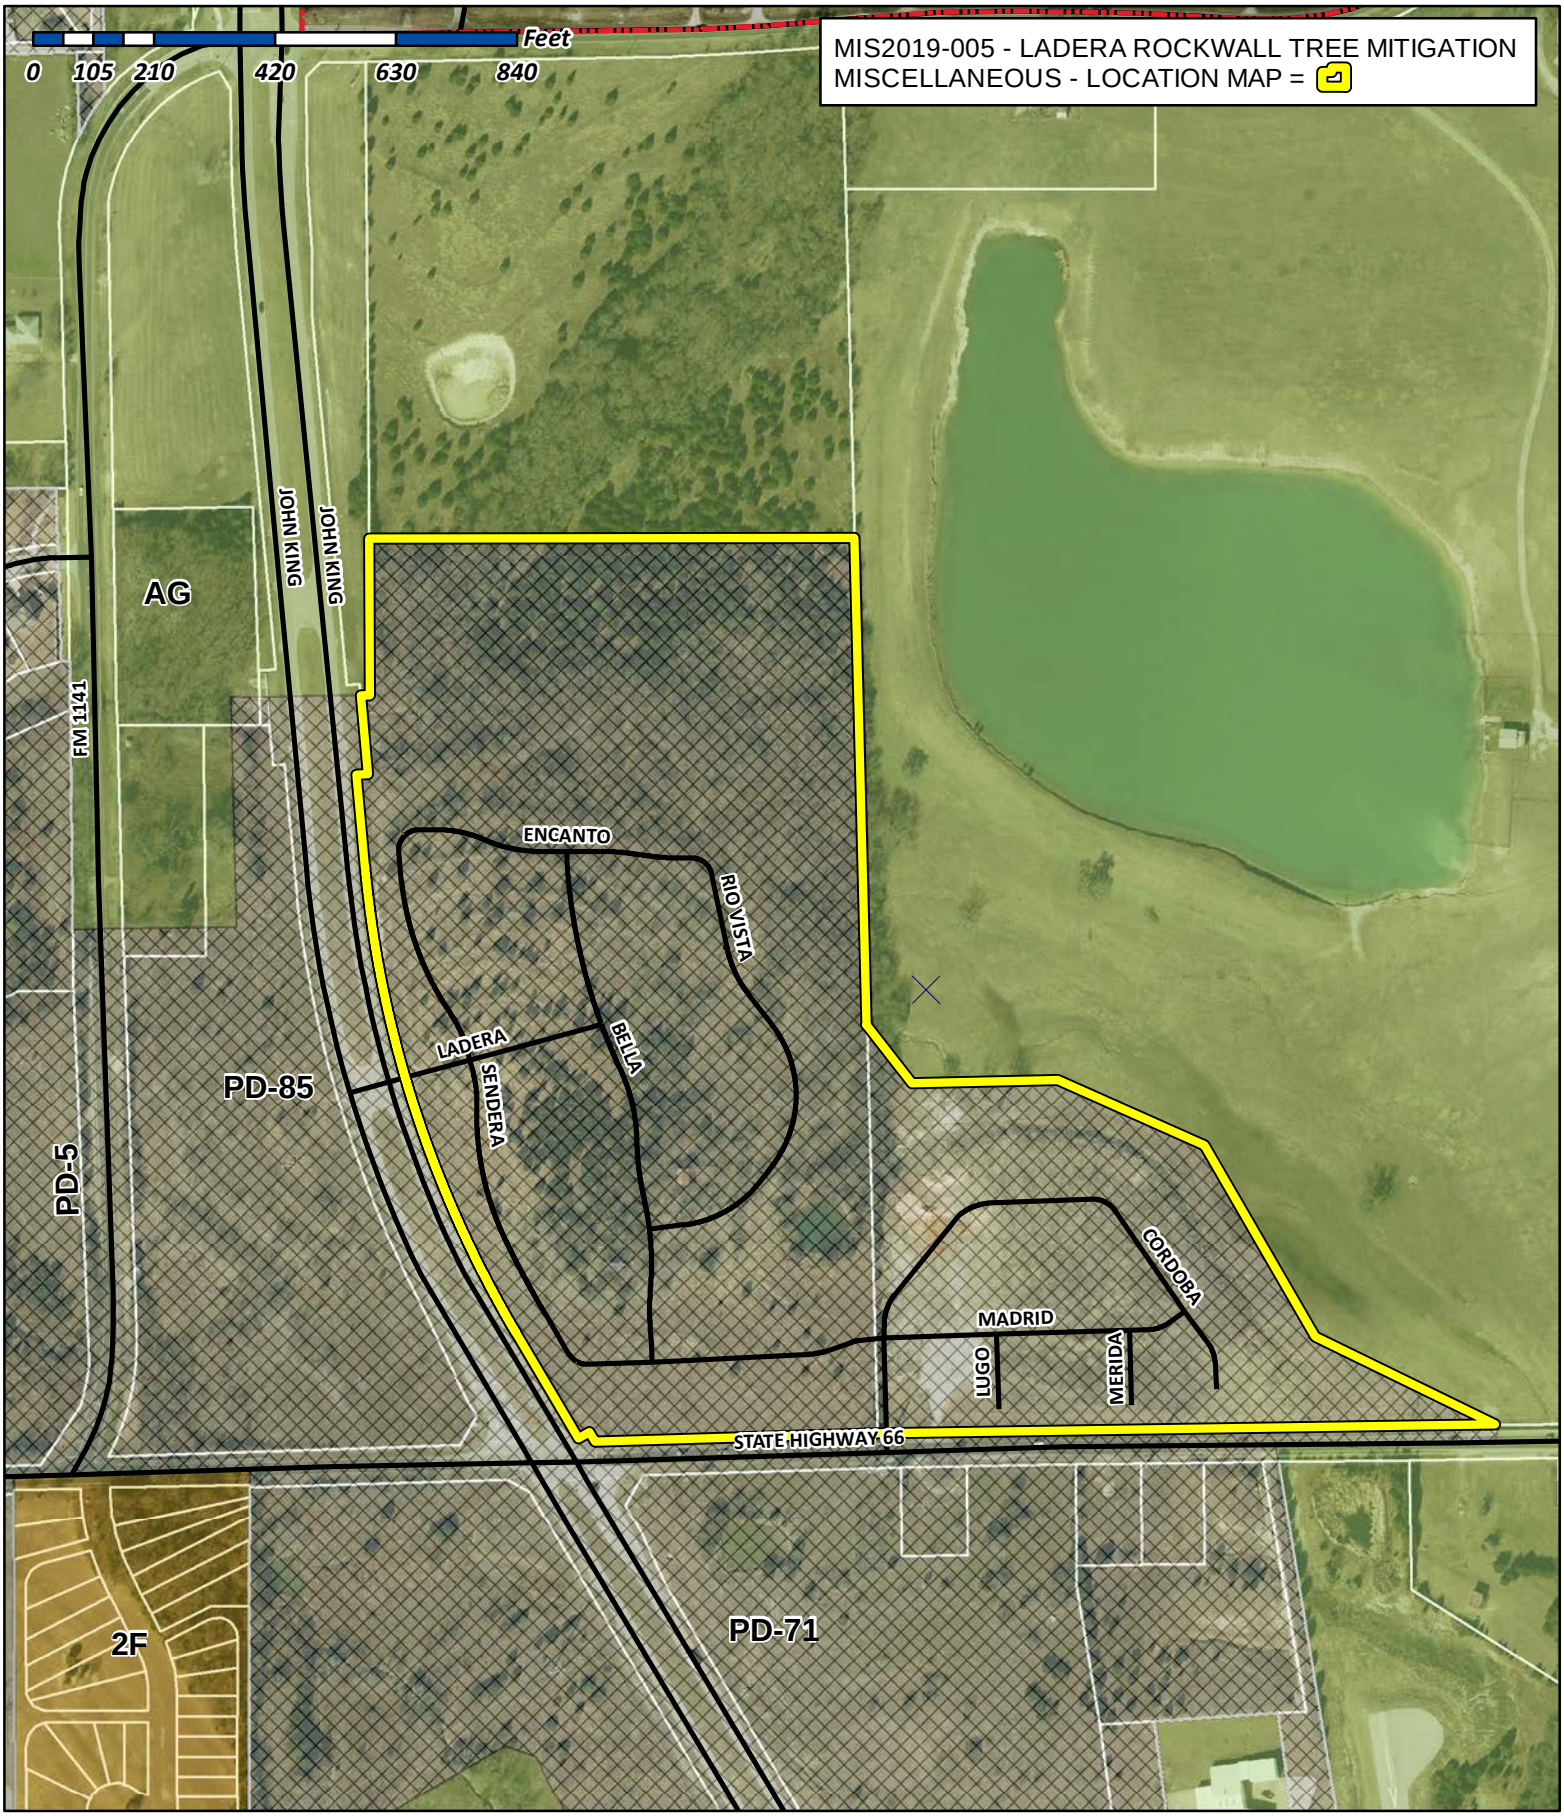
PLANNING AND ZONING COMMISSION MEMORANDUM

**PLANNING AND ZONING DEPARTMENT**
385 S. GOLIAD STREET • ROCKWALL, TX 75087
PHONE: (972) 771-7745 • EMAIL: PLANNING@ROCKWALL.COM

| | |
|---|---|
| **TO:** | Planning and Zoning Commission |
| **FROM:** | John Delin, *R. W. Ladera, LLC* |
| **DATE:** | April 30, 2019 |
| **SUBJECT:** | MISC2019-005; *Alternative Tree Mitigation Settlement Agreement* |



The applicant, John Delin of R. W. Ladera, LLC, is requesting an *Alternative Tree Mitigation Settlement Agreement* in conjunction with the Ladera of Rockwall Addition for the purpose of offsetting a portion of the required tree mitigation. Specifically, the applicant is requesting relief associated with the trees (*i.e. 699.5-caliper inches of trees*) that will be removed to construct an off-site, 12-inch sanitary sewer line that will serve the development. On June 26, 2018, the Planning and Zoning Commission approved an amended treescape plan allowing for the removal of an additional 977.75-caliper inches that were associated with the construction of this sanitary sewer line. This approval brought the total mitigation balance due to 1,443.25 caliper-inches. On March 12, 2019, a revised treescape plan was submitted with the final plat application [*Case No. P2019-010*] indicating the need for the removal of an additional 283.5-caliper inches of tree to allow the installation of the 12-inch sanitary sewer line. This increased the total mitigation balance due to 1,726.75-caliper inches. Currently, the applicant's approved mitigation plan calls for providing all 1,726.75-caliper inches on-site.

The applicant's proposal requests that the City Council consider one (1) of the two (2) following alternatives:

1. The City Council waive the 699.5-caliper inches associated with the offsite installation of the 12-inch sanitary sewer line; or,
2. The City Council consider reducing the tree mitigation balance associated with the off-site improvements by ½ the amount (*i.e. 349.75-caliper inches*). This balance would then be donated to the Parks Department to save the applicant the expense of planting and caring for the trees on-site.

If the City Council does not approve one (1) of the two (2) alternatives, the applicant has stated that they intend to provide the full balance to the Parks Department to be used in other areas of the City. According to *Section 7*, *Alternative Tree Mitigation Settlement Agreement*, of *Article X*, of the *Unified Development Code* (UDC), the City Council -- *upon recommendation from the Planning and Zoning Commission* -- may consider an *Alternative Tree Mitigation Settlement Agreement* where, due to hardship, the applicant is unable to meet the requirements of this article or where it is determined that adherence to the tree mitigation requirements will create a hardship for an applicant.

Attached to this memo is the applicant's letter requesting the alternatives and an exhibit indicating the tree's that will be required to be removed with the 12-inch sanitary sewer line. Should the Planning and Zoning Commission have any questions staff will be available at the *April 30, 2019* meeting.

From: John Delin <john@integritygroups.com>
Date: 4/17/19 10:16 AM (GMT-06:00)
To: "Miller, Ryan" <RMiller@rockwall.com>
Subject: Request for Hearing on Tree Mitigation

Ryan,

Per our phone call earlier, we are submitting a request to have a hearing on the Tree Mitigation associated with our Ladera Rockwall project, *only* in reference to the Offsite Utilities portion of the project.

As you know we are installing $500,000 for water & sewer expansion for the City which will feed future growth and unfortunately receive no Pro-rata return for this work. Additionally we are faced with almost 500 inches of tree mitigation for areas which there is considerable tree growth anyway. We would propose;

1. A waiver of the Mitigation in Total for the Offsite Utility portion of the project or,
2. Reduce by ½ the amount to be Mitigated and provide the balance as a donation to the City for its use, without us expensing the cost for labor for planting and care.
3. Provide the appropriate number of inches in a donation to the City for use in other areas, without us expensing the cost for labor for planting and care.

Let me know if we can get this on the agenda.

Best,

**John Delin**

Hold a public hearing to discuss and consider a request by Chris Lam, PE of Lam Consulting Engineering on behalf of Price Pointer of TCB Construction Group, LLC for the approval of a Specific Use Permit (SUP) for a restaurant less than 2,000 SF without a drive-through or drive-in on a 0.23-acre parcel of land identified as Block 20B of the Amick Addition, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 50 (PD-50) for Residential Office (RO) District land uses, situated within the North Goliad Corridor Overlay (NGC OV) District, addressed as 505 N. Goliad Street, and take any action necessary.

*PLANNING COMMENTS - DAVID GONZALES – 04.25.2019

All staff comments are to be addressed and resubmitted by Tuesday, May 7, 2019. Please provide two (2) large copies [FOLDED] and one PDF version for a final/subsequent review by staff:

Planning Department General Comments to be addressed/acknowledge are as follows:

• On all future submittals please include the Case Number Z2019-009 on the lower right hand corner.

• When provided, please review the SUP Draft Ordinance prior to the Planning & Zoning public hearing scheduled for May 14, 2019 and return with red lined corrections and/or additions you feel may be necessary for staff review and consideration

** Planning Staff additional comments to be considered by the P&Z and City Council as conditions of approval (conditions may change at the discretion of Council):

1. Approval of an SUP is required to allow for development and operation of a restaurant less than 2,000 SF without a drive-through or drive-in land use within PD-50.

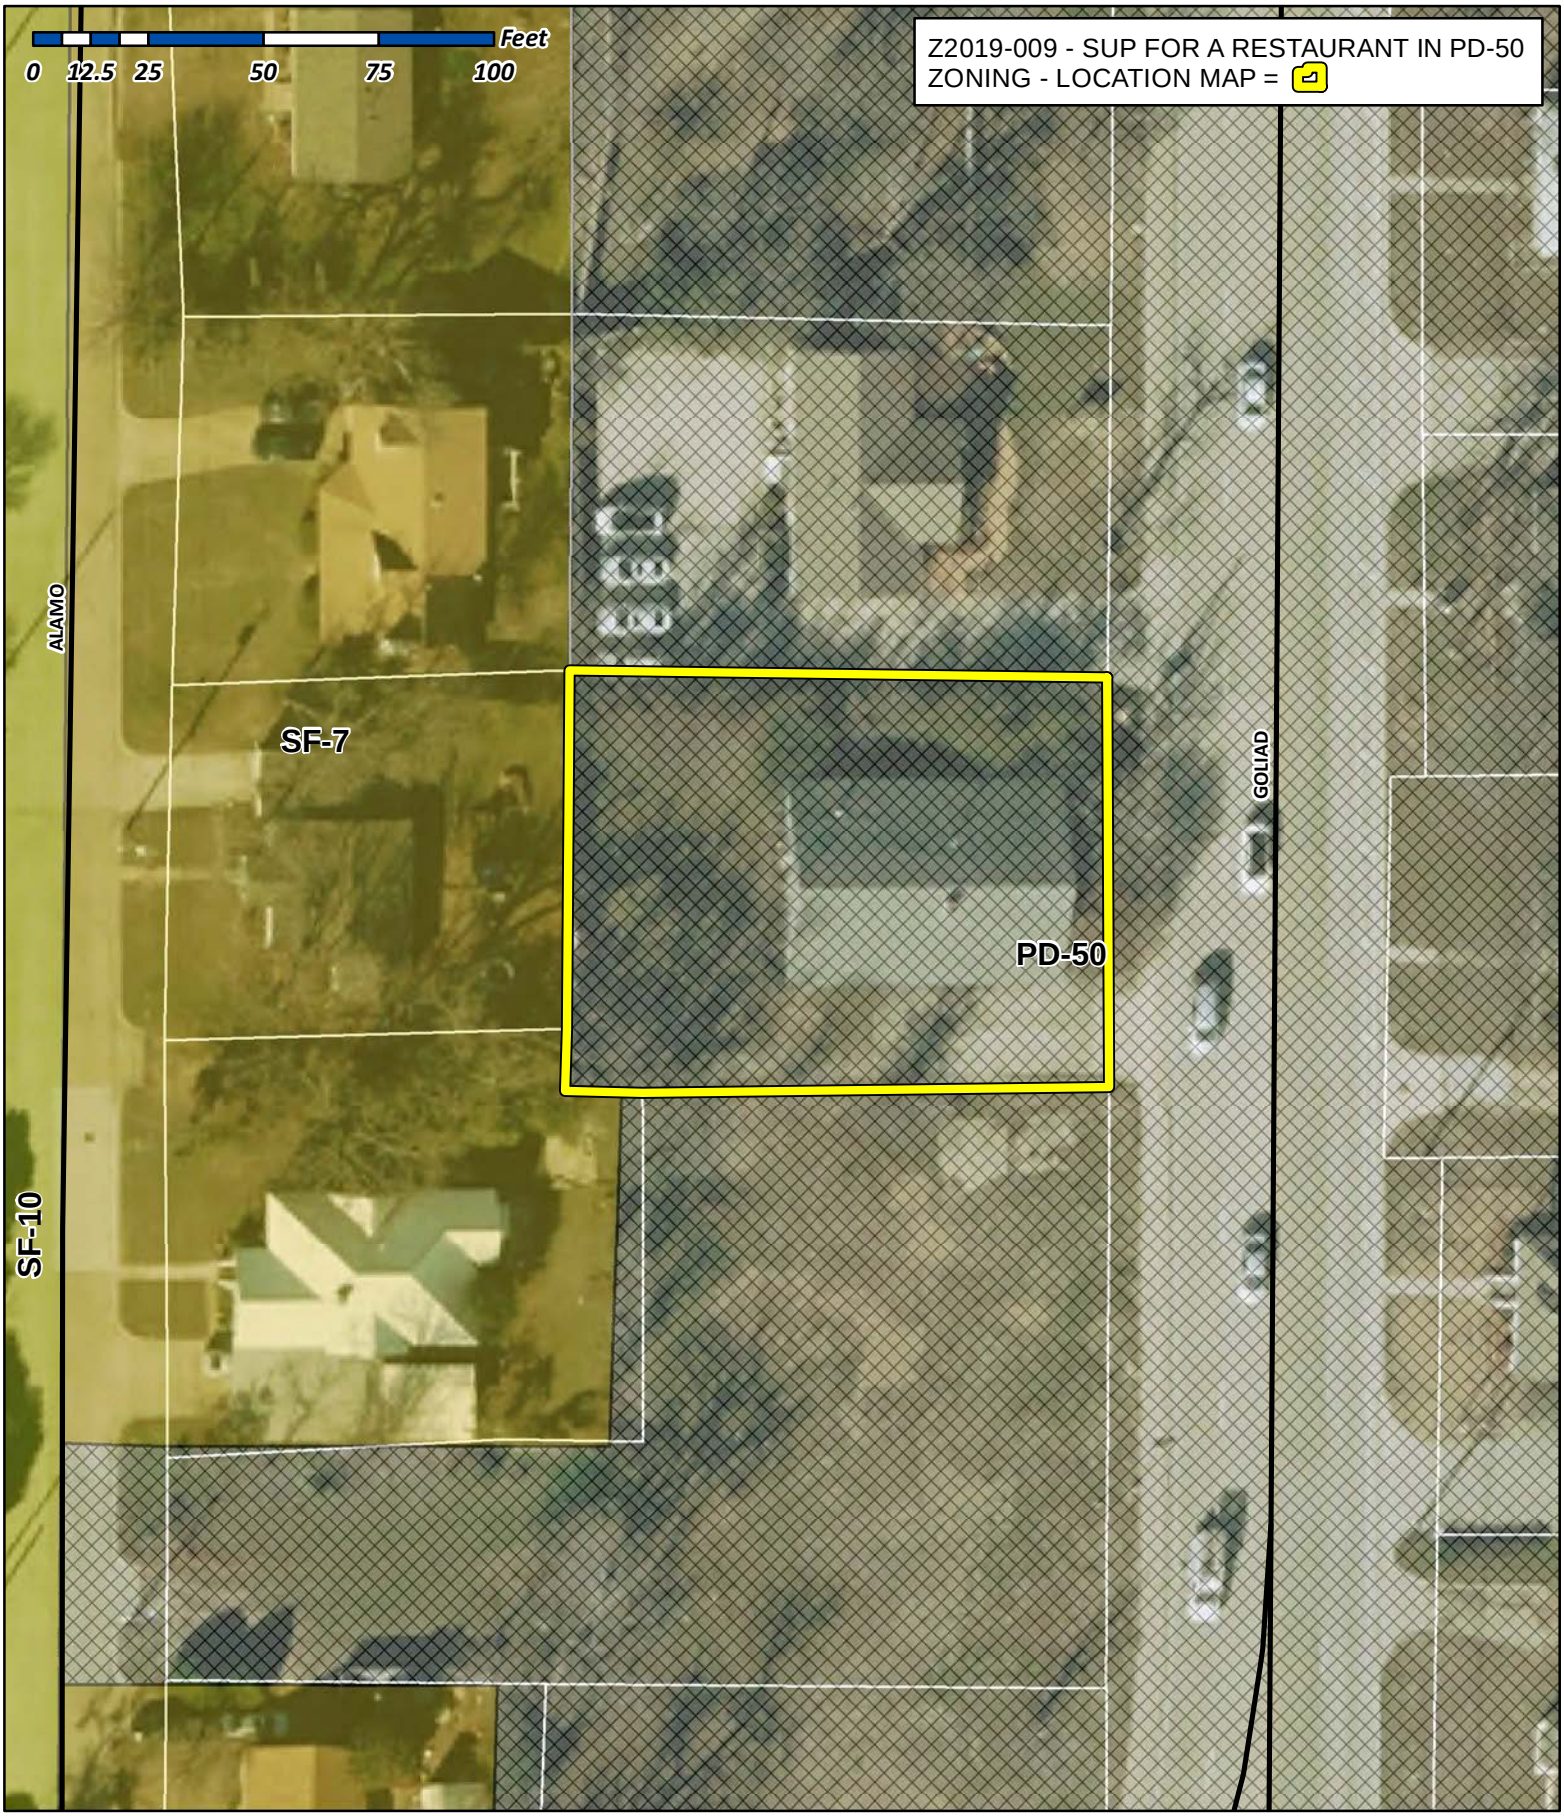
2. Adherence to all Engineering and Fire Department standards shall be required.

*** Operational Conditions:

1) The development and operation of a restaurant land use shall generally conform to the Concept Plan depicted in Exhibit 'B' of the proposed ordinance;

2) The operation of the restaurant land use shall be limited to the area of the first floor as depicted in the Floor Plan as attached in Exhibit 'C' of the proposed ordinance;

3) The use of the second floor area shall be limited to storage only. Any other use may require the addition of parking spaces conforming to the parking and loading standards of Article VI, of the Unified Development Code (UDC).



4) The development and operation of restaurant land use shall allow for seven(7) parking spaces and shall generally conform to the Concept Plan depicted in Exhibit 'B' of the proposed ordinance.

The following are scheduled meeting dates that you and/or your representative(s) are required to attend regarding the SUP request. If you have any questions regarding this case, please feel free to contact David Gonzales, AICP with the Planning Department at 972-771-7745.

*** Meeting Dates to Attend***

**CITY OF ROCKWALL**

**ORDINANCE NO. 19-XX**

**SPECIFIC USE PERMIT NO. S-XXX**

**AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, AMENDING PLANNED DEVELOPMENT DISTRICT 50 (PD-50) [ORDINANCE NO. 17-19] AND THE UNIFIED DEVELOPMENT CODE [*ORDINANCE NO. 04-38*] OF THE CITY OF ROCKWALL, TEXAS, AS PREVIOUSLY AMENDED, SO AS TO GRANT A SPECIFIC USE PERMIT (SUP) TO ALLOW FOR A *RESTAURANT LESS THAN 2,000 SF WITHOUT A DRIVE-THROUGH OR DRIVE-IN* FACILITY ON A 0.23-ACRE PARCEL OF LAND, ZONED PLANNED DEVELOPMENT DISTRICT 50 (PD-50) FOR RESIDENTIAL OFFICE (RO) DISTRICT LAND USES, AND BEING IDENTIFIED AS BLOCK 20B OF THE AMICK ADDITION, CITY OF ROCKWALL, ROCKWALL COUNTY, TEXAS; PROVIDING FOR SPECIAL CONDITIONS; PROVIDING FOR A PENALTY OR FINE NOT TO EXCEED THE SUM OF TWO THOUSAND DOLLARS ($2,000.00) FOR EACH OFFENSE; PROVIDING FOR A SEVERABILITY CLAUSE; PROVIDING FOR A REPEALER CLAUSE; PROVIDING FOR AN EFFECTIVE DATE.**

**WHEREAS**, a request has been made by Chris Lam, P.E. of Lam Consulting for the approval of a Specific Use Permit (SUP) for a *Restaurant Less Than 2,000 SF without a Drive-Through or Drive-In* on a 0.23-acre parcel of land, zoned Planned Development District 50 (PD-50) for Residential Office (RO) District land uses, situated within the North Goliad Corridor Overlay (NGC OV) District, and being identified as Block 20B of the Amick Addition, City of Rockwall, Rockwall County, Texas, addressed as 505 N. Goliad Street, and being more specifically depicted in *Exhibit 'A'* of this ordinance, which herein after shall be referred to as the *Subject Property* and incorporated by reference herein; and

**WHEREAS**, the Planning and Zoning Commission of the City of Rockwall and the governing body of the City of Rockwall, in compliance with the laws of the State of Texas and the ordinances of the City of Rockwall, have given the requisite notices by publication and otherwise, and have held public hearings and afforded a full and fair hearing to all property owners generally, and to all persons interested in and situated in the affected area and in the vicinity thereof, the governing body in the exercise of its legislative discretion has concluded that the Planned Development District 50 (PD-50) [*Ordinance No. 17-19*] and the Unified Development Code [*Ordinance No. 04-38*] of the City of Rockwall should be amended as follows:

**NOW, THEREFORE, BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS:**

**SECTION 1.** That Planned Development District 50 (PD-50) [*Ordinance No. 17-19*] and the Unified Development Code [*Ordinance No. 04-38*] of the City of Rockwall, as heretofore amended, be and the same is hereby amended so as to grant a Specific Use Permit (SUP) allowing for the establishment of a *Restaurant Less than 2,000 SF without a Drive-Through or Drive-In* as stipulated by Article *IV, Permissible Uses,* of the Unified Development Code [*Ordinance No. 04-38*] on the *Subject Property*; and

EXHIBIT 'A' 04.16.2019

**SECTION 2.** That the *Subject Property* shall be used and developed only in the manner and for the purposes described in this Specific Use Permit (SUP) ordinance and as specifically set forth in *Planned Development District 50* (*PD-50*), and *Section 1.1, Land Use Schedule,* of *Article IV, Permissible Uses,* and *Subsection 4.02, Residential Office (RO) District, of Section 4, Commercial (C) Districts,* of *Article V, District Development Standards,* and *Subsection 6.04, North Goliad Corridor Overlay (NGC OV) District,* of *Section 6, Overlay Districts,* of *Article V,* of the Unified Development Code [*Ordinance No. 04-38*] of the City of Rockwall as heretofore amended, as amended herein by the granting of this zoning change, and as my be amended in the future, and shall be subject to the following additional conditions:

**2.1 OPERATIONAL CONDITIONS**

The following conditions pertain to the operation of a *Restaurant Less Than 2,000 SF without a Drive-Through or Drive-in* (*restaurant*) land use on the *Subject Property* and conformance to these requirements is necessary for continued operations:

1) The development and operation of a *restaurant* land use shall generally conform to the *Concept Plan* depicted in *Exhibit 'B'* of this ordinance;

2) The operation of the *restaurant* land use shall be limited to the area on the first floor as depicted in the *Floor Plan* attached in *Exhibit 'C'* of this ordinance;

3) The use of the second floor area shall be limited to storage only. Any other use will require additional parking spaces.

**2.2 COMPLIANCE**

Approval of this ordinance in accordance with Section 8.3, *Council Approval or Denial*, of Article II, *Authority and Administrative Procedures*, of the Unified Development Code (UDC) will require compliance to the following:

1) Upon obtaining a Certificate of Occupancy (CO), should any business or establishment operating under the guidelines of this ordinance fail to meet the minimum operational requirements set forth herein and outlined in the Unified Development Code (UDC), the City Council may (*after proper notice*) initiate proceedings to revoke the Specific Use Permit (SUP) in accordance with Section 4.4.(3) of Article IV, *Permissible Uses*, of the Unified Development Code (UDC).

**SECTION 3.** That the official zoning map of the City be corrected to reflect the changes in zoning described herein.

**SECTION 4.** That all ordinances of the City of Rockwall in conflict with the provisions of this ordinance be, and the same are hereby repealed to the extent of that conflict.

**SECTION 5.** Any person, firm, or corporation violating any of the provisions of this ordinance shall be deemed guilty of a misdemeanor and upon conviction shall be punished by a penalty of fine not to exceed the sum of *TWO THOUSAND DOLLARS* (*$2,000.00*) for each offence and each and every day such offense shall continue shall be deemed to constitute a separate offense.

**SECTION 6.** If any section or provision of this ordinance or the application of that section or provision to any person, firm, corporation, situation or circumstance is for any reason judged invalid, the adjudication shall not affect any other section or provision of this ordinance or the

DRAFT ORDINANCE 04.30.19

application of any other section or provision to any other person, firm, corporation, situation or circumstance, and the City Council declares that it would have adopted the valid portions and applications of the ordinance without the invalid parts and to this end the provisions of this ordinance shall remain in full force and effect.

**SECTION 7.** That this ordinance shall take effect immediately from and after its passage;

**PASSED AND APPROVED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, THIS THE 3RD DAY OF MAY, 2019.**

Jim Pruitt, *Mayor*

**ATTEST:**

Kristy Cole, *City Secretary*

Approved, unobstructed fire department access (fire lanes) shall be provided such that all portions of the exterior of the building shall be within 150-feet (as the hose lays) of a fire lane and/or other approved fire apparatus access roadway. (Exception: The fire code official is authorized to increase the dimension of 150 feet (45 720 mm) where: the building is equipped throughout with an approved automatic sprinkler system; or where there are not more than two Group R-3 or Group U occupancies.)

Fire hydrants shall be so spaced such that all portions of the exterior of the building are within 600-feet as the hose lays.

An approved water supply capable of supplying the required fire flow for fire protection shall be provided. A water flow test verifying capabilities shall be witnessed by the Fire Marshal Division prior to vertical construction.

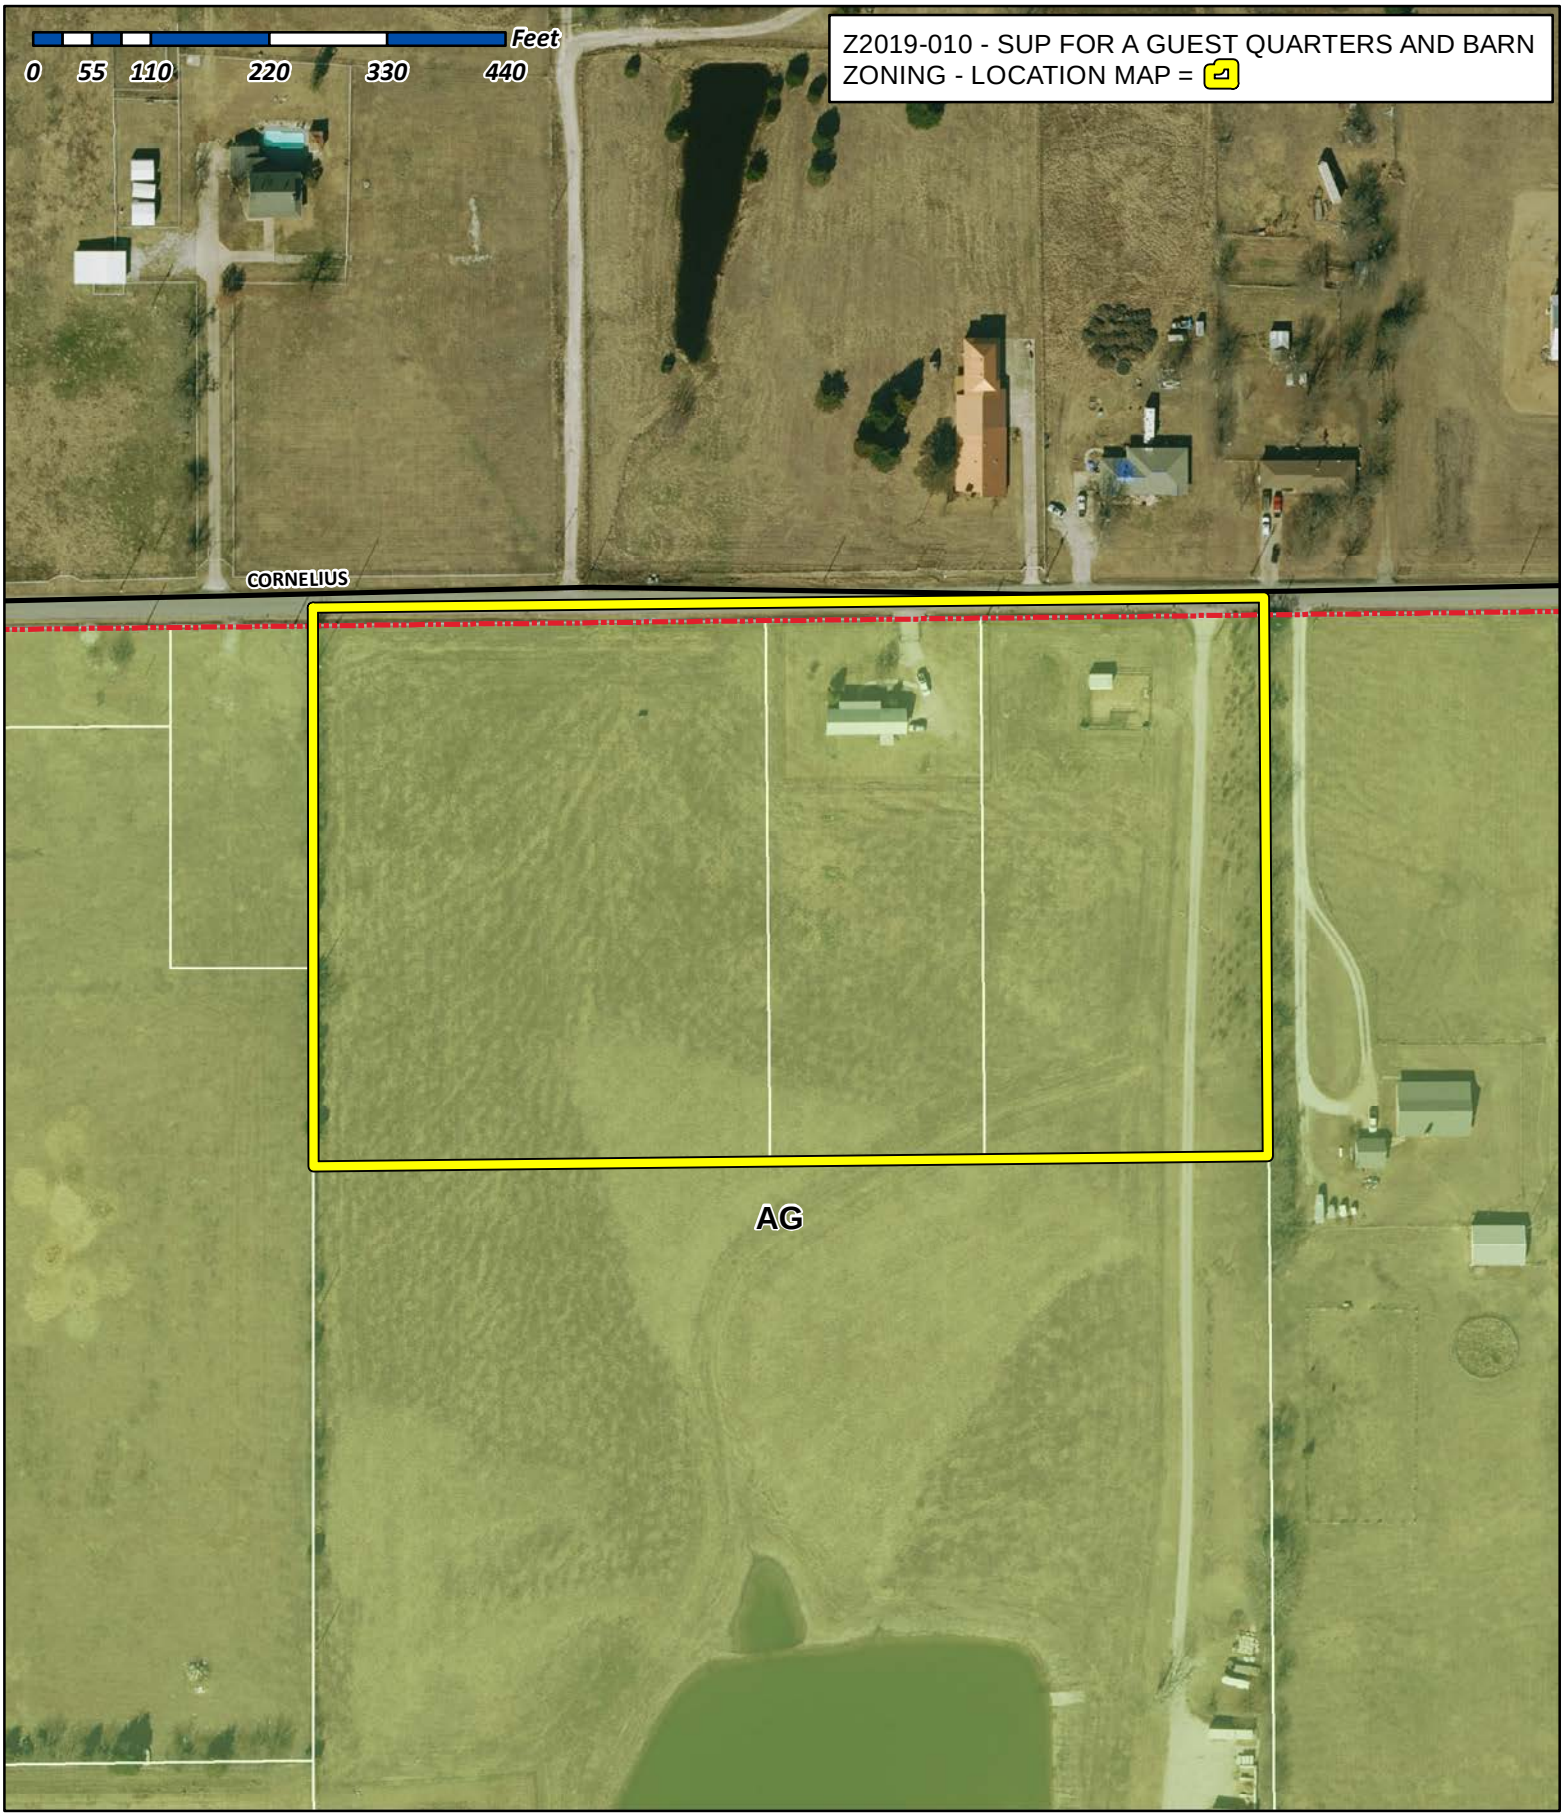
Z2019-010 SUP for Guest Quarters and Barn/Agricultural Building

Please address the following comments (M= Mandatory Comments; I = Informational Comments).

I.1 This is a request by Dwayne Cain of EVSR (D), LLC for the approval of a Specific Use Permit (SUP) for a guest quarters/secondary living unit and barn or agricultural accessory building on a 10.61-acre portion of a larger 26.078-acre tract of land identified as Tract 2 & 2-4 of the W. M. Dalton Survey, Abstract No. 72, City of Rockwall, Rockwall County, Texas, zoned Agricultural (AG) District, addressed as 777 & 839 Cornelius Road.

I.2 For questions or comments concerning this case, please contact Korey Brooks in the Planning Department at (972) 772-6434 or email kbrooks@rockwall.com.

M.3 For reference, include the case number (Z2019-010) in the lower right hand corner of all pages on future submittals.



M.4 Please provide a site plan showing where the building will be located.

M.5 Please note that the property will not be able to be subdivided as provided. A remainder tract be created, the parcels show two different owners, and the remainder tract no longer has frontage.

I.6 Staff has identified the aforementioned items necessary to continue the submittal process. Please make these revisions and corrections, and provide any additional information that is requested by May 7, 2019. The Planning and Zoning Worksession for this case is April 30, 2019 and the Planning and Zoning Meeting for this case is May 14, 2019.

I.7 The projected City Council dates for this request are May 20, 2019 and June 3, 2019.

M.8 A representative is required to attend all meetings.

**CITY OF ROCKWALL**

**ORDINANCE NO. 19-XX**

**SPECIFIC USE PERMIT NO. S-XXX**

**AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, AMENDING THE UNIFIED DEVELOPMENT CODE (UDC) OF THE CITY OF ROCKWALL, ROCKWALL COUNTY TEXAS, AS PREVIOUSLY AMENDED, SO AS TO GRANT A SPECIFIC USE PERMIT (SUP) TO ALLOW FOR A *GUEST QUARTERS/SECONDARY LIVING UNIT* AND *BARN OR AGRICULTURAL ACCESSORY BUILDING* IN AN AGRICULTURAL (AG) DISTRICT, SITUATED ON A 10.61-ACRE PORTION OF A LARGER 26.078-ACRE TRACT OF LAND, IDENTIFIED AS TRACT 2 & 2-4 OF THE W. M. DALTON SURVEY, ABSTRACT NO. 72, CITY OF ROCKWALL, ROCKWALL COUNTY, TEXAS; PROVIDING FOR SPECIAL CONDITIONS; PROVIDING FOR A PENALTY OF FINE NOT TO EXCEED THE SUM OF TWO THOUSAND DOLLARS ($2,000.00) FOR EACH OFFENSE; PROVIDING FOR A SEVERABILITY CLAUSE; PROVIDING FOR A REPEALER CLAUSE; PROVIDING FOR AN EFFECTIVE DATE.**

**WHEREAS**, the City has received a request from Dwayne Cain of ECSR (D), LLC for the approval of a Specific Use Permit (SUP) to allow a *guest quarters/secondary living unit* and *barn or agricultural accessory building* in an Agricultural (AG) District on a 10.61-acre portion of a larger 26.078-acre parcel of land described as Tract 2 & 2-4 of the W. M. Dalton Survey, Abstract No. 72, City of Rockwall, Rockwall County, Texas, zoned Agricultural (AG) District, addressed as 777 & 839 Cornelius Road, and being more specifically depicted in *Exhibit 'A'* of this ordinance, which herein after shall be referred to as the *Subject Property* and incorporated by reference herein; and

**WHEREAS**, the Planning and Zoning Commission of the City of Rockwall and the governing body of the City of Rockwall, in compliance with the laws of the State of Texas and the ordinances of the City of Rockwall, have given the requisite notices by publication and otherwise, and have held public hearings and afforded a full and fair hearing to all property owners generally, and to all persons interested in and situated in the affected area and in the vicinity thereof, the governing body in the exercise of its legislative discretion has concluded that the Unified Development Code (UDC) [*Ordinance No. 04-38*] of the City of Rockwall should be amended as follows:

**NOW, THEREFORE**, **BE IT ORDAINED** by the City Council of the City of Rockwall, Texas;

**SECTION 1.** That the Unified Development Code (UDC) [*Ordinance No. 04-38*] of the City of Rockwall, as heretofore amended, be and the same is hereby amended so as to grant a Specific Use Permit (SUP) allowing a *guest quarters/secondary living unit* and *barn or agricultural accessory building,* as stipulated by Section 1, *Land Use Schedule,* of Article IV, *Permissible Uses*, of the Unified Development Code (UDC) [*Ordinance No. 04-38*], on the *Subject Property*; and,

PRELIMINARY 04.30.2019

**SECTION 2.** That the Specific Use Permit (SUP) shall be subject to the requirements set forth in Subsection 2.01*, Agricultural (AG) District,* of Section 2*, Agricultural Districts,* of Article V, *District Development Standards*, of the Unified Development Code (UDC) [*Ordinance No. 04-38*] as heretofore amended and as may be amended in the future, and shall be subject to the following:

**2.1 OPERATIONAL CONDITIONS**

The following conditions pertain to the operation of a *guest quarters/secondary living unit* and *barn or agricultural accessory building* on the *Subject Property* and conformance to these conditions is required for continued operations:

1) The *guest quarters/secondary living unit* and *barn or agricultural accessory building* shall generally conform to the concept plan and building elevations depicted in *Exhibits 'B*' & *'C'* of this ordinance;

2) The *guest quarters/secondary living unit* and *barn or agricultural accessory building* shall not be utilized for a non-residential and/or non-agricultural land use.

3) The *guest quarters/secondary living unit* and *barn or agricultural accessory building* shall be ancillary to the existing single-family home.

4) The *guest quarters/secondary living unit* and *barn or agricultural accessory building* shall not be altered so that the structure is less than 2,000 SF or greater than 4,050 SF.

5) The *guest quarters/secondary living unit* and *barn or agricultural accessory building* shall be exempt from the masonry requirements stipulated by Section 7.01, *Residential Development Standards*, of Article V, *District Development Standards*, of the Unified Development Code (UDC).

6) The subject property shall not be subdivided in such a way that the property does not meet the minimum requirement of ten (10) acres in size for a *barn or agricultural accessory building.*

7) The *guest quarters/secondary living unit* and *barn or agricultural accessory building* shall be located behind the front façade of the primary structure and be subject to the same building setbacks as the primary structure.

8) The *guest quarters/secondary living unit* and *barn or agricultural accessory building* shall not be sold or conveyed separately without meeting the requirements of the Unified Development Code (UDC).

**2.2 COMPLIANCE**

Approval of this ordinance in accordance with Section 8.3, *Council Approval or Denial*, of Article II, *Authority and Administrative Procedures*, of the Unified Development Code (UDC) will require compliance to the following:

1) Upon obtaining a Building Permit, should the subject property--which is subject to the guidelines of this ordinance--fail to meet the minimum operational requirements set forth herein and outline in the Unified Development Code (UDC), the City Council may (*after proper notice*) initiate proceedings to revoke the Specific Use Permit (SUP) in accordance

DRAFT ORDINANCE 04.30.19

with Section 4.4.(3) of Article IV, *Permissible Uses*, of the Unified Development Code (UDC).

**SECTION 3.** That the official zoning map of the City be corrected to reflect the changes in zoning described herein.

**SECTION 4.** That all ordinances of the City of Rockwall in conflict with the provisions of this ordinance be, and the same are hereby repealed to the extent of that conflict.

**SECTION 5.** Any person, firm, or corporation violating any of the provisions of this ordinance shall be deemed guilty of a misdemeanor and upon conviction shall be punished by a penalty of fine not to exceed the sum of *TWO THOUSAND DOLLARS* ($2,000.00) for each offence and each and every day such offense shall continue shall be deemed to constitute a separate offense.

**SECTION 6.** If any section or provision of this ordinance or the application of that section or provision to any person, firm, corporation, situation or circumstance is for any reason judged invalid, the adjudication shall not affect any other section or provision of this ordinance or the application of any other section or provision to any other person, firm, corporation, situation or circumstance, and the City Council declares that it would have adopted the valid portions and applications of the ordinance without the invalid parts and to this end the provisions of this ordinance shall remain in full force and effect.

**SECTION 7.** That this ordinance shall take effect immediately from and after its passage.

**PASSED AND APPROVED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, THIS THE 3RD DAY OF JUNE, 2019.**

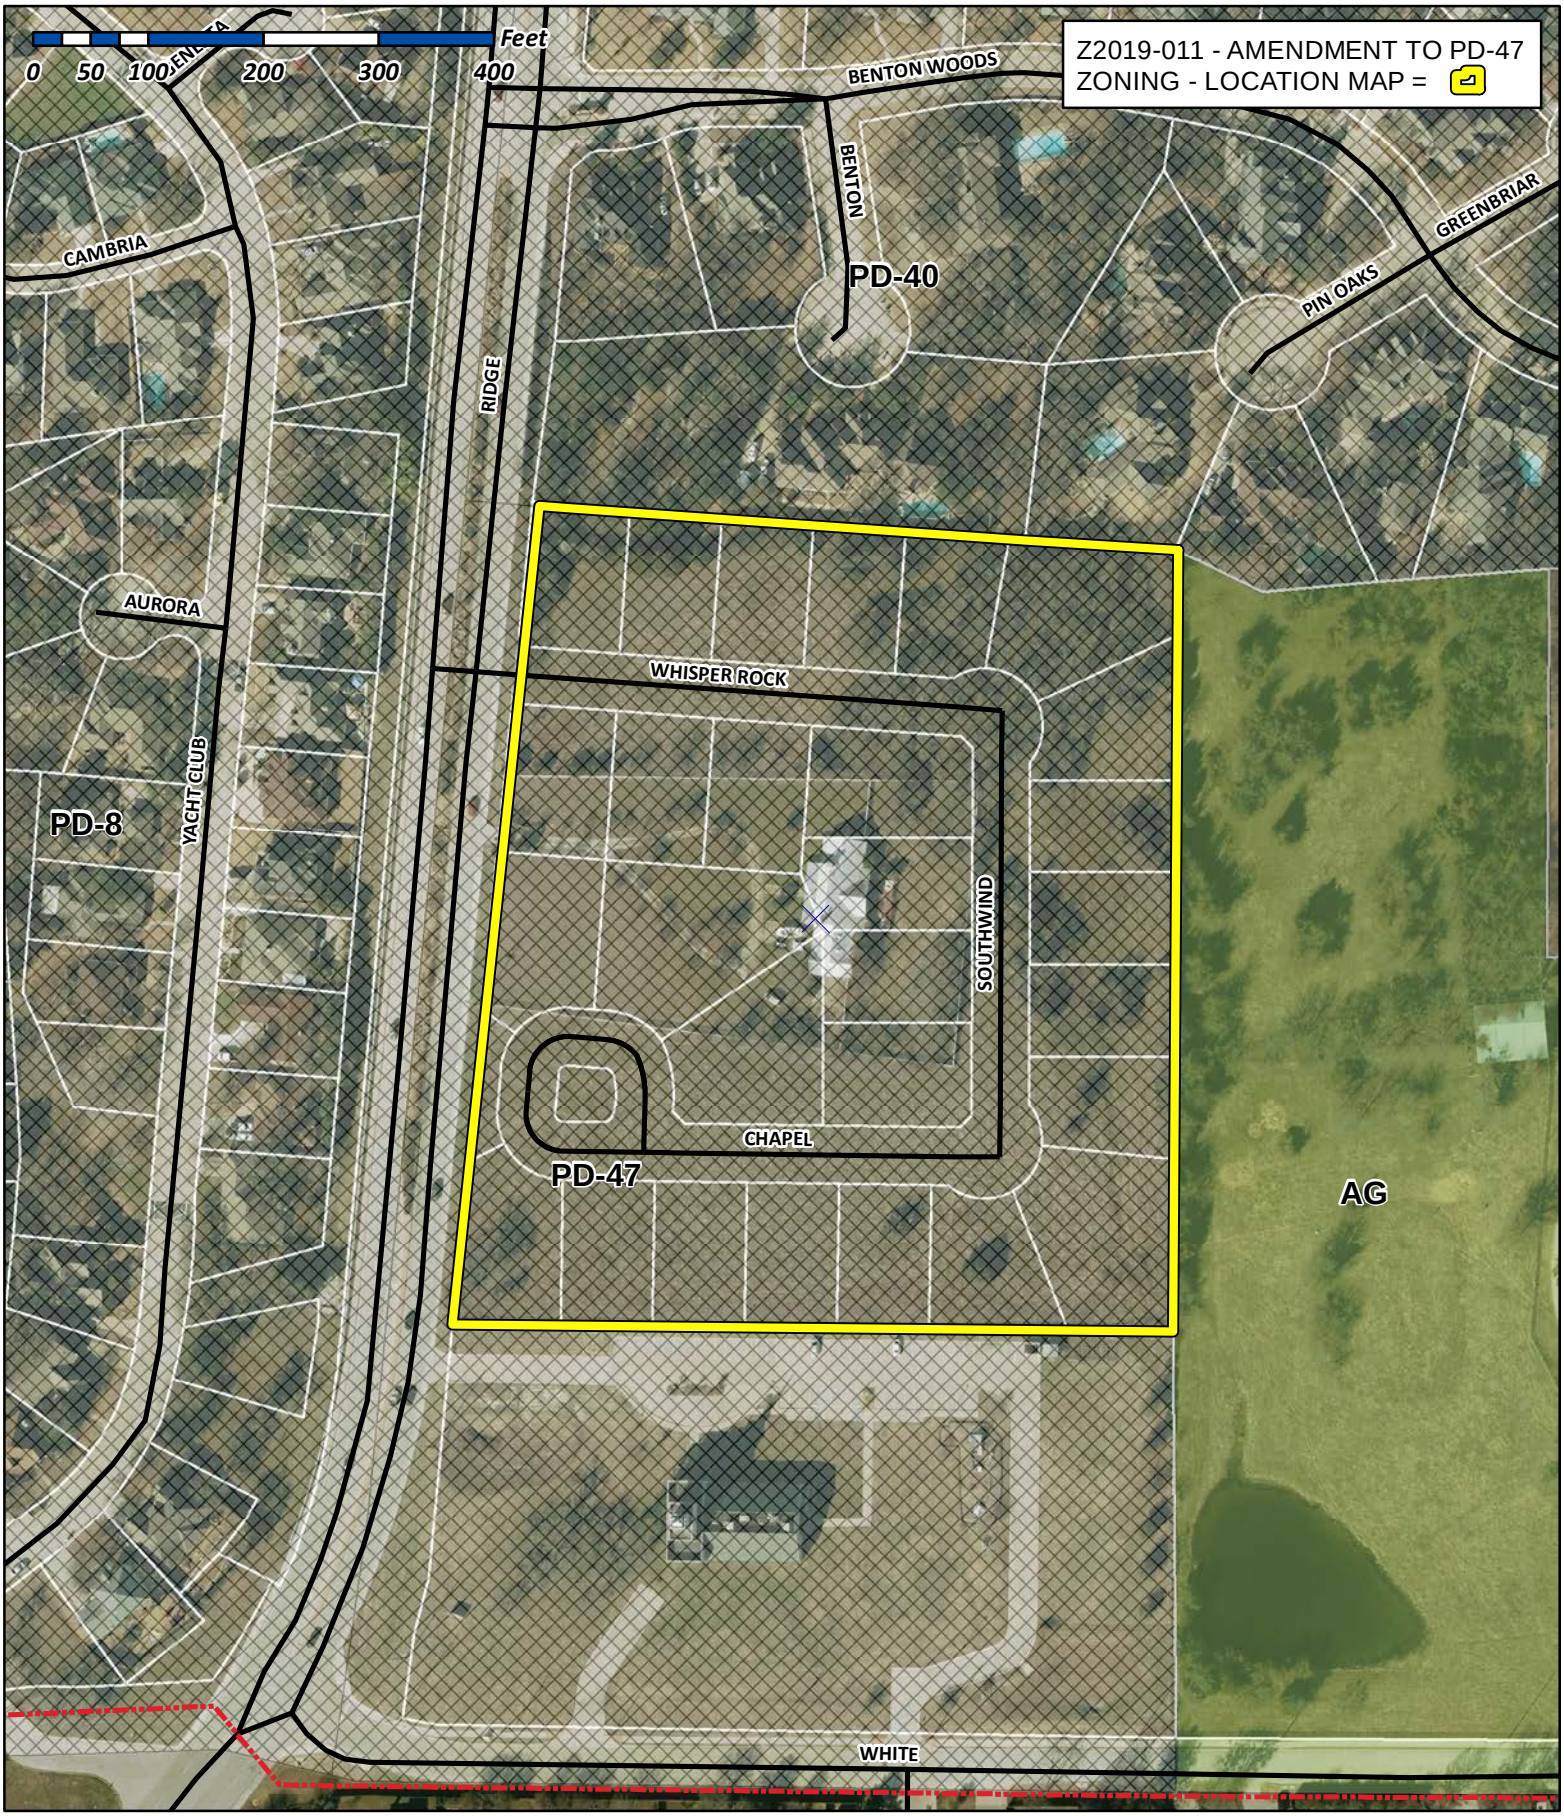
Z2019-011 PD Amendment for PD 47

Please address the following comments (M= Mandatory Comments; I = Informational Comments).

I.1 This is a request by Scott Lewis of RRDC, LTD for the approval of an amendment to Planned Development District 47 (PD-47) [Ordinances 99-17 & 07-04] being a 14.4715-acre tract of land identified as Tract 104 of the E. Teal Survey, Abstract No. 207 and Lot 1, Block A, First Christian Church, Disciples of Christ Addition, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 47 (PD-47) for Single-Family 10 (SF-10) District land uses, situated within the Scenic Overlay (SOV) District, generally located at the northeast corner of the intersection of Ridge Road [FM-740] and White Road.

I.2 For questions or comments concerning this case, please contact Korey Brooks in the Planning Department at (972) 772-6434 or email kbrooks@rockwall.com.



M.3 For reference, include the case number (Z2019-011) in the lower right hand corner of all pages on future submittals.

M.4 Please review the attached ordinance and provide comments.

I.6 Staff has identified the aforementioned items necessary to continue the submittal process. Please make these revisions and corrections, and provide any additional information that is requested by May 7, 2019. The Planning and Zoning Worksession for this case is April 30, 2019 and the Planning and Zoning Meeting for this case is May 14, 2019.

I.7 The projected City Council dates for this request are May 20, 2019 and June 3, 2019.

M.8 A representative is required to attend all meetings.

**RE: Whisper Rock**
**Zoning Amendment**

Dear Mr. Miller:

We are formally requesting to amend the PD-47 with the following changes:

SECTION 5

Item 2. Any structure constructed on lots in the tract shall have a minimum of 60% masonry exclusive of any windows. Any siding shall be cementous fiber material, with strict HOA over sight.

Item 5. 55% maximum lot coverage of main house only, exclusive of driveway, pools & sidewalks.

Item 9. No garages shall face street unless 20' back from front of structure. J swings allowed.

If you have any questions or have additional comments, please do not hesitate to contact me at 972-941-8410 or by email at matt@ecdlp.com

Thank you,

Todd Wintters, P.E.
Engineering Concepts & Design, L.P.

**CITY OF ROCKWALL**

**ORDINANCE NO. 19-XX**

**AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, AMENDING PLANNED DEVELOPMENT DISTRICT 47 (PD-47) [*ORDINANCES 99-17 AND 07-04*] AND THE UNIFIED DEVELOPMENT CODE [ORDINANCE NO. 04-38] OF THE CITY OF ROCKWALL, AS HERETOFORE AMENDED, BY AMENDING THE DEVELOPMENT STANDARDS APPROVED WITH *ORDINANCE NO. 99-17*, BEING A 14.4712-ACRE TRACT OF LAND IDENTIFIED TRACT 104 OF THE E. TEAL SURVEY, ABSTRACT NO. 207 AND LOT 1, BLOCK A, FIRST CHRISTIAN CHURCH DISCIPLES OF CHRIST ADDITION, CITY OF ROCKWALL, ROCKWALL COUNTY, TEXAS, ZONED PLANNED DEVELOPMENT DISTRICT 47 (PD-47) AND MORE FULLY DEPICTED HEREIN BY *EXHIBIT 'A'* AND DESCRIBED HEREIN BY *EXHIBIT 'B'*; PROVIDING FOR SPECIAL CONDITIONS; PROVIDING FOR A PENALTY OF FINE NOT TO EXCEED THE SUM OF TWO THOUSAND DOLLARS ($2,000.00) FOR EACH OFFENSE; PROVIDING FOR A SEVERABILITY CLAUSE; PROVIDING FOR A REPEALER CLAUSE; PROVIDING FOR AN EFFECTIVE DATE.**

**WHEREAS**, the City has received a request by the applicant Scott Lewis of RRDC, LTD for the approval of an amendment to Planned Development District 47 (PD-47) for the purpose of amending the development standards approved with *Ordinance 99-17*, being a 14.4712-acre tract of land identified as Tract 104 of the E. Teal Survey, Abstract No. 207 and Lot 1, Block A, First Christian Church Disciples of Christ Addition, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 47 (PD-47) [*Ordinances 99-17 and 07-04*], generally located at the northeast corner of the intersection of Ridge Road [*FM-740*] and White Road and more fully depicted in *Exhibit 'A'* and described in *Exhibit 'B'* of this ordinance, which hereinafter shall be referred to as the *Subject Property* and incorporated by reference herein; and

**WHEREAS**, the Planning and Zoning Commission of the City of Rockwall and the governing body of the City of Rockwall in compliance with the laws of the State of Texas and the ordinances of the City of Rockwall have given the requisite notices by publication and otherwise, and have held public hearings and afforded a full and fair hearing to all property owners generally and to all persons interested in and situated in the affected area, and in the vicinity thereof, and the governing body in the exercise of its legislative discretion, has concluded that Planned Development District 47 (PD-47) [*Ordinance No.'s 99-17 & 07-04*] and the Unified Development Code [*Ordinance No. 04-38*] should be amended as follows:

**NOW, THEREFORE**, **BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS:**

**SECTION 1.** That the approval of this ordinance shall supersede all requirements stipulated in *Ordinance No.'s 99-17 & 07-04*;

**SECTION 2.** That the *Subject Property* shall be used only in the manner and for the purposes authorized by this Planned Development District ordinance and the Unified Development Code (UDC) [*Ordinance No. 04-38*] of the City of Rockwall as heretofore amended, as amended herein by granting this zoning change, and as may be amended in the future;

**SECTION 3.** That development of the *Subject Property* shall be in accordance with the

DRAFT 04.16.19

*Planned Development Concept Plan*, contained in *Exhibit 'C'* of this ordinance, attached hereto and incorporated herein by reference as *Exhibit 'C'*, which is deemed hereby to be a condition of approval of the amended zoning classification for the *Subject Property*;

**SECTION 4.** That development of the *Subject Property* shall be in accordance with the *Planned Development Standards*, described in *Exhibit 'D'* of this ordinance, attached hereto and incorporated herein by reference as *Exhibit 'D'*, which is deemed hereby to be a condition of approval of the amended zoning classification for the *Subject Property*;

**SECTION 5.** That any person, firm, or corporation violating any of the provisions of this ordinance shall be deemed guilty of a misdemeanor and upon conviction shall be punished by a penalty of fine not to exceed the sum of *Two Thousand Dollars* (*$2,000.00*) for each offense and each and every day such offense shall continue shall be deemed to constitute a separate offense;

**SECTION 6.** That if any section, paragraph, or provision of this ordinance or the application of that section, paragraph, or provision to any person, firm, corporation or situation is for any reason judged invalid, the adjudication shall not affect any other section, paragraph, or provision of this ordinance or the application of any other section, paragraph or provision to any other person, firm, corporation or situation, nor shall adjudication affect any other section, paragraph, or provision of the Unified Development Code, and the City Council declares that it would have adopted the valid portions and applications of the ordinance without the invalid parts and to this end the provisions for this ordinance are declared to be severable;

**SECTION 7.** The standards in this ordinance shall control in the event of a conflict between this ordinance and any provision of the Unified Development Code or any provision of the City Code, ordinance, resolution, rule, regulation, or procedure that provides a specific standard that is different from and inconsistent with this ordinance. References to zoning district regulations or other standards in the Unified Development Code (including references to the *Unified Development Code*), and references to overlay districts, in this ordinance or any of the Exhibits hereto are those in effect on the date this ordinance was passed and approved by the City Council of the City of Rockwall, Texas;

**SECTION 8.** That this ordinance shall take effect immediately from and after its passage;

**PASSED AND APPROVED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, THIS THE 3RD DAY OF JUNE, 2019.**

DRAFT 04/29/2019

**Exhibit 'D':**
*PD Development Standards*

*Area 1: Single-Family 10 (SF-10) District* [*9.477-Acres*]

(1) *Permitted Uses.* Unless specifically provided by this Planned Development ordinance, *Area 1* as depicted in *Exhibit 'C'* of this ordinance shall be subject to the land uses permitted for the Single-Family 10 (SF-10) District as stipulated by the *Permissible Use Charts* contained in Article IV, *Permissible Uses*, of the Unified Development Code (UDC) [*Ordinance No. 04-38*] as heretofore amended, as amended herein by granting this zoning change, and as may be amended in the future.

(2) *Density and Dimensional Requirements.* Unless specifically provided by this Planned Development ordinance, *Area 1* as depicted in *Exhibit 'C'* of this ordinance shall be subject to the development standards for the Single-Family 10 (SF-10) District as stipulated in Article V, *District Development Standards*, of the Unified Development Code [*Ordinance No. 04-38*] as heretofore amended, as amended herein by granting this zoning change, and as may be amended in the future. All lots shall conform to the standards depicted in *Table 1*, which are as follows:

*Table 1: Density and Dimensional Requirements*

| | |
|---|---|
| *Minimum Lot Width* [1] | 80' |
| *Minimum Lot Depth* | 100' |
| *Minimum Lot Area* | 10,000 SF |
| *Minimum Front Yard Setback* [2] | 25' |
| *Minimum Side Yard Setback* | 6' |
| *Minimum Distance Between Buildings* | 10' |
| *Maximum Height* | 36' |
| *Minimum Rear Yard Setback* | 10' |
| *Maximum Lot Coverage* | 55% |
| *Minimum Dwelling Size* | 3,000 SF |

*General Notes:*
[1]: The minimum lot width shall be measured at the *Front Yard Building Setback*.
[2]: The location of the *Front Yard Building Setback* as measured from the front property line.

(3) *Building Standards.* Housing type and construction shall adhere to the following building standards:

(a) *Masonry Requirements.* The minimum masonry requirement for the exterior façades of all buildings shall be 60% primary materials and/or a maximum of 20% secondary materials, excluding windows and doors. For the purpose of this ordinance, primary materials shall consist of stone, brick, and cementitious materials. The use of cementitious materials (e.g. stucco, cementitious lap siding, or similar materials) shall be limited to 40% of the building's exterior façade.

(b) *Anti-Monotony.* An anti-monotony standard shall not allow the same structure—in terms of materials and elevation--any closer than four (4) houses apart on either side of the street.

(c) *Common Areas and Open Space.* All common areas, dedicated landscape easements, and open space areas shall be maintained by a Homeowner's Association, which shall be created subject to the requirements of the City's Subdivision Ordinance.

(d) *Garage Orientation.* Garages shall be oriented in a traditional swing (or j-swing). Garages configured in a flat, front entry configuration shall be setback a minimum of 20 feet from the front façade of the primary structure. All garage doors shall be required to have upgraded finishes (*e.g. divided garage bay doors, carriage style hardware and lighting elements, cedar clad garage doors, or a similar alternative -- to be approved by staff*)]. All garage configurations not conforming to this section shall meet the

requirements of Article VI, Parking and Loading, of the Unified Development Code (UDC).

*Area 2: Single-Family 10 (SF-10) District* [*4.9995-Acres*]

(1) *Permitted Uses.* Unless specifically provided by this Planned Development ordinance, *Area 2* as depicted in *Exhibit 'C'* of this ordinance shall be subject to the land uses permitted for the Single-Family 10 (SF-10) District as stipulated by the *Permissible Use Charts* contained in Article IV, *Permissible Uses*, of the Unified Development Code (UDC) [*Ordinance No. 04-38*] as heretofore amended, as amended herein by granting this zoning change, and as may be amended in the future however, the following conditions shall apply:

The following land use shall be permitted in *Area 2*:

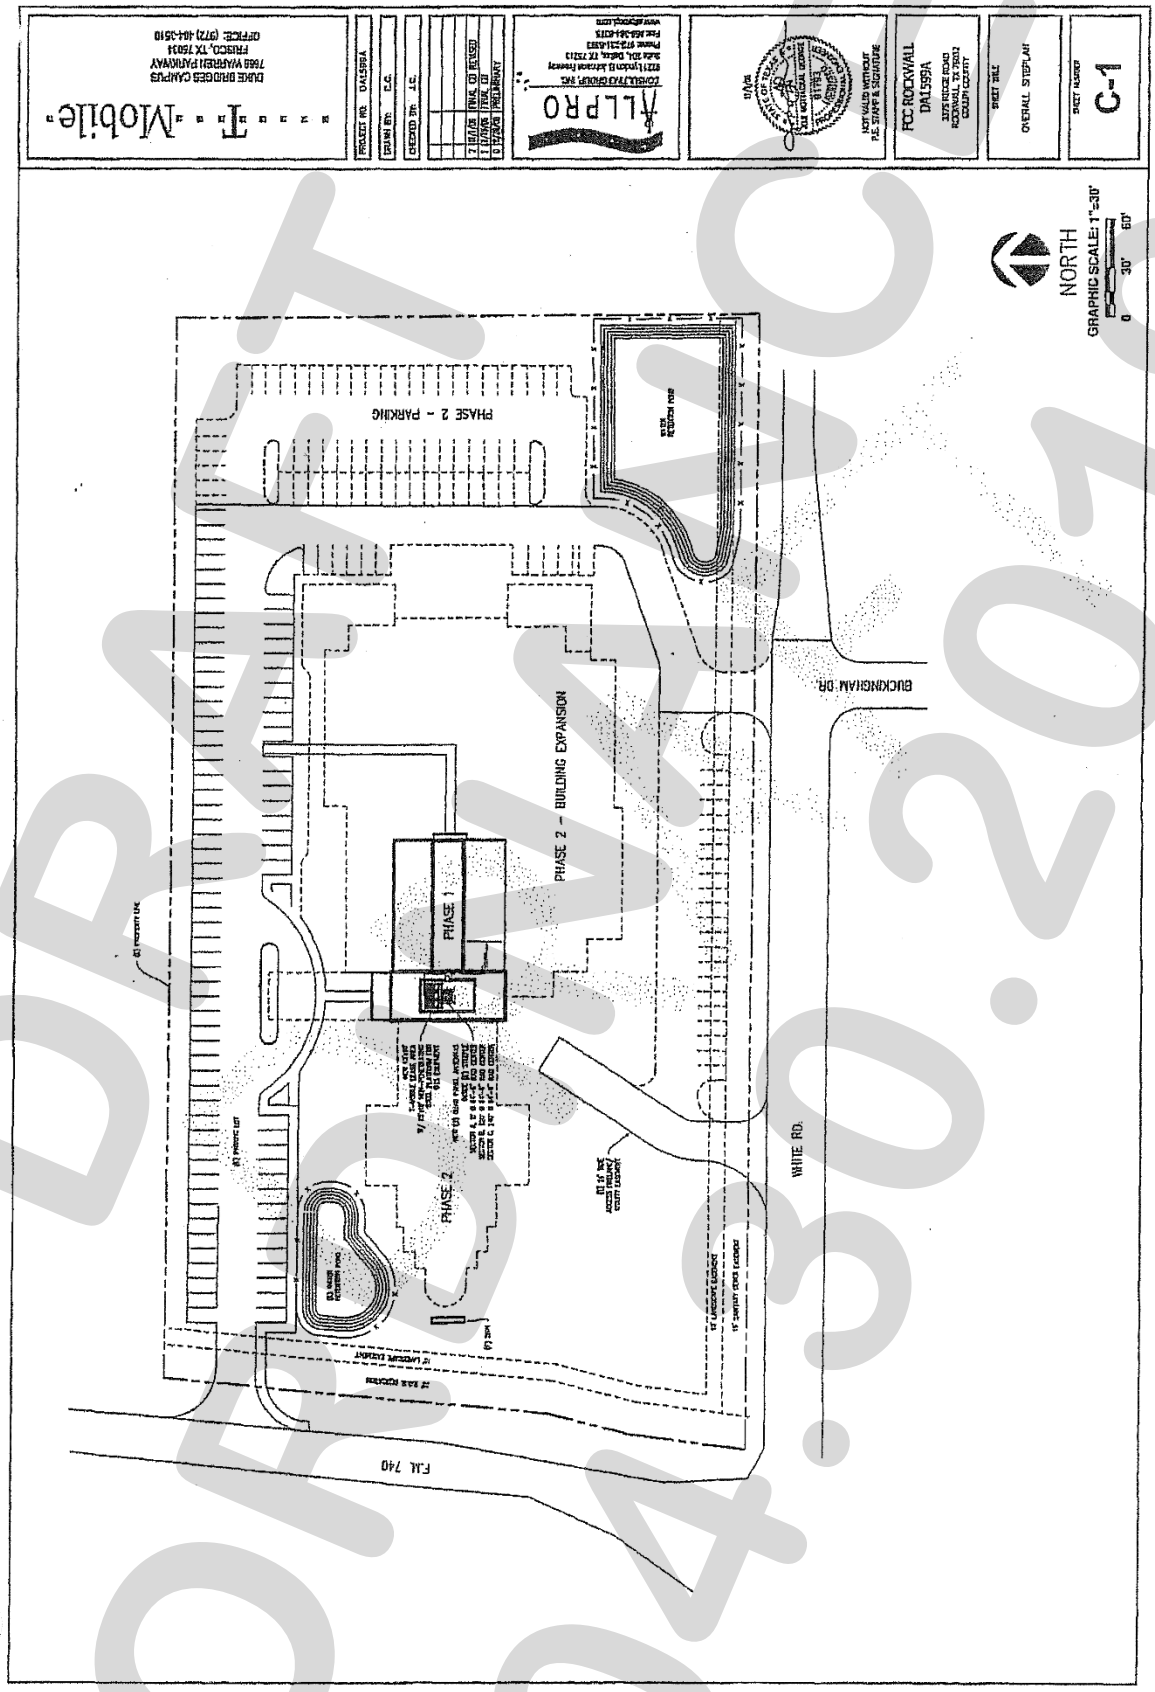
☑ Antenna, Commercial*

*NOTES*: 1) All equipment shall be contained interior to the building 2) The height of the structure shall remain as depicted in *Exhibit 'E'* of this ordinance.

(2) *Density and Dimensional Requirements.* Any development in Area 2 as depicted in *Exhibit 'C'* of this ordinance shall be subject to the development standards required for properties in a Single-Family 10 (SF-10) District as stipulated by Article V, *District Development Standards*, of the Unified Development Code [*Ordinance No. 04-38*] as heretofore amended, as amended herein by granting this zoning change, and as may be amended in the future.

(3) *Building Standards.* Housing type and construction shall adhere to the following building standards:

(a) *Masonry Requirements.* The minimum masonry requirement for the exterior façades of all buildings shall be 60% primary materials and/or a maximum of 20% secondary materials, excluding windows and doors. For the purpose of this ordinance, primary materials shall consist of stone, brick, and cementitious materials. The use of cementitious materials (e.g. stucco, cementitious lap siding, or similar materials) shall be limited to 40% of the building's exterior façade.



(b) *Anti-Monotony.* An anti-monotony standard shall not allow the same structure--in terms of materials and elevation--any closer than four (4) houses apart on either side of the street.

(c) *Common Areas and Open Space.* All common areas, dedicated landscape easements, and open space areas shall be maintained by a Homeowner's Association, which shall be created subject to the requirements of the City's Subdivision Ordinance.

(4) *Garage Orientation.* Garages shall be oriented in a traditional swing (or j-swing). Garages configured in a front entry configuration shall be setback a minimum of 20 feet from the front façade of the primary structure. All garage doors shall be required to have upgraded finishes (*e.g. divided garage bay doors, carriage style hardware and lighting elements, cedar clad garage doors, or a similar alternative -- to be approved by staff*)]. All garage configurations not conforming to this section shall meet the requirements of Article VI, Parking and Loading, of the Unified Development Code (UDC).

(4/18/2019 11:51 AM SH)
- 4% Engineering inspection fees.
- Must meet all City Standards of Design and Construction.
- Retaining walls 3' and over must be designed by an engineer. All retaining walls to be rock or stone face. No Smooth concrete walls.
- Detention is required. Manning's C-value is per zoning type.
- 4:1 max slope for grading.
- Need Geotech report and Waters of the US study.
- Dowell Road to be a M4U roadway with 65ft ROW width and 45ft paving width. You must dedicate the ROW and escrow the paving and storm costs at 115%.
- Must loop water line one site.
- Need to show that Blackland WSC can serve the location with the proper fire flow and that it doesn't exceed their allotted service connections per the City contract.
- There needs to be a cul-de-sac at the end of Street E.
- All ditches to be maintained, repaired, and reconstructed by property owner.
- 60' dedicated ROW not an easement for the connection of Street E to Dowell Rd.

P2019-017 Emerson Farms

Please address the following comments (M= Mandatory Comments; I = Informational Comments).

I.1 This is a request by Chase Finch of Corwin Engineering, Inc. on behalf of Suresh Shridharani of Harlan Properties, Inc. for the approval of a preliminary plat for the Emerson Farms Subdivision containing 107 single-family residential lots on a 138.756-acre tract of land identified as Tract 1 of the J. Lockhart Survey, Abstract No. 137, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 76 (PD-76) for Single Family 1 (SF-1) District land uses, generally located on the east side of Dowell Road south of the intersection of SH-276 and Dowell Road.

I.2 For questions or comments concerning this case, please contact Korey Brooks in the Planning Department at (972) 772-6434 or email kbrooks@rockwall.com.

M.3 For reference, include the case number (P2019-017) in the lower right hand corner of all pages on future submittals.

M.4 Please note per the PD Ordinance, a PD Site plan showing site/hardscape/landscape/and treescape plans has to be submitted before or with the preliminary plat.

M.5 Please note that the streets do not match the original approved streets. This is important in this case because the PD granted certain exceptions to specific streets.

M.6 Please note that the lot and block designations do not match the original. This is important in this case because the PD granted certain exceptions to specific lots.

M.7 Please note that the street sections do not appear to match the originally approved street sections.

M.8 Please provide a hatch for the ROW dedication. It is difficult to determine exactly what is being dedicated. Additionally, this seems to look different than a typical ROW dedication. As shown, the plat shows that area being part of the subdivision. It appears that the property line between Lot 1, Block F and Lot 2, Block B is missing.

M.9 Please indicate the city limits.

Please note thatthe open space area adjacent to Dowell Road is much smaller than originally approved. Was this originally a park?

M.10 Please note that open spaces indicated within the subdivision do not match the chart. For instance, Block F has two open spaces; however there is no asterisk on the chart. Additionally Lot 18, Block A is indicated as Lot 17 on the chart.

M.11 Please provide flood elevations.

M.12 Please provide street name in lieu of “Street A” and so forth

M.13 Please label all drainage easements as “Drainage and Detention Easement” since you show those areas being detention easements.

M.14 Please note that the acreage on the PD shows 138.79 and the acreage on the preliminary plat shows 138.756.

I.15 Staff has identified the aforementioned items necessary to continue the submittal process. Please make these revisions and corrections, and provide any additional information that is requested by May 7, 2019. The Planning and Zoning Worksession for this case is April 30, 2019 and the Planning and Zoning Meeting for this case is May 14, 2019. The Park Board Meeting for this case is May 7, 2019. The City Council Meeting is May 20, 2019.

M.16 A representative is required to attend all meetings.

Reviewed for preliminary Approval:

Planning & Zoning Commission Chairman  Date

I hereby certify that the above and foregoing plat of an addiiton to the City of Rockwall, Texas, was approved by the City Council of the City of Rockwall, on the_____of_____,2019.

This approval shall be invalid unless the approved plat for such addition is recorded in the office of the County Clerk of Rockwall, County, Texas, within one hundred eighty (180) days from said date of final approval.

Mayor, City of Rockwall  City Secretary  City Engineer

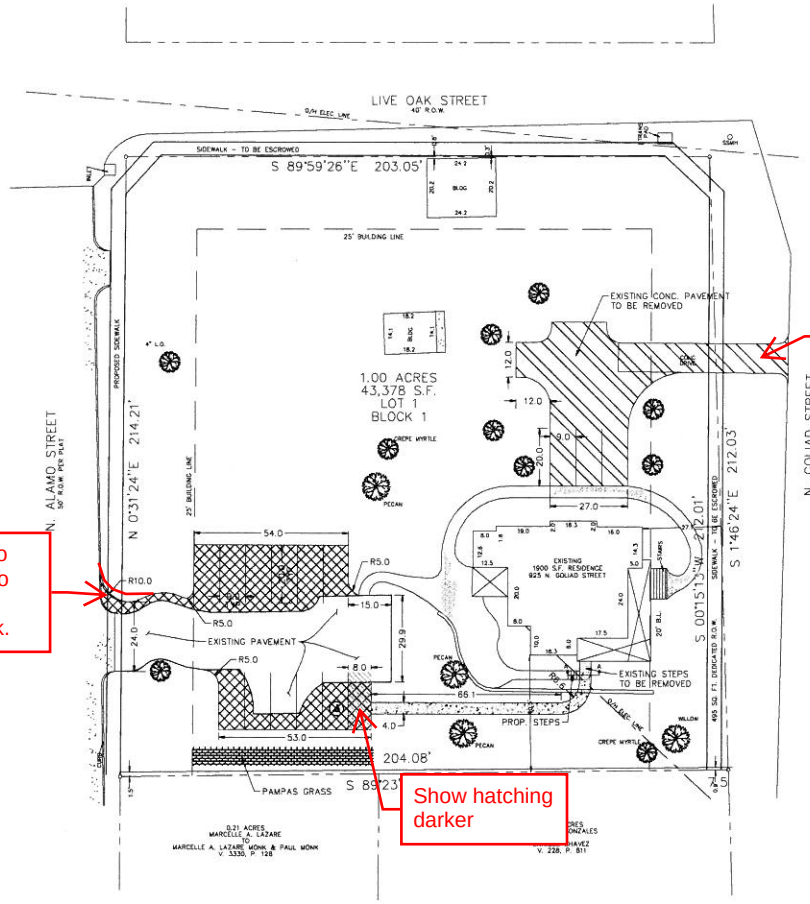
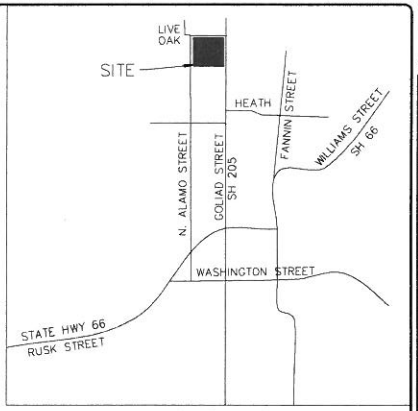
SP2019-009 Site Plan for 925 N. Goliad Street

Please address the following comments (M= Mandatory Comments; I = Informational Comments).

I.1 This is a request by Cari Foote of Cari Foote & Associates, PLLC for the approval of a site plan for an office building on a one (1) acre parcel of land identified as Lot 1, Block A, Isaac Pena Addition, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 50 (PD-50) for Residential-Office (RO) District land uses, situated in the North Goliad Corridor Overlay (NGC OV) District, addressed as 925 N. Goliad Street.



I.2 For questions or comments concerning this case, please contact Korey Brooks in the Planning Department at (972) 772-6434 or email kbrooks@rockwall.com.



M.3 For reference, include the case number (SP2019-009) in the lower right hand corner of all pages on future submittals.

M.4 Please provide an updated site plan showing the landscaping requested by the Historic Preservation Advisory Board (HPAB). "The developer shall plant a thick vegetative screening utilizing a combination of accent trees, bushes and/or grasses adjacent to the ramp and the south property line; and the developer shall submit a revised landscape plan showing the location and landscape materials proposed for the landscape screening adjacent to the ramp and south property line."

I.5 Staff has identified the aforementioned items necessary to continue the submittal process. Please make these revisions and corrections, and provide any additional information that is requested by May 7, 2019. The Planning and Zoning Worksession for this case is April 30, 2019 and the Planning and Zoning Meeting for this case is May 14, 2019.

M.6 A representative is required to attend all meetings.

Re: 925 N. Goliad, Rockwall, TX 75087

To Whom It May Concern:

I am currently under contract to purchase the Landmark Property known as the Cade House at 925 N. Goliad. It is currently used as residential property. The zoning is Commercial – Residential Office. I plan to convert the use to professional office use.

There will be no changes to the exterior other than –

- Adding a white metal handrail down the middle of the front steps
- Adding a black metal handrail down the middle of both sides of the rear steps
- Removing the concrete drive and parking in front and replacing with sod
- Adding parking in back and widening the back drive as indicated in site plan
- Adding Pampas grass along the south fence line to function as photometric screening grass to match the existing pampas grass at the back gate
- Building a handicap access from back parking with a sidewalk and raised sidewalk as needed due to grading. Sidewalk will enter the side of the front porch and the current side stairs. At the entrance to the stairs the existing architectural features the border the existing stairs will border the ramp and any needed rails along the walkway will be white vinyl rails that look like wood and match the exterior of the building.

There will be no interior changes other than to make the down stairs bath accessible and adding handrails to the stairs and doors to the dining room.

The submitted site plan includes photometric requirements, treescape plan (no changes needed to current trees), and elevations and site plan indicates existing landscaping. There will be no change other than adding sod to the area of removed concrete. Sidewalk along Alamo will be completed. Sidewalks along Live Oak and Goliad will be escrowed.

The amount of added paving is:

2000 SF of added drive paving
333 SF of added sidewalk/ramp paving
2333 SF Total Added

The amount of removed paving is: 2306 SF of removed front paving

Sincerely,

Cari Foote

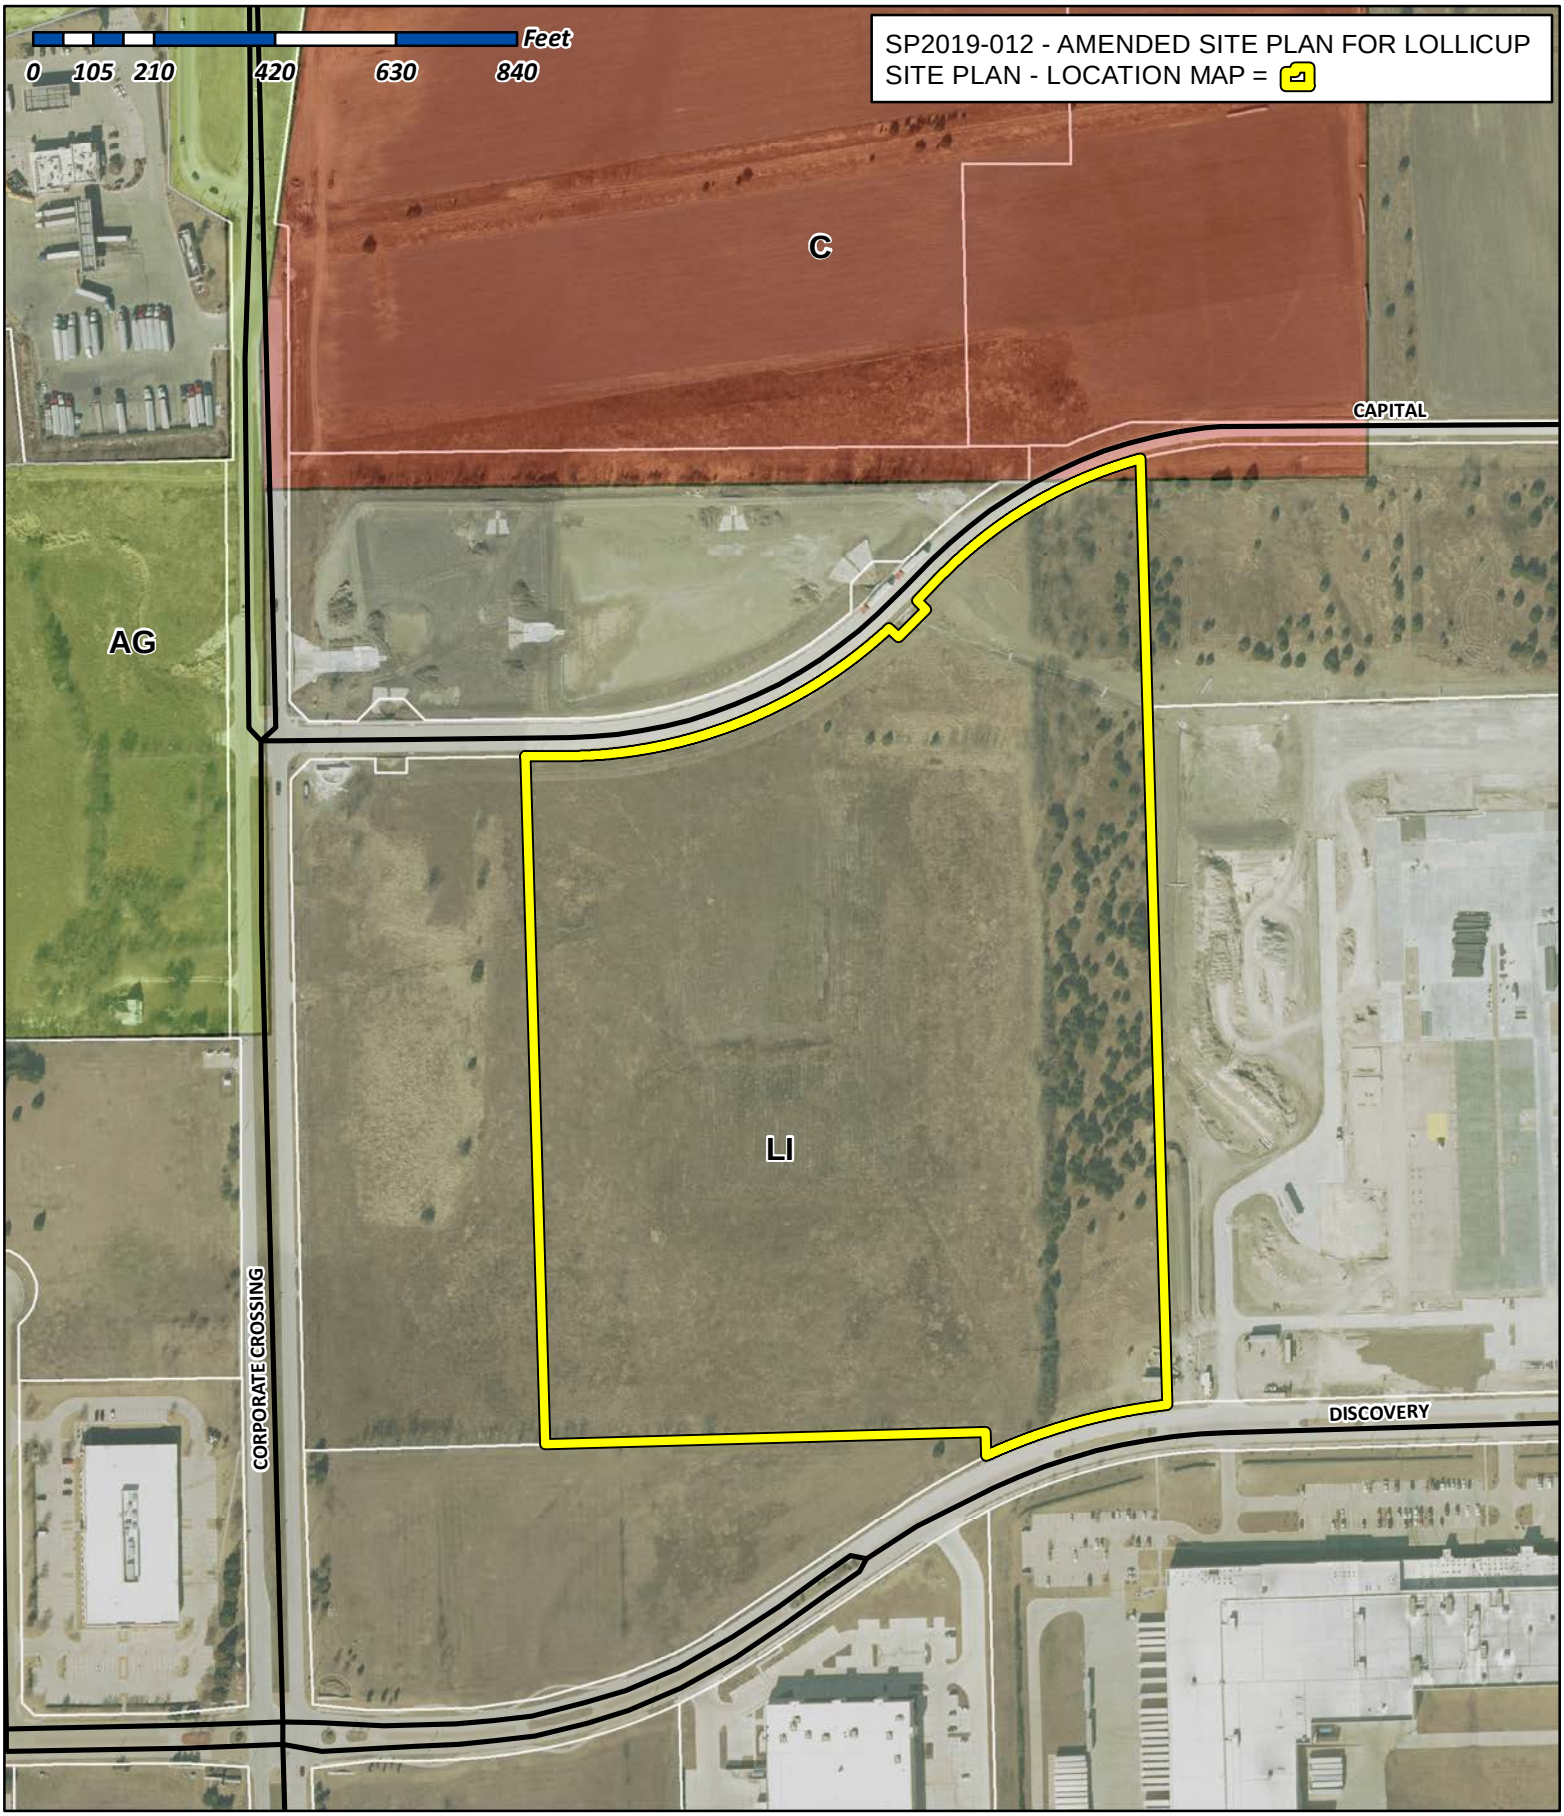
Discuss and consider a request by Kyle McCullah of Callaway Architecture on behalf of Jason Lee of Lollicup USA, Inc. for the approval of an amended site plan for an existing manufacturing facility on a 34.23-acre tract of land identified as Lot 2, Block A, Rockwall Technology Park, Phase 4 Addition, City of Rockwall, Rockwall County, Texas, zoned Light Industrial (LI) District, situated within the FM-549 Overlay (FM-549 OV) District, addressed as 3201 Capital Boulevard, and take any action necessary.

The following staff comments are to be addressed and resubmitted no later than Tuesday May 7, 2019. Please provide one (1) large copy [24" X 36" FOLDED] and one PDF version for a final review by staff:

** Planning Department General Comments to be addressed:

1. The shall conform to all standards and requirements of the FM-549 Overaly (FM-549 OV) District, the Unified Development Code (UDC), the staff comments provided by the Planning, Engineering, Building Inspection, and Fire Departments as indicated in this Project Plan Review document.
2. Provide a label indicating "Case No. SP2019-012" on the lower right corner on all pages of the revised final plat submittal
3. Approval of an exception to the FM-549 Overlay (FM-549 OV) District standards to allow for landscape screening of the proposed 22, 60-ft silo's located on the south facing elevation.

Staff recommends thata representative be present for the meetings as listed below. If you have any questions regarding this case, please feelfree to contact David Gonzales, AICP with the Planning Department at 972-771-7745.



***Scheduled Meeting Dates to Attend:

Architectural Review Board - Work Session: April 30, 2019 (Tuesday at 5:00p.m.)

Planning and Zoning Commission - Work Session: April 30, 2019 (Tuesday at 6:00p.m.)

Architectural Review Board - Action Item: May 14, 2019 (Recommendation to P&Z - Tuesday at 5:00 p.m.)

Planning and Zoning Commission - Action Item: May 14, 2019 (Tuesday at 6:00 p.m.)

# AGENDA
## PLANNING AND ZONING COMMISSION PUBLIC HEARING
## City Hall, 385 South Goliad, Rockwall, Texas
## Council Chambers
## May 14, 2019
## 6:00 P.M.

**CALL TO ORDER**

***CONSENT AGENDA***

1. Approval of Minutes for the *April 9, 2019* Planning and Zoning Commission meeting.

2. **SP2019-009** (Korey)
   Discuss and consider a request by Cari Foote of Cari Foote & Associates, PLLC for the approval of a site plan for an office building on a one (1) acre parcel of land identified as Lot 1, Block A, Isaac Pena Addition, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 50 (PD-50) for Residential-Office (RO) District land uses, situated in the North Goliad Corridor Overlay (NGC OV) District, addressed as 925 N. Goliad Street, and take any action necessary.

3. **SP2019-010** (David)
   Discuss and consider a request by Jason Lentz of Atticus Rockwall, LLC for the approval of an amended site plan for 42 townhomes on a 4.08-acre tract of land identified as Lot 2, Block A, Harbor Village Addition, City of Rockwall, Rockwall County, Texas, zoned Planned Development District No. 32 (PD-32), situated within the *Residential Subdistrict* of the Harbor and within the Scenic Overlay (SOV) District, located north of the intersection of Ridge Road [FM-740] and Glen Hill Way, and take any action necessary.

***PUBLIC HEARING ITEMS***

4. **Z2019-009** (David)
   Hold a public hearing to discuss and consider a request by Chris Lam, PE of Lam Consulting Engineering on behalf of Price Pointer of TCB Construction Group, LLC for the approval of a Specific Use Permit (SUP) for a *restaurant less than 2,000 SF without a drive-through or drive-in* on a 0.23-acre parcel of land identified as Block 20B of the Amick Addition, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 50 (PD-50) for Residential Office (RO) District land uses, situated within the North Goliad Corridor Overlay (NGC OV) District, addressed as 505 N. Goliad Street, and take any action necessary.

5. **Z2019-010** (Korey)
   Hold a public hearing to discuss and consider a request by Dwayne Cain of EVSR (D), LLC for the approval of a Specific Use Permit (SUP) for a *guest quarters/secondary living unit* and *barn or agricultural accessory building* on a 10.61-acre portion of a larger 26.078-acre tract of land identified as Tract 2 & 2-4 of the W. M. Dalton Survey, Abstract No. 72, City of Rockwall, Rockwall County, Texas, zoned Agricultural (AG) District, addressed as 777 & 839 Cornelius Road, and take any action necessary.

6. **Z2019-011** (Korey)
   Hold a public hearing to discuss and consider a request by Scott Lewis of RRDC, LTD for the approval of an amendment to Planned Development District 47 (PD-47) [*Ordinances 99-17 & 07-04*] being a 14.4715-acre tract of land identified as Tract 104 of the E. Teal Survey, Abstract No. 207 and Lot 1, Block A, First Christian Church, Disciples of Christ Addition, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 47 (PD-47) for Single-Family 10 (SF-10) District land uses, situated within the Scenic Overlay (SOV) District, generally located at the northeast corner of the intersection of Ridge Road [*FM-740*] and White Road, and take any action necessary.

***ACTION ITEMS***

7. **SP2019-012** (David)
   Discuss and consider a request by Kyle McCullah of Callaway Architecture on behalf of Jason Lee of Lollicup USA, Inc. for the approval of an amended site plan for an existing manufacturing facility on a 34.23-acre tract of land identified as Lot 2, Block A, Rockwall Technology Park, Phase 4 Addition, City of Rockwall, Rockwall County, Texas, zoned Light Industrial (LI) District, situated within the FM-549 Overlay (FM-549 OV) District, addressed as 3201 Capital Boulevard, and take any action necessary.

***DISCUSSION ITEMS***

**8.** Director's Report of post Council meeting outcomes of Planning & Zoning cases **(Ryan)**.

- ✓ P2019-018: Replat for Park Place, Phase III Addition [*Approved*]
- ✓ P2019-019: Final Plat for Lot 11, Block A, SH-205 Business Park Addition [*Approved*]
- ✓ Z2019-006: SUP for a Structure Exceeding 60-Feet in a Light Industrial (LI) District (*2nd Reading*) [*Approved*]
- ✓ Z2019-007: SUP for Outdoor Commercial Amusement/Recreation (*2nd Reading*) [*Approved*]
- ✓ Z2019-008: Amended PD Development Plan for Planned Development District 32 (PD-32) (*2nd Reading*) [*Approved*]

## ADJOURNMENT

This facility is wheelchair accessible and accessible parking spaces are available. Request for accommodations or interpretive services must be made 48 hours prior to this meeting. Please contact the City Secretary's Office at (972) 772-6406 for further information.

I, Laura Morales, Planning and Zoning Coordinator for the City of Rockwall, Texas, do hereby certify that this Agenda was posted at City Hall, in a place readily accessible to the general public at all times, on the 10th day of May 2019 at 5:00 p.m., and remained so posted for at least 72 continuous hours preceding the scheduled time of said meeting.

# MINUTES

## PLANNING AND ZONING COMMISSION PUBLIC HEARING
## City Hall, 385 South Goliad, Rockwall, Texas
## Council Chambers
## April 9, 2019
## 6:00 P.M.

I. CALL TO ORDER

**Chairman Lyons called the meeting to order at 6:01 p.m. The Commissioners present at the meeting were, Jerry Welch, Mark Moeller, Tracey Logan, John Womble, Eric Chodun and Annie Fishman. Staff members present were Planning Director, Ryan Miller, Planning Manager, David Gonzales, Senior Planer Korey Brooks, Planning Coordinator, Laura Morales, City Engineer, Amy Williams, Civil Engineers, Jeremy White and Sarah Hager.**

II. CONSENT AGENDA

1. Approval of Minutes for the March 12, 2019 Planning and Zoning Commission meeting.

2. P2019-010
Consider a request by Michael Duval of G&A/McAdams on behalf of John Delin of RW Ladera, LLC for the approval of a final plat for Lot 1, Block A and Lot 1, Block B, Ladera Rockwall Addition being a 47.694-acre tract of land identified as a portion of Tract 4-01 and all of Tract 5 of the M. B. Jones Survey, Abstract No. 122, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 85 (PD-85) for General Retail (GR) and Single-Family 7 (SF-7) District land uses, situated within the 205 By-Pass Overlay (205 BY-OV) and the East SH-66 Overlay (E SH-66 OV) District, located at the northeast and northwest corners of the intersection of SH-66 and John King Boulevard, and take any action necessary.

3. P2019-016
Consider a request by Kevin Patel of Triangle Engineering, LLC for the approval of a replat for Lot 2 of the Cain Properties #1 Addition being a 1.233-acre parcel of land identified as a portion of Lot 1 and Lot 1R of the Cain Properties #1 Addition, City of Rockwall, Rockwall County, Texas, zoned Downtown (DT) District, situated within the SH-66 Overlay (SH-66 OV) District, located north of the intersection of S. Goliad Street [*SH-205*] and Storrs Street, and take any action necessary.

**Commissioner Welch made a motion to approve the consent agenda. Commissioner Moeller seconded the motion which passed by a vote of 7-0.**

III. APPOINTMENTS

4. Appointment with Architectural Review Board representative to receive the Board's recommendations and comments for items on the agenda requiring architectural review.

**Architectural Review representative gave a brief explanation concerning agenda items that were discussed at the Architectural Review Board meeting.**

**Chairman Lyons indicated that Items # 6 and # 7 would be moved up on the agenda.**

IV. PUBLIC HEARING ITEMS

5. P2019-013
Hold a public hearing to discuss and consider a request by Dean Cathey of Dean Cathey Custom Homes, Inc. for the approval of a replat for Lots 3, 4 & 5, Block A, Richard Harris Subdivision No. 3 Addition being a 0.57-acre tract of land identified as Lots 1 & 2, Block A, Richard Harris Subdivision No. 3 Addition, City of Rockwall, Rockwall County, Texas, zoned Single Family 7 (SF-7) District, addressed as 705 & 707 Hartman Street, and take any action necessary.

**Senior Planner, Korey Brooks, provided a brief explanation of the request. The applicant is requesting to subdivide two parcels of land into a third parcel. The plat meets the technical requirements of the Unified Development Code and is coming before the Planning and Zoning Commission because Texas Local Government Code requires notifications be sent to property**

**owners within 200 feet of the subject property when there is a residential replat that increases the number of lots. On March 25, 2019, staff mailed 29 notices to property owners/residents within 200-feet of the subject property and received one notice in opposition.**

**Mr. Brooks advised the Commission staff was available for questions. Chairman Lyons asked for questions from the Commission.**

**Commissioner Logan asked if any of the property was in floodplain. City Engineer, Amy Williams, indicated no part of the property was in the floodplain.**

**Chairman Lyons opened up the public hearing and asked if anyone wished to speak to come forward and do so; there being no one indicating such Chairman Lyons closed the public hearing and brought the item back to the Commission for discussion or action.**

**Commissioner Welch made a motion to approve P2019-013 with staff recommendations. Commissioner Logan seconded the motion which passed by a vote of 7-0.**

6. Z2019-004

Hold a public hearing to discuss and consider a request by Sandie Wood for the approval of a Specific Use Permit (SUP) for a *guest quarters/secondary living unit* that does not meet the minimum requirements as stipulated by Article IV, *Permissible Uses*, of the Unified Development Code (UDC) on a 3.574-acre parcel of land identified as Lot 1, Block A, Wood Estates Addition, City of Rockwall, Rockwall County, Texas, zoned Single-Family 7 (SF-7) District, addressed as 207 Nash Street, and take any action necessary.

**Senior Planner, Korey Brooks, advised the Commission that the applicant has requested to withdraw the case and action would need to be taken by the Commission.**

**Commissioner Womble made a motion to withdraw Z2018-004. Commissioner Fishman seconded the motion which passed by a vote of 7-0.**

7. Z2019-005

Hold a public hearing to discuss and consider a request by Kent Donahue of Donahue Development Corporation on behalf of the owner Rockwall Highgate LTD for the approval of a zoning change from an Agricultural (AG) District to a Planned Development District for Single Family 7 (SF-7) District land uses on a 264.510-acre tract of land identified as Tracts 17-13 [*50.0-acres*], 17-14 [*26.452-acres*], 17-15 [*134.33-acres*], 17-16 [*43.6-acres*], & 40-8 [*8.79-acres*] of the W. W. Ford Survey, Abstract No. 80, City of Rockwall, Rockwall County, Texas, zoned Agricultural (AG) District, located on the east side of SH-205 (S. Goliad Street) south of the intersection of SH-205 and FM-549, and take any action necessary.

**Planning Director, Ryan Miller, advised the Commission that the applicant has requested to postpone the case to the next scheduled meeting. Mr. Miller indicated the Commission would need to take action.**

**Commissioner Moeller made a motion to approve the postponement of Z2019-005. Chairman Lyons seconded the motion which passed by a vote of 7-0.**

8. Z2019-006

Hold a public hearing to discuss and consider a request by Mark W. Pross of Pross Design Group, Inc. on behalf of Carolina Molina of Alvaplast US (SPR Packaging) for the approval of a Specific Use Permit (SUP) for a structure that exceeds 60-feet in a Light Industrial (LI) District on a 42.61-acre tract of land identified as Tract 7 of the N. Butler Survey, Abstract No. 20 (*11.3736-acres*); Tract 31 of the R. Ballard Survey, Abstract No. 29 (*8.197-acres*); and, Lot 1-01, Block 1, Indalloy Addition (*14.53-acres*), City of Rockwall, Rockwall County, Texas, zoned Light Industrial (LI) District, situated at the terminus of Aluminum Plant Road, and take any action necessary.

**Planning Manager, David Gonzales, provided a brief explanation and background of the request. The applicant is requesting for the approval of a Specific Use Permit for a structure that exceeds 60-feet in a Light Industrial District. In January 2019, the applicant requested approval of a site plan for the purpose of expanding SPR's existing operations this request was for the first phase of a multi-phase expansion plan. On March 18, 2019, the Planning and Zoning Commission**

approved the requested site plan for Phase 1 for the purpose of constructing an approximately 78,615 square foot single-story, warehouse facility on an 11.3736-acre portion of the subject property. Currently, the subject property is vacant, with the exception of the Columbia Extrusion Corporation's existing structures located on the west side of the subject property. The applicant is requesting to allow for a maximum overall height of 100-feet for structures that will be located in the areas identified as Phases 2, 3, 4 and 5 as depicted on the concept plan they have provided. This area will house the high bay extruders necessary for SPR's business operations. The applicant has stated to staff that SPR's business involves the production of flexible packaging products through a process called extrusion. The extrusion of certain plastics require additional height to process, and SPR has set a maximum height of 100-feet from grade for these structures.

Mr. Gonzales further indicated that the construction for all of the buildings will be composed of tilt-up wall construction, matching their existing building located just south of and adjacent to the subject property. The area's extending above the tilt-up wall construction, which enclose the high bay extruders will have pre-finished metal panels. These metal panels will have a height of not more than 100-feet. The applicant has provided conceptual building elevations and a phasing plan indicating uniformity with each phase being planned. These elevations will require a recommendation by the Architectural Review Board prior to being considered by the Planning and Zoning Commission during the site plan review. Due to the height of the structures being requested, the applicant submitted a screening plan with the site plan for Phase 1 showing the incorporation of a thick vegetative screen being incorporated adjacent to the north and west property lines. The applicant has provided staff with this same landscape screening plan, which has been incorporated in the draft SUP ordinance and will be required to be built with Phase 1 of the development per this ordinance. Additionally, the applicant has provided a line of site study that evaluates the visual impacts of the proposed structures from Justin Road, E. Washington Street, and the Park Place neighborhood. Photographs were also included indicating superimposed structures and their visibility based on direction and topography of these areas. A development plan submitted by the applicant indicates an area where the maximum height of structures is limited to 100-feet and that this area is a minimum distance of 500-feet from the west property boundary the Park Place Addition and 132-feet from Industrial Road. It should be known that within a Light Industrial District, the rear yard setback for a structure adjacent to a residential district is a minimum of 20-ft + ½ of the building height greater than 36-feet [i.e. 20-ft + (60-ft – 36-ft = 24-ft/2)]. This means the minimum rear setback in this case would be 32-feet from the west property line.

The Unified Development Code states that "(a)ll structures shall conform to the height requirements specified for the zoning district of the subject property as stipulated by Section 7.03." Based on this, the maximum height for any structure within a Light Industrial (LI) District is 60-feet; however, a "(b)uildings height may be increased up to 120-feet if approved through a Specific Use Permit (SUP) by the Planning and Zoning Commission and City Council." The applicant is requesting to allow for a maximum overall height of 100-feet for Phases 2, 3, 4 and 5, which will house the high bay extruders processed with this SUP. According to the Unified Development Code, non-residential developments that are adjacent to or directly across the street from a residential development should incorporate a minimum ten foot landscape buffer that incorporates trees on 50-foot centers. In this case, the applicant is providing a 50-foot landscape buffer with the addition of evergreen and Live Oak trees along the western and northern property boundaries. The proposed landscape plan exceeds the minimum requirements of the UDC and has been included as a condition of approval in the draft SUP ordinance.

Additionally when analyzing the applicant's request, and given the need for the additional height required for the high bay extruders, the applicant has provided staff with a landscape screening plan and line of sight study that attempts to mitigate the visual impact of the proposed structures. The applicant has also provided a development plan assuring that the 100-foot tall structures will not be closer than 500-feet from the existing or future home sites within the Park Place Subdivision. Additionally, and with the exception of PD-59 Park Place Addition and a vacant 1.945-acre tract of land zoned Agricultural District located at the intersection of E. Washington Street and Airport Road, the surrounding properties adjacent to the subject property are zoned Light Industrial District. With this being said, a request for a Specific Use Permit is discretionary for the City Council. The Planning and Zoning Commission is tasked with considering if this request will adversely affect the neighboring properties, and provide a recommendation to the City Council.

Mr. Gonzales further noted that on March 29, 2019, staff mailed 99 notices to property owners and residents within 500-feet of the subject property and also emailed a notice to the Park Place Homeowner's Associations, which is the only HOA located within 1,500-feet of the subject property participating in the Neighborhood Notification Program. Staff had received nine notices in favor of the request, four notices in opposition and one notice that was undecided.

Mr. Gonzales advised the Commission that the applicant was present and available for questions as well as staff.

Chairman Lyons opened up the public hearing and asked the applicant to come forward.

Ignacio Echavarri
1480 Justin Road
Rockwall, TX

Mr. Echavarri came forward shared his appreciation to all of staff and both Council and the Commission for their feedback through the process which he feels they have listened to and have worked with those recommendations to bring what they feel is a good fit to the community. He indicated he was available for questions.

Chairman Lyons opened up the public hearing and asked if anyone wished to speak to come forward and do so.

Sue Reeves
402 W. Boydstun
Rockwall, TX

Ms. Reeves came forward and shared she is a member of the Soroptimist Children's House located at 1350 E. Washington. She asked with Washington Street being a two lane road, where the entrance/exit would be for the employees and delivery trucks and would they be passing the Soroptimst House daily because her concern is with traffic.

Bill Bricker
505 Westway
Rockwall, TX

Mr. Bricker came forward and indicated he is the developer of the Park Place and is currently starting on Phase II. A year and a half ago when SPR approached them with interest in buying the subject property he did due diligence knowing whatever is built and goes on at SPR will affect the Park Place communities, and feels that knowing the future is better than an unknown future as to what will be built. Within the due diligence they looked at SPR what they did as well as their future plans for expansion. Mr. Bricker shared that the things that affect the quiet enjoyment of one's home are not disrupted by SPR plant nor their plans for future expansion. He expressed being in favor of the request.

David David
1020 St. Charles Court
Rockwall, TX

Mr. David came forward and shared that when the initial Specific Use Permit when the applicant was requesting 120 feet variance for the height, the Park Place homeowners were not in support. However since then with the applicants new plan they have done their research and met with SPR and feel that SPR is a good company and are very good stewards of their property. Mr. David generally expressed being in favor of the request.

Phil Wagner
Rockwall Economic Development Corporation
2610 Observation Trail
Rockwall, TX

Mr. Wagner came forward and indicated he is with the Rockwall Economic Corporation and expressed they are in favor of the request.

**Chairman Lyons asked if anyone wished to speak to come forward and do so; there being no one indicating such Chairman Lyons closed the public hearing and asked the applicant back for any additional comments. Mr. Echavarri came forward and shared additional comments in regards to their plans for the future expansions.**

**Chairman Lyons brought the item back to the Commission for discussion or action.**

**Chairman Lyons generally being in favor of the request. He shared appreciation for the applicant's effort in working with the surrounding neighbors and the concerns they had and he feels SPR will be a good neighbor and asset to the community.**

**Commissioner Chodun expressed concern with the height and how it impacts the area and generally expressed not being in favor of the request. Commissioner Logan agreed with Commissioner Chodun's concerns with the height and location and generally expressed not being in favor of the request. Commissioner Welch, Moeller and Fishman generally expressed being in favor of the request.**

**General discussion took place between the Commission in regards to the height being requested.**

**Commissioner Welch made a motion to approve Z2019-007 with staff recommendations. Commissioner Moeller seconded the motion which passed by a vote of 5-0 with Commissioners Logan and Chodun dissenting.**

9. Z2019-007

Hold a public hearing to discuss and consider a request by Ruben Garcia and Brandon Mullins on behalf of Forrest B. Davis Jr. for the approval of a Specific Use Permit (SUP) for *outdoor commercial amusement/recreation* in conjunction with an existing Craft/Micro Brewery on a 1.215-acre parcel of land identified as Lot 1-F, Bodin Industrial Addition, City of Rockwall, Rockwall County, Texas, zoned Light Industrial (LI) District, situated within the IH-30 Overlay (IH-30 OV) District, addressed as 2015 Kristy Lane, and take any action necessary.

**Planning Manager, David Gonzales, provided a brief explanation of the request. The applicants, Ruben Garcia and Brandon Mullins, have submitted a request for a Specific Use Permit to allow a Commercial Amusement/Recreation Outdoor land use in conjunction with an existing craft/microbrewery located within a Light Industrial District. The applicant is requesting to operate an outdoor entertainment area that includes a stage and seating areas and will be located at the rear of the property and will be enclosed by an eight foot wooden fence. The applicants have stated that they would like the opportunity to expand their operations by including an outdoor stage and Biergarten venue for the purpose of incorporating live entertainment, charity events, special events such as corporate events, birthday parties, weddings, and social gatherings into their existing operations. Due to the hours of operation as regulated for a brewery by the Texas Alcoholic Beverage Commission, the applicants would be able to host these events during the hours of 8:00 a.m. 12:00 a.m. Monday through Saturday and 10:00 a.m. – 12:00 a.m. on Sunday. Additionally, the applicants have provided a concept plan for the outdoor venue, which shows that the area will be located at the rear of the facility. The concept plan indicates the location of the outdoor stage area, proposed seating areas, and an eight foot high wood fence that will enclose this area.**

**Mr. Gonzales went on to note that according to the Unified Development Code, a Commercial Amusement/Recreation (Outdoor) land use requires approval of a Specific Use Permit in a Light Industrial District. Staff has included language providing for the expiration of the SUP should the land use designation change other than a craft brewery and this has been included as a condition of approval. In addition according to the Unified Development Code, an "(o)utdoor commercial recreational and amusement uses shall be no closer than 300 feet to residentially zoned land unless such setback is reduced or waived by the planning and zoning commission and city council." In this case, the subject property is more than 300-feet from a residentially zoned property and is in conformance with the UDC. Based on the applicant's request, it should be noted that the subject property is situated within the Bodin Industrial Addition, which is primarily zoned Light Industrial District. It should also be noted that the hours of operation are limited by the Texas Alcoholic Beverage Commission for a brewery. As a note, the required number of parking spaces for any facility is calculated based on land use and the square footage of the facility and**

**in this case, the Commercial Amusement/Recreation (Outdoor) use is not considered an indoor use; therefore, no additional parking spaces are required. Based on staff's review, the applicant's request does appear to be in conformance with these requirements; however, the approval of a Specific Use Permit is a discretionary decision for the City Council.**

**Mr. Gonzales further noted that on March 29, 2019, staff mailed 27 notices to property owners and residents within 500-feet of the subject property and did not send a neighborhood notification as there are no Home Owners Associations or neighborhood groups participating in the Neighborhood Notification Program within 1,500-feet of the subject property. Staff had received two notices in favor of the applicant's request.**

**Mr. Gonzales advised the Commission that the applicant was present and available for questions as well as staff.**

**Commissioner Fishman asked if there would be any additional lighting provided. Mr. Gonzales indicated the applicant could better answer that question however if they provided small exterior lights no greater than 15 watts no photometric plan would be required.**

**Chairman Lyons opened up the public hearing and asked the applicant to come forward.**

**Ruben Garcia**
**2015 Kristi Lane**
**Rockwall, TX**

**Mr. Garcia shared they host numerous charitable events that benefit the community and they are a very community oriented business.**

**Brandon Mullins**
**2015 Kristi Lane**
**Rockwall, TX**

**Mike Richter**
**2015 Kristi Lane**
**Rockwall, TX**

**Mr. Richter shared he is with the food truck Mingling Mouth which provides the food to the brewery. In regards to Commissioner Fishman's question to lighting he indicated they would only have accent lighting such as outdoor tea lights. Mr. Garcia added that they do provide safety lighting for walkways and parking. Mr. Richter shared the purpose for the request is to allow them to continue to host events and having a dedicated outdoor stage will be beneficial because there is not much room within the brewery.**

**Commissioner Chodun asked in regards to the noise and how that will impact the adjacent properties. Mr. Garcia stated that when the brewery is in operation the adjacent businesses are usually closed.**

**Chairman Lyons opened up the public hearing and asked if anyone wished to speak to come forward and do so; there being no one indicating such Chairman Lyons closed the public hearing and brought the item back to the Commission for discussion or action.**

**Chairman Logan made a motion to approve Z2019-007 with staff recommendations. Commissioner Fishman seconded the motion which passed by a vote of 7-0.**

10. Z2019-008
Hold a public hearing and consider a request by James Ziegler of PegasusAblon on behalf of Rockwall Rental Properties, LP for the approval of a PD Development Plan amending *Ordinance No. 17-64* and in accordance with *Ordinance No. 17-22*, for a 7.344-acre tract of land identified as Lot 9, Block A, Harbor-Rockwall Addition and Tract 16 of the M. J. Barksdale Survey, Abstract No. 11, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 32 (PD-32), situated within the IH-30 (IH-30) Overlay District, located at the southwest corner of the intersection of the IH-30 frontage road and Lakefront Trail, and take any action necessary.

Planning Director, Ryan Miller, provided a brief explanation and background of the request. The applicant submitted an application requesting to amend the PD Development Plan approved under Ordinance No. 17-64. The applicant has stated that the purpose of this application is to change the pedestrian access easement that extends from Lakefront Trail to the Harbor Fountain to a one-way private drive and pedestrian access easement, and to change the construction schedule for Harbor Village project. On January 15, 2019, the Planning and Zoning Commission approved a site plan for a 375-unit condominium building on a 6.2-acre tract of land located at the southwest corner of the intersection of the IH-30 frontage road and Lakefront Trail. While going through the site plan approval process, staff explained to the applicant that the proposed IH-30 improvements which are scheduled for 2021 would restrict the properties west of the subject property and the existing office/retail building adjacent to the takeline from having access to Lakefront Trail, and that the only access to these properties would be provided from the eastbound lanes of the IH-30 frontage road drivers in the City of Rockwall would have to take IH-30 west and exit the Bayside exit in Rowlett, and take IH-30 east and exit the Harbor exit prior to crossing into the City's corporate limits to access these properties. Based on this, the applicant has submitted a request to transform the pedestrian access easement providing access to the Harbor Fountain into a mew street that would serve as both a pedestrian access easement and a private drive for the properties to the west of the subject property. In accordance with the design guidelines contained in Resolution No. 10-40, staff has requested that the applicant retain the aesthetics of the original pedestrian access easement and use bollards in lieu of a curbed one-way street. Based on this direction the applicant has provided a street cross section showing the proposed new street and a concept plan showing the additional details requested by staff.

Mr. Miller went on to share that the applicant was required to go through a zoning process to change the PD Development Plan, it will be difficult for the project to be completed in accordance with the construction schedule laid out in Ordinance No. 17-64. This requires that a building permit be issued by June 1, 2019. As a result, the applicant has requested to extend this timeline for a period of one year from the approval date of the proposed ordinance. If the ordinance is approved under the current schedule and the case is not tabled or denied the date the applicant would need a building permit by would be May 6, 2020. The applicant has not requested changes to the construction schedule for the building adjacent to the Harbor Fountain, and the date required for the owner of that property to obtain a building remains as June 1, 2020. Staff should note that the applicant was asked to provide letters from the adjacent property owners indicating their consent to change the access to their properties; however, the applicant has failed to provide these letters to staff. With this being said, the proposed changes should be an improvement to the access of these properties, and should not create any development issues for these property owners. In addition the applicant's request does not change the conformance to the City's codes for the site plan approved with Case No. SP2018-043, and should not have an effect on any future projects ability to conform to the City's Municipal Code of Ordinances or the Unified Development Code and does not change the infrastructure requirements that were identified with Case No. SP2018-043, and no new infrastructure would be required with this case.

Mr. Miller further noted that on March 25, 2019, staff mailed 41 notices to property owners and occupants within 500-feet of the Freeway Frontage, Harbor Link Mixed-Use, and Harbor Residential Subdistricts and also notified the Lakeside Village and Lago Vista Homeowner's Associations, which are the only HOA/Neighborhood Organizations that are within 1,500-feet of the subject property. No notices were received concerning the applicant's request.

Mr. Miller advised the Commission that the applicant was present and available for questions.

Chairman Lyons asked for questions from the Commission.

Commissioner Womble expressed concerns with allowing vehicles in such a pedestrian zone and asked if there have been any safety concerns been discussed. Mr. Miller shared that there is a separation between the fountain and the driveway and it was always intended for it to be a fire lane access. Therefore what is being proposed is a very minor change to the original plan however by doing it through bollards that could direct traffic while also allowing for pedestrian access.

Chairman Lyons asked the applicant to come forward and speak.

James Ziegler
8222 Douglas Avenue

**Dallas, TX**

**Mr. Ziegler came forward and provided additional comments and indicated he was available for questions.**

**Chairman Lyons opened up the public hearing and asked if anyone wished to speak to come forward and do so; there being no one indicating such Chairman Lyons closed the public hearing and brought the item back to the Commission for discussion or action.**

**After extensive general discussion between the Commission; Commissioner Welch made a motion to approve Z2019-008 with staff recommendations. Commissioner Chodun seconded the motion which passed by a vote of 5-0 with Commissioners Womble and Logan dissenting.**

V. ACTION ITEMS

11. SP2019-006

Discuss and consider a request by Marla Mauricio of Kimley-Horn and Associates, Inc. on behalf of Steve Russell of Excel Rockwall, LLC (ShopCore Properties, LLC) for the approval of a site plan for a commercial retail building on a 0.69-acre portion of a larger 11.125-acre parcel of land being identified as Lot 11, Block A, Rockwall Business Park East Addition, City of Rockwall, Rockwall County, Texas, zoned Commercial (C) District, situated within the IH-30 Overlay (IH-30 OV) District, addressed as 1041 E. IH-30, and take any action necessary.

**Senior Planner, Korey Brooks, provided a brief explanation and background of the request. The subject property is occupied with an existing multi-tenant shopping center. On June 8, 2010, the Planning and Zoning Commission approved a site plan for a multi-tenant shopping center that contained several buildings Rockwall Plaza, Phase II). At that time, the developer was seeking several variances. As a compensatory measure to offset the requested variances, the developer proposed providing a large park area between Buildings 16 and 17 (i.e. between the existing adjacent building and the proposed building). Staff should note, Building 16 was 9,600 SF and Building 17 was 8,800 SF. The park area was approximately 6,600 SF at the time of that request. The City Council approved the associated variances and park area on June 21, 2010. In 2013, staff approved an administrative site plan for a commercial retail building (i.e. the adjacent building) on an approximately 1.7095-acre portion of the subject property. As part of that request, the applicant increased Buildings 16 and 17 to be 11,500 square feet each (i.e. Building 16 was 1,900 square feet larger and Building 17 was 2,700 square feet larger than originally requested. As a result, the park area decreased in size to approximately 4,000 square feet. Building 16 was later constructed; however Building 17 was never constructed. The applicant is requesting approval of a site plan for a commercial retail building (i.e. Building 17 on the site plan approved in 2013), which will be approximately 9,835 square feet. As part of this request, the park will be relocated adjacent to the east façade of the proposed commercial retail building (i.e. the park are will no longer be between the two buildings as originally intended). The existing park area has been reduced in size and resembles an alley. The proposed building will utilize the same design scheme, building materials, and colors as the adjacent commercial retail buildings and will have one (1) retail space and two (2) restaurant with outdoor dining areas. In regards to conformance with the Comprehensive Plan, the proposed building will house retail land uses and incorporate a park area with landscaping, benches, trellises, and a water feature and based on the proposed land use and the incorporation of pedestrian elements, the applicant's request appears to conform to the vision of the IH-30 Corridor District and the goals and policies of non-residential development outlined in the Comprehensive Plan. Mr. Brooks then went on to discuss in detail the recommendations the Architectural Review Board made after having reviewed the case in regards to the variances to the building elevations and secondary materials. He noted that the Architectural Review Board made a recommendation of approval.**

**Mr. Brooks advised the Commission that the applicant was present and available for questions as well as s the applicant.**

**Chairman Lyons asked the applicant to come forward.**

**Steve Russell**
**233 North Wacker Ste. 3400**
**Chicago, Illinois**

**Mr. Russell came forward and indicated they will adhere to recommendations the Architectural Review Board Provided. .**

**Chairman Lyons brought the item back to the Commission for discussion or action.**

**Commissioner Chodun made a motion to approve SP2019-006 with both the recommendations of staff as well as the Architectural Review Board. Commissioner Logan seconded the motion which passed by a vote of 7-0.**

VI. DISCUSSION ITEMS

12. Director's Report of post Council meeting outcomes of Planning & Zoning cases.

- ✓ P2019-006: Replat for Lots 6 & 7, Market Center East Addition [*Approved*]
- ✓ P2019-009: Replat for Lot 4, Block E, Rockwall Technology Park Addition [*Approved*]
- ✓ P2019-014: Replat for Lots 16 & 17, Alliance Addition [*Approved*]
- ✓ Z2019-003: SUP for a Private Sports Arena, Stadium or Track (*2nd Reading*) [*Approved*]

**Planning Director, Ryan Miller, provided a brief update about the outcome of the above referenced case at the City Council meeting.**

VII. ADJOURNMENT

**Chairman Lyons adjourned the meeting at 7:51 p.m.**

PASSED AND APPROVED BY THE PLANNING & ZONING COMMISSION OF THE CITY OF ROCKWALL, Texas, this _____ day of _____, 2019.

| **TO:** | Planning and Zoning Commission |
| **DATE:** | May 14, 2019 |
| **APPLICANT:** | Cari Foote; *Foote & Associates, PLLC* |
| **CASE NUMBER:** | SP2019-009; *925 N. Goliad Street* |

## SUMMARY

Discuss and consider a request by Cari Foote of Cari Foote & Associates, PLLC for the approval of a site plan for an office building on a one (1) acre parcel of land identified as Lot 1, Block A, Isaac Pena Addition, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 50 (PD-50) for Residential-Office (RO) District land uses, situated in the North Goliad Corridor Overlay (NGC OV) District, addressed as 925 N. Goliad Street, and take any action necessary.

## BACKGROUND

The subject property is a one (1) acre parcel of land identified as Lot 1, Block A, Isaac Pena Addition. It is situated within the North Goliad Corridor Overlay (NGC OV) District, zoned Planned Development 50 (PD-50) for Residential-Office (RO) District land uses, and is addressed as 925 N. Goliad Street. Currently situated on the subject property is a 3,970 SF single-family home and two (2) accessory buildings, which according to the Historic Resource Survey -- *performed by the City of Rockwall in 2017*-- were constructed in 1913. On September 6, 2005, the City Council approved *Ordinance No. 05-43* designating the property as a *Landmark Property* (*i.e. properties or structures not contiguous or part of the existing historic district; however, the property is deemed worth preserving due to its historic significance*). In this case, the home known as the historic "Cade Home" is historically significant due to its previous occupants. James and Dora Cade first lived on the adjacent lot and materials from that house were used to build the two (2) existing accessory buildings on the subject property. Mr. Cade was a cattle buyer and butcher, and also worked at the Rockwall Bank for a period of time before becoming a farmer and raising livestock. He was a partner in a meat market and icehouse called Cade, Bedingfield, and Phillips. Mr. Cade is thought to have brought the first registered longhorn cattle to Rockwall.

## PURPOSE

The applicant is requesting approval of a site plan for the purpose of converting a single-family home into a residential-office building.

## ADJACENT LAND USES AND ACCESS

The subject property is located 925 N. Goliad Street. The land uses adjacent to the subject property are as follows:

*North*: Directly north of the subject property are several buildings that are zoned Neighborhood Services (NS) District. Beyond this is a vacant tract of land followed by a financial institution (*i.e. American National Bank*). This area is zoned Planned Development District 56 (PD-56) for General Retail (GR) District land uses.

*South*: Directly south of the subject property are several single-family residential homes that are zoned Single-Family 7 (SF-7) District and Planned Development District 50 (PD-50) for Residential-Office (RO) District land uses. Beyond this there are several office buildings (*e.g. Children's Learning Center, Behavioral Transformations, etc.*) that are zoned Planned Development District 50 (PD-50) for Residential-Office (RO) District land uses.

*East*: Directly east of the subject property is N. Goliad Street [*SH-205*], which is identified as a M4U-M (*major collector, four [4] lane, undivided roadway, modified*) on the City's Master Thoroughfare Plan. Beyond this is a single-family residential subdivision (*i.e. North Towne Addition*) that is zoned Single-Family 7 (SF-7) District.

*West*: Directly west of the subject property is S. Alamo Street, which is identified as a *Minor Collector* on the City's Master Thoroughfare Plan. Beyond this there are several single-family residential homes that are zoned Single-Family 10 (SF-10) District followed by a single-family residential subdivision (*i.e. the Preserve, Phase 1 Subdivision*) that is zoned Planned Development District 46 (PD-46).

## CHARACTERISTICS OF THE REQUEST:

Currently, the applicant is in the process of converting the residential structure to a commercial structure. Since the land use is changing from a residential land use to a commercial land use, the applicant is required to construct a parking lot and provide ADA compliant access to the proposed residential-office building. The proposed parking lot will be located behind the main structure and the sidewalk will be located at the south façade of the building (*i.e. the side of the building*). In addition, the applicant will provide railing adjacent to the sidewalk and at the entrances that have stairs. Currently, there is a small parking lot in the front of the main structure that is accessed from S. Goliad Street [SH-205]. The applicant is proposing to remove the existing 2,306 SF parking lot and driveway and replace it with grass. The applicant is proposing to expand the parking area in the rear of the building to approximately 2,333 SF (*i.e. the net addition of pavement will be 27 SF*). Landscaping (*e.g. pampas grass*) in conjunction with an existing fence will be utilized as screening from the adjacent property. Staff should note, the existing fence is not located on the subject property. Should the property owner remove the fence, the adjacent residential property will only have landscape screening. Due to ADA standards, a commercial building must meet the Texas Accessibility Standards. Due to this, the applicant is required to add a metal handrail down the middle of the front, sides, and rear steps. The proposed handrail in the front of the property will be painted white and the other handrails will be painted black. In addition, the applicant is proposing to provide ADA accessible access from the rear parking lot via a ramp. According to the applicant, the existing stairs will be removed; however, the existing architectural features will remain and border the ramp. The required railing along the ramp will be vinyl that simulates wood, while matching the exterior of the building. The only interior modifications will be converting the existing restroom to meet ADA requirements, adding handrails to the stairs, and adding doors to the dining room. The applicant has submitted example photos of the proposed landscaping and railing and a site plan showing the location of the new parking lot and sidewalk. The proposed ramp will be located toward the rear (*i.e. south side*) of the home and will connect to the existing wrap-around porch. The porch will provide access to the side and front doors.

## DENSITY AND DIMENSIONAL REQUIREMENTS

The submitted site plan, landscape plan, and building elevations generally conform to the technical requirements contained within the Unified Development Code (UDC) for a property located within Planned Development 50 (PD-50) for Residential-Office (RO) District land uses. A summary of the density and dimensional requirements for the subject property are as follows:

| *Ordinance Provisions* | *Zoning District Standards* | *Conformance to the Standards* |
|---|---|---|
| *Minimum Lot Area* | *6,000 SF* | *X=43,378 SF: In Conformance* |

| *Ordinance Provisions* | *Zoning District Standards* | *Conformance to the Standards* |
|---|---|---|
| *Minimum Lot Frontage* | *60-Feet* | *X=~212-Feet: In Conformance* |
| *Minimum Lot Depth* | *100-Feet* | *X=~203-Feet: In Conformance* |
| *Minimum Front Yard Setback* | *25-Feet* | *X=25-Feet: In Conformance* |
| *Minimum Rear Yard Setback* | *30-Feet* | *X=30-Feet: In Conformance* |
| *Minimum Side Yard Setback* | *10-Feet* | *X=10-Feet: In Conformance* |
| *Maximum Building Height* | *36-Feet* | *X=~20-Feet: In Conformance* |
| *Max Building/Lot Coverage* | *40%* | *X=~5%: In Conformance* |
| *Minimum Masonry Requirement* | *90%* | *100% Wood Siding: In Conformance* |
| *Minimum Number of Parking Spaces* | *8 Spaces* | *11 Spaces: In Conformance* |
| *Minimum Stone Requirement* | *0%* | *0%: In Conformance* |
| *Minimum Landscaping Percentage* | *25%* | *X=84%: In Conformance* |
| *Maximum Impervious Coverage* | *75-80%* | *X=16%* |

**CONFORMANCE WITH OURHOMETOWN VISION 2040 COMPREHENSIVE PLAN**

According to the Future Land Use Plan adopted with the OurHometown Vision 2040 Comprehensive Plan, the subject property is located in the Downtown District and is designated for ***Live/Work*** land uses. The Downtown District is considered to be the cultural heart of the community and embodies the small-town atmosphere that is characteristic of the City of Rockwall. Contained in the Downtown District is the North Goliad Corridor, which is a unique live/work corridor that offers residential units, offices, event venues, and boutiques. The intent of the North Goliad Corridor is not only to protect and preserve the historic architecture and significance within the district, but to also ensure that infill development does not negatively impact the surrounding properties or the district. In this case, the applicant's request appears to be in conformance with the Future Land Use Plan. Specifically, the proposed office building is an existing single-family home and the applicant is not proposing to make any structural changes to the exterior of the building when the home is converted to an office building.

**CONFORMANCE WITH THE CITY'S CODES**

According to Subsection 6.04.E, *Parking Area Restrictions*, of Section 6, *North Goliad Corridor Overlay (NGC OV) District,* of Article V, *District Development Standards*, of the Unified Development Code (UDC), "…any surface parking shall be provided in well-screened parking lots at the rear or behind the main façade of the building…" Additionally, new buildings or alterations shall be compatible with the adjoining area. In this case, the relocation of the parking lot and sidewalk from the front of the building to the rear brings the building into conformance with the overlay district standards with regard to location of parking lots. Additionally, since the applicant is utilizing the existing fence and additional landscaping as screening, the request appears to be in conformance with the overlay district with regard to screening of parking lots. Since, the structure is being converted from a residential land use to a commercial land use, it is expected that modifications to the exterior will be required. In this case, the applicant is proposing to utilize railing that appears to match the style of the building. Since the sidewalk will be located toward the side of the structure, it will have limited visibility from the street. Staff should note, although the property is a *Landmarked Property*, the applicant's request does not appear to negatively impact the subject property or the neighboring properties. Should this request be approved, staff has recommended to the applicant that landscape screening be provided adjacent to the ramp.

**HISTORIC PRESERVATION ADVISORY BOARD (HPAB):**

On April 18, 2019, the Historic Preservation Advisory Board (HPAB) reviewed the applicant's request a passed a motion to approve a Certificate of Appropriateness (COA) by a vote of 6-0 with Board Member Bowlin absent.

**ARCHITECTURAL REVIEW BOARD (ARB):**

On April 30, 2019, the Architectural Review Board's motion to recommend approval of the site plan passed by a vote of 5-0 with Board Members Tovar and Johnson absent.

## CONDITIONS OF APPROVAL

If the Planning and Zoning Commission chooses to recommend approval of the applicant's request to, then staff would propose the following conditions of approval:

(1) The developer shall plant a thick vegetative screening utilizing a combination of accent trees, bushes and/or grasses adjacent to the ramp and the south property line; and

(2) The developer shall submit a revised landscape plan showing the location and landscape materials proposed for the landscape screening adjacent to the ramp and south property line; and

(3) Any construction resulting from the approval of this site plan shall conform to the requirements set forth by the Unified Development Code (UDC), the International Building Code (IBC), the Rockwall Municipal Code of Ordinances, city adopted engineering and fire codes and with all other applicable regulatory requirements administered and/or enforced by the state and federal government.

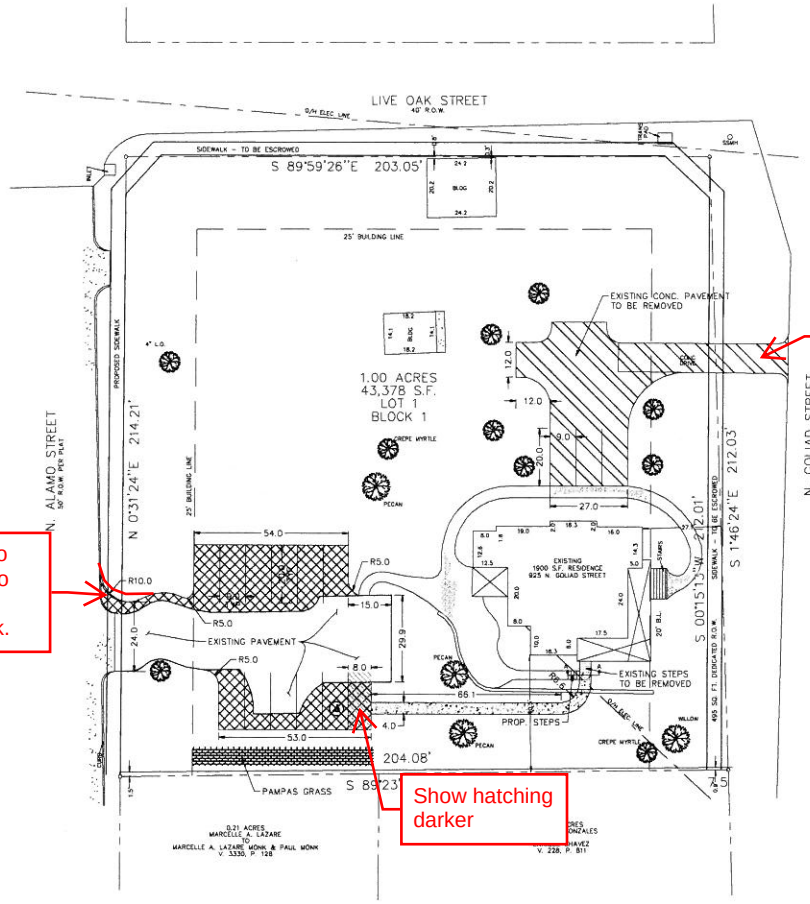
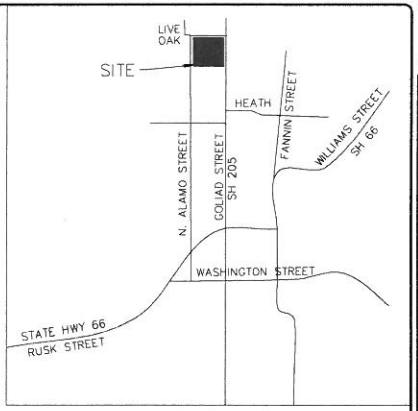
SP2019-009 Site Plan for 925 N. Goliad Street

Please address the following comments (M= Mandatory Comments; I = Informational Comments).

I.1 This is a request by Cari Foote of Cari Foote & Associates, PLLC for the approval of a site plan for an office building on a one (1) acre parcel of land identified as Lot 1, Block A, Isaac Pena Addition, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 50 (PD-50) for Residential-Office (RO) District land uses, situated in the North Goliad Corridor Overlay (NGC OV) District, addressed as 925 N. Goliad Street.



I.2 For questions or comments concerning this case, please contact Korey Brooks in the Planning Department at (972) 772-6434 or email kbrooks@rockwall.com.



M.3 For reference, include the case number (SP2019-009) in the lower right hand corner of all pages on future submittals.

M.4 Please provide an updated site plan showing the landscaping requested by the Historic Preservation Advisory Board (HPAB). "The developer shall plant a thick vegetative screening utilizing a combination of accent trees, bushes and/or grasses adjacent to the ramp and the south property line; and the developer shall submit a revised landscape plan showing the location and landscape materials proposed for the landscape screening adjacent to the ramp and south property line."

I.5 Staff has identified the aforementioned items necessary to continue the submittal process. Please make these revisions and corrections, and provide any additional information that is requested by May 7, 2019. The Planning and Zoning Worksession for this case is April 30, 2019 and the Planning and Zoning Meeting for this case is May 14, 2019.

M.6 A representative is required to attend all meetings.

Re: 925 N. Goliad, Rockwall, TX 75087

To Whom It May Concern:

I am currently under contract to purchase the Landmark Property known as the Cade House at 925 N. Goliad. It is currently used as residential property. The zoning is Commercial – Residential Office. I plan to convert the use to professional office use.

There will be no changes to the exterior other than –

- Adding a white metal handrail down the middle of the front steps
- Adding a black metal handrail down the middle of both sides of the rear steps
- Removing the concrete drive and parking in front and replacing with sod
- Adding parking in back and widening the back drive as indicated in site plan
- Adding Pampas grass along the south fence line to function as photometric screening grass to match the existing pampas grass at the back gate
- Building a handicap access from back parking with a sidewalk and raised sidewalk as needed due to grading. Sidewalk will enter the side of the front porch and the current side stairs. At the entrance to the stairs the existing architectural features the border the existing stairs will border the ramp and any needed rails along the walkway will be white vinyl rails that look like wood and match the exterior of the building.

There will be no interior changes other than to make the down stairs bath accessible and adding handrails to the stairs and doors to the dining room.

The submitted site plan includes photometric requirements, treescape plan (no changes needed to current trees), and elevations and site plan indicates existing landscaping. There will be no change other than adding sod to the area of removed concrete. Sidewalk along Alamo will be completed. Sidewalks along Live Oak and Goliad will be escrowed.

The amount of added paving is:

2000 SF of added drive paving
333 SF of added sidewalk/ramp paving
2333 SF Total Added

The amount of removed paving is: 2306 SF of removed front paving

Sincerely,

Cari Foote

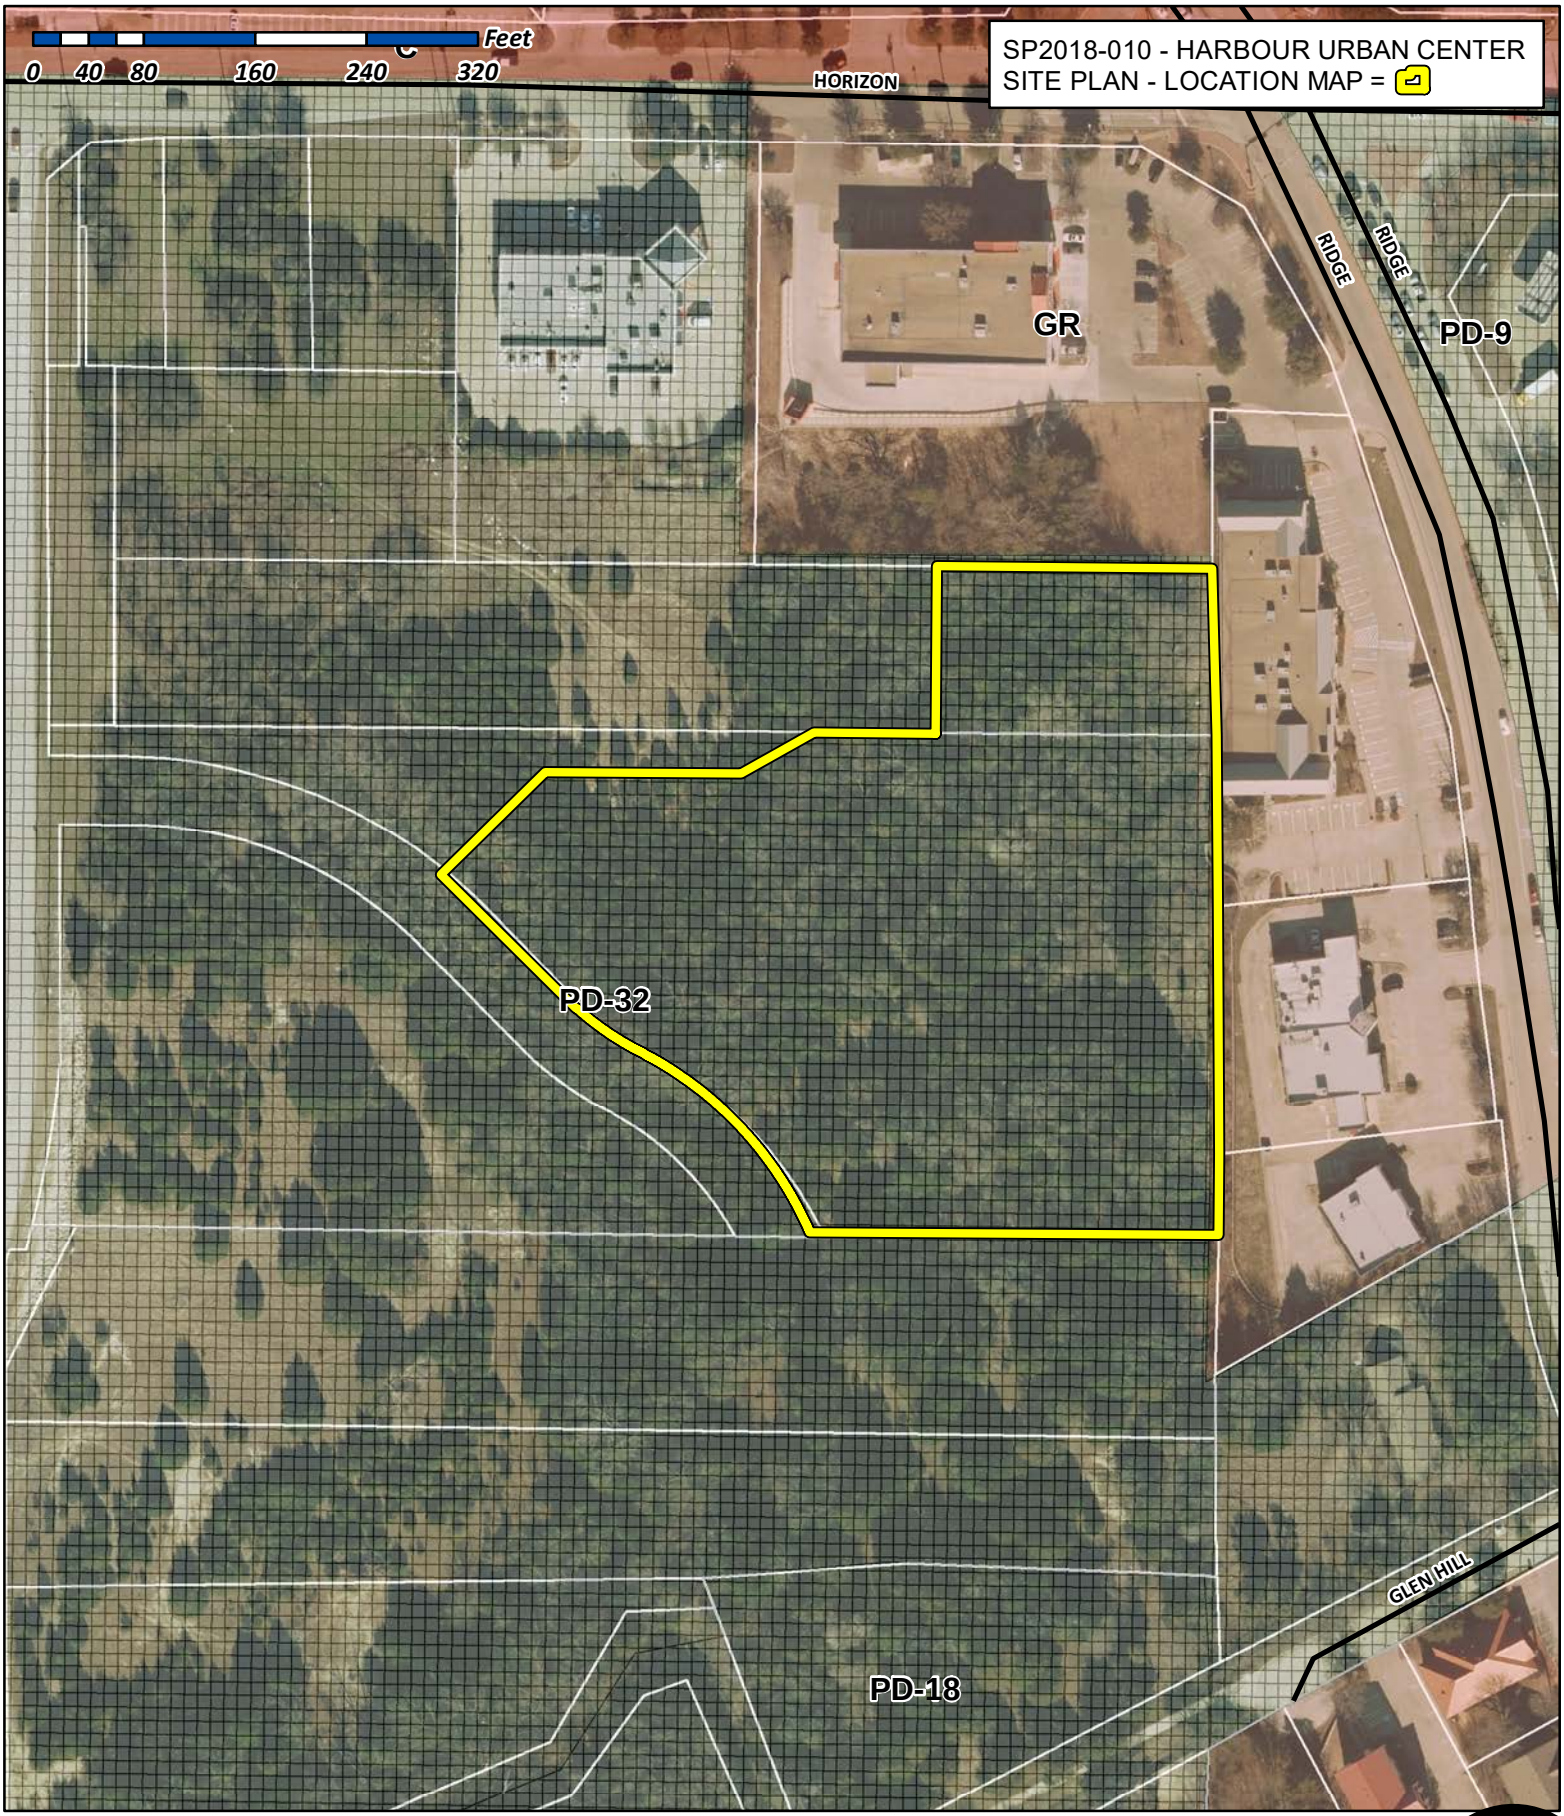
PLANNING AND ZONING COMMISSION MEMORANDUM



**PLANNING AND ZONING DEPARTMENT**
385 S. GOLIAD STREET • ROCKWALL, TX 75087
PHONE: (972) 771-7745 • EMAIL: PLANNING@ROCKWALL.COM

| | |
|---|---|
| **TO:** | Planning and Zoning Commission |
| **FROM:** | David Gonzales, *Planning and Zoning Manager* |
| **DATE:** | May 14, 2019 |
| **SUBJECT:** | SP2019-010; *Harbor Urban Center Townhomes* |

On September 19, 2016, the City Council approved *Ordinance No. 16-48*, which established a *PD Development Plan* for a 36-unit townhome development situated within the *Residential Subdistrict*. Additionally, the Planning and Zoning Commission approved a site plan [*i.e. SP2016-031*] on December 13, 2016 for the townhomes. After receiving approval of the PD Development Plan and site plan, the property owner to the east (*i.e. Tru by Hilton*) negotiated a land swap with the applicant that changed the boundaries of the subject property. Based on these changes, the property owner (*Jason Lentz of Atticus Real Estate Services*) requested to amend the number of townhomes permitted on the property increasing the number from 36 to 42. This was approved with the PD Development Plan [*i.e. Ordinance No. 16-48*] that accounted for the land swap. This PD Development Plan was approved by the City Council on March 5, 2018 [*i.e. Ordinance No. 18-16*]. The approved PD Development Plan requires the applicant to submit a detailed site plan, building elevations, and an open space master plan prior to submittal and approval of a final plat.

On April 19, 2019, the applicant submitted the required site plan. The submitted site plan could have been approved administratively; however, *Ordinance No. 18-16* requires the building elevations receive a recommendation from the Architectural Review Board (ARB) and be approved by the Planning and Zoning Commission. Given the building elevations were approved in December 2016 and have not changed, staff is placing this item on the consent agenda for the Planning and Zoning Commission. Staff should note that an Open Space Master Plan combining the Harbor Urban Center Condominiums and Townhomes had been approved on December 7, 2016 [*i.e. Case No. SP2016-030*] by the Planning and Zoning Commission. However, due to the changes depicted on the concept plan (*i.e. additional units, property boundary change, layout, etc.*), an amended Open Space Master Plan requires a recommendation from the Parks and Recreations Board and approval by the Planning and Zoning Commission. This will be a condition of approval of this amended site plan. The Parks and Recreations Board is scheduled to review the Open Space Master Plan on June 4, 2019. This will also be a condition of approval of this amended site plan.

Staff will be available answer any questions the Planning and Zoning Commission may have at the *May 14, 2019* meeting.

|---|---|
| **TO:** | Planning and Zoning Commission |
| **DATE:** | May 14, 2019 |
| **APPLICANT:** | Chris Lam, PE *of Lam Consulting* |
| **CASE NUMBER:** | Z2019-009; *SUP for Restaurant, Less than 2,000 SF, w/out a Drive-Through* |

## SUMMARY

Hold a public hearing to discuss and consider a request by Chris Lam, PE of Lam Consulting Engineering on behalf of Price Pointer of TCB Construction Group, LLC for the approval of a Specific Use Permit (SUP) for a *restaurant less than 2,000 SF without a drive-through or drive-in* on a 0.23-acre parcel of land identified as Block 20B of the Amick Addition, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 50 (PD-50) for Residential Office (RO) District land uses, situated within the North Goliad Corridor Overlay (NGC OV) District, addressed as 505 N. Goliad Street, and take any action necessary.

## BACKGROUND

The subject property is a 0.23-acre parcel of land identified as Block 20B of the Amick Addition. It is situated within the North Goliad Corridor Overlay (NGC OV) District, and is addressed as 505 N. Goliad Street. Currently situated on the subject property is a 1,916 SF single family home, which according to the Historic Resource Survey -- *performed by the City of Rockwall in 2017* -- was constructed circa 1915, and is identified as a *Medium Contributing Property* (*i.e. a property that displays an architectural style, use unusual to construction methods, or for some other reason has a potentially significant historic significance*). According to the City's historic zoning maps, the subject property has been zoned Planned Development District 50 (PD-50) for Residential Office (RO) District land uses since August 5, 2002.

## PURPOSE

The applicant, Chris Lam, P.E. of Lam Consulting Engineering, has submitted a request for a Specific Use Permit (SUP) to allow a restaurant, without a drive-through or drive-in, that is less than 2,000 SF within Planned Development District 50 (PD-50). More specifically, the applicant is proposing to convert the existing single-family home to a commercial property to accommodate the proposed restaurant land use (*i.e. Bonafide Betties Pie Company*).

## ADJACENT LAND USES AND ACCESS

The subject property is located at 505 N. Goliad Street. The land uses adjacent to the subject property are as follows:

*North*: Directly north of the subject property is a local boutique (*i.e. Hallie B's*), situated on a 0.2296-acre parcel of land. This property is zoned Planned Development District 50 (PD-50) for Residential Office (RO) District land uses. Beyond this property is a continuation of Planned Development District 50 (PD-50).

*South*: Directly south of the subject property is a vacant 0.420-acre parcel of land. This property is zoned Planned Development District 50 (PD-50) for Residential Office (RO) District land uses. Beyond this property is a continuation of Planned Development District 50 (PD-50).

*East*: Directly east of the subject property are local businesses and residential properties along N. Goliad Street that are zoned Planned Development District 50 (PD-50) for Residential Office District (RO) land uses. Beyond these properties are single-family residential homes zoned Single-Family 7 (SF-7) District.

*West*: Directly west of the subject property are single-family homes zoned Single-Family 7 (SF-7) District.

## CHARACTERISTICS OF THE REQUEST

*Bonafide Betties Pie Company* is currently located at 103 S. San Jacinto Street, and is planning to relocate to a larger facility at 505 N. Goliad Street. This location is located with Planned Development District 50 (PD-50). The Residential Office (RO) District, which is the underlying zoning designation for Planned Development District 50 (PD-50), requires a Specific Use Permit (SUP) for a restaurant with additional restrictions that stipulate the restaurant be less than 2,000 SF and not have a drive-through or a drive-in. The proposed restaurant is a limited service restaurant, and parking for the facility will be calculated at one (1) parking space per 250 SF of area. This means the restaurant would require eight (8) parking spaces [*i.e. 1916 SF/250 SF = 8 Parking Spaces*]. Based on size of the site and the area taken up by the existing single-family home, the applicant is only able to incorporate a total of seven (7) parking spaces on-site. Staff has included an operational condition allowing the reduced number of parking spaces. Staff has also included operational conditions requiring the installation of a minimum six (6) foot tall, *board-on-board*, wood fence to be constructed along the western property boundary, and that the second floor be used only for storage purposes. These have been included as conditions of approval in the SUP ordinance.

## CONFORMANCE WITH THE CITY'S CODES

According to Section 1.1, *Land Use Schedule*, of Article IV, *Permissible Uses*, of the Unified Development Code (UDC), the *Restaurant, Less Than 2000 SF, without a Drive-Through or Drive-in* land use requires approval of a Specific Use Permit (SUP) in the Residential Office (RO) District. In addition, according to Section 5.6.A, *Screening from Residential Uses,* of Article VIII, *Landscape Standards*, of the Unified Development Code (UDC), "(a)ny…parking lot that has a side or rear [*yard*] contiguous to any residential district…shall be screened with a masonry fence…six [*6*] feet in height. As an alternative, berms in conjunction with a minimum of a six [*6*] foot wrought fence and a combination of trees and shrubs can be utilized to meet the screening requirements if the Planning and Zoning Commission determines that the proposed alternative will provide sufficient screening." In this case, the subject property is located within Planned Development District 50 (PD-50), which has had other non-residential properties be permitted to construct a minimum of a six (6) foot tall wooden fence adjacent to a residentially zoned property. In Planned Development District 50 (PD-50) it has been determined that this provides for a better transition of land uses while providing sufficient screening and maintaining a residential aesthetic. The provision of the wood screening fence has been added as a condition of approval for this case.

## INFRASTRUCTURE

Planned Development District 50 (PD-50) requires a cross access easement on all adjoining properties when the use has changed from a residential land use to a non-residential land use. An access plan for PD-50 is also included in the OURHometown Vision 2040 Comprehensive Plan under Appendix 'A', *Small Area Plans*. The subject property will be incorporating a 20-foot wide drive aisle and connecting to the cross access easement on the adjacent property to the north (*i.e. 507 N. Goliad Street*). This will

provide ingress/egress for both properties, while meeting the intent of the access plan contained in the Comprehensive Plan.

## STAFF ANALYSIS

The intent of the Residential-Office (RO) District is to allow for the conversion of older residential homes into low-intensity professional office and/or retail businesses. This creates a transition from the adjacent residential neighborhoods to more intense land uses or higher intensity thoroughfares. In addition, conversion of this home would extend the economic life of the structure. The use as a limited service restaurant is consistent with other properties in the district. A limited service restaurant tends to operate in a similar way to a low-intensity retail establishment in that it usually involves customers that are picking up food or baked goods, and does not typically involve a dine-in experience. Included in the attached packet is a concept plan, floor plan, and a draft ordinance containing regulations for the proposed land use. Based on staff's review, the applicant's request does appear to be consistent with the intent of the district; however, the approval of a Specific Use Permit (SUP) is a discretionary decision for the City Council.

## NOTIFICATIONS

On May 2, 2019, staff mailed 34 notices to property owners and residents within 500-feet of the subject property. Staff did not send a neighborhood notification as there are no Home Owners Associations (HOA's), or neighborhood groups participating in the Neighborhood Notification Program within 1,500-feet of the subject property. Additionally, staff posted a sign on the subject property as required by the Unified Development Code (UDC). At the time this report was drafted, staff had received one (1) notice and two (2) emails in favor of the applicant's request.

## CONDITIONS OF APPROVAL

If the Planning and Zoning Commission chooses to recommend approval of the applicant's request for a Specific Use Permit (SUP) allowing a *Restaurant, without a Drive-Through or Drive-In, that is Less than 2,000 SF* then staff would propose the following conditions of approval:

(1) The applicant shall be responsible for maintaining compliance with the operational conditions contained in the SUP ordinance and summarized as follows:

   a) The development and operation of a *restaurant* shall generally conform to the *Concept Plan* depicted in *Exhibit 'B'* of the proposed ordinance;

   b) The operation of the *restaurant* shall be limited to the area on the first floor as depicted in the *Floor Plan* attached in *Exhibit 'C'* of the proposed ordinance;

   c) The use of the second floor area shall be limited to storage only. Any other use will require additional parking spaces.

   d) A minimum of a six (6)-foot tall, board-on-board, wood fence shall be constructed along the west property boundary -- *adjacent to the residentially zoned property* -- prior to the issuance of a Certificate of Occupancy (CO).

(2) The applicant shall submit an application requesting approval of a Certificate of Appropriateness (COA) to the Historic Preservation Advisory Board (HPAB) seeking approval for all work that has been done to the existing structure.

(3) The applicant shall be required to submit a site plan for review and approval by the Historic Preservation Advisory Board (HPAB) and the Planning and Zoning Commission.

(4) Any construction resulting from the approval of this Specific Use Permit (SUP) shall conform to the requirements set forth by the Unified Development Code (UDC), the International Building Code (IBC), the Rockwall Municipal Code of Ordinances, city adopted engineering and fire codes and with all other applicable regulatory requirements administered and/or enforced by the state and federal government.

# NOTICE OF PUBLIC HEARING

## CITY OF ROCKWALL, PLANNING & ZONING DEPARTMENT

PHONE: (972) 771-7745
EMAIL: PLANNING@ROCKWALL.COM

To Whom It May Concern:

You are hereby notified that the City of Rockwall Planning and Zoning Commission and City Council will consider the following application:

**Case No. Z2019-009: SUP for a Restaurant in PD-50**

*Hold a public hearing to discuss and consider a request by Chris Lam, PE of Lam Consulting Engineering on behalf of Price Pointer of TCB Construction Group, LLC for the approval of a Specific Use Permit (SUP) for a restaurant less than 2,000 SF without a drive-through or drive-in on a 0.23-acre parcel of land identified as Block 20B of the Amick Addition, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 50 (PD-50) for Residential Office (RO) District land uses, situated within the North Goliad Corridor Overlay (NGC OV) District, addressed as 505 N. Goliad Street, and take any action necessary.*

For the purpose of considering the effects of such a request, the Planning and Zoning Commission will hold a public hearing on **Tuesday, 5/14/2019 at 6:00 p.m.,** and the City Council will hold a public hearing on **Monday, 5/20/2019 at 6:00 p.m.** These hearings will be held in the City Council Chambers at City Hall, 385 S. Goliad Street.

As an interested property owner, you are invited to attend these meetings. If you prefer to express your thoughts in writing please return the form to:

**David Gonzales**
**Rockwall Planning and Zoning Dept.**
**385 S. Goliad Street**
**Rockwall, TX 75087**

You may also email your comments to the Planning Department at planning@rockwall.com. If you choose to email the Planning Department please include your name and address for identification purposes.

Your comments must be received by **5/20/2019** to ensure they are included in the information provided to the City Council.

Sincerely,

**Ryan Miller, AICP**
Director of Planning & Zoning

You are hereby notified that the City of Rockwall Planning and Zoning Commission and City Council will consider the following application:

**Case No. Z2019-009: SUP for a Restaurant in PD-50**

*Hold a public hearing to discuss and consider a request by Chris Lam, PE of Lam Consulting Engineering on behalf of Price Pointer of TCB Construction Group, LLC for the approval of a Specific Use Permit (SUP) for a restaurant less than 2,000 SF without a drive-through or drive-in on a 0.23-acre parcel of land identified as Block 20B of the Amick Addition, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 50 (PD-50) for Residential Office (RO) District land uses, situated within the North Goliad Corridor Overlay (NGC OV) District, addressed as 505 N. Goliad Street, and take any action necessary.*

For the purpose of considering the effects of such a request, the Planning and Zoning Commission will hold a public hearing on **Tuesday, 5/14/2019 at 6:00 p.m.**, and the City Council will hold a public hearing on **Monday, 5/20/2019 at 6:00 p.m.** These hearings will be held in the City Council Chambers at City Hall, 385 S. Goliad Street.

As an interested property owner, you are invited to attend these meetings. If you prefer to express your thoughts in writing please return the form to:

**David Gonzales**
**Rockwall Planning and Zoning Dept.**
**385 S. Goliad Street**
**Rockwall, TX 75087**

You may also email your comments to the Planning Department at planning@rockwall.com. If you choose to email the Planning Department please include your name and address for identification purposes.

Your comments must be received by **5/20/2019** to ensure they are included in the information provided to the City Council.

Sincerely,

**Ryan Miller, AICP**
Director of Planning & Zoning

**PLEASE RETURN THE BELOW FORM**

**Case No. Z2019-009: SUP for a Restaurant in PD-50**

**Please place a check mark on the appropriate line below:**

☑ I am in favor of the request for the reasons listed below.

☐ I am opposed to the request for the reasons listed below.

The further development of the Goliad corridor to the Down town is good for local residents as well as increasing traffic to all the other businesses in the area + expanding the tax revenue. This is a good thing for Rockwall.

**CITY OF ROCKWALL**

**ORDINANCE NO. 19-XX**

**SPECIFIC USE PERMIT NO. S-XXX**

**AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, AMENDING PLANNED DEVELOPMENT DISTRICT 50 (PD-50) [ORDINANCE NO. 17-19] AND THE UNIFIED DEVELOPMENT CODE [*ORDINANCE NO. 04-38*] OF THE CITY OF ROCKWALL, TEXAS, AS PREVIOUSLY AMENDED, SO AS TO GRANT A SPECIFIC USE PERMIT (SUP) TO ALLOW FOR A *RESTAURANT LESS THAN 2,000 SF WITHOUT A DRIVE-THROUGH OR DRIVE-IN* FACILITY ON A 0.23-ACRE PARCEL OF LAND, ZONED PLANNED DEVELOPMENT DISTRICT 50 (PD-50) FOR RESIDENTIAL OFFICE (RO) DISTRICT LAND USES, AND BEING IDENTIFIED AS BLOCK 20B OF THE AMICK ADDITION, CITY OF ROCKWALL, ROCKWALL COUNTY, TEXAS; PROVIDING FOR SPECIAL CONDITIONS; PROVIDING FOR A PENALTY OR FINE NOT TO EXCEED THE SUM OF TWO THOUSAND DOLLARS ($2,000.00) FOR EACH OFFENSE; PROVIDING FOR A SEVERABILITY CLAUSE; PROVIDING FOR A REPEALER CLAUSE; PROVIDING FOR AN EFFECTIVE DATE.**

**WHEREAS**, a request has been made by Chris Lam, P.E. of Lam Consulting for the approval of a Specific Use Permit (SUP) for a *Restaurant Less Than 2,000 SF without a Drive-Through or Drive-In* on a 0.23-acre parcel of land, zoned Planned Development District 50 (PD-50) for Residential Office (RO) District land uses, situated within the North Goliad Corridor Overlay (NGC OV) District, and being identified as Block 20B of the Amick Addition, City of Rockwall, Rockwall County, Texas, addressed as 505 N. Goliad Street, and being more specifically depicted in *Exhibit 'A'* of this ordinance, which herein after shall be referred to as the *Subject Property* and incorporated by reference herein; and

**WHEREAS**, the Planning and Zoning Commission of the City of Rockwall and the governing body of the City of Rockwall, in compliance with the laws of the State of Texas and the ordinances of the City of Rockwall, have given the requisite notices by publication and otherwise, and have held public hearings and afforded a full and fair hearing to all property owners generally, and to all persons interested in and situated in the affected area and in the vicinity thereof, the governing body in the exercise of its legislative discretion has concluded that the Planned Development District 50 (PD-50) [*Ordinance No. 17-19*] and the Unified Development Code [*Ordinance No. 04-38*] of the City of Rockwall should be amended as follows:

**NOW, THEREFORE, BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS:**

**SECTION 1.** That Planned Development District 50 (PD-50) [*Ordinance No. 17-19*] and the Unified Development Code [*Ordinance No. 04-38*] of the City of Rockwall, as heretofore amended, be and the same is hereby amended so as to grant a Specific Use Permit (SUP) allowing for the establishment of a *Restaurant Less than 2,000 SF without a Drive-Through or Drive-In* as stipulated by Article *IV, Permissible Uses,* of the Unified Development Code [*Ordinance No. 04-38*] on the *Subject Property*; and

EXHIBIT 'A' 05.21.2019

**SECTION 2.** That the *Subject Property* shall be used and developed only in the manner and for the purposes described in this Specific Use Permit (SUP) ordinance and as specifically set forth in *Planned Development District 50* (*PD-50*), and *Section 1.1, Land Use Schedule,* of *Article IV, Permissible Uses,* and *Subsection 4.02, Residential Office (RO) District, of Section 4, Commercial (C) Districts,* of *Article V, District Development Standards,* and *Subsection 6.04, North Goliad Corridor Overlay (NGC OV) District,* of *Section 6, Overlay Districts,* of *Article V,* of the Unified Development Code [*Ordinance No. 04-38*] of the City of Rockwall as heretofore amended, as amended herein by the granting of this zoning change, and as my be amended in the future, and shall be subject to the following additional conditions:

**2.1 OPERATIONAL CONDITIONS**

The following conditions pertain to the operation of a *Restaurant Less Than 2,000 SF without a Drive-Through or Drive-in* (*restaurant*) land use on the *Subject Property* and conformance to these requirements is necessary for continued operations:

1) The development and operation of a *restaurant* land use shall generally conform to the *Concept Plan* depicted in *Exhibit 'B'* of this ordinance;

2) The operation of the *restaurant* land use shall be limited to the area on the first floor as depicted in the *Floor Plan* attached in *Exhibit 'C'* of this ordinance;

3) The use of the second floor area shall be limited to storage only. Any other use will require additional parking spaces.

4) A minimum of six (6)-foot tall board on board wood fence shall be constructed along the west property boundary -- *adjacent to the residentially zoned property* -- prior to the issuance of a Certificate of Occupancy (CO).

**2.2 COMPLIANCE**

Approval of this ordinance in accordance with Section 8.3, *Council Approval or Denial*, of Article II, *Authority and Administrative Procedures*, of the Unified Development Code (UDC) will require compliance to the following:

1) Upon obtaining a Certificate of Occupancy (CO), should any business or establishment operating under the guidelines of this ordinance fail to meet the minimum operational requirements set forth herein and outlined in the Unified Development Code (UDC), the City Council may (*after proper notice*) initiate proceedings to revoke the Specific Use Permit (SUP) in accordance with Section 4.4.(3) of Article IV, *Permissible Uses*, of the Unified Development Code (UDC).

**SECTION 3.** That the official zoning map of the City be corrected to reflect the changes in zoning described herein.

**SECTION 4.** That all ordinances of the City of Rockwall in conflict with the provisions of this ordinance be, and the same are hereby repealed to the extent of that conflict.

**SECTION 5.** Any person, firm, or corporation violating any of the provisions of this ordinance shall be deemed guilty of a misdemeanor and upon conviction shall be punished by a penalty of fine not to exceed the sum of *TWO THOUSAND DOLLARS* (*$2,000.00*) for each offence and each and every day such offense shall continue shall be deemed to constitute a separate offense.

DRAFT ORDINANCE 05-19

**SECTION 6.** If any section or provision of this ordinance or the application of that section or provision to any person, firm, corporation, situation or circumstance is for any reason judged invalid, the adjudication shall not affect any other section or provision of this ordinance or the application of any other section or provision to any other person, firm, corporation, situation or circumstance, and the City Council declares that it would have adopted the valid portions and applications of the ordinance without the invalid parts and to this end the provisions of this ordinance shall remain in full force and effect.

**SECTION 7.** That this ordinance shall take effect immediately from and after its passage;

**PASSED AND APPROVED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, THIS THE 3RD DAY OF MAY, 2019.**

| **TO:** | Planning and Zoning Commission |
| **DATE:** | May 14, 2019 |
| **APPLICANT:** | Dwayne Cain; *EVSR (D), LLC* |
| **CASE NUMBER:** | Z2019-010; *SUP for Guest Quarters and Agricultural Building* |

## SUMMARY

Hold a public hearing to discuss and consider a request by Dwayne Cain of EVSR (D), LLC for the approval of a Specific Use Permit (SUP) for a guest quarters/secondary living unit and barn or agricultural accessory building on a 10.61-acre portion of a larger 26.078-acre tract of land identified as Tract 2 & 2-4 of the W. M. Dalton Survey, Abstract No. 72, City of Rockwall, Rockwall County, Texas, zoned Agricultural (AG) District, addressed as 777 & 839 Cornelius Road, and take any action necessary.

## BACKGROUND/PURPOSE

The subject property is addressed as 777 & 839 Cornelius Road and is zoned Agricultural (AG) District. It was annexed on January 4, 2010 by *Ordinance No. 10-01*. On January 7, 2019, the City Council directed staff to amend the *Land Use Standards* contained in Article IV, *Permissible Uses*, of the Unified Development Code (UDC) to incorporate the ability to request a Specific Use Permit (SUP) for *guest quarters/secondary living units* not meeting the requirements stipulated in the Unified Development Code (UDC). In conjunction with this direction, the City Council also directed staff to create a new land use for *barns and/or agricultural accessory buildings*. This text amendment was approved on March 4, 2019 by *Ordinance No. 19-12*. Based on the approval of the text amendment, the applicant submitted a request for a Specific Use Permit (SUP) for a *guest quarters/secondary living unit* and *barn or agricultural accessory building.*

## ADJACENT LAND USES AND ACCESS

The subject property is located at 777 & 839 Cornelius Road. The land uses adjacent to the subject property are as follows:

*North*: Directly north of the subject property is Cornelius Road, which is identified as a M4U (*major collector, four [4] lane, undivided roadway*) on the City's Master Thoroughfare Plan. This roadway delineates the city limits of the City of Rockwall.

*South*: Directly south of the subject property is a cemetery (*i.e. Rest Haven Cemetery*) followed by SH-66, which is identified as a *TXDOT4D* (*i.e. Texas Department of Transportation, principle four [4] lane, divided arterial roadway*) on the City's Master Thoroughfare Plan. Beyond this is a large tract of land that is currently vacant. These areas are zoned Agricultural (AG) District.

*East*: Directly east of the subject property are several single-family homes that are zoned Agricultural (AG) and Single-Family Estate 4.0 (SFE-4.0) Districts. Beyond this is FM-3549, which is identified as a *TXDOT4D* (*i.e. Texas Department of Transportation, principle four [4] lane, divided arterial roadway*) on the City's Master Thoroughfare Plan. This roadway delineates the city limits of the City of Rockwall.

*West*: Directly west of the subject property there are several vacant tracts of land and several single-family homes that are zoned Agricultural (AG) District. Beyond this is John King Boulevard, which is identified as a P6D (*principle arterial, six [6] lane, divided roadway*) on the City's Master Thoroughfare Plan. Beyond this is a single-family residential subdivision (*i.e. Carruth Lakes Subdivision*) that is zoned Planned Development District 5 (PD-5) for Single-Family 8.4 (SF-8.4) and General Retail (GR) District land uses.

## CHARACTERISTICS OF THE REQUEST

Currently, there is a single-family home on the subject property and the applicant is requesting approval of a Specific Use Permit (SUP) to allow a *guest quarters/secondary living unit* and *barn or agricultural building* in conjunction with this structure. The structure will be ~4,950 SF in total size, with ~576 SF being dedicated to the *guest quarters/secondary living unit*. The proposed building will be situated behind the main structure, have four (4) roll-up garage doors, and be clad with metal on the exterior. The proposed building will primarily serve as storage for vehicles/equipment and contain a small bathroom with a shower.

## CONFORMANCE WITH THE CITY'S CODES

According to Section 1, *Land Use Schedule*, of Article IV, *Permissible Uses*, of the Unified Development Code (UDC), a *guest quarters/secondary living unit* is allowed as an accessory use in an Agricultural (AG) District. The Unified Development Code (UDC) also stipulates that such a structure shall not exceed 30% of the main structure and shall not be sold or conveyed separately without meeting the requirements of the zoning district and subdivision ordinance. The Unified Development Code (UDC) also provides the ability for a *guest quarters/secondary living unit* not meeting those requirements to request a Specific Use Permit (SUP). In this case, the proposed guest quarters is ancillary to the primary structure; however, since the proposed *guest quarters/secondary living unit* will be approximately 576 SF, it will exceed 30% of the main structure (*i.e. approximately 107 SF larger than permitted by ordinance*) and require a Specific Use Permit (SUP).

According to the UDC a *barn or agricultural accessory building* is permitted by Specific Use Permit in an Agricultural (AG) District. The UDC requires that the structure be between 2,000 and 4,999 SF in total size, and be located behind the front façade of the primary structure. In addition, the code allows the structure to be constructed utilizing metal and or other materials, and specifically exempts these structures from the masonry requirements . In this case, the proposed *barn or agricultural accessory building* will be approximately 4,950 SF, located behind the front façade of the main structure, and will be clad with metal.

## INFRASTRUCTURE

No public infrastructure will be required or effected by the applicant's request.

## STAFF ANALYSIS

When analyzing the applicant's request -- *and with the exception of the guest quarters exceeding the maximum allowable size (i.e. 30% of the primary structure)* --, the proposed accessory building is generally in conformance with the requirements of the Unified Development Code (UDC). In addition, approval of this proposal does not appear to negatively impact the subject property and/or the surrounding and adjacent properties. Staff should also note that the subject property is larger than ten (10) acres (*i.e. the minimum requirement for a barn or agricultural accessory building*) and the barn will be smaller than the maximum allowable size. Should this request be approved, this will be the first *barn or agricultural building* to be approved in an Agricultural (AG) District under the new ordinance. With that being said, the approval of this request is a discretionary decision for the City Council, pending a recommendation by the Planning and Zoning Commission.

## NOTIFICATIONS

On May 1, 2019, staff mailed 16 notices to property owners and residents within 500-feet of the subject property. There are no Homeowner's Associations (HOA's)/Neighborhood Associations within 1,500-feet of the subject property participating in the Neighborhood Notification Program. At the time this report was written, staff had not received any notices concerning this case.

## CONDITIONS OF APPROVAL

If the Planning and Zoning Commission chooses to recommend approval of the applicant's request, then staff would propose the following conditions of approval:

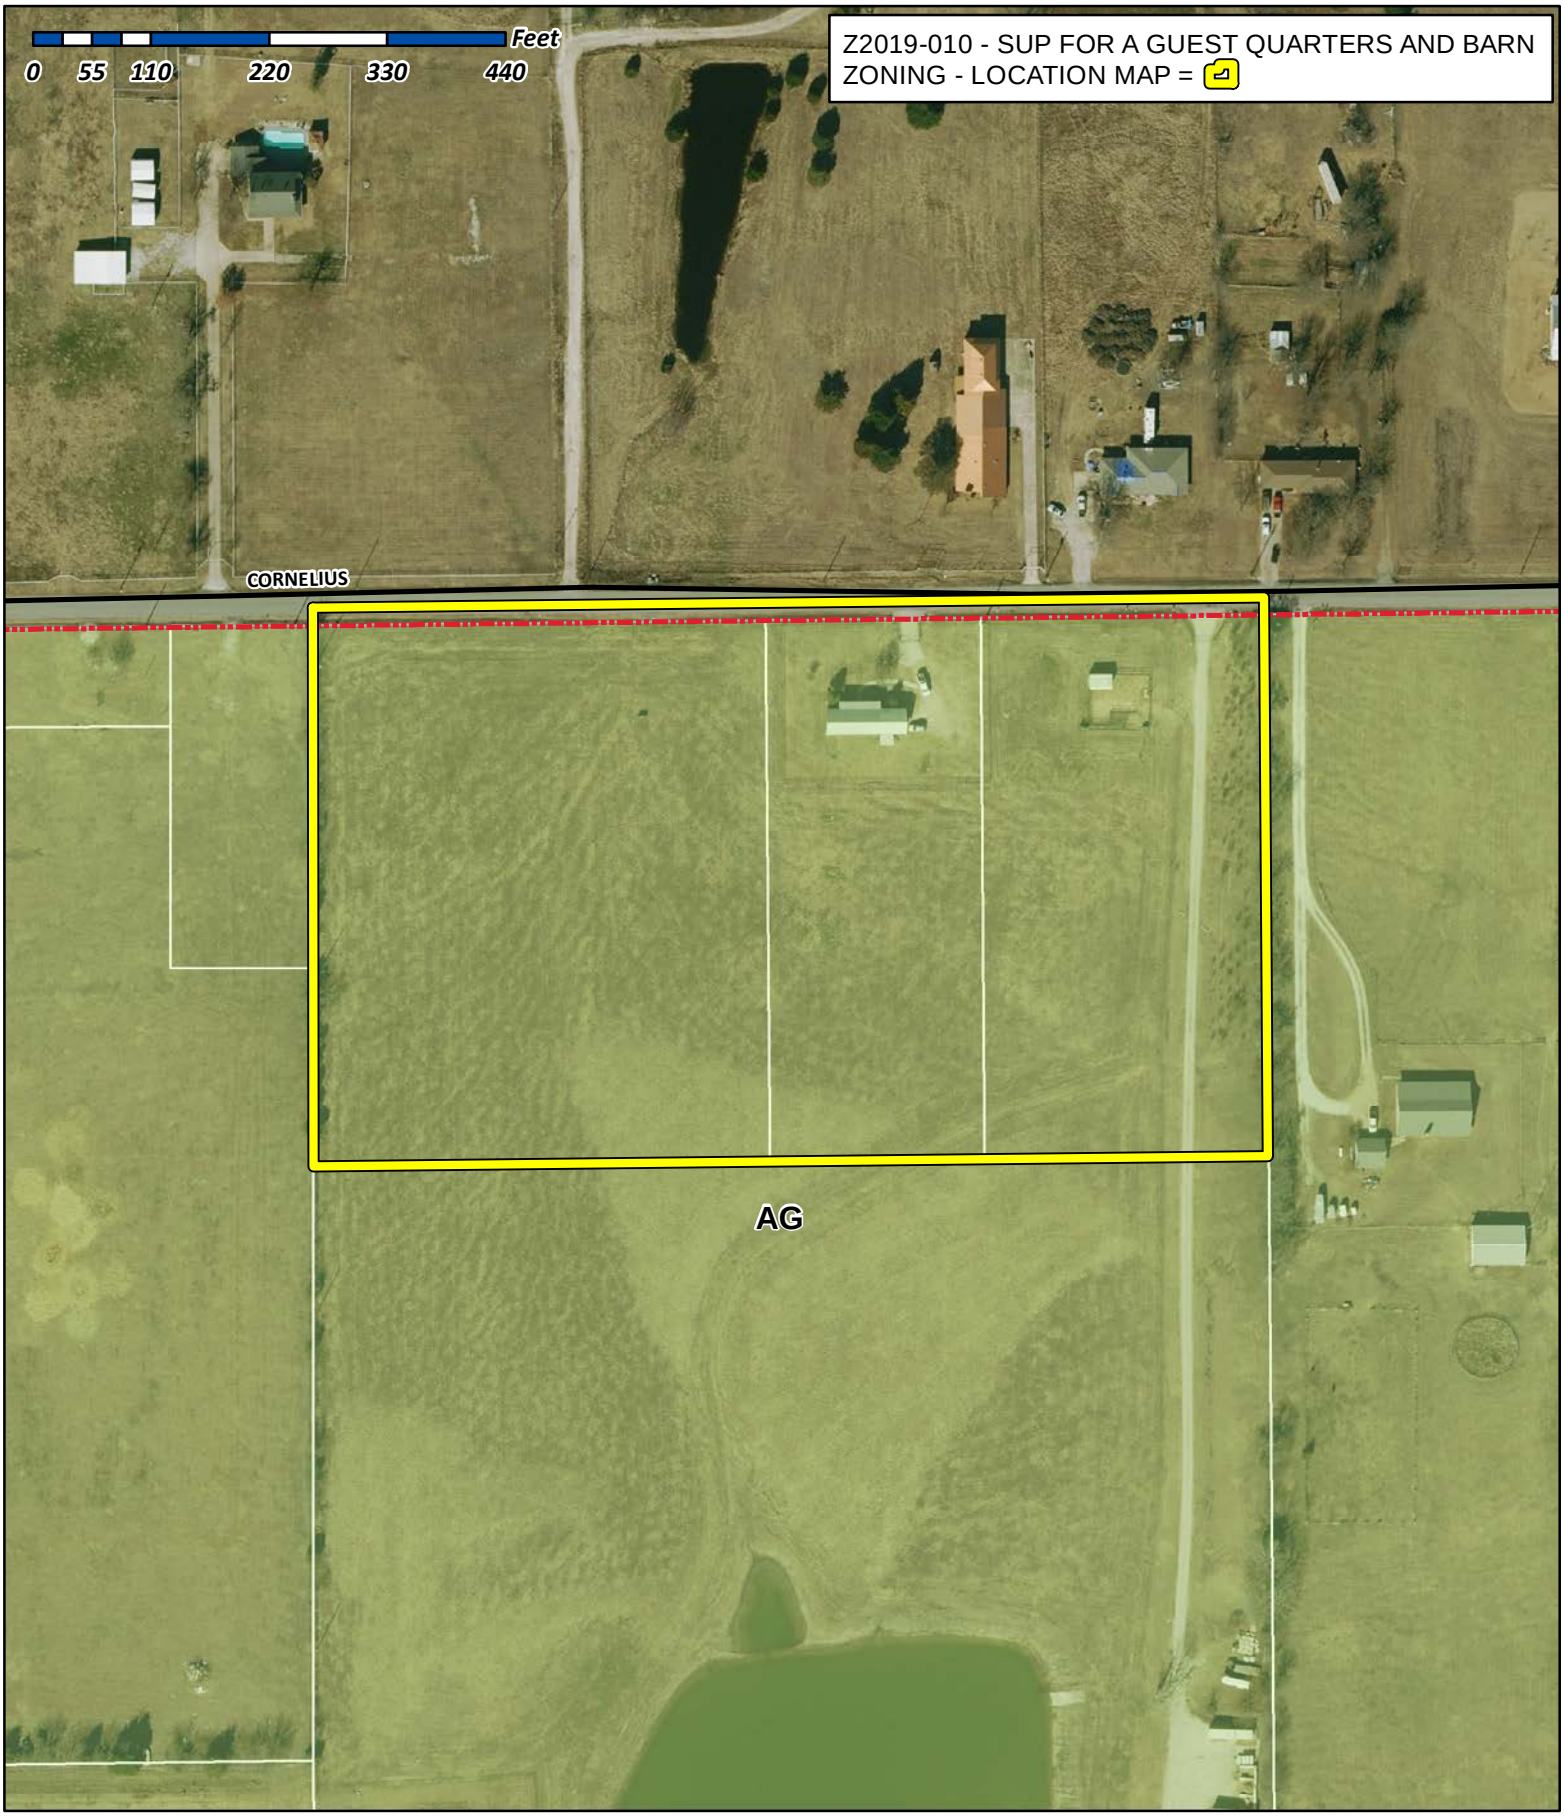
(1) The applicant shall be responsible for maintaining compliance with the following operational conditions contained in the Specific Use Permit (SUP) ordinance and which are summarized as follows:

a) The *guest quarters/secondary living unit* and *barn or agricultural accessory building* shall generally conform to the concept plan and building elevations depicted in *Exhibits 'B' & 'C'* of the attached ordinance;

b) The *guest quarters/secondary living unit* and *barn or agricultural accessory building* shall not be utilized for a non-residential and/or non-agricultural land uses;

c) The *guest quarters/secondary living unit* and *barn or agricultural accessory building* shall be ancillary to the existing single-family home;

d) The applicant shall provide an exhibit showing how the property can be subdivided;



e) The *guest quarters/secondary living unit* and *barn or agricultural accessory building* shall not be altered so that the structure is less than 2,000 SF or greater than 4,050 SF;

f) The subject property shall not be subdivided in such a way that the property does not meet the minimum requirement of ten (10) acres in size for a *barn or agricultural accessory building*;

g) The *guest quarters/secondary living unit* and *barn or agricultural accessory building* shall be located behind the front façade of the primary structure and be subject to the same building setbacks as the primary structure;

h) The *guest quarters/secondary living unit* and *barn or agricultural accessory building* shall not be sold or conveyed separately without meeting the requirements of the Unified Development Code (UDC); and

(2) Any construction resulting from the approval of this Specific Use Permit (SUP) shall conform to the requirements set forth by the Unified Development Code (UDC), the International Building Code (IBC), the Rockwall Municipal Code of Ordinances, city adopted engineering and fire codes and with all other applicable regulatory requirements administered and/or enforced by the state and federal government.

**WHEREAS**, the Planning and Zoning Commission of the City of Rockwall and the governing body of the City of Rockwall, in compliance with the laws of the State of Texas and the ordinances of the City of Rockwall, have given the requisite notices by publication and otherwise, and have held public hearings and afforded a full and fair hearing to all property owners generally, and to all persons interested in and situated in the affected area and in the vicinity thereof, the governing body in the exercise of its legislative discretion has concluded that the Unified Development Code (UDC) [*Ordinance No. 04-38*] of the City of Rockwall should be amended as follows:

**NOW, THEREFORE**, **BE IT ORDAINED** by the City Council of the City of Rockwall, Texas;

**SECTION 1.** That the Unified Development Code (UDC) [*Ordinance No. 04-38*] of the City of Rockwall, as heretofore amended, be and the same is hereby amended so as to grant a Specific Use Permit (SUP) allowing a *guest quarters/secondary living unit* and *barn or agricultural accessory building,* as stipulated by Section 1, *Land Use Schedule,* of Article IV, *Permissible Uses*, of the Unified Development Code (UDC) [*Ordinance No. 04-38*], on the *Subject Property*; and,

PRELIMINARY 09.24.2019

**SECTION 2.** That the Specific Use Permit (SUP) shall be subject to the requirements set forth in Subsection 2.01*, Agricultural (AG) District,* of Section 2*, Agricultural Districts,* of Article V, *District Development Standards*, of the Unified Development Code (UDC) [*Ordinance No. 04-38*] as heretofore amended and as may be amended in the future, and shall be subject to the following:

**2.1 OPERATIONAL CONDITIONS**

The following conditions pertain to the operation of a *guest quarters/secondary living unit* and *barn or agricultural accessory building* on the *Subject Property* and conformance to these conditions is required for continued operations:

1) The *guest quarters/secondary living unit* and *barn or agricultural accessory building* shall generally conform to the concept plan and building elevations depicted in *Exhibits 'B*' & *'C'* of this ordinance;

2) The *guest quarters/secondary living unit* and *barn or agricultural accessory building* shall not be utilized for a non-residential and/or non-agricultural land use.

3) The *guest quarters/secondary living unit* and *barn or agricultural accessory building* shall be ancillary to the existing single-family home.

4) The *guest quarters/secondary living unit* and *barn or agricultural accessory building* shall not be altered so that the structure is less than 2,000 SF or greater than 4,050 SF.

5) The *guest quarters/secondary living unit* and *barn or agricultural accessory building* shall be exempt from the masonry requirements stipulated by Section 7.01, *Residential Development Standards*, of Article V, *District Development Standards*, of the Unified Development Code (UDC).

6) The subject property shall not be subdivided in such a way that the property does not meet the minimum requirement of ten (10) acres in size for a *barn or agricultural accessory building.*

7) The *guest quarters/secondary living unit* and *barn or agricultural accessory building* shall be located behind the front façade of the primary structure and be subject to the same building setbacks as the primary structure.

8) The *guest quarters/secondary living unit* and *barn or agricultural accessory building* shall not be sold or conveyed separately without meeting the requirements of the Unified Development Code (UDC).

**2.2 COMPLIANCE**

Approval of this ordinance in accordance with Section 8.3, *Council Approval or Denial*, of Article II, *Authority and Administrative Procedures*, of the Unified Development Code (UDC) will require compliance to the following:

1) Upon obtaining a Building Permit, should the subject property--which is subject to the guidelines of this ordinance--fail to meet the minimum operational requirements set forth herein and outline in the Unified Development Code (UDC), the City Council may (*after proper notice*) initiate proceedings to revoke the Specific Use Permit (SUP) in accordance

DRAFT ORDINANCE 05.14.19

with Section 4.4.(3) of Article IV, *Permissible Uses*, of the Unified Development Code (UDC).

**SECTION 3.** That the official zoning map of the City be corrected to reflect the changes in zoning described herein.

**SECTION 4.** That all ordinances of the City of Rockwall in conflict with the provisions of this ordinance be, and the same are hereby repealed to the extent of that conflict.

**SECTION 5.** Any person, firm, or corporation violating any of the provisions of this ordinance shall be deemed guilty of a misdemeanor and upon conviction shall be punished by a penalty of fine not to exceed the sum of *TWO THOUSAND DOLLARS* ($2,000.00) for each offence and each and every day such offense shall continue shall be deemed to constitute a separate offense.

**SECTION 6.** If any section or provision of this ordinance or the application of that section or provision to any person, firm, corporation, situation or circumstance is for any reason judged invalid, the adjudication shall not affect any other section or provision of this ordinance or the application of any other section or provision to any other person, firm, corporation, situation or circumstance, and the City Council declares that it would have adopted the valid portions and applications of the ordinance without the invalid parts and to this end the provisions of this ordinance shall remain in full force and effect.

**SECTION 7.** That this ordinance shall take effect immediately from and after its passage.

**PASSED AND APPROVED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, THIS THE 3RD DAY OF JUNE, 2019.**

| **TO:** | Planning and Zoning Commission |
| **DATE:** | May 14, 2019 |
| **APPLICANT:** | Scott Lewis; *RRDC, LTD* |
| **CASE NUMBER:** | Z2019-011; *Amendment to Planned Development District 47 (PD-47)* |

## SUMMARY

Hold a public hearing to discuss and consider a request by Scott Lewis of RRDC, LTD for the approval of an amendment to Planned Development District 47 (PD-47) [*Ordinances 99-17 & 07-04*] being a 14.4715-acre tract of land identified as Tract 104 of the E. Teal Survey, Abstract No. 207 and Lot 1, Block A, First Christian Church, Disciples of Christ Addition, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 47 (PD-47) for Single-Family 10 (SF-10) District land uses, situated within the Scenic Overlay (SOV) District, generally located at the northeast corner of the intersection of Ridge Road [FM-740] and White Road, and take any action necessary.

## BACKGROUND

The subject property is located at the northeast corner of the intersection of Ridge Road [*FM-740*] and White Road. On June 7, 1999, the City Council approved *Ordinance No. 99-17* [*Case No. PZ1999-023*], which zoned the subject property to Planned Development District 47 (PD-47) for Single Family 10 (SF-10) District land uses. Since a portion of the subject property was outside of the City's corporate limits (*i.e. situated within Rockwall County*) and another portion was situated within the City of Heath, the case memo required a boundary adjustment agreement be entered into with the City of Heath. The full subject property was annexed into the City of Rockwall on December 20, 1999 by *Resolution No. 99-44* and zoned Planned Development District 47 (PD-47) On January 16, 2007, the City Council approved *Ordinance No. 07-04* [*Case No. Z2006-025*], which amended a portion of *Ordinance No. 99-17* allowing a five (5) acre part of Planned Development District 47 (PD-47) to allow for a commercial antenna in conjunction with a house of worship. On January 16, 2016, the City Council approved a preliminary plat for the Whisper Rock subdivision [*Case No. Z2017-066*], which contained 28 single-family lots on 9.477-acres. On December 11, 2018, the Planning and Zoning Commission approved a site plan [*Case No. SP2018-041*] and recommended approval of a final plat [*Case No. P2018-043*] for the Whisper Rock subdivision. The City Council approved the final plat on December 17, 2018.

## PURPOSE

The applicant is requesting to amend the development standards contained in Planned Development District 47 (PD-47) [*Ordinance No. 99-17*]. Specifically, the applicant is requesting three (3) changes to the ordinance. These changes are as follows:

1) The minimum masonry requirement be 60% with all lap-siding being a cementitious fiber material (*e.g. HardiBoard or HardiPlank*);
2) The maximum lot coverage be 55%, and
3) Front-facing garages be allowed provided they are set back a minimum of 20-feet from the front façade of the structure.

## ADJACENT LAND USES AND ACCESS

The subject property is located at the northeast corner of the intersection of Ridge Road [*FM-740*] and White Road. The land uses adjacent to the subject property are as follows:

*North*: Directly north of the subject property is a single-family residential subdivision (*i.e. Benton Court Subdivision*), which is zoned Planned Development District 40 (PD-40) for Single-Family 10 (SF-10) District land uses. Beyond this there are several single-family homes that are zoned Single-Family 16 (SF-16) District.

*South*: Directly south of the subject property is a house of worship (*i.e. First Christian Church*) followed by White Road, which is identified as a *Minor Collector* on the City's Master Thoroughfare Plan. This roadway delineates the city limits of the City of Rockwall.

*East*: Directly east of the subject property is a vacant tract of land and a single-family home that are zoned Agricultural (AG) and Single-Family Estate 4.0 (SFE-4.0) Districts. Beyond this is a single-family residential subdivision (*i.e. Phase 4 of the Foxchase Subdivision*) that is zoned Planned Development District 9 (PD-9) for General Retail (GR), Single-Family 10 (SF-10), Single-Family 12.5 (SF-12.5), and Light Industrial (LI) District land uses.

*West*: Directly west of the subject property is Ridge Road [*FM-740*], which is identified as a M4D (*major collector, four [4] lane, divided roadway*) on the City's Master Thoroughfare Plan. Beyond this is a residential subdivision (*i.e. Chandler's Landing*), which is zoned Planned Development District 8 (PD-8) for single-family and multi-family land uses.

## CHARACTERISTICS OF THE REQUEST

Currently, Planned Development District 47 (PD-47) is comprised of two (2) areas. *Area 1* (*i.e. Whisper Rock Subdivision*) is undeveloped and contains 28 single-family residential lots on a 9.477-acre tract of land. *Area 2* is currently occupied by a house of worship (*i.e. First Christian Church*). The applicant is requesting changes to the development standards for *Area 1*. Specifically, the applicant would like to reduce the minimum masonry requirement to 60% from 80%, change the maximum lot coverage from 45% to 55%, and change the garage standards to allow front facing garages provided the garages are setback a minimum of 20-feet from the front of the structure. Currently, the development standards for Planned Development District 47 (PD-47) require all garages to be in a *J-Swing* or *Traditional Swing* format with no garage doors facing the street.

## CONFORMANCE WITH THE CITY'S CODES

According to Section 4, *Residential Parking*, of Article VI, *Parking and Loading*, of the Unified Development Code (UDC), "…in single-family districts, garages must be located at least 20-feet behind the front building façade for front-entry garages…" In this case, the applicant's request conforms to the requirements of the Unified Development Code (UDC) for garages, and changing the Planned Development District ordinance does not appear to negatively impact the subject property or surrounding properties. With regard to the masonry and lot coverage requirements, the applicant is requesting to minimally reduce these standards; however, the Planning and Zoning Commission have approved similar requests in previous cases, and if approved it would not negatively impact surrounding or adjacent properties.

## CONFORMANCE WITH OURHOMETOWN VISION 2040 COMPREHENSIVE PLAN

According to the OURHometown Vision 2040 Comprehensive Plan, the subject property is located in the *Marina District*, which is characterized as a residential district that is significantly developed with medium-density housing. The *Marina District* is not anticipated to change its land use pattern, and is expected to continue to have residential infill development that compliments the existing surrounding

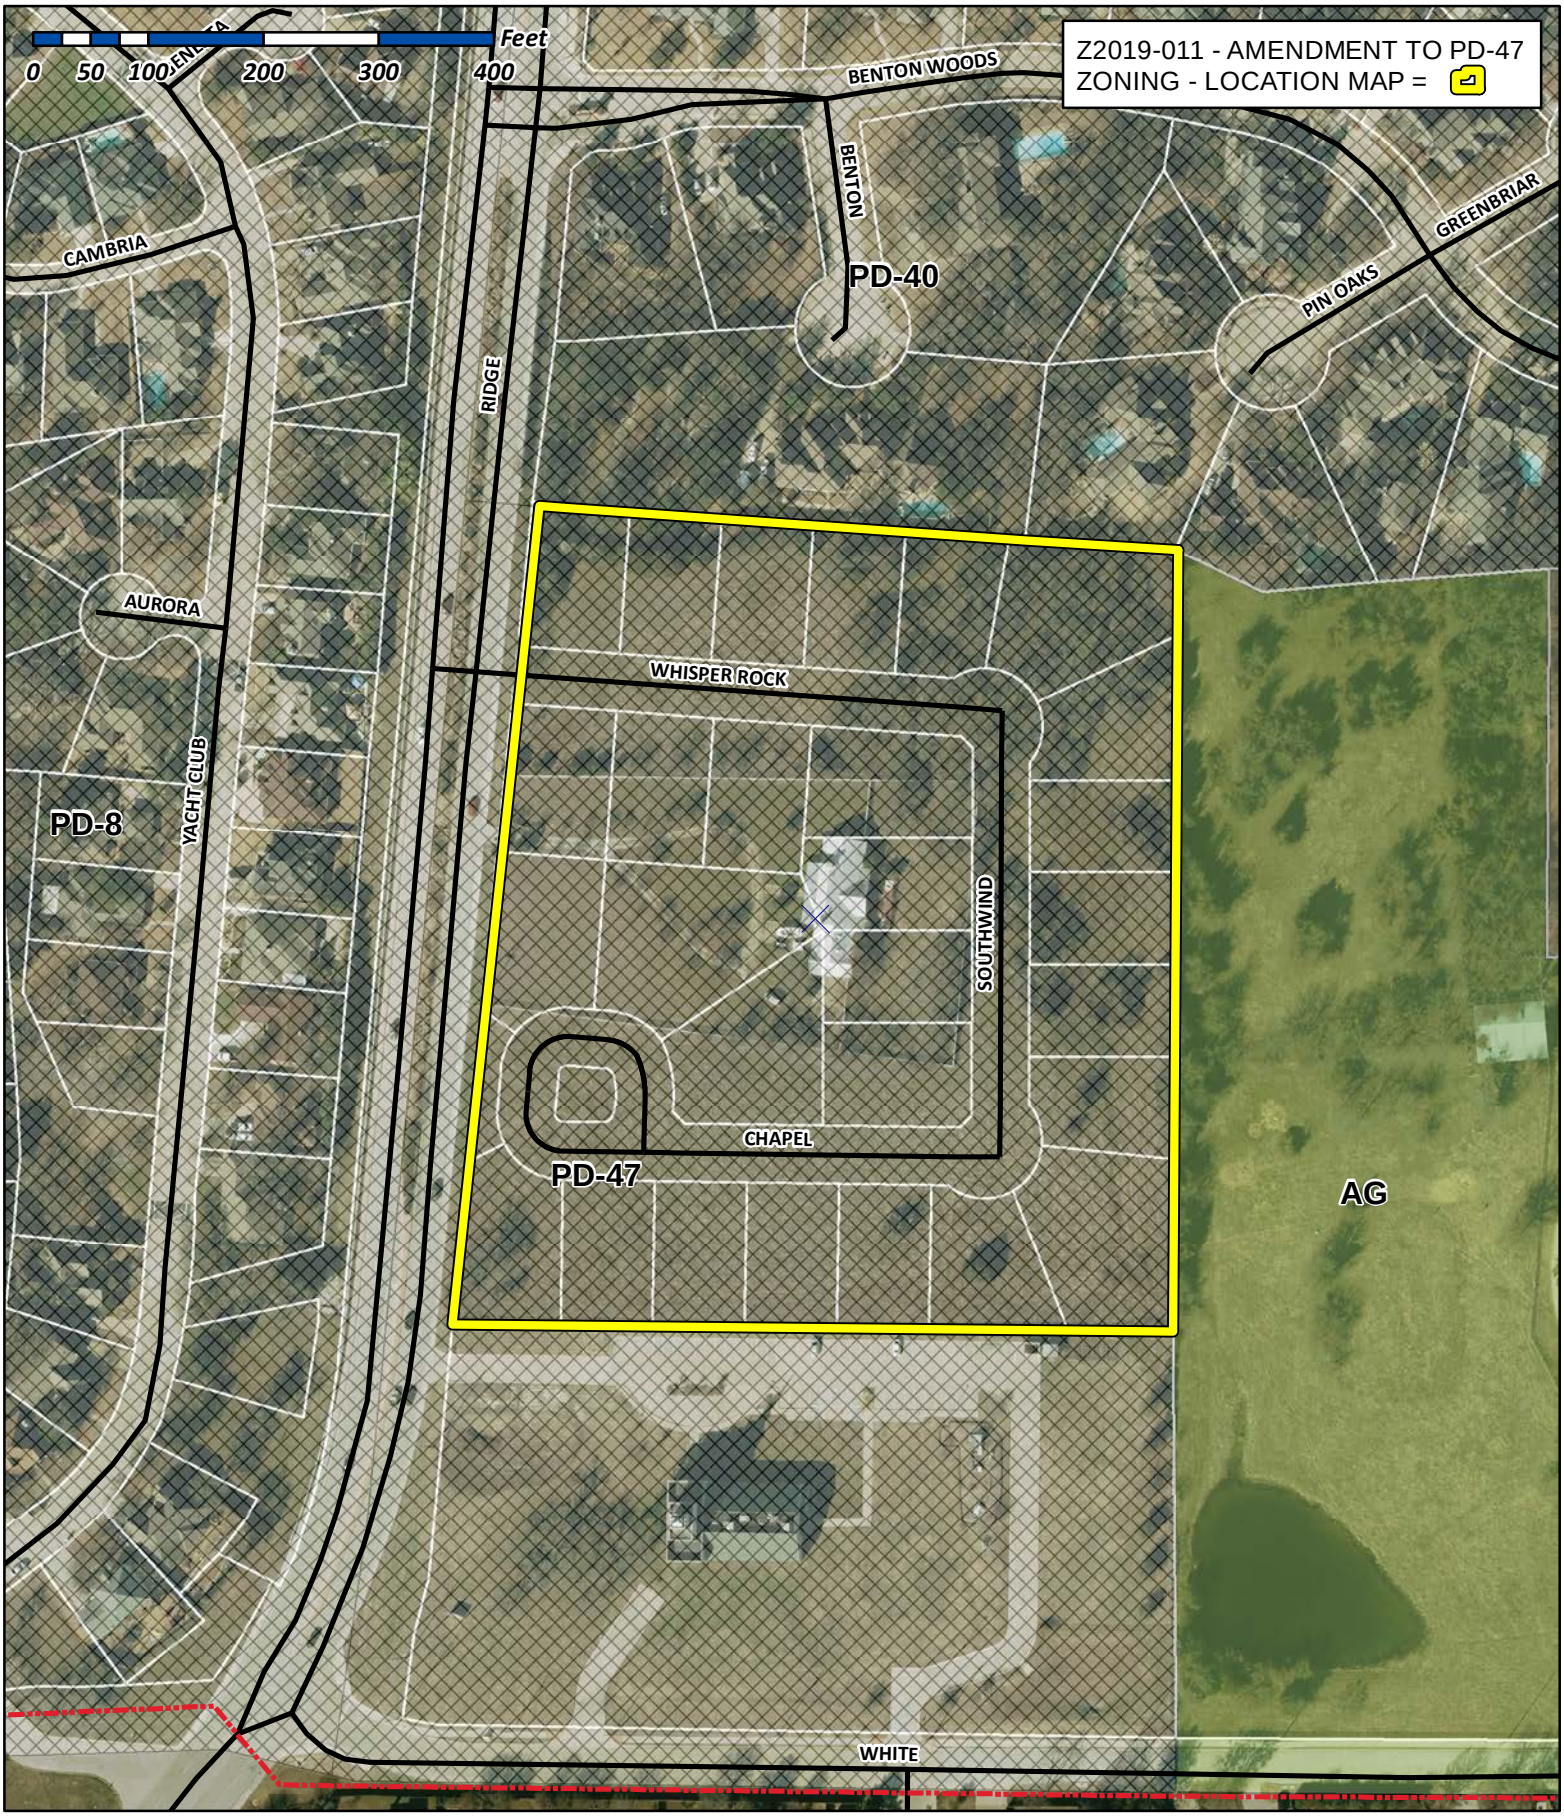
properties. This infill development is expected to generally follow the guidelines for medium-density residential development. In this case, the applicant's request does not appear to be contrary to the district strategies for the *Marina District*. Specifically, the proposed residential subdivision is considered to be a medium-density development and the applicant is not proposing to alter the density of the development.

## STAFF ANALYSIS

With regard to the applicant's request to increase the maximum lot coverage, staff should note that the only zoning district that allows a similar lot coverage (*i.e. allows 50% lot coverage*) is the Zero Lot Line (ZL-5) District. Although the applicant's request to raise the maximum lot coverage from 45% to 55% does not change the density of the development, the Planning and Zoning Commission should examine the possible visual effects/perception of allowing larger homes on the existing lot size and consider whether or not approval of this request will negatively impact the development and/or neighboring developments. Staff should point out that the side yard setback in the Single Family 10 (SF-10) District is six (6) feet, which means that the minimum distance between homes will be 12-feet. This is consistent with the policies for residential development contain in the OURHometown Vision 2040 Comprehensive Plan. With that being said, approval of this request is a discretionary decision for the City Council, pending a recommendation from the Planning and Zoning Commission.

As has been done in past amendments to planned development districts that consist of several regulating ordinances, staff has taken this opportunity to consolidate the regulating ordinances for Planned Development District 47 (PD-47) into one (1) ordinance; however, while staff has clarified several sections of these ordinances in the new regulating ordinance, no changes with regard to the requirements, intent or permitted land uses have been made to any portion of the planned development district that relates to *Ordinance No. 07-04*, which is identified as the regulating ordinance for *Area 2* (*i.e. First Christian Church*) in the attached draft ordinance.

## NOTIFICATIONS



On May 1, 2019, staff mailed 123 notices to property owners and residents within 500-feet of the subject property. Additionally, staff notified Spyglass Phases 2 & 3, the Rainbow Lakes, Chandler's Landing, and Foxchase Homeowner's Associations (HOA's), which are the only HOA's/Neighborhood Associations within 1,500-feet of the subject property and participating in the Neighborhood Notification Program. At the time this report was written, staff had not received any notices concerning this case.

## CONDITIONS OF APPROVAL

If the Planning and Zoning Commission chooses to recommend approval of the applicant's request then staff would propose the following conditions of approval:

(1) The applicant shall be responsible for maintaining compliance with the conditions contained within the *Planned Development District* ordinance;

(2) Any construction resulting from the approval of this zoning change shall conform to the requirements set forth by the Unified Development Code (UDC), the International Building Code (IBC), the Rockwall Municipal Code of Ordinances, city adopted engineering and fire codes and with all other applicable regulatory requirements administered and/or enforced by the state and federal government.

---

To whom it may concern:

Per your participation in the Neighborhood Notification Program, you are receiving this notification to inform your organization and residents of a request for a zoning change that lies within 1,500 feet of the boundaries of your neighborhood or subdivision. As the primary contact for the organization, you are encouraged to share this information with the residents of your subdivision. Please find attached a map detailing the location of the subject property requesting the zoning change in relation to your subdivision boundaries. Additionally, below is a summary of the zoning request that will be published in the Rockwall Herald Banner ***May 3, 2019***. The Planning and Zoning Commission will hold a public hearing on ***Tuesday 5/14/2019 at 6:00 p.m.***, and the City Council will hold a public hearing on ***Monday 5/20/2019 at 6:00 p.m***. These hearings will be held in the City Council Chambers at City Hall, 385 S. Goliad Street. These hearings will be held in the City Council Chambers at City Hall, 385 S. Goliad Street. If you have any questions or comments regarding this request, the contact information for the Planning Department is listed below. Additional information can also be found at
https://sites.google.com/site/rockwallplanning/development/development-cases

> **Z2019-011- Hold a public hearing to discuss and consider a request by Scott Lewis of RRDC, LTD for the approval of an amendment to Planned Development District 47 (PD-47) [*Ordinances 99-17 & 07-04*] being a 14.4715-acre tract of land identified as Tract 104 of the E. **RE: Whisper Rock**
**Zoning Amendment**

Dear Mr. Miller:

We are formally requesting to amend the PD-47 with the following changes:

SECTION 5

Item 2. Any structure constructed on lots in the tract shall have a minimum of 60% masonry exclusive of any windows. Any siding shall be cementous fiber material, with strict HOA over sight.

Item 5. 55% maximum lot coverage of main house only, exclusive of driveway, pools & sidewalks.

Item 9. No garages shall face street unless 20' back from front of structure. J swings allowed.

If you have any questions or have additional comments, please do not hesitate to contact me at 972-941-8410 or by email at matt@ecdlp.com

Thank you,

Todd Wintters, P.E.
Engineering Concepts & Design, L.P.

**CITY OF ROCKWALL**

**ORDINANCE NO. 19-XX**

**AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, AMENDING PLANNED DEVELOPMENT DISTRICT 47 (PD-47) [*ORDINANCES 99-17 AND 07-04*] AND THE UNIFIED DEVELOPMENT CODE [ORDINANCE NO. 04-38] OF THE CITY OF ROCKWALL, AS HERETOFORE AMENDED, BY AMENDING THE DEVELOPMENT STANDARDS APPROVED WITH *ORDINANCE NO. 99-17*, BEING A 14.4712-ACRE TRACT OF LAND IDENTIFIED TRACT 104 OF THE E. TEAL SURVEY, ABSTRACT NO. 207 AND LOT 1, BLOCK A, FIRST CHRISTIAN CHURCH DISCIPLES OF CHRIST ADDITION, CITY OF ROCKWALL, ROCKWALL COUNTY, TEXAS, ZONED PLANNED DEVELOPMENT DISTRICT 47 (PD-47) AND MORE FULLY DEPICTED HEREIN BY *EXHIBIT 'A'* AND DESCRIBED HEREIN BY *EXHIBIT 'B'*; PROVIDING FOR SPECIAL CONDITIONS; PROVIDING FOR A PENALTY OF FINE NOT TO EXCEED THE SUM OF TWO THOUSAND DOLLARS ($2,000.00) FOR EACH OFFENSE; PROVIDING FOR A SEVERABILITY CLAUSE; PROVIDING FOR A REPEALER CLAUSE; PROVIDING FOR AN EFFECTIVE DATE.**

**WHEREAS**, the City has received a request by the applicant Scott Lewis of RRDC, LTD for the approval of an amendment to Planned Development District 47 (PD-47) for the purpose of amending the development standards approved with *Ordinance 99-17*, being a 14.4712-acre tract of land identified as Tract 104 of the E. Teal Survey, Abstract No. 207 and Lot 1, Block A, First Christian Church Disciples of Christ Addition, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 47 (PD-47) [*Ordinances 99-17 and 07-04*], generally located at the northeast corner of the intersection of Ridge Road [*FM-740*] and White Road and more fully depicted in *Exhibit 'A'* and described in *Exhibit 'B'* of this ordinance, which hereinafter shall be referred to as the *Subject Property* and incorporated by reference herein; and

**WHEREAS**, the Planning and Zoning Commission of the City of Rockwall and the governing body of the City of Rockwall in compliance with the laws of the State of Texas and the ordinances of the City of Rockwall have given the requisite notices by publication and otherwise, and have held public hearings and afforded a full and fair hearing to all property owners generally and to all persons interested in and situated in the affected area, and in the vicinity thereof, and the governing body in the exercise of its legislative discretion, has concluded that Planned Development District 47 (PD-47) [*Ordinance No.'s 99-17 & 07-04*] and the Unified Development Code [*Ordinance No. 04-38*] should be amended as follows:

**NOW, THEREFORE**, **BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS:**

**SECTION 1.** That the approval of this ordinance shall supersede all requirements stipulated in *Ordinance No.'s 99-17 & 07-04*;

**SECTION 2.** That the *Subject Property* shall be used only in the manner and for the purposes authorized by this Planned Development District ordinance and the Unified Development Code (UDC) [*Ordinance No. 04-38*] of the City of Rockwall as heretofore amended, as amended herein by granting this zoning change, and as may be amended in the future;

**SECTION 3.** That development of the *Subject Property* shall be in accordance with the

DRAFT 05.14.19

*Planned Development Concept Plan*, contained in *Exhibit 'C'* of this ordinance, attached hereto and incorporated herein by reference as *Exhibit 'C'*, which is deemed hereby to be a condition of approval of the amended zoning classification for the *Subject Property*;

**SECTION 4.** That development of the *Subject Property* shall be in accordance with the *Planned Development Standards*, described in *Exhibit 'D'* of this ordinance, attached hereto and incorporated herein by reference as *Exhibit 'D'*, which is deemed hereby to be a condition of approval of the amended zoning classification for the *Subject Property*;

**SECTION 5.** That any person, firm, or corporation violating any of the provisions of this ordinance shall be deemed guilty of a misdemeanor and upon conviction shall be punished by a penalty of fine not to exceed the sum of *Two Thousand Dollars* (*$2,000.00*) for each offense and each and every day such offense shall continue shall be deemed to constitute a separate offense;

**SECTION 6.** That if any section, paragraph, or provision of this ordinance or the application of that section, paragraph, or provision to any person, firm, corporation or situation is for any reason judged invalid, the adjudication shall not affect any other section, paragraph, or provision of this ordinance or the application of any other section, paragraph or provision to any other person, firm, corporation or situation, nor shall adjudication affect any other section, paragraph, or provision of the Unified Development Code, and the City Council declares that it would have adopted the valid portions and applications of the ordinance without the invalid parts and to this end the provisions for this ordinance are declared to be severable;

**SECTION 7.** The standards in this ordinance shall control in the event of a conflict between this ordinance and any provision of the Unified Development Code or any provision of the City Code, ordinance, resolution, rule, regulation, or procedure that provides a specific standard that is different from and inconsistent with this ordinance. References to zoning district regulations or other standards in the Unified Development Code (including references to the *Unified Development Code*), and references to overlay districts, in this ordinance or any of the Exhibits hereto are those in effect on the date this ordinance was passed and approved by the City Council of the City of Rockwall, Texas;

**SECTION 8.** That this ordinance shall take effect immediately from and after its passage;

**PASSED AND APPROVED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, THIS THE 3RD DAY OF JUNE, 2019.**

STATE OF TEXAS
COUNTY OF ROCKWALL

WHEREAS FIRST CHRISTIAN CHURCH OF ROCKWALL, TEXAS, BEING THE OWNER OF A TR ACT OF land in the County of Rockwall, State of Texas, said tract being described as follows:

**BEING** a 5.231 acre tract of land situated in the Edward Teal Survey, Abstract No. 207, City of Rockwall, Rockwall County, Texas and being all of Lot 1, Block A, First Christian Church, Disciples of Christ, Rockwall, Texas Addition, recorded in Cabinet E, Slide 361, Plat Records of Rockwall County, Texas (PRRCT), said 5.231 acre tract being more particularly described as follows:

**BEGINNING** at a point for corner near the base of a plastic fence post at the southeast corner of a called 9.4769 acre tract of land described in deed to RRDC, Ltd., recorded in Instrument 20170000023557, Deed Records, Rockwall, County, Texas (DRRCT), common to the northeast corner of said Lot 1, said corner being in the west boundary line of a called 12 acre tract of land described in a deed to Craig R. Duhon and Donna L. Duhon, recorded in Volume 693, Page 228, (DRRCT), from which a 5/8-inch iron rod with a yellow plastic cap stamped RPLS 3963 found for reference bears South 61 degrees 46 minutes 53 seconds West, a distance of 37.56 feet;

**THENCE** South 00 degrees 07 minutes 41 seconds West, along the common line of said Lot 1 and said 12 acre tract, a distance of 353.00 feet to a 5/8-inch iron rod with a yellow plastic cap stamped RPLS 3963 set for the southeast corner of said Lot 1, said corner being in the north right-of-way line of White Road, a variable width right-of-way;

**THENCE** North 89 degrees 08 minutes 58 seconds West, along the common line of said Lot 1 and said White Road, a distance of 671.35 feet to a 5/8-inch iron rod with a yellow plastic cap stamped RPLS 3963 set for the southwest corner of said Lot 1, said corner being at the Ridge Road and said Lot 1, a distance of 50.66 feet to a TxDOT monument found for corner;

**THENCE** North 05 degrees 45 minutes 12 seconds East, continuing along the common line of said Ridge Road and said Lot 1, a distance of 237.59 feet to the northwest corner of said Lot 1 and the southwest corner of said 9.4769 acre tract, from which a TxDOT monument bears South 58 degrees 52 minutes 38 seconds West, a distance of 0.41 feet;

**THENCE** South 89 degrees 09 minutes 00 seconds East, along the common line of laid Lot 1 and said 9.4769 acre tract, a distance of 625.79 feet to the POINT OF BEGINNING and containing 227,854 square feet or 5.231 acres of land.

DRAFT ORDINANCE 05.14.19

**Exhibit 'C':**
*Location Map/Area Concept Plan*

DRAFT 05/14/2019

**Exhibit 'D':**
*PD Development Standards*

*Area 1: Single-Family 10 (SF-10) District* [*9.477-Acres*]

(1) *Permitted Uses.* Unless specifically provided by this Planned Development ordinance, *Area 1* as depicted in *Exhibit 'C'* of this ordinance shall be subject to the land uses permitted for the Single-Family 10 (SF-10) District as stipulated by the *Permissible Use Charts* contained in Article IV, *Permissible Uses*, of the Unified Development Code (UDC) [*Ordinance No. 04-38*] as heretofore amended, as amended herein by granting this zoning change, and as may be amended in the future.

(2) *Density and Dimensional Requirements.* Unless specifically provided by this Planned Development ordinance, *Area 1* as depicted in *Exhibit 'C'* of this ordinance shall be subject to the development standards for the Single-Family 10 (SF-10) District as stipulated in Article V, *District Development Standards*, of the Unified Development Code [*Ordinance No. 04-38*] as heretofore amended, as amended herein by granting this zoning change, and as may be amended in the future. All lots shall conform to the standards depicted in *Table 1*, which are as follows:

*Table 1: Density and Dimensional Requirements*

| | |
|---|---|
| *Minimum Lot Width* [1] | 80' |
| *Minimum Lot Depth* | 100' |
| *Minimum Lot Area* | 10,000 SF |
| *Minimum Front Yard Setback* [2] | 25' |
| *Minimum Side Yard Setback* | 6' |
| *Minimum Distance Between Buildings* | 10' |
| *Maximum Height* | 36' |
| *Minimum Rear Yard Setback* | 10' |
| *Maximum Lot Coverage* | 55% |
| *Minimum Dwelling Size* | 3,000 SF |

*General Notes:*
[1]: The minimum lot width shall be measured at the *Front Yard Building Setback*.
[2]: The location of the *Front Yard Building Setback* as measured from the front property line.

(3) *Building Standards.* Housing type and construction shall adhere to the following building standards:

(a) *Masonry Requirements.* The minimum masonry requirement for the exterior façades of all buildings shall be 60% primary materials and/or a maximum of 20% secondary materials, excluding windows and doors. For the purpose of this ordinance, primary materials shall consist of stone, brick, and cementitious materials. The use of cementitious materials (e.g. stucco, cementitious lap siding, or similar materials) shall be limited to 40% of the building's exterior façade.

(b) *Anti-Monotony.* An anti-monotony standard shall not allow the same structure—in terms of materials and elevation--any closer than four (4) houses apart on either side of the street.

(c) *Common Areas and Open Space.* All common areas, dedicated landscape easements, and open space areas shall be maintained by a Homeowner's Association, which shall be created subject to the requirements of the City's Subdivision Ordinance.

(d) *Garage Orientation.* Garages shall be oriented in a traditional swing (or j-swing). Garages configured in a flat, front entry configuration shall be setback a minimum of 20 feet from the front façade of the primary structure. All garage doors shall be required to have upgraded finishes (*e.g. divided garage bay doors, carriage style hardware and lighting elements, cedar clad garage doors, or a similar alternative -- to be approved by staff*)]. All garage configurations not conforming to this section shall meet the

requirements of Article VI, Parking and Loading, of the Unified Development Code (UDC).

*Area 2: Single-Family 10 (SF-10) District* [*4.9995-Acres*]

(1) *Permitted Uses.* Unless specifically provided by this Planned Development ordinance, *Area 2* as depicted in *Exhibit 'C'* of this ordinance shall be subject to the land uses permitted for the Single-Family 10 (SF-10) District as stipulated by the *Permissible Use Charts* contained in Article IV, *Permissible Uses*, of the Unified Development Code (UDC) [*Ordinance No. 04-38*] as heretofore amended, as amended herein by granting this zoning change, and as may be amended in the future however, the following conditions shall apply:

The following land use shall be permitted in *Area 2*:

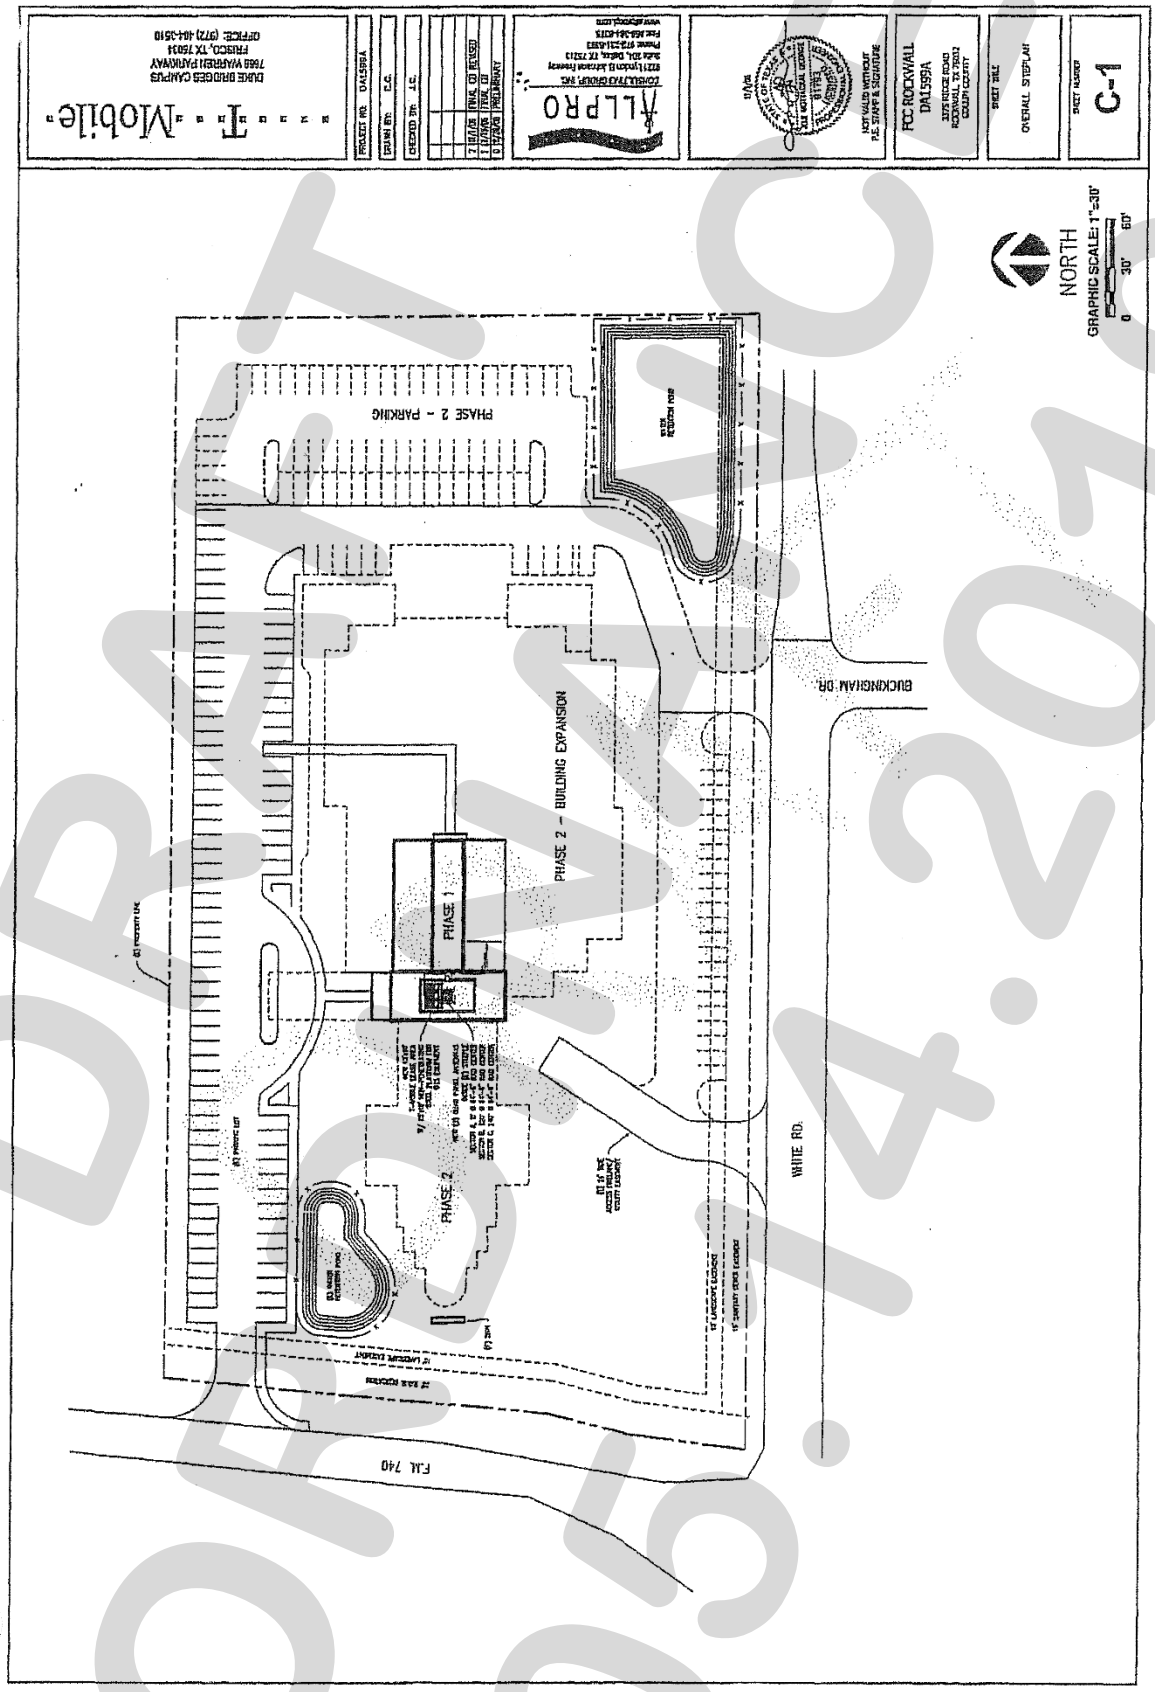
☑ Antenna, Commercial*

*NOTES*: 1) All equipment shall be contained interior to the building 2) The height of the structure shall remain as depicted in *Exhibit 'E'* of this ordinance.

(2) *Density and Dimensional Requirements.* Any development in Area 2 as depicted in *Exhibit 'C'* of this ordinance shall be subject to the development standards required for properties in a Single-Family 10 (SF-10) District as stipulated by Article V, *District Development Standards*, of the Unified Development Code [*Ordinance No. 04-38*] as heretofore amended, as amended herein by granting this zoning change, and as may be amended in the future.

(3) *Building Standards.* Housing type and construction shall adhere to the following building standards:

(a) *Masonry Requirements.* The minimum masonry requirement for the exterior façades of all buildings shall be 60% primary materials and/or a maximum of 20% secondary materials, excluding windows and doors. For the purpose of this ordinance, primary materials shall consist of stone, brick, and cementitious materials. The use of cementitious materials (e.g. stucco, cementitious lap siding, or similar materials) shall be limited to 40% of the building's exterior façade.



(b) *Anti-Monotony.* An anti-monotony standard shall not allow the same structure--in terms of materials and elevation--any closer than four (4) houses apart on either side of the street.

(c) *Common Areas and Open Space.* All common areas, dedicated landscape easements, and open space areas shall be maintained by a Homeowner's Association, which shall be created subject to the requirements of the City's Subdivision Ordinance.

(4) *Garage Orientation.* Garages shall be oriented in a traditional swing (or j-swing). Garages configured in a front entry configuration shall be setback a minimum of 20 feet from the front façade of the primary structure. All garage doors shall be required to have upgraded finishes (*e.g. divided garage bay doors, carriage style hardware and lighting elements, cedar clad garage doors, or a similar alternative -- to be approved by staff*)]. All garage configurations not conforming to this section shall meet the requirements of Article VI, Parking and Loading, of the Unified Development Code (UDC).

# CITY OF ROCKWALL

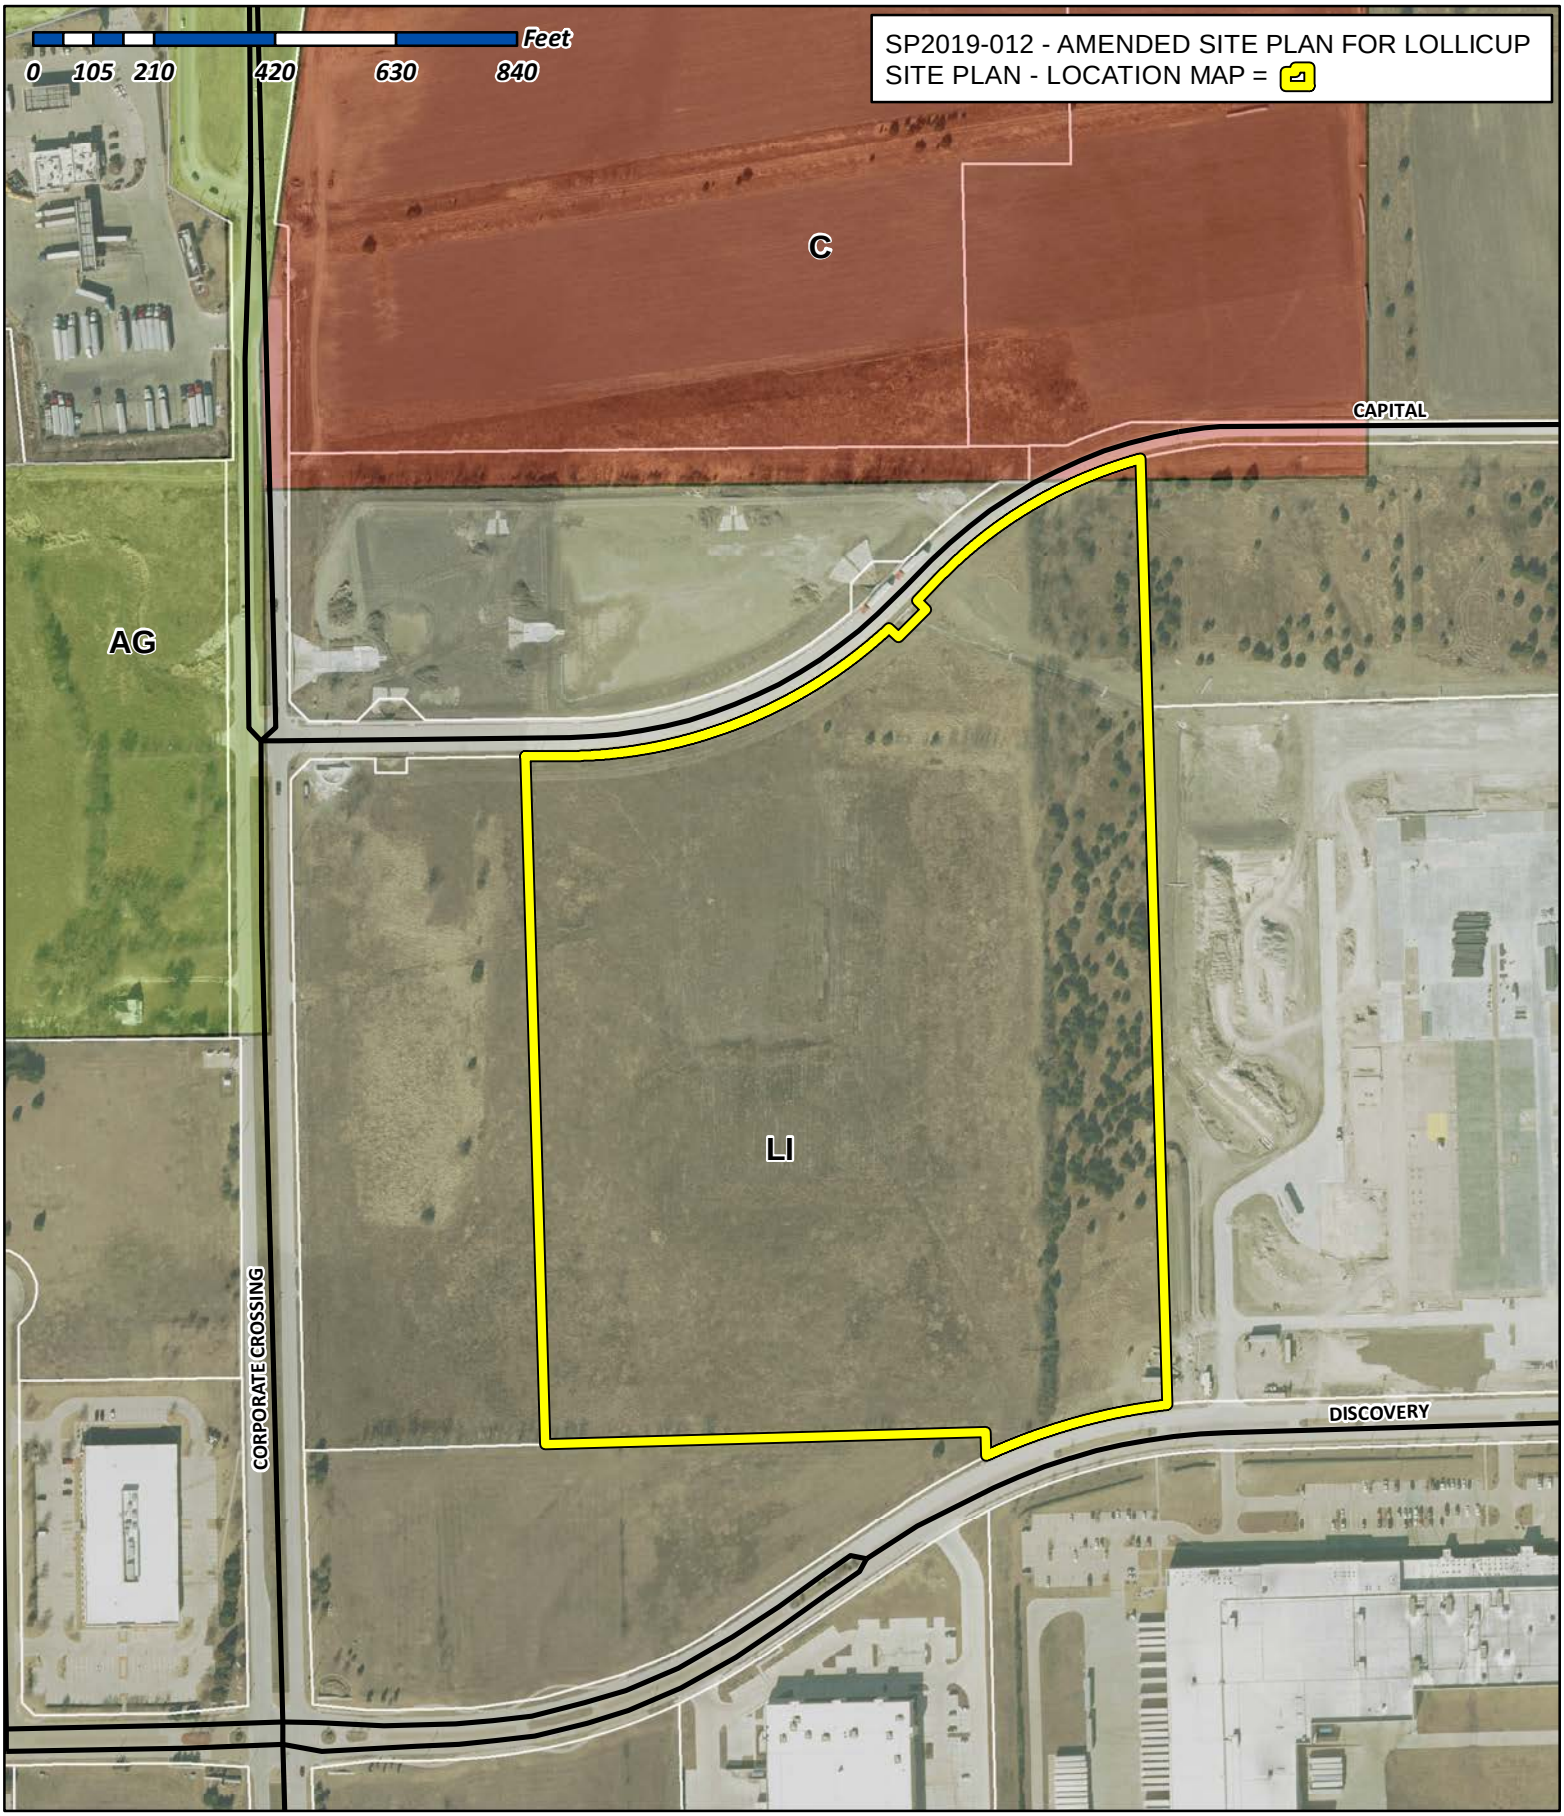
PLANNING AND ZONING COMMISSION MEMORANDUM

**PLANNING AND ZONING DEPARTMENT**
385 S. GOLIAD STREET • ROCKWALL, TX 75087
PHONE: (972) 771-7745 • EMAIL: PLANNING@ROCKWALL.COM

| | |
|---|---|
| **TO:** | Planning and Zoning Commission |
| **FROM:** | David Gonzales, *Planning and Zoning Manager* |
| **DATE:** | May 14, 2019 |
| **SUBJECT:** | SP2019-012; *Amended Site Plan for Existing Manufacturing Facility (Lollicup)* |

On January 9, 2018, the Planning and Zoning Commission approved a site plan [*i.e. SP2017-042*] for a ~650,000 SF warehouse/manufacturing facility [*i.e. Lollicup USA]*. On January 16, 2018, the City Council approved the following six (6) variances and exceptions for this development:

1. *A variance to the minimum stone requirements for not incorporating a minimum of 20% natural stone on all facades;*
2. *A variance for not incorporating a minimum of seven (7) architectural elements on the building elevations;*
3. *A variance to the screening requirements to allow the use of landscaping to screen the loading docks in lieu of a minimum ten (10) foot screening wall;*
4. *A variance to the minimum parking requirements;*
5. *An exception for the use of tilt-up wall construction; and,*
6. *An exception to the vertical and horizontal articulation standards.*



On June 4, 2018 -- *after receiving a recommendation of denial from the Planning and Zoning Commission* --, the City Council denied (*i.e. no action taken)* a request by the applicant to revise the building elevation for the purpose allowing a form-liner that would replicate the use of split face stone in lieu of using natural stone.

On April 11, 2019, the applicant -- *Kyle McCullah of Callaway Architecture* -- submitted an application requesting the approval of an amended site plan for the purpose of constructing 22, 60-foot tall storage silos that will be located adjacent to the rear façade (*i.e. south elevation*). The silos will be visible from Discovery Boulevard, Corporate Crossing [*i.e. FM-549*], and IH-30. According to Section 6.13, *FM-549 Overlay (FM-549 OV) District*, of Article V, *District Development Standards*, of the Unified Development Code (UDC), the proposed silos are considered ground mounted appurtenances (*i.e. mechanical equipment*), which require screening. The UDC goes on to say that "…loading and service areas shall be located on the rear and side of buildings where possible. In the event that a loading or service area faces towards the *Primary Roadway*, additional screening of the loading and service area may be required by the Architectural Review Board (ARB) and Planning and Zoning Commission." The applicant has submitted a landscaping plan showing an additional row of mature evergreen trees that planted along the southern property boundaries. Staff should point out that as compensatory measure of the original site plan case, the applicant agreed to planting a single row of mature evergreen trees along this boundary to help mitigate for the lack of vertical and horizontal articulation on the southern and western building façade, which faces onto Discovery Boulevard. The additional row of evergreen trees will not create a complete screening of the silos; however, there are intervening properties to the south and west of the subject property that could potentially be developed in the future that could provide additional screening of the silos. The variance to the screening requirements for the use of landscape screening for the silos remains a discretionary decision for the Planning and Zoning Commission.

On April 30, 2019, the Architectural Review Board (ARB) reviewed the amended building elevations and sightline studies provided by the applicant. After general discussion with the applicant regarding

the appearance, color, and proposed screening of the silos, the ARB made a motion to recommend approval of the amended building elevations. The motion passed by a vote of 4-1, with Board Member Miller dissenting and Board Members Tovar and Johnson absent.

Should the Planning and Zoning Commission have any questions, staff will also be available at this meeting.

# AGENDA
## PLANNING AND ZONING COMMISSION WORK SESSION
## City Hall, 385 South Goliad, Rockwall, Texas
## Council Chambers
## May 28, 2019
## 6:00 P.M.

**CALL TO ORDER**

***CONSENT AGENDA***

1. Approval of Minutes for the *April 30, 2019* Planning and Zoning Commission meeting.

2. **P2019-020** (David)
   Consider a request by Robert Howman of Glenn Engineering on behalf of William Salee of the Rockwall Independent School District (RISD) for the approval of replat for Lot 2, Block A, RISD Elementary School Addition being a 17.2922-acre tract of land being identified as Lot 1, Block A, RISD Elementary School Addition and Tract 2-7 of the W. T. Deweese Survey, Abstract No. 71, City of Rockwall, Rockwall, Texas, zoned Planned Development District 70 (PD-70) for single family land uses, located at the southeast corner of Greenway Boulevard and FM-552, and take any action necessary.

3. **P2019-021** (Korey)
   Consider a request by Cameron Slown of FC Cuny Corporation on behalf of Tom Kirkland of Greencrest TPS Hotel, LP for the approval of a final plat of Lots 1-3, Block A, Town Place Marriott Addition being an 8.715-acre tract of land identified as a portion of Lot 1, Block B, Goldencrest Addition and Tract 4 of the J. D. McFarland Survey, Abstract No. 145, City of Rockwall, Rockwall County, Texas, zoned Commercial (C) District, situated within the IH-30 Overlay (IH-30 OV) District, situated north of the intersection of Greencrest Boulevard and the IH-30 Frontage Road, and take any action necessary.

4. **P2019-022** (David)
   Consider a request by Cameron Slown of F. C. Cuny Corporation on behalf of Phillip McNeill of MHC Rockwall, LLC and Jason Lentz of Atticus of Atticus Summer Lee Townhomes for the approval of a replat for Lot 5, Block A, Harbor Village Addition, being a 2.12-acre tract of land currently identified as Lot 3, Block A, Harbor Village Addition, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 32 (PD-32), situated within the Scenic Overlay (SOV) District, located on the south side of Summer Lee Drive southwest of the intersection of Horizon Road [*FM-3097*] and Summer Lee Drive, and take any action necessary.

5. **SP2019-019** (Korey)
   Discuss and consider a request by Jerry Crouse of PS LPT Properties Investors on behalf of Public Storage for the approval of a site plan for an existing mini-warehouse facility on a 4.264-acre of land identified as Lot 1, Block B, Valk Rockwall Addition, City of Rockwall, Rockwall County, Texas, zoned Agricultural (AG) District, situated within the North SH-205 Overlay (N. SH-205 OV) District, addressed as 4028 N. Goliad Street [*SH-205*], and take any action necessary.

***APPOINTMENTS***

6. Appointment with Architectural Review Board representative to receive the Board's recommendations and comments for items on the agenda requiring architectural review.

***ACTION ITEMS***

7. **SP2017-019** (Ryan)
   Discuss and consider a request by Himmat Chauhan of Best Western Plus for the approval of an extension of an approved site plan for a hotel on a 1.74-acre parcel of land identified as Lot 1, Block A, Comfort Inn & Suites, Rockwall Towne Centre Addition, City of Rockwall, Rockwall County, Texas, zoned Commercial (C) District, situated within IH-30 Overlay (IH-30 OV) and Scenic Overlay (SOV) Districts, addressed as 700 E. IH-30, and take any action necessary.

8. **MIS2019-005** (David)
   Discuss and consider a request by Michael Duval of G & A Consultants on behalf of John Delin of R. W. Ladera, LLC for the approval of an *Alternative Tree Mitigation Settlement Agreement* for a 28.011-acre

parcel of land identified as a Tract 5 of the M. B. Jones Survey, Abstract No. 122, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 85 (PD-85), situated within the 205 By-Pass Overlay (205 BY-OV) and the East SH-66 Overlay (E SH-66 OV) District, located at the northeast corner of the intersection of SH-66 and John King Boulevard, and take any action necessary.

9. **MIS2019-006** (David)
   Discuss and consider a request by Glen Goodrich for the approval of an exception to the minimum masonry requirements stipulated in Section 3.1, *General Residential District Standards*, of Article V, *District Development Standards*, of the Unified Development Code for an accessory structure on a 0.2296-acre parcel of land identified as Lot 1, Block I, Northshore, Phase 2B Addition, City of Rockwall, Rockwall County, Texas, zoned Single-Family 10 (SF-10) District, addressed as 608 Christian Court, and take any action necessary.

***DISCUSSION ITEMS***

10. **Z2019-012** (Korey)
    Hold a public hearing to discuss and consider a request by Ryan Joyce of Michael Joyce Properties on behalf of Jen-Liang Wu of Unison Investment for the approval of a zoning change from an Agricultural (AG) District to a Planned Development District for Single Family-1 (SF-1) District land uses on a 61.45-acre tract of land identified as Tract 4 of the W. M. Dalton Survey, Abstract No. 72, City of Rockwall, Rockwall County, Texas, zoned Agricultural (AG) District, located on the west side of Stodgehill Road [*FM-3549*] north of the intersection of Stodgehill Road [*FM-3549*] and Cornelius Road, and take any action necessary.

11. **Z2019-013** (Ryan)
    Hold a public hearing to discuss and consider a request by Jimmy Strohmeyer of Strohmeyer Architects, Inc. on behalf of Dan Bobst of J-BR2, LLC for the approval of a PD Development Plan within Planned Development District 32 (PD-32), on a 2.893-acre parcel of land identified as Lot 1, Block B, Harbor District Addition, City of Rockwall, Rockwall County, Texas, situated within the *Hillside Sub-District* of Planned Development District 32 (PD-32), located within the IH-30 Overlay (IH-30 OV) District, located at the southwest corner of the intersection of the IH-30 frontage road and Sunset Ridge Drive, and take any action necessary.

12. **SP2019-013** (David)
    Discuss and consider a request by Bill Bauman of Bauman Consultants on behalf of John Gatz of Eco-Site for the approval of a site plan for a *Freestanding Commercial Antenna* on a 0.0826-acre portion of a larger 7.64-acre tract of land, known as *Yellow Jacket Park*, identified as Tract 11 of the J. Cadle Survey, Abstract No. 65, City of Rockwall, Rockwall County, Texas, zoned General Retail (GR) District, situated on the south side of Yellow Jacket Lane, west of the intersection of S. Goliad Street [*SH-205*] and Yellow Jacket Lane, and take any action necessary.

13. **SP2019-014** (Korey)
    Discuss and consider a request by Ahmed Helaluzzaman on behalf of Abdul Latif Khan of Center for Peace and Mercy, Inc. for the approval of a site plan for a *retail shopping center* and *house of worship* on a 2.681-acre tract of land identified as Tract 10-1 & 22 of the E. P. G. Chisum Survey, Abstract No. 64, City of Rockwall, Rockwall County, Texas, zoned Commercial (C) District, situated within the Scenic Overlay (SOV) District, located on the north side of Turtle Cove Boulevard north of the intersection of Turtle Cove Boulevard and Ridge Road [*FM-740*], and take any action necessary.

14. **SP2019-016** (David)
    Discuss and consider a request by Dub Douphrate of Douphrate and Associates, Inc. on behalf of Bob and Pam Hawley for the approval of a site plan for two (2) metal buildings in conjunction with an existing commercial business on a 1.55-acre parcel of land identified as Lot 5, Block A, Maverick Ranch Addition, City of Rockwall, Rockwall County, Texas, zoned Commercial (C) District, addressed as 196 & 216 Ranch Road, and take any action necessary.

15. **SP2019-017** (David)
    Discuss and consider a request by Steven Homeyer of Homeyer Engineering, Inc. on behalf of Vincent Stagliano for the approval of a site plan for an animal boarding/kennel without outside pens on a 1.2113-acre tract of land identified as Lot 4, Block A, Ellis Centre Addition, City of Rockwall, Rockwall County, Texas, zoned Light Industrial (LI) District, located west of the intersection of Alpha Drive and Sigma Court, and take any action necessary.

16. **SP2019-018** (Korey)

Discuss and consider a request by Annalyse Valk of Platinum Construction on behalf of Shawn Valk of Saro Partners, LLC for the approval of a site plan for a multi-tenant office/warehouse facility on a 2.21-acre tract of land identified as Lot 6, Block A, Bodin Industrial Addition, City of Rockwall, Rockwall County, Texas, zoned Light Industrial (LI) District, addressed as 1491 T. L. Townsend Drive, and take any action necessary.

**17.** Director's Report of post Council meeting outcomes of Planning & Zoning cases **(Ryan)**.

- ✓ Z2019-009: SUP for a Restaurant at 505 N. Goliad Street (*1st Reading*) [*Approved*]
- ✓ Z2019-010: SUP for Guest Quarters/Secondary Living Unit and Barn or Agricultural Accessory Building at 777 & 839 Cornelius Road (*1st Reading*) [*Approved*]
- ✓ Z2019-011: Amended PD Development Standards for Planned Development District 47 (PD-47) (*1st Reading*) [*Approved*]

**ADJOURNMENT**

**18.** Capital Improvements Advisory Committee Meeting (CIAC) [6:30 PM]
Appointment with Eddie Hass of Freese and Nichols, Inc. and Matt Hickey, PE of Birkhoff, Hendricks & Carter LLP to discuss Roadway, Water and Wastewater Impact Fees, the Ten-Year Growth Rate for the City of Rockwall, and the proposed Land Use Assumptions report, and take any action necessary.

**19.** Planning and Zoning Commission Training Session [7:00 PM]
The Planning and Zoning Commission will hold a training session with the City Attorney immediately following the adjournment of the May 28, 2019 Capital Improvements Advisory Committee Meeting.

This facility is wheelchair accessible and accessible parking spaces are available. Request for accommodations or interpretive services must be made 48 hours prior to this meeting. Please contact the City Secretary's Office at (972) 772-6406 for further information.

I, Laura Morales, Planning and Zoning Coordinator for the City of Rockwall, Texas, do hereby certify that this Agenda was posted at City Hall, in a place readily accessible to the general public at all times, on the 24th day of May 2019 at 5:00 p.m., and remained so posted for at least 72 continuous hours preceding the scheduled time of said meeting.

**ADJOURNMENT**

This facility is wheelchair accessible and accessible parking spaces are available. Request for accommodations or interpretive services must be made 48 hours prior to this meeting. Please contact the City Secretary's Office at (972) 772-6406 for further information.

I, Laura Morales, Planning and Zoning Coordinator for the City of Rockwall, Texas, do hereby certify that this Agenda was posted at City Hall, in a place readily accessible to the general public at all times, on the 24th day of May 2019 at 5:00 p.m., and remained so posted for at least 72 continuous hours preceding the scheduled time of said meeting.

# MINUTES

## PLANNING AND ZONING COMMISSION WORK SESSION

**City Hall, 385 South Goliad, Rockwall, Texas**
**Council Chambers**
**April 30, 2019**
**6:00 P.M.**

I. CALL TO ORDER

**Chairman Lyons called the meeting to order at 6:01 p.m. The Commissioners present at the meeting were, Jerry Welch, Mark Moeller, Eric Chodun and Annie Fishman. John Womble. Absent from the meeting was Commissioner Tracy Logan. Staff members present were Planning Director, Ryan Miller, Planning Manager, David Gonzales, Senior Planer Korey Brooks, Planning Coordinator, Laura Morales, City Engineer, Amy Williams, Civil Engineers, Jeremy White and Sarah Hager.**

II. CONSENT AGENDA

1. Approval of Minutes for the March 26, 2019 Planning and Zoning Commission meeting.

2. P2019-018
Consider a request by Bill Bricker of Columbia Development Company, LLC for the approval of a replat for the Park Place West, Phase III Addition containing 85 single-family lots on a 24.439-acre tract of land being located in the R. Ballard Survey, Abstract No. 29, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 59 (PD-59) for Single-Family 7 (SF-7) District land uses, generally located at the terminus of Park Place Boulevard, and take any action necessary.

3. P2019-019
Consider a request by Mike Samples for the approval of a final plat for Lot 11, Block A, 205 Business Park Addition being a 1.50-acre tract of land identified as Tract 2-16 of the J. R. Johnson Survey, Abstract No. 128, City of Rockwall, Rockwall County, Texas, zoned Heavy Commercial (HC) District, addressed as 125 National Drive, and take any action necessary.

4. SP2019-008
Consider a request by Ronny Klingbeil of RLK Engineering, Inc. on behalf of William Salee of Rockwall ISD for the approval of a site plan for a parking area adjacent to an existing public school on a 35.295-acre parcel of land identified as Lot 1, Block A, Rockwall High School Addition, City of Rockwall, Rockwall County, Texas, zoned Commercial (C) District, situated within the IH-30 Overlay (IH-30 OV) District, addressed as 901 W. Yellow Jacket Lane, and take any action necessary.

5. SP2019-011
Consider a request by Phil Craddock of Craddock Architecture on behalf of the Michael Fisher of 1306 Summer Lee, LLC for the approval of an amended site plan for a medical office building on a 1.082-acre parcel of land identified as Lot 6, Block A, Temunovic Addition, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 9 (PD-9) for General Retail (GR) District land uses, situated within the Scenic Overlay (SOV) District, addressed as 1306 Summer Lee Drive, and take any action necessary.

**Commissioner Welch made a motion to approve the consent agenda. Commissioner Chodun seconded the motion which passed by a vote of 6-0 with Commissioner Logan absent.**

III. APPOINTMENTS

6. Appointment with Architectural Review Board representative to receive the Board's recommendations and comments for items on the agenda requiring architectural review.

**Architectural Review representative gave a brief explanation concerning agenda items that were discussed at the Architectural Review Board meeting.**

IV. PUBLIC HEARING ITEMS

7. Z2019-005 **[*REQUEST TO WITHDRAW*]**

Hold a public hearing to discuss and consider a request by Kent Donahue of Donahue Development Corporation on behalf of the owner Rockwall Highgate LTD for the approval of a zoning change from an Agricultural (AG) District to a Planned Development District for Single Family 7 (SF-7) District land uses on a 264.510-acre tract of land identified as Tracts 17-13 [*50.0-acres*], 17-14 [*26.452-acres*], 17-15 [*134.33-acres*], 17-16 [*43.6-acres*], & 40-8 [*8.79-acres*] of the W. W. Ford Survey, Abstract No. 80, City of Rockwall, Rockwall County, Texas, zoned Agricultural (AG) District, located on the east side of SH-205 (S. Goliad Street) south of the intersection of SH-205 and FM-549, and take any action necessary.

**Planning Director, Ryan Miller, advised the Commission that the applicant has requested to withdraw the case and action would need to be taken.**

**Commissioner Womble made a motion to approve the withdrawal request. Commissioner Welch seconded the motion which passed by a vote of 6-0 with Commissioner Logan absent.**

V. ACTION ITEMS

8. MIS2019-004

Discuss and consider a request by Lonnie and Amy Herbst for the approval of an exception to the minimum masonry requirements stipulated in Section 3.1, *General Residential District Standards*, of Article V, *District Development Standards*, of the Unified Development Code, for a 0.33-acre parcel of land identified as Lot 8, Block A, Eagle Point Estates Addition, City of Rockwall, Rockwall County, Texas, zoned Single-Family 10 (SF-10) District, addressed as 1509 S. Alamo Drive, and take any action necessary.

**Senior Planner, Korey Brook, provided a brief explanation of the request. The applicants are requesting for the approval of an exception to the minimum masonry requirements stipulated in the Unified Development Code. Currently, the subject property is vacant. The applicants have indicated they intend on constructing a single-family home on the subject property. The applicants are requesting a masonry exception to utilize 80% Hardie Board as the primary material on the exterior of the proposed the home. In addition, the applicants are proposing to provide a two (2)-foot stone and brick wainscot around the entire home. The proposed home will be two stories, approximately 2,400 square feet, utilize a board and batten design, and will be constructed utilizing farmhouse architecture. The proposed home exceeds the maximum allowable cementitious materials and does not meet the requirements of the Unified Development Code. Due to this, an exception to the masonry requirements is required to be approved by the Planning and Zoning Commission in order for the applicant to construct the home as presented. According to the Unified Development Code all buildings with a footprint of 120 square feet or greater and are over ten feet in height shall consist of a minimum of 80% Primary Materials and/or a maximum of 20% Secondary Materials. The UDC defines Primary Materials as stone, brick and/or cementitious materials such as cementitious lap siding, stucco, or similar materials, and limits the use of cementitious materials to 60% of the building's exterior façade. The code does grant the Planning and Zoning Commission the ability to consider exceptions to these requirements on a case-by-case basis, provided the applicant submits material samples and building elevations. In this case, the applicants are proposing to utilize 80% which is 20% more than the maximum allowance fiber cement board. A material sample has not been provided by the applicants; however, the applicants have provided building elevations of the proposed home indicating the proposed building materials. Mr. Brooks went on to note that the Planning and Zoning Commission and the City Council have approved a similar request for the use of cementitious materials in excess of 60% on the adjacent property. The approval of an exception to the masonry requirements does not appear to negatively impact the subject property or surrounding properties; however, approval of this request is discretionary to the Planning and Zoning Commission.**

**Mr. Brooks advised the Commission that the applicant was present and available for questions as well as staff.**

**Commissioner Womble asked if the request would go before the Architectural Review Board. Mr. Brooks explained that single family homes do not go before the Architectural Review Board.**

**Commissioner Fishman asked if notifications of the request were sent out to surrounding properties. Mr. Brooks stated notices are not required to be sent out for miscellaneous cases.**

**Chairman Lyons asked the applicant to come forward.**

**Amy Herbst**
**317 Bowie**
**Forney, TX**

**Ms. Herbst came forward and indicated she was available for questions.**

**Commissioner Chodun asked how long the property has been vacant. Mr. Brooks stated the subdivision was established 2011 and has been vacant since that time.**

**Chairman Lyons brought the item back to the Commission for discussion or action.**

**Commissioner Chodun made a motion to approve MIS2019-004 with staff recommendations. Commissioner Moeller seconded the motion which passed by a vote of 6-0 with Commissioner Logan absent.**

9. MIS2019-005

Discuss and consider a request by Michael Duval of G & A Consultants on behalf of John Delin of R. W. Ladera, LLC for the approval of an *Alternative Tree Mitigation Settlement Agreement* for a 28.011-acre parcel of land identified as a Tract 5 of the M. B. Jones Survey, Abstract No. 122, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 85 (PD-85), situated within the 205 By-Pass Overlay (205 BY-OV) and the East SH-66 Overlay (E SH-66 OV) District, located at the northeast corner of the intersection of SH-66 and John King Boulevard, and take any action necessary.

**Chairman Lyons indicated that this agenda item would be tabled to the May 28, 2018 scheduled meeting and no action would be needed.**

VI. DISCUSSION ITEMS

10. Z2019-009

Hold a public hearing to discuss and consider a request by Chris Lam, PE of Lam Consulting Engineering on behalf of Price Pointer of TCB Construction Group, LLC for the approval of a Specific Use Permit (SUP) for a *restaurant less than 2,000 SF without a drive-through or drive-in* on a 0.23-acre parcel of land identified as Block 20B of the Amick Addition, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 50 (PD-50) for Residential Office (RO) District land uses, situated within the North Goliad Corridor Overlay (NGC OV) District, addressed as 505 N. Goliad Street, and take any action necessary.

**Planning Manager, David Gonzales, indicated that the applicant was present and would be presenting the case.**

**Chairman Lyons asked the applicant to come forward.**

**Chris Lam**
**6804 Wilmeana**
**Sachse, TX**

**Mr. Lam shared that the current site requires eight parking spaces and they are seeking a variance to allow them to provide seven spaces. Mr. Lam indicated he was available for questions. Mr. Gonzales added that it will be built into the SUP and part of the concept plan that is attached to the SUP and approval would allow for seven parking spaces. In addition the SUP will limit the ability to be able to have the restaurant only on the first floor and the smaller second floor will be used for storage.**

**Commissioner Chodun asked what the adjacent properties were and would there be fencing. Mr. Gonzales indicated south was vacant, north houses a small retail boutique and a six foot wooden fence on the back residential property.**

**There being no further questions Chairman Lyons indicated the case will return to the Commission for action at the next scheduled meeting.**

11. Z2019-010

Hold a public hearing to discuss and consider a request by Dwayne Cain of EVSR (D), LLC for the approval of a Specific Use Permit (SUP) for a *guest quarters/secondary living unit* and *barn or agricultural accessory building* on a 10.61-acre portion of a larger 26.078-acre tract of land identified as Tract 2 & 2-4 of the W. M. Dalton Survey, Abstract No. 72, City of Rockwall, Rockwall County, Texas, zoned Agricultural (AG) District, addressed as 777 & 839 Cornelius Road, and take any action necessary.

**Senior Planner, Korey Brooks, advised the Commission that the applicant was present and would be discussing the request.**

**Chairman Lyons asked the applicant to come forward.**

**Dwayne Cain**
**305 Stonebridge Drive**
**Rockwall, TX**

**Mr. Cain came forward and shared he is requesting a Specific Use Permit for an accessory building adjacent to a residential home on the property. Across the street is outside the city limits and many of those properties have metal accessory buildings he feels what he is proposing will be an improvement to what is in the area currently. Mr. Cain added that although it is worded as "guest quarters" the purpose of the building is more of a lounge area that would allow for entertaining will not be used to live in. He indicated he was available for questions.**

**Commissioner Chodun asked what the height of the building would be. Mr. Brooks stated it will be fourteen feet in height.**

**Planning Director, Ryan Miller, added that the applicant went before City Council recently and requested that the ordinance be changed to allow agricultural accessory buildings because there was not a mechanism in place to allow accessory agricultural building previously. That ordinance change process was done early this year and was approved.**

**There being no further questions Chairman Lyons indicated the case will return to the Commission for action at the next scheduled meeting.**

12. Z2019-011

Hold a public hearing to discuss and consider a request by Scott Lewis of RRDC, LTD for the approval of an amendment to Planned Development District 47 (PD-47) [*Ordinances 99-17 & 07-04*] being a 14.4715-acre tract of land identified as Tract 104 of the E. Teal Survey, Abstract No. 207 and Lot 1, Block A, First Christian Church, Disciples of Christ Addition, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 47 (PD-47) for Single-Family 10 (SF-10) District land uses, situated within the Scenic Overlay (SOV) District, generally located at the northeast corner of the intersection of Ridge Road [*FM-740*] and White Road, and take any action necessary.

**Senior Planner, Korey Brooks, advised the Commission that the applicant was present and would be presenting the details of the request.**

**Chairman Lyons asked the applicant to come forward.**

**Scott Lewis**
**900 Heathlane Crossing**
**Heath, TX**

**Mr. Lewis came forward and indicated the property is being developed for 28 home sites being called Whisper Rock. As the project has moved along with streets already having been put in, it was realized that in 1999 the Planned Development was set up with very minimal requirements one being no front entry garages. They are not looking to have a front entry garage rather a j-swing where it sits back at least 20 feet back. Another requirement is the maximum lot coverage has to be 45% and they're looking to increase that and lastly they are seeking a variance on the masonry requirement from 80% to 60%. He indicated he was available for questions.**

**Chairman Lyons asked for questions from the Commission.**

**Commissioner Womble asked what lot coverage increase is being requested. Mr. Lewis shared it would be an increase from 45% to 55%. Commissioner Chodun asked how long the property has been under development and when did the infrastructure start. Mr. Brooks indicated that the PD was approved in 1999 and currently is vacant. Planning Director, Ryan Miller, shared that the preliminary plat as well as site plan was submitted by the applicant and infrastructure began earlier this year. They are in the engineering process currently and close to completion.**

**Commissioner Chodun asked for additional detail in regards to the garage variance being requested. Mr. Brooks shared that the current PD states that all garages must j-swing and the applicant is requesting to allow some garages to be front facing but set back 20 feet from the front façade which meets the Unified Development Code.**

**There being no further questions Chairman Lyons indicated the case will return to the Commission for action at the next scheduled meeting.**

13. P2019-017
Discuss and consider a request by Chase Finch of Corwin Engineering, Inc. on behalf of Suresh Shridharani of Harlan Properties, Inc. for the approval of a preliminary plat for the Emerson Farms Subdivision containing 107 single-family residential lots on a 138.756-acre tract of land identified as Tract 1 of the J. Lockhart Survey, Abstract No. 137, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 76 (PD-76) for Single Family 1 (SF-1) District land uses, generally located on the east side of Dowell Road south of the intersection of SH-276 and Dowell Road, and take any action necessary.

**Senior Planner, Korey Brooks, provided a brief background and explanation of the request. The applicant submitted a preliminary plat laying out 170 lots for a single family subdivision. The preliminary plat does generally conform to the technical requirements of the Planned Development District however they are working on a second point of entry that is required. The case will go before the Park Board next week to have park fees accessed.**

**Commissioner Welch asked if the property was within the city limits or the Extraterritorial jurisdiction. Mr. Brooks stated it was within the city limits.**

**There being no further questions Chairman Lyons indicated the case will return to the Commission for action at the next scheduled meeting.**

14. SP2019-009
Discuss and consider a request by Cari Foote of Cari Foote & Associates, PLLC for the approval of a site plan for an office building on a one (1) acre parcel of land identified as Lot 1, Block A, Isaac Pena Addition, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 50 (PD-50) for Residential-Office (RO) District land uses, situated in the North Goliad Corridor Overlay (NGC OV) District, addressed as 925 N. Goliad Street, and take any action necessary.

**Senior Planner, Korey Brooks, advised the applicant was present and would go over the request.**

**Chairman Lyons asked the applicant to come forward.**

**Cari Foote**
**153 Sequoia Road**
**Rockwall, TX**

**Ms. Foote came forward and shared that the subject property is a Landmark property that is zoned Residential Office and currently being used residentially however she is requesting to be allowed to transition it to professional office space. There is currently parking facing Goliad which they plan on removing and replacing with sod and by doing so she feels it will look keep more of historical state. Parking will be accessed through Alamo where there is existing pavement where additional parking will be added as well as a handicap ramp. Ms. Foote indicated she was available for questions.**

**Chairman Lyons asked for questions from the Commission.**

**There being no questions Chairman Lyons indicated the case will return to the Commission for action at the next scheduled meeting.**

15. SP2019-012

Discuss and consider a request by Kyle McCullah of Callaway Architecture on behalf of Jason Lee of Lollicup USA, Inc. for the approval of an amended site plan for an existing manufacturing facility on a 34.23-acre tract of land identified as Lot 2, Block A, Rockwall Technology Park, Phase 4 Addition, City of Rockwall, Rockwall County, Texas, zoned Light Industrial (LI) District, situated within the FM-549 Overlay (FM-549 OV) District, addressed as 3201 Capital Boulevard, and take any action necessary.

**Planning Manager, David Gonzales, provided a brief explanation and background of the request. The applicant is requesting the approval of an amended site plan for the purpose of constructing 22, 60-foot tall storage silos that will be located adjacent to the rear façade. The silos will be visible from Discovery Boulevard, Corporate Crossing, and IH-30. According to the Unified Development Code the proposed silos are considered ground mounted appurtenances, mechanical equipment, which require screening and loading and service areas shall be located on the rear and side of buildings where possible. In the event that a loading or service area faces towards the Primary Roadway, additional screening of the loading and service area may be required by the Architectural Review Board and Planning and Zoning Commission. The applicant has submitted a landscaping plan showing an additional row of mature evergreen trees that planted along the southern property boundaries. In addition as compensatory measure of the original site plan case, the applicant agreed to plant a single row of mature evergreen trees along this boundary to help mitigate for the lack of vertical and horizontal articulation on the southern and western building façade, which faces onto Discovery Boulevard. The additional row of evergreen trees will not create a complete screening of the silos; however, there are intervening properties to the south and west of the subject property that could potentially be developed in the future that could provide additional screening of the silos. The variance to the screening requirements for the use of landscape screening for the silos remains a discretionary decision for the Planning and Zoning Commission. Mr. Gonzales further noted that the Architectural Review Board reviewed the amended building elevations and sightline studies provided by the applicant and after general discussion with the applicant regarding the appearance, color, and proposed screening of the silos, the ARB made a motion to recommend approval of the amended building elevations.**

**Mr. Gonzales advised the Commission the applicant was present and available for questions as well as staff.**

**Chairman Lyons asked the applicant to come forward.**

**Kyle McCullah**
**1207 Hampshire Lane**
**Rockwall, TX**

**Mr. McCullah came forward and provided additional details and provided samples of the product they produce.**

**General discussion took place in regards to the request and Chairman Lyons indicated the case will return to the Commission for action at the next scheduled meeting.**

16. Director's Report of post Council meeting outcomes of Planning & Zoning cases.

- ✓ P2019-010: Final Plat for Lot 1, Block A and Lot 1, Block B, Ladera Rockwall Addition [*Approved*]
- ✓ P2019-013: Replat for Lots 3, 4 & 5, Block A, Richard Harris Subdivision No. 3 Addition [*Approved*]
- ✓ P2019-016: Replat for Lot 2 of the Cain Properties #1 Addition [*Approved*]
- ✓ Z2019-005: Zoning Change (AG to PD) for Heritage Park [*Postponed to May 20,* 2019]
- ✓ Z2019-006: SUP for a Structure Exceeding 60-Feet in a Light Industrial (LI) District (*1st Reading*) [*Approved*]
- ✓ Z2019-007: SUP for Outdoor Commercial Amusement/Recreation (*1st Reading*) [*Approved*]
- ✓ Z2019-008: Amended PD Development Plan for Planned Development District 32 (PD-32) (*1st Reading*) [*Approved*]

**Planning Director, Ryan Miller, provided a brief update about the outcome of the above referenced case at the City Council meeting.**

VII. ADJOURNMENT

**Chairman Lyons adjourned the meeting at 7:01 p.m.**

PASSED AND APPROVED BY THE PLANNING & ZONING COMMISSION OF THE CITY OF ROCKWALL, Texas, this _____ day of _____, 2019.

| **TO:** | Planning and Zoning Commission |
| **DATE:** | May 28, 2019 |
| **APPLICANT:** | Robert Howman; *Glen Engineering* |
| **CASE NUMBER:** | P2019-020; *Lot 2, Block A, RISD Elementary School Addition* |

## SUMMARY

Consider a request by Robert Howman of Glenn Engineering on behalf of William Salee of the Rockwall Independent School District (RISD) for the approval of replat for Lot 2, Block A, RISD Elementary School Addition being a 17.2922-acre tract of land being identified as Lot 1, Block A, RISD Elementary School Addition and Tract 2-7 of the W. T. Deweese Survey, Abstract No. 71, City of Rockwall, Rockwall, Texas, zoned Planned Development District 70 (PD-70) for single family land uses, located at the southeast corner of Greenway Boulevard and FM-552, and take any action necessary.

## PLAT INFORMATION

☑ The objective of this request is to final plat a 17.2922-acre tract of land [*i.e. Lot 1, Block A, RISD Elementary School Addition & Tract 2-7 of the W. T. Deweese Survey*], creating one (1) tract of land [*i.e. Lot 2, Block A, RISD Elementary School Addition*] for the purpose of constructing a single-story, 91,983 SF public school facility [*i.e. RISD Elementary School No. 15*], and adding the necessary fire lane and utility easements for this development. The property is zoned Planned Development District 70 (PD-70) for single-family land uses and is addressed as 2911 Greenway Drive.

☑ On October 19, 2009, the City Council approved Planned Development District 70 (PD-70) [*i.e. Ordinance No. 09-44*] allowing for Single Family 10 (SF-10) and limited General Retail (GR) District land uses on the subject property.

☑ On November 11, 2018, the Planning and Zoning Commission approved a site plan [*i.e. SP2018-032*] allowing for the construction of a public-school facility. As a condition of approval of this case, a treescape plan was required to be submitted with the final plat. The applicant has provided a treescape plan indicating a total of 224-caliper-inches will be removed from the site. Additionally, the applicant has also provided a landscape plan showing mitigation for all the inches being removed [*i.e. 75, three (3)-inch trees = 225-caliper inches*]. This satisfies the mitigation requirements. Approval of this plat shall constitute the approval of the proposed treescape and mitigation plans.

☑ The surveyor has completed the majority of the technical revisions requested by staff, and this plat -- *conforming to the requirements for final plats as stated in the Subdivision Ordinance in the Municipal Code of Ordinances* -- is recommended for conditional approval pending the completion of final technical modifications and submittal requirements.

☑ Conditional approval of this plat by the City Council shall constitute approval subject to the conditions stipulated in the *Conditions of Approval* section below.

☑ With the exception of the items listed in the *Conditions of Approval* section of this case memo, this plat is in substantial compliance with the requirements of the *Subdivision Ordinance* in the *Municipal Code of Ordinances*.

**CONDITIONS OF APPROVAL**

If the Planning and Zoning Commission chooses to recommend approval of the final plat for *Lot 2, Block A, RISD Elementary School Addition,* staff would propose the following conditions of approval:

(1) All technical comments from the Engineering, Planning and Fire Departments shall be addressed prior to the filing of this plat;

(2) Any construction resulting from the approval of this plat shall conform to the requirements set forth by the Unified Development Code (UDC), the International Building Code (IBC), the Rockwall Municipal Code of Ordinances, city adopted engineering and fire codes and with all other applicable regulatory requirements administered and/or enforced by the state and federal government.

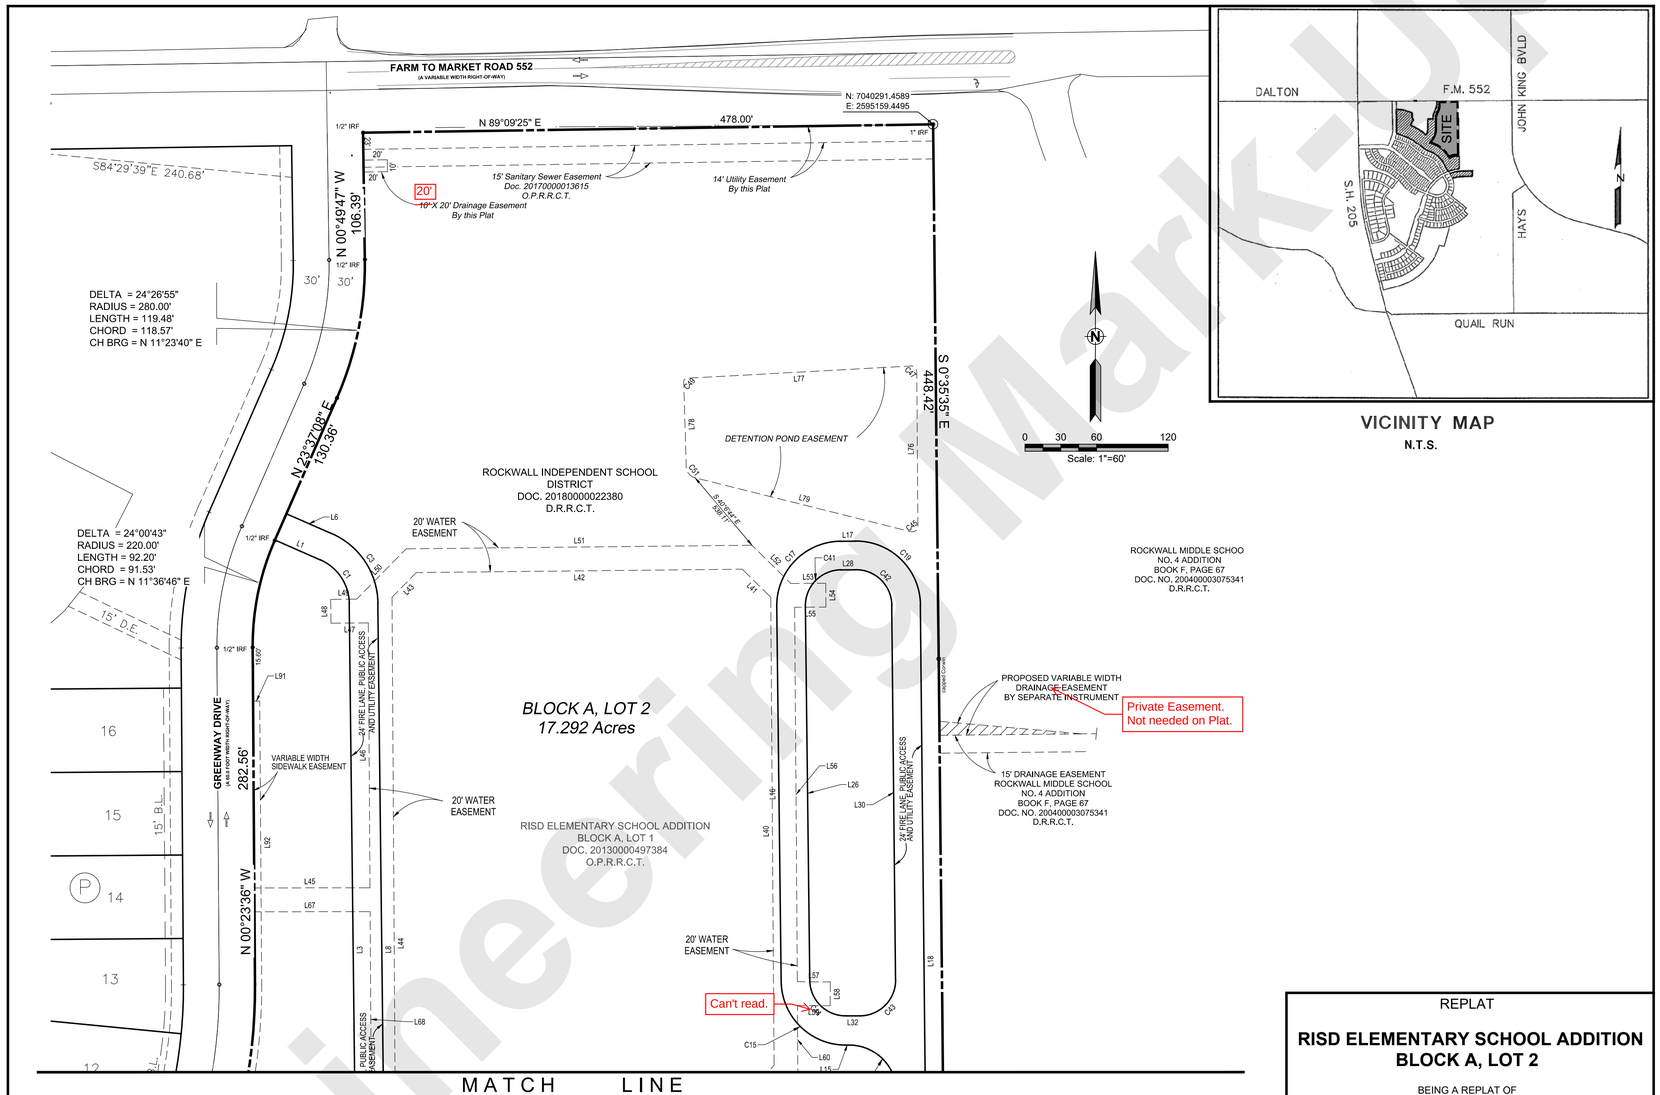
Consider a request by Robert Howman of Glenn Engineering on behalf of William Salee of the Rockwall Independent School District(RISD) for the approval of replat for Lot 2, Block A, RISD Elementary School Addition being a 17.2922-acre tract of land being identified as Lot 1, Block A, RISD Elementary School Addition and Tract 2-7 of the W. T. Deweese Survey, Abstract No. 71, City of Rockwall, Rockwall, Texas, zoned Planned Development District 70 (PD-70) for single family land uses, located at the southeast corner of Greenway Boulevard and FM-552, and take any action necessary.

** Planning Department General Comments to be addressed:

The following staff comments are to be addressed and resubmitted no later than Tuesday June 4, 2019. Please provide one (1) large copy [24" X 36" FOLDED] and one PDF version for a final review by staff:

** Planning Department General Comments to be addressed:

1. The final plat shall conform to all standards and requirements of the Unified Development Code(UDC), the staff comments provided by the Planning, Engineering, Building Inspections, and Fire Department as indicated in the Project Plan Review document.
2. Provide a label indicating "Case No. P2019-020" on the lower right corner on all pages of the revised final plat.
3. Move label adjacent to L68 to be visible. Cut off at the match line.
4. Relabel Title Block as FINAL PLAT at the heading.
5. Treescape plan requires approval by the Planning and Zoning Commission



** As a note and once the plat has been approved by the Planning and Zoning Commission and City Council, all staff comments are to be addressed and all revisions are to be approved (by staff) prior to the plat being submitted on mylar for filing. **

** Although on this case is on the Consent Agenda, staff would recommend that you and/or your representative(s) are in attendance for this request. If you have any questions regarding this case, pleasefeel free to contact David Gonzales, AICP with the Planning Department at 972-771-7745.

Meeting Dates to Attend:

Planning - Consent Agenda: May 28, 2019 (Tuesday at 6:00 p.m.)

City Council - Consent Agenda: June 3, 2019 (Monday at 6:00 p.m.)

OWNER'S CERTIFICATE

WHEREAS Rockwall Independent School District is the owner of a 17.292 acre tract of land situated in the W.T. DeWeese Survey, Abstract No. 71 in the City of Rockwall, Rockwall County, Texas, and being all of a Lot 1, Block A, RISD Elementary School Addition to the City of Rockwall as recorded in Document No. 20130000497134, official Public Records, Rockwall County, Texas, and being all of a 5.288 acre tract of land conveyed to Rockwall Independent School District according to the deed recorded in Document No. 20180000022380, Deed Records, Rockwall County, Texas, and being more particularly described as follows:

BEGINNING at a ½ inch iron rod found at the southwest corner of a Rockwall Middle School No. 4 Addition, an addition to the City of Rockwall, as described in Cabinet F, Page 67, in the Plat Records of Rockwall County, Texas;

THENCE, South 00° 35'35" East, for a distance of 130.00 feet, to a ½ inch iron rod set with Yellow Cap;

THENCE South 89°25'13" West, for a distance of 77.24 feet, to a ½ inch iron rod set with Yellow Cap at the point of curvature of a curve to the left, having a radius of 285.00 feet, a central angle of 29°28'01", and a tangent of 74.95 feet;

THENCE, continuing along said curve to the left for an arc distance of 146.57 feet (Chord Bearing South 74°41'12" West - 144.96 feet), to a ½ inch iron rod set with Yellow Cap at the point of tangency;

THENCE, South 59°57'12" West, for a distance of 30.14 feet, to a ½ inch iron rod set with Yellow Cap;

THENCE, North 30°02'48" West, for a distance of 41.62 feet, to a ½ inch iron rod set with Yellow Cap at the point of curvature of a curve to the left, having a radius of 710.00 feet, a central angle of 39°08'51", and a tangent of 252.45 feet;

THENCE, along said curve to the left for an arc distance of 485.11 feet (Chord Bearing North 49°37'14" West - 475.73 feet), to a ½ inch iron rod set with Yellow Cap at the point of reverse curvature of a curve to the right, having a radius of 790.00 feet, a central angle of 08°02'52", and a tangent of 55.57 feet;
